IMPLEMENTING THE LAW
Questions, questions and more questions!!!!!!!
The local liaison serves as one of the primary contacts between homeless families and school staff, district personnel, shelter workers, and other service providers. The liaison coordinates services to ensure that homeless children and youth enroll in school and have the opportunity to succeed academically.
STAFF

• Liaisons are required to train district staff.
  ➢ First, make sure they know who the district liaison is and the liaisons contact information.
  ➢ What is McKinney-Vento?
  ➢ Explain the law and what the district must do to comply with the law.
  ➢ Identification of students.

• Distribute McKinney-Vento procedures for your district so everyone will know what to do in the case they suspect a child might be in a homeless situation.

DESCRIPTION OF FORMS

All forms listed below are on ADE’S website.

Residency Form

• All students receive this form at the beginning of each school year. This form is used to help determine the eligibility of the student. Forms of all students who are eligible for McKinney-Vento services must be kept by the liaison.

Rights and Services for Children and Youth Experiencing Homelessness

• This is the list of Rights and Services that all parents must receive when the child is identified as McKinney-Vento eligible.

Sample Dispute Resolution Form

• All districts are required by law to have a Dispute Resolution Process! Parents or unaccompanied youth have the right to dispute the district’s decision on transportation to the school of origin. If parents want to file a complaint, they must follow the policy. This policy covers the district in these situations.
Collaboration Form
• The collaboration form is for any collaborative partners to sign off on. These are needed to apply for the grant and are used when something is needed for a child or family. Partners are able to provide items that are unallowable with your funds. Examples: churches, sororities, civic clubs, individuals, companies, etc.

Missing Documents Form
• This form is to use so the liaison has a list of all missing documents needed for the student. If they are missing a birth certificate, etc.

Sample Caregiver Form
• This form may be used if the child is living with someone other than parent or guardian. Districts may ask them to sign this form but you cannot require them to sign this.
School of Origin Request Form
• If parents request the child attend their school of origin, they need to fill out this form so the request is in writing. Liaisons should keep up with the number of students who are attending their school of origin. Also, it can be documented on this whether or not the district is transporting the child.

Written Notification Form for School of Origin Decision
• This form is required if the district rejects the request for the school of origin.

School of Origin Checklist for Decision Making
• This is a guidance to help make the decision of the school of origin. Is it in the best interest of the child?

Documentation Form for Students Experiencing Homelessness
• This form is a sample of how liaisons track the student’s services.
WHAT NEXT???

• Residency forms are distributed to every student at the beginning of the year to help determine eligibility.
• It is the responsibility of the liaison to determine eligibility after going through all forms.
• Talk with all parents of students you believe are eligible to ensure you made the correct decision.

• Talk with parents about the student’s needs. (School supplies, clothing, etc.)
• Give parents their educational rights information.

Residency forms are distributed at the beginning of each year. Districts must identify each year!
How to determine if child is homeless???

What lead you to this situation?

Is this situation due to a economic hardship?

Is housing regular, fixed, adequate---why or why not???
Homeless verification should be handled in such a way that it does not violate privacy or jeopardize housing arrangements. It is up to the local liaison, enrollment staff, and/or other school personnel to be sensitive and discreet.

Keeping it positive and supportive instead of invasive and threatening is essential.

Remember:

Efforts must be grounded in sensitivity and respect, keeping the academic well-being and best interest of the student in the forefront.

Respect the family’s or youth’s privacy by talking to them in a private space where other students and faculty members cannot overhear the conversation.
RECORD KEEPING

- Residency Form for each identified student.
- Keep record of all homeless students, services for these students and records of any transportation and the cost. (Birth Certificate, school records, food, clothing, etc.)
- Document all conversations with the parents and/or student.
- Keep a list of all donations received. Any cash donations should be placed in a cash account for homeless.
- Ensure your student data that is reported is correct.

*The law now specifies that information about a homeless child’s or youth’s living situation shall be treated as a student education record, and shall not be deemed to be directory information. (Section 722(g)(3)(G))*
