Name of school to be converted to charter status: Cave City Middle School

Name of the proposed district conversion charter school: Cave City Middle School Conversion Charter

Location of the proposed district conversion charter school:
711 North Main Street, Cave City, AR 72521

Grade levels to be served: 6-8

Proposed student enrollment cap: 350

Description of the purpose or special emphasis of the proposed school:

The intent of the district conversion charter is to ensure that all students are prepared in the skills needed for college and career readiness. As a feeder school to Cave City High School Career and Collegiate Preparatory, the Cave City Middle School Conversion Charter will offer early intervention where students can establish individualized pathways that ready them for future choices. The ultimate goal is that students, upon graduation, are prepared for college and/or gainful employment. We believe that the earlier students can gain meaningful experiences, the better prepared they will be to make career choices. Our district conversion charter will emphasize research-based teaching strategies, hands-on authentic experiences, pathway choices, as well as certifications that will lay a firm foundation for success in the programs offered through the high school charter.
