Sulphur Springs Academy will be a public school serving primarily troubled and foster children in the Pine Bluff/Watson Chapel area. Initially, we will serve 150 students in grades 1-12. At full enrollment we will serve 250 students. Our priority is to provide a safe environment for children to learn year round. We intend to provide an environment for these children to feel safe and able to learn without distractions. We will use creative and innovative ways to help these students learn how to be successful in their school work and in their personal lives. We will teach our kids how to survive in our ever changing world and how to overcome all obstacles in life. We will prep our students for college courses.

Respectfully,

Winter Mitchell

Director
