BEFORE THE ARKANSAS DEPARTMENT OF EDUCATION CHARTER AUTHORIZING PANEL

APRIL 19, 2017 8:30 A.M.

APPEARANCES

PANEL MEMBERS:

MS. DEBORAH COFFMAN	Chairman/Chief of Staff
DR. MARK GOTCHER	Vice Chairman/Deputy Commissioner
DR. IVY PFEFFER	Asst. Commissioner - HR/Educator
	Effectiveness & Licensure
DR. ERIC SAUNDERS	Asst. Commissioner - Fiscal &
	Administrative Services
MR. GREG ROGERS	Asst. Commissioner -
	Fiscal & Admin. Services
MS. STACY SMITH	Asst. Commissioner -
	Learning Services
MR. BOBBY LESTER	Director of Federal Programs
MS. LISA HALEY	Special Education Division Manager

ALSO APPEARING:

MS.	ALEXANDRA BOYD	Public School Program Coordinator
MS.	KELLY McLAUGHLIN	Public School Program Advisor
MS.	VIRGINIA PERRY	Public School Program Advisor
MR.	FREDDIE SCOTT	Learning Services Operations Mgr.
MS.	MARY PERRY	ADE Assistant to Director

ADE LEGAL COUNSEL:

MS. JENNIFER DAVIS ADE Staff Attorney

ARKANSAS DEPARTMENT OF EDUCATION #4 CAPITOL MALL LITTLE ROCK, AR 72201

PROCEEDINGS

PRELIMINARY MATTERS

CHAIRPERSON COFFMAN: Good morning, Ladies and Gentlemen. The April 19, 2017 meeting of the Charter Authorizing Panel is called to order. I'd like to welcome everyone to the Department of Ed. and ask that you please silence all electronic devices.

The Charter Panel will oversee the authorization, renewal, revision and revocation of charters. We will facilitate a responsible and fair hearing. And I will ask that each person speaking please state your name and title for the record before you begin to speak, and ask that you continue to clearly speak into the microphone for the benefit of the Panel, the audience, and the viewing audience. This meeting is being live-streamed and recorded and a transcript of the meeting will be posted to the ADE website.

Ms. Davis, if you will explain the hearing process today.

MS. DAVIS: Hi, good morning. Jennifer Davis, Staff Attorney for the Department.

The first few items on your agenda today will follow the same procedures for amendments. All persons that are wishing to provide testimony today

4 1 will need to be sworn in. After that, the applicant will have 20 minutes to make its presentation to you 2 for its amendments. There will be 20 minutes 3 collective for any opposition they may have against 4 5 the amendment, followed by an additional 5 minutes to close by the applicant. You can then ask questions 6 7 of the applicant at any point in time or of ADE staff that you may have before making your decision. 8 9 You do have a Google doc today that you can 10 write the reasons for your decision in there today, so the applicant will know what your decision was 11 12 based on. CONSENT AGENDA 13 All right. Then, Consent 14 CHAIRPERSON COFFMAN: 15 Agenda is for minutes. 16 Having reviewed those minutes, are there any corrections? 17 18 Then I'll accept a motion for approval. DR. PFEFFER: So moved. 19 DR. SAUNDERS: Second. 20 21 CHAIRPERSON COFFMAN: Motion has been made by 22 Dr. Pfeffer and seconded by Dr. Saunders to approve 23 the minutes from March 15, 2017. 24 All those in favor? 25 (UNANIMOUS CHORUS OF AYES)

1	CHAIRPERSON COFFMAN: Any opposed?
2	Consent Agenda is approved.
3	A-1: REQUEST FOR DISTRICT CONVERSION CHARTER SCHOOL
4	AMENDMENTS: CROSS COUNTY HIGH SCHOOL, CHERRY VALLEY
5	CHAIRPERSON COFFMAN: Action Agenda 1, Request
6	for District Conversion Charter School Amendments for
7	Cross County High School. Ms. McLaughlin, you're
8	recognized.
9	MS. McLAUGHLIN: Thank you. For action item 1
10	we have Cross County High School. Dr. Matt McClure
11	and Stephen Prince, the high school principal are
12	here to speak.
13	CHAIRPERSON COFFMAN: All representatives from
14	the charter and anyone speaking in opposition please
15	stand to receive the oath. Do you swear or affirm
16	that the testimony you're about to give shall be the
17	truth, the whole truth and nothing but the truth?
18	(ALL SPEAKERS ANSWERED AFFIRMATIVELY)
19	CHAIRPERSON COFFMAN: Thank you.
20	Dr. McClure, you're recognized.
21	SUPT. McCLURE: Thank you. Good morning,
22	everyone. So this is something that was discovered;
23	it's something that we missed that was not in our
24	original charter application at either the high
25	school or the elementary, or the renewal. We've been

doing performance pay for 12 years as first we were 1 -- initially, we were one of the pilot districts for 2 Governor Beebe's READ program, so we did five years 3 Then we got a federal TIF 3 grant, did 4 with that. 5 five years with that; was renewed back in October, I believe it was, for TIF 5, which will be in another 6 7 five years. So when we were doing renewal on 8 elementary I think Dr. Saunders was the one that 9 found it, that we had missed that. Obviously, that 10 law came into -- that law was passed six years after we started performance pay and so it was just an 11 12 oversight on our part. 13 So the waiver that was approved for the elementary school, we're asking for the same waiver 14 15 for the high school today. I'm happy to answer any 16 questions. 17 CHAIRPERSON COFFMAN: Thank you. 18 Is there anyone to speak in opposition? 19 Hearing none, any final words before we go to Qand-A? 20 21 I would appreciate a good vote. SUPT. McCLURE: 22 CHAIRPERSON COFFMAN: All right. 23 Ouestions from the Panel? 24 Then I'll accept a motion. 25 DR. SAUNDERS: Make a motion to approve.

	7
1	DR. PFEFFER: I second.
2	CHAIRPERSON COFFMAN: Motion has been made by
3	Dr. Saunders, seconded by Dr. Pfeffer to approve the
4	waiver for Cross County High School.
5	All those any discussion?
6	All those in favor?
7	(UNANIMOUS CHORUS OF AYES)
8	CHAIRPERSON COFFMAN: Any opposed?
9	Motion passes.
10	If you'll wait just a moment, we need to write a
11	written response.
12	SUPT. McCLURE: Okay.
13	[A FEW MOMENTS OF SILENCE]
14	CHAIRPERSON COFFMAN: Ms. Haley.
15	MS. HALEY: I moved [sic] to approve the waiver
16	and I have no concerns.
17	CHAIRPERSON COFFMAN: Mr. Lester.
18	MR. LESTER: I voted to approve the waiver and I
19	have no concerns with the waiver.
20	CHAIRPERSON COFFMAN: Dr. Pfeffer.
21	DR. PFEFFER: No concerns.
22	CHAIRPERSON COFFMAN: Mr. Rogers.
23	MR. ROGERS: No concerns.
24	CHAIRPERSON COFFMAN: Dr. Saunders.
25	DR. SAUNDERS: Voted for it, no concerns.

the assistant principal at the Farmington Career

Academies at Farmington High School. Thank you for

letting us come and talk to you a little bit today

about our relocation amendment request.

Just our current status -- currently, we're a 9 through 12 campus in Farmington. We have the 9th grade Farmington Freshman academy and then the 10th grade Farmington Career Academies.

Just a little bit of a history there -currently, we're about 738 students. We requested to
become a conversion charter back in the fall of 2014
and were granted that in the spring of 2015. Our
career academy is about 538 students. We are on an
alternating block schedule, and right now we do share
staff. We treat our freshman academy as a schoolwithin-a-school where the students are isolated on
our campus; they have their own separate lunch, their
own separate classes, except for one. We do have a
mixed choir class because it's hard to get multiple
choir teachers. We also have a presence of the
Northwest Arkansas Community College on our campus
providing some concurrent credit opportunities for
NWACC.

Our proposal is to move about 1.2 miles south of our current campus. When we made our application

request back in 2014, we had stated that we were in the process -- we'd already purchased land. We were in the process of building an arena and a fine arts facility there, that has since been completed, and we are in the process and are almost completed with the high school campus. That will be 10 through 12.

Our goals are to fully implement a career academy model. We've been in conversation with Tim Johnston at the Department of Career Ed. and we've kind of moved along that line of developing the career -- three career academies within our system. This new facility that we are in the process of building will have three specialty labs: a medical lab, a business lab, a pre-engineering lab. have a biomedical classroom as well that we're really excited about. We also have some opportunities for video production as well. One of the things that we're most excited about is just this past year it's been approved that on our existing campus we will have a building space that we'll be able to allow the Northwest Technical Institute and NWACC to expand their role on our campus. And we were excited to find out that NTI will be offering four different programs next year on that campus: CNA, PCA, criminal justice, dental assistant -- and we just found out

this week that they will be offering a computer engineering pathway as well. So, and this doesn't just serve Farmington students. We're excited that this will become the Southern Washington County Career Center, so it will be servicing about seven different school districts as well. When I first came before this panel, back in 2014, I was very areedv. It was all about Farmington and all about the district. But as I've kind of been able to experience some of the growth and some of the success and some of the opportunities we've had, you know, we're not bitter rivalries with Prairie Grove and Lincoln and Elkins and others as well. I think that's a testament to all of the schools within southern Washington County to be able to come together and put some of those things aside and really do what's best, not just for the students in their district but also all of the students in southern Washington County.

The new facility will also obviously allow our students -- for future facilities expansion and we expect -- for about the past seven or eight school board meetings the construction crews have always come back -- originally, the completion deadline was going to be around Thanksgiving of 2017, between

Thanksgiving and Christmas, but about the last seven or eight school board meetings they've come back and said, "We can get it done at the end of June." We were hoping that they weren't going to compromise quality and safety, but the construction has gone very well. We've had some favorable weather and so we're really excited to be able to make that transition over the summer, rather than possibly having to do that.

This is our current campus that you might see on the map. The building that's designated as letter "D" will be where our freshman academy will be located. We will eventually plan -- the district will eventually plan to move 8th grade over so that it will become a junior high. But letter "F" is where NWACC currently has a presence and letter "A" is where the building -- the facility where the Southern Washington County Career Center will actually be housed. And, again, this will be open to all school districts in southern Washington County.

Just a little bit of a mock-up drawing of what the new high school will look like as it is attached to the arena, where it says Cardinals but then off to the left is their -- so that building, the arena is already existing along with the performing arts

center. And then this is just another view of it.

It will be a two-story building and there are some options for future expansion as the district grows.

And this is just a little bit of a blueprint. We'll have four total hallways. We were originally exploring the idea of each hallway being a particular career academy; we're just not that size yet to be able to do that. We found that it was going to cause some problems with students having to basically run all over campus, and so we've kind of stuck with more traditional grade level wings as of right now. But we're hoping as we expand that we can alter that to really jump forward into the career academy model.

Now I didn't mention this before, in working with the Department of Career Ed. we are adopting this career academy model. Our goal is within five years to be recognized as -- all three of our academies be recognized as model career academies for the nation. And our faculty have been very receptive, our community has been very receptive.

This is the second floor which will basically house our 11th grade on kind of the part that's jutting towards the bottom of the blueprint. And the part that's jutting to my left will be our science labs, where we'll have that pre-engineering and other

1	science labs as well.
2	So our rationale obviously, this is a great
3	opportunity for our students; great opportunity that
4	we've got expansion of curriculum and also some of
5	the new facilities as well. But again, as I said,
6	it's really an opportunity that as we're vacating one
7	location that it increases opportunity for all
8	students in southern Washington County to be able to
9	take advantage.
10	I believe that is our presentation.
11	CHAIRPERSON COFFMAN: Thank you.
12	Is there anyone here to speak in opposition? We
13	have seats inside, so I'm sure if they were here
14	they'd be inside.
15	You have 5 additional minutes. Anything in
16	addition you'd like to say?
17	MR. WILLIAMS: No.
18	CHAIRPERSON COFFMAN: All right. Then, I'll
19	MR. WILLIAMS: Any questions that you may have
20	that we can answer.
21	CHAIRPERSON COFFMAN: All right. Thank you.
22	Then I would turn it over to the Panel. Any
23	questions?
24	I'll accept a motion.
25	DR. SAUNDERS: Motion to approve.

	15
1	DR. PFEFFER: Second.
2	CHAIRPERSON COFFMAN: I have a motion by Dr.
3	Saunders, second by Dr. Pfeffer to approve the
4	request.
5	Any comments, questions?
6	All those in favor?
7	(UNANIMOUS CHORUS OF AYES)
8	CHAIRPERSON COFFMAN: Any opposed?
9	Motion has passed.
10	If you'll give us a second to record those
11	notes.
12	(A FEW MOMENTS OF SILENCE)
13	CHAIRPERSON COFFMAN: Dr. Gotcher.
14	DR. GOTCHER: Thank you, Madam Chair. I voted
15	in favor of the relocation. I have no concerns with
16	this proposal. I look forward to seeing great things
17	for students with this facilities upgrade.
18	CHAIRPERSON COFFMAN: Ms. Haley.
19	MS. HALEY: I voted for the request. I have no
20	concerns. I think it provides an opportunity for the
21	students in Farmington, as well as opportunities for
22	surrounding districts.
23	CHAIRPERSON COFFMAN: Mr. Lester.
24	MR. LESTER: Voted for the move. I have no
25	concerns with the move. It provides increased

	16
1	opportunities for students.
2	CHAIRPERSON COFFMAN: Dr. Pfeffer.
3	DR. PFEFFER: I voted in favor. And I too am
4	excited that you are providing opportunities for
5	students all around your area.
6	CHAIRPERSON COFFMAN: Mr. Rogers.
7	MR. ROGERS: I voted for. Didn't have any
8	concerns with the move or expansion.
9	CHAIRPERSON COFFMAN: Dr. Saunders.
10	DR. SAUNDERS: Voted in favor, no concerns.
11	CHAIRPERSON COFFMAN: Ms. Smith.
12	MS. SMITH: Voted for, no concerns. There was
13	evidence of planning and need to relocate; great
14	opportunity for the students.
15	CHAIRPERSON COFFMAN: Congratulations, Mr.
16	Williams, and congratulations to your team.
17	A-3: REQUEST FOR OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL
18	AMENDMENT: ARKANSAS ARTS ACADEMY
19	CHAIRPERSON COFFMAN: Action Item 3, Request for
20	Open-Enrollment Public Charter School Amendment for
21	Arkansas Arts Academy. Ms. Perry, you're recognized.
22	MS. PERRY: Good morning. Virginia Perry with
23	the Charter Unit. Action Agenda Item 3 is an
24	amendment request for Arkansas Arts Academy, and we
25	should have Superintendent Mary Ley on the phone.

	1,
1	MR. BRADBERRY: Yes, ma'am.
2	CHAIRPERSON COFFMAN: Ms. Ley, I will trust that
3	you will raise your right hand and receive the oath.
4	Do you swear or affirm oh, let me see if there's
5	anyone speaking in opposition.
6	Seeing none, Ms. Ley, do you swear or affirm
7	that the testimony you're about to give shall be the
8	truth, the whole truth and nothing but the truth?
9	MS. LEY: Yeah.
10	CHAIRPERSON COFFMAN: All right. Ms. Ley,
11	you're recognized. You have 20 minutes. If you will
12	state your name and title?
13	MS. LEY: Mary Ley, Arkansas Arts Academy CEO.
14	CHAIRPERSON COFFMAN: Go ahead with your
15	presentation, Ms. Ley.
16	MS. LEY: I'm sorry; I couldn't hear.
17	MR. BRADBERRY: She said to go ahead with your
18	presentation. You have 20 minutes.
19	MS. LEY: Well, we just want to use a year-round
20	learning calendar because we feel with our unique
21	programming and our scores are going up very well
22	but we feel like students lose time over the
23	summer. And we have also a grant with the Rogers
24	Activity Center, where the weeks off during the
25	months of the year they will provide special arts

	18
1	programming and field trips and other things and for
2	a very low cost to parents. So there's no problem
3	with daycare during those months off.
4	And so we want to have six weeks off in the
5	summer so we can keep their memories fresh and we can
6	also we have performances with all of our Mastery
7	of the Arts that we could spread our performances out
8	throughout the year and not try to load up the months
9	of May and April.
10	(A FEW MOMENTS OF SILENCE)
11	CHAIRPERSON COFFMAN: Ms. Ley, does that
12	complete your presentation?
13	(A MOMENT OF SILENCE)
14	MR. BRADBERRY: Ms. Ley? Hello?
15	CHAIRPERSON COFFMAN: Ms. Perry, I think we've
16	been disconnected.
17	MS. PERRY: I'll have her call.
18	CHAIRPERSON COFFMAN: Okay.
19	MR. BRADBERRY: She's still here. We don't have
20	a ding, so she's still connected; she just can't hear
21	us, I guess, or we can't hear her.
22	CHAIRPERSON COFFMAN: Ms. Ley, if you can hear
23	us you may have hit your mute.
24	(A FEW MOMENTS OF SILENCE)
25	CHAIRPERSON COFFMAN: Doug, while we're waiting

	19
1	for her to call back in, we're going to have several
2	questions. So it may be that we have to I don't
3	know get the phone where she can hear us better.
4	MR. BRADBERRY: Ms. Ley?
5	MS. LEY: Mary Ley.
6	MR. BRADBERRY: Thank you, Ms. Ley.
7	CHAIRPERSON COFFMAN: Thank you, Ms. Ley. If
8	you'll continue with your presentation?
9	MR. BRADBERRY: Ms. Ley, do you have any
10	additional information you would like to present?
11	MS. LEY: No. It's just we're just trying to
12	work with our students more fluidly throughout the
13	year.
14	CHAIRPERSON COFFMAN: Thank you.
15	Is there anyone here to speak in opposition?
16	MS. PERRY: No, ma'am.
17	CHAIRPERSON COFFMAN: Thank you.
18	Ms. Ley, any final words before
19	MS. LEY: Yes.
20	CHAIRPERSON COFFMAN: we begin questions?
21	MS. LEY: I'm sorry; I didn't hear the question.
22	MR. BRADBERRY: Do you have any additional
23	comments before they start asking questions?
24	MS. LEY: No, I do not.
25	CHAIRPERSON COFFMAN: See if you can get it over

1 --

Ms. Ley, we're trying to get the phone closer where you can hear us.

MS. LEY: Yes, I'm sorry?

CHAIRPERSON COFFMAN: We're trying to get the phone close so you can hear us.

MS. LEY: Okay. Thank you.

CHAIRPERSON COFFMAN: Okay. Questions?

Dr. Gotcher, I believe you had a question.

DR. GOTCHER: Yes. Good morning, Ms. Ley. Mark Gotcher. How are you?

MS. LEY: We're doing great. Thank you.

DR. GOTCHER: Good. I'm going to assume you can hear me. Please interrupt me if you cannot.

One of the things I've learned about the yearround or the balanced year approach is it requires
quite a bit of local community engagement and buy-in
in the process. Because what little bit of research
I've done on this has indicated that if that is not
done effectively most year-round models revert back
to a traditional calendar because of an inability to
really fully engage the community in the process. So
could you tell the Panel what kind of engagement and
what kind of response the community or the parents
have provided that support this?

MS. LEY: Yeah, sure. It's really quite exciting. We are a museum school. We have partnerships with nine museums. We're very blessed in northwest Arkansas. So we have -- we're about wearing the wheels off of our buses (inaudible) what's going on in those museums and how that works well. You know, we have the Amazeum, and of course Crystal Bridges is our flagship, and then we have the Ozark History and -- anyway, so they've all bought in with this, have special programs in the summer. We still have the Rogers Activity Center; it's an art grant that we have through the United Way, \$100,000 grant to provide activities during those weeks off. We have the YMCA that's providing special activities and more fitness type things when we're off. And, you know, northwest Arkansas is very blessed to have community support. And I have a full-time arts integration specialist and fine arts director; he's working out different activities -- extra violin lessons and extra theater activities with the different theater organizations, like Theater Square and Trike's Theatre. So I have two full-time gentlemen that do nothing but plan activities for these kids all year long. DR. GOTCHER: Follow-up, Madam Chair?

CHAIRPERSON COFFMAN: (Nodding head up and down.)

DR. GOTCHER: And I agree the opportunities in northwest Arkansas are very expansive. But what has been -- what questions have you asked, what public forums have occurred, what surveys have occurred that maybe could provide evidence for the committee, for this Panel? Excuse me.

MS. LEY: Well, I'll tell you one evidence is last year for our K-8 we only had 88 on our waiting list, and after our lottery we have 420 people on the waiting list with about another -- we probably get two to three more requests a day to come to our school. And that's all happened since we've discussed with the community at our meetings -- mostly school board meetings and special meetings and letters going home about this calendar.

DR. GOTCHER: All right. So if --

MS. LEY: I also have exemplary leadership at that K-8 that we used to didn't have, and he comes from a background of extended learning. He used to be the principal at Baker in Bentonville, and he knew how to work that calendar very well and had a lot of success with it. So he's comfortable with it and he had high, high test scores at that school. So he's

	23
1	very experienced at making a calendar like this work.
2	DR. GOTCHER: One more follow-up, Madam Chair.
3	So if I heard correctly, your waiting list has
4	increased since the announcement of this balanced
5	year or year-round calendar?
6	MS. LEY: Yeah, about 300%. Uh-huh.
7	DR. GOTCHER: All right. Thank you, Madam
8	Chair.
9	CHAIRPERSON COFFMAN: Dr. Saunders, you had
10	additional questions?
11	DR. SAUNDERS: Good morning.
12	MS. LEY: Good morning.
13	DR. SAUNDERS: The first question I had, going
14	year-round were you looking at adjusting the 178
15	contact days?
16	MS. LEY: I'm sorry; what did you say?
17	DR. SAUNDERS: Were you looking at adjusting the
18	number of student contact days above 178?
19	MS. LEY: Uh-huh.
20	DR. SAUNDERS: Okay.
21	DR. GOTCHER: Ms. Ley, Dr. Saunders' question
22	was did you adjust the 178 student contact days in
23	this
24	MS. LEY: No. It's exactly the same. Exactly
25	the same.

DR. SAUNDERS: Okay.

MS. LEY: Same amount of days.

DR. SAUNDERS: Okay. And on that, looking at -a couple of follow-up questions -- one thing in
particular, I noticed that your percentage of EL
students is very low, especially for the area. I
think this year you're reporting at 4%. For example,
Rogers, which is right nearby, has 35%.

MS. LEY: Yes.

DR. SAUNDERS: I have two questions on that.

The first question is: what are you doing to try to reach out to those populations to encourage their application?

MS. LEY: Well, one thing we're trying to do is we had a lady that was working with a nonprofit organization from Springdale who was going to help us, you know, initiate our programs out in the Springdale/Rogers area. And then they lost money on that, and I feel bad about that. But what we're trying to do is we're going to reach out to different areas and we're going to try to lease a school bus just to pick up kids in that area. That's one thing we're working on right now.

DR. SAUNDERS: Okay. And I assume you're maybe advertising that to those within that area so they

would be aware of that to take advantage of that?

MS. LEY: Yes, uh-huh. We really want to hit our Hispanic population very, very hard. And so I hired -- I have a grant where I hired a new Master of Fine Arts director and he's going out to the programs, all the art programs in the area and trying to find students that would really enjoy being in the arts and bringing them to our school. And then when we get the interest we are going -- we have a school bus now picking up at three different areas in Bentonville, and we want to pick up at two or three different areas in Springdale and help the art students in the Springdale area to be able to come to our school.

DR. SAUNDERS: Okay. And now specifically addressing that same idea to your application, I know many times the EL students may be new to the country, they may have a substantial number of their family back in another country, and so many times they'll take an extended break or extended leave to spend time where they came from. And I'm curious, with this type of schedule would that cause them to miss more school, whereas in a traditional schedule they may spend say two months --

MS. LEY: I think it would work on their behalf.

A lot of people that are very interested in this schedule are Wal-Mart employees that travel, and a lot of times they would take their students with them to have exposure to different opportunities, but they can't because of school. But if they could arrange those trips on those weeks that we have off during the school year, then their kids could be exposed to more opportunities. And so because there are breaks throughout the year there's different times for kids to travel that wouldn't get to travel otherwise.

DR. SAUNDERS: Okay. Thank you.

MS. LEY: We also work with the local War Eagle camps to make sure that our students could have the week off that -- we have the six weeks off that they would make sure that there's a camp that kids could get into during those six weeks. So we've also reached out to them.

DR. SAUNDERS: All right. Thank you.

CHAIRPERSON COFFMAN: Other questions?

Ms. Ley, you mentioned that you had talked about this during board meetings and sent letters to parents. Have you had any parents that were unhappy with the decision?

MS. LEY: Yes. We have right now 800 students that's between K through 12 and seven parents did not

	27
1	like it. They did stay and did not pull their kids.
2	We did lose five kids.
3	CHAIRPERSON COFFMAN: Ms. Smith.
4	MS. SMITH: So was this based on a parent survey
5	or an open meeting?
6	MS. LEY: We did have a meeting at the board and
7	we also had a link made on our computer. We've had a
8	Face we've posted it on Facebook and we've posted
9	it on our website, and then we had a link where they
10	could send all their comments.
11	MS. SMITH: Okay. And so you're saying the
12	majority of your parents in your school were in favor
13	of it and you had a small percentage who were not?
14	MS. LEY: Yeah. Out of 800 families, we had
15	seven that didn't like it and two still will remain
16	there next year.
17	DR. GOTCHER: Losing five.
18	CHAIRPERSON COFFMAN: Did you lose those five
19	students immediately?
20	MS. LEY: I'm sorry; say that again.
21	CHAIRPERSON COFFMAN: Did you lose those five
22	students immediately?
23	MS. LEY: No. No, not at all.
24	CHAIRPERSON COFFMAN: They'll leave at the end
25	of the year?

	28
1	MS. LEY: Yes.
2	CHAIRPERSON COFFMAN: Any other questions?
3	Ms. Davis, are there any remaining issues
4	regarding this request?
5	MS. DAVIS: No.
6	CHAIRPERSON COFFMAN: Okay. Then I'll accept a
7	motion.
8	DR. GOTCHER: Madam Chair, one question for Ms.
9	Smith.
10	CHAIRPERSON COFFMAN: Sure.
11	DR. GOTCHER: I'm looking at their I'm
12	thinking of next year with they didn't by chance
13	put a break in the assessment calendar? I didn't
14	have a chance to really look to see what next year's
15	assessment calendar looks like and that window.
16	MS. LEY: We looked at it.
17	DR. GOTCHER: Okay. I figured you might, Ms.
18	Ley. I just thought of it as I was looking at your
19	calendar. That would've been
20	MS. LEY: Sure.
21	DR. GOTCHER: an inopportune time to take a
22	break, so
23	MS. LEY: Yes. I think you're going to be real
24	excited when you see our assessments this year. I
25	can't wait. You're going to be really pleased.

	29
1	CHAIRPERSON COFFMAN: We always love good news.
2	DR. GOTCHER: That's right.
3	CHAIRPERSON COFFMAN: Okay. Any other
4	questions?
5	Then I'll accept a motion.
6	DR. GOTCHER: Motion to approve.
7	DR. SAUNDERS: Second.
8	CHAIRPERSON COFFMAN: Motion has been made by
9	Dr. Gotcher. Dr. Saunders, did you second?
10	DR. SAUNDERS: Yeah.
11	CHAIRPERSON COFFMAN: Seconded by Dr. Saunders
12	to approve the request.
13	Any discussion?
14	DR. GOTCHER: I have a comment afterwards to Ms.
15	Ley just to
16	CHAIRPERSON COFFMAN: All right.
17	DR. GOTCHER: Okay.
18	CHAIRPERSON COFFMAN: All those in favor?
19	(UNANIMOUS CHORUS OF AYES)
20	CHAIRPERSON COFFMAN: Any opposed?
21	Motion is passed.
22	And, Ms. Ley, if you'll stay on the line, we
23	will write our responses and then read those to you.
24	MS. LEY: Yeah, sure. Thank you. I'm sorry I
25	couldn't be with you.

1	CHAIRPERSON COFFMAN: That's quite all right.
2	It's difficult to come down for a few minutes.
3	MS. LEY: Yes. I'd rather spend our money, gas
4	money on students.
5	DR. GOTCHER: Good choice.
6	(A FEW MOMENTS OF SILENCE)
7	CHAIRPERSON COFFMAN: Dr. Gotcher.
8	DR. GOTCHER: I voted for. I fully support but
9	have a few concerns, namely and I have this in
10	quotations called the "maintenance of stakeholder
11	support." I feel it must be monitored for this to be
12	truly successful.
13	CHAIRPERSON COFFMAN: Ms. Haley.
14	MS. HALEY: I voted for the request. I have no
15	concerns.
16	CHAIRPERSON COFFMAN: Mr. Lester.
17	MR. LESTER: I voted for the request and I have
18	no concern with the year-round schedule.
19	CHAIRPERSON COFFMAN: Dr. Pfeffer.
20	DR. PFEFFER: I voted for the request. The
21	school has gotten input and put much consideration;
22	the approval supports their local decision-making.
23	CHAIRPERSON COFFMAN: Mr. Rogers.
24	MR. ROGERS: I voted for. With the majority of
25	the school support, as well as community support, I

31 1 don't have any concerns at this time. CHAIRPERSON COFFMAN: Dr. Saunders. 2 DR. SAUNDERS: I voted in favor of it. 3 Ι thought that it provides more flexibility to take 4 5 advantage of learning opportunities. CHAIRPERSON COFFMAN: Ms. Smith. 6 7 MS. SMITH: I voted for, but I do have some concerns regarding parent input. But it was 8 9 presented today that the majority supports the 10 calendar change. I encourage you to continue to 11 receive feedback from your parents and community throughout the year. I'll just say that out of 800 12 13 folks, I mean, and only 7 pulled, it just -- I would like to know -- I mean, I would encourage you to do a 14 15 paper survey of your parents for more input. 16 because 7 voiced concerns there may have been more that had concerns, so I just have a little bit of 17 18 uneasiness about that. But I know there is research out there that supports it, so just continue -- I 19 encourage you to continue to look for input from your 20 21 community and from your parents. CHAIRPERSON COFFMAN: And, Dr. Gotcher? 22 23 DR. GOTCHER: Yes. And thank you, Ms. Smith; 24 that phrase "maintenance of stakeholder support" I

got from an actual research and meta-analysis on the

25

year-round model. And I think, Ms. Ley -- and I'll have this conversation with you outside of the meeting just to give you a couple of pieces of information. But the success of this, although it may have the support, there are multiple unintended consequences of a year-round model. And while it does address wonderful opportunities for your kids, that "maintenance of stakeholder support," you're going to have to keep this process -- probably have ongoing parent meetings, et cetera, because there will be some concerns as you go down the road according to what we've read. So anyway, while I support it, I'll visit with you off-mic sometime. Does that sound good? MS. LEY: That would be great. DR. GOTCHER: Thank you, Ms. Ley. CHAIRPERSON COFFMAN: Congratulations, Ms. Ley, and good luck to you. We look forward to hearing -we look forward to hearing your success on the assessments as well as the calendar. (inaudible) So, thank you. MS. LEY: CHAIRPERSON COFFMAN: Thank you. Panel Members, as we prepare for the next two

we take topics, such as governance, finance,

agenda items is there a preference on the order that

1	academics? Anybody have a preference? Would you
2	like to kind of group those questions together so we
3	can have some meaning-making?
4	DR. GOTCHER: Yes, Madam Chair, I think that's a
5	wise suggestion. Since we've got so much support
6	here, I think beginning with the fiscal issues might
7	be a great beginning because those are issues that
8	are very quantitative in nature, very fact-based
9	and maybe just a suggestion. Mr. Rogers, do you have
10	any issue with that? I see your team is ready. We
11	can start with the fiscal issues, and then what
12	happens after that I'm open to my Panel's or my
13	fellow colleagues.
14	CHAIRPERSON COFFMAN: Would y'all like to take a
15	quick break and refresh your coffee?
16	All right. We'll take about an 8-minute break
17	and then we'll resume with Agenda Item 4.
18	(BREAK: 9:13 - 9:27 A.M.)
19	CHAIRPERSON COFFMAN: Ms. Davis, will you go
20	over the hearing the procedures?
21	MS. DAVIS: The hearing procedures for the next
22	two action items will be a little different than the
23	ones you did this morning or that you did
24	previously. It'll be, after getting sworn in,
25	everybody who wants to provide testimony, the

1	applicant will have 20 minutes to present its case to
2	you regarding any kind of modification or probation
3	or revocation of its charter. After that, you may
4	ask any questions of the applicant or of any ADE
5	staff. If there is anybody here to speak for public
6	comment, they will be heard after the question-and-
7	answer period by you and each person will have 3
8	minutes for public comment. But everything else, as
9	far as you will have a Google doc to make any of your
10	notations, will still be the same.
11	CHAIRPERSON COFFMAN: Okay. Thank you.
12	A-4: HEARING AND POTENTIAL ACTION ON OPEN ENROLLMENT CHARTER
13	SCHOOL: COVENANT KEEPERS COLLEGE PREPARATORY CHARTER SCHOOL
14	CHAIRPERSON COFFMAN: I would ask that everyone
15	representing Covenant Keepers please stand. And is
16	there anyone here to speak in opposition, Ms. Perry?
17	MS. VIRGINIA PERRY: No, sir. No, ma'am.
18	CHAIRPERSON COFFMAN: If you will raise your
19	right hand, do you swear or affirm that the testimony
20	you're about to give shall be the truth, the whole
21	truth, and nothing but the truth?
22	(ALL SPEAKERS ANSWERED AFFIRMATIVELY)
23	CHAIRPERSON COFFMAN: Mary Perry, you are
24	recognized.
25	MS. MARY PERRY: Good morning. Mary Perry,

Division of Learning Services.

At its regularly scheduled meeting on March 9, 2017, the State Board of Education formally requested the Charter Authorizing Panel review Covenant Keepers Charter School regarding academic performance.

During the March 15, 2017 Charter Authorizing Panel meeting, the Panel discussed the Board's request and voted to conduct a review at today's meeting.

As stated in the March 17, 2017 hearing letter to Covenant Keepers, included in the Panel agenda packet for today, possible actions allowed by the statute include placing the school on probation, modifying the open-enrollment charter, and/or revoking the charter. Included in the agenda packet are documents prepared by the Arkansas Department of Education staff, documents submitted by the Charter, and the presentation prepared by the Charter for the Panel.

Representatives of the Charter are present to begin the presentation. Dr. Valerie Tatum, superintendent of Covenant Keepers is here to begin.

CHAIRPERSON COFFMAN: And just so that the Panel knows, you do have board members in attendance today; is that correct?

DR. TATUM: Yes, we have three.

CHAIRPERSON COFFMAN: All right. Dr. Tatum, you're recognized.

DR. TATUM: All right. Good morning, everyone.

I am Dr. Tatum from Covenant Keepers Charter School.

And we're so, so, so excited to come before you to really share the impactful things that have been going on this year. But just a note of reminder that we were just a little bit before you, February 17th of 2016, so we have our first year of data, as Ms.

Barnes wanted to know; there were some grave concerns. So we wanted to really just start there, if we could.

At the February 17, 2016, we tried to answer those questions, because you needed to see two years but we brought first year. And just be mindful that we are in the midst of ACT Aspire as we are speaking now -- well, not like right now, but tomorrow we begin again -- just to pretty much prepare you for where we're going as far as removing ourselves or taking ourselves away from academic distress.

Our vision and mission -- our mission is to change the trajectory of students' academic path through the development of higher order thinking skills, peacemaking strategies, and leadership abilities within a culture of high expectations. Our

vision is to help academically underserved students rise above their circumstances as a result of a collaborative learning effort of our faculty, staff, parents, students, and our wonderful community. Students will strive for a continual improvement and high school readiness.

Now Ms. Jones and I will share the PowerPoint presentation, along with Ms. Whipps. So she'll come and I'll be back.

MS. JONES: All right. A history of Covenant Keepers, we are serving the 72209 Zip Code.

And this is Jenna Jones from Covenant Keepers Charter; I'm the data coordinator and the internal school improvement specialist.

In 2013, we were granted a three-year renewal.

We requested to move the high school, LEA 6044703,
and we requested to move our middle school to 5615

Geyer Springs Road. In 2016, as Dr. Tatum stated, we
were here in February and six voted yes for our
renewal to be granted for three years and two voted
no in favor of a five-year renewal. During the March
31st meeting the State Board of Education, in 2016,
unanimously approved our three-year renewal.

We'd like to discuss the coordination that we've had with Dr. Denise Airola to take a closer look at

our school-wide concordant scores for the past three years, as these schools are what determine our academic distress status. The 2014 concordant score was 43.06%, 2015 with 42.986%, and our 2016 concordant score was 50.896%, giving us a three-year average of 45.839%. As you can see, since we have that percentage it still means that we're classified as academic distress but our proficiency increased last year by almost 8%, according to the concordance. Our growth or value-added, as determined by the concordance, was also similar to the average of schools in the state, with our growth at 80.40% and the state average at 80.85%.

Our students also showed improvement on their ACT Aspire interim assessments this year. These percentages are based on ACT Aspire's linking study, predicting that if a student meets a certain score they're predicted to score proficient on the ACT Aspire summative assessment. We started off the school year with only 14% proficient in reading, 15% in math, and 31% in English, but by Interim 3 they had grown to 31% in reading, 30% in math, and 61% proficient in English.

Looking at the percentage of students who scored proficient in 2015-16, compared with our interim

assessment predictions for 2016-17, we're projected to continue our pattern of improvement. This is taken directly from our percent proficient as it is on the ESEA flexibility document. As students do not take all parts of the ACT Aspire during interims, I'm only showing the reading scores comparison to the ELA score. On last year's ACT Aspire summative test, only 19.72% of our students scored proficient in math, but this year we're projected to have 30% of our students score ready.

Now I'd like to show you some growth from our students at Covenant Keepers. Dr. Sarah McKenzie from the Office for Education Policy at the University of Arkansas assisted us with this data, but unfortunately she could not join us today. Arkansas' growth model measures how much students grew academically compared to how much we thought the student would grow based on prior test performance. This example slide shows a single student's score for grades 3 through 7 and these scores are used to predict a student's score in 8th grade. If the student actually scores at the green level, that is more growth than expected; the blue level is unexpected, and the red level is less than expected. Each student's scores are averaged at the school

level to get a measure of how effective the school is and this measure is based on state assessments.

Compared to the schools serving similar populations, which is 6th through 8th grade, over 90% free and reduced lunch, Covenant Keepers has the highest growth score and the highest percentage of at-risk students who met or exceeded in ELA or math on the ACT Aspire, even though CK serves a greater percentage of free and reduced lunch students than these listed below. I also want to highlight that the percentage of our students meeting or exceeding in our TAGG groups is higher than those schools, as well.

This value-added growth chart shows the relationship between growth on the vertical axis and the percentage of free and reduced lunch for all schools in the state serving students in middle school, grades 6 through 8. You can see that there's a negative relationship between growth and free and reduced lunch; the higher the poverty level the lower the growth. But compared with other schools throughout the state serving students in grades 6 through 8 Covenant Keepers is exceeding growth for the level of free and reduced lunch students. As you can see, the green dot is Covenant Keepers and the

orange dots are the other three middle schools in
Little Rock that we compared ourselves to.

We believe that students who continue at Covenant Keepers for three years, from 6th grade all the way through 8th grade, show evidence of the greatest growth out of the students in our school. This year 28 of our 8th grade students have been with CK since 6th grade, and this is approximately 50% of the class. Using a correlation table of ACT Aspire with NWEA scores, we looked at 6th grade NWEA MAP entrance data from fall 2014 and compared it to 8th grade ACT Aspire Interim 3 results. At the beginning of 6th grade only two of the students would've been predicted to meet the benchmark readiness on the ACT Aspire reading assessment if it had been administered. But now 10 students are predicted to meet readiness benchmark on the ACT Aspire as 8th grade students, based on the Interim 3 results on the ACT Aspire. At the beginning of 6th grade, this cohort of students, zero students would've been predicted to meet readiness benchmarks on the math ACT Aspire assessment if it had been administered. But now six of those students who've been with us for three years are predicted to meet readiness benchmarks as 8th grade students based on Interim 3

results.

Covenant Keepers has not only shown academic progress since our last review but has also shown gains in fostering a positive school culture. Comparing 2015 to this school year, the number of students with five or more referrals has decreased from 50 students with five or more referrals to 27 students. We attribute this success to our one-onone mediation meetings between teacher and student, our parent reflection meetings, our mental health professionals on campus, and the use of SWIS software to collect and analyze student referral data for the purpose of decreasing future referrals. Out of these 27 students with five or more referrals, 8 of the students are returning students and only 3 have been with us for all three years of school. So this shows as students become more accustomed to our school culture and more services are offered to those students they're less likely to receive multiple referrals for behavioral infractions.

Dr. Tatum will now discuss what we're doing to strengthen our teachers and our leadership team.

DR. TATUM: Over the past year we have always prized our-self on our professional development, and so we wanted to grow within and really develop the

great leaders, teacher leaders, as well as the leadership team that we have onboard. So with that, we wanted to just share our opportunities of the teachers' leadership team to be a part of some of the invested organizations that are listed. So we have a leadership team initiative, 2017. Ms. Jones is going to be a part of Impact Arkansas, which is a fellowship with -- that is done by the Walton's, and they've actually asked for three other teachers and leadership team members to be a part of that as well. So we look for them to go and be a part of that 2017, this fall, as well. R.I.S.E. Arkansas, the reading initiative for student excellence, we are -- we've been slated to attend a meeting on Thursday, March [sic] 18th because, again, we're always looking for ways to be a part on how we can impact Covenant Keepers.

Of course, we could not bring our school, our students and our parents and teachers to you, so we wanted to just take time and give you a snippet of the voices from within and what they're saying about Covenant Keepers.

(WHEREUPON, a video was shown. This video may be viewed on the ADE website.)

DR. TATUM: And, finally, the impactful things

1 could not have happened without Dr. Wilde and Ms. Sharesa White that has always challenged us to think 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 that has come onboard. 19 20 21 22 23 24 25

	45
1	are excited about every time she comes to our
2	building. She is really making an impact in the
3	classroom. And also I can't say enough about Eric
4	Woodruff, who's our math individual. He is coming
5	and he has also embraced our teachers; they have
6	embraced him with open arms to help make successful
7	things happen at Covenant Keepers.
8	That's it.
9	CHAIRPERSON COFFMAN: You have five additional
10	minutes or if you're ready for us to go ahead and
11	move forward?
12	DR. TATUM: Yes, we're ready.
13	CHAIRPERSON COFFMAN: Okay. Thank you.
14	All right, Panel. Mr. Rogers, would you like to
15	start us off?
16	MR. ROGERS: No, I wasn't ready to.
17	CHAIRPERSON COFFMAN: Okay. I can start with
18	someone else.
19	MR. ROGERS: Yeah.
20	MS. SMITH: Can we hear from ADE staff, School
21	Improvement
22	CHAIRPERSON COFFMAN: Okay.
23	MS. SMITH: some of those folks?
24	CHAIRPERSON COFFMAN: All right. Ms. White,
25	Sharesa White Ms. White, if you'll introduce

yourself and give us some background of your interaction with Covenant Keepers.

MS. WHITE: Sharesa White, School Improvement Specialist.

So this is my first year to work with Covenant Keepers. And what I'd like to speak on at this time is what have they done differently this year that they haven't done in the past. The first thing is intentional and consistent SILT meetings that includes data review, analysis of that data, and then making decisions that will impact and support both teachers and students; also, the use of pre-tests. You know, when I started working with them they, you know, mentioned that they were not doing pre-tests; they didn't see the need for it. But through our conversations and discussions they determined that there was a need, so now they are utilizing pre-tests and using that information to inform instruction.

Also, with their interventions they're now progress monitoring those interventions and making sure that their interventions are fluid, that those students are moving in and out as needed, and that wasn't happening on a consistent basis last year.

So what can I validate at this time? There has been improvement on their leading indicators, as

1	evidenced in that 45-day report that you have before
2	you. You will see a decrease in discipline
3	referrals. You will see a decrease in the Ds and Fs
4	in the various grade levels. You will see a decrease
5	in Ds and Fs in ELA and math on their unit
6	assessments. So they are embracing the process and
7	this year really has been a refinement of the
8	process. Thank you.
9	CHAIRPERSON COFFMAN: Any questions for Ms.
10	White?
11	MS. SMITH: So academically you feel like
12	they're heading in the right direction based on the
13	45-day report and your personal working experience
14	with them?
15	MS. WHITE: Absolutely.
16	MS. SMITH: Okay.
17	MS. WHITE: Absolutely.
18	CHAIRPERSON COFFMAN: Dr. Pfeffer.
19	DR. PFEFFER: You mentioned the leading
20	indicators, and so can you just kind of go through
21	what those primary leading indicators that you're
22	looking at and
23	MS. WHITE: Yes. Yes. So in the 45-day report
24	we look at attendance, grades, discipline; the unit
25	assessments primarily. And so when you look in their

	40
1	45-day report you will see absolutely that there has
2	been increases and decreases on the positive side.
3	So, yes, those are leading indicators that we ask
4	them to look at. And they've been setting goals in
5	those various leading indicators, as well.
6	CHAIRPERSON COFFMAN: Anything else?
7	Thank you, Ms. White.
8	MS. WHITE: Okay. Thank you.
9	MS. SMITH: I know that one of the concerns that
10	we had voiced before Ms. White, I think we're done
11	with you was about the numbers and if the numbers
12	were correct. The sheet I have says that there's 180
13	students. Did we get the number of students enrolled
14	in the data systems correct?
15	DR. TATUM: Yes, ma'am. That was no fault by
16	us; it was where we were at the October 1st and there
17	was Ms. Hill, which is our HR individual, was
18	conversating back and forth. So the individual I
19	believe her name is Ms. Tiffany said to go on and
20	submit because she couldn't find the error on her
21	side. So, therefore, if you look through the emails
22	and I did attach those
23	MS. SMITH: Right.
24	DR. TATUM: that I started out I did call
25	Ms. Howell and then we worked with Amy Thomas, I

talked with Greg; it was just a lot of going back and forth. So to date, the numbers are still out there as 180 but on our side it is correct.

MS. SMITH: Okay. So the 161 --

DR. TATUM: 161. Yes, ma'am.

1

2

19

20

21

22

23

24

25

MS. SMITH: 161 is the correct number. Okay.

CHAIRPERSON COFFMAN: Other questions?

MS. SMITH: Okay. I'll keep going.

So I think in our last presentation we heard lots of information about the academics and the directions we were heading, and I felt like -- I voted to approve because I felt like we were heading in the right direction. And then Ms. White today confirms that as far as the Department and working I will say this time in reviewing I dug a together. little bit deeper into some of the finance and trying to look at where we have issues and why we have issues, and I'll say I came across one thing that kind of surprised me and I just need some more explanation. And this could be kind of a touchy subject but I feel like it's -- when we're talking about having financial issues I think it -- one of the first places you start looking at is you start looking at administrative salaries, administrative costs, that type of thing. And when I looked at what

1	the state average that superintendents make it's
2	generally about \$125 per student.
3	DR. TATUM: Uh-huh.
4	MS. SMITH: And when I look at your salary in
5	comparison to the number of students it shows up as
6	\$818 per student. And that's giving you more
7	students than you actually have, so it's actually
8	more than that. I need some and when I look at
9	your salary ranking amongst schools, your salary
10	ranking is up there among some very large school
11	districts in average.
12	DR. TATUM: Uh-huh.
13	MS. SMITH: And when I look at your current
14	employees' and current teachers' salaries and raises
15	that have happened over the years, there's no
16	increases for others and quite a large increase from
17	your beginning to what your current is. So I need
18	some I need some explanation about that salary.
19	DR. TATUM: Okay.
20	MS. SMITH: And what is your current salary?
21	DR. TATUM: It's \$138,000.
22	MS. SMITH: \$138,000?
23	DR. TATUM: Uh-huh.
24	MS. SMITH: Okay.
25	DR. TATUM: So what do you want me to explain?

1	MS. SMITH: So I guess it's just how does I
2	just maybe I need to hear from your board
3	DR. TATUM: Okay.
4	MS. SMITH: to give me an explanation as to
5	why for 161 students their superintendent makes close
6	to \$140,000, in comparison to other districts. I
7	mean, that's a pretty lofty salary for the size of
8	the district and I just need some explanation about
9	that. So I need to hear from somebody on the board
10	on how that decision and determination was made.
11	CHAIRPERSON COFFMAN: If you'll state your name
12	and title, please.
13	MR. BUCKLEY: My name is Noland Buckley, board
14	president, Covenant Keepers.
15	MS. SMITH: Okay. Can you kind of just kind
16	of give me some background on how the decision was
17	made for that salary amount?
18	MR. BUCKLEY: Basically, over I've been with
19	Covenant Keepers since they started. And on the work
20	and as far as the everything that we've seen, as
21	far as the board is concerned, and the many hats that
22	Dr. Tatum has had to do over the course of time to
23	get to where we are today, which is a very positive
24	situation where we are, we felt that she deserved the
25	salary that she had, that she gets.

1	MS. SMITH: Are you aware of the salary ranges
2	of superintendents for the state, of other districts?
3	MR. BUCKLEY: I was not aware of the salary
4	rankings but as they are, but I'm aware now.
5	MS. SMITH: Are you surprised to know that she's
6	in the top quarter of the state in salaries?
7	MR. BUCKLEY: Just yes, I am.
8	MS. SMITH: Okay.
9	DR. DUNN: And I'm Dr. Caron Dunn; I am the vice
10	president of the board. And as the board president
11	had mentioned, just because of the fact that she's
12	done quite a bit of work in order to make progress in
13	the education of the students and although we had
14	been on academic what is it
15	DR. TATUM: Distress.
16	DR. DUNN: distress, we're making really good
17	strides. And we felt as though that because of that
18	that the gain and the increase in her salary was
19	needed. We think that Dr. Tatum is doing a good job
20	and she's really made a lot of progress in the school
21	and she continues to make that progress as well.
22	MS. SMITH: How many employees are okay. I
23	see one name on the list that's the same last name,
24	so I assume that's a relative that works at the
25	school, to Dr. Tatum. Do you have a relative that

1	works
2	DR. TATUM: Yes. Uh-huh.
3	MS. SMITH: Okay. Is it just the one relative?
4	DR. TATUM: Yes.
5	MS. SMITH: Okay. I will just say that that's a
6	concern to me. This is a huge red flag, especially
7	when you're looking at finances, cutting it close,
8	being concerned about whether or not, you know, we're
9	going to make it through the year. I know some of
10	the history with repayments, some of those things.
11	Those are red flags, just red flags.
12	DR. DUNN: Thank you.
13	CHAIRPERSON COFFMAN: Mr. Rogers?
14	MR. ROGERS: Cindy.
15	MS. DAVIS: I would prefer if we get all of ADE
16	staff that may provide testimony today to go ahead
17	and get sworn in, as well.
18	CHAIRPERSON COFFMAN: Okay.
19	MS. DAVIS: I would feel better.
20	CHAIRPERSON COFFMAN: If the ADE staff will
21	please stand and raise your right hand. Do you swear
22	or affirm that the testimony you're about to give
23	shall be the truth, the whole truth, and nothing but
24	the truth?
25	(ALL SPEAKERS ANSWERED AFFIRMATIVELY)

1	CHAIRPERSON	COFFMAN:	Thank you.

Ms. Smith, if you'll give your name and title.

MS. SMITH: I'm Cindy Smith, Fiscal Services and Support Coordinator.

MR. ROGERS: Do you want me to ask questions or

CHAIRPERSON COFFMAN: Go ahead.

MR. ROGERS: Okay. So I guess what I'm needing to know is did you do a review of the finances for this charter school?

MS. CINDY SMITH: Yes. I reviewed the unrestricted fund balances of this charter and did the same review that I would've done for a typical school district. My concern would have been last year's ending balance was \$110,000 in the negative. If this was a school district, we would have gone straight into state takeover. There would've been no question. A district could not have operated this There's just a lot of things in this, a lot of way. red flags, the revenue, it just does not compare to the expenses right now. At this point in the year they have I believe, just as the budget shows, \$67,000 left on their expenditure side. That's not going to get them through -- they're going to expend more than \$67,000, so their budget will exceed what

	55
1	they had predicted.
2	DR. GOTCHER: Am I hearing that's for the second
3	year in a row, if that prediction holds true?
4	MS. CINDY SMITH: I don't know what the ending
5	balance will be. I'm just saying that
6	DR. GOTCHER: All right.
7	MS. CINDY SMITH: they have budgeted
8	\$1,053,000 in expenditures; they have \$67,000 left of
9	that budget, and it's going to be more than that by
10	the end of the year with salaries and benefits and
11	I just don't see how it won't be. They may have a
12	small ending balance, but it's a very big concern.
13	CHAIRPERSON COFFMAN: Dr. Gotcher.
14	DR. GOTCHER: Ms. Smith, can you provide the
15	Panel an indication of their payment history, if
16	they're paying their bills on time, et cetera? Is
17	that something that has been addressed to your
18	office?
19	MS. CINDY SMITH: I have received a few emails
20	from EDD and from ATRS. They send me a blanket list
21	each month
22	DR. GOTCHER: Right.
23	MS. CINDY SMITH: of who has been late on
24	their payments. And they have occasionally appeared
25	on those lists.

1	MR. ROGERS: So I guess I just want to bring up,
2	you know, if this was a traditional public school
3	they would be in fiscal distress.
4	CHAIRPERSON COFFMAN: So why are they not in
5	fiscal distress?
6	MR. ROGERS: Because we don't put Charters on
7	fiscal distress.
8	CHAIRPERSON COFFMAN: Okay.
9	MS. CINDY SMITH: Yes, they would definitely be
10	in fiscal distress, if not state takeover already.
11	CHAIRPERSON COFFMAN: Okay. And have they
12	reached out to you for assistance?
13	MS. CINDY SMITH: I have been there one time and
14	visited with Dr. Tatum and that was the extent of
15	you know I did voice concerns and we did offer
16	some assistance, but we've not been back out.
17	They've not reached back out to us at all.
18	CHAIRPERSON COFFMAN: Okay. Dr. Pfeffer.
19	DR. PFEFFER: Yes. I think my questions would
20	be directed at the board members. And just in your
21	working relationship with Dr. Tatum, how much
22	information is shared with you or how is information
23	shared with you with regards to finance issues and
24	staffing issues and things like that? Are you
25	regularly updated? Are you surprised today to hear

the conversation around the concerns of the budget?

Have you all had discussions? Can you just give me
an update?

DR. DUNN: Yes. We have had discussions and I would like the finance person to come up, Mr. Hamilton, to discuss those issues, because we do get briefings on that.

CHAIRPERSON COFFMAN: Well, before we do that, we'd like to hear from the board members. We'd like to know from each board member what they know about the financial situation of the school.

DR. DUNN: Well, like what I know is that we do get updates on the finances each month, every time we meet. And there were some concerns with the new development of the schools where they had the money -- yeah, student low fund [sic], and where we got a little bit more money than we were supposed to and we've been paying that back. And I think that we're on target to pay that back by the -- yeah, pay that in full. So we talk about that and -- but pretty much I think that these concerns are rectifiable because what our accountant has said and put forth before us as far as the budget and how much we will have at the end of the year, so --

CHAIRPERSON COFFMAN: If you'll state your name,

please.

MR. DAVIS: My name is Ed Davis. And Dr. Tatum has been totally transparent with us regarding numbers and she's supplied us with documentation about things related to the fiscal side of the school. And I know behind me, Mr. Hamilton, could speak a little bit more on it than I can.

CHAIRPERSON COFFMAN: Mr. Buckley, may we hear from you?

MR. BUCKLEY: Yes. I want to just reiterate the same thing that Dr. Dunn just said. We get -- every month we get updates on financials in every category. And we -- you know -- we run a tight budget but we've always met our budget in every area.

MR. HAMILTON: Deron Hamilton, CPA. I work with Covenant Keepers. One of the things that the young lady was talking about earlier, which is -- it was just accurate, is the spending. The spending numbers that she has is accurate; however, she has to look at the board report to also notice that there is additional local revenue that hasn't been seen in prior years. So not only is she, Dr. Tatum, working off of the charter funding, but she also has additional local revenue that's contributing to helping her meet the needs of the students. In

1	addition, I want to say this, if you look at the
2	board report or the package that you guys received
3	today, it says a negative fund balance. That report
4	was ran on April 5th. Revenues can be recorded up
5	until April 10th. So those revenues for that month
6	have not been recorded, so it's a little bit
7	misleading when you look at that. So each board
8	meeting, each member of the board receives the
9	following: they receive (1) a board report with all
10	the fund balances; they receive an expenditure report
11	that shows expenses compared to budget, and we
12	discuss what items are areas of concern; and then,
13	finally, they receive a revenue report that shows the
14	revenues received from all funding sources, and we
15	discuss those as well.
16	CHAIRPERSON COFFMAN: Mr. Hamilton, are you in
17	attendance at each board meeting?
18	MR. HAMILTON: I'm in attendance probably 80%.
19	But the reports are presented at every meeting.
20	CHAIRPERSON COFFMAN: Okay.
21	Mr. Rogers.
22	MR. ROGERS: You referenced local revenue.
23	MR. HAMILTON: Yes, sir.
24	MR. ROGERS: What is that local revenue? Is
25	that local revenue recorded in APSCN? Because if it

	80
1	was then my office would've been able to see it and
2	we wouldn't have shown a negative balance. So now
3	you've opened up
4	MR. HAMILTON: No, no. No, no.
5	MR. ROGERS: Okay. That's why I asked.
6	MR. HAMILTON: No, let me explain.
7	MR. ROGERS: Okay.
8	MR. HAMILTON: The report was ran on April 5th;
9	the revenues didn't get recorded until April 8th or
10	9th. So the local revenue is recorded in APSCN.
11	MR. ROGERS: What local revenue is that?
12	MR. HAMILTON: I'll let Dr. Tatum explain that,
13	but it is recorded.
14	MR. ROGERS: And then, hold on. So you also
15	talked about I'm sorry, can I
16	CHAIRPERSON COFFMAN: Go ahead.
17	MR. ROGERS: Okay. So I also am concerned that
18	it was unrestricted balance ending negative \$110,000
19	at the end of the fiscal year last year.
20	MR. HAMILTON: Yes, sir. But you know all about
21	that; you know the reason, what happened. And so it
22	was it was go ahead.
23	MR. ROGERS: Which reason are you talking about
24	ending in negative last year?
25	MR. HAMILTON: Dr. Tatum the fact of the

	61
1	go ahead.
2	DR. TATUM: We had a I met with you back in
3	July. There was a
4	CHAIRPERSON COFFMAN: If you'll speak into the
5	microphone please.
6	DR. TATUM: My apologies. We met back in July
7	and there was a \$212,000 amount of student growth
8	funds, so we
9	MR. ROGERS: But that should've been reflected
10	in negative end fund balance for last year.
11	DR. TATUM: Yes, sir. So I guess I'm wondering
12	what is the
13	MR. ROGERS: Of your unrestricted fund balance,
14	according to the reports that y'all had a negative
15	you ended June 30th or the month after that, when the
16	books were cleaned up, with a negative \$110,000
17	negative.
18	DR. TATUM: Uh-huh.
19	MR. ROGERS: Now the student growth payment
20	would've been made during that time. We asked for
21	the repayment of it based off incorrect data, which
22	we can go back and forth how that data got incorrect.
23	But it was since we're talking about it, it was
24	incorrect data that led to Covenant Keepers receiving
25	\$212,000 more than they should have.

DR. TATUM: Yes, sir. That's correct.

MR. ROGERS: And we did meet because we talked about trying to get a repayment of that, because any other school district would've had to pay that payment back in August. And we talked about it and knew at that time that Covenant Keepers couldn't afford to do that, so we have been working with you to make your payment, and you have made that payment.

DR. TATUM: Yes, sir.

MR. ROGERS: And I think the balance is zero now, that we have throughout the year gotten the money back. But to say that it's all bookkeeping errors and timing issues that you ended with a negative \$110,000 ending last year I think is a little misleading. As you indicated that Cindy was misleading, I think that's misleading. I do think there are some cash flow issues and I do think there are some fund balance issues. So I'd like to know what that local revenue is and how is it recorded in APSCN?

DR. TATUM: And I'm not sure what you're referring to. I would have to really look at that. But I have been proactive with my board and with Mr. Hamilton and with APSRC looking at what we will be ending with, and that's about \$89,000 or \$90,000 that

1 our ending balance would be for this particular school year. 2 3 MR. ROGERS: What was the ending balance last 4 year? 5 DR. TATUM: It was the negative \$110,000. MR. ROGERS: Okay. That's -- and that's where 6 7 I'm going at, that you ended last year with negative 8 \$110,000, which was irregardless of what -- the money 9 you had to pay back of the overage of student growth 10 this year. 11 So if you ended at negative \$110,000 last year, you haven't had an increase in student count but your 12 13 expenditures are going up, and you also had to pay back \$212,000 that you were overpaid this year, how 14 15 -- what is your fund balance going to be this year? 16 DR. TATUM: And it's going to be about \$80,000, \$90,000, so -- but I know that we were booking those 17 18 payments through that \$110,000. And I guess I'll 19 just have to go back and really look at that with Mr. 20 Hamilton to --21 Okay. I'm getting -- I'm sorry; MR. ROGERS: 22 I'm getting confused now. Which payments are we 23 talking about? Are we talking about the extra 24 revenue? Because that's really what I started on. 25 I'm sorry.

CHAIRPERSON COFFMAN: Let's see if Dr. Pfeffer can dig us out of it.

DR. PFEFFER: Well, I was just going to see if Ms. Smith would speak to the school's projection of ending with \$80,000 to \$90,000. Is that -- does that look like it would be a possibility?

MS. CINDY SMITH: The report that I have here in front of me was ran April 18th, so that would've been after the postings, and it showed an ending balance I do not -- if they are on the same course that they are on -- that they were on last year I don't think it will be as high as \$80,000. don't think they will have the negative balance that they had, but I just don't see it being that high if they have the same salaries and benefits to be paid out that they had last year. And if she has had a salary increase, then that will be -- because last year their revenue was \$1.1 million and they budgeted \$1.2 this year. Their expenditures last year were \$1.4 and they budgeted \$1 million this year. would be a \$400,000 decrease in expenditures, which I don't know where that would be coming from with salary increases. I mean, everything goes up each year; we all know that. And then they also had to pay back the \$200,000 for the student growth that I

don't think was accounted for in the budget, so --1 DR. PFEFFER: 2 Thank you. CHAIRPERSON COFFMAN: Ms. Smith, before you 3 leave the microphone, explain to the rest of us what 4 5 it means to have a negative ending balance. what it means in my checkbook, so --6 7 MS. CINDY SMITH: It means the same thing in the school world. They may have had some money left in 8 9 their checking account if they had some federal dollars left, if they had some special ed. dollars 10 11 left, but they -- at the end of the year. Now I'm not -- their checking account may not have shown a 12 13 negative, but our books showed a negative because we close later than what the month would be on the 14 15 ending of the checkbook. So they may have received 16 in the beginning of July money that kept their account from being in the negative. Those checks may 17 18 not have posted the bank account but they have been posted to the accounting. 19 20 CHAIRPERSON COFFMAN: Thank you. That's 21 helpful. 22 Dr. Gotcher. 23 DR. GOTCHER: Yes. I'm not sure who can answer 24 this, but I believe one of the questions Mr. Rogers

was asking, on page -- because they're not quite --

25

	00
1	yeah, it's page 2 of the revenue streams account
2	\$19,900 miscellaneous revenue from local sources.
3	MS. CINDY SMITH: Right.
4	DR. GOTCHER: What is the source of that local
5	revenue?
6	MS. CINDY SMITH: That would have to be a
7	question that they would answer. \$19,900 is just
8	typically money that maybe is raised, donated, if the
9	students have to pay money, you know, for attending
10	the school. The only other money that they do show
11	coming in is the charter school funding from the
12	State.
13	CHAIRPERSON COFFMAN: Can you on the
14	documentation that you have for, I believe you said,
15	April 18th, does it indicate that local revenue was
16	added?
17	MS. CINDY SMITH: Yes.
18	CHAIRPERSON COFFMAN: And how much?
19	MS. CINDY SMITH: Year-to-date it's showing
20	\$342,824. They probably have had money put in that
21	local revenue to help pay back that foundation or the
22	state student growth I'm sorry, I don't want to
23	say the wrong thing not the state, but the student
24	growth money. They probably had some assistance in
25	paying that back. That would be my assumption just

	67
1	looking at the report, because they had only budgeted
2	\$180,000 in the 19-900 account.
3	DR. GOTCHER: And currently we don't have a
4	mechanism of accountability of what that source is;
5	we just know that it's received?
6	MS. CINDY SMITH: Not on this report. And then
7	if we go in and actually pull an APSCN report, unless
8	they have detailed where that money came from we
9	can't see their receipts.
10	DR. GOTCHER: Okay. Maybe Dr. Tatum
11	MS. CINDY SMITH: And so a lot of times there's
12	not enough detail for us to know where the money came
13	from.
14	DR. GOTCHER: Understood. I just know it's
15	increased. And I think Dr. Tatum's got an answer for
16	us.
17	DR. TATUM: And that is from the local grants
18	that we have received and then our in being
19	transparent we shared that information with the City
20	of Fire Community Development, which is our
21	sponsoring entity, that helped us pay for it and
22	float the you know take care of the money.
23	DR. GOTCHER: And, Dr. Tatum, is there an
24	expectation from this sponsoring entity to pay that
25	back or is that just part of the grant

1 DR. TATUM: Yes. DR. GOTCHER: -- in support of your educational 2 institution? 3 DR. TATUM: That's exactly it. 4 5 DR. GOTCHER: Okay. CHAIRPERSON COFFMAN: Dr. Tatum, would you 6 7 explain your plan for decreasing your budget for \$400,000? Did you make some cuts? 8 9 DR. TATUM: Yes, we did. And we've looked at the budget with Mr. Hamilton. And as I looked at it 10 11 as of yesterday different areas has gone down in the spending revenue. I was looking for that report. 12 13 Mr. Hamilton, you've probably got it; can I look at it? 14 15 And every year we have to look at our 16 expenditure report and then we have to begin to move, if you're looking at it, some of the reds that's out 17 18 there because it still shows that that money is available. So what we have to do is go back and 19 20 begin to shift the money around to make sure that

And so it shows quite a bit of money out there, but we just have to go back and shift and play with those numbers to insure that we're going to finish strong.

we're ending strong. So we're not doing anything

21

22

23

24

25

1 CHAIRPERSON COFFMAN: Okay. My question was, what budget cuts did you make so that you could 2 reduce your budget by \$400,000? Did you 3 intentionally not hire a teacher? Did you 4 5 intentionally cut back on technology? Did you intentionally cut back on some other service? 6 7 DR. TATUM: We really didn't do -- we didn't cut any of the classroom teachers; all of those are in 8 9 place. We cut back on just some of our general 10 supplies that we usually buy. I did look at my 11 salary and determined that, you know, there needs to Before Ms. Smith said that I had already 12 be a cut. 13 looked at this and we were going to take on those But today, we didn't really make any necessary 14 15 cuts except for in the general supplies because that wasn't where -- we didn't know all of this 16 information was out there, if I'm answering your 17 18 question kind of, sort of. 19 CHAIRPERSON COFFMAN: Mr. Rogers. 20 MR. ROGERS: Go ahead. 21 CHAIRPERSON COFFMAN: Dr. Saunders. 22 DR. SAUNDERS: Yeah. My question is for the 23 board member -- is it Dr. Lott, is that correct --24 yes, ma'am, on something you said earlier. 25 want to back-up on something that Ms. Smith brought

up earlier, and it's reflective though I think of an entire school. And, you know, she was discussing the superintendent's salary and so I got to looking and I noticed that in 12-13 to 13-14 that there was an increase a little over -- from \$117,000 to \$135,000, about a 15% increase in the superintendent's salary. And what you had mentioned about it was reflective of the gains being made and everything. And looking back on the school history, during June 2012, which would've been prior to that, that's when the school was placed on a one-year probation for audit findings, and then later, for the 12-13 school year and the 13-14 school year, it was placed in academic distress. And so I'm trying to rectify that in my mind. Can you help me out with that?

DR. DUNN: What I was meaning by that is through our report -- Ms. Jenna Jones had given us a report on the academic progress, and I would ask her to come up as well. But she talked about how our students are making steady gains in math and science and some of the things that they are doing to change the culture of the school, and compared to the previous year, and some increases in their student scores as well on the practice exams before this exam period that's coming up for the state exams. So that's what

I was speaking of when I was talking about some of the gains that we've made or that she has made with the school.

Yes, there are -- there's a lot of work to be done, of course, but I feel as though she is really trying to make a difference in the lives of the students and make a difference in their education.

And I know these are obstacles that are really up there, and it seems as though the school wont' make it, but I do believe firmly that the school can make it. I've been on the board for almost a year-and-a-half now, so I'm kind of new and green to it. But I believe that with the steady progress that she's making with the faculty and some of the changes with how the students are actually gaining their educational stride is we're on the right track.

So if you don't mind, I'd like to ask Ms. Jenna Jones to come.

DR. SAUNDERS: Yeah, she's welcome to. But I think this would go to a bigger question, and it would be for any of you board members. Do you on your own seek information, do your own research, I guess, instead of just relying solely upon what's presented to you at a board meeting?

DR. DUNN: Yes.

25

DR. SAUNDERS: And what do you do to do that? DR. DUNN: Well, I have -- you know -- as I've been training to be a board member I have looked at Department regulations and different things, and I went to the board training as well on how to do that and some of the things to look for. I know that, you know, in hiring and as far as the fiscal issues that we're having as well, those are some things that we talked about. And also trying to understand the numbers as far as how it affects the school and how the school is affected by some of the things that are negative in our balances, especially at the end of last year having that negative balance and at the But I believe that we are really trying -- the school is really trying to reverse some of the negative issues in the finances with the local funding that we receive from the sponsoring City of Fire to help us with that. And I think that it's one of those things that if we continue to work towards a better fiscal standing I think that with the City of Fire sponsorships and with some of the things that we're going to go back as a board to talk about, really talk about it seriously, about, you know, the hard decisions to make cuts and how to make those cuts so that we can balance the budget for the end of

the year and going forward, not making the same mistakes over. So I feel like, yes, right now it seems as though the board here may suggest, "Well, I don't think they're going to change their ways," but I believe that we can change our ways. And, again, like I said, I've been on the board just a year-and-a-half, so I'm still learning and I'm on the learning curve, but I think that we can really build a consensus and really build our finances as well as we move forward and do better. So, yeah.

DR. SAUNDERS: Okay.

CHAIRPERSON COFFMAN: Dr. Pfeffer.

DR. PFEFFER: And, Dr. Lott, I wanted to followup on a question that Dr. Saunders asked -- and board
members and other board members may need to speak to
this also. But the question was, you know, how much
research or how far do you go in asking questions
about the operations of this school. And one area
that we've recently been working with Covenant
Keepers on were some concerns that came up about
staffing. One of the waivers that cannot be granted
to charters is the requirement that employees have
background checks as a condition of employment. I
don't know if Dr. Tatum has been able to make you all
aware, but as of yesterday there was a serious issue

with background check issues of employees. And I think that most of that has been cleared up at this time, but my concern is that there are employees that are hired without having completed a background check process and that really does rest with the board and the superintendent in insuring that those things are followed through. So my question would be: what assurances are there that those things are really looked at and those questions are asked? Because students are put in jeopardy when they do not have a teacher in their classroom and we were pretty close to a serious, serious situation. So I guess that's my question: what is the process? What might need to be the process?

DR. DUNN: Well, I think that moving forward -and presently I know that we've had -- from my
understanding, there have been background checks for
our teachers, our staff, and this one slipped through
the cracks. But that's always the utmost and
foremost in front of my mind as far as the safety of
the students because that's a big concern. And I
think that going forward for the board that we're
going to talk about some things as far as the
background checks and what needs to be done moving
forward to insure that those things are going on.

25

Also, I do visit the school occasionally, regularly, and so these are some issues that I do discuss, like hiring or disciplinary actions and different things like that, and just seeing how the teachers are thinking. We did an evaluation of Dr. Tatum in February and we found that there were some things that she would need to grow from, to strengthen, and some weaknesses as far as development of the staff and some concerns that we saw that she needed to improve upon.

But I think too that we're going to look at our policies and our procedures. Now that's one thing that we had really talked about is looking at the policies and procedures to insure that everything is followed by the letter. If you have policies in place you should be able to follow them and not, you know, change course just on a whim. Because if you're not following your own policies then you're not doing what you said you're going to do. those are some of the things that we're going to help Dr. Tatum with in order to insure that we can make sure everything is tight, everything is done decently and in order, so that we can be a better school for it and that we can, you know, protect our children as well. And I'm going to let the other board members

speak.

MR. BUCKLEY: Yes. I just want to -- everything Dr. Dunn said I agree with. And we will -- basically, you know, policy as far as the charter policies and hiring practices and background checks, we do have that and we follow that. Now, of course, I wasn't aware of the past incident you were talking about, but as far as my knowledge concerning -- we do do background checks in all areas. And hopefully in the future we will definitely discuss, like Dr. Dunn said, that everything is in place and that we move on these. We, you know, are looking at it very closely to make sure that nothing falls through the cracks. So I'm sure the board is going to definitely zero-in on that.

CHAIRPERSON COFFMAN: Dr. Gotcher.

DR. GOTCHER: Just to be clear, Dr. Pfeffer, is there an active employee without a background check that has been --

DR. PFEFFER: Yesterday, we had identified about 50% of their employees who had not had all their background checks completed. My understanding is that we think everything has been cleared up as of this morning. But yesterday, out of their -- well, out of their nine employees, their nine teachers,

there were five. So our understanding is that it's been cleared up this morning.

DR. GOTCHER: And how long had that been known before it was cleared up?

DR. PFEFFER: Now we made a visit yesterday to -- once we became aware of it we immediately visited the school, because it was a matter of law as being eligible for employment.

DR. TATUM: And, Dr. Gotcher --

DR. GOTCHER: Yes.

DR. TATUM: -- I would like to clean that up.

In the beginning, the FBI checks had been done. All of our teachers had pretty much had that piece done.

There's a portion that has come into law, the maltreatment piece, and so that is the piece that we pulled from the ADE off of the background registry.

We get it from Clara Toney in Dr. Pfeffer's office.

So that piece was left with the teachers to actually mail in. And so when I went to DHS yesterday and I talked with Dennis Robbins, of course he told me it was an ADE issue, and so I don't know if it's ADE or DHS or what. But then I was turned in -- talked -- I talked to John Lowden and so he went on and he did all of the registry checks right there. So in moving forward my goal is to just take them and get them

25

down there and hand-walk them. So there's been such a gap and we didn't -- I didn't know, and I take ownership of that because the background check and all of that information is given in a packet when teachers are hired on and so they had it. So it wasn't as though they didn't have the background checks; it was that maltreatment piece.

MS. WHIPPS: Laurette Whipps. I was one of the teachers that had this problem. I've been there since 2009, and maltreatment was not required of me. My background check was done at the State Trooper headquarters during that time. So I had the on-hand copy which I showed to them when they came and we kind of cleared that up and the maltreatment was taken care of right away. But the whole thing was the maltreatment for everyone. And I had four teachers that worked under me that had the same problem, mailed their things in, had copies of the things that they mailed in, but for some reason it never got in the system. We didn't know that there was a website that you could go to to see that information, that we know now, so we can refer to it, see who has their things in. Because the school literally just gets a receipt back from what you did; we don't have that stuff on file. So I told the head office to pull my file right now because I want to know, because I know my stuff was in here. She pulled it. My husband came over with my copy.

I just want you guys to know that we don't just come in and start teaching; everyone has to do the background checks, so --

CHAIRPERSON COFFMAN: Dr. Pfeffer, follow-up?

DR. GOTCHER: Thank you.

manner.

DR. TATUM: And also I did go out on ELS -- and thank you for that. I did go out on ELS and even some of the employees that have left us they're still out there and they don't have that maltreatment piece. So there is a total, total disconnect. So it's not just a Covenant Keepers five-teacher thing; it is totally, I would imagine, in my mind, a statewide thing where there is a disconnect, according to Dennis Robbins. And that's the name that I was given yesterday with -- I think her name was Ms. Jacks. So there is truly a disconnect in trying to get the information delivered in a timely

DR. PFEFFER: And just to follow-up, there were two teachers who did come here yesterday to do their FBI and State Police background. So it wasn't all just the child maltreatment piece, so --

	80
1	DR. GOTCHER: There were two that came that had
2	not
3	DR. PFEFFER: Yes.
4	DR. GOTCHER: Okay.
5	MS. WHIPPS: It was my self; I did come on up to
6	do the electronic, but I also showed her the copy
7	that I had. And then Ms. Ameia [ps], one of our math
8	teachers, came up; she said she had done it online
9	and didn't really understand why it hadn't been done.
10	So I'm not
11	CHAIRPERSON COFFMAN: Tripp, do you want to
12	respond to this conversation?
13	MR. WALTER: Yes, Madam Chair, if I may briefly.
14	Tripp Walter, Staff Attorney, Arkansas Public School
15	Resource Center.
16	We just found out about this matter I guess late
17	yesterday afternoon after Dr. Pfeffer's visit. To
18	the extent that there are any issues that need to be
19	cleared up or protocols and policies that need to be
20	changed on the schools, we will be glad to assist to
21	make sure we can bring those to resolution and help
22	avoid future problems on their end, if there is a
23	problem there.
24	CHAIRPERSON COFFMAN: While we have you at the
25	microphone I'd like to ask a question. Do you have

1	standard operating procedures that you share with
2	school districts for things such as this, licensure?
3	MR. WALTER: I don't think we have any per se.
4	We certainly have different things we can tell them.
5	We can certainly develop we have the ability and
6	have developed policies and procedures for many of
7	our members on various issues, both charter schools
8	and traditional school districts. And we'd certainly
9	be glad to help put one in place here if it will be
10	helpful.
11	CHAIRPERSON COFFMAN: Thank you.
12	MR. WALTER: Thank you.
13	CHAIRPERSON COFFMAN: Are we ready to move
14	beyond that one?
15	Mr. Rogers.
16	MR. ROGERS: I just had a follow-up to what Dr.
17	Saunders was talking about earlier. The board
18	president I don't remember his name, I can't read
19	my handwriting
20	CHAIRPERSON COFFMAN: Mr. Buckley.
21	MR. ROGERS: Did you say that you've been a
22	board member since the beginning of Covenant Keepers?
23	MR. BUCKLEY: Yes, I have.
24	MR. ROGERS: Okay. Maybe and Dr. Tatum may
25	have but my recollection back when Dr. Saunders

	02
1	was talking about the salaries was that there was
2	some financial difficulties before with Covenant
3	Keepers which a loan that either Dr. Tatum took
4	or I think she actually had a reduction in her salary
5	at that time to help with the financial issues. Do
6	you recall what I'm talking about there?
7	MR. BUCKLEY: Yes, I do.
8	MR. ROGERS: And then some months later the
9	money was given back to her. Were y'all aware at
10	that time that her salary had increased back up from
11	the \$30,000 cut?
12	MR. BUCKLEY: Yes, sir. We were.
13	MR. ROGERS: And so y'all approved that at that
14	time?
15	MR. BUCKLEY: Yes, sir.
16	MR. ROGERS: And you have the board minutes to
17	show that?
18	MR. BUCKLEY: I believe so, sir. Yes, sir.
19	MR. ROGERS: And then the other thing I have is
20	the grant from the City of Fire. Is that an ongoing
21	grant? Is that a grant because y'all's sponsoring
22	entity, that's City of Fire Ministries?
23	DR. TATUM: No. That's Community Development;
24	that's a 501(c)(3).
25	MR. ROGERS: Okay. So that's not your City of

	6.3
1	Fire which so it's a different grant? I'm
2	confused. Because I heard one grant was from City of
3	Fire and then I think you were saying it was a local
4	grant, so I'm just trying to figure it out.
5	DR. TATUM: Okay. We had two local grants and
6	then the City of Fire Community Development is our
7	sponsoring entity.
8	MR. ROGERS: Okay. So
9	DR. TATUM: So that has nothing to do with City
10	of Fire Ministries; that has nothing to do with any
11	of that. We have a sponsoring board.
12	MR. ROGERS: Okay. And that sponsoring board is
13	the one that gave you the grant that is the increase?
14	DR. TATUM: That gave us the money, yes. Yes.
15	MR. ROGERS: And that's an ongoing grant or was
16	it just a one-time grant for this year?
17	DR. TATUM: Well, I would look at it if
18	they're our sponsoring entity and they see a
19	shortfall, if we go and ask, then of course they take
20	care of it.
21	MR. ROGERS: And it's a grant it's a grant;
22	you don't it's not a loan, you don't have to pay
23	it back?
24	DR. TATUM: No, sir. No, sir.
25	MS. SMITH: Who's their board? Who's on the

	04
1	City of Fire board or makes those decisions? Are you
2	on their board?
3	DR. TATUM: No. Oh, no.
4	MS. SMITH: No. Okay.
5	DR. TATUM: I'm not on their board at all.
6	MS. SMITH: Okay. So who was who do you go
7	to to ask for grants for that?
8	DR. TATUM: We have about six, seven individuals
9	that we go to with the City of Fire and they work at
10	local businesses and different things.
11	MS. SMITH: So it's a collective group of
12	business owners
13	DR. TATUM: Yes, ma'am.
14	MS. SMITH: that have donations that
15	DR. TATUM: Now I don't I can't talk about
16	their pot of money, how they do it; we just go and
17	ask. So how they get it to City of Fire Community
18	Development, that's not
19	MS. SMITH: Okay. So they have a working board,
20	Community Development, and you can apply for grants
21	through them, City of Fire Community Development?
22	DR. TATUM: Yes, we can.
23	MS. SMITH: Okay. Okay.
24	DR. TATUM: I do want to go back to the budget
25	summary report and that it said that we ended at

Mr. Hamilton, if you would come up -- we ended at a negative \$10,000, which of course we had an overpayment, which of course we paid that off. So now we started at zero. But if we look at our legal balance we have \$121,000, but our unrestricted legal balance now is \$80,000. So I guess I'm confused. And if you look at the history -- I'm on the finance sheet that you all gave us.

MR. ROGERS: Okay.

DR. TATUM: Okay. Now if you look at 2013, we ended at \$74,000; beginning balance, \$102,000; 2015, overpayment, we started out with a negative \$10,000. You all follow me?

MR. ROGERS: Uh-huh.

DR. TATUM: Okay. Now since then we paid that \$212,000 back, come down to zero. So I want to stay with 2016. At the end of 6/30 it shows us at \$115,000. So I'm going now to say our legal balance is --

MR. ROGERS: Before you -- that's based off of your budget. So as to what she testified earlier, the revenues and expenditures model that you're going through right now does not reflect \$115,000 over.

That is your FY17 budget. So if we took that FY17 budget, based off what you did, revenues and

expenditures, that would happen. But based off the history of projection of where we're going, that's what she was talking about earlier, not -- this is actual -- when you go to 14, 15 and 16, those are actuals; that is where you actually ended. Now when you go to this FY17 budget that is nothing but -- that is a projection based off your budget, your revenue and expenditures. So to say you're going to end at \$115,000 is not --

DR. TATUM: No, sir.

MR. ROGERS: -- quite accurate.

DR. TATUM: No, sir. I wasn't going to say that. If you look at it now, our unrestricted legal balance is \$80,000. So I'm saying to you we're putting the money in the school, the kids and the salaries, and we're not going to end at a negative. So with us coming through so much money, we're going to continue to spend the money to make sure that we don't end in a negative. So I'm wondering if it's \$50,000, \$80,000, or \$100,000. We are spending money on kids and we're not going to end at a negative.

MR. HAMILTON: And just to add to that the fact that we started in the hole coming into the year and then to be able to -- I think that this shows real fiscal management actually -- listen to my point,

	87
1	listen to my point. To go from a negative \$110,000
2	
3	DR. TATUM: Yes. Yes.
4	MR. HAMILTON: to as we are today \$80,000
5	positive
6	DR. TATUM: Yes.
7	MR. HAMILTON: I think that that shows that
8	they're trying to manage their resources.
9	DR. TATUM: No, we're not trying; we're making
10	it happen.
11	MR. ROGERS: Where would you be without the
12	grant from City of Fire Development?
13	MR. HAMILTON: Well, we have it. We have it.
14	MR. ROGERS: But
15	MR. HAMILTON: I understand what you're saying.
16	MR. ROGERS: But that's why I ask
17	MR. HAMILTON: But I also don't think we're
18	going to have the issue with the student growth.
19	MR. ROGERS: Well, okay.
20	DR. TATUM: But what do you mean if we didn't
21	MR. ROGERS: Well, that no, no, no. Let me
22	
23	DR. TATUM: We're like any of the other schools;
24	if you have a short
25	MR. ROGERS: That's why I asked if it was a

1	continuing grant, Dr. Tatum, because if it's not a
2	continuing grant then there is more of a revenue
3	issue, which is why I've asked and been trying to
4	figure out what was the local grant and where it was
5	coming from.
6	DR. TATUM: Okay.
7	MR. ROGERS: Because obviously without that
8	additional \$300,000 you wouldn't even have an
9	opportunity to be ending in a positive; you would be
10	ending in a negative, as what happened last year.
11	DR. TATUM: Well, sir
12	MR. ROGERS: And so
13	CHAIRPERSON COFFMAN: Let me interject here. I
14	think the point, Dr. Tatum, is: is there a commitment
15	from City of Fire to always be there if they're
16	needed?
17	DR. TATUM: Yes, ma'am. They've been there for
18	almost 10 years. So this is our first time to really
19	go and ask them.
20	CHAIRPERSON COFFMAN: Okay.
21	DR. TATUM: So it's not where we've been in a
22	place where we've had to go and ask. I'm sure if we
23	go and ask today or tomorrow, then of course
24	that's like any other charter school or whatever when
25	you go and you ask your sponsoring board, "Hey, I

1	need money to do this." I'm not looking at we
2	went to our sponsoring board that we can go back to
3	and we can ask about money. So, Greg, you're saying
4	what if we didn't have; I would say what if many of
5	the other schools didn't have.
6	MR. ROGERS: No, that's not what I was saying.
7	Is it going to continue?
8	DR. TATUM: It can continue. Now I can't count
9	their money, but I can guarantee you it can continue.
10	CHAIRPERSON COFFMAN: Okay.
11	DR. TATUM: It can continue.
12	CHAIRPERSON COFFMAN: Ms. Smith.
13	MS. SMITH: So I just need some clarification
14	and understanding. The City of Fire Community
15	Development, so that is your sponsoring board entity.
16	Is that
17	DR. TATUM: Yes, ma'am. Holds the 501(c)(3).
18	MS. SMITH: Okay. So when I just Googled it, it
19	says Authorized Official/Title or Position; it names
20	you as the leading person. So do you organize that
21	board or not? Because that's where I'm confused.
22	And like the address for the practicing location is
23	8300 Geyer Springs.
24	DR. TATUM: And, Ma'am, that's where our old
25	okay.

1 MR. SMITH: So I just need clarification on that. That to me is completely confusing me. 2 DR. TATUM: And I'm trying to be as transparent 3 as I always have been. 8300 is where we were at the 4 5 inception of Covenant Keepers in 2008 -- 8300. When I walked in here, 2008, we had a 501(c)(3) sponsoring 6 7 entity, City of Fire Community Development, Inc. That's a collective group of individuals. 8 9 MS. SMITH: Okay. You follow me? 10 DR. TATUM: Okay. 11 MS. SMITH: That's what I -- this is what Yeah. 12 I need to know from you. Thank you. 13 Okay. Now they gave me the job to DR. TATUM: work here when we did the -- to work at Covenant 14 15 Keepers. Okay? Our school moved to 5615. Now when we're talking about the sponsoring entity that may be 16 where the board has things mixed up. I've never sat 17 18 on that board, ever. It's a collective group of individuals that have come together and they started 19 20 the school, just like any other incorporation. 21 the internet is telling you me -- yes, it may say a 22 lot of things out there that are wrong. We still get 23 individuals looking for our school going to 8300 24 Geyer Springs, when we're at 5615. 25 MS. SMITH: Yeah. It shows from 2009 that you

	91
1	were the lead person organizing it or setting it up,
2	is what this is what information is on here.
3	DR. TATUM: Okay. Leading Organizer
4	MS. SMITH: The authorized official registered,
5	the NPI member is Dr. Valerie Tatum.
6	DR. TATUM: Okay. And again all I could say,
7	Ma'am, Ms. Smith, I never, ever, ever sat on that
8	board, ever.
9	MS. SMITH: Okay.
10	DR. TATUM: I am the executive director of
11	Covenant Keepers Charter School.
12	MS. SMITH: Okay. Thank you.
13	DR. TATUM: Yes, ma'am.
14	CHAIRPERSON COFFMAN: Dr. Tatum, would you clear
15	up another confusion? In some of our wording and
16	some of our conversation there's kind of been a
17	distinction between local board and board.
18	DR. TATUM: Okay.
19	CHAIRPERSON COFFMAN: So help us walk through
20	that.
21	DR. TATUM: Our local board are the ones
22	standing here today.
23	CHAIRPERSON COFFMAN: And how many people are on
24	that?
25	DR. TATUM: Seven.

	72
1	CHAIRPERSON COFFMAN: And sometimes another
2	board is referenced, and that's when you're
3	referencing
4	DR. TATUM: When I say another board I think of
5	the sponsoring entity.
6	CHAIRPERSON COFFMAN: Gotcha.
7	DR. TATUM: I just call them a board.
8	CHAIRPERSON COFFMAN: Gotcha. Okay. That's
9	helpful. Thank you.
10	DR. TATUM: Okay.
11	MR. ROGERS: Can I ask one more?
12	MS. SMITH: Just, you know, on another website
13	it gives the address for City of Fire Community
14	Development as 5615 Geyer Springs, the second address
15	you gave me.
16	DR. TATUM: Yes, ma'am.
17	MS. SMITH: So specifically your school.
18	DR. TATUM: Yes, ma'am. And, Ms. Smith, I'm as
19	transparent as it comes. I have no reason to deviate
20	from that. I cannot I don't have
21	MS. SMITH: So who do you go to who right now
22	is the chief person on when you're going to them
23	to ask them for money who is the person, the contact
24	person you go to?
25	DR. TATUM: I go to you want me to say the

	33
1	name?
2	MS. SMITH: Yes.
3	DR. TATUM: Ms. Diane Jackson. I go to her.
4	CHAIRPERSON COFFMAN: Mr. Rogers, you have
5	another question?
6	MR. ROGERS: Is APSRC still working with you?
7	DR. TATUM: Oh, yes, greatly.
8	MR. ROGERS: Can I ask them a question, a
9	finance question?
10	DR. TATUM: Yes. Yes.
11	MR. McRAE: Scott McRae, Finance Specialist,
12	APSRC.
13	MR. ROGERS: How often are you working with
14	Covenant Keepers right now?
15	MR. McRAE: Well, recently, I think in the last
16	couple of months not as much as at the beginning of
17	the year when we had the issues with the student
18	growth funding. You know, at the beginning of the
19	year there was plans put in place to get that
20	negative \$110,000 balance back up to a positive. We
21	did most of our work at the beginning of the year.
22	Recently, the fund balances have looked good compared
23	to the negative \$110,000, so we haven't worked with
24	them quite as much recently.
25	MR. ROGERS: When is the last time you were

	94
1	working with them?
2	MR. McRAE: It's probably been January,
3	February.
4	MR. ROGERS: And is that because y'all don't
5	have any other concerns with how their fund balance
6	is going to end, and so financially y'all think
7	they're good and y'all just haven't been there or is
8	there something else?
9	MR. McRAE: Well, their current legal balance
10	through March was \$121,000, which, you know, for a
11	charter school they're not going to carry over a
12	large amount of money. You know, there's really not
13	a balance that's required
14	MR. ROGERS: Right.
15	MR. McRAE: for them to end with, as long as
16	they can, you know, obviously pay their bills. So,
17	you know, if they end with, you know, \$40,000,
18	\$50,000, \$60,000, you know, that's all up to the
19	local board that that's enough to, you know, move
20	into the next year.
21	MR. ROGERS: So, and y'all and APSRC,
22	everything is good with them, which is why you
23	haven't been there since January? That's really what
24	I'm
25	MR. McRAE: Yes. Just looking at the legal

	95
1	balance currently, with three months to go, if they
2	continue to go in the same path they have been, you
3	know, they should end with a positive number.
4	MR. ROGERS: Okay.
5	CHAIRPERSON COFFMAN: Mr. McRae, may I ask a
6	clarifying question?
7	MR. McRAE: Yes, ma'am.
8	CHAIRPERSON COFFMAN: Do you have any method or
9	procedure where you periodically look at a charter
10	school to see how they're doing financially so that
11	you can be a step ahead and prevent issues? Or do
12	you is it a wait for them to call you model?
13	MR. McRAE: Oh, no. No. I have certain things
14	that I do just sitting in my office. We have
15	programs that we look at to track balances and just
16	making sure they're, you know, in the positive and
17	they're working through their budget or working
18	towards their budget.
19	CHAIRPERSON COFFMAN: So you would alert Dr.
20	Tatum if you saw a red flag or potential red flag?
21	MR. McRAE: Oh, yes, absolutely. And I did, you
22	know, yesterday, just in relation to this finance
23	report that was presented.
24	CHAIRPERSON COFFMAN: You alerted her to an
25	issue?

1	MR. McRAE: Yes. You know, just with the
2	negative balance. That negative balance is not an
3	accurate picture of their fund balance because it was
4	generated before revenue was posted for March. You
5	know, the report shows a negative \$14,000 but the
6	actual number their unrestricted legal balance is
7	\$80,251 through March.
8	CHAIRPERSON COFFMAN: Okay. Thank you.
9	MR. McRAE: Okay.
10	CHAIRPERSON COFFMAN: Ms. Smith.
11	MS. SMITH: Is it possible for us to just take
12	like a 10-minute break? I need to get some
13	understanding about something and I would like to
14	talk to Legal. Can we can I do that?
15	CHAIRPERSON COFFMAN: Sure. And Mr. Tumlison,
16	is he here from Standards?
17	DR. PFEFFER: Yes.
18	CHAIRPERSON COFFMAN: Okay. When we come back
19	I'd like to hear from you as well.
20	MS. SMITH: Is that okay?
21	CHAIRPERSON COFFMAN: Yes. A 10-minute break.
22	(BREAK: 10:49 - 11:06 A.M.)
23	CHAIRPERSON COFFMAN: Okay. Mr. Tumlison, if
24	you would come to the microphone and introduce
25	yourself.

MR. TUMLISON: Dave Tumlison, Standards Monitoring Unit.

CHAIRPERSON COFFMAN: Mr. Tumlison, if you would walk us through the accreditation report and kind of give us a little bit of information about -- we have some lettering there, I's and C's and J's. If you'll kind of walk us through that report.

MR. TUMLISON: Okay. The report you're referring to is the initial accreditation report and it's an October 1 snapshot of everything that's in eSchool and APSCN. And the codes that you're looking at is something we use internally. The "I" is Invalid data; this is a 6-8 school and all these first ones are dealing with a 9-12, the 38 required courses and courses that are for 9-12 grades. So, none of this would apply to any of the situation with a 6-8 school.

On the second page, down at the bottom, you'll see a "C." That's just a Corrected exception; we caught everything. Everything that comes out on the initial report are exceptions and then we go in and validate them as to whether they're accurate or they don't really apply, and then that is a code that we use. Due to the waivers that they have, licensure and qualified personnel, just about everything comes

off.

CHAIRPERSON COFFMAN: And then as we move on to page 4 there is a "J."

MR. TUMLISON: Let's see, page 4. Yeah, that's a Job Code violation. John Scroggins was actually -- they entered a wrong job code for him; he's not necessarily special education supervisor. So the "J" was a job code. They'd entered it in wrong into APSCN, and that's how we correct it to move it.

CHAIRPERSON COFFMAN: So it has been corrected?
MR. TUMLISON: Yes.

CHAIRPERSON COFFMAN: Okay.

Everything on their initial MR. TUMLISON: accreditation report has been taken off. And we -and I don't know if I sent somebody -- I don't know if we sent the final copy out or not; it just came out in the last little bit, last few days, and it'll be mailed out this week. They'll receive a final accreditation report and on the district page, which is the first page, it'll have No Exceptions Found. And then on the actual school it'll say they're accredited also with no exceptions found. And then it's always confusing to school districts because they don't really understand what they're looking at, so they call and explain in a panic. The standards

1	annual override report, that's everything that we
2	have removed and it comes off and so they have a
3	record of what we actually removed off of the report.
4	CHAIRPERSON COFFMAN: Okay. Thank you.
5	Any questions for Mr. Tumlison?
6	Can we move to special ed. conversations? Who's
7	here to speak regarding special ed.?
8	MS. HALEY: We have someone from finance; we
9	have someone from nontraditional programs, one of our
10	program advisors, Kristin Hughes; and we have Dr.
11	Jody Fields for IBE data. We could ask Kristin to
12	come up first.
13	CHAIRPERSON COFFMAN: Okay. If you'll state
14	your name and title please.
15	MS. HUGHES: Kristin Hughes, Special Education
16	Unit.
17	MS. HALEY: So I think Kristin can just give a
18	one- or two-liner in terms of monitoring with
19	Covenant Keepers. And it was last year?
20	MS. HUGHES: Yes.
21	MS. HALEY: Okay.
22	MS. HUGHES: It was the 15-16 school year they
23	reported one special education teacher and a child
24	count of 13 students.
25	MS. HALEY: And were there any monitoring

findings? 1 They went through the self-2 MS. HUGHES: monitoring process first. They reported back 100% 3 compliance. I then requested to review two of those 4 folders that they received, just to verify their 5 findings. I did find areas of possible noncompliance 6 7 and worked with Mr. Scroggins during a 90-day verification period. On March 17, 22, and 31, they 8 9 provided additional evidence that cleared out those possible areas of noncompliance. 10 11 MS. HALEY: So there weren't any egregious 12 findings? 13 MS. HUGHES: No, there was not a finding. 14 CHAIRPERSON COFFMAN: Okay. Thank you. 15 Any other special ed. considerations or 16 concerns? MS. HALEY: I think there were a couple of 17 18 coding errors that have been corrected, if you want 19 Dr. Fields to come up. It's up to you all. 20 CHAIRPERSON COFFMAN: Dr. Fields. 21 MS. HALEY: Oh, I'm sorry. She's not here right 22 now. 23 MS. HUGHES: She had to go to a conference call. 24 CHAIRPERSON COFFMAN: Oh. 25 MS. HALEY: There were a couple of coding errors

1	in terms of students reported on a December 1 child
2	count that were not that were entered in one
3	system and not another. And Jody has worked Dr.
4	Fields has worked with I think Mr. Scroggins to
5	correct those. There was a teacher, Mr. Scroggins,
6	that was reported incorrectly and that was noted
7	earlier in Standards, and that's been corrected as
8	well.
9	CHAIRPERSON COFFMAN: So there are no
10	outstanding issues in special ed.?
11	MS. HALEY: (Shaking head from side to side.)
12	CHAIRPERSON COFFMAN: Thank you.
13	MS. HALEY: I believe Ms. Pepper Wiley is here
14	from Finance, and I believe she told me that they had
15	over-expended. Possibly we might ask Pepper and
16	Chris Foley to come up.
17	CHAIRPERSON COFFMAN: State your name and title
18	for the record please.
19	MS. FOLEY: I'm Chris Foley, Finance
20	Administrator in Special Ed.
21	MS. WILEY: Pepper Wiley, Special Ed. Finance
22	or Camille Wiley, whichever you choose. As of the
23	Commissioner's Memo Finance 17-041
24	CHAIRPERSON COFFMAN: If you'll speak
25	MS. WILEY: the total budgeted

said earlier I did know that; I was aware of that.

25

So that's a part of that budgeting piece and moving things around to make sure that we're finishing strong.

CHAIRPERSON COFFMAN: Okay. Any questions regarding special ed.?

MS. HALEY: I have a question that's not directly related to special ed., but it was in just regard to the PBIS services that you all had referenced in using the SWIS system to look at student discipline data and make improvements in terms of kids being suspended and expelled. And I'm just wondering, you mentioned one of the individuals from Jonesboro I think that you-all have been working with for PBIS. It was --

MS. JONES: Yes. Ann Murten [ps].

MS. HALEY: Ann Murten. Yeah. And so I believe y'all have been using SWIS consistently, but I'm just wondering in terms of other aspects of PBIS if you have regular team meetings and how -- if you're looking at your routines and rituals and all those things more than just looking at the SWIS discipline data?

MS. JONES: Yes, ma'am. Those conversations come out of looking at the data and our PBIS team meets regularly to make decisions. So if we look at

the data and see that we have a lot of referrals happening during lunchtime -- we've had a talk with all the teachers in the school about policy changes that need to happen during lunch. So putting teachers in strategic areas, making sure that we're definitely keeping an eye on students and being engaged with them so that we can find out what's going on at the time and help to squelch some of the issues that may occur during that time.

MS. HALEY: And have you all discussed just like consistent expectations and rules and consequences across teachers and grade levels and all of those sorts of issues?

MS. JONES: Yes. At the beginning of the year, during our teacher boot camp this came out of the PBIS training that we had during the summer. We looked at our student handbook and we took out the expectations for the students that we felt were applicable for every classroom and those are posted in every classroom. And the teachers also have a policy for student redirection in the classrooms, so it's not an immediate dismissal from the classroom but a system that allows the teachers to talk to the students individually to work one-on-one with them. And even if our cultural coordinator needs to step in

and have a mediation meeting between the teacher and the student, that's usually a resort before disciplinary action or records or write-ups need to occur.

MS. HALEY: And I have one more question just in terms of Child Find and students being referred for possibly needing at IEP and having a disability under IDEA. Who is the person, that teacher -- if they were going to refer a student, or a parent were going to refer a student, who would they give that referral to at Covenant Keepers? Is the staff aware of that or is there a central procedure?

MS. JONES: Yes. If the staff discovers that a student in their class may require services they know to report that to John Scroggins, our special director -- our special education teacher.

MS. HALEY: Okay. And I'm just asking because you have low numbers in terms of kids with IEPs. And then I was looking in our referral tracking system and there was only one referral, which I know you're a middle school so there wouldn't be as many as in the elementary but you might expect more than that. So, I was just wondering what your procedures were.

MS. JONES: Yes, ma'am.

CHAIRPERSON COFFMAN: Who is the disciplinarian

1	outside of the classroom? Who is the building
2	disciplinarian?
3	MS. JONES: That's Leonard Blocker.
4	CHAIRPERSON COFFMAN: Is Mr. Blocker here today?
5	MS. JONES: He's not here today.
6	CHAIRPERSON COFFMAN: Okay. Thank you.
7	Dr. Tatum, would you address expulsions? How
8	many expulsions this year?
9	DR. TATUM: If I'm not mistaken, I don't think
10	we've had one. But then again, I'm thinking maybe
11	one.
12	CHAIRPERSON COFFMAN: And out-of-school
13	suspensions?
14	DR. TATUM: Out-of-school suspension, last
15	out-of-school suspensions, I don't have that
16	information. They're going to pull it up, because
17	we've looked at all of those things. So I want to
18	make sure that we tell you the right number.
19	CHAIRPERSON COFFMAN: So my next question is
20	going to be in-school suspension.
21	DR. TATUM: In-school suspension in-school
22	suspensions, we may have had 16 but they may be the
23	same students that's going to in-school suspension.
24	So 16 times, but it could be just maybe three kids
25	that have gone maybe three times.

	107
1	CHAIRPERSON COFFMAN: For out-of-school?
2	DR. TATUM: No, in-school. I thought in-
3	school suspension.
4	CHAIRPERSON COFFMAN: Okay. 16 in-school
5	suspensions?
6	DR. TATUM: Uh-huh. And we're waiting on the
7	out-of-school.
8	CHAIRPERSON COFFMAN: And what is your policy
9	with in-school suspension? Do students' grades still
10	count during that time?
11	DR. TATUM: Yes, ma'am. And that's a reason
12	that grades really dropped, the Ds and Fs, because
13	when students didn't do their homework or just missed
14	assignments then they would actually go into the ILE
15	after having a reflection meeting with the parent.
16	CHAIRPERSON COFFMAN: And what about out-of-
17	school suspension, do grades count during that time?
18	DR. TATUM: No, they don't. They're allowed to
19	make-up their work when they're out
20	CHAIRPERSON COFFMAN: I'm sorry?
21	DR. TATUM: at the discretion of the teacher,
22	according to our handbook.
23	CHAIRPERSON COFFMAN: Okay.
24	MS. WHIPPS: I'll speak on that as well.
25	Laurette Whipps again. I'm kind of over the

curriculum with the teachers and making sure students who are out of the classroom are getting what they need. We have a program called Edmodo. All teachers place all their lesson plans on there with their notes for students to be able to refer to. Any assignment is placed on there. If it's a quiz, if it's homework, whatever, teachers have to update that daily. So if a student is in ISS they have a Chromebook where they're working on that particular item, or if they're out of school we do ask them to refer to it. If they don't, we do give them those amount of days, according to the handbook, to make it up when they do return.

CHAIRPERSON COFFMAN: Miss -- I'm sorry; Ms.

Whipps, so one more quick question. Do you have a progressive discipline policy in that, you know, two strikes, three strikes, four strikes and then you're out?

MS. WHIPPS: That's a Mr. Blocker question, but as far as in the classroom it is progressive. If a student has a disciplinary issue, like Ms. Jones said, we have a policy set up where we follow these procedures. If it doesn't work, then we do a parent meeting -- we call them reflection meetings -- to try to get the child in order. If the child still is

having problems then we have to refer to Blocker, and the parent is aware that that's our next step to refer it; they'll go to ISS. You know, if it continues after ISS, then we do have to go to suspension.

CHAIRPERSON COFFMAN: Thank you.

MS. JONES: And I also want to add to that that we have New Beginnings Behavioral Health Services on our campus. And using that SWIS data we look at that and determine whether a student needs to be referred for possible behavior health reference to receive those services. And it's not just the student that receives the service but also the families. And so when we have a reflection meeting we're able to talk to the parent about whether they would like their child to receive those services and so we can work together with that partnership.

CHAIRPERSON COFFMAN: Thank you.

Dr. Gotcher.

DR. GOTCHER: General question?

CHAIRPERSON COFFMAN: General question.

DR. GOTCHER: Dr. Tatum --

DR. TATUM: Yes, sir.

DR. GOTCHER: -- earlier in our conversation

regarding the staffing did I hear that there is a

Okay.

DR. GOTCHER:

25

DR. TATUM: Yes, that's true; we do.

25

	112
1	DR. SAUNDERS: You do have other positions?
2	DR. TATUM: Yes.
3	DR. SAUNDERS: And are they paid at that
4	around that same amount?
5	DR. TATUM: Over if they've been there over
6	those years, then yes, sir, that's true.
7	DR. SAUNDERS: Do you know what the starting
8	amount for that position is?
9	DR. TATUM: Well, they've gotten increments of
10	money over time because they've been there top of
11	eight, anywhere to nine years. So they just had a
12	salary increase as well, according to our salary
13	schedule on the website. So those positions start at
14	a base salary, to answer your question.
15	DR. SAUNDERS: Yeah. I'm just curious what that
16	base salary is, if you know what the base salary is
17	for that position, and how it relates to your
18	teachers' pay at that base zero?
19	DR. TATUM: It's definitely not comparable to.
20	When they start out, it's not.
21	DR. SAUNDERS: Okay.
22	DR. TATUM: It may be on the website. It may
23	be. I don't have it committed to memory, but I know
24	it's not comparable to our teachers' salary.
25	DR. SAUNDERS: Okay. Thank you.

1	DR. GOTCHER: Can I just follow up based upon
2	that information? I don't see a salary schedule; I
3	see salary totals and
4	DR. TATUM: It's \$25,000. They looked it up.
5	DR. GOTCHER: Okay. It begins at \$25,000?
6	DR. TATUM: \$25,000. Uh-huh. And there should
7	be a salary schedule out there.
8	DR. GOTCHER: And there may be. I may just have
9	not found it as of yet. There it is. No, that's
10	just for licensed salary.
11	CHAIRPERSON COFFMAN: And a licensed educator
12	begins
13	DR. GOTCHER: Licensed educator, according to
14	the 15-16 salary schedule, is \$34,500. But that's
15	again, I may have grabbed the wrong document. But
16	DR. TATUM: It should be out there on our
17	website. They're checking it out.
18	CHAIRPERSON COFFMAN: Other general questions?
19	DR. GOTCHER: I want to explore this a little
20	bit too.
21	CHAIRPERSON COFFMAN: Dr. Saunders.
22	DR. SAUNDERS: I'm shifting gears just a little
23	bit. I wanted to come back probably the board
24	president, if you could answer one question.
25	CHAIRPERSON COFFMAN: Mr. Buckley.

	111
1	DR. SAUNDERS: I wanted to follow-up. I was
2	looking at and it comes back to what was
3	referenced earlier and it was in regards to receiving
4	a little over Mr. Rogers may correct me a
5	little over \$200,000 last year that was not
6	anticipated; is that correct?
7	MR. ROGERS: (Nodding head up and down.)
8	DR. SAUNDERS: And so that was not anticipated.
9	In looking at your general revenue that's a
10	considerable amount of the budget, you know, more
11	than 10% of your overall budget. So that was revenue
12	that came in that would not have been budgeted for,
13	and then when it came time to pay it the money was
14	not available. So my question is, for that 200,000
15	plus dollars, where did that money go?
16	MR. BUCKLEY: It's my understanding basically it
17	basically had to disperse it within the charter.
18	I'm not sure. I would have to probably get Dr. Tatum
19	to speak on that. I'm not sure exactly where that
20	money went.
21	DR. TATUM: Where did it go?
22	DR. SAUNDERS: Okay, yes. What was it spent on?
23	MR. BUCKLEY: What it was spent on?
24	DR. SAUNDERS: Yes.
25	MR. BUCKLEY: Oh, okay. I believe just whatever

1	the school administration my understanding, what
2	it normally what they normally would where they
3	would put it, so
4	DR. SAUNDERS: Were you presented as a board
5	with the idea that "Hey, we have \$200,000 coming in
6	that's extra that we did not budget for and this is
7	how we would like to spend it?"
8	MR. BUCKLEY: No, I wasn't aware that we were
9	over budget on that \$200,000, so
10	DR. SAUNDERS: Okay. Dr. Tatum, would you be
11	able to tell me about where that \$200,000 was spent?
12	DR. TATUM: I guess I'm confused. You're saying
13	\$200,000 that we \$212,000 that we didn't have at
14	the beginning or last year?
15	DR. SAUNDERS: Last well, it would've been
16	somewhat both. It was I mean, my understanding is
17	it was \$212,000 that was not budgeted for
18	DR. TATUM: And that is correct.
19	DR. SAUNDERS: and you received?
20	DR. TATUM: And Scott did a revenue piece on
21	that where we were looking at that and it went to
22	technology; there was quite a bit of bus repairs that
23	had to be done during that time. And I don't have it
24	committed to memory oh, and there was some
25	maintenance things that we done on the inside and

1 making sure that the building was at standard, as far as replacing carpet, I think repainting the walls. 2 It was some different things that we had to do 3 because of wear-and-tear in the building that we're 4 5 in, and they wanted us to do that. DR. SAUNDERS: Okay. Can you -- just to give 6 7 the totality of \$212,000 on technology, what were you looking at with technology? What was being done with 8 9 that? 10 DR. TATUM: Technology, we went to some type of 11 Wi-Fi. Now I'm not technologically sound --12 DR. SAUNDERS: That's okay. 13 DR. TATUM: -- but we went to a widespread of We're expanding to be a one-to-one 14 technology. 15 school. And then we did do two softwares, MindPlay and Ascend Math, which was pretty extensive as well. 16 17 So those are the types of things when I talk about 18 technology. It wasn't just all hardware; it was some software as well. 19 20 DR. SAUNDERS: Okay. And then you said on 21 transportation there were some repairs? 22 DR. TATUM: There were some repairs to a bus 23 where we -- Caterpillar and -- I don't even know the 24 other one's name, but they began to pretty much 25 bicker amongst each other because it was an

1	electrical issue, if you will. So one said they
2	didn't and we took it to the next, and it was back
3	and forth. So what we did, we finally took it back
4	to the holder of it and Caterpillar had to get
5	involved. So all of that chain of information, all
6	of that began to happen. So we kept getting hit with
7	bills after bills because of the two individuals,
8	taking it to one, they're not fixing it, they're
9	taking it back. So again, of course, not being a bus
10	person we just took it back to the original owners
11	and the bus is running fairly well now.
12	DR. SAUNDERS: And so that was one bus. About
13	how much money was that?
14	DR. TATUM: For the bus repairs?
15	DR. SAUNDERS: Yeah.
16	DR. TATUM: Oh, gosh. I'm going to say
17	probably, if Scott worked the numbers, anywhere from
18	\$70,000 to \$80,000.
19	DR. SAUNDERS: To repair the bus?
20	DR. TATUM: To repair the bus, uh-huh, because
21	it was an electrical issue. Yes, I'm sure it was
22	quite extensive.
23	DR. SAUNDERS: Is this a normal school bus?
24	DR. TATUM: It's a normal school bus, a yellow
25	school bus.

	110
1	DR. SAUNDERS: Okay. You know that the cost of
2	a new school bus is generally anywhere between
3	\$80,000 and \$100,000?
4	DR. TATUM: I found that out. Yes, sir. Yes,
5	sir. Yes, sir.
6	DR. SAUNDERS: Okay. And then you said the
7	other expenditures were building, carpet
8	DR. TATUM: Building, carpet, maintenance, and
9	then the technology piece.
10	DR. SAUNDERS: Okay. All right. Thank you.
11	DR. TATUM: But I could I'll just have to get
12	those numbers for you
13	DR. SAUNDERS: That's okay.
14	DR. TATUM: so I'll be spot-on.
15	DR. SAUNDERS: All right.
16	CHAIRPERSON COFFMAN: Dr. Tatum, just to address
17	the technology, I believe the last time I was there
18	you were experiencing difficulty having all your
19	computers on the network at one time. And so is that
20	what you've resolved?
21	DR. TATUM: The Commissioner was really great.
22	We told him about the problem when he visited our
23	school and he asked over and over, "How is it you're
24	sitting in the central part of Little Rock 72209 and
25	you don't have the Wi-Fi you need?" So something

1	magical happened when he left our building and we
2	haven't had that problem since. Right, Ms. Jones?
3	MS. JONES: Yes.
4	DR. TATUM: Right. So that has totally been
5	rectified.
6	CHAIRPERSON COFFMAN: And so you have good
7	bandwidth?
8	DR. TATUM: Yeah. Oh, yes, totally.
9	CHAIRPERSON COFFMAN: Good.
10	Dr. Gotcher.
11	DR. GOTCHER: Yes. Dr. Tatum, just to follow-up
12	and I'm sure you're aware of this: according to
13	the website 16-17 administrator and classified salary
14	schedule there are two classroom tutors listed, Mr.
15	Stephen Tatum, nine years experience at \$34,500, and
16	Mr. Brandon Baker, classroom tutor, also with nine
17	years experience at \$32,500.
18	DR. TATUM: Uh-huh.
19	DR. GOTCHER: There is a licensed salary
20	schedule but there is no classified salary schedule.
21	So maybe just for the sake of the Panel, why is there
22	a difference in salaries of two classroom tutors of
23	the same years of experience and there is no
24	rationale for a classified salary schedule or there
25	is not a posted salary schedule?

1	DR. TATUM: And when we get the website
2	requirements we go by what it says. It just tells us
3	to put a salary schedule out there and so I don't
4	really think the classified was a part of the
5	requirement. So we just put it out there all
6	together.
7	DR. GOTCHER: And that may be. That certainly
8	may be. But a salary schedule would imply a span of
9	experience versus salaries. So if that's not
10	required, that's certainly understandable. But that
11	probably needs to be changed on the website to
12	reflect administrator classified salaries as opposed
13	to salary schedule
14	DR. TATUM: Okay.
15	DR. GOTCHER: because the reader probably is
16	going to dig deeper to find out where is the
17	schedule. So that's something you can check with
18	Standards.
19	DR. TATUM: And that's there's salary
20	requirements not salary, but there's a list of
21	things every year that we have to update
22	DR. GOTCHER: Right.
23	DR. TATUM: and put on the website, which is
24	
25	DR. GOTCHER: State required information.

1	DI	2. 1	TATUM:	There	you	go.	Yes.	And	so	that's
2	just	we	e'll cle	ean it	up.					

DR. GOTCHER: Okay. Again, just delineating between a salary and a schedule --

DR. TATUM: Yes, sir. Schedule.

DR. GOTCHER: -- would probably be for the benefit of the readers of the website. All right. Thank you.

DR. TATUM: No problem.

CHAIRPERSON COFFMAN: Ms. Smith, let's wait just a second.

Ms. Davis.

MS. DAVIS: Okay. So I've looked back through the file and I do not have a signed Commissioner's approval letter, but that doesn't mean that there isn't one. I would have to go check the paper files. But in 2011, it does appear that there is a series of contract disclosure forms that were turned in. At the time -- and, again, this is April of 2011 that's dated on the documents. At the time, Mr. Tyron Tatum was the executive director on the board, in addition to -- I guess he provided some janitorial services to the school as well -- in addition to Dr. Tatum also disclosing it. And there is a disclosure that

24

25

had been for a couple of years; I don't know exactly when that started. But then there's also another form that said, later on, that they voted to remove him from that position, but it did say that he had been there for several years. And then there's also the request to hire him as the tutor. And then there's also a letter from Dr. Tatum that was given to Legislative Audit I guess under a finding that was discussed in their June 30, 2010 report about Stephen Tatum's salary being increased without the proper disclosures. As a result of that, it says that Mr. Tyron Tatum resigned from the school board. not sure when the removal of the Child Nutrition -how that factored into this, but there is at least some documentation that they were requesting to hire him as the tutor. Again, it's dated in our office and it looks like he was removed about the same time that they were requesting that he be approved as a I can go check the files to see what we have tutor. signed, but that's what I have electronically at my disposal right now.

DR. GOTCHER: Sure. And I think, based on some earlier conversations we've had regarding other districts, \$5,000 is the trigger to have to rerequest a disclosure; is that right? So a natural

	123
1	progression on a salary schedule would not have to be
2	
3	MS. DAVIS: It's \$5,000 for the initial hire and
4	\$2,500 for any increase.
5	DR. GOTCHER: Any increase. Thank you.
6	CHAIRPERSON COFFMAN: Thank you, Ms. Davis.
7	MS. DAVIS: You're welcome.
8	CHAIRPRESON COFFMAN: Ms. Smith.
9	MS. SMITH: Mr. Buckley
10	MR. BUCKLEY: Yes.
11	MS. SMITH: are you on the City of Fire
12	Community Development board?
13	MR. BUCKLEY: I am on a church board for
14	Community Fire.
15	MS. SMITH: You're on a church board?
16	MR. BUCKLEY: Yes, ma'am.
17	MS. SMITH: Okay. And does the church board
18	discuss money donations given to Covenant Keepers,
19	the school?
20	MR. BUCKLEY: No, ma'am.
21	MS. SMITH: Okay. Are you surprised to know
22	that your name is listed on the with the Secretary
23	of State's office as a member of the City of Fire
24	Community Development board?
25	MR. BUCKLEY: No, ma'am.

MS. SMITH:

25

This is what's filed in the

Secretary of State's office. And what I want -before you keep talking you just need to stop and I looked at other charter schools to see is listen. it common to have the principals or the superintendents on the boards of the entities, and it's not uncommon. So if you said to me, "Yes, I am," it wouldn't be an uncommon thing for that to happen with charters. Okay. But this document from the Secretary of State's office specifically says that you're on the board; it says that Tyron Tatum is on the board; it says that Mr. Buckley is on the board; it says that Mary Buckley is on the board. So unless the Secretary has it wrong, somebody is filling something out, and it's in numerous different sites where it even explains who's leading, and it says Community -- I mean, and then you get into the So you've got the City of Fire Ministries church. and then you have this City of Fire Community Development board. And one of the tax forms says \$1.8 million and that they have a regular board that meets, and it lists the six names and your name is mentioned on that one too. That was in 2014 posted. So I'm just telling you right now this doesn't

pass the smell test to me. I don't know what the details are. I don't know -- I don't have all the

current documents, but something right here is not passing.

And I'll tell you what; I started this by saying that I had questions about your salary and that right there was the biggest red flag to me. When you have 160-something students and you make \$140,000, which is what the salary schedule for this year says, something is not matching up. And then when we start asking questions about this other entity and you're not on the board, you have no reason to lie to me, you're transparent, you're not on the board, everybody's names -- the same names are listed, and so something is not -- something is not lining up.

DR. TATUM: And I will agree with you. And so I will get out there and I will get that information changed. I don't -- I don't fill that out.

MS. SMITH: So the name you gave me earlier,
Diana Jackson, when I looked her up she's not listed
as any member of the board but she is listed at the
church as the women's ministry -- women's minister.
So how does that work?

DR. TATUM: And if we go back to 2008, this is the same animal we began to deal with because the mistake of the 501(c)(3) came out of a vision with the City of Fire Ministries. That's been the hassle

	127
1	from here to there. We are mistaken to be City of
2	Fire Ministries, where we're not.
3	MS. SMITH: And that's right. So you can have
4	City of Fire Ministries folks on this board; I mean,
5	there's that can happen.
6	DR. TATUM: But we did yes, ma'am.
7	MS. SMITH: But it's not clear who the board is.
8	DR. TATUM: And I know that.
9	MS. SMITH: It's not clear who the board is.
10	And over multiple times it's very clear that City of
11	Fire Community Development and Covenant Keepers are
12	one and the same, and that's on this sheet. It says
13	the other name for
14	DR. TATUM: dba.
15	MS. SMITH: Yes, which that's okay. And if you
16	look at other charter schools you see the same thing.
17	DR. TATUM: Yes.
18	MS. SMITH: But I'm going to tell you today,
19	with your testimony it's almost like you tried to
20	separate the two, which to me it didn't make any
21	sense to me.
22	DR. TATUM: Separate which two?
23	MS. SMITH: Covenant Keepers and City of Fire
24	Community Development.
25	DR. TATUM: City of the Fire City of Fire

	120
1	Community Development dba is who we are. That's our
2	501(c)(3). We have to dba that name. I don't know
3	what you're wanting me to say or look for or
4	MR. ROGERS: And now I'm confused and I just
5	so help me out with that. I asked you earlier who
6	was granting you the money
7	DR. TATUM: City of
8	MR. ROGERS: and you said City of Fire
9	Development Center. Now you just
10	DR. TATUM: Community Development.
11	MR. ROGERS: Development. But then
12	DR. TATUM: No.
13	MR. ROGERS: now you've just said that's who
14	y'all are.
15	DR. TATUM: No. No, sir.
16	MR. ROGERS: Did I misunderstand? That's why I
17	jumped up because that's that gets back around to
18	where I was asking where the grant was coming from.
19	And I have a question, Stacy: who's the registered
20	agent on that piece of paper with the Secretary of
21	State?
22	MS. SMITH: Valerie Tatum.
23	MR. ROGERS: Now, Dr. Tatum, when you're the
24	registered agent you're the one that receives all the
25	notifications from the Secretary of State's office

1	when filing stuff has to be done, when reports are to
2	be filed. So to tell Ms. Smith that you don't know
3	now I'm having a hard time understanding the
4	difference of everything they're telling me because
5	if you're the registered agent on there then the
6	Secretary of State's office is sending you stuff
7	about that City of Fire.
8	DR. TATUM: They send yes, they do send it to
9	me and I pass it off to someone else to work, yes.
10	MS. SMITH: Who do you pass it off to?
11	DR. TATUM: One of the sponsoring agency
12	individuals, Ms. Jackson, I would imagine her. I
13	give it to her. I guess I'm asking how do I clean
14	this up at this point? What will satisfy you, Ms.
15	Smith? Do we need to be one in the same, two
16	different entities? What are you asking? What is
17	the "if" about? What do I need to show you or figure
18	out?
19	MS. SMITH: Let me ask you this: do you receive
20	any other direct funds from City of Fire Community
21	Development? Do you personally receive any other
22	direct payment or funds from the Development
23	corporation?
24	DR. TATUM: Valerie?
25	MS. SMITH: Yes, Valerie. So, I mean, within

do you receive any other funds? Besides your pay coming from Covenant Keepers, do you receive any from City of Fire?

DR. TATUM: No, ma'am, I don't.

MS. SMITH: Okay. It is not uncommon for entities who -- the charter entities to have the superintendent or the principal on their board of directors. That is not uncommon. If you go and you look on the Secretary of State's office, there are several listed.

DR. TATUM: Uh-huh.

MS. SMITH: Okay. But it's also -- that board should be making decisions, looking at the money, knowing what's being sent to the school. And in your testimony today you have clearly stated more than once "I am not on the board, I have nothing to do with the board; if we need money, I ask" -- you gave me the name Diana Jackson.

DR. TATUM: Uh-huh.

MS. SMITH: But everything that's on file says you are on the board, that you are the registered agent, and it's just not matching up to me. So I don't know exactly what needs to be cleaned up, but it's obviously that something needs to be cleaned up because this isn't jiving to me. And it started

today with me saying how is it possible for you to have that type of salary. I mean, heck, I want your job; it would be a great raise for me.

DR. TATUM: Well --

25

MS. SMITH: But I don't understand. I just -- I don't understand it. It doesn't make sense to me.

DR. TATUM: And let me help you understand the I've made tough decisions over the last two years; leadership was one. Many mornings I'm in that building or leaving late because I'm having to work to make up positions I let go, because I want to be. And I will be the loudest voice to my leadership team and to my teachers; therefore, I am there sometimes up to 16, 18 hours. That's why the proof is in the pudding 2016. 50.896 -- eight points, that's Dr. This year, moving forward, I can guarantee you the 16, the 18 hours that I am overworking we're going to have greater growth. I am working; I'm in the trenches; I'm in the community; I'm going to neighborhood association meetings; I'm going to Cloverdale, Henderson, Mabelvale, elementary schools; I'm looking at other leadership teams. Ma'am, I can't -- I'm not sitting there, trust me, twiddling my fingers. But I'm saying this to you, Ms. Smith: yes, it looks pretty on paper, but let me tell you,

1	Ma'am, I am working hard. And guess what, I really
2	feel like what I've done over the last two years or
3	three I probably should've asked for my board I
4	should've asked them when they said, "Is this
5	enough," I probably should've said I need more. It's
6	hard work out there. We've made a choice to be at
7	72209; that's where we're going to stay; that's where
8	the work is. I commend eSTEM for what they're doing.
9	I love John Bacon, phenomenal job. I love
10	Superintendent Akdemir and what they're doing every
11	single year.
12	MS. SMITH: Are your teachers working as hard as
13	you?
14	DR. TATUM: You better believe they are.
15	MS. SMITH: Then why didn't they get the raise
16	that you got?
17	DR. TATUM: And you know what
18	MS. SMITH: They didn't get the same raises that
19	you got. And I'm done talking right now. I'm done.
20	I don't have any more questions. But they didn't get
21	the same raises that you did. And when you look at
22	the salary schedule, when you go all the way back
23	it's not there. And let me tell you something: if
24	I'm going to stand up there as a superintendent of a
25	district

DR. TATUM: You cut me off.

2

MS. SMITH: -- and tell you how good I am, the first thing I'm going to do is I'm going to praise the teachers that are in the classroom.

DR. TATUM: And, Ma'am, if you would just take time to come -- because a little over a year ago -- if you go back and you look at February 17, 2016, you were the main one, Ms. Smith; you gloated over us.

MS. SMITH: It's not about academics today.

DR. TATUM: You had all of this, all of this going. My salary was still over \$100,000. I made a decision to come back. I praise my teachers. I give them raises. And guess what, as we began to stay open my teachers will see much more because they're worth it. I'm in the classroom just like they are. My day doesn't end when their day ends. what, I have a baby Covenant Keepers that I have to keep alive. So whatever it takes, 3 a.m. in the morning, 5 a.m., midnight, husband ringing the phone, midnight you're ready to go -- Ma'am, it's hard work out there in 72209. That's why the growth is where it is and we're going to have greater growth in moving forward.

CHAIRPERSON COFFMAN: Mr. Rogers.

MR. ROGERS: Just trying to bring it back down

I'm just still really even more 1 just a little bit. confused, Valerie. I just need you to help me get 2 right in my head because I swear I thought I heard 3 that you just said that the City of Fire Development 4 5 -- Community Development is doing business as us. And so that -- and so I'm not trying to get you 6 7 frustrated; I'm just trying to get myself straight. DR. TATUM: And you're not. And I've gotten 8 9 myself -- and to clear your head and to clear my head, there is a group of people with City of Fire 10 Community Development, Incorporated. 11 They meet. 12 MR. ROGERS: I get that. 13 DR. TATUM: I don't have time to meet with them, so I can't be them and Covenant Keepers. 14 15 MR. ROGERS: Who is "they?" Who? And I think 16 that's what --17 DR. TATUM: The sponsoring entity board. 18 MR. ROGERS: "They," who is that board? are the names of that board and how often do they 19 I guess that would help me understand. 20 21 Because when Stacy is showing me -- when she's talking about that list of people there, I think that 22 23 if I could just understand who "they" are and then 24 how the process that you went to meet with them to

ask them for funds to help Covenant Keepers -- but

25

then -- and maybe I -- I'd have to go back and look,

but I swear that you just said "they are us."

CHAIRPERSON COFFMAN: Mr. Walter, can you assist Dr. Tatum in helping us to explain this?

MR. WALTER: No, I don't believe so.

CHAIRPERSON COFFMAN: Okay.

MR. ROGERS: So -- and that's just what I'm trying to get straight in my head. So what you're telling me is -- because now they've given me this piece of paper, Valerie, and I'm even more confused because the corporation name is City of Fire Community Development, Incorporated; the fictitious name is Covenant Keepers. So it sounds like City of Fire on this Secretary of State's piece of paper -- which you're listed as the registering agent, so you get this every -- there's a fee you have to pay every year to stay this. You get that.

DR. TATUM: Yes, sir.

MR. ROGERS: And so if you're listed as the registering, you knew that City of Fire Development -- Community Development, Incorporated is also doing work under Covenant Keepers College Preparatory Charter School. That's on that piece of paper you get, that you hand over to Ms. Jackson to pay to renew that each year. So you have that. And so

that's why I'm not understanding when you say "no, 1 they're not us," but then you say "they are us." 2 3 DR. TATUM: Okay. And that's where I need you to help 4 MR. ROGERS: 5 me. CHAIRPERSON COFFMAN: Ms. Davis, are you there 6 7 for assistance? MS. DAVIS: I am. 8 9 CHAIRPERSON COFFMAN: Thank you. Come on up. MS. DAVIS: Okay. And I don't know that I can 10 clarify everything. I will just say that there are 11 other charter schools that their sponsoring entity 12 13 was created for the purpose of administering the I think some of this confusion, or at least 14 school. 15 my own confusion -- you may share it, you may not -is the fact that the City of Fire Community 16 Development is pretty much -- it seems to be the same 17 18 people as the school and the same people as the church itself, and it seems that it's all 19 20 intertwined; that Ms. Jackson is the one who gives 21 out the money from the Community Development sponsoring entity but is also a minister at the 22 23 church; Mr. Tatum is, you know, in the church but he 24 was also the executive director of the Community 25 Development and he also at one point in time I think

	137
1	had a janitorial service at the school; the son works
2	at the school and is also one of the church
3	leadership team, as well as the other tutor. And I
4	think that my confusion is just about the fact that
5	there's three entities but it's the same people. And
6	that may or may not be yours, but I think that that
7	just
8	MR. ROGERS: No.
9	MS. DAVIS: So I'm not as concerned about
10	MR. ROGERS: No, that's not where I'm confused.
11	What I'm confused is
12	MS. DAVIS: Right.
13	MR. ROGERS: Because I understand that there are
14	charter schools that operate
15	MS. DAVIS: Right.
16	MR. ROGERS: with their CMOs and they're
17	listed; I get that.
18	MS. DAVIS: Right.
19	MR. ROGERS: My confusion is when we first
20	started talking about this
21	MS. DAVIS: Right.
22	MR. ROGERS: Dr. Tatum said they are not the
23	City of Fire Community Development, Incorporated,
24	that charter that the Covenant Keepers Charter
25	School went to them and got a grant of \$300,000. So

1	if they are different, who did they go get that grant
2	from? And now they're saying that they're not
3	different, but they are different.
4	MS. DAVIS: Right.
5	MR. ROGERS: So that's where I'm confused.
6	MS. DAVIS: Right.
7	MR. ROGERS: Are they different or are they not?
8	MS. DAVIS: And I can't explain to all the
9	confusion, but I know that that's part of I think
10	some of the confusion that has been brought up by
11	several of the members. So that, I can't speak to.
12	So that may or may not have had any assistance.
13	CHAIRPERSON COFFMAN: For just a point of
14	clarity, Mary Perry, will you come to the microphone?
15	You have a vast knowledge of charter schools.
16	MS. PERRY: Yes, ma'am.
17	CHAIRPERSON COFFMAN: So talk us through a
18	little bit in your historical knowledge of instances
19	with charter schools where there has been the
20	501(c)(3) that is a body that oversees or
21	MS. PERRY: Uh-huh.
22	CHAIRPERSON COFFMAN: or has the financial
23	relationship with the charter school. I know we've
24	had that instance before with other charters and
25	they've gone to them for to borrow money, loans,

grants --

21

22

23

24

25

MS. PERRY: Right.

CHAIRPERSON COFFMAN: -- things like that. In your opinion then, is that what's happening here? Is there -- clear this up for us.

MS. PERRY: Yes. Mary Perry, Division of Learning Services. I don't think that I can clear it up for you. That's part of the concern here. is -- I will tell you, when you have the situation where you have a sponsoring board and a school board, the board that is ultimately responsible is the sponsoring entity board. That's the board that has the ultimate responsibility because they're the ones with the name on the dotted line for the application; they're the name on the contract that was granted. Regardless if the superintendent signs, that's the name so that's the entity with the ultimate authority. They may very well have delegated much authority to a school board. And so you do have -the configurations are not the same from one charter to the other in Arkansas, and they're not the same from state to state with charter schools, so that's the key piece. And here we don't have the clarity because it's hard for us to determine who is on the charter -- the sponsoring entity board. Some states

refer to that as the charter holder board versus a charter school board. And you have -- sometimes you have a charter sponsoring entity board that does many things other than charters. They're a huge nonprofit organization and only one of their projects is the charter school, and so that's a very common thing that you'll see some places. Here I'm not sure what we're looking at, Madam Chair. I apologize that I can't shed any light on it.

CHAIRPERSON COFFMAN: And so, Ms. Perry, in your experience, when there has been a sponsoring entity board and then a -- I'm going to call it a local school board --

MS. PERRY: Sure.

CHAIRPERSON COFFMAN: -- or that -- or charter school board -- I think I'll call it that -- is there usually a person from the sponsoring entity board that is the named person that there is a contact with? Or in other charter instances does the authorizer work with the sponsoring entity board or the charter board?

MS. PERRY: That would depend on, again, from state to state. But if you ultimately wanted to get the group who was responsible you would want to have a contact name and number for that sponsoring entity

board to know who to go to. In cases where there was
much confusion, any serious problems that can't be
rectified by the charter school board, you've got to
know who to go to and call and say, "This is serious;
we need to be dealing with you now. You are the
group of ultimate with ultimate responsibility."
CHAIRPERSON COFFMAN: Thank you. That's very
helpful.
Dr. Tatum, who is the contact person that would
on the sponsoring entity board that this
authorizer would contact?
DR. TATUM: Diane Jackson.
CHAIRPERSON COFFMAN: And is Ms. Jackson
available today?
DR. TATUM: I can't speak for her schedule.
CHAIRPERSON COFFMAN: Okay.
DR. TATUM: But I can get you the contact
information.
CHAIRPERSON COFFMAN: Okay. Thank you.
MR. ROGERS: And Ms. Jackson is on the City of
Fire Community Development board?
DR. TATUM: That is correct.
MR. ROGERS: So the Secretary of State's office
piece of paper has not been updated.
DR. TATUM: Okay.

1	MR. ROGERS: So she hasn't updated
2	DR. TATUM: You're saying has she or you're
3	asking me has she or it's not updated?
4	MR. ROGERS: I guess I'm trying to understand
5	because I'm just trying to put it together here. You
6	receive it because you're the registering agent and
7	you said you pass
8	DR. TATUM: And I pass it on.
9	MR. ROGERS: pass it on to her. So she's on
10	the board but she hasn't put herself on the board
11	with the Secretary of State. How long has this been
12	going on?
13	DR. TATUM: I'm not sure because I don't get out
14	there and look at that, so
15	MR. ROGERS: But you okay.
16	DR. TATUM: Go ahead.
17	MR. ROGERS: No, that's all right. But as a
18	registering agent you get it and that's why and
19	I'm not trying to keep beating this horse but that's
20	where I'm getting confused, because everything comes
21	to you, Val. And so I'm trying to rectify in my mind
22	how you don't see it when it comes to you. And the
23	other and you can and when you go
24	DR. TATUM: When I say that I don't see it, I
25	don't of course, I see it; I open it up and look

2

3

4

21

22

23

24

25

at it, but I pass it on. Like other information or mail that comes to me, I read it and I pass it on. So I look at it but I'm not out there -- and I didn't think to look at it before coming in here because I thought this animal had been cleaned up years ago, so evidently not. So I have to get with her and say, "What do we do to satisfy the separation between Covenant Keepers and City of Fire Community Development; what do we do, "because that's a whole board within itself that I don't sit on. MR. ROGERS: So who else is on the board besides her? Because when I look at that, the names on there, she's not on there. And I think that you're on there. DR. TATUM: Mary Buckley. I think your husband and your son are on there. DR. TATUM: No. It's over there now, so I don't MR. ROGERS: So I'm trying to -- I'm just going from my short-term memory now, so -- but that's what I think would help me if I know who is the board and why

And then going back to the grant again, so is it

hasn't it been updated.

1	running short at Covenant Keepers; we need this much
2	to finish out the year?" How does that work? Does
3	she take that to the board?
4	DR. TATUM: We start with this board here, our
5	local school board; we have that conversation with
6	them. And then I go to the to Ms. Jackson
7	MR. ROGERS: Okay.
8	DR. TATUM: and I speak
9	MR. ROGERS: Can I just I'm sorry; I'm going
10	to keep asking you questions. So when you go to this
11	local school board and you tell them, "We're in
12	financial difficulty right now, so we need to go to
13	City of Fire," is that in the board minutes? Did
14	they pass a resolution? How does that happen?
15	DR. TATUM: Yes, it's all in the board minutes
16	of this board.
17	MR. ROGERS: Okay.
18	DR. TATUM: They were there. And so we've
19	talked about it I would say just about every month to
20	show that we're making satisfaction on those
21	payments.
22	MR. ROGERS: Okay. So they have given at
23	that point they have given their approval for you to
24	go ask the City of Fire Development for
25	DR. TATUM: At its very inception, yes. Yes,

	1113
1	sir.
2	MR. ROGERS: Okay. So who do you go ask at that
3	point?
4	DR. TATUM: Who do I go ask? I go and ask Ms.
5	Diane Jackson and let her know, along with the
6	letter, this is the shortfall that we're having. And
7	so from that point my only contact was once, so I
8	don't have to go because they have it from the
9	very beginning, so I don't go every month. This is
10	the bill that they said they would satisfy.
11	MR. ROGERS: Okay. And that's I guess that's
12	where I'm getting lost.
13	DR. TATUM: So if you take \$212,000 to them
14	okay, I don't I didn't have to go back and ask the
15	next month, the next month, and the next month.
16	CHAIRPERSON COFFMAN: It was a one-time request?
17	DR. TATUM: Ma'am?
18	CHAIRPERSON COFFMAN: It was a one-time request?
19	DR. TATUM: It's a one yes.
20	MR. ROGERS: So they turned around and just
21	you said, "Hey, I need \$212,000 to pay this back,"
22	and they just
23	DR. TATUM: I don't know what they said. I just
24	give them the money; I give it to her. Then, in turn
25	they she I say "they," she tells me these are

	140
1	the installments that we will be making, and that's
2	pretty much it.
3	MR. ROGERS: So did the City of Fire Community
4	Development ever want to talk to you about why you
5	need the money or what you're planning on doing with
6	the money?
7	DR. TATUM: Of course we had the conversation,
8	Mr. Rogers.
9	MR. ROGERS: But that and that's where I'm
10	getting lost because
11	DR. TATUM: We had a conversation. Of course it
12	wasn't "huh, here's a letter."
13	MR. ROGERS: Well
14	DR. TATUM: Okay. I sit down; I have to explain
15	the shortfall, the \$110,000. Of course I'm
16	intelligent enough to do that. So, again, I had it
17	all laid out in a conversation so she could
18	intelligently go and explain it to the individuals; I
19	mean, I wasn't there. I sat down with her one
20	afternoon after I met with you and the slew of
21	individuals that was there with APSRC.
22	MR. ROGERS: Okay.
23	DR. TATUM: So I interpret that to say one time,
24	"This is where the problem is and we need this
25	money." So what else I guess where do you

CHAIRPERSON COFFMAN: I think his question that he's asking you, did you present before the sponsoring entity board. And your answer --

DR. TATUM: A presentation?

25

I can't find it. MR. ROGERS: Yes. I can't find a website or anything for your sponsoring entity. All I do, when I come back I come right back around to City of Fire Ministries, I come back to your church, I come back to Covenant Keepers. when I asked you were there board minutes when you went and talked to the City of Fire Development Center -- since I can't show that that exists anywhere other than at Covenant Keepers I don't believe that's in there; I also don't believe that you talked to her, and that's why I'm trying to get the process figured out. Because you just said, "I get a check from her when I go tell her I need the money." Then as I'm trying to dig deeper in to make sure I understand you start acting like I'm trying to get on you, when all I'm trying to do is understand. You said, "I take this to her and she tells me the installments." So then that's when I asked, "Well, how does she know what it's for?" And then you got upset again.

DR. TATUM: Sir, and I --

1	MR. ROGERS: All I'm trying to do is understand
2	it. So I don't have any more questions. I'm just
3	frustrated by the whole process.
4	DR. TATUM: And I apologize for that. I'm
5	trying to get through the conversation, because I'm
6	asking you I'm telling you as transparently as I
7	possibly can, Mr. Rogers.
8	MR. ROGERS: Okay.
9	DR. TATUM: I'm telling you. And so I would
10	really equate that to a messy management of names and
11	not really turning it over like we should.
12	CHAIRPERSON COFFMAN: Yeah. Okay.
13	DR. TATUM: Go ahead.
14	CHAIRPERSON COFFMAN: We're going to move along
15	with this, and I want to bring Mr. Buckley back up.
16	Mr. Buckley, your name appears on this state
17	Secretary of State document as a member of the
18	sponsoring entity board. Are you I think we've
19	asked you this question, but I want to just clear up:
20	are you a member of the sponsoring entity board?
21	MR. BUCKLEY: When City of Fire was first
22	first, the church was started; I was on the board.
23	And as far as my understanding, City of Fire
24	Development Center is the umbrella of as far as
25	Covenant Keepers is concerned

1	CHAIRPERSON COFFMAN: Correct.
2	MR. BUCKLEY: and my name is probably on that
3	list.
4	CHAIRPERSON COFFMAN: But you no longer sit on
5	the board?
6	MR. BUCKLEY: To my knowledge, I have not made
7	any decisions or anything on that board. No.
8	CHAIRPERSON COFFMAN: Okay.
9	MR. BUCKLEY: I'm on the church board of City of
10	Fire Ministries.
11	CHAIRPERSON COFFMAN: Right. You're on the
12	church board, which is a different board.
13	MR. BUCKLEY: Right. Correct.
14	CHAIRPERSON COFFMAN: And on the sponsoring
15	entity board, do you know when you were on that did
16	you meet regularly?
17	MR. BUCKLEY: As far as the sponsor?
18	CHAIRPERSON COFFMAN: Yes.
19	MR. BUCKLEY: I'm not sure as far as the board
20	is concerned for its regular I mean, I met regular
21	with the church board because
22	CHAIRPERSON COFFMAN: Sure. But when you were
23	your name was listed as a member of the sponsoring
24	entity board. I just wondered if during the time
25	that you were serving on that board did you meet

	150
1	regularly and sometimes discuss Covenant Keepers?
2	MR. BUCKLEY: I've never discussed Covenant
3	Keepers on the City of Fire Ministries.
4	CHAIRPERSON COFFMAN: Okay. Thank you.
5	Mr. Lester.
6	MR. LESTER: Hi. I want to talk a little bit on
7	the federal money side.
8	DR. TATUM: Yes, sir.
9	MR. LESTER: You're a school-wide Title 1 school
10	and you receive approximately \$94,000 in Title 1
11	money. And you spend you set aside about \$1,000
12	for your homeless; the other is a data curriculum
13	coordinator. What is the role of this person in your
14	school as far as being supplemental to the students?
15	DR. TATUM: What is the role of me or
16	MR. LESTER: The data curriculum coordinator.
17	DR. TATUM: These two right here, the
18	instructional specialists.
19	CHAIRPERSON COFFMAN: Is that Ms. Jones?
20	DR. TATUM: And Ms. Whipps. Uh-huh.
21	MR. LESTER: Okay. What is their role? What do
22	they do for the school?
23	DR. TATUM: They're instructional specialists,
24	so they really work through the curriculum piece and
25	professional development training. They look at the

2

22

23

24

25

different supplies and things that we need. And so that's pretty much their whole piece there.

MR. LESTER: Do you mind going through what you do in your -- okay. Thank you.

MS. JONES: All right. As data coordinator I look at all of the interim assessments we've been doing with ACT Aspire and also our NWEA testing school-wide. I also help teachers coordinate our Friday assessments in math and ELA and review the data with them. We make intervention decisions based on that data. I'm also the test coordinator for the school and so that goes hand-in-hand with data, just scheduling assessments, making sure the technology is running smoothly in coordination with our IT director. I also work hand-in-hand with our math and science teachers, and Ms. Whipps works hand-in-hand with our social studies and English teachers, just helping them look at the curriculum and align it with what the students need in the classroom. And I work with the help of Eric Waldorf in that through APSRC and ADE.

MS. WHIPPS: Again, Laurette Whipps. My focus is literacy. Again, Ms. Jones really focuses and hones in on the math aspect. So I meet with the teachers regularly. I set the PLC meetings. I look

1	at their data to see where their students are
2	struggling. I coordinate, you know, with teachers
3	how to separate their students to get what they need
4	or what area do we need to focus on. I sit down with
5	Jones, Ms. Jones, and we go over whatever data has
6	been shared with us from their ACT Aspire interims,
7	and we make decisions from there as a team.
8	MR. LESTER: All right. Thank you.
9	CHAIRPERSON COFFMAN: Dr. Tatum okay, go
10	right ahead.
11	MR. LESTER: Also you receive a 10.03(a) grant,
12	and what do you spend it on? What do you how do
13	you utilize that supplemental money?
14	DR. TATUM: Pretty much it's for our different
15	portions of the PD and for Ms. Jones as she's working
16	as the school improvement specialist for us.
17	MR. LESTER: Okay. Thank you.
18	CHAIRPERSON COFFMAN: Dr. Tatum, I have
19	documentation to show that you have about 47% of your
20	student population is now language English proficient
21	
22	DR. TATUM: Uh-huh.
23	CHAIRPERSON COFFMAN: for this school year.
24	DR. TATUM: Yes, ma'am.
25	CHAIRPERSON COFFMAN: And I know that you've

worked that community hard and really pulled in students that may be new to our country or new to our state or, you know, whatever situation they find themselves in. So you've really kind of changed the demographics of your school over the nine years; visually, I've seen that. So talk to us a little bit about ESL training and support that you're providing to your teachers. I know that you -- when I was there last, your secretary I believe was bilingual; is that correct?

DR. TATUM: Yes. Uh-huh.

CHAIRPERSON COFFMAN: And so are there other people in the school that are fluent in other languages? Talk to us a little bit about --

DR. TATUM: Yes. We have an out-of-school time program, so there's two other individuals there that help and assist in crossover to make those contacts with the parents because the needs are so great. And so all together we have four individuals that are there that's on the grounds really working, providing -- helping us provide the wraparound services for those families. And then we have two community volunteers that can come in at-hand when we schedule them well ahead of schedule.

CHAIRPERSON COFFMAN: How many languages are

	154
1	spoken in your school?
2	DR. TATUM: To my knowledge, just one. Two.
3	Yeah, two.
4	CHAIRPERSON COFFMAN: English and
5	DR. TATUM: English and
6	CHAIRPERSON COFFMAN: Spanish?
7	DR. TATUM: Spanish.
8	CHAIRPERSON COFFMAN: And have any of your
9	teachers had ESL training?
10	DR. TATUM: Yes, quite a few. And Ms. Jones can
11	speak to that.
12	MS. JONES: I also serve as the ESL coordinator
13	for the school, making sure that our students are
14	receiving the appropriate assistance and
15	accommodations in the classroom. I provide six hours
16	total a year for our teachers in ESL training and I
17	do a lot of work one-on-one with those teachers.
18	Whenever I observe them in the classroom that's one
19	of the things I'm looking for, to make sure that they
20	are taking care of those students and making sure
21	that they have comprehension of what's being taught
22	in the classroom as well, and provide them with
23	additional materials that they may need to serve
24	those students.
25	I also have an intervention group with our

it's made up mostly of our first and second year students that are new to the United States and really supporting them in their class work. So they'll have an assignment in math or an assignment from their English class and we'll get together after lunch and just talk through it and I'll be able to scaffold that information for them.

As far as additional training, we have encouraged several of our teachers to participate in the ESL academy that's taking place this summer as well.

CHAIRPERSON COFFMAN: Ms. Jones, how are you accommodating these students with your interim assessments or your formative assessments?

MS. JONES: I missed the first part of your question. I apologize.

CHAIRPERSON COFFMAN: How are you accommodating these learners with your formative assessments or your interim assessments?

MS. JONES: So during the interim assessments we allow the same accommodations that we do during the summative assessments, meaning extended time, and we also allow them to use their English to Spanish dictionaries as well. We don't want to provide so many accommodations during those tests because we

1	know that they won't receive those during the
2	summative, and so we just want to provide the same
3	that is stated in their ELPAC for both the formative
4	and the summative.
5	CHAIRPERSON COFFMAN: And are you also the ELPAC
6	chair?
7	MS. JONES: I am. Yes, ma'am.
8	CHAIRPERSON COFFMAN: Dr. Pfeffer.
9	DR. PFEFFER: I have a question for Ms. Whipps.
10	And I was looking on the website and you are a 6th
11	grade English Language Arts teacher; correct?
12	MS. WHIPPS: I do teach 6th grade English as
13	well. Yes, ma'am.
14	DR. PFEFFER: Okay. And then you but you do
15	a lot of work with coordination for curriculum
16	coordinating
17	MS. WHIPPS: Yes.
18	DR. PFEFFER: and things like that?
19	MS. WHIPPS: Uh-huh.
20	DR. PFEFFER: So in looking online and on the
21	page where, you know, students and parents have
22	access to curriculum and homework, I'm noticing that
23	the curriculum is still referred to as Common Core
24	curriculum. And I wanted to just verify with you
25	that you all have updated to the updated Arkansas

Academic Standards --

MS. WHIPPS: Yes, uh-huh.

DR. PFEFFER: -- and discussed, you know, the fact that the Common Core State Standards still being there as a curriculum foundation could be presenting a problem with regards to alignment and instruction.

And so could you speak to that a little bit?

MS. WHIPPS: Yes, ma'am. I did note with the team with the change in the standards the website probably still doesn't reflect it. So that's something we need to update.

CHAIRPERSON COFFMAN: Ms. Whipps, while you're there -- and this is really for you and Ms. Jones, both -- looking at the concordant score -- and I don't know if you got a copy of this?

MS. WHIPPS: We did. Yes, ma'am.

CHAIRPERSON COFFMAN: Okay. As I look at that, certainly there is -- 2016 is showing progress from 2015, but there was a dip -- and certainly understandable; you know, we've had some changes over the last few years. But what is consistent is that students are underperforming. And talk to me a little bit about -- I know you're working hard and you're trying to change that, but what is going to make that change and how long should we expect that

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

change to come? I mean, the school has been in existence nine years and we've seen these same struggles. And I know that you've certainly done a great job of reaching out to the community and everything, but let's just talk academics.

MS. WHIPPS: I'll start off with our struggles. You know, we started out actually really strong when we were doing the Arkansas standards. Our students were pretty proficient up there with everyone else. We did start to take a dip when it was time to switch over to Common Core and getting our teachers really acclimated to the deliverance of the Common Core. And one of the changes that we put in place for that for our teachers was the switch in our curriculum when we decided to move to Expeditionary Learning for This really helped our teachers. Of course, it took us some time to dive into that. And I was kind of working on my own at first, and I brought in the other English teachers to help, but focusing on what works for our students, what can we remove from this to replace it with something that would really help our students more. We finally got that underway and this year has really shown that in our ACT Aspire interim assessments that what we're doing right now is really working. And I think it was just a matter

of our teachers truly understanding how to teach that rigor of Common Core. I'm constantly having Monday workshops with our teachers on how to push the rigor. The rigor doesn't come from the teacher; it really comes from the student. I can give you tools in order to implement this rigor, but if the students are not taking this in and applying it correctly then it's not going to happen for them. I can talk all day long, but the students really need to be the ones who are pushing this out and thinking on their own, and moving more from thinking from the teacher.

MS. JONES: I also do want to remind you what our mission is. It's to serve 72209. And the students that come to us are several grade levels behind and so our goal is to make as much growth as possible. I know that growth does -- should eventually turn into proficiency, and so that's what we're pushing for. With our numbers being -- you know -- from the past three years, 43, 42 and 50, we believe that with one or two more years we will be off academic distress because we're going to continue doing the things that we know that work, really using those formative assessments to inform interventions and to improve Tier 1 instruction as well.

CHAIRPERSON COFFMAN: But I would think you're

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

not satisfied with less than half of your kids proficient, and so those kids are going on into future grades unprepared. And so the students in 72209 deserve the very best; that's what we're asking for, not half. We're asking for the best.

MS. WHIPPS: And I agree with you one-hundred percent. So looking at them coming in three to four grade levels behind and then leaving us only two grade levels behind, you know, we are truly preparing I wish that I could take them from an 8th grader coming to us at the 3rd grade level and putting him directly, or she directly, on 8th grade. That's an impossible task. But if I can get you as close as I can and I can build your thinking mentality where I'm going to continue to grow myself when I hit high school, despite what I'm being faced with, I'm still going to be able to take this in, study on my own, get the help, ask the questions that need -- I mean, our focus this year was the growth So if they take this mindset for our students. growth mindset with them, even if they're still two levels behind, they're going to make that gain over the next year-and-a-half.

CHAIRPERSON COFFMAN: Dr. Saunders.

DR. SAUNDERS: Do you have a follow-up? Okay.

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

I know that in your presentation you did a thing there with comparison to similar schools -- and, you know, the term "similar schools" or whatever else can be interpreted 100 different ways. So let me tell you one thing that I just did, and just for discussion was, you know, I tried to look at schools within the 72209 Zip Code that serve similar students, and basically was able to find one I thought that matched pretty close and that was And within Cloverdale, for example --Cloverdale. I'm looking right now at 14-15 data -- they have actually a higher LEP percentage, Cloverdale, than They have a higher low-income percentage you do. than you do, as well as a three times special education percentage than you do. And so just stating that right there it's a very comparable population, very comparable school within the area, with similar demographics of the students. And what I looked at, I looked at the trends in the data. So I looked at 6th grade literacy/math, 7th grade literacy/math, 8th grade literacy/math. 6th graders at Covenant Keepers outperformed Cloverdale by a ways. And this is 2014, correct? MS. JONES: DR. SAUNDERS: 14-15 data.

MS. JONES: 14-15. Okay.

DR. SAUNDERS: 14-15. But then that wasn't the case in 7th grade and it wasn't the case in 8th grade. And so that led me to thinking, well, is it the case that as the students are there longer they are no longer performing at a similar school -- at the rate of a similar school? So then I pulled up the 15-16 data. I pull up the 15-16 data and I get the exact same thing. In 6th grade they are outperforming but not in 7th grade and not in 8th grade. And so as the kids are there longer -- they start off up here, compared to with a similar school, but then after two years it's flip-flopped. Can you address that?

MS. JONES: I do want to state that, looking at our 7th and 8th grade students, they don't make up all of the students that have been with us three years, is what I'm saying. So the 7th grade students we have, some of those are brand-new students; same with our 8th grade students. So that is something -- that is something to look at and shows that we do have more improvement still to make with our math and ELA.

DR. SAUNDERS: Okay.

CHAIRPERSON COFFMAN: Okay. I think we've

	163
1	addressed this from every angle.
2	As I recall, initially, Ms. Davis, the State
3	Board asked us to review this charter.
4	MS. DAVIS: Uh-huh.
5	CHAIRPERSON COFFMAN: And do you have any
6	outstanding issues that you'd like us to be aware of
7	before we make a motion?
8	MS. DAVIS: I do not. I just if anything, I
9	would remind you of what your options are today.
10	CHAIRPERSON COFFMAN: Please do.
11	MS. DAVIS: And that would be that you can take
12	no action that would be an option for you; you may
13	modify this charter; you may put the charter on
14	probation; or you may vote to revoke the charter. So
15	those would be your options or, like I say so
16	or any of the above actions.
17	DR. GOTCHER: One more time.
18	DR. SAUNDERS: Yeah, please.
19	CHAIRPERSON COFFMAN: No action, modify the
20	charter, probation, or revoke the charter.
21	And any of those actions would then go before
22	the State Board in May?
23	MS. DAVIS: They would.
24	CHAIRPERSON COFFMAN: And then the State Board
25	at that time would review or not review?

	104
1	MS. DAVIS: Uh-huh.
2	CHAIRPERSON COFFMAN: And then if they decided
3	to review they would either review in June or have a
4	special board meeting?
5	MS. DAVIS: That's correct.
6	CHAIRPERSON COFFMAN: Okay.
7	MS. SMITH: I need clarification on probation.
8	If someone is on probation, what are we looking at
9	there? I mean, what is
10	MS. DAVIS: I'm going to get Alexandra up here.
11	She will probably speak more clearly to what that
12	impact is.
13	MS. BOYD: So if you put the Charter on
14	probation you can outline what that probation
15	entails. So you may require additional reporting,
16	additional monitoring, additional information. Also,
17	you want to keep in mind that probationary status
18	will put the school in jeopardy from not being able
19	to receive certain funds. So like the facilities
20	funding that's available to schools, if the school is
21	on probation they can't receive that funding.
22	CHAIRPERSON COFFMAN: And do they receive
23	facilities funding now? They're on academic
24	distress.
25	MS. BOYD: Yeah, they're on academic distress,

	165
1	so they don't receive that funding now. Thank you.
2	CHAIRPERSON COFFMAN: So they don't receive
3	that.
4	DR. GOTCHER: I think in my history here we
5	don't we haven't placed a charter on fiscal
6	distress
7	MS. BOYD: Right. So
8	DR. GOTCHER: because go ahead.
9	MS. BOYD: Because the law doesn't provide for
10	us to do that. The laws or the rules don't provide
11	for us to do that. And in the past we haven't put
12	schools in the recent past, we haven't put schools
13	on probation that are already that already have a
14	label of high intervention, like academic distress or
15	priority or focus, because those schools are already
16	receiving levels of intervention. So if you want
17	more intervention above what goes on provided by that
18	label, then I guess that's where probation may be
19	appropriate. Does that make sense?
20	DR. GOTCHER: Yes, ma'am. Thanks.
21	CHAIRPERSON COFFMAN: Ms. Boyd, just for
22	clarification, how often does Covenant Keepers reach
23	out to your office for assistance? Or does your
24	office
25	MS. BOYD: Right. So we

1 CHAIRPERSON COFFMAN: -- make the contact? MS. BOYD: We visit all schools annually. 2 try to visit new schools twice a year. I would be 3 operating off of memory to know if -- to remember if 4 5 they've reached out to us. Sorry. Ms. Virginia Perry says that in the last three 6 7 months they have -- six months they haven't reached 8 out to us, but she has been on-site three times. 9 Mr. Freddie Scott has been attending their board 10 meetings. 11 I can't recollect them reaching out to us, but I can't say that they haven't for sure since I've been 12 Program Advisor and Director of the Charter Office. 13 CHAIRPERSON COFFMAN: Ms. Smith. 14 15 MS. SMITH: I would like to talk to Ms. Virginia 16 Perry and Mr. Scott, please. Ms. Perry, if you'd just take a moment and kind 17 18 of give me your -- just from visiting the school on three occasions, kind of your summary of -- did you 19 see effective practices? Did you have things that 20 21 concerned you or did you see things that were going 22 in the right direction? Just your --23 MS. VIRGINIA PERRY: In the times that I've been 24 there everything appeared to be in order. I 25 basically observed -- the last visit I was there to

do classroom observations and I can testify to the rigor definitely being there. The students were actively engaged. The lesson objective was a measurable objective and the instructional practices were relevant to the kids actually meeting the actual objective. I actually noticed a newcomer ESL or ELL student that was there and accommodations were definitely being provided to that student. Classroom rotations and transitions were orderly. I spent time with Mr. Scroggins, the special education teacher, and reviewed files there, and I've been able to see evidence of the work that he's done with Ms. Hughes. Everything appeared to be in order.

MS. SMITH: Okay. Thank you.

Mr. Scott, in attending board meetings -- and this has been a discussion that we've had regarding other charters too, about training boards to recognize their role as board members. And so in your attendance of a board meeting have you seen that this board acts as an acting board or is it kind of a -- I mean, what is your observations there?

MR. SCOTT: Certainly. Freddie Scott,

Operations Manager, Charter Schools Office. I

attended one board meeting, January 24th. The plan
was to have an unannounced board meeting where I

would just observe. Also I presented to them a rubric that's been created, a dashboard with key performance indicators of best practices for -- from a governance perspective; I shared that with them. I noticed that there's a need for some professional development from the standpoint of holding a superintendent accountable in those key areas of academics, finance, and operations. My plan was to revisit that and offer to them professional development in those areas. I was pleased from a professional skill-set standpoint that they have dynamic individuals on the board who are willing to learn.

MS. SMITH: Okay. Thank you, sir. Thank you, Ms. Perry.

CHAIRPERSON COFFMAN: Dr. Gotcher.

DR. GOTCHER: Madam Chair, just a comment. I'm not addressing anyone, but just for the sake of comment -- I recall approximately a year ago, maybe longer -- one of the things that I look at in all of our educational institutions is the mission statement, and I recall bringing up the opening statement of your original mission statement about providing academically rigorous college preparatory programs for all students. And I recall at the time

having -- I may have addressed to Dr. Tatum how I 1 haven't seen that. Because I've always believed that 2 when you think of a charter that's providing 3 expansive opportunities for pupils and parents -- I 4 5 do believe that Covenant Keepers has addressed a need for a particular body of students, and when I look at 6 7 their current mission statement and how it's changed through the years -- I don't know how many changes 8 9 it's evolved -- but now the mission is to change the 10 trajectory of the students' academic path through development of higher-order thinking skills, et 11 12 cetera. So I appreciate that the institution has 13 recognized that what was maybe at the beginning in the 72209 area has changed, and so I want to commend 14 15 them for being responsive to the students that they 16 However, today, I'm not as concerned with the trajectory of students' academic paths. I think the 17 18 evidence is certainly promising. I believe the data is demonstrating that they are moving in the right 19 But I think I'm most concerned -- and to 20 direction. 21 be honest, surprisingly concerned -- that the 22 finances are not as strong as I was hoping, and so 23 I'm very thankful that our team has been able to 24 provide some insight. But I also am most concerned 25 about the governance and the structure, or the lack

of, as we've learned through the discussion.

25

So I'm not sure what my next step needs to be as a Charter Panel member, but I know that I've moved from -- I've moved from seeing some promise in the academic trajectory, according to the mission statement, to some grave concerns in governance and finance. So I'm still pondering our next steps as a Charter Panel.

CHAIRPERSON COFFMAN: Additional discussion?

DR. PFEFFER: Yes. And following up on what Dr. Gotcher was saying there, just looking at this from the statistics end, My School Info, their district per-pupil expenditures are \$11,540, and they do serve a student population that is low-income. But their average years of teaching experience is one year and that, coupled with some of the discussion we had on the governance and the finance, that is very concerning to me. And we know that improvement is not going to occur and be sustained without having a quality educator workforce ongoing. And I do have concerns about the governance structure over overseeing all of that, because for average years of teaching experience to be one year -- and the data that was reported to us, there was a turnover rate of 67% as reported in their October 1 from, you know,

previous year to current year. I think that would've been last academic year to this. So, you know, those are just some -- those are some numbers that concern me.

CHAIRPERSON COFFMAN: Ms. Haley.

MS. HALEY: I just have -- I don't know if it's a question or just a discussion, because Ms. Boyd shared that if a charter in the past had been on an intensive intervention path, whether it be academic or fiscal, that the Charter Panel had not typically put the charter on probation. But Covenant Keepers is in academic distress at this point, because we don't have fiscal distress, but what I'm hearing are fiscal and governance issues. And I'm just wondering, you know, being on academic distress isn't necessarily going to be -- the intervention isn't going to be focused on fiscal and governance exclusively, so I'm just wondering if this might be a time to do that.

CHAIRPERSON COFFMAN: Any additional discussion?
Then I'll accept a motion.

DR. GOTCHER: One more bit of discussion, Madam Chair. I apologize.

CHAIRPERSON COFFMAN: That's all right.

DR. GOTCHER: Ms. Davis or maybe Ms. Boyd,

either one; I know that Ms. Boyd started it. If this Panel outlined a very specific probationary step -- steps, multiple steps, that is an option this Panel has. It can have a calendar, it can have due-dates, it can have all of those pieces, as specific as this Panel so chooses. Correct?

MS. BOYD: That's correct.

CHAIRPERSON COFFMAN: And can that include fiscal and governance?

MS. BOYD: Yes. That can include anything that has to do with the charter itself. You all are the authorizing body and so you hold the authority to request any information or compliance you need from the Charter.

DR. GOTCHER: And while I recognize that is our -- is an option for this Panel, my concerns are the things that may or may not be discovered through that probationary period, as we've discovered today. So that is my comment and that is my pause for not making a motion for a detailed outline for probation. Thank you.

CHAIRPERSON COFFMAN: When the Panel is ready I will accept a motion.

MS. BOYD: Something that might help, if you do go with probation and a detailed list of information

2

25

you want, at any public meeting you can amend that information without going through the complete hearing procedures that we did today. So, for instance, if they come forward to give you a report, if you want something different or you want something additional after they give the report, you can request that in that public meeting -- and the emphasis is, to clarify, what you need instead of completely new information. I guess if you were requesting something completely new then you would have to go through a new hearing procedure. instance, if you do probation and you want more information about finance and then you want more detailed information about finance in the future, you wouldn't have to hold another hearing procedure. if you do probation and only talk about finance and then talk about academics, and you wanted more academic information in the future, then you would have to have a new hearing. Does that make sense? And, Madam Chair, I'm afraid the DR. GOTCHER: probationary pathway is too expansive for anyone to do in a motion. I don't know what this would --CHAIRPERSON COFFMAN: I think the motion is probation and then you detail --DR. GOTCHER: At a later date?

CHAIRPERSON COFFMAN: Right. Do you detail today what would go into probation? Guidance.

MS. DAVIS: I think that you could, if you decided to vote for probation, give the areas in which you wanted to -- and what we did in the previous meeting when we had requested a charter come back with specific information for review, you could collectively get your information to the Charter Office so that way they can include it in the letter. So that way you're not having to think like immediately but, you know, the general areas in which you want.

DR. GOTCHER: I'm not ready to make a motion.

DR. SAUNDERS: I'm not ready to make a motion, but I just -- I do want to say I have concerns not just about the academic and the finances, but I think, you know, when we talk about governance and kind of what Dr. Pfeffer was talking about earlier. I've always been told that you can, you know, look at somebody's priorities by their checkbook and their calendar, where they spend their time and where they spend their money, and you look at this district and it has some of the highest expenditures per student basically across the state. And so you're looking at how those funds are spent, which we addressed many of

1	them today, but then I look up based upon the data
2	reported to ADE from the school, that there's not a
3	before-school program for kids, there's not an after-
4	school program for kids, nor a weekend program, nor a
5	summer program. So I just I have concerns kind of
6	from the top down, like I said, about the way you
7	allocate your resources, and resources being time and
8	money, so
9	DR. TATUM: And we have those that you
10	mentioned, before-school tutoring. We will have a
11	summer-time; we've had it for two years. And we do
12	have out-of-school time now.
13	DR. SAUNDERS: I would make sure that you update
14	your information that you submit to the Department to
15	reflect that.
16	DR. TATUM: Yes, sir. Will do.
17	DR. GOTCHER: Help me understand, Dr. Saunders.
18	So what you just reported is not on
19	DR. SAUNDERS: It's not being reported to us.
20	It would pull from the cycles. There's a LEA profile
21	page.
22	DR. GOTCHER: Right.
23	DR. SAUNDERS: We have the opportunity to enter
24	those pieces of information, as well. There's the
25	academic programs, enrichment programs that are

	170
1	offered, which is displayed on the profile on My
2	School Info. And matter of fact, we just put out a
3	Commissioner's Memo last week about that, re-pulling
4	for Cycle 7 to populate that data. So you can
5	address that Commissioner's Memo and know exactly
6	where that is and make sure that's accurate.
7	DR. TATUM: What's the name of that again?
8	DR. GOTCHER: And that just that's concerning
9	because if those things are happening and we don't
10	have evidence of that that's what I was referring
11	earlier to those layers that are yet to be discovered
12	or may be discovered if we place them on probation.
13	So I'm concerned, Panel, if we sit here and
14	discuss things longer what other things might we
15	discuss, and my sense of concern just continues to
16	grow.
17	MS. SMITH: I make a motion to revoke the
18	charter based on financial concerns, governance
19	issues, and academic distress.
20	MR. ROGERS: Immediately or June 30th?
21	MS. SMITH: June 30th.
22	MR. ROGERS: I second.
23	CHAIRPERSON COFFMAN: Motion has been made by
24	Ms. Smith, seconded by Mr. Rogers to revoke the
25	charter, effective June 30, 2017.

	177
1	Any discussion?
2	I'm going to take an individual vote.
3	Dr. Gotcher.
4	DR. GOTCHER: I vote for the revocation, June
5	30th.
6	CHAIRPERSON COFFMAN: Ms. Haley.
7	MS. HALEY: I vote against the revocation, June
8	30th.
9	CHAIRPERSON COFFMAN: Mr. Lester.
10	MR. LESTER: I vote for the revocation on June
11	30th.
12	CHAIRPERSON COFFMAN: Dr. Pfeffer.
13	DR. PFEFFER: I vote for the revocation.
14	CHAIRPERSON COFFMAN: Mr. Rogers.
15	MR. ROGERS: For.
16	CHAIRPERSON COFFMAN: Dr. Saunders.
17	DR. SAUNDERS: For.
18	CHAIRPERSON COFFMAN: Ms. Smith.
19	MS. SMITH: For.
20	CHAIRPERSON COFFMAN: Six-one, motion passes.
21	If you'll give us a moment, we'll give you the
22	detailed reasons.
23	(A FEW MOMENTS OF SILENCE)
24	CHAIRPERSON COFFMAN: Dr. Gotcher.
25	DR. GOTCHER: I voted for the revocation of the

charter as of June 30th. My reason: an increased revelation of inconsistencies in reporting, financial concerns, and governance transparency issues led me to vote for the revocation of this charter, effective June 30, 2017. My decision is based on what I feel based upon the evidence is in the best interest of students.

CHAIRPERSON COFFMAN: Ms. Haley.

MS. HALEY: I voted against the revocation. While I recognize there are serious issues with finance and government, I believe the charter has provided a needed service to the population they serve and would prefer they have been placed on strict probation prior to revocation.

CHAIRPERSON COFFMAN: Mr. Lester.

MR. LESTER: I voted for the June 30th revocation. I believe that the charter should be revoked based on continued failure to meet academic and fiscal performance criteria deemed appropriate and relevant to the charter -- for the charter by the authorizer.

CHAIRPERSON COFFMAN: Dr. Pfeffer.

DR. PFEFFER: I voted for the revocation. Out of concerns for the governance structure combined with questions about finances and current data lead

1 to too many concerns to support the continuation. CHAIRPERSON COFFMAN: Mr. Rogers. 2 MR. ROGERS: I voted for the revocation on June 3 30th due to ongoing academic issues, questions 4 5 surrounding governance, data input and fiscal responsibility. The two years longer they said for 6 it to get up to achieving standards just was too much 7 for me because they're on academic distress right 8 9 now, and just to continue on and on, I think this is in the best interest of the students. 10 11 CHAIRPERSON COFFMAN: Dr. Saunders. I had concerns over the 12 DR. SAUNDERS: Yes. 13 governance, finances, and academics. CHAIRPERSON COFFMAN: Ms. Smith. 14 MS. SMITH: I voted for. While I believe the 15 16 school has been working on academic improvement, as testified by Ms. White from ADE School Improvement, 17 18 as shown in previous CAP meetings, however, I have many concerns regarding the lack of transparency in 19 20 governance and finances, alongside the current 21 academic distress. CHAIRPERSON COFFMAN: Ms. Smith -- Ms. Davis, 22 23 would you address the next steps for this charter? 24 MS. DAVIS: Yes. I think that they passed out 25 possibly the copy of the rules. I have it right

2

24

25

So, you know, this will have to go before the State Board and -- for the decision. However, there are rules, Section 7 of the Public Charter School Rules, that deal with the closure or dissolution of a charter school that require 15 days after the authorizer votes to non-renew or revoke the charter school or sponsoring entity shall furnish to the Department of Education -- there's a complete list of like inventory, account numbers, debts and obligations that are owed. So that is something that the charter will probably need to start compiling -and, you know, of course pending the State Board -but start compiling that information. There should be a timeline established by the Department to send written notices of closure, as approved by the Department, that would go to all the parents and legal guardians of the students, employees of the charter, creditors of the charter, and school districts in which students of the charter reside.

There's also rules regarding the notices that must be sent as far as the effective date of closure and the last date of instruction. And then contact information of the person employed by the charter school or sponsoring entity that handles those inquiries. Parental notices must also include the

school districts residence and contact information for the enrollment office; a statement that parents should contact the resident school district or any other charter school where the student intends to enroll and ask that they request transfer of those educational records, and other contact information. So these are, again, additional information that the school might want to go ahead and start compiling. There's also requirements regarding employee notices and benefits. And the Charter Office can set deadlines for these notices but work with the school in case that there are reasons why those notices can't go out. And there's also an additional entire section that deals with assets of the school and what happens with those upon dissolution. But at this point there is an entire list of things that the district, as far as assets that were bought with school money and state money, of what they need to start compiling. CHAIRPERSON COFFMAN: Thank you. Any final words before lunch recess? And it is five-till-one. What time would you like to reconvene? All right. We'll regroup at 1:30. Thank you. (LUNCH BREAK: 12:53 - 1:37 p.m.)

1	(COURT REPORTER'S NOTE: Dr. Saunders was not
2	present for the afternoon session of the Charter
3	Authorizing Panel.)
4	A-5: HEARING CONTINUATION AND POTENTIAL ACTION ON OPEN-
5	ENROLLMENT CHARTER SCHOOL: ROCKBRIDGE MONTESSORI SCHOOL
6	CHAIRPERSON COFFMAN: Ms. Davis, will you go
7	over the guidelines?
8	MS. DAVIS: Yes. Okay. So for this action item
9	you will need a motion to un-table it, since you did
10	table it last meeting; so you will need a motion to
11	un-table it. And you had already it's a
12	continuation of last month's meeting or last month's
13	the time that they met, so there will be no more
14	presentation; it will be purely a question-and-
15	answer. You can ask the applicant, you know, if they
16	want an update, but it's still back to the question-
17	and-answer period and for you to make your decision.
18	And your decision today is much like the last action
19	item: you can vote to take no action, you can vote to
20	modify their charter, to put their charter on
21	probation, or revoke their charter. However, though,
22	I would go ahead and re-swear anybody in who wants to
23	even though it is a continuation from last time,
24	but just so there's no confusion.
25	CHAIRPERSON COFFMAN: Okay. If all

representatives from the Charter would please stand and all of the Department and anyone else that might speak regarding this issue, raise your right hand. Do you swear or affirm that the testimony you're about to give shall be the truth, the whole truth, and nothing but the truth?

(ALL SPEAKERS ANSWERED AFFIRMATIVELY)

CHAIRPERSON COFFMAN: Thank you.

Mary Perry, you are recognized for Action Item
5.

MS. MARY PERRY: On March 15, 2017, the Charter Authorizing Panel began a full review of the Rockbridge Montessori School open-enrollment charter. As stated in the February 16, 2017 hearing letter to the Charter, and by Ms. Davis a few moments ago, possible actions allowed by the statute include placing the school on probation, modifying the open enrollment charter, and/or revoking the charter.

At its March 15, 2017 meeting the Panel tabled action until today's meeting and requested specific information from the Charter. The Panel packet includes documents prepared by the Arkansas Department of Education staff and documents submitted by the Charter.

With a motion and vote to table -- to un-table,

	104
1	excuse me, from the Panel the hearing that began on
2	March 15th can continue with questions and answers.
3	And as you know by the swearing in, there are quite a
4	few folks here ready to take your questions from the
5	Charter.
6	CHAIRPERSON COFFMAN: Okay. I'll accept a
7	motion to un-table.
8	DR. GOTCHER: Motion to un-table.
9	MS. SMITH: Second.
10	CHAIRPERSON COFFMAN: Motion has been made by
11	Dr. Gotcher, seconded by Ms. Smith to un-table.
12	Any discussion?
13	All those in favor?
14	(UNANIMOUS CHORUS OF AYES)
15	CHAIRPERSON COFFMAN: Any opposed?
16	Motion approved.
17	Any preference from the Panel as to the
18	organization of our initial questions? I can take it
19	down the list of the things we asked them to send;
20	does that work?
21	MS. SMITH: Yeah. I'd like it if we take it
22	if we'll go by the list and just finding out
23	specifically what things have been cleaned up in the
24	month that we asked them to come back, since we had
25	lots of things last month that were up in the air,

1	including their numbering, their coding, special ed.
2	findings, their board operations, governance. So
3	that would be helpful to just go down the list.
4	CHAIRPERSON COFFMAN: Mr. Nuckols, I'm assuming
5	we'll start with you. And you have with you today
6	your several board members. If you would let us
7	know who you have with you?
8	MR. NUCKOLS: Yes. Yes, good afternoon, Ladies
9	and Gentlemen. Steven Nuckols, Head of School for
10	Rockbridge.
11	Yes. Mrs. Gober is in attendance today with
12	special ed.; Mrs. Nuckols is here, curriculum
13	director, along with our school board members: Mr.
14	Jack Ciak, our treasurer; Mr. Roy Albert, secretary;
15	and Mr. Bennett is the board president.
16	CHAIRPERSON COFFMAN: All right. I think we
17	started off with your organization chart of your
18	board, so and there may have been some
19	reorganization within your staff. Is that correct?
20	MR. NUCKOLS: Yes, ma'am, that is correct.
21	CHAIRPERSON COFFMAN: Okay. So, why don't you
22	start with the organization of your staff and then
23	we'll ask your board president to give us the
24	organization of the board.
25	MR. NUCKOLS: Yes, ma'am, of course. So as you

can see based on documentation that was submitted for myself, being Head of Schools, a description of duties and responsibilities that are currently listed. There are several -- to include additional duties that have consumed quite a bit of time at Rockbridge, knowing that E-school data input is extremely important, all tied to enrollment and attendance, along with child nutrition, as I've taken that on as well; and knowing that's been a huge piece, especially as we become CP qualified this year and knowing that's been the best for the children and knowing it is costly in a sense, but we do know that for the children's sake that's certainly an advantage for them.

I also serve as human resource officer for the school, all dealings with health insurance, et cetera, Arkansas Teacher Retirement and things of that nature. So along with running day-to-day operations of the school there are additional job duties and responsibilities that I must carry on with. Of course, we have been without an office administrator -- well, I should say the whole time -- until just recently, knowing the need and the -- well, basically the requirement in order to free me up to do the tasks that are needed. And so we've --

25

we were able to find a part-time office administrator. She currently is a student at UALR but is able to give us at least about 15 hours a week at the school to operate as a front office assistant, answering phones, faxing requests, and doing initial paperwork that I typically have been doing the last several months in order to maintain the recordkeeping. So that's been a great help.

In addition too, we did have a teaching assistant that resigned and she has been since replaced in the past two weeks. So there was not an additional cost: it was a one-for-one trade in that And then carrying on then with Mrs. Nuckols sense. continuing as curriculum director for the school and driving the Montessori vision for the school, and knowing that she's really the true expert in knowing what requirements -- AMI requirements that are needed to be in place for us to become AMI credentialed. And that's our, of course, long-term goal, knowing that that's certainly something we are reaching for and beginning that initial processes for doing so as we contact an initial consultant that will come in and assist us in becoming AMI credentialed.

CHAIRPERSON COFFMAN: And special ed. teacher?

MR. NUCKOLS: Yes, ma'am, of course. Mrs. Wade,

currently on staff still with Lighthouse, is still assisting us in continuing the IEP process. In fact, some additional IEPs were completed and sent to Mrs. Hughes just recently as an initial update. She continues to work primarily in the evenings, helping us, and continuing conferences as we are -- we actually just wrapped those up just recently; and knowing that she's going to be on staff with us full-time in the fall, as she has indicated, which will be a great addition to the staff; knowing that Mrs.

Gober is currently still working and providing these services for our children during the day. But Mrs. Wade will certainly be able to continue that and be in place for the fall as we move ahead.

CHAIRPERSON COFFMAN: And Mrs. -- where will Mrs. Gober go in Fall?

MR. NUCKOLS: Yes, ma'am. So we're currently discussing that. She can certainly move back into the principal role, given that Mrs. Wade would certainly fill the need of special ed. However, if the numbers in special ed. increase we'll still have to look at that because in even the past two weeks I've had two additional children coming with IEPs. So knowing that the caseload really determines the staff needs, we'll have to look at that as enrollment

	169
1	continues for the fall and see what truly is the
2	need.
3	CHAIRPERSON COFFMAN: And currently you don't
4	have a principal; is that correct?
5	MR. NUCKOLS: Well, yes.
6	CHAIRPERSON COFFMAN: You're serving in those
7	roles?
8	MR. NUCKOLS: I'm currently serving in that
9	capacity as well. Yes, ma'am.
10	CHAIRPERSON COFFMAN: All right. Thank you.
11	Let's hear from your board president.
12	MR. NUCKOLS: Yes, ma'am.
13	CHAIRPERSON COFFMAN: If you'll state your name
14	and title please.
15	MR. BENNETT: Gary Bennett, president. I'm
16	currently serving as president of the school board.
17	Mr. Andrew DeClue is serving as vice president; he
18	was here this morning but had to return to his job.
19	Mr. John Ciak, a CPA, is serving as our treasurer.
20	Mr. Roy Albert is currently serving as our secretary.
21	And we have three additional at-large members: Mr.
22	Randy Sharp, Mr. Lee Allen, and Christine Delongi
23	Alongi excuse me.
24	CHAIRPERSON COFFMAN: And how long have you been
25	a board member?

	150
1	MR. BENNETT: Approximately a month. We've had
2	a lot of turnover in the board since the last Charter
3	Panel meeting. We had was it three members
4	resign?
5	MR. NUCKOLS: Correct.
6	MR. BENNETT: Yes.
7	CHAIRPERSON COFFMAN: And do you have any
8	members that have been on the board the full time?
9	MR. BENNETT: No, ma'am.
10	CHAIRPERSON COFFMAN: Okay.
11	All right, Panel. Questions for Mr. Bennett?
12	MS. SMITH: So I would like I saw in here
13	that you have had some school board training?
14	MR. BENNETT: I'm working through that training
15	right now. I'm working through the initial six hours
16	offered through the APSRC. They have some additional
17	training opportunities tomorrow evening regarding the
18	new educational laws that were passed in the recent
19	legislative session, and then I'm planning on making
20	that a regular topic at our board meetings as we
21	proceed forward.
22	MS. SMITH: Was it presented to you that this
23	Charter Panel had grave concerns about how the board
24	had operated previously and the lack of governance
25	and direction by the board? Were you aware that that

	191
1	was one of the concerns?
2	MR. BENNETT: Yes, ma'am.
3	MS. SMITH: Okay. And so kind of talk to me a
4	little bit about I know several new board members
5	have been added?
6	MR. BENNETT: Yes.
7	MS. SMITH: Talk to me a little bit about the
8	expectation and how board members were sought and
9	what their understanding of their role is.
10	MR. BENNETT: Okay. Well, I believe Mrs.
11	Nuckols and Mr. Nuckols were the primary people that
12	sought out additional board members. We have
13	discussed with them what the expectations are about
14	participating in regular meetings, trying to visit
15	the school on a regular basis. I'm going to
16	encourage the board members to visit the school
17	ideally at least once a month to observe in the
18	classrooms so we can get a feel for what is happening
19	in the Montessori environment. I would like to I
20	plan on being a regular contact with Mr. Nuckols and
21	just keep up-to-date on what is transpiring,
22	especially in the days leading up to our regular
23	board meetings.
24	MS. SMITH: Okay. Thank you.
25	MR. BENNETT: Thank you.

1 CHAIRPERSON COFFMAN: Sir, do you have a child in the school? 2 MR. BENNETT: Yes, ma'am. I have two children 3 at Rockbridge currently. They're 13 and 9. 4 5 their sixth year in a Montessori program. Thank you. CHAIRPERSON COFFMAN: Dr. Pfeffer. 6 7 DR. PFEFFER: And my question is also for Mr. 8 Bennett. Sorry about that. Mr. Bennett, I'm looking 9 at the organization chart, and I know you're new --10 MR. BENNETT: Yes, ma'am. 11 DR. PFEFFER: -- but I know that in, you know, starting you're going to want to learn and understand 12 13 as much as possible about the organization. When I look at this organization chart with the duties 14 15 listed and I look at the role of Mr. Nuckols and the many things that he is going to be doing in his 16 position, how do you -- as the board president, how 17 18 do you feel about the capacity of one person to be able to do all of that and to do it well with -- you 19 20 know -- with just the total dynamics of a school? 21 MR. BENNETT: I do have some concerns over that 22 and as I get more familiar with the process, how the

help spread his workload so he can become more

school works, I would like to explore if we need to

bring on additional staff, if the budget allows, to

23

24

25

1	proficient, so he could be a more proficient leader.
2	DR. PFEFFER: Do you and I think that's a
3	fair answer. My concern is just are those questions
4	being asked now? Are those questions being asked in
5	terms of, you know, do we have sufficient staffing.
6	Are you aware that, you know, average years teaching
7	experience is zero, and
8	MR. BENNETT: Yes.
9	DR. PFEFFER: you know, just looking at that
10	as a total what are
11	MR. BENNETT: I have not asked those questions
12	but to be honest, since I've been on the board we've
13	been focusing on addressing the points that were
14	brought up at the meeting last month and that's been
15	our primary focus is to address and rectify those
16	issues. And this would definitely be on our agenda
17	to address in the coming months.
18	CHAIRPERSON COFFMAN: And have you met with your
19	board members, the other
20	MR. BENNETT: Yes.
21	CHAIRPERSON COFFMAN: members of your team?
22	MR. BENNETT: Yes. We've had two meetings where
23	we've had two meetings since we were here last
24	month or since the school was here last month.
25	CHAIRPERSON COFFMAN: And can you kind of

1	summarize the expertise that your board members bring
2	to the conversation, background you know does
3	anyone have a finance background, anyone have an
4	academic background?
5	MR. BENNETT: Yes. Mr. Ciak is a CPA, so he is
6	a works in nonprofits, so he's very familiar with
7	nonprofit finance. Mr. Allen is an academia; I
8	believe he's a professor at UAPB. We have several
9	parents that are involved but whose children have
10	been in Montessori for a few years and they're very
11	interested in seeing the school be successful.
12	CHAIRPERSON COFFMAN: And your background?
13	MR. BENNETT: I'm a civil engineer, work for the
14	federal government. But my children have been in
15	Montessori programs and I'm fairly familiar with the
16	basics of Montessori.
17	CHAIRPERSON COFFMAN: Thank you.
18	MR. BENNETT: Thank you.
19	CHAIRPERSON COFFMAN: Other questions? Just
20	hang on.
21	MR. BENNETT: Okay.
22	CHAIRPERSON COFFMAN: Ms. Haley.
23	MS. HALEY: I'm sorry; you may have already
24	talked about this. But is there anyone on the board
25	that has been there more than six months?

	195
1	MR. BENNETT: Mr. Nuckols, I do not believe that
2	is the case?
3	MR. NUCKOLS: (Shaking head from side to side.)
4	MS. HALEY: Okay.
5	MR. BENNETT: No, ma'am.
6	MS. HALEY: And the last there are two
7	members, I see, that have been either absent or last
8	time participated remotely for the last two board
9	members.
10	MR. BENNETT: Yes, ma'am.
11	MS. HALEY: And they're fairly new, as well. So
12	I'm just wondering about the consistency in terms of
13	the membership and representation of the
14	stakeholders.
15	MR. BENNETT: And we're trying to shift our
16	meetings around to try to accommodate everybody's
17	schedule. I know at the last meeting two of the
18	members could not be there, one got stuck at work and
19	the other one well, both of them had to work that
20	evening. So we're trying we're going to try to
21	shift to a different night of the week to see if we
22	can try to get more members there on a regular basis.
23	MS. HALEY: Thank you.
24	MR. BENNETT: Thank you.
25	CHAIRPERSON COFFMAN: Mr. Walter.

MR. WALTER: Tripp Walter, Staff Attorney, Arkansas Public School Resource Center. I'm sorry to perhaps get us off track. I just wanted to let the Panel know that one of the things that we have been doing with Rockbridge within the last couple of months -- and I think we talked last time about our increased involvement with Rockbridge, which is ongoing -- is to assist them with the agenda preparation and postings and meetings and everything surrounding that. And one of the things we are obviously trying to do on those lines is to get them to work towards regular meeting dates, protocols, setting the agenda, agenda sheets for them to work off of, et cetera. And I'm sure Mr. Scott can tell you more about the process from what he's seen. I just wanted to jump in now and make you aware of what's going on in that area -- and postings and obviously keeping Mr. Scott and the Charter Office apprised of upcoming meetings.

CHAIRPERSON COFFMAN: And, Mr. Walter, does

APSRC have a member of your team that will be
attending these board meetings until they're running
smoothly?

MR. WALTER: Right now, we have had at least one and sometimes three. Those include my-self, Mark

White, our director of Legal Services, and Tyler 1 Barnett, our director of Charter Development. 2 CHAIRPERSON COFFMAN: Okay. Other questions? 3 Mr. Lester. 4 MR. LESTER: Mr. Nuckols, the last time we were 5 with you I informed you about your Title 1 status 6 7 being targeted --MR. NUCKOLS: Yes, sir. 8 9 MR. LESTER: -- and told you with the percentages of children you had on free and reduced 10 that you would qualify for school-wide. And you have 11 talked to Ms. Webb in my office regarding that. 12 13 Where is your status on looking into your commitment to the planning, as well as the checklist that needs 14 15 to be taken care of? 16 MR. NUCKOLS: Yes, sir. I honestly have not dug into the checklist extensively to see what the 17 18 processes are for that, although we're very much interested in moving ahead with it. I know that 19 that's certainly something that we qualify for and 20 21 that money could certainly be used to our advantage 22 in making -- on making additional staff additions; 23 and knowing that certainly for the children's sake 24 that's certainly a priority. 25 MR. LESTER: Well, part of that checklist deals

	190
1	with timely meetings and that sort of thing, going to
2	school-wide. So this is the time of year to get that
3	
4	MR. NUCKOLS: Yes.
5	MR. LESTER: process started.
6	MR. NUCKOLS: Yes, sir.
7	MR. LESTER: Okay.
8	MR. NUCKOLS: Understood.
9	CHAIRPERSON COFFMAN: Could we hear from Mr.
10	Scott, Freddie Scott?
11	MR. NUCKOLS: Yes, ma'am.
12	CHAIRPERSON COFFMAN: Would you share with us
13	your experience in going to the school board
14	meetings?
15	MR. SCOTT: Absolutely. Freddie Scott,
16	Operations Manager, Charter School Office.
17	I've had the luxury of attending several of the
18	board meetings and with the intent of having an
19	unannounced meeting to just observe and then
20	ultimately an announced meeting to provide some more
21	detail on a dashboard that recognizes key performance
22	indicators and best practices for any board. So in
23	those particular scenarios the challenge was the
24	board composition, the changes, but it is what it is.
25	And what we have now is a board that's relatively

2

3

4

5

6

7

8

9

10

11

12

13

14

20

21

22

23

24

25

new, they're eager to learn, and I've expressed to them an importance of obtaining professional development in the various areas; legal is one. So they have access to APSRC. There's also training provided through the Arkansas School Boards Association. Our Charter School Office and my-self have been willing to offer professional development as well, and those are key areas that are outside typically the areas you see in legal. There are certain things at the end of the day that each board should hold -- be in a position to hold the superintendent accountable for; so from a board composition standpoint having someone that understood Montessori, for example, and academics -- and they do have that. But they have plans to receive, the entire board receive, Montessori training.

On the financials, to make sure that there are key financial reports, that they were not just received but they could digest, they could understand and make valid decisions on operations as well. And so having someone on board within their local school board that would understand that so they weren't making quick rash decisions on the spot and rubberstamping.

CHAIRPERSON COFFMAN: Thank you.

	200
1	Any questions for Mr. Scott?
2	I have a follow-up question for Mr. Bennett.
3	Mr. Bennett, were you in a was your first board
4	meeting March 28th?
5	MR. BENNETT: Yes, ma'am. We tried to meet the
6	previous week but did not have a quorum present, so
7	but, yes, ma'am, the 28th.
8	CHAIRPERSON COFFMAN: And on the agenda I see
9	adoption of charter policy manual.
10	MR. BENNETT: Yes, ma'am.
11	CHAIRPERSON COFFMAN: And then, so I'm assuming
12	that was adopted at that March 28th meeting?
13	MR. BENNETT: Yes, ma'am.
14	CHAIRPERSON COFFMAN: Would you walk us through
15	the process of how you reviewed that to make your
16	decision to adopt?
17	MR. BENNETT: I believe Mr. Nuckols gave us a
18	brief overview of the manual. We did not review
19	specific areas of the manual, just had a Mr.
20	Nuckols gave us a brief overview, Mr. Scott may have
21	talked to the board as far as some aspects about it,
22	and then we made a motion and voted.
23	CHAIRPERSON COFFMAN: Thank you.
24	MR. BENNETT: Thank you.
25	CHAIRPERSON COFFMAN: Ms. Haley.

	201
1	MS. HALEY: Did you all each have a copy of the
2	manual to look through before you adopted it?
3	MR. BENNETT: Yes, we did have a copy.
4	MS. HALEY: Okay. Everyone had their own copy
5	to review?
6	MR. BENNETT: Yes, ma'am.
7	MS. HALEY: Okay.
8	CHAIRPERSON COFFMAN: And you still have your
9	own copy?
10	MR. BENNETT: Yes, ma'am.
11	CHAIRPERSON COFFMAN: Okay. Tripp?
12	MR. WALTER: If desired, I can go into more
13	detail about the manual as it's something that we
14	produce. And actually it is something that they have
15	been using at least in part, as I understand it, for
16	quite sometime just in the interest of accuracy and
17	transparency. I just wanted to make sure that it had
18	been formally adopted by the board going forward, so
19	whatever uses they made of it it would be clearly on
20	the record. Essentially what the manual does, it has
21	parts for both more governance and operations; it has
22	student pieces; it has basically a it's a complete
23	set of policies from board governance to student
24	side. I know we talked last time obviously
25	extensively about purchasing and bid procedures. I

know that was obviously a concern of Mr. Rogers. It has a specific section in there on that which lays out the state law and procedures for handling most purchasing matters. So it's a pretty comprehensive guide that a school can use, either in full or to augment their current policies.

And while we're on that point I would point out that over our time working with Rockbridge since inception we've also developed several policies for them to use mostly in the student handbook side.

CHAIRPERSON COFFMAN: So I think our concern is

-- or my concern is -- let me just say, first of all,
I'm so happy to hear they have written policies and
procedures. That's fabulous, and thank you for doing
that. I just want to make sure that, because this is
relatively a new board, that we don't set that mode
of operation of somebody presents something, they
tell me a little bit about it, and I approve it,
because the sense of responsibility of being a board
member is to read every word.

MR. WALTER: Absolutely.

CHAIRPERSON COFFMAN: And so that's why we were

-- I was asking those questions, because I wanted -it's really incumbent upon a new board to know
exactly what you're approving --

	203
1	MR. WALTER: Absolutely.
2	CHAIRPERSON COFFMAN: each time.
3	MR. WALTER: Yes, ma'am.
4	MR. NUCKOLS: One addition, there is one member
5	of the current board that has been on for six months,
6	Mr. Lee Allen.
7	CHAIRPERSON COFFMAN: I'm sorry?
8	MR. NUCKOLS: Mr. Lee Allen is the one member
9	that has been on the board for more than six months.
10	CHAIRPERSON COFFMAN: Okay. And I believe he
11	was the one that was absent?
12	MR. NUCKOLS: Correct. Yes, ma'am.
13	CHAIRPERSON COFFMAN: In your board minutes for
14	April 13th you hired a teaching assistant and the
15	part-time office assistant?
16	MR. NUCKOLS: Yes, ma'am.
17	CHAIRPERSON COFFMAN: In your minutes there's no
18	information that tells us about looking at your
19	finances to be able to pay for those positions. So
20	talk us through that a little bit.
21	MR. NUCKOLS: Of course. Yes, ma'am. So, of
22	course, the contracts were presented for the board's
23	review to look at both of those positions. They are
24	both hourly contracts, for both the teaching
25	assistant at \$10.50 per hour, as well as the front

1 office assistant. Again, the teaching assistant is a trade one-for-one since we lost the previous, and of 2 3 course adding the part-time teaching -- pardon me -the front office receptionist. 4 5 CHAIRPERSON COFFMAN: Also in those same minutes, on number 6, it said a complete update of 6 7 the school's financial report was not provided due to the fact that the accounting firm under contract with 8 9 the school did not provide the information after 10 multiple requests. 11 MR. NUCKOLS: I'm sorry; could you rephrase 12 please? 13 CHAIRPERSON COFFMAN: Yeah. I'm on the minutes. MR. NUCKOLS: Yes, ma'am. 14 15 CHAIRPERSON COFFMAN: Your board minutes from April 13th, item number 6. 16 MR. NUCKOLS: Yes, ma'am. 17 18 CHAIRPERSON COFFMAN: It said that your financial report was not available, even though you 19 20 had made multiple requests. 21 MR. NUCKOLS: Yes, ma'am, that's correct. 22 continued to work with Complete Consulting, Mr. Chris 23 Bell and his associates. However, he was not able to 24 be reached in order to provide the financial updates 25 for the board at that date and time, and so I was not

2

able to get that information, as the board requested.

However, Mr. Hamilton is here with us today from

Complete Consulting that could give us an overview of the financial status.

CHAIRPERSON COFFMAN: Are y'all ready -- any questions more about governance before we move into finance?

DR. PFEFFER: I do have one more. And so when you took the role as superintendent/director/school district -- and I realize that this was all in a fluid -- basically a fluid situation after December when Ms. Gober kind of stepped down from what she was doing and began working with special education. I am looking at your -- from your website, your list of positions and salaries, and it doesn't appear that any of that has changed. So -- and so this may be for your board, and I realize they are very, very new, but when I'm thinking about governance and who is the school leader -- and last time when I asked that I got two different answers -- so if you are the school leader and -- but you are still making the same salary as before, and we're not sure yet what Ms. Gober will be doing next year, what is that process going to be? And this may be where the school board members may need to address it.

going to make that decision? How is that decision going to be made? And will there be changes in salaries and job duties?

MR. NUCKOLS: Yes, ma'am, I understand. So, again, I do believe it's really incumbent upon our enrollment for the fall and what that looks like, what the needs will be on the special ed. side.

Knowing that Ms. Gober has quite a bit of experience in public school education, and also as an administrator, and having that as a backup plan for her to move back into a principal role would certainly be ideal; however, not knowing what special ed. will bring us and the numbers there we certainly want to keep that as a possibility for her to maintain that role as well.

DR. PFEFFER: So if the -- Mr. Bennett, do you mind coming back? So as the board president, insuring that the right person is the leader of the school, how is that decision going to be made and how -- you all are a very new board, but if you don't have a grasp of the leadership and the salaries that need to be in place in order for you to have the leaders I don't know how successful things are going to be moving forward.

MR. BENNETT: Yes, ma'am. Well, what we intend

1	to do is to we'll look at the staffing. We'll
2	look at the staff members and see where good fits
3	are, where the needs are, and then we can then as
4	a board we can discuss what salaries we can pay based
5	on that. But we would like to look at the staff
6	members and the administration and see how things are
7	going, where we need to make improvements, what's
8	working well, and then where we can make changes to
9	make the school improve as we move forward.
10	CHAIRPERSON COFFMAN: Ms. Haley.
11	MS. HALEY: Mr. Nuckols
12	MR. NUCKOLS: Yes, ma'am.
13	MS. HALEY: so you're currently serving in
14	the role as principal as well. Is that what I'm
15	hearing?
16	MR. NUCKOLS: That's correct. Yes.
17	MS. HALEY: Okay. And so you're aware we had
18	several concerns in special education. So as a
19	principal and as a superintendent, is it you who is
20	now responsible for insuring that the staff is aware
21	of special education laws and procedures and services
22	for students and that they are complying with
23	requirements around notice and all of the things that
24	go along with that?
25	MR. NUCKOLS: Yes, ma'am, that is correct.

MS. HALEY: And so I know you've been busy in the last -- since we last met with lots of things, but how are you going to get yourself up to speed in terms of special education regulations to insure that you're compliant and that the students are receiving the services and that the parents are receiving the notice and things that they are entitled to for meetings and are part of the process?

MR. NUCKOLS: Yes, ma'am. I certainly need additional professional development in that area and I know the Panel has a submission of professional development that I have noted in moving ahead.

Granted, I need to add special ed. to that given the importance and the critical need that we have in that area, so I certainly want to do that as we look ahead -- and I know there are professional development opportunities coming up in that area. So as I -- I know we'll get to that soon, but special ed. is certainly an area that we want to address and knowing the critical needs that we have and additional children that are coming to us with special needs.

MS. HALEY: Right. And we're not -- I don't think we're going to dive into special ed. just yet, but are you aware of the requirement that at an IEP meeting that a representative of the LEA is in

1	attendance with knowledge of special education and
2	funds available to provide those services?
3	MR. NUCKOLS: Yes, ma'am.
4	MS. HALEY: You are? And if so, who has that
5	been at IEP meetings and served in that role?
6	MR. NUCKOLS: I have attended those meetings
7	MS. HALEY: Okay.
8	MR. NUCKOLS: yes, ma'am with Ms. Wade and
9	parents. On a good note, we had parent conferences
10	last week, three evenings last week for the parents
11	to come at their convenience after work. And a lot
12	of those meetings, the special ed. meetings were
13	conducted even then
14	MS. HALEY: Okay.
15	MR. NUCKOLS: to accomplish those IEPs.
16	MS. HALEY: Okay. Thank you.
17	MR. NUCKOLS: Yes, ma'am.
18	CHAIRPERSON COFFMAN: Dr. Gotcher.
19	DR. GOTCHER: Good afternoon, Mr. Nuckols.
20	MR. NUCKOLS: Yes, sir.
21	DR. GOTCHER: I was encouraged to see a piece in
22	the minutes regarding public comment. Let me see if
23	I can get to it. I think it's a standing agenda
24	item, Agenda Item 1, the board sets aside time to
25	hear from citizens. Since our last visit there's

	210
1	only been one, the March 28th board meeting; is that
2	correct?
3	MR. NUCKOLS: We had one on the 13th of April.
4	DR. GOTCHER: 13th
5	MR. NUCKOLS: Yes, sir.
6	DR. GOTCHER: and then March 28th. Okay.
7	MR. NUCKOLS: Yes, sir.
8	DR. GOTCHER: Did you have parents attend? And
9	if so, what have been some of their comments since
10	the Charter Panel last met?
11	MR. NUCKOLS: I'm sorry; could you
12	DR. GOTCHER: Have there been any parents that
13	have attended
14	MR. NUCKOLS: Oh, parents.
15	DR. GOTCHER: Yes, parents or public. And what
16	have been the general comments, if they have chosen
17	to comment?
18	MR. NUCKOLS: We have not had any parents come
19	to the board meeting at this point in time, although
20	it's obviously advertised on the website and parents
21	are aware that it's open to public comment. However,
22	I will say that was the 13th meeting was the first
23	time that we've included that in the minutes itself,
24	in the agenda, if you will.
25	DR. GOTCHER: Yes.

1 MR. NUCKOLS: And that's something we had to 2 correct. I think, just 3 DR. GOTCHER: Good. All right. as a fellow superintendent, encourage participation; 4 5 it might need to be more than just posting. there's no better way to include your public than at 6 7 the public board meetings. And so as opportunity allows have student presentations, have students of 8 9 the month, teachers of the month, all sorts of things 10 that can include parents at those board meetings, if you're not already doing that. I didn't see that but 11 12 13 MR. NUCKOLS: Yes, sir. DR. GOTCHER: -- that's something to consider 14 15 because I think that's real important to the culture 16 MR. NUCKOLS: 17 Yes, sir. 18 DR. GOTCHER: -- of an institution. I do foresee that growing, the 19 MR. NUCKOLS: 20 parent participation. As we discussed last board 21 meeting, Mr. Bennett and other members of the board 22 have expressed interest in having Mrs. Nuckols, 23 curriculum director, come in and provide Montessori 24 And, of course, parents would be training. 25 interested in seeing that as well, so that gives an

ample opportunity to attend the board meeting and know about what's going on. And certainly, that will certainly change the scope of having parent participation.

DR. GOTCHER: Thank you. And, Madam Chair, I haven't seen your list. Are we going to -- there are some other pieces. I was just going to ask --

CHAIRPERSON COFFMAN: I'm just working down to governance.

DR. GOTCHER: Just working down the list. I've got a question at the end of that. So, thank you.

CHAIRPERSON COFFMAN: Ms. Davis, I need your help. On our letter to Mr. Nuckols, under Governance, it says 1599/1381 approval or proof that approval has been requested. And is that the same as the section that we received under 6-24-101?

MS. DAVIS: It is. And I will say that they did submit the documentation. They were missing something and then they provided it for the approval; it has not been completely reviewed yet. And here's the problem, is typically we do not offer approval for the superintendent because that person is hired by the board. Mr. Nuckols should have been -- approval should have been to hire him in the position he was in prior to. I'm not sure what the title was

but the finance position that he was in. But we don't offer retroactive approval either. So at this point we would not approve or deny his hiring as superintendent because that's not required by law for us to do that for him, but we can't go back and approve for the other, so it's kind of a mess. But they did submit it.

CHAIRPERSON COFFMAN: I don't know how to mark that on my list as in complete or still an issue.

MS. DAVIS: At this point there's nothing to approve. They did submit it, but we would not approve it because it's not required approval by law for him to have this. Legislative Audit may at some other point point out that they should've had approval for his previous position, which would've been required by law, so -- but there's nothing that we could do about that at this time.

CHAIRPERSON COFFMAN: So there's no correction procedure?

MS. DAVIS: That's correct.

CHAIRPERSON COFFMAN: Okay.

MS. DAVIS: There's no retroactive approval either. And I don't know if this is the point to point it out, and I think that somebody else has said this as well -- they might have. I am uncertain if

	214
1	on the org chart that they provided if Mrs. Nuckols
2	is reporting to Mr. Nuckols and if so, that's
3	going to be an issue.
4	CHAIRPERSON COFFMAN: Mr. Nuckols.
5	MS. DAVIS: I don't know. Maybe it's just the
6	way it's lined out too, so
7	CHAIRPERSON COFFMAN: Could you address that
8	please?
9	MR. NUCKOLS: Yes, ma'am. So per the org chart,
10	it does appear that way in the reporting process;
11	however, our hope, again, by the fall that Mrs. Gober
12	will be able to move back into the principalship and
13	then that task org will obviously change at that
14	point and provide the proper assessment of staff.
15	CHAIRPERSON COFFMAN: So are you currently
16	evaluating your wife
17	MR. NUCKOLS: Well
18	CHAIRPERSON COFFMAN: as curriculum director?
19	MR. NUCKOLS: Yes. Yes.
20	CHAIRPERSON COFFMAN: My sister used to be my
21	principal; it's tough.
22	MR. NUCKOLS: Yes, ma'am.
23	CHAIRPERSON COFFMAN: Dr. Pfeffer.
24	DR. PFEFFER: And I was going to wait until we
25	were talking more about special ed., but I'll go

1	ahead and ask this now. Because it would seem that
2	the decision, whomever is going to be making the
3	decision and I'm kind of wondering for Mrs.
4	Gober's role going forward because, you know, her
5	salary is commiserate with that of a building
6	administrator or, you know, the superintendent role.
7	It would seem that that is all contingent upon having
8	a special education teacher, or teachers, as needed.
9	Now has someone been hired?
10	MR. NUCKOLS: For special ed.?
11	DR. PFEFFER: For special ed.
12	MR. NUCKOLS: Yes, ma'am. Mrs. Cheryl Wade has
13	officially been hired. Yes, ma'am.
14	DR. PFEFFER: Okay. And is that reflected in
15	the school board meeting minutes?
16	MR. NUCKOLS: Now just for clarification, not
17	for the fall; she hasn't signed the contract for the
18	fall as of yet because she's still in contract with
19	Lighthouse Academy. But her she did submit a
20	letter of intent for hiring this fall. Yes, ma'am.
21	DR. PFEFFER: Okay. So because I had understood
22	the other day when we visited that you had hired her
23	for the fall. And so you have not you do not have
24	a special education teacher employed for the fall?
25	MR. NUCKOLS: That's correct. Yes, ma'am.

1	DR. PFEFFER: Right now, the only person would
2	be Ms. Gober because she is working on an ALP?
3	MR. NUCKOLS: Yes, ma'am. That's correct.
4	DR. PFEFFER: Okay.
5	CHAIRPERSON COFFMAN: Ms. Haley.
6	MS. HALEY: So you've hired Ms. Wade right now
7	or she's under a contractual agreement?
8	MR. NUCKOLS: That's correct. Yes.
9	MS. HALEY: Contractual agreement?
10	MR. NUCKOLS: Yes, ma'am.
11	MS. HALEY: Okay.
12	MR. NUCKOLS: Yes, ma'am.
13	CHAIRPERSON COFFMAN: Okay. Any other
14	governance questions at this time? We can always
15	come back.
16	Mr. Walter.
17	MR. WALTER: Thank you. I hope this is the
18	appropriate time, and obviously if it's not I'll come
19	back, but I thought this might be the appropriate
20	time to address the governance situation and our
21	services and what that will all look like going
22	forward. We have we are going to enter into new
23	agreements with Rockbridge for additional services,
24	as we're under now with them, concerning finance
25	issues and also governance/policy issues. And those

were just finalized -- I think those were just signed by Mr. Nuckols on Monday night, and those require making some changes in the leadership and not to include current employees.

DR. GOTCHER: Not to?

MR. WALTER: Not to include current employees being the leader of the school. There's nobody picked out or anything like that, but that was one of the conditions of our going forward with providing the additional services. And so we will be moving forward and assisting them in those areas. And one of the conditions of the agreement also is hopefully that the person, the new superintendent, would be somebody agreeable to both the Department and the APSRC.

CHAIRPERSON COFFMAN: And what's your timeline?

MR. WALTER: The agreements will run through

June 30, so somewhere in that timeline.

CHAIRPERSON COFFMAN: So to translate what I think I heard you say is that before June 30th a new superintendent will be put into place, or a new superintendent will be put into place effective July 1?

MR. WALTER: That we will go ahead and go through that process and hopefully have somebody

	218
1	installed by the end of that period.
2	CHAIRPERSON COFFMAN: Okay.
3	MR. WALTER: But it's our the thrust of the
4	agreement is to have that is to make sure that
5	process goes through and is done.
6	DR. GOTCHER: And, Mr. Walter, am I hearing that
7	the purpose of that is to assist with the
8	relationship between the current superintendent and
9	curriculum director to try to remove those pieces
10	that are currently problematic?
11	MR. WALTER: Yes. And to also try to address
12	some of the issues that have been brought to bear by
13	this Panel.
14	DR. GOTCHER: Agreed.
15	CHAIRPERSON COFFMAN: Anything else?
16	Okay. Next on the list is Special Education.
17	MS. HALEY: Mr. Nuckols, I had just asked you
18	about the LEA issue. We had asked you or I had
19	asked you at the last meeting to submit a plan and
20	you did submit a couple of items that specifically
21	dealt with IEPs and compensatory education. For us,
22	a plan to implement special education and insure you
23	have written procedures in place is much larger than
24	just those two issues. So that will be what I my
25	first point. Secondly, I would like to ask our

program advisor for nontraditional to just kind of come up and talk to us about what's happened since our last meeting in terms of things that you have provided and things that she's observed.

MR. NUCKOLS: Yes, ma'am.

CHAIRPERSON COFFMAN: State your name and title for the record, please.

MS. HUGHES: Yes. Kristin Hughes, Special Education Unit.

Since the last Charter Panel I have been to Rockbridge once with the intent to review some updated evidence. When I got there, there was not at that time updated evidence to review. I answered just kind of some general questions at that time. Ms. Gober then came to our office once and she provided an updated daily class schedule to meet the new IEP minutes. Still at that time I hadn't seen the actual IEPs that she said she didn't have access to, that the contracted provider still had those but that she would get them to me. I have received 11 of the 22 IEPs. Now I understand there may be 24, with two additional students, so -- but currently I've received 11 IEPs. I'm not certain if those are the IEPs that were presented in the IEP meetings because they don't have the signatures, the appropriate

1	signatures on it. I'm not sure if that was a draft
2	or what. I don't know specific times on compensatory
3	education services. I have received an email stating
4	that they have calculated 72 days of missed
5	instruction for students on IEPs, so they are in the
6	process of planning how that's going to be provided.
7	I don't know how much comp-ed individually per
8	student. I've received some more emails as of about
9	1:00 today. I haven't had the opportunity to compare
10	them to the other IEPs. Some of them were duplicate
11	students. So I'm not sure if those were updated, if
12	the conference has occurred. Again, I don't have
13	that documentation with me to compare it to since I
14	just got it at about 1:00.
15	MS. HALEY: So when you were at Rockbridge you
16	visited once, you said?
17	MS. HUGHES: Yes. I visited once prior to the
18	last Charter Panel and then once this after the
19	Charter Panel. So I've been there twice just meeting
20	one-on-one with Ms. Gober.
21	MS. HALEY: Okay. And so the last time you were
22	at the Charter Panel you were in the special
23	education classroom?
24	MS. HUGHES: Right. Well, it's kind of like an
25	open concept, so

	221
1	MS. HALEY: Okay.
2	MS. HUGHES: The designated they do have a
3	designated special education classroom setting. Yes.
4	MS. HALEY: And so, generally, what did you see
5	going on at the charter?
6	MS. HUGHES: When I arrived, Ms. Gober was
7	providing instruction to three students. They then
8	went to their general education setting so that she
9	could visit with me. It was a little distracting
10	because, again, it was kind of an open concept and
11	there was kind there were kids walking around.
12	And the time I was there one of the teachers was
13	having maybe a stressful morning and was loud, and I
14	thought it was somewhat disruptive. But I was there
15	for about an hour on that one.
16	MS. HALEY: So, in summary, we've received
17	you've received some of the documentation
18	MS. HUGHES: Yes.
19	MS. HALEY: that we need, but not everything?
20	MS. HUGHES: Correct.
21	MS. HALEY: And the written procedures we
22	received are limited to the IEP meetings and the
23	compensatory ed. Was there anything else?
24	MS. HUGHES: She's provided updated class
25	schedules to me, the IEP minutes that she said was in

1	the IEP goals. Again, I haven't I don't have all
2	of them yet
3	MS. HALEY: Right.
4	MS. HUGHES: to cross-reference. But I have
5	received a class schedule and then another schedule
6	for the compensatory services where they were going
7	to provide instruction for that during the same time
8	other students were receiving their minutes.
9	MS. HALEY: So basically the plan was they were
10	the students who had not received services were
11	going to be put in the same classes that are already
12	going on, added to those classrooms, and that be the
13	compensatory services?
14	MS. HUGHES: That is currently my understanding.
15	MS. HALEY: Okay. And did you see any
16	documentation that the other teachers had been
17	provided copies of the IEPs and accommodations and
18	all that sort of thing?
19	MS. HUGHES: No, I don't believe I have.
20	MS. HALEY: Okay. Do y'all have any questions
21	for Ms. Hughes?
22	DR. GOTCHER: Ms. Haley, just to that question,
23	are there evidences of documentation that teachers
24	have received the appropriate accommodations? Can we
25	get that question answered? Is someone here that can

answer that?

MS. HALEY: There were not when we monitored.

And so that was part of what we would want to see in terms of a comprehensive plan for how you're going to do business basically in special education, and we do not have that.

DR. GOTCHER: Okay.

MS. HALEY: Now Ms. Gober might be able to answer that question; Mr. Nuckols might be able to answer that question in terms of if now teachers do know what accommodations are to be implemented and if there is documentation that that's actually going on and all those sorts of things. But it was not based on what we reviewed before and we have not received evidence.

MS. HUGHES: And nor was the progress on the measurable annual --

MS. HALEY: Right. Progress on goals.

DR. GOTCHER: Understood.

CHAIRPERSON COFFMAN: Ms. Smith.

MS. SMITH: So kind of going back to what Mr. Nuckols said earlier -- you commented that you just kind of had conferences recently and had gone back and held all these special ed. conferences like in the last, what, week or --

	224
1	MR. NUCKOLS: Yes, ma'am. Last week, we did
2	have parent-teacher conferences for all parents.
3	MS. SMITH: Okay.
4	MR. NUCKOLS: And some of those IEPs were
5	conducted during that time.
6	MS. SMITH: Okay.
7	MR. NUCKOLS: The IEP conferences were conducted
8	during that time.
9	MS. SMITH: So have your teachers received their
10	accommodations for their students or is that
11	something you're still working through?
12	MR. NUCKOLS: We are still working through that
13	process. They do not have them all. No, ma'am.
14	MS. SMITH: Okay. Thank you.
15	MR. NUCKOLS: Yes, ma'am.
16	CHAIRPERSON COFFMAN: Is Ms. Gober here? Ms.
17	Gober? There she is.
18	MS. GOBER: Yes, ma'am. Sarah Gober.
19	CHAIRPERSON COFFMAN: Could you give us an
20	update from your perspective, please?
21	MS. GOBER: It's been a whole new learning for
22	me and it's been a lot, but we have updated most of
23	the IEPs. We're waiting on a couple of parents to
24	finish out some. We've had some issues about having
25	tried to reschedule. We have given the teachers the

1	accommodations for their students but not in a format
2	for every student on one sheet, which is what we hope
3	to have a spreadsheet for them to know. The
4	compensatory education, we have put students together
5	for the goals. Like if Daniel has his
6	compensatory education needs to be math, three-digit
7	multiplication, I would have him in with other
8	students that I'm working with that also like
9	goals, not just making up time.
10	MS. SMITH: Are your general ed. teachers in the
11	room while you're doing the IEPs with the parents?
12	These last conferences that you've had with parents,
13	have you included the classroom teacher?
14	MS. GOBER: Yes.
15	MS. SMITH: Okay. So they're a part of that
16	decision-making with the teachers?
17	MS. GOBER: Yes. I will say that our special
18	I mean, our parent-teacher conferences are set on
19	times and they might have to be pulled out for a few
20	moments and come back. But, yes, they were invited
21	in as part of that. Yes.
22	MS. SMITH: Okay.
23	CHAIRPERSON COFFMAN: Okay. There's a
24	difference between "invited in" and "participated."

1	ask our teachers to give because we have no
2	grades, it's up to the teacher and the portfolio that
3	they bring of work to be able to determine the
4	education of the child also.
5	CHAIRPERSON COFFMAN: So I'll see teacher names
6	on those IEPs?
7	MS. GOBER: Yes, ma'am.
8	CHAIRPERSON COFFMAN: I won't, but
9	MS. GOBER: Yes, ma'am. Yes, ma'am.
10	MS. HALEY: So, Ms. Gober, can you just kind of
11	walk us through like so you had IEP meetings
12	during parent-teacher conferences, basically?
13	MS. GOBER: Some. Some we had
14	beforehand.
15	MS. HALEY: Okay. And so how did you let the
16	parents know there was going to be an IEP conference?
17	MS. GOBER: We sent out notices many times.
18	Most of the time I would call because that's we're
19	wanting them to know that we're going to cover not
20	only rewriting the IEPs some of the IEPs are not
21	being actually written, just they need to be yes,
22	they were quite sloppy. And we also need to talk
23	about compensatory education and what we need to do
24	to see the goals, to see and also let them know
25	that if we have to do an extended year because of the

	227
1	compensatory education that we could be doing that
2	and they would be aware of that. And so we sent out
3	I try to call most of the time because that's a
4	lot of information
5	MS. HALEY: Right.
6	MS. GOBER: for a parent and a lot of
7	MS. HALEY: Right, right.
8	MS. GOBER: educational jargon
9	MS. HALEY: Right.
10	MS. GOBER: that they don't understand.
11	MS. HALEY: Right.
12	MS. GOBER: And then I will just follow-up with
13	a many of them we would send back the second
14	notice would be a note, a letter, taken by the
15	student home.
16	MS. HALEY: So when you sent notices what notice
17	did you use? Was it I mean, was it just a letter?
18	What form did you use?
19	MS. GOBER: I used the on the script program.
20	MS. HALEY: The Notice of Conference?
21	MS. GOBER: The Notice of Conference.
22	MS. HALEY: Okay.
23	MS. GOBER: Yes. I sent all that.
24	MS. HALEY: And so the people the regular ed.
25	teacher was listed as an attendee and the LEA

	220
1	supervisor and all of that
2	MS. GOBER: Yes, ma'am.
3	MS. HALEY: as required? And they were at
4	the meeting?
5	MS. GOBER: Yes, ma'am.
6	MS. HALEY: Okay. Okay. Thank you.
7	MS. GOBER: You're welcome.
8	CHAIRPERSON COFFMAN: Ms. Haley, help me
9	understand 72 days of missed instruction. How do you
10	make that up?
11	MS. HALEY: Well, what happened is, like we
12	talked about last time, the students have not had
13	services
14	CHAIRPERSON COFFMAN: Right.
15	MS. HALEY: since the middle of October, when
16	that teacher left, and until Ms. Gober started
17	providing services in March. Okay. And so what
18	happens is that we what would happen with any
19	district is we would talk to the district about
20	meeting with the parent in an IEP conference to
21	determine what compensatory services would be
22	required based on the time they missed. It's not an
23	hour-for-hour kind of determination; it's what should
24	the goal progress have been, what was set in terms of
25	criteria, and where are the students. So it might be

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

different for every student. But basically it should not be that a student is just placed in a class that's already going on and that be called compensatory services because (a) they're pulled out of something else. So unless their IEP was revised, now not only are they getting the compensatory they're pulled out of a regular class that they probably should have been in; so all those things. We would want compensatory services to be in agreement with the parent -- after school, in the summer, in breaks, you know, whatever is beneficial. But just putting them in another class and doubling up time when another group is already receiving services -- for every student at least -- would probably not be what would be considered compensatory.

MS. GOBER: And I would just add that the

Montessori model really adds a layer of protection

for that because we do in Montessori every lesson -
there's no whole group lesson; everything is done in

small groups. And so when I tell my teachers that I

need -- that Daniel needs the three-digit

multiplication she would make sure that Daniel was

not in a single lesson during the time that I had

him; she would make sure that his small group lesson

was either before he came to me or after he came to me. So that's the advantage of having the Montessori because -- and not only that, we have multilevel classrooms. And so if they're in Mrs. Nuckols' class and they're going over science and he -- I pull him out of that particular science to do that, he can take the science even over in Mrs. Stenhammer's [ps] class when she does a small group and it would all be the same lesson and it would all be small group and all be on his level because he would be with other students that were in grades around him.

MS. HALEY: So when you re-did the IEPs, or are re-doing the IEPs, do they reflect the compensatory time and the special ed. time? Because the important part is a parent knows exactly what's going on.

MS. GOBER: That's what I'm having to tweak.

MS. HALEY: Okay.

MS. GOBER: Mrs. Donna Broyles was very, very nice to come and help one day along with -- Kristin Hughes has been a wonderful asset. And so as I would write an IEP, of course they would have to try to tweak it because this is all new to me also, and so that was something that I had not done to begin with. But after they came in and helped me see what I needed to do, that has been added, and the phone

	251
1	calls went back to parents, "This is what's wrong.
2	Let me re-do that."
3	MS. HALEY: Right. Because that's the key
4	MS. GOBER: Right.
5	MS. HALEY: that the parent knows exactly and
6	that students are in the least restrictive
7	environment, which is the regular classroom, as much
8	as possible.
9	MS. GOBER: Right. And that has increased
10	totally, probably all subjects. That has increased
11	my inclusion time versus I mean, not increased my
12	inclusion time, but that my inclusion time because
13	most of our students try to get the lesson in the
14	classroom, so that inclusion time is where we're
15	I'm having help to do that also.
16	DR. GOTCHER: May I ask a question for Ms.
17	Haley?
18	CHAIRPERSON COFFMAN: For who?
19	DR. GOTCHER: Ms. Haley.
20	CHAIRPERSON COFFMAN: Yes. Yes.
21	DR. GOTCHER: You don't have to go to the
22	microphone; you can stay right there. When you hear
23	some of the testimony that's been presented, what is
24	the typical course of action with the Special Ed.
25	Department and what are things that come to mind for

2

you and your folks, as you have done and as you move forward? Because obviously we're dealing not with just state issues but IDEA and guidelines that supersede state. So help this Panel understand your concerns as a special ed. director for the State of Arkansas.

MS. HALEY: Well, I mean, we're very concerned. There are findings of noncompliance but they're not just compliant procedural findings; there are kids who haven't received services, and so -- and for quite a substantial amount of time. And then we have a staff who is trying to do the right thing but don't have a good understanding of the requirements of special ed. yet, which are many. So my biggest concern is the whole leadership and governance structure in terms of somebody understanding the requirements and making sure -- it's up to the teacher to make sure the IEPs are written, but then it's up to somebody else to make sure they're implemented and make sure that they know students can't be suspended for more than 10 days without due process and all those sorts of things. So for us, there will be written findings. We have ordered compensatory education. We'll make sure that that happens. But that's what we'll do at the state

level. I mean, if there were -- if this goes up to another level, if parents were to come and say that they wanted their students to receive compensatory services in another setting, Rockbridge would be at risk for providing that education somewhere else, since they hadn't gotten it. And especially if there was a lack of progress demonstrated, which is hard for us to see because there hasn't been documentation that the students have been assessed to insure that they're progressing on their IEP goals.

DR. GOTCHER: Thank you.

CHAIRPERSON COFFMAN: Mr. Nuckols, have you taken into consideration or planned for what additional costs there may be to run a summer program to meet these requirements?

MR. NUCKOLS: Yes, ma'am, we have discussed that. Knowing that Ms. Wade's intent, again, is to still come on actually as early as the first of June when she finishes her course of instruction at Lighthouse to assist us with the compensatory education, since Rockbridge will still be in session until mid-June, the 15th of June. So that will certainly give us an opportunity to make progress in catching up on those hours. And, of course, the remainder, of course, we will have to staff as long

as it takes to get the children where they need to be 1 by the end of summer. And so there is still money 2 allotted for special ed. and certainly we'll be able 3 to tap into that so that it won't be a problem on 4 5 that end, given the pot of money that's set aside specifically for special ed. 6 7 CHAIRPERSON COFFMAN: Other special ed. questions? 8 9 Data Reporting. Who wants to take -- Ms. Smith. 10 MS. SMITH: So who has -- so from our people at 11 ADE, has the data been -- is the data correct at this 12 point? 13 MS. HALEY: So I believe in special education the data has been corrected. Is that right, Jody? 14 15 MS. FIELDS: Correct. 16 MS. HALEY: Okay. 17 MS. SMITH: Okay. Were the other numbers in 18 eSchool, enrollment numbers, anything like that, or Title -- I mean, all those numbers are good to 19 20 everyone's knowledge? Mr. Nuckols, are you aware or 21 -- what changes or -- what have y'all put in place? MR. NUCKOLS: Yes, ma'am, I am. 22 I made those 23 changes myself, specifically in eSchool, and My SPED 24 so that those numbers currently match, especially 25 concerning the 1 December count that was required by

the state. We're making sure that those numbers were accurate. And Dr. Fields with ADE, I know her office and UALR was certainly a great help in providing assistance, in doing so, in cleaning those up. And that in fact may be -- I believe it is in your packet, the correspondence between my-self and Dr. Fields.

MS. SMITH: Yes.

MR. NUCKOLS: Knowing that she was firmly the expert there and guided me through that process to make sure the number is correct.

MS. SMITH: Okay.

MS. HALEY: Ms. Coffman --

CHAIRPERSON COFFMAN: Yes.

MS. HALEY: -- you had -- or Dr. Gotcher had asked earlier what our procedures will be. So what will happen, Dr. Gotcher, at the end of their verification, which is coming up soon, if it hasn't come to an end, there will be findings; there's no doubt about that. And there will be compliance action plans and Rockbridge will have to determine why certain things happened and what their plan -- written procedures going forward, such as how are you going to make sure that teachers have accommodations and that they understand how to implement them and

all those. And we will be monitoring that closely.

So there's further action still to come beyond the

Charter Panel in terms of special ed.

DR. GOTCHER: Thank you, Ms. Haley.

CHAIRPERSON COFFMAN: All right. Let me -- is David Tumlison still here?

Mr. Tumlison, if you will give us an accreditation report.

MR. TUMLISON: Dave Tumlison, Standards Review.

Rockbridge had an onsite campus -- onsite standards review. We were on campus, on their campus on January 27, 2017. We used our new transitional checklist, which is a very modified version of what we used to use. Several of the items that we go through we do from a desk audit and some of the other items we can find onsite, like assessing their handbook and their board minutes and things of that nature. There were a few findings.

And as we arrived that day Mr. Nuckols was very accommodating, and as we went through the process I sort of noticed that deer-in-headlight look because he had not had access to our checklist. We had sent it to the school, to Mrs. Nuckols, and somewhere in between it got lost. But as we went through the process he was very willing to help every way he

could and we tried to relieve the stress as much as 1 The few findings we did have -- and I kept 2 we could. wondering why until I looked at it; they opened in 3 15-16, the fall of 15-16. Our unit used to do 4 5 workshops on everything that was covered in these areas and since their school had started we no longer 6 7 do these workshops, such as our workshop on website requirements. There were just two areas there. 8 9 he said if he had known he'd had them there. 10 parental involvement was not on the website, and then 11 the ACSIP reports. I showed him what we were looking 12 for, what we wanted. They did have sort of a light 13 parent involvement policy; it wasn't what we would look for, and they have updated that. 14 15 were some issues on AIPs and I had to explain to him 16 what AIPs were; he was not aware. This is another item we used to cover. We used to do what we call 17 18 our New Administrative Workshop; we'd go over everything, and he would have benefited greatly from 19 But we showed him what we were wanting. 20 21 forwarded him a copy of it and they were very, very 22 prompt in making all the corrections that came up on 23 our onsite review and everything has been taken care 24 of from that list. And then, once again, in March, 25 we sent out our initial accreditation report and then

	250
1	going over what their waivers were. These items were
2	all covered and all the exceptions were able to be
3	removed from the initial accreditation report, and
4	both of well, their school, their Montessori
5	school has been accredited on the accreditation
6	report.
7	DR. GOTCHER: Has been?
8	MR. TUMLISON: Pardon?
9	DR. GOTCHER: It is currently accredited?
10	MR. TUMLISON: Yes.
11	DR. GOTCHER: Okay.
12	MR. TUMLISON: Well, we don't accredit; we make
13	the recommendation
14	DR. GOTCHER: Recommendation. Gotcha.
15	MR. TUMLISON: and the Board will act upon
16	that State Board.
17	CHAIRPERSON COFFMAN: Thank you.
18	Any questions?
19	Thank you very much.
20	MR. TUMLISON: You're welcome.
21	CHAIRPERSON COFFMAN: Finance is our next topic.
22	Mr. Rogers, would you like to start with Ms. Smith?
23	MR. ROGERS: Cindy had to leave. So you have
24	adopted a policy manual that had finance in it, but
25	is it a complete finance manual? I mean, I know that

2

Tripp referenced bid procedures, but I guess I kind of want to know what all is in it.

MR. NUCKOLS: Yes, sir. So the Charter Panel does -- excuse me -- the charter policy manual does address our procurement and things of this nature, and APSRC has had a great take in constructing that However, I know that some of those for us. guidelines are very general and we need additional help in providing specific guidelines that will be -in addition to help Rockbridge for future bidding processes. Knowing that there were some failures on our part in moving ahead and doing those properly, although I do know that, based on the documentation that you may have in front of you concerning the specific vendors, that there were some bids put forth and they were done properly, while others fell through the cracks.

MR. ROGERS: And I know that your audit has been completed, but you haven't had your exit conference yet; you're still --

MR. NUCKOLS: Correct. Yes, sir. I did touch base with Audit by phone, spoke with Mr. Thompson. He indicated that the two individuals who were conducting audit for Rockbridge, one has since moved on from Audit, Mr. Tyler Kronig [ps], so I was not

1	able to touch base with him. Mrs. Stephanie Simmons
2	was the other individual who was conducting the
3	audit; haven't heard back from her. But we were
4	referenced to another individual, Mr. Thompson. He
5	did indicate by phone on the 17th excuse me
6	that there would be an upcoming initial interview,
7	but according to him, per the phone conversation, he
8	didn't have specifics yet, given our course load that
9	he was maintaining. So I'm assuming our case load
10	has shifted to other individuals who are currently
11	handling it. But as of now I don't have any
12	specifics that he indicated to me.
13	MR. ROGERS: Okay. So, yeah, on the bid
14	procedures, so
15	MR. NUCKOLS: Yes, sir.
16	MR. ROGERS: Yeah. On the I think that Patti
17	sent you an email asking you for some we just
18	picked some that were over \$10,000. And it was
19	interesting; there was only one that you'd put a bid
20	out in the paper for, which was for food service.
21	MR. NUCKOLS: Yes, sir.
22	MR. ROGERS: But then Linda Mooney, I understand
23	she's a is she still an employee?
24	MR. NUCKOLS: Yes, sir.
25	MR. ROGERS: But she was being paid under a

1	contract, an independent contract. Was this in
2	addition to her salary contract with Rockbridge?
3	MR. NUCKOLS: To my understanding, sir, she has
4	always been a salaried employee with Rockbridge as a
5	classroom teacher. So if there is a if there's an
6	issue there it has to be tied into coding on the
7	finance side. And I know that Complete Consulting
8	has been they're aware of that, and I don't know
9	if Mr. Hamilton may be able to speak to it. But she
10	has never been an independent contractor so-to-speak
11	for Rockbridge.
12	MR. ROGERS: So you think it was just a regular
13	salary?
14	MR. NUCKOLS: Yes, sir.
15	MR. ROGERS: The contract?
16	MR. NUCKOLS: Yes, sir, that's correct.
17	CHAIRPERSON COFFMAN: Can we bring up Mr.
18	Hamilton?
19	Mr. Hamilton, can you address this issue?
20	MR. HAMILTON: Deron Hamilton.
21	MR. ROGERS: Is that simply what it is, a coding
22	
23	MR. HAMILTON: It's a reimbursement.
24	MR. ROGERS: disbursement?
25	MR. HAMILTON: It was actually a reimbursement

	242
1	for training, the AP check.
2	MR. ROGERS: For \$12,681, reimbursement of
3	training?
4	MR. HAMILTON: (Nodding head up and down.)
5	MR. ROGERS: What was she being trained on?
6	MR. HAMILTON: Montessori.
7	MR. NUCKOLS: Montessori training.
8	MR. ROGERS: Wow, that is expensive.
9	CHAIRPERSON COFFMAN: That's accurate.
10	MR. ROGERS: Is that accurate?
11	CHAIRPERSON COFFMAN: It's accurate.
12	MR. ROGERS: All right. Then, also, I had
13	that was it. I was just wondering.
14	MR. NUCKOLS: If I could clarify, the teachers
15	travel to various sites around the country for the
16	Montessori training and sometimes it's it's in a
17	different city each year. So there are three years
18	of Montessori training for each classroom teacher to
19	become fully credentialed. And so that's the tie-in.
20	CHAIRPERSON COFFMAN: And for an extended number
21	of days; isn't that correct? And for an extended
22	number of days?
23	MR. NUCKOLS: Yes, ma'am.
24	CHAIRPERSON COFFMAN: When they go to training,
25	they go for

MR. NUCKOLS: Yes, ma'am. So for the entire summer, each summer over the three-year cycle the teachers are involved in training, along with spring break and fall break. So there's another four weeks in addition to that where they're out doing training.

MR. ROGERS: And so each one of them, it's about \$12,000? Because I'm assuming it's still a coding

\$12,000? Because I'm assuming it's still a coding issue since it was coded into contracts and it should've -- if it should've been employee reimbursement. So I'm just -- I'm assuming it's still that.

MR. NUCKOLS: To my knowledge, yes, sir.

MR. ROGERS: Okay.

CHAIRPERSON COFFMAN: So will Mr. Hamilton make that correction? Is that who's in charge of making that correction or journal entry?

MR. NUCKOLS: Well, I've technically been with Complete Consulting for about a month, and so I'm still kind of working my way -- working with Chris, but I will commit to making that transition. And just to say about Complete Consulting, I think that's why Chris wanted to bring some additional CPAs on board, because he knew he needed to get that bandwidth to be able to take care of things like this.

1	MR. ROGERS: Okay. Okay. The other thing I
2	have is just looking at your current duties and I
3	know we haven't seen the audit yet, but I can't see
4	I can't think that there's not going to be some
5	kind of segregation of duties finding on your audit,
6	just looking at everything that you're over on the
7	org chart. Who else besides you is responsible for
8	making payments on behalf of the Charter?
9	MR. NUCKOLS: Pardon me?
10	MR. ROGERS: Who else, besides you, is
11	responsible for making payments, bill payments on
12	behalf of the Charter?
13	MR. NUCKOLS: As far as the billing processes
14	for
15	MR. ROGERS: For making any payments
16	MR. NUCKOLS: Yes, sir.
17	MR. ROGERS: or bills that you get in
18	MR. NUCKOLS: Yes, sir.
19	MR. ROGERS: or like payroll.
20	MR. NUCKOLS: I supervise those. They come
21	either they're mailed directly to the school or some
22	of the vendors are mailing those invoices to Complete
23	Consulting for processing. But, initially, whichever
24	the case may be, they go through an online system
25	called AVID that there's an approval process; it

1	comes to me first for approval, then it goes to
2	another staff member for a second look before it goes
3	over to Complete Consulting for a third look, and
4	then final processing.
5	MR. ROGERS: What other staff member?
6	MR. NUCKOLS: Mrs. Gober is the second approving
7	authority, and then at that point it goes to Complete
8	Consulting staff for a third look before processing
9	continues. And these are all standard bills that
10	come across the desk.
11	MR. ROGERS: So part of your contract with
12	Complete Consulting, they make the payments for you
13	after you and Ms. Gober approve them?
14	MR. NUCKOLS: Yes, sir.
15	CHAIRPERSON COFFMAN: Ms. Haley.
16	MS. HALEY: I just had we brought this up
17	last time, but the charge for the cleaning service,
18	and I don't think that was bid. It was like over
19	\$70,000. It was more than the food service.
20	CHAIRPERSON COFFMAN: \$82,000.
21	MR. ROGERS: \$82,000.
22	MS. HALEY: For the year. And so I'm just
23	there was a note in there that it was \$3,000 a month
24	and then that stopped because they weren't doing a
25	good job or so I'm just wondering if you can tell

us a little bit more about that?

1

19

20

21

22

23

24

25

MR. NUCKOLS: Of course. Yes, ma'am. So prior to interviewing any of the cleaning services, the staff was trying to maintain that themselves. of course, trying to run a school it becomes very difficult. So there were interviews set up for various cleaning services. The first one did a fair job but over time the lack of progress was seen and performance fell through. So the staff went back to cleaning, so they tried it again, and then there was another attempt made to hire someone else that could be more competent for about \$3500 a month, but that was cleaning only. And after that fell off, a third look was taken for Razor Cleaning [sic], the service that they offered, which is not only cleaning but major mechanical repairs, which we've actually had to take advantage of over the last several months, including air conditioning issues, heating issues, water damage repair from every time it rains, torrential downpours, and flooding in the building at times, replacing the ceiling tiles; plumbing services are also included. They're to the school almost every week.

MS. HALEY: So it's cleaning and maintenance?

MR. NUCKOLS: Correct. Yes, ma'am.

1	MS. HALEY: And does your contract with them
2	specify I mean, that's a set fee for the year or
3	
4	MR. NUCKOLS: It is a multi-year contract.
5	Typically, it is a \$6,000 payment per month.
6	MR. ROGERS: How often does your building flood?
7	MR. NUCKOLS: Well, until the church put in the
8	French drain, which was just recently, it would
9	there would be some leakage to some degree every time
10	there was a torrential downpour. Over last
11	Christmas, the staff members came in; there was
12	almost an inch of water in four of the classrooms
13	that had to be cleaned up. So a restoration service
14	was called in in order to make the clean-up and
15	repairs. That has gotten better though with the
16	installment of the French drain.
17	MR. ROGERS: Okay.
18	CHAIRPERSON COFFMAN: Is there someone onsite
19	all the time?
20	MR. ROGERS: Of course, daily cleaning and we
21	can give them a call at any time for emergency
22	services in which they come out and provide necessary
23	fixes.
24	CHAIRPERSON COFFMAN: Do you pay for anything
25	additional, such as cleaning supplies?

	240
1	MR. NUCKOLS: No, ma'am. No, ma'am.
2	CHAIRPERSON COFFMAN: Materials?
3	MR. NUCKOLS: No, ma'am. That's all included in
4	the fee; cleaning supplies and the storage thereof,
5	they bring them out as needed.
6	DR. PFEFFER: May I ask?
7	CHAIRPERSON COFFMAN: Yes.
8	DR. PFEFFER: So just to clarify though, there
9	are at least three services here that did not go
10	through the proper bidding process, is that correct,
11	with the vendors they're currently using?
12	MR. ROGERS: Those over \$10,000, yeah, that
13	that's just the ones that we pulled. So both of
14	those, yes.
15	CHAIRPERSON COFFMAN: Mr. Nuckols, in your new
16	relationship or your upgraded improved relationship
17	with APSRC, Mr. Walter said that there would be
18	financial and governance. Will that financial
19	replace Complete Consulting or be in addition to?
20	MR. NUCKOLS: We are certainly looking at that
21	as an option. Yes, ma'am. And also in talks with
22	another financial firm that may be able to provide
23	the accounting assistance as needed. That decision
24	has not yet been made, but those are options that
25	we're looking at. The board has certainly been

active, a big part in looking at other options that 1 could assist us, especially on the accounting side. 2 CHAIRPERSON COFFMAN: Okay. Other questions? 3 Open general questions. 4 5 Dr. Gotcher. DR. GOTCHER: Yes, thank you, Madam Chair. 6 7 Mr. Nuckols, since our last time --8 MR. NUCKOLS: Yes, sir. 9 DR. GOTCHER: -- how would you rate, in any way 10 you want to express it, just your responsiveness to 11 this Panel's requests? How would you rate your 12 team's responsiveness to these requests? I think the entire team has worked 13 MR. NUCKOLS: aggressively the past month to make improvements. 14 15 Granted, there are still -- there is still much to be 16 done, obviously, but it has certainly been at the

17

18

19

20

21

22

23

24

25

aggressively the past month to make improvements.

Granted, there are still -- there is still much to be done, obviously, but it has certainly been at the heart of our operation at Rockbridge to see improvements made so that the school can be provided with the correct education that the children deserve, and certainly to provide them with something unique, something that they may not have otherwise, except in a private setting. So, again, there's much work to be done still but I know that, per the Panel's request and the notes that were made to us via a letter, that much of that has been corrected. We

look ahead to making further corrections so that we'll be in compliance, and knowing very well that there's still much to grow on.

DR. GOTCHER: Thank you. I think my only follow-up just is a comment. While I believe you and I know that you've been responsive, but the evidence has got to match the responsiveness and I think that it's working but still definitely concerns as you have said. So thank you for your candid answer. I appreciate it.

MR. NUCKOLS: Yes, sir.

DR. GOTCHER: Thank you.

CHAIRPERSON COFFMAN: Ms. Perry, is there another -- any person that we need to hear from?

MS. PERRY: No, ma'am, I'm not aware of any.

CHAIRPERSON COFFMAN: I'd like to speak to the board members, if all the board members would come up to the microphone. I'd like for you -- if you would, introduce your-self and then kind of give us -- you've heard this conversation now. We take the responsibility of a board member very seriously. I hope you've seen us take that very seriously. It's important to ask questions and not assume that you know or, you know, to really -- it's your responsibility to really know what's going on to make

wise decisions for the school. So will you kind of talk to us about what you've heard, what you're processing, what we can expect from you?

24

25

MR. CIAK: Well, my name is Jack Ciak and as previously stated I'm treasurer of the board right In general, I'm very encouraged, as Mr. Nuckols said, with the level of effort that's been put forth to satisfy the concerns that are raised here, not only in terms of the actual effort but the spirit in which it was conducted -- and as he said, for the benefit of all involved. I've only been on the board myself for about six weeks now and I'd already had a large list of to-do items in my mind, which continues to grow as a result of this. But, quite honestly, I'm looking forward to the opportunity to put more of these things in place that will certainly give you folks comfort, give us comfort, and just overall in Yes, I appreciate the severity of what's general. I actually look forward to serving in this going on. type of role, of the oversight role, and I think it will be an incredible assistance to the staff to have a functioning board that can do that. And everything I've seen from the meetings that we've been in attendance we're inclined to be moving in that direction.

CHAIRPERSON COFFMAN: Thank you.

25

I'm Roy Albert; I'm the secretary. MR. ALBERT: I'm also encouraged by -- more so by the make-up and the members of the board itself. It's been a transition from I'm sure the previous board members, but the members that are on the board at this time are enthusiastic, they're knowledgeable, and they really want to do what it takes to get the school where it needs to be. The children are the most important thing before everybody's mind and everyone has made a commitment to bringing whatever skills, whatever concerns, whatever it takes to get the job Rockbridge has a bright future if the board is done. in the stewardship, and that is directing the ship. And we are going to direct the ship in the manner in which it has to be done.

MR. BENNETT: While we've made progress in the last month, we still have a lot more to go. After hearing the testimony today I know we've got a lot of things left to do. We would like to address everything, get everything back on track. The special education program, I would like to see that thrive and succeed to where we can provide the services for the children that we need. I see a lot of potential with this school. I think it's

wonderful that we are -- that this charter is able to provide a Montessori education to a lot of children that may not have access to this type of education, and I think it's a wonderful and unique opportunity for the citizens of central Arkansas. And I look forward to the challenge of the board working with Mr. Nuckols and the staff at Rockbridge to insure that this school can grow and thrive and continue to progress and educate our children.

CHAIRPERSON COFFMAN: Thank you, Gentlemen.

Board, additional questions, comments?

MS. SMITH: I have a comment.

CHAIRPERSON COFFMAN: Go ahead.

MS. SMITH: Just a comment. I just want to say this: this is a charter that's in its second year. It's not one that's been around for a long time; it's in its second year. Within the Charter Office here at ADE we recognize in the last year that there have been so many charters that we didn't have the capacity to support as needed, and one of the areas that we saw that lots of charters were struggling was in the area of governance -- and I think we've seen that several times reflected. We've added to the Charter Office. Mr. Scott specifically is directed to assist with boards at charter schools. I kind of

I also

I mean, I

Ι

think -- when I look at the timeline of when this 1 charter was approved and I look at the issues that 2 they have right now, I think some of them go hand-in-3 hand with areas that we've identified here at the 4 5 Department that we needed to be able to provide more I think they're kind of hand-in-hand and 6 support. 7 that's at no fault. I think, one, it's been a growth of the number of charters and the responsibilities 8 9 that we have at the Department to assist. 10 think the partnership and collaboration that we at 11 the Department have tried to work with APSRC in 12 determining where are needs they can meet and where 13 are the areas of need that we can meet in trying to just develop a better partnership there, whether it's 14 15 providing professional development, assisting boards, 16 but just continuing the conversation and dialogue I thought it was kind of telling when you 17 there. 18 talked about the accreditation report, and many of the things that were on the cited accreditation list 19 20 we quit providing professional development to that 21 That to me -- and those were areas that they 22 were not aware of and at this point our Charter 23 Office is not providing that information. 24 think those are things that we have to consider. 25 think that a lesson that I have learned, and

especially today, is before approving a charter making sure that that charter understands the governance piece and the responsibility of the board of directors.

I think this charter -- while the intent was pure in what they wanted to achieve and their passion is evident, opening a school is not just as easy as opening a school. There are lots of laws, especially federal laws with special education that have to be followed. And I can tell you most general ed. teachers, they themselves are not aware of the special ed. laws and requirements. Most elementary and middle school and secondary principals, they've had a crash course in it but they really rely on their special education teachers and LEA supervisors to guide them in those areas. And so these are areas that I think we need to identify at the Department and our partners at APSRC in making sure that we're providing the support for people to be successful.

I think some of the areas here -- I don't want to take the responsibility off of your shoulders as the superintendent or as the board of directors because, I said it last month, receiving a waiver does not waive your responsibility to know what you're supposed to do. So it's still your

responsibility. So as of today, I look at this as a second year charter. They're not in academic They will receive their first compliance distress. citing in special education, which to me is a normal first thing that would happen to any school district. They have expressed today plans to correct. I think they still have a long ways to go. I visited this school yesterday; they were very willing to show me around and show me what was going on. I saw some really good things going on and then I saw some things that need to be improved. But I think this is a second year school. I don't think it's -- I don't think we're in the same boat as we were in in other schools that we've listened to or talked to. have a long ways to go still.

I will say I appreciate -- you were asked very direct pointed questions and I felt like that you answered those questions with integrity today, even when the answers didn't show favor on you. So I do appreciate that.

Those are just my comments that I wanted to make to the board -- to the Panel.

CHAIRPERSON COFFMAN: Ms. Haley.

MS. HALEY: We're still really concerned about special education moving forward because, for one

1	thing, we don't even know if there's going to be a
2	licensed teacher next year. And so the lack of
3	understanding in just the written procedures that
4	were submitted to us is evident about not no one
5	not wanting to do the right thing, but not
6	understanding the comprehensive nature of what the
7	right thing is in terms of procedures and practices.
8	And for me it's a combination of waivers and I'm
9	talking about waivers for the principal, waivers for
10	the superintendent and that kind of thing. So I
11	think one of the things that we were told, I think,
12	is we could decide to revoke a waiver as an action.
13	Is that correct?
14	CHAIRPERSON COFFMAN: You can yes, you can
15	modify the charter.
16	MS. HALEY: Right.
17	MS. DAVIS: It would be a modification
18	MS. HALEY: Okay.
19	MS. DAVIS: of the charter.
20	MS. HALEY: Okay. Because even though
21	superintendents and principals don't know a lot, they
22	are responsible and they have a little bit of
23	knowledge about this is the required thing to do
24	under federal law for lots of different areas. And I
25	just I'm afraid that that's missing. And I don't

	258
1	know if Mr. Walter, when he said that they were going
2	to be in charge of bringing in a new superintendent,
3	if that's going to be a certified person or you
4	haven't made that decision.
5	MR. WALTER: If I may briefly address that, I
6	mean, it will be the board's responsibility, not
7	ours. That's just a condition of our enhanced
8	services going forward.
9	CHAIRPERSON COFFMAN: That's a condition that
10	you made with the board?
11	MR. WALTER: Well, with the school. Yes.
12	MS. HALEY: And is the condition that the person
13	be certified or just a new
14	MR. WALTER: No. That's
15	MS. HALEY: Okay.
16	MR. WALTER: That's not in the agreement.
17	MS. HALEY: Okay.
18	CHAIRPERSON COFFMAN: Mr. Walter, could you
19	expand on that partnership or that I don't know
20	what you're calling it your relationship? Will
21	that include any assistance with these special ed.
22	issues? Can you kind of be a little more specific
23	or you don't have to be extremely specific but
24	MR. WALTER: Yes, just if you can give me
25	just a second. Yes, ma'am.

2

24

25

CHAIRPERSON COFFMAN: Can you be a little less general?

Basically what the services we'll MR. WALTER: provide is we're going to have somebody during this period over at the school on a weekly basis to help provide administrative oversight; help with various processes and systems; special education budgeting is part of the things that we are going to do; assistance in preparation of budget; review staffing needs, contracts; helping with various data entry items, such as Indistar, those type of issues; any correction, corrective action plans that are required; and technical assistance going forward as needed once the audit findings and exit conference comes around on the governance and policy piece; address the issues or help the school address, I should say, the issues that you have brought forward and any other compliance pieces that are necessary to get them back to correct any issues they have with the Department as a whole; and also policies and procedures review; and up to six hours of board training and continued attendance at the school board meetings, if that helps kind of flesh out our thoughts.

MS. HALEY: So, Mr. Walter, you said special ed.

1	budgeting. But what about special ed. in general and
2	procedural items, are you going to is part of what
3	you're going to do provide support for that, as well?
4	MR. WALTER: Well, we certainly can in
5	conjunction to the extent that we are able and in
6	conjunction with any staff that they have.
7	DR. PFEFFER: And is this agreement one that's
8	been approved or assigned by their school board or
9	governing board?
10	MR. WALTER: It was brought before the board for
11	permission I think two meetings ago to enter into an
12	agreement, and that agreement has been executed, as I
13	understand it, on Rockbridge's end, and is about to
14	be on ours.
15	CHAIRPERSON COFFMAN: Dr. Gotcher.
16	DR. GOTCHER: And with respect to Mr. Rogers, my
17	question is for our charter team. So if he has a
18	question
19	CHAIRPERSON COFFMAN: Okay.
20	DR. GOTCHER: for Mr. Walter, I'll defer.
21	CHAIRPERSON COFFMAN: Mr. Rogers.
22	MR. ROGERS: So, hey, Tripp, before you run off,
23	I just want to make sure I understand.
24	MR. WALTER: Yes, sir.
25	MR. ROGERS: This agreement that you've got with

	201
1	Rockbridge now, as part of the compromise of the
2	agreement y'all are going to help them seek out new
3	leadership for the school district? Did I understand
4	CHAIRPERSON COFFMAN: Correct.
5	MR. ROGERS: for the school, is that what I
6	understood you saying?
7	MR. WALTER: Yes. We'll be of assistance in the
8	process. We obviously I mean, that's obviously a
9	board decision but
10	MR. ROGERS: Right. But y'all are going to help
11	them select somebody that could step into that role
12	of superintendent to help? I'm just I'm not
13	trying to put words in your mouth; I'm just trying to
14	understand.
15	MR. WALTER: No. I mean, to the extent that we
16	can again, that was one of the conditions for us
17	moving forward that that piece be in the agreement
18	MR. ROGERS: So
19	MR. WALTER: that there would be changes in
20	leadership.
21	MR. ROGERS: Okay. So I think I'm hearing you;
22	I think we're saying the same thing.
23	CHAIRPERSON COFFMAN: Yes, you are.
24	MR. WALTER: I think the only thing that we
25	perhaps might not be saying is that it's really going

	202
1	to be the board's call in the
2	MR. ROGERS: Oh, right, right. Yeah.
3	MR. WALTER: process. We would offer
4	technical services around that, I'm sure, just as we
5	do anything on an ongoing basis with them being our
6	members.
7	MR. ROGERS: But as a part of this agreement
8	y'all are going to help the board find somebody else;
9	y'all can't say, "Hire this person," but you can say,
10	"Hey, here's five people; what do you think?"
11	MR. WALTER: Well, again, that's not spelled out
12	to that level of detail. Again, it's their call.
13	We're not I mean, we're not going to be selecting
14	their next director. That's not our
15	MR. ROGERS: Okay.
16	MR. WALTER: That's not our ability to do.
17	CHAIRPERSON COFFMAN: We're trying to build some
18	confidence in what we think the service that
19	they're going to receive.
20	MR. WALTER: Right. And as to that piece,
21	again, it was a condition for us to provide
22	additional services going forward that there be
23	leadership changes, as I've expressed. I mean,
24	again, the hiring of a superintendent is a is
25	going to be a board function or any other leadership

	203
1	is going to be a board function. To the extent that
2	we are asked to assist in that process we will be
3	glad to do so.
4	MR. ROGERS: And by when are they supposed to
5	have a new superintendent?
6	MR. WALTER: June 30th.
7	MR. ROGERS: Of like coming up or next year?
8	MR. WALTER: Yes, sir. This year.
9	DR. GOTCHER: And I'm hearing that Mr. Walter is
10	preserving that line between board
11	CHAIRPERSON COFFMAN: Right.
12	DR. GOTCHER: and services. So, I'm hearing
13	that.
14	CHAIRPERSON COFFMAN: I just wanted to make sure
15	that I was clear on my next question for Mr. Bennett.
16	Mr. Walter is a very good attorney and he
17	doesn't give a lot away. But what I picked up from
18	what he said was it's up to the board to make the
19	right decisions and to ask for the right assistance.
20	MR. BENNETT: Yes, ma'am.
21	CHAIRPERSON COFFMAN: Did you hear that?
22	MR. BENNETT: Yes, ma'am.
23	CHAIRPERSON COFFMAN: Okay. So if you're not
24	getting the service you need, he has said to you you
25	need to keep asking for the right things.

	204
1	MR. BENNETT: Yes, ma'am.
2	CHAIRPERSON COFFMAN: Okay.
3	MR. BENNETT: And that's what we will do.
4	CHAIRPERSON COFFMAN: Okay. I wanted to make
5	sure you heard what I heard.
6	MR. BENNETT: Okay. Thank you.
7	DR. GOTCHER: Great point, Madam Chair.
8	CHAIRPERSON COFFMAN: Thank you. You know, I
9	work right beside a whole group of lawyers, so
10	DR. PFEFFER: So I do have a question just for
11	my fellow board members here.
12	So, Mr. Rogers, last time a huge concern for you
13	was finance and by this time we should have had more
14	information, and we don't. But just based on where
15	we are now how comfortable are you with financial
16	matters? And does the conversation we've just had
17	with APSRC, are you feeling more comfortable going
18	forward with financial issues?
19	MR. ROGERS: In a word, no. I still have
20	problems with the bid procedures, still have problems
21	with the segregation of duties; I'm concerned about
22	what the audit, the Leg audit is going to show next
23	week or whenever they have that opportunity. I wish
24	we would've had to see that. I think the easiest
25	thing, like I say, if this was a normal a

traditional, then Fiscal Services probably would've already recommended early intervention on them. So I do have concerns going forward with it to make sure that -- and I know that they've adopted the generalized policies that APSRC puts in them but they are generalized, and so I'm concerned about how they're going to make that their own. And it really -- just the governance structure of it, having so much on -- and I think Mr. Nuckols is trying to do the right thing, but he's carrying a lot on his shoulders that I just don't know how that's going to work.

DR. PFEFFER: And I think I would agree too because it just seems that the conversation today has been full of good intentions and promises and just -- there's still such a lack of defined sustainable leadership. And I'm concerned by the fact that by now we don't have a definitive plan to have a special ed. teacher on staff. I'm, you know, a little bit surprised that, you know, still trying to get some of the paperwork right and just not -- without being really walked through processes, some of those things not being farther along than they are. And just glancing here at some of the stats on My School Info and the student-to-teacher ratio is 27-to-1. And I

25

went back and kind of looked at the number of teachers they have and the number of students they have and just thinking through the number of people working there, and that was my observation when I There are a lot of students compared to the adults working there. So I share the concerns about -- I don't know how the segregation of duties is going to be addressed and some of those other leadership pieces. I do appreciate what we have heard from APSRC in terms of, you know, already having talked about an agreement but -- and I think Ms. Smith made some good points, but I don't know that it's -- I don't know that I feel quite the same way as feeling good about where they are in year-two and feeling like it's okay to be there in year-two, so --

CHAIRPERSON COFFMAN: Dr. Gotcher.

DR. GOTCHER: Thank you, Madam Chair. If I could address our charter team; I'll just call it that. I'll start with Ms. Mary Perry, and I'll ask you the same question that I asked Superintendent Nuckols. How would you rate their responsiveness since the last -- our last Charter Panel meeting?

MS. MARY PERRY: I think they get a very good mark for effort. I am concerned about the quality.

1	DR	•	GOTCHER:	The	latter	part	again?	

MS. PERRY: The quality --

DR. GOTCHER: Quality.

MS. PERRY: -- of what we've received from them
is a concern with quality.

DR. GOTCHER: Understood.

MS. PERRY: Cooperation and effort marked very highly.

DR. GOTCHER: Thank you. I'm encouraged by that.

I think I want to follow-up with what Ms. Smith offered, and I certainly appreciate my colleagues' comments. And I do recognize there has been some changes in standards in terms of training and I recognize some of the things that may have been offered in previous traditional and charter schools has not been afforded to this team. However, I think back to where I was a little over a month ago, whenever the time was. Number one, I'm encouraged by the comments and the transparency, Ms. Smith, of Superintendent Nuckols and the responsiveness, albeit the quality may not be there, by the team, by the institution. But now I trickle down to why we're all here and that's about the students. When you think about what is best for our students in this state and

the responsibility that we have, I look back at my notes and I'm just wondering, special ed. team, are we at a point of no return in being able to provide the services to provide them what is federally required and our duty to support that? They are a new institution and certainly there's a lot of grace in that, and I think grace has been given. think where I am today is the issue of the special ed. students and wondering can we move forward knowing the inadequacies that have existed up to this point, so --MS. SMITH: Okay. So maybe I misunderstood, so I need to clarify some things. If I heard or understood correctly, you do have a contract pending or an intent for someone to come and work in the fall that is special ed. certified, that currently works at the Lighthouse charter? MR. NUCKOLS: Yes, ma'am, that's correct. MS. SMITH: And has your board already hired that person for next fall or you just have the intent for that person to come? MR. NUCKOLS: She has given us a Letter of Intent for employment at Rockbridge in the fall. Yes, ma'am.

And have you taken -- so has

Okay.

MS. SMITH:

	269
1	there been action on that for her to be hired for
2	next year by the board?
3	MR. NUCKOLS: No, ma'am.
4	MS. SMITH: Okay. So you're waiting for that.
5	Okay.
6	MR. NUCKOLS: Correct. Yes, ma'am.
7	MS. SMITH: That same person you currently have
8	under contract to come and supervise your Ms.
9	Gober. So they come that same person who is
10	special ed. certified comes to your facility now and
11	assists Ms. Gober and her duties while she's under
12	her ALP?
13	MR. NUCKOLS: Yes, ma'am. That's correct.
14	MS. SMITH: And that is a licensed special ed.
15	person?
16	MR. NUCKOLS: Yes, ma'am. This is Cheryl Wade.
17	She is licensed with Lighthouse Charter in Pine
18	Bluff.
19	MS. SMITH: Ms. Gober, are you currently in
20	courses or class work for your
21	MS. GOBER: The next class I can take is
22	CHAIRPERSON COFFMAN: You'll have to come to the
23	microphone please.
24	MS. GOBER: The next class I could take would be
25	starts May 30th at ASU online.

1	MS. SMITH: With the changes occurring and the							
2	new special ed. teacher coming in the fall, are you							
3	planning on still taking courses and enrolling in							
4	that course on May 30th?							
5	MS. GOBER: I am currently doing that. Yes.							
6	But the board meets between now and then and there							
7	may be a reduction of force, because of where I was							
8	brought in to where I am now, and that will determine							
9	that.							
10	MS. SMITH: Okay. So right now you're saying							
11	that you're still planning on taking course work?							
12	MS. GOBER: Yes, ma'am.							
13	MS. SMITH: Okay. And if I heard earlier when							
14	they were talking about is restructuring and stuff,							
15	the possibility of you being moved back to an							
16	administrative role so even if you move back to an							
17	administrative role, are you still possibly looking							
18	at getting your special education							
19	MS. GOBER: Yes. Because in charters everybody							
20	wears several hats and I could be that assistant							
21	person that we would need for the full person on							
22	special ed.							
23	MS. SMITH: Okay. So there is a plan to meet							
24	special education for the school now and in the fall?							
25	MS. GOBER: Yes, ma'am. In mind's eye, yes,							

ma'am.

MS. SMITH: Okay. Then the question about the finances -- and, Greg, the phrase has slipped my mind -- the duty -- the two-people signature.

DR. PFEFFER: Segregation of duties.

MS. SMITH: Segregation of duties. Thank you.

Thank you. Has there been a finding of an issue with segregation of duties? Because when he explained the process that he approves and then it goes to Ms.

Gober, who is not related -- now I think if it was going to his wife that would be an issue. It goes to a separate person that's not related and then goes to the financial. So where is the problem there? Is there -- has there been a finding?

MR. ROGERS: I don't know yet because we haven't got the Legislative audit yet.

MS. SMITH: Okay.

MR. ROGERS: That's the whole thing. But when you look at his -- when you look at what all he's covering, from everything through being one of the person's who approves bills to the person who signs off on the invoices, to the person who signs off on contracts once it has board approval, he is wearing a lot of hats.

MS. SMITH: Uh-huh.

1	MR. ROGERS: And it is a problem in it's even
2	a problem in a lot of smaller school districts too.
3	But there is a lot of hats under the finance role
4	that he is having to wear. So if there is not a
5	segregation of duties audit finding on that I would
6	be surprised. Do I know that there's going to be one
7	for sure? No, not yet.
8	MS. SMITH: Okay.
9	MR. ROGERS: But that hasn't been issued yet.
10	MS. SMITH: Is it written in policy do you
11	have it written in policy somewhere that you have a
12	second person who checks you that's not related? Is
13	that written anywhere, the assigned person who's
14	doing it? Is that written down anywhere or has that
15	just been a practice, and how long has that practice
16	been in place of the two approvals?
17	MR. NUCKOLS: I do not know the answer to that
18	question, Ms. Smith.
19	MS. SMITH: Since you've been the superintendent
20	have you always had a second person approve your
21	finances once you approve them?
22	MR. NUCKOLS: Yes, ma'am.
23	MS. SMITH: Has that person always been someone
24	that's not related to you?
25	MR. NUCKOLS: For signing off on

1	MS.	SMITH:	Yes.
2	MR.	NUCKOLS:	For

24

25

MR. NUCKOLS: For signing off on the checks?

MS. SMITH: Uh-huh.

MR. NUCKOLS: That's correct.

MR. ROGERS: But without a written policy, which they just adopted now -- and I don't even know what's all in it -- that will be a finding. If it is not written, when the auditor comes and looks at it, if they don't have a policy for segregation of duties, who approves it, who doesn't, those can potentially be findings. I'm not saying they are, because I haven't seen it.

MS. SMITH: Right.

MR. ROGERS: I want to keep saying that. I'm not saying that they're going to have any findings.

MS. SMITH: So if they do have findings -- and earlier, you said based on everything that you've seen right now if they were a public school they would've been put into fiscal intervention?

MR. ROGERS: Early intervention.

MS. SMITH: Early intervention, not fiscal

distress?

MR. ROGERS: No.

MS. SMITH: Early intervention?

MR. ROGERS: Uh-huh.

MS. SMITH: Okay. I just -- I guess for me today, in contrast to where we've been from someone who was academic distress, fiscal distress, longstanding academic distress -- I mean, to brandnew, I think we're at two different places. I mean, I'm still saying there's issues that have to be corrected, but I did hear a plan about special education today. I did hear a plan they at least had balance or seemed to be some balance in the accounting procedures, but they still have clean-up to do and acknowledgement and a plan on how that could be corrected. So I just wanted to clarify some of that today.

CHAIRPERSON COFFMAN: Dr. Pfeffer.

DR. PFEFFER: And, Ms. Davis, you alluded to this earlier and I want to follow back up on it with the transition. Because this was all at our last meeting; it was very unclear, really, who was in the leadership role at the school. And since then Mr. Nuckols -- you know, it has kind of solidified that he is that -- in charge of the everyday operations. But that was never a board decision; is that correct? Or is that something we're wondering right now? And where does that leave things?

MS. DAVIS: Well, I'm not sure if that was a

board decision by their sponsoring entity that hired them, much like a school board would hire either the superintendent -- it's a little unclear on that. I don't have any documentation on him being hired in the financial position. So, yeah, I mean, it's kind of unclear, so -- and they might have approved -- they may -- I say "they," the entity, the board may have approved his hiring as superintendent, but we wouldn't -- it wouldn't come through us anyway; it's for Commissioner approval.

DR. PFEFFER: Right. I'm just -- I didn't -- I was just trying to think about that and does that make any difference with anything right now --

MS. DAVIS: Well, I mean --

DR. PFEFFER: -- in terms of --

MS. DAVIS: -- in general -- and I had sent several questions in trying to figure this out to the Charter Office because it does seem -- and I think Ms. Gober just said that they all wear several hats, and I think that that has been at least a confusion for me is that they're all wearing multiple hats and trying to figure out what hat are they wearing and what situation in order for us to do.

DR. PFEFFER: Because the only thing that I've seen -- I mean, I've seen the org chart change with,

you know --

MS. SMITH: Right.

DR. PFEFFER: -- those names there. But when you look at, you know, the salary schedule or the list of employees you still have the same things with people. And I realize when changes are made --

MS. DAVIS: Right.

DR. PFEFFER: -- in the middle of the year, you know -- but, okay. Thank you.

CHAIRPERSON COFFMAN: Any additional questions or comments?

MR. ROGERS: I guess just a comment. What you're saying, I do -- the other thing I've been trying in the past month to get -- but it's in the past month, and that concerns me that it took Lisa requesting a full review to get them in front of us last month to flesh out all the problems that they have concerning the whole thing from special ed. to finance to all of it. To go back in a month and then jump through every hoop, get APSRC to get a special agreement with them, have a whole new board, all this happened in the past month because special ed. started asking the questions. And my concern is, yeah, they are new but it took us getting on them to get there, when there's 150 kids sitting at this

25

And it scares the crap out of me that what if we wouldn't have asked those questions and those 150 kids are there and those 20 kids who are there with IEPs weren't getting what they needed. So while we've been giving them kudos today, I'm still not happy about it because it took our people catching it and saying, "Y'all are messing up," to get them here. And so I quess I just want to be balanced on that, that, yeah, they've jumped through a whole lot in the last month but it's only because there were two votes to close them last month. And so that -- I just want to just comment on that, that I'm glad that they're trying as hard as they are and doing everything they are, but what happened if we wouldn't have said that? And I know we can't answer that question because we're here now, but that's just my concern.

CHAIRPERSON COFFMAN: Mr. Bennett.

MR. BENNETT: If I could make one final comment, through -- and through discussions today I haven't had the opportunity to bring this up, but one of the things we have looked at doing is bringing on a compliance officer to help us with these governance issues, with finance. And we've actually had the possibility of applying for some grant money to assist with their salary as well. So that is one

option that we are definitely exploring and we would like to take advantage of, if given the opportunity, just to help us be better stewards of the money -- of the public funds that's being entrusted to us and to hopefully make sure that we're educating the children as we need to.

CHAIRPERSON COFFMAN: Hopefully the lesson today is the minute you know there's a problem you start asking for help.

MR. BENNETT: Yes, ma'am.

CHAIRPERSON COFFMAN: It's never a sign of weakness to ask for help.

MR. BENNETT: No, ma'am.

CHAIRPERSON COFFMAN: It's a sign of strength.

MR. BENNETT: Yes, ma'am. And since I'm new to the board I'm new to the problems. But my intention is that if we see a problem while I'm on the board I would like to address it head-on and address it as quickly as possible and take advantage of the charter school staff here at the Department of Education and the APSRC. They've both been very wonderful through this process in helping us. You know, I feel like everybody wants us to succeed and wants the school to succeed, and I just hope that we continue to have that opportunity.

	279
1	CHAIRPERSON COFFMAN: There's no person in this
2	room that will say no to you if you ask.
3	MR. BENNETT: Thank you.
4	CHAIRPERSON COFFMAN: And if they do, you let us
5	know.
6	MR. BENNETT: Yes, ma'am. I will.
7	CHAIRPERSON COFFMAN: Dr. Gotcher.
8	DR. GOTCHER: No, ma'am.
9	CHAIRPERSON COFFMAN: Any other comments,
10	questions?
11	I'll accept a motion when you're ready.
12	DR. GOTCHER: And a question for Ms. Davis.
13	CHAIRPERSON COFFMAN: Ms. Davis, are there any
14	sorry any remaining issues that we need to
15	discuss?
16	MS. DAVIS: I do not have anything. I'm pretty
17	sure y'all have covered it all.
18	CHAIRPERSON COFFMAN: Thank you. We just like
19	to be thorough.
20	DR. GOTCHER: And the same four options?
21	MS. DAVIS: Yes. You can take no action, you
22	can modify their charter, you can place them on
23	probation, or you may revoke them.
24	CHAIRPERSON COFFMAN: Let me ask a clarifying
25	question on the take-no-action. So we tabled last

1	month. If we were if the board decided to table
2	to come back in and check, do they automatically pick
3	it up next month or could they table to a further out
4	time?
5	MS. DAVIS: Generally, you table to the next
6	meeting.
7	CHAIRPERSON COFFMAN: Okay. Thank you.
8	MS. DAVIS: And I say that just so that way if
9	you decided that you wanted them to come back in two
10	months then that would be another full hearing, just
11	to let you know.
12	CHAIRPERSON COFFMAN: Okay. Thank you. That's
13	very helpful.
14	DR. GOTCHER: And one special ed. clarifying
15	question: 72 days of missed instruction for students,
16	Ms. Haley, is that that could be made up through
17	the summer before the start of the second school
18	year. And if that doesn't happen, I'm just still not
19	clear. What if kids are underserved?
20	MS. HALEY: So it's not, you know, like I said,
21	hour for hour.
22	DR. GOTCHER: Sure.
23	MS. HALEY: So it doesn't necessarily mean if
24	they miss 72 hours they're going to provide 72 hours
25	of compensatory education. It means whatever they

determine is appropriate, once we review and accept that. But we have the option to withhold funds in special education too, in addition to findings of noncompliance. And so if the district is not complying with what's set forth in their corrective action plan then that would be an option open to us and then we could recommend further action, either through the Panel or, you know, Standards of Accreditation or whatever the appropriate entity would be.

DR. GOTCHER: Understood.

CHAIRPERSON COFFMAN: I'm ready for a motion.

MS. HALEY: Can I ask one more question of Ms.

Davis?

CHAIRPERSON COFFMAN: Sure.

MS. HALEY: Can you -- the waivers that the Charter has in terms of licensure is for the superintendent and the principal and teachers and --

MS. DAVIS: They have waivers of -- hang on;
I've got the waiver chart up here. They do have a
waiver of -- hang on -- certified personnel, they do
have a waiver of principal, and they do have a waiver
of the superintendent license. And, of course, all
associated rules and standards that would go along
with it.

MS. HALEY: Okay.

MS. SMITH: I'd like to make a motion to put Rockbridge Montessori on probation, and within that probation they have a 90-day report; every 90 days they would submit a report to the Charter Office, addressing the areas of special ed., governance, finance, and required reporting. Within each of those 90 days, if the Charter Office sees that there is a problem they can bring it to our attention at the Charter Authorizing Panel. But it's not about them coming before us every 90 days; it's them putting in a report with the Charter Office for them to check on those specific four areas of concern.

DR. GOTCHER: Second.

MS. SMITH: Can I do that? No?

MS. DAVIS: No, you can do that. That's fine. I just would probably say that -- instead of maybe putting a time limit on how long they're going to be on probation that maybe at some point you would like for them to come back maybe in a year for a complete review by you or something of that nature, so that way it's not just on the Charter Office for every 90 days and that they may stay on probation perpetually but they're doing great or not doing great.

MS. SMITH: Okay. So within a year then it

	203
1	would be reviewed to determine whether or not they're
2	off probation or they continue on?
3	MS. DAVIS: Yeah. I would just say with
4	probation status to be reviewed in a year.
5	MS. SMITH: In a year. Okay.
6	CHAIRPERSON COFFMAN: Do you agree to that?
7	MS. SMITH: So there would be four reports;
8	three reports submitted to the Charter Office, the
9	fourth report would be an annual review with us.
10	DR. GOTCHER: And before I second, it doesn't
11	change our opportunity to bring them back at any time
12	if exactly.
13	MS. SMITH: We can bring them back at any time.
14	MS. DAVIS: Right. And you could
15	DR. GOTCHER: Second.
16	MS. DAVIS: You could do that on your own
17	information that you gather or on any of the reports
18	from the Charter Office.
19	CHAIRPERSON COFFMAN: Discussion?
20	MS. SMITH: My reason for that, making that
21	motion is I do think there are big concerns today
22	that have been shared. I do think there is a plan of
23	action but as Mr. Rogers stated, we've had a lot
24	of action in a month. Can it be maintained? I don't
25	know. This 90-day report in the Charter Office, they

can put their hand on the pulse to determine are they doing what they said they would do with APSRC, are they doing what they said and committed to us with their special ed. teacher, does that person actually start in the fall, did they hire a new superintendent. I mean, I think there are several things that have been testified today that that report can do a 90-day -- can do a check. And I think the Charter Office can make a streamlined process of what that report looks like, the information they need, and not make it be something that is burdensome but does it address the concerns that we have. That was my reason and intent for the motion.

CHAIRPERSON COFFMAN: Dr. Pfeffer.

DR. PFEFFER: You said then that the review would take place within a year. Could we insure that the review would take place in time so that if overall progress had not been made the recommendation -- I mean, so you're just saying at some -- you're not going to set a date for April or May or March for the review?

MS. SMITH: I think if we got to September or October next year and they were submitting a report in the Charter Office and didn't have a special ed.

teacher, they didn't make the -- the board is not meeting as they're supposed to governance-wise, the board is not -- you know, Mr. Morgan has attended meetings and there's lack of governance by the board, then that report would come to us and then we could call them back in immediately.

CHAIRPERSON COFFMAN: You'll have three reports by January.

MS. SMITH: Uh-huh.

DR. GOTCHER: And that was the discussion I had, Ms. Smith, because while I support the probationary motion if by September/October grave concerns emerge again I would not feel comfortable as a panel member moving forward with students underserved yet another year, so --

MS. SMITH: Right.

DR. GOTCHER: Okay.

MS. SMITH: And acknowledging that within this time period they are going to have special ed. compliance findings, so they're going to have to address those issues. Mr. Lester today asked about Title 1 and, you know, are they going to follow-up on that. There are several things that time will tell whether or not those have been addressed.

MR. LESTER: And the exit legislative audit

1 also.

MS. SMITH: Yeah, the legislative audit piece that's coming up there. I mean, I think those things -- only time -- but I think at the same time, we do have concerns. If they're not correcting and we're not satisfied with those concerns, then at any time we can bring them back in. But I don't think we need to drag them in here every month and I don't think they need to come before us every 30 days. I think that's why we have expanded the Charter Office with more people so that they can address some of the specific needs.

DR. PFEFFER: Would we need to have an end-date though when either you will be off probation or a determination will be made? Do we need to have some type of --

CHAIRPERSON COFFMAN: There's a review. There will be a full review.

DR. PFEFFER: One year from now?

CHAIRPERSON COFFMAN: Within.

DR. PFEFFER: Okay.

CHAIRPERSON COFFMAN: So probably sometime

January, February, if not before.

Any other discussion?

The motion has been made by Ms. Smith, seconded

	287
1	by Dr. Gotcher to put Rockbridge Montessori Academy
2	on probation, with a review within one year by this
3	Panel, with 90-day reports going to the Charter
4	Office. Is that the gist?
5	DR. GOTCHER: Yes, that's a very good gist.
6	CHAIRPERSON COFFMAN: All right. I'm going to
7	take a roll-call vote.
8	Dr. Gotcher.
9	DR. GOTCHER: For the motion to place on
10	probation.
11	CHAIRPERSON COFFMAN: Ms. Haley.
12	MS. HALEY: For the motion to place on
13	probation.
14	CHAIRPERSON COFFMAN: Mr. Lester.
15	MR. LESTER: For the motion to put on probation.
16	CHAIRPERSON COFFMAN: Dr. Pfeffer.
17	DR. PFEFFER: For the motion to place on
18	probation.
19	CHAIRPERSON COFFMAN: Mr. Rogers.
20	MR. ROGER: No.
21	CHAIRPERSON COFFMAN: Dr. Saunders he's not
22	in here.
23	Ms. Smith.
24	MS. SMITH: For the motion.
25	CHAIRPERSON COFFMAN: Okay. 5-to-1, motion

1 carries.

If you'll give us a moment to write out the reasons and then we'll read those reasons to you, and then we'll have any comments.

(A FEW MOMENTS OF SILENCE)

CHAIRPERSON COFFMAN: Dr. Gotcher.

DR. GOTCHER: I voted for the motion to approve the probation. Concerns have been well noted and a new direction appears to have taken place. I strongly encourage the new board to take its place and move this school towards excellence.

CHAIRPERSON COFFMAN: Ms. Haley.

MS. HALEY: I voted for the motion. We have continuing concerns with special education program administration and, most importantly, services to students with disabilities. I would expect that future reports to the Charter Office be comprehensive and of quality, not just quantity.

CHAIRPERSON COFFMAN: Mr. Lester.

MR. LESTER: I voted for the motion. Although I agree that there are several areas of concern, I think that probation is the appropriate choice at this time.

CHAIRPERSON COFFMAN: Dr. Pfeffer.

DR. PFEFFER: I voted for the motion. During

the past month, I do acknowledge that the Charter has begun to address concerns. I think that the probation sends the message that this is a limited time in which we expect that changes will begin, not just addressing but seeing the real change. So I did vote in favor.

CHAIRPERSON COFFMAN: Mr. Rogers.

MR. ROGERS: I voted against it. While I appreciate the Charter's sense of urgency to change or adopt policies to address our concerns, I still have a lot of concerns with the finance, SPED, and overall governance. I hope the Charter takes this opportunity on probation to continue to improve.

CHAIRPERSON COFFMAN: Ms. Smith.

MS. SMITH: I voted for it. I believe probationary status will address the concerns of this Panel. I would encourage Rockbridge to continue to work with the Charter Unit and APSRC.

CHAIRPERSON COFFMAN: Any final comments?

I do appreciate your sharing of information today. Mr. Bennett, heavy, heavy work falls to you and to the board. But I hope that -- and I feel confident that your board is walking away with a sense of urgency. And I think as Ms. Haley alluded to is that we're not looking to see that things are
