Re: Letter of Intent to Apply for an Open Enrollment Public Charter School

To Whom It May Concern:

It is the intention of Ministry of Intercession, dba Bridge 2 Success (B2S), to apply for an open enrollment public charter school in Southwest Little Rock, Arkansas, to be located within the boundaries of the Little Rock School District and referred to as *Bridge 2 Success Middle School of Little Rock, AR*. The proposed charter school will be located in the Southwest Little Rock area, will serve grades 6-8, and will initially serve 180 students in the first year of operation. At full capacity, the school will serve three hundred students.

The mission of B2S is to provide hope for students through an innovative, encouraging, personalized learning environment where they are academically successful and develop into lifelong learners. B2S, who is authorized by the Arkansas Secretary of State to transact business in the State of Arkansas as a Non-Profit Corporation, has received recognition of exemption under Section 501(c)(3) of the Internal Revenue Code.

B2S has served the underserved area of Southwest Little Rock for many years, and hopes to expand its services through the opening of a public charter school, *Bridge 2 Success Middle School of Little Rock, AR*. In so doing B2S can continue its mission - academically strengthening students from underserved communities and preparing them to succeed in the 21st century through preparation, which broadens their knowledge and skills.

B2S will specialize in preparing students from At-Risk Communities who are considered to have a higher probability of failing academically or dropping out of school. Students who also present low test scores, disciplinary problems, grade retentions, or other learning-related factors that could adversely affect their educational performance. B2S will equip students with knowledge, skills, and attributes by using a blended learning model that will focus on credit recovery, drop-out prevention and accelerated instruction. These specialties will equip all students with tools for years of success.
