Findings:				
1) During the time of the Jr. High review it was observed that the proper procedures were not being used for the schools share table. The proper procedure is for the students to place the unopened milk carton in a temperature controlled environment.				
2) At the Lake Hamilton Jr. High the most recent Health Inspection Report was posted in the dining area. However, the report must be posted in a manner that all pages are visible to the public to view. Only the first page was visible.
