3. Offer families of students served by community learning centers opportunities for active and meaningful engagement in their student's education, including opportunities for literacy and related educational development.

The term "**community learning center**" means an entity that assists students to meet the challenging state academic standards by providing the students with academic enrichment activities and a broad array of other activities during non-school hours or periods when school is not in session.

GRANT GUIDANCE DOCUMENT

This document is intended to provide guidance on compliance with statutory and regulatory requirements of the 21st CCLC program. This guidance should be read in conjunction with the United States Department of Education (USDE) Non-Regulatory Guidance for Title IV - Part B and the Education Department General Administrative Regulations (EDGAR), including the Uniform Grant Guidance (2 C.F.R. §200). **The information in this document replaces all prior guidance documents for Arkansas 21st CCLC programs.**

GRANT AWARDS AND DURATION

It is the intent of the Arkansas Division of Elementary and Secondary Education (DESE) to award grants of sufficient size and scope to support high quality, effective programs.

By statute, a 21st CCLC grant may not be made in an amount that is less than \$50,000. The DESE will award competitive grants at a minimum of \$50,000 to \$150,000 per applicant, renewable annually for up to five consecutive years dependent upon an annual review of performance, providing that the program is able to demonstrate the following:

- Progress toward program goals;
- Meeting attendance goals within the awarded grant;
- Attendance of required personnel at mandatory trainings and professional development;
- Timely and accurate submission of all reports and data;
- Appropriate grant fund management consistent with the requirements of the statute and the operational requirements set forth in the Educational Department General Administrative Regulations (EDGAR), Office of Management and Budget (OMB) Circulars, US Non-Regulatory Guidance and the Arkansas Division of

Elementary and Secondary Education 21st Century Community Learning Centers Grant Guidelines;

- Maintenance of an acceptable program quality score as determined by the program quality assessment tool;
- Participation in required planning with data training and submittal of program improvement plans; and
- Program operation is in alignment with the awarded grant application serving the target population within the grant.

A program site location can only be served by one grant award. However, one grant can serve up to 3 locations if included in the awarded grant application and the same services and program times are offered at all site locations. Each site must have a site coordinator that is not shared with any other program or site.

The name of the subgrantee program must be the name associated with the DUNS registration. All documentation must use the subgrantee name for the duration of the program.

A subgrantee organization can receive a maximum of two (2) new grants per school year.

RENEWABILITY

The State does not practice renewability.

ELIGIBLE APPLICANTS

Entities eligible to receive 21st CCLC program funds include, but are not limited to:

- Local Educational Agencies (LEA) that are not virtual schools or academies;
- Indian Tribe or tribal organizations;
- Educational consortia;
- Non-Profit agencies;
- City or county government agencies;
- Community based organizations (CBO) and faith-based organizations (FBO);
- Institutions of higher education; and
- For-profit corporations.

Eligible applicants will serve students who attend **schools** that are eligible for designation as a Title I schoolwide program. Title I schoolwide programs are K-12 schools in which 40 percent or more of the students qualify to receive free or reduced-price meals through the National School Lunch Program. Each eligible entity receiving an award will use the funds to carry out a broad array of before- and after-school, summer, weekend and/or holiday activities that advance overall student achievement and support student success.

FAITH-BASED ORGANIZATIONS

Funds shall be used solely for the purposes set forth in this grant program. No funds provided pursuant to this program shall be expended to support religious practices, such as religious instruction, worship or prayer. A faith based organization (FBO) may offer

such practices but not as part of the program receiving assistance and must comply with applicable cost accounting requirements to ensure that funds are not used to support religious activities.

PREVIOUSLY FUNDED APPLICANTS

Subgrantees may re-apply following the end of the original five-year grant cycle. To be eligible to apply for a new grant, applicants who have previously been funded must have satisfactory performance at the end of the fourth and fifth grant years and must have submitted all current year reports and data by the required deadlines at the time of the new application.

FUNDING ELIGIBILITY

The DESE awards sub-grants only to applicants primarily serving K-12 students who attend schools eligible for schoolwide Title I status. For the purpose of this application, Title I schoolwide status is defined as having at least 40 percent of students qualify to receive free or reduced-price meals through the National School Lunch Program. The DESE may award competitive priority points to all applicants meeting certain conditions. Conditions will be outlined in the application and based upon program priorities or other relative data.

REQUIRED REGISTRATION

All applicants must have both a Data Universal Numbering System (DUNS) and a valid Taxpayer Identification Number (TIN) registered in the System for Award Management (SAM), the U.S. Federal Government's primary registrant database. Each applicant must maintain an active SAM registration that will be verified by DESE program staff before an application is deemed eligible for funding. DUNS number assignment is free and is required to receive funds from the DESE. DUNS numbers can be obtained at www.dandb.com. DESE staff will verify that potential grant recipients are not suspended or debarred or otherwise excluded by checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA) prior to entering into the agreement. The electronic version of EPLS is located on the www.sam.gov website.

STATE STUDENT IDENTIFICATION NUMBERS

The primary purpose of 21st CCLC programs is to provide academic support and enrichment for students attending high poverty and low achieving schools. Each year the USDE measures the academic growth of students attending 21st CCLC programs. DESE utilizes the ten-digit State identification number to pair program attendance data to student achievement data. Therefore, programs are required to submit the ten-digit State identification number to DESE for each student attending the program from the grant awarded site. Programs will need to require the number for program enrollment or have an agreement with the school district they are serving to provide the ID numbers. Failure to obtain ten-digit State identification numbers upon student enrollment will result in the site being suspended and/or program closure.

SUBGRANTING

Organizations awarded 21st CCLC grants must be equipped and prepared to provide programs and services to students. Subcontracting the program or grant responsibilities is not allowed.

LOCATION OF PROGRAMS

A community learning center may be located in a facility other than a public school building. However, the facility must be at least as available to the participants as if the program were located in a public school. Whether the program takes place in a school building or other facility, the applicant must have a plan of how students will travel safely to and from the 21st CCLC program and home. Transportation cannot be a barrier for students participating in the program. Subgrantees should be prepared to offer daily transportation to 21st CCLC participants during programming.

PROGRAM OPERATION TIMES

21st CCLC programs must offer services during non-school hours or periods when school is not in session. This time may include before and/or after school, evenings, weekends, school vacations and/or summer. All subgrantees must submit a Site Profile and Calendar and Master Schedule indicating the days of programming and the services that will be offered.

New subgrantees must be in operation by October 1st the first year grant funds are received. Subgrantees in the second year of funding and beyond must be in operation by September 15th.

SUMMER ONLY PROGRAMS (NO LONGER AWARDING ANY NEW GRANTS)

This guidance is for existing Summer Only programs. Programs should begin at the end of the first grant year and may operate between May 15 and August 15. Expenditures may be incurred between May 1 and August 31. If expenditures are incurred outside of this timeframe, prior approval must be received from DESE and documentation must support the work completed. Budgets will follow the fiscal year of July 1 to June 30. Budgets for the following year will be due by June 15. All end-of-year reports will be due by September 10.

PUBLIC RECORDS

All correspondence and submitted grant applications are subject to the Arkansas Freedom of Information Act (FOIA) and will be disclosed to a third party by request.

NOTICE: Failure to comply with federal, state or grant guidelines may lead to implementation of a compliance plan, reduction of allocation, non-reimbursement, repayment of misused funds by the grantee and/or suspension or closure of the program.

Misuse of funds may result in program closure.

Any deviation from these guidelines could result, without limitation, in the following:

1. Referral of an ethics complaint to the Arkansas Department of Education Professional Licensure Standards Board;
2. Referral to Arkansas Legislative Audit;
3. Referral to the Prosecuting Attorney in the district where the program is located;
4. Referral to the Federal Bureau of Investigation.

3. All costs must be reasonable and necessary to carry out the program and directly linked to the size and scope of the program and to specific goals, objectives and activities.
4. LEA subgrantees shall follow all district policies. These include, but are not limited to: purchasing, hiring of personnel, travel and professional development opportunities. LEA subgrantees shall follow purchase order and/or expenditure policies of the school district.
5. Non-LEA subgrantees shall comply with general applicable cost accounting requirements to ensure that funds are used only to support applicable activities.

USE OF FUNDS

Funds must be used solely for the purpose of creating local community learning centers that provide students and their families with the activities that reinforce the regular academic program and a broad array of other activities designed to complement the school-day programs and advance student achievement.

Grant funds must be used only to supplement, not supplant, any federal, state or local funds currently being used to support activities allowable under the 21st CCLC program. **All costs must be reasonable, necessary, allocable and properly documented to carry out the program.** Costs must be directly linked to the size and scope of the program and to specific goals, objectives and activities.

Program expenditures will be reimbursed rather than forward funded. Applicants must have sufficient funds from which to spend and sustain services until the claim for reimbursement can be submitted, processed, approved and reimbursed. Program expenditure documentation is required to be uploaded monthly through Indistar. Funds will not be reimbursed without proper documentation. This includes timesheets, other required data entries, monthly expenditures, etc.

BUDGETS

Funding will be awarded for a grant period of up to five (5) years based on the USDE budget appropriations. DESE is required to monitor all 21st CCLC program funds. Funds are monitored through yearly budget justification narrative, the mid-year and end-of-year budget reports as well as monthly throughout the year.

All spending must follow the approved 21st CCLC budget justification narrative. **Expenditures made without budget approval within the budget justification narrative and within Indistar will not be reimbursed. Expenditures made that exceed the budget amount will not be reimbursed. Budget amendments can be requested at any time during the year by submitting the *Budget Amendment Request Form* located in Indistar.**

BUDGET JUSTIFICATION NARRATIVE

Programs must justify requests based on the length and intensity of services proposed and the number of youth and families being served. Regardless of the size of the grant, proposed costs must be reasonable and necessary to carry out the program's purposes and objectives. The justification narrative should clarify the cost of items and resources (staff, materials, trainings, etc.) for the proposed activities of the grant funds for the year. The codes listed in Appendix C are the codes used by Arkansas Public School Computer Network (APSCN). CBOs, FBOs, and other entities may not have the same codes available. However, programs should stay within the same line item descriptions. Consult the district and/or the organization's financial officer for assistance on budget items.

MONTHLY EXPENDITURE REPORTING

Subgrantees are required to upload expenditure documentation in Indistar by the 5th of each month. Reimbursements will not be made without correct, adequate, and timely documentation submission. **DESE will pay reimbursements that need correcting the following month.** After approval has been given by DESE and changes to the item and/or total amounts have occurred, changes should be documented in Indistar under the approved purchase request.

STAFF SALARIES

All employees working for 21st CCLC subgrantee programs will be paid hourly. Site coordinators and program directors cannot exceed 25 hours per week. Site coordinators' timesheets should reflect program operation hours. 20 hours per week is the maximum amount that can be claimed by other 21st CCLC staff. Total salaries and employer taxes (Social Security, Medicare and Arkansas Teacher Retirement) cannot exceed 70% of the

total yearly budget. Each program must have a yearly Pay Rate Schedule (found in Indistar) approved by DESE 21st CCLC staff prior to the first payroll.

21st CCLC subgrantees are required to pay employer taxes (Social Security and Medicare) for each employee and withhold Social Security and Medicare taxes from wages. School district subgrantees are required to pay Arkansas Teacher Retirement matching. Insurance for part-time employees (less than 30 hours per week) including health, dental, vision, life, and unemployment is not allowable with 21st CCLC funds.

All employees must document time worked in a 21st CCLC program on the timesheet located in Indistar. **All timesheets must be typed** and the time worked should be recorded in fifteen (15) minute (quarterly) increments. Timesheets must be signed by both the employee and the employee's direct supervisor in the program. The superintendent or district designee should sign timesheets for program directors. Reimbursements for salary expenditures will not be made without completed timesheets. For example, timesheets missing any signatures, start and ending times, and dates for time claimed are not complete.

All 21st CCLC staff, including program directors and site coordinators, must submit a Documentation of Time Worked During Non-Programming Hours Form for any time worked outside of regular program hours. This form should be submitted monthly with the timesheet of any staff claiming time outside of program hours. The details provided should match the amount of time claimed. Failure to provide timely and complete documentation will result in non-reimbursement.

ITEMIZED RECEIPTS

Subgrantees must be able to account for the receipt, obligation and expenditure of grant funds. Itemized receipts must be kept for all purchases and be readable. A credit card receipt or monthly statement is not sufficient documentation and will not be reimbursed. Receipts should list 21st CCLC expenditures only. **Receipts splitting costs between different funds will not be reimbursed unless prior approval was granted.**

RECEIVING GRANT FUNDS

Programs will operate on a reimbursement basis. Non-LEA subgrantees will need to obtain initial start-up funding to cover program expenditures and two months of payroll. All subgrantees are required to submit documentation for prior month expenditures in Indistar by the 5th of each month. Supporting documentation for all expenditures is required. Expenditures without appropriate documentation and itemized receipts will not be reimbursed. Documents must include vendor name and address, description of services or materials purchased, and amount of each item and total amount of the purchase.

Documentation must be submitted in Indistar by the 5th of each month for the previous month's expenditures. Expenditures submitted for the previous month should be from the first to the last day of the month (ex: August 1st – 31st). The required 21st CCLC forms must be used when submitting expenditure

documentation and changes to the form should not be made without prior approval from DESE.

Programs that fail to submit correct documentation by the deadline will be notified by DESE of the noncompliance along with any additional conditions imposed on the subgrantee. If noncompliance cannot be remedied by the imposing of additional conditions, DESE may take additional actions as outlined in 2 C.F.R. §200.339, including suspension or termination of the grant award.

STUDENT PARTICIPATION FEES

21st CCLC programs may **not** charge participation fees during the grant program and grant period. Programs must be equally accessible to **all** students targeted for services.

PROGRAM ATTENDANCE

Studies have shown that the more a student participates in afterschool programs, the more likely they are to show academic and social gains. To allow youth to take advantage of all that 21st CCLC programs offer, there must be steady attendance and access to programs over a significant period of time. Subgrantees are expected to develop and communicate policies to the parents that emphasize the importance of regular daily attendance in the 21st CCLC program.

Student attendance records from the grant awarded site, including daily hours of participation by activity, must be maintained by all subgrantees. Attendance must be kept for every student enrolled in the program. *(For School Year Grants, a program year is programming during the summer, fall and spring – June 1st – May 31st).* Documentation of students signing in and out each day and attendance in each activity must be maintained by the program. Standard grant award amounts are designed for programs with an average daily attendance of 100 students. After the first year of grant funding, award amounts will be adjusted yearly according to the following scale based on the average daily attendance from the prior year.

Average Daily Attendance	Year 2	Year 3	Year 4	Year 5
80-100 Students	\$150,000	\$120,000	\$120,000	\$120,000
60-79 Students	\$120,000	\$96,000	\$96,000	\$96,000
40-59 Students	\$90,000	\$72,000	\$72,000	\$72,000
20-39 Students	\$75,000	\$60,000	\$60,000	\$60,000
Below 20 Students	\$60,000	\$50,000	\$50,000	\$50,000

Due to COVID-19, all programs, except for Summer Only Grants, operating during the 2021-2022 program year will receive an allocation of \$150,000 plus carryover

from 2020-2021 to support program staff in closing the achievement gaps with students. Staffing and carryover requirements will remain the same.

PRIOR APPROVAL FOR PURCHASES

Prior approval must be received for ALL purchases. Purchase requests must be submitted in Indistar under *Purchase Requests* for DESE review.

REIMBURSEMENTS TO STAFF

Reimbursements to staff, other than travel, should be limited. Reimbursements must be submitted using the *Staff Reimbursement Form*, located in Indistar, along with itemized receipts. The program director and/or site coordinator must approve all reimbursements before submitting to DESE. Reimbursements should never be made in a cash payment.

TRAVEL EXPENSES

Program funds may be used to pay for employee travel expenses while attending required meetings, trainings, or professional development. *Conference and Professional Development Request Form*, located in Indistar, must be submitted to DESE for prior approval before attending. Reimbursements made to staff for travel expenses must follow a school district's or an organization's fiscal policies to process the reimbursement. The General Services Administration (GSA) per diem rates (www.gsa.gov/travel) should be used and grant recipients must follow Federal travel regulations or the entities written travel policy, whichever is most restrictive, for the reimbursement of meals and lodging.

For meals and lodging, only actual travel expenses may be claimed up to the daily travel maximums for meals and lodging listed in the GSA Per Diem Rates provided on the U.S. General Services Administration website. Meals will only be reimbursed if there is an overnight stay. Up to 75% of per diem rate can be reimbursed for the first and last days of travel. Employees must pay for their own meals and submit expenditures on the *Travel Reimbursement Request Form*.

The DESE Grant Program Coordinator (GPC) can and may, as a part of the monitoring process, **request actual receipts for meals and lodging for travel expenditures. Travel receipts must be retained and available for review upon request for a period of five years following the end of the grant award period.** For mileage reimbursement purposes, the rate of mileage reimbursement will be limited to the current mileage rates for the State of Arkansas listed on Arkansas State Government website.

Expenses for overnight stays while attending professional development and/or training are only allowable if the destination is at least 50 miles from the program site, unless prior approval is granted.

CARRYOVER

Beginning 2021-2022 program year, programs will not be allowed to carryover more than 15% into the next fiscal year. DESE expects programs to use the yearly funding allotment to provide exceptional programming for students that aligns to the awarded grant application which supports students' academic growth and achievement through enriching programs and activities.

PROGRAM INVENTORY

Programs are responsible for maintaining effective control over, and accountability for all funds, property and other assets. The non-Federal entity must adequately safeguard all assets and assure that they are used solely for authorized purposes.

All programs will maintain a current inventory list. As directed by the USDE Uniform Grant Guidance, the inventory should include all non-consumable items purchased with 21st CCLC funds. Non-consumable products include items that will cost \$100.00 or more and last beyond one year of the program. All materials should be securely and appropriately stored and must be labeled as 21st CCLC property. Inventory list in Indistar should be updated as materials and equipment are purchased and received.

Upon completion of the program or early closure of a program, the program assets remain the property of the USDE. It is the common practice for DESE to work with the subgrantee to reassign assets to other federal programs where the participating students attend. If the grantee is awarded another grant upon completing the five years, the inventory remains at the site and becomes a part of the new inventory for the new grant award.

The following information must be included on the inventory list:

- Description of Equipment
- Serial Number
- Acquisition Date
- Acquisition Cost
- Location of Purchase
- Federal Use Percentage
- Current Condition of Item

-
- Disposal Date

For further guidance, please refer to the USDE Uniform Grant Guidance, 2 C.F.R., part 200 for disposition regulations.

AUDIT REQUIREMENT

A non-federal entity that expends \$750,000 or more during the non-federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the Education Department General Administrative Regulations (EDGAR). Audit results must be submitted to the DESE annually.

RECORDS RETENTION

21st CCLC programs are required to maintain financial records and program documentation for a period of five years following the end the grant.

FINAL YEAR OF FUNDING

Programs that are in year five of their funding cycle and/or have a 2021-2022 mini grant must adhere to the following:

- Program operation and spending must end by May 31, 2022;

NOTICE: Failure to comply with federal, state or grant guidelines may lead to implementation of a compliance plan, reduction of allocation, non-reimbursement, repayment of misused funds by the grantee and/or suspension or closure of the program.

Misuse of funds may result in program closure.

Any deviation from these guidelines could result, without limitation, in the following:

1. Referral of an ethics complaint to the Arkansas Department of Education Professional Licensure Standards Board;

PROGRAMMING

PROGRAM GOALS

Performance goals for all 21st CCLC programs include:

1. Improve academic outcomes in content areas for attending participants.
2. Improve the personal competencies of students attending the program including social interaction and skills, emotional management and control, self-efficacy, empathy for others, work habits and reflection.
3. Provide active and meaningful engagement for families to engage in their student's education.

PROGRAM DESIGN

The purpose of 21st CCLC grants is to fund quality out-of-school programs that provide opportunities for academic enrichment and tutorial services to help students meet state academic standards.

Other programs, activities and services that can be offered include youth development activities, service learning, nutrition and health education, drug and violence prevention, counseling, arts, music, physical fitness and wellness, technology education, financial literacy, environmental literacy, mathematics, science, career and technical programs and internship or apprenticeship programs. All activities should reinforce and complement the regular academic program of participating students.

Programs are also required to offer families of students served by community learning centers opportunities for active and meaningful engagement in their student's education, including opportunities for literacy and related education development.

HOURS OF OPERATION

21st CCLC programs must offer services during non-school hours or periods when school is not in session. This time may include one or more hours before school, after school, evenings, weekends, school vacations and/or summer. **Subgrantees are required to provide at least 300 hours of programming for students during each year of the grant.** Program hours for the year accumulate from June 1st to May 31st. Programs will be required to submit a Site Profile and Calendar Form and a master schedule to DESE for review and approval. DESE 21st CCLC staff should be notified immediately of any calendar and/or schedule changes.

Subgrantees in the first year of funding must be open and serving students by October 1st. Subgrantees in the second year of funding and beyond must be open and serving students by September 15th.

ENROLLMENT

Students who attend the targeted school from the awarded grant application may be enrolled in the 21st CCLC program. Private school and home school students residing in the attendance area of the targeted school shall be given an opportunity to enroll in the program. In order for students to enroll, they must have or will obtain a ten-digit State

identification number (ID) before enrolling. If a private or home school student that resides in the attendance area of the targeted school wants to enroll in the 21st CCLC program and does not have a ten-digit State ID number, they must go through the targeted school and/or district to obtain it. In order to create a ten-digit State ID number in e-School, the school and/or district will have to key the student and their demographic information into e-School. The principal and/or superintendent of the district will be able to provide guidance on who to contact to complete this process.

If a site would like to provide programming for students outside of the targeted school in the awarded grant, the site must notify and review with DESE the reason for adding students outside of the targeted school and school attendance area. If DESE finds the request reasonable, necessary, and allocable, the site will go through the Amendment Process (*Amendment Process, page 33*). If DESE is not notified prior to adding additional students outside of the targeted school site, the site will be suspended until further notice due to failure to comply with Federal and State guidelines.

FIELD TRIPS

Field trips are allowable but should not be the focus or provide daily activities for programming. They should be linked to academic learning and relate to the program activities outlined in the original grant application and current program curriculum. Due to COVID-19, field trips will be reviewed by DESE based on the current Centers for Disease Control and Prevention (CDC), Federal, State, and Local guidelines. All field trips should be outlined in the budget justification narrative. **ALL field trip requests must be submitted for approval at least two weeks prior to the date of the trip using the *Field Trip Request Form* which is located in Indistar. Subgrantees are required to provide opportunities to allow families and communities to engage and support the learning of students. GENERAL EDUCATION PROVISIONS ACT (GEPA)

Section 427 of the United States Department of Education's General Education Provisions Act (GEPA) requires each applicant to include in its application a description of the steps the applicant proposes to take in order to ensure equitable access to, and participation in, its Federally-assisted programs for students, teachers, and other program beneficiaries with special needs.

GEPA allows applicants discretion in developing and describing the activities that are occurring to meet this requirement. The statute highlights six types of barriers that may impede equitable access or participation: **gender, race, national origin, color, disability, or age**. Based on local circumstances, LEAs/CBOs/FBOs should determine whether these or other barriers may prevent their students, teachers, etc. from such access or participation in the Federally-funded project or activity. The LEAs/CBOs/FBOs may use information they have obtained through their comprehensive needs assessment process. Awarded applicants will have to provide this information yearly on the Program Assurances Form. Information to support writing a program's statement may be found here:

<https://www2.ed.gov/fund/grant/apply/appforms/gepa427.pdf>

When school district vehicles are used, the 21st CCLC program will reimburse the district based on daily mileage of the route traveled for the program. The total miles driven will be multiplied by the current transportation rate determined each year by DESE. Beginning January 1, 2021, the current maximum rate per mile that can be used by buses is \$2.18.

The maximum amount that can be budgeted for transportation in the yearly budget is \$25,000. Prior approval from DESE must be received for any amount greater than \$25,000. The *Transportation Mileage Form* located in *Indistar* must be used for reimbursement costs to be allowable and all required signatures must be on each form before it is submitted to DESE. After the narrative and additional support documents have been completed, the program should email them to DESE 21st CCLC Program Director to review for further guidance and approval/disapproval.

FORFEITING GRANT

If at any time a program wishes to forfeit the grant during the five year grant cycle, the program must notify the 21st CCLC SEA Program Director immediately to discuss what options are available to the program. An official letter stating the reason for discontinuing the program should be sent to the 21st CCLC Program Office.

Services may be provided for students in pre-kindergarten (who attend the grant awarded site) through 12th grade.

Programs should submit to DESE private school consultation documentation yearly as evidence of consulting with private school(s) in the attendance zone of the targeted school. If a private school student does not have a State ten-digit identification number and lives in the targeted school's attendance zone, the program should follow the e-finance guidelines with the district to obtain it for participation in 21st CCLC program.

PROGRAM POLICIES AND PROCEDURES

Programs should have well written documented policies and procedures that provides students, families, staff, communities and other stakeholders' information, expectations, timelines, etc. about the program. PROGRAM MONITORING AND EVALUATION

All 21st CCLC subgrantee programs are required to undergo periodic monitoring and evaluation in conjunction with the State educational agency's overall evaluation plan, to assess the program's progress toward achieving the goals of providing high-quality opportunities for academic enrichment and overall student success.

The results of program evaluations shall be:

1. Used to refine, improve and strengthen the program or activity and to refine the performance measures;
2. Made available to the public upon request; and
3. Used by the state to determine whether a subgrantee is eligible to be renewed.

Program monitoring and evaluation will include a risk assessment, regular desk monitoring, and/or on-site/virtual monitoring that evaluates fiscal and programmatic compliance. The risk assessment will also be completed monthly and annually to assist DESE in identifying 21st CCLC programs that may be at risk of non-compliance of State or Federal laws or requirements. Evidence for the risk assessment will be collected throughout the school year and scores updated to reflect new information. All 21st CCLC programs earning 30 points or more on the risk assessment will be considered high risk for on-site/virtual monitoring (***See Appendix E for 21st CCLC Risk Assessment and Desk/On-Site Monitoring Tools***).

Programs will be visited based on identified risks, a sampling or predetermined cycle, difficulty resolving issues during desk monitoring, or a request from the Superintendent or Secretary of DESE. Programs will be evaluated as higher risk or lower risk to determine the need for on-site/virtual monitoring. Generally, new programs would require closer monitoring. Based on results of during-the-award monitoring and audits, an existing program may warrant closer monitoring. Examples of a risk can be one of the following:

(1) a history of non-compliance as a 21st CCLC program on program requirements, (2) new personnel, (3) programming provided for sites other than the targeted site(s) in the awarded application, (4) attendance goals from awarded grant not met and (5) a written complaint was received by DESE about the program.

DESE will assess programs fiscal and programmatic compliance by reviewing items such as budget approvals, salary and monthly expenditures, required data reporting, periodic on-site/virtual visits to ensure compliance with state and federal regulations, the original grant application, and timely submission of required reports/data. If non-compliance is determined, it will be documented during desk monitoring on the DESE 21st CCLC Monthly Compliance Report. If there is no remedy of the non-compliance documented during desk monitoring, a documented DESE On-Site Monitoring will occur to provide support to remedy non-compliance. Programs choosing not to remedy non-compliance documented by DESE may be placed on probation and required to implement a compliance plan, suspended, non-renewed or closed. Misuse of funds will result in program closure.

Before and during monitoring, findings and recommendations are noted. After monitoring, a report is sent to the site about the evidence observed and reviewed during the monitoring. The report is maintained in the SEA records retention. If there are recommendations made by SEA in writing on the report, the SEA will collaborate with the site to ensure those items are corrected and/or implemented if evidence of no implementation was found.

If there are findings and/or corrective actions made by SEA, the SEA will collaborate with the program in writing a corrective action plan that identifies the following: (1) The risks associated with the findings, (2) the controls (written standard operating procedures) to minimize the risk in the future, (3) identification of person(s) responsible for monitoring implementation of the control, and (4) evidence that the control is in place.

The program is given six-months to remedy or show progress made on the noted findings and/or implementation of corrective action plan. Near the end of the six-month period, the SEA will request a report on the status of the controls put in place for the identified risks. The SEA will also monitor the site to ensure that the site is in good standing not only with the risks identified, but also with all programming and fiscal compliance. After the six-month review process and the program has remedied identified risks, the SEA will provide the site with a letter stating the site is in good standing with the controls put in place for the identified risks. If controls put in place have not been remedied, the SEA will follow the next steps within the EDGAR (§200.339).

END OF YEAR REPORTS (Grant Performance Report and Sustainability Plan Reports)

All programs will be required to complete a yearly Grant Performance Report and provide updates during the year towards the Sustainability Plan. As part of the annual continuation process, attendance, program performance data, updated plan for sustainability, and other required data (Required Data Reporting Section) will be reviewed for each subgrantee. Possible results of this review include full reimbursement

of program payments, partial reimbursement with conditions, probationary status, implementation of a performance and/or corrective action plan and/or discontinuation of funding. These reports should be uploaded to Indistar in the appropriate folder.

NOTICE: Failure to comply with federal, state or grant guidelines may lead to implementation of a compliance plan, reduction of allocation, non-reimbursement, repayment of misused funds by the grantee and/or suspension or closure of the program.

Misuse of funds may result in program closure.

Any deviation from these guidelines could result, without limitation, in the following:

1. Referral of an ethics complaint to the Arkansas Department of Education Professional Licensure Standards Board;
2. Referral to Arkansas Legislative Audit;
3. Referral to the Prosecuting Attorney in the district where the program is located;
4. Referral to the Federal Bureau of Investigation.
