School districts seeking to employ educators to teach out of field (not in the field in which the educator is currently licensed) will use the Additional Licensure Plan (ALP) to meet that need. School districts may use the ALP process to address unusual emergency situations when licensed educators are asked to teach in areas/levels for which they are not licensed. School districts may not exceed the six semester limit without possible penalty.

Eligibility Guidelines: Educators must meet the following conditions:

- possess a standard Arkansas educator license in Special Education,
- seek to add this area of licensure or endorsement, and
- be assigned to teach in this area rather than the one for which they are currently licensed

Educators assigned to teach in this field of licensure must pass the required assessment(s) for the new licensure area. The additional area of licensure will be added to the credential when all licensure requirements are successfully completed and application is submitted. Test scores must be attached.

Required Assessments:

Praxis II: #5023 Interdisciplinary Early Childhood Ed., cut score 160

NOTE: Praxis study companions are available on line from
