Focus Area:	<input checked="" type="checkbox"/> Traditional <input type="checkbox"/> Alternative Learning Environment <input type="checkbox"/> Virtual <input type="checkbox"/> College Prep <input type="checkbox"/> Credit Recovery <input type="checkbox"/> Other:

Provide a brief description of the purpose or emphasis of the school:

The purpose of Legacy Leadership Academy is to first and foremost provide equitable and high-quality education to our students. Also, to promote positive academic outcomes when it comes to our students while working to ensure students are productive members not only in school, but also in society.

We aim to meet our mission by placing focus and resources in the following areas: school culture, academic performance, student attendance, student behavior, and promotion rates.

Our instructional focus will be grounded in achievement and discipline statistics, student's behavior patterns in and out the classroom, and observing teacher interactions with students during class to help with the outside informal instructional times (aftercare programs) we want to employ to further cultivate student achievement and progress. We will also focus on data-driven instruction to reinforce our program design to increase rigor, comprehension, and proficiency or above in mathematics and reading/writing, which will expand into science and social studies correspondingly because of how our instructional practices will have the courses interconnected. This focus will lead to immediate corrective actions.
