Findings:				
1) During the review of 176 source documents were reviewed; two (2) household applications were determined incorrectly, affecting five (5) students. These applications were determined free and should have been reduced based on income.				
2) 7 CFR 245.6a(c) (1) regulations establish requirements for Local Education Agencies (LEAs) in conducting verification of eligibility for free and reduced price meals based on applications in participating schools. During the review it was discovered that one (1) household selected for verification was on the direct certification list and therefore was not eligible to be selected for verification.

Findings:				
1) Upon reviewing documentation of students with special dietary needs, it was discovered that the school nurse was completing meal modification forms. In accordance with USDA memo SP 59-2016 SFA's are required to make substitutions to meals for children with a disability that restricts the child's diet only when supported by a written statement from a state licensed healthcare professional who is authorized to write medical prescriptions under state law.
