Ozark Mountain School District intends to apply for a District Conversion Public Charter School.

Name of School: Ozark Mountain Learning Academy (k-12) serving 250 students
Address: 250 Highway 65 South
St. Joe, AR 72675

Purpose and emphasis: The Ozark Mountain School District would like to offer a flexible learning program for the patrons that it serves. This will be a digital learning curriculum that students may access from home. The Learning Academy will offer students the support they need to be successful in school. Students will have access to curriculum, materials and supplies, tutoring, and all mandated testing. Students will be encouraged to enroll in College level courses when academically appropriate. We feel we can truly offer a diverse learning path for our students and educate our students beyond the school doors. We appreciate your consideration in our request for a District Conversion Charter.

Sincerely,

A handwritten signature in black ink that reads "Kerry Saylor". The signature is written in a cursive, flowing style.

Kerry Saylor, Superintendent of Schools
Ozark Mountain School District
