

Every Arkansas Student, Future Ready!

Approved by the Arkansas Department of Education, Xello is an online program that will help every student in grades 8-12 become future ready through self-knowledge, exploration and planning. It engages *every* student in uncovering their potential and exploring future possibilities -- improving educator efficiency, student achievement and overall district success.

THE STUDENT EXPERIENCE

Features to Engage Every Student

- **Career Matchmaker:** Students answer a series of questions that will match them with careers aligned with their skills and interests.
- **Personality Style Assessment:** Based on the Holland Model, students learn why certain careers are a good match for them and how their unique personality aligns with careers.
- **Learning Style Assessment:** Students discover how they learn best and are equipped with the tools and awareness to maximize their learning technique
- **Favorite Clusters:** Viewing similar careers in favorite clusters helps inspire students and broadens their choices.
- **Experiences:** An interactive timeline where students track their accomplishments in life, education, volunteer, and work.
- **Skills and Interests:** Students identify and reflect on their skills and interests to learn how to apply them to their future.
- **Storyboard:** Students collect and store in one place their favorite photos, videos, links, and files to express their personality, represent their story, and visually capture their goals.
- **Explore Careers:** Catering to each individual student, career choices are sorted by how well-matched they are to the student.
- **Explore Schools:** Students filter through 3,650+ post-secondary options to help make informed decisions for their education after high school -- whether that be a 2-year college, 4-year college, or additional training.
- **Explore Majors:** Profiles on hundreds of majors allow students to better understand the post-secondary education they'll need to achieve their goals.
- **Create Your Plan:** Students take what they've learned about themselves, about careers, schools, and majors to set goals and build a plan for their future.
- **Course Planner:** Students can build their high-school course plans and connect the classes they need to take with their future goals and graduation requirements -- including specialized diploma requirements.
- **Transcripts:** Students can request copies of their transcripts for submission to colleges.
- **Lessons:** Ready-made, interactive, age-appropriate lessons help students build the 21st century skills and knowledge they'll need to succeed.
- **Letters of Recommendation:** Students can request recommendation letters from directly within Xello, with helpful tips for writing a winning recommendation request. *Coming 09/19*
- **College Application Tracking:** Students can keep dates and deliverables organized for their college application. Xello clearly outlines the documents required, their due dates, and students' progress towards application completion. *Coming 09/19*

EDUCATOR TOOLS

More Insightful Student Support

- **Engagement Reports:** see which students are engaging with Xello, and when.
- **Student Work Reports:** gain insight into students' saved careers, assessment results, and self-reported skills & knowledge
- **Course Planner Reports & Alerts:** see student progress towards completing their course plan, which students are on-track for graduation, and who needs a little help
- **Lesson Progress Reports:** understand how students are progressing through Xello's Lessons
