ARKANSAS DEPARTMENT OF EDUCATION

FEBRUARY 20, 2017
RE: Intent to Apply as Open Enrollment Charter School

Please be advised that Transforming Life Ministries Care Center intends to submit an application to start an open enrollment public charter school beginning the 2017-2018 school year. The contact person for this application is Phyllis Nichols, 11 Fairway Woods Circle, Maumelle, AR 72113, 501-291-7477, phyllismarienichols@yahoo.com. We are a non-profit agency with 501(c)3 designation whose goals are to revitalize communities through education, vocation, and nutrition. We will operate under the name of Transforming Life Academy with dual emphasis on eSTEM and vocation certification. We are considering the Joshua Building located at 2501 S. State Street situated in the South End community in Little Rock. The grade levels of students intended to be served are grades 6 – 8 with a maximum enrollment of 100. South End Little Rock is in the Little Rock Public School District Zone.

We will present a more personalized curriculum that will accommodate both learning style and level. By placing the proposed school in a low-income community, it will remove the barriers that students of this socio-economic population face which is transportation and familiarity with the unique challenges they face.

Sincerely,

DocuSigned by:
