Findings:				
<p>Finding (Meal pattern and Nutritional Quality): During the day of review, the meal observation discovered non-whole grain rich products were being credited as whole grain rich. Serving non-whole grain rich products during meal service without offering any other whole grain rich items to students, does not meet meal pattern requirements for the age groups of 6-8 and 9-12. See 7 CFR 210.10 and 7CFR 220.8(1). Grains crediting to meet meal pattern requirements must be made with at least 50% whole grains per item. The menu planner indicated that the wheat rolls being served were believed to be whole grain; however, the wheat rolls were not whole grain rich.</p>
