Mountainburg High School intends to apply as a conversion charter school. The name of the school will be Mountainburg High School, and remain located at 129 Hwy 71 SW, Mountainburg, AR 72946. The school will serve grades 9-12, serving approximately 210 students.

The special emphasis of the school will be designed to deliver learning systems based transitions from HS to college and career. MHS will take a three-prong focus on literacy and STEM academics, strong college and career partnerships and transitions, and the FOCUS 3 character performance system to install a culture that trains and motivates all learners to train and perform at elite levels.

This three-prong approach includes:

- Purposefully designed instructional blocks anchored with literacy and STEM learning
- College and career partnerships to bring real world learning into the classroom and place students into the real world
- Dedicated performance systems to teach Above the Line behaviors and skills

Thank you for your assistance with this project.

Sincerely,

Dr. Debbie Atwell
Superintendent
