Findings:				
1) 29 applications from the 284 eligible student source document review were found to be outside of the USDA 10 day requirement for determination of status.				
2) The confirming official who actively confirmed the meal applications for the 2018-19 verification process was not the person listed in the Policy Statement and Agreement. The determining official also confirmed the applications for verification. The confirmation must be done by an individual other than the person who made the initial determination [7CFR 245.6a(e)(1)] Bank statements were allowed for income verification. Error prone applications were not identified correctly. The FNS-742 contained an error which was corrected per direction of ADE, CNU in November 2018 requiring the district to be placed on the 2019-20 Standard List for Verification.

Findings:

4. 1) During kitchen observation, not all Safety Data Sheets were available. CND and the FSMC (Food Service Management Company) managers requested missing safety data sheets from the suppliers during the time of the review. Additionally, chemicals from previous cleaning companies were found stored in supply areas throughout the kitchen. If appropriate, these chemical should be used. If not, they should be discarded according to manufacturer instructions.
