### OVERVIEW OF THE *SPRING BIOLOGY END-OF-COURSE EXAMINATION*

The **Arkansas Comprehensive Testing, Assessment, and Accountability Program (ACTAAP)** includes a *Spring Biology End-of-Course Examination*. The examination consists of multiple-choice and open-response questions that directly assess student knowledge. The *Arkansas Biology Science Curriculum Framework* is the basis for development of the *Spring Biology End-of-Course Examination*. The Arkansas Department of Education has contracted with Questar Assessment, Inc. (Questar) for the development, production, distribution, and collection of the *Spring Biology End-of-Course Examination* materials.

Results of the *Spring Biology End-of-Course Examination* will be provided for all students, schools, and districts to be used as the basis for instructional change.

### THIS TEST ADMINISTRATION MANUAL

This manual contains instructions for Test Administrators. It includes information about the testing schedule and the students to be tested, and it provides procedures to be followed before, during, and immediately after test administration. A script that Test Administrators must use for the testing sessions is also included.

Read through this entire manual thoroughly. The test administration script provided in this manual must be used for each of the Biology testing sessions. If you have any questions concerning the *Spring Biology End-of-Course Examination*, the testing procedures, or the instructions in this manual, contact your School Test Coordinator.

### IMPORTANT DATES

The Biology test consists of eight sessions with testing scheduled for Tuesday, April 23 and Wednesday, April 24. No part of the test may be given early. **Early testing constitutes a breach in test security.** See information regarding make-up testing on page 21.

# GENERAL INFORMATION

---

## TEST ADMINISTRATOR RESPONSIBILITIES

It is the Test Administrator’s responsibility to

- attend local test administration training (which includes a discussion of the test schedule and procedures, explains how to appropriately provide accommodations, and provides an opportunity to obtain answers to questions);
- review this entire manual prior to administration, with special attention given to the Test Security Guidelines provided on pages 15–16 and to the Test Administration Script for each testing session;
- verify the correctness of information on the Preliminary Demographic Verification Roster, if assigned to do so;
- maintain the security of all test materials and sign the appropriate test security forms—see the description of the security forms on page 16–17;
- ensure a standardized testing environment in which no coaching, prompting, or pronunciation of words occurs;
- follow the instructions given in this manual when testing the group of students assigned to you;
- conduct make-up testing for students absent from original testing sessions, if assigned to do so; and
- code information as appropriate in the “Teacher Use Only” box on the first two pages of each answer document once testing is completed, if assigned to do so—make sure you obtain all of the information that will be required.

To ensure that you have completed all of the steps in preparing for a successful test administration, a “Checklist for Test Administrators” is provided on pages 22–23. The checklist covers only the major steps in the testing process and should **not** be used as a substitute for reading all of the instructions in this manual.

**NEW—ANSWER DOCUMENT GRIDS**

Information has been added to the Test Administration Script regarding grids in the answer document open-response boxes. Some of the boxes for answering open-response questions will contain a grid, which may or may not be needed to answer the question. Students must keep their responses inside the boxes provided. However, if the question does not direct the student to use the grid when one is provided, they may answer the question anywhere inside the box, including across the grid.

**NEW—SHIPPING OF LARGE PRINT, BRAILLE, AND READ-ALoud**

All Large Print, Braille, and Read-aloud accommodated test booklets will now be shipped in the boxes of school materials and will no longer be provided in the district’s box of materials. Separate Large Print, Braille, and/or Read-aloud Test Booklet Security Forms will also be provided in the school boxes for schools that ordered Large Print, Braille, and/or Read-aloud materials.

**NEW—504 ACCOMMODATIONS SECTION**

A 504 Accommodations section has been added to the “Teacher Use Only” box on the student answer documents for 504 students taking a Large Print, Braille, or Read-aloud version of the test. See page 45 for instructions regarding coding 504 Accommodations.

**NEW—PRELIMINARY DEMOGRAPHIC VERIFICATION ROSTERS POSTED TO SERVICEPOINT**

Preliminary Demographic Verification Rosters will be posted to ServicePoint five (5) business days prior to the arrival of testing materials. Districts and schools will continue to receive hard copies of the Preliminary Demographic Verification Rosters in their shipments of materials. The Preliminary Demographic Verification Rosters are posted to ServicePoint in order to provide districts with additional time, if needed, to check and correct student demographic information.

An email with a Quick Reference Guide will be sent to districts when Preliminary Demographic Verification Rosters are available on ServicePoint.

**NEW—FOREIGN EXCHANGE**

A Foreign Exchange section has been added to the “Teacher Use Only” box on the student answer document. Fill in this circle, as appropriate, to identify foreign exchange students, regardless of whether or not a student label is used. See page 47 for instructions regarding coding foreign exchange students.

# GUIDELINES FOR STUDENTS TO BE TESTED

---

## STUDENTS TO BE TESTED

The *Spring Biology End-of-Course Examination* should be administered to **all** students completing Biology by the end of the spring semester for high school graduation credit, who are eligible for testing under standardized conditions, with or without accommodations. Any student who falls into this category and who is enrolled in an Arkansas school **on or before** the day of testing should be administered the *Spring Biology End-of-Course Examination*.

All students, including the following, should be tested:

- Title I students—all students identified as eligible for Free and/or Reduced Lunch
- Transfer students
- LEP students—with or without accommodations
- Disabled students—if their IEP indicates paper and pencil testing is appropriate, with or without accommodations
- Alternative Learning Environment (ALE) students
- Foreign exchange students
- Day Treatment students

Exceptions:

- Homebound students
- Home-schooled students
- Incarcerated students
- Students in Residential Treatment Centers
- Students in Juvenile Detention Centers

The following guidelines apply to exceptional students.

## DISABLED STUDENTS (P.L. 94-142)

All students, including students identified as disabled pursuant to P.L. 94-142 and under Section 504 of the Rehabilitation Act of 1973, as amended, who are enrolled in Biology for high school graduation credit must take the paper and pencil *Spring Biology End-of-Course Examination*, with or without accommodations. Students enrolled in a grade 10 resource science class must participate in the Alternate Portfolio Assessment for Grade 10 Science. Students in School Age Programs (DDS) are to be tested. This requirement began with the 2002–2003 school year. Additionally, students in Day Treatment Programs are to be assessed. (See Director’s Memo IA-04-110, created 05/13/2004.)

A student’s Exceptional Student Identification (ESI) code is included in the student label barcode and on the Preliminary Demographic Verification Roster. It does not need to be coded on the answer document if a student label is used. If a student label is not used for a disabled student, the School Test Coordinator (or designated person) must code the student’s answer document. Specific directions for coding student answer documents are provided on pages 44–51 of this manual. Students identified as disabled will receive an Individual Student Report and will be included in the IEP Summary Report, as well as in the Combined Population Report. Do not code the Special Education Accommodations section for students with a 504 Plan. However, students may still receive accommodations that are in their 504 Plans and used regularly in the classroom.

### LIMITED ENGLISH PROFICIENT (LEP) STUDENTS

Limited English Proficient students taking the *Spring Biology End-of-Course Examination* should be tested, with or without accommodations.

Identification of a student as LEP is included in the student label barcode and on the Preliminary Demographic Verification Roster. A student's LEP status does not need to be coded on the answer document if a student label is used. If a student label is not used for an LEP student, the School Test Coordinator (or designated person) must code the student's answer document by filling in the circle for Limited English Proficient in the "Teacher Use Only" box. Specific directions for coding student answer documents are provided on pages 44–51 of this manual. Students identified as LEP will receive an Individual Student Report and will be included in the LEP Summary Report, as well as in the Combined Population Report.

### FIRST-YEAR LIMITED ENGLISH PROFICIENT STUDENTS

LEP students in their first year in the U.S. are **not** exempt from the *Spring Biology End-of-Course Examination*.

First-year LEP students must be identified as such on their answer documents regardless of whether or not a student label is used. To identify first-year LEP students, a School Test Coordinator (or designated person) must code each student's answer document by filling in the circle for LEP student less than one year in the U.S. in the "Teacher Use Only" box. This information is **not** included in the student label barcode or on the Preliminary Demographic Verification Roster. Specific directions for coding student answer documents are provided on pages 44–51 of this manual. First-year LEP students whose answer documents have been properly coded will not be included in the school, district, or state summary reports. Once the answer documents are returned for scoring, students cannot be reassigned. If the circle for LEP student less than one year in the U.S. is **not** coded, that student will be included in summary reports.

### TRANSFER STUDENTS

Any student meeting the criteria for taking the *Spring Biology End-of-Course Examination*, who is enrolled in school **on or before** the first day of testing, should be tested. District Test Coordinators must contact the ADE Office of Student Assessment for instructions regarding the transfer of a used answer document for any student moving from one district to another during testing.

# GUIDELINES FOR STUDENTS TO BE TESTED

---

## FOREIGN EXCHANGE STUDENTS

Foreign exchange students meeting the criteria for taking the *Spring Biology End-of-Course Examination* must be tested. The School Test Coordinator (or designated person) may identify a foreign exchange student by filling in the appropriate circle in the “Teacher Use Only” box. In this case, the student will receive an Individual Student Report and will count toward the 95% tested for accountability purposes, but the student’s scores will not be included in school, district, or state summary reports. If the circle labeled “Foreign Exchange” is **not** coded, the student’s scores will be included in the summary reports.

Foreign exchange students must be identified as such on their answer documents regardless of whether or not a student label is used. To identify foreign exchange students, the School Test Coordinator (or designated person) must code each student’s answer document by filling in the circle for Foreign Exchange in the “Teacher Use Only” box. This information is **not** included in the student label barcode or on the Preliminary Demographic Verification Roster. Specific directions for coding student answer documents are provided on pages 44–51 of this manual. Once the answer documents are returned for scoring, students cannot be reassigned.

## MIGRANT STUDENTS

To identify migrant students, the School Test Coordinator (or designated person) must code each student’s answer document by filling in the circle for Migrant Student in the “Teacher Use Only” box. This information is **not** included in the student label barcode or on the Preliminary Demographic Verification Roster. Specific directions for coding student answer documents are provided on pages 44–51 of this manual.

Students should be identified as migrant if they meet the following guidelines: Children of migratory agricultural workers or migratory fishers, including children who are workers themselves and the spouses of such workers, who have been identified by the Migrant Education Program (MEP) as migrant children.

For questions related to migrant student information, the District Test Coordinator should contact Stan Young at 501-324-9660.

## HIGHLY MOBILE STUDENTS

Any student enrolled in the school or moving between schools in the district **after** October 1, 2012, should be identified as highly mobile.

A student’s highly mobile status is **not** included in the student label barcode or on the Preliminary Demographic Verification Roster. It must be coded on each student’s answer document by filling in the circle for Highly Mobile in the “Teacher Use Only” box on the answer document. Specific directions for coding student answer documents are provided on pages 44–51 of this manual.

## ALTERNATIVE LEARNING ENVIRONMENT (ALE)

Alternative Learning Environment students enrolled in Biology shall participate in the *Spring Biology End-of-Course Examination*. The testing location may be decided by the district. Testing materials must be kept secure at all times. All persons who transport, handle, or administer the test at an ALE must be **currently** licensed by the ADE as a teacher or administrator and must be properly trained in test administration procedures.

Every student who meets the requirement to test in spring and/or receives a student label must be accounted for. If a student does not submit an answer document for scoring, a Student Not Tested Form **or** answer document must be returned with a “Student NOT Tested” reason coded. If a student is not testing and did not receive a student label, if the label is damaged, or if a student’s school, grade, State ID number, and/or last name are incorrect, do **not** use the Student Not Tested Form. In these cases, an answer document must be returned with student demographic information completed **and** a not tested reason coded on page 2 of the answer document. Do not fill in a “Student NOT Tested” reason code on the answer document if any questions have been answered by the student—this code is used only when there are no student answers on the answer document. Do not submit more than one document type for each student.

The Student Not Tested Form should be used, prior to testing, when a student who received a student label will not be taking the examination. The student labels for students not testing should be placed on the Student Not Tested Form with the appropriate reason code entered above each student label. Up to four (4) student labels may be placed on a single form. Student Not Tested Forms are returned in the scoreable materials return shipment. Please follow the instructions provided in the manuals and the return kits for returning forms. Maintain copies of the completed Student Not Tested Forms for your district records.

For a student who refused to take **all** portions of the test, the School Test Coordinator (or designated person) should fill in the circle next to SRT (Student Refused to Test) on page 2 of the answer document. “Student Refused to Test” is not a reason provided on the Student Not Tested Form. The Test Administrator must notify the School Test Coordinator of any student refusing to take **all** portions of the test.

All other information requested on the front of the answer document must be completed as appropriate for the student according to the instructions provided in this Test Administration Manual (student labels must be used if provided). No special handling of the answer documents is required. They are to be considered **used** answer documents and submitted along with the scoreable materials for students taking the test.

### **Erasures**

If a “Student NOT Tested” reason code has been filled in on an answer document, the student answer portion of the answer document must be completely blank and contain no eraser marks. Eraser marks may be picked up by the scanners resulting in the student receiving a score. Answer documents that are returned with a filled in “Student NOT Tested” reason code and one or more student answers and/or any eraser marks on the student answer portion of the answer document will be scored and included in all applicable reports.

**Important:** Any blank answer document with a student label or demographic information on it **without** a “Student NOT Tested” reason bubbled **WILL BE SCORED**.

# STUDENT INFORMATION

---

## STUDENT IDENTIFICATION NUMBERS

A 10-digit State Reporting Identification Number is required for the ACTAAP and is included on the student label. If a student label is not used, both a 10-digit State Reporting Identification Number and a Social Security Number (SS ID) need to be completed on the student answer document. The ADE will provide districts with a range of federally-assigned identification numbers to use if parents object to providing their child's Social Security Number or if none is available. (See Director's Memo ACC-01-028, created September 25, 2000.) Social Security Numbers or federally-assigned identification numbers will be suppressed on reports. Prior to the first day of testing, advise students to have their 10-digit State Reporting Identification Numbers and Social Security Numbers or federally-assigned identification numbers available on the first day of testing. Please contact Susan Gray at the ADE Office of Student Assessment at 501-682-4559 for additional information.

## ETHNICITY CODES

If a student label is not used, the student or Test Administrator should fill in the circle(s) on the answer document in box 6 (Ethnic Background) beside the best description(s) of the student's ethnic background. More than one circle may be filled in when it is appropriate to do so. The Preliminary Demographic Verification Roster will show only one ethnicity code. If a student's record in APSCN/Triand shows Hispanic and any additional ethnicity code, the ethnicity code on the roster will show "Hispanic." If a student's record in APSCN/Triand shows two or more ethnicity codes not including Hispanic, the ethnicity code on the roster will show "Two or More." The ethnicity codes on the Preliminary Demographic Verification Roster are as follows:

1. Hispanic
2. Asian
3. Native Hawaiian/Pacific Islander
4. American Indian/Alaska Native
5. Black
6. White
7. Two or More (included only on the roster and reports)

Students will be reported with only one ethnicity code. If a student or Test Administrator has filled in the circle next to Hispanic and any additional ethnicity code, the student will be reported as "Hispanic." If a student or Test Administrator has filled in the circles next to two or more ethnicity codes not including Hispanic, the student will be reported as "Two or More." The ethnicity filled in on the answer document should match the student's ethnicity in APSCN/Triand.

## VERIFICATION AND CORRECTION OF STUDENT INFORMATION

---

### STUDENT INFORMATION FROM APSCN/TRIAND

Student information used for reporting purposes will be pulled from APSCN/Triand and provided to Questar. Student information in APSCN/Triand is pulled twice. Data from the first pull are used to produce the Preliminary Demographic Verification Rosters and student labels. Data for reporting purposes are pulled shortly after the deadline for correcting student information. See date below.

The updated/corrected information in APSCN/Triand will **override** information in the student label barcode and filled in on student answer documents (with the exception of the sections of the “Teacher Use Only” box denoted with an asterisk that need to be completed by the School Test Coordinator or designated person). Please note that if the student’s school, grade, State ID number, and/or last name are incorrect on the Preliminary Demographic Verification Roster, the student label cannot be used and all demographic information must be completed on the answer document. Therefore, it is critical that student information be verified and corrected as needed within the allotted time frame.

**IMPORTANT: Student information for reporting purposes will be pulled from APSCN/Triand at the end of the day on Friday, April 19, 2013, for Biology. Students will be reported according to the information in the system when the data are pulled and any incorrect information CANNOT be changed after this point.**

### PRELIMINARY DEMOGRAPHIC VERIFICATION ROSTER

A Preliminary Demographic Verification Roster will be provided by subject to each school; districts will be provided with copies for each school within the district where students are being tested. Preliminary Demographic Verification Rosters are also located on ServicePoint prior to testing. The roster contains the following information for each student as it appears in APSCN/Triand: student name, grade, birth date, State Reporting Identification Number, SS ID, gender, ethnicity, ESI code, Monitored Former LEP status, LEP status, Free and/or Reduced Lunch status, and Gifted and Talented status. The rosters should be used to verify the accuracy of student information. Do **not** use the student labels for verification purposes (the rosters contain additional information not visible on the student labels).

If the student’s school, grade, State ID number, and/or last name are incorrect on the Preliminary Demographic Verification Roster, the student’s label cannot be used and all demographic information must be bubbled on the answer document. If any other information is incorrect, the student label **must** be used. Information in the student label barcodes will be used to match students to the appropriate, corrected record in APSCN/Triand. If a student label is not provided or a label is damaged, all demographic information on the answer document must be completed.

All information on the Preliminary Demographic Verification Roster must be checked carefully. If any of the information on the roster is not correct, it **must** be updated in APSCN/Triand by the end of the day on **Friday, April 19, 2013, for Biology.**

# VERIFICATION AND CORRECTION OF STUDENT INFORMATION

---

## STUDENT LABELS

Student labels are provided for use on answer documents so that student information will not need to be entered and coded for students for whom labels have been provided. The labels will contain district and school information, the student's name, State Reporting Identification Number, birth date, gender, ethnicity, grade, and subject. The label also includes additional student information in the barcode (SS ID, ESI code, Monitored Former LEP status, LEP status, Free and/or Reduced Lunch status, and Gifted and Talented status); therefore, the Preliminary Demographic Verification Roster must be used to check the student information prior to testing.

The student labels will be provided to each school in alphabetical order by student last name and will need to be separated and sorted by testing classroom/group. Labels are provided on perforated strips to facilitate the separation of individual labels. If a label is torn or damaged during the separation process, do **not** use it. Instead, enter and code all demographic information on the answer document for that student.

It is extremely important that labels be affixed correctly so that the scanning equipment can properly read the barcode. **Labels must be carefully and precisely affixed within the dotted lines in the middle of the answer document (or within the dotted lines on the Student Not Tested Form).** The bottom of the label should be aligned with the triangular marks (the label will partially cover the student name grid on the answer document). Do **not** apply the student label to box 1. Student information cannot be captured if the label is not applied in the correct space.

Information requested in box 1 (District/School/Class Information) **must** be entered (either by the student prior to the start of testing on Day 1 or by the Test Administrator prior to distributing answer documents to students). If a label is used, only the Classroom/Group Name field in box 1, test booklet form letter in box 9, and sections of the "Teacher Use Only" box with an asterisk must be completed.

### **Students NOT Listed on the Preliminary Demographic Verification Roster/No Student Label**

Complete all demographic information on the front of the answer document when there is no student label provided. If a student is not listed on the roster, check to see if the student's information is in APSCN/Triand, verify, and make corrections as necessary. If a student is not listed on the roster or there is no information in APSCN/Triand, verify that the student information on the answer document is complete and add or correct the student's information in APSCN/Triand.

**Note:** Both the Preliminary Demographic Verification Rosters and student labels contain confidential student information and must be handled accordingly. When not in use, they must be kept in a secure location. Rosters and damaged student labels must be shredded or otherwise disposed of in a secure manner.

Instructions for completing the "Teacher Use Only" box are on pages 44–51 of this manual. An asterisk indicates that a section needs to be completed regardless of whether or not a student label is used.

### **Incorrect Labels**

If the student's school, grade, State ID number, and/or last name are incorrect on the Preliminary Demographic Verification Roster, the student's label cannot be used and all demographic information must be bubbled. If any other information is incorrect, the student label **must** be used. Information in the student label barcodes will be used to match students to the appropriate, corrected record in APSCN/Triand. If a student label is not provided or a label is damaged, all demographic information on the answer document must be completed by the student or Test Administrator.

## PROCEDURES PRIOR TO TEST ADMINISTRATION

---

### ADVANCE ANNOUNCEMENTS

An announcement of testing dates and a reminder before the first day of testing is necessary. Testing dates should be made known to parents and students in advance so that students come to school well-rested and equipped with two No. 2 pencils on the days of the test. **ONLY No. 2 pencils may be used on answer documents.** Golf, mechanical, or any pencil that is not a No. 2 pencil, including No. 2.5 pencils, may not be used. It is recommended that Parent Notification Pamphlets (A Note to Parents) be distributed to parents two weeks prior to testing. Parent Notification Pamphlets are included in the Non-secure Materials Shipment.

There should also be an advance announcement to students that they should have their Social Security Numbers or federally-assigned identification numbers and State Reporting Identification Numbers available on the first day of testing. The use of a Social Security Number (SS ID) or a federally-assigned identification number and a State Reporting Identification Number is required for student demographic information if a student label is not used. See page 8 of this manual for information about the use of Social Security Numbers and State Reporting Identification Numbers for student identification purposes.

**Note:** If a student label is used, a Social Security Number is not required.

# STUDENT TESTING MATERIALS

---

## MATERIALS NEEDED FOR TEST ADMINISTRATION

On the day of testing, assemble the following materials supplied to you by your School Test Coordinator. Be certain you have a sufficient supply for all students participating in the test.

- **Test Administration Manual (this manual):** You should have a copy for yourself, as well as a copy for each additional proctor or assistant.
- **Sharpened No. 2 Pencils:** If it is not your normal procedure to furnish pencils, students should be told to bring two sharpened No. 2 pencils each day of the test. You should have extra No. 2 pencils on hand. **ONLY No. 2 pencils may be used on answer documents.** Golf, mechanical, or any pencil that is not a No. 2 pencil, including No. 2.5 pencils, may not be used. Responses may not be captured if any writing instrument other than a No. 2 pencil is used.
- **Timer:** Be sure to have a reliable watch or clock with a back-up available in case the primary clock malfunctions.
- **Door Sign:** Make a sign to hang on the door that reads, “TESTING—PLEASE DO NOT DISTURB.”
- **Test Booklets:** You should have counted and signed for the secure test booklets you will need to administer the test. Different forms of the test booklets are arranged in a special order in the class packs you have been given. **Do NOT alter the order of the forms when you distribute them.**
- **Answer Documents:** Follow your School Test Coordinator’s instructions for completing the demographic information in boxes 1–9 on the answer document. The information requested in the “Teacher Use Only” box must be coded by the School Test Coordinator, or person designated to do so after all testing is completed. Instructions are provided on pages 44–51 of this manual.
- **Student Labels:** Student labels are to be placed on the answer documents or the Student Not Tested Form in the space provided. Labels may be placed on answer documents prior to testing. Student labels must be used if provided unless the student’s school, grade, State ID number, and/or last name are incorrect. If information for a student is incorrect, it must be updated in APSCN/Triand prior to the first day of testing (by the end of the day on Friday, April 19 2013).

The answer documents are designed to be machine-scannable and, as such, must be handled carefully. To ensure they can be properly scored, answer documents must not be folded, paper-clipped, stapled, rubber-banded, taped, or torn. Extraneous materials (extra sheets of paper,\* etc.) inside of answer documents cannot be processed and will cause the scanner to stop. **ONLY No. 2 pencils may be used on answer documents.** Golf, mechanical, or any pencil that is not a No. 2 pencil, including No. 2.5 pencils, may not be used. Responses may not be captured if any writing instrument other than a No. 2 pencil is used. Students are provided boxed areas in which to respond to open-response items. Open-responses will be scored using image scoring (online scoring). Any response that falls outside the box will **not** be scored. Marking directions for the multiple-choice answers are given on the front cover.

## TEST BOOKLET LAYOUT

The test booklet is divided into eight full sessions. Pertinent directions are printed at the beginning of each session. Review those directions with students before they respond to the test questions for that session. Students are allowed to work until they come to the directions to “STOP” at the end of the session or until they have worked for the maximum amount of time allowed for that session, whichever occurs first.

The test booklets are secure documents. Test security guidelines dictate that test booklets are **not** to be examined at any time except when a **currently** licensed Test Administrator is providing an approved accommodation using only the appropriate Read-aloud test booklet. Each test booklet contains a sequential, unique security ID number and barcode. This unique security ID number and barcode are for document security only and do not correspond with numbers printed on the answer documents. Numbers printed on the answer documents are used to identify the documents during scoring. Test booklets must be distributed to all students in spiral order (A, B, C, D, etc.). Each student must receive one test booklet and one answer document to be used for all testing sessions. Calculators may not be used on the test.

The following overview provides information on how the test booklet is organized:

### DAY 1

- **Session B1** begins on page 1. This session includes 20 multiple-choice questions.
- **Session B2** begins on page 6 and includes 20 multiple-choice questions.
- **Session B3** begins on page 12 and includes 3 open-response questions.
- **Session B4** begins on page 16 and includes 15 multiple-choice questions.

### DAY 2

- **Session B5** begins on page 24 and includes 20 multiple-choice questions.
- **Session B6** begins on page 30 and includes 2 open-response questions.
- **Session B7** begins on page 32 and includes 15 multiple-choice questions.
- **Session B8** begins on page 40 and includes 2 open-response questions.

## TEST SECURITY GUIDELINES

**Maintaining test security is a very serious responsibility for all currently licensed Arkansas personnel. Breach of test security is one of the actions for which teaching/administrative licenses can be revoked.**

Districts must have a system in place to ensure that all materials are accounted for and kept secure during testing. Any action that leads to the invalidation of student test scores or compromises the security of the tests or test results will be viewed by the Arkansas Department of Education as an inappropriate use or handling of tests and will be treated as such. The following guidelines are to assist in determining which activities constitute inappropriate testing activities and breaches of test security:

1. The Superintendent or his/her designee in each school district shall be responsible for coordinating all local assessment activities.
2. All District Test Coordinators, School Test Coordinators, and Test Administrators shall be **currently** licensed by the Arkansas Department of Education as teachers or administrators.
3. The tests must be administered on the scheduled dates as specified in the manuals for the current administration. No portion of the test may be given early.
4. All test materials shall be inventoried upon receipt at the district and school. Test booklets must be kept in a secure area at all times, except during the formal testing sessions.
5. The tests must be administered in strict accordance with the instructions outlined in the manuals for the current administration. These instructions include reading directions verbatim to students during testing.
6. Test booklets with multiple forms must be distributed to all students in spiral order, including special education and LEP students. Distributing forms incorrectly is considered a testing irregularity.
7. The Superintendent or his/her designee in each school district shall be responsible for ensuring that all district personnel involved in the testing have been properly trained as specified by the Arkansas Department of Education.
8. The Superintendent or his/her designee in each school district shall be responsible for ensuring that all assessment documents and student identification information are properly and accurately coded and that **all** students have participated in the appropriate grade-level assessment(s).
9. The Superintendent or his/her designee in each school district shall be responsible for ensuring that Individualized Education Programs, Limited English Proficient Assessment Plans, and/or 504 Plans shall specify any state-approved accommodation(s) available to students participating in the administration of standard state assessments.
10. The Superintendent or his/her designee in each school district shall be responsible for ensuring that all students enrolled in a state-tested grade or course shall be accounted for in the State Assessment System.
11. District staff may **not** read, review, or in any way duplicate or reproduce the test booklets, the associated test items, the writing prompts, or other secure materials. Removing or copying the Mathematics Reference Sheet provided in or with the test booklets is a breach of security.
12. All District Superintendents, District Test Coordinators, School Principals, School Test Coordinators, and Test Administrators must sign the appropriate Test Security Affidavit. All Test Security Affidavits must be returned to Questar with the scoreable materials.
13. Students must not be exposed to answers of items at any time before, during, or after testing. Upon reporting, customized CRT items that contribute to at least 50% of the total number of items on the student score report will be released and may be used by public schools for instructional purposes.
14. Student responses to test items must represent the student's own independent and unaided thinking and must not be read, reviewed, or changed during or after testing. Cueing or assisting a student during testing will be considered a breach of security.
15. Students are not allowed to use scratch paper **except for grades 1–2**. The use of scratch paper is considered a breach of security.
16. Students cannot have any materials (e.g., books, magazines, newspapers, homework) except testing materials during the testing sessions.

## TESTING GUIDELINES AND SECURITY

---

17. No electronic devices with photographic capability shall be accessible at any time during test administration [Arkansas Code 6-18-502(b)]. Other electronic equipment that allows for communication among students shall not be accessible at any time during test administration (e.g., cell phone, iPod, MP3 player).
18. If students are permitted to use their own calculators, it is the responsibility of the Test Administrator to certify that these calculators meet the requirements specified in the manuals for the current administration. Failure on the part of the Test Administrator to verify that each calculator meets the requirements will constitute a breach of security.
19. It is the responsibility of the Test Administrator to ensure that the memory of each calculator is cleared both at the beginning and end of testing each day. Failure to do so constitutes a breach of security.
20. During the test administration, Test Administrators should continually monitor the testing process by moving unobtrusively about the room. The Test Administrator is to devote total attention to the students being tested and not work on other things. Test Administrators shall not access computers or other electronic equipment during the assessment.
21. **All** test booklets, used and unused, and all used answer documents shall be inventoried subsequent to testing and returned to the testing company in the prescribed manner on the prescribed dates. Failure to return all required testing materials by the required dates is a breach of security. Any test booklets, used answer documents, or used Student Not Tested Forms not returned by the district on the dates required shall be reported to the ADE Office of Student Assessment.
22. All known violations of the Arkansas Department of Education security regulations shall be reported in writing, signed by the reporter, and addressed to the ADE Office of Student Assessment. All security violations shall be investigated by the state.

### TEST SECURITY PROCEDURES

All test booklets are secure and contain sequential, unique document security ID numbers and barcodes. All test booklets, used and unused, must be accounted for and returned to Questar after testing. In addition, these secure test materials may not be reviewed or duplicated by any means. Violation of security procedures could result in the revocation of your teaching/administrative license (see Test Security Guidelines).

The *Spring Biology End-of-Course Examination* may **not** be downloaded into any assistive device.

Your School Test Coordinator will have the following test security forms requiring your signature:

#### **Affidavit 3—Test Administrator Security Form**

The Test Administrator must sign this form to certify that appropriate security procedures are followed and that a breach of security could result in the revocation of his/her teaching/administrative license. Fill in the appropriate circle for the course in which tests were administered. **Note:** Only one course can be marked on each Affidavit 3.

#### **Test Booklet Security Form**

The Test Administrator must initial in the “Out” column under “Test Booklet Receipt and Return” when the booklets are distributed. The School Test Coordinator must initial in the “In” column when they are returned and counted **each day** after testing. Careful attention to completing the Test Booklet Security Form will minimize lost test booklets. Separate security forms will be provided for Large Print, Braille, and Read-aloud test booklets.

### **Affidavit Waiver Form for Providing an Approved Accommodation**

The Test Administrator providing the reading, transcribing, or recording accommodation must sign this form after the examination is administered to indicate that he/she understood and followed all test administration procedures for providing the accommodation.

All test materials, **used and unused**, issued to you prior to testing must be returned to your School Test Coordinator.

### **MATERIALS PROHIBITED DURING TEST ADMINISTRATION**

Students cannot have any materials (e.g., books, magazines, newspapers, homework) except testing materials during the testing sessions. If students finish a session early, they may review only the current session test answers and then sit quietly until the session ends.

**Scratch Paper**—Students may write in their test booklets. **No scratch paper may be provided** (the use of scratch paper is a breach of security). However, students may use blank spaces in the test booklets to do scratch work. For open-response items, students must show all of their work in the spaces provided in the answer documents. **Any work recorded in the test booklets will NOT be scored.** Only work recorded with a No. 2 pencil in the answer documents will be scored.

**Electronic Devices**—No electronic devices with photographic capability shall be accessible at any time during test administration [Arkansas Code 6-18-502(b)]. Other electronic equipment that allows for communication among students shall not be accessible at any time during test administration (e.g., cell phone, iPod, MP3 player).

**Food and Drink**—During testing sessions, no food or drink is allowed in the testing area.

**Highlighters**—Highlighters may be used on the test booklets **only**. **No** highlighters may be used on any answer documents.

**Ink Pens/Felt-Tip Markers**—Ink pens and felt-tip markers must **not** be used on any answer document. **Use a No. 2 pencil only.** Golf, mechanical, or any pencil that is not a No. 2 pencil, including No. 2.5 pencils, may not be used. Responses may not be captured if any writing instrument other than a No. 2 pencil is used.

### **TESTING ENVIRONMENT**

The test should be administered in an area with comfortable seats, good lighting and ventilation, and freedom from noise and interruptions. Smooth, hard writing surfaces and adequate workspace are also important. The physical conditions should be conducive to concentration. Students should be seated in such a way that they will not be tempted to look at each other's test materials. Students cannot have any materials (e.g., books, magazines, newspapers, homework) except testing materials during testing sessions.

### **ASSIGNING TEST MATERIALS TO STUDENTS**

During each testing session, students must use the same test booklet and answer document given to them at the beginning of testing. The test booklet and answer document for each student must be kept together throughout **all** sessions. Therefore, it is strongly advised that students be tested in the same group each day.

Students should write their first and last names on the front covers of their test booklets on the first day of testing. See page 14, "Test Booklet Layout," for additional information.

# TESTING GUIDELINES AND SECURITY

---

## MULTIPLE TEST BOOKLET FORMS

When handing out test booklets to students, you will notice that each booklet has a letter (A–O) in the upper right-hand corner. Students are asked to identify their specific test booklet form by filling in the appropriate circle in box 9 on the cover (page 1) of their answer document during the Student Demographic Information Session on Day 1. Each test booklet form contains a number of different trial test questions or “field-test items.” Students will not be scored on these field-test items, but the data collected from their responses will be used to determine which field-test items will become part of the regular test during the next administration. By matching each answer document to a specific test booklet form, test-scoring personnel are able to match student responses to the appropriate series of field-test items. If a student’s test booklet is damaged or lost, it must be replaced with the same form.

**Important:** The test booklets are arranged in a special order in the class packs you receive. **Do NOT alter the order of the test booklets when you distribute them to students.**

## MONITORING STUDENTS DURING TESTING SESSIONS

You may not cue or aid any student in answering or understanding any test questions. (You may, however, clarify the demographic information.) Therefore, be sure that students clearly understand all of the directions before testing begins. Also, test security guidelines and student confidentiality dictate that student responses to test questions may not be read or reviewed at any time.

**Note:** Students with an approved RMT/RWT/RST accommodation may have test items read verbatim.

During each session, circulate around the room to see that students are using the correct session of the test booklet and answer document. This process will be referred to in the procedures as *Circulate and Check*. **The session identifier, which is the first letter of the subject followed by the number of the session (e.g., B1), is printed in large type on the answer document to make it easier to see that a student is answering on the correct page.**

### ALERTS

Student responses are confidential with scorers seeing only an answer document identification number when scoring an open-response item or essay topic. However, there is an approved alert process in place for any response that is disturbing or indicates some administrative irregularity (e.g., any potential danger to the student or others, illegal activity, cheating, breach of test security). In the case of an alert situation, Questar will notify the ADE Office of Student Assessment who will notify the Superintendent. In these cases, the Arkansas Department of Education and the Superintendent constantly maintain student confidentiality.

### OVERVIEW OF THE TEST ADMINISTRATION SCRIPT

To ensure a consistent and accurate test administration, a script (material that should be read **verbatim** to the students) for each testing session is printed in boxes to set the oral directions apart from the other text. Directions to the Test Administrator are printed in contrasting bold and italic type. Directions to the Test Administrator that are interspersed within the oral directions to the students are in bold and italic type **and** bracketed [*like this*]. The remaining numbered directions may be repeated in similar sessions and serve as reminders of the order in which to proceed with the test administration.

For the Student Demographic Information Session only, the script may be modified as needed depending upon how the verification of information and application of students' labels is being handled in your school. Please read through this script carefully to determine what, if anything, needs to be modified for your situation.

# 2013 TESTING SESSION GUIDELINES AND SCHEDULE

## TESTING SESSION GUIDELINES AND SCHEDULE

This section details the procedures to be followed for each testing session. Tests are to be administered in the order listed on page 13, which is also the order in which the Test Administration Script is presented in this manual.

It is recommended that the test be administered in the morning. The test administration should not be scheduled after an athletic event, assembly, or class outing. All test schedules should be checked with the appropriate school officials to be sure that the administration of the test is not interrupted.

### Session Time Limits

The *Spring Biology End-of-Course Examination* is a timed test. Each session must be administered in the times specified. Allow time at the beginning of each session to present directions and other information to the students. For each session, refer to the amount of time shown in the table below. **Early testing constitutes a breach in test security.** Test Administrators should have received a specific testing schedule from the School Test Coordinator including session times and break times.

Sessions should not end before the scheduled time. If students finish the testing session early, they may review their work only for that same session; they cannot work on a previous session or on a session not yet administered. Extended testing time is an allowable accommodation for Special Education, 504, and LEP students, if stated in their IEP, 504 Plan, or LPAC Plan, respectively, and used on a regular basis in the classroom.

DAY	SUBJECT	SESSION	NUMBER OF ITEMS	TESTING MINUTES
Tuesday April 23, 2013	Biology	–	Student Demographic Information	15
		B1	20 multiple-choice items	30 + directions
		B2	20 multiple-choice items	30 + directions
		B3	3 open-response items	45 + directions
		B4	15 multiple-choice items	25 + directions
Wednesday April 24, 2013	Biology	B5	20 multiple-choice items	30 + directions
		B6	2 open-response items	30 + directions
		B7	15 multiple-choice items	25 + directions
		B8	2 open-response items	30 + directions

*The tests must be administered on the scheduled dates shown above. No portion of the test may be given early.*

### Breaks between Sessions

It is recommended that students be allowed at least a 15-minute break after Sessions B2, B3, and B6. It is also recommended that students be given short breaks of 5 minutes after each session. Lunch and other breaks can be added to the schedule between sessions. Each testing session must be completed in the order prescribed above before moving onto the next session, and all sessions must be completed at the conclusion of the school day. See your School Test Coordinator if you have questions about the break schedule.

## 2013 TESTING SESSION GUIDELINES AND SCHEDULE

---

### INTERRUPTION OF TESTING SESSIONS

Circumstances over which you have no control (e.g., power failures, fire drills, severe weather conditions) may disturb the students during testing. If an interruption occurs during a testing session, ask students to close their test booklets and answer documents. Collect the student test materials and place them in the secure location designated by your School Test Coordinator. If an interruption occurs, notify the School Test Coordinator who will notify the District Test Coordinator. The District Test Coordinator will contact the ADE Office of Student Assessment for instructions prior to resuming testing. Interruptions should not reduce the total amount of time students are given to complete the test questions. If an interruption occurs, Test Administrators should note the time remaining in the testing session.

### MAKE-UP TESTING SESSIONS

Make-up testing sessions may be scheduled for any day after the initial administration. However, all make-up testing for Biology **must be completed no later than Tuesday, April 30, 2013**. Every attempt should be made to administer make-up tests to students who were absent during original testing sessions. Test Administrators should consult their School Test Coordinator about make-up procedures.

## DAY 1: Tuesday, April 23

### STUDENT DEMOGRAPHIC INFORMATION

Estimated time: 15 minutes

#### Materials needed—each student must have

- Test Booklet
- Answer Document
- Sharpened No. 2 Pencils

Read the directions numbered 1–5 to ALL students. Read the directions numbered 6–8 ONLY if students are entering and coding student demographic information on the front cover of their answer document.

1. *Say to the students:*

Today is Tuesday, April 23th. You will be taking the *Spring Biology End-of-Course Examination*. Some of the questions are easier and some are harder, but you are expected to answer every question and to do your best. There is no penalty for guessing, so you should answer every question. If you do not have a sharpened No. 2 pencil, please raise your hand. [***Supply sharpened No. 2 pencils to students who need them. Golf, mechanical, or any pencil that is not a No. 2 pencil, including No. 2.5 pencils, may not be used. Responses may not be captured if any writing instrument other than a No. 2 pencil is used.***]

2. *Say to the students:*

Please sit quietly as I hand out the test booklets and answer documents. Do not open the materials until I tell you to do so. [***Hand out a test booklet and an answer document to each student, making sure each student gets his/her answer document if labels have been affixed or student information has been entered and coded.***]

3. *When each student has received test materials, verify that each student has received the answer document with his/her name on it, if appropriate. If students' names have been filled in on answer documents or student labels have been applied to answer documents prior to testing, say to the students:*

Before we begin, please check that the name on the student label or the name filled in on your answer document matches your name. **[Pause. If any student has an answer document with the wrong label or name, make sure the student receives the correct answer document, if available, before testing begins. If an answer document coded with the student's demographic information is not available, please provide that student with a blank answer document, then refer to instructions #6–#8.]**

4. *Say to the students:*

Carefully check through your test booklet and your answer document for missing pages, blank pages, or upside-down pages, and then immediately close both booklets. Raise your hand if you think there is a problem with one of your booklets. **[Pause. If necessary, replace any test materials that are defective.]**

Now, on your answer document, find **box 9, "Test Booklet Form"** on the right side under the "Grade" box. **[Pause.]** Look on the cover of your test booklet and find the letter in the upper right corner next to the word "Form." **[Pause.]** In the box for **"Test Booklet Form"** on your answer document, carefully fill in the circle for the same letter as what is on your test booklet. **[Pause. Check to make sure students are correctly marking their test booklet form.]**

Look at the front cover of your test booklet. **[Pause.]** Print your name in the space provided at the top. **[Pause while students print their names.]**

Now set your test booklet aside and find **box 1, "District/School/Class Information,"** on your answer document. **[Pause.]** In box 1, there are three spaces for your district, school, and classroom/group names. Please print this information in the proper spaces. If you need the proper spelling, you can refer to the board where I have written this information. **[Pause.]**

# TEST ADMINISTRATION SCRIPT

## 5. Say to the students:

Now find the box labeled “Marking Directions.” **[Pause.]** Read the directions to yourself while I read them out loud. **[Read the text in the box below.]**

MARKING DIRECTIONS

Now look at the two rows of sample marks on the right side of the directions box that show the right way and wrong ways to fill in the circles. Make sure you do not make marks that look like those in the row labeled “Wrong.” Fill in the circles completely like the example in the row labeled “Right.”

The following instructions (#6–#8) must be read to students ONLY if they are entering and coding the student demographic information on the front of the answer document. Students using labels should not enter and code student demographic information.

## 6. Say to the students:

If your name is longer than the spaces provided, print as many letters as you can. If your name is shorter, you do not need to fill in the boxes past your name. **[Pause while students print their names.]** Then, for each column, fill in the circle with the letter that matches the letter you printed in the box at the top. If your name is shorter, you do not need to fill in any circles past your name. **[Pause.]**

Now find **box 3, “State ID Number.”** **[Pause.]** In the boxes, write the ten digits of your State Reporting Identification Number. Print one digit in each box. **[Pause.]** Now darken the circle for each digit. **[If a student does not have a 10-digit State Reporting Identification Number, this section may be left blank.]**

Now find **box 4, “SS ID.”** **[Pause.]** In the boxes, write the nine digits of your Social Security Number (federally-assigned ID number for those who previously arranged for numbers other than Social Security Numbers). Print one digit in each box. **[Pause.]** Now darken the circle for each digit. **[Pause. Check to make sure students are entering and coding either their Social Security Number or their federally-assigned identification number.]**

Now go to **box 5, “Gender.”** Fill in the correct circle for your gender, either female or male. **[Pause.]**

7. *Say to the students:*

Now go to **box 6, “Ethnic Background.”** Fill in the circle beside the best description of your ethnic background (fill in all that apply): Hispanic, Asian, Native Hawaiian/Pacific Islander, American Indian/Alaska Native, Black, or White. *[Pause. If students have questions concerning the appropriate response for box 6, refer to the guidelines below.]*

- **5–Black**—A person having origins in any of the Black racial groups of Africa.
- **6–White**—A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

8. *Say to the students:*

Find **box 7, “Birth Date.”** In the column that says “**Month,**” fill in the circle beside the month in which you were born. *[Pause.]* Now find the column that says “**Day.**” In the boxes, write the day of the month you were born. For birth dates one through nine, print a zero in the first column. Print one digit in each box. *[Pause.]* Now find the column that says “**Year.**” In the last two boxes, print the last two digits of the year you were born. *[Pause.]* Now fill in the circle for either 19 or 20 and the circles that match the numbers you have printed. *[Pause.]*

Now go to **box 8, “Grade.”** Fill in the circle next to your grade. *[Pause.]*

## DAY 1: Tuesday, April 23

### SESSION B1

**Permitted time: 30 minutes + directions**

**Materials needed—each student must have his or her own testing materials and sharpened No. 2 pencils.**

**NOTE: Students may NOT be provided with scratch paper. All scratch work should be done in the test booklet. Calculator use is NOT permitted during any session of the *Spring Biology End-of-Course Examination*.**

**1. When you are ready to begin the test, say to the students:**

Today is Tuesday, April 23rd. You will have 30 minutes to complete Session B1. You should do the best work you can, and your answers should reflect that effort.

### COMPLETING THE “TEACHER USE ONLY” BOX

**Information coded in the “Teacher Use Only” box is used to place students in the appropriate reporting categories.** Therefore, it is critical that the information requested be completed correctly as applicable to each student. Students will not be reported correctly if the appropriate information is not coded on their answer documents. **Coding for students cannot be changed after answer documents are sent to Questar.**

The School Test Coordinator and/or the person authorized to mark the Free and/or Reduced Lunch section are the only persons who should mark this box. See page 47 for information about persons authorized to mark the Free and/or Reduced Lunch section.

Verify that students did not mark any circle(s) in the “Teacher Use Only” box.

The sections in the “Teacher Use Only” box include the following: Monitored Former LEP, 504 Accommodations, ESI Codes, Special Education Accommodations, Free and/or Reduced Lunch, Migrant Student, Gifted and Talented, Foreign Exchange, Highly Mobile, Limited English Proficient (LEP), LEP student less than one year in the U.S., LEP Accommodations, and Student NOT Tested (on page 2 of the answer document).

After all testing is finished, the “Teacher Use Only” box must be completed. If a student label has been used, it is not necessary to code the circles for Monitored Former LEP, ESI Codes, Free and/or Reduced Lunch, Gifted and Talented, and Limited English Proficient (LEP) in the “Teacher Use Only” box. This information is already contained in the student label barcode and will override information coded in the “Teacher Use Only” box. Only those sections of the “Teacher Use Only” box that have an asterisk (504 Accommodations, Special Education Accommodations, Migrant Student, Foreign Exchange, Highly Mobile, LEP student less than one year in the U.S., LEP Accommodations, and Student NOT Tested) need to be completed, as appropriate, if a student label is used.

The following pages provide instructions for completing all of the sections in the “Teacher Use Only” box, as appropriate for each student.

## PROCEDURES FOLLOWING TEST ADMINISTRATION

**Important:** A student label **must** be used on a student answer document or the Student Not Tested Form, if one is provided for a student and the student’s school, grade, State ID number, and last name are correct. If the student’s school, grade, State ID number, and/or last name are incorrect, a student label cannot be used and all demographic information on the answer document must be bubbled. Information provided by the ADE from APSCN/Triand will override anything coded for the sections of the “Teacher Use Only” box without an asterisk. If information for a student is incorrect, it must be updated in APSCN/Triand prior to testing. See page 9 for more information about updating student demographic information.

### Monitored Former LEP Students

A student’s Monitored Former LEP status does not need to be coded on the answer document if a student label is used. If a student label is not used, complete the Monitored Former LEP section of the “Teacher Use Only” box, as appropriate. Fill in the circle for Year 1 if the student is in the first year of monitoring, and fill in the circle for Year 2 if the student is in the second year of monitoring.

Monitored Former LEP (MFLEP) students include those who

- have exited out of a language instruction educational program funded by Title III into classrooms that are not tailored for LEP students;
- were exited from ESL services and whose academic progress is being monitored for two years in the regular education classroom as required by federal law; and
- were identified as LEP at some time in the prior two years but who no longer meet the state’s definition of LEP.

### \*504 Accommodations

Complete the 504 Accommodations section of the “Teacher Use Only” box, as appropriate, regardless of whether or not a student label is used. Fill in the circle for Read-aloud (RMT/RWT/RST) for any 504 student taking the Read-aloud version of the test. Fill in the circle for Large Print Test (LPT) for any 504 student taking the Large Print version of the test and fill in the circle for Braille Test (BT) for any 504 student taking the Braille version of the test.

**Note:** 504 students may receive additional accommodations but do not bubble them in the “Teacher Use Only” box.

\* An asterisk indicates that the section **must** be coded whether or not a student label is used.

## ESI Codes

A student's ESI (Exceptional Student Identification) code does not need to be coded if a student label is used. If a student label is not used, complete the ESI Codes section of the "Teacher Use Only" box, as appropriate.

If a student participated in the testing and is part of a specific educational program, fill in the appropriate circle in the section labeled "ESI Codes." Choose the correct category for each exceptional student according to the list below. Fill in **only one** circle for numbers 1–12. If more than one condition exists, fill in the circle for the **primary** condition. Note that number 5 is MD for students with multiple disabilities.

4	MR	mental retardation (both TMR and EMR)	10	SI	speech/language impairment
5	MD	multiple disabilities	11	TBI	traumatic brain injury

## \*Special Education Accommodations

Complete the Special Education Accommodations section of the "Teacher Use Only" box, as appropriate, regardless of whether or not a student label is used. Fill in the circle for each accommodation the student received during testing. Refer to Appendix A for additional information on accommodations that are permitted.

1	TRAN	a teacher transfers answers from the student's test booklet to an answer document
2	REC	a teacher records the student's verbal responses and places them into his/her answer document
3	SIGN	directions signed for a student with a hearing impairment

12	LPT	Large Print test booklet
13	BT	Braille test booklet
14	AB	abacus

\* An asterisk indicates that the section **must** be coded whether or not a student label is used.

## PROCEDURES FOLLOWING TEST ADMINISTRATION

---

**Do not code** the Special Education Accommodations section for students with a 504 Plan. However, students may still receive accommodations that are in their 504 Plans and used regularly in the classroom.

**Important:** Accommodations 1, 2, 7, 12, and 13 require that the Test Administrator complete the Affidavit Waiver Form.

**Note:** Extended time means that the whole school day may be used for the portion of the test that is scheduled for that day. When extended time is allowed, students must complete each session in the order scheduled before moving on to the next session. Students who are at different points in the test schedule must be isolated from students on the regular schedule for testing, during breaks, and during lunch. Extended time does not allow students to go back into a session at a later time in the day to continue working or to complete unfinished items.

### **Free and/or Reduced Lunch Students**

A student's eligibility for Free and/or Reduced Lunch does not need to be coded on the answer document if a student label is used. For students without labels, only the School Test Coordinator or the person authorized in the agreement signed by the school with Child Nutrition can code the section for students eligible for Free and/or Reduced Lunch. This information must be filled out after testing is completed. This section cannot be marked by the Test Administrator. (Refer to Commissioner's Memo #FIN-09-041; the contact person is Suzanne Davidson at 501-324-9502.)

### **\*Migrant Students**

Complete the Migrant Student section of the "Teacher Use Only" box, as appropriate, regardless of whether or not a student label is used. In the section labeled "Migrant Student," fill in the circle for any student meeting the following guidelines: Children of migratory agricultural workers or migratory fishers, including children who are workers themselves and the spouses of such workers, who have been identified by the Migrant Education Program (MEP) as migrant children.

For questions related to migrant student information, please have the District Test Coordinator contact Stan Young at 501-324-9660.

### **Gifted and Talented Students**

A student's status as Gifted and Talented does not need to be coded on the answer document if a student label is used. If a student label is not used, complete the Gifted and Talented section of the "Teacher Use Only" box, as appropriate.

### **\*Foreign Exchange**

Foreign exchange students must be identified as such on their answer documents regardless of whether or not a student label is used. To identify foreign exchange students, the School Test Coordinator (or designated person) must code each student's answer document by filling in the circle for Foreign Exchange in the "Teacher Use Only" box.

\* An asterisk indicates that the section **must** be coded whether or not a student label is used.

### **\*Highly Mobile Students**

Complete the Highly Mobile section of the “Teacher Use Only” box, as appropriate, regardless of whether or not a student label is used. In the section labeled “Highly Mobile,” fill in the circle for any student enrolled in the school or moving between schools **after** October 1, 2012.

### **Limited English Proficient (LEP) Students**

A student’s status as Limited English Proficient does not need to be coded on the answer document if a student label is used. If a student label is not used and the student is designated as Limited English Proficient, complete the Limited English Proficient (LEP) section of the “Teacher Use Only” box, as appropriate. If an LEP student is also participating in a special education program, fill in the appropriate circle (1–12) in the ESI Codes section and the LEP circle.

\* An asterisk indicates that the section **must** be coded whether or not a student label is used.

### \*LEP student less than one year in the U.S.

If a student is Limited English Proficient and has been in the U.S. less than one year, fill in the circle, regardless of whether or not a student label is used.

### \*LEP Accommodations

Complete the LEP Accommodations section of the “Teacher Use Only” box, as appropriate, regardless of whether or not a student label is used. Fill in the circle for each accommodation the student received during testing.

**Important:** Special education accommodations take precedence over LEP accommodations for students who are both Limited English Proficient and participate in special education programs. If a student with disabilities is also Limited English Proficient, mark **only** the Special Education Accommodations section. The only circumstance in which both the Special Education Accommodations section and LEP Accommodations section may be marked is if the student received the LEP accommodation of using a word-to-word dictionary.

1	LEP - ET	extended time
2	LEP - WTWD	word-to-word dictionary
3	LEP - IS	individualized schedule
4	LEP - PREF	preferential seating (study carrel)
5	LEP - SMGT	small group testing
6	LEP - INT	individual testing
7	LEP - RMT/RWT/RST	reading of the math/writing/science test in English <b>Important:</b> <i>No portion of the reading test may be read to any student!</i>
8	LEP - NB	noise buffer

**Important:** Accommodation 7 requires that the Test Administrator complete the Affidavit Waiver Form.

**Note:** Extended time means that the whole school day may be used for the portion of the test that is scheduled for that day. When extended time is allowed, students must complete each session in the order scheduled before moving on to the next session. Students who are at different points in the test schedule must be isolated from students on the regular schedule for testing, during breaks, and during lunch. Extended time does not allow students to go back into a session at a later time in the day to continue working or to complete unfinished items.

\* An asterisk indicates that the section **must** be coded whether or not a student label is used.

### \*Student NOT Tested

An answer document or Student Not Tested Form **must** be submitted for any student who was scheduled to take the *Spring Biology End-of-Course Examination* and/or received a label but **took NO portion of the test**. All students who received a student label must be accounted for by returning either an answer document or a Student Not Tested Form. If it is known in advance of testing that a student who received a label will not be testing, please use the Student Not Tested Form to record the reason not tested. If a student does not test and his or her label has been placed on an answer document, if the student did not receive a student label, if the label was damaged, or if the student's school, grade, State ID number, or last name are incorrect on the label, complete the demographic information on page 1 of the student answer document.

Fill in the circle for the appropriate reason code (mark **only** one) on page 2 of the student answer document. If the reason the student did not test is not listed on page 2 of the answer document, or if the student refused to take all portions of the test, the Test Administrator must notify the School Test Coordinator.

All of the information (as appropriate for the student) requested on the front of the student answer document must be completed.

\*An asterisk indicates that the section **must** be coded whether or not a student label is used.

## TEST ADMINISTRATOR INSTRUCTIONS FOR RETURNING TEST MATERIALS TO THE SCHOOL TEST COORDINATOR

### Separate and Organize Materials

All test materials, both used and unused, must be returned promptly to your School Test Coordinator after testing is completed. Prepare the materials as follows or as directed by your School Test Coordinator:

#### A. Answer Documents

1. Separate **used** answer documents from **unused** answer documents.
2. Verify that all answer documents have been accounted for.

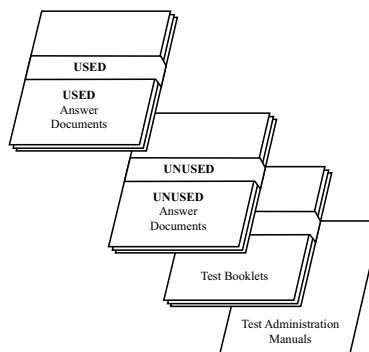

#### B. Test Booklets

1. Organize all test booklets (used and unused together) including Large Print, Braille, and Read-aloud test booklets in security ID number order with the lowest number on top and the highest number on the bottom.
2. Verify that there are no answer documents inside of test booklets.
3. Verify that all test booklets assigned to you are accounted for.

#### C. Test Administration Manual(s)

After Test Administrators return materials to the School Test Coordinator, the School Test Coordinator will organize and inventory all materials from all classes, ensure that no test materials are missing, fill out the appropriate header sheets, verify that all affidavits/affidavit waivers are completed, and return materials to the District Test Coordinator.

Stack your materials in the order shown:

**Please return these materials promptly to your School Test Coordinator.**

**THANK YOU FOR YOUR TIME AND COOPERATION.**

# APPENDICES

## APPENDIX A

### ACCOMMODATIONS FOR TESTING

Testing accommodations may be made for students for whom standardized conditions are not appropriate but for whom the testing experience would be beneficial. Students may access any state-approved accommodations listed in their Individualized Education Programs (IEPs) and used on a regular basis in the classroom. However, IEPs may contain accommodations that are **not** allowed on the test, and these accommodations may **not** be used on the state-mandated testing. Testing accommodations may be made for students identified as disabled pursuant to P.L. 94-142 or for students considered as disabled under Section 504 of the Rehabilitation Act of 1973. Testing accommodations may be made for students identified as LEP as indicated in their Language Assessment Plan.

**All accommodations must be administered by an Arkansas teacher or administrator who is currently licensed by the ADE and has been trained in proper test administration procedures.**

**Allowable Special Education Accommodations include, but are not limited to, the following:**

Code	Definition
<b>1 TRAN*</b>	<b>a teacher transfers answers from the student's test booklet to an answer document</b> This means that the student must write all answers in the test booklet. This must be done in an individual setting. The student may <b>not</b> have extra paper. The teacher is to copy the student's answers into the answer document exactly as the student wrote them. ( <b>Note:</b> This accommodation is used with Large Print and Braille test booklets.)
<b>2 REC*</b>	<b>a teacher records the student's verbal responses and places them into his/her answer document</b> This means that the teacher writes the student's verbal responses into his/her answer document. This must be done in an individual setting. This accommodation is difficult on the writing portion of the Augmented Benchmark and Grade 11 Literacy Examinations. Because the writing is scored for mechanics and usage, the student must spell each word and must provide each mark of capitalization and punctuation as he/she dictates his/her response. ( <b>Note:</b> The teacher may not write it out first and then go back to ask the student to insert punctuation or adjust spelling.)
<b>3 SIGN</b>	<b>directions signed for a student with a hearing impairment</b>
<b>4 PREF</b>	<b>preferential seating (study carrel)</b>
<b>5 SMGT</b>	<b>small group testing</b>
<b>6 INT</b>	<b>individual testing</b>
<b>7 RMT/RWT/RST*</b>	<b>reading of the math/writing/science test</b> <b>Important:</b> <i>No portion of the reading test may be read to any student!</i>
<b>8 MD</b>	<b>magnifying devices</b>
<b>9 NB</b>	<b>noise buffer</b>
<b>10 IS</b>	<b>individualized scheduling</b>

**\*The Test Administrator will complete the Affidavit Waiver Form.**

<b>13 BT*</b>	<b>Braille test booklet</b> There are no Braille answer documents. The teacher will transcribe the student's answers into a standard answer document.
<b>14 AB</b>	<b>abacus</b>

In special circumstances, additional requests for assistive devices will be considered for special education students or students with a 504 Plan. The "Special Accommodations Request Form for Special Education Students or Students with a 504 Plan" must be obtained from the ADE Office of Student Assessment. A copy of the approved form must be kept in the School Test Coordinator's office. Contact the ADE Office of Student Assessment at 501-682-4558.

**Allowable Limited English Proficient (LEP) Accommodations include the following:**

## READING, RECORDING, AND TRANSCRIPTION OF STUDENT RESPONSES

Special Education students, Limited English Proficient students, and students with a 504 Plan may receive the accommodation of having the mathematics and/or science portions of the End-of-Course Examinations read to them if the accommodation is listed in their IEPs, LPAC Plans, or 504 Plans and is used on a regular basis in the classroom. The Read-aloud form should be administered to all students receiving this accommodation. No other form may be used to provide a Read-aloud accommodation. **Do not** code the Special Education Accommodations section for students with a 504 Plan. However, they may still receive accommodations that are in the students' 504 Plans and used regularly in the classroom. Complete the 504 Accommodations section of the "Teacher Use Only" box, as appropriate, for 504 students taking the Large Print, Braille, or Read-aloud versions of the test. **Reading of test questions or reading passages for the reading test is not allowed under any circumstances except when the test administration script requires the test questions be read to all students.**

In certain cases, a student's responses to test questions will require recording (i.e., a teacher records the student's verbal responses and places them into his/her answer document) or transcription (i.e., the responses must be coded or written in the student's answer document by someone other than the student). In those cases where a student's responses to test questions require recording or transcription (e.g., Large Print, Braille, or other approved accommodations), the recording or transcription needs to be done by a teacher or administrator who is **currently licensed** by the Arkansas Department of Education and **must** occur within the district, prior to the shipment of materials to Questar. If the recording or transcription does not occur within the district, the student's responses will be treated as nonscoreable or "not taken" by the contractor. Ideally, the recording or transcription should be performed by the District Test Coordinator or someone working directly under his or her supervision.

Only teachers or administrators who are **currently licensed** by the Arkansas Department of Education are allowed to read, record, or transcribe a test for students who have this accommodation. The Affidavit Waiver Form (see sample on page 59) must be signed by the currently licensed Arkansas teachers or administrators providing the accommodation and placed behind (**not** stapled to) Affidavit 3—Test Administrator Security Form. Keep one copy on file at the district.

If any other information is incorrect, the student label **must** be used, but you will need to correct the information in APSCN/Triand by the date listed on page 9 of this manual. The updated information will then be provided to Questar on the first day of testing. Student records will be updated prior to reporting.
