School districts seeking to employ educators to teach out of field (not in the field in which the educator is currently licensed) will use the Additional Licensure Plan (ALP) to meet that need. School districts may use the ALP process to address unusual emergency situations when licensed educators are asked to teach in areas/levels for which they are not licensed. School districts may not exceed the six semester limit without possible penalty. **THIS AREA CANNOT BE ADDED BY TESTING ONLY.**

Eligibility Guidelines. Educators must meet the following conditions:

- possess a standard 4-8, or 7-12 Arkansas educator license in the content area of Science
- seek to add this area of licensure or endorsement, and
- be assigned to teach in this area rather than the one for which they are currently licensed
- complete the six one-hour training modules for pre-service Special Education teachers within 7 days of employment or
- completed the SPED 101 Academy 3 credit hour college course
- been assigned a mentor to provide guidance and support by the district LEA (optional but strongly recommended)

Educators assigned to teach in this field of licensure must complete an approved performance-based program of study, as defined by an Arkansas university, and pass the required assessment(s) for the new licensure area. The additional area of licensure will be added to the credential when all licensure requirements are successfully completed and application is submitted bearing the signature of the university Licensure Officer, verifying completion of the program of study. Test scores and official transcript must be attached.

Required Assessments:

- **Praxis II: Special Education: Core Knowledge and Applications, test #5354**

Minimum score required: 151

NOTE: Test at a Glance (TAAG) study guide booklets are available on line from www.ets.org/praxis. Any educator wishing to take any Praxis assessment is strongly encouraged to obtain these study materials.

An applicant for this endorsement must enroll at a college or university that offers an approved special education program of study to obtain knowledge and skills in the following competency areas:

Employing School District Guidelines:

- The employing school district will document the need to assign an educator out of field.
- The employing school district superintendent shall submit a waiver request and completed ALP form to the ADE Office of Educator Licensure *within 30 days of the out-of-area teaching assignment*, thus documenting the above statement.
- The employing school district understands that an educator working under this ALP shall make adequate yearly progress (as specified in the Rules Governing Educator Licensure) each school year that the educator is employed in the out-of-area assignment.
- The employing school district understands that the educator will have no more than six consecutive semesters from the first date he/she was employed in the out-of-area assignment by any district to meet full licensure requirements for the additional licensure or endorsement being sought. A waiver request must be submitted each school year the educator is employed out of area.

School District Assurances:

I certify that the above statements are true and correct to the best of my knowledge.
