B. Does the co-op have a Teacher Center Committee? YES X NO ___

If yes, then:

How many are on the Teacher Center Committee? 22

How many members are teachers? 15

How many times did the Teacher Center Committee meet? 3

When is the regular meeting? As scheduled (three times per year)

C. When was the most recent survey/needs assessment conducted? On-going on our website

D. Have written policies been filed with the Arkansas Department of Education?

Yes X No ___

II. STAFFING

Please list (or attach a list of) all staff members of the co-op (including those housed at the co-op and paid through other sources), their titles and the salary funding sources for the positions. Place an asterisk (*) beside those who are housed at the co-op only and whose salary does not flow through the co-op's budget.

III. TEACHER CENTER

Please attach a list of all in-service training/staff development workshops offered through the co-op, including month offered, topic, number of districts participating, number of participants and location of workshops. Place an asterisk (*) beside those which provided curriculum assistance. Include a cumulative total of participants. See attached form.

- A. Does the co-op provide media services to schools? YES [] NO [X]

If yes, then:

Approximate the number of titles in media center: 0

Does the co-op provide delivery to the districts? YES [] NO [X]

How many districts participate in the media program? n/a

How many titles (including duplicate counts) were provided to schools during this current year? n/a

Do districts contribute dollars to the media services? YES [] NO [X]

If yes, then:

How are media / technology charges per district determined (formal or per ADM)? Please describe: N/A

Does the co-op operate a “make-and-take” center for teachers? YES [X] NO []

If yes, then:

How many teacher visits have been made to the center? (Count all teachers who have visited the center, using duplicate counts for teachers who have visited the center more than once. 92

IV. ADMINISTRATIVE SERVICES

Please check administrative services offered through the co-op:

- [X] Cooperative purchasing
- [X] Planning assistance
- [X] Special education services
- [X] Gifted and talented assistance
- [X] Grant writing assistance
- [X] Personnel application
- [X] Evaluation procedures
- [X] Migrant student Identification
- [X] Bookkeeping assistance
- [X] Technology training
- [X] Curriculum alignment
- [X] Business Management training
- [X] Computer technician
- [X] Dyslexia Training
- [X] E-Rate applications
- [X] Assessment data analysis
- [X] Instructional facilitator training

- ☒ Math coaches training
- ☐ TARGET interim assessments
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and local board members
- ☐ Other (please specify)
- ☒ Teacher Evaluation and Support System (TESS)
- ☒ Common Core State Standards (CCSS)

V. DIRECT SERVICES TO STUDENTS

Please check the student services provided through the co-op:

- ☐ Student assessment program
- ☒ Itinerant teachers – please list areas: Early Childhood
- ☒ Occupational therapy and physical therapy
- ☒ Computer-assisted instruction
- ☒ Mentor programs
- ☒ Gifted/talented programs: 21 participating districts
- ☒ Video instruction
- ☒ Speech therapist
- ☒ Low incidence handicapped
- ☒ Other (Please specify):
Early Childhood Special Education 3-5 years of age, Behavioral
Intervention Consultants, Nursing Services

VI. ANECDOTAL REPORTS

Please attach three or four descriptions of activities which demonstrate partnerships, agreements or creative ways that the co-op has assisted local districts. The co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

Program Name: Teacher Excellence Support System (TESS)

Competitive Grant Yes ☐ No ☒

Goals and Description: The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Bloomboard provided software to score, track, and store evidences and designed an assessment system to accurately and consistently apply the Danielson rubric for teaching performance. The Guy Fenter Cooperative will offer two FOCUS support sessions for administrators between June and September, 2016 as well as three trainings on all Domains of the Danielson rubric. The Arkansas Department of Education provided training for administrators at each cooperative on coaching and Professional Growth Plans, Scripting, and Specialty Rubrics during the fall of 2015. Additionally, two representatives from each cooperative participated in an extended training that began in the fall of 2014 and will continue to support administrators through the coaching process for TESS. The

Common Core State Standards (CCSS) and PARCC Frameworks

Work with the Common Core State Standards (CCSS) and how they tie to the new Arkansas standards as well as ACT Aspire assessments in the Guy Fenter Education Service Cooperative (GFESC) region began with trainings with district staff. These focused trainings partnered up small districts so that discussions on implementation could occur across grade levels and disciplines.

Guy Fenter Migrant Education Program

The Guy Fenter Migrant Education Program (MEP) is funding summer services for MEP students who have academic needs in literacy and math in the following districts: Alma, Danville, Dardanelle, Russellville, and Waldron – literacy lessons and online MYON reading program. (approximately 50 students)

Clarksville, Clinton, Fort Smith, Van Buren – math site based summer school (approximately 200 students)

About twenty (20) students are enrolled in classes to improve their English. Two high school students are enrolled in summer programs to recover credits.

Eight migrant students are attending Close Up Washington, an opportunity for students to experience their government in action and consider what role they, as students, play in our democracy.

Fourteen students attended the Arkansas Migrant Student Leadership Academy the 4-H Center in Ferndale, and sixty (60) students attended a college day and financial aid workshop at ATU Ozark, and nine (9) at UACCM.

The GFMEC funded tutors to work with the seventy-two (72) migrant students in the Clarksville after school tutoring program.

For all districts that have only a few migrant students, a MEP staff member makes periodic visits to assist those students as needed with our MYON online literacy program, and as MEP secondary mentor.

VII. EMPLOYMENT POLICIES AND PRACTICES

Act 610 of 1999 requires that each educational service cooperative report the following information:

EMPLOYED

Number of new males employed by the cooperative for the 2015-2016 school year:
For this number above, please provide the number in each of the following racial classifications:

White 1
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

Number of new females employed by the cooperative for the 2015-2016 school year:
For this number above, please provide the number in each of the following racial classifications:

White 13
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 1
Native Hawaiian or Pacific Islander 0

TERMINATED

Number of males terminated by the cooperative during the 2015-2016 school year:
For this number above, please provide the number in each of the following racial classifications:

White 0
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

Number of females terminated by the cooperative during the 2015-2016 school year:
For this number above, please provide the number in each of the following racial classifications:

White 12 (2 retired, 9 resigned, 1 position discontinued)
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0
Native Hawaiian or Pacific Islander 0

SEEKING EMPLOYMENT

Number of males seeking employment by the cooperative during the 2015-2016 school year:
For this number above, please provide the number in each of the following racial classifications:

White 2
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

Number of females seeking employment by the cooperative during the 2015-2016 school year:
For this number above, please provide the number in each of the following racial classifications:

White 38
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0
Native Hawaiian or Pacific Islander 0
Unknown 0

Program: ADE/APSCN Financial Management Systems Field Analyst

Funding Source: Arkansas Department of Education

Competitive Grant Yes___ No X

Restricted X **Non-restricted** ___

Participating Districts:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Guy Fenter Coop, Hackett, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

Personnel:

Pam Cruce, APSCN Financial Field Analyst

Goal:

To provide end-user support to district financial users of the Arkansas Public School Computer Network Financial Management System, convert schools to new APSCN FMS software, and help with meeting Federal and State reporting requirements.

Program Summary:

The APSCN Financial Field Analyst provides services to districts within Arkansas that utilize the Arkansas Public School Computer Network Financial Management System software. APSCN FMS software is used primarily to process and record financial transactions. The Pentamotion financial management systems applications provided by APSCN include the following integrated modules: Fund Accounting, Human Resources, Fixed Assets, Budget Preparation, Personnel Budgeting, Purchasing and Warehouse. The APSCN Financial Field Analyst provides technical, and accounting assistance for all of the modules. The Analyst also provides technical and practical assistance for Monthly Reporting, Financial Report Cycles. Various trainings offered throughout the year include, but are not limited to, changes to Federal and State reporting requirements, training and support new school financial personnel, Financial Cycle Reporting, Fiscal Year End, and Calendar Year End. And converting schools to new APSCN FMS software.

PROGRAM: ADE/APSCN Student Management Systems Field Analyst

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes___ No X

RESTRICTED X **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Van Buren, Waldron, Westside,

PERSONNEL:

Sherry Lipe, APSCN SMS Field Analyst, Associates

GOAL:

To provide end-user support to district student users of the SMS statewide student management system, Cognos reports, and meeting statewide guidelines.

PROGRAM SUMMARY:

The Student Applications Field Analyst provides services to districts within Arkansas that utilize the SMS statewide student management system software. The software is used to store district, school, and student data. Student Management Systems Applications is a computer software used primarily to process and maintain student records. The SunGuard student management systems applications provided by APSCN include: Demographics, Attendance, Scheduling, Report Cards, Transcripts, TAC, HAC, Cognos, Discipline and Medical. With the use of nine cycles yearly, districts electronically submit data to the ADE. The student field analyst provides districts with consulting and training workshops through meetings at the Cooperative, school visits, and communicating closely by e-mail and telephone. Various trainings offered throughout the year include, but are not limited to, SMS Required Fields for State Reporting, New Personnel, Cognos Report Writing, Next Year Scheduling and Year End Rollover.

MAJOR HIGHLIGHTS OF THE YEAR:

- **Training of the eSchool Software**
- 30 Total Training/Workshop Days at Western Co-op
- 14 Visits to various districts to assist with training or help with problems.

PROGRAM: ADE Office of Educator Effectiveness Training

FUNDING SOURCE: ADE Grant

COMPETITIVE GRANT: Yes___ No X

RESTRICTED FUNDING X **NONRESTRICTED FUNDING** _____

PARTICIPATING DISTRICTS: Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

PERSONNEL: Cheryl Ziegler, Teacher Center Coordinator, M.Ed.

PROGRAM SUMMARY:

Western Arkansas Education Service Cooperative held trainings for Project Director Updates during the summer and fall of 2016.

Mentor trainers attended recalibration training in May of 2016 and are scheduled to begin providing sessions throughout the Guy Fenter Cooperative region in June, 2016. Mentor training provides understanding of the elements of the mentor process and how to utilize the Moodle and BloomBoard online systems for gathering and reporting information to the state. The mentors/mentees will be utilizing the Survive and Thrive learning modules via Moodle. The program at the Guy Fenter Cooperative will continue to support participating districts in creating and sustaining a successful mentoring program for new teachers in the profession.

GOALS:

- Become familiar with the Framework for Teaching (FfT) and the relationship between mentoring and TESS (Teacher Effectiveness Support System)
- Use BloomBoard
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process

PROGRAM: ADE School Improvement Specialist

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes___ No X

RESTRICTED X NON-RESTRICTED ___

PARTICIPATING COUNTIES:

Crawford, Johnson, Scott, Polk, Franklin, Logan, Sevier, Montgomery, Howard, Little River, Sebastian

PERSONNEL: John Harris, ADE Area School Improvement Specialist; M.A. Educational Leadership

GOAL:

To facilitate school improvement efforts in local districts and schools. 1) Concentration of Arkansas Flexibility Waiver school improvement schools that have Priority or Focus status in student achievement; 2) Provide Technical Assistance to local schools and districts related to ACSIP planning and implementation; 3) Support /Assist local school districts with schools in Flexibility Waiver Needs Improvement status with their school improvement efforts; 4) Support/Assist local school districts develop/implement systematic and sustainable school improvement; 6) Support/Assist local school districts research, development, and/or the acquisition of additional resources related to their ACSIP and school improvement efforts (both internal and external); 7) Act as a broker of resources/point of contact between the local school district the ADE related to the Statewide System of Support (SSOS) and federal/state funding.

PROGRAM SUMMARY:

School Improvement Specialists assist with all areas of the Arkansas Flexibility Waiver School Improvement Process and implementing the ACSIP, including the Federal Program application and approval process; providing assistance with regulations and laws, responding to technical assistance requests from districts and schools; disseminating information as requested; cooperating with and participating in professional organizations. In addition to these responsibilities, the specialists conduct on-campus visits to assigned schools and monitor school programs.

MAJOR HIGHLIGHTS OF THE YEAR:

- The School Improvement Specialist (SIS), in conjunction with the State Support Team (SST), provides direct assistance to Priority Improvement Schools in the assigned area to create a Priority Improvement Plan to address school improvement needs. In addition, the SIS provides assistance to identified Focus schools to create a Targeted Improvement Plan to address school improvement needs.
- The statewide system of support (SOS) made up of a school improvement advisor and GFESC/STEM Center team members provided academic and instructional support for eight GFESC school districts in specialized services, professional development, and technical support.

PROGRAM: Arkansas Transition Services

FUNDING SOURCE: Federal Grant

COMPETITIVE GRANT: Yes ___ No X

RESTRICTED X NON-RESTRICTED ___

PARTICIPATING DISTRICTS:

NWAESC – Arkansas Arts Academy, Bentonville, Classical Academy, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

OUR – Alpena, Bergman, Berryville, Cotter, Deer/Mt. Judea, Eureka Springs, Flippin, Green Forest, Harrison, Jasper, Lead Hill, Omaha, Ozark Mountain, Searcy County, Valley Springs, Yellville/Summit

GFESC – Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Hartford, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

PERSONNEL:

Paul Johnston – Transition Consultant - MM-UA Fayetteville, BSE-Missouri State University, AAS-UA Fort Smith

GOAL:

To provide district, regional, and state-wide trainings throughout the year to prepare teachers to help Special Education students reach their post school goals as stated on their Transition Plans per their IEP. To provide consults with participating districts to assist students, parents, and teachers in assisting students to reach their post school goals. To develop and facilitate local Transition Teams for school districts. To assist LEAs in folder reviews to ensure Transition Plans on the IEP are accurate and help students to reach their post school goals.

PROGRAM SUMMARY:

Arkansas Transition Services (ATS) is a small, hardworking consultant group which serves Arkansas school districts in affiliation with the Arkansas Department of Education, Special Education Unit. Although each transition consultant serves different parts of the state, we work as one unit to provide the best technical assistance and training opportunities for transitioning students in special education to life after high school. Arkansas Transition Services serves all 75 counties in Arkansas in an effort to improve transition outcomes for students with disabilities. Our mission is to effectively assist students with disabilities, educators, parents, agency personnel and community members in preparing students to transition from school to adult life and reach positive post-school outcomes. We provide technical assistance, trainings and consultations to special education teachers and other relevant staff, as well as to various agency personnel. Our services are provided at no cost.

MAJOR HIGHLIGHTS OF THE YEAR:

State Level

- Arkansas Transition Services held two Cadre meetings in Little Rock where the local teams came together to receive professional development in transition assessments, student focused planning, practice profiles, agencies, and post school options. These events provided opportunities for continued team planning and networking.
- ATS is continuing the pilot of the State Toolkit for Examining Post-School Success (STEPSS). It is a web-based, data-based decision making tool designed to support state departments of education in disseminating and using data related to secondary transition (SPP Part B Indicators 1, 2, 13, and 14) to improve in-school transition programs for youth with disabilities. STEPSS training were held in June 2015 with eight districts attending in order to pilot the program beginning this past fall. One district from NWAESC (Rogers) and one district from GFESC (Greenwood) are participating.
- The Arkansas Interagency Transition Partnership (AITP) will hold the fourth annual AITP Summer Connections as a way for district personnel around the state to learn about a variety of agency services. We will be including a panel of employers of people with disabilities to discuss their experiences and expectations of working with people with disabilities.
- The AITP has developed, printed, and handed out to schools, a Resource Guide. These guides were developed for schools and agencies to give to parents as a way to help increase parental awareness of the importance of transition and resources to help with transition as early as possible.
- This year will be the 10th annual College Bound Arkansas. This is a yearly event held in collaboration with University of Central Arkansas. It is a three day residential program intended to increase student's knowledge of accommodations, assistive technologies, leadership skills, and other exciting aspects of college life. Parents and professionals are also invited to attend and learn about the possibilities for their children and students at the college level.
- State Level Organizations Served:
 - AITP - Executive Committee
 - Arkansas Council on Exceptional Children (AR-CEC) sub-division Division of Career Development and Transition (DCDT) - State President
 - Member of the State Core Team for National Technical Assistance Center Transition (NTACT) Intensive Technical Assistance State

Coop Level

- Transition Fairs – ATS promotes and provides technical assistance for districts and regions that want to have a Transition Fair. These fairs are opportunities for students, parents, and teachers to connect with state and local agencies that can provide assistance.
 - NWAESC
 - Benton County Transition Fair (Bentonville, Rogers) – 100 plus attendees
 - Springdale Transition Fair – Over 400 students, 40 teachers, and 30 parents.
 - Gentry Transition Fair – 100 plus attendees
 - GFESC
 - Greenwood Transition Fair (Greenwood, Lavaca, Mansfield, Hackett, Hartford) – 100 plus attendees
- Focused Transition Nights
 - GFESC – Greenwood has continued with Focused Transition Nights this year. These are for parents/families to get specific information on things like the Arkansas Work Incentives (Project AWIN), and Medicaid Waiver program.
- Coop Trainings – 3 trainings were offered over the past summer.
 - Transition Toolkit, Student Driven Transition Planning, and Preparing Middle School Students as They Consider Going to College.
 - 50 attendees
 - NWAESC – Elkins, Springdale, Bentonville, Gentry, Siloam Springs, Greenland, Arkansas Classical Academy, Gravette, Arkansas Arts Academy, St. Paul
 - OUR – Searcy County, Harrison, Green Forest, Ozark Mountain District, Jasper, Flippin, Bergman
 - GFESC – Magazine, Lamar, Hackett, Mulberry/Pleasant View, Waldron, Mountainburg, Cedarville, Alma
- The Transition Requirements Review was given to 138 teachers
 - NWAESC – Lincoln, Huntsville, Rogers Heritage High, Bentonville
 - OUR – Lead Hill, Oark, Deer
 - GFESC – Greenwood, Mountainburg, Fort Smith, Johnson County Westside, Ozark

- Transition File Reviews – 4 districts
 - NWAESC – Huntsville
 - OUR – Harrison
 - GFESC – Johnson County Westside, Mountainburg
- Person Centered Plans – 2 students
 - GFESC – Ozark, Greenwood
- IEP meetings attended – 2
 - NWAESC – Huntsville
 - GFESC – Greenwood
- District Consultations – 6
 - NWAESC – Rogers, Arkansas Arts Academy
 - OUR – Lead Hill
 - GFESC – Fort Smith, Greenwood (2)
- New Transition IEP Paperwork Pilot Schools
 - NWAESC – Siloam Springs, Decatur, Gentry, Farmington, Classical Academy, Arkansas Arts Academy, Gravette
 - OUR – Berryville, Harrison
- Meetings regularly attended
 - AASEA Area I and Area II (Special Education Supervisors)
 - AR-CEC Board Meetings
 - AITP Board and General Membership Meetings
 - Child and Adolescent Service Program (CASSP) – Fort Smith Region
 - Project Search partners – Fayetteville Public Schools/Washington Regional Medical Center/Life Styles
 - Transition Team Meetings
 - NWAESC – Rogers
 - GFESC - Greenwood
- Other Groups presented to:
 - SEAS Conference – “Agency Connections”
 - AR-CEC Conference – “Going to College: What do all the laws mean?”
 - ESVI NWA Area Teachers – “Transition Overview”
 - UA Autism Symposium – “Final Panel of Professionals”
 - Capacity Building Institute, Charlotte, NC – “Beginning with the End in Mind: Helping Local Districts Plan Like We Do!”

PROGRAM: Career & Technical Education

FUNDING SOURCE: Carl D Perkins Funding

COMPETITIVE GRANT: Yes___ No x

RESTRICTED x NON-RESTRICTED ___

PARTICIPATING DISTRICTS:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Greenwood, Hackett, Hartford, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Pea Ridge, Scranton, Waldron, Westside

PERSONNEL:

Jennifer Turner, Career and Technical Education Coordinator, MSE;
John Whitman, CP Accountability Specialist, BS.

GOAL:

The GFESC Carl Perkins Program promotes reform, innovation, and continuous improvement in vocational and technical education to ensure that students acquire the skills and knowledge they need to meet challenging State academic standards and industry-recognized skill standards, and to prepare for postsecondary education, further learning, and a wide range of opportunities in high-skill, high-wage careers.

PROGRAM SUMMARY:

The GFESC Carl Perkins Program addresses and provides assistance to develop high-quality programs that:

- integrate academic and vocational education
- promote student attainment of challenging academic and vocational and technical standards
- provide students with strong experience in, and understanding of all aspects of an industry
- address the needs of individuals who are members of special populations
- involve parents and employers
- provide strong linkages between secondary and postsecondary education
- develop, improve and expand the use of technology
- provide professional development for teachers, counselors, and administrators

The CTE Coordinator is required to write the annual application and distribute/spend the funding for area schools on indicator projects approved by the Arkansas Department of Career Education. Required reports, technical assistance, professional development, state start up grant writing, and administrative assistance are other duties provided by the program.

MAJOR HIGHLIGHTS OF THE YEAR:

The GFESC Carl Perkins Consortium hosted a Career fair entitled “Fear No Career” for approximately 2200 students. The event was located at Alma High School gym. Paul Vitale presented “Hero from Within.” Over 40 speakers shared their career information with students.

Through grant writing assistance from the program, the following schools received a total of \$287,323 in CTE state start-up grants:

Alma-Pre-Engineering

Booneville-HVAC-Construction Tech

Hackett-JH JAG

Magazine –CASE Animal Science-Ag

Mansfield – JH JAG

Mansfield-CASE Plant Science-Ag

Pea Ridge – Food Production-FACS

Pea Ridge-Small Business Operations-Business

Waldron - Automotive

PROGRAM: **Digital Learning – Virtual Arkansas, Team Digital, Arkansas Connect2Digital**

FUNDING SOURCE: ADE Grant – Act

COMPETITIVE GRANT: Yes _____ No x _____

RESTRICTED Yes **NONRESTRICTED** _____

PARTICIPATING DISTRICTS:

Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Van Buren, Waldron, Westside,

PERSONNEL:

Cathi Swan, Superintendent –State Coordinator of Digital Learning, BSE, MSE
Mike Lar, Virtual Arkansas Director of Operations, BS, MBA, ED.D, ABD
Junior Stormes, Director of Technology, BS
John Ashworth, Virtual Arkansas Director of Academics, BSE, MSE
Lisa Russell, Team Digital Member, BSE
Gerard Newsom, Team Digital Member, BA
Rachel Schell, Team Digital Member, BS, MS
Ashley Pruitt, State Coordinator Administrative Assistant, BA
Alex Munn, Central Office Administrative Assistant, BA

GOAL:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

PROGRAM SUMMARY:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the

Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013.

www.virtualarkansas.org

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital:

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- Held first ever workshop in the state for Teachers and Administrators on Blended Learning and Remix strategies.
- Implemented a technical assistant/will-call application to help participating schools solve issues within 24 hours.
- Presented at TICAL on the Future of Blended Learning
- Held statewide school consultations on the planning and implementation of Blended Learning
- Trained over a 100 High School counselor's around the state on Virtual Arkansas' registration process
- Attended the 2015 INACOL conference on Blended Online Learning
- Completed an Educational Cooperative Promotional Video
- Successfully implemented team visits to Virtual Arkansas' participating schools
- Named resource affiliate for ADE on school waiver process
- Completed a Virtual Arkansas Marketing/Promotional video for the Essentials of Computer Science and Computer Programming
- Presented at the 3rd Annual Data Conference

PROGRAM: PROGRAM: Educational Services for the Visually Impaired

FUNDING: ESVI is a statewide educational consultative service program administered by the Arkansas Department of Education, Special Education Unit.

STAFF:

- Anglyn Young, TVI/COMS, State Coordinator
- Cynthia Kelley, Secretary
- Marsha Holder, TVI/COMS, Educational Vision Consultant
- Diane Quick, TVI/COMS, Educational Vision Consultant
- Donna Hunt, TVI/COMS, Educational Vision Consultant
- Marsha Clark, TVI/COMS, Educational Vision Consultant
- Judy Lucius, TVI/COMS, Educational Vision Consultant
- Carolyn Hogue, TVI/COMS, Educational Vision Consultant
- Melanie Birthright, TVI/COMS, Educational Vision Consultant
- Sandee Pinkstaff, TVI/COMS, Educational Vision Consultant

PROGRAM GOAL: To provide consultation, direct and support services to students who are blind or visually impaired, to their parents and to the school, center and related staff.

PROGRAM DESCRIPTION: Vision Consultants travel statewide to provide assessments, consultations and recommendations for adaptations and modifications to meet the needs of students who are blind or visually impaired ages 3 through 21 in an educational program. Consultants also loan adaptive equipment to students and assist the Instructional Materials Center in loaning braille and large print textbooks to local school districts. Consultation, assessment, recommendations and instruction in the area of orientation and mobility is provided in the school and local communities. In addition, professional development opportunities are offered to parents, teachers and related staff.

Regional vision consultants are funded through the following Education Service Cooperatives:

Guy Fenter Education Service Cooperative
Dawson Education Service Cooperative
Crowley's Ridge Education Service Cooperative
Southeast Arkansas Education Service Cooperative
Northcentral Arkansas Education Service Center
Southwest Arkansas Education Service Cooperative
Northwest Arkansas Education Service Cooperative
DeQueen-Mena Education Service Cooperative
Wilbur D. Mills Education Service Cooperative

ESVI's Central Office is located at:
1401 West Capitol Avenue
Victory Building, Suite 425
Little Rock, AR 72201

PROGRAM: Early Childhood

FUNDING SOURCE: State, Local, Federal

COMPETITIVE GRANT: Yes___ No X___

RESTRICTED ___ **NON-RESTRICTED** _X_

PARTICIPATING DISTRICTS:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Greenwood, Hackett, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Waldron, and Westside.

PERSONNEL:

Tisha Ousley, Early Childhood Coordinator
Angie Coleman, Speech-Language Pathologist
Elizabeth Churchman, Early Childhood Teacher
Trena Hertlein, Early Childhood Teacher
Mindy James, Speech-Language Pathologist
Trish Lamb, Paraprofessional
Christi Nicklin, Speech-Language Pathologist
Davina Roper, Speech-Language Pathologist
Pam Woodard, Early Childhood Teacher
Liz Huff, Early Childhood Teacher
Ashley Debes, Early Childhood Teacher
Jan Carr, Early Childhood Teacher
Shelli Baldwin, Speech-Language Pathologist
Megan Gentry, Paraprofessional
Diahann Bayan, Paraprofessional
Sara Dedmon, Paraprofessional
Savanna Thornton, Paraprofessional
Carrie Farris, Paraprofessional
Haley Speaks, Paraprofessional
Joanna James, Paraprofessional

GOAL:

- To provide special education and related services for children with disabilities from age three to six.
- To provide transition services from Early Intervention Services to Early Childhood Services, and from Early Childhood to School Age programs.
- To participate in a local interagency coordination council (ICC), and a special education advisory committee.

PROGRAM SUMMARY:

The Guy Fenter Education Service Cooperative Early Childhood Program provides special education

and related services to eligible children, ages three to six, under Individuals with Disabilities Education Act (IDEA).

Early childhood special education services are provided on an individual basis so that their developmental/educational needs are met. Services may include screening, evaluations, speech-language therapy, direct/consultative developmental instruction, behavior intervention, physical therapy, occupational therapy, and counseling. Special education services must be provided in the least restrictive environment. Services may be provided in homes, preschools, Head Start centers, early childhood operated classrooms, or on local school district campuses. All services are provided through a written Individualized Education program that details what each child's specific needs are, with the ultimate goal being to prepare that child for Kindergarten by bringing skills up to age level.

MAJOR HIGHLIGHTS OF THE YEAR:

1. 118 students returned in August.
2. December 1 Child Count was 206 students.
3. Transitioned more than 117 students to Kindergarten with special education services recommended.
4. More than 145 students received developmental screenings.
5. More than 303 developmental and/or speech evaluations completed

PROGRAM: Foster Grandparent Program

FUNDING AMOUNT: \$383,962.00

FUNDING SOURCE: Corporation for National and Community Service

COMPETITIVE GRANT: Yes - No - X

RESTRICTED FUNDING: X **NON-RESTRICTED FUNDING:**

PARTICIPATING DISTRICTS: Ashdown, Booneville, Charleston, Clarksville, Cossatot River, County Line, DeQueen, Dierks, Foreman, Fort Smith, Hackett, Hartford, Horatio, Howard County Children's Center, Lamar, Magazine, Mena, Mineral Springs, Murfreesboro, Nashville, Ouachita River, Ozark, Paris, Polk County Developmental Center, Scranton, Van Buren, Westside.

PERSONNEL: Terri Williams, Project Director
Nelda Scoggins, Volunteer Coordinator
Ann Frachiseur, Volunteer Coordinator
Tara Cartwright, Secretary

GOALS:

- Enable men and women 55 years and over to remain active and find ways to serve their community.
- Enable children with special needs to improve academically, developmentally, and socially.

PROGRAM SUMMARY:

The Foster Grandparent Program is a federally funded program whose purpose is to offer Senior Citizens, 55 years of age and over, the opportunity to serve as mentors and tutors for children with special needs. These senior volunteers provide 15 to 40 hours weekly service to community organizations such as schools and pre-schools.

MAJOR HIGHLIGHTS OF THE YEAR:

- Eighty-nine Foster Grandparents tutored and mentored 402 students from pre-school to 9th grade
- Ninety percent of students (End of Year Assessments received as of April 30, 2015) assigned to a Foster Grandparent showed marked improvement in their areas of delay
- Forty-eight hours of annual in-service was provided to each Foster Grandparent enrolled in the program

- Thirty-five Foster Grandparents attended the annual Arkansas Foster Grandparent Program's three day training conference at DeGray Lodge in June, 2015
- Seventy-one Foster Grandparents and three staff made 73 blankets and delivered them to Cancer Centers throughout Arkansas for Martin Luther King Day
- Thirty-two Foster Grandparents read to 1246 students during the 9-11 Project Read to acknowledge the public service heroes in our communities
- We had four mayors in our service area that participated in the National Day of Recognition for Volunteers on April 4, 2015. They decreed a proclamation for that day for their cities.

PROGRAM: PROGRAM: Gifted and Talented

FUNDING SOURCE: Arkansas Department of Education-GT Office

COMPETITIVE GRANT: Yes__ No x

RESTRICTED __ **NON-RESTRICTED** x

PARTICIPATING DISTRICTS:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

PERSONNEL:

Amber Cobb, Gifted and Talented Specialist, Master of Science in Gifted and Talented Education

GOAL:

Assist member districts to meet the State's Standards for Gifted and Talented Education and Advanced Placement. Serve as a liaison with the ADE, Office of Gifted and Talented and Advanced Placement, parent and professional organizations, and other public and private agencies. Promote gifted education through public awareness and advocacy.

PROGRAM SUMMARY:

Assisted schools through the monitoring of their GT programs, with the program application process and with policies needed to be in compliance. Hosted GT Coordinators' meetings for support and strategies to assist them in their local GT program. Provided student activities: Sr. High Quiz Bowl, Jr. High Quiz Bowl, Elementary Quiz Bowl, Gr. 7-12 and 4-6 Chess Tournaments, 2-4 Grade STEM Olympiad, Grades 5-12 STEM Olympiad, STEM Career Fair, Writer's in the Schools Workshop for grades 5/6. Secured Pre AP trainings required for certification. Provided professional development as needed throughout the school year including: Project Based Learning, Integrating Creative Thinking, Teaching the Gifted in the Secondary Content, New GT Coordinator meetings, ADE Monitoring Preparation meeting, Curriculum for High-Ability Learners: A look at William & Mary Units, Compacting the Curriculum, Enrichment Clusters, Identifying Gifted Students Overhaul, and Identifying & Serving Low Income Students in Gifted Programs.

MAJOR HIGHLIGHTS OF THE YEAR:

- Assisted GT coordinators in maintaining compliance during ADE on site monitoring
- GT Specialist served on the Gifted and Talented Arkansas Association of Educational Administrators Board of Directors
- Purchased the online version of NNAT 2 for each district participating
- Served over 3,000 students in various academic competitions.
- GT Specialist attended professional development at NAGC, AGATE, AAGEA, and various state meetings throughout the school year.
- Collaborated with Career Tech department in hosting the first annual STEM Career Fair.

PROGRAM: Literacy Design Collaborative (LDC)/Mathematics Design Collaborative (MDC)

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes __ No X

RESTRICTED __ **NON-RESTRICTED** __

PARTICIPATING DISTRICTS: Statewide Initiative

PERSONNEL: Marshal Hurst

GOAL: The Literacy Design Collaborative allows teachers to develop or find literacy modules and mini-tasks to shift from a teacher-centered to student-centered classroom. The Mathematics Design Collaborative allows teachers to use Formative Assessment Lessons to encourage discussions using collaborative activities and feedback questions. By doing this in both LDC and MDC, teachers have instruction that is aligned to the standards, prepares students for any type of assessments, and creates artifacts for TESS.

PROGRAM SUMMARY: Since 2011, over 70 literacy, science, and career tech specialists from the Arkansas Department of Education, Arkansas Department of Career Education, STEM Centers, and local Educational Service Cooperatives have trained over 1400 teachers in over 200 schools on how to implement the Literacy Design Collaborative and Mathematics Design Collaborative Framework in their classrooms.

MAJOR HIGHLIGHTS OF THE YEAR:

- Arkansas LDC/MDC Conference in Little Rock featuring Keynote Speaker Dylan Wiliam and Eleanor Dougherty
- MDC TRUMath training with Dr. Alan Schoenfeld at AETN studios
- Marshal Hurst was the featured keynote speaker at the Mary E. Benjamin Conference for Literacy in STEM at the University of Arkansas at Pine Bluff.

PROGRAM: Literacy

FUNDING SOURCE: Arkansas Department of Education
Learning Services Division, K-12 Literacy Unit

COMPETITIVE GRANT: Yes___ No x

RESTRICTED x **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Hartford, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

PERSONNEL:

Patricia Carson, Literacy Specialist, M. Ed.
Jennifer Hampton, Literacy Specialist, Ed.S., NBCT
Elizabeth Sidwell, Literacy Specialist, M. Ed.

GOAL:

- To enhance teacher awareness and implementation of current best practices through high quality professional development
- To meet the needs of students through integrated assessment and responsive instruction
- To ensure that all students are meeting the state and national standards in literacy

PROGRAM SUMMARY:

- Implementing a Comprehensive Literacy Framework (ICLF) is a professional development opportunity developed by literacy specialists from the Arkansas Department of Education and education service cooperatives to provide guidance and support in buildings and sustaining a comprehensive literacy system at the local level. As a whole, the modules serve as a complete course of study for reading and writing teachers in the following grade bands: K-1, 2-3, 4-5, and 6-8. Each of the modules focuses on key components of a comprehensive system. Educators may register for individual modules to meet specific needs or complete the entire set of modules to gain in-depth understanding of all the components. The modules do not need to be taken in sequence; however, it is recommended that educators begin with the Overview Modules if they intent to complete the full set of modules. Follow-up support and coaching for implementation is available. ICLF has replaced Early Literacy Learning in Arkansas (ELLA), Effective Literacy (ELF), and Comprehensive Literacy for Adolescent Student Success (CLASS). They were each two-year professional development designed to assist teachers in implementing a comprehensive literacy classroom in grades K-1, 2-4, and 5-12, respectively.

- Dyslexia training provides an awareness of dyslexia and how teachers can recognize the characteristics of dyslexia. Teachers are trained in research based strategies in order to support students who demonstrate these characteristics.
- K-12 Instructional Facilitating professional development is designed to support implementation of instructional facilitators in Arkansas schools through embedded professional learning at designated sites.
- Disciplinary Literacy is professional development designed for content area teacher specifically social studies/history and science teachers of grades 5-8 and 9-12 to integrate content learning with specific research based literacy strategies aligned to the Common Core State Standards.
- Literacy Design Collaborative (LDC) is a one-year professional development designed for grades 7-12 to promote literacy through reading and writing in English, Social Studies, Science and CTE.

MAJOR HIGHLIGHTS OF THE YEAR:

The Literacy Department has supported schools in a variety of ways including:

- Literacy Trainings
- Dyslexia Trainings
- Leadership Trainings
- Common Core State Standards trainings
- ACT Aspire trainings
- Instructional Facilitator Support
- Classroom Management Trainings
- Team Meetings / Professional Learning Communities
- Data Analysis
- Classroom Observations
- Lesson Planning
- Demonstration Lessons
- Research-based Best Practice

The Literacy Specialists have also provided targeted professional development as needed at the requests of individual districts.

PROGRAM: Mathematics Program

FUNDING SOURCE: ADE, K-12 Mathematics

COMPETITIVE GRANT: Yes___ No X

RESTRICTED X NON-RESTRICTED ___

PARTICIPATING DISTRICTS:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Hartford, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

PERSONNEL:

Judy M. Dunmire, Mathematics Specialist, M.Ed, NBCT

GOALS:

- To enhance teacher awareness and implementation of current best practices through high quality professional development
- To meet the needs of students through integrated assessment and responsive instruction
- To ensure that all students are meeting the state and national standards in mathematics

PROGRAM SUMMARY:

Guy Fenter Education Service Cooperative, in partnership with the Arkansas Department of Education, administers the Mathematics program for grades K-12, established by Act 1392 of 1999 for the improvement of mathematics instruction throughout Arkansas. Professional learning opportunities offered in 2015-2016 include:

- **Investigations in Trigonometry.** This PD focused on classroom discourse, collaborative learning, and differentiated instruction in advanced mathematics settings.
- **HS Vectors.** A progression of concept-building activities that builds from little to no understanding of vectors to operations with vectors.
- **The 8 Math Practices Series: Creating Collaboration in the Classroom.** Using collaboration strategies to engage students in activities and deepen learning.
- **The 8 Math Practices Series: Assessments that Guide Instruction.** Using rich, worthwhile tasks to elicit the evidence needed to determine a student's level of mastery or understanding. A focus on assessing the 8 Math Practices.
- **Regional PLCs for 8th Grade and High School.** Using elements from UbD training to help teachers create a coherent set of units for the year; to create and complete the first unit; and to provide resources to support the unit.
- **ACT Aspire Overview.** This collaborative included information provided by ADE webinars (presented by Hope Allen) and ACT resources, including an emphasis on Depth of Knowledge and JE reasoning levels (for math).

PROGRAM: Guy Fenter Migrant Education Program (MEP)

FUNDING SOURCE: Title I, Part C—Education of Migratory Children
\$1,459,500

COMPETITIVE GRANT: Yes___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Alma, Clarksville, Clinton, Danville, Dardanelle, Fort Smith, Russellville, Two Rivers, Van Buren and Waldron are project schools in which staff paid with MEP funds work with students who are eligible for Title I, Part C services. MEP students in the other districts of Crawford, Sebastian, Scott, Franklin, Johnson, Logan, Yell, Pope, Van Buren, Conway, and Perry Counties are served by co-op staff of the Guy Fenter Migrant Education Program.

PERSONNEL:

Sheila Peck, GFMEP Director — M.Ed.
Jessica Brown, State Database manager/Recruitment Coordinator — BS
Jennifer Black, LPN — Nurse
Micah Scroggins, BS, Education Advocate
Dora Choate, Recruiter/Advocate
Millie Frias, Recruiter/Advocate
Gina Haynes, Secretary

GOAL:

The Migrant Education Program is to identify all eligible migratory children and to provide supplemental services to improve educational opportunities for migratory children to help them succeed in the regular school program, meet the same state academic content and student academic achievement standards that all children are expected to meet, and graduate from high schools. Our measurable program goals address reading achievement, math achievement, and high school graduation.

PROGRAM SUMMARY:

During the 2015-2016 school year, approximately 1,000 children and youth ages three through twenty-one were recruited and/or served in the Guy Fenter Migrant Education Service Cooperative. Services are provided by approximate 27 FTEs total in the 10 project schools. Services in non-project schools are provided by MEP cooperative staff. Services were provided to:

- parents with information to help their children to be prepared for kindergarten, with literacy and math, and to support their children to graduate from high school and prepare for college or a career
- Students with in-school and/or after-school tutoring and summer school
- Students with supplemental books and magazines to read for pleasure
- Students with health education and health services

- MYON – an online literacy program (books on their reading level, downloaded to a tablet)
- High school students with credit recovery
- High School students opportunities for leadership
- High School students to visit colleges
- Selected students to attend the CloseUp Experience, Washington, D.C.
- Students with transportation, advocacy, nutrition
- MEP staff with professional development

PROGRAM: School Health

FUNDING SOURCE: ADH

COMPETITIVE GRANT: Yes___ No X

RESTRICTED __ **NON-RESTRICTED** X

PARTICIPATING DISTRICTS: Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Hartford, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View Bi-County, Ozark, Paris, Scranton, Van Buren, Waldron, Westside Private Schools: Subiaco Academy, Immaculate Conception, Trinity Jr. High, Union Christian Academy...

PERSONNEL: Miranda Curbow, RN Community Health Nurse Specialist

GOAL: Educate school nurses on all laws pertaining to health in the schools. Train school nurses to do all mandated screenings. Provide TA to school nurses on all issues that have to do with their jobs and school health. Assist all school wellness committees as requested. Provide TA to CSH schools as well as wellness centers. Provide training to faculty, staff and administration on all health related subjects and provide TA with physical fitness, nutrition, injury prevention, etc. Educate students in the classrooms on relevant health and safety related topics as requested by the district. Assist community health coalitions and other community organizations to educate the public on public health issues as requested. Provide

PROGRAM SUMMARY: Provided multiple workshops for hearing, vision, scoliosis and BMI. Also provided training on Para-professionals train the trainer for school nurses, glucagon administration, trained CPR to anyone in districts as requested. Trained students on hands only CPR and regular CPR as requested. Also presented mandated reporter courses. Educated teachers on mandated CPR training necessary for students to receive their diploma. Provided TA to multiple districts in regards to the SHI completion and the subsequent implementation of their improvement plans. Provided education to wellness committees concerning roles and responsibilities for their committees. Provided education to nurses and administrators concerning new rules and regulations for required immunizations. Educated multiple classrooms in several districts on topics that included, but were not limited to: STD's, teen pregnancy, puberty, shaken baby syndrome, tobacco risks, Chronic disease, flu, immunizations, car safety, passenger safety, fire safety, obesity, physical activity, substance abuse, physical fitness, bullying, CPR, suicide prevention, etc.... Provided TA to multiple school districts and community organizations for the purpose of securing grant funding throughout the year.

MAJOR HIGHLIGHTS OF THE YEAR:

Annual Fall School Nurse Workshop

- Multiple speakers were brought in to present relevant information for the upcoming school year.

- This included state level updates on school nursing rules and regulations, Ear, Nose and Throat disorders, public health update, immunizations, new legislation in relation to school nursing and other relevant topics.
- Vendors and exhibitors were also present to share information and resources.
- Nurses received 6 CE's for the day

Provided Training and TA to multiple schools on Para-Professional Skills which assists schools in billing for personal care hours

Provided School Health Index Training to schools along with training to school wellness committees on their role in the district and best practices to implement.

Provided TA to schools writing for CSH wellness center grants/ (Charleston and Booneville)

Provided education in the classrooms in multiple school districts including but not limited to the following topics: Hygiene, puberty, tobacco, substance abuse, eating disorders, asthma, STD's, HIV, and teen pregnancy, nutrition, fitness, and overall healthy choices, suicide, shaken baby syndrome, FASD, and drug effects on the fetus. Also provided training to students on: Period of Purple, chronic disease, MRSA, immunizations and other school health issues..

Provided TA for multiple Teen Summit's that took place in several counties. Presented and assisted in all phases of planning.

Provided TA to schools to assist with completing nursing survey, acuity survey, and ESCHOOL education to nurses.

Provided TA to schools in implementing comprehensive tobacco policies. Educated students on E-cigarette dangers.

Provide all Co-op districts with the mandated CPR trainings for their staff as requested, as well, Provided First Aid as required and requested.

Provided TA to multiple districts in grant writing and initiation of grants within their districts.

Continue to provide TA to schools on legal and ethical issues that are related to medical needs in the classroom and during school related events.

Provided education to Co-op foster grandparent program.

Assisted in health fair events in several local schools and communities.

Working with UAFA group to train and provide TA to Lions against suicide group at the school.

This summer, 4 different courses will be offered that will provide CNE's for nurses.

Presented a pilot curriculum in 2 districts on Ecigarttes and provided evaluation data in order to assist with a nationwide implementation of the curriculum in middle schools.

PROGRAM: Science Specialist

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes___ No X

RESTRICTED X NON-RESTRICTED __

PARTICIPATING DISTRICTS:

Alma, Clarksville, Booneville, Cedarville, Charleston, County Line, Fort Smith, Greenwood, Hackett, Hartford, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

PERSONNEL:

Curtis Varnell, Science Specialist, B.S., M.Ed., Ph.D

PROGRAM GOALS: The overreaching goal for science in the GFESC area is to increase content knowledge and pedagogy of area teachers. The science specialist will serve as a liaison in science education between local school districts and the Arkansas Department of Education (ADE). An integral function of duties will be to assist teachers in conducting student centered instruction, increasing learning through laboratory and science investigations, and use of correct safety skills. The science specialist will accomplish this through the development and delivery of quality Professional Development in science and interdisciplinary studies. Progress in stated goals will be assessed through increased student scores on state and national exams as well as through teacher workshop evaluations.

PROGRAM SUMMARY:

The ADE Science Specialist is responsible for assisting local districts and teachers in improving the quality of science education throughout the region. The science specialist will provide training in inquiry-based science, model teaching, curriculum development and alignment, and techniques to prepare for science teaching.

PROGRAM: Teacher Center – Professional Development; Curriculum Development Assistance; Resources

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes___ No X

RESTRICTED __ **NON-RESTRICTED** X

PARTICIPATING DISTRICTS:

Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry/Pleasant View, Ozark, Paris, Scranton, Van Buren, Waldron, Westside, other districts outside coop area

PERSONNEL:

Cheryl Ziegler, Professional Development Coordinator, M.Ed.
Pam VanMeter, Administrative Assistant
Elda Bynum, Administrative Assistant

GOAL:

To align professional development services with district and school needs to build capacity of all adult learners in order to provide a world class system which graduates students who are college and career ready.

To provide adult learners with content knowledge and research-based instructional strategies to assist students in meeting rigorous academic standards and prepare adult learners to use various types of assessment results appropriately.

To improve the learning of all students by providing resources to support adult learning and collaboration.

To provide curriculum development assistance as schools transition from frameworks to CCSS.

To support school improvement initiatives generated by the ADE and enhance program integration through effective communication and technical support.

PROGRAM SUMMARY:

Professional development opportunities target the focus areas as outlined by the ADE and professional development sessions are offered to meet the requirements of law regarding the required 36 hours of professional development, as well as meeting the needs of schools based upon needs assessment survey results, SAI data, and CWT data from the 21 districts served. The Teacher Center Coordinator has the primary responsibility for reviewing, along with the Teacher Center Committee, Elementary Principals, Secondary Principals, and Curriculum/Federal Programs Coordinators, the data sets from the districts in planning professional development to meet the major needs of the districts.

Special Emphasis: The primary focus areas cover dyslexia, TESS, mentoring, schools of innovation and transitioning from PARCC to ACT Aspire. Leadership in developing

formative assessments and using the data for instruction is provided to all participating districts.

MAJOR HIGHLIGHTS OF THE YEAR:

- ACT Assessment and curriculum alignment
- Curriculum, Fed, ACSIP Coordinators' Meeting
- Instructional Technology Workshops
- Teacher Excellence and Support System
- Mentor Trainings and Recal Trainings
- Common Core State Standards Sessions/Arkansas Standards
- ACT Aspire On-line Testing Sessions
- Elementary and Secondary Principals & Curriculum/Federal Programs Coordinators Monthly Meetings
- Emphasis in Math, Literacy and Science Integration K-12
- Leadership Training for Adm/Teams
- School Board Member Trainings
- Content Workshops – K-12, Sp Ed, Arts
- Hosted ADE Zoom Sessions
- Hosted ADE Professional Development on Request
- Dyslexia Training

PROGRAM: Technology

FUNDING SOURCE: ADE Grant

COMPETITIVE GRANT: Yes X No

RESTRICTED **NON-RESTRICTED** X

PARTICIPATING DISTRICTS:

Alma, Cedarville, Mountainburg, Mulberry/Pleasant View, Van Buren, Ozark, Charleston, County Line, Clarksville, Lamar, Westside, Booneville, Magazine, Paris, Scranton, Waldron, Fort Smith, Greenwood, Hackett, Lavaca, Mansfield

PERSONNEL:

Douglas Morton

GOAL:

The goals of the Technology Coordinator are to support all technology related workshops in the cooperative, to support non-technology workshops in use of technology for presentations, to assist schools with e-rate, technology plans, networking, security, communication needs and to assist the ADE with technology initiatives and professional development.

PROGRAM SUMMARY:

The technology program has worked to promote all ADE initiatives involving technology and to support the educational specialists as well as other staff housed at the co-op in using technology effectively. Many of the member schools rely on the technology coordinator for assistance and evaluation of technology needs.

MAJOR HIGHLIGHTS OF THE YEAR:

- Promoted the changes needed to keep up with the technology needs at the districts
- Assisted schools in evaluating needs for the ACT testing environment and assisted in providing training and support for Test/Technology Coordinators
- Kept the web page on Google sites
- Maintained groups for area school administrators to increase communication with the cooperative and between the member schools.
- Helped with implementation of a new web site.
- Improved Labs and facilities for participants attending sessions.
- Moving systems to Windows 10

Guy Fenter Education
Service Cooperative
2015-2016

Special Projects...

Program Name: Teacher Excellence Support System (TESS)

Competitive Grant Yes ☐ No ☒

Goals and Description: The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Bloomboard provided software to score, track, and store evidences and designed an assessment system to accurately and consistently apply the Danielson rubric for teaching performance. The Guy Fenter Cooperative offered four FOCUS support sessions for administrators between June and September, as well as three trainings on all Domains of the Danielson rubric. The Arkansas Department of Education provided training for administrators at each cooperative on coaching and Professional Growth Plans, Scripting, and Specialty Rubrics.

Name of Program: Instructional Facilitating

Competitive Grant
☐ Yes ☒ No

Instructional Facilitating Training is based on Diane Sweeney's student-centered approach to coaching teachers. Over multiple days, Diane Sweeney and Jennifer Hampton will model how to guide teachers and instructional facilitators through the process of planning for instruction, formatively assessing students, and tailoring subsequent instruction through next steps based on those formative assessments.

Program Name: Arkansas Leadership Excellence and Development System (LEADS)

Competitive Grant Yes ☐ No ☒

Goals and Description: The Interstate School Leaders Licensure Consortium (ISLLC) standards provide the foundation for the Arkansas Leadership Excellence and Development System (LEADS). The Arkansas Department of Education partnered with Connie Kamm to develop an evaluation tool for school administrators. All current administrators in Arkansas were required to attend training on this new evaluation system which was piloted statewide during the 2013-14 school year. The Arkansas Department of Education trainers led the sessions during the summer of 2013 at each educational cooperative as well as additional trainings in the central AR area. Support session was offered in January and February at The Guy Fenter Education Service Cooperative for administrators in that region. LEADS was fully implemented statewide in 2014-15. In cooperation with the ADE, the GFESC continues to offer support and training to our administrators on an as needed bases.

Name of Program: Elementary STEM Olympiad

Competitive Grant

Yes X No

Elementary Stem Olympiad provides students in grades 2-4 the opportunity to participate in Science, Engineering, Technology, and Math (STEM) competition. It is a joint endeavor with the University of the Ozarks at Clarksville and is held on their campus during the fall of each year. Elementary Stem Olympiad attracted over four-hundred participants from eleven school districts during the fall of 2014. In 2014, the event was divided into grades 2 and 3 for day one and grade 4 for day two. Funding is provided by student entry fees and by local sponsors. Year 3 will be expanded to include the arts and the title will be changed to STEAM Olympiad.

Name of Program: STEM Olympiad

Competitive Grant

X Yes No

Destination Space is an annual STEM competition held during the spring at one of the local school districts. It is organized and sponsored by GFESC and financed through local funding and by sponsors. Competition is conducted in several areas including roller coaster, catapults, mouse trap cars and others. It is open to all students in the state of Arkansas (grades 5-12) but primarily attracts students from GFESC service area. It has expanded to include more than thirty schools and has attracted more than 800 student participants and over 400 parents. Science Olympiad competition will be conducted May 6, 2016.

Name of Program: MAST (Math and Science through Technology)

Competitive Grant

X Yes

☐ No

MAST (Math and Science through Technology) is a MSP federally funded program consisting of a partnership between the University of the Ozarks, GFESC, and thirteen participating school districts. Funded by a three-year renewable grant of .5 million dollars, MAST will consist of a ten-day summer institute which will focus on an integrated approach to STEM education. The MAST curriculum will provide hands-on, student centered instruction in which students must utilize math, science, and literacy skills to solve real world problems.

Specifically, MAST will:

1. Provide instruction that is teachable and learnable over multiple grades at increasing levels of understanding and depth.
2. Have broad importance across multiple sciences, math, and engineering disciplines.
3. Relate to the interests and experiences of students.
4. Connected to real world concerns that require a strong foundation of STEM knowledge.

Forty-five teachers from eleven school districts are involved in the grant.

Name of Program: Picture Perfect Science

Competitive Grant

Yes

X No

Picture Perfect Science is a national program developed by Karen Ansberry and the National Science Teachers Association (NSTA). It was adopted by the Arkansas Science Specialist in 2011 with initial training and follow-up to all schools in Fort Smith District. WAESC used grant funding obtained through a STEM grant to purchase the necessary texts and materials to train all 22 districts.

Picture Perfect training is on-going throughout the 22 districts comprising WAESC. One-day of training will be offered at WAESC during the summer of 2016. Additional training will be conducted during the two-week long MAST workshop and with individual school districts as requested.

Name of Program: Janet Huckabee Nature Center Program

Competitive Grant

Yes x No

GFESC and Janet Huckabee River Valley Nature Center (JHRVNC) have an on-going collaborative program of outdoor education for the youth of the Arkansas River Valley. Beginning in 2008, the staff of both organizations have worked together to involve students in outdoor and nature education. Since it is centrally located in Fort Smith, many of the science workshops held by the coop are conducted at the center. Collaborative programs include teacher training in Hooked on Fishing, Arkansas Archery, Project Learning Tree, Project Wild, Project Wet, You and the Community and others. Three collaborative grants between the institutions has allowed staff to work together in presenting programs and also in the sharing of common equipment- to the mutual gain of both groups as well as to students in our region. Sixteen WAESC workshops have been conducted at JHRVNC during the 2015-16 school years.

Name of Program: Accessing NGSS for Classroom Implementation

Competitive Grant

Yes x No

Next Generation Science Standards have received endorsement from ADE. This unit, developed in collaboration with ADE will present an overview of the NGSS standards and will assist teachers in understanding and implementing the new standards into classroom practice. The course is highly interactive and uses a hands-on approach that provides teachers with the tools needed to implement effective science instruction, including cross-cutting curriculum, engineering practices, and science literacy. The program will be offered to all area schools on a continuing basis and is offered to area schools through three workshops during the summer of 2015. School districts can also arrange departmental or school wide sessions through the specialist. Hackett, Hartford, Booneville, and Waldron school districts received departmental instruction during the 2015-16 school year.

Name of Program: Into the Outdoors

Competitive Grant

Yes X No

Into the Outdoors is a collaborative program between GFESC, University of the Ozarks, Arkansas Game and Fish, and the Soil Conservation offices in the region. The goal is to involve students in an interdisciplinary study of the outdoors and using the outdoors as a classroom. GFESC has assisted area schools including Mansfield, Charleston, Lavaca, Waldron, and Scranton in finding funding to develop and improve outdoor classrooms. GFESC has obtained additional educational funding in excess of \$50,000 from the Arkansas Environmental Association, the National Environmental Association, Arkansas STEM education, and others to provide teachers continuing educational materials and curriculum to use in outdoor education. GFESC, University of the Ozarks, and Janet Huckabee River Valley Nature Center bring in students from all 22 districts and provide them TOT training to assist teachers in conducting outdoor classrooms within each of the districts.

Name of Program: Grasping Phenomenal Science

Competitive Grant

Yes No X

Grasping Phenomenal Science is an ADE approved professional Development series of science institutes offered through the Arkansas STEM centers and educational coops. The two-three day institutes are conducted in order to provide teachers the opportunity to learn best teaching practices associated with instruction in the Next Generation Science Standards and the new Arkansas Science standards.

Educators will engage in content-specific lessons to make sense of science phenomena and reflect on instructional strategies designed to engage students in science instruction consistent with the new Arkansas science standards

Educators will engage in grade-specific lessons to make sense of science phenomena and reflect on instructional strategies designed to engage students in science instruction consistent with the new Arkansas science standards. The lessons and instruction were developed through the Arkansas Department of Education specifically to address the shifts in instruction needed to meet the Next Generation and Arkansas Science Standards.

The sessions, offered during the summer are divided into grade bands with k-4 consisting of three days of instruction. Grades 5-8 and high school consist of two training days.

Message From The Director

The Northcentral Arkansas Education Service Cooperative was established in 1985 by Act 349 of 1985 along with 14 other cooperatives around the state. Since the beginning, education cooperatives have been a major part of the education delivery system in Arkansas and have evolved to become the essential third leg on the stool along with the Arkansas Department of Education and the individual school districts.

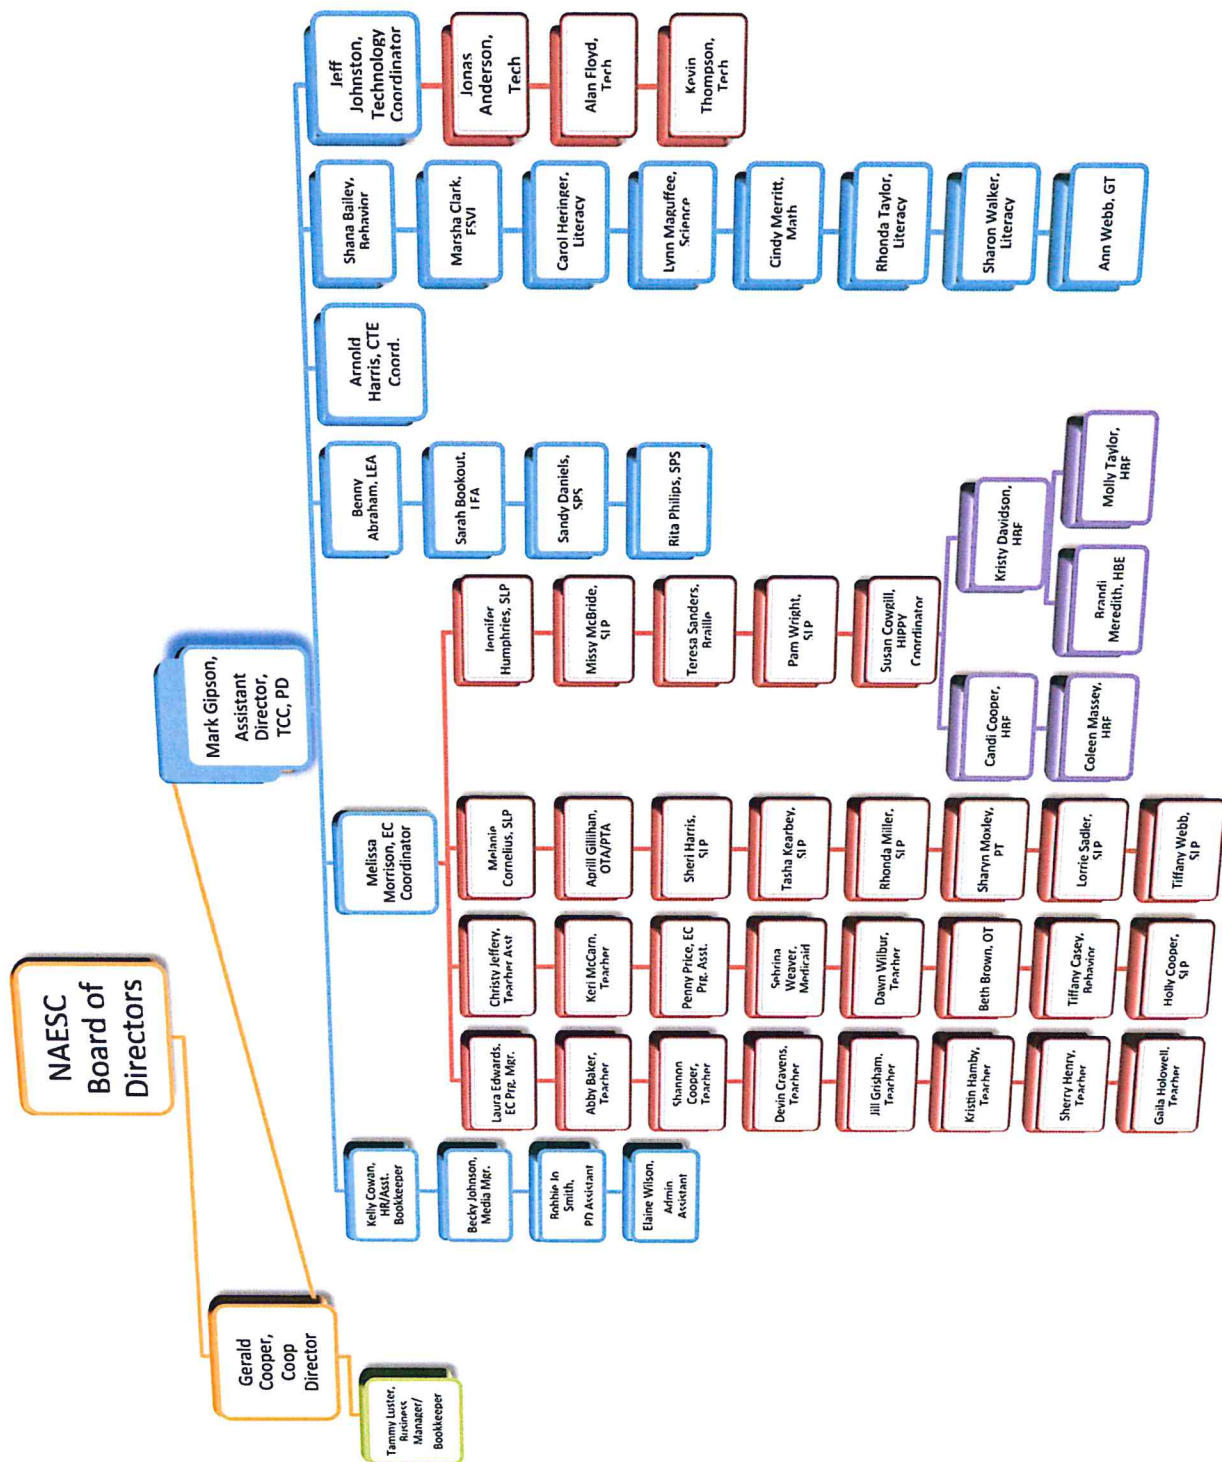

Every cooperative has the word "Service" in their name and service is the true purpose of the cooperatives. As superintendent for many years, I was always very appreciative of the services NAESC provided to my district, teachers, staff, and most importantly our students. All the services at NAESC are just a means to an end of helping students to lead successful and productive lives. All the staff at NAESC takes this responsibility very seriously and we are dedicated to helping our districts in any way possible to assist them in serving the needs of their students.

The following report of activities for 2015-16 was prepared by our staff to inform our member schools, the Arkansas Department of Education, members of the Arkansas General Assembly and the Governor's office, of the comprehensive service we have provided to our member districts.

MISSION

The mission of the Northcentral Arkansas Education Service Cooperative is to provide services to assist member districts in their efforts to improve instruction and enhance student lives. The co-op strives to obtain the best people available to help train our teachers, seek out every new resource, model every technological or instructional tool teachers can use to improve instruction for kids, to help schools meet ever-increasing accountability for student achievement, and to give our students a better opportunity to do the things in life that will make them productive, successful citizens of our communities.

Board Members for Districts in Northcentral Education Service Cooperative

Batesville, Calico Rock, Cave City, Cedar Ridge, Concord, Highland, IZARD County, Mammoth Spring, Melbourne, Midland, Mountain Home, Mountain View, Norfolk, Salem, Southside, Viola

Officers of the Board

Name	Position	School District
Mr. Roger Rich	President	Southside
Mr. Rowdy Ross	Vice-President	Mountain View
Mrs. Tracy Webb	Secretary	Highland

Members of the Board

Name	Position	School District
Mr. Gary Anderson	Member	Batesville
Mr. Jerry Skidmore	Member	Calico Rock
Mr. Andy Ashley	Member	Cedar Ridge
Dr. Michael Davidson	Member	Concord
Mr. Steven Green	Member	Cave City
Mr. Fred Walker	Member	IZARD County Consolidated
Mr. David Turnbough	Member	Mammoth Spring
Mr. Dennis Sublett	Member	Melbourne
Mr. Dewayne Wammack	Member	Midland
Dr. Jake Long	Member	Mountain Home
Mr. Mike Seay	Member	Norfolk
Mr. Ken Rich	Member	Salem
Mr. John May	Member	Viola

Each participating school district in the Northcentral Educational Service Cooperative will have one representative on the **Teacher Center Committee**. The ratio of classroom teachers to administrative/support personnel shall be as close to 2:1 as is possible. Each committee member shall be elected for a term of three years.

Member	District	Position	Term Expires
Judy Rogers	Batesville	Elementary	2015-2016
Jessica Ables	Calico Rock	Elementary Administrative	2016-2017
Crystal Bradley	Cave City	High School	2016-2017
Paula Osborne	Cedar Ridge	Elementary	2016-2017
Mary Williams	Concord	Administrative	2015-2016
Beaula Sharp	Highland	Middle School	2016-2017
Michelle Walker	IZARD County Consolidated	Middle School	2017-2018
David Turnbough	Mammoth Spring	Administrative	2017-2018
Melissia Cooper	Melbourne	Administrative	2015-2016
Melissa Brackett	Midland	Elementary	2016-2017
Devona Pendergrass	Mountain Home	High School	2017-2018
Tanya Stewart	Mountain View	Middle School	2015-2016
Mandy Bennett	Norfolk	Middle/High School	2015-2016
Vicki Ragan	Salem	Elementary	2017-2018
Carol Byrd	Southside	High School	2017-2018
James Kerr	Viola	Administrative	2016-2017

Education Service Cooperative (ESC) Annual Report

Date: 6/21/2016 LEA#: 33-20 ESC#: _____

ESC Name: Northcentral Arkansas Education Service Cooperative

Address: 99 Haley Street, P.O. Box 739, Melbourne, AR. 72556

Director: Gerald Cooper

Teacher Center Coordinator: Mark Gipson

Names of Counties Served: Baxter, Fulton, Sharp, Izard, Stone, Independence, Cleburne

Number of Districts: 16 Number of Students: 17,828

Number of Teachers: 1,647

Governance:

- A. How is co-op governed? Board of Directors X Or Executive Committee ____
How many members on Board? 16
Executive Committee? No
How many times did Board meet? 10
When is regular meeting? Second Wednesday of Each Month
Date of current year's annual meeting: June 21, 2016
- B. Does co-op have Teacher Center Committee? Yes X No ____
If yes, then:
How many members on Teacher Center Committee? 16
How many members are teachers? 13
How many times did Teacher Center Committee meet? 3
When is regular meeting? Day after IL meetings
- C. When was most recent survey/needs assessment conducted? May 31, 2016
- D. Have written policies been filed with the Arkansas Department of Education? Yes X No ____

II. Staffing

Please list (or attach a list of) all staff members of the co-op (including those housed at the co-op and paid through other sources), their titles and the salary funding sources for the positions.

Northcentral Arkansas Educational service Cooperative Employees

III. TEACHER CENTER

Please attach a list of all in-service training/staff development workshops offered through the co-op, including month offered, topic, number of districts participating, number of participants and location of workshops. Place an asterisk (*) beside those which provided curriculum assistance. Include a cumulative total of participants. See attached form.

A. Does the co-op provide media services to schools? YES [☒] NO [☐]

If yes, then:

Approximate the number of titles in media center: 7,636

Does the co-op provide delivery to the districts? YES [☒] NO [☐]

How many districts participate in the media program? 16

How many titles (including duplicate counts) were provided to schools during this current year? 12,179

Do districts contribute dollars to the media services? YES [☒] NO [☐]

If yes, then:

How are media / technology charges per district determined (formal or per ADM)? Please describe: \$1 per ADM

Does the co-op operate a "make-and-take" center for teachers? YES [☒] NO [☐]

If yes, then:

How many teacher visits have been made to the center? (Count all teachers who have visited the center, using duplicate counts for teachers who have visited the center more than once. 3,550

IV. ADMINISTRATIVE SERVICES

Please check administrative services offered through the co-op:

[☒] Cooperative purchasing

[☒] Conduct Annual Needs Assessment /Planning assistance

[☒] Special education services

[☒] Gifted and talented assistance

[☒] Grant writing assistance

[☒] Personnel application

[☒] Assist/support with Evaluation procedures (OSR, ACSIP Monitoring, GT Program evaluation, etc.)

- ☐ Migrant student Identification
- ☒ Bookkeeping assistance
- ☒ Technology training
- ☒ Curriculum support (Common Core State Standards)
- ☐ Business Management training
- ☒ Computer technician
- ☒ C.C.R.P.P. Administration/Collaboration
- ☒ E-Rate applications
- ☒ Assessment data analysis
- ☒ Instructional facilitator training
- ☒ TARGET interim assessments
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and Local Board Members Training
- ☐ Other (please specify)
- ☐ _____
- ☐ _____

V. DIRECT SERVICES TO STUDENTS

Please check the student services provided through the co-op:

- ☐ Student assessment program
- ☐ Itinerant teachers – please list areas: (ECSE, SPED)
- ☒ Occupational therapy and physical therapy
- ☒ Transition Assistance
- ☐ Mentor programs (Ex. Foster Grandparents)
- ☒ Gifted/talented programs: 16 participating districts
- ☐ Digital instruction (Ex. AR iTunes U, podcasts)
- ☒ Speech Pathology Services
- ☒ HIPPY
- ☒ Low incidence handicapped (vision/hearing)
- ☐ Other (Please specify):

VI. ANECDOTAL REPORTS

Please attach three or four descriptions of activities which demonstrate partnerships, agreements or creative ways that the co-op has assisted local districts. The co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

- The co-op hosts institutes for groups of our member district's administration leaders. Our Superintendent's Institute provides specialized professional development to Superintendents and Assistant Superintendents in the areas of Data Disaggregation, Parental Involvement, Instructional Leadership, Lottery Training, Curriculum Issues, Facility Issues, Legislative Issues and Acts 61 and 730 Fiscal Management Training. Similarly, the co-op also hosts an Institute for Instructional Leaders of the member districts with an additional focus on their school's data, how well the students compare across the co-op, and how to use the data to improve student performance on the mandated state tests. Both of these have been very successful and well received.
- Another area that the co-op has worked to assist districts in helping improve student achievement is the Intermittent Target Assessments (TIA). In this program, teachers

from across the state, along with recognized experts in Literacy and Math, have developed assessments that correlate to the Student Learning Expectations (SLE's) of the state mandated Benchmark Exams. By using these assessments in conjunction with the D2SC software, schools are able to assess the progress of their students in obtaining proficiency on the exams. The items of this program of intermittent assessments have been statistically measured to indicate a strong correlation to the state SLE's. It is because of this correlation that this program has become a viable predictor of student performance. This has become a very important tool for those districts who have participated.

- The Northcentral Cooperative has always assisted it's member districts in the area of school board member training. With the passage of Act 1775 of 2005, each board member must now receive 6 hours of training per year, with the newly elected members being required to receive 9 hours of training that first year. Because of this need, the co-op entered into a partnership with the Arkansas Public School Resource Center to provide this training at the cooperative, using distance learning technology to reduce travel time and costs for districts. We feel like the goal to provide convenient and appropriate training for school board members has been achieved through this program.

VII. EMPLOYMENT POLICIES AND PRACTICES

Act 610 of 1999 requires that each educational service cooperative report the following information:

EMPLOYED

Number of new males employed by the cooperative for the 2015-2016 school year: 1
For this number above, please provide the number in each of the following racial classifications:

1 White
 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

Number of new females employed by the cooperative for the 2015-2016 school year: 11
For this number above, please provide the number in each of the following racial classifications:

11 White
 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

TERMINATED

Number of males terminated by the cooperative during the 2015-2016 school year: 0
For this number above, please provide the number in each of the following racial classifications:

 White
 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

Number of females terminated by the cooperative during the 2015-2016 school year: 0
For this number above, please provide the number in each of the following racial classifications:

 White
 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

SEEKING EMPLOYMENT

Number of males seeking employment by the cooperative during the 2015-2016 school year: 3

For this number above, please provide the number in each of the following racial classifications:

3 White
 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

Number of females seeking employment by the cooperative during the 2015-2016 school year: 27

For this number above, please provide the number in each of the following racial classifications:

27 White
 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

Annual Report

Program: Teacher Center (Professional Development, Curriculum Development)

Funding: Base Funds

Competitive Grant: No

Grant Type: Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Name	Position	Degree
Mark Gipson	Associate Director for Professional Development	MSE
Bobbie Jo Smith	Administrative Assistant	
Becky Johnson	Media Manger	
Elaine Wilson	Media Paraprofessional	

Goal:

The Teacher Center (Professional Development) program is designed to provide prompt, friendly service to all our schools; to improve student achievement by providing access to quality instructional materials; to provide high quality professional development opportunities for all educators across our region in order to build content knowledge and research-based instructional strategies to assist students in meeting rigorous academic standards that prepare them to be college and career ready; to provide curriculum development assistance as schools transition from frameworks to Common Core State Standards; and, to serve as a liaison between our districts and the Arkansas Department of Education.

Program Summary:

Teacher Center: NAESC Teacher Center provides a hands-on worksite for our teachers to use in making their own instructional materials, including posters, bulletin boards, bookbinding, label making, games, laminating, and Ellison cut-outs. Throughout the school year, teachers place requests for instructional materials and/or die cuts either by phone or through email to the media department. Once the order is completed, the materials from the Center are delivered to their campus the next week via the media delivery. Local preschools, daycares, Head Start facilities, and Alternative Learning Environments (ALEs) utilize this service for educational purposes too. In addition, local college students and community patrons utilize the center.

Professional Development: Professional Development opportunities target focus areas as outlined by the Arkansas Department of Education to meet the requirements of the law regarding the required 36/60 hours as well as meeting the needs of schools based upon needs assessment survey results and Classroom Walkthrough (CWT) data from the 16 districts served. The Teacher Center Coordinator has the primary responsibility for reviewing, along with the Teacher Center Committee, the data sets from the districts in planning PD to meet the major needs of the districts.

The Teacher Center Coordinator has the primary responsibility for planning and implementing the Professional Development for member school districts. All cooperative districts as well as other educators from across the state have access to participate in a wide number of professional development opportunities offered at NAESC throughout the year. During the 2015-2016 Professional Development year, NAESC offered 270 workshops with over 4,723 people attending.

In addition to the summer professional development offerings, NAESC offered a wide variety of long term systemic professional development offerings throughout the year. These sessions were designed to help educators with implementation of programs back at their districts. The Teacher Center Coordinator works with districts, co-op curriculum specialists, and the Arkansas Department of Education to arrange such services. Schools interested in receiving campus based professional development must contact the cooperative specialists to arrange these services.

The Teacher Center Coordinator produces an annual summer catalog that is printed and distributed to each member district. All events are placed on the Cooperative's website and in escWorks for online registration. The catalog is given to districts two to three weeks prior to active registration of summer professional development workshops. This allows building principals to work with individual teachers to develop professional growth plans as required by law. For three-fourths of the year, educators used the online registration system,

escWorks, to register for events, document participation and keep a record of all attended trainings. In April, the Cooperative began piloting the new online registration system, My Events inside the Arkansas IDEAS web portal. These online registration systems allowed the Cooperative to assist schools in documenting the required sixty hours of professional development. At the end of summer, reports on participation are given to each district superintendent and building principal. In addition, similar reports are given quarterly to superintendents and building principals in order to help districts maintain current professional development records. The following chart documents the major Professional Development offerings by the Cooperative this past year:

Professional Development 2015-2016

Major Highlights of the Year: 2015-2016

Common Core Professional Development Opportunities; Capacity Building Through: CGI Leadership Training; Instructional Facilitation Training; Math Coach & Science Coach Consortium; Literacy IF Training; Principal Sessions; MDC (Math Design Collaborative trainings) and Job-Alike Sessions

Annual Report

Program: Literacy
Funding: Arkansas Department of Education
Competitive Grant: No
Grant Type: Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Name: Sharon Walker
Position: Literacy / Dyslexia Specialist
Degree: Masters in Education

Name: Carol Heringer
Position: Literacy Specialist
Degree: Masters in Education

Name: Rhonda Taylor
Position: Reading Recovery Teacher Leader
Degree: Masters in Education

Goal:

The Literacy Department strives to increase teachers' knowledge and implementation of current evidence-based practices through high-quality professional development. Literacy specialists also work to support teachers through integrated assessment and responsive instruction. The professional development provided is aligned to state and national standards, evidence-based research, and best practices in literacy. The literacy specialists each serve on core teams developed by the Arkansas Department of Education to study, write, and train quality professional development.

Program Summary:

ICLF (Implementing a Comprehensive Literacy Framework) is a statewide professional development offered by the Arkansas Department of Education and the education service cooperatives. ICLF is aligned with the Arkansas State Standards and is designed to assist K-8 teachers in the implementation of a comprehensive literacy classroom. This professional development is taught in modules that target the components of comprehensive literacy. Participants select modules based on their particular need or based on their PGP's. The modules can also be tailored for school-based professional development. Continued support through modeling, lesson planning, and observation is available to participants.

Stand-alone, statewide professional development is also available to participants of the Northcentral Cooperative. These specific professional development offerings extend the learning of the ICLF Modules and enhance the learning potential for students. Offering is based upon feedback from the Northcentral professional development survey to participants, as well as suggestions from schools.

Reading Recovery is a short term early literacy intervention that provides intensive, individual instruction for the students with the lowest reading performance in first grade, as well as strategies for small group interventions.

Dyslexia Training & Support is provided to all Northcentral districts. Several workshops in the summer target the dyslexia team and interventionists. Other summer workshops are geared toward the classroom teacher to enhance their understanding of dyslexia as they seek to provide a multisensory education classroom that addresses the needs of all learning styles in their classrooms. Support is provided for assessment and evaluation to determine the characteristics of dyslexia, meeting with RTI Teams to assist in the decision making process, helping districts to understand and comply with the dyslexia law, and support with questions, etc. A dyslexia cadre' has been set up to meet and assist in areas of need. The dyslexia cadre' members are also part of a listserv which helps support their learning about dyslexia.

Major Highlights of the Year: 2015-2016

Beyond providing the instruction for the professional development programs listed above, the literacy department also provided: ACT Aspire overviews, instructional facilitator support, school site team meetings/professional learning communalities support, data analysis, classroom observations, lesson planning support, model lessons, evidence-based best practices, advanced studies in literacy mentoring/coaching, school-based professional development linked to local school data, and collaboration with ADE in the writing and delivery of statewide professional development.

Annual Report

Program: Mathematics**Funding:** Arkansas Department of Education**Competitive Grant:** No**Grant Type:** Restricted**Districts Served:**

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:**Name:** Cindy Merritt**Position:** Math Specialist**Degree:** Master of Science in Education**Goal:**

The Mathematics Department strives to increase teachers' knowledge and implementation of current evidence-based practices through high quality professional development.

Program Summary:

The professional development provided is aligned to state and national standards, evidence-based research, and best practices in mathematics. Math specialist works to support teachers through technical assistance in order to improve instructional strategies in mathematics. The math specialist serves on core teams developed by the Arkansas Department of Education to study, write, and train quality professional development.

Major Highlights of the Year: 2015-2016

A total of seven sessions of Cognitively Guided Instruction and Extending Children's Mathematics were offered with 144 teachers participating for a total of 47 training days. Mathematics Design Collaborative was supported throughout the year with training days and school site visits. In addition, ACT Aspire overviews, instructional facilitator support, classroom observations, lesson planning support, model lessons, school site team meetings, school-based professional development linked to local school data were provided.

Annual Science Report

Program: Science Specialist
Funding: Arkansas Department of Education
Competitive Grant: No
Grant Type: Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Name: Lynn Maguffee
Position: Science Specialist
Degree: BSE, Master's in Curriculum and Instruction, National Board Certification

Goal:

To increase teacher awareness, build content knowledge, and provide strategies of best practices in science education through high quality professional development opportunities. To provide learning opportunities and professional conversations and discussions regarding the New Arkansas K-12 Science Standards and how these standards will impact students, teachers, administrators, and districts. Most of all, to be an invaluable resource for school districts and provide any support that may be needed.

Program Summary:

The Science Specialist provides technical assistance to science teachers as well as model lessons and problem solving strategies. This includes assistance with designing lessons to meet Arkansas Standards, utilizing the 5E lesson planning model, developing conceptual flow charts, organizing a 3-8 Science Cadre for the New Arkansas K-12 Science Standards, supporting the literacy design collaborative, and providing any science support needed by districts. A sample of the professional development offered includes but is not limited to: An Overview for New Arkansas K-12 Science Standards, ACT Aspire, Grasping Phenomenal Science in Elementary, Middle School, and High School, and Curriculum Planning.

Major Highlights of the Year: 2015-2016

Developing two 3rd-8th science cadres (1 in Salem and 1 in Batesville)

These cadre were an opportunity to share any training I'd gained throughout the year, allowed teachers to experience phenomenon based science learning and teaching, allowed science teachers from a variety grade levels to collaborate with others from the same grade and/or subject, and opened doors for all the teachers to plan and implement strategies to prepare for ACT Aspire.

Phenomenon Training and Implementation: Twenty cooperative educators were involved in a year long process to observe phenomenon in our environment, make understanding of that phenomenon, transfer it to other phenomena around us, and train teachers to do the same with their students. Then, transfer this knowledge, use Science and Engineering Practices from Next Generation Science Standards, and make it practical for the classroom. This type of training and learning occurred in many classrooms in our districts. Positive feedback was perceived from both educators and building administrators.

Annual Report

Program: Early Childhood (NAESC)
Funding: Arkansas Department of Education
Competitive Grant: No
Grant Type: Restricted

Districts Served:

Concord	Melbourne	Norfolk	
Calico Rock	Highland	Salem	
Cave City			
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Name: Melissa Morrison
Position: Early Childhood Program Coordinator
Degree: MCD, CCC-SLP; BSE, curriculum/program administration

Goal:

The goal of the Early Childhood Program is to provide the best Early Childhood Special Education services to eligible 3-5 year old students of participating Districts

Program Summary:

The Northcentral Arkansas Early Childhood Program provides special education services for children with disabilities ages 3 to 5. The services are offered in accordance with the Individuals with Disabilities Education Act, 1997 (IDEA) on behalf of the public schools. Early Childhood Special Education Services are activities designed to enhance the development of the preschool child and provide experience in one or more of the following areas: talking, seeing, hearing, learning, walking and behavior. A child may be eligible for special services if he/she is age 3 to 5 and is experiencing difficulties which interfere with normal development in these areas: speech/language, vision, hearing, motor skills, behavioral/social skills, self-help skills, problem solving skills, cognition/readiness skills. Services, which are provided at no cost to the family may include: screenings, evaluation, preschool instruction, speech/language therapy, physical/occupation therapy, family training, preschool teacher in-service, behavior intervention, or other appropriate services. Services may be provided in classrooms with peers who are developing normally,

coordination with other agencies, one or more program options, public school based classrooms, public or private preschool, itinerant based, specialized day service centers, home based instruction or hospital/residential instruction. The primary responsibility of the Early Childhood Special Education Teacher is to provide services to children 3-5 years of age who have a disability and are eligible for special education services. Students may be diagnosed with varied conditions such as autism or Down Syndrome. All of the ECSE teachers hold an Arkansas Department of Education Educator's license and many belong to professional organizations. Speech-Language Pathologists are professionals concerned with the evaluation, treatment and research in human communication and its disorders. They diagnose and evaluate speech problems such as articulation and stuttering. NAESC Speech-Language Pathologists hold certifications from the American Speech-Language Hearing Association (ASHA), Department of Education Educator's License, and Arkansas Board of Examiners. Occupational Therapy is a health profession to help students engage in specific activities that make up daily life; while Physical Therapy promotes motor development. Each NAESC therapist are licensed by the appropriate Arkansas State Board in their respective practice. The primary role of the Early Childhood Behavior Interventionist is to provide a comprehensive social emotional program for children 3-5 years of age, their families, and school. She holds an Arkansas Department of Education Educator's license and belongs to various professional organizations.

Major Highlights of the Year: 2015-2016

- *Melissa Morrison began on July 1, 2015 as Early Childhood Program Coordinator**
- *December 1 Child Count: 382**
- *Early Childhood staff traveled a combined approximated mileage of 166,000 to meet the needs of our students**
- *Staff members travel approximately 1,400 miles a month to meet the needs of our students.**
- *NAESC staff served in 49 different locations across the NAESC service area**
- *NAESC staff serves students in the following counties: Baxter, Cleburne, Fulton,**

Independence, Izzard, Sharp and Stone.

Annual Report

Program: Behavior Support Specialist (BSS)
Funding: Arkansas Department of Education, Special Education Unit
Competitive Grant: No
Grant Type: Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Name: Shana Bailey
Position: K-12 Behavior Support Specialist
Degree: M.S. in Psychology (with an emphasis in Behavior Analysis)

Goal:

The goal of the BSS program is to provide behavior support services/technical assistance to participating school districts relative to behavior concerns for students with disabilities. Technical assistance will be provided in response to individual district requests. Professional development in the area of behavior will be provided to school staff working with students with disabilities.

Program Summary:

In the BSS Program, the K-12 Behavior Support Specialist provides technical assistance to participating districts, upon requests made through the CIRCUIT referral system. Some of the student-specific services provided include student observation, consultation with teachers, administrators, parents, and other school staff, assistance with conducting Functional Behavioral Assessments, assistance with development of Behavior Intervention Plans or other behavior management strategies, and participation in IEP team meetings relative to behavior. Multiple workshops are also conducted in order to provide school staff with training in the area of behavior.

Major Highlights of the Year: 2015-2016

Throughout the 2015-2016 school year, behavior support services/technical assistance were provided for 13 different students with disabilities in the NAESC area, as well as 6 students outside the NAESC area. Six professional development workshops were provided at NAESC, covering the topics of improving positive behaviors for students with Autism Spectrum Disorder (ASD), conducting Functional Behavioral Assessments (FBAs) and writing Behavior Intervention Plans (BIPs), classroom behavior management, and paraprofessional behavior training. In conjunction with the Special Education Unit, brief training in conducting FBAs and creating BIPs was provided to one district within the NAESC area.

Annual Gifted Education Report

Program: Gifted Education
Funding: Arkansas Department of Education
Competitive Grant: No **Grant Type:** Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Name: Dr. Ann Webb
Position: Gifted Education Specialist

Goal:

The goal of the Northcentral Arkansas Education Cooperative's Gifted and Talented Program is to assist member districts in coordinating, implementing, evaluating and improving local programs for gifted and talented youth. This goal is pursued through two primary objectives: (1) to develop and implement the Co-op's technical assistance activities in gifted education and to assist member districts to meet the standards for gifted and talented education; and (2) to provide a liaison with the office of Gifted and Talented Education, ADE, parent and professional organizations, and other public and private agencies and conduct public awareness and advocacy programs.

Program Summary:

During the 2015-2016 school year a broad range of services were provided that incorporated the five strands: on-site consultation and technical assistance; curriculum materials and resources; in-service and staff development ; K-12 student activities; and professional development activities. Specific needs of school district G/T Coordinators, Facilitators and students were addressed through the following activities and /or presentations: Project Fair for students in grades K – 12; Chess tournaments for students in grades K - 12; and Quiz bowl competition for students in grades 4- 12.

Professional development opportunities included: Collaboration; Cooperative Learning; Differentiation; Talents Unlimited; Curriculum and GT Frameworks; featuring select coordinators for their strengths. The GT Specialist met monthly with ADE Personnel and other GT Specialists to gather and exchange information on current trends, practices and programs in Gifted Education. This information was then shared with all district GT Coordinators.

Major Highlights of the Year: 2015-2016

- All applications of our school districts were in complete compliance with state rules and regulations for Gifted /Talented Education
- Working successfully with GT Coordinators/ Teachers in regards to TESS and developing curriculum alignment with CCSS.
- Visits to schools and GT classrooms

Annual Report

Program: Digital Learning – Virtual Arkansas, Team Digital, Arkansas Connect2Digital

Funding: Arkansas Department of Education

Competitive Grant: No

Grant Type: Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Cathi Swan, Superintendent –State Coordinator of Digital Learning, BSE, MSE

Mike Lar, Virtual Arkansas Director of Operations, BS, MBA, ED.D, ABD

Junior Stormes, Director of Technology, BS

John Ashworth, Virtual Arkansas Director of Academics, BSE, MSE

Lisa Russell, Team Digital Member, BSE

Gerard Newsom, Team Digital Member, BA

Rachel Schell, Team Digital Member, BS, MS

Ashley Pruitt, State Coordinator Administrative Assistant, BA

Alex Munn, Central Office Administrative Assistant, BA

Goal:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

Program Summary:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of

reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013.

www.virtualarkansas.org

Major Highlights of the Year: 2015-2016

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital:

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- Held first ever workshop in the state for Teachers and Administrators on Blended Learning and Remix strategies.
- Implemented a technical assistant/will-call application to help participating schools solve issues within 24 hours.
- Presented at TICAL on the Future of Blended Learning
- Held statewide school consultations on the planning and implementation of Blended Learning
- Trained over a 100 High School counselor's around the state on Virtual Arkansas' registration process
- Attended the 2015 INACOL conference on Blended Online Learning
- Completed an Educational Cooperative Promotional Video
- Successfully implemented team visits to Virtual Arkansas' participating schools
- Named resource affiliate for ADE on school waiver process
- Completed a Virtual Arkansas Marketing/Promotional video for the Essentials of Computer Science and Computer Programming
- Presented at the 3rd Annual Data Conference

Cedar Ridge

Concord

Izard Co. Consolidated

Mammoth Spring

Melbourne

Midland

Norfolk

Salem

Viola

Personnel:

Name: Arnold Harris

Position: Deputy Director/Career Education Coordinator

Degree: M.S.E. + Admin

Goal:

Our goal is to meet or exceed the state standards, provide teacher in-service, and enrich the curriculum in order to meet the increasing needs of our districts as they prepare students for the ever changing world of work.

Program Summary:

NAESC serves as the fiscal agent for the consortia members. The following activities were supported with project funds: (1) Meeting the performance standards recommended by ADE-CE. (2) Teacher professional development activities (3) Guidance and Counseling (4) Instructional Technology for Career Education Teachers (5) Program Improvement Activities including the purchasing of supplies and equipment. We are striving to implement the latest in technology for the Career Education classroom. Our teachers use the new technology to deliver lessons digitally enabling them to move through the frameworks in a more efficient way. There is more time for enrichment activities to reinforce lessons. Teachers benefitted from being able to access the resources online as well as the paper curriculum. They also found the online versions are being constantly updated and improved, keeping the content fresh and realistic.

Major Highlights of the Year: 2015-2016

Career Education teachers have obtained forty seven business/industry certifications. Students have been certified in eighteen areas. This is a huge increase over the previous years. Many teachers and students have attended state and national conventions. This would not have been possible without Perkins funds. Safety saws have been purchased for all schools served by NAESC. These saws have a switch that is activated by a moisture detector (a student's hand) causing the brake to stop the saw in 1/1,000,000 sec. The student might get a scratch, but their hand would have been saved. In our schools, two saws were activated this year. According to Bill Watterman, Tool Central Rep, who sells the saws, ten safety switches were activated this year in the state.

Annual Report

Program: Technology Center Coordinator

Funding: ADE

Competitive Grant: No

Grant Type: Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel: Jeff Johnston

Position: Technology Center Coordinator

Education: BSE, MSE

Goal:

The Technology Coordinator will update all specialists and coordinators on Arkansas IDEAS and ADE iTunes U; provide technical assistance to co-op staff and district Technology Coordinators; meet with district Tech Coordinators to discuss access to, and implementation of Arkansas IDEAS, ADE iTunes U, and other online professional development programs.

Program Summary:

The Technology Coordinator works with co-op staff to ensure all have current technology to utilize in their positions, as well as supporting all technology owned by the co-op. He also provides school districts with information and training concerning technology. This information is coordinated with ADE, DIS, and APSCN. The Technology Coordinator also works closely with school tech staff to assist them with determining hardware and software needs, and assists them with creating specifications and acquiring quotes as needed.

Major Highlights of the Year: 2015-2016

1.) Worked with AR IDEAS staff during beta testing and implementation of My Events online registration system. 2.) Participated on a committee with ADE to create sample Acceptable Use Policies for schools, co-ops, and the State Tech Plan, and 3) Participated on the DIS Statewide Network Committee and Video subcommittees to assist with development of specs for upgrading statewide network and video network infrastructure. Managed the transition back for AR IDEAS to EscWorks in the Professional Development year.

Annual Report

Program: Community Health Nurse Specialist
Funding: Arkansas Department of Education
Competitive Grant: No
Grant Type: Restricted

Districts Served:

Batesville	Concord	Melbourne	Norfolk
Calico Rock	Highland	Midland	Salem
Cave City	Izard Co. Consolidated	Mountain Home	Southside
Cedar Ridge	Mammoth Spring	Mountain View	Viola

Personnel:

Name: Cindy Schaefering, RN
Position: Community Health Nurse Specialist (CHNS)
Degree: RN, ADN

Goal: To be a trainer and resource person for the school nurses. Educate school staff and students in the areas of health and wellness.

Program Summary:

The Community Health Nurse Specialist (CHNS) is an employee of the Arkansas Department of Health (ADH) but housed in the education cooperative. The CHNS are under the direction of ADH and adhere to policies and procedures of ADH. The CHNS is under the supervision of the North CHNS Supervisor, Marilyn Cone, for ADH. The education cooperative provides administrative support and housing.

The CHNS works with schools, day cares, community coalitions, health care providers, and local health unit administrators in the counties the co-op serves to improve the health of the community.

Activities of the CHNS related to the school setting include advocating for implementation of tobacco-free policies, best practices for tobacco prevention education, and best practices for promoting and implementing policies and programs for nutrition, physical activity, and emerging public health issues in the school-age child. The CHNS provides education, technical assistance, and staff development for school staff and continuing education for school nurses on the health issues such as the consequences of tobacco, injury prevention (intentional and unintentional), oral health, infant mortality, physical activity and nutrition. I am a CPR instructor, and I train school staff, nurses, and community members in American Heart Association CPR and First Aid.

The CHNS assist schools in implementation of laws that affect the health and wellness in the school setting. CHNS offer assistance to schools on developing and maintaining wellness committees as required by Act 1220, new tobacco laws, new or changing rules and regulations (kindergarten physical, immunizations, etc.), and train school nurses on all mandatory screening (Hearing, Vision, BMI, & Scoliosis).

Major Highlights of the Year: 2015-2016

Offered a nursing workshop that provided school nurses with 5.25 hours of continuing education. Offered a workshop for members of the school wellness committees that provided 6.0 hours of professional development. Certified 115 people in CPR, AED and/or First Aid. Arranged for the use of CPR equipment to area schools to meet the graduation requirement of students to have CPR instruction. Scheduled, organized or participated in flu clinics for all school districts within the coop. Facilitated two suicide workshops for school counselors and other school personnel that focused on the intervention and postvention of a suicide; provided suicide prevention education for students as well. Provided six school districts with student education about STD and Teen pregnancy prevention. Assisted with the Wellness Committees in three school districts. Provided basic asthma education for the staff at two schools. Educated students in five school districts about puberty and hygiene. Tobacco prevention education provided to seven school districts. Participated in the education of nutrition and physical education to students in four school districts.

Funding Source: Arkansas Department of Education☒ Restricted ☐ Non-Restricted

Detailed below are descriptions of special projects or programs in which state funding provided services regionally or state-wide. These projects or programs provided an opportunity for this cooperative to participate, although the cooperatives serving as fiscal agents varied.

Program Name: ***CGI-Cognitively Guided Instruction***Competitive Grant: Yes ☒ No ☐

Goals and Description: Cognitively Guided Instruction (CGI) is a teacher professional development program that has teachers exploring a framework for how elementary school children learn concepts of number operations and early algebra. This knowledge is used to drive instruction. Years 2 and 3 of training builds upon the previous year's training-resulting in a true, long-term sustained professional development program. What teachers learn in a CGI institute enhances how they implement any curriculum or resource materials into their daily classroom instruction.

Program Name: ***Classroom Walkthrough Reflection of High Yield Strategies***Competitive Grant Yes ☐ No ☒

Goals and Description: The goal of this training was to examine the use of classroom walkthrough data in a PLC setting. Participants have access to the High Yield Strategy course in Arkansas IDEAS. Many participants worked to plan for differentiating supporting to teachers. Training materials were provided to all participants to assist them in sharing the information with other educators.

Program Name: ***Teacher Evaluation Support System (TESS)***Competitive Grant: Yes ☐ No ☒

Goals and Description: The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hours Laws and Process training. The Arkansas Department of Education provided training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. Arkansas Department of Education in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2015-16 school year.

Program Name: ***Enhancing Education Through Technology Grant (TIE) Project***Competitive Grant Yes ☒ No ☐

Goals and Description: The purpose of the TIE project is to increase technology integration across the state of Arkansas. Southwest Arkansas Education Co-op wrote a comprehensive partnership EETT grant to develop a statewide professional development module system to embrace all forms of technology, meet the needs of teachers and administrators, and address State standards and licensure issues while enhancing instruction through integrated technology practices. All education cooperatives across the state were offered the opportunity to train teachers from their area to become TIE Cadre members. There are currently 114 TIE Cadre members impacting 71 districts and 80 buildings across the state. Cadre members have conducted over 300 workshops across the state on 72 different technology modules. The trainings have impacted 5,000 teachers and administrators. The modules are all project based and have been developed by teachers. Modules include trainings on things such as Blogs, Classroom Wikis, High Yield Strategies with Technology, Internet Safety, Podcasting and Video Editing. Modules are housed on the TIE website at <http://tie.k12.ar.us>. By sharing these modules across the state, we are able to offer the same quality in technology trainings that we did not have before. The cadre members not only train for the education co-ops in the summer but are also able to help train in their buildings and districts. Module development and professional growth are the focus of cadre trainings. Each cadre meets three times a year. Trainings are held on Thursday night, all day Friday and Saturday until noon to minimize time out of the classroom.

There are currently approximately 100 TIE Cadre members impacting over 70 districts across the state. Cadre The focus of cadre training is to support technology integration in curriculum. Training includes a focus on Common Core Standards, unit planning and tools teachers can use. Cadre members then share this knowledge in trainings offered at the co-ops. They have conducted over 450 workshops across the state on 78 different technology modules. The trainings have impacted over 5,000 teachers and administrators.

Program Name: ***Instructional Facilitating***

Competitive Grant: Yes ☐ No ☒

Goals and Description: Instructional facilitating Training is based on Dr. Jim Knight's Instructional Coaching Institute from the University of Kansas Center for Research on Learning. The training refines the Instructional Facilitator's understanding of their various roles and distinguishes between effective and ineffective coaching practices. The training also provides leadership skills for reform, fostering internal commitment in others, and determining when it is or is not appropriate for modeling in a classroom.

Program Name: ***EtherScope Project***

Competitive Grant Yes ☐ No ☒

Goals and Description: EtherScopes were purchased to place at each Coop in the state. These EtherScopes are being used in districts to test bandwidth and search for problems before online testing starts with the new PARCC assessment. These EtherScopes are available for district to use at no cost to them. They simply check out the tool and test their service locally.

Program Name: ***Specialist's Unit Meetings***

Competitive Grant: Yes ☐ No ☒

Goals and Description: Math Unit meetings are organized so that K-12 Mathematics Specialists from all cooperatives and STEM centers convene on a monthly basis as a professional learning community. Mathematics specialists receive professional development that is current, research based, and data driven. The meetings also provide time for mathematics specialists to set goals, create and organize statewide PD, and assess impact on existing programs. Currently, an in-depth study of the Common Core State Standards continues as school districts transition from our current frameworks to the Common Core in Mathematics. Literacy Unit Meetings take place monthly for all state literacy specialists to convene as a professional learning community. This time is built by a state level team to brainstorm, share, execute, and receive professional development that is data-driven to impact student achievement Training of trainers in ELLA, ELF, C.L.A.S.S, Content Literacy, and other state level trainings have taken place over the past year. Currently, an in-depth study of the Common Core State Standards continues as school districts in Arkansas ready for implementation with dedicated support from the specialists.

Program Name: ***Literacy Design Collaborative (LDC) / Math Design Collaborative (MDC)***

Competitive Grant: Yes ☐ No ☒

Goals and Description: NAESC Specialists offer training to districts on the Literacy Design Collaborative (LDC) and Math Design Collaborative (MDC). LDC/MDC offers professional learning opportunities available through a partnership of the Arkansas Department of Education (ADE), Arkansas Department of Career Education (ACE), Education Service Cooperatives, STEM Centers, Education Renewal Zones and the Southern Regional Education Board (SREB). These partnerships have allowed for professional leanings focused on the (LDC) and MDC. They are designed for high school teams to utilize a unit-based approach to the literacy and math demands defined by the CCSS/CCSSM. Both LDC and MDC offer planning tools for curriculum, instruction and assessment that promotes collaboration among educators. Participants design, implement, and reflect on rigorous units of study based on a student-centered approach to CCSS. One of the goals is to help teachers personalize learning so that every student can master the CCSS and be college and career ready.

Program Name: ***Arkansas Leadership Excellence and Development System (LEADS)***

Competitive Grant: Yes ☐ No ☒

Goals and Description: The Interstate School Leaders Licensure Consortium (ISLLC) Standards

provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being piloted). Trainings for the LEADS program throughout the 2015-2016 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of Bloomboard for evaluation and artifacts, and other support, as needed in individual cooperatives

PROGRAM Name: ***Arkansas Inductive Mentoring Model (AIMM) Training***

COMPETITIVE GRANT: Yes ___ No x

ADE transitioned from Arkansas Induction Mentoring Model (AIMM) to the Novice Teacher Mentoring Program and all trainers were provided an update training.

Goals: The Novice Teacher Mentoring Program is designed to provide a novice teacher the support, assistance, and encouragement of a site-based, trained mentor in order for the novice teacher to learn the skills he or she needs to become an effective, knowledgeable teacher. District project directors were encouraged to share the mentor/novice teacher update video with previously trained mentors and novice teachers. The ADE provided electronic resources such as: the Mentor Notebook, Mentor/Novice Teacher Update Video and the Project Director Update Training Video in lieu of face to face trainings. New mentors were trained in the updated Novice Teacher Mentoring Program.

_____ Cooperative provided _____ sessions in the Novice Teacher Mentor Program.

GOALS:

- Become familiar with the Framework for Teaching (FfT) and the relationship between Novice Teacher Mentoring Program and TESS (Teacher Effectiveness Support System)
- Use the Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process

The cooperative provided districts ongoing support as needed.

Program Name: **ACT Aspire**

Competitive Grant Yes - ___ No - X

Goals and Description:

Northcentral Cooperative technology coordinators and staff have provided support to district testing and technology personnel as preparations were made for the initial implementation of ACT Aspire in the spring of 2016. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, cooperative technology coordinators provided ongoing assistance through emails and phone conversations as problems and questions arose in districts.

The Northcentral Cooperative also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

The Northeast Arkansas Education Cooperative annual report reflects the services provided during the 2014-15 fiscal year. The report prepared by our staff, is designed to inform our member districts, the ADE, legislators and the Governor's office. This "snapshot" provides a summative look at our combined efforts to assist member school districts in raising student achievement.

The Co-op Staff is to be commended for their professionalism, commitment, and team spirit in the preparation of our annual report.

from the *Director's Desk*

June 30, 2016, marks the 32nd year of operations for the Northeast Arkansas Education Cooperative. The Cooperative is located in Walnut Ridge in Lawrence County which is comprised of 14 school districts in six counties: Clay, Craighead, Greene, Jackson, Lawrence, and Randolph. The Cooperative employs 85 staff members.

The Northeast Arkansas Education Cooperative annual report reflects the services provided during the 2015-16 year. The report, prepared by our staff, is designed to inform our member districts, the ADE, SBE, legislators and the Governor's office of the programs and activities that occurred from June 1, 2015 - May 31, 2016. This "snapshot" provides a summative look at our combined efforts to assist member school districts. The NEA Cooperative staff in their respective roles strives to work with all school personnel to provide high quality leadership, service and support to our member schools to facilitate effective learning for all students. Educator, author, and innovation specialist, A.J. Juliani is quoted as saying, "Our job is not to 'prepare' kids for something; our job is to help kids learn to prepare themselves for anything." This is the task set before our Cooperative Staff. They are to be commended for their professionalism, commitment, and team spirit with special thanks for their preparation of this, our annual report.

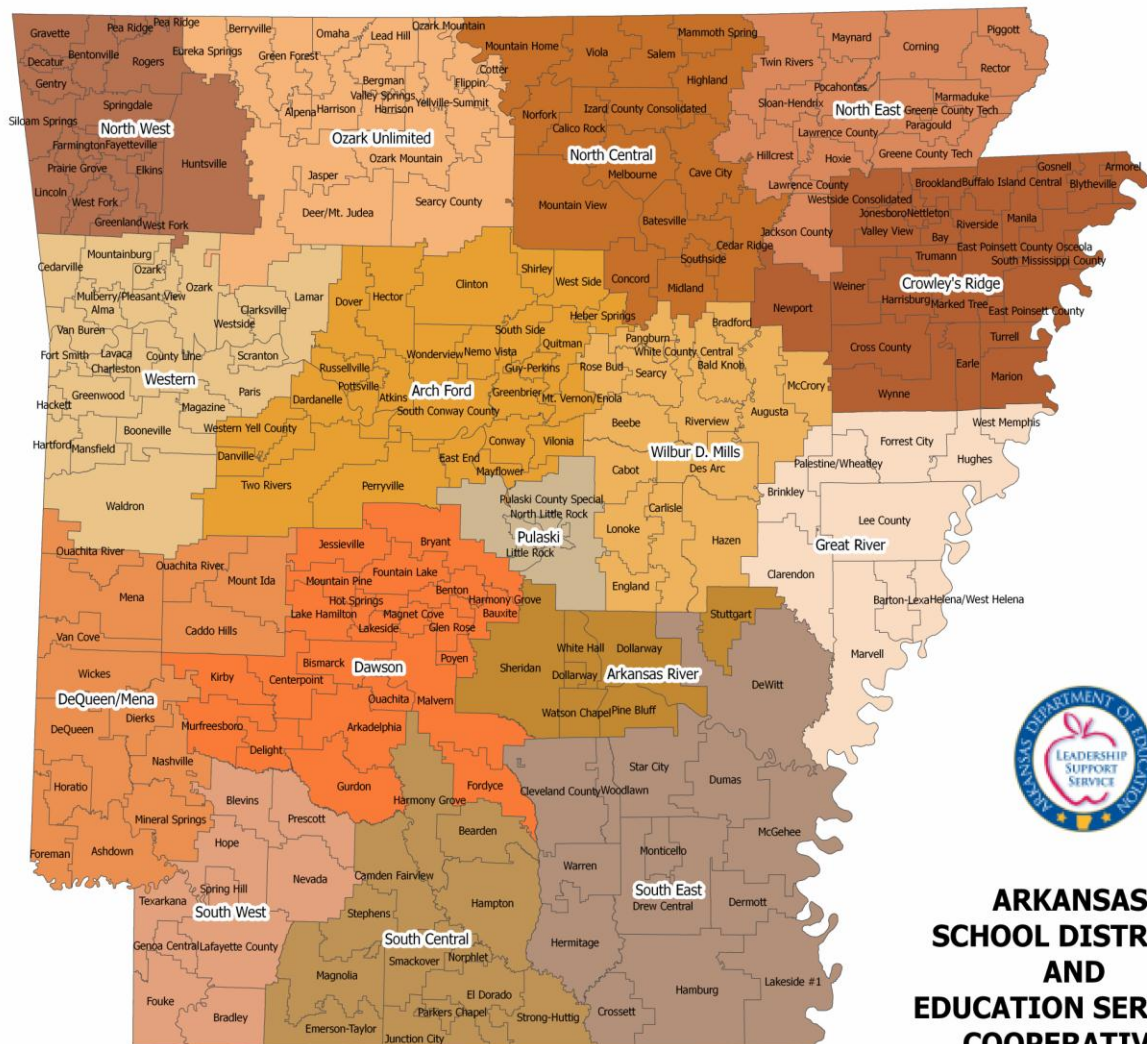

Donna C. Harris, Director

Northeast Arkansas Education Services Cooperative

Mission Statement

The mission of the Northeast Arkansas Education Cooperative is to provide the highest quality leadership, service and support to our member districts in their efforts to facilitate effective learning for all students.

The Northeast Arkansas Education Cooperative serves the following counties.

- **Clay**
- **Craighead**
- **Greene**
- **Jackson**
- **Lawrence**
- **Randolph**

III. TEACHER CENTER

Please attach a list of all in service training/staff development workshops offered through the co-op, including month offered, topic, number of districts participating, number of participants and location of workshops. Place an asterisk (*) beside those which provided curriculum assistance. Include a cumulative total of participants. See attached form.

A. Does the co-op provide media services to schools? YES ☒ NO ☐

Approximate the number of titles in media center: 6800

Does the co-op provide delivery to the districts? YES ☒ NO ☐

How many districts participate in the media program? 14

How many titles (including duplicate counts) were provided to schools during this current year? 742 Media Titles were delivered – combined total of 13,964 items delivered.

Do districts contribute dollars to the media services YES ☒ NO ☐

How are media charges per district determined (formal or per ADM)? Please describe: \$1 per ADM

. Does the co-op operate a “make-and-take” center for teachers? YES ☒ NO ☐

How many teacher visits have been made to the center? (Count all teachers who have visited the center, using duplicate counts for teachers who have visited the center more than once).

Number of Teacher Participants 1485

Other School Districts 1610

IV. ADMINISTRATIVE SERVICES

Please check administrative services offered through the co-op:

☒ Cooperative purchasing

☒ Conduct Annual Needs Assessment/Planning assistance

☒ Special education services

☒ Gifted and talented assistance

☒ Grant writing assistance

☒ Personnel application

☒ Assist/support with Evaluation procedures (OSR, GT, CTE, ACSIP)

☐ Migrant student Identification

☒ Bookkeeping assistance

☒ Technology training

- ☒ Curriculum alignment
- ☒ Business Management training
- ☒ Computer technician
- ☒ E-Rate applications
- ☒ Assessment data analysis
- ☒ Instructional facilitator training
- ☐ Math coaches training
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and local board members
- ☒ Other (please specify)
- ☒ Carl Perkins
- ☒ Bus Driver Training
- ☒ Custodial: Asbestos, School Maintenance, OSHA
- ☒ Pre-Retirement Workshop

V. DIRECT SERVICES TO STUDENTS

Please check the student services provided through the co-op:

- ☐ Student assessment program
- ☒ Itinerant teachers – please list areas: ECSE, SPED, etc.
- ☒ Music, art, speech pathology
- ☒ Occupational therapy and physical therapy
- ☒ Transition Assistance
- ☒ Mentor programs: Novice Teacher Mentoring
- ☒ Gifted/talented programs: 14 participating districts
- ☒ Digital instruction
- ☒ Speech therapist
- ☒ Low incidence handicapped

[X] Other (Please specify): Nursing, HIPPY, Project Fair, Science Fair, Visual and Performing Arts Festival

VI. ANECDOTAL REPORTS

Please attach three or four descriptions of activities which demonstrate partnerships, agreements or creative ways that the co-op has assisted local districts. The co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

Visual and Performing Arts Festival:

This festival has been an annual event for the past 16 years. Fine Arts Instructors work with Cooperative personnel to plan this event. It is held at the Cooperative on the 3rd or 4th Sunday of January and honors Fine Arts Students from schools in the Cooperative area. Art work is displayed at the Cooperative during the Festival through the month of February. School bands, choirs and special groups perform on the day of the Festival. At the conclusion of the festival every student is recognized for their participation in the festival.

Teacher Day:

NEA Cooperative hosted their annual "Teacher Day" on August 13th this year in two separate locations. The two hosting sites were Greene County Tech School District Auditorium and the Walnut Ridge Community Center. There were two keynote speakers that spoke at both sites during the course of the day. Dave Opalewski's sessions were titled "Answering the Cry for Help", This dynamic and interactive workshop instructed the teachers in the prevention of the fastest growing killer (Suicide) of our Country's most precious resource; our children.

Manny Scott was the other speaker that presented to the teachers. In this program titled, "How to R.E.A.C.H. Youth today", Manny shared, step-by-step, several proven practices and principles that engage, equip, and empower people everywhere to reach youth. Based on his doctoral research and own life experiences, Manny explained how to develop real relationships; how to grab the attention of your intended audience; and, how to persuade others to turn the page and take proactive steps to improve the quality of their lives.

Athletic Coaching Institute:

The Athletic Coaching Institute is a three-day annual collaboration between ASU, Crowley's Ridge Education Cooperative and the Northeast Arkansas Education Cooperative. For over a decade Ron Carrol, director of the Institute, has provided trainings on-site at ASU on a variety of topics including: Sports Medicine, Best Coaching Practices, Dehydration, Communicable Diseases, Health Emergencies, and many other environmental issues that threatens the health and safety of students. Approximately 100 area coaches and trainers attend this institute and receive these valuable professional learning opportunities.

VII. EMPLOYMENT POLICIES AND PRACTICES

Act 610 of 1999 requires that each educational service cooperative report the following information:

EMPLOYED

Number of new males employed by the cooperative for the 2015-2016 school year: 2

For this number above, please provide the number in each of the following racial classifications:

White 2
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

Number of new females employed by the cooperative for the 2015-2016 school year: 12

For this number above, please provide the number in each of the following racial classifications:

White 12
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

TERMINATED

Number of males terminated by the cooperative during the 2015-2016 school year: 1

For this number above, please provide the number in each of the following racial classifications:

White 1
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

Number of females terminated by the cooperative during the 2015-2016 school year: 5

For this number above, please provide the number in each of the following racial classifications:

White 5
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

SEEKING EMPLOYMENT

Number of males seeking employment by the cooperative during the 2015-2016 school year: 4

For this numbers above, please provide the number in each of the following racial classifications:

White 4
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

Number of females seeking employment by the cooperative during the 2015-2016 school year: ____34__

For this number above, please provide the number in each of the following racial classifications:

White 34
African American
Hispanic
Asian
American Indian
Alaskan Native

Jenny Petty represents Crowley's Ridge Academy and we also invite representatives from St. Mary's and St. Paul.

Northeast Arkansas Education Cooperative

DATE: June 1, 2016

Program Summaries....

PROGRAM: Arkansas Better Chance Preschool

FUNDING SOURCE: State

COMPETITIVE GRANT: Yes ☒ No

RESTRICTED ☒ NON-RESTRICTED ☐

PARTICIPATING DISTRICTS:

Corning, Hillcrest, Lawrence County, Maynard, Piggott, Sloan-Hendrix

PERSONNEL:

Gregg Cooper	ABC Supervisor	MSE in Education Administration
Bonnie Cain	ABC Assist. Supervisor	BSE in Early Childhood

GOAL:

The Northeast Arkansas Education Cooperative Early Childhood ABC programs will ensure that all Arkansas children and families that we serve have access to a safe, high-quality, developmentally appropriate environment by educating and assisting parents and communities to prepare our children for future success.

PROGRAM SUMMARY:

The Northeast Arkansas Education Cooperative ABC programs served 252 children in sixteen classrooms located on six campuses. Each preschool classroom has a licensed Early Childhood teacher and one teaching assistant that has completed an Associate's Degree, has CDA certification or is working toward certification. All programs have met Quality Approval Child-Care standards. Strong parental and community involvement are key elements in the ABC program, and each site has a Parent Advisory Council. Collaboration with the school districts, parents, and community is important in receiving in-kind donations to the ABC programs.

MAJOR HIGHLIGHTS OF THE YEAR:

*Over 300 Christmas bags were delivered to students in the ABC programs filled with books, supplies, and toys. *Each classroom host special events throughout the year for grandparents, moms, and dads. *Most of the preschool sites end their year with an outdoor day. On that day, the children enjoy popcorn, sno-cones, cotton candy, bounce houses, and more.

PROGRAM: APPEL (formerly Non-Traditional Licensure)

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes **X** No

RESTRICTED **X NON-RESTRICTED**

PARTICIPATING DISTRICTS:

Northeast Arkansas Region Wide

PERSONNEL:

Name	Position	Degree
Janice Edington	Facilitator/Instructor	MSE
J.M. Edington III	Facilitator/Instructor	EDS
Various Instructors		

GOAL:

To provide a local training site for teachers in the Non-Traditional Licensure program for our local districts.

PROGRAM SUMMARY:

For the school year 2015-2016, APPEL 1 had 21 participants, APPEL 2 had 17 participants. Many of our cooperative schools employed APPEL teachers.

MAJOR HIGHLIGHTS OF THE YEAR:

Participants becoming successful teachers for the students of Arkansas.

PROGRAM: ADE/APSCN Student Applications Field Analyst

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X NON-RESTRICTED ___**

PARTICIPATING DISTRICTS:

Corning, Green County Tech, Hillcrest, Hoxie, Jackson County, Lawrence County, Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan-Hendrix, Westside Consolidated, and Northeast Arkansas Education Cooperative

PERSONNEL:

Peggy Duff	APSCN Student Field Analyst	Associate of Arts
Joe Rapert	Cognos	BSE Elementary/MSE Secondary Counseling

GOAL:

To provide end-user support to district student users of the SMS statewide student management system, Cognos reports, and meeting statewide guidelines.

PROGRAM SUMMARY:

The Student Applications Field Analyst provides services to districts within Arkansas that utilize the SMS statewide student management system software. The software is used to store district, school, and student data. Student Management Systems Applications is computer software used primarily to process and maintain student records. The SunGard Pentamotion student management systems applications provided by APSCN include: Demographics, Attendance, Scheduling, Report Cards, Discipline and Medical. With the use of nine cycles yearly, districts electronically submit data to the ADE. The student field analyst provides districts with consulting and training workshops through meetings at the Cooperative, school visits, and communicating closely by e-mail and telephone. Various trainings offered throughout the year include, but are not limited to, SMS Required Fields for State Reporting, New Personnel, Cognos Report Writing, Next Year Scheduling, and Year End Rollover.

MAJOR HIGHLIGHTS OF THE YEAR:

State Reporting Training

PROGRAM: Behavior Support Specialist

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Corning, Green Co. Tech, Hillcrest, Hoxie, Jackson Co., Lawrence Co., Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan Hendrix, Westside Cons.

PERSONNEL:

Amanda Kirby, Behavior Support Specialist, Undergraduate: ECH with an emphasis in Special Education, Graduate: Educational Leadership

GOAL: To develop capacity within the local districts in the areas of special education to include behavior intervention.

PROGRAM SUMMARY: The Behavioral Support Specialist (BSS) works with teachers to address specific behaviors of students served in special education. This includes: assessing students with Autism and providing programs, assisting with functional behavior assessments and assisting in the development of behavior plans, attending IEP meetings, and provide professional development.

MAJOR HIGHLIGHTS OF THE YEAR:

- Professional Development offered
 - Professional Crisis Management Recertification
 - Functional Behavior Assessment and Behavior Intervention Plans

PROGRAM: Career and Technical Education

FUNDING SOURCE: State and Federal

COMPETITIVE GRANT: Yes ___ No x___

RESTRICTED x **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS: Corning, Hoxie, Lawrence County, Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan-Hendrix

PERSONNEL: Rhonda Fowler, Career and Technical Education Coordinator, B.S. in Business Administration, M.S.E. Educational Leadership

GOAL: The Career and Technical Education office's goal is to provide quality support and service to the CTE teachers, administrators, and CTE programs of study.

PROGRAM SUMMARY: The Career and Technical Education office is responsible for providing supporting resources to enable public schools to initiate and maintain quality Career and Technical Education programs in accordance with the Arkansas Department of Career Education's Strategic Plan, Goals, and Objectives. The Coordinator encourages the development, implementation, and improvement of CTE programs for all districts in the cooperative service delivery area through the following job tasks:

- Data Collection and Reporting
- Evaluation of Programs
- Technical Assistance and Professional Development
- CTE Initiatives Support
- Carl D. Perkins Consortium Administration and Assistance
- Representation of the educational cooperative at local, state, and national events and activities, as well as all meetings called by the Department of Career Education

MAJOR HIGHLIGHTS OF THE YEAR:

- Provided professional development in various skill attainment and performance indicator areas.
- Provided assistance for new programs of study in:
 - Hoxie, Jobs for Arkansas Graduates
 - Paragould, Criminal Justice
 - Piggott, Jobs for Arkansas Graduates

- Rector, Child Care Guidance, Management and Services
 - Maynard, Health Science and Technology
 - Sloan-Hendrix, Criminal Justice
- Completers
 - 707 different completions in 21 programs of study with 438 students completing
- Consortium targets met on performance indicators in all areas except Non-Traditional Completion (14-15 data).
- The Perkins budget for 2015-2016 was \$163,605 providing professional development, equipment, instructional materials, and other needed assistance for CTE programs.
- Implemented the 2nd annual Regional Advisory Council meeting in November to prepare teacher to best advise their students on preparing to work.
- Hosted Dr. Temple Grandin in May for Agriculture students and teachers.

PROGRAM: Early Childhood Special Education

FUNDING SOURCE: Federal

COMPETITIVE GRANT: Yes No **X**

RESTRICTED X NON-RESTRICTED __

PARTICIPATING DISTRICTS:

Corning, Hillcrest, Hoxie, Jackson County, Lawrence County, Marmaduke, Maynard, Piggott, Rector, Sloan-Hendrix, Westside Consolidated

PERSONNEL:

Mandy Durham	Early Childhood Coordinator	MSE in Special Education Instruction Spec
Diane Coleman	Medicaid Clerk	BS in Office Administration

GOAL:

The Northeast Arkansas Education Cooperative Early Childhood Special Education program will provide speech/language services, developmental therapy, contracted services such as occupational therapy and physical therapy and any necessary referrals to meet the needs of children with disabilities, ages three to five, within our Coop districts.

PROGRAM SUMMARY:

The Early Childhood Special Education program serves children in 5 Head Start locations, and 20 private daycare centers, as well as all of the ABC classrooms that are located on the 11 school campuses. The program initiated and continues to cooperate with the Northeast Arkansas Interagency Coordinating Council (ICC). The ICC has established a collaborative relationship among twenty-five agencies that serve the preschool and school age special education population in our area.

December 1 Count: Jackson County-12; Sloan Hendrix-21; Hillcrest-15; Hoxie-24; Lawrence County-33; Marmaduke-9; Maynard-7; Corning-18; Piggott-19; Rector-12; Westside-28

MAJOR HIGHLIGHTS OF THE YEAR:

*The staff has met the needs of several challenges due to the different realm of disabilities and ethnic diversities that have entered our service population. *Our staff gives development/speech screenings and hearing/vision screenings. *Our program also provides summer services.

PROGRAM: Gifted Education

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No x___

RESTRICTED x **NON-RESTRICTED**

PARTICIPATING DISTRICTS:

Corning, Jackson County, Paragould, Sloan Hendrix, Greene County Tech, Lawrence County, Piggott, Hillcrest, Marmaduke, Pocahontas, Hoxie, Maynard, Rector, Westside Consolidated

PERSONNEL:

Gail Burns, , Master's Degree in Gifted Education

GOAL:

The goal of the Northeast Arkansas Education Cooperative's Gifted and Talented Program is to assist member districts in coordinating, implementing, evaluating and improving local programs for gifted and talented youth. This goal is pursued through two primary objectives: (1) to develop and implement the Co-op's technical assistance activities in gifted education and to assist member districts to meet the standards for gifted and talented education; and (2) to provide a liaison with the office of Gifted and Talented Education, ADE, parent and professional organizations, and other public and private agencies and conduct public awareness and advocacy programs.

PROGRAM SUMMARY:

During the 2015-16 school year a broad range of services were provided that incorporated the five strands: on-site consultation and technical assistance; curriculum materials and resources; in-service and staff development ; K-12 student activities; and professional development activities. Specific needs of school district G/T Coordinators, Facilitators and students were addressed through the following activities and /or presentations: Project Fair for students in grades K – 12; Chess tournaments for students in grades 3-12; a creative writing project called the Story Store for students in grades 3-6; a Business Expo for students in grades 5-8; Quiz bowl competition for students in grades 3- 12; Odyssey of the Mind competition for students in grades K – 12; Giant Puppet Professional Troupe in grades K-8; and Visual Art Show for K-12.

Staff development opportunities included: Curriculum Writing; Differentiation; along with on-going work on our GT Frameworks. The GT Specialist met monthly and communicated weekly with the ADE and other GT Specialists to gather and exchange information on current trends, practices and programs in Gifted Education. This information was then shared with all district GT Coordinators.

Special roles and responsibilities assumed by the GT specialist include : Active member of Arkansans For Gifted and Talented Education (AGATE) ; active member of Arkansas Association of Gifted Education Administrators (AAGEA) ; Speaker for County Extension Groups, and attended Student Leadership Trainer of Trainers in Talents Unlimited.

MAJOR HIGHLIGHTS OF THE YEAR

- Monitored school districts were in complete compliance with state rules and regulations for Gifted /Talented Education
- Conducted (3) Pre- AP Trainings for schools in our region in the Fall, 2015
- Conducted school visits to all districts to discuss specific needs
- Established and maintained a positive relationship with district directors and administrators

PROGRAM: NEA Education Cooperative HIPPY

FUNDING SOURCE: Arkansas Better Chance for School Success

COMPETITIVE GRANT: Yes **X** No

RESTRICTED **X NON-RESTRICTED**

PARTICIPATING DISTRICTS:

Cave City, Corning, Highland, Hillcrest, Hoxie, Marmaduke, Maynard, Piggott, Pocahontas, Rector, Sloan Hendrix, Lawrence County

PERSONNEL:

Kathaleen Miller, HIPPY Coordinator, BA Degree
Cheryl Gookin, HIPPY Home-based Educator, CDA Certificate
Taryn Kendrick, HIPPY Home-based Educator, BA Degree
Mindy McGinnis, HIPPY Home-based Educator, CDA Certificate
Lyna Meeks, HIPPY Home-based Educator, CDA Certificate
Tammy Montgomery, HIPPY Home-based Educator, CDA Certificate
Sharon Swift, HIPPY Home-based Educator, CDA Certificate
Leslie Woodard, HIPPY Home-based Educator, AA Degree

GOAL:

HIPPY's goal is to assist parents in laying a foundation for future school success for possibly at-risk preschool children in preparation for kindergarten and encourage continued parental involvement in their child's education, as well as assist parents in accessing needed community support and assistance programs.

PROGRAM SUMMARY:

HIPPY provides age-appropriate educational material and weekly support through home-based educator visits to parents of three- and four-year-old preschool children, giving the parents the opportunity and tools for early involvement in their child's education. Monthly parent meetings also encourage socialization and community collaboration and involvement. Developmental screenings and referrals offered through our program help identify children who need early intervention for developmental and language deficiencies.

MAJOR HIGHLIGHTS OF THE YEAR:

- The NEA Education Cooperative HIPPY program served 136 families this year including 144 children. Some families include: single or divorced parents who are trying to raise children on their own, foster parents, grandparents who are starting parenting again with grandchildren, and a Spanish-speaking mother who is learning English as she converses with the home-based educator and completes HIPPY lessons with her child.
- A highlight for the 2015-16 year included the HIPPY Coordinator, Kathaleen Miller, presenting at the Arkansas Home Visiting Network State Conference in August on the topic "Beating Parent Meeting Blues." As a result of that presentation, she was invited to present at the Arkansas Early Childhood Association state conference in Hot Springs in October.

- HIPPY was contacted again this year by several rural libraries in our service area to provide programs during the children's summer reading initiative. In addition to supporting the communities we serve, this also serves as a recruitment tool for HIPPY.
- The HIPPY Coordinator serves on the regional "Collaborating for School Readiness" committee with representatives from HIPPY, ABC Preschools, Public Schools, and Head Start.
- A reading activity is conducted from February through March where parents read daily to their child and keep a reading log. Cat-In-The-Hat is a guest at the March parent meeting to reward participants with a free book, and overall readers for each home-based educator are rewarded with several books.
- Other monthly parent meetings have included: Fall field trips to a petting zoo and Pumpkin Hollow; healthy meal ideas for families with hands-on cooking; a Winter celebration; literacy specialists from the school districts demonstrating to parents effective reading techniques and highlighting the importance of reading to young children; and April's parent meeting which always includes a kindergarten teacher as a guest speaker to inform parents of the school's expectations as well as what parents can do to make the educational experience optimal.

PROGRAM: K-12 Literacy Specialist

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Corning, Jackson County, Paragould, Sloan-Hendrix, Green County Tech., Lawrence County, Piggott, Hillcrest, Marmaduke, Pocahontas, Hoxie, Maynard, Rector, Westside

PERSONNEL:

Glenda Causbie: K-12 Literacy Specialist, BSE Elementary Education, SE P-12 Building Administration

Sharon Gates: K-12 Literacy Specialist, BSE Elementary Education (1-6), MSE Reading P-12, MSE Special Education P-12

Lana Jean: K-12 Literacy Specialist, BSE Elementary Education K-12, MSE Reading P-12

GOAL:

To enhance teacher awareness and implementation of current best practices through high quality professional development. To meet the needs of students through integrated assessment and responsive instruction. To ensure that all students are meeting the state and national standards in literacy.

PROGRAM SUMMARY:

Early Literacy Learning in Arkansas (ELLA) is a two-year professional development program designed to assist teachers in K-1 in implementing a comprehensive literacy classroom.

Effective Literacy (ELF) is a two-year professional development program for teachers of grades 2-4 designed to aid in the implementation of a balanced literacy approach in regards to instruction, assessment, and intervention.

K-1 Implementing a Comprehensive Literacy Framework - Overview of a Comprehensive Literacy Framework and Literacy Assessment System is designed specifically for K-1 educators. This training identifies the critical components of a comprehensive literacy system, focuses on the unique instructional needs of the K-1 learner as related to literacy acquisition, explores setting the context for learning through instructional approaches that meet the needs of the learner, and provides the purposes and types of literacy assessments that when used appropriately will guide instructional decisions.

Grades K-1 Implementing a Comprehensive Literacy Framework - Phonics/Word Study: Phonemic Awareness, Phonics, and Spelling Instruction is designed specifically for K-1 educators. This training focuses on instructional approaches aimed at exploring the sound, pattern, and meaning relationships among words in order to develop children's phonological awareness, decoding, spelling, and vocabulary. Students are guided towards making discoveries

about how words work and generalizing their understandings in order to read, spell, and write more efficiently.

Grades K-1 Oral Language is designed specifically for grades K-1 educators. This training focuses on how vocabulary and oral language develops in young children as well as instructional approaches that engage children in vocabulary and oral language capabilities.

Grades K-1 Shared Reading is designed specifically for grades K-1 educators. This training focuses on teacher instruction that will help students to develop concepts of print, vocabulary, oral language, word recognition, fluency, and comprehension strategies through repeated readings of shared texts. Educators will be guided through the process of planning explicit instruction that will allow students to construct meaning while actively engaged in shared reading texts.

Grades 2-3 Implementing a Comprehensive Literacy Framework - Overview of a Comprehensive Literacy Framework and Literacy Assessment System is designed specifically for grades 2-3 educators. This training identifies the critical components of a comprehensive literacy system, focuses on the unique instructional needs of the learner as related to literacy acquisition, explores setting the context for learning through instructional approaches that meet the needs of the learner, and provides the purposes and types of literacy assessments that when used appropriately will guide instructional decisions.

Grades 2-3 Implementing a Comprehensive Literacy Framework - Word Study: Phonics, Spelling, and Vocabulary Instruction is designed specifically for grades 2-3 educators, this module focuses on a systematic, engaging approach aimed at exploring the sound, pattern, and meaning relationships among words. Students are guided towards making discoveries about how words work and generalizing their understandings in order to read, spell and write more efficiently.

Grades 4-5 Overview of a Comprehensive Literacy Framework and Literacy Assessment System is designed specifically for grades 4-5 educators. This training identifies the critical components of a comprehensive literacy system, focuses on the unique instructional needs of the learner as related to literacy acquisition, explores setting the context for learning through instructional approaches that meet the needs of the learner, and provides the purposes and types of literacy assessments that when used appropriately will guide instructional decisions.

Grades 4-5 Word Study: Phonics, Spelling, and Vocabulary Instruction is designed specifically for grades 4-5 educators. This training focuses on a systematic, engaging approach aimed at exploring the sound, pattern, and meaning relationships among words. At this stage many of the words are related and derive from the same Greek or Latin root. Students are guided towards making discoveries about how words work and generalizing their understandings in order to read, spell, and write more efficiently.

Grades 4-5 Reading Instruction is designed specifically for grades 4-5 educators. This training focuses on research-based reading instruction for whole group and small group to move students to independence. At their grade level, students must engage in close, analytic reading. Therefore, an emphasis in this professional development has been placed on implementing close reading

instruction. This includes strategies needed for comprehending and responding to complex texts across multiple genres, and of sufficient complexity in both whole group and small group instruction. These strategies will continue to lead students along the path to becoming college and career ready.

Informative/Explanatory Writing (K-2) is designed specifically for grades 2-3 educators. This training focuses on three types of writing: argument, informational/explanatory, and narrative. Informative/explanatory writing conveys information accurately to increase a reader's knowledge of a subject, to help readers better understand a procedure or process, or to provide readers with an enhanced comprehension of a concept.

Informative/Explanatory Writing (3-5) is designed specifically for grades 3-5 educators. This training focuses on three types of writing: argument, informational/explanatory, and narrative. Informational/explanatory writing conveys information accurately. This professional development opportunity provides grade-appropriate learning strategies to enable students to write informative/explanatory text to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content from texts.

Short and Sustained Research (K-5) is designed specifically for grades K-5 educators. This training emphasizes students' engagement in both short and extended research in order to gain deeper understanding about topics they are investigating. Students will synthesize information from a number of sources and present the information in a variety of formats.

Vocabulary (K-3) is designed specifically for grades K-3 educators. This training stresses the acquisition of rich and flexible word knowledge. Vocabulary instruction should provide students with instruction about the connections and patterns in language, including word parts, word origins, and word relationships. Research suggests that if students are to truly know a word, they will need multiple exposures across contexts and make connections to their own experiences.

Reading Recovery® is a short-term intervention of one-to-one tutoring for low-achieving first graders. Reading Recovery® professional development begins with an academic year of graduate-level study and continues in subsequent years through continuing contact with the Reading Recovery teacher leader. With the support of the teacher leader, Reading Recovery teachers develop observational skills and a repertoire of intervention procedures tailored to meet the individual needs of at-risk students. The specially trained Reading Recovery teachers provide students with a half-hour lesson each school day for 12 to 20 weeks. As soon as students can meet grade-level expectations and demonstrate that they can continue to work independently in the classroom, their lessons are discontinued, and new students begin individual instruction.

Text Dependent Questions (6-12) The CCSS emphasize student's ability to ask and answer text-dependent questions. Incorporating high-quality text-dependent questions into instruction is a critical step for educators and their students in the shift toward reading, writing, listening and speaking grounded in textual evidence. The information contained in this module is important for ELA/Literacy instructors, as well as social studies and science teachers. Text-dependent questions should always guide students back to the text to gain deeper understanding of what the text says and how the text conveys its message.

Text Complexity (6-12) One of the key requirements of the CCSS for Reading is that all students must be able to read and comprehend texts of steadily increasing complexity as they progress through school (Appendix A, p. 2). This professional development opportunity focuses on a three-part model that combines qualitative and quantitative measures of text complexity with reader and task considerations. Teachers need to use their professional judgment as they draw on information from all three sources when determining the complexity of a text.

Argumentative Writing (6-8 & 9-12) The CCSS document places particular emphasis on student's ability to write sound arguments on substantive topics and issues, as this ability is critical to college and career readiness. This professional development opportunity addresses strategies the writer uses to craft a convincing logical argument to change the reader's point of view, to bring about some action on the reader's part, or to ask the reader to accept the writer's explanation or evaluation of a concept, issue, or problem.

Short and Sustained Research (6-12) The CCSS document emphasises student's engagement in both short and sustained extended research in order to gain deeper understanding about the topics they are investigating. Students will synthesize information from a number of sources and present the information in a variety of formats. When appropriate, students are encouraged to use technology to present findings.

Close Reading (6-12) The CCSS document states that students must acquire the habits of reading independently and closely, which are essential to their future success. Close reading is fundamental for interpreting text. "Reading closely" means developing a deep understanding and a precise interpretation of a text that is based first and foremost on the words themselves. However, a close reading does not stop there; it embraces larger themes and ideas evoked and/or implied by the passage itself. This professional development opportunity provides strategies that will enable participants to design instruction that promotes close reading behaviors.

Implementing a Comprehensive Literacy Framework-Overview of a Comprehensive Literacy Framework and Literacy Assessment System (Module 1) (6-8) Designed specifically for grade 6-8 educators, this module identifies the critical components of a comprehensive literacy system, focuses on the unique instructional needs of the learner as related to literacy acquisition, explores setting the context for learning through instructional approaches that meet the needs of the learner, and provides the purposes and types of literacy assessments that, when used appropriately, will guide instructional decisions.

Implementing a Comprehensive Literacy Framework- Word Study: Orthography, Morphology, and Vocabulary Instruction (Module 2) (6-8) Designed specifically for Grades 6-8 ELA educators, this module focuses on a systematic, engaging approach aimed at developing learners' understandings of how words work and developing vocabulary knowledge through speaking, reading, and writing. Students are guided towards making discoveries about word relationships and generalizing their understandings in order to read, spell, and write more efficiently.

Implementing a Comprehensive Literacy Framework- Reading and Writing Informational Text (Module 3) (6-8) Designed specifically for Grades 6-8 ELA educators, this module contains reading and writing strategies to assist ELA teachers with helping students to access informational texts and develop informative writing. Participants will use the inquiry method to make connections between the texts they are reading and purposes for writing. The two-day module will provide teachers with a model lesson to use with students.

Disciplinary Literacy in Science (4-5 & 6-8) Designed for science teachers, this professional development opportunity focuses on evidence-based strategies and techniques to support building discipline-specific reading, writing, and research skills in the science classroom. Participants will 1) examine the effectiveness of literacy strategies and techniques in a science classroom, 2) establish connections among NGSS, CCSS, and TESS, and 3) create instructional plans that include literacy techniques that support student learning of science.

Disciplinary Literacy in Social Studies/History: “What’s the Story, and Who or What’s Responsible?” (5-12) Historical thinking skills drive this professional development. Designed for social studies/history teachers, this professional learning opportunity offers a model of and practice for teaching historical thinking skills through inquiry-based lessons. Inquiries based on the revised ADE curriculum frameworks and C3 Framework are examined as participants analyze primary and secondary sources. Participants interact with the Inquiry Design Model (IDM) which is aligned to the U.S. History Since 1890 course; historical thinking skills, analysis of primary and secondary sources are applicable to all grades.

Literacy Design Collaborative (LDC) offers a fresh approach to incorporating literacy into the middle and high school content areas. During the year-long training, teachers learn to design and teach three modules (each lasting 2-4 weeks) that embed language arts and research-based teaching strategies into their content area. The goals of LDC are to engage students in reading, comprehending, analyzing, interpreting, and responding to complex texts, to align assignments to the CCSS and to promote collaboration, to aid teachers in personalizing the learning so that every student can master the CCSS, and to ensure that all students can be college and career ready.

MAJOR HIGHLIGHTS OF THE YEAR:

Supported schools in the crafting and teaching of LDC modules through training at the co-op and on-site visits to schools;

- Supported first-year high school English teacher through model teaching;
- Supported “focus” school by delivering targeted professional development to meet the needs of high school and elementary teachers;
- Supported “focus” school in implementing teaching strategies through on-site visits;
- Provided on-site support for a school transitioning to block scheduling;
- Developed an LDC Module and taught and it to 7th graders in a “focus” school;
- Provided on-site school support for implementing RTI;

- Supported Instructional Facilitators through monthly meetings, providing updates on topics such as ACT/Aspire updates, Dyslexia trainings, available interim assessment programs, etc.;
- Supported schools in using technology to meet the CCSS; research-based best practices, and formative and summative assessments;
- Supported individual beginning teachers in lesson planning, teaching strategies, and classroom management;
- Supported certified Reading Recovery/Literacy Interventionist through on site-visits;
- Supported schools by offering Reading Recovery training through face-to-face and distant learning (zoom.us technology);
- Supported schools by providing school-based decision making training and other information to district dyslexia contacts (3 days throughout year).

PROGRAM: K-12 Math Specialist

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Corning, Green Co. Tech, Hillcrest, Hoxie, Jackson Co., Lawrence Co., Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan Hendrix, Westside Cons.

PERSONNEL:

Jim McMullen Math Specialist MSE

GOAL: To promote and support effective, research-based mathematics practices for all students by providing professional learning opportunities and technical assistance to teachers, math coaches, curriculum specialists, administrators, school improvement team members, instructional assistants, mathematics interventionists, parents, SPED, and Title 1 math teachers in the area of standards-based mathematics curricula, instruction, and assessment.

PROGRAM SUMMARY: Northeast Arkansas Education Service Cooperative, in partnership with the Arkansas Department of Education, administers the Mathematics Program for grades K-12, established by ACT 1392 of 1999 for the improvement of mathematics instruction throughout Arkansas. Assistance is provided to schools through professional learning programs, demonstration lessons, teacher observations, technical assistance, and teacher/administrator conferences in order to improve the teaching and learning of mathematics through increased content understanding and improved instructional strategies across the curriculum.

Professional learning opportunities offered in 2015-2016 include:

- CGI Year 1 Days 1-7
- CGI Year 2 Days 1-6
- CGI Year 3 Days 1-7
- ECM Year 1 Days 1-7
- Mathematics Design Collaborative Training Days 1-6
- Model Drawing Strategies PD
- High School Unit Building Session
- Proof and Proving in High School Geometry PD
- Integer Concepts PD
- Activities for the Algebra Classroom PD
- Activities for the Advanced Math Classroom PD
- 6 MDC Site Visits to 1 NEA School
- TESS Law and Process Training
- Using the TI-84+ Family of Calculators
- Technical Visits to 5 of our Schools

PROGRAM: Media Center

FUNDING SOURCE: Northeast Arkansas Cooperative Districts

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Corning, Green Co. Tech, Hillcrest, Hoxie, Jackson Co., Lawrence Co., Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan Hendrix, Westside Cons.

PERSONNEL:

Angelia Carlton	Teacher Center Coordinator	MSE
Kim Bounds	Media Director	AA

GOAL:

Our goal is to further the education of all students in each member school district by providing, through an effective delivery system, a broad base of educational materials, as requested by teachers, administrators and staff.

PROGRAM SUMMARY:

The Co-Op Media Center is a resource library made up of 6800 items. Our on-line catalog is readily available to educators; patrons can order on-line or call and request items. Media deliveries are made three days, every other week, during the school year. We deliver to 50 buildings of 15 school districts and 2 private schools, plus 2 local colleges upon request. Besides videos of different subject areas, there are also science kits, human torso and body-part models, math materials, special education materials, staff development videos and curriculum, 39 CPR manikins, six Baby-Think-It-Over dolls, numerous anti-drug-and-tobacco education items, professional film-making and editing equipment, a Louisiana Purchase kit and a 1950's history trunk available for check-out and use in the classroom. Deliveries made by the Media Center greatly decrease postage costs for the departments within the Co-op, as well as for various educational and state agencies.

MAJOR HIGHLIGHTS OF THE YEAR:

- Copied 12 Distance Learning workshops
- Copied 243 home videos for customers
- Delivered 1,987 Media items were to participating member schools
- Delivered 13,631 items from Make-N-Take
- Delivered 9,156 items from additional education sources
- Attended the fall and spring librarians' meeting, assisting with information and scheduling
- Coordinated the purchase of book repair materials, saving member schools which participated in the order, over \$220
- Partnered with the state Attorney General's office, Harding University and Arkansas State University, among others, in the delivery of educational materials to students and educators

PROGRAM: MSP Integrated Mathematics/Science Grades 3 – 5

FUNDING SOURCE: Arkansas Department of Education - COMPETITIVE GRANT

RESTRICTED X **NON-RESTRICTED**

PARTICIPATING DISTRICTS:

Corning, Greene County Tech, Hillcrest, Hoxie, Jackson County, Lawrence County, Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Sloan-Hendrix, Westside, St.Paul, Crowley's Ridge Academy

PERSONNEL:

Name	Position	Degree
Angelia M. Carlton	Project Director	MSE
Dr. Allen Henderson	Instructor	Ph.D
Dr. Keith Schram	Instructor	Ph.D
Dr. Ron Smith	Instructor	Ph.D

GOAL:

Forty-one (41) 3rd-5th grade math and science teachers in the 13 Northeast Arkansas member school districts and two private schools will deepen their content knowledge of Arkansas Mathematics Common Core Standards and Next Generation Science Standards, using integrated lessons, technology tools, and project learning activities into their classroom instruction over a three-year period.

PROGRAM SUMMARY:

The Northeast Education Service Cooperative, Harding University and fourteen public and two private high-need school districts have established an MSP third, fourth and fifth Grade Integrated Mathematics/Science Initiative. This three-year project (2013-2016) has been designed to address the classroom teachers' needs to teach both math and science in a manner that motivates young children and meets the Arkansas Common Core Standards and the new Next Generation Science Standards.

Forty-one third, fourth, and fifth grade math and science teachers in the Northeast Arkansas member school districts will deepen their content knowledge of Arkansas Mathematics Common Core Standards and Next Generation Science Standards, using integrated lessons, technology tools and project learning activities into their classroom instruction over a three year period.

MAJOR HIGHLIGHTS OF THE YEAR:

The training of 41 participants in both whole group and grade-level groups in the integration of Common Core State Math and Next Generation Science progressions to help participants have a greater understanding of both sets of standards and of the content for their classroom teaching. The long-term objective of this project will result in the development of interactive, technology-based, hands-on and project learning lesson plans and lessons which can be integratively taught at the third, fourth, and fifth grade levels.

PROGRAM: MSP K-4 Science Initiative

FUNDING SOURCE: Arkansas Department of Education - COMPETITIVE GRANT

RESTRICTED X **NON-RESTRICTED**

PARTICIPATING DISTRICTS:

Corning, Greene County Tech, Hillcrest, Hoxie, Jackson County, Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan-Hendrix, Westside Consolidated, St.Paul, Crowley's Ridge Academy

PERSONNEL:

Name	Position	Degree
Angelia M. Carlton	Project Director	MSE
Dr. Allen Henderson	Instructor	Ph.D
Dr. James Johnson	Instructor	Ph.D
Heather Hollandsworth	Instructor	M.S.E

GOAL:

Forty-four (44) K-4th grade science teachers in the 14 Northeast Arkansas member school districts and two private schools will deepen their content knowledge of Arkansas K-4 Science Standards, using integrated lessons, technology tools, and project learning activities into their classroom instruction over a three-year period.

PROGRAM SUMMARY:

The Northeast Education Service Cooperative, Harding University and thirteen public and two private high-need school districts have established an MSP K-4 Science Initiative. This three-year project (2015-2018) has been designed to address the classroom teachers' needs to implement and teach the new three dimensional science standards using science phenomena in their instruction.

Forty-four K-4th grade science teachers in the Northeast Arkansas member school districts will deepen their content knowledge of science to apply the cross cutting concepts, using integrated lessons, technology tools and project learning activities into their classroom instruction over a three year period.

MAJOR HIGHLIGHTS OF THE YEAR:

The training of 44 participants in both whole group and grade-level groups will engage in phenomena-based performance to help participants have a greater understanding of standards and of the content for their classroom teaching. The long-term objective of this project will result in the development of phenomena-based lessons, that use the three dimensions of the standards, which can be taught at the K-4 levels.

PROGRAM: Novice Teacher Mentoring Program

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes____ No **X**

RESTRICTED FUNDING **X** **NONRESTRICTED FUNDING** _____

PARTICIPATING DISTRICTS:

PERSONNEL:

Angelia Carlton Teacher Center Coordinator, MSE

PROGRAM SUMMARY:

ADE transitioned from Arkansas Induction Mentoring Model (AIMM) to the Novice Teacher Mentoring Program and all trainers were provided an update training.

The Novice Teacher Mentoring Program is designed to provide a novice teacher the support, assistance, and encouragement of a site-based, trained mentor in order for the novice teacher to learn the skills he or she needs to become an effective, knowledgeable teacher. District project directors were encouraged to share the mentor/novice teacher update video with previously trained mentors and novice teachers. The ADE provided electronic resources such as: the Mentor Notebook, Mentor/Novice Teacher Update Video and the Project Director Update Training Video in lieu of face to face trainings. New mentors were trained in the updated Novice Teacher Mentoring Program. Northeast Arkansas Education Cooperative provided 3 sessions in the Novice Teacher Mentor Program.

GOALS:

- Become familiar with the Framework for Teaching (FfT) and the relationship between Novice Teacher Mentoring Program and TESS (Teacher Effectiveness Support System)
- Use the Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process

The cooperative provided districts ongoing support as needed.

PROGRAM: School Psychology Specialist

FUNDING SOURCE: Local School Districts

COMPETITIVE GRANT: Yes ___ No X

RESTRICTED X **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Marmaduke, Lawrence County School District, Jackson County School District, Hillcrest, Maynard, Piggott, Rector, Corning

PERSONNEL:

Ashley Bateman, School Psychology Specialist, Ed.S.
Lori Pruitt, School Psychology Specialist, Ed.S.

GOAL:

The goal of the School Psychology Specialist is to help children and youth succeed academically, socially, and emotionally. To collaborate with educators, parents, and other professionals in order to create safe, healthy, and supportive learning environments for all students that strengthen connections between home and school.

PROGRAM SUMMARY:

The School Psychology Specialist works with students individually and in groups, helps develop programs to train teachers and parents about effective teaching and learning strategies, techniques to manage behavior at home and in the classroom, work with students with disabilities or with special talents, and helps with preventing and managing crisis. In addition, the School Psychology Specialist can perform the following services: assessment, consultation, intervention, and prevention.

MAJOR HIGHLIGHTS OF THE YEAR:

Total Evaluations - 255
Special Education Conferences Attended – 100
Trainings:
Special Education Issues
Evaluation Procedures

PROGRAM: School Health Services

FUNDING SOURCE: Arkansas Master Tobacco Settlement

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Corning, Green Co. Tech, Hillcrest, Hoxie, Jackson Co., Lawrence Co., Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan Hendrix, Westside Cons.

PERSONNEL:

Karen Davis, Community Health Nurse Specialist, RN

GOAL:

To provide area schools with assistance and resources that will improve student health.

PROGRAM SUMMARY:

Provide technical assistance to area schools to: Adopt tobacco-free policies and implement best practices for tobacco prevention and cessation. Adopt policies promoting and implementing best practices for nutrition, physical activity, Coordinated School Health and emerging public health issues. Establish school wellness committees and fulfill state and federal mandates. Provide Education and Training to certify schools nurses to conduct mandated health screenings. Provide school nurses with professional continued education related to school health. Inform schools and communities of school health resources, available trainings and grant opportunities. Identify and evaluate training needs of school personnel and provide school health trainings to school personnel and community members.

Major Highlights of the Year:

- 22 School Flu and Tdap Clinics,
- 2 CPR Instructors class for 8 new instructors,
- CPR and First Aide classes to school districts
- Health Ed Programs including Tobacco Prevention and Cessation Programs
 - 10 school district
 - Daycares
 - Communities
- PD and CEU education for school nurses and staff.

PROGRAM: K – 12 Science Specialist

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS: Corning, Jackson Co., Paragould, Sloan Hendrix, Greene Co. Tech, Lawrence Co., Piggott, Hillcrest, Marmaduke, Pocahontas, Hoxie, Maynard, Rector, Westside Consolidated

PERSONNEL: Saundra Lamberson, Science Specialist, BS Zoology, BSE Secondary Science, MS Library Media

GOAL: The goal of the Science Specialist is to provide ongoing support for adult learning in best practices. This support includes raising awareness of new standards and frameworks and providing implementation tools and techniques to achieve success.

PROGRAM SUMMARY: The office of the Science Specialist supports schools, teachers, and administrators by providing quality professional learning opportunities, and ongoing site based support in instruction, leadership, and best practices. Instructional support such as Literacy Design Collaborative, The Framework for K-12 Science Education, technology implementation strategies, and lesson planning were introduced onsite, while incorporating Common Core State Standards and supporting the Teacher Excellence Support System. Awareness of the Arkansas K-12 Science Standards was increased through onsite as well as delivery of implementation strategies given at the specialist's site. State mandated science PD implemented during the summer of 2015, was delivered at Paragould Primary and Middle Schools, during the school year, with over fourteen days of school site instruction. A K-12 Science Cadre group comprised of over 25 participants was formed to ensure a clear understanding of shifts and expectations of the new science standards. This Cadre group met three times within the school year and each meeting was followed up with onsite observations for implementation of the new shifts. Common Core State Standards implementation is being supported with Literacy Design Collaborative, a module/unit designing program implemented within two of our school districts this school year. CCSS implementation was also supported with almost twenty days spent at Maynard High School observing implementation of instructional strategies. Science content was addressed through the Picture Perfect Science series that is directed toward K-6 students while addressing Literacy Standards, Science Standards, science inquiry, and the 5-E Model of instruction. Professional learning opportunities for science focused on planning for and transitioning to the new Arkansas K-12 Science Standards. Each of these programs (LDC, and Picture Book Science) allows collaboration with peers within a district, but from various subjects and grade levels. The new science standards will be also addressed with regional conference style professional development sessions that will provide participants the opportunity to attend grade level instruction and modeling. These sessions will address K-4, 5-8, and 9-12 implementation of the new standards.

MAJOR HIGHLIGHTS OF THE YEAR:

- Arkansas K-12 Science Standards
- Literacy Design Collaborative
- CCSS Implementation

- TESS
- ACT Aspire Assessment/Technology/Rigor
- High Yield/Instructional Strategies
- Lesson Planning/Classroom Management
- Picture Perfect Science
- K-12 Science Frameworks
- Science Fair
- RTI
- BloomBoard
- Science Notebooking

PROGRAM: Special Education

FUNDING SOURCE: State and Local School Districts

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Corning, Hillcrest, Lawrence Co., Piggott, and Sloan Hendrix,

PERSONNEL:

Name	Position	Degree
Nedra Nichols	LEA Special Education Supervisor	Masters (plus)

GOAL:

The goal of the special education supervisor is to provide assistance to member districts in implementing state and federal requirements assuring that students with disabilities receive a free, appropriate education in the least restrictive environment.

PROGRAM SUMMARY:

The LEA Special Education Supervisor provides services to district administrators which include: budget preparation, amendments and reports, development of new programs, assistance with technical issues in ""due process"", interagency resource advertisement, and preparation for Arkansas Department of Education monitoring and in-service programs. The Special Education Supervisor provides technical assistance necessary to ensure compliance for Free Appropriate Public Education for the disabled, conducts workshops, provides in-service programs, and provides consultant services to assist special education teachers in achieving and maintaining the highest standards.

MAJOR HIGHLIGHTS OF THE YEAR:

- Special Education Due Process/Monitoring (3 Self-Monitoring's this year: Corning, Piggott and Lawrence County)
- Paraprofessional Training (Provide the required components to all co-op districts)
- Budget Assistance with Bookkeepers: State/Local, Federal VI-B, Medicaid and ARMAC
- Reading and Checking Due Process Folders
- Secondary Transition Training
- Annual Review Due Process Issues
- Avoid Litigation in Special Education
- Transition Training
- Cycle Assistance with Records with District and Trainings
- Standards Based IEPs Training
- Tier I Training

- Ethics Training
- ACT Aspire Training
- Special Education New Due Process Forms Training
- Suicide Awareness and Prevention Training
- Special Education Law and Survival

PROGRAM: Teacher Center (Make-N-Take)

FUNDING SOURCE: General Co-op

COMPETITIVE GRANT: Yes ___ No X

RESTRICTED ___ **NON-RESTRICTED** X

PARTICIPATING DISTRICTS:

Corning, Greene Co., Hillcrest, Hoxie, Jackson Co., Lawrence Co., Marmaduke, Maynard, Piggott, Pocahontas, Paragould, Rector, Sloan Hendrix, Westside Consolidated, Community and Colleges, Early Childhood, Daycares

PERSONNEL:

Linda Baker, Creative Materials Specialist, 2 yrs. College
Kim Bounds, part time assistant, AA

GOAL:

Our goal is to assist teachers in whatever they need by providing materials and offering support to help create an esthetic classroom environment as well as manipulatives to support curriculum implementation.

PROGRAM SUMMARY:

The N.E.A. Co-op Teacher Center (M.N.T.) provides teachers a unique service that affords hands-on training in producing teaching aids to help meet the individual student's needs. The center also helps by having materials readily available for teachers when they are needed. Additionally, individuals, groups, and clubs from surrounding communities have been served. Visitors from surrounding states have visited the center as well.

MAJOR HIGHLIGHTS OF THE YEAR:

*The Teacher Center has served just over 3000 users this year

*During the 2015-2016 year, Linda Baker represented the NEA Education Cooperative Make-N-Take by presenting a shading workshop at the Arkansas Home Visiting Network State Conference in Little Rock in August and the Arkansas Early Childhood Association State Conference in Hot Springs in October. Workshops were also provided in-house for the HIPPY program, home-school students, and ASU and Williams Baptist College Intro to Teaching classes.

PROGRAM: Teacher Center - Professional Development; Curriculum Development Assistance; Resources

FUNDING SOURCE: Base

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED ___ **NON-RESTRICTED** **X**

PARTICIPATING DISTRICTS:

Corning, Green County Tech, Hillcrest, Hoxie, Jackson County, Lawrence County, Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan-Hendrix, Westside Consolidated

PERSONNEL:

Angelia Carlton	Teacher Center Coordinator	MSE – Curriculum & Instruction, Administration
Mary Horton	Clerical, ESCWorks	ESCWorks authorized user

GOAL:

To align professional development services with district and school needs to build capacity of all adult learners in order to provide a world class education system which graduates students who are college and career ready. To provide adult learners with content knowledge and research-based instructional strategies to assist students in meeting rigorous academic standards and prepare adult learners to use various types of assessment results appropriately. Another goal is to improve the learning of all students by providing resources to support adult learning and collaboration. To provide curriculum development assistance as schools transition from frameworks to Arkansas Standards. To support school improvement initiatives generated by the ADE and enhance program integration through effective communication and technical support.

PROGRAM SUMMARY:

PD opportunities target the focus areas as outlined by the ADE, and PD sessions are offered to meet the requirements of law regarding the required 60 hours of PD, as well as meeting the needs of schools based upon needs assessment survey results, SAI data, and CWT data from the 14 districts served. The Teacher Center Coordinator has the primary responsibility for reviewing, along with the Teacher Center Committee, the data sets and ACSIP documents from the districts in planning PD to meet the major needs of the districts

MAJOR HIGHLIGHTS OF THE YEAR:

- *Common Core PD Opportunities
 - *Leader Excellence and Development System (LEADS)
 - *Teacher Day with Featured Speakers
 - Manny Scott – How to R.E.A.C.H. Youth Today
 - Dave Opalewski – Answering the Cry for Help
 - *Teacher Excellence Support System (TESS) Trainings
 - *Principal Sessions with support for TESS Assessment
 - *Summer Leadership Institutes
 - *School Board Member Training
 - *ACT-ASPIRE Opportunities
 - *Reengineering Education in The Classroom training
- A separate PD activities report is included.

PROGRAM: Technology Coordinator

FUNDING SOURCE: 2362 (Technology Coordinator)

COMPETITIVE GRANT: Yes X No

RESTRICTED X **NON-RESTRICTED**

PARTICIPATING DISTRICTS:

Corning, Greene County Tech, Hillcrest, Hoxie, Jackson County, Lawrence County, Marmaduke, Maynard, Paragould, Piggott, Pocahontas, Rector, Sloan-Hendrix, Westside Consolidated (Craighead County)

PERSONNEL:

Bruce Watson, Technology Coordinator, Computer Science (BS)

GOAL:

To participate in meetings, workshops and seminars for the purpose of conveying and/or gathering information pertinent to NEAEC member school districts; acting, in part, as a liaison between member districts and the Arkansas Department of Education.

- To assist the member districts in implementation of network systems in their districts and assist them in linking with the Arkansas Public Schools Computer Network (APSCN).
- To assist NEAEC and districts in the evaluation of needs, planning and purchasing of equipment.
- To assist NEAEC administrators in creating and interpreting surveys as a part of their needs assessment process.
- To develop and maintain Listservs for our Co-op area and state entities.
- To support all technology grants acquired by NEAEC.
- To support NEAEC school districts in the process and implementation of the ACT & ACT Aspire Online Assessments.
- To promote Next Generation Learning by providing training and assistance to area educators in support of state initiatives.
- To support NEAEC school districts' blended and online classrooms in the areas of connectivity and pedagogies.

PROGRAM SUMMARY:

The competitive grant funded Technology Center Program is designed to promote the coordination of technology services to local school districts and provide relevant technology professional development for area educators and Northeast Arkansas Education Cooperative staff.

MAJOR HIGHLIGHTS OF THE YEAR:

- Assisted member school districts in the over-all process and implementation of the ACT & ACT Aspire Assessments, as well as, supported and evaluated Local Area Network (LAN) and device readiness unique to the ACT & ACT Aspire Assessments, and provided ACT Aspire Infrastructure Trial training for District Testing Coordinators and Counselors in preparation of the ACT Aspire Assessment.
- Provided ACT Aspire workdays for District Testing Coordinators and testing support staff in an effort to ensure district readiness for the ACT & ACT Aspire assessments.
- Inaugurated new dynamic NEAEC website: <http://nea.k12.ar.us>

PROGRAM: Digital Learning – Virtual Arkansas, Team Digital, Arkansas Connect2Digital

FUNDING SOURCE: ADE Grant – Act

COMPETITIVE GRANT: Yes_____ No__X__

RESTRICTED: X **NONRESTRICTED** ____

PARTICIPATING DISTRICTS: State wide

PERSONNEL:

Cathi Swan, Superintendent –State Coordinator of Digital Learning, BSE, MSE
Mike Lar, Virtual Arkansas Director of Operations, BS, MBA, ED.D, ABD
Junior Stormes, Director of Technology, BS
John Ashworth, Virtual Arkansas Director of Academics, BSE, MSE
Lisa Russell, Team Digital Member, BSE
Gerard Newsom, Team Digital Member, BA
Rachel Schell, Team Digital Member, BS, MS
Ashley Pruitt, State Coordinator Administrative Assistant, BA
Alex Munn, Central Office Administrative Assistant, BA

GOAL:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

PROGRAM SUMMARY:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013. www.virtualarkansas.org

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online

teaching and learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital:

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- Held first ever workshop in the state for Teachers and Administrators on Blended Learning and Remix strategies.
- Implemented a technical assistant/will-call application to help participating schools solve issues within 24 hours.
- Presented at TICAL on the Future of Blended Learning
- Held statewide school consultations on the planning and implementation of Blended Learning
- Trained over a 100 High School counselor's around the state on Virtual Arkansas' registration process
- Attended the 2015 INACOL conference on Blended Online Learning
- Completed an Educational Cooperative Promotional Video
- Successfully implemented team visits to Virtual Arkansas' participating schools
- Named resource affiliate for ADE on school waiver process
- Completed a Virtual Arkansas Marketing/Promotional video for the Essentials of Computer Science and Computer Programing
- Presented at the 3rd Annual Data Conference

Northeast Arkansas Education Cooperative

DATE: June 1, 2016

Special Projects....

Program Name: CGI – Cognitively Guided Instruction
Competitive Grant Yes ☐ No ☒

Goals and Description:

Cognitively Guided Instruction (CGI) is a teacher professional development program that has teachers exploring a framework for how elementary school children learn concepts of number operations and early algebra. This knowledge is used to drive instruction. Years two and three of training builds upon the previous year's training—resulting in a true, long term sustained professional development program. What teachers learn in a CGI institute enhances how they implement any curriculum or resource materials into their daily classroom instruction.

Program Name: Enhancing Education Through Technology Grant (TIE)

Competitive Grant Yes ☒ No ☐

Goals and Description: There are currently approximately 100 TIE Cadre members impacting over 70 districts across the state. Cadre The focus of cadre training is to support technology integration in curriculum. Training includes a focus on Common Core Standards, unit planning and tools teachers can use. Cadre members then share this knowledge in trainings offered at the co-ops. They have conducted over 450 workshops across the state on 78 different technology modules. The trainings have impacted over 5,000 teachers and administrators

Program Name: EtherScope

Competitive Grant Yes ☐ No ☒

Goals and Description: In an effort to assist schools in preparation for online Common Core State Standards testing in 2014-15, ADE awarded a grant to the Co-ops for the purchase of EtherScopes. There were eight EtherScopes purchased and each cooperative area partners with a “sister” cooperative to share an EtherScope. Our cooperative is to “sister” with Crowley's Ridge Cooperative. Our goal is to evaluate all of the schools in our cooperative to see if their networks are capable of connecting 1 to 1 computer to student for the CCSS testing. When we visit each school, we save reports from the EtherScope for evaluation purposes and inform the school technology coordinator of the findings.

Program Name: Arkansas Leadership Excellence and Development System (LEADS)

Competitive Grant Yes ☐ No ☒

Goals and Description: The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being piloted). Trainings for the LEADS program throughout the 2015-2016 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of Bloomboard for evaluation and artifacts, and other support, as needed in individual cooperatives.

Program Name: Teacher Excellence Support System (TESS)

Competitive Grant Yes ☐ No ☒

Goals and Description: Goals and Description: The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hours Laws and Process training. The Arkansas Department of Education provided training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. Arkansas Department of Education in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2015-16 school year.

Program Name: ACT Aspire

Competitive Grant Yes - ____ No - X

Goals and Description:

Northeast Arkansas Education Cooperative technology coordinators and staff have provided support to district testing and technology personnel as preparations were made for the initial implementation of ACT Aspire in the spring of 2016. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, cooperative technology coordinators provided ongoing assistance through emails and phone conversations as problems and questions arose in districts.

The Northeast Arkansas Education Cooperative also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

Assistant Director/TC Coordinator

Northwest Arkansas Education Service Cooperative
4 North Double Springs Road
Farmington, AR 72730
(479) 267-7450 FAX (479) 267-7456

TO: Arkansas Educators

FROM: Charles J. Cudney Ed.D., Director

SUBJECT: 2015-2016 Annual Evaluation Report

The Northwest Arkansas Education Service Cooperative continued progressive growth through 2015-2016. Under the leadership of Director Charles Cudney and Assistant Director/Teacher Center Coordinator Marcia Sanders, Northwest Arkansas Education Service Cooperative offered programs that the co-op has always provided while adjusting some of those programs to meet the ever changing needs of the 16 school districts we serve. NWAESC will continue to evolve and grow programs that are necessary to provide quality services to our school districts in an ever-changing environment. We have begun the daunting task of delivering support for the implementation of the Arkansas Curriculum Frameworks, ACT Aspire, and providing leadership in growing Career and Technical (CTE) in Northwest Arkansas and beyond. Our Board members are actively involved in their service to the cooperative and have provided a very sound shared vision.

The 2015-2016 annual report prepared by the staff of Northwest Arkansas Education Service Cooperative reflects information on the programs and grants conducted through the co-op for our 16 school districts and collaborative partners. The Northwest Arkansas Education Service Cooperative has 56 employees total, 9 of these employees are housed in schools or preschools, and we run 4 state programs. The Arkansas Department of Education Base Funding to the co-op is \$408,618.00 and the total budget is approximately \$4,931,344.00

One of the main purposes of the co-op is to be effective and efficient in the administration of programs for the schools. As a result, our 16 school districts, or a portion of these school districts, often share joint programs. Listed below are examples of these shared programs:

- | | |
|------------------------------------|-------------------------------|
| *APSCN Field Support | *Medicaid billing services |
| *Distance Learning Education | *School Health Nurse Services |
| *Early Childhood Special Education | *Technology Support Services |
| *Gifted and Talented Education | *ESVI Services |
| *Science Support Services | |
| *Teacher Center services | |

- *Career and Technical Education
- *Literacy Support Services
- *Math Support Services
- *Professional Development

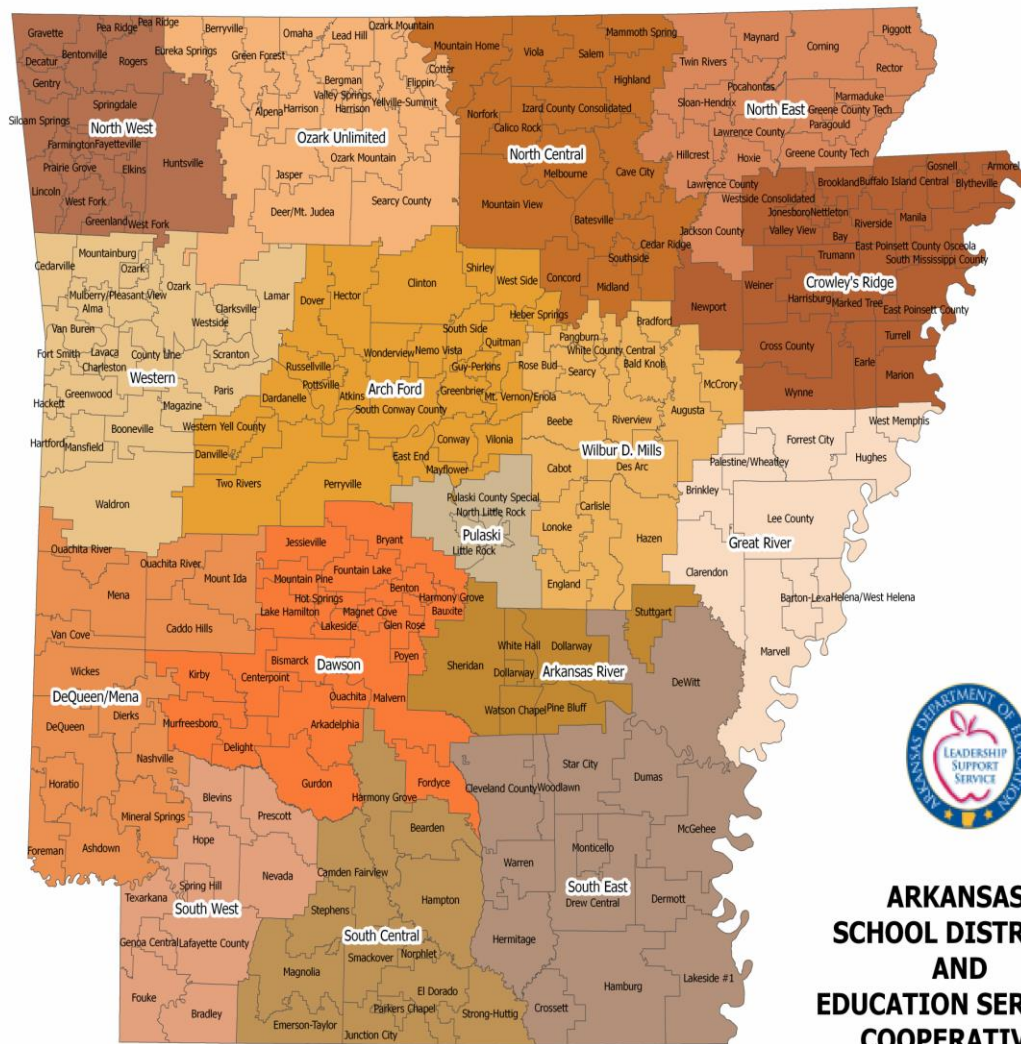

The co-ops of Arkansas have served as the implementation support agents for new state initiatives by providing extensive professional development and capacity building necessary to implement the undertaking of our state to improve student achievement. We plan to continue to effectively provide support for the Arkansas State Standards and the new teacher evaluation system as we move forward in a new era of teaching and learning. The mission of Northwest Arkansas Education Service Cooperative is to support and serve our school districts as they strive to provide a high quality education. Our staff looks forward to the challenges of the upcoming year.

“Serving the Schools, Serving the Children”

Northwest Arkansas Education Services Cooperative

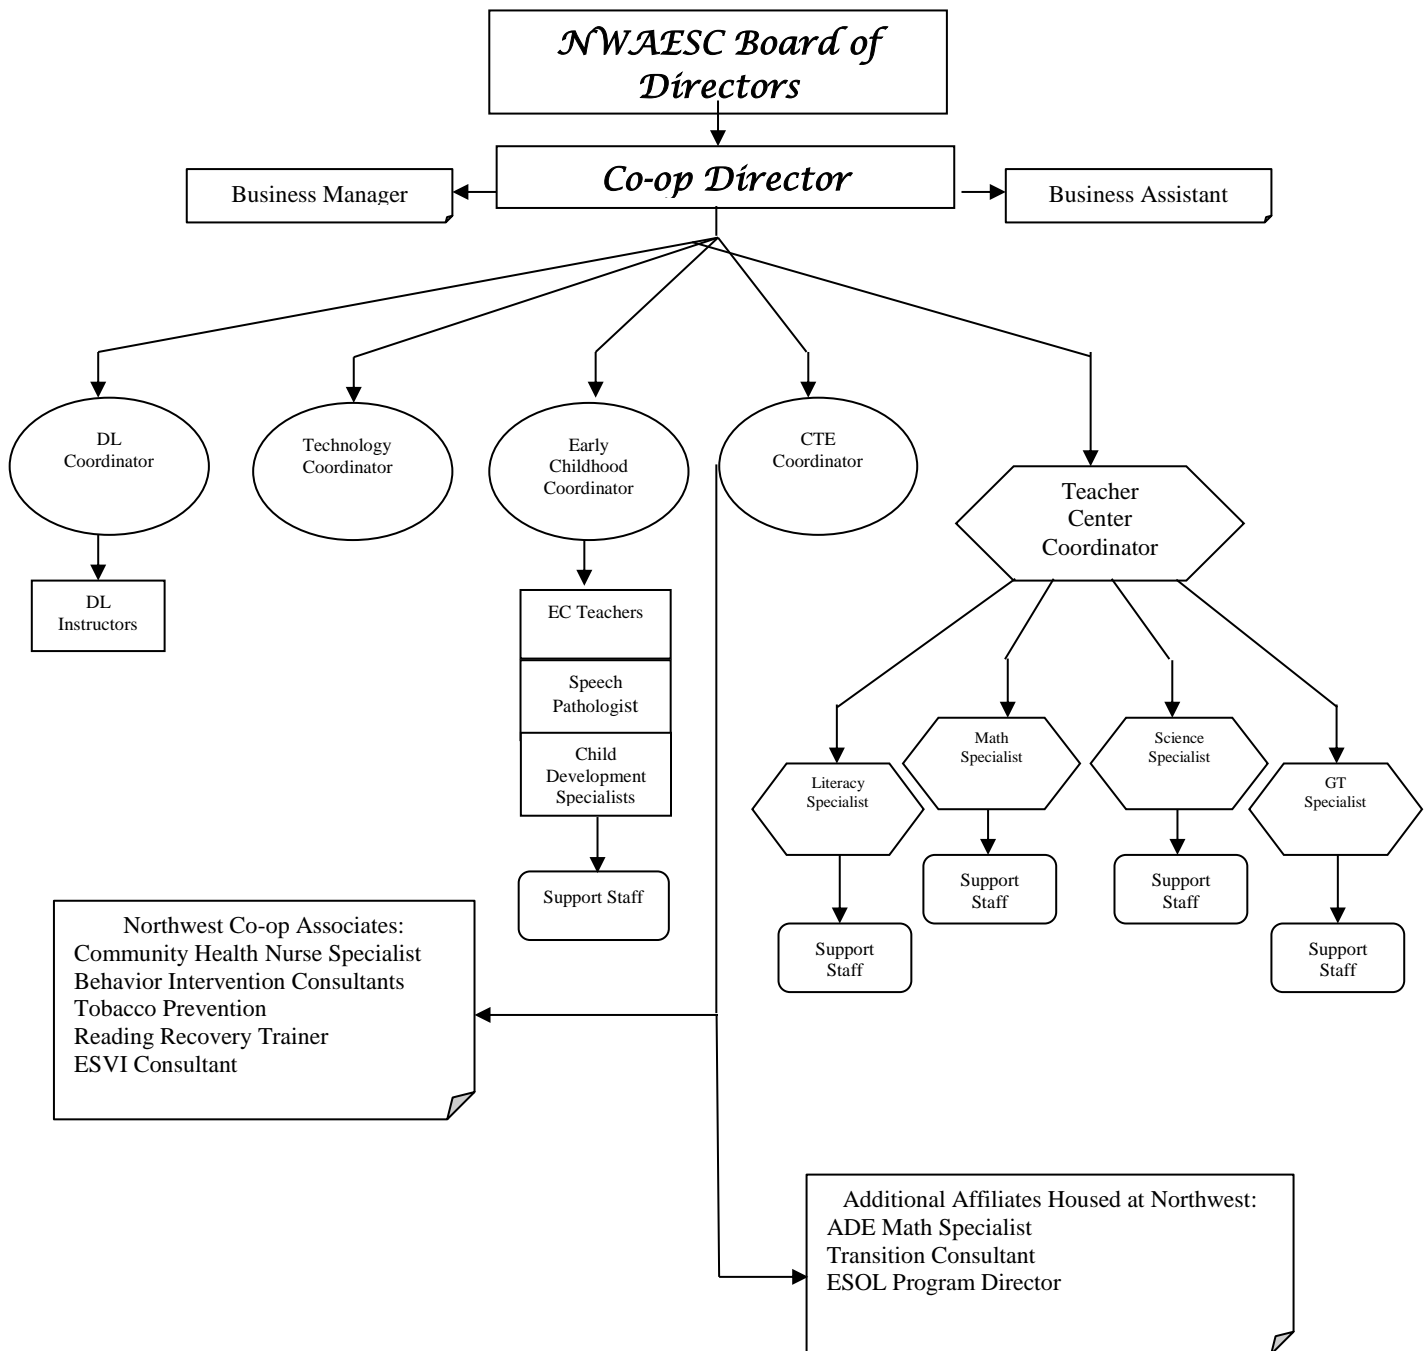

Mission Statement

The mission of the Northwest Arkansas Education Service Cooperative is to promote high expectations for positive leadership in order to effect desired change for educators and students in this region. We further seek to foster public and private sector educational partnerships as we seek to continuously enhance and expand the quality of programs and services for the schools we serve.

Northwest Arkansas Education Cooperative proudly serves Benton, Washington, and Madison Counties.

Northwest ESC Organizational Chart

Northwest Education Service Cooperative

Public School Districts served in Northwest Arkansas Education Service Cooperative:

Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, and West Fork

Charter Schools served in Northwest Arkansas Education Service Cooperative:

Arkansas Arts Academy, Haas Hall, Northwest Arkansas Classical Academy, and Ozark Montessori

I. GOVERNANCE:

A. How is the co-op governed? Board of Directors

How many members on the Board? 16

How many times did the Board meet? 11

When is the regular meeting? First Thursday of each month, unless other arrangements are made.

Date of current year's annual meeting: Thursday, June 2, 2016

B. Does the co-op have a Teacher Center Committee? YES X NO __

If yes, then:

How many are on the Teacher Center Committee? 17

How many members are teachers? 11

How many times did the Teacher Center Committee meet? 3

When is the regular meeting? As scheduled (three times per year)

C. When was the most recent survey/needs assessment conducted? January 2016

D. Have written policies been filed with the Arkansas Department of Education?

Yes X No _____

II. STAFFING

Please list (or attach a list of) all staff members of the co-op (including those housed at the co-op and paid through other sources), their titles and the salary funding sources for the positions. Place an asterisk (*) beside those who are housed at the co-op only and whose salary does not flow through the co-op's budget.

III. TEACHER CENTER

Please attach a list of all in-service training/staff development workshops offered through the co-op, including month offered, topic, number of districts participating, number of participants and location of workshops. Place an asterisk (*) beside those which provided curriculum assistance. Include a cumulative total of participants. See attached form.

A. Does the co-op provide media services to schools? YES [X] NO []

If yes, then:

Approximate the number of titles in media center: 72

Does the co-op provide delivery to the districts? YES [] NO [X]

How many districts participate in the media program? 16

How many titles (including duplicate counts) were provided to schools during this current year? 2

Do districts contribute dollars to the media services? YES [] NO [X]

If yes, then:

How are media / technology charges per district determined (formal or per ADM)? N/A

Please describe:

Does the co-op operate a "make-and-take" center for teachers? YES [X] NO []

If yes, then:

How many teacher visits have been made to the center? 125 (Count all teachers who have visited the center, using duplicate counts for teachers who have visited the center more than once.

IV. ADMINISTRATIVE SERVICES

Please check administrative services offered through the co-op:

- ☐ Cooperative purchasing
- ☐ Planning assistance
- ☒ Special education services
- ☒ Gifted and talented assistance
- ☐ Grant writing assistance
- ☐ Personnel application
- ☒ Evaluation procedures
- ☐ Migrant student Identification
- ☒ Bookkeeping assistance
- ☒ Technology training
- ☒ Curriculum alignment
- ☐ Business Management training
- ☐ Computer technician
- ☐ C.P.E.P. administration
- ☒ E-Rate applications
- ☒ Assessment data analysis
- ☒ Instructional facilitator training
- ☒ Math coaches training
- ☐ TARGET interim assessments
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and local board members

- ☐ Other (please specify)
- ☐ _____

V. DIRECT SERVICES TO STUDENTS

Please check the student services provided through the co-op:

- ☒ Student assessment program
- ☒ Itinerant teachers – please list areas: Early Childhood
- ☒ Occupational therapy and physical therapy
- ☐ Computer-assisted instruction
- ☒ Mentor programs: Novice Teacher Mentoring System
- ☒ Gifted/talented programs: 16 participating districts
- ☐ Video instruction
- ☒ Speech therapist
- ☒ Low incidence handicapped
- ☒ Other (Please specify):
Early Childhood Special Education 3-5 years of age,
Behavioral Intervention Consultants, Nursing Services

VI. ANECDOTAL REPORTS

The Northwest Arkansas Education Service Cooperative (NWAESC) continued the work to support regional schools in a plethora of ways, including implementation of State Standards, preparation for ACT Aspire assessments, support for TESS and LEADS implementation, alignment of K12 schools with higher education and with business and industry needs, etc. Toward that end, workshops were held at the Co-op as well as onsite in the district. Additionally, some other highlights are listed below:

- NWAESC math and literacy specialists continued their work with the Math and Literacy Design Collaboratives to support regional participating high schools as they endeavored to improve instruction to better align with state standards and assessments. This work, which began with two pilot buildings in 2011-12, continued with four more buildings and approximately 75 more

teachers in 2012-2013, continued to expand in 2013-2014 with the addition of fourteen buildings from eight districts and a total of 147 teachers. In 2014-2015, Elkins and Lincoln joined the Collaborative, as did the Career and Technical division in the Rogers District. While no new buildings were added in the 2015-2016 school year, specialists continued to support the work that was begun previously.

- A K-5 program that was begun in 2013-2014 math called Analyzing Content, Connections, and Progressions Project continued into Year Three during the 2015-2016 school year. This 8-day program found approximately 65 K-5 teachers continuing to meet monthly, joined at times by their building principals, to dig more deeply into the math content of the Common Core State Standards to better understand the progression of learning for kindergarten through fifth grade students. This year the focus was on developing pacing guidance documents and common assessment items to guide teachers in understanding how their students were progressing toward the understanding of the math standards.
- NWAESC, in collaboration with the Education Renewal Zone, continued the P-20 Partnership with two- and four-year colleges, NTI, and other post-secondary institutions to improve the vertical alignment between K-12 education and postsecondary. While working with the ERZ to further study the preparation needed for students to successfully transition from one level of education to the next, the group also continued its examination of how well prepared preservice candidates are for the classroom.
- In connection with the P-20 Partnership hosted its first “E.Y.E. to the Future: Education, Youth, and the Economy” one-day conference in June, 2014 with the purpose of developing a working partnership with area Chambers of Commerce, business and industry. Attendance exceeded expectations and evaluations were positive, as educators and community leaders met in small groups to examine various pathways students might choose as a career path. The 2015 event was held at Rogers Heritage High School, with increased participation from the Business Community.
- To continue the support for administrators with TESS and LEADS, various sessions were held throughout the year that included coaching sessions with Jim Johnson, workshops for new and experienced teachers to better develop their understanding of the Danielson Framework and TESS rubric.
- NWAESC hosted their third Career and Technical Education Advisory Committee meeting on March 15th – 16th. Because of the increase in size, the event was moved from the NWAESC campus to that of the Northwest AR Community College in Rogers. Educators and business leaders from the region joined students and state CTE leaders to discuss the challenges high school students face as they prepare to enter the job market, whether it be after high school or after a postsecondary education.
- NWAESC’s Technology Coordinator continued to work with each of the sixteen districts plus the area’s three charter schools, to ensure that their buildings were technologically prepared for the first ACT Aspire administration.
- Because of the number of second language learners in the region, ADE now houses the English for Speakers of Other Languages (ESOL) Program Director position at NWAESC. This move has

greatly benefitted the educators not only in the NWAESC region, but also neighboring schools – which house nearly 3/4s of the state’s English learners.

- Through a grant from area business leaders, NWAESC coordinated the visits of superintendents and other school leaders to four world class career centers around the country. All 16 districts participated in these visits which included the following schools:
 - Francis Tuttle Career Center – Oklahoma City, OK
 - Center for Advanced Research and Technology (CART) – Clovis, CA
 - Kent Career Tech Center – Grand Rapids, MI
 - Aviation High School – Long Island City, NY

The purpose of these visits was to identify specific components that were critical to the success and longevity of these four institutions and to identify the program indicators essential to the success of such programs. A report concerning these visits and the resulting information gleaned was made to the State Board of Education at their regularly scheduled Board Meeting on Friday, May 13th.

- A Literacy Council was formed in late spring that will be useful in guiding the literacy development of students in this region. The Council has identified three goals for the 2016-2017 school year:
 1. Set suggested regional expectations for DIBELS cut scores and Benchmarks for Guided Reading levels.
 2. Create a possible Training for Elementary Principals for K-1 Phonics
 3. Collaborative Effort to Embed Structured Literacy Videos to build teacher knowledge
- NWAESC has formed partnerships with area business organizations to further the work of career development in the region. Below are some examples of these partnerships.
 1. NWAESC leadership meets monthly with the Springdale Chamber of Commerce’s workforce education committee and assisted them with their Workforce Summit in November 2015. A member of the Chamber’s Workforce Committee also visited the Tuttle Vocational Center with the NWAESC group in December 2015.
 2. NWAESC works with the Bentonville/Bella Vista Chamber of Commerce to promote their “BIZ+ED” program each year. This provides an opportunity for small businesses in the region to submit challenges they are facing and these challenges are shared with area high school student teams. The teams are trained in the Lean Canvas model of problem solving, given a specified amount of time to apply the LC model to their assigned issue before returning to present their solution to the group. A winning team is announced and they are awarded both cash and an internship with the company whose problem they solved.
 3. NWAESC works with the Rogers-Lowell Chamber of Commerce to promote their K2J visits in the fall and spring to local businesses. This provides area administrators, counselors, and CTE teachers the opportunity to both visit a local industry or business to learn more about job opportunities contained within these companies and to work in small groups with local business leaders to identify challenges and possible solutions faced by business when hiring.

4. NWAESC works regularly with the NWA Council to support the growth of CTE in the region and to help schools understand the workforce needs of our region so that they may better align their programs to the jobs that are available in NWA.
- In July 2015, NWAESC hosted Solution Tree's PLC Institute at Har-Ber High School in Springdale. This event, attended by over 1,050 educators from not only NWA, but also other parts of the state and nation, provided area educators the opportunity to learn from multiple national leaders in the area of Professional Learning Communities. The event, led by Drs. Richard and Rebecca DuFour, was held over three days.

VII. EMPLOYMENT POLICIES AND PRACTICES

Act 610 of 1999 requires that each educational service cooperative report the following information:

EMPLOYED

Number of new males employed by the cooperative for the 2015-2016 school year: 0

For this number above, please provide the number in each of the following racial classifications:

White 0

African American 0

Hispanic 0

Asian 0

American Indian/Alaskan Native 0

Number of new females employed by the cooperative for the 2015-2016 school year: 14

For this number above, please provide the number in each of the following racial classifications:

White 14

African American 0

Hispanic 0

Asian 0

American Indian/Alaskan Native 0

TERMINATED

Number of males terminated by the cooperative during the 2015-2016 school year: 0

For this number above, please provide the number in each of the following racial classifications:

White 0

African American 0

Hispanic 0

Asian 0

American Indian/Alaskan Native 0

Number of females terminated by the cooperative during the 2015-2016 school year: 11

For this number above, please provide the number in each of the following racial classifications:

White 11
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

SEEKING EMPLOYMENT

Number of males seeking employment by the cooperative during the 2015-2016 school year: 1
For this number above, please provide the number in each of the following racial classifications:

White 1
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

Number of females seeking employment by the cooperative during the 2015-2016 school year: 48
For this number above, please provide the number in each of the following racial classifications:

White 48
African American 0
Hispanic 0
Asian 0
American Indian/Alaskan Native 0

Northwest Arkansas Education Cooperative 2015-2016

Program Summaries...

PROGRAM: Teacher Center

FUNDING SOURCE: Base

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X NON-RESTRICTED ___**

PARTICIPATING DISTRICTS:

Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Marcia Sanders	Assistant Director/Teacher Center Coordinator	M.S.Ed.
Lisa Chavis	Teacher Center Administrative Assistant	N/A

GOAL:

To provide teachers, administrators, and support staff with professional growth opportunities in order to expand knowledge, enhance skills, and develop new strategies and techniques is the major focus. Professional Development and the Teacher Learning Center are the primary responsibilities of this program.

PROGRAM SUMMARY:

Professional Development is offered through the Co-op as a means of continually educating and updating educators, including administrators. Offerings are based on the expressed needs from districts, through the Teacher Center Committee, advisory committees (e.g., Principals' Forums, Federal Program and Curriculum Coordinators meetings, etc.), the Board of Directors, administrators, and teachers, as well as state initiatives/mandates.

These opportunities included, but were not limited to, trainings such as

- Math – Mathematics Design Collaborative, CGI (Cognitively Guided Instruction), ECM (Extending Children's Mathematics), Developing and Integrating Spatial Mathematics and Engineering Design, Data Modeling, Math Science Partnership grant-related trainings, on-site visits to schools to provide targeted assistance, etc. Analyzing Content, Connections, and Progressions Project (ACCAPP) continued its third year to strengthen the mathematical understanding of K-5 teachers.
- Literacy –Workshops were held at both the co-op and in the districts on requested topics e.g., close reading, complex texts, argumentative writing, etc. Specialists made site visits to schools to provide targeted assistance in the areas of reading and writing, dyslexia awareness, etc.
- Science – both pure science workshops and literacy in the content area trainings for science teachers, lesson writing, examination of Arkansas Science Standards. The trainings included onsite and, even, overnight excursions led by specialists in various fields of science.

- Other content areas were addressed through workshops/trainings and onsite visits: Social Studies, Arkansas History, Career and Technical Education, Health and Wellness, etc.
- Art, Music, Drama – Since 1991, NWAESC has partnered with the Walton Art Center and the Kennedy Center of the Performing Arts to provide quality arts integrated education in this area. Two three-day sessions were held during Summer 2015
 - AR Teacher Institute was conducted by Kennedy Center Performing Artist Randy Barron
 - Arts With Education Institute (AWE) - which was led by Kennedy Center Performing Artist Sean Layne.

All sixteen districts were provided a Professional Development Report three times during the year. This report lists the training titles, dates, hours, etc. as well as the names of the educators who attended in order to provide necessary documentation for licensure requirements.

The Northwest Arkansas Education Service Cooperative and the Arkansas Department of Education continue to work together to support districts in the state initiatives and mandates, particularly those related to the adoption and implementation of new state standards, the ACT Aspire state-mandated assessment system, Teacher Excellence Support System (TESS) and Leader Excellence And Development System (LEADS). These initiatives continue to be the driving forces for increasing student achievement. All NWAESC districts have been involved in the various professional development opportunities provided at the local and state levels. With the support from the Arkansas legislature, the Arkansas Department of Education, other education cooperatives, and the local districts, K-12 educators now have the resources to align their curriculum to the Arkansas content frameworks (in disciplines where appropriate), and to increase student achievement to meet these standards. The NWAESC works with the ADE School Improvement Specialists to address schools' professional development needs as reflected in their ACSIP (Arkansas Comprehensive School Improvement Plan), as needed.

The Teacher Learning Center (TLC) is a make/take room provided for teachers' usage that offers a wide range of equipment and materials at a very minimal cost. The availability of laminators, opaque projectors, lettering, and poster machines, cutters with over 600 dies, as well as construction paper, poster board, and transparencies make it easier for teachers to create lasting, colorful visual aids for the classroom. Additional resources include: badge makers, book binders, poster maker and various resource books. Training on the use of equipment and assistance with appropriate learning materials for classroom use is readily available. The TLC may be used by member districts' staff as well as other private, public, and home-schooling educators.

PROGRAM: NWAESC Early Childhood

FUNDING SOURCE: Federal, State, and Local

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X NON-RESTRICTED ___**

PARTICIPATING DISTRICTS:

Bentonville, Decatur, Gentry, Gravette, Rogers, Siloam Springs, Pea Ridge, Elkins, Farmington, Fayetteville, Greenland, Lincoln, Prairie Grove, Springdale, West Fork, Huntsville

PERSONNEL:

Leah Alagood	Child Development Specialist	Bachelor's degree
Katelyn Brown	Speech Language Pathologist	Master's degree
Julia Busch	Child Development Specialist	Master's degree
Patti Cornwell	Child Development Specialist	Bachelor's degree
Jennifer D'Angelo	Speech Language Pathologist	Master's degree
Shem Estes	Child Development Specialist	Bachelor's degree
Wendy Florick	Speech Language Pathologist	Master's degree
Dee Ann Gambert	Speech Language Pathologist	Master's degree
Darlene Graf	Child Development Specialist	Master's degree
Stephanie Grey	Speech Language Pathologist	Master's degree
Jill Holloway	Child Development Specialist	Master's degree
Bobbie Jo Jensen	Speech Language Pathologist	Master's degree
Kara Johnson	Speech Language Pathologist	Master's degree
Cindy Komarek	Child Development Specialist	Master's degree
Matt LeBeau	Speech Language Pathologist	Master's degree
Marla Matthews	Child Development Specialist	Master's degree
Mary Catherine Moery	Speech Language Pathologist	Master's degree
Colleen Mick	Early Childhood Special Education Coordinator	Master's degree
Julie Minkel	Preschool Behavior Intervention Consultant	Master's degree
Carol Onstott	Child Development Diagnostician	Bachelor's degree
Michael Ann Ramer	Speech Language Pathologist	Master's degree
Tina Rieger	Child Development Specialist	Master's degree
Lynn Schumacher	Speech Language Pathologist	Master's degree
Rebecca Vockroth	Speech Language Pathologist	Master's degree
Mitzi Yates	Child Development Specialist	Bachelor's degree

Early Childhood Non-Certified Staff:

Lindsey Estes	Paraprofessional
Lisa McLaren	Paraprofessional
Mandee Parsons	Paraprofessional

Kathy Whorton
Cheri Edgar

Secretary/Medicaid Billing
Secretary

Contracted Services (as needed):

Physical Therapy
Occupational Therapy
Language Interpreters
Audiological Evaluations
Vision Assessments
Psychological Evaluations

GOAL:

To provide free appropriate public education to children with special needs ages three through five.

PROGRAM SUMMARY:

The Early Childhood Special Education Program provides developmentally appropriate services through an Individual Education Program for children with disabilities ages three through five. These services are mandated under the Individuals with Disabilities Education Act 1997 (IDEA) and provided by the Early Childhood Program on behalf of the 15 school districts in the Co-op area.

Services provided include screening, evaluation, preschool instruction, speech/language therapy, physical/occupational therapy, counseling, and other services as needed at no cost to the family. Services are provided in a variety of settings, including preschool and Head Start classrooms, a self-contained classroom, private homes, and central locations such as churches, libraries, youth centers, community buildings, and school facilities. The staff works on an itinerant basis traveling to all 16 school districts to provide service to preschool children in the most appropriate environment.

A child may be eligible for special services if he/she is experiencing difficulties which may interfere with normal development in speech/language, vision, hearing, motor skills, behavioral/social skills, self-help skills, or cognition/readiness skills. The majority of children have speech and language disorders, any of which can be remedied much more efficiently at these early ages and provide the child with the ability to enter kindergarten with no deficit. Research shows that this is beneficial to social development as well as development of reading skills. Children with more severe disabilities are also treated. These disabilities include autism, hearing impairment, cerebral palsy, cleft palate, general developmental delays, traumatic brain injury, personal/social/behavioral disorders, and attention deficit disorder. Children with these disorders are much better prepared for entering kindergarten after receiving Early Childhood services. Their parents are initiated into the special education services gradually and caringly. State and national research shows that dollars spent on early intervention are saved in later public education costs.

MAJOR HIGHLIGHTS OF THE YEAR:

- Served over 600 children with Individualized Education Plans
- Received over 1200 screening requests

- Provided training for community preschool programs
- Provided consultative services to improved general education programs for all students
- Provided parent training

PROGRAM: ADE/APSCN Financial Management Systems Field Analyst

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No X

RESTRICTED ___ **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Arkansas Arts Academy, Bentonville, Boston Mountain Coop, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Haas Hall – Fayetteville, Haas Hall – Bentonville, Huntsville, Lincoln, NW Coop, Ozark Montessori, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Pam Cruce APSCN Financial Field Analyst

GOAL:

To provide end-user support to district financial users of the Arkansas Public School Computer Network Financial Management System, convert schools to new APSCN FMS software, and help with meeting Federal and State reporting requirements.

PROGRAM SUMMARY:

The APSCN Financial Field Analyst provides services to districts within Arkansas that utilize the Arkansas Public School Computer Network Financial Management System software. APSCN FMS software is used primarily to process and record financial transactions. The Pentamotion financial management systems applications provided by APSCN include the following integrated modules: Fund Accounting, Human Resources, Fixed Assets, Budget Preparation, Personnel Budgeting, Purchasing and Warehouse. The APSCN Financial Field Analyst provides technical and accounting assistance for all of the modules. The Analyst also provides technical and practical assistance for Monthly Reporting, Financial Report Cycles. Various trainings offered throughout the year include, but are not limited to, changes to Federal and State reporting requirements, training and support new school financial personnel, Financial Cycle Reporting, Fiscal Year End, and Calendar Year End. And converting schools to new APSCN FMS software.

PROGRAM: APSCN

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X NON-RESTRICTED ___**

PARTICIPATING DISTRICTS:

Arkansas Arts Academy, Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Haas Hall, Huntsville, Lincoln, Northwest Arkansas Classical Academy, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork, Northwest Co-op, Berryville, Eureka Springs, Ozark Montessori, and Green Forrest

PERSONNEL:

Aaron Hughes APSCN SMS Field Analyst Bachelors in Physical Education, Psychology.
(*Proficient in computer operations, applications, and an expert user of computer productivity software, such as Microsoft Word, Excel, Access, and PowerPoint, eSchoolPlus, and TAC/HAC.*)

GOAL:

To provide end-user support to district student users of the SMS statewide student management system, Cognos reports, and meeting statewide guidelines.

PROGRAM SUMMARY:

The Student Applications Field Analyst provides services to districts within Arkansas that utilize the SMS Statewide Student Management System Software. The software is used to store district, school, and student data. Student Management Systems Applications is computer software used primarily to process and maintain student records. The SunGuard Pentamation Student Management Systems Applications, provided by APSCN, includes: Demographics, Attendance, Scheduling, Report Cards, Discipline, and Medical. With the use of nine cycles yearly, districts electronically submit data to the ADE.

The Student Field Analyst provides districts with consulting and training workshops through meetings at the Cooperative, school visits, and communicating closely by e-mail and telephone. Various trainings offered throughout the year include, but are not limited to, SMS Required Fields for State Reporting, New Personnel, Cognos Report Writing, Next Year Scheduling, and Year End Rollover. The Student Applications Field Analyst is also responsible for training Northwest Arkansas School Districts in APSCN eSchool Scheduling Module, training school districts on entering Data regarding student demographics, updating the Table, Room, and Teacher Catalog, Verified Data in Modules and/or Configuration, as well as, training Northwest Arkansas School Districts on using and troubleshooting computer application programs supported by APSCN, such as eSchoolPlus and IBM Cognos business tools for building reports.

The Field Analyst provides technical assistance to public school districts personnel regarding software applications, including but not limited to, the eSchoolPlus Student Management Software Systems, instructions on the process and procedures for pulling, and entering, state reported data for loading into the statewide data warehouse, and teaches others to use the Cognos business tools to create ad-hoc reports from data stored in the statewide data warehouse.

The Analyst researches, and resolves, problems and issues for district users of the online Teacher Access Center and Home Access Center (TAC/HAC). It creates, edits, and reviews training and procedural documentation and presentations. In addition, it provides computer training workshops on APSCN software applications to Northwest Arkansas School Districts.

MAJOR HIGHLIGHTS OF THE YEAR:

Implementation/training of the eSchool Software to Phase 4 and Phase 5 districts

85 Total Training Days

- 25 days at Little Rock APSCN
- 20 days at OUR Co-op
- 40 days at Northwest Co-op

PROGRAM: Technology

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Sam Karnatz Technology Coordinator

GOAL:

The goal of the Technology Program is to provide technology information and support throughout our member district area. The Technology Coordinator administers and supports the computer network, 2 computer training labs, 3 Device Carts, and over 140 PC's, Servers, and other devices at the coop. It is a further goal of the Technology Department to provide training and support for member district staff and internal NWAESC staff. Since the state of Arkansas announced its participation in the PARCC testing for common core the NWAESC TC has supported the rollout of testing initiatives and will continue to support districts in the 2016-17 school year with Common Core State Standards (CCSS) and the ACT Aspire online assessment.

PROGRAM SUMMARY:

The Technology Coordinator is a resource for districts to utilize as needed. The Technology Coordinator supplies pertinent information on new technologies, statewide initiatives, and training opportunities. Support for the NWAESC LAN including file server administration, desktop support and staff development training for Co-op staff is provided. Duties also include supporting the Co-op website. Another primary role of the Technology Coordinator is to support the hundreds of workshops held at the cooperative during the year. This includes supporting workshop presenters, loading specific software required for workshops, providing necessary hardware for participants, and resolving technical issues as they arise.

MAJOR HIGHLIGHTS OF THE YEAR:

- Brought in numerous vendors including: CXTech, Dell, HP, and Apple to support / train member district technology staff on new products and services
- Visited 5 NWAESC districts as part of the preparation for ACT Aspire testing
- Upgraded Server version from Server 2008 to Server 2012R2 and installed new Server Rack
- Attended various Arkansas DIS professional development sessions including: VLAN, SCCM, and State Firewall.

- Visited multiple district campuses to perform Network bandwidth and infrastructure performance with Fluke Networks Etherscope network scan tool
- Participated with state teacher leaders at the annual TIE Cadre conference, the Arkansas Conference of Technology, and ARKSTE.

PROGRAM: Digital Learning/Technology

FUNDING SOURCE: \$36,000 Cooperative Funding

COMPETITIVE GRANT: Yes ___ No x

RESTRICTED X NON-RESTRICTED ___

PARTICIPATING DISTRICTS:

(Gravette, Decatur, Gentry, Siloam Springs, Lincoln, Prairie Grove, Farmington, Greenland, West Fork, Huntsville)

PERSONNEL:

Gordon Smith DL Coordinator Masters

GOAL:

(The goals were created by Act 2325 of 2005: To help alleviate the increasing shortage of qualified teachers, to provide additional course scheduling opportunities, an enriched curriculum and additional course beyond those mandated by Arkansas Standards, and to make available online professional development and instructional resources for all teachers and administrators.)

We are now following the Digital Learning Guidelines, Act 1280. Requiring all students entering the 9th grade during the 2014-015 and all students following to have at least one digital class before graduation. NWAESC is working with the member districts to help them meet the 1280 requirements.

PROGRAM SUMMARY:

2015 - 2016 school year the DL office has worked with 12 schools. The 4 largest districts will receive some assistance this year also. The Northwest Districts are receiving classes from all of the Arkansas providers and making use of the program as it was designed, NWAESC has partnered with APSRC to offer 1400 courses to our districts online.

MAJOR HIGHLIGHTS OF THE YEAR:

- Created, designed and maintained MOODLE projects for Co-op Specialists we have over 400 teachers that are either taking PD or have taken a training
- Created MOODLE for all Co-op Coordinators
- Visited each participating district at least twice the first semester.
- Worked with the committee to streamline the PD scheduling

PROGRAM: Literacy

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Bentonville, Benton County School of the Arts, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Donna Rush	Literacy Specialist	ME/Reading, Education BSE
Tina Storm	Program Secretary	Business Education

GOAL:

The primary goals of the Literacy Specialist are to promote, develop, and support effective literacy instruction for all K-12 students through a combination of professional development and technical support for teachers, administrators, and parents. Assistance with the Arkansas Curriculum Frameworks for English Language Arts is designed to increase student achievement to ensure college and career readiness for all students.

PROGRAM SUMMARY:

Professional Development programs are designed for literacy development in language arts, reading development, and content classrooms. Implementation is achieved with on-site support with classroom teachers, instructional facilitators, and administrators. Special projects and grant programs are also cooperatively conducted with the Arkansas Department of Education, such as:

Literacy Design Collaborative:

Designed to make literacy instruction the foundation of the core subjects, LDC (Literacy Design Collaborative) offers a planning approach in which literacy is a venue for learning content. In LDC, teachers use a systematic framework for developing reading, writing, and thinking skills within various disciplines. The LDC tools embed the Common Core Literacy Standards for ELA/Literacy into content-area instruction. LDC teaching tasks are student assignments that teachers create by using LDC template tasks and filling in their choices of texts to be read, writing to be produced, and content to be addressed. A typical LDC teaching task is designed for students to develop their responses over two to four weeks of classroom time.

Instructional Facilitation K-12

The instructional facilitation program provides ongoing training and assistance to districts with the instructional facilitators. This site-based professional development is based on the research of Stephen Barkley, Jim Knight, and Diane Sweeney.

Strategic Instruction Model (SIM)

The University of Kansas-Center for Research on Learning has developed the Strategic Instruction Model ® to address the learning needs of at-risk adolescent learners. Learning strategies such as word

identification, word mapping, sentence writing proficiency, and paraphrasing are taught explicitly through eight stages of learning. Content enhancement routines are also taught to provide instructional tools that help learners organize and recall information as they work with the Common Core State Standards in their content classrooms.

MAJOR HIGHLIGHTS OF THE YEAR:

- July 2 Professional Development Text Dependent Questions Grades 6-12 14 Participants
- July 22 Professional Development Research for Grades 6-12 12 Participants
- July 28 Professional Development LDC Day 1 6 Participants
- July 29 Professional Development LDC Day 2 6 Participants
- July 30 Professional Development LDC Day 3 6 Participants
- August 11 Professional Development Differentiated Instruction Fayetteville Vantage Point 20 Participants
- August 13 Professional Development Formative Assessment and RTI Greenland 30 Participants
- September 18 Professional Development Capacity Building for Instructional Facilitators 16 Participants
- October 12 Professional Development Instructional Facilitators Huntsville 6 Participants
- October 23 Professional Development Capacity Building for Instructional Facilitators 19 Participants
- October 26, Professional Development SIM Proficiency in Sentence Writing Pea Ridge 35 Participants
- November 2 Professional Development Instructional Facilitators Huntsville 6 Participants
- November 10 and 11 Facilitated the Revision of English Language Arts Standards
- December 11 Professional Development Capacity Building for Instructional Facilitators 27 Participants
- January 12 Professional Development Instructional Facilitators Huntsville 6 Participants
- January 18 Professional Development Understand ACT Aspire Springdale 25 Participants
- January 22 Professional Development Capacity Building for Instructional Facilitators 19 Participants
- February 9 Professional Development Instructional Facilitators Huntsville 6 Participants
- February 26 Professional Development Capacity Building for Instructional Facilitators 25 Participants
- April 1 Professional Development Capacity Building for Instructional Facilitators 15 Participants
- April 21 Professional Development Instructional Facilitators Huntsville 6 Participants

PROGRAM: Literacy

FUNDING SOURCE: ADE Learning Services Division, K-12 Literacy

COMPETITIVE GRANT: Yes ___ No X

RESTRICTED X **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Bentonville, Benton County Arts Academy, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Thomas Blount	Literacy Specialist	M.A. K-12 Literacy/ BA- English and social studies
Tina Storm	Program Secretary	Business Education

GOAL:

The primary goals of the Literacy Specialist are to promote, develop, and support effective literacy instruction and integration with content subjects for all K-12 students through a combination of professional development and technical support for teachers, administrators, and parents. Assistance with the Arkansas State Standards is designed to increase student achievement and performance, which, in turn, should ensure college and career readiness for all students graduating from area high schools.

PROGRAM SUMMARY:

Professional Development programs are designed for literacy development in language arts, reading development, and content classrooms. Implementation is achieved with on-site support with classroom teachers, instructional facilitators, and administrators. Special projects and grant programs are also cooperatively conducted with the Arkansas Department of Education. Specific implementation and support has been provided for the following programs over the past year:

AR History Commission Collaboration

The AR History Commission staff and I have collaborated to provide awareness and use of the Commission's vast library of resources...

Strategic Instruction Model (SIM)

The University of Kansas-Center for Research on Learning has developed the Strategic Instruction Model ® to address the learning needs of at-risk adolescent learners. The AALI, Arkansas Adolescent Learning Institute, is our AR state coordinated SIM clearinghouse, housed at the Mashburn Center at the University of Central Arkansas. Learning strategies such as word identification, word mapping, sentence writing proficiency, and paraphrasing are taught explicitly through eight stages of learning. Content enhancement routines are also taught to provide instructional tools that help learners organize and recall information as they work with the Arkansas State Standards in their content classrooms.

Writing Instruction for the CLASS

In addition to the CLASS professional development, writing instruction to support the AR State Standards is focused on argumentative and informative/explanatory writing. Teachers help students examine the use

of mentor texts and identify the characteristics of the genre. Students experience writing with a wide variety of formats for specific audiences and purposes.

Another writing support that has been made available to several schools is the 6+1 Writing Traits program. Schools that implement the Traits have demonstrated increased writing achievement as evidenced by assessments.

Instructional Facilitation K-12

The instructional facilitation program provides ongoing training and assistance to districts with the instructional facilitators. This site-based professional development is based on the research of Stephen Barkley, Jim Knight, and Diane Sweeney. This professional development program is divided into a two year sequence of topics for study.

School Improvement Support

Literacy specialists are available to assist in the school improvement process. Support could include meeting with the school support team, revision and implementation of the school's ACSIP, data analysis, and other targeted support as necessary.

Literacy Design Collaborative

The Literacy Design Collaborative is a partnership between the ADE, SREB, and the national LDC office to provide AR SS implementation assistance to grades 6-12 content subject teachers. The LDC provides lesson templates and on-site support to help teachers create effective CCSS lessons and to design learning modules that will prepare students for the increased rigor demanded by the CCSS. As more schools apply for the program, I am available to assist the support teams assigned to the various schools.

On-site Support as Requested

Literacy specialists are available upon request to provide on-site professional development, technical assistance, and consultation on a variety of literacy needs and requests.

MAJOR HIGHLIGHTS OF THE YEAR:

- Literacy unit professional development on disciplinary literacy, especially for social studies, has continued to provide workshop resources on research, rigorous reading, and text dependent topics for both narrative and expository texts to be used with our 2016 summer workshops.
- UCA Arkansas Adolescent Literacy Institute sponsored Strategic Instruction Model (SIM) conferences, state updates and professional development. Updates included program evaluation and design considerations to most efficiently and effectively disseminate the resources statewide. This work was also coordinated with the University of Kansas - Center for Research and Learning.
- Facilitated capacity building and sustainability of the SIM strategies encompassed a majority of the on-site contacts with the Bentonville junior high schools. This effort continued with Bentonville (2) staff completing the mentoring phase of the SIM Learning Strategies professional developer certification process. As a mentor, my role is to support and enhance their SIM professional development. The two Bentonville staffs are now preparing to enter the professional developer certification process for the SIM content enhancement routines. They have been active this past

year with staff development and classroom instruction with both the Learning Strategies and the various Content Enhancement Routines... I was able to support their teachers and students by providing job-embedded professional development in 18 classrooms of three junior high schools. Not only was the strategy implementation vastly improved, but the students achieved demonstrable growth as measured on the MAPS assessments.

- The SIM Content Enhancement Routines were also integrated with the Literacy Design Collaborative development of mini-tasks as preparation for module completion and implementation.
- An additional effort was made to support the Pea Ridge Middle School with their implementation of the SIM Learning Strategies for Word Identification, Word Mapping, Paraphrasing, and Sentence Writing Proficiency. Five classrooms received job-embedded professional development/ support on a weekly schedule.
- LDC work with Gravette HS and MS was continued, especially for the Gravette Middle School social studies teachers. Periodic visits to the school sites created a system of support from our team.
- Work with two Rogers middle schools continued into 2016 with an emphasis on vocabulary and writing support for six SPED and ELL classrooms. Student gains were measured by the MAPS assessments in those classrooms.

PROGRAM: Literacy

• 5/17/16	Phonological Awareness K	# of participants 5
• 5/18/16	TOT for Rogers and Bentonville Phonics K-1	# of participants 28
• 5/19/16	TOT for Rogers and Bentonville Word Study 2-4	# of participants 28

MAJOR HIGHLIGHTS OF THE YEAR:

K-5 Literacy Council was formed with representatives from the different school districts in NWA. This council was formed to provide a forum for needs assessment for the professional development needs of the districts in regards to K-5 literacy and provide a forum for collaboration of best practices and expectations in literacy instruction.

- 2016-2017 Focus:
 - Morphology and Whole Group and Small Group Instruction K-5
 - Create videos for support of Phonics/Word Study for all districts
 - Establish regional goals for DIBELS and Guided Reading Levels
 - Create professional development for principals for Phonics/Word Study
- Large number of teachers in our area have been trained in content knowledge and best practices in regards to Phonics and Word Study in grades K-4 for Core Instruction and how to use initial screeners/diagnostic assessments for Tier 1 and Tier 2 instruction
- Technical support has been provided for all area schools as needed in regards to phonics/word study and small group instruction
- TOTs for Phonics and Word Study PDs were provided for all Rogers and Bentonville Instructional Facilitators so they may continue this training in their larger districts
- Co-authored the state's Module 3 for Whole Group and Small Group Reading Grades 4-5

PROGRAM: Effective Literacy (ELF)

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED X__ NON-RESTRICTED __

PARTICIPATING DISTRICTS:

Elkins, Farmington, Gravette, Lincoln

PERSONNEL:

Penny Ezell	Literacy Specialist/Dyslexia Contact	MAT/BSE
Tina Storm	Program Secretary	Business Education

GOAL:

The goal for ELF is to assist schools in meeting Common Core Standards for 2nd – 4th grade students and to develop an effective literacy program that encourages maximum achievement for all students. Through professional development and classroom support, our goal is for ALL students to be proficient readers at their grade level.

PROGRAM SUMMARY:

Effective Literacy for Grades 2-4 is a two-year professional development opportunity offered by the Arkansas Department of Education and the state's education service cooperatives. It is designed to assist teachers in grades 2-4 and K-12 special education in the implementation of a comprehensive literacy program by increasing their knowledge and skills in research-based, developmentally appropriate instructional practices. It focuses on teaching students along a continuum of literacy learning progressions, using an assessment system to inform systematic and explicit instruction, choosing instructional strategies proven to prevent or remediate reading failure, and utilizing evidence-based practices for classroom management.

MAJOR HIGHLIGHTS OF THE YEAR:

The ELF teachers visited a 2nd and 3rd grade classroom to see the comprehensive literacy block in action. Teachers were able to debrief on their observations and discuss ways to implement specific components into their own classrooms. The teachers also had training this year on small group instruction and how to implement small group reading instruction into their own classrooms.

PROGRAM: Dyslexia

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS: Arkansas Arts Academy, Bentonville, Decatur, Elkins, Farmington, Fayetteville, Fort Smith, Gentry, Gravette, Greenland, Haas Hall Academy, Huntsville, Lincoln, Pea Ridge, Ozark Montessori, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Penny Ezell	Literacy Specialist	MAT/ BSE
Tina Storm	Program Secretary	Business Education

GOAL:

The goal of the dyslexia group at the co-op is to provide guidance with the new dyslexia law and provide professional development to the dyslexia contacts from each school district.

PROGRAM SUMMARY:

The dyslexia contacts met monthly focusing on a variety of topics to help raise awareness of dyslexia in our schools, provide guidance on different program options, understand screeners and the different types of Level 1 and Level 2 assessments to best identify students with dyslexia, and create plans to better equip schools to use RTI and discuss where dyslexia fits into the RTI process.

- 8/6/15 Dyslexia Contacts Meeting # of participants 18
 - Focus: Dyslexia Resource Guide and the Law
- 8/26/15 Dyslexia Contacts Meeting # of participants 7
 - Focus: Dyslexia Resource Guide and the Law
- 9/25/15 Dyslexia Contacts Meeting # of participants 24
 - Focus: Level 2 Screeners
- 10/13/15 Dyslexia Contacts Meeting # of participants 19
 - Focus: Level 1 Screeners and Dyslexia Interventions/ Other Interventions used in RTI
- 12/1/15 Dyslexia Contacts Meeting # of participants 16
 - Focus: Dyslexia Interventions being used in NWA
- 1/7/16 Dyslexia Contacts Meeting # of participants 20
 - Focus: Dyslexia and RTI

- 2/22/16 Dyslexia Contacts Meeting # of participants 14
 - Focus: Universal Screeners and Level 1 screeners
- 4/15/16 Dyslexia Contacts Meeting # of participants 12
 - Focus: Debriefing from March State Dyslexia Conference/ Next Year's Planning

Other professional development delivered:

- 8/13/16 Dyslexia Awareness – Gentry Primary
- 2/5/16 Dyslexia Awareness- Haas Hall Academy
- 3/11/16 Dyslexia Awareness- Rogers Secondary Principals
- 5/25/16 Dyslexia Awareness- The New School, Fayetteville

Training Penny Ezell, Dyslexia Contact, received:

- Phonics First Foundations
- Phonics First Structures
- LIPS
- International Dyslexia Association Conference, October 27-31
- Continued Dyslexia Training from Vicki King, ADE
 - December 14-16 and March 28-29

Presented two sessions at the Arkansas Dyslexia Conference in March 7-8, 2016

- Initial and Level 1 Screeners
- Dyslexia: A Student Perspective

MAJOR HIGHLIGHTS OF THE YEAR:

Through these contact meetings, districts now

- Have a better understanding of the law and implications of the law
- Have raised the awareness of dyslexia and how to intervene for these students
- Have a better understanding of how dyslexia fits into the overall RTI process
- Have seen the need for increased, targeted instruction in the core when it comes to phonics/word study
 - All districts in NWA will now have a systematic phonics/word study program for their core in grades K-2 starting in 2016-2017
- Have people trained on how to assess, interpret and use data from the initial, Level 1 and Level 2 screeners
- Have technical support for dyslexia from the dyslexia contact, Penny Ezell
- Know the essential components of a comprehensive dyslexia program
 - All districts have chosen a program or programs to meet the needs of dyslexia students that have been identified with characteristics of dyslexia for their district

PROGRAM: Early Literacy Learning in Arkansas (ELLA)

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X NON-RESTRICTED ___**

PARTICIPATING DISTRICTS:

Elkins, Farmington, Gravette, Greenland, Springdale, West Fork

PERSONNEL:

Deb Boerner	Literacy Specialist	MA/BS
Tina Storm	Program Secretary	Business Education

GOAL:

The goal for ELLA is to assist schools in meeting Common Core State Standards for Kindergarten and 1st grade students and to develop an effective literacy program that encourages maximum achievement for all students. Through professional development and classroom support, our goal is for ALL students to be proficient readers at their grade level.

PROGRAM SUMMARY:

ELLA is a two-year professional development opportunity offered by the Arkansas Department of Education and the Arkansas Education Service Cooperatives. It is designed to assist K-1 teachers and K-12 special education teachers in the implementation of a comprehensive literacy program by increasing their knowledge and skills in the area of research-based, developmentally appropriate instructional practices. It focuses on teaching students along the continuum of literacy learning systems development, using appropriate assessments to inform systematic and explicit instruction and the routines and procedures for classroom management. This professional development opportunity is aligned to the Common Core State Standards and research finding provided by the National Reading Panel Report.

Participants in the program include:

- Elkins 3
- Farmington 12
- Gravette 4
- Greenland 1
- Springdale 2
- West Fork 4

MAJOR HIGHLIGHTS OF THE YEAR:

All participants observed teachers in their grade level to see best practices.

ELLA Classes 2015-2016

11/16/15	K Day 12 SBOT
12/07/15	1 st Grade Day 12 SBOT
4/19 /16	K Day 13
4/29 /16	1 st Grade Day 13

K-1 ICLF 2015-2016

7/21/15-7/22/15	Module 1
7/28/15-7/29/15	Module 2
6/13/16-6/14/16	Module 1

Other Courses Taught:

Informational/Explanatory Writing	7/6/15
Text Dependent Question	7/10/15

PROGRAM: Reading Recovery

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Rogers, Siloam Springs, West Fork, Eureka Springs, Van Buren

PERSONNEL:

Debra Boerner	Reading Recovery Teacher Leader/Literacy Specialist	MA Elementary Education
Tina Storm	Program Secretary	Business Education

GOAL:

The goal of Reading Recovery is to dramatically reduce the number of first-grade students who have extreme difficulty learning to read and write and to reduce the cost of these learners to educational systems.

PROGRAM SUMMARY:

Lesson Format: Individual students receive a half-hour lesson each school day for 12-20 weeks with a specially trained Reading Recovery teacher. These lessons are individually designed to meet the needs of students who need supplementary support to learn to be effective readers and writers. The lessons include reading, letter work, word work (phonics), and writing strategies. As soon as students can meet grade level expectations and demonstrate that they can continue to work independently in the classroom, their lessons are discontinued and new students begin individual instruction.

Research: Since 1984 when Reading Recovery began in North America, data has been collected on Reading Recovery students every year. In 2008-2009, nationally 75% of the students, who have successfully completed the full 12-20 weeks series of lessons and 60% of all students who had any lessons, could read and write within the average range of their class. Follow-up studies indicate that most Reading Recovery students also do well on standardized tests and maintain their gains in later years.

Training: Reading Recovery provides high quality professional development for teachers. Training for Reading Recovery teachers includes two semesters of graduate-level, on –the-job training. This training helps teachers acquire in-depth expertise and that expertise is shared with the students they teach. During this training, demonstration lessons by teachers-in-training are viewed through a one-way glass. These lessons provide opportunities for teachers to observe students’ developing processing behaviors and teacher instructional moves to promote effective problem solving on text. Individual site visits with the Teacher Leader provide individual support for these teachers-in-training. Reading Recovery teachers provide individual instruction for individual students approximately half-day, and the other half-day they may be assigned to classrooms or small-group teaching.

Professional Development: Trained Reading Recovery teachers are provided with continuing professional development through six Continuing Contact sessions each year to ensure they maintain their level of expertise in working with at-risk first-graders. Behind the glass demonstration lessons are incorporated into these continuing contact sessions to further develop teachers' observational skills and extend their expertise in problem solving how to teach at-risk students. The Teacher leader provides individual site visits for each trained teacher every year.

MAJOR HIGHLIGHTS OF THE YEAR:

Continuing Contact Classes provided:

Team II (Rogers)

Team III (Siloam Springs,

Team IV (Van Buren,

Eureka Springs,

West Fork)

August dates are in addition to the six (6) required Continuing Contact Classes

The teachers also submit all data on all students to IDEC (International Data Evaluation Center). I check and submit all data to IDEC. We receive information for our Site Report from IDEC which is written and submitted to the Co-op.

Teaching Children:

*Standard 4.39 Teach four Reading Recovery children daily during the school-year, I worked with the Farmington School District and their students. Although they do not have Reading Recovery in their

district, I was able to work with eight (8) students throughout the year; four at Folsom Elementary and four at Williams Elementary.

Professional Development

*Standard 4.65 Participate in professional development opportunities for Reading Recovery teacher leaders sponsored by the university training center

*Standard 4.68 Participate in an approved RRCNA Reading Recovery conference each year.

*Standard 4.67 Participate in the annual Teacher Leader Institute—I will not be attending the annual Teacher Leader Institute this year (waiver approved)

Reading Recovery Teacher Leader Professional Development Sessions—UALR (via Zoom)

- September 16-17, 2015
- January 13-14, 2016
- April 20-21, 2016

I attended the regional Reading Recovery conference in Little Rock—October 26-27, 2015

PERSONNEL:

Tricia Kerr ESOL Program Director M.Ed. Educational Administration, BSE Elementary Education with Emphases in Spanish, Language Arts and Social Studies

GOAL:

The Arkansas Department of Education (ADE) English Learner (EL) support program is the result of collaboration among the Division of Learning Services' Curriculum and Instruction Unit and the Student Assessment Unit and the Division of Public School Accountability's Federal Programs Unit. This program's goal is to provide resources, support, and leadership to assist schools in their efforts to support ELs in the development of the skills needed to communicate effectively in English both in and out of school.

PROGRAM SUMMARY:

ADE works with schools and educational cooperatives to:

- provide assistance through the Teacher Center Coordinators for professional development of teachers and administrators in the implementation of effective English for Speakers of Other Languages (ESOL) program design and delivery
- assist, upon request, with ACSIP program planning for ELs
- coordinate ESOL professional development training
- convene regional meetings of ESOL personnel to discuss strategies and share resources used to instruct ELs under the Arkansas State Standards
- implement and assess the Arkansas State Board of Education adopted English Language Proficiency Standards
- provide on-site technical assistance addressing ESOL techniques and strategies

MAJOR HIGHLIGHTS OF THE YEAR:

- ESOL Coordinator Meetings continued or began at ESCs (Northwest, OUR, Wilbur D. Mills, Arch Ford, Dawson)
- Revised and released state "ESOL Program Guidance" to assist districts as they design, implement, and evaluate appropriate services for English Learners.
- Provided a 5 part "ESOL Program Guidance Webinar Series" via Zoom which was recorded and posted on ADE's English Learner's Webpage
- Verified ELL Funds for districts reporting English Language Learners
- Collaborated with School Improvement Unit regarding the Statewide Field Test in Indistar including updates for the 2016-17 school year.
- Reviewed district ELL Program Narratives in ACSIP and provided coaching comments as needed
- Presented professional development sessions at AAEE Summer Conference, ADE Data Conference, Arkansas Association of Teacher Educators, AAFC Spring Conference, ARKTESOL
- Designed website for English Learners on ADE's website

- Collaborated with Alan Lytle in the support of ELPA21 and other ELL Assessment issues
- Collaborated with Miguel Hernandez in the support of Title III districts
- Attended the ELL-SCASS trainings in the Fall and Winter
- Participated in the National Common EL Definition Task Force
- Participated on the national ELPA21 Task Management Team for Performance Standard Setting and Data Review as well as on the ELPA21 Screener Task Force
- Proposed and launching an English Language Proficiency (ELP) Standards training of trainers workshops in Summer 2016
- Providing ESOL Coordinator 101 working sessions/trainings at all ESCs in the Summer of 2016

PROGRAM: Science Specialist

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Arkansas Arts Academy, Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Virginia Rhame	Science Specialist	M.Ed.
Stephanie Gutierrez	Program Secretary	

GOAL:

The Northwest Arkansas Education Service Cooperative, in partnership with the Arkansas Department of Education, will work with Arkansas Public School personnel to meet the following goals:

- To align science curricula with science state and national frameworks and Common Core State Standards
- To align science classroom assessment with statewide science exams
- To promote science instructional strategies that use inquiry and laboratory techniques
- To provide professional development and implementation of science training
- To mentor and coach teachers in the classroom
- To provide strategies for integrating science into the literacy block in the elementary classroom
- To increase awareness of current scientific and educational research
- To provide assistance in choosing standards-based science instructional resources
- To integrate 21st century skills, including technology, into science instruction
- To create safe science laboratory environments
- To prepare with districts for the implementation of the new Arkansas K-12 Science Standards.

PROGRAM SUMMARY:

The science program at the Northwest Arkansas Education Service Cooperative is based on the identified teacher needs of the Northwest Arkansas school districts. These include increasing teachers' content knowledge, sharing best practices, disseminating research, locating and developing supplemental teaching resources, assisting with data-driven decision making, and increasing parental involvement. Each opportunity supports the state and national goal of scientific literacy for all students.

The specialist is continuing to build relationships with administrators, teachers and university officials in order to best support science programs throughout the region.

MAJOR HIGHLIGHTS OF THE YEAR:

- Enjoyed a successful summer 2015-summer 2016 providing professional development to area teachers at the co-op.
 - Common professional development themes include implementing science and engineering practices, transitioning to new Arkansas K-12 Science Standards, helping students make-sense of science, teaching for conceptual understanding, preparing for ACT Aspire, and supporting disciplinary literacy.
 - Overall, led twenty-two sessions at the co-op related to science since July 1, 2015 with 376 participants from majority of districts in Northwest Arkansas.
- Worked with multiple school districts prior to school starting and throughout school year to provide personalized professional development related to new Arkansas science standards to teachers at school site to help teachers prepare for new standards and the shifts in curriculum and instruction. Another goal was to also increase effective student participation in science and engineering practices. Participating districts include Bentonville, Decatur, Farmington, Fayetteville, Gravette, Greenland, Huntsville, Prairie Grove, Rogers, Siloam Springs, Springdale, and West Fork.
- Continued the Elementary Science Cadre that began in the previous school year with area science teachers with the purpose of helping students make sense of science. A majority of teachers from districts across Northwest Arkansas regularly submitted student work demonstrating evidence of successful implementation.
- The Science Specialist also served as Co-Chair of Elementary Science Professional Development Committee (2015-2016): Facilitated a group of nine science specialists to create statewide professional development to support elementary teachers in teaching science and helping students make sense of science phenomena by effectively engaging students in science and engineering practices.

Program: Nutrition, Physical Activity and other School Health Issues

Funding Source: ADH **COMPETITIVE GRANT:** Yes__ No X

Restricted Funding: X

PARTICIPATING DISTRICTS: Arkansas Arts Academy, Bentonville, Elkins, Decatur, Farmington, Fayetteville, Gentry, Gravette, Greenland, Haas Hall, Huntsville, Lincoln, Northwest Ark Classical Academy, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork, and some private schools such as Shiloh Christian, St. Vincent De Paul

PERSONNEL:

Ashley LeFevre Community Health Promotion Specialist

GOAL/DESCRIPTION:

This program provides: (job description from ADH)

- Provides technical assistance and guidance to schools for wellness initiatives.
- Provides technical assistance to schools for implementation of best practices for nutrition, physical activity,
- Coordinated School Health, and other public health issues.
- Provides technical assistance to school wellness committees regarding state and federal mandates.
- Provides technical assistance on nutrition and physical activity evidence-based curricula.
- Provides technical assistance to communities regarding school health issues and current public health policy.
- Links resources to schools and community coalitions.
- Maintains current knowledge of research, resources, and best practices related to school health issues.
- Informs schools and communities of available trainings and grant opportunities.
- Addresses training needs related to school health issues and organizes and conducts trainings based on those needs.
- Coordinates and provides trainings to school personnel, DOH colleagues, and community members.
- Maintains regular contact with school personnel within service area.
- Informs schools and communities of available trainings and grant opportunities.
- Serves as an advocate for school and community health needs.
- Serves as a resource for community assessments.
- Establishes communication links with communities to keep them informed of public health policy.
- Compiles and distributes necessary reports and other information.
- Participates in data collection and evaluation of community and school health interventions.
- Serves on committees and work groups.
- Works on special projects.
- Attends, participates in, and distributes updates from regional and state meetings to schools, DOH colleagues, and community members.

- Attends CHAC meetings and reports outcomes to HHI Support Staff and Wellness Committees.

I. MAJOR HIGHLIGHTS OF THE YEAR:

- Professional development provided for school wellness coordinators (and others).
- Trained 86 new school nurses on Arkansas BMI Assessments at the New School Nurse Conference in Little Rock.
- Trained 15 new school nurses in co-op area on BMI.
- Regional ADH staff meetings held at coop – hosted
- Assisted at Western Ark. Co-op, Arch Ford, and O.U.R. Co-op with their annual fall school nurse workshop.
- Provided physical activity education at Siloam Spring Panther Health Fair- 70 vendors over 500 attendees
- Educated over 1,000 students on nutrition using Re-think Your Drink, Food Labels, My Plates, Food Models, and PowerPoint presentations at various schools such as Helen Tyson Middles School, Elmdale Elementary, Fulbright Junior High, Sonora Middle School, Lee Elementary, (and several more).
- Trained over 100 teachers on suicide prevention for the Elkins School District and Arkansas Arts Academy.

II. Presentations/Educational Booths

- Farm to You- educated 150 elementary students about good things happening in Arkansas. Educated about products that come from farmers and healthy eating.
- Educated about 250 Hispanic women of various ages at an educational booth during the Vestido Rojo event at the Jones Center in Springdale, AR using a translator.
- Presented emerging new tobacco products presentation 3x (Fay PS, Sdale PS, OUR coop).
- Attended the Community Carnival at Mary Mae Jones Elementary in Bentonville to educate parents and students about Act 811 and preventing injuries.
- Prepared for wellness workshops in NW CHPS; Created resource board to set up at workshops, coalitions, wellness committees, meetings, etc. to show a list of presentations and trainings the CHPS/CHNS can provide to communities and schools.
- Provided presentations at the Back to School Nurse Workshop in NW Arkansas. Educate 279 school nurses on the Big Pitch, My Reason to Write, HealthTeacher.com, Go Noodle, and the Comprehensive Tobacco Policy
- Educated 40 middle school students at Prairie Grove Middle School on My Plate and physical activity.
- Educated groups of middle school students at the Madison County Teen Summit (a total of about 200) on sugary beverages
- Educated HarBer High School EAST on ADH Hometown Health improvement in the community as well as schools

- Presented at Fayetteville Public School's professional development for secondary P.E. teachers. Educated on emerging new tobacco products, Serving Up MyPlate curriculum, Comprehensive School Physical Activity Program, and ADE rules and regs for nutrition/PA.
- Provided suicide awareness presentations to 5 classes totaling about 75 high school students at the Agee-Lierly Life Preparation Services in Fayetteville.
- Attended Helen Tyson's Health and Fitness night to educate about 45 adults/parents and about 50 students on dangers of sugary drinks and tobacco
- Educated about 60 Elmdale Elementary 5th graders on the dangers of spit tobacco and the effects on the body
- Educated 42 high school students at the Agee-Lierly Life Preparation Services in Fayetteville about the impact of consuming too much alcohol.
- Educated 248 7th, 8th, and 9th graders at Helen Tyson Middle School, Prairie Grove Middle School and Lifeway Christian School on safe driving.
- Educated six PE classes of about 50 students in each at Robert E. Lee Elementary School in Springdale on benefits of yoga.
- Educated 272 8th grade students at the Carroll Co Teen Summit on sugary drinks.
- Educated 55 students at Southwest Jr High in Springdale about noncommunicable diseases during health class
- Educated 40 middle school students in Prairie Grove about safe teen driving (follow up to previous lesson)
- Educated 320 5th and 6th grade students at Owl Creek Middle School during PE class on the dangers of tobacco
- Facilitated a Wellness Workshop at the NW Educational Cooperative for wellness coordinators and/or nurses
- Educated 250 students on HIV/AIDs/STDs at George Junior High.
- Assisted with coordination and presentations at two Safety Baby Showers. Educated over 40 people on unintended injuries such as falls, burns, poisoning, and choking.
- Educated 27 individuals on cholesterol at the Butterball Health Fair. Assisted local clinic in screenings and provided cholesterol education including nutrition and physical activity
- Visited 10 Family Literacy Programs in Springdale to educate Hispanic mom's nutrition, physical activity, tobacco, and injury prevention

III. Attended Coordinated School Health Meetings

- Springdale, Fayetteville, Siloam Springs, Prairie Grove

Community Links

- NWA Drug & Tobacco Free Coalition
- Benton County Community Coalition
- NWA Hometown Health Improvement Project
- NWA Safe Communities
- Madison County Health Coalition
- NWA Trauma Regional Advisory Council – Injury Prevention and Education Committees

- Madison County Medical Group
- NWA Suicide Prevention Coalition
- NWA Gaps in Services Marshallese Task Force

Program: Tobacco Prevention and other School Health Issues

Funding Source: ADH **COMPETITIVE GRANT:** Yes__ No **X**

Restricted Funding: **X**

PARTICIPATING DISTRICTS: Arkansas Arts Academy, Bentonville, Elkins, Decatur, Farmington, Fayetteville, Gentry, Gravette, Greenland, Haas Hall, Huntsville, Lincoln, Northwest Ark Classical Academy, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork, and some private schools such as Shiloh Christian, St. Vincent De Paul

PERSONNEL:

Nancy Marsh (retired), RN	Community Health Nurse Specialist	BSN, RNP, CPH
Kelli Butcher, RN	Community Health Nurse Specialist	BS Chemistry

Goal/Description:

This program provides: (job description from ADH)

- Assistance with grant writing for school grants and community coalition grants. \
- Linkage for school-based tobacco prevention and other health efforts with local community coalitions.
- Serves as an advocate for school health needs to community coalitions.
- Linkage of resources for schools, community coalitions and others in the community to promote healthy communities.
- Provides technical assistance on public health practices to schools and community coalitions.
- Provides technical assistance and collaborates with school nurses to identify appropriate resources and continuing education offerings that will help meet the requirements for nursing licensure.
- Works with State School Nurse Consultant to disseminate information as needed.
- Site visits were made to school nurses and numerous emails/phone calls to facilitate communication with all school nurses. (There are over 150 school nurses in NWAESC.)
- Technical assistance with school districts on all School Health issues.
- Provides Technical Assistance in policy development for tobacco and school-based enforcement of tobacco related policies.
- Provides Technical Assistance with evidence-based curricula, for tobacco, nutrition, and physical activity.
- Provides training to school nurses and others.
- Provides Technical Assistant to School Districts with Communicable Disease Outbreaks
- Provides Educational Information at School and Community Health Fairs
- Provides health information for Parent Involvement Centers.
- Provides training and technical assistance on School Health Index.
- Provides technical assistance to Coordinated School Health grantees.
- Provides technical assistance to tobacco prevention grantees.

II. MAJOR HIGHLIGHTS OF THE YEAR:

- Professional development provided for school nurses (and others):
- NWAESC Annual School Nurse Workshop – various speakers in addition to nursing Continuing Education Offered – about 180 participants from the various school districts. Physicians presented on diabetes obesity, impact of tobacco. Paula Smith, State School Nurse Consultant presented on new laws and rules and regulations for school nurses. Also had exhibitors, including from out of state, for nurses to visit with during breaks and lunch.
- Body Mass Index (BMI) Measurements Training Certification for new School Nurses - 3 sessions, 27 nurses
- Scoliosis Certification for New School Nurses – 3 sessions, 27 nurses
- Vision Certification Trainings for New School Nurses 2 sessions, 23 nurses
- Hearing Certification Training 2 sessions, 23 nurses
- NWA School Nurse Association Meeting hosted & speaker obtained.
- Regional ADH staff meetings held here – hosted
- School Nurse Coordinators Meetings in July, September and December
- Assisted at Western Ark. Co-op, Arch Ford, and O.U.R. Co-op with their annual fall school nurse workshop.
- Attended School Health Index training with Huntsville School Districts.
- Provided physical activity education at Siloam Spring Panther Health Fair- 70 vendors over 500 attendees
- CATCH e cigarette pilot program at Lingle Middle School-286 total students
- Technical assistance with Eschool to schools in Bentonville, Fayetteville, Springdale, Rogers, Decatur, Farmington, Huntsville, Lincoln, Prairie Grove, and Siloam Springs

II. Presentations/Educational Booths

- Provided handwashing instruction, poison control information, and tobacco prevention education materials at Rogers Pre K Literacy Fair, approximately 700 people attended cultures
- Gatekeepers Suicide Presentation Training for NWAESC staff
- Reality Works: Fetal Alcohol Spectrum training done for school nurses
- Gatekeepers Suicide Prevention Training for Rogers’s nurses- 23 attended
- Gatekeepers Suicide Prevention Training for Gravette staff – 120 attended
- Tobacco Education Act 811 to Pre K students – 60 students
- Tobacco Education to 1st grade students- 126 students
- Tobacco Education to Kindergarten students- 173 students
- Assisted Huntsville High School students with puppet show to educate primary school on and tobacco prevention – 540 students
- Tobacco Education to Rogers High School Medical Professions classes- 97 students
- Instructed new school nurse at Huntsville High School on proper usage of new vision machine
- Paraprofessional Training for nurses
- Hosted “Cultural Understanding” workshop on Marshallese and Hispanic cultures

IV. Attended Wellness Committee Meetings

- Springdale and Prairie Grove

V. Other highlights

- Developed Nursing Continuing Education packets
- Met with school districts and local county health units
- Data Base is **160 school** nurses
- Gave Flu Shots in Schools
- Provided technical assistance to Coordinated School Health Schools (Fayetteville, Springdale, Prairie Grove, Pea Ridge, Elkins, and Siloam Springs) and also Tobacco Prevention Grantees

Community Links

- NWA Drug & Tobacco Free Coalition
- Benton County Community Coalition
- NWA Hometown Health Improvement Project
- NWA Safe Communities
- Madison County Health Coalition
- NWA Trauma Regional Advisory Council – Injury Prevention and Education Committees
- Madison County Medical Group
- NWA Suicide Prevention Coalition

PROGRAM: Career and Technical Education

FUNDING SOURCE: Department of Career Education
Carl Perkins Grant

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Gravette, Gentry, Decatur, Farmington, Prairie Grove, Lincoln, Elkins, West Fork, Greenland

PERSONNEL:

Cheryl Pickering CTE Coordinator Masters

GOAL:

The Career and Technical Education Department enhances student achievement and participation in both CTE and academic education by offering technical assistance to CTE teachers, advanced technologies in the classroom, providing a career planning system for all students served in the Northwest Arkansas Education Service Cooperative Consortia.

PROGRAM SUMMARY:

The Career and Technical Education Department of NWAESC develops and coordinates the Carl D. Perkins Vocational and Applied Technology Program for the consortium, creates and manages the budget, and provides accountability as required by the Arkansas Department of Career Education.

The CTE state staff and program managers work cooperatively in the collection of data, evaluation of programs, and assistance to instructors. Staff development is provided for all CTE instructors and encourages the development, implementation, and improvement of CTE programs.

Training/staff development for administrators, teachers and counselors regarding CTE initiatives are scheduled. Curriculum Frameworks, Programs of Study, Integration of Academic and Career & Technical Education, Student Competency Testing are some of the things offered.

The coordinator represents the cooperative at local and state events, and attends the Arkansas Career Education meetings.

MAJOR HIGHLIGHTS OF THE YEAR:

- Agriculture Teacher Roundtable
- Business/Marketing Teacher Roundtable
- CTE Directors' Manual
- Literacy Design Collaborative

- TECHNICAL ASSISTANCE:
- TAV Preparation for ACE Visits
- Core Team for Perkins State Plan
- Tech Prep and Articulation Agreements with NWACC
- Perkins Updates/Requirements
- Regional Business & Industry Partnership Council

PROGRAM: Behavior Support Specialists

FUNDING SOURCE: Area Services VI-B

COMPETITIVE GRANT: Yes ___ No x

RESTRICTED x **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork, Statewide

PERSONNEL:

Sheryl Hahn	Arkansas Behavior Support Specialists	M.Ed., BCBA
Mary Ann McIntyre	Arkansas Behavior Support Specialists	M.A, CCC-SLP, BCBA

GOAL:

The goal of the program is to assist districts with developing local capacity in several areas. First, assistance is provided to districts with regard to IDEA eligibility under Autism or Emotional Disturbance. Second, assistance is provided with regard to programming for students previously identified with Autism. Third, assistance is provided with regard to the conduction of Functional Behavioral Assessments, including data collection, observation, use of in-direct assessments, and graphing and charting of results. Last, if the Functional Behavioral Assessment indicates the need for a Behavior Intervention Plan, assistance is provided to the team with regard to this. Training is provided to student specific staff, as well as, large group trainings that increase local capacity in evidence-based strategies to address Autism, challenging behavior, FBA/BIP, and other areas, as identified by the BSS in coordination with the districts.

PROGRAM SUMMARY:

This program provides districts with assistance with programming, behavior change procedures, identification, assessment, interagency collaboration, development of behavior plans for individual students, and staff development.

MAJOR HIGHLIGHTS OF THE YEAR:

- Mentoring and coordination of six other Behavior Support Specialists assigned to Wilbur Mills, Guy Fenter, Great Rivers, North East, Arkansas River and Crowley's Ridge Coops.
- Creating protocols and procedures for BSS work state wide
- Serving as liaisons between our COOP areas and the ADE for the BSS
- Training new BSS in (multiple trainings)
- Training in all six COOPS above, as well as, NWA for the LEA trainings "Everything you wanted to ask a Behavior Support Specialist" and "Data Collection-Part I"
- Numerous trainings in NWA (Examining Special Ed Files Like an Attorney, VB Mapp Training, Designing the Learning Environment for Success, ASD Eligibility

Classroom Design, Team Training for Identification of Autism Training

- Assisting with development of a six part new module for comprehensive on-site training with regard to FBA and BIPS
- Guidance and participation with due process hearings
- Provision of guidance with regard to the development of Behavior Procedures within several local districts

PROGRAM: Arkansas Transition Services

FUNDING SOURCE: Federal Grant

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED **X** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

NWAESC – Arkansas Arts Academy, Bentonville, Classical Academy, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

OUR – Alpena, Bergman, Berryville, Cotter, Deer/Mt. Judea, Eureka Springs, Flippin, Green Forest, Harrison, Jasper, Lead Hill, Omaha, Ozark Mountain, Searcy County, Valley Springs, Yellville/Summit
WAESC – Alma, Booneville, Cedarville, Charleston, Clarksville, County Line, Fort Smith, Greenwood, Hackett, Hartford, Lamar, Lavaca, Magazine, Mansfield, Mountainburg, Mulberry, Ozark, Paris, Scranton, Van Buren, Waldron, Westside

PERSONNEL:

Paul Johnston Transition Consultant MM, BSE, AAS

GOAL:

To provide district, regional, and state-wide trainings throughout the year to prepare teachers to help Special Education students reach their post school goals as stated on their Transition Plans per their IEP. To provide consults with participating districts to assist students, parents, and teachers in assisting students to reach their post school goals. To develop and facilitate local Transition Teams for school districts. To assist LEAs in folder reviews to ensure Transition Plans on the IEP are accurate and help students to reach their post school goals.

PROGRAM SUMMARY:

Arkansas Transition Services (ATS) is a small, hardworking consultant group which serves Arkansas school districts in affiliation with the Arkansas Department of Education, Special Education Unit. Although each transition consultant serves different parts of the state, we work as one unit to provide the best technical assistance and training opportunities for transitioning students in special education to life after high school. Arkansas Transition Services serves all 75 counties in Arkansas in an effort to improve transition outcomes for students with disabilities. Our mission is to effectively assist students with disabilities, educators, parents, agency personnel and community members in preparing students to transition from school to adult life and reach positive post-school outcomes. We provide technical assistance, trainings and consultations to special education teachers and other relevant staff, as well as to various agency personnel. Our services are provided at no cost.

MAJOR HIGHLIGHTS OF THE YEAR:

State Level

- Arkansas Transition Services held two Cadre meetings in Little Rock where the local teams came together to receive professional development in transition assessments, student focused planning, practice profiles, agencies, and post school options. These events provided opportunities for continued team planning and networking.
- ATS is continuing the pilot of the State Toolkit for Examining Post-School Success (STEPSS). It is a web-based, data-based decision making tool designed to support state departments of education in disseminating and using data related to secondary transition (SPP Part B Indicators 1, 2, 13, and 14) to improve in-school transition programs for youth with disabilities. STEPSS training were held in June 2015 with eight districts attending in order to pilot the program beginning this past fall. One district from NWAESC (Rogers) and one district from WAESC (Greenwood) are participating.
- The Arkansas Interagency Transition Partnership (AITP) will hold the fourth annual AITP Summer Connections as a way for district personnel around the state to learn about a variety of agency services. We will be including a panel of employers of people with disabilities to discuss their experiences and expectations of working with people with disabilities.
- The AITP has developed, printed, and handed out to schools, a Resource Guide. These guides were developed for schools and agencies to give to parents as a way to help increase parental awareness of the importance of transition and resources to help with transition as early as possible.
- This year will be the 10th annual College Bound Arkansas. This is a yearly event held in collaboration with University of Central Arkansas. It is a three day residential program intended to increase student's knowledge of accommodations, assistive technologies, leadership skills, and other exciting aspects of college life. Parents and professionals are also invited to attend and learn about the possibilities for their children and students at the college level.
- State Level Organizations Served:
 - AITP - Executive Committee
 - Arkansas Council on Exceptional Children (AR-CEC) sub-division Division of Career Development and Transition (DCDT) - State President
 - Member of the State Core Team for National Technical Assistance Center Transition (NTACT) Intensive Technical Assistance State

Coop Level

- Transition Fairs – ATS promotes and provides technical assistance for districts and regions that want to have a Transition Fair. These fairs are opportunities for students, parents, and teachers to connect with state and local agencies that can provide assistance.
 - NWAESC
 - Benton County Transition Fair (Bentonville, Rogers) – 100 plus attendees
 - Springdale Transition Fair – Over 400 students, 40 teachers, and 30 parents.
 - Gentry Transition Fair – 100 plus attendees
 - WAESC
 - Greenwood Transition Fair (Greenwood, Lavaca, Mansfield, Hackett, Hartford) – 100 plus attendees
- Focused Transition Nights
 - WAESC – Greenwood has continued with Focused Transition Nights this year. These are for parents/families to get specific information on things like the Arkansas Work Incentives (Project AWIN), and Medicaid Waiver program.
- Coop Trainings – 3 trainings were offered over the past summer.
 - Transition Toolkit, Student Driven Transition Planning, and Preparing Middle School Students as They Consider Going to College.
 - 50 attendees
 - NWAESC – Elkins, Springdale, Bentonville, Gentry, Siloam Springs, Greenland, Arkansas Classical Academy, Gravette, Arkansas Arts Academy, St. Paul
 - OUR – Searcy County, Harrison, Green Forest, Ozark Mountain District, Jasper, Flippin, Bergman
 - WAESC – Magazine, Lamar, Hackett, Mulberry/Pleasant View, Waldron, Mountainburg, Cedarville, Alma
- The Transition Requirements Review was given to 138 teachers
 - NWAESC – Lincoln, Huntsville, Rogers Heritage High, Bentonville
 - OUR – Lead Hill, Oark, Deer
 - WAESC – Greenwood, Mountainburg, Fort Smith, Johnson County Westside, Ozark

- Transition File Reviews – 4 districts
 - NWAESC – Huntsville
 - OUR – Harrison
 - WAESC – Johnson County Westside, Mountainburg
- Person Centered Plans – 2 students
 - WAESC – Ozark, Greenwood
- IEP meetings attended – 2
 - NWAESC – Huntsville
 - WAESC – Greenwood
- District Consultations – 6
 - NWAESC – Rogers, Arkansas Arts Academy
 - OUR – Lead Hill
 - WAESC – Fort Smith, Greenwood (2)
- New Transition IEP Paperwork Pilot Schools
 - NWAESC – Siloam Springs, Decatur, Gentry, Farmington, Classical Academy, Arkansas Arts Academy, Gravette
 - OUR – Berryville, Harrison
- Meetings regularly attended
 - AASEA Area I and Area II (Special Education Supervisors)
 - AR-CEC Board Meetings
 - AITP Board and General Membership Meetings
 - Child and Adolescent Service Program (CASSP) – Fort Smith Region
 - Project Search partners – Fayetteville Public Schools/Washington Regional Medical Center/Life Styles
 - Transition Team Meetings
 - NWAESC – Rogers
 - WAESC - Greenwood
- Other Groups presented to:
 - SEAS Conference – “Agency Connections”
 - AR-CEC Conference – “Going to College: What do all the laws mean?”
 - ESVI NWA Area Teachers – “Transition Overview”
 - UA Autism Symposium – “Final Panel of Professionals”
 - Capacity Building Institute, Charlotte, NC – “Beginning with the End in Mind: Helping Local Districts Plan Like We Do!”

PROGRAM: Gifted and Talented Program / GT Specialist, Contracted for FTE: 0.75

FUNDING SOURCES: Arkansas Department of Education (ADE) & Northwest Arkansas Education Service Cooperative (NWAESC) School Districts contribution

COMPETITIVE GRANT: Yes ☐ No ☒

RESTRICTED ☒ **NON-RESTRICTED** ☐

PARTICIPATING DISTRICTS:

Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, and West Fork.

PERSONNEL:

Lawrence (Larry) Driver Gifted & Talented Specialist BS in Psychology & Elementary K-9 Teaching Certificate (SMU), MAT Education (Gifted Education) (ULAR), and Graduate Certificate in Sustainability (UA)

Stephanie Gutierrez NWAESC Gifted & Talented Administrative Assistant

GOAL:

The state of Arkansas Education Department has mandated that all public school districts provide differentiated educational services for students with these identified abilities: academically advance, highly creative, and/ or high achieving / motivated students. As one of the state's 15 Education Service Cooperatives, the GT Specialist position provides support and services in the 16 school districts located in the Northwest Arkansas region (Washington, Benton, and parts of Madison counties) as guided by the ADE Gifted and Talented Program and AP Program Standards. We facilitate College Board sponsored Pre-AP, AP teacher certification and Secondary Content training as governed by the Arkansas Department of Education. The NWA ESC GT Specialist also provides extracurricular academic events and scholastic competitions for local students.

PROGRAM SUMMARY:

The ESC GT Specialist serves and functions as a contact person and GT Program resource to a variety of educational stakeholders located in NWA; including district GT coordinators, GT facilitators (teachers), administrators, students, parents, community members, and community business partners in support of Gifted and Talented Education. Some of the key responsibilities are:

- Facilitating and ensuring that each NWAESC school district meet all of the ADE's GT Program Standards, especially those districts slated to be monitored (rotating 3 year cycle).
- Functioning as a conduit for information and positive dialog between the ADE Office for Gifted Programs, Advanced Placement, and IB Programs with NWAESC school districts.
- Providing and conducting monthly meetings with NWAESC GT Program coordinators.
- Making on-site visits to local school districts to provide support and/or in-service topics for all educational stakeholder members.

- Attending annual and monthly state meetings; staying connected with other ADE Education Service Cooperatives GT Specialists; both in face-to face meetings as well as electronic conference meetings / ZOOM and sharing events and documentation with Google Docs technology.
- Hosting various student academic competitions supported by NWAESC schools: 3rd & 4th grade Math Day, Elementary and Middle School Quiz Bowl, Elementary & Middle School Science Olympiad, 3 scholastic chess tournaments a year for 3rd – 8th graders, high school ACE competitions, and responding to invitations from AGQBA and OM events.
- Developing and engaging in positive working relationships with local district personnel and ADE office employees connected with GT education and AP testing.
- Conducting appropriate needs- assessment questionnaires related to GT Specialist job in order to set goals and respond to local GT / AP program needs.
- Facilitating, hosting, and presenting educational workshops and trainings; including College Board Pre-AP and Secondary Content trainings.
- Responding to requests from NWA teachers providing specific workshop topics: such as a GT identification testing materials review, GT program documents review, and GT program staff development instruction materials, GT Program Curriculum Writing workshop, and differentiated instruction trainings.
- Actively participating in the annual AAGEA and AGATE state conference and other advocacy opportunities, along with belonging to appropriate professional organizations. I have initiated that the NWAESC establish a 3 year cycle to send the GT Specialist to attend NAGC as a job tradition.
- Supporting and volunteering for GT related regional events: i.e. Quiz Bowl moderator, AP testing proctor, and other job related requests.
- Serving on the Arkansas Governor's School Student Selection team whenever possible.
- Managing all documentation and financial record keeping required by ADE and NWAESC related to the ESC GT Specialist position (i.e. Strategic Management Plan & Quarterly GT GEM Newsletter, & maintaining yearly applications for College Board and GT Specialist Grant, etc., as well as Quiz Bowl, Science Olympiad, Chess, and ACE budget / funds management).
- Encouraging district personnel to participate in professional organizations (i.e. AAGEA, AGATE) as well as educational opportunities (Arkansas Governor's School, Arkansas School for Math, Science, and Arts).
- Maintaining a positive working relationship with NWAESC clientele and staff members.
- Attending NWAESC Board meetings when possible.
- Investigate and support the use of blended learning opportunities (digital learning) as a way to deliver information and instruction.

PROGRAM: ESVI, Educational Services for the Visually Impaired

FUNDING SOURCE: ESVI is a statewide educational consultative service program administered by the Arkansas Department of Education, Special Education Unit.

COMPETITIVE GRANT: Yes ___ No **X**

RESTRICTED ___ **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS: NWA including Newton and Sebastian County

PERSONNEL:

Marsha Holder MSED, TVI/COMS
(Certified Teacher of the Visually Impaired and
Certified Orientation and Mobility Specialist)

GOAL:

To provide consultation, direct and support services to students who are blind or visually impaired, to their parents and to the school, center and related staff.

PROGRAM SUMMARY:

Vison Consultants travel statewide to provide assessments, consultations, and recommendations for adaptations and modifications to meet the needs of students who are blind or visually impaired, ages 3 through 21 in an educational program. Consultants also loan adaptive equipment to students and assist the Instructional Materials Center in loaning braille and large print textbooks to local school districts. Consultation, assessment, recommendations and instruction in the area of the orientation and mobility is provided in the school and local communities. In addition, professional development opportunities are offered to parents, teachers and related staff.

Regional vision consultants are funded through the following Education Service Cooperatives:

Guy Fenter Education Service Cooperative
Dawson Education Service Cooperative
Crowley's Ridge Education Service Cooperative
Southeast Arkansas Education Service Cooperative
Northcentral Arkansas Education Service Center
Southwest Arkansas Education Service Cooperative
Northwest Arkansas Education Service Cooperative
DeQueen-Mena Education Service Cooperative
Wilbur D. Mills Education Service Cooperative

MAJOR HIGHLIGHTS OF THE YEAR:

- Students attended a conference presented by Dave Wilkinson with HEMS assistive technology.
- Students participated in Social Skills presentation with Davis Duty.
- Students participated in Orientation and Mobility outing using the new Trekker Breeze GPS system and practiced Bus transportation at the U of A.

PROGRAM: Mathematics Specialist K-12

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **x**

RESTRICTED **x** **NON-RESTRICTED** ___

PARTICIPATING DISTRICTS:

Bentonville, Decatur, Arkansas Arts Academy, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL: Kelli Dougan, Mathematics Specialist, Ph. D

GOAL:

- To provide professional development in mathematics instructional best practices and assessment as defined by the Arkansas Department of Education in statewide initiatives and professional development programs.
- To provide on-going training and support to promote standards-based mathematics lessons, including differentiating instruction to meet the needs of all learners.
- To assist teaching and administrators in locating resources and research pertinent to the teaching and learning of mathematics.
- To provide on-site technical assistance, support of school districts' curriculum development and alignment, assistance with the appropriate use of technology, strategies for effective questioning, and development of mathematics leadership among teachers and mathematics coaches.
- To work with local mathematics coaches in professional development.
- To offer intensive support and technical assistance to schools which are in academic distress or in school improvement

PROGRAM SUMMARY:

The mathematics program at the Northwest Arkansas Education Service Cooperative is based on the identified teacher-quality needs of the Northwest Arkansas school districts. These include increasing teachers' content knowledge, sharing best practices, disseminating research, locating and developing supplemental teaching materials, assisting with data-driven decision making, and increasing parental involvement. All of those support the state and national goal of mathematical fluency for all students. In addition, furthers technical assistance has been provided to schools struggling to meet the needs of high-poverty and Limited English Proficient Students.

MAJOR HIGHLIGHTS OF THE YEAR:

- Continued and expanded courses for Online Professional Development. Courses were tailored for individual school district needs and expanded to other areas of the state.

- Provided on-site training in the ACT Aspire Assessment to help teachers prepare their students for the new test for accountability.
- Provided on-site, personalized professional development tailored to the needs of individual teachers, students and schools.
- Work with the science specialist to provide content and pedagogical training to 60 teachers in grades 5-8 in Northwest Arkansas through a Math Science Partnership grant in cooperation with the University of Arkansas Engineering Department. This year was the first of three years for the grant and the focus of year one was to create activities that integrated math and science.
- Began a new grant program working with up to 100 teachers in grades K-4 to help teachers learn how to implement the new Arkansas Science Standards. The program will help teachers learn how to develop lessons that integrate math, science and literacy. The co-op grant proposal was accepted, but due to budgetary and staffing issues, ADE asked the co-op and the University of Arkansas to merge both grant programs into a larger entity.
- Received a one year grant to offer instruction in Computer Science Education for grades K-8. The program will begin in June for grades 7 and 8, while grades K-6 will begin in July.

PROGRAM: Secondary Math Coaches Professional Learning Community

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **x**

RESTRICTED ___ **NON-RESTRICTED** **x**

PARTICIPATING DISTRICTS:

Bentonville, Elkins, Fayetteville, Gentry, Gravette, Huntsville, Lincoln, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

PERSONNEL:

Kelli Dougan	Mathematics Specialist	Ph. D
Stephanie Gutierrez	Program Secretary	

GOAL:

To provide collaboration time and resources for the secondary math Instructional Facilitators in Northwest Arkansas.

PROGRAM SUMMARY:

- Regular meetings at the co-op.
- Intensive examination of the CCSS and PARCC information.
- Collaboration with other facilitators to increase student achievement across the region.
- Allow a close interaction between coaches and math specialist to provide a personalized program to build capacity.

PROGRAM: Online Professional Development

FUNDING SOURCE: Arkansas Department of Education

COMPETITIVE GRANT: Yes ___ No **x**

RESTRICTED ___ **NON-RESTRICTED** **x**

PARTICIPATING DISTRICTS:

Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork, Arkansas Arts Academy

PERSONNEL:

Kelli Dougan Mathematics Specialist Ph. D

GOAL:

To provide professional development that is job-embedded that may be completed at the teacher's own pace and personalized to their classroom environment. The emphasis of online professional development is to provide learning experiences over a duration of 4 to 6 weeks.

PROGRAM SUMMARY

(Courses that have been created as of May 1, 2016):

- Effective Questioning
- Productive Math Discussions
- The Inquiry-Based Classroom
- Book Study: Making Thinking Visible
- Understanding by Design
- Book Study: What's Math Got to Do With It?
- Orientation for Math Specialists
- Moodle Training for Content Specialists

PROGRAM: CGI Years 1-3

FUNDING SOURCE:

COMPETITIVE GRANT: Yes ___ No **x**

RESTRICTED ___ **NON-RESTRICTED** **x**

PARTICIPATING DISTRICTS:

Fayetteville, Gentry, Lincoln, West Fork, Greenland, Farmington, Rogers Arkansas Arts Academy, Bentonville, Springdale, Elkins, Huntsville, Gravette, Pea Ridge, and Prairie Grove

PERSONNEL:

Stacey Dominguez	Debbie Gates	Christi Schrauger
Heather Barron	Cheryl Scott	Kendra Bookout
Stacie Grace	Mary Nevin	Jae Baek
Linda Jaslow	Leticia Greene	Jane Nolan

NUMBER OF TEACHERS TRAINED: 278

GOAL: To train teachers in the instructional model of Cognitively Guided Instruction.

PROGRAM SUMMARY:

Cognitively Guided Instruction (CGI) Level is an on-going professional development program designed to assist K-3 teachers in implementing a comprehensive researched-based approach to mathematics instruction in their classrooms. The primary goal of CGI is to increase teachers' knowledge of how children think about mathematics. In this professional development, teachers will: 1) Analyze story problems and number sentences to determine the mathematical demands and recognize student responses in terms of cognitive development. 2) Assess students' thinking and design problems that will develop students understanding of the important concepts and skills. 3) Facilitate discussions that provide a window into children's thinking, strengthen children's ability to reason about arithmetic, and build children's capacity for algebraic reasoning." 4) Learn to engage children in early algebra tasks that enhance the children's learning of arithmetic. Many teachers have been engaged in a continuous 3-year professional development in CGI.

PROGRAM: Extending Children's Mathematics (ECM) Years 1-3

FUNDING SOURCE:

COMPETITIVE GRANT: Yes ___ No **x**

RESTRICTED ___ **NON-RESTRICTED** **x**

PARTICIPATING DISTRICTS:

Elkins, Bentonville, West Fork, Greenland, Fayetteville, Prairie Grove, Farmington, Rogers, Siloam Springs, Springdale, Gentry, Eureka Springs, Gravette, and Huntsville

PERSONNEL:

Linda Jaslow Math Project Co-Director
Stephanie Gutierrez Program Secretary

NUMBER OF TEACHERS TRAINED: 149

GOAL:

Work with Linda Levi (Teachers Development Group) and a working committee in the development of professional development classes Extending Children's Mathematics for grades 3 - 6.

PROGRAM SUMMARY:

Work collaboratively with mathematics specialists and university researchers from across the country to revise and develop expectations/materials for Extending Children's Mathematics – Years 1, 2 and 3.

MAJOR HIGHLIGHTS OF THE YEAR:

- Collected and edited videos from students from Rogers and Springdale to use in ECM classes.
- Worked with Kim Meyer and Pam Keith at Tucker Elementary School in Rogers to investigate critical mathematical concepts and how children make sense of them.
- The creation of the ECM classes has helped define the important building blocks that are critical to the development of children's understanding of CCSSM.

PROGRAM: Developing and Integrating Spatial Mathematics and Engineering Design

FUNDING SOURCE:

COMPETITIVE GRANT: Yes ___ No **x**

RESTRICTED x NON-RESTRICTED ___

PARTICIPATING DISTRICTS:

Springdale – Monitor Elementary School

PERSONNEL:

Linda Jaslow	Math Project Co-Director
Stephanie Gutierrez	Program Secretary

GOAL:

Developing and Integrating Spatial Mathematics and Engineering Design, a project aimed at developing an integrated STEM education in grades 1-5 by engaging students in spatial mathematics and expression via the design of artistic pattern and machines that move.

PROGRAM SUMMARY:

Space and geometry are foundational resources for learning across the STEM (Science, Technology, Engineering, and Mathematics) disciplines. Developing and Integrating Spatial Mathematics and Engineering (DiSME) is a coordinated development and research project that supports the development of spatial reasoning and its potential as a resource for engineering design and mechanistic reasoning by engaging elementary students in learning activities focused on the quantification and synthesis of space. This includes the use of construct maps which are diagrams that summarize conceptual stepping-stones in children's development of spatial and mechanistic reasoning; at present, the construct maps available on the site describe developmental milestones in children's reasoning about the measure of angle, area, length and volume. In addition, curriculum units have been developed and organized by major strands of learning (Measurement, Geometry, and Design), are tools to support learning. Each unit features classroom activities, formative assessments, and related resources, including teacher-generated extensions to the curriculum units.

MAJOR HIGHLIGHTS OF THE YEAR:

- Project has worked to establish a learning trajectory and identified critical learnings for each grade level.
- Different grade levels have begun to explore and develop foundational geometric concepts.
- Grade levels have solidified critical measurement concepts at their grade levels to include linear measurement, area and angle.
- Developed an initial pacing guide for geometry/measurement and how it connects to number/operations and algebraic reasoning.

Northwest Arkansas Education

Cooperative

2015-2016

Special Projects...

PROGRAM: Digital Learning – Virtual Arkansas, Team Digital, Arkansas Connect2Digital

FUNDING SOURCE: ADE Grant – Act

COMPETITIVE GRANT: Yes____ No____x__

RESTRICTED Yes **NONRESTRICTED** ____

PARTICIPATING DISTRICTS:

PERSONNEL:

Cathi Swan	Superintendent –State Coordinator of Digital Learning	BSE, MSE
Mike Lar	Virtual Arkansas Director of Operations	BS, MBA, ED.D, ABD
Junior Stormes	Director of Technology	BS
John Ashworth	Virtual Arkansas Director of Academics	BSE, MSE
Rachel Schell	Team Digital Member	BS, MS

GOAL:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

PROGRAM SUMMARY:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013. www.virtualarkansas.org

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and

learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital:

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- Held first ever workshop in the state for Teachers and Administrators on Blended Learning and Remix strategies.
- Implemented a technical assistant/will-call application to help participating schools solve issues within 24 hours.
- Presented at TICAL on the Future of Blended Learning
- Held statewide school consultations on the planning and implementation of Blended Learning
- Trained over a 100 High School counselor's around the state on Virtual Arkansas' registration process
- Attended the 2015 INACOL conference on Blended Online Learning
- Completed an Educational Cooperative Promotional Video
- Successfully implemented team visits to Virtual Arkansas' participating schools
- Named resource affiliate for ADE on school waiver process
- Completed a Virtual Arkansas Marketing/Promotional video for the Essentials of Computer Science and Computer Programming
- Presented at the 3rd Annual Data Conference

❖ **Leadership Excellence and Development System:**

The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being piloted). Trainings for the LEADS program throughout the 2015-2016 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of Bloomboard for evaluation and artifacts, and other support, as needed in individual cooperatives.

❖ **Teacher Excellence and Support System (TESS):**

The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hours Laws and Process training. The Arkansas Department of Education provided training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. Arkansas Department of Education in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2015-16 school year.

Program Name: ACT Aspire

Competitive Grant Yes - ____ No - **X**

Goals and Description:

Northwest AR Education Service Cooperative technology coordinators and staff have provided support to district testing and technology personnel as preparations were made for the initial implementation of ACT Aspire in the spring of 2016. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, cooperative technology coordinators provided ongoing assistance through emails and phone conversations as problems and questions arose in districts.

The Northwest AR Education Service Cooperative also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

Program: Novice Teacher Mentoring Program

Training Funding Source: ADE Grant

Competitive Grant: Yes ☐ No ☒

Restricted: ☒ Non-Restricted:

Participating Districts: Bentonville, Decatur, Elkins, Farmington, Fayetteville, Gentry, Gravette, Greenland, Huntsville, Lincoln, Pea Ridge, Prairie Grove, Rogers, Siloam Springs, Springdale, West Fork

Personnel:

Jack Kern	Contracted Instructor
Paul Calleja	Contracted Instructor
Jim Johnson	Contracted Instructor

Program Summary:

ADE transitioned from Arkansas Induction Mentoring Model (AIMM) to the Novice Teacher Mentoring Program and all trainers were provided an update training.

The Novice Teacher Mentoring Program is designed to provide a novice teacher the support, assistance, and encouragement of a site-based, trained mentor in order for the novice teacher to learn the skills he or she needs to become an effective, knowledgeable teacher. District project directors were encouraged to share the mentor/novice teacher update video with previously trained mentors and novice teachers. The ADE provided electronic resources such as: the Mentor Notebook, Mentor/Novice Teacher Update Video and the Project Director Update Training Video in lieu of face to face trainings. New mentors were trained in the updated Novice Teacher Mentoring Program.

Northwest AR Education Service Cooperative provided 5 sessions in the Novice Teacher Mentor Program.

GOALS:

- Become familiar with the Framework for Teaching (FfT) and the relationship between Novice Teacher Mentoring Program and TESS (Teacher Effectiveness Support System)
 - Use the Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process

The cooperative provided districts ongoing support as needed.

Director's Annual Memo

As a record for the 2015-16 year, the staff of Ozarks Unlimited Resources Educational Cooperative presents the following annual report. Included is information related to the programs and activities that are administered by the cooperative on behalf of the 16 school districts and other educational partners across the state of Arkansas. The cooperative has **109** employees and the administrative and conference room building is located five miles south of Harrison on Highway 65. The annual revenue collected for the year was approximately **\$6,000,000**. This 2015-16 year also continued the work with our staff and school districts in the implementation of the common core state standards. With the background of collaboration with the Arkansas Department of Education, other state educational organizations, and specifically the other statewide cooperatives, an important goal for future years involves the continued support of cooperative schools in the implementation of this initiative. Another major focus area for our co-op has been training for teacher and administrator evaluation as districts continue implementation. We are pleased to share this annual report, and we look forward to future years of serving Arkansas students and educators in the changing and challenging work of K-12 education. A quick overview of the shared programs between the Ozarks Unlimited Resources Cooperative, Department of Education, and the school districts of our area during the 2015-16 year is noted below.

Rick Nance
Director, O.U.R. Cooperative

MISSION STATEMENT

The O.U.R. Cooperative mission is to respond to the diversity of needs and opportunities in our constituency by:

- Continuously enhancing and expanding the quality of programs and services.
- Promoting and providing high expectations for positive leadership to effect desired change.
- Fostering public and private sector educational partnerships.

VALUE STATEMENTS

Mutual Respect: Each of us deserves to be treated with dignity.

Commitment: We will meet and deliver what we promise to each other and to our customers.

Teamwork: Teams make things happen when everybody's voice is heard.

Continuous Improvement: Each day, we should seek to get a little bit better, since small improvements added up bring us closer to our goals.

Initiative: If it is within my power, I'll do it; if not, I'll seek help.

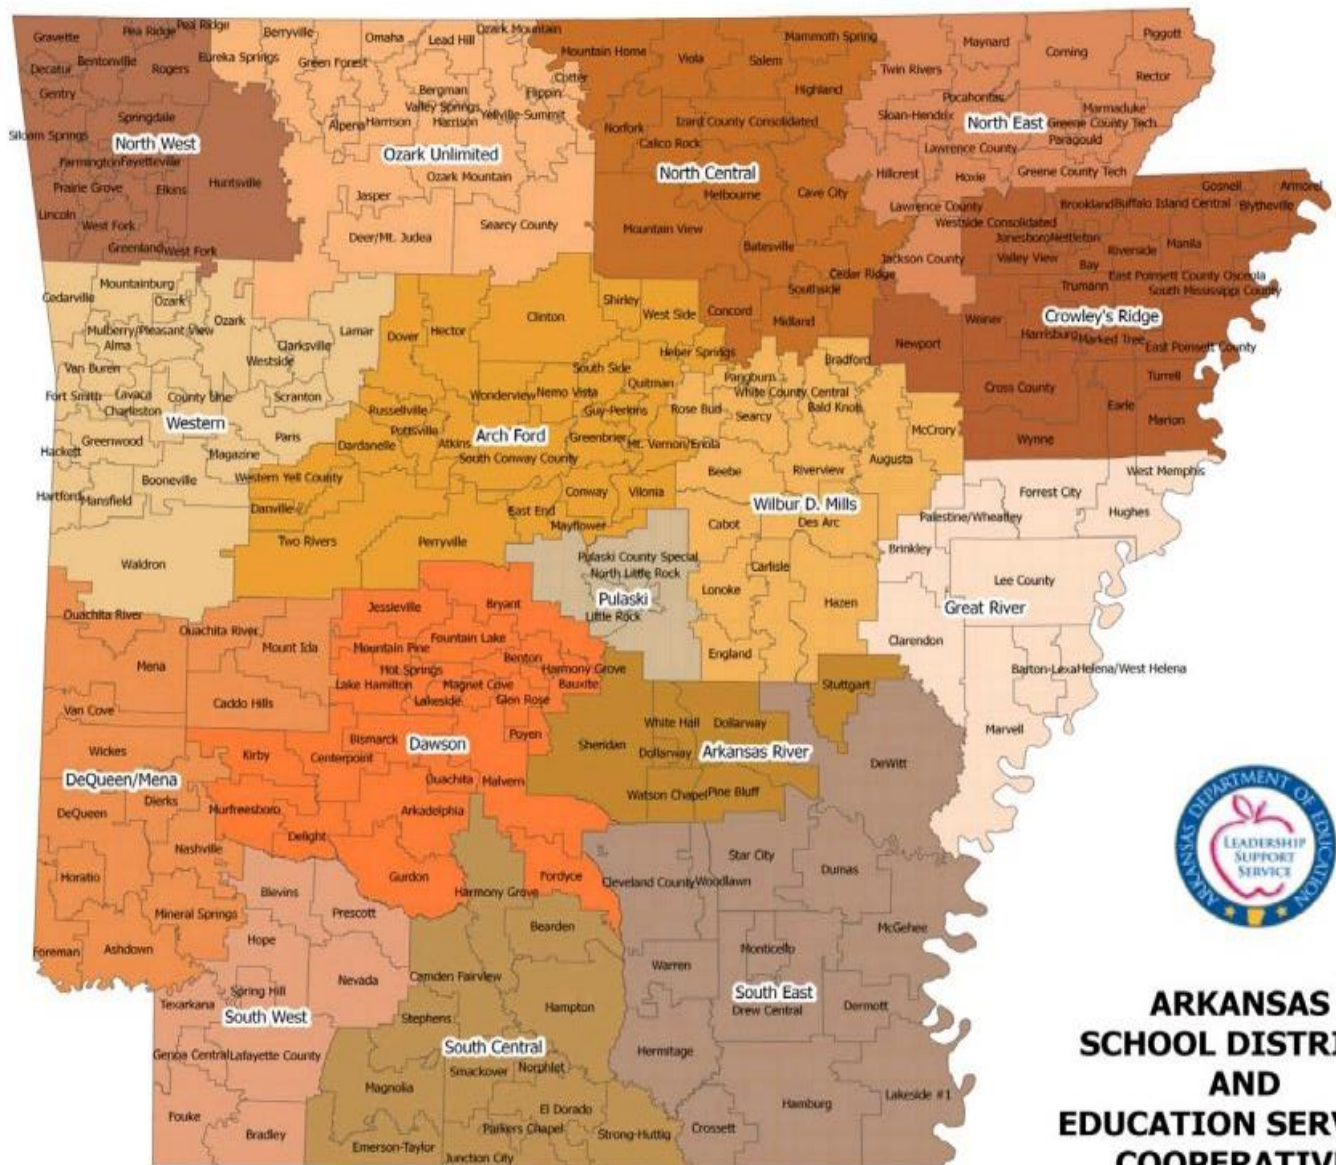

Trust and Integrity: We will trust one another to accomplish what we say we will accomplish. We will conduct ourselves, dealings with customers, and colleagues with integrity always.

Communication: We will strive to have a working knowledge of all programs in the Cooperative through active, open, honest communication with each other.

Customer Confidence: By always striving to meet customer needs and treating each individual with respect, we will increase the confidence customers have in the Cooperative.

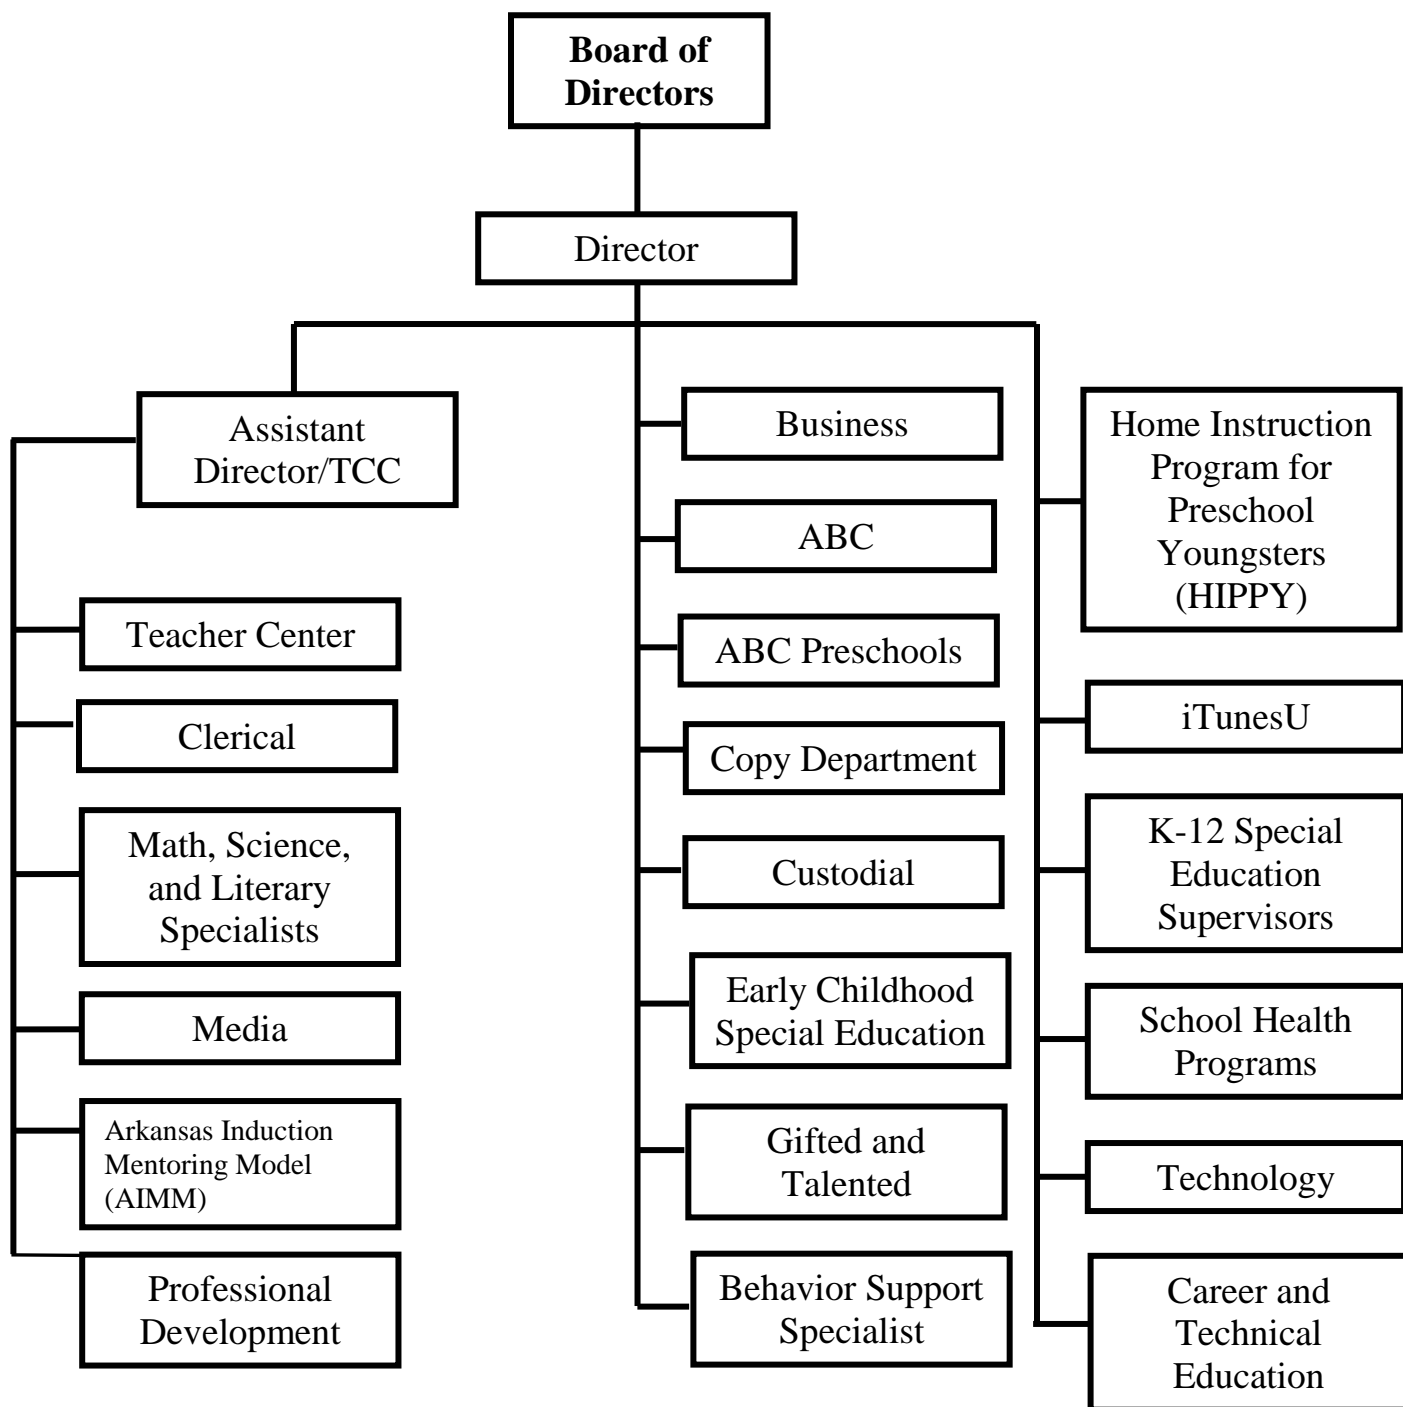

Cooperative Spirit: We will value all Cooperative programs as our own and do all that is possible to ensure their success.

Treat Everyone as Professionals: Treat all those who work in the organization as professionals, assuming that, once they learn to do their work, they usually know as much or more about how to do it well as anyone else. As professionals, however, they are always open to learning to do it better.

The goals of the O.U.R. Education Service Cooperative are to support the schools in their mission to provide students with a world class education by providing the member schools with programs, shared services, professional development and opportunities for collaboration in a more effective and efficient manner than they could provide independently.

Ozarks Unlimited Resources Educational Services Cooperative Organizational Chart

School Districts served by Ozarks Unlimited Resources Cooperative

Alpena, Bergman, Berryville, Cotter, Deer/Mt. Judea, Eureka Springs, Flippin, Green Forest, Harrison,
Jasper, Lead Hill, Omaha, Ozark Mountain, Searcy County, Valley Springs, Yellville-Summit

Officers of the Board

Name	Position	School District
Dr. Andrea Martin	President	Alpena
Jayne Jones	Vice President	Ozark Mountain
Jerry Parrett	Secretary	Omaha

Members of the Board

Name	Position	School District
Joe Couch	Superintendent	Bergman
Dr. Phillip Clark / Owen Powell	Superintendent	Berryville
Donald Sharp	Superintendent	Cotter
Richard Denniston	Superintendent	Deer/Mt.Judea
Dale Query	Superintendent	Flippin
Dr. Matt Summers	Superintendent	Green Forest
Dr. Mendy Moss	Superintendent	Harrison
Jeff Cantrell	Superintendent	Jasper
Joe Hulsey	Superintendent	Lead Hill
Jerry Parrett	Superintendent	Omaha
Jayne Jones	Superintendent	Ozark Mountain
Alan Yarbrough	Superintendent	Searcy County
Judy Green	Superintendent	Valley Springs
Wes Henderson	Superintendent	Yellville-Summit

Teacher Center Committee

Each participating district in the Ozarks Unlimited Resources Education Service Cooperative will have one representative on the Teacher Center Committee. The ratio of classroom teachers to administrative/support personnel shall be as close to 2:1 as is possible. Each Committee member shall be elected for a term of three years.

Elementary Teacher Positions	Name	District	Term Expires
	Stacie Ray	Berryville	Aug-16
	Andrea Gentry	Cotter	Aug-17
	Terry Register	Lead Hill	Aug_17
Middle/Jr. High Teacher Positions	Name	District	Term Expires
	Byron Clyatt	Ozark Mountain	Aug-16
	Kristen Rodriguez	Flippin	Aug-17
	Gene France	Omaha	Aug-17
	Sharon Wesley	Eureka Springs	Aug-18

HS Teacher Positions	Name	District	Term Expires
	Sarah Shields	Alpena	Aug-16
	Diana Branham	Valley Springs	Aug-18

III. Teacher Center

Please attach a list of all in-service training/staff development workshops offered through the co-op, including month offered, topic, number of districts participating, number of participants and location of workshops. Most sessions involve curriculum assistance. Include a cumulative total of participants. (See Professional Development Activities Report attached)

A. Does the co-op provide media services to schools? Yes ☒ No ☐

Approximate the number of titles in media center 242

Does the co-op provide delivery to the districts? Yes ☒ No ☐

How many districts participate in the media program? 16

How many titles (including duplicate counts) were provided to schools during this current year? 49

Do districts contribute dollars to the media services? Yes ☐ No ☒

If yes, then:

How are media / technology charges per district determined (formal or per ADM)? Please describe:

Does the co-op operate a "make-and-take" center for teachers? Yes ☒ No ☐

If yes, then:

How many teacher visits have been made to the center? (Count all teachers who have visited the center, using duplicate counts for teachers who have visited the center more than once.) 205

IV. Administrative Services

Please check administrative services offered through the co-op:

- ☒ Cooperative purchasing
- ☒ Conduct Annual Needs Assessment /Planning assistance
- ☒ Special education services
- ☒ Gifted and talented assistance
- ☒ Grant writing assistance
- ☒ Personnel application
- ☒ Assist/support with Evaluation procedures (OSR, ACSIP Monitoring, GT Program evaluation, Special ED Evaluation etc.)
- ☐ Migrant student identification
- ☒ Bookkeeping assistance
- ☒ Technology training
- ☒ Curriculum support (Common Core State Standards)
- ☒ Business Management training
- ☐ Computer technician
- ☒ C.C.R.P.P. Administration/Collaboration
- ☒ E-Rate applications
- ☒ Assessment data analysis
- ☒ Instructional facilitator training
- ☐ TARGET interim assessments
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and Local Board Members Training
- ☒ Other (please specify)
- ☒ Printing
- ☒ Copy Program
- ☒ iTunesU
- ☒ ESC Works Support

V. Direct Services to Students

Please check the student services provided through the co-op:

- ☒ Student assessment program
- ☒ Itinerant teachers – please list areas: (ECSE, SPED)
- ☒ Occupational therapy and physical therapy
- ☒ Transition Assistance
- ☒ Mentor programs (Ex. Parents as Teachers)
- ☒ Gifted/talented programs: 16 participating districts
- ☒ Digital instruction (Ex. AR iTunes U, podcasts)
- ☒ Speech Pathology Services
- ☒ HIPPY
- ☒ Low incidence handicapped (vision/hearing)
- ☒ ABC Preschool Centers
- ☒ Other (Please specify):
- ☒ Early Childhood Special Education 3-5 years of age
- ☒ Distance Learning
- ☒ Behavior Support Services
- ☒ Quiz Bowl
- ☒ Chess Tournament
- ☒ Math Carnival
- ☒ Science Fair
- ☒ Summer Ecology Camp
- ☒ Summer AEGIS CAVES Camp Project

VI. Anecdotal Reports

Please list below descriptions of activities which demonstrate partnerships, cooperative agreements or creative ways that the co-op has assisted local districts. Co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

College Classes Offered at O.U.R. Education Cooperative Facilities

UCA uses the facilities at O.U.R. Education Cooperative to hold classes. The MAT program has utilized Co-op facilities to have classes. This service allows area residents who have a bachelor's degree in a non-education related field to obtain a Master of Arts in Teaching. This degree program positions participants to obtain a teaching license and address shortage areas for our local school districts. In years past, classes related to other degree programs from UCA and Harding University have been held utilizing Co-op facilities.

CPC Copier Program Provided for Local School Districts

O.U.R. Education Service Cooperative provides a copier program which places copier equipment in schools without requiring the districts to enter long-term leases for the equipment. The department provides service for the machines as needed. The districts pay an amount per copy for this service. This arrangement provides an efficient means for districts to have access to copiers without entering into long-term lease agreements.

VII. Employment Policies and Practices

Act 610 of 1999 requires that each educational service cooperative report the following information:

Employed

Number of new males employed by the cooperative for the 2015-2016 school year:

For this number above, please provide the number in each of the following racial classifications:

 0 White
 0 African American
 0 Hispanic
 0 Asian
 0 American Indian/Alaskan Native

Number of new females employed by the cooperative for the 2015-2016 school year:

For this number above, please provide the number in each of the following racial classifications:

 4 White
 0 African American
 0 Hispanic
 0 Asian
 0 American Indian/Alaskan Native

Terminated

Number of males terminated by the cooperative during the 2015-2016 school year:

For this number above, please provide the number in each of the following racial classifications:

 0 White
 0 African American
 0 Hispanic
 0 Asian
 0 American Indian/Alaskan Native

Number of females terminated by the cooperative during the 2015-2016 school year:

For this number above, please provide the number in each of the following racial classifications:

 4 White
 0 African American
 0 Hispanic
 0 Asian
 0 American Indian/Alaskan Native

Seeking Employment

Number of males seeking employment by the cooperative during the 2015-2016 school year:

For this number above, please provide the number in each of the following racial classifications:

 0 White
 0 African American
 0 Hispanic
 0 Asian
 0 American Indian/Alaskan Native

Number of females seeking employment by the cooperative during the 2015-2016 school year:

For this number above, please provide the number in each of the following racial classifications:

 67 White
 0 African American
 2 Hispanic
 0 Asian
 0 American Indian/Alaskan Native

Name	Position	Degree
Lauryn Cheek	APSCN Financial Field Analyst	Business Administration

Goal
To provide end-user support to district financial users of the FMS statewide Financial Management System, COGNOS reports and to provide support in the area meeting state financial coding guidelines.

Program Summary
The Financial Applications Field Analyst provides services to districts within Arkansas that utilize the FMS statewide Financial Management System software. Financial Management Systems Applications computer software is used primarily to process and record financial transactions. The SunGard Pentamotion financial management systems applications provided by APSCN include the following integrated modules: Fund Accounting, Human Resources, Fixed Assets Personnel Budgeting, Budget Prep, Purchasing and Warehouse. The Financial Field Analyst provides technical, and accounting assistance for all of the modules as well as APSCN Applications fields. The Analyst also provides technical and practical assistance for the Statewide Reporting Cycles. Various trainings offered throughout the year include, but are not limited, FMS Required Fields for State Reporting, New Personnel, COGNOS Report Writing, Fiscal Year End, and Calendar Year End.

Major Highlights of the Year:
State Reporting training.

Personnel

Sandra Harber	APSCN Student Field Analyst	
Aaron Hughes	APSCN Student Field Analyst	

Goal

To provide end-user support to district students users of the statewide Student Management System (SMS) and Cognos reports and to provide support in meeting statewide reporting guidelines.

Program Summary

The Student Applications Field Analyst provides services to districts within Arkansas that utilize the SMS software. SMS Applications is computer software used primarily to process and maintain student records. The SunGard Pentamotion student management systems applications provided by APSCN include: Demographics, Attendance, Scheduling, Report Cards, Discipline and Medical. Through the nine required cycle reports, districts electronically submit data to the ADE throughout the school year at designated times. The student field analyst provides districts with consulting and training workshops through meetings at the Cooperative, school visits, and communicating closely by e-mail and telephone. Various trainings offered throughout the year include, but are not limited to, SMS Required Fields for State Reporting, New Personnel, Cognos Report Writing, E-School, Next Year Scheduling, and Year End Rollover. There are two Student Applications Field Analyst who are assigned to O.U.R. Education Cooperative Schools. Sandra Harber is housed at Northcentral Arkansas Education Cooperative and the position held by Aaron Hughes is housed at Northwest Arkansas Education Cooperative. Staff holding these positions are at the cooperative on a regular basis to assist personnel from the school districts. They have provided support to ten of the O.U.R. Co-op districts as all districts implemented eSchool Plus at the beginning of the 2015-16 school year.

Major Highlights of the Year:

State Reporting training
 E-School Training

Personnel

Name	Position	Degree
Elizabeth "Betsy" Kindall	ADE Employee (housed at OUR)	Ed.D.

Goal

To work statewide in assisting schools districts with the development, implementation, and monitoring of school based mental health services via ADE Office of School Health Services and the School Based Health Center Initiative.

Program Summary

Overview:

- Provide professional development and training to state and local personnel in order to provide best practice techniques on school based mental health service programming.
- Develop, implement, and monitor school based mental health programs within school based health centers and to those participating districts state wide.
- Increase the ability to access mental health services within the educational environment to provide students the tools to make academic progress.
- Evaluate and assess the impact of these programs and activities through data collection, site visits, and ongoing technical assistance.
- Provide technical assistance, training, and monitoring as school districts work to develop school based health centers across the state.

Hot Topics:

- Increase academic achievement by addressing the whole child within educational settings by providing access to necessary services. Schools continue to need technical assistance as they develop and implement programs.
- Improving the collaboration between the Department of Behavioral Health, Department of Health, and other vested parties to move toward best practice approaches to school based mental health in Arkansas.
- Working with the Governor's Commission on Children's Behavioral Healthcare to make strides in school based mental health services.
- Expand and Improve data collection and assessment relative to services.

All school districts statewide have access to technical assistance for School Based Mental Health Services. As of 2016, there are 27 funded School-Based Health Centers (SBHC).

John Harris	School Improvement Supervisor	

Goal

To facilitate school improvement efforts in local districts and schools including: 1. Support/assist local school districts in developing the district level Arkansas Comprehensive School Improvement Plan (ACSIP) 2. Provide Technical Assistance related to ACSIP 3. Support/Assist local school districts with schools on focus on Priority School Improvement Categories 4. Support/Assist local school districts as they develop/implement systematic and sustainable school improvement 5. Support/Assist local school districts in the research, development, and/or the acquisition of additional resources related to school improvement efforts (both internal and external) 6. Serve as a broker of resources/point of contact between the local School District and the ADE related to the Statewide System of Support (SSOS).
Mr. Harris is not housed at the O.U.R. Education Cooperative. However, he has provided support for co-op district personnel.

Program Summary

Major Highlights of the Year:

Providing support to O.U.R. Co-op district personnel during the approval process for ACSIP including the transition to the use of IndiStar as the platform for school improvement planning.

Program Arkansas Induction Mentoring Model (AIMM)

Personnel

Kim Fowler	TCC/Asst. Director	Ed.D./MSE/BS
Sandra Johnson	G.T. Specialist	MSE/BSE

PROGRAM SUMMARY:

Arkansas Induction Mentoring Model training is required for any teacher who serves as a mentor to a novice teacher. O.U.R. Co-op hosted two sessions of this training. AIMM training provides understanding of the elements of the AIMM Mentor process and how to utilize the online system for gathering and reporting information to the state. The mentors/mentees utilized the AIMM learning modules via Moodle. The AIMM Program at the O.U.R. Co-op will continue to support participating districts in creating and sustaining a successful mentoring program for new teachers in the profession. O.U.R. Co-op personnel provided support to Mentoring Project Directors on an as needed basis.

GOALS:

- Become familiar with the Framework for Teaching (FfT) and the relationship between AIMM and TESS (Teacher Effectiveness Support System)
- Use the AIMM Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process

Personnel

Name	Position	Degree
Stacy Moore	Behavior Support Specialist	Ph.D.

Goal

To support LEAs and school districts in the provision of special education and related services to students identified as having a disability pursuant to the Individuals with Disabilities Education Act.

Program Summary

This program staffs one full-time behavior support specialist (BSS), Stacy Moore, and supports the provision of training, resources, and professional development to schools and staff within the state. Duties and activities of the BSS included responding to CIRCUIT referrals and requests for assistance; conducting record reviews, interviews, and observations to assist schools in addressing student behavior concerns; assisting schools in conducting functional behavior assessments; assisting schools in developing and implementing behavior intervention plans; providing training to staff in accordance with individual student needs as well as staff needs; providing hands on training and professional development to special education and other school personnel; gaining current knowledge and skills in areas critical to behavior intervention; working toward building capacity of schools and school districts to prevent and respond to behavior challenges in the school setting, and working collaboratively with behavior support specialists in other ESCs. The total amount of BSS funds for 2015-2016 was \$110,000.

Major Highlights of the Year (2015-2016)

- Conducted PCM re-certification training and BehaviorTools training for area teachers and support staff to teach prevention, intervention, and de-escalation strategies.
- Recertified as a PCM and BehaviorTools Instructor to assist schools with crisis management prevention and intervention.
- Provided training specific to the needs of area schools in the areas of ABA, autism, behavior strategies, emotional regulation, and data collection. Provided follow-up coaching to data collection training participants.
- Presented at annual paraprofessional training for support staff in the OUR co-op area.
- Responded to over 20 CIRCUIT referrals from 12 different school districts for the 2015-2016 school year.
- Participated in multiple professional development opportunities to maintain and grow knowledge and skills to be applied towards behavior support (e.g., Transforming the Intense Child; Non-Medication Approaches to the Most Challenging Behaviors, Beyond Behavior, and High Functioning Autism trainings).
- Collaborated with Behavior Support Specialists across the state to develop behavior trainings and to work together on shared CIRCUIT referrals.

		AR Adult Education License
		Certifications-SPHR-CP, GCDF

Goal

The goal for the O.U.R. Education Cooperative CTE programs for the 2016-2017 year is to provide in-services for the 16 school districts to review 2015-2016 EOC Reports and collaborate with their peers on strategies to improve student success. Also, the CTE Department plans to hold the 3rd CTE Regional Partnership Council Summit in Fall 2016. The plan is to include Career & Technical Education Programs from the Northark Technical Center and bring the Be Pro Be Proud Truck to the summit. The Arkansas Department of Career Education is undergoing improvement changes and the expectation is that CTE Coordinators will be utilized more through initiatives and other improvement activities.

Program Summary

The Arkansas Department of Career Education, ADCE, provides a \$50,000 grant for the CTE Coordinator to support the following services for Career Technical Education, CTE, Departments within the 16 School Districts served through the OUR Educational Cooperative: Competency Testing Reports, Teacher Information System Review and Follow-up, Assistance to New Teachers, Relevant Professional Development/Technology Training, Assistance with Policies and Procedures Interpretation, Training on Kuder Career Planning, Collaboration Opportunity for CTE Teachers using end-of-course competency results, etc.

In addition, the CTE coordinator provided assistance to 6 school districts through the O.U.R. Education Cooperative Carl D. Perkins Consortium. Those districts are Alpena, Bergman, Deer/Mt. Judea, Jasper, Lead Hill, and Valley Springs. For those districts, the CTE coordinator prepared the Annual Application and submitted to ADCE, managed the budget of \$58,225, completed on-site visits to each site, submitted Completer & Placement Reports along with seven amendments for the consortium to ACE.

Major Highlights of the Year:

CTE Coordinator with a committee planned and held the second CTE Regional Partnership Council Summit. The Harrison CTE Television Students recorded the summit and interviewed participants. There were over 240 people in attendance representing Secondary, Postsecondary, Business & Industry, Arkansas Department of Career Education, Arkansas Department of Workforce Services, Arkansas Department of Education and Legislators.

As an O.U.R. LDC Team Trainer along with Literacy and Science trainers, the CTE Coordinator provided LDC Training to Bergman, Searcy County & Valley Springs.

The CTE Coordinator served on the Northark Regional Workforce Planning Grant Committee and toured model programs in Salt Lake City, Utah and in Wisconsin. The CTE Coordinator has participated in Carroll County Collaborative (C3) Meetings focused on workforce development involving the secondary partners: Eureka Springs, Berryville and Green Forest. As part of this work, the CTE Coordinator toured with representatives from Berryville City, Tysons in Green Forest, and Workforce Center in Harrison the Green Bay Packaging Training Center in Morrilton, AR.

Personnel

Billy Harris	Copier Technician	
Steve Sooter	Copier Technician	

Goal

To provide an affordable alternative to school districts for copiers and copy costs.

Program Summary

The O.U.R. Education Cooperative repair service was initiated in May 1988 to provide an alternative to the high cost of office machine repair. The necessity for efficient fiscal management of limited resources makes this program particularly important. The copier department provides repair services for Toshiba copiers. Repair now includes support for technology planning and purchasing of digital copiers/printer as well as printer cartridges.

The influx of copiers throughout the cooperative area has dictated that separate copier contracts be initiated for each district. Copier contracts currently cover copiers ranging from small personal copiers to the large high volume 85 copies per minute console machines as well as a full line of digital machines. This service alone affects a significant savings to most schools when compared to commercial maintenance agreements

Major Highlights of the Year:

The expertise and experience of the staff members from this department has enabled the cooperative to serve the diverse needs of member school districts in a timely, cost effective manner.

Goal

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

PROGRAM SUMMARY:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those

mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013. www.virtualarkansas.org

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning.

www.teamdigital.org

ARMOODLE:

Arkansas MOODLE is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- Hired and trained three Distance Learning Support Specialists that support Virtual Arkansas, Arkansas MOODLE, and Arkansas Education Service Cooperatives.
- Implemented Content-Only Services for Schools through Virtual Arkansas.
- Trained schools in the new Virtual Arkansas Registration System
- Virtual Arkansas named by the Governor to provide computer science courses free of charge to public school districts.
- Cooperatives hosted digital learning consultations for schools that were interested in offering more digital opportunities
- Transitioned and implemented ZOOM technology to replace CIV state-wide.
- Trained content specialists on ZOOM and implementing blended professional development

Personnel

Richard Nance	Director	BSE,MSE
Christy Norton	Business Manager	
Alecia Sooter	Administrative Secretary	

Program Summary

The director has general supervisory responsibility for all cooperative programs. He is responsible to the governing board for recommendations on personnel, programs, and operations. He is specifically charged with leading the cooperative staff to accomplish program goals and to meet the program and service expectations of all funding agencies and stakeholders. He serves as a liaison for member districts to the Department of Education, the State Board of Education, the legislature, and other policy making agencies.

Both the director and business manager are bonded representatives with fiduciary responsibility for receiving and expending all funds. Because the Arkansas Public School Network (APSCN) accounting system is required of all state education agencies and because that system loosely fits such agencies as cooperatives where funding comes from many and varied sources, the bookkeeping procedures are complicated. The result is that much attention is paid to internal fiscal control. Each cooperative program coordinator is responsible for that program budget and is required to maintain a program account consistent with the APSCN coding procedures established by the central office and to work closely with the director and business manager in all fiscal decisions.

Goal

The OUR Cooperative ABC Preschool Program goal is to provide quality preschool services to 313 children ages 3,4,and 5 years of age in 10 school districts.

Program Summary

Funding for these preschool programs is obtained through the Arkansas Better Chance and Arkansas Better Chance for School Success grant in the amount of \$1,715,580.00.

Each ABC classroom provides students with a low teacher/child ratio of 1:10, an Arkansas Licensed P-4 teacher, a paraprofessional with a CDA and an early childhood curriculum approved by the state. Each classroom is quality approved and provides a developmentally appropriate environment to ensure that all children have the opportunity to thrive. ABC staff work closely with the public school staff to ensure that the children and their families have a smooth transition to public school kindergarten. Parent meetings are held monthly to provide parents information on topics of interest to them such as parenting skills, literacy, discipline, nutrition, school readiness, etc...

Major Highlights of the Year:

- * All ABC classrooms received a 3 star rating in Arkansas's Better Beginnings Quality Rating Scale
- * ABC Classrooms passed Arkansas Better Chance Compliance Review
- * New Curriculum correlated with Common Core Standards implemented.

Goal

It is the goal of the Early Childhood program to address the needs of children with disabilities through speech therapy, occupational therapy, physical therapy, behavior intervention, and teacher facilitated instruction.

Program Summary

The O.U.R. Educational Cooperative's Early Childhood Special Education Program provides a number of free services for preschool children ranging between three and five years of age. In addition to the thirteen districts that we serve within our service cooperative area we also serve the Mountain Home School District. For the 2015-2016 school year we served 211 special needs children and screened 1012 children for possible delays.

The services that we provide include: Speech evaluations/therapy, developmental evaluations/therapy, occupational therapy, physical therapy, behavior services, and preschool services. The Early childhood Special education staff is

available to provide screenings to all three, four, and five year old children at no cost to the family. These screenings indicate which children may be eligible for additional evaluations.

The Early Childhood Special Education Program operates two preschool classrooms, one in Harrison and one in Mountain Home. These preschool classrooms provide services to children with special needs in an integrated setting with typically developing students.

The Early Childhood Special Education program utilizes five classroom teachers, six speech pathologists, one speech assistant, seven developmental therapists, one behavior specialist, one administrative secretary, one program coordinator, and a host of private service providers to carry out the prescribed services.

This program receives funding from a variety of sources. Included in our funding sources are local dollars, state funding, VI-B funding, Medicaid, ARMAC, and tuition income. The revenue from these funding sources for the 2015-2016 school year totaled \$899,103.62

Including Major Highlights of the Year:

The O.U.R. Cooperative Gifted Specialist provided assistance to member districts through: quarterly gifted coordinator meetings, providing onsite pre-monitoring visits, updating curriculum, providing a library of resources, and providing appropriate staff development including higher order thinking, differentiation, TESS training on the gifted coordinator rubric, PGP support, , documentation of meeting standards, program evaluations, technology, etc. Trainings were also facilitated for area districts in the areas of Advanced Placement and Pre-Advanced Placement. An annual site visit to the Arkansas Governor's School is also facilitated by the gifted specialists for local coordinators. The OUR Gifted Specialist serves on state boards such as AAGEA and AGATE. For 2015-16, the OUR Gifted Specialist serves as the Past-President and legislative chairperson of AAGEA and the Educational Chair and Conference committee for AGATE. Both of these organizations focus on the needs of gifted students statewide. The gifted specialist also was asked to serve on the National Association for Gifted Children Legislative and Advocacy Committee. Several student opportunities were hosted by the OUR Gifted Specialist for the 2015-16 year including Chess Tournament, Primary Level Quiz Bowl, Middle School Quiz Bowl, Middle Level Invention Convention, Design and Build Competition at the Math Carnival, and support of state secondary competitions for upper level students. The Gifted Specialist at OUR also serves as a trainer for Teacher Mentor Training, Teacher Evaluation Training, and PGP training. This year collaboration between the gifted specialist and science specialist resulted in the reward of an AEGIS Grant that has made possible a state-wide summer gifted enrichment opportunity hosted by OUR Cooperative for students - Project CAVES.

Dedra Williams	Home-Based Educator	BSE

Program Summary

HIPPY is the Home Instruction for Parents of Preschool Youngsters Program. Hippy is a home-based, family focused program that helps parents provide educational enrichment for their preschool child. Believing that parents play a critical role in their children's education, the HIPPY program seeks to support parents in preparing their children for school success. HIPPY is designed for parents. It gives parents the tools and support they need to help their children learn in their own homes. HIPPY is about children who enter kindergarten ready to succeed with parents ready to support them throughout their educational careers.

Major Highlights of the Year:

In 2015-2016 HIPPY was available to families in Baxter (Cotter School District and Mtn. Home School District), Boone, Carroll, Marion, Newton, and Searcy Counties. Approximately 220 families participated in the program. The total budget was \$521,660.00.

Personnel

Donnie Lee	iTunesU Coordinator	AAS

Goal

The goal of the iTunes U grant is the development of a statewide system for the creation, distribution, and use of digital content via Apple's iTunes U platform. Although the resources of this site are available to the general public, its content is targeted toward Arkansas students and educators. See <http://arkansasitunesu.com>.

Program Summary

This program staffs one full-time state coordinator, Donnie Lee. Donnie was hired by O.U.R. to oversee the continued development of the iTunes U program. Donnie took over for Shelley Dirst in September, 2014. Her work included establishing a vision for the program, setting criteria and processes for submission, branding and marketing the program to schools and co-ops, identifying content providers, preparing and organizing educational content, and organizing initiatives to spur additional contributions and users. Continuity and growth were the focus of work the following years, creating resources to assist educators in learning to use digital media and contribute to iTunes U. When the original three-year grant (\$375,000) was concluded, a grant of \$148,000 was awarded to fund the 2012-2014 years. There are sufficient funds in remaining in the Arkansas on iTunes U budget to fund Donnie's position for the 2015-2016 school year, including the purchase of courses and collections from approved course creators. The funding for 2016-2017 has yet to be determined but the program has been approved to continue as before pending a final decision on funding.

Major Highlights of the Year (2015-2016):

Website: Managed the new website (<http://arkansasitunesu.com>) throughout the school year keeping it updated with new information.

Digital Learning Day: Led state efforts, planning, recording and creating video for the live stream event (March 30), organizing school panelists, social media outreach, and collecting artifacts for the Digital Learning Showcase.

ADE / iTunes U Communications Plan: Developed internal and external workflows in conjunction with new Communications Director at ADE.

Teacher Contracts: Continued program to offer competitive contracts to create educational media for iTunes U.

ASMSA: Working with the Arkansas School of Math, Sciences and Arts in order to create digital learning courses and videos in iTunes U.

Personnel

Merica Howie	Literacy Specialist	M.Ed./BA
Pattie Wheeler	Literacy Specialist	M.Ed./BS

Program Summary

The mission of the literacy program is to develop, support, and promote effective instructional practices through a network of professional development and technical assistance to teachers, administrators, and parents. The goals of the program are to assist schools with meeting state standards at all levels and to develop effective K-12 literacy programs that encourage maximum achievement for all students. These goals are accomplished through professional development and consultation with teachers and instructional facilitators. Intensive summer trainings are conducted for literacy and content area teachers with follow-up sessions and support for implementation during the year. Special projects and grant programs are cooperatively conducted with the Arkansas Department of Education, such as:

Comprehensive Literacy for Grades K-1, 2-3, 4-5, 6-8

Comprehensive Literacy focuses on a flexible model for reading, writing, and language instruction. This model allows for differentiation of core instruction, assessment, targeted intervention, and extension within whole group, small group, and individual learning configurations. After attending the initial overview and assessment module, teachers may select any or all of the modules on specific topics. Modules target specific grade levels to provide seamless professional development along the continuum from kindergarten to college and career readiness and provide support for teachers in implementation of the Arkansas literacy standards.

Literacy Design Collaborative (LDC) for Grades K-12

Literacy Design Collaborative offers teachers, instructional facilitators, and leaders an instructional design system and support tools for developing students' literacy skills across the disciplines. LDC empowers teachers to build students' disciplinary knowledge through meaningful reading and writing assignments that are aligned to both the Common Core Standards and the Arkansas Curriculum Frameworks. Schools select a team of teachers to attend. Support is provided through face to face training, online coursework, school site visits, and online feedback.

Targeted Literacy Topics

Training is available to support schools with implementation of state standards on specific topics by grade level (see table below).

Targeted literacy topics are professional learning opportunities focused on big shifts in instruction under the State Standards for English Language Arts/Literacy and other literacy topics of high interest to Arkansas educators.												
Targeted Literacy Topics by Grade Level												
K	1	2	3	4	5	6	7	8	9	10	11	12
DIBELS/DIBELS Next: Data-Based Decision Making												
Foundational Skills												
Phonics and Structural Analysis												
		Text Complexity				Text Complexity						
			Close Reading			Close Reading						
Text Dependent Questions			Text Dependent Questions			Text Dependent Questions						
Vocabulary				Vocabulary		Vocabulary						
						Argumentative Writing		Argumentative Writing				
Informative/Explanatory Writing			Informative/Explanatory Writing			Informative/Explanatory Writing						
Short and Sustained Research						Short and Sustained Research						
				Disciplinary Literacy in Science		Disciplinary Literacy in Science						
						Disciplinary Literacy in History/Social Science						

Instructional Facilitation K-12

The instructional facilitation program provides ongoing training and assistance to districts with instructional facilitators. Monthly professional learning and book study meetings are organized and conducted based on a needs assessment survey and goals of the participating members. Site-based training is based on the latest research in instructional coaching including the work of Stephen Barkley, Jim Knight, Diane Sweeney, and Cindy Harrison.

School Improvement Support K-12

Literacy specialists are available to assist in the school improvement process. Support might include meeting with the school support team, revision and implementation of the professional development plan, data analysis, and other targeted support as needed.

School-Based Training (upon request)

Literacy Specialists are available for assistance to individual schools, including customized professional development sessions, classroom support and demonstrations, data-driven instructional planning or other services as needed.

Program Mathematics

Personnel

Shane Flud	Math Specialist	MSE/BSE

Goal

Support and base decisions on the K-12 Standards set forth by and outlined in the Arkansas Curriculum Standards, Collaborate with and/or provide technical assistance to District Leadership Teams, giving priority to districts in School Improvement in the form of:

- Supporting the School Improvement Process
- Leading District Leadership Teams in the Root-Cause Analysis process
- Analyzing data (Student Achievement, School Process, Perceptual, and Demographic)
- Planning for and providing Professional Development
- Monitoring and Planning for Core Instruction
- Providing Instructional Coaching and/or Assisting District Instructional Coaches
- Using CWT or District Observation Protocols
- Collecting and analyzing data from CWTs and SAIs with District Leadership Teams
- Identifying, Implementing, Monitoring and Reflecting on the District's plan of action

Collaborate with the Arkansas Department of Education during Unit meetings, Regional meetings, and other opportunities as they arise

Collaborate with the University of Arkansas Center for Math and Science Education STEM personnel in preparing professional development and supporting OUR Cooperative school districts

Support, empower, and build capacity with District Leaders and Instructional Coaches through the use of Diane Sweeney's coaching philosophy

Provide quality professional development in Mathematics to teachers, Instructional Coaches, and Administrators as they transition to the Arkansas Curriculum Standards

Continue Leadership Training in Cognitively Guided Instruction (TOT) through the Arkansas Department of Education (I currently became a CGI Year #3 Trainer.)

Continue Leadership Training in Arkansas Moodle to expand high quality online professional development

Promote Arkansas IDEAS and Arkansas iTunesU to District Leaders, Instructional Coaches, teachers, and other support staff throughout the OUR Cooperative area.

Make the OUR Cooperative Math Carnival a very successful event for our 3rd-8th grade math students (We are the only cooperative in the state that has this academic event.)

Educate more schools about the BOSS simulation opportunity so that this opportunity will spread to more schools in the state of Arkansas.

Program Summary

OUR Cooperative, in partnership with the Arkansas Department of Education, administers the Mathematics' Program for grades K-12, established by ACT 1392 of 1999 for the improvement of mathematics' instruction throughout Arkansas. Assistance is provided to schools through professional learning programs, demonstration lessons, teacher observations, technical assistance, and teacher/administrator conferences in order to improve the teaching and learning of mathematics through increased content understanding and improved instructional strategies across the curriculum. Professional learning opportunities offered in 2015-2016 included:

Cognitively Guided Instruction (CGI): This statewide initiative utilizes a research-based framework designed around how elementary school children learn concepts of number, operations, and early Algebra. The goal of this training is for teachers to learn how to utilize this framework to inform their mathematics instruction. Teachers learn to analyze and write mathematically demanding story problems and number sentences in order to assess and further students' understanding of concepts and skills. Attention is also focused on how to recognize student responses in terms of cognitive development, facilitate discussions that will provide a window into children's thinking, strengthen children's ability to reason about arithmetic, and build students' capacity for algebraic reasoning.

Extending Children's Mathematics (ECM): This statewide initiative utilizes a research-based framework designed around how elementary school children learn concepts of number and operations including fraction development. The goal of this training is for teachers to learn how to utilize this framework to inform their mathematics instruction. Teachers learn to analyze and write mathematically demanding story problems and number sentences in order to assess and further students' understanding of concepts and skills. Attention is also focused on how to recognize student responses in terms of cognitive development, facilitate discussions that will provide a window into children's thinking, strengthen children's ability to reason about arithmetic, and build students' capacity for algebraic reasoning.

Mathematics Collaborative Design (MDC): is a professional development opportunity offered by the Arkansas Department of Education, Arkansas Department of Career Education, education service cooperatives, and the university STEM centers. It focuses on providing students with rigorous, engaging Mathematical learning experiences. It utilizes the Shell Centre's Math Formative Assessment Lessons (FALs) as a medium cycle Assessment for Learning.

Business Opportunities for Student Success (BOSS): Teachers and students learn about a business simulation to use within the classroom. This foundation management simulation gives a student or group of students an opportunity to compete with others worldwide for the successful operation of a business. Teams run a \$40 million company for eight years or eight rounds. Participants compete in the production of select products or services. The company operates in two market segments, within a growing industry. The simulation creates a corporate culture of strategic planning and decision making that continually evaluates the marketing mix. Competitors receive a financial report for study and analysis before making the next round of decisions. Six strategic decisions are required for each round of competition.

Unpacking Arkansas Curriculum Standards is a continually evolving professional development being designed to help districts understand the new Common Core State Standards and how they will impact mathematical teaching and learning in the classroom for both teachers and students.

Major Highlights of the Year:

The Mathematics Department has assisted schools in a variety of ways including:

Classroom Observations and Lesson Planning Support

Arkansas CGI Yr #1, CGI Yr #2, & CGI Yr#3 Trainer (8 year plus process to become a complete CGI trainer) Also, I am a member of the State of Arkansas CGI Leadership committee.

BOSS- This simulation is growing in the OUR Cooperative region and in the state. I actually zoomed with 2 groups of kids this year during the decision making process. Zoom was also used to allow a school that was over 2 hours away to present from their school on the BOSS presentation day. Zoom technology will be used even more in the future.

OUR 21th Annual Math Carnival was very successful. We had it at Cotter Public Schools again this year.

Cheria Lindsey	Community Health Nurse Specialist	BSN at UCA
Sarah Brisco	Community Health Promotion Specialist	Bachelor

Goal
 To provide area schools with assistance and resources that will improve student health.

Program Summary

Provide technical assistance to area schools to:

- Adopt tobacco-free policies and implement best practices for tobacco prevention and cessation.
- Adopt policies promoting and implementing best practices for nutrition, physical activity, Coordinated School •Health and emerging public health issues.
- Establish school wellness committees and fulfill state and federal mandates.
- Inform communities of school health issues and current public health policy.
- Provide parent education on health issue.

Provide Education and Training to:

- Certify school nurses to conduct mandated health screenings
- Provide school nurses with professional continued education related to school health.
- Inform schools and communities of school health resources, available trainings, and grant opportunities.
- Inform schools about the flu and vaccines available and their importance.
- Identify need school health related training for school personnel.
- Coordinate and provide school health trainings to school personnel and community members.

Personnel

Shelley Tomlinson	Science Specialist	Masters/Bachelors

Goal

Provide training in inquiry-based science, changes to science standards, teacher mentoring, model teaching, curriculum development and alignment, and techniques to prepare for transitions in science education and testing.

Program Summary

Provide training in inquiry-based science, changes to science standards, teacher mentoring, model teaching, curriculum development and alignment, and techniques to prepare for transitions in science education and testing.

Major Highlights of the Year:

Major highlights of the year included a variety of science professional development sessions conducted during the year that pertained to Arkansas's evolving science standards. Sessions were offered last summer and throughout the year that involved teachers participating in cadres that met 4-6 times throughout the year and allowed teachers an opportunity to learn new strategies, implement them in their classrooms, and reflect on the results with teachers from other schools.

Another highlight of the year was a summer camp for area students and teachers that was a result of partnerships with the National Park Service and Arkansas Game and Fish Commission and that focused on water quality in area waterways. In addition, through collaboration between the gifted specialist and science specialist resulted in the reward of an AEGIS Grant that has made possible a state-wide summer gifted enrichment opportunity hosted by OUR Cooperative for students – Project CAVES.

The year has also been filled with classroom visits and providing professional trainings related to the Literacy Design Collaborative, as well as the creation of professional development for the summer of 2016 and preparations for the 2016 science fair.

Personnel

Lesa Rogers	Special Education Supervisor	MSE+30
Lesa Barksdale	Special Education Supervisor	MSE+15
Gwen Benton	Special Education Supervisor (ALCP)	MSE+21

Goal

Supervise, plan, and maintain compliance in special education programs for assigned districts.

Program Summary

Special Education Supervisors provide services to districts in areas relating to special education. Such services include preparation for Arkansas Department of Education monitoring and reporting; budget planning, preparation, and amendments; preparation of purchase service contracts; coordination of interagency resources like vision, hearing, behavior, and transition consultants; coordination of psychological testing; technical assistance with due process; professional development for administrators, regular education, and special education staff; child find activities; advisory assistance in parent conferences; and consultation for student specific difficulties, as well as classroom curriculum, materials, and methods.

Lesa Rogers: Deer/Mt. Judea, Valley Springs, Yellville Summit

Lesa Barksdale: Alpena, Bergman, Flippin, Jasper, Lead Hill

Gwen Benton: Cotter, Eureka Springs, Omaha, Ozark Mountain

Major Program Highlights:

All compliance areas were met, budget and reporting mandates were completed in a timely manner, and districts maintained necessary programs and procedures to ensure the needs of students are being met. Professional development in areas of disability, special education law, assessment, teaching/therapy strategies, behavior, due process, and others were offered to special education teachers, general education teachers, administrators, and paraprofessionals.

Personnel

Paul Johnston	ADE Transition Consultant	MM, BSE, AAS
----------------------	----------------------------------	---------------------

Goal

To provide district, regional, and state-wide trainings throughout the year to prepare teachers to help Special Education students reach their post school goals as stated on their Transition Plans per their IEP. To provide consults with participating districts to assist students, parents, and teachers in assisting students to reach their post school goals. To develop and facilitate local Transition Teams for school districts. To assist LEAs in folder reviews to ensure Transition Plans on the IEP are accurate and help students to reach their post school goals.

Program Summary

Arkansas Transition Services is a small, hardworking consultant group which serves Arkansas school districts in affiliation with the Arkansas Department of Education, Special Education Unit. Although each transition consultant serves different parts of the state, we work as one unit to provide the best technical assistance and training opportunities for transitioning students in special education to life after high school. Arkansas Transition Services serves all 75 counties in Arkansas in an effort to improve transition outcomes for students with disabilities. Our mission is to effectively assist students with disabilities, educators, parents, agency personnel and community members in preparing students to transition from school to adult life and reach positive post-school outcomes. We provide technical assistance, trainings and consultations to special education teachers and other relevant staff, as well as to various agency personnel. Our services are provided at no cost.

MAJOR HIGHLIGHTS OF THE YEAR:

- Offered YIPPIE, Transition Planning Toolkit and Considering Post-Secondary Options in Middle School trainings at WAESC for 20 attendees. *
- Provided direct Technical Assistance /Training/Consultation to 10 districts in the NWAESC area.
- Provided direct Technical Assistance/Training/Consultation to 5 districts in the WAESC area.
- Provided direct Technical Assistance/Training/Consultation to 6 districts in the OUR area.
- Provided state-wide trainings: Person Centered Planning, Transition Class-Getting Started, and Transition Class-Getting the Job for over 100 attendees.
- Provided 2 Transition Cadres for transition teams from across the state focusing on specific areas of Transition for 100+ attendees.
- Presented to Arkansas Council on Exceptional Children state conference: Transition Toolkit Lite to 20 attendees.
- Presented at Rogers High School's first Transition Orientation night.
- Presented to Mountainburg Transition Class students on importance of attending IEP meetings and Transition.

- Program chair for the Arkansas Interagency Transition Partnership.
- Served on Fort Smith area CASSP team.
- Regularly attend area Special Education Supervisor meetings.
- Direct assistance to 3 Transition Teams: Springdale, Greenwood, OUR Coop
- Worked with Springdale to hold a Transition Fair in November for 200+ students.
- Had successful third year of Project Search with Fayetteville Public Schools, Life Styles, and Washington Regional Medical Center.
- Participated in DEI Youth Leadership Conference held at Bentonville.
- Presented at Bentonville High School's first Transition Fair.
- AITP Summer Connections event for 50+ attendees.
- Attended NSTTAC State Capacity Building Institute as part of Arkansas Team to work on State Transition Planning for the next year.
- College Bound Arkansas – June 2014 – 20+ students.
- Present at Family Leadership Training for Arkansas Governor's Developmental Disability Council at Jones Center in Springdale – 25+ attendees.
- 2 more Transition videos completed and made available on iTunesU and YouTube.

* Summer training numbers are down due to Federal Grant Cuts. Consultant contracts were cut from 240 to 220 days which made summer training opportunities unavailable.

Personnel

Nila Booth		MS-CCC SLP
D'Lorah Dunlap		MS-CCC SLP
Sandra Holt		MS-CCC SLP
Sandra Trammell		SLP-A
Kate Murphy		MS-CCC, SLP, CF

Goal

Provide participating districts with evaluation, consultation, and individualized intervention services for students with communication disorders which impede acquisition of basic educational skills. These disorders are in the general classifications of articulation, fluency, voice, and language.

Program Summary

Speech language services include screening, evaluation, diagnosis, and treatment of speech (articulation, fluency, voice, augmentative communications); language (receptive, expressive); and related skills (chewing, sucking, swallowing, control of oral mechanism, cognitive skills). Therapists are also responsible for report writing, completion of due process paperwork, parent conferences, teacher consultations, and Medicaid or private insurance billing.

Nila Booth: Cotter and Alpena

D'Lorah Dunlap: Jasper

Sandra Holt: Deer/Mt. Judea, Ozark Mountain, Yellville

Sandra Trammell: Ozark Mountain, Yellville

Kate Murphy: Omaha, Lead Hill

Major Program Highlights:

All compliance areas were met, therapy reports and due process requirements were completed in a timely manner, and Speech Language Pathologists maintained necessary programs and procedures to ensure the needs of students with Speech Language Impairments or other special needs are being met.

Personnel

Kim Fowler	TCC/Asst. Director	Ed.D/MSE/BS
Phil Winkle	Technology Assistant	BA

Goal

To align professional development services with district and school needs to build capacity of all adult learners in order to provide a world class education system which graduates students who are college and career ready.

To provide adult learners with content knowledge and research-based instructional strategies to assist students in meeting rigorous academic standards and prepare adult learners to use various types of assessment results appropriately.

To improve the learning of all students by providing resources to support adult learning and collaboration.

To provide curriculum development assistance as schools transition from frameworks to CCSS.

To support school improvement initiatives generated by the ADE and enhance program integration through effective communication and technical support.

Program Summary

PD opportunities target the focus areas as outlined by the ADE, and PD sessions are offered to meet the requirements of law regarding the required hours of PD, as well as meeting the needs of schools based upon needs assessment survey results and input from the 16 districts served. The Teacher Center Coordinator has the primary responsibility for reviewing, along with the Teacher Center Committee, the data sets from the districts in planning PD to meet the major needs of the districts. Four high schools and one elementary school were required to participate in focus improvement plans this year.

Major Highlights of the Year:

The Teacher Center Coordinator has continued to support districts in the implementation of standards. Another focus has been the support of district personnel in the administration of ACT Aspire online testing. Numerous sessions have been held to support the implementation of Response-to-Intervention (RTI which has been an area of major emphasis from ADE this year). Supports to administrators and teachers have been provided throughout the year to support the continuing implementation of TESS and LEADS and the use of BloomBoard to support this work. The Teacher Center Coordinator has served as President of the Arkansas Association of Curriculum and Instruction Administrators during the 2015-16 year.

☒ Cotter ☒ Green Forest ☒ Omaha ☒ Yellville-Summit

Personnel

Nathan Cline	Technology Coordinator	Bachelors
Phil Winkle	Technology Assistant	BA

Goal

The goal of the OUR Technology Center is to provide quality support for the facility and staff of the OUR Educational Co-op as well as Co-op area schools. This support is necessary due to the ever-changing infrastructure and technology required for true technology integration in the classroom.

Program Summary

The Ozarks Unlimited Resources Educational Services Cooperative Technology Center Coordinator is funded by a \$75,000.00 competitive grant issued by the Arkansas Department of Education.

The Technology Center Coordinator fills many roles at the OUR Co-op.
 These roles have changed a great deal over the last several years.

The role of the TCC started out with a real emphasis on aiding and doing network and computer repair at the participating districts. The complexity of networks and sheer quantity of computers added to each campus has required the districts to hire school level technology coordinators. These school technology coordinators handle most of the computer repair and network diagnostics at the campus level.

The co-op TCC roles have shifted to more directly impact student learning.
 There are five major roles and many minor roles that the co-op TCC currently fills in order to keep the OUR Educational Co-op's day-to-day operations running smoothly.

First is the role of coordinating and providing professional development for classroom teachers and administrators in the areas of integrating technology into the classroom. The 2015-2016 school year saw more than 15 technology integration trainings offered during the summer. The OUR TCC provides technology support for all of the trainings and sessions that take place at the Co-op. The TCC also provides technical and software training as needed to OUR Co-op staff members.

Second and closely aligned with coordinating PD is maintaining appropriate training facilities at the OUR Co-op. The co-op TCC maintains two 24-seat computer labs. One is made up of iMac computers that are capable of running the most up to date software. The iMacs have Intel based processors, which allow them to run both Windows and Mac software effectively having two labs in one. The other is made up of HP All-in-One Touchscreens running Windows 10. The co-op TCC also maintains two mobile laptop labs made up of 40 laptops that can be used in any room in the co-op. The co-op TCC also maintains a cart of iPads that can be used in any room in the co-op.

Third, the co-op TCC maintains the complex network infrastructure that allows all of the content specialists to provide current professional development to area teachers while seamlessly integrating technology such as interactive whiteboards, personal devices (such as tablets and handhelds) and current Web2.0 content and tools. In addition the TCC is responsible for maintaining computers, printers, projectors and other devices too numerous to mention.

Fourth, the TCC is a liaison between the Arkansas Department of Education (ADE) and the Department of Information Services (DIS) and local schools and local technology coordinators. The TCC attends monthly meetings at the state level with other co-op TCCs from around the state with representatives from ADE, DIS and other state departments in order to stay abreast of the latest in order to pass this information on to the OUR Co-op staff and or the local school district personnel. The co-op TCC holds semimonthly meetings for the local school technology coordinators in order to make sure that they are aware and onboard with ADE initiatives such as Common Core Standards. The TCC coordinates and or provides local trainings for the school TCs to help make sure that they remain up to speed with the latest technology and requirements from DIS.

Fifth, the OUR TCC handles all of the E-rate applications that allow significant discounts to telephone, communication and internet connectivity allowing those dollars to be better spent elsewhere. The TCC heads up all the committees that create and plan the state required Technology Plan. The TCC plays an active and significant role on the Continuity of Operations Plan to make sure the co-op is always prepared in case of a disaster. The TCC coordinates with participating schools and has created an online accessible server to house off-site backups that are required for state approved disaster recovery plans.

The OUR Co-op TCC also has a key role in supporting other ADE initiatives such as Common Core State Standards, iTunes U, Arkansas Digital Sandbox, Arkansas Ideas, My Events, Arkansas Traveler, Thinkfinity, and many others as they become available.

Major Highlights of the Year:

Major highlights include assisting with the logistics of preparing schools for the rollout of the Common Core State Standards, helping schools prepare for the ACT-Aspire testing by performing site visits to most districts participating in the ACT-Aspire online testing, continued support of Arkansas Ideas / My Events, assistance with outreach and publicity of Arkansas on iTunes U, implementation and training on Arkansas Digital Sandbox and of course the many summer workshops provided that impacted more than 300 classroom teachers that in turn directly impact kids in the classroom.

SPECIAL PROJECTS AND PROGRAMS

FUNDING SOURCE: Arkansas Department of Education

RESTRICTED ☒

NON-RESTRICTED ☐

Detailed below are descriptions of special projects or programs in which state funding provided services regionally or statewide-giving opportunity for this cooperative to participate, although the cooperatives serving as fiscal agents for the projects varied.

Program Name: Arkansas Leader Excellence and Support Development System (LEADS)

Competitive Grant Yes ☐ No ☒

Goals and Description: The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being piloted). Trainings for the LEADS program throughout the 2015-2016 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of BloomBoard for evaluation and artifacts, and other support, as needed in individual cooperatives.

Program Name: ACT Aspire Online Testing

Competitive Grant Yes ☐ No ☒

Goals and Description: OUR Cooperative staff, including the technology coordinator and the teacher center coordinator, has provided support to district testing and technology personnel as preparations were made to implement ACT Aspire. Support included onsite visits within districts to aid in preparing technology infrastructure, multiple training opportunities for ACT Aspire updates and assistance with preparation, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, the cooperative technology coordinator provided ongoing assistance through emails and phone conversations as problems and questions arose in districts.

The O.U.R. Education Cooperative also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

The Cooperative also provided support to classroom teachers and instructional leaders to ensure that the Common Core State Standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative literacy and math specialists provided face-to-face trainings on ACT Aspire resources that are available and how these could be utilized to strengthen the classroom teachers understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

Program Name: *EtherScope Project*

Competitive Grant Yes ☐ No ☒

Goals and Description: In an effort to assist schools in preparation for online Common Core State Standards testing in 2014-15, ADE awarded a grant to the Co-ops for the purchase of EtherScopes. There were EtherScopes acquired for each cooperative. Our goal is to evaluate all of the schools in our cooperative to see if their networks are adequate for the technology demands of the online assessments. The EtherScope can also be used to detect issues with system networks. When we visit each school, we save reports from the EtherScope for evaluation purposes and share results with the school technology coordinator.

Program Name: *CGI-Cognitively Guided Instruction*

Competitive Grant Yes ☐ No ☒

Goals and Description: Cognitively Guided Instruction (CGI) is a teacher professional development program that has teachers exploring a framework for how elementary school children learn concepts of number operations and early algebra. This knowledge is used to drive instruction. Years 2 & 3 of this training builds upon the previous year's

training—resulting in a true, long-term sustained professional development program. What teachers learn in a CGI institute enhances how they implement any curriculum or resource materials into their daily classroom instruction.

Program Name: *Technology Infused Education (TIE) Project*

Competitive Grant Yes ☐ No ☒

Goals and Description: The purpose of the TIE project is to increase technology integration across the state of Arkansas. This program was originally funded when Southwest Arkansas Education Co-op wrote a comprehensive partnership EETT grant to develop a statewide professional development module system to embrace all forms of technology, meet the needs of teachers and administrators, and address State standards while enhancing instruction through integrated technology practices. The cooperatives and ADE have partnered to continue this funding. All education cooperatives across the state were offered the opportunity to train teachers from their area to become TIE Cadre members. There are currently approximately 120 TIE Cadre members impacting over 70 districts across the state. Cadre members have conducted over 450 workshops across the state on 78 different technology modules. The trainings have impacted over 5,000 teachers and administrators. The modules are all project based and have been developed by teachers. Modules include trainings on things such as Common Core State Standards, Blogs, Classroom Wikis, High Yield Strategies with Technology, Internet Safety, Podcasting and Video Editing. Modules are housed on the TIE website at <http://lms.swsc.k12.ar.us> By sharing these modules across the state, we are able to offer the same quality in technology trainings that we did not have before. The cadre members not only train for the education co-ops in the summer but are also able to help train in their buildings and districts. Module development and professional growth are the focus of cadre trainings.

Program Name: Teacher Excellence Support System (TESS)

Competitive Grant Yes ☐ No ☒

Goals and Description: The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hours Laws and Process training. The Arkansas Department of Education provided training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. Arkansas Department of Education in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2016-17 school year.

Program Name: Literacy Design Collaborative/Mathematics Design Collaborative (LDC/MDC)

Competitive Grant Yes ☐ No ☒

Goals and Description: The LDC/MDC is an on-going professional development process which consists of tasks aligned to the Common Core State Standards that target those skills needed in reading, writing, and mathematics. Formative assessment is used as a tool for monitoring what students are learning and identifying misunderstanding or skill weaknesses in students. These tasks work together to provide robust learning opportunities for students that are evaluated with a scoring rubric that helps educators across our state and nation calibrate high expectations. The LDC/MDC work is implemented in literacy, social studies/history, mathematics, science and career education classes for students in grades 9 and 10.

INTENTIONALY BLANK

Director's Remarks

Understanding that our today is their tomorrow prompts us here at South Central Service Cooperative (SCSC) to continually strive to support teachers. By doing so, we directly impact classroom instruction and, therefore, enrich and extend the classroom experience for ALL students. The SCSC staff strives to always put the students first. To do this, we work to serve all public school employees whether they are administrators, teachers, or classified staff.

Our mission states, "The mission of South Central Service Cooperative is to empower our schools and communities to meet their educational goals by striving toward strong academics, innovative strategies, and knowledge of skills necessary to impact effective citizenship and economic productivity." The central focus of SCSC's mission is students. It is our intent to keep students in the forefront of every service that we provide to our stakeholders.

To inform our public, the staff at SCSC researched and composed this annual report of services delivered to our schools during 2015-2016. This report will document services and products delivered by each department; it will also provide extensive financial information. The purpose of this report is to inform the Arkansas State Board of Education, participating school personnel, local district board members, area legislators, Arkansas Department of Education personnel, the Governor and his staff, and other interested parties about the services of the SCSC. We trust that by providing this information, we will make people aware of services that they may not use because of a lack of awareness of their availability. We also hope that those who utilize these services on a regular basis will be made aware of the depth of offerings, so they can utilize all that is available and also give us feedback on strengths and areas of concern.

The SCSC area includes 12 school districts in five counties; this equates to approximately 1,428 public school teachers and administrators and 17,236 students. Some services are provided to several private schools, home schools, etc. in the area in keeping with federal rules and regulations concerning federal funds also generated by those students.

A close working relationship has also been established between the co-op and SAU in Magnolia. SCSC works with the University of Central Arkansas with the SAU STEM Center, and the SAU Education Renewal Zone (ERZ) to offer Mathematics Frameworks instruction and Arkansas Frameworks Curriculum for Science instruction to teachers through a grant from the ADE. This grant is a Math/Science Partnership Grant. Currently, SCSC is partnering with these organizations to deliver math and science instruction to 84 teachers through the MSP K-4 grant and the MSP 5-8 grant.

The staff members of SCSC have carefully prepared this report in compliance with A.C.A. § 6-13-1020 which requires, "In an annual meeting of the board of directors, . . . the education service cooperatives shall report to their constituent school districts on the year's operation." This document represents a wide range of services and activities. Included below is a list of services jointly shared by our member districts and by some districts outside the SCSC boundaries; districts outside our co-op purchase their share of the services.

- Arkansas Better Chance Preschools (Total of 11)
- APSCN Student Support
- APSCN Financial Support
- Behavior Intervention Consultant for K-12
- CPR and AED Training and Materials Supply Service
- ECH Special Education Consortium
- Facilities Coordinator and Facilities Planning Services Consortium
- Gifted & Talented Coordinator
- Library Media Services & Materials
- Literacy Specialists
- Math Specialist
- Science Specialist
- Math, Science, Technology Consortium
- Professional Development Consortium
- Medicaid in the Schools
- School Community Health Nurse
- Community Health Promotion Specialist
- Regional Prevention Representative
- School Vision Equipment Repair Assistance
- Teacher Center
- Technology Coordinator & Services
- Technology Training Center
- Work Force Education Coordinator & Services

In 1985, four employees staffed the co-op; however, in 2015-16, there are 50 full-time employees and 15 part-time employees. SCSC hires, on a consultant basis, speech therapists, occupational therapists, physical therapists, psychological examiners, nurses, interpreters, etc. based on IEP specified needs for our 3-5 year-old students. Consultants are also employed to provide summer, after-school, and specific-topic workshops, classroom demonstrations, grant writing, etc. A revenue spreadsheet is included with this report that represents a five-year span of account revenues.

On January 13, 2011, SCSC moved into its new home at 2235 California Avenue. From a space standpoint, our old home had approximately 7,800 square feet of space compared to approximately 13,500 square feet in the new facility. The parking lot is a popular item at the new building. No longer do teachers have to park in the cemetery when the parking lot fills! We are very thankful for the partnership with Mayor Chris Claybaker and the City of Camden on this building.

Arkansas's new teacher evaluation (TESS) and its new administrator evaluation (LEADS) processes, the ACT Aspire, Dyslexia, and Response to Intervention (RtI) are huge endeavors for our schools in the coming years. SCSC is investing people, time, and money so our schools and students will be successful in these efforts. As our mission guides us, the staff at SCSC will strive to be service oriented, student centered, and proactive.

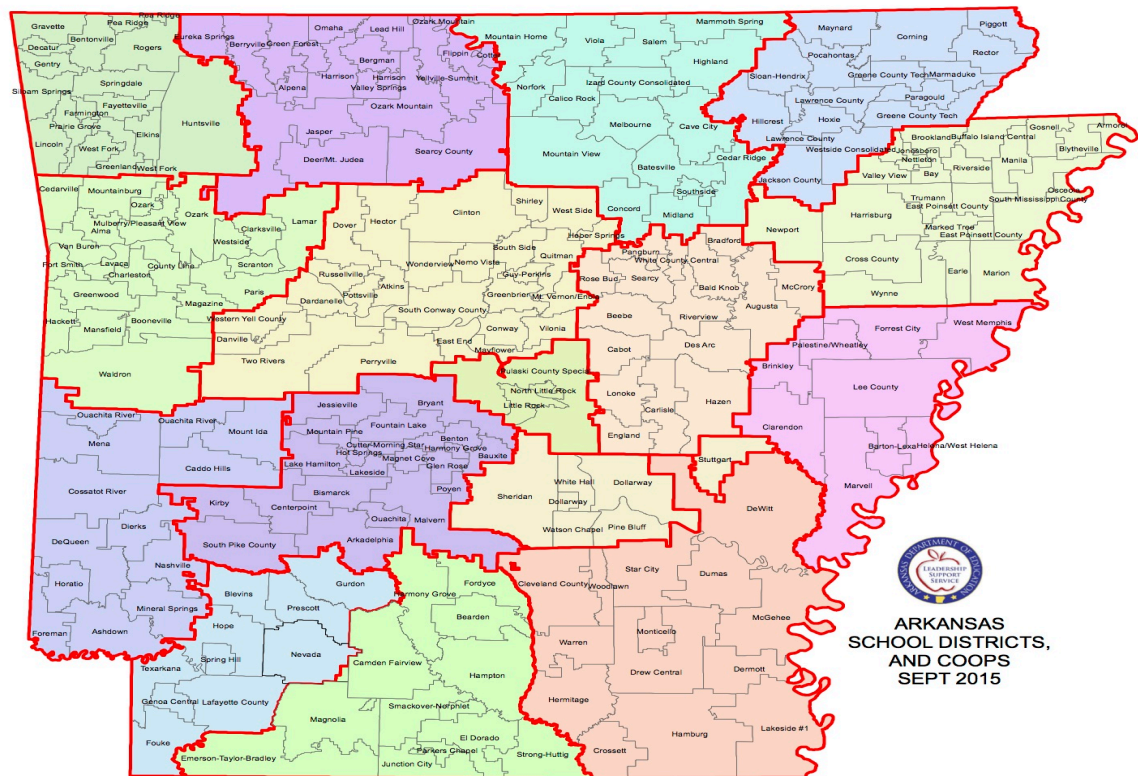

Marsha Daniels, Director

Mission Statement

“Our today is there tomorrow!”

The mission of South Central Service Cooperative is to empower our schools and communities to meet their educational goals by striving toward strong academics, innovative strategies, and knowledge of skills necessary to impact effective citizenship and economic productivity.

I. GOVERNANCE

A. How is the co-op governed?

Board of Directors ☒ or Executive Committee ☐

How many members on the Board? 12 Executive Committee

How many times did the Board meet? 12 Executive Committee

When is the regular meeting? Second Wednesday of the month.

Date of current year's annual meeting: June 2, 2016

B. Does the co-op have a Teacher Center Committee? YES ☒ NO ☐

If yes, then:

How many are on the Teacher Center Committee? 11

How many members are teachers? 8

How many times did the Teacher Center Committee meet? 3

When is the regular meeting? No regular meeting. Committee met 3 times:
September, January, and March

C. When was the most recent survey/needs assessment conducted? December 2015

- D. Have written policies been filed with the Arkansas Department of Education?
 YES ☒ NO ☐

II. STAFFING

Please list (or attach a list of) all staff members of the co-op (including those housed at the co-op and paid through other sources), their titles and the salary funding sources for the positions. Place an asterisk (*) beside those who are housed at the co-op only and whose salary does not flow through the co-op's budget. III. TEACHER CENTER

Please attach a list of all in-service training/staff development workshops offered through the co-op, including month offered, topic, number of districts participating, number of participants and location of workshops. Place an asterisk (*) beside those, which provided curriculum assistance. Include a cumulative total of participants. See attached form.

A. Does the co-op provide media services to schools? YES ☒ NO ☐

B. Approximate the number of titles in media center: 1,776

- C. Does the co-op provide delivery to the districts? YES ☒ NO ☐
- D. How many districts participate in the media program? 12
- E. How many titles (including duplicate counts) were provided to schools during this current year? 80
- F. Do districts contribute dollars to the media services? YES ☐ NO ☒
- G. How are media charges per district determined (formal or per ADM)?
Please describe: N/A
- H. Does the co-op operate a "make-and-take" center for teachers?
YES ☒ NO ☐
- I. How many visitors have come into the center? (Count all visitors who have visited the center, using duplicate counts for any visitors who have visited the center more than once).
Number of Teacher Participants: 388

IV. ADMINISTRATIVE SERVICES

Please check administrative services offered through the co-op:

- ☒ Cooperative purchasing
- ☒ Planning assistance
- ☒ Special education services
- ☒ Gifted and talented assistance
- ☒ Grant writing assistance
- ☒ Personnel application
- ☒ Evaluation procedures
- ☐ Migrant student Identification
- ☒ Bookkeeping assistance
- ☒ Technology training
- ☒ Curriculum alignment
- ☒ Business Management training

- ☒ Computer technician
- ☐ C.P.E.P. administration
- ☒ E-Rate applications
- ☒ Assessment data analysis
- ☒ Instructional facilitator training
- ☒ Math coaches training
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and local board members
- ☒ Home School Testing
- ☒ Vision and Hearing Equipment Maintenance and Repair
- ☒ Career and Technical
- ☒ K-12 Behavior Support Teacher Training
- ☒ Community Health Nurse to Support School Nurses
- ☒ Other (please specify)
Tobacco Cessation Programs
CPR & AED Training and Materials Supply Support

V. DIRECT SERVICES TO STUDENTS

Please check the student services provided through the co-op:

- ☒ Student assessment program
- ☒ Itinerant teachers – please list areas: Early Childhood & Special Education
- ☐ Music, art, speech pathology
- ☐ Occupational therapy, physical therapy
- ☐ Computer-assisted instruction

- ☒ Mentor programs: NTMP-Arkansas Novice Teacher Mentoring Program
- ☒ Gifted/talented programs: 12 participating districts
- ☒ Zoom instruction
- ☒ Speech therapist services to 3-5 year-old children
- ☒ Occupational and physical therapy services to 3-5 year-old children
- ☐ Low incidence handicapped
- ☒ Other (Please specify):
Early Childhood Special Education 3-5 years of age,
Nursing Services
Arkansas Better Chance
Science Fair Judging
Digital Day
Hour of Code
Quiz Bowl

VI. ANECDOTAL REPORTS

Please attach three or four descriptions of activities, which demonstrate partnerships, agreements or creative ways that the co-op has assisted local districts. The co-op personnel may write the reports, or local schools served by the co-op may write the descriptions. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

Name of Project/Program: **The South Arkansas Integrated Science & Mathematics Initiative, Year 3**

Program Summary:

In August 2015, South Central Service Cooperative partnered with Southern Arkansas University in Magnolia to conduct Year 3 of this multi-year science and mathematics teacher/training program. Grant writers were Dr. Roger Guevara, Director of SAU's Education Renewal Zone, and Tim Daniels, Retired Associate Professor of Biology and Biology Department Chair Person for SAU. The partnership was designed as a three-year training project for teachers of science and mathematics for grades three through eight. The content was focused on CCSS Mathematics and on NGSS (Next Generation Science Standards) and on Arkansas Science Frameworks for grades three through eight. Year one funding for this grant was \$220,507; year two funding was \$223,872; and year three funding was \$216,646.

The grant was designed with four specific goals in mind. These include:

- (1) To increase teacher content knowledge in science and in mathematics as measured by the Diagnostic Mathematics Assessments for Middle Level Teachers.
- (2) To increase teaching skills as measured through observations of classrooms using the Reformed Teacher Observation Protocol (RTOP).
- (3) To increase student academic performance as measured by the Arkansas Mathematics Benchmark exams for students of participating schools.
- (4) To create a high performance consortium among Southern Arkansas University, the SAU Education Renewal Zone, the University of Central Arkansas, South Central Service Cooperative and the 15 partnering school districts which include Ashdown, Camden Fairview, El Dorado, Emerson-Taylor-Bradley, Fouke, Genoa Central, Harmony Grove, Hope, Junction City, Lafayette County, Magnolia, Parkers Chapel, Pulaski County Special School, Smackover-Norphlet and Texarkana to address the implementation of the Common Core State Standards in Mathematics and the Arkansas State Science Frameworks in 3-8 classrooms across south Arkansas.

Name of Project/Program: The South Arkansas K-4 Science Initiative, Year 1

Program Summary:

In August 2015, South Central Service Cooperative partnered with Southern Arkansas University in Magnolia to conduct Year 1 of this multi-year science teacher training program. Grant writers were Dr. Roger Guevara, Director of SAU's Education Renewal Zone, and Tim Daniels, Retired Associate Professor of Biology and Biology Department Chair Person for SAU. The partnership was designed as a training project for teachers of science for grades K-4. The content was focused Next Generation Science Standards ("NGSS") for grades K-4. Year one funding for this grant was \$204,096.

The grant was designed with four specific goals in mind. These include:

- (1) To increase teacher content knowledge in science and in mathematics as measured by the Diagnostic Mathematics Assessments for Middle Level Teachers.
- (2) To increase teaching skills as measured through observations of classrooms using the Reformed Teacher Observation Protocol (RTOP).
- (3) To increase student academic performance as measured by the ACT Aspire starting with Grade 3 for students of participating schools.
- (4) To create a high performance consortium among Southern Arkansas University, the SAU Education Renewal Zone, the University of Central Arkansas, South Central Service Cooperative and the 11 partnering school districts which include Camden Fairview, El Dorado, Fouke, Genoa Central, Horatio, Lafayette County, Magnolia, Parkers Chapel, Prescott, Smackover-Norphlet and Texarkana to address the implementation of NGSS in grades K-4 classrooms across south Arkansas.

Name of Project/Program: Cooperative Purchasing**Program Summary:**

The South Central Service Cooperative (SCSC) has assisted its area schools in cooperative purchasing since the 1990's. The service was established to meet the schools' common needs to purchase products, equipment, and services at the lowest competitive prices to be aligned with the Arkansas bid laws. In addition to substantial financial savings, it affords the schools tremendous hours of time management. Schools may effectively and efficiently use the time savings on student achievement, teacher accountability, curriculum development, advanced technology, etc. We provide cooperative purchasing for copy paper, laminating film, diploma seals, and Staples Advantage, an online office supply company. Our original services were for copy paper and laminating film. Throughout the years, the Co-op acquired diploma seals, and Staples Advantage. The school completes an order form for copy paper, laminating film, and diploma seals. The paper will be delivered and invoiced to the individual schools. All laminating film is delivered to the Co-op in 1 bulk order. Mrs. Walker compiles and separates the schools' lamin orders for each individual school. Each school is invoiced, and the lamin is delivered to the school, or the school picks up its order at the Co-op. The diploma seals are managed the same way as the laminating film.

Staples Advantage is an online ordering system for office, computer, and janitorial supplies provided by a partnership through National Joint Powers Alliance (NJPA), a public purchasing agency. Each school has an individual account where the school can place orders, and the orders are delivered to the perspective schools. If the composite total of the sales from the schools and SCSC is in excess of \$75,000 within a given year, Staples Advantage pays SCSC a rebate check. The check is calculated from total actual sales less retail sales. A 1% rebate is applied with minimum sales at \$75,000; 2% with minimum sales at \$150,000; 3% with minimum sales at \$300,000; 4% with minimum sales at \$500,000 and 5% with minimum sales at \$750,000. The check is made payable to SCSC. Each school will get a check from the co-op for its sales percentage.

Name of Project/Program: Facilities Consortium**Program Summary:**

In 2002, the court case and the subsequent ruling in the Lake View School District versus the State of Arkansas resulted in the decision by the judge that the State of Arkansas was required to develop a system to ensure that its public school systems maintained a state of facilities equitability. As a result of this ruling, the Arkansas Division of Public Schools Academic Facilities and Transportation Division (ADPSAFT) was established.

In 2007, the South Central Service Cooperative hired its first facilities coordinator to assist schools with compliance in relation to the new laws, ADPSAFT Rules and Regulations, etc. The SCSC Facilities Coordinator, a former employee of ADPSAFT, possessed the skills, a Bachelor of Science degree from UALR in Construction Management, and the accompanying background and experience required to support our districts with these compliance issues and in serving as a liaison between our member districts and the ADPSAFT.

Since her initial hire date of September 4, 2007, Mrs. Wooldridge has participated in a facility planners' association to influence changes in the master plan partnership process. As such, she has served as an advocate for member districts who are a part of the SCSC Facilities Consortium.

In 2016, a total of 11 of the SCSC's 12 member schools plus 3 additional schools from the Southwest Co-Op area purchased memberships in the facilities consortium for the upcoming school year. For FY16, the revenue for the facilities consortium amounted to \$84,252. This service has provided a tremendous amount of support to district superintendents and to district facilities coordinators for a relatively small amount of money. The average cost for these services for 15 member districts in FY16 was \$6,480.93.

VII. EMPLOYMENT POLICIES AND PRACTICES

Act 610 of 1999 requires that each educational service cooperative report the following information:

EMPLOYED

Number of new males employed by the cooperative for the 2015-16 school year;
For this number, please provide the number in each of the following racial classifications:

0

White _____
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

Number of new females employed by the cooperative for the 2015-16 school year;
For this number, please provide the number in each of the following racial classifications:

8

White _4_
African American _4_
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

TERMINATED

Number of males terminated by the cooperative during the 2015-16 school year;
For this number, please provide the number in each of the following racial
classifications:

0

White _____
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

Number of females terminated by the cooperative during the 2015-16 school year;
For this number, please provide the number in each of the following racial
classifications:

5

White 3
African American 2
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

SEEKING EMPLOYMENT

Number of males seeking employment by the cooperative during the 2015-16 school
year; For this number, please provide the number in each of the following racial
classifications:

0

White _____
African American _____
Hispanic _____
Asian _____
American Indian/Alaskan Native _____

Number of females seeking employment by the cooperative during the 2015-16
school year; For this number, please provide the number in each of the following
racial classifications:

29

White 15
African American 10
Hispanic _____
Asian _____
American Indian/Alaskan Native _____
Unknown 4

Last Adoption: May 21, 2014; May 13, 2015

Supplemental Salary Schedule

FY 2015-2016

All employees that work 450 hours per semester or 900 hours per year are provided an additional \$600.00 to their salary for an insurance supplement. The \$600.00 is not reflected in any of the salaries or schedules listed in this document.

The Director's salary is negotiated.

The Facilities Coordinator's salary is determined yearly by a comparison study of other facilities coordinators' salaries in co-ops around the state. Leading indicators such as the consumer price index, availability of staff, and market value are used to determine salary.

The network engineer position is a part-time position. Currently, the salary is an hourly rate of pay and is determined yearly by a comparison study of other network engineers' salaries in co-ops and in school districts around the state with emphasis on those salaries of network engineers in this region of the state. Leading indicators such as availability of staff and market value are used to determine salary.

Substitutes are paid \$8.00 per hour.

Supplemental Pay for Additional Work or Duties:

Supplemental pay for additional work or duties is based on an increment or a fraction of an increment. One increment equals \$1,800.00. Supplemental pay is awarded by the Director based on duties assigned and on the availability of funds.

Teacher Center Coordinator:

The Teacher Center Coordinator's salary is based on an assigned multiplier. The director will assign a salary multiplier based on degrees, areas of license, and experience.

The Teacher Center Coordinator's salary is based on a multiplier assigned to the "Coordinator, Supervisor, Technology" column of the Licensed Employee Salary Schedule, and it is based on degrees, areas of licensing, and experience. Multipliers are as follows:

- 1.17 Masters level teaching license plus experience as a content specialist, i.e., math or literacy specialist.
- 1.21 Principal's license plus 5 or more years of building-level administrative experience and/or district-level curriculum specialist licensing.
- 1.25 1.21 credentials plus 8 or more years experience as a district-level curriculum specialist or coordinator or related P-12 field, i.e., cooperative experience.

Supplemental Salary Schedule (Cont'd)
FY 2015-2016

- 1.29 1.21 credentials plus District Administrator licensing.
- 1.33 P-12 District Administrator licensing plus Specialist Degree in Administration plus 8 or more years experience at district level or related experience.
- 1.37 P-12 District Administrator plus Doctoral Degree in related field with up to 5 years of district level or related experience
- 1.4 P-12 District Administrator licensing plus Doctoral Degree in related field plus 5 or more years experience in district-level administration or related experience.

Goal

The goal of the South Central Service Cooperative's ABC preschool program is to identify qualifying three to five year-old students and to provide safe, healthy, nurturing, age-appropriate experiences for preschool children in a developmentally appropriate setting.

Program Summary

The South Central Service Cooperative provided ABC preschool services to 217 students in six school districts in the cooperative area. The curriculum is aligned with the Arkansas Early Childhood Framework to promote student readiness upon entry into kindergarten. Students are presented hands-on activities using manipulatives and technology that, when coupled with teacher guidance, encourage social, adaptive, cognitive, language, and motor development. In order to be accepted into an ABC Preschool Program, the child must qualify under one or more of the following areas:

1. Income level as listed on the application form
2. Teenage parent
3. Low birth weight (under 5.5 pounds)
4. Parent without high school diploma or GED
5. History of abuse/neglect or drug/alcohol abuse
6. Disability under IDEA
7. Failed developmental screening
8. English as a second language

Major Highlights of the Year

The Arkansas Better Chance grant for the 2014-2015 year was successfully submitted and approved for 217 student slots located on seven sites in the Co-op service area. Six of the seven sites received an ECERS review during the school year. ECERS, the Early Childhood Environmental Rating Scale, is the evaluation instrument used by the Division to monitor state ABC programs. All six sites reviewed this year received passing scores.

Mac computers have been provided for each of our early childhood classrooms for students' use. Teachers have continued to create instructional podcasts or videos to encourage parent involvement and collaboration among the staff. Teachers have also incorporated the use of e-books and Explain Everything showcases into their instruction within their individual classrooms.

The application for participation in the Child and Adult Care Food Program was successfully completed. It was approved, and early childhood staff was trained in proper submission of required data.

The implementation of TESS with licensed early childhood staff occurred in 2014. The staff has received further training, developed Professional Growth Plans, created portfolios in BloomBoard, and were evaluated using the TESS model.

One of our early childhood education teachers and two of our early childhood students were showcased in a TICAL Conference demonstrating a lesson on coding by using a Bee Bot and a grid.

The South Central Service Co-op's early childhood program has collaborated with regional and local early childhood programs to provide quality professional development in the areas of social development, literacy, math and science.

The early childhood program has also partnered with local agencies such as HIPPY and Headstart to provide activities for families in celebration of Arkansas Children's Week.

SCSC's early childhood education teachers continue their use of classroom wikis and e-books.

Novice Teacher Mentoring

Funding Source: **Arkansas Department of Education**

Competitive Grant: **No**

Restricted ☒ Non-Restricted ☐

Participating Districts

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Karen Kay McMahan	Teacher Center Coordinator	Masters Plus 60
Leah Stinnett	Math Specialist	M.Ed

Goal

- Become familiar with the Framework for Teaching (FFT) and the relationship between Novice Teacher Mentoring Program and TESS (Teacher Effectiveness Support System)
- Use the Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process
- The cooperative provided districts ongoing support as needed.

Program Summary

ADE transitioned from Arkansas Induction Mentoring Model (AIMM) to the Novice Teacher Mentoring Program and all trainers were provided an updated training. The Novice Teacher Mentoring Program is designed to provide a novice teacher the support, assistance, and encouragement of a site-based, trained mentor in order for the novice teacher to learn the skills he or she needs to become an effective, knowledgeable teacher. District project directors were encouraged to share the mentor/novice teacher update video with previously trained mentors and novice teachers. The ADE provided electronic resources such as: The Mentor Notebook, Mentor/Novice Teacher Update Video and the Project Director Update Training Video in lieu of face-to-face trainings. New mentors were trained in the updated Novice Teacher Mentoring Program. South Central Service Cooperative provided multiple sessions in the Novice Teacher Mentor Program.

Major Highlights of the Year

The implementation of Moodle was a problem for most mentors and project directors. ADE revamped the requirements midyear. Next year's mentoring will be streamlined through BloomBoard.

ADE/APSCN Student Applications Field Analyst
Funding Source: **Arkansas Department of Education**
Competitive Grant: **No**

Restricted ☒ Non-Restricted ☐

Participating Districts

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Districts in South East Cooperative

Cleveland County	Hamburg	Warren
Crossett	Hermitage	Woodlawn
SEACBEC (Southeast Arkansas Community-Based Education Center)		

Personnel

Name	Position	Degree
Martha Johnson	APSCN Student Field Analyst	BBA

Goal

The goal of the APSCN Student Field Analyst is to provide end-user support to district users of the SMS statewide student management system, COGNOS reports, and meeting statewide guidelines.

Program Summary

The Student Applications Field Analyst provides services to districts within Arkansas that utilize the SMS statewide student management system software. The software is used to store district, school, and student data. Student Management Systems Applications is computer software used primarily to process and maintain student records. The SunGard Pentamotion student management systems applications provided by APSC include: demographics, attendance, scheduling, report cards, discipline, and medical. With the use of nine cycles yearly, districts electronically submit data to the ADE. The student field analyst provides districts with consulting and training workshops through meetings at the cooperative, through school visits, and she communicates closely with school personnel by e-mail and telephone. Various trainings offered throughout the year include, but are not limited to, SMS required fields for state reporting, new personnel, COGNOS report writing, next year scheduling, and year-end rollover.

Major Highlights of the Year

The APSCN Student Field Analyst provided State reporting training & eSchoolPlus Student Management System upgrade from version 2.4 to version 3.1 training.

ADE/APSCN Financial Field Analyst

Funding Source: **Arkansas Department of Education**

Competitive Grant: **No**

Restricted ☒ Non-Restricted ☐

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Charlotte Nichols	APSCN Financial Field Analyst	

Goal

The goal of the APSCN Financial Field Analyst is to provide end-user support to district financial users of the FMS state Financial Management System, COGNOS Reporting System, and to provide support in the area meeting state financial coding guidelines.

Program Summary

The Financial Applications Field Analyst provides services to districts within Arkansas that utilize the FMS statewide Financial Management System software. Financial Management Systems Applications computer software is used primarily to process and record financial transactions. The SunGard Pentamotion financial management system application provided by APSCN includes the following integrated modules: fund accounting, human resources, fixed assets, personnel budgeting, budget prep, purchasing and warehouse. The Financial Field Analyst provides technical, practical, and accounting assistance for all of the modules as well as for the statewide reporting cycles or Statewide Information Systems. Various trainings offered throughout the year include, but are not limited to FMS required fields for state reporting, new personnel, COGNOS report writing, fiscal year-end, and calendar year-end processes.

Major Highlights of the Year

The APSCN Financial Field Analyst provided State Reporting trainings and assisted in software conversions for all the districts from 4.3 to 5.1.

Behavior Support Specialist

Funding Source: **Arkansas Department of Education**

Competitive Grant: **No**

Restricted ☒ Non-Restricted ☐

Participating Districts

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Sonia Hartsfield	K-12 Behavioral Support Specialist	Master of Education

Goal

The goals of the Behavior Support Specialist (BSS) are to provide technical assistance and support to local school district administrators and school personnel in the **development and implementation of evidence-based behavior supports for students receiving special education services** and to support school personnel in the identification and educational programming for students identified with autism. The BSS will provide professional development to local school district administrators and personnel on **evidence-based behavior supports**.

Program Summary

The Behavior Support Specialist (BSS) position provides technical assistance and professional development in the area of behavior to all school districts within the South Central Service Cooperative (SCSC). The BSS receives requests for technical assistance through the CIRCUIT on-line referral system. Once a request for services is received, the BSS works in conjunction with the special education supervisor for the referring school district to identify and provide needed support for students with disabilities.

Some of the services provided to school districts this year are listed below.

On-site Consultation provides the unique opportunity to more closely partner with and fully inform the extended network of teachers, paraprofessionals, and services providers involved in the student's life while minimizing the amount of disruption to his/her daily routine.

Assistance with Functional Behavior Assessment (FBA) is an approach that incorporates a variety of techniques and strategies to evaluate the cause and to identify likely interventions intended to address problem behaviors. FBAs look beyond the demonstrated behavior and focus, instead, on identifying biological, social, affective, and environmental factors that initiate, sustain, or end the target behaviors.

Assistance with Behavior Intervention Plans (BIP) is provided to school districts when they are working with students that display intense behaviors that require programming to be set up for a specific student to try and help that student learn to manage or change his or her behavior.

Assistance with Autism Identification is provided to SCSC area schools to help identify students that are on the Autism Spectrum. These students are identified by using a multi-disciplinary team approach along with "gold standard" evaluation procedures.

Assistance with Programming for Autistic Students is delivered to SCSC Area schools. Through the use of record review, observation, interviews, and evaluation, the Behavior Support Specialist can recommend programming for students on the Autism Spectrum.

On-site Training with Teachers and Staff is provided when interventions are recommended for a classroom or individual student. Some of these interventions include how to set up a visually driven classroom, how to pivot away from negative behavior, how to take data on behavior, how to manage negative behavior, and how to communicate with parents.

State BSS Meetings

The BSS also attends monthly meetings with other cooperative behavior support specialists and the liaison from the Arkansas Department of Special Education. Information presented at this meeting is shared with the special education supervisors at their monthly meetings at the area-hosting co-op.

Regional BSS Meetings

The BSS meet with their co-coordinators on a monthly basis to discuss CIRCUIT cases, work on professional development and ideas to build capacity within co-op area schools.

Region VII LEA Meetings

The BSS attends monthly LEA meetings with all of the special education administrators to share new information from the Arkansas Department of Special Education regarding behavior intervention services.

Classroom-Based Behavior Intervention is one way to help students learn to manage their behavior along with the assistance of the teacher and other school staff. These interventions can take place in the classroom by helping teachers and students establish and manage a more structured environment by creating visual schedules, creating center-based learning environments, by establishing visual cues throughout the classroom, and by training the teachers and paraprofessionals to use the interventions appropriately.

Major Highlights of the Year

Classroom/Individual Behavior Support

The BSS has assisted 4 classrooms with over 70 on-site visits to observe and make programming suggestions for students and the classroom. This was done throughout the school year by observing, making recommendations about the classroom, setting deadlines for staff, and monitoring the progress. The BSS has provided over 400 hours of behavior support for classrooms, teachers, and students in the SCSC area.

Individual Behavior Support

The BSS has assisted with individual support for eight students this school year (emotionally disturbed, autism, other health impaired, ADD, ADHD, MR, and MD). This support included on-site consultation, student observation, record review, conference attendance, specialized evaluations, assistance with functional behavior assessments, safety and behavior support planning.

How to Input Data

The BSS have researched and developed appropriate training to provide teachers the most appropriate tools to use for collecting data on student behavior.

Eligibility Guidelines for Students with Emotional Disturbance (“ED”)

The BSS met to review and discuss the eligibility guidelines for ED. This was done to insure that BSS have the proper information to help assist schools with the proper programming and behavior support services for these students.

Legal Traps

The BSS met to study and learn more about how to understand and comply with federal laws such as the Individuals with Disabilities Education Act, § 504 of the Rehabilitation Act, and the Americans with Disabilities Act to avoid legal traps within special education.

Conferences Attended

- *Behavior Support Specialist Conference* - The focus of this conference was on building collaborative learning, mentoring, coaching, and how to make systematic changes.
- *Behavior Support Specialist Conference* - This conference was designed to provide the BSS with ways to observe and identify autism and emotional disturbance.
- *RTI Fall Forward*
- *LEA Administrators Academy* - This academy focused on special education issues that are areas of concern for the state of Arkansas.
- *LRP* - This was a conference geared toward hot legal issues within the area of special education.

Professional Development

The trainings that the behavior support specialist will bring to the co-op area are: three Behavior Tool trainings, three PCM trainings, one behavior plan training, four days of specialized testing training (ADOS-II), 1 day of training on autism spectrum disorder, and a two-day special education conference, titled SpEd Ahead.

Behavior Tools Training

This training was available to K-12 teachers in Arkansas during the 2015-2016 school year. The goal of this training is to train others in basic behavior understanding and management. The BSS has scheduled to do this training twice during the summer of 2016 and will offer it at times throughout the school year. This training lays the foundation for more intensive behavior trainings.

Professional Crisis Management Training of Trainers

This training was offered to all of the BSSs employed by the co-ops in the state of Arkansas. PCM is an advanced system of crisis management that focuses primarily on prevention before a crisis occurs, unlike other methods that teach intervention techniques only after individuals have become non-compliant, agitated or aggressive. The PCM includes crisis prevention, crisis de-escalation, crisis intervention, and post-crisis intervention components. PCM utilizes "hands on" competency-based training and written tests to certify that individuals who receive instruction in PCM reach the highest level of skill acquisition. PCM is the only complete crisis management system available that can guarantee successful prevention and intervention with maximum safety, increased dignity, and total effectiveness. This training will be available to area schools to implement within their school districts.

Organizing the Gold-standard Autism Training (ADOS-II)

The BSS has contacted a national expert to train special educators on the ADOS-II assessment. This training will focus on demonstration of how to give the assessment,

scoring, and operationalizing diagnostic criteria for ASD. Participants will also receive intensive and individualized coaching on their own administration of the ADOS.

Behavior Plan Training

The training will focus on how to effectively gather data, graph data, use data to do a functional behavior analysis, and write an effective behavior intervention plan.

Autism Overview and Introduction to Evidence-Based Interventions

This is a brief overview of what autism is, how it is diagnosed, the treatments that are available, and what kind of interventions can help a child with autism.

SpEd Ahead Conference

This is a two-day special education conference. This conference will have two keynote speakers and five break-out sessions each day. The topics covered are: conference and collaboration, special education and legal issues, dyslexia, children and poverty, autism, advocacy and disability etiquette, sexuality in special education, special olympics, and maker spaces for special education.

Career & Technical Education

Fordyce
Parkers Chapel

Personnel

Name	Position	Degree
Terry Sullivan	Career & Technical Education Coordinator	MSE - Henderson

Program Summary

The South Central Service Cooperative's ("SCSC") Career & Technical Education ("CTE") Department provides supporting resources to enable the 12 public schools and two secondary centers in our cooperative area to initiate and maintain quality CTE programs in accordance with the Arkansas Department of Career Education's Strategic Plan, Goals and Objectives. Schools districts in the SCSC Carl Perkins Consortium are allotted funds through the Carl D. Perkins Career & Technical Education Act of 2006, usually referred to as Perkins IV. The amounts of these funds are determined by a state distribution formula. Once funds are assigned to a consortium, the funds lose their identity. The SCSC's Perkins Consortium consists of seven school districts. The CTE office encourages the development,

implementation, and improvement of CTE programs for “all” districts in the cooperative service delivery area by providing data collection and reporting, evaluation of CTE programs in schools, technical assistance in the form of professional development, new teacher assistance, policies and procedure interpretation, resource distribution, support services for special populations, and start-up grant support. The CTE coordinator provides support for programs of study, curriculum frameworks, career planning systems, end-of-course competency testing, and academic attainment of CTE students. The coordinator also is responsible for preparing and administering the Carl D. Perkins Consortium application which includes the preparation and submission of the application, budget management, implementation of Perkins activities, proposal accountability, technical equipment purchasing, distribution and inventory, and preparation and submission of completer and placement reports for member schools. The CTE coordinator also represents the education cooperative at local, state and national events and activities.

Major Highlights of the Year

- South Central Service Cooperative’s Perkins Consortium met six of the eight Perkins Performance Indicators for the 2015-16 school year. An improvement plan will be submitted with the 2016-17 Perkins application to address improving Literacy Attainment and Non-Traditional Completion. (Consortium performance data is attached)
- Obtained and reported CTE Completer Data for seven Districts (218 students) to the Arkansas Department of Career Education (“ACE”) and provide completer certificates to be given out at graduation/awards assemblies to those students.
- Obtained and reported CTE placement data for seven districts to ACE.
- Assisted CTE instructors with the ACE Teacher Information System and On-line Student Competency Testing System.
- Assisted with Literacy Design Collaborative (LDC) at participating districts.

Perkins Activities for 2015-16

Macs for Parkers Chapel – An additional seven Mac computers were purchased for the business education lab at Parkers Chapel High School. This was a continuation of a project started during the 2014-15 school year. This project will allow them to be able to use the current Adobe software.

Mathematics & Engineering – A Recipe for Success – Smackover-Norphlet – Five VEX Robotic Kits and five Gateway Competition Upgrade Kits were purchased for the Gateway to Technology program at the Norphlet campus.

Advanced Technology for FACS – Taylor – Purchased an Ovation Serger to enhance the students’ construction skills and allow them to apply the principles and elements of design in their projects in the FACS classes at Taylor High School.

Technology in FACS – Bradley – Purchased 10 computers and one printer for the FACS Department at Bradley High School to give students the ability to do research on various topics such as child development, health and wellness issues, meal planning, financial plans and elements and principles of design.

New Technology in AG – Burn Table – Taylor High School – Purchased a Burn Table (CNC Table) with router and mount for the Taylor Agri Department. This will allow students to be exposed to some of the newest technology in the manufacturing field while gaining real world experience in manufacturing applications, teamwork and quality control. It will also allow them to produce products for sale that may benefit their student organization.

A Novel Approach of FACS – Bearden – Ten Kindle HD 10's, cases and eBooks were purchased for the FACS Department at Bearden High School to be used in conjunction with iBook novels written for teens. This activity blends reading into the FACS Curriculum by incorporating hands-on-activities that build FACS skills, stimulate discussion and encourage activity. The activities also include geometry and other mathematic skills as well as real life and classroom theory.

Professional Development – Perkins funds were used to pay registrations and accompanying travel costs for CTE teachers to attend various state and national organizational meetings and conferences throughout the year.

Digital Learning – Virtual Arkansas, Team Digital, Arkansas Connect2Digital

Funding Source: **Arkansas Department of Education Grant - ACT**

Competitive Grant: **No**

Restricted ☒ Non-Restricted ☐

Participating Districts

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position
Cathi Swan, Superintendent	State Coordinator of Digital Learning
Mike Lar	Virtual Arkansas Director of Operations
Junior Stormes	Virtual Arkansas Director of Technology
John Ashworth	Virtual Arkansas Director of Academics
Lisa Russell, Gerard Newsom, Rachel Schell, Ashley Pruitt, & Alex Munn	Team Digital Members

Goal

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

Program Summary

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to

prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013. www.virtualarkansas.org

Team Digital

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning; effective content authoring, and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year

- Held first ever workshop in the state for Teachers and Administrators on Blended Learning and Remix strategies.
- Implemented a technical assistant/will-call application to help participating schools solve issues within 24 hours.
- Presented at TICAL on the Future of Blended Learning
- Held statewide school consultations on the planning and implementation of blended learning
- Trained over a 100 high school counselors around the state on Virtual Arkansas' registration process
- Attended the 2015 INACOL conference on blended online learning
- Completed an educational cooperative promotional video
- Successfully implemented team visits to Virtual Arkansas' participating schools
- Named resource affiliate for ADE on school waiver process
- Completed a Virtual Arkansas marketing/promotional video for the essentials of computer science and computer programming
- Presented at the 3rd Annual Data Conference

Early Childhood Special Education

Funding Source: **Federal/State/Medicaid**

Competitive Grant: **No**

Goal

It is the goal of the SCSC Early Childhood Special Education Program to address the needs of children with disabilities through speech therapy, occupational therapy, physical therapy, and teacher facilitated direct instruction to assist students in achieving their maximum potential.

Program Summary

The SCSC Early Childhood Special Education Program serves children with disabilities ages three through five. The program includes the following delivery options: preschool classroom, itinerant, and homebound. Students receive educational and related services designed to meet their unique needs. Services provided include: screening, diagnostic

services, specialized instruction, speech therapy/language development, and physical and occupational therapy. The number of children served on December 1, 2015, child count was 258.

Major Highlights of the Year

The SCSC Early Childhood Special Education Program was monitored by the Arkansas Department of Special Education during 2015. The results of the monitoring showed the SCSC's early childhood program to be in compliance in all areas. The early childhood staff added the use of BloomBoard in the staff evaluation process. The staff received training in implementing BloomBoard as well as a review of the TESS rubric and evaluation process. All licensed teachers and speech therapists were evaluated using the appropriate rubric in the BloomBoard platform. The early childhood staff also participated in the Hour of Code by working with their students using precoding activities with Beebot, a programmable robot.

The entire special education staff has participated in many Child Find activities including developmental, speech, vision, and hearing screenings for area preschools and the distribution of program information to medical facilities and outreach programs. The staff has performed or contracted developmental, speech, occupational therapy, and physical therapy assessments to determine eligibility for special education for three to five year-old students in the co-op service area. The 258 students found to be eligible were provided individualized special education services in accordance with IDEA guidelines. The SCSC's early childhood department has collaborated with regional early childhood programs to provide quality professional development for early childhood professionals. Examples of the trainings provided include Due Process and IDEA regulations and Sensory Processing and Self-Regulation.

Gifted and Talented

Funding Source: **Arkansas Department of Education**

Competitive Grant: **No**

Restricted ☒ Non-Restricted ☐

Participating Districts

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Robin Cole	G/T Specialist	Master of Education

Goal

The goal of the SCSC Gifted and Talented (G/T) Specialist is to provide quality professional development for the G/T Coordinators and to develop professional development sessions and model lessons that will enhance the classroom experience of G/T students.

Program Summary

Assistance is provided to local school district administrators, to gifted and talented district coordinators, and to teachers through consulting and training services, which include meetings at the co-op, visits to schools, and staff development in-service training. Supervision is provided to assure that services to students are delivered, school records are accurate, and school G/T action plans are in compliance. The specialist serves as the liaison with ADE/OGTAP office and works closely with the state AGATE (Arkansans for Gifted and Talented Education) and AAGEA (Arkansas Association of Gifted Educational Administrators) organizations to develop public awareness and student programs. The specialist provided professional learning opportunities to support the delivery of G/T services during the year.

Major Highlights of the Year

The SCSC G/T Coordinator continued to work with G/T teachers to update the G/T Program Guide. G/T coordinators can use the guide as a resource for forms and how to meet the G/T standards. In addition, there was coordination with G/T specialists around the state to create scope and sequence documents for G/T.

The specialist assisted new G/T teaches in how to use the the new online system for G/T program approval applications and helped the individual G/T program reporting for those G/T coordinators who needed assistance. Each school district in the co-op received its G/T program approval from ADE. Resources, training and support were provided for G/T teachers in meeting the needs of secondary G/T students.

The G/T specialist also worked with new G/T-A/P coordinators on developing their school district's course audit pages, AP Test ordering, and the scoring of their TTCT.

The G/T specialist also served, along-side selected Aero Jet employees, as a judge in Camden Fairview's Project Lead the Way's rocket building team competitions.

The G/T specialist also served as Head Quiz Bowl Moderator for the Senior High Regional Quiz Bowl Competition hosted by Harmony Grove High School.

The G/T specialist, with the help of cooperative personnel, hosted four Quiz Bowl competitions. The cooperative hosted 3rd and 4th grade in January and 5th and 6th grade in February.

The G/T specialist updated new information about the programs in a quarterly newsletter that was published on the state G/T website at ADE, and was also linked through SCSC's G/T website.

The G/T specialist also worked in collaboration with the SCSC ABC Early Childhood Staff to produce eBooks for instructional purposes in the ABC pre-school classrooms.

The G/T specialist assisted Camden Fairview in hosting their AAIMS AP awards assembly for their students scoring a 3, 4, or 5 on one or more AP exams.

The G/T specialist assisted Lockheed Martin engineers and CF specialists with Family Math and Science Night.

The G/T specialist worked with SAU Tech to provide ACT and Compass test preparation.

Goal

SCSC acted as a liaison between local school district administrators, parents and/or guardians and the State Home School Office regarding information and technical assistance on laws and regulations governing home schools.

Program Summary

During the 2015-16 year, home school test administration was ceased by legislative order.

SCSC Literacy

Funding Source: **Arkansas Department of Education**

Competitive Grant: **No**

Restricted ☒ Non-Restricted ☐

Participating Districts

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Anna Warriner	K-12 Literacy Specialist	Masters of Education
Deborah Curry	K-12 Literacy Specialist	Masters of Education

Goal

The goal of the SCSC Literacy Program is to work with all participating educational institutions to support the goals and priorities established by the Arkansas Department of Education, to provide leadership in literacy instruction to districts through implementation of a statewide professional development network, and to provide the following listed services to Arkansas schools. These services include on-site technical assistance, analysis of data, models of best practices, coaching of teachers and instructional facilitators, Arkansas/Common Core State Standards curriculum development, TESS support, professional development, and leadership.

Program Summary

The SCSC Literacy Program is funded through grants from the Reading Department of the Arkansas Department of Education. Legislative Act 44 of 1983, which established the need for an increase in student achievement scores, initiated the funding. It was then continued through Act 999 of 1999, the Arkansas Comprehensive Testing and Assessment Act, which established that in Arkansas, all in-service training should be geared toward teaching Arkansas/Common Core State Standards, and increasing student achievement in literacy.

Some of the professional development and projects we have worked on this year include:

Early Literacy Learning in Arkansas (ELLA)

ELLA was a two-year professional development designed to assist K-1 teachers and K-12 special education teachers. ELLA included structures built for teachers to increase their knowledge and skill level in the area of research-based, data-driven, and developmentally appropriate instructional practices. It provided educators with foundational knowledge of

the continuum of literacy learning systems development, and how to teach and support students along the continuum. This professional development was based on the Common Core State Standards and research findings provided by the National Reading Panel Report. It focused on using appropriate assessments to inform systematic, explicit instruction. The training also provided participants with routines and procedures for organization, management, and implementation of comprehensive literacy.

Literacy Design Collaborative (LDC)

LDC offered teachers, coaches, and district leaders an instructional system for developing students' literacy skills to prepare them for the demands of college and careers. LDC empowered teachers to build students' literacy skills and understanding of science, history, English, CTE, and other content through meaningful reading and writing assignments that are aligned to the Common Core State Standards (CCSS). Teachers built two four-week modules that encompassed their content standards and the CCSS. These modules used the backwards design model to allow students to reach their learning goals. Any content area teacher in 9th or 10th grade could participate; however, grade levels of participation have varied in our co-op area. Participants were provided with a total of six days of professional development, as well as at least six on-site support visits. LDC support visits were made to Magnolia High School and Magnolia Junior High School. Administrators were also provided support through webinars and on-site visits. The LDC support team for our area consisted of both K-12 literacy specialists, CTE coordinator, and SAU ERZ specialist. Through LDC, schools had the opportunity to collaborate with each other in professional learning communities and collaborate with the specialists.

Arkansas Response to Intervention Modules (RTI)

The literacy specialists co-presented the following RTI training modules along with other SCSC specialists.

- Module 1: Overview of RTI. This module introduced participants to the essential elements of RTI.
- Module 2: Leadership in RTI. This module explains the characteristics of leadership in an RTI framework and steps to implement the essential elements of RTI.
- Module 3: Multi-tiered System of Support for Literacy. This module explained the essential elements of a multi-tiered prevention system, including best instructional practices and intervention strategies at each tier.

Implementing a Comprehensive Literacy Framework (ICLF) Modules

- ICLF Module 1, Overview for Grades K-1, 2-3, and 4-5: This module identified the critical components of a comprehensive literacy system, focused on the unique instructional needs of the K-1, 2-3, and 4-5 learners as related to literacy acquisition, explored setting the context for learning through instructional approaches that meet the needs of the learners, and provided the purposes and types of literacy assessments that when used appropriately guide instruction decisions.
- ICLF Module 2, Phonics/Words Study for Grades K-1: This module focused on instructional approaches aimed at exploring the sound, pattern, and meaning

relationships among words in order to develop children's phonological awareness, decoding, spelling, and vocabulary.

- ICLF Module 2, Phonics/Word Study for Grades 2-3: This module focused on instructional approaches aimed at exploring the sound, pattern, and meaning relationships among words. Teachers learned strategies that will guide students towards making discoveries about how words work and how to generalize their understandings in order to read, spell, and write more efficiently.
- ICLF Module 2, Phonics/Word Study for Grades 4-5: This module focused on instructional approaches aimed at exploring the sound, pattern, and meaning relationships among words. Word origins and how many derive from the same Greek or Latin root was emphasized during the training. Teachers learned strategies that will guide students towards making discoveries about how words work and how to generalize their understandings in order to read, spell, and write more efficiently.
- ICLF Module 3, Oral Language for Grades K-1: This module focused on how vocabulary and oral language develops in young children as well as instructional approaches that engage children in developing vocabulary and oral language capabilities.
- ICLF Module 3, Reading Instruction for Grades 2-3: This module focused on the key principles of effective reading instruction within the reading workshop. This included understanding procedures and materials necessary for developing competent readers. Participants examined comprehension, fluency, and vocabulary utilizing the systems of strategic action for processing text.
- ICLF Module 3, Reading Instruction for Grades 4-5: This module focused on research-based reading instruction for whole group and small group to move students to independence. An emphasis in this PD was placed on implementing close reading instruction. This included strategies needed for comprehending and responding to complex texts across multiple genres.
- ICLF Module 4, Shared Reading for Grades K-1: This module focused on teacher instruction that will help students to develop concepts of print, vocabulary, oral language, word recognition, fluency, and comprehension strategies through repeated reading of shared texts. Educators were guided through the process of planning explicit instruction that will allow students to construct meaning while actively engaged in shared reading texts.
- ICLF Module 1, Overview for Grades 6-8: Designed specifically for Grades 6-8 English Language Arts (ELA) educators, this module identified the critical components of a comprehensive literacy system, focused on the unique instructional needs of the learner as related to literacy acquisition, explored setting the context for learning through instructional approaches that met the needs of the learner, and provided the purposes and types of literacy assessments that when used appropriately will guide instructional decisions.
- ICLF Module 2, Word Study: Orthography, Morphology, and Vocabulary Instruction for Grades 6-8: Designed specifically for Grades 6-8 ELA educators, this module focused on a systematic, engaging approach aimed at developing learners' understandings of how words work and developing vocabulary knowledge through speaking, reading, and writing. Students were guided towards making discoveries about word relationships and generalizing their understandings in order to read, spell, and write more efficiently.

Common Core Big Shifts

This past summer we offered the following workshops created by the Arkansas Department of Education to help provide support in the implementation of the Common Core State Standards (CCSS):

Informational Writing for Grades K-2: This professional development focused on building skills in reading and writing informational texts. Informative/explanatory writing conveys information accurately to increase readers' knowledge of a subject, to help readers better understand a procedure or process, or to provide readers with an enhanced comprehension of a concept.

Informational Writing for Grades 3-5: This professional development opportunity provides grade-appropriate learning strategies to enable students to write informative/explanatory text to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content from texts.

Argumentative Writing 6-12 provided participants with the background knowledge necessary to teach the components of argument based on the Common Core State Standards (CCSS). In this workshop, participants learned about the research that supports the strategies used to teach this type of writing. Some of these strategies included the use of ethos, pathos, and logos when crafting an effective argument. They were also introduced to terms that included claims, rebuttal, and refutation. Strategies and model lessons, as well, as written samples of argumentative papers were provided. Each participant received the text, Teaching Argument Writing by George Hillocks, Jr. In Literacy Argumentative writing, we focused on how to make effective arguments comparing and contrasting works of literature. There were a total of seven participants from four districts. In Social Studies Argumentative Writing, we focused on how to use primary and secondary sources to effectively construct an argument.

Disciplinary Literacy in Science for Grades 4-5: Designed for science teachers, this professional development opportunity focused on evidence-based strategies and techniques to support building discipline-specific reading, writing, and research skills in the science classroom. Participants 1) examined the effectiveness of literacy strategies and techniques in a science classroom, 2) established connections among NGSS, CCSS, and TESS, and 3) created instructional plans that included literacy techniques that supported student learning of science.

Disciplinary Literacy in Science for Grades 6-8: Designed for science teachers, this professional development opportunity focused on evidence-based strategies and techniques to support building discipline-specific reading, writing, and research skills in the science classroom. Participants examined the effectiveness of literacy strategies and techniques in a science classroom; established connections among NGSS, CCSS, and TESS; and created instructional plans that included literacy techniques that supported student learning of science.

Research 101: The Common Core State Standards emphasize students' engagement in both short and extended research in order to gain deeper understanding about the topics

they are investigating. Students will synthesize information from a number of sources and present the information in a variety of formats. When appropriate, students are encouraged to use technology to present findings. The instructional focus of this module was to support instructional practices that build student proficiency in a process for conducting research: developing and refining inquiry questions; finding, assessing, analyzing, and synthesizing multiple sources to answer those questions; and organizing and using evidence from those sources to explain understanding in ways that avoid plagiarism.

Other Professional Development Opportunities Offered:

This past year we offered the following workshops:

SCSC Guided Reading Next in Grades K-1: This workshop was designed to assist teachers who want to provide powerful reading instruction to the students in their classroom at each child's instructional level. Participants studied an approach for using precise assessment tools, detailed lesson plans, targeted reading strategies, and guided writing support to refine and energize their instructional delivery. The professional text, *The Next Step in Guided Reading* by Jan Richardson was provided to participants of this workshop.

SCSC Guided Reading Next in Grades 2-5: This workshop was designed to assist teachers who want to provide powerful reading instruction to the students in their classroom at each child's instructional level. Participants studied an approach for using precise assessment tools, detailed lesson plans, targeted reading strategies, and guided writing support to refine and energize their instructional delivery. The professional text, *The Next Step in Guided Reading* by Jan Richardson will be provided to participants of this workshop.

SCSC Multisensory Teaching of Basic Language Skills: This session introduced specific multisensory approaches that teachers can use to dramatically improve not only struggling students', but also all students' language skills and academic outcomes. Participants gained a better understanding of how to help students develop skills in key areas such as phonological awareness, letter knowledge, handwriting, phonics, fluency, spelling, comprehension, and composition by planning structured, explicit multisensory language lessons that incorporate two or more senses.

So Many Books, So Little Time: This workshop presented by Ken Stamatis, associate professor from Harding University, was designed to offer teachers a motivational selection of fiction and informational text for classroom instruction. 50 new books were presented as well as ways to use them in CCSS implementation, integrating units, motivating reluctant readers, character education, content area instruction and encouraging engaged recreational readers.

Dive into the Reading for Information Standards from CCSS: This workshop presented by Ken Stamatis, associate professor from Harding University, was designed to assist all teachers to develop a fuller understanding of the relationship between rigorous teaching of ELA and Content Areas. Current instructional research was presented as well as lots of specific strategies to use in creating impactful CCSS and PARCC aligned classrooms. The majority of the workshop time was spent in outlining ways to embed the teaching of

literacy and content literacy utilizing the Reading for Information standards from CCSS as learning tools and not teaching points, and the unique importance placed on them in the PARCC Practice Test Items. A rigorous classroom model of effectively developing and presenting instruction in English/Language Arts as well as in the areas of Science and Social Studies was presented. Learning how to unpack the Reading for Information standards from CCSS, implement their use in the classroom, how to assess in alignment with PARCC assessments, and how to embed this in all classrooms producing a powerful instructional model was addressed.

The Very Basics: School-Based Identification of Dyslexia in Arkansas

This seminar was designed for Arkansas Educators who are new to the process and procedures for the identification of students with dyslexia for the placement in dyslexia intervention programs. This seminar included: (1) A review of the current research-based definition of dyslexia; (2) A brief introduction to test instruments for a dyslexia identification test battery; (3) A definition-paradigm and profile for dyslexia identification; (4) The core principles of dyslexia identification including standards of measurement, data gathering, and review of early reading assessments and Response to Intervention (RtI) progress measurements; (5) Case studies that allow the participants to recognize the characteristic profiles of students with dyslexia and to make decisions regarding placement; and (6) Examples of definition-based teacher and parent questionnaires.

SCSC - Dyslexia Updates: I've Screened, Now What?: This training included an update on the public schools' responsibilities in meeting the requirements of Act 1294 and 1268 in grades K-12, an overview of the RtI process, assistance with interpreting the results of the universal screener, an explanation and examples of Level 1 screeners, a review of intervention resources, clarification regarding the funding of services, and the reporting of the results of the school districts' screening.

SCSC - Level II Dyslexia Screeners Training: In this training, participants learned how to administer four of the norm-referenced assessments that are a part of the Level II Dyslexia Evaluation Process. Participants learned how to score the assessments, interpret the data based on the standard scores, and apply the data as a component of the Level II dyslexia evaluation process in building a characteristics profile. The screeners focused on in this training were: CTOPP-2, WRMT-III, GORT-5, and TWS-4.

SCSC-ACT Aspire Updates: A literacy specialist co-presented this training along with other SCSC specialists. The session provided an overview of trainings offered to prepare schools for the upcoming ACT Aspire testing. We looked at all content areas, scaled scores, technology enhanced questions, time schedules, technology requirements, devices and exemplar items. A Question and Answer session followed.

SCSC Presents: 6+1 Traits of Writing for Grades K-12: Participants gained an understanding of how 6+1 Traits of Writing can enhance and improve their writing and reading instruction. They learned the value of using mentor texts to help students understand the qualities of writing. This training sharpened teachers' ability to provide strong and meaningful feedback to students when conferencing about their writing.

Literacy and Technology Integration:

Google and The Writing Process: This workshop helped participants learn how to use Google Docs with students in their classrooms as it relates to writing skills (such as drafts, revisions, and writing workshops). Participants had the opportunity to learn about the features of Google Docs as they role played as teachers and students. As part of this workshop, teachers were asked to complete a small homework assignment, and were provided with classroom support throughout the year. They also received a copy of Alice Keeler's Text, 50 Things to Do with Google in Your Classroom.

Flipping Your Classroom 101: This workshop taught educators the different methods to flip instruction in their classrooms. Participants were offered hands on practice, the resources needed to implement, and the opportunity to create a lesson during the workshop. Classroom based support was also available throughout the school year. This support will help with the integration of technology and content in the classroom. Participants were shown examples from ELA Flipped Classrooms and lessons.

Makerspaces in the English Language Arts Classroom: Participants learned how to turn the ELA classroom into a Makerspace that incorporates technology, art, science, engineering, and math, and how to integrate this into reading and writing. Participants learned how reading fiction and non-fiction texts could impact student creativity and reflection. This was a hands-on workshop that enabled teachers to work together and learn from one-another.

Write Like This! Online Book Study: This workshop was available for teachers in grades 4-12 of all content areas that use writing. Participants received a copy of Write Like This by Kelly Gallagher and were a part of a virtual book study. The bulk of the training was done virtually: through Google and Zoom online meetings. Participants learned how to use online tools such as Google Sites, Google Docs, and Zoom. Participants read and completed a total of nine Conversation Guides via Google Docs. In addition, participants were asked to participate in at least five to six Zoom virtual meetings, complete and submit a lesson plan based on ideas learned in the text, and teach the lesson in the Fall of 2016.

Major Highlights of the Year

School Support

Visiting schools to assist them with Professional Learning Communities, professional development, model lessons, and lesson planning was a top priority this year.

Professional Development Delivered

Throughout the summer and academic year, we have provided professional development to schools in our co-op area.

Sonday System Training - SCSC facilitated the following Orton-Gillingham based multisensory teaching methodology training opportunities by contracting with Winsor Learning, Incorporated:

- Sondag System, Let's Play Learn Training: This training offered hands-on use of the materials, and practical strategies used with struggling students who are functioning at a preschool through kindergarten reading level as well as multi-sensory teaching strategies for whole group instruction. Focus was on Active Listening, Phonological Awareness (rhyme, onset sounds, closure), Vocabulary, Alphabet, Shapes, Colors, Patterns, Numbers and Counting, Prewriting and Printing, Picture and Listening Comprehension, Rapid Naming, Letter Names and Sounds.
- Sondag System 1 Installation Training: This training offered hands-on use of the materials, and practical strategies used with struggling students who are functioning at a first through second grade reading level as well as multi-sensory teaching strategies for whole group instruction. Focus was on the 5 Essential Reading Components - Phonemic Awareness, Phonics, Fluency, Vocabulary, and Comprehension Instruction and the Orton-Gillingham 10 Effective Teaching Practices.
- Sondag System 2: This training builds on the Orton-Gillingham based multisensory teaching methodology introduced in Sondag System 1. Participants were provided an overview of syllable types, syllable division, prefixes, suffixes with governing rules, roots, contractions, non-phonetic words, vocabulary and comprehension. This training also offered hands-on use of the Sondag System 2 materials, and practical strategies to use with struggling students who are functioning at a third through eighth grade reading level (regardless of grade placement).
- Sondag System 1, Coaching for Fidelity: This was a follow-up session designed specifically for the interventionists that were initially trained at SCSC during the summer of 2015. Each Sondag System interventionist/participant was observed and offered feedback. This unique learning situation offered a valuable opportunity for each participant to grow in their ability to provide Sondag System lessons with fidelity.

Arkansas Association for Supervision and Curriculum Development (AASCD) Fall Conference: Literacy specialists attended this conference that focused on RTI. Judy Elliott, from the RTI Action Network, shared her ideas for middle and high school RTI processes.

International Dyslexia Conference: A literacy specialist attended IDA's Annual International Conference and had the opportunity to learn from expert professionals and researchers in the areas of Dyslexia, Dysgraphia, Response to Intervention, Literacy, Critical Reading, Vocabulary, Spelling, Language Disorders and much more.

Arkansas Reading Association (ARA) Conference: A literacy specialist attended the Arkansas Reading Association Conference and attended sessions dedicated to promoting reading and developing literacy.

Arkansas Association of Curriculum and Instructional Administrators (AACIA) Conference: A literacy specialist attended this conference and had the opportunity to hear Mike Mattos speak regarding, "Building Systems of Support for Struggling Learners." Faculty members from other school districts across the state also shared the RTI systems and processes utilized in their districts.

Arkansas Department of Education (ADE) Dyslexia Conference: One of the literacy specialists attended and presented at this conference. Informational sessions and key note

speakers focused on the identification of the characteristics of dyslexia, assessments to guide instruction, and instructional strategies.

Certified Academic Language Therapist (CALT) Training: A literacy specialist began a two-year training course in the Shelton Academic Reading Approach (SARA) which is an IMSLEC and IDA accredited course utilizing structured, multi-sensory language instruction based on the Alphabetic Phonics approach for teaching reading, handwriting, spelling, comprehension, and written expression for students with specific language disabilities, such as dyslexia and related disorders. Upon completion of the course and the associated practicum, the specialist will be eligible to sit for the Alliance National Registration Examination and gain national certification through the Academic Language Association (ALTA).

Professional Development Support for Southern Arkansas University (SAU): A literacy specialist provided dyslexia awareness professional development for the students enrolled in the Teaching Reading course. A literacy specialist provided two sessions to assist in preparing SAU students to take the PRAXIS Core Reading and Writing Exams.

K-12 Mathematics

Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Leah K. Stinnett	K-12 Mathematics Specialist	Master of Education in Math & Science

Goal

The goal of the South Central Service Cooperative Mathematics Instructional Specialist Program is to assist all participating education institutions in meeting the goals of state standards established by the Arkansas Department of Education by promoting and supporting effective, research-based mathematics practices for all students by providing opportunities and technical assistance to teachers, instructional facilitators, curriculum specialists, administrators, instructional interventionist, and parents in the areas of curriculum, instruction, and assessment. The goal of this program is to improve the quality of student education by supporting individual educators in their efforts to continually grow

and learn. The final outcome should be improved student achievement that supports college and career readiness goals.

As teachers continually implement Common Core State Standards (“CCSS”) and encounter the Teacher Excellence Support System (“TESS”), they have been required to make monumental changes in pedagogy. The South Central Service Cooperative mathematics program seeks to support growth and positive change that will empower teachers, and as a consequence, students of our cooperative area to be successful.

Program Summary

SCSC, in partnership with the Arkansas Department of Education Mathematics Program for grades K-12, was established by ACT 1392 of 1999 for the improvement of mathematics instruction throughout Arkansas. Assistance is provided to schools through professional learning opportunities, model lessons, lesson study, teacher observation, and technical assistance to improve the teaching and learning of mathematics through increased content understanding and improved instructional practices across the curriculum. Professional learning opportunities for 2015-2016 include:

Curriculum Alignment

The focus of this opportunity is to align the local curriculum with the state curriculum documents by creating detailed curriculum maps, pacing guides, and lesson plans that include classroom assessments that are aligned with the state framework. The intent is to instill preparedness while using formative assessment techniques to continually assess the needs of students and alter future instruction based on those needs. The Math Specialist worked with teachers on creating and presenting lessons in K-12 classrooms that addressed the existing curriculum. Flexibility, in an effort to diagnose and address student misconceptions and gaps in learning, is an imperative part of this process. Curriculum development, alignment, and articulation have been a focus of small groups of educators from various districts with an emphasis in mathematics as well as within districts. The program mathematics specialist (MS) worked with the instructional facilitators for individual districts to create curriculum for their individual needs. The curriculum was anchored in Common Core State Standards and the correlating frameworks developed by the Arkansas Department of Education. While we advocate planning, student-centered teaching is the goal. The MS advocates the approach of Sweeney, Knight, and Barclay with Instructional Facilitators. This approach keeps student thinking at the forefront of minute-to-minute and day-to-day teaching.

Data-Disaggregation and Analysis

This opportunity promotes and helps with the development of a comprehensive understanding of test data. Teachers look at the school-level data as well as their classroom and student data. We focus on modeling and supporting data based decision making at every level. Analyzing and planning next steps, including interventions for students and continual modification of lessons, are addressed. SCSC has implemented an instructional analysis tool to further analyze test data for districts to determine whether low-test score indicate a gap in the curriculum or an issue regarding instructional strategies. Our goal has been to find the gaps in instruction or curriculum and support the districts in bridging those gaps.

Supporting school's efforts to implement a Response to Intervention ("RtI") plan is based on this data gathering and analysis. To this end, SCSC MS and Taylor Elementary School District have developed Universal Math Screeners for grades K-8. Those screeners include a beginning of year, middle of year, and end of year screener to determine if students are at the appropriate mathematical level to be capable of moving forward in their understanding.

Mathematics Design Collaborative (MDC)

This professional development, as developed through a partnership between area schools, SCSC, and ADE has been implemented in several of our cooperating schools. MDC gives teachers resources and tools to implement Common Core State Standards (CCSS) while allowing them flexibility to select topics and adapt assignments to specific instructional plans. MDC helps teachers embed the math standards into instruction and engage students in assignments that address mathematical understanding. SCSC has three school districts that participated in the training during 2015-2016.

MDC professional development consists of an initial three-day training in the summer months and is sustained with four follow-up training days during the fall and spring. MDC trainers visit participating teachers' classrooms four to six times during the school year to present or observe MDC in practice. These visits consist of a de-brief meeting which includes MDC trainers, the participating teacher, and the administrator supporting MDC. The MDC site-visit process includes a rubric, which allows objective analysis of the effectiveness of the formative assessment lessons ("FAL") presented. For the first time, this year, SCSC and Magnolia Junior High School conducted a classroom embedded MDC follow-up day. Teachers from three area schools attended.

MDC uses FAL and tasks to engage students in a productive struggle that builds fluency with their procedural skills, and deepens mathematical reasoning and understanding. Students participate in both individual and group learning as teachers use FALs and questions to check for student's math understanding and correct common misunderstanding. Teachers use questioning techniques to support students in developing a deeper understanding of mathematical concepts. MDC includes mathematical practices as well as mathematical concepts in every professional development, every FAL, and every task.

Formative assessment as a means to drive instruction has been a pivotal part of the professional development experience at SCSC. Dylan Wiliam's, *Inside The Black Box* and other resources from his website www.dylanwiliam.org, is one source of supportive information regarding formative assessment and it's powerful role in changing instruction. MDC includes *Five "Key Strategies" for Effective Formative Assessment* as published through NCTM and written by Dylan Wiliam.

General School-site Support

The goal of this program is to support classroom teachers in their efforts to meet the changing requirements of the classroom with model lessons through direct modeling, observations of lessons, or co-teaching lessons. This practice is reflective in nature, which requires meeting for planning purposes in advance of the lesson, as well as, meeting after the lesson to discuss and reflect for the purpose of growth and positive change in instruction for the benefit of students.

Of the 12 districts that SCSC serves, six of the districts have utilized this feature of our program. Lessons have been delivered in both elementary and secondary classrooms. It is not irregular for the school-site lessons to be multiple lessons during the course of the day. These lessons may be in cooperation with a single teacher or multiple teachers over the course of the day.

Part of our service is to provide on-site training for school districts. On-site support may occur at the request of building administrators, classroom teachers, or instructional facilitators. The intent is to form partnerships that benefit both the teacher and his or her students. This training could take the form of conducting/participating in meetings of various types or providing professional development. This service has been provided to six of our participating school districts.

Cognitively Guided Instruction (CGI) Year 1 & Year 2

In CGI, teachers explore a framework for how elementary school children learn concepts of numbers, operations, and early algebra.

Teachers also learn how to use this framework to guide their mathematics instruction. They will learn to analyze story problems and number sentences to determine their mathematical demands and to recognize student responses in terms of cognitive development, assess student thinking and design problems that will develop their understanding of concepts and skills.

SCSC Student-Centered Math for Grades K-3 and 4-6

The focus of this professional development is making curricular decisions based on student thinking. Formative assessment of your students as a day-to-day tool is the key to differentiation and intervention. Moving students from where they are as a learner closer to where they should be or beyond, based on their own thinking, is the goal of the student-centered teacher.

SCSC Student-Centered Math for Grades 7-9 and 10-12

This professional development models formative assessment in the classroom. As part of formative assessment, the professional development uses student thinking to inform instructional strategies and teacher moves.

SCSC Creating Engaging K-3 and 4-6 Math Classrooms

When students are engaged in the learning, the proves of teaching becomes less of a struggle for the teacher and student alike. Students who are interested in learning rather than simply complying is the goal of every teacher. This professional development officers some tools that will assist teachers in attaining that goal of high student engagement.

SCSC Using Google Forms to Give Math Screeners

Schools that are using the math screeners developed by SCSC in the fall will need to attend this action packed session on how to facilitate the screeners, grade using Flubaroo and most importantly use the date to drive your RtI Groups.

SCSC Examining Changes to CCSS and New Arkansas's Mathematics Standards

Thomas Coy leads us through a guided discussion and work session related to the changes in the CCSS as they become the Arkansas Mathematics Standards. This session will include a presentation from the ADE, guided questions to frame how schools can plan to implement, and collaborative time for educators to discuss the best way to address the changes that need to be implemented.

Major Highlights of the Year

Teachers have requested a great deal of support during this year to understand and implement CCSS at the secondary level. The mathematics program has addressed multiple issues to support changes in pedagogy required to successfully implement CCSS. These changes were addressed primarily through providing professional development to meet the demands of CCSS classrooms and school-site visits to support teachers implementing CCSS.

The math specialist from SCSC presented *Developing Integer Concepts of Multiplication and Division with Deeper Meaning* at the Arkansas Curriculum Conference. This is an annual event sponsored by professional educational entities (e.g., ACTM, AAML, etc.).

Response to Intervention (RtI) has been a strengthened effort of our area schools this year. SCSC has supported RtI with the development of K-8 Math Screeners and strengthening core instruction has been a major focus this year. The strengthening of core instruction includes supporting differentiation, formative assessment, and increasing student engagement.

The MS from SCSC worked with a committee of math specialists to develop formative assessment lessons for secondary content that has not traditionally been addressed through programs such as MDC and other professional development.

Media Center Program

Funding Source: **SCSC/LEA/ECHSPED**

Competitive Grant: **No**

Participating Districts

Bearden	Fordyce	Magnolia
Camden Fairview	Hampton	Parkers Chapel
El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Traci Hargiss	Media Secretary	HS

Goal

The goal of the SCSC Media Center is to provide a wide variety of up-to-date multimedia, professional materials, and equipment for administrators, teachers, students, and staff along with an effective and efficient delivery system to each member school.

Program Summary

The SCSC Media Center provides multimedia, professional materials, and equipment that can be requested by participating member districts and makes deliveries and pick-ups as needed. A complete listing of available resources is listed at the cooperative website where teachers may place requests on-line using a Google form. In addition, the media center supports the Traveler Project funded by the Arkansas State Library and provides information and workshops on resources.

Major Highlights of the Year

The SCSC Media Center has gone through many more changes this year. This year we reduced the inventory of VHS tapes and DVDs again. This was due to the lack of request of this outdated type of media. Media checkouts have increased significantly in the last year. This increase is due to creating an online checkout system using a Google form. Teachers can access the checkout system from the cooperative website. In addition, as schools have requested new book sets we have purchased these, as funds are made available. Lastly, we have seen an increase in the number of FOSS kits being checked out which is due to summer professional development on how to use the kits and how they relate to the new K-4 Science Standards.

Math, Science, and Technology Consortium

Anna Warriner	Literacy Specialist	Masters
Christa Marsh	Private Science Consultant, SAU	Masters
Leah Stinnett	Math Specialist	Masters
Harry Dickens	Private Consultant, Corwin Press	Masters
Tonia McMillian	Technology Coordinator, Dawson Cooperative	Masters

Goal

The goal of the SCSC Math/Science/Technology (MST) Consortium is to provide specific training in K-12 curriculum and instruction, to incorporate an integrated approach into mathematics and science instruction, to provide training in differentiating instructional methods, to learn to effectively integrate technology to support instruction, to create content that supports the Arkansas Mathematics Frameworks, the NGSS, the ACT Aspire, and to also address the individual needs of member districts.

Program Summary

From 1985-2016, SCSC has administered the Dwight D. Eisenhower Math/Science Professional Development Consortium (now entitled Math/Science/Technology Consortium or MST Consortium) for its member schools. This consortium provides funding to support in-service training and retraining of teachers in grades K-12. The emphasis of that training is in the areas of technology, mathematics, and science.

Major Highlights of the Year

With this consortium, the co-op has provided various types of training for teachers and administrators. Demonstration lessons in PreK-12 classrooms, Saturday and summer workshops, and intensive, continuous progress trainings, and the Instructional Technology Integrationists three-year training project are some of the ways that these funds have been utilized. The training is long-term and is designed toward continuous improvement.

A major goal of this MST Consortium was to develop Instructional Technology Integrationists (ITIs) for area schools. During Year 3 of this three-year training program participants again received four days of training from lead consultants, Tonia McMillian and Harry Dickens. Participants also received Invent to Learn training from Sylvia Martinez and Dr. Gary Stager. This training had the design and implementation of makerspaces as its primary focus.

Participants received training that focused on the integration of technology into area classrooms. Participants (ITIs) received instruction with a focus on TESS and Charlotte

Danielson's Enhancing Professional Practice: A Framework for Teaching. Participants correlated lesson planning, technology integration, and assessment. Participants were encouraged to attend the TICAL conference in Little Rock. This conference had a strong focus on makerspaces in the classroom.

Districts that belong to this consortium were able to send teachers for no additional registration fee to workshops throughout the summer that addressed science, mathematics, and technology, etc.

School Health Systems

El Dorado	Harmony Grove	Smackover-Norphlet
Emerson-Taylor-Bradley	Junction City	Strong-Huttig

Personnel

Name	Position	Degree
Rhonda McDonald	Community Health Nurse Specialist	R.N., B.S.N.
Melissa Kuhn Shatley	Community Health Promotion Specialist	B.A.E.

Goal

The goal of the Community Health Nurse Specialist (CHNS) and Community Health Promotion Specialist (CHPS) is to provide schools and communities with assistance and resources that will improve the health of students as well as the community as a whole in Arkansas. The CHNS's primary focus is on the school nurse and the CHPS's primary focus is on wellness committees. We strive to provide technical assistance to school staff as well as the community as a whole.

Program Summary

The CHNS and CHPS are employees of the Arkansas Department of Health ("ADH") but are housed at SCSC. The CHNS and CHPS are under the direction of ADH and adhere to the policies and procedures of ADH. However, they are under the supervision of the director of SCSC for ADH. The co-op provides administrative support and housing.

The CHNS and CHPS works with schools, wellness committees, day cares, community coalitions, health care providers, and local health unit administrators in the counties the co-op services to improve the health of the community.

Activities of the CHNS and CHPS related to the school setting include advocating for implementation of tobacco-free policies, best practices for tobacco prevention education, and best practices for promoting and implementing policies and programs for nutrition, physical activity, and emerging public health issues in the school-age child. They provide education, technical assistance and staff development for school staff and will continue education for school nurses and wellness committees on health issues such as the consequences of tobacco, injury prevention (intentional and unintentional), oral health, infant mortality, physical activity and nutrition. Currently, the CHNS is a CPR instructor, and she trains school staff, nurses, and community members in American Heart Association's CPR and First Aid training programs.

The CHNS and CHPS assist schools in implementation of laws that affect the health and wellness in the school setting. The CHPS offers assistance to schools on developing and maintaining wellness committees as required by Act 1220. The CHNS offers assistance with new tobacco laws, new or changing rules and regulations (i.e., kindergarten physical, immunizations, etc.) and trains school nurses on all mandatory screenings (Hearing, Vision, BMI, & Scoliosis).

Under the ADH, CHNS's are able to offer free CNE on certain workshops to school nurses to maintain their professional license. CHNS's survey nurses and school staff to offer training and workshops that meet the needs of school health.

CHNS and CHPS offer programs and presentations to the students on school campuses in an assembly setting or in the classroom. They are available as presenters themselves or can provide presenters to meet the schools' needs. The SCSC CHNS and CHPS presented several STD and Teen Pregnancy presentations to students 6-12 grades in schools around the SW Region. The SCSC CHNS and CHPS has planned and will facilitate, and/or will present at several workshops this summer for school staff, wellness committees, and nurses both at SCSC and at other co-ops in the SW Region.

Southwest CHNSs (Dawson, DeQueen/Mena, South Central, and Southwest Co-Op CHNSs) work closely together to meet the needs of SW Arkansas. CHNSs and CHPS provide regional training to provide a level of consistency throughout the SW Region and cross borders to assist in other school districts to meet the needs of the schools.

Activities of the CHNS and CHPS related to the community setting include health fairs to promote health and wellness to the communities. Health fairs may be on the school campus, in the community, or at a local job site. Health presentations are offered to community clubs (i.e., Lions Club, Rotary Club, minority clubs, etc.), worksites, and for anyone else who request these presentations. Here is a list of a few examples of presentations the SCSC CHNS and CHPS can present in the community:

- CPR
- First Aid
- Stroke
- Cardiovascular Health
- Flu

- Sun Safety
- Child Maltreatment
- STD
- Suicide
- Wellness 101

They attend several statewide meetings and trainings to stay abreast of school health topics and issues. They collaborate at the state, regional, and local levels to provide continuity between the Arkansas Department of Education and the Arkansas Department of Health for the health of our students. They also work closely with Arkansas Children's Hospital, local hospitals, Arkansas Center for Health Improvement (ACHI), State Injury Prevention, Arkansas Cancer Association, Arkansas Prevention Resource, and State and local police. The SCSC CHNS and CHPS are members of five county health coalitions. They attended the State Injury Prevention meetings, state CHNS/CHPS meeting, and other regional and local meetings. Partnering with local health unit administrators, they strive to meet the health needs of the community.

Major Highlights of the Year

The major highlights of the year included providing mandatory screening (Vision, Hearing, Scoliosis, BMI) and other health related trainings to assist the school nurses in their specific job duties, collaborating with the schools and ADH to offer and administer flu shots on the school campuses and at SCSC for employees, providing technical assistance to all South Central school nurses, school staff, wellness chairs and communities. In the 2015-2016 school year, CHNS/CHPS for SCSC provided CPR Instructor training, underage drinking, drug use, tobacco use, and STD/STI/Teen Pregnancy, asthmas, School Health Index (SHI), wellness committee 101, CPR for Seniors, nutrition, CPR Instructor Class, ASIST (2-day suicide intervention training), presentation was presented to school districts by request. The CHNS continue to provide CNE's and professional development for school staff. CHPS worked with several school districts to assist wellness committees to form or to improve to meet state standards.

Strong-Huttig

Personnel

Name	Position	Degree
Karen Kay McMahan	Teacher Center Coordinator	Masters + 60
Natasha Avant	Secretary	HS
Traci Hargiss	Secretary	HS

Goal

The teacher center coordinator's (TCC) office has the responsibility of looking at the "Big Picture" of K-12 professional development that supports and enhances school improvement for all 12 school districts within our cooperative region. The 2015-16 school year began with the instructional specialists working with the office of the teacher center coordinator to learn how to use the Student GPS system and ADE Data System to locate and disaggregate the data of the 12 school districts and all the schools within the districts. From these projects, our specialists have a better picture to support our schools. These data systems will be pursued in the next year to track data to show an impact of our work on student achievement. Each specialist collected data in regards to their individual Professional Growth Plan as we implemented the BloomBoard platform to our TESS/LEADS evaluation. In addition, the office spent 2015-16 responding to the needs of schools in the areas of curriculum, instruction, and assessment. A list of workshops provided during the year is included in this annual report.

One of the main focus areas for this school year was continuing training in the Teacher Excellence Support System (TESS) and using BloomBoard to complete the evaluation process. The cooperative provided this training for teachers, counselors, librarians, principals, specialty administrators, and superintendents. Cohort study groups were continued to provide support for administrators needing extra support in passing the TESS proficiency exam. Training will continue in the summer and throughout the upcoming school year with sessions provided to learn more about the uploading of artifacts, tagging artifacts to support the evidence rating and better construction of writing PGP goals. In addition, work was centered around the BloomBoard Marketplace as a resource to support PGP goals and needs within the school.

Program Summary

Professional development opportunities target the focus areas as outlined by the ADE, and PD sessions are offered to meet the requirements of law regarding the required 36 hours to renew an educator's license of which 18 hours are required to support the educator's Professional Growth Plan. Professional development is designed to meeting the needs of schools based upon needs assessment survey results, SAI data, and CWT data from the 12 districts served. The TCC has the primary responsibility for reviewing, along with the SCSC Teacher Center Committee, SCSC Professional Development Committee, superintendent visits, and principal groups, the data sets from the districts in planning PD to meet the major needs of the districts.

Major Highlights of the Year

The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance.

Capacity building continued with instructional facilitator updates for math, science, literacy and social studies. Several update trainings were provided. In the coming year these curriculum groups will work in content areas to unpack the new standards.

Each year an administrator's conference is held at DeGray Lodge in Bismark. Superintendents, principals, and assistant principals are invited to submit ideas for the agenda. Topics for presentation included: Fair Teacher Dismissal and TESS, Calibrating a Culture of High Performing Groups, How to Use Instructional Facilitators for Student Achievement, and an Overview of the ACT Aspire Test.

SCSC literacy, math, science, Career and Technical Education (CTE), Education Renewal Zone (ERZ) personnel, and SAU STEM math and science specialists were involved in the Literacy and Math Design Collaborative (LDC & MDC) this year. Only one school district in our region chose to be a part of this extensive training for literacy. Three school districts were involved in math. LDC/MDC provides training to meet the required level of rigor and relevance required in true CCSS instruction. Multiple group visits occurred throughout the year as the specialists supported the work of developing modules. This year both math and literacy training for LDC & MDC will experiment with a blended model. This model should help to increase participation because teachers will not be required to be out of their classrooms as much as before.

The staff members of the professional development team at SCSC will continue to support school improvement efforts through training in the new standards for math, literacy, science, and computer science, as well as the new testing with ACT Aspire. In addition, training such as Cognitive Guided Instruction II, classroom management, high yield instruction strategies, instructional technology, TESS, and Leadership Quest will be provided. These trainings will be the focus of our summer trainings and will continue throughout the coming school year.

Goal

The goal of the South Central Service Cooperative (SCSC) Science Instructional Specialist Program is to assist all participating education institutions in meeting the goals and state standards established by the Arkansas Department of Education (ADE) by promoting and supporting effective, research based science and engineering practices for all students by providing opportunities and technical assistance to teachers, instructional facilitators, curriculum specialists, administration, instructional interventionists, and parents in the areas of curriculum, instruction, and assessment. The goal of this program is to improve the quality of student education by supporting individual educators in their efforts to continually grow and learn. The final outcome should be improved student achievement that supports college and career readiness goals.

As the teachers begin to implement the new K-12 Arkansas Science Standards and encounter the Teacher Excellence Support System (TESS), they have been required to make monumental changes in pedagogy. The SCSC science program seeks to support growth and positive change that will empower teachers, and as a consequence, students of our cooperative area to be successful. The goal of the science specialist is to inspire teachers to engage students in science and engineering practice as they use their developing understanding of disciplinary core ideas and crosscutting concepts to make sense of real-world phenomena or solve problems. The specialist, in collaboration with the SAU STEM Center, acts as liaison between the state and the school districts in implementation of the new Arkansas K-12 Science Standards.

Program Summary

SCSC, in partnership with the ADE Science Program for grade K-12, was established by Act 1392 of 1999 for the improvement of science instruction throughout Arkansas. Assistance is provided to schools through professional learning opportunities, model lessons, lesson study, teacher observation, and technical assistance to improve the teaching and learning of science and engineering practices through increased content understanding and improved instructional practices across the curriculum. Professional development for 2015-2016 include:

Curriculum Alignment: The focus of this opportunity is to align the local curriculum with the state curriculum documents by creating detailed curriculum maps, pacing guides, and

lesson plans that include classroom assessments that are aligned with the the state framework. The science specialist worked with teachers on creating and presenting lessons in classroom K-12 that addressed the need to align to the new Arkansas K-12 Science Standards. Flexibility in an effort to diagnose and address student misconceptions and gaps in learning is an imperative part of this process. Curriculum development, alignment, and articulation have been a focus of small groups of educators from various districts with an emphasis in science as well as within districts.

Data-Disaggregation & Analysis: This opportunity promotes and helps develop a comprehensive understanding of test data. Teachers look at the school level data as well as their classroom and student data. We focus on modeling and supporting data-based decision making at every level. Analyzing and planning next steps, including interventions for students and continual modification of lessons are addressed. SCSC has implemented an instructional analysis tool to further analyze test data for districts to determine whether low-test scores indicate a gap in the curriculum or an issue regarding instructional strategies. The program Science specialist, in conjunction with the TCC, has given assistance to school districts regarding their formative, interim, and summative assessment data. Our goal has been to find the gaps in instruction or curriculum, and support districts in bridging those gaps.

Imagine That: Makerspaces (K-12): This is an exploration into what makerspaces are and what might be included in a makerspace. We will share various devices, instructional materials, websites, and curricular supports for a makerspace. There will be hands-on-time to work with the devices and materials. Makerspaces are a perfect opportunity to form partnerships with Science, Technology, Engineering, Art, & Math (STEM).

Science: Time for Change: Gather, Reason, and Communicate (K-4): Educators will engage in a grade specific lesson(s) to make sense of science phenomena. Educators will experience a lesson being modeled in a three dimensional format using science and engineering practices, crosscutting concepts and disciplinary core ideas, while engaging in gathering, reasoning, and communicating.

GPS-Grasping Phenomenal Science for Grades K-12: Navigating from Standards to Instruction: This professional learning opportunity was developed in collaboration with our science specialist and science specialist across the state. Educators will engage in grade-specific lessons to make sense of science phenomena and reflect on instructional strategies designed to engage students in science instruction consistent with the new Arkansas K-12 Science Standards.

Reading the K-12 Arkansas Science Standards 101 & 5E Lesson Template: Educators will become familiar with the new Arkansas K-12 Science Standards. Participants will gain a better understanding of a 5E lesson template and how to integrate gathering, reasoning, and communicating as an avenue for discovery. Online resources will be investigated.

General School-Site Support: The goal of this program is to support classroom teachers in their efforts to meet the changing requirements of the classroom with model lessons through direct modeling, observations of lessons, or co-teaching lessons. This practice is reflective in nature, which requires meeting for planning purposes in advance of the lesson,

as well as, meeting after the lesson to discuss and reflect for the purposes of growth and positive change in instruction for the benefit of students.

Of the 12 districts that SCSC serves, 11 of the districts have utilized this feature of our program. Lessons have been delivered in both elementary and secondary classrooms. During the school year, the science specialist participated in approximately one hundred and eighty-one classroom lessons. It is not irregular for the school-site lessons to be multiple lessons during the course of the day. These lessons may be in cooperation with a single teacher or multiple teachers.

Part of our service is to provide on-site training for school districts. This training could take the form of conducting/participating in meetings of various types or providing professional development. During this school term, the science specialist participated in approximately five district on-site trainings.

Major Highlights of the Year

Teachers have requested a great deal of support during this year to understand and implement the new Arkansas K-12 Science Standards. The science program has addressed multiple issues to support changes in pedagogy required to successfully implement these standards. These changes were addressed primarily through providing professional development to meet the demands of the new state Science standards in classrooms and with school-site visits to support teachers in implementing the new Arkansas K-12 State Standards.

The science specialist was one of the committee members to help plan and implement the ADE Middle School Summer Professional Development at a crucial time for shifts in science instruction and implementation of the new science standards.

The SCSC science specialist collaborated with the science specialist at Southwest Arkansas Education Cooperative, Dawson Educational Cooperative and Southern Arkansas University STEM Center to provide conference style ADE Summer Professional Development, as well as, have stand alone ADE Summer PD here at SCSC.

SCSC specialists were allowed to participate in BloomBoard, which is an opportunity for teams to build capacity as a collaborative workgroup by developing professional learning plans, and by aligning personalized resources and supports to ensure professional growth. Schools and districts participate in BloomBoard as well. Having the specialists participate allows them to be a support to the schools to meet their TESS domain requirements.

Personnel

Name	Position	Degree
JoAnn Womack	Technology Coordinator	BSE
Tristan Jermany	Part-time Network Engineer, ISO	MBA

Goal

The goal of the SCSC Technology team is to work with all participating school districts to provide access to tools and materials related to implementation of the Arkansas K-12 Standards and ADE initiatives, to increase the impact of teaching and learning related to the integration of technology, and to deliver relevant and timely professional development.

Program Summary

The SCSC Technology Training Center maintains the local area network (LAN), which provides reliable network connectivity to all SCSC staff and presenters. The technology coordinator assists employees with technology hardware and software purchases and provides training as needed. The technology department maintains the cooperative website, the computer lab, the mobile labs, the cart of iPads, and the presentation equipment in each conference room, as well as providing assistance to presenters.

The technology coordinator provides support to our member districts, which includes: modeling technology integrated lessons to local teachers and students, providing technical assistance and consultation on hardware and software, providing professional development opportunities, and providing support for the Arkansas K-12 Standards and the ACT Aspire assessments.

The technology coordinator works closely with the Arkansas Department of Education (ADE), the Department of Information Services (DIS), the Arkansas Public School Computer Network (APSCN), and the other Arkansas Education Cooperatives regarding technology initiatives to help the SCSC staff and member districts remain informed and in compliance with technology requirements.

One of the main goals for the SCSC Technology Coordinator is to develop and provide professional development and model lessons that integrate technology seamlessly into the classroom and to further the SCSC specialists' growth in this area as well.

Major Highlights of the Year

The SCSC Technology Coordinator hosted an after-hours “Hour of Code” for the surrounding schools and community. The participants were informed of the Governor’s New Computer Science Initiative, given a definition of coding, and had access to hands-on activities from Code.org.

The SCSC Technology Coordinator provided a technology conference this year that consisted of 28 different sessions, 14 presenters, and more than 50 attendees. This conference provided training for the entire district. Workshop topics included: Google Apps, iPad Content Creation, System Center Configuration Manager (SCCM), Apple Updates from an Apple Engineer, Multimedia Projects, Virtual Arkansas, Social Media and Parental Involvement, Flipping the Classroom, and Computer Science.

The SCSC Technology Coordinator provided 27 technology integrated professional development sessions during the summer and throughout the school year. These sessions modeled technology integration relevant to all types of classrooms and subjects. Workshop topics included: Student GPS Dashboards, Google Apps, iPad in Special Education, Technology Tools, Blended Learning, Excel for Testing Coordinators, ACT Aspire Updates, Coding, Data Security Training, and Rave Panic Button. The SCSC TC also provided assistance to over eighty SCSC hosted professional development sessions during 2015-16.

The SCSC Technology Coordinator provided 10 trainings specifically tailored to district technology coordinators and technology staff. These trainings consisted of: two-day SCCM (System Center Configuration Manager) with DIS, Microsoft Office 365, HP Switches & Wireless Training, Student GPS Dashboards, Apple Updates with Apple Senior Systems Engineer, Michael Colvin, DIS New State Network, ACT Aspire, CWS (Cloud Web Security) training with DIS, and E-Rate training with Funds for Learning.

An Instructional Technology Integrationist Cadre returned during the 2015-16 school year consisting of 30 teachers and seven SCSC specialists. They received 24 hours of professional development. This group was developed to build Technology Integrationists within the schools and to give this group ideas of ways to integrate technology into lessons on a daily basis with the hope that this group would take their ideas to their schools to further the growth of this concept of technology integration.

Special Projects & Programs 2015-2016

Teacher Excellence Support System (TESS)

Competitive Grant: Yes ☐ No ☒

Goals & Description

Enhancing Professional Practice: A Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Education Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hour Laws and Process training. The ADE provided training for administrators at each cooperative on Summative Evaluation Processes and Professional Growth Plans. ADE in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and to support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2015-16 school year.

Arkansas Leadership Excellence & Development System (LEADS)

Competitive Grant: Yes ☐ No ☒

Goals & Description

The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being piloted). Trainings for the LEADS program throughout the 2015-16 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of BloomBoard for evaluation and artifacts, and other support as needed in individual cooperatives.

ACT Aspire

Competitive Grant: Yes ☐ No ☒

Goals & Description

South Central Service Cooperative technology coordinators and staff have provided support to district testing and technology personnel as preparations were made for initial

implementation of ACT Aspire in the spring of 2016. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, cooperative technology coordinators provided ongoing assistance through emails and phone conversations as problems and questions arose in districts. SCSC also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and during the upcoming school year.

Literacy/Math Design Collaborative

Competitive Grant: Yes ☐ No ☒

Goals & Description

Literacy Design Collaborative (LDC) and Math Design Collaborative (MDC) offer teachers, coaches, and leaders an instructional system for developing students' literacy skills to prepare them for the demands of college and careers.

Literacy/Math Design Collaborative LDC & MDC

The SCSC in conjunction with the SAU STEM Center and the Educational Renewal Zone partnered to deliver the Literacy Design Collaborative and Math Design Collaborative training to schools in the cooperative region. The LDC/MDC is an on-going professional development process, which consists of tasks aligned to the Arkansas State Math and Literacy Standards that target those skills needed in reading, writing, and mathematics.

Formative assessment along with development of units of study in Core Tools is used as a tool for monitoring what students are learning and identifying misunderstandings or skill weaknesses in students. These tasks work together to provide robust learning opportunities for students that are evaluated with a scoring rubric that helps educators across our state and nation calibrate to high expectations. The LDC/MDC work is implemented in literacy, social studies/history, mathematics, science, and career education classes for students in grades 7-12.

The support team consisted of literacy, math, science, and CTE specialists in addition to the STEM and ERZ staff. Dr. Guevara, SAU ERZ Director, is working with an LDC teacher from the Magnolia School District who has been nationally recognized for her work in LDC. For the first time in southern Arkansas, Magnolia School District hosted a classroom embedded day for MDC. Together, the team traveled to participating schools to meet with the support teachers and principals working in the LDC and MDC areas. Three new schools have signed up to begin work in the LDC/MDC area for the 2016-2017 school year. The team will continue to support the work of the previous schools by offering a support day this summer and follow ups in the school year.

Director's Annual Letter

As Director of the Southeast Cooperative I always look forward to the annual onsite visits to each of our districts. During the visits, the administrative and leadership teams of the districts share information concerning the services we offer that help the district the most and new services that we need to consider for the coming year. These robust discussions have brought about services that are needed by our districts.

The 2015-16 school year visits have brought up a topic that has no easy solution and no easy fix for our area. Every district we have visited has a true teacher shortage in several certification areas. The “Baby Boomer” teachers are going home and our districts cannot find qualified teachers to fill these positions. In early April 2016, we posted the list of job openings in our area schools. The listing was for ninety positions as of April 6, 2016. We have never posted that many open positions! No district was spared from the listing. If you are reading this and can teach 9-12 math, please let me know immediately because you may choose from a variety of locations to teach and you may start interviewing tomorrow.

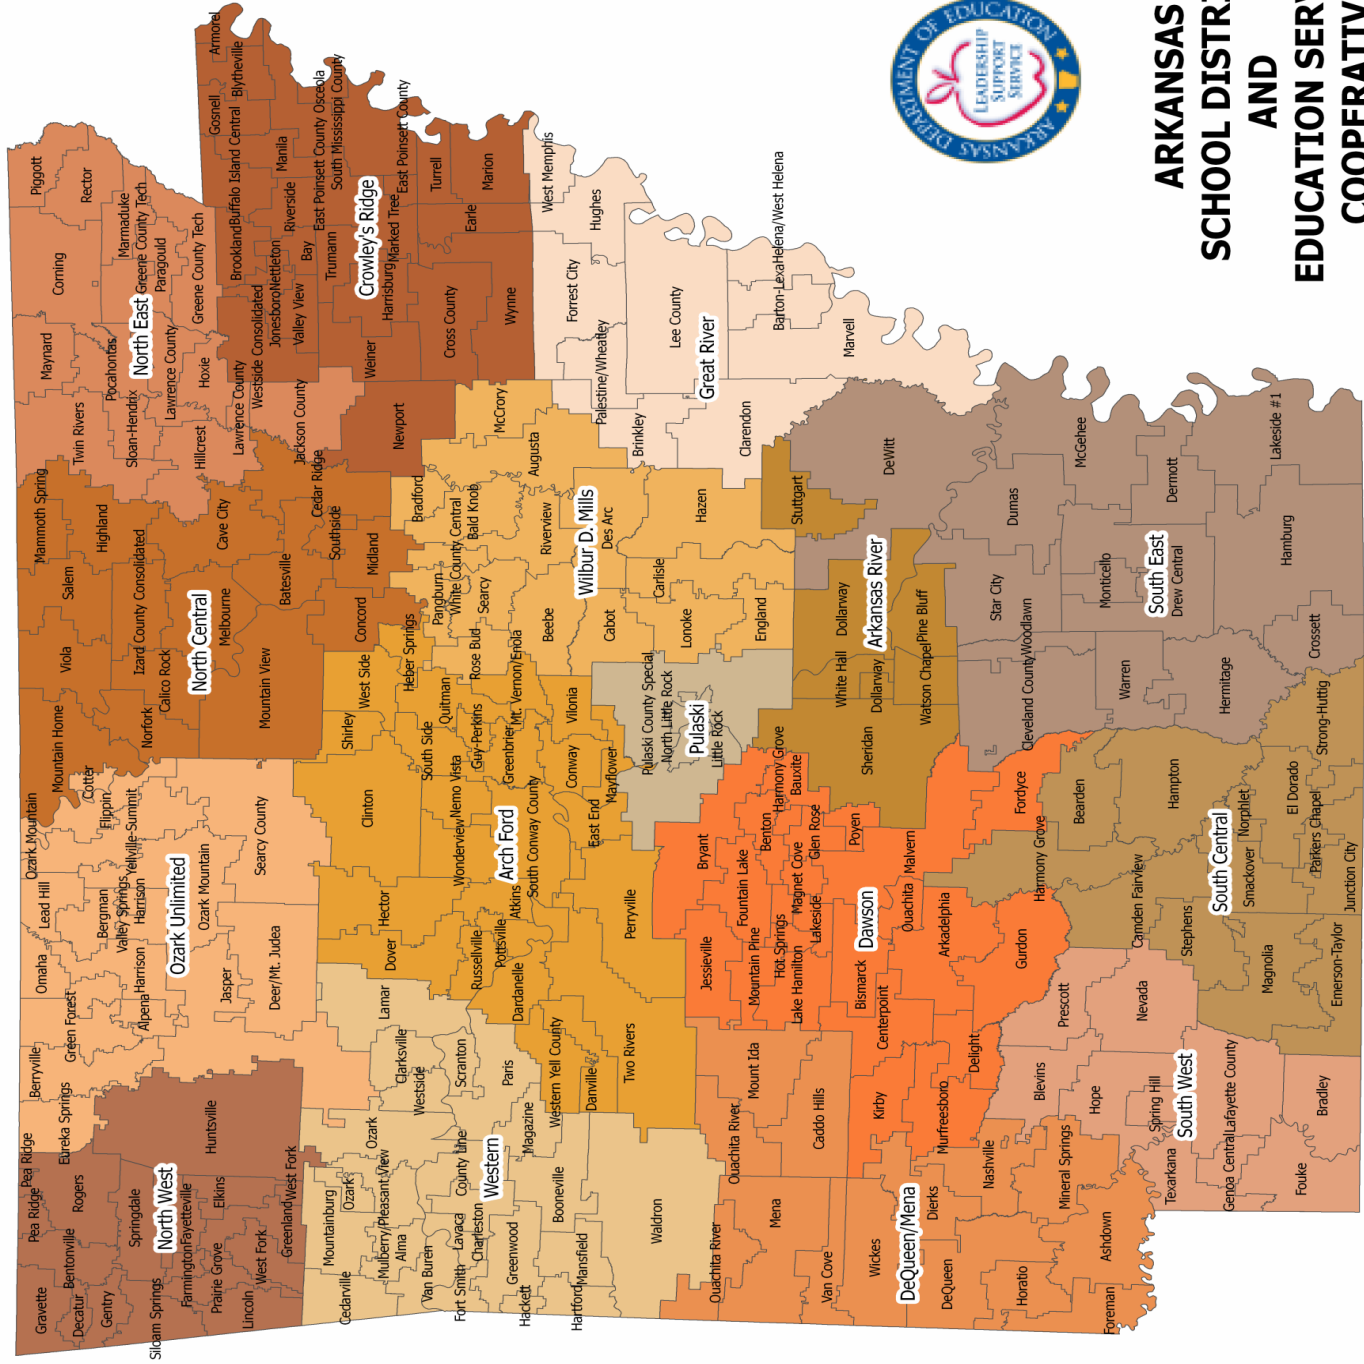

Our Co-op area has always utilized all the alternate routes provided to train and credential teachers provided by the state of Arkansas, APPEL, UAM partnerships, MAT programs and Teach for America. Our schools have been creative, innovative, and resourceful, but the districts still face a major teacher shortage. All of the traditional and non-traditional routes for training teachers have the lowest numbers enrolled since the start of these programs.

All the research studies agree that the biggest factor in student achievement is having a highly qualified teacher in every classroom. What a challenge our schools are facing for the 2016-2017 school year!

Karen Eoff

Director, Southeast Co-op

ARKANSAS SCHOOL DISTRICTS AND EDUCATION SERVICES COOPERATIVES

The mission of the Southeast Arkansas Education Service Cooperative is to support the schools in their mission to provide students with a world class education by providing the member schools with programs, shared services, professional development and opportunities for collaboration in a more effective and efficient manner than they could provide independently.

School Districts served in Southeast Education Service Cooperative

Cleveland County, Crossett, Dermott, DeWitt, Drew Central, Dumas, Hamburg, Hermitage, Lakeside, McGehee, Monticello, Star City, Warren, Woodlawn
--

Officers of the Board

Name	Position	School District
Billy Williams	President	Drew Central School District
Dr. Tracy Tucker	Secretary	Hermitage School District

Members of the Board

Name	Position	School District
Johnnie Johnson	Superintendent	Cleveland County School District
Gary Williams	Superintendent	Crossett School District
Kristi Ridgell	Superintendent	Dermott School District
Dr. Lynn Dardenne	Superintendent	Dewitt School District
Billy Williams	Superintendent	Drew Central School District
Kelvin Gragg	Superintendent	Dumas School District
Max Dyson	Superintendent	Hamburg School District
Dr. Tracy Tucker	Superintendent	Hermitage School District
Dr. Billy Admas	Superintendent	Lakeside School District
Thomas Gathen	Superintendent	McGehee School District
Sandra Lanehart	Superintendent	Monticello School District
Dr. Richard Montgomery	Superintendent	Star City School District
Bobby Acklin	Superintendent	Warren School District
Dudley Hume	Superintendent	Woodlawn School District

Teacher Center Committee

Each participating school district in the Southeast Education Service Cooperative will have one representative on the Teacher Center Committee. The ratio of classroom teachers to administrative/support personnel shall be as close to 2:1 as is possible. Each Committee member shall be elected for a term of three years.

Elementary Teacher Positions	Name	District	Term Expires

Education Service Cooperative (ESC) Annual Report

Date: 5/18/16 LEA#: 2220 ESC#: 2220

ESC Name: Southeast

Address: 1022 Scogin Drive

Phone Number: (870) 367-6848

Director: Karen Eoff

Teacher Center Coord: Rhonda Mullikin

Names of Counties Served: Arkansas, Ashley, Bradley, Chicot, Cleveland, Desha, Drew, and Lincoln

Number of Districts: 14 Number of Students: 16,871

Number of Teachers: 1,584

I. Governance

A. How is co-op governed? Board of Directors ☒ Or Executive Committee ☐

How many members on Board? 14

Executive Committee?

How many times did Board meet? 12

Executive Committee?

When is regular meeting? 2nd Wednesday of the month

Date of current year's annual meeting: May 18, 2016

B. Does co-op have Teacher Center Committee? Yes ☒ No ☐

If yes, then:

How many members on Teacher Center Committee? 14

How many members are teachers? 8

How many times did Teacher Center Committee meet? 3

When is regular meeting? 1 Fall, 2 Spring Semester Meetings

C. When was most recent survey/needs assessment conducted? April 2016

D. Have written policies been filed with the Arkansas Department of Education? Yes ☒ No ☐

II. Staffing

Please list (or attach a list of) all staff members of the co-op (including those housed at the co-op and paid through other sources), their titles and the salary funding sources for the positions. Place an asterisk (*) beside those who are housed at the co-op only and whose salary does not flow through the co-op's budget.

III. Teacher Center

Please attach a list of all in-service training/staff development workshops offered through the co-op, including month offered, topic, number of districts anticipating, number of participants and location of workshops. Place an asterisk (*) beside those which provided curriculum assistance. Include a cumulative total of participants. **(See Professional Development Activities Report attached)**

A. Does co-op provide media services to schools? Yes ☒ No ☐
Approximate number of titles in media center 804
Does co-op provide delivery to district? Yes ☐ No ☒
How many districts participate in media program? 14
How many titles (including duplicate counts) were provided to schools during the current year? 0
Do districts contribute dollars to media services? Yes ☐ No ☒
If yes, then:
How are media charges per district determined (formula or per ADM)?
Please describe: _____
Does co-op operate a "make-and-take" center for teachers? Yes ☒ No ☐
If yes, then:
How many teacher visits have been made to the center? (Count all teachers who have visited the center, using duplicate counts for teachers who have visited the center more than once.) 198

IV. Administrative Services

Please check administrative services offered through the co-op:

- ☒ Cooperative purchasing
- ☒ Conduct Annual Needs Assessment/Planning Assistance
- ☒ Special Education Services
- ☒ Gifted and Talented assistance
- ☒ Grant writing assistance
- ☐ Personnel applications
- ☒ Assist/Support with Evaluation procedures (OSR, ACSIP Monitoring, GT Evaluation, etc.)
- ☐ Migrant student identification
- ☒ Bookkeeping assistance
- ☒ Technology training
- ☒ Curriculum support (Common Core State Standards)
- ☒ Business Management Training
- ☒ Computer Technician
- ☐ C.C.R.P.P. Administration/Collaboration
- ☒ E-Rate Applications
- ☒ Assessment Data Analysis
- ☒ Instructional Facilitator Training
- ☐ Target Iterim Assessments
- ☒ Math/Science/Literacy Specialists
- ☒ Numerous Professional Staff Development Opportunities for Teachers
- ☒ Administrator and Local Board Member Training
- ☒ Other (please specify)
- ☒ Paraprofessional Testing
- ☒ Digital Fingerprinting
- ☒ Printing Services
- ☒ Financial Planning
- ☒ Facilities Management
- ☒ MITS

V. Direct Services to Students

Please check the student services provided through the co-op:

- ☒ Student Assessment Program
- ☒ Itinerant Teachers - Please list areas: (ECSE, SPED, etc.)
- ☒ Speech Pathology Services
- ☒ Occupational Therapy and Physical Therapy
- ☒ Transition Assistance
- ☒ Mentor Programs (Ex. Foster Grandparents)
- ☒ Gifted and Talented Programs
- ☒ Digital Instruction (Ex. iTunes U, podcasts)
- ☒ HIPPPY
- ☒ Low Incidence Handicapped (Vision/Hearing)
- ☒ Other (please specify)
- ☒ Nursing Services
- ☒ Quiz Bowl - Elementary & Jr. High
- ☒ Technology Fair - Grades 4-6
- ☒ Roller-Coaster Challenge & Chess Tournament

VI. Anecdotal Reports

Please list below three or four descriptions of activities which demonstrate partnerships, cooperative agreements or creative ways that the co-op has assisted local districts. Co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

Classroom Management Consortium

The Classroom Management Consortium Consultant, trained and coached 52 individual K-12 classroom teachers, facilitated workshops for 10 school in the cooperative area, made 25 site visits at 11 different schools, and worked four days training in-house at the Southeast Educational Service Cooperative. While working with individual teachers, time was spent observing, debriefing, and coaching. All teachers were provided with specific techniques tailored to their classroom needs. Following each visit, a debriefing was held with the principals to share the findings and formulate the next step for the individual teacher. If needed, a follow-up visit was scheduled. During the full staff trainings for districts and the Cooperative, teachers and administrators were given classroom management strategies and techniques centered on Domain 2 of the TESS model. The trainings were interactive, practical and assisted teachers by incorporating real-life classroom situations.

Comprehensive Literacy Consortium

The Southeast Arkansas Comprehensive Literacy Consortium was developed based on literacy needs in the Co-op. All fourteen districts participate in the consortium. In the first year, the Comprehensive Literacy Consortium focused attention on professional development in the elements of comprehensive literacy for the principals of K-5 schools. Future plans include intensive professional development for teachers in the elements of comprehensive literacy with follow-up sessions and school support. The goal is to have every K-5 teacher trained in comprehensive literacy and this will be an on-going consortium that will encompass K-12 over time.

Instructional Technology Consortium

The Instructional Technology Consortium is in its second year of operation with ten districts participating. Thirty Instructional Technology Coaches were trained. The consortium was formed to train an Instructional technology coach, that would train and assist teachers in further integrating technology in the classroom. Each coach received a spherio, makey shop, Little Bits, and Powis equipment. There were four sessions held and Harry Dickens was the instructor. The consortium will continue in 2016-2017.

- Technology coaches will develop and inspire a shared vision for a comprehensive integration of technology.
- Technology coaches assist teachers in using technology effectively for assessing student learning, differentiating instruction, and providing rigorous learning experiences for all students.
- Technology coaches create and support digital age learning environments.
- Technology coaches conduct needs assessments, develop technology related professional development, and evaluate the impact on instructional practice and student learning.
- Technology coaches model and promote digital citizenship.
- Technology coaches demonstrate professional knowledge, skills, and dispositions in content, pedagogical, and technological areas as well as adult learning.

Instructional (Literacy) Facilitation

The Southeast Arkansas Literacy Facilitation was developed from the ADE Literacy Decision Makers to inform the literacy leads in a district about current issues and trends in literacy education. Thirteen of the fourteen districts participate in this project by sending a literacy facilitator, instructional facilitator, or a lead teacher to receive intensive training in literacy content, curriculum alignment, assessment, and coaching strategies to monthly meetings at the Co-op. The literacy leads then build literacy capacity in these areas in their local school district. This program is entering the ninth year. Literacy Facilitation will continue next year.

Math Consortium

The Southeast Arkansas Math Consortium was developed to improve the teaching and learning process in mathematics in K-12. Thirteen districts participate in this project. Each district selected math coaches to receive intensive training in math content, curriculum alignment, assessment, and instructional process delivery at monthly training sessions at the Co-op. The math coaches then develop math capacity in these areas back in their local school district. This program is entering the ninth year. This year, the emphasis has been on developing curriculum documents for each grade level. Each grade has developed a set of units that are sequenced for the school year. Dr. Linda Griffith has reviewed, revised and edited each document. As part of the Math Consortium, the Co-op has also provided extensive training and follow up sessions in Cognitive Guided Instruction for year one, two and three. The goal is for every teacher in the Southeast Cooperative K-2 to be trained in Cognitive Guided Instruction. Extending Children's Mathematics (ECM I & II) for grades (3-6) was offered in the summer of 2015 with 3 follow-up days during the school year. ECM focuses on understanding fractions and decimals. CMP 3 training was provided to support districts implementing the Connected Math Project for grades 6-8.

Science Consortium

The first and only consortium of its kind for Arkansas in science, this project was developed to prepare the science education leadership for participating districts. Each district in the consortium selected and enrolled science teachers in this inquiry based, innovative program at the Cooperative. The group is known as the Science Job-Alike and is in year nine for participating schools. The participating teachers were from the consortium schools and were lead teachers who are innovative and willing to provide support in science for the district. Instruction focused on best practices, affordable and meaningful labs, and networking with fellow science teachers. Effective teaching practices are discussed at each meeting with teachers modeling expectations for the classroom. AR Standards, ACT Aspire, and the AR K-12 Science Standards are the newest additions to the agenda. The Consortium started nine years ago with approximately 20 teachers. The focus of each year combines the most current science topics with current state initiatives such as MDC, LDC, Common Core and Assessment. Administrative reporting has revealed teachers are showing more enthusiasm and energy in lessons and conducting more hands on labs in classes K-12. This year a special focus has been placed on writing "Conceptual Flows" for the new science performance expectations to better prepare for a richer learning of content and a student centered classroom. TESS evidence and formative assessments have also been a big focus. Research documentation provided to teachers to support monthly agendas. The program was a success and will continue next year.

VII. Employment Policies and Practices

Act 610 of 1989 requires that each educational cooperative report the following information.

Employed

Number of new males employed by the cooperative for the 2014-2015 school year.

4

For this number above, please provide the number in each of the following racial classifications:

3 White
1 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

Number of new females employed by the cooperative for the 2014-2015 school year.

16

For this number above, please provide the number in each of the following racial classifications:

13 White
3 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

Terminated

Number of males terminated by the cooperative during the 2014-2015 school year.

5

For this number above, please provide the number in each of the following racial classifications:

2 White
2 African American
1 Hispanic
 Asian
 American Indian/Alaskan Native

Number of females terminated by the cooperative during the 2014-2015 school year.

15

For this number above, please provide the number in each of the following racial classifications:

11 White
2 African American
2 Hispanic
 Asian
 American Indian/Alaskan Native

Seeking Employment

Number of males seeking employment by the cooperative during the 2014-2015 school year.

4

For this number above, please provide the number in each of the following racial classifications:

3 White
1 African American
 Hispanic
 Asian
 American Indian/Alaskan Native

Number of females seeking employment by the cooperative during the 2014-2015 school year.

35

For this number above, please provide the number in each of the following racial classifications:

31 White
3 African American
1 Hispanic
 Asian
 American Indian/Alaskan Native

Arkansas Department of Education/Medicaid in the Schools

Certified/Classified Professional Salary Guide

2015-2016

This schedule is based on 250 days. Employees working less than 250 days will have their salary appropriately adjusted on a per day basis.

Employees on this schedule are required to hold a Certificate from the State Department which is necessary for their position or possess a minimum of a BA and serve in a supervisory role and/or manage a grant/budget or be designated by the director as a specialized highly skilled area.

Step	Experience	250 Days BA/ HIGHLY SKILLED	250 Days M
1	0	\$36,833.33	\$42,358.33
2	1	\$37,436.46	\$43,028.13

29	22	\$54,324.10	\$61,782.53

NOTE: Salary step increases are contingent upon sufficient revenue availability from the employee's appropriate funding source. If sufficient revenue is not available to support an increase, the employee will remain at the current level. When/if funds subsequently become available, the employee will "step up" to level-which funding allows. Base funds may not be used to support non-base employee increases without special approval of the Coop Board.

The steps in this schedule are based upon coop experience in a particular job area unless special exceptions are recommended by the director and approved by the board. Additionally, placement at a particular step may also be determined by attainment of a college degree which might be a requirement for a particular level. If a college degree is required for a particular level, then the experience in that particular level would start accumulating the immediate fiscal year after the degree is obtained.

**Employees receive a 1% Bonus and a Fringe Benefit package consisting of dental, vision, long-term disability, life, hospital confinement, short-term disability, and \$19/month health matching.

29	28	\$51,572.00	\$58,668.00

NOTE: Salary step increases are contingent upon sufficient revenue availability from the employee's appropriate funding source. If sufficient revenue is not available to support an increase, the employee will remain at the current level. When/if funds subsequently become available, the employee will "step up" to level-which funding allows. Base funds may not be used to support non-base employee increases without special approval of the Coop Board.

The steps in this schedule are based upon coop experience in a particular job area unless special exceptions are recommended by the director and approved by the board. Additionally, placement at a particular step may also be determined by attainment of a college degree which might be a requirement for a particular level. If a college degree is required for a particular level, then the experience in that particular level would start accumulating the immediate fiscal year after the degree is obtained.

****Employees receive a 1% Bonus and a Fringe Benefit package consisting of dental, vision, long-term disability, life, hospital confinement, short-term disability, and \$19/month health matching.**

*****The director is provided a car for personal and business use.**

Jacqueline Rowlett	APSCN Financial Field Analyst	

Goal:

To provide end-user support to district financial users of the FMS statewide Financial Management System, Cognos reports, and meeting statewide guidelines.

Program Summary:

The Financial Applications Field Analyst provides services to districts within Arkansas that utilize the FMS statewide Financial management system software. Financial Management Systems Applications Computer software is used primarily to process and record financial transactions. The SunGard Pentamotion financial management systems applications provided by APSCN include the following integrated modules: Fund Accounting, Human Resources, Fixed Assets, Budget Preparation, Personnel Budgeting, Purchasing and Warehouse. The Financial Field Analyst provides technical, and accounting assistance, and training for all of the modules as well as APSCN Application fields. The Financial Analyst provides software training for district users, and in some cases provide accounting 101 and basic word and excel training. The analyst plays a major roll in assisting districts to utilize features in the software which they may not have used in the past (purchasing for example) . The analyst provide training on retrieving, reading and interpreting data so that users have the capacity to resolve issues and to make budgeting decision The analyst also assist districts with coding, training them to utilize the Fund Accounting Manual, and AFRB. Analyst write procedural outlines to assist district in their software processes; these outlines are posted to the APSCN website. The Analyst is responsible for making sure that users are trained on all software updates. The Analyst also provides technical training and practical assistance for Financial Report Cycles. Various trainings offered throughout the year include, but are not limited to, FMS Required Fields for State Reporting, New Personnel, Cognos Report Writing, Fiscal Year End, & Calendar Year End. Through means of analyzing data, and a working knowledge of the financial software; Financial Analyst assist districts with reconciling general ledgers, balance sheets, bank reconciliation, fixed assets, budgets and payroll issues.

Major Highlights of the Year: APSCN is currently in the process of a major software upgrade to a Windows version (October 2015-April 2017). The Analyst is responsible for training, scheduling , and assisting whier districts in the conversion/upgrade.

Goal:

To provide end-user support and training to district users of the SMS statewide student management system, Cognos reports, Statewide Information's System reporting and meeting statewide guidelines. To test updates to the software and state reporting cycles. To write documentation on processes and training guides.

Program Summary:

The Student Applications Field Analyst provides services to districts within Arkansas that utilize the SMS statewide student management system software. The software is used to store district, school, and student data. Student Management Systems Applications is computer software used primarily to process and maintain student records. The SunGard eSchoolPlus+ student management systems applications provided by APSCN include: Attendance, Demographics, Discipline, Marking Reporting, Medical, and Scheduling. With the use of nine cycles yearly, districts electronically submit data to the ADE. The student field analyst provides districts with consulting and training workshops through meetings at the Cooperative, school visits, and communicating closely by e-mail and telephone. Various trainings offered throughout the year include, but are not limited to, SMS Required Fields for State Reporting, New Personnel, Cognos Report Writing, Transcripts Review, Next Year Scheduling, and Year End Rollover.

Major Highlights of the Year: State Reporting training and new software implementation.

Name	Position	Degree
Carolyn Hogue	Vision Consultant, Orientation & Mobility	BA - Elementary K-6; Visually Impaired
	Instructor	K-12; Mildly HDCP K-12; SP ED INST
		SPEC (4-12); SPE ED CHINST SPEC (P-4);
		SP ED VIS SPEC (P-4); SP ED VIS SPEC
		(4-12)

Goal:

To assist our school districts in fulfilling the needs of our visually impaired students.

Program Summary:

- Educational Services for the visually impaired provides the following services through the regional vision consultant – as contracted by the school districts:
- Coordination of ESVI consultant services through the district's designated sponsor.
- Recommendations for adaptations and modifications to enhance the student's opportunities for learning.
- Assessment, instruction and consultation in the use of recommended low vision devices, adaptive mobility devices and canes.
- Recommendations for assistive equipment and materials.
- Assistance as needed with required Functional Vision Assessments, Learning Media assessments, and the Orientation and Mobility Assessments.
- Orientation and mobility services for the visually impaired.

Major Highlights of the Year: More students have been added to the program. Supervisors are finding and providing the needed input to ensure that visually impaired students are picked up/assigned to visually impaired specialist caseload early. The earlier these students receive the needed help/instruction, the more gains these students will make - instead of falling behind their peers because of the lack of understanding of their needs.

Personnel

Name	Position	Degree
LaDonna Spain	School Improvement Supervisor	BSE - UAM; Masters - UALR

Goal:

The primary mission of the School Improvement Unit is to assist districts and schools in their efforts to improve student achievement. The Unit's purpose is to enhance the quality of the student experience through teaching and learning and broker resources aligned to need.

Program Summary:

The ADE School Improvement Specialist works under the supervision of the Program Administrator of School Improvement and is responsible for leadership and administrative functions in support of school improvement activities. The School Improvement Supervision collaborates with LEA staff and parents to design, implement and monitor a meaningful and realistic school improvement plan that follows the school improvement process and clearly outlines the necessary interventions and actions to move all students to proficiency; provides technical assistance and direct services to assigned districts by interpreting laws or policies, brokering resources, answering questions, and resolving problems relative to assigned program areas. The supervisor conducts workshops/seminars to present information critical to specialized program areas and provides in-service training. The supervisor researches and analyzes demographic, labor market and technological data, and makes recommendations on education programs to meet changing needs. The supervisor acts as liaison with education and public interest groups to inform of departmental activities and identify needs; performs other duties as assigned.

The School Improvement Specialist has school and/or district administration experience; knowledge of consultative practices and techniques; knowledge of planning, research and analysis techniques and procedures, ability to plan and organize comprehensive reports; interpret and apply state and federal laws and regulations governing school programs; develop, evaluate and monitor the effectiveness of programs and services related to program area; frequent in-state overnight travel is required.

Goal:

Through the efforts of the SEARK CSH AmeriCorps program, interventions are being implemented to improve the health knowledge, health behaviors, and fitness levels of participating elementary school students to combat the rising rates of childhood obesity. Our goal is to keep students healthy over time, reinforcing positive behaviors and making it clear that good health and learning go hand in hand.

Program Summary:

CSH AmeriCorps members provide targeted students with the information and skills necessary to make good choices in life regarding nutrition, disease prevention, oral health, and tobacco use. All 9 MSY positions were filled for the 2015-2016 program year. Over 1700 students have received monthly preventive health education lessons, weekly lessons that incorporate physical activity with core academics, and fitness level evaluations to improve their fitness levels during PE and recess.

Major Highlights of the Year: The UAMS Delta AHEC partnered with the CSH program providing funding for (3) CSH Members. The AR Department of Health provides in-kind training on program curriculum as well as CPR/First Aid Training.

Goal:
AR FTI AmeriCorps members provide one-on-one and small group tutoring to targeted at-risk pre-k students in reading and math. Our goal is to have targeted students at the appropriate stage to begin kindergarten. FTI members intergrate national service and community engagement and individual volunteerism to promote improved academic outcomes in high economic and educational needed areas.

Program Summary:
AmeriCorps FTI members serve in the participating schools listed above as well as Malvern ABC, Greenbrier ABC, Hampton Elementary and Vilonia Pre-K. FTI members are positively impacting over 360 students across 8 counties in the state of Arkansas.

Goal:

The goal of the program is to provide tutoring services that will increase achievement levels in reading and mathematics for at risk kindergarten through fourth grade students.

Program Summary:

Arkansas Smart Start AmeriCorps Program provides a multi-faceted initiative that has diverse people in service; provides K-fifth grade students (including ESL students) with strong role models, mentors, and tutors; and increases opportunities for teacher training and volunteering in the economically depressed Delta area of Southeast Arkansas.

Major Highlights of the Year:

Our major highlight of the year has been collaborating with UAM on a scholarship offer for all AmeriCorps members. UAM has graciously agreed to offer this opportunity for all members/alumni currently attending UAM. The 5 scholarships will match the education award for \$1,000 per semester for up 8 semesters.

Goal:

To provide an alternate route to teacher licensure for candidates with a bachelor's degree or higher to become teachers.

Program Summary:

The Arkansas Professional Pathway to Educator Licensure (APPEL), a nontraditional licensure program, is an alternate route to teacher licensure administered by the Arkansas Department of Education. Enrollment in this program allows a candidate with a bachelor's degree or higher to be employed as a classroom teacher while completing the necessary requirements for a Standard Arkansas Teaching License. Appel is offered at the Southeast Arkansas Educational Cooperative. The facilitators are Renee Treadwell and Rhonda Mullikin. This program has been successful in helping to full fill the teacher shortage in the area.

Klaus Neu	Media Coordinator	Dip. PAED - Germany
Rob Pollan	Information Technology Specialist	BSE

Goal:

Vision Statement:

“Arkansas Adult Education/Literacy providers can access needed information and resources to enable Arkansas’ adult learners to reach their full educational and economic potential.”

Mission Statement:

“To operate an enhanced network of communication and coordination that provides information, resources, research, professional development, and technical assistance, and that facilitates collaboration to benefit Arkansas Adult Education/Literacy providers.”

Program Summary:

The Arkansas Adult Learning Resource Center (AALRC) is funded with state and federal funds through the Southeast Arkansas Education Service Cooperative by the Department of Career Education, Adult Education Division. It was established in 1990 to provide a source for identification, evaluation, and dissemination of materials and information to adult education/literacy programs.

The center has seven full-time employees, which include a director, professional development coordinator, information technology specialist, disabilities project manager, media coordinator, secretary, and administrative assistant. State funds support employee salaries while all federal funds are used for the fulfillment of the mission.

The AALRC supports the agency goal of “developing a strategic plan for effective delivery of lifelong career development and workforce education” through training opportunities and technical support. The AALRC also supports practitioners and trainers through professional development opportunities at state and national conferences.

The AALRC also supports local programs by maintaining a current library of materials, providing research support/information, purchasing/distributing software and materials, and upgrading/redistribution of equipment.

Arkansas requires adult education directors, instructors and counselors to be certified in adult education within four years of initial full-time employment. The AALRC supports this effort by providing tuition reimbursement for these individuals.

The AALRC supports the ACE/AED agency goal of “providing an effective communication system that is involved, informative, and interactive,” by holding statewide directors’ meetings, numerous committee meetings, publishing a statewide newsletter, publishing a directory of literacy services, and maintaining a web-site (<http://www.aalrc.org>).

Major Highlights of the Year:

116 Meetings and Events were attended by the AALRC Staff

Professional Development

98 Days were spent providing professional development

Program Summary (cont'd):

50 Different professional development offerings were available

Lending Library:

653 Requests from the field were made for library materials & 22 Requests for Assistive Technology Equipment

803 Requests were made for assistance with information and/or services

22 New items were acquired for the lending library

Adult Learning Disabilities:

11 Requests for instructional strategies from adult educators/literacy providers

64 Requests for assistance with GED accommodation applications

12 Requests from public sector for strategies and referrals

15 Requests from other state agencies for assistance with strategies, referrals, etc.

Technology:

566 Requests for assistance with technical support (on-site/telephone/email/remote control program)

Goal:

- (1) To provide advanced curricular opportunities to Arkansas high school students at no cost.
- (2) To increase the number of Arkansas citizens with a post-secondary degree by providing educational opportunities to all students.
- (3) To provide college credits to Arkansas high school students that correlate high school graduation requirements with college core graduation requirements.

Program Summary:

The Arkansas Early College High School Initiative through Virtual Arkansas provides concurrent high school/college course opportunities for high school students through state grant funding. The courses are taught by highly qualified instructors who meet secondary and post-secondary licensing requirements. Using a blended learning model, the classes are online with two days of live feedback provided to students through a computer program. The concurrent program gives high school students the opportunity to experience the rigor and challenge of collegiate work before entering the college arena.

Major Highlights of the Year: The concurrent program has provided services to 109 Arkansas schools this year. There were 1449 students who completed coursework in the fall semester of 2015. Currently there are 1296 enrolled in concurrent courses for spring 2016. Students continue to be very successful with the online blended learning method. The Virtual Arkansas concurrent program had a 98% passing rate for the spring semester of 2015.

Personnel

Name	Position	Degree
Lori Coleman	Science Specialist	MA Education

Goal:
The goal of the Arkansas Science Specialists is to provide authentic science support to teachers and school districts in the state of Arkansas.

Program Summary:
Provide training in inquiry-based science; teacher mentoring, model teaching, curriculum development and alignment, and techniques to prepare for life-long inquiry thinking. Next Generation Science standards are approved and will go into affect no earlier than 2016-17. As a science specialist a new charge will be to assist teachers and schools in aligning the K-12 Science Frameworks, Eight Science and Engineering Practices, and Next Generation Standards to Common Core Literacy Standards. The science specialist also serves our area as MDC support for the state.

Major Highlights of the Year:
This year, a goal was set at the beginning of the 2015-2016 school year whereby all districts were contacted with the request to meet with every science teacher grades K-4 at least once this year. 11 out of 14 districts accepted the support and monthly meetings were set up to meet regularly during PLC's as well as whole school meetings ocured. The participating districts were provided with a common message and support to ensure teachers were prepared for the implementation of the new science standards 2016-2017.

Personnel

Name	Position	Degree
Karen Randolph	Transition Consultant	BSE

Goal:

To provide district, regional, and statewide trainings throughout the year to prepare teachers to help special education students reach their post school goals as stated on their transition plans per their IEP. To provide monthly consults with participating districts to assist students, parents, and teachers in assisting students to reach their post schools goals. To develop and facilitate local transition teams for school districts. To assist LEAs in folder reviews to ensure transition plans in the IEP are accurate and help students to reach their post school goals.

Program Summary:

District, regional and state-wide trainings and technical assistance are provided throughout the year. Arkansas Transition Services develops and provides trainings based not only on federal mandates, but also on the needs of school districts in the area of transition. Some of these trainings include meeting IDEA transition requirements, how to develop transition classes, transitions assessment trainings, person-centered planning, self-determination, using technology in transition trainings, how to gain parental participation and how to establish local transition teams. ATS also works with adult service providers around the state to improve service delivery systems and linkages with schools. A collaborative effort is made among districts, agencies and ATS to hold agency fests and transition fairs to increase the knowledge of agency services around the state.

Major Highlights of the Year:

Consultations in districts in Co-op areas.
Trained teachers in writing transition plans of member schools.
Attended local transition team meeting.
Attendance transition cadres from schools.
Gathering data of special education graduates for correlation of Transition Plan.
Transition file and follow-up reviews completed in Co-op districts
Attended transition fairs in two Co-op areas

Personnel

Name	Position	Degree
Clara Penny	Behavior Intervention Consultant	Psychology

Goal:

Increase the local capacity to implement research based interventions when addressing programming for behavior and autism.

Program Summary:

The Arkansas Department of Education, in order that all students make educational progress in the least restrictive environment, provides regionally based behavior consultants. Upon referral by a Local Education Agency, parent or other agency, behavioral intervention services are available for the following student populations:

- Students most at risk for expulsion or repeated suspensions.
- Students at risk of increasingly restrictive educational placements, including residential treatment, due to the student's behavior.
- Students identified/suspected as having Autism Spectrum Disorder and are in need of programming to improve educational performance.
- Students discharged from a psychiatric residential facility and recommended for ongoing school-based mental health interventions, including day treatment.
- Students presently in a school-based day treatment program and in need of continued behavioral programming and support.

To access a Behavior Intervention Consultant for a student for one or more of these populations, the appropriate referral protocol via CIRCUIT through the ADE-SE website is completed. Follow up services are provided for each referral on a 20 hr. basis free of charge. Additional services are provided, which include ABA, assessment for autism, and structured teaching setup. A CIRCUIT data base with services provided and outcomes is kept at the state level, which is reviewed at the state level annually.

Major Highlights of the Year:

Evidence-based practice for the treatment of problem behavior, Emotional Disturbance, and Autism by:

Conducting functional behavior assessment, including functional analyses. Completing a Functional Assessment Observation (O'Neill, R.E., Horner, R.H., Albin, R., Storey, K., & Sprague, J. R.) and gathering information from school staff using the Functional Assessment Checklist for Teachers and Staff (FACTS). Administering either the Walker ACCEPTS Program Social Skills Assessment or Knoff Project Achieve checklist as a means of accurately assessing current social skills and social deficits for the purposes of informing qualified professionals (e.g., Speech Language Pathologist) in the teaching of social skills and other basic Pragmatics. Completing a Student-Directed Functional Assessment Interview with individual students.

Assisting teams in the development and writing of Functional Behavior Assessment reports, Behavior Support Plans and recommendations based on those results for specific students; Providing direct services to students with high needs involving behavior or autism which also included training staff through the use of modeling and guided practice.

Instructing staff in the basics tenets of Applied Behavior Analysis in the classroom by the use of differential reinforcement, response cost, prompting, fading, data collection and behavior shaping during modeling and guided practice. Also, Introducing concepts of response classes, behavior function, extinction, schedules of reinforcement and motivation. In recommendations, an additional focus on reading, literacy skills was included.

Professional development was provided at the cooperative level on topics of Autism Spectrum Disorder, writing behavior plans, implementing Behavior Intervention Plans and programming for students with Autism based on ABA research. District-wide professional development was provided throughout the year (usually at times set-aside by the ADE) to build local capacity in the implementation of evidence-based interventions when addressing programming for behavior, emotional disturbance, and autism.

Name	Position	Degree
Allison L. Kelley	Career & Technical Education Coordinator	Bachelor of Business Administration
J. Renee' Holland	Career & Technical Education Assistant	Associate of Arts

Goal:

The goal of Career and Technical Education is to prepare secondary students for entering the workforce/enrolling in post-secondary education, after high school graduation. Formally known as Vocational Education, students are taught valuable technical skills in the areas of agriculture, business, family & consumer sciences, auto mechanics, medical professions, construction, drafting and design, welding, etc... Ideally, we hope to prepare ALL students for the workforce/post-secondary education/military. Other indicators we are required to meet are proficiency on the literacy/geometry benchmark exams, technical skill attainment (CTE EOC Exams), high school course completion & graduation, placement (explained above), and nontraditional participation & completion.

Program Summary:

The coordinator for the Southeast Arkansas Carl Perkins Consortium, is required to write the annual application and distribute/spend the funding for our area schools on indicator projects approved by the Arkansas Department of Career Education. Start-up grants, completion reports, placement reports, technical assistance, and professional development are also provided by our office.

Major Highlights of the Year: In addition to our annual grant, five competitive start-up grants were submitted by our office, on behalf of area schools, and approved by the Arkansas Department of Career Education. Grants submitted include: Career Development at Crossett, Lakeside, and Star City; Project Lead the Way Gateway to Technology at Crossett and DeWitt; and CASE Agriculture at Star City, totaling \$122,532.65.

Lisa Brown	Classroom Management Consultant	BS Elementary Edu/Physical Edu. MA Curriculum, Instruction & Assessment

Goal:

The goal of the Southeast AR Education Service Cooperative- Classroom Management Consortium is to provide timeless and practical classroom management techniques and strategies for novice teachers and well as seasoned teachers. Also, to work with administrators as they assist teachers in becoming proficient/distinguished in Domain 2 of AR Teacher Excellence Support System (TESS).

Program Summary:

The Classroom Management Consortium Consultant, trained and coached 52 individual K-12 classroom teachers, facilitated workshops for 10 school in the cooperative area, made 25 site visits at 11 different schools, and worked four days training in-house at the Southeast Educational Service Cooperative. While working with individual teachers, time was spent observing, debriefing, and coaching. All teachers were provided with specific techniques tailored to their classroom needs. Following each visit, a debriefing was held with the principals to share the findings and formulate the next step for the individual teacher. If needed, a follow-up visit was scheduled. During the full staff trainings for districts and the co-op, teachers and administrators were given classroom management strategies and techniques centered on Domain 2 of the TESS model. The trainings' were interactive, practical and assisted teachers by incorporating real-life classroom situations.

Name	Position	Degree
Evan Patrick	Distance Learning Support Specialist	B.S. Computer Information Systems

Goal:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

Program Summary:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013.

www.virtualarkansas.org

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital:

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- Hired and trained three Distance Learning Support Specialists that support Virtual Arkansas, Arkansas MOODLE, and Arkansas Education Service Cooperatives.
- Implemented content-only services for schools through Virtual Arkansas.
- Trained schools in the new Virtual Arkansas Registration System
- Virtual Arkansas named by the Governor to provide computer science courses free of charge to public school districts.
- Statewide digital learning consultations for schools that were interested in offering more digital opportunities and flexibility
- Transitioned and implemented ZOOM technology to replace CIV state-wide.
- Trained content specialists on ZOOM and implementing blended professional development
- Arkansas cooperatives video
- Virtual Arkansas video
- Development statewide App for Virtual Arkansas

Goal:

It is the goal of the Early Childhood program to address the needs of children with disabilities through speech, occupational therapy, physical therapy, and teacher facilitated direct instruction.

Program Summary:

The Early Childhood program serves children with disabilities age three to five. The program includes the following delivery options: public school classroom, itinerant, integrated preschool, and homebound. Services provided include: screening, diagnostic services, preschool instruction, speech therapy/language development, physical and occupational therapy. The program is funded by a federal and state grant through the Arkansas Department of Education in accordance with IDEA 1997.

Major Highlights of the Year:

- Child Find
- Development/Speech Screenings
- Hearing/Vision Screenings
- Development Assessments
- Speech Assessments
- Conferences w/Parents
- Quarterly Progress Reporting
- Yearly Progress Reporting
- Summer Services

Goal:

The Arkansas Department of Education (ADE) English Language Learner (EL) support program is the result of collaboration between the Curriculum and Instruction Unit and the Student Assessment Unit of the Division of Learning Services. This program provides many resources and services to assist schools in their efforts to support ELLs in the development of the skills needed to communicate effectively in English both in and out of school.

Program Summary:

ADE works with schools and educational cooperatives to:

- provide assistance through the Teacher Center Coordinators for professional development of teachers and administrators in the implementation of effective English for Speakers of Other Languages (ESOL) program design and delivery
- assist, upon request, with ACSIP program planning for ELs
- coordinate ESOL professional development training
- convene regional meetings of ESOL personnel to discuss strategies and share resources used to instruct ELs under the Arkansas Learning Standards and implement and assess the Arkansas State Board of Education adopted English Language Proficiency Standards
- provide on-site technical assistance addressing ESOL techniques and strategies

Major Highlights of the Year:

- Professional Development provided by IDRA on "Engagement Based Strategy Instruction" at the AAEA State Conference in November 2015
- ESOL Coordinator collaboration meetings several times throughout the year at Northwest, Arch Ford, Wilbur D. Mills, and OUR cooperatives
- Regional ELP Standards Workshops to be conducted in June and July 2016 at 6 sites using presenters from Education Northwest. This includes two years of follow up support via an online portal with the presenters as well.

Name	Position	Degree
Scotty Holderfield	Facilities Assistant Coordinator	Masters
Mary Lawrence	Facilities Program Secretary	High School

Goal:

Our goal is to provide assistance to districts in all matters related to facilities. We advise, file applications and agreements. Throughout the life of a project we consult with the superintendent or her/his designee. We provide required training for maintenance and custodial employees annually. We assist district personnel with Schooldude issues. We are members of the Arkansas Association of School Facilities Planners, and actively participate in the organization. We advocate the issues of concern to our local districts concerning the partnership program. We maintain regular and, we believe, effective communication with personnel from the division, assisting district personnel as needed in following Division requirements as to construction processes and requirements including fund reimbursement processes.

Program Summary:

We serve as the major advisor and resource for the 14 districts of Southeast Education Service Cooperative in matters related to facilities and related funding opportunities for partnership projects. We assist district personnel as needed in following Facilities Division requirements as to construction processes and procedures including fund reimbursement processes. Further, based upon experience as a school district superintendent I assist and/or advise superintendents and other district personnel in any matter of concern upon request. We provide annual training opportunities for maintenance and custodial employees. We also provide guidance and assistance to district personnel who deal with the operation and supervision of Schooldude.com software.

Major Highlights of the Year:

1. We assisted districts in carrying out the requirements of the Division related to executing both partnership and local projects. Services included filing of necessary forms, assisting with project reimbursement requests, and serving as the liaison between the district and the Division.
2. We provided Schooldude training at SECOOP to assist districts in complying with facilities division guidelines. .
3. We worked with each district to submit the 2016 facilities master plan.
4. We provided training for approximately 175 custodial and maintenance employees during June and July of 2015.
5. We provided information and advice regarding facilities issues to districts of the consortium.

Name	Position	Degree
Roselyn Busby	Project Director	Bach. Art in Social Welfare
Andra Brown	Volunteer Coordinator	
Renee' Holland	Administrative Assistant	Associate of Arts

Goal:

- To provide literacy tutoring/mentoring senior volunteers to identified children in need in lower elementary and preschool.
- To provide senior volunteers to children in licensed daycares and preschools for developmentally behind children to assist in providing a literacy rich environment to ensure success when they enter kindergarten.
- To provide quality volunteering experiences to senior adults in southeast Arkansas to enhance their quality of life and provide opportunities for them to contribute in meaningful ways to their communities

Program Summary:

The Foster Grandparent Program is a Senior Corps program funded by CNCS to provide opportunities to senior adults and provide tutoring services to identified children. Senior volunteers age 55 and above serve approximately 20 hours per week in schools and daycares. They receive an hourly stipend paid through the grant. They also receive monthly training in appropriate educational areas and quality of life issues. Each volunteer serves approximately 5 children a day for a minimum of 30 minutes per child. The program has been cosponsored by the SEARK Education cooperative since 1990.

Major Highlights of the Year: Total number of active volunteers serving was 135 and those volunteers gave a total number of cumulative 94,274 hours. Of the children served by Foster Grandparent Volunteers, 77% of them made significant gains. 48% of students finished year approaching frameworks, 36% meeting frameworks and 5% exceeding frameworks standards.

Personnel

Name	Position	Degree
Renee Treadwell	Gifted/Talented Specialist	BA, M.Ad El

Goal:
Assist member districts to meet the State's Standards for Gifted and Talented Education and Advanced Placement. Serve as a liaison with the ADE, Office of Gifted and Talented and Advanced Placement, parent and professional organizations, and other public and private agencies. Promote gifted education through public awareness and advocacy.

Program Summary:
Assisted schools through the monitoring of their GT programs, with the program application process and with policies needed to be in compliance. Hosted GT Coordinators meetings for support and strategies to assist them in their local GT programs. Provided student activities: Tech Fair and Paper Roller Coaster Challenge for 4-6, Jr. High Quiz Bowl, Elementary Quiz Bowl, 7-12 and 4-6 Chess Tournaments. Secured Pre AP trainings required for certification. Provided Secondary Content training.

Major Highlights of the Year: Arranged meetings with GT ADE personnel with local GT Coordinators for most relevant and specific guidance with compliance standards. Had almost 100% participation with Jr High Quiz Bowl competition.

Name	Position	Degree
Katrina Cavaness	Administrative Coordinator	B.S. Psychology
Susan Gifford	Office Manager	
Annie Harvey	Office Assistant	

Goal:

The Goal of the Southeast AR Education Service Cooperative-HIPPY is to reach families in their familiar surroundings, empower parents in the educational role as their children's first teacher, assist the caregivers in better preparing their children for success in school (as yearly school failure is easier to prevent than to remediate) and to serve as a liaison between the home and the public schools.

Program Summary:

HIPPY-Home Instruction for Parents of Preschool Youngsters serves a total of 560 children, ages 3, 4 and 5 in nine school districts in the Cooperative area. These families are served by 1 Administrative Coordinator, 1 Office Manager, 1 Office Assistant, 3 Field Coordinators and 21 Home-based Educators. HIPPY staff members deliver the HIPPY model program curriculum, books, and supplies to parents on a weekly basis for 3-4 year olds and on a bi-weekly basis for those using the 5 year old curriculum. The HIPPY staff administers the Brigance Developmental Screening to each child three times per year as a pre-, post-, post- assessment to measure growth throughout the program year. Staff members collect and document information on each child for the purpose of entering data into COPA, our statewide data system.

Major Highlights of the Year: The Southeast AR Education Service Cooperative HIPPY program has had a successful audit with The AR Division of Child Care and Early Childhood Education with no negative findings for 2014-15. We received accreditation status for all sites from HIPPY USA and a clean audit from Arkansas Better Chance for both 2014-15 and 2015-16.

Personnel

Name	Position	Degree
Harry Dickens	Technology Consultant	Masters of Education

Goal:

- Technology coaches will develop and inspire a shared vision for a comprehensive integration of technology.
- Technology coaches assist teachers in using technology effectively for assessing student learning, differentiating instruction, and providing rigorous learning experiences for all students.
- Technology coaches create and support digital age learning environments.
- Technology coaches conduct needs assessments, develop technology related professional development, and evaluate the impact on instructional practice and student learning.
- Technology coaches model and promote digital citizenship.
- Technology coaches demonstrate professional knowledge, skills, and dispositions in content, pedagogical, and technological areas as well as adult learning.

Program Summary:

The Instructional Technology Consortium is in its second year of operation with ten districts participating. Thirty Instructional Technology Coaches were trained. The consortium was formed to train an Instructional technology coach, that would train and assist teachers in further integrating technology in the classroom. Each coach received a sphero, makey shop, Little Bits, and Powis equipment. There were four sessions held and Harry Dickens was the instructor. The consortium will continue in 2016-2017.

Major Highlights of the Year: Instructional technology coaches received training in:

- Mobile applications for education
- Technology Integration
- Coding

Personnel

Name	Position	Degree
Thea Capps	Literacy Specialist	Masters in Education
Kathy Sadler	Literacy Specialist	Masters in Education

Goal:

- To enhance teacher awareness and implementation of current best practices through high quality professional development
- To meet the needs of students through integrated assessment and responsive instruction
- To ensure that all students are meeting the state and national standards in literacy

Program Summary:

Comprehensive Literacy for grades K-1 is a professional development designed to assist teachers in K-1 for implementing a comprehensive literacy classroom.

Comprehensive Literacy for grades 2-3 is a professional development designed for grades 2-3 to implement a balanced literacy approach in instruction, assessment and intervention.

Comprehensive Literacy for grades 4-5 is a professional development designed for grades 4-5 to implement a comprehensive literacy approach in instruction, assessment and intervention.

Disciplinary Literacy is a professional development designed for content area teachers specifically social studies/history and science teachers of grades 4-5, 6-8 and 9-12 to integrate content learning with specific research based literacy strategies aligned to the Common Core State Standards.

Comprehensive Literacy for grades 6-8 is a professional development designed for grades 6-8 to implement a framework to teach comprehensive literacy utilizing the Common Core State Standards.

K-12 Literacy Facilitating professional development is designed to support implementation of instructional (literacy) facilitators in Arkansas schools through embedded professional learning at designated sites.

Literacy Design Collaborative (LDC) is a professional development designed for grades 6-12 teams to incorporate literacy into middle and high school content areas. Designed to make literacy instruction the foundation of the core subjects, LDC allows teachers to build content on top of a coherent approach to literacy.

Major Highlights of the Year: The Literacy Department has supported schools in a variety of ways including:

- Common Core State Standards overview
- Instructional Facilitator Support
- Team Meetings/Professional Learning Communities
- Data Analysis
- Classroom Observations
- Classroom Walk-Through
- District Leadership Team Meetings for Smart Accountability Schools
- Lesson Planning
- Demonstration Lessons
- Research-based Best Practice
- ACSIP Planning
- Development of State Wide Literacy Professional Development

Goal:

Math Consortium
The Southeast Arkansas Math Consortium was developed to improve the teaching and learning process in mathematics in K-12.

Program Summary:

Thirteen districts participate in this project. Each district selected math facilitators or lead math teachers to receive intensive training in math content, curriculum alignment, assessment, and instructional process delivery at monthly training sessions at the Co-op. The math coaches then develop math capacity in these areas back in their local school district.

Major Highlights of the Year: This program is entering the eleventh year. This year the emphasis has been on the Common Core Standards in Math and the 8 Standards for Mathematical Practice. As part of the Math Consortium the Co-op has also provided extensive training and follow up sessions in Cognitively Guided Instruction for year one, two and three; Extending Childrens Mathematics year one, and two and Connected Mathematics Project Grades 6, 7, 8. The thirteen districts participating in the 2015-2016 Math Consortium sent 78 teachers to CGI Years 1, 2 and 3; 53 teachers to ECM Years 1, 2 and 3, and 18 teachers to CMP3.

Name	Position	Degree
Heather Carter	Math Specialist	Master's

Goal:

To promote and support effective, research-based mathematics practices for all students by providing professional learning opportunities and technical assistance to teachers, math coaches, curriculum specialists, administrators, school improvement team members, instructional assistants, mathematics interventionists, parents, SPED, and Title 1 math teachers in the area of standards-based mathematics curricula, instruction, and assessment.

Program Summary:

SEARK Education Service Cooperative, in partnership with the Arkansas Department of Education, administers the Mathematics Program for grades K-12, established by ACT 1392 of 1999 for the improvement of mathematics instruction throughout Arkansas. Assistance is provided to schools through professional learning programs, demonstration lessons, teacher observations, technical assistance, and teacher/administrator conferences in order to improve the teaching and learning of mathematics through increased content understanding and improved instructional strategies across the curriculum. Professional learning opportunities offered in 2015-2016 include:

• **Cognitively Guided Instruction (CGI):** This statewide initiative utilizes a research-based framework designed around how elementary school children learn concepts of number, operations, and early Algebra. The goal of this training is for teachers to learn how to utilize this framework to inform their mathematics instruction. Teachers learn to analyze and write mathematically demanding story problems and number sentences in order to assess and further students' understanding of concepts and skills. Attention is also focused on how to recognize student responses in terms of cognitive development, facilitate discussions that will provide a window into children's thinking, strengthen children's ability to reason about arithmetic, and build students' capacity for algebraic reasoning.

• **Math Coaches' Training:** The focus of this statewide training for math coaches/instructional facilitators/specialists consists of both content and pedagogy for mathematics education. Emphasis is placed on the vertical alignment of mathematics for grades K-Geometry, differentiated instructional strategies, utilizing manipulatives in order to build conceptual understanding, and authentic assessments.

• **Extending Children's Mathematics (ECM):** a three year professional development opportunity that provides insight into how children build meaning for fractions and decimals. The teachers also learn about the progression of children's strategies for solving fraction word problems and equations from direct modeling through relational thinking. • **Instructional Facilitating (Capacity Building):** This statewide training is based on the work of Dianne Sweeney. The purpose is to focus on student-centered coaching rather than solely on teacher-centered coaching.

• **CMP 3:** The SEARK Cooperative offers grade specific training throughout the year for districts that are implementing the CMP 3 (The Connected Math Project) curriculum. The trainers are veteran CMP 3 teachers and are an added support system for these teachers.

• **MDC (Math Design Collaborative)** In response to the demands of the Common Core State Standards (CCSS) at the secondary level, The Mathematics Design Collaborative (MDC) was offered to support schools. The MDC is not a math curriculum but a framework consisting of formative assessment lessons (FALs). These FALs are used to give teachers a sense of their students' grasp on certain math skills and concepts. Teachers support student groups in a productive struggle through questioning and collaborative discussion. Based on the results of the FAL, teachers provide feedback and a structure for students to uncover misunderstandings and through discussion, strengthen mathematical weaknesses. The FALs are scored with a rubric which help educators across our state and nation calibrate high expectations.

• **SE CCSS Never Fear Fractions Again 5-6**

The session will delve into the mathematics available for instruction when students engage in equal sharing problems. Attention is given to: Understanding and characterizing student approaches; Identifying the mathematics embedded in student work; Using student work to further learning about fractions, such as- Equivalence; Notation; What constitutes a whole; Addition of fractions; Recording mathematical thinking and attending to properties of operations.

In this class, we will make sense of the base 10 system generally through number and properties of operations. We will begin by generalizing place value understanding for multi-digit whole numbers in fourth grade, and how to make connections for 5th and 6th grade to fractions and the decimal system. This class is based on the multiplicative structure of the base ten system and properties of operations.

• **SE CCSS : Math Training for Paraprofessionals on RTI**

In many schools, the paraprofessionals are the staff responsible for remediating students and/or pulling intervention groups in math. Math instruction has changed in the last 10 years and we realized we had neglected a large demographic that needed to be trained in the new methods and strategies. This training was extremely successful and more sessions will be scheduled.

• **Number Talks Grades K-5**

This course takes teachers through the text written by Shari Parrish and encourages students to think mentally. A number talk usually consists of 10-15 minute session at the beginning of each lesson where students are given a problem or topic, given time to mentally compute and finally share their thinking with the class.

MAJOR HIGHLIGHTS OF THE YEAR:

- More than 105 k-5 teachers participated in some level of CGI
- More than 35 teachers trained in ECM.
- Filled multiple requests for on-site technical assistance
- CGI observations with team meetings at each participating district
- Providing support for teachers implementing CGI and ECM.

Personnel

Name	Position	Degree
Katie Sims	Media/Printing Coordinator/Fingerprinting Coordinator & Mailing and Shipping Manager	Associate of Arts

Goal:

One of our goals is to provide printed materials for instructors of our professional development workshops within the cooperative. We also aim to provide printing services for the schools in our 14 districts as well as the teachers. We aim to connect the schools with educational rescoures such as visual aids or instructional videos.

Program Summary:

We provide printing for professional development workshops and meetings, for cooperative coordinators and for schools and teachers. We also provide laminating services, we make posters, and we have Ellison dies for the use of the cooperative and the teachers in our districts. Our goal in the printing department is to provide the Southeast Arkansas Education Service cooperative and our 14 school districts with any needed media and printing services. We print newsletters, 2-5 part forms, school handbooks, and any other requests made by our districts. We also provide fingerprinting and employability checks for teachers renewing their licenses and for new hires within our 14 districts. We also process all the mail for each of the various programs within the cooperative. When funding is available, luncheons are also coordinated by this office.

Major Highlights of the Year: Our largest productions for the year are providing training material for professional development workshops as well as the printing and production of as many as 2,600 school handbooks. There were 421 people fingerprinted this past year.

Dana Bennett	Health Services Nurse	Assoc., Applied Science, Nursing, R.N.

Goal:

Provide public education agencies with opportunities to maximize Medicaid reimbursement and other resources for the purpose of enhancing student health and promoting academic achievement.

Program Summary:

Arkansas Medicaid In The Schools (MITS) is a resource for school districts and education service cooperatives interested in optimizing Medicaid reimbursement. The following information is available to school districts and education service cooperatives via the MITS program:

Training for health related services	Policy and program development
Initiate/develop new revenue streams	Technical assistance
Collect, manage, and analyze data	Electronic billing
Revenue increasing strategies	Program management (ARMAC)

Major Highlights of the Year: We have been working with districts on the national diagnosis conversion for billing purposes. We have been scheduling summer trainings to educate districts on audit documentation requirements. We have 100% school districts participation with ARMAC program. We provide billing assistance for: personal care - 68 districts, therapy - 94 districts, vision/hearing - 220 districts, school based mental health - 2 districts, audiology - 6 districts, and 27 grant-funded health centers.

Goal:

- Become familiar with the Framework for Teaching and the relationship between Novice Teacher Mentoring Program and TESS (Teacher Effectiveness Support System)
- Use the Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process
- The cooperative provided districts ongoing support as needed.

Program Summary:

ADE transitioned from Arkansas Induction Mentoring Model (AIMM) to the Novice Teacher Mentoring Program and all trainers were provided an updated training. The Novice Teacher Mentoring Program is designed to provide a novice teacher the support, assistance, and encouragement of a site-based, trained mentor in order for the novice teacher to learn the skills he or she needs to become an effective, knowledgeable teacher. District project directors were encouraged to share the mentor/novice teacher update video with previously trained mentors and novice teachers. The ADE provided electronic resources such as: the Mentor Notebook, Mentor/Novice Teacher Update Video and the Project Director Update Training Video in lieu of face to face trainings. New mentors were trained in the updated Novice Teacher Mentoring Program. Southeast Cooperative provided 3 sessions in the Novice Teacher Mentor Program

Major Highlights of the Year: The ATLAS (Arkansas Teacher Licensure Accountability System) data base managed the reporting system of the program.

Personnel

Name	Position	Degree
Andrew Tolbert	State Superintendent	BME & MME
Janice Streeter	Director of Learning Services	BSE & MSE
Jeff Martello	Director of Fiscal Services	BSBA & MBA
Renee' Holland	Administrative Assistant	Associate of Arts

Goal:

To build capacity and sustainability in the areas of leadership, curriculum & instruction, and finance to school districts that have been identified in fiscal, academic or facilities distress, or under state takeover.

Program Summary:

The OIS had oversight and provided intensive support in leadership, curriculum and instruction and finance to Dollarway, Lee County and the Helena-West Helena School Districts. Additionally, support in leadership has also been provided to Little Rock School District's Hall and McClellan High Schools.

Lee County was removed from the academic distress list, state takeover and cleared of all standards violations during the 2014-15 school year. Since its removal from state takeover, the OIS team continued to provide on-site advisory support to the district in the areas of leadership and academics until December 2015. Since December 2015, Mr. Tolbert and Mrs. Streeter continue to serve as a resource to the district in an off-site capacity. Mr. Martello, Director of Finance for the Office of Intensive Support, continues to provide on-site, direct intensive support in finance and off-site advisory to the Lee County School District, as it remains in Fiscal Distress. During the 2015-2016 school year, Mr. Norman Hill was re-hired by the Lee County District to assist with the financial direction of the district. On a monthly basis, the OIS team continues to conduct Collaborative Meetings via Zoom with the district's Leadership Team, the ADE Units, and their external providers. The Lee County School District operates under the authority of their local school board. Lee County has implemented RTI by using Classwork as its district based progress monitoring and student support tool. Although they continue to refine the Tiers in their RTI program, they have made concerted efforts to implement this system with fidelity. Lee County has established a district level curriculum and professional development committees.

The OIS team continues to provide off-site advisory and on-site intensive support in leadership, curriculum and instruction and finance to the Helena-West Helena. The district was removed from State Takeover and Fiscal Distress during the March 2016 State Board of Education meeting. It will be placed under local control for the 2016-2017 school year. The OIS team will continue to support and advise the Helena-West Helena District until a local board is elected and have been properly trained to take over their responsibilities with the district. On a monthly basis, the OIS team continues to conduct Collaborative Meetings via Zoom with the Helena-West Helena District's Leadership Team, the ADE Units, and their external providers. All entities report out during these meetings to identify barriers and areas of progress. Their fiscal improvements include reduced audit findings, improvement in inventory tracking, increased end-of-year balances for three consecutive years, creation of a business procedures manual, and creation of a disaster recovery manual. The district's high school literacy scores on the PARCC assessment were consistent with the state's average. Mr. Hoy has been appointed for the third term as superintendent of the Helena-West Helena district for the 2016-2017 school year. The ADE has begun board training and discussions for reinstatement of the local board for the district. Mr. Hoy has begun working towards improving academic offerings for the district by establishing Academic Academies.

During the December State Board of Education meeting, the Pine Bluff Dollarway School District was placed in State Takeover for Academic Distress and Fiscal Distress. Mrs. Barbara Warren was appointed as the Superintendent of the district. The OIS Team was placed by Commissioner Key as the oversight team to guide collaboration among and between the district and the Arkansas Department of Education, coordination of services among and between all stakeholders, and to ensure effective two-way communication among and between stakeholders. The OIS team provides direct on-site and off-site intensive support to the district's leadership, curriculum and school improvement personnel, and to their financial director. This district's central office administration carries out duties and decisions with high levels of capacity in leadership, professional development planning, curriculum and school improvement. The district's financial director, who is new to the position, requires more intensive support and guidance from the OIS Team. The OIS Team's primary responsibility in Dollarway is to support them in resolving their legal matters, to build and implement with fidelity internal systems for day-to-day operations, to develop and implement an aligned curriculum, to conduct ongoing program evaluations, to use data in making decisions, to develop capacity in financial stability and operational processes, and to provide ongoing job-embedded professional development. On a monthly basis, the OIS team has begun to conduct Collaborative Meetings via Zoom with the Dollarway District's Leadership Team, the ADE Units, and their external providers. All entities report out during these meetings to identify barriers and areas of progress. Additionally, the OIS Team meets monthly with Commissioner Key and the ADE Unit leaders to identify the needs of the district and establishes ADE Unit leaders and the OIS Team's responsibilities/timelines for the support to be given to the district. In addition to the OIS Team, Commissioner Key and selected ADE Unit leaders have conducted two on-site support visits to the Dollarway School District.

Major Highlights of the Year: This office continues to work extensively to build a sense of urgency in assigned school districts and align the services of all the external providers that work in the school districts.

- The OIS Team will continue to operate under a MOU with the ADE and the Southeast Arkansas Education Service Cooperative for the 2016-2017 school year. Additionally, the OIS Team will rent office space from Arkansas River Education Service Cooperative in Pine Bluff. Both education service cooperatives have agreed to and signed a MOU to ensure that all operations of the OIS Team will run smoothly and consistent with its intended functions.
- As a result of the work of the OIS Team, both Lee County and the Helena-West Helena School district have made substantial progress in the areas of leadership, finance, student services and academics. Both districts were removed from State Takeover. The Arkansas Department of Education, the Arkansas Association of Education Administrators, and the Education House Committee have recognized the efforts of the OIS Team as positive and needed to support the districts who require State oversight in their operations.
- Mr. Tolbert, State Superintendent, continues to mentor the leadership of the districts being served into using data to drive their strategic direction, to make informed decisions, and to improve the districts' and schools' climates and cultures. Additionally, he supports their efforts in fiscal and legal matters, their improvement of facilities, facilities planning and restructuring as needed. Numerous facility, technology, and transportation concerns have been addressed with the OIS Districts during the 2015-2016 school year. Additionally, Mr. Tolbert has met this school year with the principals at McClellan and Hall High Schools in the Little Rock School District providing follow up support from his initial visit during the 2014-2015 school year.
- Mr. Martello, Director of Finance, continues to assist the districts in identifying the root causes of their financial audit findings, in developing district systems to correct these findings, and to train district level financial personnel. He continues to work with all assigned districts' Federal Program Coordinators to ensure proper coding and spending of categorical and noncategorical funds sources, timely submission of ADE required financial reports, adherence to the fiscal distress plans and the development of ACSIP plans in Indistar to match the districts' budgets in APCN. At a minimum, the return of 2.0 million unspent dollars from the federal and categorical funds has been avoided across districts since the inception of the OIS team. In addition, the upward mobility or maintaining of relatively stagnant legal fund balances versus past years for multiple OIS Districts has occurred since the inception of the OIS team.
- Mrs. Streeter, Director of Learning Services, continues to support district and school level administrators/committees/teams in the alignment of curriculum, assessment/evaluation, instruction/instructional planning, and professional growth/development planning, implementation, and evaluation. She works collaboratively with all ADE Units including the Divisions of Learning Services, School Improvement, Educator Effectiveness and Accountability. During the 2015-2016 school year, Mrs. Streeter has assisted all districts and non-priority schools in developing their Indistar goals for academic and leadership improvements. Districts have been assisted in the development of Academic Protocols, Academic Audit instruments, Professional Development Surveys, External Provider Evaluation Instruments, and Curriculum Evaluation instruments. She has worked cooperatively with the district's technology and assessment coordinators to ensure their readiness for this year's upcoming ACT ASPIRE assessments. Mrs. Streeter led the efforts in Dollarway School District's transcript audits with assistance from Mr. Ronnie Hughes, independent contractor for OIS. All audit findings were corrected timely.
- Mrs. Renee Holland, Administrative Assistant for the Office of Intensive Support, whose office is located at the Southeast Education Service Cooperative, proficiently supports the efforts of the team by keeping the weekly schedules, making travel arrangements, keeping up with the travel logs and the daily whereabouts of the team, registering the team for conferences, hotels for overnight stays, and completing general clerical duties which enhance effective communication among and between all the stakeholders within the schools, within the ADE and outside entities who partner to improve school performance, academics and the financial status of the districts served. Mrs. Holland will become a full-time OIS Team member for the 2016-2017 school year, as Executive Administrative Assistant serving all three administrators. She will continue to be housed at Southeast Education Service Cooperative with some extended on-site provision of support efforts at the rented office at the Arkansas River Education Service Cooperative in Pine Bluff.

Name	Position	Degree
Lisa England	SEARK Community Health Nurse Specialist	RN, BSN, Certificate in Public Health

Goal:

To help improve student health and preparedness to learn by improving school health services, school health and physical education programs, and other community child health needs.

Program Summary:

Provide technical assistance to area schools to:

- Adopt comprehensive tobacco-free policies and implement best practices for tobacco prevention and cessation.
- Adopt policies promoting and implementing best practices for nutrition, physical activity, and emerging public health issues.
- Address complicated student health issues.
- Establish school wellness committees and fulfill state and federal mandates.
- Inform communities of school health issues and current public health policy.

Provide Education and Training to:

- Certify school nurses to conduct mandated health screenings.
- Provide school nurses with professional continued education related to school health.
- Inform schools and communities of school health resources, available trainings, and grant opportunities.
- Identify needed school health related training for school personnel.
- Coordinate and provide school health trainings for school personnel and community members.

Major Highlights of the Year:

- Providing area Pre-Kindergarten through 5th grade students with preventive health lessons and classroom physical activity breaks through the AmeriCorps program and local public health units.
- Aiding area school districts to implement CSH policies and programs.
- Helped SEARK schools and cooperative programs to apply for and receive funding to support improved student health.
- Providing Suicide Prevention programs through the SEARK ESC and within area schools.
- Providing child health education opportunities to students, school district employees, and parents to aid in improving student health and academic performance.

Karyn Frisby		

Goal:

To supervise, plan, and keep in compliance the special education services for the districts assigned.

Program Summary:

Special Education Supervisor provides services to cooperating districts in all areas relating to special education. Services to regular education include: advisory assistance to regular classroom teachers, suggestions for modifications and/or accommodations of regular classes for students with disabilities, and professional development. Services to special education include: conducting due process/parent conferences, technical assistance in due process, testing services, instructional assistance with programs for students with disabilities including materials and methods selection and professional development. Services to district administrators include: budget preparation, amendments and reports, development of new programs, assistance with technical issues in due process, interagency resources advisement, preparation for ADE monitoring, and various types of professional development training.

Rhonda Daniel: Hermitage, Warren, Woodlawn

Cindy Grimes: Dumas & McGehee

Dawn Campagna: Drew Central & Dermott

Nancy Early: Monticello & Drew County Consortium

Kandi Keith: Cleveland County & Hamburg

Karyn Frisby: Crossett

Major Program Highlights: All compliance areas have been met. Budgets and other reports have been submitted in a timely fashion. All districts have the necessary programs and procedures in place to ensure the special education needs of students are being met. Procedures for child find are also in place to ensure that compliance is met there as well.

Name	Position	Degree
Rhonda Mullikin	Teacher Center Coordinator/Asst. Director	BA- UAM; Masters- Uof A; Admin Certificate
Christelle Haddox	escWorks Coordinator, Clerical, ZOOM Scheduling, ParaPro Test Administrator	Graduate Drew Central High School - Post Secondary UAM

Goal:

To align professional development services with district and school needs to build capacity of all adult learners in order to provide a world class education system which graduates students who are college and career ready.

To provide adult learners with content knowledge and research-based instructional strategies to assist students in meeting rigorous academic standards and prepare adult learners to use various types of assessment results appropriately.

To improve the learning of all students by providing resources to support adult learning and collaboration.

To provide curriculum development assistance as schools.

To support school improvement initiatives generated by the ADE and enhance program integration through effective communication and technical support.

Program Summary:

The Teacher Center Coordinator has the primary responsibility for planning and carrying out the professional development programs for member districts. The professional development programs are, in part, identified by the results of needs assessments, site visits and in collaboration with the Teacher Center Committee. A wide variety of workshops are provided for teachers, administrators and support staff throughout the year utilizing the expertise of regional, state and national consultants to train school personnel to help them develop professionally. In the summer, we contract with teachers of excellence in our member districts and around the state to provide professional development to their peers. The Co-op is in collaboration with ADE as a training site for the many state initiatives. Collaboration with ADE, STEM, ERZ, UAM, ASBA, APSCR, and AAEE help in providing professional development for member districts. Technology is supported through a variety of training sessions as well.

Major Highlights of the Year: Major highlights of the year include training and participation in the following: Shelton Dyslexia Program, RTI, LEADS Support, TESS, BloomBoard Support, Novice Teacher Mentoring, Administrators' Institute, Job Alike and Principal Meetings, Comprehensive Literacy Principal Training, CGI, ECM, CMP3, MDC math training, Math Consortium, Science Consortium, Instructional Technology and Classroom Management Consortia, Literacy Facilitation, School Board Member Training and ParaProfessional training. A full list of professional development is included in this report.

Allen Dunn	Technology Center Coordinator	Information Technology/Computer Networking Systems
Colton Davis	Technology Assistant	
Tyler Waxley	Technology Assistant	

Goal:

Provide quality technology support for the cooperative and for the member schools.
--

Program Summary:

Supporting districts in their efforts to provide technology for teaching and learning. Provide quality professional development for district tech coordiantors. Provide ongoing support to the cooperative: network maintenance and training. Used the EtherScope to evaluate our district networks in order to prepare for ACT Aspire Assessment. Assisted the area schools in preparation of network utilization to ensure the districts in our area would be able to administer the ACT Aspire assessments. All schools were successful in testing with minor network changes.. Host quarterly meetings with the district technology coordinators. Provide E-Rate assistance for the cooperative and member school districts. Assist with district technology plans as needed. Upgraded wireless network for better utilization during cooperative PD trainings. Major Highlights of the year: Acquiring 600MB of incoming bandwidth with the new AIREARK fiber optic line. District networks were ready for ACT Aspire assessments. Assisting local districts with ACT Aspire testing with network preparation. Filled in for CCSD tech coordianator during ACT Aspire testing Assisted Monticello EAST network for internet access for the EAST students

Special Projects & Programs

Funding Source Arkansas Department of Education and Southeast Cooperative

Detailed below are special projects or programs in which state funding provided services regionally or statewide. For each special project or program a brief description is given.

Name of Program APPEL (Arkansas Professional Pathway to Education Licensure)

Competitive Grant

☒ Yes ☐ No

Grants were awarded to SEARK Coop to act as a training site for Year 1 and Year 2 teachers in the Arkansas Pathway for Professional Educational Licensure program. Sessions were planned, presenters secured and services provided for participants to be trained and complete a prescribed program toward their teacher licensure. Year 1 had 9 participants and Year 2 had 4 participants. Records are maintained locally and shared with ADE for documentation.

Name of Program ACT Aspire

Competitive Grant

☐ Yes ☒ No

Southeast Cooperative technology coordinators and staff have provided support to district testing and technology personnel as preparations were made for the initial implementation of ACT Aspire in the spring of 2016. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, cooperative technology coordinators provided ongoing assistance through emails and phone conversations as problems and questions arose in districts. The Southeast Cooperative also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACE Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

Name of Program CGI-Cognitively Guided Instruction and Extending Childrens Mathematics

Competitive Grant

☐ Yes ☒ No

Cognitively Guided Instruction (CGI) is a teacher professional development program that has teachers exploring a framework for how elementary school children learn concepts of number operations and early algebra. This knowledge is used to drive instruction. Years 2&3 of training builds upon the previous year's training-resulting in a true, long-term sustained professional development program. What teachers learn in CGI institute enhances how they implement any curriculum or resource materials into their daily classroom instruction.

Extending Childrens Mathematics (ECM) a two year professional development opportunity that provides insight into how children build meaning for fractions and decimals. The teachers also learn about the progression of children's strategies for solving fraction word problems and equations from direct modeling through relational thinking.

Name of Program CMP 3 Connected Math Project

Competitive Grant

☐ Yes ☒ No

CMP 3 is a professional development program that supports teachers who are using the CMP 3 curriculum in their classroom. What teachers learn during the professional development enhances how they implement the program and gives them the added support of collaborating with other teachers who are teaching the same content.

Name of Program Comprehensive Literacy Grades 6-8

Competitive Grant

☐ Yes ☒ No

Comprehensive Literacy Grades 6-8 is a professional development offered by the Arkansas Department of Education and the Arkansas Education Service Cooperatives. It is designed to assist 6-8 English Language Arts and special education teachers in implementing a comprehensive research-based approach to literacy instruction. This professional development is aligned to the Arkansas English Language Arts Standards and emphasizes instructional strategies to integrate the four strands: reading, writing, speaking and listening, and language.

Name of Program Comprehensive Literacy 2-3/4-5

Competitive Grant

☐ Yes ☒ No

Comprehensive Literacy 2-3/4-5 is a professional development opportunity offered by the Arkansas Department of Education and the Arkansas Education Service Cooperatives. This professional development aligns to the Arkansas English Language Arts Standards. It is designed to provide a study of comprehensive literacy and the infrastructure components that support student learning by increasing teachers' knowledge and skills in the areas of research-based, data-driven, and developmentally appropriate instructional practices. It focuses on a foundational understanding of the literacy learning progressions, an assessment system to plan differentiated instruction, and evidence-based practices that support contexts for learning. This professional development is aligned to the Arkansas English Language Arts Standards and emphasizes instructional strategies to integrate the four strands: reading, writing, speaking and listening, and language.

Name of Program Comprehensive Literacy K-1

Competitive Grant

☐ Yes ☒ No

Comprehensive Literacy K-1 is a professional development opportunity offered by the Arkansas Department of Education and the Arkansas Education Service Cooperatives. It is based on the findings of the National Reading Panel Report and aligned to the Arkansas English Language Arts Standards. It is designed to assist K-1 teachers and K-12 special education teachers in the implementation of comprehensive literacy by increasing teachers' knowledge and skills in the areas of research-based, data-driven, and developmentally appropriate instructional practices. It focuses on teaching students along the continuum of literacy learning systems development, using appropriate assessments to inform systematic and explicit instruction, and the routines and procedures for classroom management. This professional development is aligned to the Arkansas English Language Arts Standards and emphasizes instructional strategies to integrate the four strands: reading, writing, speaking and listening, and language.

Name of Program **Instructional (Literacy) Facilitation**

Competitive Grant

☐ Yes ☒ No

The Southeast Arkansas Education Cooperative will provide professional learning to assist Literacy Facilitators (coaches) in maximizing the effectiveness of their work. Research continues to support the positive impact the instructional facilitator has on student achievement. K-12 Literacy Facilitating in Arkansas is designed to support implementation of any new state-wide initiatives in Arkansas schools through professional learning at designated training sites along with onsite support. The training will encompass the strategies and skills Literacy Facilitators need to implement the variety of roles necessary to advance professional learning and to improve student achievement. The curriculum includes a variety of courses that focus on

- understanding how to establish relationships with teachers and administrators to further learning through avenues such as professional learning communities
- developing a deeper understanding of the many roles and components of literacy facilitating
- develop support to implement research-based & high yield instructional practices and assessment systems as aligned to the Arkansas English Language Arts Standards
- understanding the impact of change on adult learning theory
- developing leadership skills for leading reform using communication strategies

Training occurs at cooperative throughout the school year as well as visits to participants' schools in order to support implementation. The coop specialist maintain a wiki at <http://searkinstructionalfacilitation.pbworks.com/w/page/41339528/Welcome> to help provide agendas of training as well as serve as a resource for the literacy facilitators.

Name of Program **(LEADS) Arkansas Leadership Excellence and Development System**

Competitive Grant

☒ Yes ☒ No

The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents. Trainings for the LEADS program throughout the 2015-2016 year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of Bloomboard for evaluation and artifacts, and other support, as needed in individual cooperatives.

Name of Program **Literacy Design Collaborative (LDC) and Mathematics Design (MDC)**

Competitive Grant

☐ Yes ☒ No

The LDC and MDC professional development opportunities focus on the use of formative assessment to guide instruction aligned to the Arkansas State Standards. March 2016, Marshall Hurst provided information about how to apply for LDC and MDC professional development and technical assistance. Monticello High School participated in the first cohort. Dewitt, Hamburg, Hermitage, McGehee, and Woodlawn participated in the second cohort. Crossett, Dewitt, Drew Central, Lakeside, McGehee and Warren participated in the third year. DeWitt, Lakeside, and Star City participated in the fourth year. For 2016-2017, LDC will be conducted as blended learning. Teachers will participate through Moodle and face to face instruction. MDC will remain face to face as previously conducted. The Southeast Cooperative literacy specialist and science specialist are currently serving as cohort trainers for the program. The Cooperative served as a regional site for these trainings.

Name of Program **Southeast Cooperative Job Alike Committee**

Competitive Grant

☐ Yes ☒ No

The Job Alike committee is comprised of curriculum coordinators, assistant superintendents and administrators from the fourteen schools in the cooperative. This committee meets during the year to discuss hot topics and shares information electronically, curriculum issues, and to share ideas. The Job Alike committee has been very beneficial in keeping school leaders abreast of topics and issues. These educators have formed a strong, collaborative group that work diligently to increase student achievement.

Name of Program **(TESS) Arkansas Teacher Excellence Support System**

Competitive Grant

☐ Yes ☒ No

The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software that provided by the ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hours Laws and Process training. The Arkansas Department of Education provided training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. Arkansas Department of Education in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2015-2016 school year.

A MESSAGE FROM THE DIRECTOR

This report of activities for 2015-2016 was prepared by the staff to provide insight into each of the programs provided by SWAEC for our members and partners. School district personnel, school board members, area legislators, and State Department of Education personnel will be provided information on services provided to our member schools during fiscal year 2015.

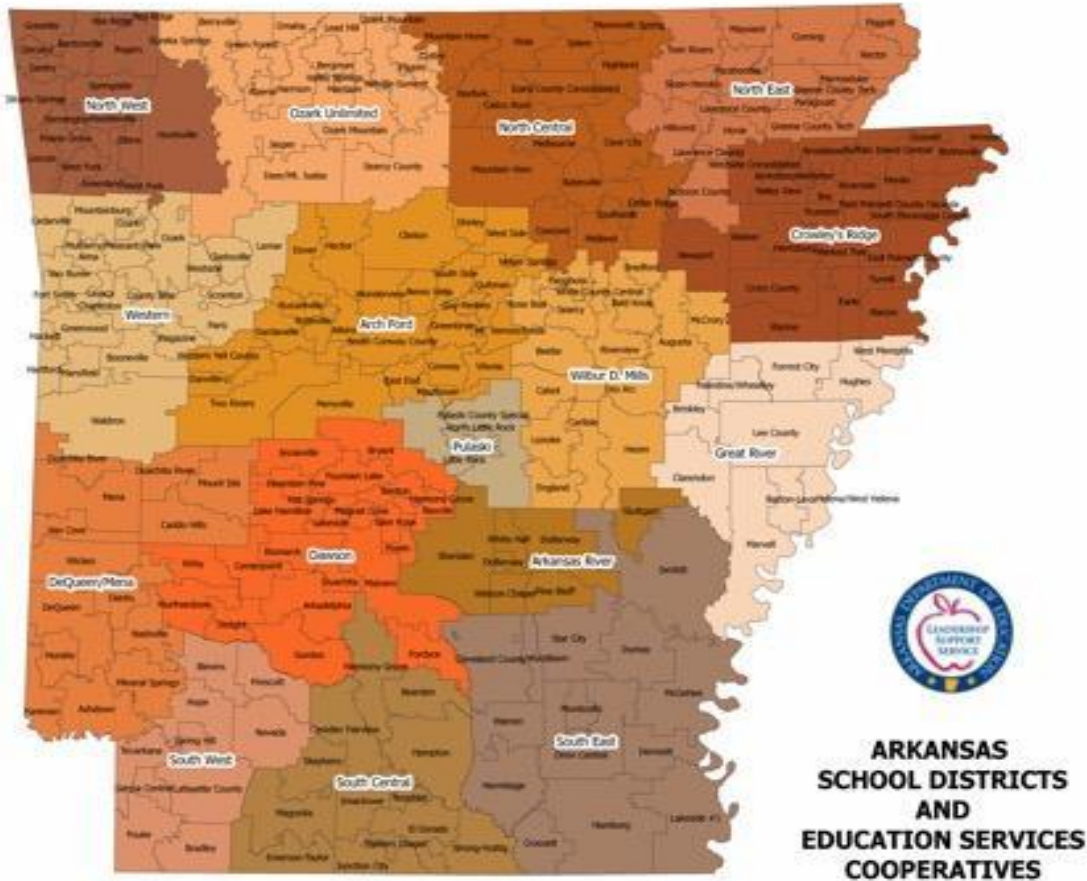

The Southwest Arkansas Education Service Cooperative (SWAEC) is made up of nine school districts in rural Southwest Arkansas. The counties we serve include Hempstead, Lafayette, Miller, and Nevada. We serve approximately 12,000 students and 1,000 public school teachers and administrators. The Co-op offices are located on the campus of the University of Arkansas Community College at Hope (UAHT). Our current facility opened in August 2010 through a partnership with SWAEC, UAHT, the City of Hope and the US Department of Agriculture, Rural Development Program.

SWAEC has worked, over time, to form partnerships with the Arkansas Department of Education and higher education for the purpose of benefiting our districts. Some of our services include: preschool programs for 3-5 year olds; special education supervisors; content specialist in math, literacy science, and technology; career and technical assistance; gifted/talented services; bulk purchasing; professional development; and early childhood behavior assistance. We are actively involved with Henderson State University, Southern Arkansas University, and UAHT. We also work with several community coalitions, such as United Way and Southwest AR Arts Council, to improve education for our children in Southwest Arkansas.

We are pleased to share this annual report. The following reports and program summaries will provide insight to the vast array of programs and services provided to our member schools. We look forward to our continued partnership with our member districts as we serve students and educators in the evolving work of Pre K-12 education.

Phoebe Bailey

Phoebe Bailey, Director

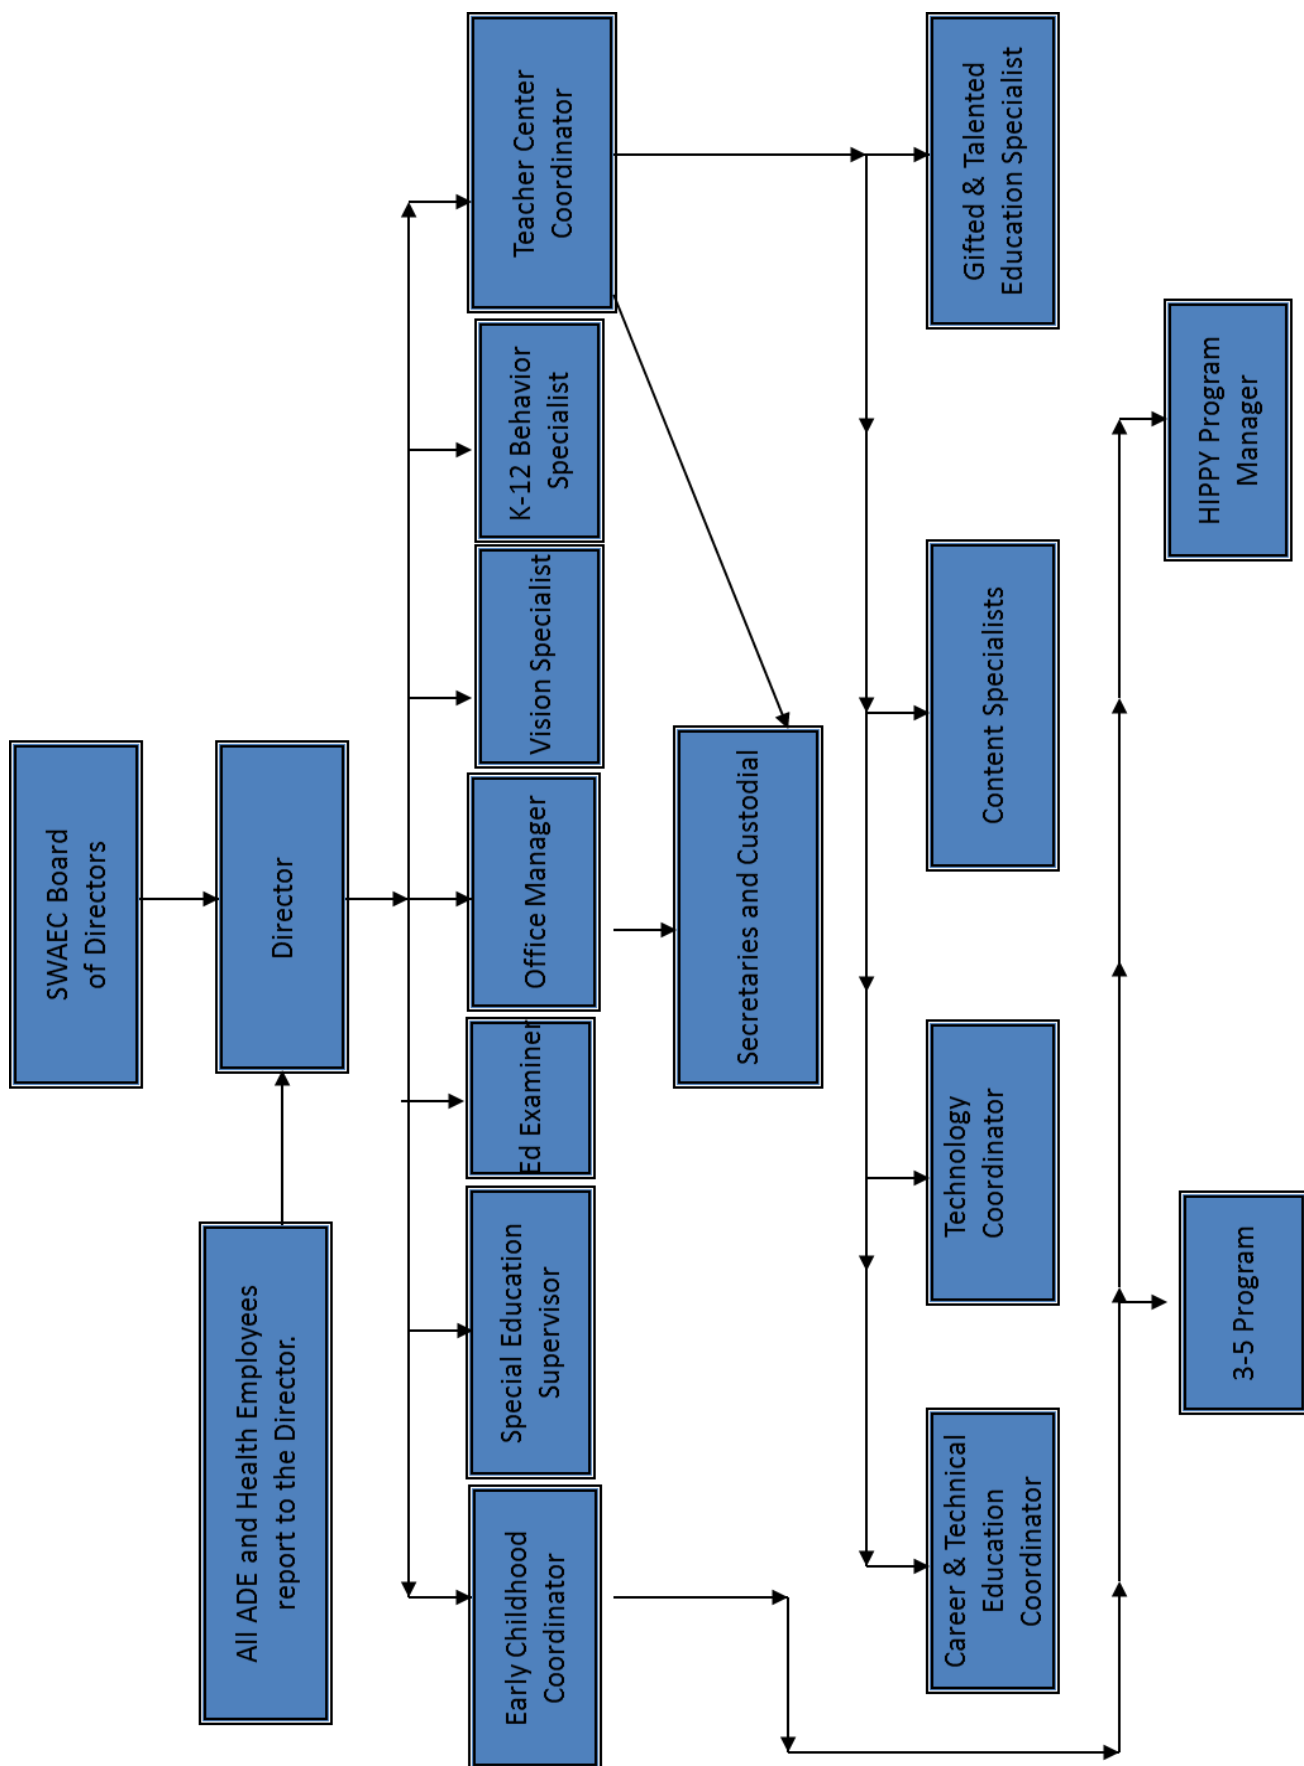

Southwest Services the following counties:

- Hempstead
- Lafayette
- Miller
- Nevada

Southwest Arkansas Education Cooperative Mission Statement

The Southwest Arkansas Education Cooperative is committed to providing the best possible services to our educational community. The staff will maintain a progressive perspective to cooperatively foster quality leadership through our professional growth and development: dissemination of current research, materials and strategies; and assistance in meeting the ever changing needs of the diverse population served, the ultimate mission is to enhance the delivery of an appropriate, quality education for ALL and to help develop lifelong learners.

III. TEACHER CENTER

Please attach a list of all in-service training/staff development workshops offered through the co-op, including month offered, topic, number of districts participating, number of participants and location of workshops. Place an asterisk (*) beside those which provided curriculum assistance. Include a cumulative total of participants. See attached form.

A. Does the co-op provide media services to schools? YES [X] NO []

If yes, then:

Approximate the number of titles in media center: 100

Does the co-op provide delivery to the districts? YES [X] NO []

How many districts participate in the media program? 9

How many titles (including duplicate counts) were provided to schools during this current year? 0

Do districts contribute dollars to the media services? YES ☐ NO ☒

If yes, then:

How are media / technology charges per district determined (formal or per ADM)?

Please describe:

Does the co-op operate a “make-and-take” center for teachers? YES ☒ NO ☐

If yes, then:

How many teacher visits have been made to the center?

(Count all teachers who have visited the center, using duplicate counts for teachers who have visited the center more than once. 1485

IV. ADMINISTRATIVE SERVICES

Please check administrative services offered through the co-op:

☒ Cooperative purchasing

☒ Conduct Annual Needs Assessment /Planning assistance

☒ Special education services

☒ Gifted and talented assistance

☒ Grant writing assistance

☒ Personnel application

☒ Assist/support with Evaluation procedures (OSR, ACSIP Monitoring, GT Program evaluation, etc.)

☐ Migrant student Identification

☒ Bookkeeping assistance

☒ Technology training

☒ Curriculum support (Common Core State Standards)

☒ Business Management training

☒ Computer technician

☒ C.C.R.P.P. Administration/Collaboration)Partnership with UAHT and HSU)

- ☒ E-Rate applications
- ☒ Assessment data analysis
- ☒ Instructional facilitator training
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and Local Board Members Training

V. DIRECT SERVICES TO STUDENTS

Please check the student services provided through the co-op:

- ☐ Student assessment program
- ☒ Itinerant teachers – please list areas: (ECSE)
- ☒ Occupational therapy and physical therapy
- ☒ Transition Assistance
- ☐ Mentor programs (Ex. Foster Grandparents)
- ☒ Gifted/talented programs: 9 participating districts
- ☒ Digital instruction (Ex. AR iTunes U, podcasts)
- ☒ Speech Pathology Services
- ☒ HIPPY
- ☒ Low incidence handicapped (vision/hearing)
- ☒ Other (Please specify):
Early Childhood Special Education 3-5 years of age, Behavioral Intervention Consultants,
Nursing Services

VI. ANECDOTAL REPORTS

Please attach three or four descriptions of activities which demonstrate partnerships, agreements or creative ways that the co-op has assisted local districts. The co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

* Southwest AR Education Cooperative has member districts that are interested in implementing blended learning and flex scheduling. To help facilitate that, our staff arranged a trip for 3 of our districts to spend the day at Pea Ridge HS. They had the opportunity to meet with teachers and students as well as observe classrooms. SWAEC has also partnered with Hope District to bring in Modern Teacher to support their teachers. We hosted the trainings and supported the district with the rollout by attending the stakeholder engagement sessions in their buildings.

* As we serve a primarily rural population, most of the districts in SWAEC do not have grant writers. In an effort to support additional funds coming to the districts, the cooperative has partnered with CESA 6, a service agency in WI, to offer grant services. On a monthly basis, SWAEC sends out possible grants that our districts are eligible to receive. If a grant interests the districts, CESA 6 helps them write the grant. Also, if one of our districts has a particular item they need funded, SWAEC will contact CESA 6 and they research the opportunities in that field.

* SWAEC has worked with the Arkansas School Board Association to provide training specifically for the boards of SWAEC member districts as well as regional board training for districts in the southern part of the state. These meetings allow us to provide targeted services for the needs of our area boards and allows them to save on travel as they do not have to go to Little Rock for their required hours.

VII. EMPLOYMENT POLICIES AND PRACTICES

Act 610 of 1999 requires that each educational service cooperative report the following information:

EMPLOYED

Number of new males employed by the cooperative for the 2015-2016 school year: 1

White

African American

Hispanic

Asian 1

American Indian/Alaskan Native

Number of new females employed by the cooperative for the 2015-2016 school year: 8

Program: Behavior Support Specialist K-12

Funding Source: Federal **Competitive Grant:** Yes No X

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Fouke	Genoa	Hope
Lafayette	Nevada	Prescott	Spring Hill
Texarkana			

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Connie R. Thomason	Behavior Support	ME

Goal:

The BSS should develop and maintain current knowledge and skills in the following areas:

- *Evidence-based practices in behavioral and instructional areas
- *Autism Spectrum Disorders
- *Functional Behavioral Assessment and Behavior Intervention Plans
- *Coaching and training adult learners
- *Large and small group presentations and instruction
- *Special Education laws, regulations, and procedures
- *Current technology for communication, data collection and analysis, and reporting
- *Current ADE major initiatives.

Program Summary:

Technical Assistance includes: responding to CIRCUIT referrals and requests for assistance; assist with identification and evaluation of students suspected as having autism, emotional disturbance, or other disability areas for special education; conduct file reviews, interviews and student observations to assist schools with student behavior concerns; assist districts in conducting functional behavior assessments and developing behavior intervention plans; assist in program development for students with autism spectrum disorders; monitor student behavioral progress and provide modifications as needed; provide training for staff specific to individual student needs; meet with school personnel to disseminate information and conduct trainings specific to needs of school district; assist ADE with collecting and analyzing data for State Performance Plan and the Annual Performance Report; work collaboratively with Behavior Support Specialists across the state to meet the goals and priorities of the ADE; work with other education specialists, organizations, agencies, cooperatives, and institutions of high education to support the goals and priorities of ADE; and, maintain current knowledge and skills in ABA, Autism Spectrum Disorders, Special Ed. Laws and Regulations, Data Collection, Coaching and training adults.

Major Highlights of the Year:

1. Created Functional Behavior Assessment and Behavior Intervention Plan modules and checklist with regional Behavior Support Specialist
2. Assisted State Behavior Support Specialist to research and identify modules being utilized by other states to identify areas of strength and needed growth
3. Received training in ADOS to assist school districts identifying students on the Autism Spectrum
4. Received Autism training on Applied Behavior Analysis strategies and interventions
5. Assisted area school districts with interventions and FBA/BIP process

Program: Career and Technical Education

Funding Source: Carl D. Perkins Funding - Federal

Competitive Grant: Yes No X

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Fouke	Genoa	Hope
Lafayette	Nevada	Prescott	Spring Hill

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Floyd Morris	Career and Technical Education	BSE, MSE

Goal:

The goal of Career and Technical Education is to carry out the guidelines of the 2006 Perkins Act. This federally funded program is for secondary and postsecondary career education. These programs increase accountability and emphasize student achievement and strengthen opportunities for students. The Perkins funding is over seen by the Arkansas Department of Career & Technical. The goal is to better prepare students for the workforce, postsecondary and military. The federal guidelines set our indicators that we are required to meet. These include proficiency on the literacy/geometry benchmark exams, technical skill attainment (CTE EOC Exams), high school course completion & graduation, placement, and nontraditional participation & completion.

Program Summary:

The coordinator for the Southwest Arkansas Education Cooperative Perkins Consortium is required to write a five year plan and submit it to the state department. The coordinator also writes an annual Perkins application determining how to distribute/spend the funding for our area schools on the indicator projects approved by the Arkansas Department of Career & Technical Education. Start-up funds, Completers Reports, Placement Reports, technical assistance, and professional development are also planned and provided by this office.

Major Highlights of the Year:

Several teachers took the opportunity to increase their skills by attending advanced in-services, workshops, and state and national conferences. Spring Hill FCCLA Chapter has a state officer for FCCLA 2015-2016 school year. Several teachers attended local, state, regional, and national FCCLA, FFA, FBLA events and conferences with their students.

Program: Digital Learning – Virtual Arkansas, Team Digital, Arkansas Connect2Digital

Funding Source: ADE Grant – Act **Competitive Grant:** Yes No **X**

Restricted **X** **Non-restricted**

Participating Districts:

Blevins	Fouke	Genoa	Hope
Lafayette	Nevada	Prescott	Spring Hill
Texarkana			

Personnel:

Virtual Arkansas Superintendent- Cathi Swan, State Coordinator of Digital Learning, BSE, MSE
Virtual Arkansas Director of Operations - Mike Lar, BS, MBA, Ed.D, ABD
Virtual Arkansas Director of Technology – Junior Stormes, BS
Virtual Arkansas Director of Academics- John Ashworth, BSE, MSE
State Coordinator Administrative Assistant- Ashley Pruitt, BA
Central Office Administrative Assistant- Alex Munn, BA
Team Digital Members – Lisa Russell, Gerard Newsom, Rachel Schell,
Evan Patrick, Sherry Kennedy, Dexter Miller

Goal:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

Program Summary:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local school administration.

Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013. www.virtualarkansas.org

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning; effective content authoring and lesson design methods that best serve digital education; and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital:

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- *Held first ever workshop in the state for Teachers and Administrators on Blended Learning and Remix strategies.
- *Implemented a technical assistant/will-call application to help participating schools solve issues within 24 hours.
- *Presented at TICAL on the Future of Blended Learning
- *Held statewide school consultations on the planning and implementation of Blended Learning
- *Trained over a 100 High School counselor's around the state on Virtual Arkansas' registration process
- *Attended the 2015 INACOL conference on Blended Online Learning
- *Completed an Educational Cooperative Promotional Video

Gail McClinton	ECH Paraprofessional	AA

Goal:

- * Continuing to develop and administer programs to locate, identify, and evaluate three to five year old children suspected to be developmentally delayed.
- * Maintaining current information and liaison with other public and private agencies and individuals who provide services to this age population.
- * Through the Local Interagency Council (ICC) and Southwest Bridge Building Committee collaboration of needs for the southwest are determined.
- * Continuing to develop and administer in-service training for personnel engaged in providing services to the developmentally delayed population, which include Daycares, Arkansas Better Chance (ABC), Head Start, and Day Service Centers in the area.
- * The purpose of the Behavior Interventionist position is to provide behavior support plans and intervention for students (ages 3-5) with severe behavior in all cooperative districts.

Program Summary:

The 3-5 Early Childhood Program takes responsibility for coordinating efforts within the region to develop and establish programs providing special education and related services to identified preschool aged children (3-5 years) with developmental delays. Collaborates in planning with the LEA's and superintendents in their districts for implementing activities to ensure the identification of eligible children. Provides services to such children in accordance with individual educational plans developed for children with the least restrictive environment being the primary concern. Early Childhood Behavior services are available through the cooperative. Behavior referral procedures are in place at the Southwest Arkansas Education Cooperative though the Arkansas Department of Education ECSpEC website. The Behavior Interventionist has a number of specific duties listed below:

- Works with parents and agencies when necessary
- Writing behavior plans, performing observations, assessments and referrals
- Facilitate manifestation determination conferences
- Collaborate with mental health providers
- Conduct parent/teacher consultations
- Assist with the management of due process, crisis intervention, identification, etc.
- Assist with the management process related to autistic children
- Conduct in-service and staff training

For the 2015-2016 year, the Southwest Arkansas Education Cooperative Early Childhood 3-5 Program has the following data:

December 1 Count 299

- Screened - 55 passed developmental screen
- Transition - 80 needing special education services
- Dismissed - 117 not needing special education services
- Behavior Referrals - 62
- Returning -115 for the 2016-2017 school year

Program: Early Childhood Autism Team

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Callie Gilbey	Speech Pathologist	M.S.E. CCC/SLP
Eva Wood	EC Instructor	M.S.E.
Becky Butler	Speech Pathologist	M.S. CCC/SLP
Angie Bobo	EC Behavior Specialist	B.S.E., M.S. Psychology

Goal:

The goal is to provide a resource for assessment and identification of children in 3-5 year old programs who meet criteria for the state and federal definition of autism spectrum disorder and to assist in the development of educational and behavioral strategies that will offer students a greater opportunity for success in the classroom and community environment.

Program Summary:

The Early Childhood Autism Team (A Team) consists of 2 speech language pathologists, a special education instructor and a behavior specialist. The use of a multidisciplinary approach in the educational diagnosis of autism provides additional validity to the eligibility determination process and provides information from an extended range of perspectives. Determining the qualification of a student under the definition of autism requires information relating to medical, psychological, educational and social characteristics of the student, as well as, information regarding the school environment. Students are referred for assessment by parents, classroom teachers, and physicians. A screening instrument, based on the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-V), is completed by the classroom teacher, parent, and at least one member of the team. If the child meets criteria from the screening, specialized evaluation is warranted and scheduled. The team assesses students referred for specialized evaluation, interprets available data and subjective information and uses professional knowledge and judgment to determine eligibility. This specialized assessment uses the Battelle Developmental Inventory II and the Vineland Adaptive Behavior Scales to assess developmental and adaptive skills. The Transdisciplinary Play-Based Assessment-2 uses play to assess cognition, sensorimotor, communication, and social emotional skills. The Preschool Language Scale assesses both receptive and expressive language and the family completes an extensive family and social history. The Autism Diagnostic Observation Schedule-2 (ADOS-2) is used to assess the number and severity of autism related signs and symptoms. Team members perform extensive observation of the child in the natural setting and classroom environment. Additional scales and assessments are given depending upon individual needs. All assessments are recorded for further reference and a typical specialized assessment takes approximately 12 hours per student. The team also provides support during the evaluation programming conference by presenting and explaining all evaluation results.

Data for 2015-2016: Eight children were referred and assessed. Of the eight, three children met the criteria for autism spectrum disorder.

Program: Educational Services for the Visually Impaired

Funding Source: AR Department of Education, SPED Unit

Competitive Grant: Yes No X

Restricted: X **Non-Restricted:**

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Melanie Birthright	TVI/COMS, Ed. Vision	MSE

Goal:

To provide consultation, direct and support services to students who are blind or visually impaired, to their parents and to the school, center and related staff.

Program Description:

The SWAEC Vision Consultant serves a large portion of southwest AR to provide assessments, consultations and recommendations for adaptations and modifications to meet the needs of students who are blind or visually impaired ages 3 through 21 in an educational program. The ESVI Consultant also loans adaptive equipment to students and assist the Instructional Materials Center in loaning braille and large print textbooks to local school districts. Consultation, assessment, recommendations and instruction in the area of orientation and mobility is provided in the school and local communities. In addition, professional development opportunities are offered to parents, teachers and related staff.

Major Highlights:

During the year 2015-16, the ESVI consultant continued to be housed at the SWAEC. This enables continued communication between member districts, SWAEC, and LEA staff serving special needs populations, 504 students, and regular education students. The ESVI consultant provided training to districts, and attended numerous trainings to gain information and knowledge in skilled area. This included attending the Texas Orientation and Mobility Conference and Arkansas Orientation and Mobility Conference which allowed the attainment of ACVREP credit hours to maintain Orientation and Mobility Certification. Conference also included LEA Academy and Schools Without Walls Technology Conference.

Program: Gifted and Talented

Funding Source: ADE Competitive Grant: Yes No X

Restricted: Non-Restricted: X

Participating Districts:

Blevins	Texarkana	Fouke	Genoa
Hope	Lafayette	Nevada	Prescott
Spring Hill			

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Dana Ray	G/T specialist	BSE & Master in Educ.

Goal:

Serve as a liaison between ADE, Office of Gifted and Talented and Advanced Placement, district gifted/talented program coordinators, and parent and professional organizations.
Provide technical assistance to meet the State Standards for Gifted and Talented Education and Advanced Placement. Promote gifted education through public awareness and advocacy.

Program Description:

Technical assistance included: guiding GT Coordinators in the writing of the program application, pre-monitoring in preparation for monitoring of the program, and updating policies and procedures necessary for compliance. Hosted regular GT Advisory Council meetings to disseminate ADE updates, current trends and issues in gifted education, discuss practices and procedures for program compliance, share ideas and student activities events and dates, and keep abreast of the activities of the professional organizations for gifted and talented (Arkansans for Gifted and Talented Education and Arkansas Administrators of Gifted Education Association). Assisted member schools with various student activities such as Quiz Bowl, Destination Imagination, and Chess. Provided professional development opportunities, including: Pre-AP Strategies, Curriculum Differentiation, Extending Student Thinking, Student Diversity, Effective Questioning, Assessment for Identifying Gifted/Talented, and Whole Group Enrichment using the Common Core Standards.

Major Highlights:

- *Hosted the 2015-16 Annual College Board AP Coordinators Statewide training in October.
- *Hosted Quiz Bowl tournaments for all levels: Elementary, Jr. High and Sr. High
- *Hosted Chess tournament for Elementary students
- *Hosted Project Fair for Elementary Students
- *Supported 4 districts monitored by the Arkansas Department of Education with all 4 districts found in full compliance on all GT standards. (Genoa Central, Lafayette Co., Texarkana, and Fouke)
- *Provided professional development in Pre-AP, differentiation, formative assessment, GT program coordination, and curriculum.

Program: Home Instruction for Parents of Preschool Youngsters (HIPPY)

Funding Source: Arkansas Better Chance

Competitive Grant: Yes X No

Restricted: **Non-Restricted:** X

Participating Counties:

Hempstead	Lafayette
Miller	Nevada

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Evelyn Page	Coordinator	MSE
Tephania Johnson	Home Educator	CDA - AA
Billie Blakely	Home Educator	CDA
Manuela Amaya	Home Educator	CDA
Hazel Smith	Home Educator	BS/Sociology minor
Kathie Brown	Home Educator	BS/CDA
Ashley Noble	Home Educator	CDA pending

Goal:

HIPPY is a family focused program that helps parents to provide educational enrichment for their preschool children. The goal of HIPPY is to empower parents with the skills, tools, and confidence necessary to work with their children in the home. Parents will view themselves as their child's primary teacher and understand the critical role they play in their child's education.

Program Summary:

HIPPY (Home Instruction for Parents of Preschool Youngsters) is a home based school readiness program for families of 3,4, and some 5 year olds. HIPPY staff consists of trained a Coordinator and Home Based Educators. Parents receive weekly curriculum along with books and supplies for thirty weeks. Home Based Educators deliver the curriculum to the home and role play the activities with the parent. The parent teaches the curriculum to their child. HIPPY serves families from all ethnic and racial groups. We have served 118 families for the 2015-16 program year. The staff administered the Brigance Developmental screening and assessment to each child and the pre and post HIPPY involvement parent survey to each parent. The staff is involved in collecting and documenting information on each child for the purpose of entering data into the State data system COPA (Child Outcomes Planning and Assessment.) We received a successful audit from HIPPY Arkansas and Arkansas Better Chance with compliance in all program areas for the 2015-16 year.

Program: Literacy

Funding Source: Arkansas Department of Education

Competitive Grant: Yes No X

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Texarkana	Fouke	Genoa
Hope	Lafayette	Nevada	Prescott
Spring Hill			

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Judy Harris	Literacy Specialist	Masters in Curriculum & Instruction
Kelly Cornelius	Literacy Specialist	Masters in Curriculum & Instruction
Connie Echols	Literacy Specialist	Masters in Education

Goal:

- *To enhance teacher awareness and implementation of current best practices through high quality professional development
- *To meet the needs of students through integrated assessment and responsive instruction
- *To ensure that all students are meeting the state and national standards in literacy

Program Summary:

- *Dyslexia Support: Technical assistance is provided to schools to meet Act. 1268 of 2015. Instructional support focusing on assessments, interventions and identification of students who qualify to receive dyslexia services.
- *Implementing a Comprehensive Literacy Framework (ICLF) Grades K-8 is training which identifies the critical components of a comprehensive literacy system, focuses on the unique instructional needs of the learner as related to literacy acquisition, explores setting the context for learning through instructional approaches that meet the needs of the learner, and provides the purposes and types of literacy assessments that when used appropriately will guide instructional decisions.
- *Literacy Design Collaborative (LDC) is a Common Core State Standards infused planning tool for teachers across the curriculum. Modules are created around content and Standards to create a positive learning environment in the classroom. This approach to incorporating literacy into content areas with the CCSS built in to the process assures student success.

Major Highlights of the Year:

- | | |
|--------------------------------------|------------------------------|
| *Dyslexia support and interventions | *RTI Support |
| *Classroom Walk-Throughs | *Classroom Observations |
| *District/Campus Leadership Meetings | *Data Analysis |

Program: Mathematics

Funding Source: Arkansas Department of Education

Competitive Grant: Yes No X

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Texarkana	Fouke	Genoa
Hope	Lafayette	Nevada	Prescott
Spring Hill			

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Deborah Propps	Math Specialist	Masters of Education

Goal:

To increase teacher knowledge and implementation of research based best practices through high quality professional development the state and national standards in math.

Program Summary:

SWAEC, in partnership with Arkansas Department of Education, administers the Mathematics Program for grades K-12, established by ACT 1392 of 1999 for the improvement of mathematics instruction throughout Arkansas. Technical assistance is provided to schools by using a variety of data to determine math priorities which could include: demonstration lessons, teacher observations with pre and post conferences, updating improvement plans in collaboration with individual schools, consultations with the math instructional facilitator, math professional development, and curriculum development.

Major Highlights Of The Year:

- *Cognitively Guided Instruction (CGI) Level 1
- *Classroom Embedded Days
- *Curriculum Mapping
- *MDC State Initiative
- *Data Analysis
- *Classroom Walk-Throughs
- *Classroom Observations
- *District and Campus Leadership Team Meetings
- *Lesson Planning Support
- *Demonstration Lessons for teachers
- *RTI support
- *Curriculum Alignment
- *Building Math Units for Each Grade Level

Program: Novice Teacher Mentoring Program

Funding Source: ADE **Grant Competitive Grant:** Yes No X

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Fouke	Genoa	Hope
Lafayette	Nevada	Prescott	Spring Hill
Texarkana			

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Monica Morris	Teacher Center Coordinator	MSE
Dana Ray	GT Specialist	MSE
Regional Trainers		

Program Summary:

ADE transitioned from Arkansas Induction Mentoring Model (AIMM) to the Novice Teacher Mentoring Program and all trainers were provided an update training.

The Novice Teacher Mentoring Program is designed to provide a novice teacher the support, assistance, and encouragement of a site-based, trained mentor in order for the novice teacher to learn the skills he or she needs to become an effective, knowledgeable teacher. District project directors were encouraged to share the mentor/novice teacher update video with previously trained mentors and novice teachers. The ADE provided electronic resources such as: the Mentor Notebook, Mentor/Novice Teacher Update Video and the Project Director Update Training Video in lieu of face to face trainings. New mentors were trained in the updated Novice Teacher Mentoring Program. Southwest Arkansas Education Cooperative provided 3 sessions in the Novice Teacher Mentor Program.

Goals:

- Become familiar with the Framework for Teaching (FfT) and the relationship between Novice Teacher Mentoring Program and TESS (Teacher Effectiveness Support System)
- Use the Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module in Moodle
- Identify effective coaching techniques for use in the mentoring process

The cooperative provided districts ongoing support as needed.

Program: Nurses Connecting Health and Education

Funding Source: Arkansas Department of Health

Participating Counties:

Hempstead	Lafayette
Miller	Nevada

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Edith Greenwood	Community Health Nurse Specialist	RN, BSN

Goal:

- *Provides technical assistance to Southwest Arkansas Education Cooperative region's schools for implementation of School Based Tobacco Prevention Project and Act 1220
- *Acts as a liaison between schools, community coalitions, and health care providers to keep informed of public health policies
- *Participates in data collection and evaluation of Best Practices Programs
- *Shares information from state School-Nurse Consultant with school nurses
- *Identifies, provides, and evaluates training needs of school-nurses on up to date school health policies and issues
- *Provides, participates, and links resources for school and community-based health and wellness trainings
- *Research and design literature to support school/community health development
- *Serves on work groups, special projects and committees as needed
- *Serves as an advocate for school health needs

Program Summary:

The Community Health Nurse Specialist is employed by Arkansas Department of Health and functions in a collaborative role with Southwest Arkansas Education Cooperative. Technical assistance is provided to the region's school district nurses and community coalitions through education and policy guidance and school health advocacy, with special focus on Best Practices for Nutrition, Physical Activity, and No-Tobacco.

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Monica Morris	Teacher Center Coordinat	MSE
Gina Perkins	Clerk	HSD
Darlene Estes	Clerk	HSD
Monica Holston	Clerk	AA

Goal:

Our goal, through these programs, is to provide quality professional development training, primarily in the thirteen critical areas, as outlined by the Arkansas Department of Education. The focus is to assist area schools in meeting the needs of their individual School Improvement Plans and to improve student achievement. These training sessions are funded through our Professional Development Consortium (PDC), in which 8 out of 9 districts participate. Participating districts contribute \$100 per certified staff member to the consortium. This funding helps support training sessions that cover a variety of related topics for which teachers and/or administrators have expressed a need. These funds are also instrumental in supporting several state initiatives, such as Common Core State Standards and Teacher Evaluation. Districts not participating pay a per session fee.

Program Summary:

The Teacher Center Coordinator has a primary responsibility for planning and carrying out the Professional Development Program for member districts. The professional development programs are, in part, identified by the Teacher Center Committee as a priority among member districts. A wide variety of workshops and seminars are provided for teachers and administrators throughout the year utilizing the expertise of regional, state and national consultants to train school personnel to help them develop both professionally and personally. SWAEC is in collaboration with the ADE as a training site for the Arkansas Novice Teacher Mentoring program. The SWAEC has Novice Teacher Mentoring Trainers in-house to assist area districts with their mentoring programs. Collaboration with the ADE and other agencies exists to provide professional development for specific groups such as: Special Education Teachers, Limited English Proficiency Teachers, Federal Coordinators, Gifted and Talented Teachers, Food Services, and Migrant Educators. Technology is supported through a variety of training sessions here at the Co-op and at the school sites. We have developed a Teacher Technology Team that assists with most technology training for classroom teachers. This team is also supported through extensive training to keep them abreast of new technology.

Major Highlights of the Year:

*Novice Teacher Mentoring training *Administrators' Summer Institute *School Board Member Training *Teacher Evaluation training *Technology Integration Team

A separate PD activities report is included.

Program: Psycho-Educational Examiner
Funding Source: District Allocations

Restricted: Yes No ☒ X

Participating Districts:

Spring Hill	Prescott	Genoa Central
Hope	Nevada	Lafayette
Blevins	Fouke	

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Rhonda Colberg	Educational Examiner	MSE

Goal:

Provide participating districts with timely, accurate, reliable, and valid special education evaluations and consultation.

Program Summary:

The evaluation process aids in identifying a disability, adverse effect on education, and the need for special education and related services.

Major Program Highlights:

The examiner completed 138 psycho-educational evaluations during the 2015-16 school year. All compliance areas were met. Reports were completed and distributed in a timely manner. Staff development opportunities were provided as well as technical assistance to all districts.

Program: Science

Funding Source: Arkansas Department of Education

Competitive Grant: Yes No X

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Texarkana	Fouke	Genoa
Hope	Lafayette	Nevada	Prescott
Spring Hill			

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Terri Kennedy	K-12 Science Specialist	Masters of Science in Education

Goal:

The goal of the Science Specialist is to provide ongoing support for adult learning in best practices. This support includes raising awareness of new standards and frameworks and providing implementation tools and techniques to achieve success.

Program Summary:

The office of the Science Specialist supports schools, teachers, and administrators by providing quality professional learning opportunities, and ongoing site based support in instruction, leadership, and best practices. Instructional support such as High Yield Strategies and lesson planning were introduced onsite, while incorporating Common Core State Standards. Awareness of the Next Generation Science Standards was increased through onsite visits to each of the school districts in the area.

Major Highlights Of The Year:

- *Preparing Teachers and Schools for the Implementation of New Science Standards
- * Science Practices
- * Disciplinary Core Ideas
- * Crosscutting Concepts
- *Science Notebooking
- *Science and Literacy Integration
- *Engineering Lessons
- *STEM Curriculum Conversations
- *Unit Planning
- *Modeled Lessons
- *Lesson Development
- *Joint-Presentation of Mini-Course at the Arkansas Curriculum Conference
- *Development of 2-day and 3-day Science Conferences for Elem, MS, and HS

Program: Special Education Consortium

Funding Source: Consortium districts

Competitive Grant: Yes No X

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Nevada	Fouke	Genoa
Lafayette	Spring Hill		

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Angela Winfield	LEA Supervisor	MSE
Sherry Faust	Due Process Coordinator	HSD

Goal:

To provide participating districts compliance in Special Education laws and implementation.

Program Summary:

Individuals employed as an LEA Special Education Supervisor will perform the following duties and tasks:

Responsibility for gifted/talented programs and Section 504 coordination are not to be considered as part of the special education supervisory role.

A. Supervise and administer all district programs for children with disabilities under the Individuals with Disabilities Education Improvement Act (IDEIA).

1. Become knowledgeable about the developments and trends in special education, instructional management and supervision, including attendance at meetings and training for LEA Supervisors conducted or sponsored by the ADE, Special Education Unit (SEU).
2. Supervise the location, identification, and evaluation process for students with disabilities, including privately-placed students receiving educational services within the district's jurisdictional boundaries.
3. As frequently as necessary, provide information related to due process and dispute resolution procedures and IDEA requirements to administrators, teachers, and parents, including information on resolution sessions and mediation and the availability and desirability of pre-due process mediation.
4. Consult with teaching staff to determine needs of specific students and the program.
5. Consult with teachers to determine instructional materials and supplies needed for the program.
6. Collaborate with school and district level curriculum committees to develop plans and recommendations for the inclusion of students with disabilities in all aspects of the educational program.

B. Provide on-going, regularly scheduled consultation to special and regular education personnel in the district.

1. On a regular basis, visit special and regular education classrooms to observe effectiveness of the instructional program.
 - a. Determine whether instruction corresponds to goals and objectives of the student's individualized education program (IEP) and the state curriculum standards
 - b. Determine if materials, equipment and other supports are available and are adequately and properly used.
 - c. Confer with teachers to provide technical assistance for improvement of instructional skills and behavior management.
2. On a regular basis, consult with teaching staff to assure that specific needs of the student are met.
3. On a regular basis, consult with teachers about appropriate and adequate materials.

C. Designate appropriate professionals responsible for appraisal, programming and implementation activities as specified by state guidelines.

1. Assure that appropriate personnel are available and efficiently deployed for all due process and instructional activities, including related services personnel.
2. Ensure that such personnel are held accountable and responsible for meeting established timelines set forth in due process procedures, including those employed through purchased service arrangements.

D. Initiate and administer programs to locate, identify, and evaluate students with suspected disabilities.

1. Design and implement Child Find activities in accordance with state and federal guidelines, including for privately-placed students receiving educational services within the district's jurisdictional boundaries
2. Arrange timely evaluation of students suspected of having a disability.

E. Monitor operation of district programs for children with disabilities to ensure operation in accordance with state adopted and approved policies, procedures and guidelines.

1. Become informed in the specifics of the state adopted and approved policies, procedures and guidelines.

F. Provide on-going consultative assistance, in conjunction with assigned special education teachers, to regular education teachers serving students with disabilities

1. On a frequent, regularly scheduled basis, hold discussions with all teachers who have students with disabilities in regular education classes.

G. Maintain information on and liaison with other public and private agencies and individuals who provide services to students with disabilities in the district, particularly those ages 14 and above.

1. Maintain information files that identify and describe agencies and individuals who provide services to students with disabilities.
2. Make such information available to persons planning programs and providing Services to students with disabilities.
3. Make such information available to parents and patrons.

H. Participate and provide leadership, as appropriate, in the development of the district ACSIP and special education budget for approval by the district superintendent.

I. Serve as a liaison with the ADE Special Education Unit in matters concerning education of children with disabilities.

1. Provide information to the ADE Special Education Unit as required.
2. Disseminate information and training provided by the Special Education Unit to district personnel, parents, students and patrons, as appropriate

J. Serve as a local liaison with parents and with parent organizations, including school-based parent centers.

Program: Teacher Center

Funding Source: Base Funds

Competitive Grant: Yes No X

Restricted: **Non-Restricted:** X

Participating Districts:

Lafayette	Fouke	Nevada	Hope
Blevins	Genoa	Prescott	
Spring Hill	Texarkana		

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Monica Morris	Teacher Center Coordinator	MSE
Darlene Estes	Clerk	HSD
Gina Perkins	Clerk	HSD
Monica Holston	Clerk	AA

Goal:

The purpose of the Teacher Center is to provide services to our schools in three basic areas: staff development, curriculum development assistance and educational materials. We meet those goals in a number of ways in both the Teacher Center and other areas of the Co-op. The Teacher Center Advisory Committee works closely with the Teacher Center staff and the Co-op Board of Directors. This open channel of communication assures that we continue to understand and meet the need of educators we serve.

Program Summary:

The SWAEC Teacher Center provides a place for teachers, paraprofessionals, and administrators of all member districts to work on instructional materials, develop curriculum, and obtain instructional and media materials to meet the needs of their classroom. The instructional materials have been developed to coordinate with the Arkansas Frameworks and Common Core State Standards. Instructional resources are available for teachers to use in the classroom. The primary focus of the instructional material is reading, math and language arts; however we do have materials available for other subject areas. Technical assistance is available for educators from laminating and supplies to curriculum designed to meet a specific need. One of the most popular services of the Teacher Center is the Ellison lettering machines and the numerous dies available for use. During the school year, the SWAEC makes Ellison cuts available to school through six Ellison kits that travel to different buildings. Additionally, the Teacher Center provides teachers and administrators the use of a banner/poster maker, a binding machine, two laminators and copiers. Teachers use the Teacher Center on a regular basis for help and assistance through personal visits, phone calls, and school visits through the delivery system. The center serves preschools and daycares, in addition to, our member school districts. There are approximately 35 preschools and day cares that use the SWAEC Teacher Center services on a regular basis.

Students from UAHT, Texas A&M-Texarkana and Henderson regularly use the SWAEC Teacher Center services. Private schools in the SWAEC service area also use the Teacher Center.

Program: Technology

Funding Source: ADE

Competitive Grant: Yes X No

Restricted: X **Non-Restricted:**

Participating Districts:

Blevins	Fouke	Genoa	Hope	
Lafayette	Nevada	Prescott	Spring Hill	Texarkana

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
David Henderson	Technology Center Coordinator	Masters of Liberal Arts

Goal:

Provide quality technology support for the cooperative and for member school districts.

Program Summary:

- *Support districts in their efforts to provide quality technology for teaching and learning.
- *Support districts with various aspects of assessment testing including: technical support for infrastructure trials, support during the live testing
- *Coordinate with districts to increase awareness of and participation in VirtualArkansas, Bloomboard, StudentGPS, E-rate and other state initiatives.
- *Provide quality professional development.
- *Provide ongoing support to the cooperative in terms of professional development, network administration, hardware/software troubleshooting, etc.
- *Provide ArkansasIDEAS information and STIN lookups during workshops and throughout the year as needed/requested.
- *Decommissioned (2) old servers. Consolidated services to different servers.
- *Host meetings with area techs.
- *Bid, oversee purchase and installation of new security camera system.
- *Meet with other state coordinators, superintendents, teachers, etc.

Program: Technology Infused Education (TIE) Project

Funding Source: Department of Education

Competitive Grant: Yes No ☒

Restricted: **Non-Restricted:** ☒

Participating Districts:

Blevins	Fouke	Genoa	Hope	
Lafayette	Nevada	Prescott	Spring Hill	Texarkana

Personnel:

<u>Name</u>	<u>Position</u>	<u>Degree</u>
Phoebe Bailey	Director	MSE
David Henderson	Technology Center Coordinator	Masters of Liberal Arts

Goal:

The purpose of the TIE project is to increase technology integration across the state of Arkansas. Southwest Arkansas Education Co-op wrote a comprehensive partnership EETT grant to develop a statewide professional development module system to embrace all forms of technology, meet the needs of teachers and administrators, and address State standards and licensure issues while enhancing instruction through integrated technology practices. The state and partner co-ops have helped to support this training after grant funding ended.

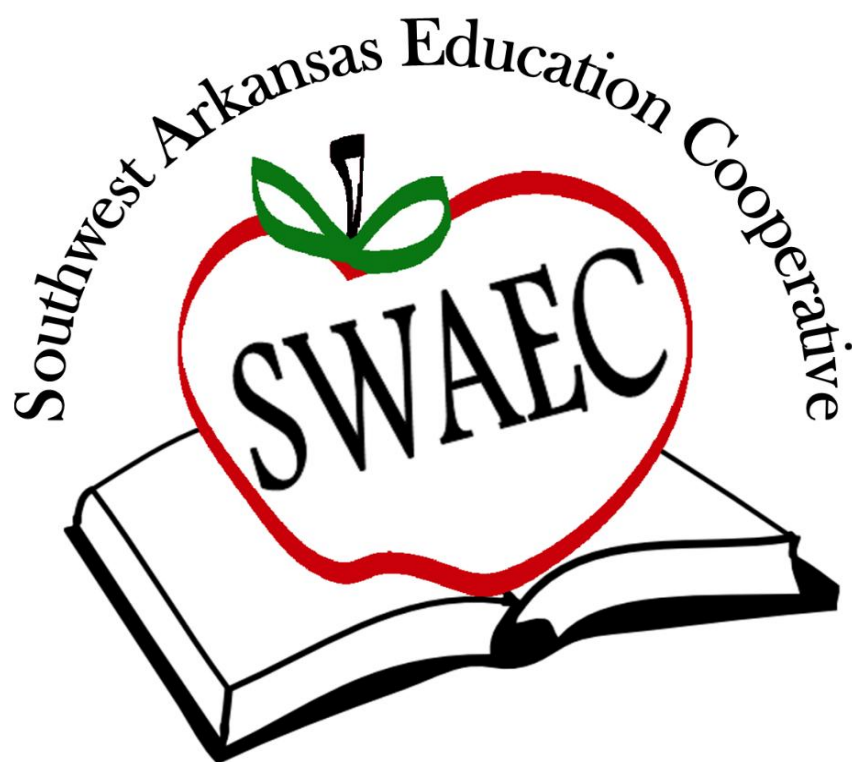

Program Summary:

All education cooperatives across the state were offered the opportunity to train teachers from their area to become TIE Cadre members. There are currently over 100 TIE Cadre members representing 69 districts across the state. Cadre members have conducted over 450 workshops across the state on 78 different technology modules. The trainings have impacted over 5,000 teachers and administrators. The modules are all project based and have been developed by teachers. Modules include trainings on things such as Blogs, Classroom Wikis, High Yield Strategies with Technology, Internet Safety, Podcasting and Video Editing. Modules are housed on the TIE website at <http://swaecmoodle.k12.ar.us/>. By sharing these modules across the state, we are able to offer the same quality in technology trainings that we did not have before. The focus of cadre training is to support technology integration in curriculum. Training includes a focus on computer coding, presentation skills, unit planning and tools teachers can use. Cadre members then share this knowledge in trainings offered at the co-ops. The cadre members not only train for the education co-ops in the summer but are also able to help train in their buildings and districts. Module development and professional growth are the focus of cadre trainings.

Major Highlights of the Year:

Cadre members attended training to support coding and roll out of Computer Science Standards 7th Annual TIE Conference for member training was held in the spring of 2016.

Southwest Arkansas
Education Cooperative
2015/2016

Special Projects

SPECIAL PROJECTS AND PROGRAMS

Detailed below are special projects or programs in which state funding provided services regionally or statewide, giving this cooperative an opportunity to participate.

Funding Source: Arkansas Department of Education **Restricted**

Program Name: EtherScope

Competitive Grant: No

In an effort to assist schools in preparation for online Common Core State Standards testing in 2014-15, ADE awarded a grant to the Co-ops for the purchase of EtherScopes. There were eight EtherScopes purchased and each cooperative area partners with a “sister” cooperative to share an EtherScope. Our cooperative is partnering with South Central Service Cooperative. Our goal is to evaluate all of the schools in our cooperative to see if their networks are capable of connecting 1 to 1 computer to student for the CCSS testing. When we visit each school, we save reports from the EtherScope for evaluation purposes and inform the school technology coordinator of the findings.

Program Name: CGI-Cognitively Guided Instruction

Competitive Grant: No

Cognitively Guided Instruction (CGI) is a teacher professional development program that has teachers exploring a framework for how elementary school children learn concepts of number operations and early algebra. This knowledge is used to drive instruction. Years 2 & 3 of training builds upon the previous year’s training—resulting in a true, long-term sustained professional development program. What teachers learn in a CGI institute enhances how they implement any curriculum or resource materials into their daily classroom instruction.

Program Name: Teacher Excellence Support System (TESS)

Competitive Grant: No

The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hours Laws and Process training. The Arkansas Department of Education provided training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. Arkansas Department of Education in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2015-16 school year.

Program Name: Arkansas Leadership Excellence and Development System (LEADS)

Competitive Grant: No

The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being piloted). Trainings for the LEADS program throughout the 2015-2016 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of Bloomboard for evaluation and artifacts, and other support, as needed in individual cooperatives.

Program Name: Design Collaborative/Mathematics Design Collaborative (LDC/MDC)

Competitive Grant: No

The LDC/MDC is an on-going professional development process which consists of tasks aligned to the Common Core State Standards that target those skills needed in reading, writing, and mathematics. Formative assessment is used as a tool for monitoring what students are learning and identifying misunderstanding or skill weaknesses in students. These tasks work together to provide robust learning opportunities for students that are evaluated with a scoring rubric that helps educators across our state and nation calibrate high expectations. The LDC/MDC work is implemented in literacy, social studies/history, mathematics, science and career education classes for students in grades 9 and 10.

Program Name: ACT Aspire

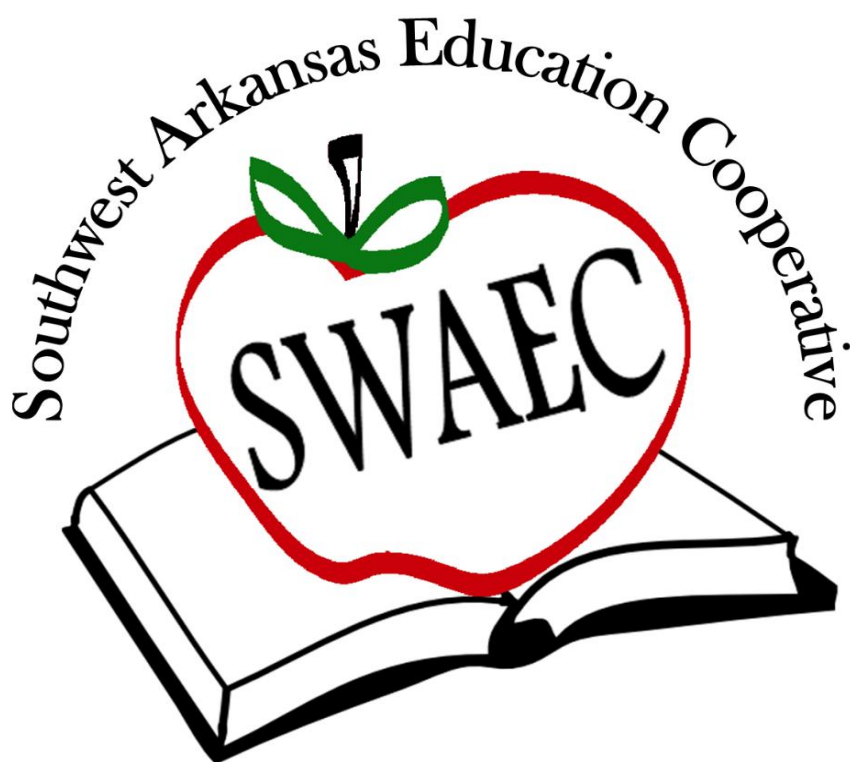

Competitive Grant: No

Southwest Arkansas Education Cooperative technology coordinator and staff have provided support to district testing and technology personnel as preparations were made for the initial implementation of ACT Aspire in the spring of 2016. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling. Additionally, cooperative technology coordinator provided ongoing assistance through emails and phone conversations as problems and questions arose in districts.

The Southwest Arkansas Education Cooperative also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

Cooperative also provided support to classroom teachers and instructional leaders to ensure that the Common Core State Standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative literacy and math specialists provided face-to-face trainings on ACT Aspire resources that are available and how these could be utilized to strengthen the classroom teachers understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

Director's Annual Memo

The Wilbur D. Mills Education Service Cooperative maintained our approach to provide progressive, quality services to the school districts we served through 2016. We are committed to serving our school districts and meeting their needs in this ever evolving environment that we find in education today. We continued with the task of aiding our schools in their attempts to implement the Arkansas State Standards, while continuing to assist them in receiving quality training in the many required areas of professional development. Our Board members are very active in their service to the cooperative and are providing a very sound shared vision for the cooperative.

The 2015-16 annual report prepared by the staff of the Wilbur D. Mills Education Service Cooperative reflects information on the programs and grants conducted through the co-op for our 17 school districts and collaborative partners. The Wilbur D. Mills Education Service Cooperative has 57 employees total, some of which are housed in the schools and preschools.

We run four state programs. The Arkansas Department of Education Base Funding to the co-op is \$408,618 and the total budget is approximately \$5.3 million.

One of the main purposes of the co-op is to be effective and efficient in the administration of programs for the schools. As a result, our 17 school districts or a portion of these school districts, often share joint programs. Listed below are examples of these shared programs:

APSCN Field Support	Medicaid Billing Services
College and Career Readiness Prep Program	Perkins Consortium Coordinator
Content Literacy	Professional Development Programs
C.T.E. Coordinator	Psychological Services
Early Childhood Special Education Program	School Health Nurse
Gifted and Talented Coordinator	School Recruitment Employment Application Software
LEA Special Education Supervisor	Science Specialist
Literacy/Dyslexia Specialist	Teacher Center Services
Math Specialist	Technology Services
Media Services	

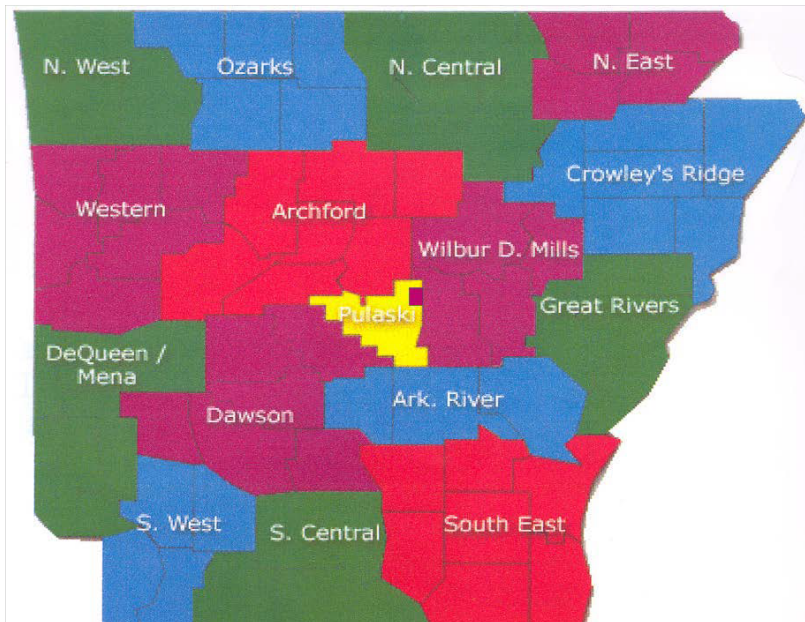

The co-ops of Arkansas have served as the implementation support agents for new state initiatives. The Wilbur D. Mills Cooperative has provided the extensive professional development and capacity building necessary to implement the state initiatives. We plan to continue to effectively provide support for the Arkansas State Standards and the new teacher evaluation system. The mission of the Wilbur D. Mills Education Service Cooperative is to support and serve our school districts as they strive to provide a high quality education to their students. We will aspire to provide these services in the most effective and efficient manner possible. The staff of the Wilbur D. Mills Cooperative looks forward to the challenges of the upcoming year. We will endeavor to provide quality services to each of our school districts.

Jeff Williams, Director
Wilbur D. Mills Education Service Cooperative

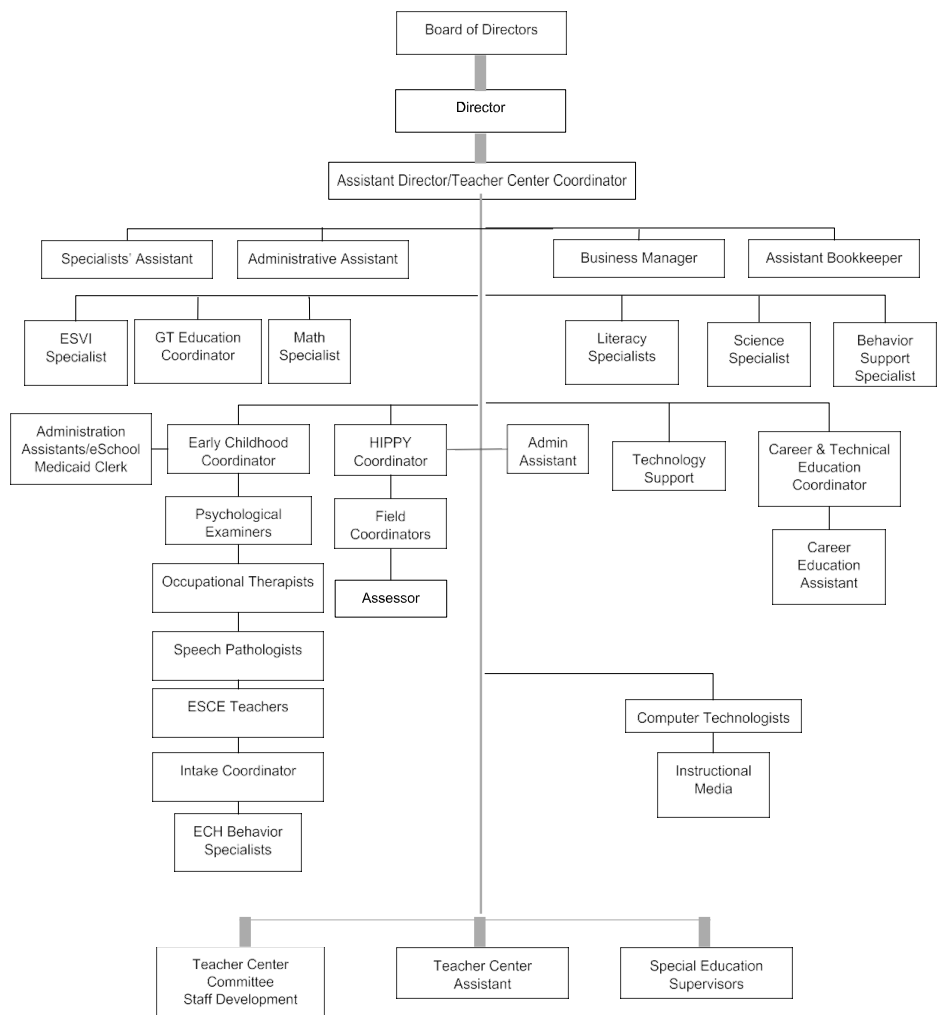

Mission Statement

The mission of the WDMESC is to assist their member school districts in:

- Meeting accreditation standards and equalizing educational opportunity
- Using educational resources more effectively through cooperation among school districts
- Promoting coordination between school districts and the Arkansas Department of Education
- Providing services which are needed by the local school districts
- Providing services which are established as educational priorities by the General Assembly and/or the State Board of Education

IV. Administrative Services

Please check administrative services offered through the co-op:

- ☒ Cooperative purchasing
- ☒ Conduct Annual Needs Assessment/Planning Assistance
- ☒ Special education services
- ☒ Gifted and Talented assistance
- ☒ Grant writing assistance
- ☒ Personnel application
- ☒ Evaluation procedures- assist/support (OSR, ACSIP, GT, SPED)
- ☒ Migrant Student Identification
- ☒ Bookkeeping assistance
- ☒ Technology training
- ☒ Curriculum alignment
- ☒ Business Management training
- ☒ College Career Readiness Prep. Administration/Collaboration
- ☒ Computer technician
- ☒ E-Rate applications
- ☒ Assessment data analysis
- ☒ Instructional facilitator training
- ☒ Math coaches training
- ☒ Math/Science/Literacy specialists
- ☒ Numerous professional development opportunities for teachers
- ☒ Administrators and local board members
- ☒ Perkins Consortium
- ☒ CTE Coordinator
- ☒ Professional Development
- ☒ Medicaid billing
- ☒ Other – ESC Works Support
- ☒ Psychological services
- ☒ School Health Nurse
- ☒ HIPPY
- ☒ APSCN Field Support

V. Direct Services to Students

Please check the student services provided through the co-op:

- ☒ Student assessment program
- ☒ Early Childhood Special Education 3-5 years of age: psychological services, speech/language pathology, behavior intervention, occupational therapy, physical therapy
- ☒ Computer-assisted instruction
- ☒ Mentor programs: Novice Teacher Mentor, Parents as Teachers, Beginning Administrator Mentor
- ☒ Digital instruction
- ☒ Video instruction
- ☒ Low incidence handicapped
- ☒ Distance Learning
- ☒ Itinerant teachers – please list areas: (ECSE, LEA Supervisors)
- ☒ Transition Assistance
- ☒ Gifted/Talented programs: 16 participating districts, Chess, Quiz Bowl Tournament, Youth Entrepreneur Showcase Business, Technology Fair, Stock Market Game, Project Fair
- ☒ HIPPY
- ☒ Low incidence handicapped (vision/hearing)
- ☒ Behavioral Intervention Consultant

VI. Anecdotal Reports

Please attach three or four descriptions of activities which demonstrate partnerships, agreements or creative ways that the co-op has assisted local districts. The co-op personnel may write the reports, or the descriptions may be written by local schools served by the co-op. These reports may also include letters sent to the co-op or evaluations of a co-op activity.

WDMESC and Harding STEM Center Partnership

Wilbur D. Mills ESC and Harding STEM Center partner to serve the schools in our cooperative area. Collaborative services include leadership meetings for both Math and Science, professional development opportunities related to MDC/LDC, Picture Book Science, state mandated testing, Engineering is Elementary, STEM activities, Computer Science, and state Science and Mathematics Content Modules. Specialists from WDMESC and Harding STEM Center volunteered to serve at the First Robotics Competition in Little Rock, Arkansas. Together the Specialists have helped coordinate Math and Science Nights as well as STEM Nights for area schools. Additional team efforts include providing support for priority schools and implementation of new state standards.

WDMESC Dyslexia Contacts Professional Learning Community

Wilbur D. Mills Education Service Cooperative Dyslexia Contacts Professional Learning Community in collaboration with Arkansas Department of Education was developed to support our member districts in their dyslexia needs. All of our districts participated in this opportunity. Each district selected a dyslexia contact to attend monthly sessions to collaborate in interventions, assessments, and data analysis. The focus this year has been to improve student learning and meet the needs of students with characteristics of dyslexia. Throughout these meetings we have discussed and provided training on administering, analyzing, and interpreting initial screeners and level II assessments. Also, we have collaborated on interventions for various areas of need to increase student learning. We believe that building capacity is crucial to providing appropriate learning experiences for all students.

WDMESC Literacy Leaders Professional Learning Community

Wilbur D. Mills Education Service Cooperative Literacy Leaders Professional Learning Community in collaboration with Arkansas Department of Education was developed to improve the teaching and learning practices in K-12 literacy. All of our member districts participated in this opportunity. Each district selected a literacy leader to attend monthly sessions to collaborate in literacy content, curriculum alignment, assessment, and instructional practices. The focus this year has been ACT Aspire, dyslexia, ELA standards, Computer Science standards, research-based instructional practices, and data collection with Student GPS. We believe that building capacity is crucial to providing appropriate learning experiences for all students.

WDMESC Math Leadership Council

The Wilbur D. Mills Education Service Cooperative Math Leadership Council in collaboration with Arkansas Department of Education was developed to improve the teaching and learning process in mathematics in K-12. All 17 of our districts were asked to participate along with our STEM center math specialist in this project. Districts selected math leader/s to attend monthly training/collaborating work sessions in math content, curriculum alignment, assessment and instructional process delivery. The WDMESC math specialist and STEM center math specialist developed math capacity in the local school districts through these work sessions. Dr. Linda Griffith (UCA) and Thomas Coy (ADE) were also asked to provide training during the year. Our focus this year has been on the Common Core State Standards, the Common Core Progressions, PARCC Testing and related resources, and *It's TIME: Themes and Imperatives*

WDMESC Science Leadership Council

The Wilbur D. Mills Education Service Cooperative Science Leadership Council in collaboration with Arkansas Department of Education was developed to improve the teaching and learning process in Science. In order to best address the implementation of the New Arkansas Science Standards and support grade appropriate issues, three groups have been created: K-4, 5-8, and 9-12. Grade bands K-4 and 5-8 met three times during the 2015-2016 school year. Dates have been set for each of the three grade bands to meet once each semester for the coming 2016-2017 school year. All 16 of our districts participated along with our co-op science specialist, the Harding STEM center science specialist, and Crowley's Ridge science specialist. Work sessions include examining the new science standards, curriculum alignment, instructional process, and collaborating to create lessons based on these new standards. The science specialist developed capacity in the local school districts through these work sessions. The focus this year has been on the New Arkansas Science Standards and the development of lessons to assist the K-2 teachers in our state. WDMESC participated in a state wide project of lesson development for literacy and science with integrated curriculum components. We believe that building capacity is crucial to providing appropriate learning experiences for all our students.

WDMESC Curriculum Directors' Professional Learning Community

The Wilbur D. Mills Education Service Cooperative Curriculum Directors' PLC in collaboration with Arkansas Department of Education was established to improve the teaching and learning process for all content areas and to assist with the dissemination of information regarding curricula choices and implementation. All 17 of our districts participate in this work. Each district designates staff to attend regular meetings held throughout the year. The meetings serve as a venue for ADE personnel to meet with district leaders to roll out new requirements, explain initiatives, rules, and implementation of curriculum. Other education experts are also invited to present at these meetings, as is appropriate. The PLC meetings provide opportunities for leaders to share and discuss with their colleagues from other districts. The leaders are able to go back to their district and share their enhanced knowledge and understanding. We believe that these PLC meetings are an opportunity to build capacity within our districts.

WDMESC Principals' Professional Learning Community

The Wilbur D. Mills Education Service Cooperative Principals' PLC in collaboration with Arkansas Department of Education was established to assist building leaders as they enable their teachers to increase and improve learning opportunities for their students. The regularly scheduled Principals' PLC meetings are designed to enhance the understanding of current educational initiatives for the principals in our region. Our goal is to provide explanation and clarification as well as implementation plans and strategies. Some of the meetings are designed for specific grade level bands such as PK-6 or 7-12; others are for PK-12 when appropriate. The

ADE staff often presents at our Principals' PLC meetings. Principals are given an opportunity to share with their colleagues across the region what is working well at their buildings. The round table discussions are very popular with the building leaders. The leaders then have a better capacity to lead their teachers in new or enhanced understandings.

VII. Employment Policies and Practices

Act 610 of 1999 requires that each educational service cooperative report the following information:

Employed

Number of new males employed by the cooperative for the 2015-2016 school year. For this number above, please provide the number in each of the following racial classifications:

1 White
1 African American 0 Hispanic
0 Asian
0 American Indian/Alaskan Native

Number of new females employed by the cooperative for the 2015-2016 school year. For this number above, please provide the number in each of the following racial classifications:

4 White
0 African American 0 Hispanic
0 Asian
0 American Indian/Alaskan Native

Terminated

Number of males terminated by the cooperative during the 2015-2016 school year. For this number above, please provide the number in each of the following racial classifications:

0 White
0 African American 0 Hispanic
0 Asian
0 American Indian/Alaskan Native

Number of females terminated by the cooperative during the 2015-2016 school year. For this number above, please provide the number in each of the following racial classifications:

0 White
0 African American 0 Hispanic
0 Asian
0 American Indian/Alaskan Native

Seeking Employment

Number of males seeking employment by the cooperative during the 2015-2016 school year. For this numbers above, please provide the number in each of the following racial classifications:

3 White
1 African American 0 Hispanic
0 Asian
0 American Indian/Alaskan Native

Number of females seeking employment by the cooperative during the 2015-2016 school year. For this number above, please provide the number in each of the following racial classifications:

25 White
1 African American 0 Hispanic
0 Asian
0 American Indian/Alaskan Native

Program: ADE/APSCN Student Applications Field Analyst

Funding Source: Arkansas Department of Education

Participating Districts: Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Jacksonville, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Name	Position	Degree
"Bo" James A Carter III	APSCN Student Field Analyst	B.S. - Technology

Goal:

To provide end-user support to district student users of the SMS statewide student management system, Cognos reports, and to meet statewide guidelines.

Program Summary:

The Student Applications Field Analyst provides services to districts within Arkansas that utilize the SMS statewide student management system software. The software is used to store district, school, and student data. Student Management Systems Applications is computer software used primarily to process and maintain student records. The SunGard Pentamotion student management systems applications provided by APSCN include: Demographics, Attendance, Scheduling, Report Cards, Discipline and Medical. With the use of nine cycles yearly, districts electronically submit data to the ADE. The student field analyst provides districts with consulting and training workshops through meetings at the Cooperative, school visits, and communicating closely by email and telephone. Various trainings offered throughout the year include, but are not limited to, SMS Required Fields for State Reporting, New Personnel, Cognos Report Writing, Next Year Scheduling, and Year End Rollover.

Major Highlights of the Year:

Facilitate and implement eSchool trainings for new or existing users, along with implementation of eSchool Upgrades. Keep all districts updated with new changes and policies as APSCN sees fit.

Program: ADE Public School Program Advisor

Funding Source: Arkansas Department of Education

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Jacksonville, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Name	Position	Degree
John Harris	School Program Advisor	MSE

Goal:

To facilitate school improvement efforts in local districts and schools.

1. Support/Assist local school districts in developing the district level Arkansas Comprehensive School Improvement Plan (ACSIP)
2. Provide Technical Assistance to local school district related to ACSIP
3. Support/Assist local school districts with schools in School Improvement Year 3 or beyond with their school improvement efforts
4. Support/Assist local school districts develop/implement systematic and sustainable school improvement
5. Support/Assist local school districts research, development, and/or the acquisition of additional resources related to their school improvement efforts (both internal and external)
6. Provide a broker of resources/point of contact between the local School District and the ADE related to the Statewide System of Support (SSOS)

Program Summary:

The Public School Program Advisors assist with all areas of the School Improvement Process (ACSIP), including the Federal Program application and approval process, providing assistance with regulations and laws, responding to technical assistance requests from districts and schools, disseminating information as requested, cooperating with and participating in professional organizations. In addition to these responsibilities, the supervisors conduct on-campus visits to assigned schools and monitor school programs.

Major Highlights of the Year:

Collaborating as a Facilitator and member of the State Specialty Team; Providing Technical Assistance as requested; Collaboratively working with LEA external providers working in the capacity of School Improvement Specialist, regional STEM, regional Cooperative Specialists, and various ADE Units.

Program: Arkansas Leadership Academy

Participating Districts: Assigned Districts

Satellite Office: Wilbur D. Mills Education Service Cooperative

Personnel:

Name	Position	Degree
Jerry Vaughn	Consultant	MSE

Goal:

To develop and sustain a cadre of leaders in public education in Arkansas through collaborative governance by Academy partners resulting in an expanded vision, statewide system change initiatives, synergy among stakeholders, and leadership development institutes.

Program Summary:

The Academy, through the use of research and best practices, designs creative and innovative approaches to establish learning communities in public schools by developing human resources and by modeling and advocating collaboration, support, shared decision making, team learning, risk taking, and problem solving. Partners commit to changing their organizations to support system improvement.

Program: Career and Technical Education

Funding Source: Carl D. Perkins Funding

Funding Amount: \$239,401 Competitive Grant ____ Yes ☒ No

☒ Restricted _____ Non-Restricted

Participating Districts:
Augusta, Bald Knob, Beebe, Bradford, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, and White County Central

Personnel:

Name	Position	Degree
Mary Roberts	CTE Coordinator	Bachelor
Marion Holleman	Assistant	Bachelor

Goal:
The goal of Career and Technical Education is to prepare students to enter the workforce or to enter into post-secondary education. It is our goal to train our teachers in the most current technology and bring that technology to our students so that we can best prepare them for the future ahead. We use our Perkins indicators as a guide to determine where to provide additional training for teachers and students.

Program Summary:
The coordinator for the Wilbur D. Mills Consortium is required to write the annual Perkins Grant and to expend the grant monies throughout the member districts. This is done through pre-approved projects in the grant. The coordinator is also responsible for handling the reports required by the program and the professional development as needed.

Major Highlights of the Year:
This year our consortia concentrated on Technical Skill Attainment and Literacy Skills. We started an intensive skill attainment program in 2012-13 school year that will be carried through the 2015-2016 school year. This project is centered on interim testing for all of our EOC tests. We also provided extensive training for MAX Teaching with our member districts. Both sets of scores have increased and we are no longer on the State Improvement Plan. We will, however, continue to work in both of the areas to maintain skill levels. We are in an improvement plan for nontraditional enrollment and nontraditional completion. We are working with the advisory council and the WIOA boards to help realign our programs to be more in line with industry needs.

Program: Consolidated Purchasing Services

Funding Source: Member Districts

Funding Amount: N/A

Participating Districts:

Augusta, Beebe, Bald Knob, Bradford, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, and White County Central

Personnel:

Name	Position	Degree
Jeff Williams	Director	MSE + Admin. Certificate
Teresa Lee	Administrative Assistant	HSD

Goal:

The goal of Consolidated Purchasing Service is to save money for member schools, to provide a convenience, and a time-saver for member districts.

Program Summary:

The WDMESC seeks bids on instructional materials (including duplicator paper) to provide member districts with savings on the materials they would have to order from other sources.

Major Highlights of the Year:

15 member districts participated in the program and placed purchase orders to the successfully bidding vendors in the amount of \$215,000.00.

Program: Director's Office Administration

Funding Source: Base Funds Competitive Grant yes X No

 Restricted X Non-Restricted

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Jacksonville North Pulaski, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Jeff Williams	Director	MSE +
Shawn Finley	Business Manager	HSD
Dana Jarrett	Assistant Bookkeeper	HSD

Program Summary:

The director has general supervisory responsibility for all cooperative programs. He is responsible to the governing board for recommendations on personnel, programs, and operations. He is specifically charged with leading the Cooperative staff to accomplish goals and to meet the program and service expectations of all funding agencies and stakeholders. He serves as a liaison for member districts to the Department for Education, the State Board of Education, the legislature, and other policy making agencies.

Both the director and business manager are bonded representatives with fiduciary responsibility for receiving and expending all funds. Because the Arkansas Public School Network (APSCN) accounting system is required of all state education agencies and because that system loosely fits such agencies as cooperatives where funding comes from many and varied sources, the bookkeeping procedures are complicated. The result is that much attention is paid to internal fiscal control. Each cooperative program coordinator is responsible for that program budget and is required to maintain a program account consistent with the APSCN coding procedures established by the central office and to work closely with the director and business manager in all fiscal decisions.

--------------	------------------------------	-----

Goal: The goal of the Early Childhood Special Education Program is to identify and serve children with disabilities, ages 3 through 5, by providing developmental special education services, speech therapy, and related services such as occupational and/or physical therapy.

Program Summary:

Through the Early Childhood Special Education Program, children who may demonstrate potential developmental delays that would adversely affect their learning are located, identified, evaluated, and, if eligible, provided special education services. The following services are available: Developmental Special Education Services, speech/language therapy, and related services in occupational therapy, and/or physical therapy.

Behavior Intervention Consultation services are provided to assure that children ages 3 through 5 in need of behavioral interventions are properly identified and receive the necessary services and supports. The consultants work with Early Childhood teachers in ABC, Pre-K, Head Start, and Day Care programs to develop behavior interventions for students who are eligible for special education services for developmental delays in the area of Social/Emotional Development.

Once a child is referred to the program, that child is screened in the areas of vision, hearing, motor, cognition, self-help, social/emotional, and communication. If the screening process identifies a potential delay, a Special Education Referral is completed to determine if evaluations may be made. When the evaluation process is completed and it is determined that a child is eligible for Special Education Services, an IEP is developed to address the deficit area(s). A review of the child's progress, educational placement, and IEP is held annually.

The Early Childhood Special Education Program works closely with ABC, Pre-K, Day Cares, and Head Start programs as well as with parents in the White, Woodruff, Prairie, and Leno counties in order to meet the individual special education needs of their children.

Major Highlights of the Year:

Through the Child Find process, the following numbers were compiled:

- 357 December 1 Child Find Count 1342
Children were screened
- 443 Children were given comprehensive evaluations

Professional Development Trainings:

2016 Transition Process; Special Education Administrators' Academy Fall 2015 Conference; ASEP Fall Conference-Pocket Full of Posies; ASPA Fall Conference for School Psychology Specialist; AR Department of Education Data Conference; RETHINK; IDEA Early Childhood Review of Regulations; Suicide Awareness; ARMAC; 2016 Annual Review Process & Procedures; ARMEA 2016 Annual Conference; ADESE: Creating Effective Standard Based IEP's; 2015 AASEA Special Education Conference; PEAK Autism Conference; Anxiety Disorder In Children; Future Horizons Conference; Bilingual Basics & SLP's; Sign Language; PECS Training; EC Outcomes; Annual Review Process; CLASS; SEAS; Incidental Teaching; eSchool; Sensory Integration: Beyond the Basics; Positive Behavioral Interventions for Students with ASD and/or ADHD; Tier I Update & Legislative Update; Understanding &

Implementing

Effective Strategies with Students with Mental Health Needs; Classroom Management, Effective Instruction, & Student Motivation; Referral to Eligibility; Side Effects! Medical Diagnosis that Impact Learning; Grammar Boot Camp, Syntactic Forms & Functions for SLP's; Executive Function Dysfunction.

Funding Source: Arkansas Department of Education

Competitive Grant Yes x No

Restricted x Non-Restricted

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Jacksonville, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, and White County Central

Name	Position	Degree
Sandra Roe	GT Specialist	Bachelor of Science in Art Ed. (Pre K-12), Endorsement in Gifted Ed (K-12), and Teaching English as a Second Language (Pre K-12), Masters in Art Ed, Curriculum Admin. (K-12), and Building Level Admin. (K-12), and National Board Certified Teacher

One of the main goals for the Gifted and Talented specialist at Wilbur D. Mills Education Service Cooperative is to provide quality educational opportunities and sessions for students. Some of the other goals of the Gifted and Talented Specialist are as follows: Assist member districts to meet the program standards for Gifted and Talented Education and Advanced Placement, provide quality resources, serve as a liaison with the Arkansas Department of Education Office of Gifted and Talented and Advanced Placement, work with parent and professional organizations including other public and private agencies, work with the district coordinators to promote gifted education through public awareness and advocacy, support coordinators in program options, and provide districts with current research, trends, and instructional strategies.

This year the GT specialist has assisted schools with onsite support of their GT programs, with the program application process, and with writing policies needed to be in compliance. We also hosted GT coordinators meetings for support and strategies to assist them in their local GT programs. In addition, we provided the following student activities: Project Fair for 4-6th grade, Elementary Quiz Bowl, 3rd-12th grade, fall and spring Chess tournaments, Youth Entrepreneur Showcase Business Plan Competition, and Technology Fair. We provided classroom presentations for Stock Market Game, planning and writing business plans, and art. The GT specialist provided workshops on differentiation, the effects of poverty, mentoring, secondary

content certification, and TESS support. Furthermore, time was spent securing andoverseeing Pre-AP trainings required for certification.

Major Highlights of the Year:

Six districts in the Wilbur D. Mills Education Service Cooperative (WDMESC) were monitored by the ADE this school year. Prior to the Technical Assistance Visit made by the ADE, the WDMESC GT Specialist provided in-district support. Each district was found to be in compliance with state standards for Gifted and Talented programs. We offered and hosted our first technology fair this year and found it to be very successful and plan to continue in the future. In addition, the GT Specialist offered and presented for the first time a workshop for students on planning and writing a business plan. This led to 2 teams placing and winning at the state level. This will also be offered to all participating districts in the future.

Program: English for Speakers of Other Languages(ESOL)

Funding Source: Arkansas Department of Education

Funding Amount: Base Funds _____ Competitive Grant____Yes x____ No
____Restricted ____x Non-Restricted

Participating Districts:
Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Jacksonville, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, and White County Central

Personnel:

Name	Position	Degree
Sandra Roe	ESOL Specialist	Bachelor of Science in Art Ed. (Pre K-12), Endorsement in Gifted Ed (K-12), and Teaching English as a Second Language (Pre K-12), Masters in Art Ed, Curriculum Admin. (K-12), and Building Level Admin. (K-12), and National Board Certified Teacher

Goals:
One of the main goals for the English for Speakers of Other Languages (ESOL) Specialist at Wilbur D. Mills Education Service Cooperative is to provide quality educational opportunities for students. Some of the other goals of the ESOL Specialist are as follows: Assist member districts to ensure compliance with the Arkansas Department of Education ESOL program guide, and the office of Civil Rights and Department of Justice obligations, provide quality resources, serve as a liaison with the Arkansas Department of Education Office Division of Learning Services (ESOL), work with parent and professional organizations including other public and private agencies, work with the district coordinators to promote public awareness and advocacy, support coordinators in program options, and provide districts with current research, trends, and instructional strategies appropriate for varying levels of English Language Learners (ELL).

Program Summary:
This year was the first year for WDMESC to provide an ESOL Specialist to assist schools with support of their ESOL programs. There were quarterly coordinators’ meetings held at WDMESC. These meetings were also available via Zoom for those districts unable to attend. These meetings were used to support districts in the new handbook published by the ADE, host webinars with the ADE, and to share strategies and opportunities available to assist them in their local programs. The WDMESC Specialist attended several professional development opportunities this year. With that in mind, WDMESC plans to offer sessions in the future for coordinators, teachers, and paraprofessionals around strategies and best practice for our English Language Learners.

Major Highlights of the Year:

The ESOL Coordinator participated in a blended learning experience concerning Sheltered Instruction Observation Protocol with Bald Knob Public Schools. This course was very challenging and working with the Bald Knob staff allowed for great collaborative conversations. The ESOL Coordinator also attended the sheltered instruction presentation by Paula Johnson at the AEA conference. WDMESC has seen an increase in the number of districts participating in PLC's (Professional Learning Communities) meetings. This is partially due to having an assigned person working with each PLC on a regular basis. New requirements received from ADE has also been a factor. Because of the increase of correspondence with districts, we have seen an increase in the rapport among ESOL Coordinators from district to district as well as the cooperative increased relationship with district coordinators has brought growth increase in the levels of support in specific areas such as handbooks, highly effective instructional strategies, and development and implementation of program options.

Program: HIPPY (Home Instruction Program for Preschool Youngsters)**Funding Source:** Arkansas Better Chance**Funding Amount:** \$ 1,384,250

Competitive Grant ___ Yes X ___ No

___X___ Restricted ___ Non-Restricted

Participating Districts:

Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Name	Position	Degree
Kelley Smith	Program Coordinator	MSE
Rhonda Betzner	Field Coordinator	MSE
Ginger Bridges	Field Coordinator	BSE
Sherry Evans	Field Coordinator	BSE
Colleen Jobe	Field Coordinator	MSE
Debbi Fletcher	Secretary	HSD
Wendy Spann	Intake Coordinator	BS
Dana Jarrett	Bookkeeper	Some College

Goal:

The goal of the Wilbur D. Mills Education Service Cooperative HIPPY Program is to reach families in their familiar surroundings, empower parents in the educational role as their child's first teacher, assist the caregivers in better preparing their children for success in school, and serve as a liaison between the home and the public schools.

Program Summary:

The WDMESC HIPPY Program served 878 students, ages 3, 4, and 5, within the fourteen (14) school districts during the 2015-16 program year. The staff of the WDMESC HIPPY Program and the staff of thirty-two (32) home-based educators from the school districts administered the Brigance Developmental Screening to each child three times a year and role-played HIPPY curriculum each week to the caregiver. The staff also assisted each family in acquiring the documentation necessary for the child to successfully transition into school. This documentation included information such as birth certificate, social security cards, immunization records, and current well child check-ups. The staff also entered each family and child into the ABC data system, COPA, which tracks family information and weekly home visits. Monthly group meetings were held for HIPPY children and families in each school district. Weekly staff trainings led by the field coordinators were held at 5 HIPPY sites to provide home-based educators the skills to effectively instruct and support parents.

Major Highlights of the Year:

The WDMESC HIPPY Program had a successful audit with the AR Division of Child Care and Early Childhood Education with complimentary findings. Arkansas HIPPY audited each field office, also with

complimentary results. Wilbur Mills HIPPY was awarded the HIPPY Certificate of Accreditation from HIPPY USA. This is a quality assurance standard accreditation through the HIPPY Excellence Program. It is the highest award available.

Program: Literacy

Funding Source: Arkansas Department of Education
Learning Services Division, K-12 Literacy Unit

Funding Amount: \$173,000 Competitive Grant ☐ Yes ☒ No

☒ Restricted ☐ Non-Restricted

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Name	Position	Degree
Tiffany Henderson	Literacy K-12	Early Childhood, BSE; Curriculum Program Administrator; Reading Specialist P-12; Educational Leadership P-8.
Greg Moore	Literacy/Science	Bachelor in Education

Goals:

1. To assist all participating education institutions in meeting the goals and standards established by the Arkansas Department of Education and the Common Core State Standards.
2. Collaborate with and/or provide technical assistance to District Leadership Teams, giving priority to districts in School Improvement in the form of:
 - a. Supporting the School Improvement Process
 - b. Analyzing data (Student Achievement, Perceptual, and Demographic)
 - c. Planning for and providing Professional Development
 - d. Monitoring and Planning for Core instruction
 - e. Providing Instructional coaching and/or assisting District Instructional coaches
 - f. Supporting and/or Monitoring District RtI (Response to Intervention) Plan
 - g. Using CWT (Classroom Walk Through) or District Observation Protocols
 - h. Collecting and Analyzing data from CWTs with District Leadership Teams
 - i. Identifying, Implementing, Monitoring, and Reflecting on the District's plan of action
 - j. Provide support for districts in their efforts to close the achievement gap
 - k. Celebrating Success
3. Continue to collaborate with the Arkansas Department of Education during Unit meetings and other opportunities as they arise.
4. Continue to collaborate with the Harding Center for Math and Science Education STEM personnel.
5. Providing training and ongoing support in RtI (Response to Intervention) to administrators, Instructional coaches, and teachers.

6. Provide dyslexia training and support to schools in cooperation with the Arkansas Department of Education in accordance to Arkansas law.
7. Provide quality professional development and ongoing support in the Literacy Design Collaborative (LDC).
8. Provide quality professional development and ongoing support in Comprehensive Literacy to all K-12 teachers, Instructional coaches, and administrators as they implement the Common Core State Standards.
9. Provide quality professional development and ongoing support in Instructional coaching to all Instructional coaches.
10. Provide professional development in SIM CER (Strategic Instruction Model Content Enhancement Routines) to teachers, Instructional coaches, special education teachers, and administrators.
11. Provide quality professional development in best practices and research based strategies to all teachers, Instructional coaches, and administrators as they implement the Common Core State Standards.
12. Provide quality professional development in Disciplinary Literacy to all content-area teachers, Instructional coaches, and administrators as they implement their respective content standards.
13. Provide TESS (Teacher Excellence and Support System) support to administrators, Instructional coaches, and teachers.

Professional Development Program Summary:

1. Comprehensive Literacy is a professional development program designed for teachers and Instructional coaches in the English Language Arts. Modules are differentiated by grade-level bands and includes grades K-1; 2-3; 4-5; and 6-12.
2. Disciplinary Literacy is a professional development program designed for Science and Social Studies teachers in grades 4-8 and 9-12 to integrate specific, research-based literacy strategies aligned to the Common Core State Standards for science and social studies.
3. K-12 Instructional coaching is professional development designed to support Instructional coaches in Arkansas schools through embedded professional learning.
4. The Literacy Design Collaborative (LDC) is a professional development in partnership with the Arkansas Department of Education (ADE). It is in support of the Common Core State Standards. Content teachers and English Language Arts teachers collaborate to plan, develop, and implement units (modules) designed to support literacy across the curriculum.
5. Strategic Instruction Model Content Enhancement Routines (SIM CER) is a professional development for regular education teachers, special education teachers, and ELL (English Language Learners) teachers and is designed to enhance content through the use of various instructional routines (strategies).

Major Highlights of the 2015-2016 School Year:

- The Literacy Department received training in the following areas:
- Literacy Design Collaborative (LDC)
- ACT Aspire Assessment
- Dyslexia
- Level II Assessments
- Word Study/Vocabulary
- Disciplinary Literacy
- Informational reading and writing
- Narrative reading and writing
- Response to Intervention (RtI)

- Literacy Research
- Instructional coaching
- Adult learning theory
- Curriculum alignment
- Phonics
- Comprehensive Literacy
- Overview of the Arkansas standards in History
- Overview of the Arkansas standards in Computer science
- Copyright law
- Technology
- Suicide awareness and prevention
- Conducting and leading a professional book study
- Differentiation
- TESS (Teacher Excellence and Support System)
- Argument Writing
- Student GPS Dashboards

The Literacy Specialists met regularly with the Arkansas Department of Education and other education service cooperative specialists during Unit meetings. Literacy Unit Meetings are scheduled for all state literacy specialists to convene as a professional learning community. The purpose of this time together is to collaborate and brainstorm, share ideas and successes, and receive professional development that is data-driven to impact student achievement. Training of trainers in Comprehensive Literacy, Dyslexia, Assessments, Disciplinary Literacy, LDC (Literacy Design Collaborative), and other state level trainings have taken place over the past year.

From June 2015 through May 2016, the Literacy Department provided 286 hours of professional development at the co-op and on-site at various districts.

The Literacy Department supported schools in a variety of ways, including:

- On-site professional development
- Demonstration lessons with students
- Dyslexia training and support
- RtI (Response to Intervention) support
- Instructional coaching and support
- Monthly Literacy Leaders Meetings
- Team Meetings/Professional Learning Communities
- Data Analysis
- Classroom Instruction Observations and Feedback
- District Leadership Team Meetings for School Improvement
- Lesson Planning
- Curriculum alignment
- ACT Aspire training
- SIM CER (Strategic Instruction Model Content Enhancement Routines) training and support
- LDC (Literacy Design Collaborative) training and support
- Level II Assessment training and support
- DIBELS training and support

- DRA training and support
- DSA training and support
- Literacy strategies for the content (Science, Social Studies, CTE)

Literacy Future Plans

Professional development and on-site classroom support will continue. This will include targeted professional development, demonstration lessons with students, and other support as requested by the district or classroom teacher. A major focus will include dyslexia training and support as well as the Common Core State Standards. Support for RtI (Response to Intervention) will continue throughout the upcoming school year. Literacy specialists will also coordinate with School Improvement Advisors to analyze data and formulate a future plan of action.

Additionally, Literacy specialists will serve on ADE Core teams to develop future professional development offerings to Arkansas teachers statewide. Literacy specialists will also work with content-area teachers to assist them as they incorporate reading and writing into their classroom instruction. SIM CER professional development will expand to include more schools throughout the service area. Professional development offerings utilizing online/blended learning are tentatively scheduled for Fall 2016, for the purposes of sustaining the work conducted through the summer and allowing for real-time, job-embedded professional learning and support.

Summer 2016 professional development offerings are listed below, and are **not** reflective of on-site professional development at specific schools.

Summer 2016 professional development offerings

June 2	Literacy Design Collaborative, Day 1
June 3	Literacy Design Collaborative, Day 2
June 13	Word Study and Vocabulary Instruction
June 23	Disciplinary Literacy in History
June 27	K-1 Phonemic Awareness and Phonics
June 28	Grades 2-3 Phonics and Word Study
June 29	Grades 4-5 Phonics and Word Study
June 29	Differentiation at the Middle and High School levels
June 30	Multisensory Interventions
July 6	K-1 Shared Reading and Small Group Reading
July 7	Formative Assessment
July 7	Grades 2-3 Reading Workshop
July 8	Grades 4-5 Reading Workshop
July 11	K-4 Institute, Day 1
July 12	K-4 Institute, Day 2
July 13	K-4 Institute, Day 3
July 13	Reading and Writing Narrative Text, Day 1
July 14	Reading and Writing Narrative Text, Day 2
July 14	Six-Traits Writing
July 18	K-1 Writing Instruction
July 19	Grades 2-3 Writing Instruction
July 19	Reading and Writing Informational Text, Day 1
July 20	Grades 4-5 Writing Instruction
July 20	Reading and Writing Informational Text, Day 2
July 21	K-12 Screeners/DIBELS refresher

July 25	Disciplinary Literacy in Science
August 1	Dyslexia refresher
August 4	Strategic Instruction Model (SIM) Overview: Content Enhancement Routines (CER)

Program: ESVI

Funding Source: Arkansas Department of Education

Funding Amount: Competitive Grant ___ Yes ☒ No

☒ Restricted ☐ Non-Restricted

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Name	Position	Degree
Diane Quick	ESVI Consultant	MSE Special Education pre-K-12, MSE Vision Specialist Pre-K-12, BSE Elementary K-6, BSE Early Childhood, Certified Orientation and Mobility Specialist

Goal: To provide consultation, direct support services for students who are blind or visually impaired. Services are available to the students, teachers, administrators, staff, and parents to enable the student to be successful in the classroom.

Program Summary: Assessment and Evaluation

1. Conduct Learning Media Assessments as required by law, Functional Vision Assessments, Braille Assessments, Orientation and Mobility (O&M) evaluations, Cortical Vision Impairment Assessments, and participate in team assessments for students with moderate to severe cognitive disabilities.
2. Provide assessment information on the needs and strengths of the student and an estimate of the length and frequency of service necessary to meet identified needs.
3. Interpret eye medical reports for district staff, parents and centers as to how the eye conditions relate to educational environments.
4. Contribute to the development of the IEP with information related to goals, modifications, adaptations, and learning styles.
5. Recommend appropriate specialized evaluations as needed, such as low vision, orientation and mobility and adaptive technology.
6. Consult with diagnosticians, OT's, PT's, SLP's, classroom teachers, students, and parents concerning appropriate evaluations, modifications, and adaptations.
7. Provide referral procedures to appropriate personnel.
8. Provide consultation and support services to parents, regular and special education teachers, other school personnel and students' sighted peers.

9. Confer with parents, classroom teachers, physical education teachers, physical therapists, and other school personnel to assist in home and classroom modifications to ensure reinforcement of appropriate O&M skills that will encourage the visually impaired student to travel independently in these settings.
10. Work with the district Certified Teacher of Visually Impaired, if one is available, to conduct the Functional Vision Assessment as it relates to independent travel.
11. Consult with school personnel concerning the student's progress.

Appropriate Learning Environment

1. Assist in determining classroom equipment and materials necessary for the student with visual impairments (braillewriter, low vision devices, necessary room modifications and lighting modifications)
2. Assist in determining technology needs and appropriate devices that will enable students with visual impairments be successful with the school curriculum
3. Provide the classroom teacher with information regarding the specialized strategies needed for students with visual impairments to access the general curriculum and to participate in the school community
4. Consult with school personnel to provide information to incorporate the expanded core curriculum (for example: social interaction skills, independent living skills, recreation and leisure skills, and self-determination) into the entire instructional setting
5. Provide information and resources for modified materials
6. Review, evaluate and monitor all media requests for Braille textbooks, large print textbooks and tactual symbols as appropriate for each child
7. Recommend appropriate media based on results of the Learning Media Assessment and Function Vision Assessment

Direct Orientation and Mobility Instruction

O&M includes teaching the student who is blind or visually impaired the systematic techniques that will enable them to travel safely and efficiently on their school campuses, in their homes and in their communities. This includes instruction in the following areas

- Gross motor skills
- Concept development
- Visual efficiency skills (with and without low vision devices)
- Pre-cane skills
- Cane skills
- Map skills
- Outdoor Travel Skills
- Residential
- Semi-business
- Business

Support Services

- Maintain lending library of educational materials for distribution and loan to school districts
- Provide materials and equipment for demonstration and hands on use by students in order to evaluate their effectiveness before consideration of purchase by school district
- Provide information and resources in the areas of:

- Braille reading and writing
- Low vision devices
- Abacus
- Typing/keyboarding
- Adaptive devices (e.g., computers, note takers, digital recorders, video magnification systems)
- Listening skills
- Visual efficiency
- Concept development
- Daily living/self-help skills
- Career readiness
- Leisure and recreation skills
- Social skills
- Organizational and study skills
- Self-advocacy
- Provide assistance to students with visual impairments in understanding their attitudes and those of others concerning their visual impairment
- Promote social integration and interaction with peers
- Provide training and support to parents of students with visual impairments to enhance their children's independence
- Provide the teachers, staff, and family of students with visual impairment with information regarding their individual needs, methodology, and strategies
- Provide in-service training to regular and special education personnel, administrative personnel, sighted peers, and parents concerning the O&M needs of the student and appropriate methods for interacting with the VI student so as to foster maximum independence and safety
- Provide in-service training to regular and special education personnel, administrative personnel, sighted peers, and parents regarding low vision and blindness and its impact on the student
- Participate with other school personnel and agencies to secure job-related experiences for students
- Participate in transition planning
- Provide assistance to the students with visual impairments in understanding their attitudes and those of others concerning their visual impairments
- Emphasize social integration with peers and provide opportunities for interaction

Major Highlights of the Year:

- Conducted 38 Learning Media, Functional Vision, Orientation and Mobility Assessments
- Consulted with teachers, staff, and parents 243 times
- Conducted 36 Orientation and Mobility Lessons

___X Restricted _____Non-Restricted

Augusta, Beebe, Bald Knob, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, North Pulaski, Pangburn, Riverview, Rose Bud, Searcy, and White County Central

Name	Position	Degree
Pam Allen	Instructional Specialist (Mathematics)	MSE

- Support and base decisions on the standards set forth by and outlined in the Arkansas Mathematics Frameworks
- Collaborate with and/or provide technical assistance to District Leadership Teams, giving priority to districts in School Improvement
- Collaborate with the Arkansas Department of Education during Unit meetings, Regional meetings, and other opportunities as they arise
- Collaborate with the Harding Center for Math and Science Education STEM personnel in preparing professional development and supporting WDMESC districts
- Support, empower, and build capacity with District Leaders and Instructional Facilitators
- Provide quality professional development in Mathematics to teachers, Instructional Facilitators, and Administrators as they transition to the Arkansas Mathematics Frameworks
- Pursue Leadership Training in Cognitively Guided Instruction (TOT) through the Arkansas Department of Education
- Promote Arkansas IDEAS and Arkansas iTunesU to District Leaders, Instructional Facilitators, teachers, and other support staff throughout the Wilbur D. Mills Education Service Cooperative

Wilbur D. Mills Education Service Cooperative, in partnership with the Arkansas Department of Education, administers the Mathematics' Program for grades K-12, established by Act 1392 of 1999 for the improvement of mathematics' instruction throughout Arkansas. Assistance is provided to schools through professional learning programs, demonstration lessons, teacher observations, technical assistance, and teacher/administrator conferences in order to improve the teaching and learning of Mathematics through increased content understanding and improved instructional strategies across the curriculum. Professional learning opportunities

offered in 2015-2016 included:

- **Cognitively Guided Instruction (CGI):** This statewide initiative utilizes a research-based framework designed around how elementary school children learn concepts of number, operations, and early Algebra. The goal of this training is for teachers to learn how to utilize this framework to inform their mathematics instruction. Teachers learn to analyze and write mathematically demanding story problems and equations in order to assess and further students' understanding of concepts and skills. Attention is also focused on how to recognize student responses in terms of cognitive development, facilitate discussions that will provide a window into children's thinking, strengthen children's ability to reason about arithmetic, and build students' capacity for algebraic reasoning. The Instructional Specialist is currently leading and/or hosting 8 CGI Years 1, 2, or 3 with a maximum of 30 participants per session.
- **Arkansas Math Standards** is a continually evolving professional development being designed to help districts understand the standards and how they will impact mathematical teaching and learning in the classroom for both teachers and students.
- **Math Coaches' Training:** The focus of this training for math coaches/instructional facilitators/specialists consists of both content and pedagogy for mathematics education. Emphasis is placed on the Arkansas Math Standards, instructional strategies, utilizing manipulatives in order to build conceptual understanding, and authentic assessments. An underlying theme for the 2015-16 school year has been Response to Intervention. Training and support has also focused on ACT Aspire and corresponding resources, using Google apps in instruction, and the new Computer Science Frameworks.
- **CGI Leadership Institutes (Cohort A and B):** The Instructional Specialist has recently completed the CGI Leadership Institute and is an ADE-Endorsed CGI Trainer for Year 1, 2, and 3 and is responsible for all logistics and management of the budget and funds for both cohorts of trainers. There are currently 57 participants from around the state involved in these cohorts. Cohort A is currently able to train CGI years 1, 2 and 3. Cohort B is able to train CGI years 1 and 2.
- **Content Specific PD** has included Number Talks, Fact Fluency, Area, Surface Area, and Volume, and Geometry

Major Highlights of the Year:

The Mathematics Department has assisted schools in a variety of ways including:

- Implementation of the Arkansas Math Standards
- Cognitively Guided Instruction
- Instructional Facilitator Support
- Team Meetings/Professional Learning Communities Support
- Classroom Observations
- Support for district Leadership Teams
- Lesson Planning Support/Demonstration Lessons
- ACSIP Planning
- Data Analysis of summative and formative assessments

The Instructional Specialist coordinated a Mini-Conference at the Arkansas Curriculum Conference in November 2015. One hundred teachers across the state registered for this mini-conference. The focus was Cognitively Guided Instruction. There were 16 sessions and a luncheon. Luncheon speaker was researcher and author Dr. Linda Levi.

The Instructional Specialist served on the Standards Revision Committee for the Arkansas Department of Education for the initial committee meetings in October and for the final revision committee meeting in March.

The Instructional Specialist served as a volunteer at the First Robotics Competition held in Little Rock in March 2015 and at the WDMESC Chess Tournament in April 2016 where approximately 250 students attended.

Professional Development Received This Year:

Math Unit meetings are organized so that K-12 Mathematics Specialists from all cooperatives and STEM centers convene on a regular basis as a professional learning community.

Mathematics specialists receive professional development that is current, research based, and data driven. The meetings also provide time for mathematics specialists to set goals, create and organize statewide PD, and assess impact on existing programs.

Additional Training Included:

- CGI Leadership Institute (TOT for Years 1, 2, and 3)
- Technology – using and implementing technology in PD (Blended learning)(ZOOM, Moodle, Google)
- Dyslexia
- RTI
- Suicide Awareness
- Arkansas Math Standards
- Arkansas Science Standards
- Arkansas Computer Science Standards
- Growth vs. Fixed Mindset

Statistics:

- Provided over 400 hours of Professional Development.
- Almost 1400 participants from around the state and within the WDMESC area have participated in PD delivered by the Instructional Specialist.
- Over 100 classrooms have been visited during the 2015-16 school year.

Program: Media

Funding source: Base

Funding Amount: \$23,300 **Competitive Grant** _ Yes X No

_____ Restricted ____x Non-Restricted

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White Co. Central

Personnel:

Name	Position	Degree
Leasha Hayes	Teacher Center Coordinator	M.Ed. Admin.
Angela Price	Teacher Center Assistant	HSD
Deborah Fletcher	Media Clerk	HSD
Robbie Finch	Media Van Driver	HSD

Goal:

To improve student achievement by providing appropriate instructional materials and prompt friendly service to all educators in the cooperative area.

Program Summary:

Provide professional development programs including videos, facilitator guides, training materials, audio tapes, books, instructional packets, and other printed materials to use for staff development. Provide educational videos and Big Books for Teachers.

The STEM Center kits from Harding University are available for check out to teachers in our cooperative districts.

Ellison Die cutting and laminating services are provided for teachers. The media van makes weekly deliveries to all 62 school buildings in the WDMESC area.

The Media Center has an online check-out system. Teachers, administrators and school staff will be able to view the catalog online, check out, and reserve materials in advance through the website. The media van will deliver to, and pick up from, the schools the materials provided by the media center.

Program: Medicaid Services

Funding source: Assigned Districts

Participating Districts:

Riverview, White County Central, Sunshine School (Searcy), WDMESC Early Childhood

Personnel:

Name	Position	Degree
Carla Barnwell	Medicaid Clerk	N/A

Goal:

The goal of the WDMESC Medicaid Services program is to provide timely filings of Medicaid eligible claims for reimbursement on services rendered by our member school districts in hearing, vision, child health services, early and period screening, diagnosis and treatment, speech, physical and occupational therapy.

Program Summary:

The Medicaid program is a state operated program to provide reimbursement for services for low income and the medically needy. In the case of school districts, the program affects children who are being serviced through the school districts for hearing or vision, EPSFDT screening, diagnosis and treatment, speech, physical or occupational therapy services and who have met all requirements to be eligible for the Medicaid Program. The school districts submit to the co-op records, which consist of the completed IEP, physician referral, reports, history, and evaluations for each eligible student. After all files are received, the co-op sends a prescription to the child's primary care physician for his/her signature. This prescription is then put in the child's folder.

The co-op then submits each claim electronically to EDS for payment by the AR Medicaid Program. The co-op sends each participating school districts' reimbursement to the district when received. At the end of each quarter the school district is invoiced for 10% administrative fees to cover administrative expenses. The remaining 90% is deposited into a federal account by each school district and spent within one year on Special Education Services.

Major Highlights of the Year:

The WDMESC served 4 schools this year. The program was successful in getting Medicaid funds for our districts.

Program: Arkansas Novice Teacher Mentoring System

Funding Source: Arkansas Department of Education

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central, Jacksonville

Personnel:

Name	Position	Degree
Sandy Roe	WDMESC Specialist	Masters + 30
Nanette Nichols	WDMESC Specialist	Masters + 30

Goal:

- Become familiar with the Framework for Teaching (FfT)
- Become familiar with the relationship between Novice Teacher Mentoring System and TESS (Teacher Effectiveness Support System)
- Use the Novice Teacher Mentoring System Orientation Guide
- Know and be able to implement mentor responsibilities
- Navigate a mentoring module
- Identify effective coaching techniques for use in the mentoring process

Program Summary:

The GT Specialist and Science Specialist provided professional development for new Novice Teacher Mentors and support for previously trained mentors during the 2015-2016 school year. During this time, both mentors and their project directors were kept informed of pertinent changes to the system and provided support as needed for BloomBoard. Those who previously attended the professional development (2015-2016) for Novice Teacher Mentors will be required to watch a video prepared by the Arkansas Department of Education that will provide updated information on the changes that are taking place for the 2016-17 school year. This training will provide mentors with the information and knowledge needed to mentor a novice teacher during the ensuing school year.

New mentor training will provide mentors with an understanding of the elements of the new mentoring process and how to utilize BloomBoard for information gathering and reporting. The goal of mentoring is to provide continuous professional growth for the novice teacher. Mentors assist the novice teacher in the implementation of the goals in the Professional Growth Plan, (which is developed by the novice teacher and his or her administrator), the identification and celebration of strength areas, procurement of resources (both human and material), and identification of professional development opportunities. The cooperative will continue to support participating districts in creating and sustaining a successful mentoring program for new teachers in the profession.

Major Highlights of the Year:

Novice Teacher Mentoring Professional Development Session – August 3, 2015

Program: School Health Services

Funding source: Arkansas Master Tobacco Settlement

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Jacksonville, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, and White County Central

Personnel:

Name	Position	Degree
Becky Lamb, RN	WDMESC Community Health Nurse Specialist	Associate Degree Nursing; BSE Health Education; Certificate in Public Health

Goal:

Provide schools with assistance and resources that will improve student health.

Program Summary:

- **Provide technical assistance to area schools to:**
 - Adopt tobacco-free policies and implement best practices for tobacco prevention and cessation.
 - Adopt policies promoting and implementing best practices for nutrition, physical activity, Coordinated School Health, and emerging public health issues.
 - Establish school wellness committees and fulfill state and federal mandates.
 - Inform communities of school health issues and current public health policy.
- **Provide education and training to:**
 - Certify school nurses to conduct mandated health screenings.
 - Provide school nurses with professional continued nursing education related to school health.
 - Inform schools and communities of school health resources, available trainings, and grant opportunities.
 - Identify needed school health related training for school personnel.
 - Coordinate and provide school health trainings to school personnel and community members.

Major Highlights of the Year:

- Provided seasonal flu vaccinations: 13 school districts on 22 campuses; 1 daycare; 1 Head Start; 1 business; and 1 county mass flu clinic.
- Attended School Wellness Committee Meetings at Cabot School District
- Glucagon Administration Training for 2 school nurses
- 41 trained in CPR and 47 trained in First Aid
- Hearing, Vision, Training for 8 school nurses

- Scoliosis training for 34 school nurses
- BMI Training was held at the New School Nurse Workshop and 8 additional school nurses were trained at the co-op
- Back-to-School Nurse Workshop for 25 school nurses
- Personal Care Training for 21 participants
- Paraprofessional Training for 4 school nurses
- Paraprofessional Training for 28 participants
- Handwashing presentation for Rose Bud Head Start parents
- School Wellness Workshop for 16 participants
- Shaken Baby Syndrome Presentations for 55 Beebe High School Students

Program: Science Instruction Specialist

Funding Source: Arkansas Department of Education

Funding Amount: \$86,500 Competitive Grant ☐ Yes ☒ No

☒ Restricted ☐ Non-Restricted

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White Co. Central, Jacksonville

Personnel:

Name	Position	Degree
Nanette Nichols	Science Instruction Specialist	Masters in Secondary Education + 30 NBCT EA Science

Goal:

The goals of the WDMESC Science Instructional Specialist Program are as follows:

1. to assist all participating education institutions in meeting the goals and state standards
2. to assist all participating education institutions in the implementation of the New Arkansas Science Standards
3. to enrich the curriculum base content knowledge and teaching strategies of science teachers
4. to assist in the school improvement process
5. to collaborate with cooperative colleagues and STEM center specialists

Program Summary:

The 2015-2016 program focused on several areas: continued training for the Specialist in TESS; relationship building with cooperative schools, professional development for teachers, academic coaches and principals, school support, regular attendance of meetings with ADE and other specialists, collaborative work with state science specialists to develop professional training related to the new Science Standards, and collaboration with cooperative and STEM Center specialists. The Specialist will continue to be involved, at a local level, with the Mathematic Design Collaborative (MDC) and continue to keep abreast of state developments regarding Arkansas's new Science Standards. The Specialist served on both the 9-12 committee for the new Science Standards and the Disciplinary Literacy Standards Committee during the past year. The Specialist will serve on the Disciplinary Literacy Committee during the 2016-2017 school year. The Specialist has completed the apprenticeship in PLT (Project Learning Tree) and will offer training during the ensuing year. The Specialist also collaborated with Northcentral ESC to create a Moodle course for principals on TESS Coaching and continues to work collaboratively with the science specialist at Crowley's Ridge to develop leadership sessions based on the New Arkansas Science Standards.

Specialist Training: CWT (Classroom Walkthrough) TOT, Student Centered Coaching, Teachscape HYS (High Yield Strategies) TOT, PBSS (Positive Behavior Support System), PLT (Project Learning Tree)

TOT, SIM, Novice Teacher Mentoring, Disciplinary Literacy, Moodle, Common Core, TESS, TESS Coaching, MDC, Picture Book Science, New Arkansas Science Standards, Picture Perfect Science, BloomBoard

Cooperative Schools: Contact was made with every school district in the Wilbur D. Mills Cooperative area to inform them of the professional learning opportunities, teacher training, and support that can be provided by the Science Specialist.

Professional Development and Support: On-site support was provided for cooperative teachers and administrators in the areas of science/literacy investigations, Novice Teacher Mentoring, Science Notebooking, High Yield Strategies, Picture Perfect Science, Equine Assisted Learning, Capacity Building, TESS, PLT, New Arkansas Science Standards, and CWT. The Specialist is working cooperatively with local teachers to fulfill requirements needed to become a trainer in SIM organizers. Other professional development provided included assisting teachers in developing lessons that incorporate both science and literacy, helping teachers with technology, supporting NBCT candidates, High Yield Strategies for Content Areas, curriculum alignment to new standards, and Non-Traditional Teacher Licensure.

STEM Center Collaboration: The Science Specialist collaborated with STEM Center Specialists (Harding and UALR) to provide training in PLT, Picture Book Science, MDC, new Science Standards, and support for the First Robotics Competition in Little Rock, AR.

Major Highlights of the Year:

Presented at ACC in November, 2015 (LR, AR) Science Leadership

Meetings K-12

Collaborative assistance to STEM Science Specialist during First Robotics Competition and to STEM Math Specialist in MDC

Presenting for Non-Traditional Licensure Program

Assisting Literacy Specialist in 4-8 Disciplinary Literacy Presentation Science/Literacy

Investigations in collaboration with the Content Specialist Support for Elementary Teachers with Picture Book Science

Support for Secondary Teachers in Unit Development and Classroom Strategies Provided

support for area Principals and Teacher leaders regarding TESS

Served on 9-12 Science Standards Committee and Disciplinary Literacy Standards Committee

Program: LEA Special Education Supervisor**Funding Source:** Assigned Districts**Funding Amount:** \$40,675 Competitive Grant ☐ Yes ☒ No☒ Restricted ☐ Non-Restricted**Participating Districts:**

Augusta, Hazen, McCrory

Personnel:

Name	Position	Degree
Jimmy Dunn	Special Education Supervisor	MSE

Goal:

To supervise, plan, and maintain compliance of the special education services for the districts assigned.

Program Summary:

Special Education Supervisor provides services to cooperating districts in all areas relating to special education. Services to regular education include: advisory assistance to regular classroom teachers, suggestions for modifications and/or accommodations of regular classes for students with disabilities, and professional development. Services to special education include: conducting due process/parent conferences, technical assistance in due process, testing services, instructional assistance with programs for students with disabilities including materials and methods selection and professional development. Services to district administrators include: budget preparation, amendments and reports, development of new programs, assistance with technical issues in due process, interagency resources advisement, preparation for ADE monitoring, and various types of professional development training.

Major Highlights of the Year:

All districts maintained the necessary programs and procedures to ensure the special education needs of students are being met. Procedures for Child Find are also in place and in compliance. Compliance in all areas of special education has been accomplished. There were no special education complaints or due process hearing filed against the districts.

Program: LEA Special Education Supervisor**Funding Source:** Assigned Districts**Funding Amount:** \$44,567 Competitive Grant ☐ Yes ☒ No☒ Restricted ☐ Non-Restricted**Participating Districts:**

Bradford, Pangburn, Rose Bud, White County Central

Services to district administrators include: budget preparation, amendments and reports, development of new programs, assistance with technical issues in due process, interagency resources advisement, preparation for ADE monitoring, and various types of professional development training.

Major Highlights of the Year:
All compliance areas have been met. Budgets and other reports have been submitted in a timely fashion. The district has the necessary programs and procedures in place to ensure the special education needs of students are being met. Procedures for Child Find are also in place to ensure that compliance is met there as well.

Program: Teacher Center-Professional Development; Curriculum Development Assistance; Resources

Funding Source: Participating Districts

Funding Amount: \$209,263 Competitive Grant ☐ Yes ☒ No

☐ Restricted ☒ Non-Restricted

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Jacksonville North
Pulaski, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Name	Position	Degree
Leasha Hayes	Teacher Center Coordinator/Assistant Director	BA-ASU Jonesboro, M. Ed. Admin.-Harding University
Terri Lee	Administrative Assistant	HSD

Goal:

- To align professional development services with district and school needs to build capacity of all adult learners in order to provide a world class education system which graduates students who are college and career ready
- To provide adult learners with content knowledge and research-based instructional strategies to assist students in meeting rigorous academic standards and prepare adult learners to use various types of assessment results appropriately
- To improve the learning of all students by providing resources to support adult learning and collaboration
- To provide curriculum development assistance as schools transition from frameworks to Arkansas Curriculum Frameworks
- To support school improvement initiatives generated by the ADE and enhance program integration through effective communication and technical support

Program Summary:

Professional Development opportunities target the focus areas as outlined by the ADE, and PD sessions are offered to meet the requirements of law regarding the required PD, as well meeting the needs of schools based upon needs assessment survey results, SAI data, and Focus Walk data from the 17 districts served. The Teacher Center Committee uses the data sets from the districts to plan PD to meet the major needs of the districts. The Director, Teacher Center Coordinator, Specialists and Technologists meet with constituent groups regularly. From those meetings, information is collected to assist in designing

professional growth opportunities for the leaders and teachers in our region.

Major Highlights of the Year:

Capacity Building Through: CGI Leadership Training; Instructional Facilitation Training; Math Leader, Literacy Leader and Science Leader PLC Meetings/Trainings; Building Leader, Curriculum Leader, and District Leader PLCs; ACSIP/Federal Coordinator PLCs; Dyslexia Intervention Support Services; Positive Behavior Development Training, RtI system understanding and development training; Strategic Instruction Model (SIM) Training; School Board Member Training

Program: Technology

Funding source: State

Funding Amount: \$75,000

Competitive Grant ☒ Yes ☐ No

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Personnel:

Name	Position	Degree
Jonathan Miller	Technology Coordinator	B.S. in Computer Science

Goal:

To provide quality technology support for the cooperative and for the member school districts.

Program Summary:

- Supporting districts in their efforts to provide technology for teaching and learning
- Coordinating with districts and schools to promote ADE sponsored programs, grants, and projects
- Providing quality professional development for school staff and technology coordinators
- Providing ongoing support to the cooperative: hardware/software/network maintenance and training
- Adding growth and providing upkeep to desktop/mobile labs
- Maintaining email system and co-op website
- Participating with instruction of teacher workshops
- Continuing to Develop/Maintain/Implement co-op Technology Plan
- Maintain/upkeep Co-op Continuity of Operation Plan
- Hosting meetings with the member district technology coordinators every other month
- Aiding with technology planning and assistance to the cooperative and member school districts
- Meeting with member district technologist and testing coordinators in preparation for ACT ASPIRE readiness and ACT ASPIRE online field tests
- Fulfilling other ADE mandates as assigned
- Helping file Erate for co-op and helping member districts with Erate filing
- Continuing to relay information on behalf of ADE to Member district Technology Coordinators as instructed by ADE
- Investigating new technologies that might be beneficial for the educational process.

Program: Technology

Funding source: District

Funding Amount: \$75,000

Competitive Grant ☒ Yes ☐ No

☒ Restricted ☐ Non-Restricted

Kyle Cross	Technologist, Riverview	HSD
Shayne Wallis	Technologist, White Co. Central	BSE
Brian Chester	Technologist, Bradford, Rose Bud, Pangburn	BSE

Goal:

To provide quality technology support for the participating school districts.

Program Summary:

Support districts in their efforts to provide technology for teaching and learning Provide support to increase access to ADE sponsored Programs, Features and Grants Provide quality professional development

Provide ongoing support to the district: hardware/software/network maintenance and training Add growth and provide upkeep to desktop/mobile labs and other school 1:1 initiatives Maintain email system and district websites

Develop/maintain/implement District Technology Plan Develop/maintain Continuity of Operations Plan for member districts File Erate for member district

Investigate new technologies that might be beneficial for the educational process.

Program: K-12 Behavior Support Specialist

Personnel: Sherry Holliman

Fund Source:

The K-12 Behavior Support Specialist Grant is funded through the Arkansas Department of Education/Special Education Unit with federal grant funds that are provided for within the scope of the annual State application under Part B of the IDEA. The annual Part B application requires a description of the proposed use of Federal grant funds reserved under 20 U.S.C.A. 1411(e)(2)(A) for both required and authorized activities that support the State Performance Plan (SPP) under IDEA.

Funding Amount: \$110,000.00

☒ Restricted ☐ Non-Restricted

Participating Districts: As Assigned

Personnel:

Name	Position	Degree
Sherry Holliman	Behavior Support Specialist	MSE+

Goal:

The Individuals with Disabilities Education Act (IDEA) of 2004 (Public Law 108-446) authorizes State activities to Local Education Agencies, accessed through a referral to CIRCUIT. The activities include direct and supportive service activities, to improve results for children with disabilities, ages 3 to 21, by ensuring a free, appropriate public education (FAPE), in the least restrictive environment (LRE). For this purpose, State Special Education Consultants are available to assist with the identification and interventions needed for students with sensory, intellectual and multiple disabilities, disruptive and/or self-injurious behavior, autism spectrum disorders, or brain injuries.

Program Summary:

The Arkansas Department of Education/Special Education Unit has provided grants to Educational Cooperatives for Behavior Support Specialist to assist in providing on-site technical assistance and facilitation to district and/or school personnel in the following areas of behavior analysis:

- Data Collection
- Analysis and Interpretation of Data
- Visual Representation of Data
- Interviews/Questionnaires for Rating Behavior and Determining Function of Behavior
- Social Skills

- Defining Behavior
- Functional Assessments
- Behavior Intervention Plans
- Impact of Environmental Factors
- Impact of Instruction Factors
- Impact of Cognitive/Academic Weaknesses
- Impact of Communication Weaknesses
- Impact of Social Weaknesses
- Autism Spectrum Disorders
- Strategies to Increase Replacement Behavior
- Strategies to Decrease Problem Behavior
- Appropriate Consequence Strategies
- Eligibility
- Coaching and training adult learners in the area of Behavior Development
- Provide and/or assist with specific professional development needs within the ESC and/or the ADE-SEU.

Major Highlights of Year:

Arkansas Special Education State Advisory Council Report, State Systemic Improvement Plan, April 21, 2016 Reports the Following Improvement Strategies:

- Strategy Number One: Create a system of professional development and technical assistance that is aligned with other ADE Units and is differentiated based on LEAs needs as evidenced by data.
- Strategy Number Two: In collaboration with other ADE Units, Restructure Arkansas' Response-to-Intervention (RTI) model using evidence based personnel development to implement a multi-tiered system of supports for behavior and academics, with a focus on literacy.

PROGRAM: Digital Learning – Virtual Arkansas, Team Digital, Arkansas Connect2Digital

Funding Source: ADE Grant – Act

Competitive Grant: Yes _____ No X

Yes Restricted _____ Non-Restricted

Participating Districts:

Augusta, Bald Knob, Beebe, Bradford, Cabot, Carlisle, Des Arc, England, Hazen, Lonoke, McCrory, Pangburn, Riverview, Rose Bud, Searcy, White County Central

Cathi Swan	State Coordinator of Digital Learning	BSE, MSE
Mike Lar	Virtual Arkansas Director of Operations	BS, MBA, ED.D, ABD
Junior Stormes	Director of Technology	BS
John Ashworth	Virtual Arkansas Director of Academics	BSE, MSE
Lisa Russell	Team Digital Member	BSE
Gerard Newsom	Team Digital Member	BA
Rachel Schell	Team Digital Member	BS, MS
Ashley Pruitt	State Coordinator Administrative Assistant	BA
Alex Munn	Central Office Administrative Assistant	BA

Goal:

The mission of the digital learning program is to provide equitable, efficient, and effective learning opportunities for students and educators. These opportunities are offered utilizing digital solutions to extend learning where local access may not exist. The Arkansas Education Service Cooperatives support and provide resources to assist Virtual Arkansas and Team Digital.

Program Summary:

Virtual Arkansas is an Arkansas-based program that is implemented through a partnership between the Arkansas Department of Education and the Arkansas Education Service Cooperatives. We provide an array of quality digital courses to public school students in Arkansas and utilize Arkansas licensed instructors. Virtual

Arkansas serves approximately 200 districts and over 30,000 student enrollments. We are not an online high school or a diploma-granting institution but are a resource for supplementing education for public school students. Students who are enrolled in a public school may be enrolled in Virtual Arkansas courses by the local administration. Virtual Arkansas is committed to developing the full potential of Arkansas students by providing access to quality online courses that incorporate interactive instruction to prepare students to be successful in their college and career educational pursuits and in the global economy. School districts "Power Up with Virtual Arkansas" for a variety of reasons. A district may face a teacher shortage, want to provide additional course scheduling opportunities to their students, offer their students access to a digitally enriched curriculum, or broaden their course offerings beyond those mandated by the Standards for Accreditation of Arkansas Public Schools. Finally, districts that partner with Virtual Arkansas will be satisfying the requirements of Act 1280, the Digital Learning Act of 2013. www.virtualarkansas.org

Tiffany Henderson 6/9/2016 2:47 PM
Deleted: —Section Break (Next Page)—

Team Digital:

Team Digital works within a state team to support the planning, implementation, and evaluation of digital learning environments in Arkansas. Team Digital has expertise in emerging online teaching and learning practices that allow for active learning, effective content authoring and lesson design methods that best serve digital education, and strategies in helping educators transform system-centered practices into student-centered practices. Team Digital interacts with media production workgroups, learning management system consultants, technology solution experts, pedagogical experts, curriculum design experts, and educators around the globe. Team Digital also provides operational support to state projects, Arkansas Cooperatives, and public schools in the growing interest in blended and online learning. www.teamdigital.org

Arkansas Connect2Digital:

Arkansas Connect2Digital is a digital platform where Arkansas educational agencies house digital resources and implement blended professional development. It supports 20,000 users and is managed by the Arkansas Education Service Cooperatives.

Major Highlights of the Year:

- Held first ever workshop in the state for Teachers and Administrators on Blended Learning and Remix strategies
- Implemented a technical assistant/will-call application to help participating schools solve issues within 24 hours
- Presented at TICAL on the Future of Blended Learning
- Held statewide school consultations on the planning and implementation of Blended Learning
- Trained over a 100 High School counselor's around the state on Virtual Arkansas' registration process
- Attended the 2015 INACOL conference on Blended Online Learning
- Completed an Educational Cooperative Promotional Video
- Successfully implemented team visits to Virtual Arkansas' participating schools
- Named resource affiliate for ADE on school waiver process
- Completed a Virtual Arkansas Marketing/Promotional video for the Essentials of Computer Science and Computer Programming
- Presented at the 3rd Annual Data Conference

Special Projects and Programs

Funding Source: Arkansas Department of Education

Restricted ☒ **Non-Restricted** ☐

Detailed below are special projects or programs in which state funding provided services regionally or statewide, giving this cooperative an opportunity to participate.

Program Name: ACT Aspire Competitive

Grant Yes ☐ No ☒ **Goals and**

Description:

Wilbur Mills Cooperative technology coordinators and staff have provided support to district testing and technology personnel as preparations were made for the initial implementation of ACT Aspire in the spring of 2016. Support included onsite visits within districts to aid in preparing technology infrastructure, providing multiple training opportunities for ACT Aspire updates, and hosting ACT Aspire workdays to help with data entry and test scheduling.

Additionally, cooperative technology coordinators provided ongoing assistance through emails and phone conversations as problems and questions arose in districts. The Wilbur Mills Cooperative also provided support to classroom teachers and instructional leaders to ensure Arkansas content standards were taught in a manner that would prepare students for the ACT Aspire. In addition to ADE presenters, cooperative content specialists provided face-to-face trainings on ACT Aspire resources and their use in strengthening the classroom teachers' understanding of assessment requirements for students. Trainings will continue during the summer of 2016 and the upcoming school year.

Program Name: CGI-Cognitively Guided Instruction

Competitive Grant: Yes ☒

Goals and Description:

No ☐

Cognitively Guided Instruction (CGI) is a teacher professional development program that has teachers exploring a framework for how elementary school children learn concepts of number operations and early algebra. This knowledge is used to drive instruction. Years 2 & 3 of training builds upon the previous year's training—resulting in a true, long-term sustained professional development program. What teachers learn in a CGI institute enhances how they implement any curriculum or resource materials into their daily classroom instruction.

Program Name: Instructional Facilitating

Competitive Grant: Yes ☐

Goals and Description:

No ☒

Instructional Facilitating Training is based on Dr. Jim Knight's Instructional Coaching Institute from the University of Kansas Center for Research on Learning. The training will refine the Instructional Facilitator's understanding of their various roles and distinguish between effective

and ineffective coaching practices. The training will also provide leadership skills for leading reform, give direction on fostering internal commitment in others, and determine when it is or is not appropriate for modeling in a classroom.

Program Name: *Enhancing Education Through Technology Grant (TIE) Project*

Competitive Grant: Yes ☒ No ☐

Goals and Description:

No ☐

The purpose of the TIE project is to increase technology integration across the state of Arkansas. Southwest Arkansas Education Co-op wrote a comprehensive partnership EETT grant to develop a statewide professional development module system to embrace all forms of technology, meet the needs of teachers and administrators, and address State standards and licensure issues while enhancing instruction through integrated technology practices. All education cooperatives across the state were offered the opportunity to train teachers from their area to become TIE Cadre members. There are currently 114 TIE Cadre members impacting 71 districts and 80 buildings across the state. Cadre members have conducted over 300 workshops across the state on 72 different technology modules. The trainings have impacted 5,000 teachers and administrators.

The modules are all project based and have been developed by teachers. Modules include trainings on things such as Blogs, Classroom Wikis, High Yield Strategies with Technology, Internet Safety, Podcasting and Video Editing. Modules are housed on the TIE website at <http://tie.k12.ar.us>. By sharing these modules across the state, we are able to offer the same quality in technology trainings that we did not have before. The cadre members not only train for the education co-ops in the summer but are also able to help train in their buildings and districts. Module development and professional growth are the focus of cadre trainings.

Program Name: *EtherScopes*

Competitive Grant: Yes ☐ No ☒

Goals and Description:

No ☒

In an effort to assist schools in preparation for online Common Core State Standards testing in 2015, ADE awarded a grant to the Cooperative for the purchase of an *EtherScope* in 2013 and purchase a companioning Link Runner in 2014. Our goal was to evaluate all of the schools in our cooperative to see if their networks are capable of connecting 1 to 1 computer to student for the CCSS testing. When we visit each school, we save reports from the *EtherScope* for evaluation purposes and inform the school technology coordinator of the findings. We also use these devices for troubleshooting, network design, network redesign, network mapping, and for connectivity/throughout test, which help the schools and their techs in evaluating, troubleshooting, and planning for their schools.

Program Name: Literacy Design Collaborative/Mathematics Design Collaborative

Competitive Grant Yes ☒ No

Goals and Description:

The LDC/MDC is an ongoing professional development process which consists of tasks aligned to the standards that target those skills needed in reading, writing, and mathematics. Formative Assessment is used as a tool for monitoring what students are learning and identifying misunderstanding or skill weaknesses in students. These tasks work together to provide robust learning opportunities for students who are evaluated with a scoring rubric that helps educators across our state and nation calibrate high expectations. The LDC/MDC work is implemented in literacy, social studies/history, mathematics, science and career education classes for students in grades 9 and 10.

Program Name: TESS Competitive Grant: Yes ☐ **Goals and Description:**

No ☒

The Framework for Teaching by Charlotte Danielson provides the foundation for the Arkansas Teacher Excellence and Support System (TESS). Teachscape partnered with Charlotte Danielson and Educational Testing Service (ETS) to develop FOCUS, software provided by ADE that provides new district evaluators with comprehensive training and scoring practice, followed by a scientifically designed assessment of ability to accurately and consistently apply the Danielson rubric for teaching performance. The cooperatives held the three hours Laws and Process training. The Arkansas Department of Education provided training for administrators at each cooperative on Summative Evaluation Process and Professional Growth Plans. Arkansas Department of Education in conjunction with BloomBoard and cooperatives provided regional BloomBoard Universities. The purpose of the BloomBoard University was to showcase the insights and reports as well as the additional features available to schools. The cooperatives are currently scheduling additional sessions to extend the learning and to support administrators and teachers as they continue to implement TESS as the teacher evaluation system in the 2015-16 school year.

Program Name: Leadership Excellence and Development System

Competitive Grant: Yes ☐

Goals and Description:

No ☒

The Interstate School Leaders Licensure Consortium (ISLLC) Standards provide the basis for the Arkansas evaluation and support system for all Arkansas administrators except superintendents (for whom an evaluation system is currently being piloted). Trainings for the LEADS program throughout the 2015-2016 school year included work with the rubric, summative evaluations of principals, assistant principals, and other administrators, use of BloomBoard for evaluation and artifacts, and other support, as needed in individual cooperatives.

Arkansas Department of Education
Rules Governing the Arkansas Financial Accounting and Reporting System
and Annual Training Requirements

January 16, 2012

1.00 Regulatory Authority

- 1.01 These rules are promulgated pursuant to Ark. Code Ann. §§ 6-11-105, 6-11-128, 6-13-620, 6-17-410, 6-20-1805, 6-20-2002, 6-20-2004, 6-20-2104, 6-20-2202, 6-20-2203 and 6-20-2207 6-20-2201 et seq., 6-23-105, 26-26-1907, and 26-80-101.

2.00 Purpose

- 2.01 These rules shall be applied to all school districts, open enrollment public charter schools, and education service cooperatives for the purposes of accounting and reporting revenues and expenditures and for providing required training.

3.00 Definitions

For purposes of these rules, the following terms shall be defined to mean:

- 3.01 Annual Financial Budget (AFB) – the annual budget of expenditures and receipts required in Ark. Const. Art. 14, § 3, and Ark. Code Ann. §§ 6-11-128, 6-13-620 and 6-20-2202.
- 3.02 Annual Financial Report (AFR) – the fiscal year annual report of financial information ~~for the prior fiscal year~~ as required by Ark. Code Ann. §6-20-2202.
- 3.03 ~~Approved Budget (AFB) – a budget (AFB)~~ an AFB that has received the required written notification from the Department that the ~~budget~~ AFB presented was not identified as deficient as of February 15 of the current year.
- 3.04 ~~APSCN~~ – Arkansas Public School Computer Network (APSCN).
- 3.05 Arkansas Financial Accounting Handbook – the uniform chart of accounts and related codes which are established by the Department and incorporated into these rules as the “Arkansas Handbook, and used for accounting and financial reporting of all public schools, school districts, open enrollment charter schools, and education service cooperatives.
- 3.06 Athletic Expenditures – all direct and indirect expenses related to interschool athletic programs, prorated if necessary.

- 3.07 Budget (~~AFB~~) Review – the process of determining if the AFB submitted to the Department meets the mandated expenditure requirements in effect for the appropriate year and that budgeted revenue, expenditures and fund balances are reasonable and in compliance with law.
- 3.08 Court-Ordered Desegregation Funding – state funds received by a an LEA under a federal court order or a settlement agreement in desegregation litigation.
- 3.09 Deficient – a finding by the Department auditors that budget or financial accountability reports do not meet the mandated expenditure requirements in effect for the appropriate year; that budget or financial accountability reports contain one or more material misstatements of financial information; or that budgeted revenue, expenditures and fund balances are not in compliance with law or Department rules.
- 3.10 ~~Department—the~~ Arkansas Department of Education (Department).
- 3.11 Full-time Equivalent (FTE) – The amount of time an employee works during a school year (July 1 through June 30 of following calendar year) as a percentage of the amount of time a full-time employee in the same position would work during a school year.
- 3.12 Interschool Athletic Program – any athletic program which is organized primarily for the purpose of competing with other schools, public or private; or any athletic program which is subject to regulation by the Arkansas Activities Association.
- 3.13 Interschool Scholastic Activities – any interschool activity program that is outside the regular curriculum, excluding interschool athletic programs as defined by Ark. Code Ann. § 6-20-2002(3), which is organized primarily for the purpose of competing with other schools, public or private; or any program or activity, excluding interschool athletic programs as defined by Ark. Code Ann. § 6-20-2002(3), which is subject to regulation by the Arkansas Activities Association.
- 3.14 Interschool Scholastic Activity Expenditures – all direct and indirect expenses related to interschool scholastic activities, prorated if necessary.
- 3.15 Local Educational Agency (LEA) – all Arkansas public school districts, open-enrollment public charter schools and education service cooperatives.
- 3.16 Material Findings – a financial condition that jeopardizes the fiscal integrity of the school district.

- 3.17 ~~SBE—the~~ Arkansas State Board of Education (SBE)
- 3.18 Special Needs Categories – the state funding categories of Alternative Learning Environments, English Language Learners, National School Lunch Act funding, and Professional Development.
- 3.19 State Funds – all money derived from state revenues, specifically including but not limited to, distributions from the Department of Education Public School Fund Account and uniform rate of tax ad valorem property taxes distributed to a public school or school district.
- 3.20 Tier I & II Employees – those employees described as Tier I or Tier II employees in § 7 10 of this rule.
- 3.21 Tier I & Tier II Training – that training described as Tier I or Tier II training in § 7 10 of this rule.
- 3.22 Valid Comparisons – comparisons deemed to be relevant to the subject material in substance and scope.

4.00 Annual Financial Report (AFR)

- 4.01 The AFR shall be electronically submitted to the Department by LEAs in the format required by the Department.
- 4.02 ~~APSCN shall have the programs necessary to collect the AFR data available to the LEAs at~~ At least fifteen (15) calendar days before the date required to submit the AFR, APSCN shall make available to the LEAs the programs needed to collect the AFR data.
- 4.03 The AFR shall be filed electronically with the Department by August 31 of each year. If August 31 is on a weekend or state holiday, the AFR electronic submission shall be on the first work day for state employees following the weekend or state holiday.
 - 4.03.1 For purposes of compliance with these rules, the official date of filing with the Department shall be the date and time the AFR is recorded as received by APSCN.
 - 4.03.2 If errors are discovered in the AFR by either the LEA or the Department, a corrected AFR may be resubmitted by September 15 of the same calendar year it was originally due. If September 15 is on a weekend or state holiday, the resubmission shall be on the first work day for state employees following the weekend or state holiday.

- 4.04 No changes shall be made to the LEA's financial data after it has been submitted to the Department as a part of the AFR, unless the AFR is resubmitted by the deadline specified in 4.03.2 of this rule.
- 4.05 Each LEA shall perform a final close of its fiscal year immediately following its submission of the AFR. If a resubmission is necessary and within the timeframe allowed by 4.03.2 of this rule, APSCN shall be contacted in order to re-open the fiscal year.
- 4.06 The data to be reported in the AFR includes, but is not limited to:
 - 4.06.1 The daily expenditures and receipts of the LEA;
 - 4.06.2 Information on fund balances maintained by the LEA, including without limitation, the:
 - 4.06.2.1 Sources of funds maintained as fund balances, to the extent practicable;
 - 4.06.2.2 Reasons for maintaining, instead of spending, the fund balances;
 - 4.06.2.3 Amount and identification of funds transferred between various funds during the past year;
 - 4.06.2.4 Amount of fund balances dedicated for the construction, maintenance, or repair of academic or athletic facilities.
 - 4.06.2.5 Information sufficient to verify whether funds allocated for educational purposes, including, but not limited to, student academic needs and the maintenance and operation of public school district facilities, are used for their intended purposes or retained by the school district in its fund balances.

5.00 Annual Financial Budget (AFB)

- 5.01 The AFB shall be electronically submitted to the Department by LEAs in the format required by the Department.
- 5.02 The AFB shall be filed electronically with the Department by September 30 of each year. If September 30 is on a weekend or state holiday, the AFB electronic submission shall be on the first work day for state employees following the weekend or state holiday.

- 5.02.1 For purposes of compliance with these rules, the official date of filing with the Department shall be the date and time the AFB is recorded as received by APSCN.
- 5.02.2 ~~APSCN shall have the programs necessary to collect the AFB data available to the LEAs at~~ At least fifteen (15) calendar days before the date required to submit the AFB, APSCN shall make available to the LEAs the programs needed to collect the AFB data.
- 5.03 The AFB shall be approved by the board of directors of each LEA at a legally held meeting and shall be signed by the president of the board of directors and the ex officio financial secretary of each LEA.
- 5.03.1 The order or resolution of the local board approving the AFB shall be signed by the president of the local board and the superintendent or director of each LEA.
- 5.03.2 If the AFB and the order or resolution approving the AFB are not filed with the Department on or before September 30 and as required by these rules, then all warrants or checks issued by the LEA after September 30 shall be declared invalid and the Superintendent and his or her surety shall be liable for any warrants or checks countersigned after the September 30 deadline.
- 5.03.3 If the AFB and the order or resolution approving the AFB are not filed with the Department on or before September 30 and as required by these rules, the Department ~~shall suspend distribution of all~~ may withhold state aid funded grants and aids for which an LEA is eligible until the reporting requirements of these rules are met in full compliance.

6.00 Full-time Equivalents (FTEs) and Average Salaries

- 6.01 Information regarding FTEs and Average Salaries shall be electronically submitted to the Department by LEAs in the format required by the Department.
- 6.02 Information regarding FTEs and Average Salaries shall be filed electronically with the Department by July 31 of each year. If July 31 is on a weekend or state holiday, the electronic submission shall be on the first work day for state employees following the weekend or state holiday.
- 6.02.1 For purposes of compliance with these rules, the official date of filing with the Department shall be the date and time the electronic submission is recorded as received by APSCN.

- 6.02.2 ~~APSCN shall have the programs necessary to collect the FTEs and Average Salaries data available to the LEAs at~~ At least fifteen (15) calendar days before the date required for submission to the Department, APSCN shall make available to the LEAs the programs needed to collect the FTEs and Average Salaries data.

7.00 Arkansas Handbook

- 7.01 The Department shall establish and implement a uniform chart of accounts and related codes known as the Arkansas Financial Accounting Handbook (Arkansas Handbook) which shall be the uniform chart of accounts and codes utilized in reporting revenues and expenditures.
- 7.01.1 The Arkansas Handbook is hereby incorporated by reference into these rules. However, the Arkansas Handbook is exempt from the rule-making process and may be amended, revised or updated as provided in these rules or law.
- 7.01.2 The amendments, annual revisions, and financial accounting updates to the Arkansas Handbook shall be developed with representatives from the Arkansas Association of School Business Officials, the Education Service Cooperatives, and other school district officials as designated by the Department.
- 7.01.3 Prior to amending the Arkansas Handbook, the Department shall provide written notice via a Commissioner's Memo to the school districts, open enrollment charter schools and education cooperatives. Amendments, annual revisions, and financial accounting updates shall be effective on July 1 of the next fiscal year or 90 days from the date of the issuance of the Commissioner's Memo, whichever is later, unless:
- 7.01.3.1 The Commissioner declares that there is an emergency, at which time the change shall be effective immediately upon the date specified in the Commissioners Memo; or,
- 7.01.3.2 A new program or revenue source requires new accounting codes, at which time the change shall be effective immediately upon the date specified in the Commissioner's Memo; or,
- 7.01.3.3 The change affects only a few school districts and the school districts have mutually agreed to make the change. The change shall be effective immediately upon the date specified in the Commissioner's Memo.

- 7.02 The Arkansas Handbook shall be the chart of accounts and codes utilized by LEAs in making the record of actual revenues and expenditures and the annual budget of revenues and expenditures required by these rules.

8.00 Department Review of LEA Financial Records

- 8.01 By February 15 of each year, the Financial Accountability Unit of the Department shall review the LEAs' most currently submitted AFR, AFB, FTEs and Average Salaries to determine if the financial records are deficient. Any error related to the coding and reporting of financial information that causes a material misstatement of financial information will be cause for determining a deficiency. A material misstatement occurs whenever the submitted data has more than a ten percent (10%) variance from the correct data or when corrective action is not taken after the Department has sent written notification to an LEA regarding specific errors discovered in the financial records.

- 8.01.1 Any error related to the coding and reporting of court-ordered desegregation funding that causes a material misstatement of financial information will be cause for determining a deficiency. A material misstatement occurs whenever the submitted data has more than a ten percent (10%) variance from the correct data or when corrective action is not taken after the Department has sent written notification to an LEA regarding specific errors discovered in the financial records.

- 8.02 The Department review will include, but is not limited to:

- 8.02.1 State Revenues;
- 8.02.2 Student Special Needs Expenditures;
- 8.02.3 Total Expenditures;
- 8.02.4 Instructional Expenditures;
- 8.02.5 Extracurricular Expenditures;
- 8.02.6 Capital Expenditures;
- 8.02.7 Debt Service Expenditures;
- 8.02.8 Expenditures of court-ordered desegregation funding;

- 8.02.9 Teacher Full Time Equivalency data;
 - 8.02.10 Certified salary amounts;
 - 8.02.11 Compliance with the Minimum Teacher Salary schedule;
 - 8.02.12 Compliance with gifted and talented programs expenditure requirements in accordance with Ark. Code Ann. § 6-20-2208(c)(6);
 - 8.02.13 Interschool Athletic Expenditures, including salaries with fringe benefits, travel, equipment, supplies and facilities maintenance;
 - 8.02.14 Interschool Scholastic Expenditures, including salaries with fringe benefits, travel, equipment, supplies and facilities maintenance;
 - 8.02.15 The district's Total Athletic Expenditures budgeted for interschool athletic programs that are to be paid from state funds;
 - 8.02.16 The district's Total Scholastic Expenditures budgeted for interschool scholastic programs that are to be paid from state funds;
 - 8.02.17 Expenditure of Federal funds, including school lunch reimbursement;
 - 8.02.18 Verification that fiscal year expenditures did not exceed legal revenues for the same fiscal year;
 - 8.02.19 Verification that proper financial records have been maintained in accordance with the Education Accounting and Reporting System and the Arkansas Handbook.
 - 8.02.20 Verification that fund balances are sufficient to ensure the continuation of educational services and are within parameters set by state and federal law and Department rules.
- 8.03 The Department shall notify in writing, via certified mail, the superintendent or director of the LEA whose financial records are found to be deficient.
- 8.03.1 The notification shall state the deficiency.
- 8.04 The LEA will have thirty (30) days to respond to the Department's notification. The response may include, but is not limited to:

- 8.04.1 A proposed corrective action plan;
- 8.04.2 A training schedule to educate all pertinent personnel; and
- 8.04.3 A procedure to prevent a repeat of the deficiency.
- 8.05 The response shall not be considered a right of appeal.
- 8.06 If the review determines the financial records of any LEA are deficient as defined in Section 8.01 or otherwise not properly maintained or submitted by the LEA or are not administered in accordance with state or federal laws, SBE rules, or the Arkansas Handbook, then state-funded grants and/or aid that the district would be eligible to receive shall be withheld until the financial issues have been resolved.
- 8.07 The SBE may require the superintendent or director and board members explain and/or appear before the SBE to explain why the district is not complying with state laws or rules.
- 8.08 Upon written notice of approval by the Financial Accountability Unit, the Department shall file copies of the approved budget with the LEA and the county treasurer, if serving as school treasurer.
- 8.09 It is the duty of the State to monitor LEA financial records, Arkansas Comprehensive School Improvement Plan, or any other pertinent records, to ensure the following:
 - 8.09.1 District expenditures meet the minimum teacher salary schedule;
 - 8.09.2 District expenditures benefit students in special needs categories;
 - 8.09.3 District expenditures are used to improve the educational opportunity of each child;
 - 8.09.4 District expenditures are used to provide an equal opportunity for each child;
 - 8.09.5 District expenditures are used to meet the Standards of Accreditation;
 - 8.09.6 The District has provided the SBE and the Department with a report of the school district's total athletic expenditures paid from state funds for the previous year;

- 8.09.7 The district has provided the SBE and the Department with a budget for the school district's total athletic expenditures to be paid from state funds for the upcoming year; and
- 8.09.8 The district has provided the SBE and the Department with any additional information or documentation requested for the purpose of showing compliance with state laws, including but not limited to Ark. Code Ann. § 6-20-2208, federal laws and Department rules.
- 8.10 The Department shall have the authority to review, analyze and inspect the financial records of any LEA in order to verify that an LEA is correctly and accurately reporting revenues and expenditures in accordance with the Arkansas Handbook.
- 8.11 The Department shall submit a report titled "Annual Statistical Report (ASR) to the Governor, the Senate Interim Committee on Education, and the House Interim Committee on Education by February 15 of each year concerning LEA revenue, expenditures, legal balances (total and unrestricted), FTEs, average salaries and any other financial information required by law.
 - 8.11.1 The revenue and expenditures will reflect the prior year actual (ended June 30) and the current year budget (beginning July 1).
 - 8.11.2 The total legal balance will be as of June 30 of the prior year and will contain the total balances of the Salary, Operating and Debt Service Funds.
 - 8.11.3 The unrestricted legal balance will be the total legal balance less restricted funds.
 - 8.11.4 The FTEs and average salaries will be for the prior year ended June 30.

9.00 Required Reports

- 9.01 The Department shall publish by July 1 of each year, via Commissioner's Memo, a list of all required financial accountability reports, that are not a part of a cycle report submitted through APSCN, with due dates.
- 9.02 The Department shall submit a written notice via certified mail on or before February 15 of each year to those school districts, open enrollment charter schools and education service cooperatives whose budget or financial reports are identified as deficient. Likewise, the Department will

issue a Commissioner's Memo on or before February 15 of each year indicating which school districts, open enrollment charter schools or education service cooperatives budgets are identified as approved.

- 9.03 Each county clerk is required to provide to the Department an annual Abstract of Assessment by March 15 of each year.
 - 9.03.1 The treasurer of the state shall withhold the monthly distribution of county aid from any county that fails to provide the annual Abstract of Assessment by March 15 for each school district located wholly or in part in the county.
 - 9.03.2 The Department shall establish the required format for the Abstract of Assessment, to include:
 - 9.03.2.1 The previous calendar year's property assessment that will be used for ad valorem tax collections in the current year.
 - 9.03.2.2 The millage rates, which shall be listed by the type of millage, levied against that property assessment.
 - 9.03.2.3 In cases that administratively consolidated school districts do not have a unified millage rate, the county clerk shall submit the assessment data in a form specified by the Department.
 - 9.03.3 To consider a county in compliance with this filing requirement, the Department must receive all data no later than March 15 of each year.
- 9.04 By January 31, 2012, and by January 31 of each year thereafter, each county treasurer shall provide an annual summary report of all proceeds generated from ad valorem tax and distributed by the county to a school district for the period beginning January 1 and ending on December 31 of the preceding calendar year to the:
 - 9.04.1 Treasurer of State;
 - 9.04.2 Department of Education; and
 - 9.04.3 Superintendent of the school district to which the proceeds from the uniform rate of tax are distributed by the county.
 - 9.04.4 Failure of the county treasurer to report the annual summary required by 9.04 of this rule shall result in the withholding of all

reappraisal funding provided under Ark. Code Ann. § 26-26-1907 until the county treasurer provides the annual summary report. Funds withheld are forfeited as follows:

- 9.04.4.1 Twenty percent (20%) of withheld reappraisal funds are forfeited every two (2) months of noncompliance; and
- 9.04.4.2 After ten (10) months of noncompliance, the total amount of withheld reappraisal funds are forfeited.
- 9.04.4.3 A county is not relieved of the requirement to reappraise property and funding for reappraisal shall be by local taxing unit sources until the county provides the required annual summary report.
- 9.04.4.4 The Department shall notify the Assessment Coordination Department if a county treasurer fails to comply with 9.04 of this rule ~~and withholding of reappraisal funding is authorized by Ark. Code Ann. § 26-80-101.~~ Withholding of reappraisal funding for failure to comply is authorized under Ark. Code Ann. § 26-80-101.

9.05 By September 1 of each year, any school district that received court-ordered desegregation funding for the prior school year shall report to the Department the following:

9.05.1 The total amount of state funding received under the federal court order or settlement agreement in the prior school year;

9.05.2 A detailed statement outlining the school district's obligations under the federal court order, settlement agreement, or court-approved remedial plan, including without limitation:

- 9.05.2.1 Programs that the school district is required to administer;
- 9.05.2.2 Specific goals that the school district is required to reach;
- 9.05.2.3 Actions that the school district is required to take or are prohibited from taking;
- 9.05.2.4 Problems that the school district is required to remedy;

- 9.05.2.5 Overall purposes of the federal court order, settlement agreement, or court-approved remedial plan; and
- 9.05.2.6 Any other pertinent information as determined by the department;
- 9.05.3 An itemized accounting of all expenditures made during the prior school year from state funds identified under section 9.05.1 and expended to comply with the school district's obligations identified under section 9.05.2;
 - 9.05.3.1 The accounting shall be specific and detailed and include an explanation of how each expenditure was necessary in order to comply with the school district's obligations under the federal court order, settlement agreement, or court-approved remedial plan;
 - 9.05.3.2 It is not sufficient to provide general statements, such as stating that the funds were used in magnet schools;
 - 9.05.3.3 As part of the explanation for each expenditure, the accounting shall identify the program, goal, action, problem, and/or purpose listed in response to Section 9.05.2 to which the expenditure is related;
- 9.05.4 The total amount of all state funds identified in response to section 9.05.1 and remaining in the school district's fund balances as of July 1; and
- 9.05.5 A statement that the sum total of all expenditures identified in response to sections 9.05.3 and 9.05.4 is equal to the sum total of state funding identified in response to section 9.05.1, or alternatively, an explanation of the discrepancy.
- 9.06 Unless the Department approves otherwise, any data to be reported under sections 9.05.1, 9.05.3, and 9.05.4 shall be submitted to the Department in electronic format as a Microsoft Excel file utilizing a template to be furnished by the Department no later than August 1.
 - 9.06.1 Unless the Department approves otherwise, any data to be reported under section 9.05.2 shall be submitted to the Department in electronic format as a Microsoft Word or Adobe Portable Document Format (PDF) file.

- 9.07 The Department may withhold state aid from any LEA that fails to file its budget or any other required report with the Department by the deadline established on the list of all required financial accountability reports, provided that the Department has met the deadline for providing information pertinent to meeting the deadlines.

10.00 Required Training

- 10.01 The Department shall establish two (2) tiers of required training.
- 10.01.1 Both tiers of required training shall apply to all LEAs.
 - 10.01.2 A minimum of two (2) persons per LEA are required to attend an Initial and an Annual Tier I Training. The two persons shall include:
 - 10.01.2.1 The district superintendent or the education service cooperative director or the open enrollment charter school director; and
 - 10.01.2.2 A person whose job responsibilities include preparing the budget or overall accounting responsibility.
- 10.02 The two (2) persons per LEA required to attend shall each obtain twelve (12) hours of Initial Training and instruction necessary to demonstrate basic proficiency as determined by the Department, including but not limited to:
- 10.02.1 School laws of Arkansas;
 - 10.02.2 Laws and rules governing expenditures, fiscal accountability, and school finance;
 - 10.02.3 Ethics; and
 - 10.02.4 Financial accounting and reporting of LEAs.
- 10.03 After obtaining the Initial Training, the two (2) persons required to attend shall obtain ~~four (4)~~ a minimum of two (2) hours of Tier I annual training and instruction in order to maintain basic proficiency in the topics described in Section 10.02 of these rules. Additional annual training may be required by the department for the school district superintendent, the education service cooperative executive director, or the open-enrollment public charter school director and the person whose job responsibilities

include preparing the budget or overall accounting responsibility based on repetitive or flagrant audit findings or the identification of multiple indicators of fiscal distress.

10.03.1 The two (2) persons per LEA are required to attend the training under Section 10.01 of these rules by December 31 of each year.

10.03.1.1 The training may be provided by a higher education institution, the Department, the Arkansas Association of School Business Officials or from another provider.

10.03.1.2 The training sessions may be held throughout the State, via distance learning, or from an online course.

10.03.1.3 All providers for training shall apply for and receive approval from the Department prior to providing the training.

10.03.1.3.1 The provider shall submit a complete request for approval prior to the scheduled training.

10.03.1.3.2 The Department shall establish the request form.

10.03.1.3.3 The provider shall provide the Department with a list of persons who attended the training sessions.

10.03.1.3.4 The Department's administrative staff will review the request.

10.03.1.3.5 If additional information is requested, the provider will be responsible for providing an immediate response in order to gain approval in a timely manner.

10.03.1.3.6 Department staff will be allowed to attend all training sessions in order to monitor for quality and completeness.

10.03.1.3.6.1 Department staff will not be required to pay to attend the training

10.03.2 Persons failing to obtain required training by the end of the calendar year and failing to receive training by March 1 of the following calendar year without filing a request for an extension shall be sanctioned by the State.

10.03.2.1 The request for an extension must be sent to the Department by certified mail, return receipt requested.

10.03.2.2 The request for an extension must be received by the Department prior to March 1.

10.03.2.3 The Department shall establish a form to be used in requesting an extension.

10.03.2.4 The request shall include a corrective action plan for obtaining the required training in a timely manner.

10.03.2.4.1 For each person failing to obtain the required training by March 1, the Department shall immediately notify the superintendent or director of the employing school district, open enrollment charter school, or education service cooperative.

10.03.2.4.2 Notification will be sent by certified mail, return receipt requested.

10.03.2.4.3 The Department will also notify the school board president.

10.03.3 The superintendent or director of the LEA shall notify the person who failed to receive the required training, and the person shall be unable to continue in his or her position from the date of receipt of notification.

10.03.3.1 Notification will be by certified mail, return receipt requested.

- 10.03.3.2 Any person receiving notice that he or she shall be unable to continue in his or her position solely because of his or her failure to obtain the required training may request a hearing before the SBE prior to his or her permanent dismissal.
- 10.03.4 If the person fails to obtain all required training by December 31 following the March 1 extension deadline, this failure shall constitute one (1) citation against the school district, or the open enrollment charter school, as measured by the Standards for Accreditation of Arkansas Public Schools issued by the Department or an admonishment to the education service cooperative by the Department.
- 10.03.5 If the person is unable to obtain the required training because of military service or illness as verified by a written sworn statement of the person's attending physician, the Department shall grant an extension permitting the person additional time to obtain the required training.
- 10.03.5.1 The person shall submit the appropriate documentation of military service or illness to the Department.
- 10.03.5.2 The documentation must be sent by certified mail, return receipt requested.
- 10.03.5.3 The length of time of the extension will be determined on an individual basis at the discretion of the Department.
- 10.03.5.4 The issuance of an extension shall not constitute a citation against the school district or the open enrollment charter school as measured by the Standards for Accreditation of Arkansas Public Schools issued by the Department or an admonishment to the education service cooperative by the department. Also the Department shall not operate to remove the person from his or her job if an extension has been granted by the Department.
- 10.03.6 The Department shall maintain records of instructional hours of Tier I Training obtained by any individual covered under this section.

- 10.03.6.1 Each district shall provide a list of the names and positions of the persons covered by these rules, to the Department by December 31 of each year. The information shall be provided in a format approved by the Department.
- 10.03.6.2 Separate lists will be provided for persons obtaining the initial training to demonstrate basic proficiency and for those obtaining additional hours.
- 10.03.6.3 The trainer or the institution providing the training will provide verification of instructional hours.
- 10.03.6.4 The Department may publish a list identifying the persons required to receive training and the compliance status.
- 10.03.6.5 Persons employed as of July 1 shall be required to obtain training by December 31 of that year.
- 10.03.6.6 Persons employed after July 1 shall be required to obtain training by December 31 of the next year.
- 10.03.6.7 Persons changing employment will have their training history accepted by the new employer.
- 10.03.7 Any school district or open enrollment charter school that does not follow the provisions of Ark. Code Ann. Title 6, Chapter 20, subchapter 22 shall be placed in fiscal distress.
- 10.03.8 Any education service cooperative that does not follow the provisions of Ark. Code Ann. Title 6, Chapter 20, subchapter 22 shall be sanctioned by the SBE.

10.04 Tier II training shall include, but is not limited to, employees who make decisions about selecting codes or who have a limited number of codes that they can use.

10.04.1 Tier II training shall be developed by the Department in cooperation with representatives from the Arkansas Association of School Administrators, the Arkansas Association of School Business Officials, the Arkansas Education Association, the Legislative Joint Auditing Committee and education service cooperatives.

10.04.1.1 The training shall be annual and shall be ~~four (4)~~ a

minimum of two (2) hours.

10.04.1.2 LEAs shall be responsible for providing the training to these employees.

10.04.1.3 LEAs' trainers are required to attend Initial and annual Tier I training.

10.04.1.4 Each LEA shall maintain files and records indicating all employees required to obtain and who have completed Tier II training.

10.04.1.5 Each district superintendent, open enrollment charter school director or education service cooperative director shall provide the Department an assurance statement regarding the completion of Tier II training by the required individuals by the end of the fiscal year.

10.04.1.6 Additional annual training may be required by the department for employees who do not make decisions about selecting cods or who have a limited number of codes that they can use based on repetitive or flagrant audit findings or the identification of multiple indicators of fiscal distress.

11.00 Sanctions

11.01 Any school district that does not comply with and meet the requirements of these rules, shall, after receiving notice as required by law, be identified by the Department as being in fiscal distress.

11.01.1 Any open enrollment charter school that does not comply with and meet the requirements of these rules may be referred to the SBE for possible modification, revocation, or denial of renewal of its charter pursuant to Ark. Code Ann. § 6-23-105 and the Department's Rules Governing Public Charter Schools.

11.02 Any education service cooperative that does not comply with and meet the requirements of these rules shall be sanctioned by the SBE.

11.03 Any licensed classroom teacher or administrator of a school, school district, open enrollment charter school or education service cooperative that provides false expenditure information may have his or her license

placed on probation, suspended or revoked pursuant to procedures utilized in accord with Ark. Code Ann. § 6-17-410.

- 11.04 Persons failing to obtain required training by December 31 of the calendar year and who fails to cure any training deficiency by March 1 of the following year without filing a request for extension of time and after receiving proper notice shall be unable to continue in his or her position of employment effective on the date of receipt of notification from the superintendent of the school district, open enrollment charter school or education service cooperative.
- 11.05 If a person fails to obtain all required training by December 31, this failure shall constitute one (1) citation against the school district, the open enrollment charter school or an admonishment to the education service cooperative.

**SUMMARY OF PROPOSED CHANGES TO THE
ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING THE
ARKANSAS FINANCIAL ACCOUNTING AND REPORTING SYSTEMS
AND ANNUAL TRAINING REQUIREMENTS**

Section 1.01	Regulatory authority updated
Section 3.02	Definition reworded for clarity
Section 3.03	Definition reworded for clarity
Section 3.04	Definition reworded to maintain style of other definitions
Section 3.07	Removed incorrect acronym
Section 3.08	Grammatical correction
Section 3.10	Definition reworded to maintain style of other definitions
Section 3.17	Definition reworded to maintain style of other definitions
Section 3.20	Updated internal section reference
Section 3.21	Updated internal section reference
Section 4.02	Reworded for clarity
Section 5.02.2	Reworded for clarity
Section 5.03.3	Updated to reflect current law in Ark. Code Ann. § 6-20-2202
Section 6.02.2	Reworded for clarity
Section 8.08	Updated to reflect current law in Ark. Code Ann. § 6-20-2202
Section 9.04.4.4	Reworded for clarity
Section 10.03	Updated as a result of Act 345 that reduces the minimum number of training hours from 4 to 2 and provides for additional training that may be required for certain persons.
Section 10.4.1.1	Updated as a result of Act 345, which reduced the minimum number of training hours from 4 to 2.
Section 10.04.1.6	New Section that provides for additional training that may be required for certain persons.

HEARING PROCEDURES

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

APPEAL

RECEIVED
ATTORNEY'S OFFICE

JUN 30 2016

DEPARTMENT OF EDUCATION
GENERAL DIVISION

Tara Fox
Mabelvale, AR 72103

June 25, 2016:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

RECEIVED
COMMISSIONER'S OFFICE

JUN 30 2016

DEPARTMENT OF EDUCATION

To Whom it May Concern:

I am writing this letter to appeal the decision made by the office of the superintendent at Bryant Public schools to deny my children, M [REDACTED] + B [REDACTED] Kinkaid, access to their schools. I've included rejection letters from the Bryant School district for both kids for the ²⁰¹⁵⁻²⁰¹⁶ ~~2015-2016~~ and ²⁰¹⁶⁻²⁰¹⁷ ~~2016-2017~~ school years. As per document "Arkansas Department of Education Emergency Rules Governing the Public School Choice Act of 2015 (ADE 329-7)", if the student is unable to transfer due to limits under section 7.02 of these rules, the resident district shall give priority for transfer in first year which district no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules. I don't feel any priority has been given for this new school year, and subsequently if the Bryant School District is not going to participate in the Arkansas Public School Choice Act, then they should not be included as a choice. My kids currently attend the Mabelvale Elementary School, which per "Public-Schools.startclass.com" has a smart rating of 36. This is lower than the average rating of 61 for elementary schools in Arkansas. The Mabelvale Elementary School is in the bottom 20% of Arkansas elementary schools

based on how the student body performed on the state reading and math exams. Additionally, the current demographic of Mabelvale Elementary shows a distribution of ethnic backgrounds made up of 72.9% Black, 20.9% Hispanic, and 5.5% White. That means my children make up 2 of the 22 White Students that currently attend Mabelvales' 398 student body. Compared to Bryant School District, the Bryant Elementary School receives a rating of 75, far above the average rating of 61 and double that of Mabelvale Elementary. The Bryant Elementary School also is among the top 30% of Arkansas elementary schools based on the student bodies state reading and math assessments. Far better than the bottom 20% as Mabelvale Elementary. Additionally, the current demographic of Bryant Elementary shows a distribution of ethnic ~~backgrounds~~ backgrounds made up of 72.2% White, 12.8% Black, and 11.2% Hispanic. My children would feel less segregated in an more evenly distributed school district. and more apt to be excited to attend school each and every day.

Thank you for your time and consideration. I really would like to see my children have the best education and learning environment possible, so they have a strong foundation before attending college.

Sincerely,
Tara Fox
Tara Fox

BRYANT PUBLIC SCHOOLS
OFFICE OF THE SUPERINTENDENT

June 15, 2016

Ms. Tara Fox
[REDACTED]

Mabelvale, AR 72103

Dear Ms. Fox:

We regret to inform you that the school choice applications for M [REDACTED] Kincaid and B [REDACTED] Kincaid must be denied for the following reason(s):

1. Pursuant to Ark. Code Ann. § 6-18-1903(d)(2), the Bryant School District has a lack of enrollment capacity. The Bryant School District's enrollment at each grade, and at each campus exceeds ninety-five percent (95%) of capacity; and
2. Your children did not attend the Bryant School District during the 2015-2016 school year and they do not have siblings who currently attend the Bryant School District through an earlier school choice transfer.

While we sincerely regret that we cannot approve your application at this time, we encourage you to consider applying for a school choice transfer for the 2017-2018 school year. We wish you and your family the very best.

Sincerely,

Tom W. Kimbrell, Ed.D.
Superintendent

Key Facts

Demographics

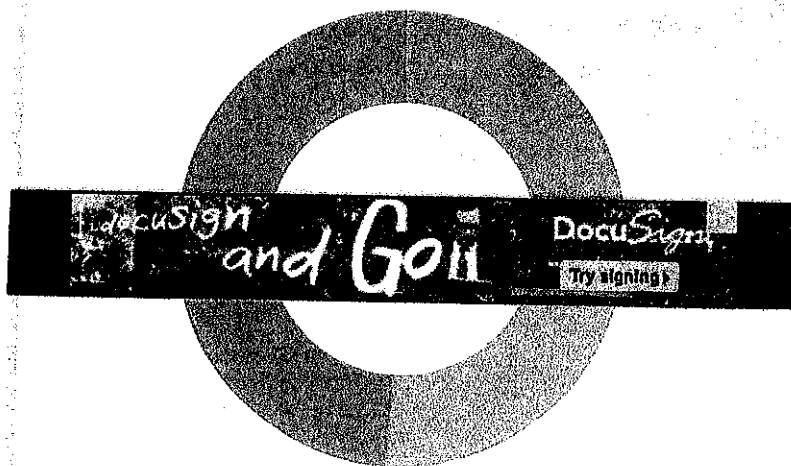

State Tests

Mostly African-American Students

398 students, or 72.9% of the student population at Mabelvale Elementary School identify as African-American, making up the largest segment of the student body. A typical school in Mabelvale is made up of 76.6% African-American students, so Mabelvale Elementary School has a very similar ethnic distribution compared to other schools in the city.

The demographic breakdown of Mabelvale Elementary School is drastically different from that of a typical school in the state of Arkansas, which is made up of 21.0% African-American students on average.

Gender Distribution

■ Female ■ Male

Roughly Equal Distribution of Genders

There is roughly an equal percentage of males and females at Mabelvale Elementary School with 51% males and 49% females forming the student body.

Compared to Mabelvale

The average school in the city of Mabelvale is 50.1% female and 49.9% male.

Compared to Arkansas

A typical school in the state of Arkansas is about 48.7% female and 51.3% male on average.

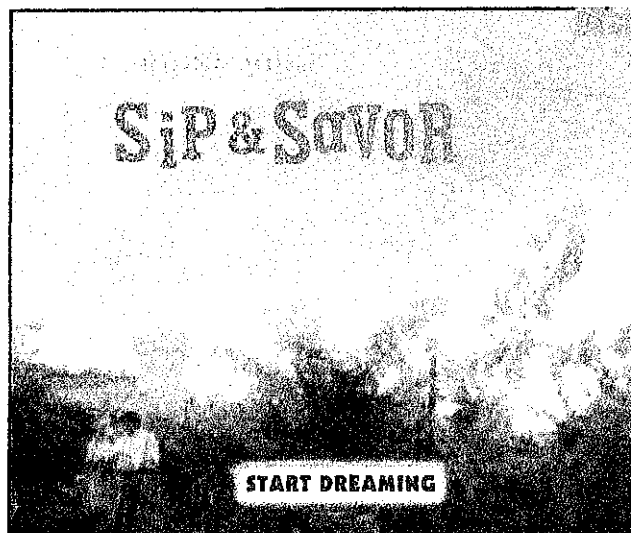

Socioeconomic Details

National School Lunch Program

Any child at a participating school may purchase a meal through the National School Lunch Program. Children from families with incomes **at or below 130%** of the poverty level are eligible for free meals. Those with incomes **between 130% and 185%** of the poverty level are eligible for reduced-price meals, for which students can be charged no more than 40 cents. 130 percent of the poverty level is **\$31,525** annual income for a family of four; 185 percent is **\$44,862** (different for Alaska and Hawaii, see ASPE for more details).

The median household income in Little Rock city is **\$45,135** per year. This city's median income is above the eligibility threshold for reduced price lunch, which may have an impact on the proportion of students eligible under the National School Lunch Program.

70%

Markedly Lower Test Scores Than Most Elementary Schools in Arkansas

Mabelvale Elementary School is in the **bottom 20% of Arkansas elementary schools** based on how the student body performed on the state reading and math exams. Bear in mind that the State Department of Education for Arkansas sets the standard for what is considered a proficient score on each subject area exam.

Performance by Gender

Math

Reading/Language Arts

Females Achieve Significantly Higher Math Proficiency Than Males at This School

In addition to achieving a higher math proficiency than males at this school, females also outperform males at most elementary schools in the Little Rock School district. On average, female math proficiency is about 3% higher than male math proficiency. At the state level, females at elementary schools in Arkansas have performed about equally as well as males on the math assessment.

Performance by Ethnicity

Math

Reading/Language Arts

Small Achievement Gap between Ethnicities on the Math Exam

Based on the difference in proficiency between African-Americans and Caucasian students (ethnicities with the highest and lowest math proficiency, respectively), Mabelvale Elementary School has **largely minimized the disparity in math literacy** among different ethnic groups, but there is still room for improvement.

Bear in mind that African-American students also comprise the largest segment of the student body at Mabelvale Elementary School. **Caucasian students represent the smallest ethnic group** at this school and have **achieved the lowest level of math proficiency** out of the three ethnic groups represented at this school.

RESPONSE

BRYANT PUBLIC SCHOOLS
OFFICE OF THE SUPERINTENDENT

July 7, 2016

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

Re: Response to School Choice Act Appeal

Dear Commissioner Key:

Please find enclosed the Bryant School District's written response to the school choice appeal filed by Ms. Tara Fox. As noted in the response, the Bryant School District simply does not have available enrollment capacity under Arkansas law to accommodate the requested transfers.

Thank you for your attention to this matter. If you require additional information, please do not hesitate to contact me at (501) 847-5600.

Sincerely,

Jeremy C. Lasiter
Director of Human Resources and Legal Affairs

Enclosure

cc (w/encl): Ms. Tara Fox

**RECEIVED
ATTORNEY'S OFFICE**

JUL 07 2016

**DEPARTMENT OF EDUCATION
GENERAL DIVISION**

Dr. Tom W. Kimbrell, Superintendent

BEFORE THE ARKANSAS STATE BOARD OF EDUCATION
IN THE MATTER OF THE FOX SCHOOL CHOICE APPEAL
RESPONSE OF THE BRYANT SCHOOL DISTRICT

COMES NOW the Bryant School District of Saline County ("Respondent"), and
for its response to the school choice appeal from Ms. Tara Fox ("Petitioner"), states as
follows:

RECEIVED
ATTORNEY'S OFFICE

BACKGROUND

JUL 07 2016

1. On March 17, 2016, during a regular board meeting of the Bryant School
District Board of Directors ("Bryant School Board"), the Bryant School Board adopted
by resolution specific standards for the acceptance and rejection of school choice
applications. **[EXHIBIT A]**. The Bryant School Board took this action pursuant to Ark.
Code Ann. § 6-18-1903(d).
2. On or about April 22, 2016, the Petitioner submitted school choice applications
for her two children, M.K. (to attend grade 3) and B.K. (to attend grade 1), to transfer
from the Little Rock School District to the Bryant School District. **[EXHIBIT B]**.
3. On or about June 15, 2016, the Bryant School District notified the Petitioner
that her school choice applications could not be accepted due to a lack of enrollment
capacity at the Bryant School District and because her children did not meet other
standards for acceptance as set forth by the Board's March 17, 2016, resolution.
[EXHIBIT C].
4. On or about June 28, 2016, the Bryant School District received a copy of the
Petitioner's appeal. **[EXHIBIT D]**.

5. The Petitioner bases her school choice appeal on the following:

a. Because her two children were denied school choice transfers for the 2015-2016 school year, the Petitioner contends that her children should have been given priority for a school choice transfer for the 2016-2017 school year pursuant to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015;

b. Because the Petitioner's two children attend Mabelvale Elementary, a school that according to "public-schools.startclass.com" is among the bottom twenty percent (20%) of Arkansas elementary schools, they should be allowed to attend Bryant Elementary, a school that is among the top thirty percent (30%) of elementary schools in Arkansas; and

c. Because the Petitioner's two children are two of the 22 Caucasian students, out of a total student body of 398 students, who currently attend Mabelvale Elementary, they should be allowed to attend a "less segregated" school in Bryant.

6. Because the Bryant School District properly denied the Petitioner's school choice applications under Arkansas law, and for other reasons set forth below, the Petitioner's appeal should be denied.

ARKANSAS LAW AND BRYANT SCHOOL BOARD RESOLUTION

7. The Public School Choice Act of 2015 permits a student to apply to attend school outside the student's resident district, subject to several statutory limitations. The limitations relevant to the present case are as follows:

a. “This subchapter does not require a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.” Ark. Code Ann. § 6-18-1903(c).

b. “The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under this subchapter.” Ark. Code Ann. § 6-18-1903(d)(1). Such standards may include, in part:

(1) The “capacity of a program, class, grade level, or school building;” Ark. Code Ann. § 6-18-1903(d)(2)(A).

(2) A school district may claim a lack of capacity “only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building;” Ark. Code Ann. § 6-18-1903(d)(2)(B).

c. “A school district receiving transfers under this subchapter shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.” Ark. Code Ann. § 6-18-1903(d)(3).

8. At the time the Bryant School Board passed its school choice resolution, the enrollment at each grade, and at each campus, of the Bryant School District exceeded ninety-five percent (95%) of capacity, even higher than the ninety percent (90%) threshold set by Ark. Code Ann. § 6-18-1903(d)(2)(B). **[EXHIBIT A]**.

a. First Grade: At the end of the 2015-2016 school year, the Bryant School District had 750 first grade slots. Students filled 719 of those slots. This number constituted approximately ninety-six percent (96%) of first grade capacity. **[EXHIBIT E]**. The Bryant School District will not complete elementary registration for the 2016-

2017 school until August. Actual enrollment will not be known until that time.

However, as of the date of this filing, the district projects that 684 of an available 725 first grade slots will be filled on the first day of school, reflecting ninety-four percent (94%) of capacity. **[EXHIBIT E]**.

b. Third Grade: At the end of the 2015-2016 school year, the Bryant School District had 775 third grade slots. Students filled 743 of those slots. This number represented approximately ninety-six percent (96%) of third grade capacity. **[EXHIBIT E]**. As with the first grade enrollment numbers, the Bryant School District does not have actual, 2016-2017 third grade enrollment numbers at this time. However, as of the date of this filing, the district projects that 742 of an available 750 third grade slots will be filled on the first day of school, reflecting ninety-nine percent (99%) capacity. **[EXHIBIT E]**.

c. Overall Elementary Building Capacity: At the end of the 2015-2016 school year, 4,264 of the district's 4,509 total elementary slots were filled, a number that represented ninety-five percent (95%) capacity. **[EXHIBIT E]**. For the beginning of the 2016-2017 school year, the Bryant School District projects that 4,207 of the total 4,468 elementary slots will be filled, a number that represents ninety-four percent (94%) of capacity. **[EXHIBIT E]**. As of the date of this filing, elementary registration is still ongoing.

9. As noted above, on March 17, 2016, the Bryant School Board adopted by resolution specific standards for the acceptance and rejection of school choice applications. **[EXHIBIT A]**. Specifically, the Board's resolution stated, in pertinent part, as follows:

a. “Due to a lack of capacity as defined in Arkansas law, the Bryant School District is unable to approve school choice applications into the Bryant School District for the 2016-2017 school year.” This standard is consistent with Ark. Code Ann. § 6-18-1903(d)(2)(A)-(B).

b. “The Bryant School District will accept siblings of students already attending the Bryant School District through an earlier school choice transfer.” This standard is consistent with Ark. Code Ann. § 6-18-1903(d)(2)(C) and § 6-18-1904(c)(2).

c. “The Bryant School District will accept students who attended school in the Bryant School District during the 2015-2016 school year, but whose families moved out of the Bryant School District, to remain in the Bryant School District through a school choice transfer.” The Bryant School Board adopted this provision in an effort to allow school choice transfers from existing students who would not count against the district’s overall enrollment from the 2015-2016 school year, and to allow educational continuity for those existing students who wished to remain in the school district through school choice.

THE PETITIONER’S ARGUMENTS

Ark. Code Ann. § 6-18-1906

10. For her first argument, the Petitioner states that because her children were denied school choice transfers for the 2015-2016 school year, they should be given priority for school choice transfers for the 2016-2017 school year. As support for her argument, the Petitioner cites Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of the Arkansas Department of Education Rules Governing the Public School Choice Act of

2015 (“Rules”). However, the cited provisions are inapplicable to the circumstances that give rise to the Petitioner’s appeal.

11. Section 7.02 of the Rules is a restatement of Ark. Code Ann. § 6-18-1906(b). That code provision applies to a “numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district . . . of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.” Ark. Code Ann. § 6-18-1906(b)(1)(A). This provision applies to the three percent (3%) net cap on school choice transfers from a school district. If a student’s school choice application is denied for one school year based upon the three percent (3%) net cap claimed by a resident district, then under Ark. Code Ann. § 6-18-1906(b)(3), “the *resident* district shall give the student priority for a transfer in the first school year in which the district is no longer subject to subdivision (b)(1) of this section in the order that the resident district receives notices of applications under § 6-18-1905. . . .” Ark. Code Ann. § 6-18-1906(b)(3) (emphasis added).

12. In the Petitioner’s case, the Respondent did not deny the 2015 school choice applications based upon any three percent (3%) cap restriction claimed by the Little Rock School District pursuant to Ark. Code Ann. § 6-18-1906. Instead, the Respondent denied the Petitioner’s 2015 applications (and 2016 applications) due to a lack of enrollment capacity at the Bryant School District pursuant to Ark. Code Ann. § 6-18-1903. The Petitioner is therefore not entitled to any preference as may be provided by Ark. Code Ann. § 6-18-1906.

Academic Performance at Mabelvale Elementary

13. For her second argument, the Petitioner contends that her children should be permitted to attend Bryant Elementary because its students' academic performance exceeds that of students who attend Mabelvale Elementary, according to the website, www.public-schools.startclass.com. While the Respondent is proud of the relative academic performance of students at Bryant Elementary, such performance is not sufficient reason under the Public School Choice Act of 2015 for the State Board of Education to grant the Petitioner's appeal.

14. Academic performance is certainly an important factor for parents as they decide where to send their children to school. However, relative academic performance of schools is insufficient under the Public School Choice Act of 2015, the Rules, and the Bryant School Board's resolution to grant the Petitioner's appeal, particularly, as here, when the Bryant School District does not have available enrollment capacity sufficient under the law to accommodate the requested transfers. A separate Arkansas law does allow for Arkansas Opportunity Public School Choice Act transfers when a resident school is in academic distress. Ark. Code Ann. § 6-18-227.

15. According to records maintained by the Arkansas Department of Education, Mabelvale Elementary is not in academic distress. **[EXHIBIT F]**. Therefore, the Arkansas Opportunity Public School Choice Act does not apply.

Racial Considerations

16. For her final argument, the Petitioner maintains that her children are two of only 22 Caucasian children at Mabelvale Elementary. The Petitioner believes that her children would feel "less segregated" and "more apt to be excited to attend school each

and every day” if allowed to attend Bryant Elementary. As the State Board of Education is well aware, under federal and state law, the Respondent and State Board of Education may not consider a student’s race while determining whether to accept or deny a school choice application or appeal.

CONCLUSION

17. The Respondent understands and deeply appreciates the wishes of the Petitioner, and other parents, to send their children to school in our district. However, as noted above, the Bryant School District is beyond the statutory capacity threshold at the applicable elementary grade levels and elementary buildings. Those enrollment numbers do not take into account students who may move into the Bryant School District over the summer, as registration is still ongoing.

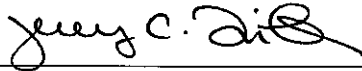

18. The Respondent continues to work hard to increase its enrollment capacity. Failed millage elections in February 2014 and March 2015 caused the district to make significant cuts to its budget in the hopes that the district could raise sufficient funds to build needed academic facilities. The district’s lean and efficient budget will not permit it to increase enrollment capacity at this time.

19. While the Public School Choice Act of 2015 promotes the laudable goal of providing academic choices to parents and students, the terms of the law are clear. A school district is not required to accept school choice transfers once it reaches ninety percent (90%) capacity at a program, class, grade level or school building. Moreover, the law does not require a school district to add teachers, staff, or classrooms in order to accommodate a school choice transfer.

20. Granting the Petitioner's appeal in this case would not be in accordance with Arkansas law. Such a decision would render the ninety percent (90%) capacity threshold established by the Arkansas General Assembly meaningless. Such a decision would also force the Bryant School District to bear expenses the Arkansas General Assembly expressly protected it from bearing.

21. For these reasons, the Bryant School District respectfully requests that the State Board of Education deny the Petitioner's appeal.

Respectfully submitted,

SCHOOL CHOICE RESOLUTION OF THE BRYANT SCHOOL DISTRICT
BOARD OF DIRECTORS

WHEREAS, the Public School Choice Act of 2015, codified at Ark. Code Ann. § 6-18-1901, et seq., requires the Bryant School Board of Directors to adopt, by resolution, specific standards for the acceptance and rejection of school choice applications; and

WHEREAS, Ark. Code Ann. § 6-18-1903(d)(2)(A) states that the standards adopted by a school board for the acceptance and rejection of school choice application may include the capacity of a program, class, grade level, or school building; and

WHEREAS, Ark. Code Ann. § 6-18-1903(d)(2)(B) states that a school district board of directors may claim a lack of capacity only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building; and

WHEREAS, enrollment at each grade, and at each campus, of the Bryant School District exceeds ninety-five percent (95%) of capacity.

NOW, THEREFORE, BE IT RESOLVED BY THE BRYANT SCHOOL DISTRICT BOARD OF DIRECTORS, THAT THE FOLLOWING STANDARDS FOR THE ACCEPTANCE AND REJECTION OF SCHOOL CHOICE APPLICATIONS SHALL APPLY TO THE BRYANT SCHOOL DISTRICT FOR THE 2016-2017 SCHOOL YEAR:

1. Due to a lack of capacity as defined in Arkansas law, the Bryant School District is unable to approve school choice applications into the Bryant School District for the 2016-2017 school year.
2. The Bryant School District will accept siblings of students already attending the Bryant School District through an earlier school choice transfer.
3. The Bryant School District will accept students who attended school in the Bryant School District during the 2015-2016 school year, but whose families moved out of the Bryant School District, to remain in the Bryant School District through a school choice transfer.
4. The following standard is required by Arkansas law to be included in every school choice resolution: "Priority for acceptance of school choice applications will be given to an applicant who has a sibling or stepsibling who resides in the same household and is already enrolled in the Bryant School District by choice."
5. The Bryant School District Board of Directors agreed upon this resolution by vote on March 17, 2016, during an open, regularly scheduled meeting.

Pursuant to standards adopted by a nonresident school board a nonresident district may reserve the right to accept and reject applicants based on capacity of programs, class, grade level, or school building. Likewise, a nonresident district's standards may provide for the rejection of an applicant based upon the submission of false or misleading information to the above listed request for information when that information directly impacts the legal qualifications of an applicant to transfer pursuant to the School Choice Act. However, a nonresident district's standards shall not include an applicant's previous academic achievement, athletic or other extracurricular ability, handicapping conditions, English proficiency level, or previous disciplinary proceedings, except that an expulsion from another district may be included pursuant to Ark. Code Ann. § 6-18-510. Priority will be given to applicants with siblings or step-siblings attending the district. The nonresident district shall accept credits toward graduation that were awarded by another district and award a diploma to a nonresident applicant if the applicant meets the nonresident district's graduation requirements. This application must be filed in the nonresident district or postmarked no later than May 1 of the year in which the applicant would begin the fall semester at the nonresident district. A student whose application for transfer is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer by filing such a request in writing with the Commissioner of Education no later than ten (10) days after the student or student's parent receives a notice of rejection. (Consult Ark. Code Ann. § 6-18-1905 and the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015 for specific procedures on how to file such an appeal).

June 15, 2016

Ms. Tara Fox
[REDACTED]

Mabelvale, AR 72103

Dear Ms. Fox:

We regret to inform you that the school choice applications for M [REDACTED] Kincaid and B [REDACTED] Kincaid must be denied for the following reason(s):

1. Pursuant to Ark. Code Ann. § 6-18-1903(d)(2), the Bryant School District has a lack of enrollment capacity. The Bryant School District's enrollment at each grade, and at each campus exceeds ninety-five percent (95%) of capacity; and
2. Your children did not attend the Bryant School District during the 2015-2016 school year and they do not have siblings who currently attend the Bryant School District through an earlier school choice transfer.

While we sincerely regret that we cannot approve your application at this time, we encourage you to consider applying for a school choice transfer for the 2017-2018 school year. We wish you and your family the very best.

Sincerely,

Tom W. Kimbrell, Ed.D.
Superintendent

June 25, 2016:

JUN 28 2016

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

To Whom it May Concern:

I am writing this letter to appeal the decision made by the office of the superintendent at Bryant Public schools to deny my children, M [REDACTED] + B [REDACTED] Kinkaid, access to their schools. I've included rejection letters from the Bryant School district for both kids for the ²⁰¹⁵⁻²⁰¹⁶ ~~2015-2016~~ and ²⁰¹⁶⁻²⁰¹⁷ ~~2016-2017~~ school years. As per document "Arkansas Department of Education Emergency Rules Governing the Public School Choice Act of 2015 (ADE 329-7)", if the student is unable to transfer due to limits under section 7.02 of these rules, the resident district shall give priority for transfer in first year which district no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules. I don't feel any priority has been given for this new school year and subsequently if the Bryant School District is not going to participate in the Arkansas Public School Choice Act, then they should not be included as a choice. My kids currently attend the Mabelvale Elementary school, which per "Public-Schools.startclass.com" has a smart rating of 36. This is lower than the average rating of 61 for elementary schools in Arkansas. The Mabelvale Elementary School is in the bottom 20% of Arkansas elementary schools.

based on how the student body performed on the state reading and math exams. Additionally, the current demographic of Mabelvale Elementary shows a distribution of ethnic backgrounds made up of 72.9% Black, 20.9% Hispanic, and 5.5% White. That means my children make up 2 of the 22 White students that currently attend Mabelvale's 398 student body. Compared to Bryant School District, the Bryant Elementary School receives a rating of 75, far above the average rating of 61 and double that of Mabelvale Elementary. The Bryant Elementary School also is among the top 30% of Arkansas elementary schools based on the student bodies state reading and math assessments. Far better than the bottom 20% as Mabelvale Elementary. Additionally, the current demographic of Bryant Elementary shows a distribution of ethnic ~~backgrounds~~ backgrounds made up of 72.2% White, 12.8% Black, and 11.2% Hispanic. My children would feel less segregated in an more evenly distributed school district and more apt to be excited to attend school each and every day.

Thank you for your time and consideration. I really would like to see my children have the best education and learning environment possible, so they have a strong foundation before attending college.

Sincerely,
Tara Fox

Smart Rating

StartClass evaluated 1,126 schools in Arkansas on several factors including college entrance exam scores, state assessment scores, and class size to determine a Smart Rating for each. Mabelvale Elementary School receives a rating of 36, which is considerably lower than the average rating of 61 for elementary schools in Arkansas.

Size & Student/Teacher Ratio

The average number of students for elementary schools in Arkansas is 419, so Mabelvale Elementary School is large. The student to teacher ratio is 19:1, which is significantly higher than the average for all U.S. elementary schools (15.6) and significantly higher than the average for elementary schools in Arkansas (14.9).

Grades Offered

Students may enroll in Pre-K - 5th grade.

Location Details

- Chicot West I-30 South is characterized as: lower middle class, less educated, and primarily composed of children and teenagers (under 20), which is the most prevalent age group.

Key Facts

Demographics

State Tests

Mostly African-American Students

398 students, or 72.9% of the student population at Mabelvale Elementary School identify as African-American, making up the largest segment of the student body. A typical school in Mabelvale is made up of 76.6% African-American students, so Mabelvale Elementary School has a very similar ethnic distribution compared to other schools in the city.

The demographic breakdown of Mabelvale Elementary School is drastically different from that of a typical school in the state of Arkansas, which is made up of 21.0% African-American students on average.

Gender Distribution

■ Female ■ Male

Roughly Equal Distribution of Genders

There is roughly an equal percentage of males and females at Mabelvale Elementary School with 51% males and 49% females forming the student body.

Compared to Mabelvale

The average school in the city of Mabelvale is 50.1% female and 49.9% male.

Compared to Arkansas

A typical school in the state of Arkansas is about 48.7% female and 51.3% male on average.

Socioeconomic Details

National School Lunch Program

Any child at a participating school may purchase a meal through the National School Lunch Program. Children from families with incomes **at or below 130%** of the poverty level are eligible for free meals. Those with incomes **between 130% and 185%** of the poverty level are eligible for reduced-price meals, for which students can be charged no more than 40 cents. 130 percent of the poverty level is **\$31,525** annual income for a family of four; 185 percent is **\$44,862** (different for Alaska and Hawaii, see ASPE for more details).

The median household income in Little Rock city is **\$45,135** per year. This city's median income is above the eligibility threshold for reduced price lunch, which may have an impact on the proportion of students eligible under the National School Lunch Program.

Reading/Language Arts Proficiency

Schools in Arkansas with
High Proficiency Scores

Markedly Lower Test Scores Than Most Elementary Schools in Arkansas

Mabelvale Elementary School is in the bottom 20% of Arkansas elementary schools based on how the student body performed on the state reading and math exams. Bear in mind that the State Department of Education for Arkansas sets the standard for what is considered a proficient score on each subject area exam.

Performance by Gender

Math

Reading/Language Arts

Females Achieve Significantly Higher Math Proficiency Than Males at This School

In addition to achieving a higher math proficiency than males at this school, females also outperform males at most elementary schools in the Little Rock School district. On average, female math proficiency is about 3% higher than male math proficiency. At the state level, females at elementary schools in Arkansas have performed about equally as well as males on the math assessment.

Performance by Ethnicity

Math

Reading/Language Arts

Small Achievement Gap between Ethnicities on the Math Exam

Based on the difference in proficiency between African-Americans and Caucasian students (ethnicities with the highest and lowest math proficiency, respectively), Mabelvale Elementary School has **largely minimized the disparity in math literacy** among different ethnic groups, but there is still room for improvement.

Bear in mind that African-American students also comprise the largest segment of the student body at Mabelvale Elementary School. **Caucasian students represent the smallest ethnic group** at this school and have **achieved the lowest level of math proficiency** out of the three ethnic groups represented at this school.

Smart Rating

StartClass evaluated 1,126 schools in Arkansas on several factors including college entrance exam scores, state assessment scores, and class size to determine a Smart Rating for each. **Bryant Elementary School receives a rating of 75, which is moderately high considering the average rating is 61 for elementary schools in Arkansas.**

Size & Student/Teacher Ratio

The average number of students for elementary schools in Arkansas is 419, so Bryant Elementary School is **very large**. The student to teacher ratio is 20:1, which is significantly higher than the average for all U.S. elementary schools (15.6) and significantly higher than the average for elementary schools in Arkansas (14.9).

Grades Offered

Students may enroll in Pre-K - 5th grade.

Location Details

- Bryant is an upper middle class, moderately educated city
- This area has a typical age distribution compared to the rest of the country

Key Facts Demographics State Tests

Mostly Caucasian Students

Bryant Elementary School identify as Caucasian, the local school in Bryant is made up of 75.2% Caucasian students, so Bryant Elementary School has a very similar ethnic distribution compared to other schools in the city.

The demographic breakdown of Bryant Elementary School is similar to that of a typical school in the state of Arkansas, which is made up of 63.1% Caucasian students on average.

Gender Distribution

■ Female ■ Male

Roughly Equal Distribution of Genders

There is roughly an equal percentage of males and females at Bryant Elementary School with 51% males and 49% females forming the student body.

Compared to Bryant

The average school in the city of Bryant is 49.5% female and 50.5% male.

Compared to Arkansas

A typical school in the state of Arkansas is about 48.7% female and 51.3% male on average.

Socioeconomic Details

National School Lunch Program

Any child at a participating school may purchase a meal through the National School Lunch Program. Children from families with incomes **at or below 130%** of the poverty level are eligible for free meals. Those with incomes **between 130% and 185%** of the poverty level are eligible for reduced-price meals, for which students can be charged no more than 40 cents. 130 percent of the poverty level is **\$31,525** annual income for a family of four; 185 percent is **\$44,862** (different for Alaska and Hawaii, see **ASPE** for more details).

The median household income in Bryant city is **\$62,761** per year. This city's median income is above the eligibility threshold for reduced price lunch, which may have an impact on the proportion of students eligible under the National School Lunch Program.

Noticeable Higher Test Scores Than Most Elementary Schools in Arkansas

Bryant Elementary School is in the top 30% of Arkansas elementary schools based on how the student body performed on the state reading and math assessments. Bear in mind that the State Department of Education for Arkansas sets the standard for what is considered a proficient score on each subject area exam.

Performance by Gender

Math

Reading/Language Arts

Females Achieve Slightly Higher Math Proficiency Than Males at This School

While females at this school have achieved a higher math proficiency than males, at most elementary

schools in the Bryant School district, males and females have achieved about an equal level of math proficiency. At the state level, females at elementary schools in Arkansas have performed about equally as well as males on the math assessment.

Performance by Ethnicity

Math

Reading/Language Arts

Large Achievement Gap between Ethnicities on the Math Exam

Based on the difference in proficiency between Caucasians and Asian students (ethnicities with the highest and lowest math proficiency, respectively), Bryant Elementary School has **not successfully minimized the disparity in math literacy** among different ethnic groups.

Bear in mind that Caucasian students also comprise the largest segment of the student body at Bryant Elementary School. **Asian students represent the smallest ethnic group** at this school and have **achieved the lowest level of math proficiency** out of the four ethnic groups represented at this school.

Academic Distressed Schools have percent proficient and advanced of 49.5 or less using the following calculation:
 (number of students proficient or advanced for math in the last three years) divided by
 (number of students proficient or advanced for literacy in the last three years) divided by
 (the number of math tests in the last three years plus the number of literacy tests in the last three years).
 The State Board of Education classified 24 schools as being in Academic Distress.

On May 12, 2016, Lincoln Academy was given the classification from Lincoln Academy of Excellence.

SCHOOL CHOICE STATUTES AND ACTS

West's Arkansas Code Annotated

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1901

§ 6-18-1901. Title--Legislative findings

Effective: March 20, 2015

[Currentness](#)

(a) This subchapter shall be known and may be cited as the “Public School Choice Act of 2015”.

(b) The General Assembly finds that:

(1) The students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some at-risk students will stay in school and that other, more motivated students will find their full academic potential;

(2) Giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools because teachers, administrators, and school district board members will have added incentive to satisfy the educational needs of the students who reside in the district; and

(3) These benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any school district beyond the school district in which the student resides, provided that the transfer by the student does not conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation in the school district.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1903

§ 6-18-1903. Public school choice program established

Effective: March 20, 2015

[Currentness](#)

(a) A public school choice program is established to enable a student in kindergarten through grade twelve (K-12) to attend a school in a nonresident district, subject to the limitations under [§ 6-18-1906](#).

(b) Each school district shall participate in a public school choice program consistent with this subchapter.

(c) This subchapter does not require a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.

(d)(1) The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under this subchapter.

(2) The standards:

(A) May include without limitation the capacity of a program, class, grade level, or school building;

(B) May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building;

(C) Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:

(i) Resides in the same household; and

(ii) Is already enrolled in the nonresident district by choice; and

(D) Shall not include an applicant's:

(i) Academic achievement;

(ii) Athletic or other extracurricular ability;

(iii) English proficiency level; or

(iv) Previous disciplinary proceedings, except that an expulsion from another district may be included under [§ 6-18-510](#).

(3) A school district receiving transfers under this subchapter shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.

(e) A nonresident district shall:

(1) Accept credits toward graduation that were awarded by another district; and

(2) Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(f) The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:

(1) Availability of the program;

(2) Application deadline; and

(3) Requirements and procedure for nonresident students to participate in the program.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1904

§ 6-18-1904. General provisions

Effective: March 20, 2015

[Currentness](#)

(a) The transfer of a student under the Arkansas Public School Choice Act of 1989, [§ 6-18-206](#) [repealed], or the Public School Choice Act of 2013, is not voided by this subchapter and shall be treated as a transfer under this subchapter.

(b)(1) A student may accept only one (1) school choice transfer per school year.

(2)(A) A student who accepts a public school choice transfer may return to his or her resident district during the school year.

(B) If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.

(c)(1) A transfer student attending a nonresident school under this subchapter may complete all remaining school years at the nonresident district.

(2) A present or future sibling of a student who continues enrollment in the nonresident district under this subsection and applies for a school choice transfer under [§ 6-18-1905](#) may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.

(3) A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under subdivision (c)(2) of this section may complete all remaining school years at the nonresident district.

(d)(1) The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

(2) The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

(3) The State Board of Education may resolve disputes concerning transportation arising under this subsection.

(e) For purposes of determining a school district's state aid, a transfer student is counted as a part of the average daily membership of the nonresident district where the transfer student is enrolled.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1906

§ 6-18-1906. Limitations

Effective: March 20, 2015

[Currentness](#)

(a)(1) If the provisions of this subchapter conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

(2) If a school district claims a conflict under subdivision (a)(1) of this section, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.

(b)(1)(A) There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district, under this section of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.

(B) For the purpose of determining the percentage of school choice transfers under this subsection, siblings who are counted in the numerator as transfer students shall count as one (1) student.

(C) A student eligible to transfer to a nonresident district under [§ 6-15-430\(c\)\(1\)](#), the Arkansas Opportunity Public School Choice Act of 2004, [§ 6-18-227](#), or [§ 6-21-812](#) shall not count against the cap of three percent (3%) of the resident or nonresident district.

(2) Annually by December 15, the department shall report to each school district the net maximum number of school choice transfers for the next school year.

(3) If a student is unable to transfer due to the limits under this subsection, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to subdivision (b)(1) of this section in the order that the resident district receives notices of applications under [§ 6-18-1905](#), as evidenced by a notation made by the district on the applications indicating date and time of receipt.

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1907

§ 6-18-1907. Rules--Appeal--Data collection and reporting

Effective: April 16, 2013

[Currentness](#)

(a) The State Board of Education may promulgate rules to implement this subchapter.

(b)(1) A student whose application for a transfer under [§ 6-18-1905](#) is rejected by the nonresident district may request a hearing before the state board to reconsider the transfer.

(2)(A) A request for a hearing before the state board shall be in writing and shall be postmarked no later than ten (10) days after the student or the student's parent receives a notice of rejection of the application under [§ 6-18-1905](#).

(B) As part of the review process, the parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.

(3) If the state board overturns the determination of the nonresident district on appeal, the state board shall notify the parent, the nonresident district, and the resident district of the basis for the state board's decision.

(c)(1) The department shall collect data from school districts on the number of applications for student transfers under this section and study the effects of school choice transfers under this subchapter, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

(2) Annually by October 1, the department shall report its findings from the study of the data under this subsection to the Senate Committee on Education and the House Committee on Education.

SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING
THE PUBLIC SCHOOL CHOICE ACT OF 2015
August 2015**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Public School Choice Act of 2015.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. § 6-18-1901 et seq., as amended by Act 560 of 2015, and Ark. Code Ann. §§ 6-11-105 and 25-15-201 et seq.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Nonresident District” means a school district other than a student’s resident district;
- 3.02 “Parent” means a student’s parent, guardian, or other person having custody or care of the student;
- 3.03 “Resident district” means the school district in which the student resides as determined under Ark. Code Ann. § 6-18-202;
- 3.04 “Sibling” means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care; and
- 3.05 “Transfer student” means a public school student in kindergarten through grade twelve (12) who transfers to a nonresident district through a public school choice option under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

4.00 ESTABLISHMENT OF PUBLIC SCHOOL CHOICE PROGRAM

- 4.01 A public school choice program is established to enable a student in kindergarten through grade twelve (12) to attend a school in a nonresident district, subject to the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules.
- 4.02 Each school district shall participate in a public school choice program consistent with Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

- 4.03 These rules do not require a school district to add teachers, staff, or classrooms, or in any way to exceed the requirements and standards established by existing law.
- 4.04 The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules. The standards:
 - 4.04.1 May include without limitation the capacity of a program, class, grade level, or school building;
 - 4.04.2 May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building under federal law, state law, the rules for standards of accreditation, or other applicable regulations;
 - 4.04.3 Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:
 - 4.04.3.1 Resides in the same household; and
 - 4.04.3.2 Is already enrolled in the nonresident district by choice.
 - 4.04.4 Shall not include an applicant's:
 - 4.04.4.1 Academic achievement;
 - 4.04.4.2 Athletic or other extracurricular ability;
 - 4.04.4.3 English proficiency level; or
 - 4.04.4.4 Previous disciplinary proceedings, except that an expulsion from another district may be included under Ark. Code Ann. § 6-18-510.
 - 4.04.5 A school district receiving transfers under the Public School Choice Act of 2013 and these rules shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.
- 4.05 A nonresident district shall:
 - 4.05.1 Accept credits toward graduation that were awarded by another district; and

- 4.05.2 Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.
- 4.06 The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:
 - 4.06.1 Availability of the program;
 - 4.06.2 Application deadline; and
 - 4.06.3 Requirements and procedure for nonresident students to participate in the program.

5.00 GENERAL PROVISIONS

- 5.01 The transfer of a student under the Arkansas Public School Choice Act of 1989 (Ark. Code Ann. § 6-18-206 [repealed]) or the Public School Choice Act of 2013, is not voided by Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules and shall be treated as a transfer under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.
- 5.02 A student may accept only one (1) school choice transfer per school year.
 - 5.02.1 A student who accepts a public school choice transfer may return to his or her resident district during the school year.
 - 5.02.2 If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.
- 5.03 A transfer student attending a nonresident school under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules may complete all remaining school years at the nonresident district.
 - 5.03.1 A present or future sibling of a student who continues enrollment in the nonresident district under Section 5.03 of these rules and applies for a school choice transfer under Ark. Code Ann. § 6-18-1905 may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.
 - 5.03.2 A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under Section 5.03 of these rules may complete all remaining years at the nonresident district.

5.04 The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

5.04.1 The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

5.04.2 The State Board of Education may resolve disputes concerning transportation arising under Section 5.04 of these rules.

5.05 For purposes of determining a school district's state aid, a transfer student is counted as part of the average daily membership of the nonresident district where the transfer student is enrolled.

6.00 APPLICATION FOR TRANSFER

6.01 If a student seeks to attend a school in a nonresident district, the student's parent shall submit an application:

6.01.1 To the nonresident district which shall notify the resident district of the filing of the application;

6.01.2 On the form that is attached to these rules as Attachment 1; and

6.01.3 Postmarked no later than May 1 of the year in which the student seeks to begin the fall semester at the nonresident district.

6.02 A nonresident district that receives an application under Section 6.01 of these rules shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

6.03 A nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district.

6.04 Before accepting or rejecting an application, a nonresident district shall determine whether one of the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules applies to the application.

6.05 By July 1 of the school year in which the student seeks to enroll in a nonresident district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, the superintendent of the nonresident district shall notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected.

- 6.05.1 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for the rejection.
- 6.05.2 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter a reasonable deadline by which the student shall enroll in the nonresident district and after which the acceptance notification is null.

7.00 LIMITATIONS

- 7.01 If the provisions of Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.
 - 7.01.1 If a school district claims a conflict under Section 7.01 of these rules, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.
 - 7.01.2 A school district shall provide the information required under Section 7.01.1 of these rules to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act
Four Capitol Mall
Little Rock, AR 72201
- 7.02 There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.
 - 7.02.1 For the purpose of determining the percentage of school choice transfers under Section 7.02 of these rules, siblings who are counted in the numerator as transfer students shall count as one (1) student.
 - 7.02.2 A student eligible to transfer to a nonresident district under Ark. Code Ann. §§ 6-15-430(c)(1), 6-18-227, or 6-21-812 shall not count against the cap of three percent (3%) of the resident or nonresident district.

- 7.02.3 Annually by December 15, the Department of Education shall report to each school district the net maximum number of school choice transfers for the next school year.
- 7.02.4 If a student is unable to transfer due to the limits under Section 7.02 of these rules, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules in the order that the resident district receives notices of applications under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules, as evidenced by a notation made by the district on the applications indicating date and time of receipt.

8.00 APPEAL, DATA COLLECTION AND REPORTING

- 8.01 A student whose application for a transfer under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.
- 8.01.1 A request for a hearing before the State Board of Education shall be in writing and shall be postmarked no later than ten (10) calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules and shall be mailed to:
- Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201
- 8.01.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the student or student's parent must also mail a copy of the written appeal to the superintendent of the nonresident school district.
- 8.01.3 In its written appeal, the student or student's parent shall state his or her basis for appealing the decision of the nonresident district.
- 8.01.4 The student or student's parent shall submit, along with its written appeal, a copy of the notice of rejection from the nonresident school district.
- 8.01.5 As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.
- 8.01.6 The nonresident district may submit, in writing, any additional information, evidence, or arguments supporting its rejection of the

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

WINSLOW, AR 72959

WINSLOW, AR 72959

Commissioner of Education – Johnny Key
Arkansas Department of Education
Room 304-A
#4 State Capitol Mall
Little Rock, AR 72201-1071

RECEIVED
COMMISSIONER'S OFFICE

JUL 01 2016

DEPARTMENT OF EDUCATION

Commissioner Johnny Key,

I am writing to you on behalf of my sister, Silkie Molnar, for her sons A [REDACTED] Molnar and A [REDACTED] Molnar. A [REDACTED] and A [REDACTED] were recently denied their applications to their school choice of Mountainburg School District because they are Special Needs Children. The school sent letters stating they have a high percentage of Special Education at the Mountainburg School District and would need more personal.

My sister would like to formally request an appeal of this denial. This is a list of why she thinks A [REDACTED] and A [REDACTED] would do their best academically in Mountainburg School.

1. A [REDACTED] and A [REDACTED] had been students at Mountainburg for several years until last school year when my sister had to move for financial reasons. Since then, she was able to move back to Winslow with the aid of family.
2. A [REDACTED] and A [REDACTED] are special needs children. They thrive in environments they know best and flounder in new ones.
3. They know people in Mountainburg and have friendships there. This is a very good thing because when they had to go to the Lincoln School District last school year they had been picked on from the very first day onward. Going to school became very difficult for them.
4. Mountainburg is not very far away from their house in Winslow. Their house hold is low income and it would be very costly to drive the children to a further away school district.
5. A [REDACTED] and A [REDACTED] cousins were approved to attend the Mountainburg School District. Their names are [REDACTED] and [REDACTED]
6. Their cousins live in the house right next to theirs. It would be cost efficient to have all the children in the same school district that way they can save money on gas expenses by carpooling together.
7. I know that A [REDACTED] and A [REDACTED] are Special Needs Children, but they are also great little guys. They're loving, kind, brave, funny, inquisitive, artistic, and all around great little men. Mountainburg Schools would be very lucky to have those two little red-heads smiling, laughing, and learning in their school district.

I have included copies of their denial letters, their cousin's acceptance letters, and a self-addressed stamped envelope.

Please grant their appeal. We thank you for your time and consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Caroline Harmon', written over a horizontal line.

Dear Silke C. Molar:

I regret to inform you that the Mountainburg School District has denied the school choice application that was submitted on behalf of A [REDACTED] Molnar. The denial is based on Special Education high percentages at the Mountainburg School District and having to hire additional personnel.

You have the right to appeal this decision to the State Board of Education.

Sincerely,

Dennis W. Copeland,

RESPONSE

Subject: Re: Notice of Filing of School Choice Appeal - Molnar Family
Date: Tuesday, July 5, 2016 at 2:13:30 PM Central Daylight Time
From: Dennis Copeland
To: Jennifer Davis (ADE)

Jennifer,

In response to this information, the reason the Molnars were denied the School Choice Option into Mountainburg was that it put us over capacity in our Self-Contained Classrooms. The District would have to hire additional staff if the Molnars were approved to attend on the School Choice Option. Currently, 19% of our student body is made up of Special Needs students in K-12th Grade.

Sincerely,

Dennis W. Copeland,
Superintendent

On Tue, Jul 5, 2016 at 10:04 AM, Jennifer Davis (ADE) <Jennifer.Davis@arkansas.gov> wrote:
Superintendent Copeland:

Please find attached a school choice appeal filed with the ADE by the Molnar family. The family appeals the decision of the Mountainburg School District to deny the school choice transfer of their children from the Lincoln School District. The applicable ADE rules state that a nonresident district must file any response to the appeal within ten (10) days of receipt of the appeal.

You may send any response to me via email or you may send it to the following address:

Office of the Commissioner

ATTN: Arkansas Public School Choice Act Appeals

Four Capitol Mall

Little Rock, Arkansas 72201

I have enclosed a copy of the current ADE rules and the school choice statutes for your review. ADE staff will send all parties a formal notification letter once any response is received (or if the ten day time period passes without a response from the nonresident district).

Thank you for your attention to this matter.

Thanks,

Jennifer Davis

SCHOOL CHOICE STATUTES AND ACTS

West's Arkansas Code Annotated

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1901

§ 6-18-1901. Title--Legislative findings

Effective: March 20, 2015

[Currentness](#)

(a) This subchapter shall be known and may be cited as the “Public School Choice Act of 2015”.

(b) The General Assembly finds that:

(1) The students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some at-risk students will stay in school and that other, more motivated students will find their full academic potential;

(2) Giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools because teachers, administrators, and school district board members will have added incentive to satisfy the educational needs of the students who reside in the district; and

(3) These benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any school district beyond the school district in which the student resides, provided that the transfer by the student does not conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation in the school district.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1903

§ 6-18-1903. Public school choice program established

Effective: March 20, 2015

[Currentness](#)

(a) A public school choice program is established to enable a student in kindergarten through grade twelve (K-12) to attend a school in a nonresident district, subject to the limitations under [§ 6-18-1906](#).

(b) Each school district shall participate in a public school choice program consistent with this subchapter.

(c) This subchapter does not require a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.

(d)(1) The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under this subchapter.

(2) The standards:

(A) May include without limitation the capacity of a program, class, grade level, or school building;

(B) May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building;

(C) Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:

(i) Resides in the same household; and

(ii) Is already enrolled in the nonresident district by choice; and

(D) Shall not include an applicant's:

(i) Academic achievement;

(ii) Athletic or other extracurricular ability;

(iii) English proficiency level; or

(iv) Previous disciplinary proceedings, except that an expulsion from another district may be included under [§ 6-18-510](#).

(3) A school district receiving transfers under this subchapter shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.

(e) A nonresident district shall:

(1) Accept credits toward graduation that were awarded by another district; and

(2) Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(f) The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:

(1) Availability of the program;

(2) Application deadline; and

(3) Requirements and procedure for nonresident students to participate in the program.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1904

§ 6-18-1904. General provisions

Effective: March 20, 2015

[Currentness](#)

(a) The transfer of a student under the Arkansas Public School Choice Act of 1989, [§ 6-18-206](#) [repealed], or the Public School Choice Act of 2013, is not voided by this subchapter and shall be treated as a transfer under this subchapter.

(b)(1) A student may accept only one (1) school choice transfer per school year.

(2)(A) A student who accepts a public school choice transfer may return to his or her resident district during the school year.

(B) If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.

(c)(1) A transfer student attending a nonresident school under this subchapter may complete all remaining school years at the nonresident district.

(2) A present or future sibling of a student who continues enrollment in the nonresident district under this subsection and applies for a school choice transfer under [§ 6-18-1905](#) may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.

(3) A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under subdivision (c)(2) of this section may complete all remaining school years at the nonresident district.

(d)(1) The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

(2) The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

(3) The State Board of Education may resolve disputes concerning transportation arising under this subsection.

(e) For purposes of determining a school district's state aid, a transfer student is counted as a part of the average daily membership of the nonresident district where the transfer student is enrolled.

A.C.A. § 6-18-1906

§ 6-18-1906. Limitations

Effective: March 20, 2015

[Currentness](#)

(a)(1) If the provisions of this subchapter conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

(2) If a school district claims a conflict under subdivision (a)(1) of this section, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.

(b)(1)(A) There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district, under this section of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.

(B) For the purpose of determining the percentage of school choice transfers under this subsection, siblings who are counted in the numerator as transfer students shall count as one (1) student.

(C) A student eligible to transfer to a nonresident district under [§ 6-15-430\(c\)\(1\)](#), the Arkansas Opportunity Public School Choice Act of 2004, [§ 6-18-227](#), or [§ 6-21-812](#) shall not count against the cap of three percent (3%) of the resident or nonresident district.

(2) Annually by December 15, the department shall report to each school district the net maximum number of school choice transfers for the next school year.

(3) If a student is unable to transfer due to the limits under this subsection, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to subdivision (b)(1) of this section in the order that the resident district receives notices of applications under [§ 6-18-1905](#), as evidenced by a notation made by the district on the applications indicating date and time of receipt.

SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING
THE PUBLIC SCHOOL CHOICE ACT OF 2015
August 2015**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Public School Choice Act of 2015.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. § 6-18-1901 et seq., as amended by Act 560 of 2015, and Ark. Code Ann. §§ 6-11-105 and 25-15-201 et seq.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Nonresident District” means a school district other than a student’s resident district;
- 3.02 “Parent” means a student’s parent, guardian, or other person having custody or care of the student;
- 3.03 “Resident district” means the school district in which the student resides as determined under Ark. Code Ann. § 6-18-202;
- 3.04 “Sibling” means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care; and
- 3.05 “Transfer student” means a public school student in kindergarten through grade twelve (12) who transfers to a nonresident district through a public school choice option under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

4.00 ESTABLISHMENT OF PUBLIC SCHOOL CHOICE PROGRAM

- 4.01 A public school choice program is established to enable a student in kindergarten through grade twelve (12) to attend a school in a nonresident district, subject to the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules.
- 4.02 Each school district shall participate in a public school choice program consistent with Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

- 4.03 These rules do not require a school district to add teachers, staff, or classrooms, or in any way to exceed the requirements and standards established by existing law.
- 4.04 The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules. The standards:
 - 4.04.1 May include without limitation the capacity of a program, class, grade level, or school building;
 - 4.04.2 May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building under federal law, state law, the rules for standards of accreditation, or other applicable regulations;
 - 4.04.3 Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:
 - 4.04.3.1 Resides in the same household; and
 - 4.04.3.2 Is already enrolled in the nonresident district by choice.
 - 4.04.4 Shall not include an applicant's:
 - 4.04.4.1 Academic achievement;
 - 4.04.4.2 Athletic or other extracurricular ability;
 - 4.04.4.3 English proficiency level; or
 - 4.04.4.4 Previous disciplinary proceedings, except that an expulsion from another district may be included under Ark. Code Ann. § 6-18-510.
 - 4.04.5 A school district receiving transfers under the Public School Choice Act of 2013 and these rules shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.
- 4.05 A nonresident district shall:
 - 4.05.1 Accept credits toward graduation that were awarded by another district; and

- 4.05.2 Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.
- 4.06 The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:
 - 4.06.1 Availability of the program;
 - 4.06.2 Application deadline; and
 - 4.06.3 Requirements and procedure for nonresident students to participate in the program.

5.00 GENERAL PROVISIONS

- 5.01 The transfer of a student under the Arkansas Public School Choice Act of 1989 (Ark. Code Ann. § 6-18-206 [repealed]) or the Public School Choice Act of 2013, is not voided by Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules and shall be treated as a transfer under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.
- 5.02 A student may accept only one (1) school choice transfer per school year.
 - 5.02.1 A student who accepts a public school choice transfer may return to his or her resident district during the school year.
 - 5.02.2 If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.
- 5.03 A transfer student attending a nonresident school under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules may complete all remaining school years at the nonresident district.
 - 5.03.1 A present or future sibling of a student who continues enrollment in the nonresident district under Section 5.03 of these rules and applies for a school choice transfer under Ark. Code Ann. § 6-18-1905 may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.
 - 5.03.2 A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under Section 5.03 of these rules may complete all remaining years at the nonresident district.

5.04 The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

5.04.1 The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

5.04.2 The State Board of Education may resolve disputes concerning transportation arising under Section 5.04 of these rules.

5.05 For purposes of determining a school district's state aid, a transfer student is counted as part of the average daily membership of the nonresident district where the transfer student is enrolled.

6.00 APPLICATION FOR TRANSFER

6.01 If a student seeks to attend a school in a nonresident district, the student's parent shall submit an application:

6.01.1 To the nonresident district which shall notify the resident district of the filing of the application;

6.01.2 On the form that is attached to these rules as Attachment 1; and

6.01.3 Postmarked no later than May 1 of the year in which the student seeks to begin the fall semester at the nonresident district.

6.02 A nonresident district that receives an application under Section 6.01 of these rules shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

6.03 A nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district.

6.04 Before accepting or rejecting an application, a nonresident district shall determine whether one of the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules applies to the application.

6.05 By July 1 of the school year in which the student seeks to enroll in a nonresident district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, the superintendent of the nonresident district shall notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected.

- 6.05.1 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for the rejection.
- 6.05.2 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter a reasonable deadline by which the student shall enroll in the nonresident district and after which the acceptance notification is null.

7.00 LIMITATIONS

- 7.01 If the provisions of Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.
 - 7.01.1 If a school district claims a conflict under Section 7.01 of these rules, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.
 - 7.01.2 A school district shall provide the information required under Section 7.01.1 of these rules to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act
Four Capitol Mall
Little Rock, AR 72201
- 7.02 There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.
 - 7.02.1 For the purpose of determining the percentage of school choice transfers under Section 7.02 of these rules, siblings who are counted in the numerator as transfer students shall count as one (1) student.
 - 7.02.2 A student eligible to transfer to a nonresident district under Ark. Code Ann. §§ 6-15-430(c)(1), 6-18-227, or 6-21-812 shall not count against the cap of three percent (3%) of the resident or nonresident district.

- 7.02.3 Annually by December 15, the Department of Education shall report to each school district the net maximum number of school choice transfers for the next school year.
- 7.02.4 If a student is unable to transfer due to the limits under Section 7.02 of these rules, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules in the order that the resident district receives notices of applications under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules, as evidenced by a notation made by the district on the applications indicating date and time of receipt.

8.00 APPEAL, DATA COLLECTION AND REPORTING

- 8.01 A student whose application for a transfer under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.
- 8.01.1 A request for a hearing before the State Board of Education shall be in writing and shall be postmarked no later than ten (10) calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules and shall be mailed to:
- Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201
- 8.01.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the student or student's parent must also mail a copy of the written appeal to the superintendent of the nonresident school district.
- 8.01.3 In its written appeal, the student or student's parent shall state his or her basis for appealing the decision of the nonresident district.
- 8.01.4 The student or student's parent shall submit, along with its written appeal, a copy of the notice of rejection from the nonresident school district.
- 8.01.5 As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.
- 8.01.6 The nonresident district may submit, in writing, any additional information, evidence, or arguments supporting its rejection of the

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

**Re: Appeal Under the Public School Choice Act
VIA CERTIFIED AND REGULAR MAIL**

Everyone:

This letter is to notify you that the Arkansas State Board of Education is scheduled to hear the above-referenced appeal(s) on **Thursday, August 11, 2016**. The meeting will begin at **10:00 a.m. in the Auditorium of the Arch Ford Education Building, Four Capitol Mall, Little Rock, Arkansas.**

The Arkansas State Board of Education has requested the parent, the non-resident district, and the resident district attend this meeting and be available for questions.

The above-referenced appeal(s) will be conducted pursuant to the legal authority and jurisdiction vested in the State Board by the Public School Choice Act and the Arkansas Department of Education Rules Governing the Public School Choice Act. You may find copies of these references on the Arkansas Department of Education School Choice Website:

<http://www.arkansased.gov/divisions/public-school-accountability/equity-assistance/school-choice>

Thank you in advance for your cooperation in this matter. Please do not hesitate to contact the Arkansas Department of Education's Legal Services Division at (501) 682-4227 should you require additional information.

Sincerely,

Jennifer Davis

APPEAL

Subject: RE: Appeal of Denial of School Choice

Date: Monday, July 25, 2016 at 10:15:18 AM Central Daylight Time

From: Lori Freno (ADE)

To: Gary Newton

CC: Jennifer Davis (ADE)

Thank you Mr. Newton. We have received your appeal and I am forwarding it to Staff Attorney Jennifer Davis.

Lori Freno
General Counsel
Arkansas Department of Education
Four Capitol Mall, Room 301A
Little Rock, AR 72201
(501) 682-4234

From: Gary Newton [mailto:[REDACTED]]
Sent: Friday, July 22, 2016 4:03 PM
To: Lori Freno (ADE) <Lori.Freno@arkansas.gov>
Subject: Appeal of Denial of School Choice

Dear Ms. Freno,

Pursuant to Ark. Code Ann. § 6-18-1901 et seq. and the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015, please accept this email as notification of our appeal to the State Board of Education of the decision of the Pulaski County Special School District to deny our child's school choice application for the 2016-17 school year. Our family resides in the Little Rock School District.

According to the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015, we delivered our application to the Pulaski County Special School District on 4/29/2016, two days before the May 1st deadline. Notice of denial was sent 7/18/2016 and received until 7/20/2016.

Because the superintendent of the nonresident district did not notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected by the July 1st deadline, we respectfully request that the district's denial of transfer be declared null and void and the transfer granted.

Sincerely,

Gary Newton
Parent of J [REDACTED] [REDACTED] [REDACTED] Newton

(501) 234-2000

July 18, 2016

Gary and Alanna Newton

[REDACTED]
Little Rock, AR 72212-1909

Parent/Guardian:

Pulaski County Special School District (PCSSD) is in receipt of the Application for Transfer to a Nonresident District that you submitted.

We regret to inform you that the application you submitted for J [REDACTED] **Newton** has been denied due to the PCSSD exercising an exemption to the Arkansas Public School Choice Act of 2015.

This means that for the 2016-2017 school year student transfer requests to enter or exit PCSSD under the Arkansas Public School Choice Act of 2015 will not be granted.

Thank you for taking the time to submit your application and if you need further information please do not hesitate to call 234-2000.

Respectfully,

A handwritten signature in blue ink, which appears to read "Jerry Guess", is written over a horizontal line.

Pursuant to standards adopted by a nonresident school board a nonresident district may reserve the right to accept and reject applicants based on capacity of programs, class, grade level, or school building. Likewise, a nonresident district's standards may provide for the rejection of an applicant based upon the submission of false or misleading information to the above listed request for information when that information directly impacts the legal qualifications of an applicant to transfer pursuant to the School Choice Act. However, a nonresident district's standards shall not include an applicant's previous academic achievement, athletic or other extracurricular ability, handicapping conditions, English proficiency level, or previous disciplinary proceedings, except that an expulsion from another district may be included pursuant to Ark. Code Ann. § 6-18-510. Priority will be given to applicants with siblings or step-siblings attending the district. The nonresident district shall accept credits toward graduation that were awarded by another district and award a diploma to a nonresident applicant if the applicant meets the nonresident district's graduation requirements. This application must be filed in the nonresident district or postmarked no later than May 1 of the year in which the applicant would begin the fall semester at the nonresident district. A student whose application for transfer is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer by filing such a request in writing with the Commissioner of Education no later than ten (10) days after the student or student's parent receives a notice of rejection. (Consult Ark. Code Ann. § 6-18-1905 and the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015 for specific procedures on how to file such an appeal).

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1901

§ 6-18-1901. Title--Legislative findings

Effective: March 20, 2015

[Currentness](#)

(a) This subchapter shall be known and may be cited as the “Public School Choice Act of 2015”.

(b) The General Assembly finds that:

(1) The students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some at-risk students will stay in school and that other, more motivated students will find their full academic potential;

(2) Giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools because teachers, administrators, and school district board members will have added incentive to satisfy the educational needs of the students who reside in the district; and

(3) These benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any school district beyond the school district in which the student resides, provided that the transfer by the student does not conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation in the school district.

A.C.A. § 6-18-1902

§ 6-18-1902. Definitions

Effective: March 20, 2015

[Currentness](#)

As used in this subchapter:

- (1) “Nonresident district” means a school district other than a student's resident district;
- (2) “Parent” means a student's parent, guardian, or other person having custody or care of the student;
- (3) “Resident district” means the school district in which the student resides as determined under [§ 6-18-202](#); and
- (4) “Transfer student” means a public school student in kindergarten through grade twelve (K-12) who transfers to a nonresident district through a public school choice option under this subchapter.

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1903

§ 6-18-1903. Public school choice program established

Effective: March 20, 2015

[Currentness](#)

(a) A public school choice program is established to enable a student in kindergarten through grade twelve (K-12) to attend a school in a nonresident district, subject to the limitations under [§ 6-18-1906](#).

(b) Each school district shall participate in a public school choice program consistent with this subchapter.

(c) This subchapter does not require a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.

(d)(1) The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under this subchapter.

(2) The standards:

(A) May include without limitation the capacity of a program, class, grade level, or school building;

(B) May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building;

(C) Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:

(i) Resides in the same household; and

(ii) Is already enrolled in the nonresident district by choice; and

(D) Shall not include an applicant's:

(i) Academic achievement;

(ii) Athletic or other extracurricular ability;

(iii) English proficiency level; or

(iv) Previous disciplinary proceedings, except that an expulsion from another district may be included under [§ 6-18-510](#).

(3) A school district receiving transfers under this subchapter shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.

(e) A nonresident district shall:

(1) Accept credits toward graduation that were awarded by another district; and

(2) Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(f) The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:

(1) Availability of the program;

(2) Application deadline; and

(3) Requirements and procedure for nonresident students to participate in the program.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1904

§ 6-18-1904. General provisions

Effective: March 20, 2015

[Currentness](#)

(a) The transfer of a student under the Arkansas Public School Choice Act of 1989, [§ 6-18-206](#) [repealed], or the Public School Choice Act of 2013, is not voided by this subchapter and shall be treated as a transfer under this subchapter.

(b)(1) A student may accept only one (1) school choice transfer per school year.

(2)(A) A student who accepts a public school choice transfer may return to his or her resident district during the school year.

(B) If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.

(c)(1) A transfer student attending a nonresident school under this subchapter may complete all remaining school years at the nonresident district.

(2) A present or future sibling of a student who continues enrollment in the nonresident district under this subsection and applies for a school choice transfer under [§ 6-18-1905](#) may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.

(3) A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under subdivision (c)(2) of this section may complete all remaining school years at the nonresident district.

(d)(1) The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

(2) The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

(3) The State Board of Education may resolve disputes concerning transportation arising under this subsection.

(e) For purposes of determining a school district's state aid, a transfer student is counted as a part of the average daily membership of the nonresident district where the transfer student is enrolled.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1906

§ 6-18-1906. Limitations

Effective: March 20, 2015

[Currentness](#)

(a)(1) If the provisions of this subchapter conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

(2) If a school district claims a conflict under subdivision (a)(1) of this section, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.

(b)(1)(A) There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district, under this section of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.

(B) For the purpose of determining the percentage of school choice transfers under this subsection, siblings who are counted in the numerator as transfer students shall count as one (1) student.

(C) A student eligible to transfer to a nonresident district under [§ 6-15-430\(c\)\(1\)](#), the Arkansas Opportunity Public School Choice Act of 2004, [§ 6-18-227](#), or [§ 6-21-812](#) shall not count against the cap of three percent (3%) of the resident or nonresident district.

(2) Annually by December 15, the department shall report to each school district the net maximum number of school choice transfers for the next school year.

(3) If a student is unable to transfer due to the limits under this subsection, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to subdivision (b)(1) of this section in the order that the resident district receives notices of applications under [§ 6-18-1905](#), as evidenced by a notation made by the district on the applications indicating date and time of receipt.

SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING
THE PUBLIC SCHOOL CHOICE ACT OF 2015
August 2015**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Public School Choice Act of 2015.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. § 6-18-1901 et seq., as amended by Act 560 of 2015, and Ark. Code Ann. §§ 6-11-105 and 25-15-201 et seq.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Nonresident District” means a school district other than a student’s resident district;
- 3.02 “Parent” means a student’s parent, guardian, or other person having custody or care of the student;
- 3.03 “Resident district” means the school district in which the student resides as determined under Ark. Code Ann. § 6-18-202;
- 3.04 “Sibling” means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care; and
- 3.05 “Transfer student” means a public school student in kindergarten through grade twelve (12) who transfers to a nonresident district through a public school choice option under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

4.00 ESTABLISHMENT OF PUBLIC SCHOOL CHOICE PROGRAM

- 4.01 A public school choice program is established to enable a student in kindergarten through grade twelve (12) to attend a school in a nonresident district, subject to the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules.
- 4.02 Each school district shall participate in a public school choice program consistent with Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

- 4.03 These rules do not require a school district to add teachers, staff, or classrooms, or in any way to exceed the requirements and standards established by existing law.
- 4.04 The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules. The standards:
 - 4.04.1 May include without limitation the capacity of a program, class, grade level, or school building;
 - 4.04.2 May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building under federal law, state law, the rules for standards of accreditation, or other applicable regulations;
 - 4.04.3 Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:
 - 4.04.3.1 Resides in the same household; and
 - 4.04.3.2 Is already enrolled in the nonresident district by choice.
 - 4.04.4 Shall not include an applicant's:
 - 4.04.4.1 Academic achievement;
 - 4.04.4.2 Athletic or other extracurricular ability;
 - 4.04.4.3 English proficiency level; or
 - 4.04.4.4 Previous disciplinary proceedings, except that an expulsion from another district may be included under Ark. Code Ann. § 6-18-510.
 - 4.04.5 A school district receiving transfers under the Public School Choice Act of 2013 and these rules shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.
- 4.05 A nonresident district shall:
 - 4.05.1 Accept credits toward graduation that were awarded by another district; and

- 4.05.2 Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.
- 4.06 The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:
 - 4.06.1 Availability of the program;
 - 4.06.2 Application deadline; and
 - 4.06.3 Requirements and procedure for nonresident students to participate in the program.

5.00 GENERAL PROVISIONS

- 5.01 The transfer of a student under the Arkansas Public School Choice Act of 1989 (Ark. Code Ann. § 6-18-206 [repealed]) or the Public School Choice Act of 2013, is not voided by Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules and shall be treated as a transfer under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.
- 5.02 A student may accept only one (1) school choice transfer per school year.
 - 5.02.1 A student who accepts a public school choice transfer may return to his or her resident district during the school year.
 - 5.02.2 If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.
- 5.03 A transfer student attending a nonresident school under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules may complete all remaining school years at the nonresident district.
 - 5.03.1 A present or future sibling of a student who continues enrollment in the nonresident district under Section 5.03 of these rules and applies for a school choice transfer under Ark. Code Ann. § 6-18-1905 may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.
 - 5.03.2 A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under Section 5.03 of these rules may complete all remaining years at the nonresident district.

5.04 The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

5.04.1 The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

5.04.2 The State Board of Education may resolve disputes concerning transportation arising under Section 5.04 of these rules.

5.05 For purposes of determining a school district's state aid, a transfer student is counted as part of the average daily membership of the nonresident district where the transfer student is enrolled.

6.00 APPLICATION FOR TRANSFER

6.01 If a student seeks to attend a school in a nonresident district, the student's parent shall submit an application:

6.01.1 To the nonresident district which shall notify the resident district of the filing of the application;

6.01.2 On the form that is attached to these rules as Attachment 1; and

6.01.3 Postmarked no later than May 1 of the year in which the student seeks to begin the fall semester at the nonresident district.

6.02 A nonresident district that receives an application under Section 6.01 of these rules shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

6.03 A nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district.

6.04 Before accepting or rejecting an application, a nonresident district shall determine whether one of the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules applies to the application.

6.05 By July 1 of the school year in which the student seeks to enroll in a nonresident district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, the superintendent of the nonresident district shall notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected.

- 6.05.1 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for the rejection.
- 6.05.2 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter a reasonable deadline by which the student shall enroll in the nonresident district and after which the acceptance notification is null.

7.00 LIMITATIONS

- 7.01 If the provisions of Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.
 - 7.01.1 If a school district claims a conflict under Section 7.01 of these rules, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.
 - 7.01.2 A school district shall provide the information required under Section 7.01.1 of these rules to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act
Four Capitol Mall
Little Rock, AR 72201
- 7.02 There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.
 - 7.02.1 For the purpose of determining the percentage of school choice transfers under Section 7.02 of these rules, siblings who are counted in the numerator as transfer students shall count as one (1) student.
 - 7.02.2 A student eligible to transfer to a nonresident district under Ark. Code Ann. §§ 6-15-430(c)(1), 6-18-227, or 6-21-812 shall not count against the cap of three percent (3%) of the resident or nonresident district.

- 7.02.3 Annually by December 15, the Department of Education shall report to each school district the net maximum number of school choice transfers for the next school year.
- 7.02.4 If a student is unable to transfer due to the limits under Section 7.02 of these rules, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules in the order that the resident district receives notices of applications under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules, as evidenced by a notation made by the district on the applications indicating date and time of receipt.

8.00 APPEAL, DATA COLLECTION AND REPORTING

- 8.01 A student whose application for a transfer under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.
- 8.01.1 A request for a hearing before the State Board of Education shall be in writing and shall be postmarked no later than ten (10) calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules and shall be mailed to:
- Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201
- 8.01.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the student or student's parent must also mail a copy of the written appeal to the superintendent of the nonresident school district.
- 8.01.3 In its written appeal, the student or student's parent shall state his or her basis for appealing the decision of the nonresident district.
- 8.01.4 The student or student's parent shall submit, along with its written appeal, a copy of the notice of rejection from the nonresident school district.
- 8.01.5 As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.
- 8.01.6 The nonresident district may submit, in writing, any additional information, evidence, or arguments supporting its rejection of the

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

<p>Pursuant to standards adopted by a nonresident school board a nonresident district may reserve the right to accept and reject applicants based on capacity of programs, class, grade level, or school building. Likewise, a nonresident district's standards may provide for the rejection of an applicant based upon the submission of false or misleading information to the above listed request for information when that information directly impacts the legal qualifications of an applicant to transfer pursuant to the School Choice Act. However, a nonresident district's standards shall not include an applicant's previous academic achievement, athletic or other extracurricular ability, handicapping conditions, English proficiency level, or previous disciplinary proceedings, except that an expulsion from another district may be included pursuant to Ark. Code Ann. § 6-18-510. Priority will be given to applicants with siblings or step-siblings attending the district. The nonresident district shall accept credits toward graduation that were awarded by another district and award a diploma to a nonresident applicant if the applicant meets the nonresident district's graduation requirements. This application must be filed in the nonresident district or postmarked no later than May 1 of the year in which the applicant would begin the fall semester at the nonresident district. A student whose application for transfer is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer by filing such a request in writing with the Commissioner of Education no later than ten (10) days after the student or student's parent receives a notice of rejection. (Consult Ark. Code Ann. § 6-18-1905 and the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015 for specific procedures on how to file such an appeal).</p>

HEARING PROCEDURES

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

Letter for Appeal

In April 2016, we submitted two applications for School of Choice to the White Hall School District for our twins, [REDACTED] and [REDACTED] Wall. On Monday, June 27, we learned that J [REDACTED] had been accepted but [REDACTED] had been rejected. We spoke with the superintendent and learned that the rejection was based on the number of slots available. We are writing this to appeal this decision based on the facts that our (1) oldest child is already enrolled in the district, (2) one of the twins was accepted, (3) our active involvement at Taylor Elementary, and (4) the unnecessary psychological and emotional stress that would be caused by sending twins to separate schools.

Our oldest child, [REDACTED] is a star pupil at Taylor Elementary in White Hall. He just finished the 1st grade and already reads on a 4th grade level. He was 1 of only [REDACTED] first graders selected to the Gifted and Talented Education program. He has also been one of the top academic performers in his class. J [REDACTED] and [REDACTED] are equally advanced; both have already started reading, know their colors, ABC's, and can count to 100. [REDACTED] has already started to write short sentences.

We feel that it is unfair for the twins to have to attend separate elementary schools. We are currently zoned for Southwood Elementary in Pine Bluff. After research and speaking with other parents, our concerns have only been exacerbated. Southwood seems to lack the academic environment, performance and cultural diversity that we have experienced at Taylor. Additionally, we would have the burden of separate drop-off/pick-ups, Parent Teacher Organizations, field trips (one of us usually chaperones), and school event participation.

My wife and I are both actively involved at Taylor Elementary. She volunteers 1-2 days per week and has been a consistent substitute teacher for over a year. I am a Watchdog Dad and frequently chaperone fieldtrips. We have been members of the PTO. Separating the children would significantly impact our level of involvement due to the fact that we would have to divide our time between two schools.

We believe that separating the twins would cause psychological and emotional distress. While they were in separate pre-k classrooms at the UAPB Child Development Center, they have never been separated for extended periods. At their current level of emotional development, we are extremely concerned that this will have an adverse effect on them. This will be particularly difficult for [REDACTED], who will be completely isolated from her siblings.

Finally, we understand the difficult nature of this situation. Superintendent Smith explained that there were only four slots available for School of Choice in White Hall. We asking that you give strong consideration to this appeal. We are confident given our level of involvement and our children's performance this will have positive impact on White Hall and Taylor Elementary. Thank you for your consideration.

Enclosed are the following documents: [REDACTED] Wall's rejection letter, [REDACTED] Wall's application form, [REDACTED] Wall's application form, and [REDACTED] Wall's acceptance letter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert + Carmen Wall".

Robert and Carmen Wall

WHITE HALL SCHOOL DISTRICT

June 21, 2016

Carmen Wall
[REDACTED]

Pine Bluff, AR 71603

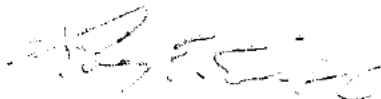

Carmen Wall,

I am sorry, but the application you submitted for J [REDACTED] Wall has been rejected for the following reason.

 X The non resident district(White Hall) is over capacity for Kindergarten.

As noted in your original application, you have 10 days from receipt of this notice in which to appeal this decision to the Arkansas State Board of Education.

Respectfully,

Dr. Larry Smith, Superintendent

RE: Request for School Choice

Dear Mr & Mrs. Wall,

I am pleased to inform you that the application(s) you submitted for C [REDACTED] Wall has been accepted pending enrollment of C [REDACTED] between July 15, 2014 and July 29, 2014, however, failure to enroll C [REDACTED] during this time period will render this offer of acceptance null and void.

Student(s)

C [REDACTED] Wall (Kindergarten)

Campus(es)

Taylor Elementary

Beginning July 15, 2014 you make take your student(s) to the assigned campus for pre-registering. Please bring a copy of this approved *School Choice Form* with you. Enclosed is information pertaining to pre-school registration.

The White Hall School District does not provide transportation for your student under the *School Choice Act of 2013*.

Sincerely,

Dr. Larry Smith
Superintendent

July 5, 2016

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

Commissioner Key,

I have received a copy of the school choice appeal filed with ADE by the Wall family concerning their child J [REDACTED] for Kindergarten in the 2016-17 school year.

The District's response is very simple. The White Hall School District employs 11 kindergarten teachers. We do not have any dedicated aides for those kindergarten classrooms. The maximum capacity for kindergarten in that configuration is 20 to 1. The district claims 90% capacity based upon the fact that with those 11 kindergarten teachers maximum enrollment is 220 students and 90% capacity would mean that the district would have 198 spots available. As you are aware the Arkansas Department of Education projects kindergarten enrollment for each school district each year as part of the responsibilities of the facilities division. The current projection (which is the most accurate tool we have available to us until kindergarten students actually arrive in the fall and all enroll) from the Facilities Division is 183 new kindergarten students. In addition, the District retained a total of 11 (2015-16 kindergarten) students which means that our total projected enrollment for kindergarten stands at 194 students. With 90% capacity at 198 and our projected actual enrollment at 194, the White Hall School District only accepted a total of four (4) incoming kindergarten students from other districts. This puts our projected capacity at the kindergarten level at 90%.

The District, as required by rule and law compiled a list of students at each grade level based upon a first come first serve basis, with students who already have siblings being moved to the front of the list, we had 29 total kindergarten applications with only four spots available. The four applicants that were accepted all had siblings already in the White Hall School District including in this case the other twin, J [REDACTED] Wall, who was the fourth child on the list once siblings were considered. Unfortunately, for the Wall family, the other twin in this case, J [REDACTED] was the fifth child on the list, and accepting her would have put the district over 90% capacity. I would point out in this instance, that 16 other children who turned in applications ahead of the Wall family were also denied enrollment into our district.

While I am certainly understanding of the [REDACTED] family situation, the White Hall School District has a responsibility to remain fiscally sound and maintain reasonable class size averages. That was the reason the 90% rule was put into law was to ensure that school districts did not have to hire staff unnecessarily to pay for students from other districts. While I do not enjoy dividing families, it is not the White Hall School District that is making that choice but rather the Wall family that is making the choice to move their children from the district in which they reside.

I would be happy to provide any additional information that you may require. You may reach me at 870-247-2196.

Sincerely,

Dr. Larry E. Smith, Superintendent
White Hall Public Schools

Jennifer Davis
Staff Attorney
Arkansas Department of Education
Four Capitol Mall, Room 301-A
Little Rock, AR 72201

Board of Education:

This packet contains additional materials to support our appeal.

In our letter for appeal (June 30, 2016), we stated that our children have excelled academically beyond their grade levels. 'Exhibit A' provides [REDACTED] and J [REDACTED] Wall's preschool summary reports. Each report details their development at the UAPB Child Development Center. 'Exhibit B' shows the achievements that C [REDACTED] Wall has accomplished in the past year at Taylor Elementary. It includes his acceptance letter into the Gifted and Talented Program at Taylor. Southwood Elementary does not have a Gifted and Talented Program.

In our letter for appeal, we stated our concern for the academic environment, performance and cultural diversity between White Hall and Pine Bluff School Districts. 'Exhibit C' displays the statistics of each school district for the past year. Please note that it is not our intent to bash or condemn the Pine Bluff District or Southwood Elementary School. However, we feel it is relevant when considering splitting up siblings (twins) between 2 different school districts.

Examples of our concerns included in the statistics:

Southwood Elementary School 2015 Report Card issued by the AR Department of Education gave the school a 'D' rating. Southwood's School Rating for 2014 was also a 'D' and Taylor Elementary received a 'B'. Only one school in the Pine Bluff School District received a 'C' rating in 2014. The AR Department of Education website indicates that the Pine Bluff School District has not had a school score higher than a 'C'. There were 849 schools in the state that received a C or higher in 2014. The website also indicates that the White Hall School District has not had a school rate lower than a 'C'. This year, Pine Bluff School District was 1 out of 19 schools statewide to receive an F. On average, Southwood's teachers have less teaching experience than Taylor's teachers. Southwood's demographics indicate that 4.1% of the students are not African American, thus proving the lack of diversity. When looking at test scores on page six, Southwood has underperformed Taylor in every subject for the past three years. Southwood has not met or surpassed the state average in reading, math, or science. Taylor Elementary not only meets but surpasses the district and state in First Grade Math.

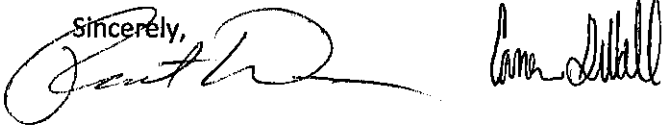

Again, we bring this up only out of concern that separating our twins (J [REDACTED] and J [REDACTED]) would create a pedagogical disparity in our household.

Finally, in our letter of appeal, we stated our involvement at Taylor Elementary. It will become very difficult to continue our level of interactions if the children are in different elementary schools. During the 2014/15 school year, I began volunteering at Taylor Elementary. My volunteer efforts included weekly tutoring which I have continued through the 2015/16 school year. I also served as the Co-Chair/Room Mother for the entire kindergarten class. Additionally, the volunteer role consisted of calling parents for different school events and overseeing Fabulous Fridays/ Teacher Appreciation

Weeks. By working as a volunteer at Taylor, I became interested in substitute teaching. 'Exhibit D' includes a few examples of volunteering and a check stub showing the hours dedicated to substitute teaching.

We appreciate the opportunity to appeal this decision and the time everyone has taken to review our supporting materials.

Sincerely,

The block contains two handwritten signatures. The first signature is a large, stylized cursive 'R' that extends to the left, with the word 'Sincerely,' written above it. The second signature is a smaller, more compact cursive signature, likely 'Carmen Wall', positioned to the right of the first signature.

Robert and Carmen Wall

Exhibit A

'Exhibit A' provides J [REDACTED] and J [REDACTED] Wall's preschool summary reports.

Exhibit B

'Exhibit B' shows the achievements that C [REDACTED] Wall has accomplished in the past year at Taylor Elementary.

HEATH BENNETT
Assistant Superintendent

Dear Parent,

We are pleased to announce that your child, C. [REDACTED] Wall, has been recommended for placement in the gifted and talented program. The White Hall School District is committed to meeting the special needs of students who demonstrate exceptional academic potential. The GATE program has been developed to serve students who require a differentiated form of instruction beyond that provided in the regular classroom. Elementary GATE students attend a GATE class for 2½ hours, once a week. Students at Moody and Gandy meet with GT Facilitator Tiffany Evans. Students at Taylor and Hardin meet with GT Facilitator Marybeth Passmore. Secondary GT students are served by attending advanced classes (pre Advanced Placement and Advanced Placement) and meet with the GT facilitators for 1 class period once a month.

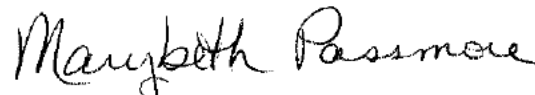

The GT screening committee has made this recommendation based on your child's academic, intellectual, creative and personal performance. Because this is a special program, we must have permission for your child to participate. Please sign the enclosed form and return it to your child's school as soon as possible so that s/he may begin attending GATE classes.

If you have any questions regarding this recommendation, please contact me at 247-2196 or email at passmorem@whitehallsd.org. Please check the GATE websites for schedules and information about the GATE program:

Arkansas schools get first A-F report cards; SEA schools scores vary

PB pbcommercial.com/news/state/arkansas-schools-get-first-f-report-cards-sea-schools-scores-vary

By John Lyon Arkansas News Bureau

April 15, 2015 - 6:46pm

LITTLE ROCK — For the first time, Arkansas public schools received A-F letter grades Wednesday on their annual report cards issued by the state Department of Education, with Pine Bluff-area schools' scores running the gamut.

The local scores were as follows:

Pine Bluff School District

Belair Middle School — F

Broadmoor Elementary School — C

Oak Park Elementary School — F

Thirty-Fourth Avenue Elementary School — D

Southwood Elementary School — D

Southeast Middle School — F

Pine Bluff High School — D

Jack Robey Junior High School — F

W.T. Cheney Elementary School — D

Dollarway School District

Matthews Elementary School — C

Robert F. Morehead Middle School — F

Dollarway High School — D

Townsend Park Elementary School — C

Watson Chapel School District

Edgewood Elementary School — C

L.L. Owen Elementary School — C

Coleman Elementary School — F

Watson Chapel High School — C

Watson Chapel Junior High School — F

White Hall School District

White Hall High School — B

Herdin Elementary School — A

Moody Elementary School — B

Taylor Elementary School — B

White Hall Middle School — C

Gandy Elementary School — B

Pine Bluff Lighthouse Academy — F

Quest Middle School of Pine Bluff — F

The letter grades are required by Act 696 of 2013. Previously, schools were graded on a scale of 1-5, but Act 696 seeks to make the grades easier to understand.

The 2015 report cards, which are based on data from the 2013-14 school year, give 162 schools an A, 321 schools a B, 366 schools a C, 160 schools a D and 43 schools an F.

The report cards can be viewed at <https://adesrc.arkansas.gov>. A school's grade can be found in the section of a report titled "Indicator: School Performance" and the subsection titled "School Rating."

Alternative schools are exempt from the grading system.

Also included in the report cards are data on test scores, demographics, retention rates and accreditation status, among other things.

The letter grades are based on student performance on statewide math and literacy tests, progress toward yearly student performance goals, the size of achievement gaps and, for high schools, graduation rates.

Schools are scored on a point system, with 300 points being the highest possible score. A school scoring 270-300 gets an A, 240-269 points earns a B, 210 to 239 points gets a C, 180 to 209 points gets a D and any score below 180 earns an F.

The grades do not carry any rewards or penalties for the schools. According to the Education Departments' website, "the goal is to help parents and the public better understand how well a school is performing and to begin conversations to continually improve education."

Education officials said parents should bear in mind that the grades are based on a variety of factors, not just student performance. For example, more than 90 percent of a school's students could score well on a test but the school could still receive a low grade if it has a high achievement gap — i.e., if certain subsets of students are not performing as well as others.

Education Department spokeswoman Kimberly Friedman said parents who want to know more about the specific reasons behind a school's grade can contact the school.

"We encouraging parents to have those conversations with the schools," she said.

Fabulous Fridays and Teacher Appreciation Weeks

Dear Parents,

On April 3, 2015, the Kindergarten class will be hosting Fabulous Friday. It is a day to celebrate the teachers by providing entrees, side dishes, desserts and beverages to the dedicated staff. We are asking any parents willing to donate \$3 to send money in an envelope labeled Fab Friday in your child's backpack by March ~~31~~ 19th

If any parent wishes to volunteer at the event or if you have any questions, please contact Carmen Wall at [REDACTED] or [REDACTED] at [REDACTED].

**G. R. Taylor Elementary
Fabulous Fridays and Teacher Appreciation
2014 – 2015 Schedule**

Grade Leader

K

Fabulous Fridays (October 2014 – April 2015)

October 03, 2014	4 th Grade
November 07, 2014	5 th Grade
December 05, 2014	3 rd Grade
February 06, 2015	2 nd Grade
March 06, 2015	1 st Grade
April 03, 2015	Kindergarten

Teacher Appreciation Week (May 4-8, 2015)

Monday	Kindergarten and 1 st Grade
Tuesday	2 nd and 3 rd Grades
Wednesday	4 th and 5 th Grades
Thursday	PTO (Parent-Teacher Organization)
Friday	Principal Canada

Field Day Schedule

Kindergarten-2nd Grade

May 29, 2015

*Homeroom teachers are to stay with their class. I have split some classes to make a group. Let me know if you have any questions.

*Jaynie will cover the tent with water and minor first aide. She will blow the horn when time to transition.

*Lunch is at 11:30. That gives everyone time to come in building to wash hands and use restroom. Picnic style. In your room or outside somewhere!

Schedule for K-2nd Grade

Station 1-Johnson-Bag Toss Game

Parent Volunteer: Carmen Wall (C Wall)

8:50-9:10 Shirley/ ½ Frazier
9:10-9:30 Barbaree/ ½ Reed
9:30-9:50 Capps/ ½ Reed
9:50-10:10 Stewart/ ½ Frazier
10:10-10:30 Price
10:30-10:50 Wood
10:50-11:10 Mincy

Arkansas School Grading System

The A-F grading scale is a widely accepted way to identify how well a student is performing in school, especially on tests and assignments. Beginning in 2015, a school's performance was evaluated using this same A-F grading scale, but what does this scale mean? While it's easy to understand that an A school is excellent, other questions arise. What does the school rating really mean?

It is important to understand that several factors are taken into consideration when determining a school's grade. For example, if 93 percent of a school's students score well on statewide tests, a school can still receive a lower grade if subgroups of students are not performing as well as others. This lower grade reflects an achievement gap.

History and Goal:

- The Arkansas Legislature passed Act 696 in 2013. The law, A.C.A. § 6-15-2101 *et. seq.*, required the state to implement an A-F grading scale for schools.
- The goal is to help parents and the public better understand how well a school is performing and to begin conversations to continually improve education.

What the Grades Represent:

- How well students are performing in math and English/Language Arts on state assessments.
- Whether students in the school are meeting annual expected growth in math and English/Language Arts.
- Whether high school students are graduating on time.
- Whether students who receive additional educational services are graduating from high school at a similar rate to other students.
- Whether there are large differences or gaps between the achievement levels among students, especially students who receive additional educational services.
- Whether a school is performing above expectations.

What the Grades Are Not:

- They do not measure how well an individual student or teacher is doing.
- They do not take into consideration other things the school may be doing well, such as meeting students' nutrition and health needs or how well students are performing in other subject areas.

Who Was Involved:

- Educators
- Arkansas Department of Education
- Business and Policy Leaders
- Legislators

What Parents Can Do:

- Become aware of how well schools are performing in the community.
- Talk with teachers and school officials about how to help the school.
- Volunteer at school and engage in areas that need improvement.
- Ensure children have excellent attendance, complete all assignments, and are engaged in learning.

School Grades and Grading Scale

300 Points

A = 270 to 300 points

B = 240 to 269 points

C = 210 to 239 points

D = 180 to 209 points

F = Less than 180 points

Grades are assigned to schools based on points earned. Schools earn points on two or three major measures: performance, growth, and graduation rate (for high schools). Schools may lose a small number of points if there are large differences in achievement or graduation rate levels among students, especially students who receive temporary or ongoing educational services. Schools may also gain a small number of points if the differences among students are small. Schools may gain a small number of points if the performance of students is above expectations.

A Schools: 270 – 300 Points

Schools that earn an A have high levels of performance, growth, and graduation rates without large differences in achievement or graduation levels among students, especially students who receive temporary or ongoing educational services. Schools may have earned extra points in some areas.

B Schools: 240 – 269 Points

Schools that earn a B may have high levels in one or two of the major measures (performance, growth, and /or graduation) but had lower levels in one or two of the other measures. Another way schools earn a B is when the levels of all three measures are high, but the school lost points for differences in achievement or graduation rates among students or did not gain enough extra points to earn an A.

C Schools: 210 – 239 Points

Schools that earn a C may have moderate levels in all measures or may have high levels in one measure but much lower levels in others. In combination, these result in only enough points for a C. Schools may also have lost points for differences in achievement or graduation rates among students or may not have earned enough additional points to earn a B.

D Schools: 180 – 209 Points

Schools that earn a D may have low levels on one or two measures and moderate to low levels in another area. D schools may have lost additional points because of differences in achievement or graduation rates among students or did not gain enough additional points to earn a C.

F Schools: Less than 180 Points

Schools that earn an F may have low levels on all three measures or very low levels on one or more measures and may not have earned additional points.

SCHOOL CHOICE STATUTES AND ACTS

West's Arkansas Code Annotated

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1901

§ 6-18-1901. Title--Legislative findings

Effective: March 20, 2015

[Currentness](#)

(a) This subchapter shall be known and may be cited as the “Public School Choice Act of 2015”.

(b) The General Assembly finds that:

(1) The students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some at-risk students will stay in school and that other, more motivated students will find their full academic potential;

(2) Giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools because teachers, administrators, and school district board members will have added incentive to satisfy the educational needs of the students who reside in the district; and

(3) These benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any school district beyond the school district in which the student resides, provided that the transfer by the student does not conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation in the school district.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1903

§ 6-18-1903. Public school choice program established

Effective: March 20, 2015

[Currentness](#)

(a) A public school choice program is established to enable a student in kindergarten through grade twelve (K-12) to attend a school in a nonresident district, subject to the limitations under [§ 6-18-1906](#).

(b) Each school district shall participate in a public school choice program consistent with this subchapter.

(c) This subchapter does not require a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.

(d)(1) The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under this subchapter.

(2) The standards:

(A) May include without limitation the capacity of a program, class, grade level, or school building;

(B) May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building;

(C) Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:

(i) Resides in the same household; and

(ii) Is already enrolled in the nonresident district by choice; and

(D) Shall not include an applicant's:

(i) Academic achievement;

(ii) Athletic or other extracurricular ability;

(iii) English proficiency level; or

(iv) Previous disciplinary proceedings, except that an expulsion from another district may be included under [§ 6-18-510](#).

(3) A school district receiving transfers under this subchapter shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.

(e) A nonresident district shall:

(1) Accept credits toward graduation that were awarded by another district; and

(2) Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(f) The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:

(1) Availability of the program;

(2) Application deadline; and

(3) Requirements and procedure for nonresident students to participate in the program.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1904

§ 6-18-1904. General provisions

Effective: March 20, 2015

[Currentness](#)

(a) The transfer of a student under the Arkansas Public School Choice Act of 1989, [§ 6-18-206](#) [repealed], or the Public School Choice Act of 2013, is not voided by this subchapter and shall be treated as a transfer under this subchapter.

(b)(1) A student may accept only one (1) school choice transfer per school year.

(2)(A) A student who accepts a public school choice transfer may return to his or her resident district during the school year.

(B) If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.

(c)(1) A transfer student attending a nonresident school under this subchapter may complete all remaining school years at the nonresident district.

(2) A present or future sibling of a student who continues enrollment in the nonresident district under this subsection and applies for a school choice transfer under [§ 6-18-1905](#) may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.

(3) A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under subdivision (c)(2) of this section may complete all remaining school years at the nonresident district.

(d)(1) The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

(2) The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

(3) The State Board of Education may resolve disputes concerning transportation arising under this subsection.

(e) For purposes of determining a school district's state aid, a transfer student is counted as a part of the average daily membership of the nonresident district where the transfer student is enrolled.

§ 6-18-1906. Limitations

Effective: March 20, 2015

[Currentness](#)

(a)(1) If the provisions of this subchapter conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

(2) If a school district claims a conflict under subdivision (a)(1) of this section, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.

(b)(1)(A) There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district, under this section of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.

(B) For the purpose of determining the percentage of school choice transfers under this subsection, siblings who are counted in the numerator as transfer students shall count as one (1) student.

(C) A student eligible to transfer to a nonresident district under [§ 6-15-430\(c\)\(1\)](#), the Arkansas Opportunity Public School Choice Act of 2004, [§ 6-18-227](#), or [§ 6-21-812](#) shall not count against the cap of three percent (3%) of the resident or nonresident district.

(2) Annually by December 15, the department shall report to each school district the net maximum number of school choice transfers for the next school year.

(3) If a student is unable to transfer due to the limits under this subsection, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to subdivision (b)(1) of this section in the order that the resident district receives notices of applications under [§ 6-18-1905](#), as evidenced by a notation made by the district on the applications indicating date and time of receipt.

(a) The State Board of Education may promulgate rules to implement this subchapter.

(b)(1) A student whose application for a transfer under [§ 6-18-1905](#) is rejected by the nonresident district may request a hearing before the state board to reconsider the transfer.

(2)(A) A request for a hearing before the state board shall be in writing and shall be postmarked no later than ten (10) days after the student or the student's parent receives a notice of rejection of the application under [§ 6-18-1905](#).

(B) As part of the review process, the parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.

(3) If the state board overturns the determination of the nonresident district on appeal, the state board shall notify the parent, the nonresident district, and the resident district of the basis for the state board's decision.

(c)(1) The department shall collect data from school districts on the number of applications for student transfers under this section and study the effects of school choice transfers under this subchapter, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

(2) Annually by October 1, the department shall report its findings from the study of the data under this subsection to the Senate Committee on Education and the House Committee on Education.

SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING
THE PUBLIC SCHOOL CHOICE ACT OF 2015
August 2015**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Public School Choice Act of 2015.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. § 6-18-1901 et seq., as amended by Act 560 of 2015, and Ark. Code Ann. §§ 6-11-105 and 25-15-201 et seq.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Nonresident District” means a school district other than a student’s resident district;
- 3.02 “Parent” means a student’s parent, guardian, or other person having custody or care of the student;
- 3.03 “Resident district” means the school district in which the student resides as determined under Ark. Code Ann. § 6-18-202;
- 3.04 “Sibling” means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care; and
- 3.05 “Transfer student” means a public school student in kindergarten through grade twelve (12) who transfers to a nonresident district through a public school choice option under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

4.00 ESTABLISHMENT OF PUBLIC SCHOOL CHOICE PROGRAM

- 4.01 A public school choice program is established to enable a student in kindergarten through grade twelve (12) to attend a school in a nonresident district, subject to the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules.
- 4.02 Each school district shall participate in a public school choice program consistent with Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

- 4.03 These rules do not require a school district to add teachers, staff, or classrooms, or in any way to exceed the requirements and standards established by existing law.
- 4.04 The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules. The standards:
 - 4.04.1 May include without limitation the capacity of a program, class, grade level, or school building;
 - 4.04.2 May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building under federal law, state law, the rules for standards of accreditation, or other applicable regulations;
 - 4.04.3 Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:
 - 4.04.3.1 Resides in the same household; and
 - 4.04.3.2 Is already enrolled in the nonresident district by choice.
 - 4.04.4 Shall not include an applicant's:
 - 4.04.4.1 Academic achievement;
 - 4.04.4.2 Athletic or other extracurricular ability;
 - 4.04.4.3 English proficiency level; or
 - 4.04.4.4 Previous disciplinary proceedings, except that an expulsion from another district may be included under Ark. Code Ann. § 6-18-510.
 - 4.04.5 A school district receiving transfers under the Public School Choice Act of 2013 and these rules shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.
- 4.05 A nonresident district shall:
 - 4.05.1 Accept credits toward graduation that were awarded by another district; and

- 4.05.2 Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.
- 4.06 The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:
 - 4.06.1 Availability of the program;
 - 4.06.2 Application deadline; and
 - 4.06.3 Requirements and procedure for nonresident students to participate in the program.

5.00 GENERAL PROVISIONS

- 5.01 The transfer of a student under the Arkansas Public School Choice Act of 1989 (Ark. Code Ann. § 6-18-206 [repealed]) or the Public School Choice Act of 2013, is not voided by Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules and shall be treated as a transfer under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.
- 5.02 A student may accept only one (1) school choice transfer per school year.
 - 5.02.1 A student who accepts a public school choice transfer may return to his or her resident district during the school year.
 - 5.02.2 If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.
- 5.03 A transfer student attending a nonresident school under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules may complete all remaining school years at the nonresident district.
 - 5.03.1 A present or future sibling of a student who continues enrollment in the nonresident district under Section 5.03 of these rules and applies for a school choice transfer under Ark. Code Ann. § 6-18-1905 may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.
 - 5.03.2 A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under Section 5.03 of these rules may complete all remaining years at the nonresident district.

5.04 The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

5.04.1 The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

5.04.2 The State Board of Education may resolve disputes concerning transportation arising under Section 5.04 of these rules.

5.05 For purposes of determining a school district's state aid, a transfer student is counted as part of the average daily membership of the nonresident district where the transfer student is enrolled.

6.00 APPLICATION FOR TRANSFER

6.01 If a student seeks to attend a school in a nonresident district, the student's parent shall submit an application:

6.01.1 To the nonresident district which shall notify the resident district of the filing of the application;

6.01.2 On the form that is attached to these rules as Attachment 1; and

6.01.3 Postmarked no later than May 1 of the year in which the student seeks to begin the fall semester at the nonresident district.

6.02 A nonresident district that receives an application under Section 6.01 of these rules shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

6.03 A nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district.

6.04 Before accepting or rejecting an application, a nonresident district shall determine whether one of the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules applies to the application.

6.05 By July 1 of the school year in which the student seeks to enroll in a nonresident district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, the superintendent of the nonresident district shall notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected.

- 6.05.1 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for the rejection.
- 6.05.2 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter a reasonable deadline by which the student shall enroll in the nonresident district and after which the acceptance notification is null.

7.00 LIMITATIONS

- 7.01 If the provisions of Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.
 - 7.01.1 If a school district claims a conflict under Section 7.01 of these rules, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.
 - 7.01.2 A school district shall provide the information required under Section 7.01.1 of these rules to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act
Four Capitol Mall
Little Rock, AR 72201
- 7.02 There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.
 - 7.02.1 For the purpose of determining the percentage of school choice transfers under Section 7.02 of these rules, siblings who are counted in the numerator as transfer students shall count as one (1) student.
 - 7.02.2 A student eligible to transfer to a nonresident district under Ark. Code Ann. §§ 6-15-430(c)(1), 6-18-227, or 6-21-812 shall not count against the cap of three percent (3%) of the resident or nonresident district.

- 7.02.3 Annually by December 15, the Department of Education shall report to each school district the net maximum number of school choice transfers for the next school year.
- 7.02.4 If a student is unable to transfer due to the limits under Section 7.02 of these rules, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules in the order that the resident district receives notices of applications under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules, as evidenced by a notation made by the district on the applications indicating date and time of receipt.

8.00 APPEAL, DATA COLLECTION AND REPORTING

- 8.01 A student whose application for a transfer under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.
- 8.01.1 A request for a hearing before the State Board of Education shall be in writing and shall be postmarked no later than ten (10) calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules and shall be mailed to:
- Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201
- 8.01.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the student or student's parent must also mail a copy of the written appeal to the superintendent of the nonresident school district.
- 8.01.3 In its written appeal, the student or student's parent shall state his or her basis for appealing the decision of the nonresident district.
- 8.01.4 The student or student's parent shall submit, along with its written appeal, a copy of the notice of rejection from the nonresident school district.
- 8.01.5 As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.
- 8.01.6 The nonresident district may submit, in writing, any additional information, evidence, or arguments supporting its rejection of the

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

Re: School Choice Appeal

Dear Arkansas School Choice Appeals,

I am writing this letter to appeal the decision made by the White Hall School District on June 21, 2016. I disagree with this decision to deny my daughter; F [REDACTED] Campbell acceptance into the White Hall School District due to the non-resident district (White Hall) is over capacity for the 3rd grade. On the other hand, my son has been accepted into the White Hall School District. Please review my appeal with great concern and consideration. I look forward to speaking with someone about this matter very soon. I have attached a copy of the rejection letter for your review. Please contact me directly if you have any questions or concerns.

Best Regards,

Danny Campbell

Danny Stephen Campbell
[REDACTED]

Pine Bluff, AR 71603

Mr. & Mrs. Stephen Campbell,

I am sorry, but the application you submitted for F [REDACTED] Campbell has been rejected for the following reason.

 X The non resident district(White Hall) is over capacity for the 3rd grade.

As noted in your original application, you have 10 days from receipt of this notice in which to appeal this decision to the Arkansas State Board of Education.

Respectfully,

Dr. Larry Smith, Superintendent

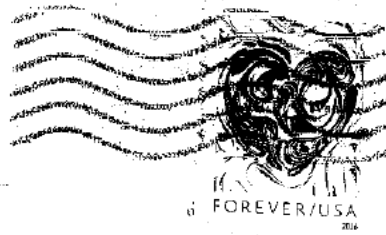

Danny Campbell

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

Commissioner Key,

I have received a copy of the school choice appeal filed with ADE by the Campbell family concerning their child, Faith Campbell, for the 2016-17 school year.

The District's response is very simple. The White Hall School District employees 10 3rd grade teachers. The maximum capacity for 3rd grade in that configuration is 25 to 1. 90% capacity for a 25 to 1 classroom is 22.5 students per teacher. The district rounded up to 23 slots per teacher or 92% before we turned any students away. That would allow the district to serve 230 students at 92% capacity. Current enrollment figures indicate that we will have 227 incoming 3rd grade students plus one student who was retained in 3rd grade for a total of 228 3rd grade students for the school year.

The District, as required by rule and law compiled a list of students at each grade level based upon a first come first serve basis, with students who already have siblings being moved to the front of the list, we had 13 total 3rd grade applications with only two spots available. One of the two applicants accepted had a sibling already in the district which moved them to the top of the 3rd grade list. The other student accepted was turned in prior to the Campbell's application. Once the two spots were filled, all other students were rejected based upon capacity. The Campbell's son was accepted at 6th grade. The district did not meet 90% capacity at 6th grade even when accepting all 6th grade school choice applicants.

While I am certainly understanding of the Campbell family situation, the White Hall School District has a responsibility to remain fiscally sound and maintain reasonable class size averages. That was the reason the 90% rule was put into law was to ensure that school districts did not have to hire staff unnecessarily to pay for students from other districts. While I do not enjoy dividing families, it is my responsibility to help maintain the financial integrity of the district, reasonable class sizes, and the district's ability to schedule our students. In addition, Faith Campbell would not be the next child admitted. Another student was still ahead of her on the list.

I would be happy to provide any additional information that you may require. You may reach me at 870-247-2196.

Sincerely,

A handwritten signature in dark ink, appearing to read "L. E. Smith", with a stylized flourish at the end.

Dr. Larry E. Smith, Superintendent
White Hall Public Schools

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1901

§ 6-18-1901. Title--Legislative findings

Effective: March 20, 2015

[Currentness](#)

(a) This subchapter shall be known and may be cited as the “Public School Choice Act of 2015”.

(b) The General Assembly finds that:

(1) The students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some at-risk students will stay in school and that other, more motivated students will find their full academic potential;

(2) Giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools because teachers, administrators, and school district board members will have added incentive to satisfy the educational needs of the students who reside in the district; and

(3) These benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any school district beyond the school district in which the student resides, provided that the transfer by the student does not conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation in the school district.

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1903

§ 6-18-1903. Public school choice program established

Effective: March 20, 2015

[Currentness](#)

(a) A public school choice program is established to enable a student in kindergarten through grade twelve (K-12) to attend a school in a nonresident district, subject to the limitations under [§ 6-18-1906](#).

(b) Each school district shall participate in a public school choice program consistent with this subchapter.

(c) This subchapter does not require a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.

(d)(1) The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under this subchapter.

(2) The standards:

(A) May include without limitation the capacity of a program, class, grade level, or school building;

(B) May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building;

(C) Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:

(i) Resides in the same household; and

(ii) Is already enrolled in the nonresident district by choice; and

(D) Shall not include an applicant's:

(i) Academic achievement;

(ii) Athletic or other extracurricular ability;

(iii) English proficiency level; or

(iv) Previous disciplinary proceedings, except that an expulsion from another district may be included under [§ 6-18-510](#).

(3) A school district receiving transfers under this subchapter shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.

(e) A nonresident district shall:

(1) Accept credits toward graduation that were awarded by another district; and

(2) Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(f) The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:

(1) Availability of the program;

(2) Application deadline; and

(3) Requirements and procedure for nonresident students to participate in the program.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1904

§ 6-18-1904. General provisions

Effective: March 20, 2015

[Currentness](#)

(a) The transfer of a student under the Arkansas Public School Choice Act of 1989, [§ 6-18-206](#) [repealed], or the Public School Choice Act of 2013, is not voided by this subchapter and shall be treated as a transfer under this subchapter.

(b)(1) A student may accept only one (1) school choice transfer per school year.

(2)(A) A student who accepts a public school choice transfer may return to his or her resident district during the school year.

(B) If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.

(c)(1) A transfer student attending a nonresident school under this subchapter may complete all remaining school years at the nonresident district.

(2) A present or future sibling of a student who continues enrollment in the nonresident district under this subsection and applies for a school choice transfer under [§ 6-18-1905](#) may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.

(3) A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under subdivision (c)(2) of this section may complete all remaining school years at the nonresident district.

(d)(1) The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

(2) The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

(3) The State Board of Education may resolve disputes concerning transportation arising under this subsection.

(e) For purposes of determining a school district's state aid, a transfer student is counted as a part of the average daily membership of the nonresident district where the transfer student is enrolled.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1906

§ 6-18-1906. Limitations

Effective: March 20, 2015

[Currentness](#)

(a)(1) If the provisions of this subchapter conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

(2) If a school district claims a conflict under subdivision (a)(1) of this section, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.

(b)(1)(A) There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district, under this section of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.

(B) For the purpose of determining the percentage of school choice transfers under this subsection, siblings who are counted in the numerator as transfer students shall count as one (1) student.

(C) A student eligible to transfer to a nonresident district under [§ 6-15-430\(c\)\(1\)](#), the Arkansas Opportunity Public School Choice Act of 2004, [§ 6-18-227](#), or [§ 6-21-812](#) shall not count against the cap of three percent (3%) of the resident or nonresident district.

(2) Annually by December 15, the department shall report to each school district the net maximum number of school choice transfers for the next school year.

(3) If a student is unable to transfer due to the limits under this subsection, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to subdivision (b)(1) of this section in the order that the resident district receives notices of applications under [§ 6-18-1905](#), as evidenced by a notation made by the district on the applications indicating date and time of receipt.

SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING
THE PUBLIC SCHOOL CHOICE ACT OF 2015
August 2015**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Public School Choice Act of 2015.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. § 6-18-1901 et seq., as amended by Act 560 of 2015, and Ark. Code Ann. §§ 6-11-105 and 25-15-201 et seq.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Nonresident District” means a school district other than a student’s resident district;
- 3.02 “Parent” means a student’s parent, guardian, or other person having custody or care of the student;
- 3.03 “Resident district” means the school district in which the student resides as determined under Ark. Code Ann. § 6-18-202;
- 3.04 “Sibling” means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care; and
- 3.05 “Transfer student” means a public school student in kindergarten through grade twelve (12) who transfers to a nonresident district through a public school choice option under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

4.00 ESTABLISHMENT OF PUBLIC SCHOOL CHOICE PROGRAM

- 4.01 A public school choice program is established to enable a student in kindergarten through grade twelve (12) to attend a school in a nonresident district, subject to the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules.
- 4.02 Each school district shall participate in a public school choice program consistent with Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

- 4.03 These rules do not require a school district to add teachers, staff, or classrooms, or in any way to exceed the requirements and standards established by existing law.
- 4.04 The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules. The standards:
 - 4.04.1 May include without limitation the capacity of a program, class, grade level, or school building;
 - 4.04.2 May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building under federal law, state law, the rules for standards of accreditation, or other applicable regulations;
 - 4.04.3 Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:
 - 4.04.3.1 Resides in the same household; and
 - 4.04.3.2 Is already enrolled in the nonresident district by choice.
 - 4.04.4 Shall not include an applicant's:
 - 4.04.4.1 Academic achievement;
 - 4.04.4.2 Athletic or other extracurricular ability;
 - 4.04.4.3 English proficiency level; or
 - 4.04.4.4 Previous disciplinary proceedings, except that an expulsion from another district may be included under Ark. Code Ann. § 6-18-510.
 - 4.04.5 A school district receiving transfers under the Public School Choice Act of 2013 and these rules shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.
- 4.05 A nonresident district shall:
 - 4.05.1 Accept credits toward graduation that were awarded by another district; and

- 4.05.2 Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.
- 4.06 The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:
 - 4.06.1 Availability of the program;
 - 4.06.2 Application deadline; and
 - 4.06.3 Requirements and procedure for nonresident students to participate in the program.

5.00 GENERAL PROVISIONS

- 5.01 The transfer of a student under the Arkansas Public School Choice Act of 1989 (Ark. Code Ann. § 6-18-206 [repealed]) or the Public School Choice Act of 2013, is not voided by Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules and shall be treated as a transfer under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.
- 5.02 A student may accept only one (1) school choice transfer per school year.
 - 5.02.1 A student who accepts a public school choice transfer may return to his or her resident district during the school year.
 - 5.02.2 If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.
- 5.03 A transfer student attending a nonresident school under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules may complete all remaining school years at the nonresident district.
 - 5.03.1 A present or future sibling of a student who continues enrollment in the nonresident district under Section 5.03 of these rules and applies for a school choice transfer under Ark. Code Ann. § 6-18-1905 may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.
 - 5.03.2 A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under Section 5.03 of these rules may complete all remaining years at the nonresident district.

5.04 The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

5.04.1 The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

5.04.2 The State Board of Education may resolve disputes concerning transportation arising under Section 5.04 of these rules.

5.05 For purposes of determining a school district's state aid, a transfer student is counted as part of the average daily membership of the nonresident district where the transfer student is enrolled.

6.00 APPLICATION FOR TRANSFER

6.01 If a student seeks to attend a school in a nonresident district, the student's parent shall submit an application:

6.01.1 To the nonresident district which shall notify the resident district of the filing of the application;

6.01.2 On the form that is attached to these rules as Attachment 1; and

6.01.3 Postmarked no later than May 1 of the year in which the student seeks to begin the fall semester at the nonresident district.

6.02 A nonresident district that receives an application under Section 6.01 of these rules shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

6.03 A nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district.

6.04 Before accepting or rejecting an application, a nonresident district shall determine whether one of the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules applies to the application.

6.05 By July 1 of the school year in which the student seeks to enroll in a nonresident district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, the superintendent of the nonresident district shall notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected.

- 6.05.1 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for the rejection.
- 6.05.2 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter a reasonable deadline by which the student shall enroll in the nonresident district and after which the acceptance notification is null.

7.00 LIMITATIONS

- 7.01 If the provisions of Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.
 - 7.01.1 If a school district claims a conflict under Section 7.01 of these rules, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.
 - 7.01.2 A school district shall provide the information required under Section 7.01.1 of these rules to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act
Four Capitol Mall
Little Rock, AR 72201
- 7.02 There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.
 - 7.02.1 For the purpose of determining the percentage of school choice transfers under Section 7.02 of these rules, siblings who are counted in the numerator as transfer students shall count as one (1) student.
 - 7.02.2 A student eligible to transfer to a nonresident district under Ark. Code Ann. §§ 6-15-430(c)(1), 6-18-227, or 6-21-812 shall not count against the cap of three percent (3%) of the resident or nonresident district.

- 7.02.3 Annually by December 15, the Department of Education shall report to each school district the net maximum number of school choice transfers for the next school year.
- 7.02.4 If a student is unable to transfer due to the limits under Section 7.02 of these rules, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules in the order that the resident district receives notices of applications under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules, as evidenced by a notation made by the district on the applications indicating date and time of receipt.

8.00 APPEAL, DATA COLLECTION AND REPORTING

- 8.01 A student whose application for a transfer under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.
- 8.01.1 A request for a hearing before the State Board of Education shall be in writing and shall be postmarked no later than ten (10) calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules and shall be mailed to:
- Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201
- 8.01.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the student or student's parent must also mail a copy of the written appeal to the superintendent of the nonresident school district.
- 8.01.3 In its written appeal, the student or student's parent shall state his or her basis for appealing the decision of the nonresident district.
- 8.01.4 The student or student's parent shall submit, along with its written appeal, a copy of the notice of rejection from the nonresident school district.
- 8.01.5 As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.
- 8.01.6 The nonresident district may submit, in writing, any additional information, evidence, or arguments supporting its rejection of the

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

**Re: Appeal Under the Public School Choice Act
VIA CERTIFIED AND REGULAR MAIL**

Joe Black
Newport

Everyone:

Susan Chambers
Bella Vista

This letter is to notify you that the Arkansas State Board of Education is scheduled to hear the above-referenced appeal(s) on **Thursday, August 11, 2016**. The meeting will begin at **10:00 a.m.** in the Auditorium of the Arch Ford Education Building, Four Capitol Mall, Little Rock, Arkansas. Any additional materials any party chooses to submit should be provided to my office no later than **12:00 noon on Friday, July 22, 2016**.

Charisse Dean
Little Rock

The Arkansas State Board of Education has requested the parent, the non-resident district, and the resident district attend this meeting and be available for questions.

Dr. Fitz Hill
Little Rock

The above-referenced appeal(s) will be conducted pursuant to the legal authority and jurisdiction vested in the State Board by the Public School Choice Act and the Arkansas Department of Education Rules Governing the Public School Choice Act. You may find copies of these references on the Arkansas Department of Education School Choice Website:

APPEAL

White Hall School District
1020 West Holland
White Hall, AR 71602

Laqueta Wilson

June 20, 2016

Parent of:

L [REDACTED] Wilson

[REDACTED]
Pine Bluff, AR 71601

I am sorry, but the School Choice Application(s) of 2015 you submitted for L [REDACTED] Wilson has been rejected by the Dollarway School District.

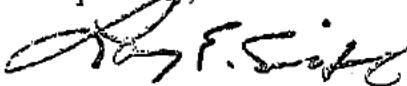

☒ X Your child's resident district has declared itself exempt from the provisions of the School Choice Law due to it being under an enforceable desegregation order.

Should you have any questions please contact:

Office of the Superintendent
Dollarway School District
4900 Dollarway Road
Pine Bluff, AR 71602
Phone: 870-534-7003

As noted in your original application, you have 10 days from receipt of this notice in which to appeal this decision to the Arkansas State Board of Education.

Respectfully,

Dr. Larry Smith, Superintendent

1-870-247-2196

RESPONSE

Subject: RE: Notice of Filing of School Choice Appeal - Wilson Family
Date: Thursday, June 30, 2016 at 3:34:55 PM Central Daylight Time
From: Larry Smith
To: Jennifer Davis (ADE)
CC: Barbara Warren

Ms. Davis,

Just a reminder that this is the exact same child that we had a hearing on one year ago. The issue this time is exactly the same as it was one year ago. I am including with this document:

- (1) a copy of the original application that was filed with the White Hall School District,
- (2) a copy of the rejection letter from my office to Ms. Wilson stating the reason why her application was denied,
- (3) a copy of the Arkansas Department of Education's webpage for School Choice (please note that the date of the printing of this page(s) is June 30, 2016) which indicates that the Dollarway School District claims a conflict with A.C.A. 6-18-1901 (page 2 of 4),
- (4) a copy of the letter (also from the Arkansas Department of Education's website) from former Superintendent of the Dollarway School District indicating their selection to opt out of School Choice along with the appropriate case information as required by state statute that accompanied their request.

The rejection of this student was upheld last year by the State Board of Education based upon the same information. The only thing that is different at this point is the grade of the child in question. As noted in the Rules and Arkansas Code, the White Hall School District in this case, as well as, approximately 35 other cases involving Dollarway School District this year have no option except to deny their requests in order to ensure that the White Hall School District is not in conflict with a federal desegregation order.

Larry Smith

From: Jennifer Davis (ADE) [mailto:Jennifer.Davis@arkansas.gov]
Sent: Thursday, June 30, 2016 2:04 PM
To: Larry Smith
Cc: Barbara Warren
Subject: Notice of Filing of School Choice Appeal - Wilson Family

Superintendent Smith:

Please find attached a school choice appeal filed with the ADE by the Wilson family. The family appeals the decision

of the White Hall School District to deny the school choice transfer of their child from the Dollarway School District. The applicable ADE rules state that a nonresident district must file any response to the appeal within ten (10) days of receipt of the appeal.

You may send any response to me via email or you may send it to the following address:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, Arkansas 72201

I have enclosed a copy of the current ADE rules and the school choice statutes for your review. ADE staff will send all parties a formal notification letter once any response is received (or if the ten day time period passes without a response from the nonresident district).

Thank you for your attention to this matter.

Thanks,

Jennifer Davis

ASSOCIATED DOCUMENTS

SCHOOL CHOICE STATUTES AND ACTS

West's Arkansas Code Annotated

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1901

§ 6-18-1901. Title--Legislative findings

Effective: March 20, 2015

[Currentness](#)

(a) This subchapter shall be known and may be cited as the “Public School Choice Act of 2015”.

(b) The General Assembly finds that:

(1) The students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some at-risk students will stay in school and that other, more motivated students will find their full academic potential;

(2) Giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools because teachers, administrators, and school district board members will have added incentive to satisfy the educational needs of the students who reside in the district; and

(3) These benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any school district beyond the school district in which the student resides, provided that the transfer by the student does not conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation in the school district.

Title 6. Education

Subtitle 2. Elementary and Secondary Education Generally (Chapters 10 to 39) (Refs & Annos)

Chapter 18. Students

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1903

§ 6-18-1903. Public school choice program established

Effective: March 20, 2015

[Currentness](#)

(a) A public school choice program is established to enable a student in kindergarten through grade twelve (K-12) to attend a school in a nonresident district, subject to the limitations under [§ 6-18-1906](#).

(b) Each school district shall participate in a public school choice program consistent with this subchapter.

(c) This subchapter does not require a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.

(d)(1) The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under this subchapter.

(2) The standards:

(A) May include without limitation the capacity of a program, class, grade level, or school building;

(B) May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building;

(C) Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:

(i) Resides in the same household; and

(ii) Is already enrolled in the nonresident district by choice; and

(D) Shall not include an applicant's:

(i) Academic achievement;

(ii) Athletic or other extracurricular ability;

(iii) English proficiency level; or

(iv) Previous disciplinary proceedings, except that an expulsion from another district may be included under [§ 6-18-510](#).

(3) A school district receiving transfers under this subchapter shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.

(e) A nonresident district shall:

(1) Accept credits toward graduation that were awarded by another district; and

(2) Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(f) The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:

(1) Availability of the program;

(2) Application deadline; and

(3) Requirements and procedure for nonresident students to participate in the program.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1904

§ 6-18-1904. General provisions

Effective: March 20, 2015

[Currentness](#)

(a) The transfer of a student under the Arkansas Public School Choice Act of 1989, [§ 6-18-206](#) [repealed], or the Public School Choice Act of 2013, is not voided by this subchapter and shall be treated as a transfer under this subchapter.

(b)(1) A student may accept only one (1) school choice transfer per school year.

(2)(A) A student who accepts a public school choice transfer may return to his or her resident district during the school year.

(B) If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.

(c)(1) A transfer student attending a nonresident school under this subchapter may complete all remaining school years at the nonresident district.

(2) A present or future sibling of a student who continues enrollment in the nonresident district under this subsection and applies for a school choice transfer under [§ 6-18-1905](#) may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.

(3) A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under subdivision (c)(2) of this section may complete all remaining school years at the nonresident district.

(d)(1) The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

(2) The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

(3) The State Board of Education may resolve disputes concerning transportation arising under this subsection.

(e) For purposes of determining a school district's state aid, a transfer student is counted as a part of the average daily membership of the nonresident district where the transfer student is enrolled.

- (a) If a student seeks to attend a school in a nonresident district, the student's parent shall submit an application:
- (1) To the nonresident district ,which shall notify the resident district of the filing of the application;
 - (2) On a form approved by the Department of Education; and
 - (3) Postmarked no later than May 1 of the year in which the student seeks to begin the fall semester at the nonresident district.
- (b) A nonresident district that receives an application under subsection (a) of this section shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.
- (c) A nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district.
- (d) Before accepting or rejecting an application, a nonresident district shall determine whether one of the limitations under [§ 6-18-1906](#) applies to the application.
- (e)(1) By July 1 of the school year in which the student seeks to enroll in a nonresident district under this subchapter, the superintendent of the nonresident district shall notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected.
- (2) If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for rejection.
 - (3) If the application is accepted, the superintendent of the nonresident district shall state in the notification letter a reasonable deadline by which the student shall enroll in the nonresident district and after which the acceptance notification is null.

Subchapter 19. Public School Choice Act of 2015 (Refs & Annos)

A.C.A. § 6-18-1906

§ 6-18-1906. Limitations

Effective: March 20, 2015

[Currentness](#)

(a)(1) If the provisions of this subchapter conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

(2) If a school district claims a conflict under subdivision (a)(1) of this section, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.

(b)(1)(A) There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district, under this section of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.

(B) For the purpose of determining the percentage of school choice transfers under this subsection, siblings who are counted in the numerator as transfer students shall count as one (1) student.

(C) A student eligible to transfer to a nonresident district under [§ 6-15-430\(c\)\(1\)](#), the Arkansas Opportunity Public School Choice Act of 2004, [§ 6-18-227](#), or [§ 6-21-812](#) shall not count against the cap of three percent (3%) of the resident or nonresident district.

(2) Annually by December 15, the department shall report to each school district the net maximum number of school choice transfers for the next school year.

(3) If a student is unable to transfer due to the limits under this subsection, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to subdivision (b)(1) of this section in the order that the resident district receives notices of applications under [§ 6-18-1905](#), as evidenced by a notation made by the district on the applications indicating date and time of receipt.

Effective: April 16, 2013

[Currentness](#)

(a) The State Board of Education may promulgate rules to implement this subchapter.

(b)(1) A student whose application for a transfer under [§ 6-18-1905](#) is rejected by the nonresident district may request a hearing before the state board to reconsider the transfer.

(2)(A) A request for a hearing before the state board shall be in writing and shall be postmarked no later than ten (10) days after the student or the student's parent receives a notice of rejection of the application under [§ 6-18-1905](#).

(B) As part of the review process, the parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.

(3) If the state board overturns the determination of the nonresident district on appeal, the state board shall notify the parent, the nonresident district, and the resident district of the basis for the state board's decision.

(c)(1) The department shall collect data from school districts on the number of applications for student transfers under this section and study the effects of school choice transfers under this subchapter, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

(2) Annually by October 1, the department shall report its findings from the study of the data under this subsection to the Senate Committee on Education and the House Committee on Education.

SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING
THE PUBLIC SCHOOL CHOICE ACT OF 2015
August 2015**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Public School Choice Act of 2015.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. § 6-18-1901 et seq., as amended by Act 560 of 2015, and Ark. Code Ann. §§ 6-11-105 and 25-15-201 et seq.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Nonresident District” means a school district other than a student’s resident district;
- 3.02 “Parent” means a student’s parent, guardian, or other person having custody or care of the student;
- 3.03 “Resident district” means the school district in which the student resides as determined under Ark. Code Ann. § 6-18-202;
- 3.04 “Sibling” means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care; and
- 3.05 “Transfer student” means a public school student in kindergarten through grade twelve (12) who transfers to a nonresident district through a public school choice option under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

4.00 ESTABLISHMENT OF PUBLIC SCHOOL CHOICE PROGRAM

- 4.01 A public school choice program is established to enable a student in kindergarten through grade twelve (12) to attend a school in a nonresident district, subject to the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules.
- 4.02 Each school district shall participate in a public school choice program consistent with Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.

- 4.03 These rules do not require a school district to add teachers, staff, or classrooms, or in any way to exceed the requirements and standards established by existing law.
- 4.04 The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules. The standards:
 - 4.04.1 May include without limitation the capacity of a program, class, grade level, or school building;
 - 4.04.2 May include a claim of a lack of capacity by a school district only if the school district has reached at least ninety percent (90%) of the maximum authorized student population in a program, class, grade level, or school building under federal law, state law, the rules for standards of accreditation, or other applicable regulations;
 - 4.04.3 Shall include a statement that priority will be given to an applicant who has a sibling or stepsibling who:
 - 4.04.3.1 Resides in the same household; and
 - 4.04.3.2 Is already enrolled in the nonresident district by choice.
 - 4.04.4 Shall not include an applicant's:
 - 4.04.4.1 Academic achievement;
 - 4.04.4.2 Athletic or other extracurricular ability;
 - 4.04.4.3 English proficiency level; or
 - 4.04.4.4 Previous disciplinary proceedings, except that an expulsion from another district may be included under Ark. Code Ann. § 6-18-510.
 - 4.04.5 A school district receiving transfers under the Public School Choice Act of 2013 and these rules shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, or disability.
- 4.05 A nonresident district shall:
 - 4.05.1 Accept credits toward graduation that were awarded by another district; and

- 4.05.2 Award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.
- 4.06 The superintendent of a school district shall cause public announcements to be made over the broadcast media and either in the print media or on the Internet to inform parents of students in adjoining districts of the:
 - 4.06.1 Availability of the program;
 - 4.06.2 Application deadline; and
 - 4.06.3 Requirements and procedure for nonresident students to participate in the program.

5.00 GENERAL PROVISIONS

- 5.01 The transfer of a student under the Arkansas Public School Choice Act of 1989 (Ark. Code Ann. § 6-18-206 [repealed]) or the Public School Choice Act of 2013, is not voided by Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules and shall be treated as a transfer under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules.
- 5.02 A student may accept only one (1) school choice transfer per school year.
 - 5.02.1 A student who accepts a public school choice transfer may return to his or her resident district during the school year.
 - 5.02.2 If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if the student seeks a future school choice transfer.
- 5.03 A transfer student attending a nonresident school under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules may complete all remaining school years at the nonresident district.
 - 5.03.1 A present or future sibling of a student who continues enrollment in the nonresident district under Section 5.03 of these rules and applies for a school choice transfer under Ark. Code Ann. § 6-18-1905 may enroll in the nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law.
 - 5.03.2 A present or future sibling of a student who continues enrollment in the nonresident district and who enrolls in the nonresident district under Section 5.03 of these rules may complete all remaining years at the nonresident district.

5.04 The transfer student or the transfer student's parent is responsible for the transportation of the transfer student to and from the school in the nonresident district where the transfer student is enrolled.

5.04.1 The nonresident district may enter into a written agreement with the student, the student's parent, or the resident district to provide the transportation.

5.04.2 The State Board of Education may resolve disputes concerning transportation arising under Section 5.04 of these rules.

5.05 For purposes of determining a school district's state aid, a transfer student is counted as part of the average daily membership of the nonresident district where the transfer student is enrolled.

6.00 APPLICATION FOR TRANSFER

6.01 If a student seeks to attend a school in a nonresident district, the student's parent shall submit an application:

6.01.1 To the nonresident district which shall notify the resident district of the filing of the application;

6.01.2 On the form that is attached to these rules as Attachment 1; and

6.01.3 Postmarked no later than May 1 of the year in which the student seeks to begin the fall semester at the nonresident district.

6.02 A nonresident district that receives an application under Section 6.01 of these rules shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

6.03 A nonresident district shall review and make a determination on each application in the order in which the application was received by the nonresident district.

6.04 Before accepting or rejecting an application, a nonresident district shall determine whether one of the limitations under Ark. Code Ann. § 6-18-1906 and Section 7.00 of these rules applies to the application.

6.05 By July 1 of the school year in which the student seeks to enroll in a nonresident district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, the superintendent of the nonresident district shall notify the parent and the resident district in writing as to whether the student's application has been accepted or rejected.

- 6.05.1 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for the rejection.
- 6.05.2 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter a reasonable deadline by which the student shall enroll in the nonresident district and after which the acceptance notification is null.

7.00 LIMITATIONS

- 7.01 If the provisions of Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.
 - 7.01.1 If a school district claims a conflict under Section 7.01 of these rules, the school district shall immediately submit proof from a federal court to the Department of Education that the school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the interdistrict school choice provisions of this subchapter.
 - 7.01.2 A school district shall provide the information required under Section 7.01.1 of these rules to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act
Four Capitol Mall
Little Rock, AR 72201
- 7.02 There is established a numerical net maximum limit on school choice transfers each school year from a school district, less any school choice transfers into the school district under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules of not more than three percent (3%) of the enrollment that exists in the school district as of October 15 of the immediately preceding school year.
 - 7.02.1 For the purpose of determining the percentage of school choice transfers under Section 7.02 of these rules, siblings who are counted in the numerator as transfer students shall count as one (1) student.
 - 7.02.2 A student eligible to transfer to a nonresident district under Ark. Code Ann. §§ 6-15-430(c)(1), 6-18-227, or 6-21-812 shall not count against the cap of three percent (3%) of the resident or nonresident district.

- 7.02.3 Annually by December 15, the Department of Education shall report to each school district the net maximum number of school choice transfers for the next school year.
- 7.02.4 If a student is unable to transfer due to the limits under Section 7.02 of these rules, the resident district shall give the student priority for a transfer in the first school year in which the district is no longer subject to Ark. Code Ann. § 6-18-1906(b)(1) and Section 7.02 of these rules in the order that the resident district receives notices of applications under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules, as evidenced by a notation made by the district on the applications indicating date and time of receipt.

8.00 APPEAL, DATA COLLECTION AND REPORTING

- 8.01 A student whose application for a transfer under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.
- 8.01.1 A request for a hearing before the State Board of Education shall be in writing and shall be postmarked no later than ten (10) calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under Ark. Code Ann. § 6-18-1905 and Section 6.00 of these rules and shall be mailed to:
- Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201
- 8.01.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the student or student's parent must also mail a copy of the written appeal to the superintendent of the nonresident school district.
- 8.01.3 In its written appeal, the student or student's parent shall state his or her basis for appealing the decision of the nonresident district.
- 8.01.4 The student or student's parent shall submit, along with its written appeal, a copy of the notice of rejection from the nonresident school district.
- 8.01.5 As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, social, or psychological interest of the student.
- 8.01.6 The nonresident district may submit, in writing, any additional information, evidence, or arguments supporting its rejection of the

student's application by mailing such response to the State Board of Education. Such response shall be postmarked no later than ten (10) days after the nonresident district receives the student or parent's appeal. The response of the nonresident district shall be mailed to:

Office of the Commissioner
ATTN: Arkansas Public School Choice Act Appeals
Four Capitol Mall
Little Rock, AR 72201

8.01.7 Contemporaneously with the filing of its response with the Office of the Commissioner, the nonresident district must also mail a copy of the response to the student or student's parent.

8.01.8 If the State Board of Education overturns the determination of the nonresident district on appeal, the State Board of Education shall notify the parent, the nonresident district, and the resident district of the basis for the State Board of Education's decision.

8.02 The Department of Education shall collect data from school districts on the number of applications for student transfers under Section 8.00 of these rules and study the effects of school choice transfers under Arkansas Code, Title 6, Chapter 18, Subchapter 19 and these rules, including without limitation the net maximum number of transfers and exemptions, on both resident and nonresident districts for up to two (2) years to determine if a racially segregative impact has occurred to any school district.

8.03 Annually by October 1, the Department of Education shall report its findings from the study of the data under Section 8.02 of these rules to the Senate Committee on Education and the House Committee on Education.

9.00 STATE BOARD HEARING PROCEDURES

The following procedures shall apply to hearings conducted by the State Board of Education pursuant to Ark. Code Ann. § 6-18-1907 and Section 8.00 of these rules:

9.01 A staff member of the Arkansas Department of Education shall introduce the agenda item.

9.02 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board.

9.03 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their opening statements.

- 9.04 Each party shall be given twenty (20) minutes to present their cases, beginning with the nonresident school district. The Chairperson of the State Board may, for good cause shown and upon request of either party, allow either party additional time to present their cases.
- 9.05 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board as a witness during the hearing. The State Board of Education may accept testimony by affidavit, declaration or deposition.
- 9.06 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 9.07 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1,2,3).
- 9.08 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A,B,C).
- 9.09 The nonresident school district shall have the burden of proof in proving the basis for denial of the transfer.
- 9.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 9.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board shall provide a written decision to the Department of Education, the appealing party, the nonresident district and the resident district within fourteen (14) days of announcing its decision under this section.

Parent/Guardian Signature		Date:	
<p>Pursuant to standards adopted by a nonresident school board a nonresident district may reserve the right to accept and reject applicants based on capacity of programs, class, grade level, or school building. Likewise, a nonresident district's standards may provide for the rejection of an applicant based upon the submission of false or misleading information to the above listed request for information when that information directly impacts the legal qualifications of an applicant to transfer pursuant to the School Choice Act. However, a nonresident district's standards shall not include an applicant's previous academic achievement, athletic or other extracurricular ability, handicapping conditions, English proficiency level, or previous disciplinary proceedings, except that an expulsion from another district may be included pursuant to Ark. Code Ann. § 6-18-510. Priority will be given to applicants with siblings or step-siblings attending the district. The nonresident district shall accept credits toward graduation that were awarded by another district and award a diploma to a nonresident applicant if the applicant meets the nonresident district's graduation requirements. This application must be filed in the nonresident district or postmarked no later than May 1 of the year in which the applicant would begin the fall semester at the nonresident district. A student whose application for transfer is rejected by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer by filing such a request in writing with the Commissioner of Education no later than ten (10) days after the student or student's parent receives a notice of rejection. (Consult Ark. Code Ann. § 6-18-1905 and the Arkansas Department of Education Rules Governing the Public School Choice Act of 2015 for specific procedures on how to file such an appeal).</p>

HEARING PROCEDURES

Board of Education no later than ten (10) days after receiving the appealing party's written appeal.

7.03.1 Any response from the nonresident district should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201

7.03.2 Contemporaneously with the filing of the written response with the Office of the Commissioner, the nonresident district must also mail a copy of the written response to the appealing party.

7.03.3 If the appealing party did not request a hearing before the State Board of Education, the nonresident district may request a hearing in its response.

7.04 If a hearing is requested by either party, the State Board of Education shall schedule the hearing for the next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.05 If no hearing is requested by either party, the State Board of Education shall consider the appeal during its next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.06 State Board of Education Hearing Procedures

7.06.1 A staff member of the Department of Education shall introduce the agenda item.

7.06.2 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board of Education.

7.06.3 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon the request of either party, allow either party additional time to present their opening statements.

7.06.4 Each party will be given twenty (20) minutes to present their cases, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon request of either party, allow either party additional time to present their cases.

7.06.5 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board of Education as a witness during the hearing. The

State Board of Education may accept testimony by affidavit, declaration, or deposition.

- 7.06.6 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 7.06.7 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1, 2, 3).
- 7.06.8 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A, B, C).
- 7.06.9 The nonresident district shall have the burden of proof in proving the basis for the denial of the transfer.
- 7.06.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 7.06.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board of Education shall provide a written decision to the Department of Education, the appealing party, and the nonresident district within fourteen (14) calendar days of announcing its decision under this section.

Re: **Appeal Under the Opportunity Public School Choice Act
VIA CERTIFIED AND REGULAR MAIL**

Everyone:

This letter is to notify you that the Arkansas State Board of Education is scheduled to hear the above-referenced appeal(s) on **Thursday, August 11, 2016**. This appeal will be heard along with the parents appeal of denial of transfer under the Arkansas School Choice Act of 2015. The meeting will begin at **10:00 a.m. in the Auditorium of the Arch Ford Education Building, Four Capitol Mall, Little Rock, Arkansas.**

The Arkansas State Board of Education has requested the parent, nonresident district, and the resident district attend this meeting and be available for questions.

The above-referenced appeal(s) will be conducted pursuant to the legal authority and jurisdiction vested in the State Board by Ark. Code Ann. § 6-18-227 and the Arkansas Department of Education Rules Governing the Opportunity Public School Choice Act. You may find a copy of the applicable rules here: [http://www.arkansased.gov/public/userfiles/rules/Current/Opportunity School Choice Rules Final September 2013.pdf](http://www.arkansased.gov/public/userfiles/rules/Current/Opportunity%20School%20Choice%20Rules%20Final%20September%202013.pdf)

Thank you in advance for your cooperation in this matter. Please do not hesitate to contact the Arkansas Department of Education's Legal Services Division at (501) 682-4227 should you require additional information.

Sincerely,

Jennifer Davis
Staff Attorney

APPEAL

White Hall School District
1020 West Holland
White Hall, AR 71602

July 27, 2016

LaQuita Wilson
[REDACTED]

Pine Bluff, AR 71601

I am sorry, but the Opportunity School Choice Application(s) of 2016 you submitted for [REDACTED] Wilson has been rejected for the following reason.

☒ X Your child's resident district has declared itself exempt from the provisions of the School Choice Law due to it being under an enforceable desegregation order.

☐ Your child's resident district has reached its limitation cap for allowable transfers and we cannot accept any additional school choice transfers from that district.

If you have any questions please contact your Resident District Superintendent at the District Administration Building

As noted in your original application, you have 10 days from receipt of this notice in which to appeal this decision to the Arkansas State Board of Education.

Respectfully,

Dr. Larry Smith, Superintendent

Title 6 Education
Subtitle 2. Elementary And Secondary Education Generally
Chapter 18 Students
Subchapter 2 -- Attendance

A.C.A. § 6-18-227 (2014)

6-18-227. Arkansas Opportunity Public School Choice Act of 2004.

(a) (1) This section may be referred to and cited as the "Arkansas Opportunity Public School Choice Act of 2004".

(2) (A) The purpose of this section is to provide enhanced opportunity for students in this state to gain the knowledge and skills necessary for postsecondary education, a technical education, or the world of work.

(B) The General Assembly:

(i) Recognizes that the Arkansas Constitution, as interpreted by the Supreme Court in *Lake View School District No. 25 v. Huckabee*, 351 Ark. 31 (2002), makes education a paramount duty of the state;

(ii) Finds that the Arkansas Constitution requires the state to provide an adequate education;

(iii) Further finds that a student should not be compelled against the wishes of the parent, guardian, or the student, if the student is over eighteen (18) years of age, to remain in a public school or school district classified by the State Board of Education as a school or school district in academic distress under § 6-15-428; and

(iv) Shall make available a public school choice option in order to give a child the opportunity to attend a public school or school district not in academic distress.

(3) The General Assembly further finds that giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools, since teachers, administrators, and school district board members will have added incentives to satisfy the educational needs of the students who reside in the district.

(4) A public school choice program is hereby established to enable any student to transfer from a public school or school district classified by the state board as a public school or school district in academic distress to another public school or school district in the state that is not in academic distress, subject to the restrictions contained in this section.

(b) (1) Upon the request of a parent, guardian, or the student, if the student is over eighteen (18) years of age, a student may transfer from his or her resident district or public school to another school district or public school under this section if:

(A) The resident public school or school district has been classified by the state board as a public school or school district in academic distress; and

(B) The parent, guardian, or the student, if the student is over eighteen (18) years of age, has notified the Department of Education and both the sending and receiving school districts of the request for a transfer no later than July 30 of the first year in which the student intends to transfer.

(2) (A) (i) For the purposes of continuity of educational choice, the transfer shall operate as an irrevocable election for each subsequent entire school year and shall remain in force until the student completes high school or the parent, guardian, or the student, if the student is over eighteen (18) years of age, timely makes application under a provision of law governing attendance in or transfer to another public school or school district other than the student's assigned school or resident district.

(ii) A transfer under this section is effective at the beginning of the next academic year.

(B) Application for the opportunity public school choice option shall be provided by the department, shall contain a notice that a transfer under this subsection shall operate as an irrevocable choice for at least one (1) entire school year, and shall remain in force until the student completes high school as provided in this subsection except as otherwise provided by law.

(3) (A) For each student enrolled in or assigned to a public school or school district that has been classified by the state board as a public school or school district in academic distress, a school district shall:

(i) Timely notify the parent, guardian, or the student, if the student is over eighteen (18) years of age, as soon as practicable after the designation is made, of all options available under this section; and

(ii) (a) Offer the parent, guardian, or the student, if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the state board as a public school or school district in academic distress.

(b) The opportunity to continue attending the public school or school district that is not classified as a public school or school district in academic distress shall remain in force until the student graduates from high school.

(B) (i) The parent or guardian of a student enrolled in or assigned to a public school or school district that has been classified by the state board as a public school or school district in academic distress may choose as an alternative to enroll the student in a legally allowable public school or school district that is not classified as a public school or school district in academic distress and that is nearest to the student's legal residence.

(ii) That school or school district shall accept the student and report the student for purposes of the funding under applicable state law.

(C) (i) Students with disabilities who are eligible to receive services from the school district under federal or state law, including students receiving additional funding through federal title programs specific to the Elementary and Secondary Education Act of 1965, Pub. L. No. 89-10, and who participate in the public school choice program remain eligible to receive services from the school district as provided by federal or state law.

(ii) Any funding for the student shall be transferred to the public school or school district to which the student transfers.

(c) (1) (A) The receiving public school or school district may transport students to and from the transferring public school or school district, and the cost of transporting students shall be the responsibility of the transferring public school or school district except as provided under subdivisions (c)(1)(B) and (c)(2) of this section.

(B) A transferring public school or school district shall not be required to spend more than four hundred dollars (\$400) per student per school year for transportation required under subdivision (c)(1)(A) of this section.

(2) Upon the transferring public school's or school district's removal from classification as a public school or school district in academic distress, the transportation costs shall no longer be the responsibility of the transferring public school or school district, and the student's transportation and the costs of the transportation shall be the responsibility of the parent or guardian or of the receiving public school or school district if the receiving public school or school district agrees to bear the transportation costs.

(d) (1) (A) Each school district board of directors shall offer the opportunity public school choice option within the public schools.

(B) The opportunity public school choice option shall be offered in addition to other existing choice programs.

(2) (A) (i) A school district shall not deny a student the ability to attend a school in the student's school district of choice under this section unless there is a lack of capacity at the school in the student's school district of choice.

(ii) A lack of capacity may be claimed by a school district only if the school district has reached the maximum student-to-teacher ratio allowed under federal law, state law, the rules for standards of accreditation, or other applicable regulations.

(B) The race or ethnicity of a student shall not be used to deny a student the ability to attend a school in the student's school district of choice under this section.

(3) A student or the student's parent or guardian may appeal a school district's decision to deny admission to a school in a student's school district of choice due to lack of capacity to the State Board of Education after the student or the student's parent or guardian receives a written notice from the school district of choice that admission has been denied.

(4) The department shall promulgate rules governing the use of school capacity as a basis for denying admission under this section.

(e) (1) The provisions of this section and all student choice options created in this section shall comply with § 6-18-206(d) [repealed], (e) [repealed], and (i) [repealed] and shall not be subject to any other limitation or restriction provided by law.

(2) If any part of this section conflicts with the provisions of a federal desegregation court order applicable to a school district, the provisions of the federal desegregation court order shall govern.

(f) The department shall develop an annual report on the status of school choice and deliver the report to the state board, the Governor, and the Legislative Council at least ninety (90) days prior to the convening of the regular session of the General Assembly.

(g) Each school district board of directors shall annually report the number of students applying for and attending the various types of public schools of choice in the district, including schools such as magnet schools, according to rules adopted by the state board.

(h) (1) A receiving district shall accept credits toward graduation that were awarded by another district.

(2) The receiving district shall award a diploma to a nonresident student if the student meets the receiving district's graduation requirements.

(i) For purposes of determining a school district's state funding, the nonresident student shall be counted as a part of the average daily membership of the district to which the student has transferred.

(j) (1) All school districts shall report to the department on an annual basis the race, gender, and other pertinent information needed to properly monitor compliance with the provisions of this section.

(2) The reports may be on those forms that are prescribed by the department, or the data may be submitted electronically by the district using a format authorized by the department.

(3) The department may put on probation the superintendent of any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the department so long as thirty (30) calendar days are given between the request for the information and the published deadline.

(4) A copy of the report shall be provided to the House Committee on Education and the Senate Committee on Education.

(k) (1) Unless excused by the school for illness or other good cause:

(A) Any student participating in the opportunity public school choice option shall remain in attendance throughout the school year and shall comply fully with the school's code of conduct; and

(B) The parent or guardian of each student participating in the opportunity public school choice option shall comply fully with the receiving public school's parental involvement requirements.

(2) A participant who fails to comply with this section shall forfeit the opportunity public school choice option.

(l) (1) The maximum opportunity public school choice funds granted for an eligible student shall be calculated based on applicable state law.

(2) (A) The receiving school district shall report all students who transfer from another public school under the public school choice program.

(B) The students attending public schools pursuant to the opportunity public school choice option shall be reported separately from those students reported for purposes of compliance with applicable state law.

(3) The public school that provides services to students with disabilities shall receive funding as determined by applicable federal and state law.

(m) The state board shall adopt any rules necessary for the implementation of this section pursuant to the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(n) A district under the public school choice program shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

HISTORY: Acts 2003 (2nd Ex. Sess.), No. 35, § 7; 2005, No. 2121, § 22; 2011, No. 1124, §§ 1, 2; 2011, No. 1147, § 1; 2013, No. 600, §§ 7-12; 2013, No. 1138, § 45; 2013, No. 1227, § 4; 2013, No. 1429, § 11.

OPPORTUNITY SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION
RULES GOVERNING THE ARKANSAS OPPORTUNITY
PUBLIC SCHOOL CHOICE ACT
September 2013**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Arkansas Opportunity Public School Choice Act.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Arkansas Opportunity Public School Choice Act as amended.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. §§ 6-11-105, 6-18-227, 6-15-430, 25-15-201 et seq., and Acts 600, 1227 and 1429 of 2013.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Department” means the Arkansas Department of Education.
- 3.02 “Nonresident or receiving district” means the public school district, or open-enrollment public charter school, to which a student transfers or seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.03 “Nonresident or receiving school” means the public school to which a student transfers or seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227. A nonresident or receiving school may be a public school within the resident district, a public school within a nonresident district, or an open-enrollment public charter school.
- 3.04 “Resident or transferring district” means the public school district in which the student resides and from which the student seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.05 “Resident or transferring school” means the public school in which the student is enrolled at the time of application and from which the student seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.06 “Public school or school district in academic distress” means a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress.

4.00 GENERAL REQUIREMENTS

- 4.01 Upon the request of a parent or guardian, or the student if the student is over eighteen (18) years of age, a student may transfer from his or her resident district or public school to another school district or public school under these rules if:
 - 4.01.1 The resident public school or school district has been classified by the State Board of Education as a public school or school district in academic distress; and
 - 4.01.2 The parent or guardian, or the student if the student is over eighteen (18) years of age, has notified the Department of Education and both the transferring and receiving school districts of the request to transfer no later than July 30 of the first year in which the student intends to transfer.
- 4.02 Each school district board of directors shall offer the Opportunity Public School Choice option within the public schools. The Opportunity Public School Choice option shall be offered in addition to other existing choice programs.
- 4.03 The parent or guardian of a student, or the student if the student is over eighteen (18) years of age, enrolled in or assigned to a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress may choose as an alternative to enroll the student in a legally allowable public school or school district that is not classified as a public school or school district in academic distress and that is nearest to the student's legal residence. That school or school district shall accept the student and report the student for purposes of the funding under applicable state law.
- 4.04 Within thirty (30) days from receipt of an application from a student seeking admission under these rules, the superintendent of the nonresident district shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity Public School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.
 - 4.04.1 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter the deadline by which the student must enroll in the receiving school.
 - 4.04.2 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the specific reasons for the rejection.
 - 4.04.3 A school district shall not deny a student the ability to transfer to a nonresident school under these rules unless there is a lack of capacity at the nonresident school.
 - 4.04.4 A lack of capacity may be claimed by a school district only if the nonresident school has reached the maximum student-to-teacher ratio allowed under federal law, state law, the rules for standards of

accreditation, or other applicable regulations. For the purposes of these rules, a school district may claim a lack of capacity if, as of the date the application for opportunity school choice is made, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

- 4.04.5 The race or ethnicity of a student shall not be used to deny a student the ability to attend a nonresident school under these rules.
- 4.04.6 Pursuant to Section 7.00 of these rules, a parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal a school district's decision to deny admission to a nonresident school to the State Board of Education after the student or the student's parent or guardian receives written notice from the nonresident district that admission has been denied.
- 4.04.7 If any provision of these rules conflicts with the provisions of a federal desegregation court order applicable to a school district, the provisions of the federal desegregation order shall govern.
- 4.05 For each student enrolled in or assigned to a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress, a school district shall:
 - 4.05.1 Timely notify the parent or guardian, or the student if the student is over eighteen (18) years of age, as soon as practicable after the designation is made, of all options available under these rules; and
 - 4.05.2 Offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the State Board of Education as a public school or school district in academic distress.
 - 4.05.3 The opportunity to continue attending the public school or school district that is not classified as a public school or school district in academic distress shall remain in force until the student graduates from high school.
- 4.06 For the purposes of continuity of educational choice, a transfer under these rules shall operate as an irrevocable election for each subsequent entire school year and shall remain in force until:
 - 4.06.1 The student completes high school; or,
 - 4.06.2 The parent or guardian, or the student if the student is over eighteen (18) years of age, timely makes application under a provision of law governing attendance in or transfer to another public school or school district other than the student's assigned school or resident district.

- 4.07 A transfer under these rules is effective at the beginning of the next academic year.
- 4.08 Students with disabilities who are eligible to receive services from the transferring school district under federal or state law, including students receiving additional funding through federal title programs specific to the Elementary and Secondary Education Act of 1965, Pub. L. No. 89-10, and who participate in the Opportunity Public School Choice Act program, shall remain eligible to receive services from the receiving school district as provided by state or federal law. Any funding for the student shall be transferred to the school district to which the student transfers.
- 4.09 The receiving public school or school district may transport students to and from the transferring public school or school district, and the cost of transporting students shall be the responsibility of the transferring public school or school district except as provided under Sections 4.09.1 and 4.09.2 of these rules.
 - 4.09.1 A transferring public school or school district shall not be required to spend more than four hundred dollars (\$400) per student per school year for transportation required under Section 4.09 of these rules.
 - 4.09.2 Upon the transferring public school or school district's removal from classification as a public school or school district in academic distress, the transportation costs shall no longer be the responsibility of the transferring public school or school district, and the student's transportation and the costs of transportation shall be the responsibility of the parent or guardian or of the receiving public school or school district if the receiving public school or school district agrees to bear the transportation costs.
- 4.10 Unless excused by the school for illness or other good cause:
 - 4.10.1 Any student participating in the Opportunity Public School Choice option shall remain in attendance throughout the school year and shall comply fully with the receiving school's code of conduct; and
 - 4.10.2 The parent or guardian of each student participating in the Opportunity Public School Choice option shall comply fully with the receiving school's parental involvement requirements.
- 4.11 The parent or guardian shall ensure that the student participating in the opportunity public school choice option takes all statewide assessments, including, but not limited to, benchmark exams, required pursuant to Ark. Code Ann. § 6-15-433.
- 4.12 A student failing to comply with the requirements of these rules shall forfeit the Opportunity Public School Choice option.
- 4.13 A receiving district shall accept credits toward graduation that were awarded by another district.

- 4.14 The receiving district shall award a diploma to a student transferred under these rules if the student meets the receiving district's graduation requirements.
- 4.15 A district under this program shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

5.00 REPORTING REQUIREMENTS

- 5.01 The Department of Education shall develop an annual report on the status of school choice and deliver the report to the State Board of Education, the Governor, and the Legislative Council at least ninety (90) days prior to the convening of the regular session of the General Assembly.
- 5.02 Each school district board of directors shall annually report the number of students applying for and attending the various types of public schools of choice in the district, including schools such as magnet schools, according to these rules. The school district board of directors shall report this data through its cycle reports as prescribed by the Commissioner of Education.
- 5.03 All school districts shall report to the Department of Education on an annual basis the race and gender of each student identified in Section 5.02 above, and other pertinent information needed to properly monitor compliance with the provisions of these rules. The reports may be on forms prescribed by the Department of Education, or the data may be submitted electronically by the district using a format authorized by the Department of Education. The school districts shall report this data through its cycle reports as prescribed by the Commissioner of Education.
 - 5.03.1 The Department of Education may put on probation the superintendent of any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the Department of Education so long as thirty (30) calendar days are given between the request for the information and the published deadline.
 - 5.03.2 A copy of the report shall be provided to the Joint Interim Committee on Education.
- 5.04 The receiving school district shall report all students who transfer from another public school under this program. The students attending public schools pursuant to the Opportunity Public School Choice option shall be reported separately from those students reported for purposes of compliance with applicable state law.

6.00 FUNDING CONSIDERATIONS

- 6.01 For the purposes of determining a school district's state funding, the nonresident student shall be counted as a part of the average daily membership of the receiving district.
- 6.02 The maximum Opportunity Public School Choice funds granted for an eligible student shall be calculated based on applicable state law.
- 6.03 The public school that provides services to students with disabilities shall receive funding as determined by applicable federal and state law.

7.00 APPEAL PROCEDURES

- 7.01 A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal a school district's decision to deny admission to a nonresident school due to a lack of capacity to the State Board of Education pursuant to this section.
- 7.02 The student or the student's parent or guardian (hereinafter the appealing party) must present a written appeal to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the appealing party receives notice of rejection from the superintendent of the nonresident district in accordance with Section 4.04 of these rules.
 - 7.02.1 The written appeal should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201
 - 7.02.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the appealing party must also mail a copy of the written appeal to the superintendent of the nonresident school district.
 - 7.02.3 In its written appeal, the appealing party shall state his or her basis for appealing the decision of the nonresident district.
 - 7.02.4 The appealing party must submit, along with its written appeal, a copy of the rejection letter from the nonresident district.
 - 7.02.5 Any request for a hearing before the State Board of Education must be made in the written appeal.
- 7.03 The nonresident district may submit, in writing, any additional information, evidence or arguments supporting its rejection of the student's application by mailing such response via certified mail, return receipt requested to the State

Board of Education no later than ten (10) days after receiving the appealing party's written appeal.

7.03.1 Any response from the nonresident district should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201

7.03.2 Contemporaneously with the filing of the written response with the Office of the Commissioner, the nonresident district must also mail a copy of the written response to the appealing party.

7.03.3 If the appealing party did not request a hearing before the State Board of Education, the nonresident district may request a hearing in its response.

7.04 If a hearing is requested by either party, the State Board of Education shall schedule the hearing for the next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.05 If no hearing is requested by either party, the State Board of Education shall consider the appeal during its next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.06 State Board of Education Hearing Procedures

7.06.1 A staff member of the Department of Education shall introduce the agenda item.

7.06.2 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board of Education.

7.06.3 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon the request of either party, allow either party additional time to present their opening statements.

7.06.4 Each party will be given twenty (20) minutes to present their cases, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon request of either party, allow either party additional time to present their cases.

7.06.5 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board of Education as a witness during the hearing. The

State Board of Education may accept testimony by affidavit, declaration, or deposition.

- 7.06.6 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 7.06.7 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1, 2, 3).
- 7.06.8 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A, B, C).
- 7.06.9 The nonresident district shall have the burden of proof in proving the basis for the denial of the transfer.
- 7.06.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 7.06.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board of Education shall provide a written decision to the Department of Education, the appealing party, and the nonresident district within fourteen (14) calendar days of announcing its decision under this section.

COMMISSIONER'S OFFICE**

AUG 01 2016

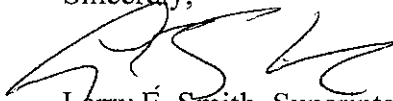

DEPARTMENT OF EDUCATION

Commissioner Key,

I have received Jennifer Davis' email concerning the appeal of the denial of the Opportunity School Choice Applications from the Allen Family. Please be advised that the White Hall School District has denied those applications on advice of legal counsel. The Dollarway School District has notified the Arkansas Department of Education of potential issues related to a federal desegregation case. Our legal counsel has advised us that we should not accept because we are not in a position to know or interpret the findings of the Federal Court in this case.

While the White Hall School District has capacity for these students, our attorney has indicated to us that accepting students under these circumstances would open the District to potential legal issues now and in the future should the transfer of students adversely affect the Dollarway School District. It has been explained to us that if the State Board of Education makes a decision that may adversely affect the Dollarway School District in terms of the court order, the legal liability will fall to the State of Arkansas rather than the White Hall School District. Therefore, we leave the decision to the State Board of Education.

Sincerely,

Larry E. Smith, Superintendent
White Hall Public Schools

HEARING PROCEDURES

Board of Education no later than ten (10) days after receiving the appealing party's written appeal.

7.03.1 Any response from the nonresident district should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201

7.03.2 Contemporaneously with the filing of the written response with the Office of the Commissioner, the nonresident district must also mail a copy of the written response to the appealing party.

7.03.3 If the appealing party did not request a hearing before the State Board of Education, the nonresident district may request a hearing in its response.

7.04 If a hearing is requested by either party, the State Board of Education shall schedule the hearing for the next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.05 If no hearing is requested by either party, the State Board of Education shall consider the appeal during its next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.06 State Board of Education Hearing Procedures

7.06.1 A staff member of the Department of Education shall introduce the agenda item.

7.06.2 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board of Education.

7.06.3 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon the request of either party, allow either party additional time to present their opening statements.

7.06.4 Each party will be given twenty (20) minutes to present their cases, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon request of either party, allow either party additional time to present their cases.

7.06.5 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board of Education as a witness during the hearing. The

State Board of Education may accept testimony by affidavit, declaration, or deposition.

- 7.06.6 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 7.06.7 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1, 2, 3).
- 7.06.8 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A, B, C).
- 7.06.9 The nonresident district shall have the burden of proof in proving the basis for the denial of the transfer.
- 7.06.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 7.06.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board of Education shall provide a written decision to the Department of Education, the appealing party, and the nonresident district within fourteen (14) calendar days of announcing its decision under this section.

APPEAL

Date: July 20, 2016

From: William and Ida Allen
for Esther Allen

To: Arkansas Department of Education

Due to the hardship of our daughter having had four strokes. She had to move back home with her parents after being on her own since 1997.

This letter comes as an appeal to transfer school districts. She had to move from Maumelle, Arkansas to Sheridan, Arkansas for medical reasons. She did not relocate until June 27, 2016. We are asking that the children not have to attend a school that is in distress.

We are asking to transfer to a non resident school or school district under the Arkansas opportunity public choice ACT.

The three children are C [redacted] Hardin going to the tenth (10th) grade, Z [redacted] Green, seventh (7th) grade and M [redacted] Green (2nd) grade.

While attending Maymelle, C [REDACTED] has been in Pre-AP Class and Gifted and Talented program since sixth grade. He took the ACT and made a composite score of 22. He is coming from an advanced school and it would be traumatic for him to transfer to a school that is in distress.

Z [REDACTED] also need to be challenged.

M [REDACTED] will be a second grader reading at the fourth grade level.

We live in an area where the White Hall School bus passes our street to pick up other children for school.

We are asking if you will please reconsider this transfer request.

Thank you,

Dillon Allen
Alda Allen
Esther Allen (mother)

Title 6 Education
 Subtitle 2. Elementary And Secondary Education Generally
 Chapter 18 Students
 Subchapter 2 -- Attendance

A.C.A. § 6-18-227 (2014)

6-18-227. Arkansas Opportunity Public School Choice Act of 2004.

(a) (1) This section may be referred to and cited as the "Arkansas Opportunity Public School Choice Act of 2004".

(2) (A) The purpose of this section is to provide enhanced opportunity for students in this state to gain the knowledge and skills necessary for postsecondary education, a technical education, or the world of work.

(B) The General Assembly:

(i) Recognizes that the Arkansas Constitution, as interpreted by the Supreme Court in *Lake View School District No. 25 v. Huckabee*, 351 Ark. 31 (2002), makes education a paramount duty of the state;

(ii) Finds that the Arkansas Constitution requires the state to provide an adequate education;

(iii) Further finds that a student should not be compelled against the wishes of the parent, guardian, or the student, if the student is over eighteen (18) years of age, to remain in a public school or school district classified by the State Board of Education as a school or school district in academic distress under § 6-15-428; and

(iv) Shall make available a public school choice option in order to give a child the opportunity to attend a public school or school district not in academic distress.

(3) The General Assembly further finds that giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools, since teachers, administrators, and school district board members will have added incentives to satisfy the educational needs of the students who reside in the district.

(4) A public school choice program is hereby established to enable any student to transfer from a public school or school district classified by the state board as a public school or school district in academic distress to another public school or school district in the state that is not in academic distress, subject to the restrictions contained in this section.

(b) (1) Upon the request of a parent, guardian, or the student, if the student is over eighteen (18) years of age, a student may transfer from his or her resident district or public school to another school district or public school under this section if:

(A) The resident public school or school district has been classified by the state board as a public school or school district in academic distress; and

(B) The parent, guardian, or the student, if the student is over eighteen (18) years of age, has notified the Department of Education and both the sending and receiving school districts of the request for a transfer no later than July 30 of the first year in which the student intends to transfer.

(2) (A) (i) For the purposes of continuity of educational choice, the transfer shall operate as an irrevocable election for each subsequent entire school year and shall remain in force until the student completes high school or the parent, guardian, or the student, if the student is over eighteen (18) years of age, timely makes application under a provision of law governing attendance in or transfer to another public school or school district other than the student's assigned school or resident district.

(ii) A transfer under this section is effective at the beginning of the next academic year.

(B) Application for the opportunity public school choice option shall be provided by the department, shall contain a notice that a transfer under this subsection shall operate as an irrevocable choice for at least one (1) entire school year, and shall remain in force until the student completes high school as provided in this subsection except as otherwise provided by law.

(3) (A) For each student enrolled in or assigned to a public school or school district that has been classified by the state board as a public school or school district in academic distress, a school district shall:

(i) Timely notify the parent, guardian, or the student, if the student is over eighteen (18) years of age, as soon as practicable after the designation is made, of all options available under this section; and

(ii) (a) Offer the parent, guardian, or the student, if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the state board as a public school or school district in academic distress.

(b) The opportunity to continue attending the public school or school district that is not classified as a public school or school district in academic distress shall remain in force until the student graduates from high school.

(B) (i) The parent or guardian of a student enrolled in or assigned to a public school or school district that has been classified by the state board as a public school or school district in academic distress may choose as an alternative to enroll the student in a legally allowable public school or school district that is not classified as a public school or school district in academic distress and that is nearest to the student's legal residence.

(ii) That school or school district shall accept the student and report the student for purposes of the funding under applicable state law.

(C) (i) Students with disabilities who are eligible to receive services from the school district under federal or state law, including students receiving additional funding through federal title programs specific to the Elementary and Secondary Education Act of 1965, Pub. L. No. 89-10, and who participate in the public school choice program remain eligible to receive services from the school district as provided by federal or state law.

(ii) Any funding for the student shall be transferred to the public school or school district to which the student transfers.

(c) (1) (A) The receiving public school or school district may transport students to and from the transferring public school or school district, and the cost of transporting students shall be the responsibility of the transferring public school or school district except as provided under subdivisions (c)(1)(B) and (c)(2) of this section.

(B) A transferring public school or school district shall not be required to spend more than four hundred dollars (\$400) per student per school year for transportation required under subdivision (c)(1)(A) of this section.

(2) Upon the transferring public school's or school district's removal from classification as a public school or school district in academic distress, the transportation costs shall no longer be the responsibility of the transferring public school or school district, and the student's transportation and the costs of the transportation shall be the responsibility of the parent or guardian or of the receiving public school or school district if the receiving public school or school district agrees to bear the transportation costs.

(d) (1) (A) Each school district board of directors shall offer the opportunity public school choice option within the public schools.

(B) The opportunity public school choice option shall be offered in addition to other existing choice programs.

(2) (A) (i) A school district shall not deny a student the ability to attend a school in the student's school district of choice under this section unless there is a lack of capacity at the school in the student's school district of choice.

(ii) A lack of capacity may be claimed by a school district only if the school district has reached the maximum student-to-teacher ratio allowed under federal law, state law, the rules for standards of accreditation, or other applicable regulations.

(B) The race or ethnicity of a student shall not be used to deny a student the ability to attend a school in the student's school district of choice under this section.

(3) A student or the student's parent or guardian may appeal a school district's decision to deny admission to a school in a student's school district of choice due to lack of capacity to the State Board of Education after the student or the student's parent or guardian receives a written notice from the school district of choice that admission has been denied.

(4) The department shall promulgate rules governing the use of school capacity as a basis for denying admission under this section.

(e) (1) The provisions of this section and all student choice options created in this section shall comply with § 6-18-206(d) [repealed], (e) [repealed], and (i) [repealed] and shall not be subject to any other limitation or restriction provided by law.

(2) If any part of this section conflicts with the provisions of a federal desegregation court order applicable to a school district, the provisions of the federal desegregation court order shall govern.

(f) The department shall develop an annual report on the status of school choice and deliver the report to the state board, the Governor, and the Legislative Council at least ninety (90) days prior to the convening of the regular session of the General Assembly.

(g) Each school district board of directors shall annually report the number of students applying for and attending the various types of public schools of choice in the district, including schools such as magnet schools, according to rules adopted by the state board.

(h) (1) A receiving district shall accept credits toward graduation that were awarded by another district.

(2) The receiving district shall award a diploma to a nonresident student if the student meets the receiving district's graduation requirements.

(i) For purposes of determining a school district's state funding, the nonresident student shall be counted as a part of the average daily membership of the district to which the student has transferred.

(j) (1) All school districts shall report to the department on an annual basis the race, gender, and other pertinent information needed to properly monitor compliance with the provisions of this section.

(2) The reports may be on those forms that are prescribed by the department, or the data may be submitted electronically by the district using a format authorized by the department.

(3) The department may put on probation the superintendent of any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the department so long as thirty (30) calendar days are given between the request for the information and the published deadline.

(4) A copy of the report shall be provided to the House Committee on Education and the Senate Committee on Education.

(k) (1) Unless excused by the school for illness or other good cause:

(A) Any student participating in the opportunity public school choice option shall remain in attendance throughout the school year and shall comply fully with the school's code of conduct; and

(B) The parent or guardian of each student participating in the opportunity public school choice option shall comply fully with the receiving public school's parental involvement requirements.

(2) A participant who fails to comply with this section shall forfeit the opportunity public school choice option.

(l) (1) The maximum opportunity public school choice funds granted for an eligible student shall be calculated based on applicable state law.

(2) (A) The receiving school district shall report all students who transfer from another public school under the public school choice program.

(B) The students attending public schools pursuant to the opportunity public school choice option shall be reported separately from those students reported for purposes of compliance with applicable state law.

(3) The public school that provides services to students with disabilities shall receive funding as determined by applicable federal and state law.

(m) The state board shall adopt any rules necessary for the implementation of this section pursuant to the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(n) A district under the public school choice program shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

HISTORY: Acts 2003 (2nd Ex. Sess.), No. 35, § 7; 2005, No. 2121, § 22; 2011, No. 1124, §§ 1, 2; 2011, No. 1147, § 1; 2013, No. 600, §§ 7-12; 2013, No. 1138, § 45; 2013, No. 1227, § 4; 2013, No. 1429, § 11.

OPPORTUNITY SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION
RULES GOVERNING THE ARKANSAS OPPORTUNITY
PUBLIC SCHOOL CHOICE ACT
September 2013**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Arkansas Opportunity Public School Choice Act.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Arkansas Opportunity Public School Choice Act as amended.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. §§ 6-11-105, 6-18-227, 6-15-430, 25-15-201 et seq., and Acts 600, 1227 and 1429 of 2013.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Department” means the Arkansas Department of Education.
- 3.02 “Nonresident or receiving district” means the public school district, or open-enrollment public charter school, to which a student transfers or seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.03 “Nonresident or receiving school” means the public school to which a student transfers or seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227. A nonresident or receiving school may be a public school within the resident district, a public school within a nonresident district, or an open-enrollment public charter school.
- 3.04 “Resident or transferring district” means the public school district in which the student resides and from which the student seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.05 “Resident or transferring school” means the public school in which the student is enrolled at the time of application and from which the student seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.06 “Public school or school district in academic distress” means a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress.

4.00 GENERAL REQUIREMENTS

- 4.01 Upon the request of a parent or guardian, or the student if the student is over eighteen (18) years of age, a student may transfer from his or her resident district or public school to another school district or public school under these rules if:
 - 4.01.1 The resident public school or school district has been classified by the State Board of Education as a public school or school district in academic distress; and
 - 4.01.2 The parent or guardian, or the student if the student is over eighteen (18) years of age, has notified the Department of Education and both the transferring and receiving school districts of the request to transfer no later than July 30 of the first year in which the student intends to transfer.
- 4.02 Each school district board of directors shall offer the Opportunity Public School Choice option within the public schools. The Opportunity Public School Choice option shall be offered in addition to other existing choice programs.
- 4.03 The parent or guardian of a student, or the student if the student is over eighteen (18) years of age, enrolled in or assigned to a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress may choose as an alternative to enroll the student in a legally allowable public school or school district that is not classified as a public school or school district in academic distress and that is nearest to the student's legal residence. That school or school district shall accept the student and report the student for purposes of the funding under applicable state law.
- 4.04 Within thirty (30) days from receipt of an application from a student seeking admission under these rules, the superintendent of the nonresident district shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity Public School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.
 - 4.04.1 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter the deadline by which the student must enroll in the receiving school.
 - 4.04.2 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the specific reasons for the rejection.
 - 4.04.3 A school district shall not deny a student the ability to transfer to a nonresident school under these rules unless there is a lack of capacity at the nonresident school.
 - 4.04.4 A lack of capacity may be claimed by a school district only if the nonresident school has reached the maximum student-to-teacher ratio allowed under federal law, state law, the rules for standards of

accreditation, or other applicable regulations. For the purposes of these rules, a school district may claim a lack of capacity if, as of the date the application for opportunity school choice is made, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

- 4.04.5 The race or ethnicity of a student shall not be used to deny a student the ability to attend a nonresident school under these rules.
- 4.04.6 Pursuant to Section 7.00 of these rules, a parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal a school district's decision to deny admission to a nonresident school to the State Board of Education after the student or the student's parent or guardian receives written notice from the nonresident district that admission has been denied.
- 4.04.7 If any provision of these rules conflicts with the provisions of a federal desegregation court order applicable to a school district, the provisions of the federal desegregation order shall govern.
- 4.05 For each student enrolled in or assigned to a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress, a school district shall:
 - 4.05.1 Timely notify the parent or guardian, or the student if the student is over eighteen (18) years of age, as soon as practicable after the designation is made, of all options available under these rules; and
 - 4.05.2 Offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the State Board of Education as a public school or school district in academic distress.
 - 4.05.3 The opportunity to continue attending the public school or school district that is not classified as a public school or school district in academic distress shall remain in force until the student graduates from high school.
- 4.06 For the purposes of continuity of educational choice, a transfer under these rules shall operate as an irrevocable election for each subsequent entire school year and shall remain in force until:
 - 4.06.1 The student completes high school; or,
 - 4.06.2 The parent or guardian, or the student if the student is over eighteen (18) years of age, timely makes application under a provision of law governing attendance in or transfer to another public school or school district other than the student's assigned school or resident district.

- 4.07 A transfer under these rules is effective at the beginning of the next academic year.
- 4.08 Students with disabilities who are eligible to receive services from the transferring school district under federal or state law, including students receiving additional funding through federal title programs specific to the Elementary and Secondary Education Act of 1965, Pub. L. No. 89-10, and who participate in the Opportunity Public School Choice Act program, shall remain eligible to receive services from the receiving school district as provided by state or federal law. Any funding for the student shall be transferred to the school district to which the student transfers.
- 4.09 The receiving public school or school district may transport students to and from the transferring public school or school district, and the cost of transporting students shall be the responsibility of the transferring public school or school district except as provided under Sections 4.09.1 and 4.09.2 of these rules.
 - 4.09.1 A transferring public school or school district shall not be required to spend more than four hundred dollars (\$400) per student per school year for transportation required under Section 4.09 of these rules.
 - 4.09.2 Upon the transferring public school or school district's removal from classification as a public school or school district in academic distress, the transportation costs shall no longer be the responsibility of the transferring public school or school district, and the student's transportation and the costs of transportation shall be the responsibility of the parent or guardian or of the receiving public school or school district if the receiving public school or school district agrees to bear the transportation costs.
- 4.10 Unless excused by the school for illness or other good cause:
 - 4.10.1 Any student participating in the Opportunity Public School Choice option shall remain in attendance throughout the school year and shall comply fully with the receiving school's code of conduct; and
 - 4.10.2 The parent or guardian of each student participating in the Opportunity Public School Choice option shall comply fully with the receiving school's parental involvement requirements.
- 4.11 The parent or guardian shall ensure that the student participating in the opportunity public school choice option takes all statewide assessments, including, but not limited to, benchmark exams, required pursuant to Ark. Code Ann. § 6-15-433.
- 4.12 A student failing to comply with the requirements of these rules shall forfeit the Opportunity Public School Choice option.
- 4.13 A receiving district shall accept credits toward graduation that were awarded by another district.

- 4.14 The receiving district shall award a diploma to a student transferred under these rules if the student meets the receiving district's graduation requirements.
- 4.15 A district under this program shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

5.00 REPORTING REQUIREMENTS

- 5.01 The Department of Education shall develop an annual report on the status of school choice and deliver the report to the State Board of Education, the Governor, and the Legislative Council at least ninety (90) days prior to the convening of the regular session of the General Assembly.
- 5.02 Each school district board of directors shall annually report the number of students applying for and attending the various types of public schools of choice in the district, including schools such as magnet schools, according to these rules. The school district board of directors shall report this data through its cycle reports as prescribed by the Commissioner of Education.
- 5.03 All school districts shall report to the Department of Education on an annual basis the race and gender of each student identified in Section 5.02 above, and other pertinent information needed to properly monitor compliance with the provisions of these rules. The reports may be on forms prescribed by the Department of Education, or the data may be submitted electronically by the district using a format authorized by the Department of Education. The school districts shall report this data through its cycle reports as prescribed by the Commissioner of Education.
 - 5.03.1 The Department of Education may put on probation the superintendent of any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the Department of Education so long as thirty (30) calendar days are given between the request for the information and the published deadline.
 - 5.03.2 A copy of the report shall be provided to the Joint Interim Committee on Education.
- 5.04 The receiving school district shall report all students who transfer from another public school under this program. The students attending public schools pursuant to the Opportunity Public School Choice option shall be reported separately from those students reported for purposes of compliance with applicable state law.

6.00 FUNDING CONSIDERATIONS

- 6.01 For the purposes of determining a school district's state funding, the nonresident student shall be counted as a part of the average daily membership of the receiving district.
- 6.02 The maximum Opportunity Public School Choice funds granted for an eligible student shall be calculated based on applicable state law.
- 6.03 The public school that provides services to students with disabilities shall receive funding as determined by applicable federal and state law.

7.00 APPEAL PROCEDURES

- 7.01 A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal a school district's decision to deny admission to a nonresident school due to a lack of capacity to the State Board of Education pursuant to this section.
- 7.02 The student or the student's parent or guardian (hereinafter the appealing party) must present a written appeal to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the appealing party receives notice of rejection from the superintendent of the nonresident district in accordance with Section 4.04 of these rules.
 - 7.02.1 The written appeal should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201
 - 7.02.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the appealing party must also mail a copy of the written appeal to the superintendent of the nonresident school district.
 - 7.02.3 In its written appeal, the appealing party shall state his or her basis for appealing the decision of the nonresident district.
 - 7.02.4 The appealing party must submit, along with its written appeal, a copy of the rejection letter from the nonresident district.
 - 7.02.5 Any request for a hearing before the State Board of Education must be made in the written appeal.
- 7.03 The nonresident district may submit, in writing, any additional information, evidence or arguments supporting its rejection of the student's application by mailing such response via certified mail, return receipt requested to the State

Board of Education no later than ten (10) days after receiving the appealing party's written appeal.

7.03.1 Any response from the nonresident district should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201

7.03.2 Contemporaneously with the filing of the written response with the Office of the Commissioner, the nonresident district must also mail a copy of the written response to the appealing party.

7.03.3 If the appealing party did not request a hearing before the State Board of Education, the nonresident district may request a hearing in its response.

7.04 If a hearing is requested by either party, the State Board of Education shall schedule the hearing for the next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.05 If no hearing is requested by either party, the State Board of Education shall consider the appeal during its next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.06 State Board of Education Hearing Procedures

7.06.1 A staff member of the Department of Education shall introduce the agenda item.

7.06.2 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board of Education.

7.06.3 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon the request of either party, allow either party additional time to present their opening statements.

7.06.4 Each party will be given twenty (20) minutes to present their cases, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon request of either party, allow either party additional time to present their cases.

7.06.5 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board of Education as a witness during the hearing. The

State Board of Education may accept testimony by affidavit, declaration, or deposition.

- 7.06.6 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 7.06.7 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1, 2, 3).
- 7.06.8 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A, B, C).
- 7.06.9 The nonresident district shall have the burden of proof in proving the basis for the denial of the transfer.
- 7.06.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 7.06.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board of Education shall provide a written decision to the Department of Education, the appealing party, and the nonresident district within fourteen (14) calendar days of announcing its decision under this section.

DEPARTMENT OF EDUCATION

Commissioner Key,

I have received Jennifer Davis' email concerning the appeal of the denial of the Opportunity School Choice Applications from the Allen Family. Please be advised that the White Hall School District has denied those applications on advice of legal counsel. The Dollarway School District has notified the Arkansas Department of Education of potential issues related to a federal desegregation case. Our legal counsel has advised us that we should not accept because we are not in a position to know or interpret the findings of the Federal Court in this case.

While the White Hall School District has capacity for these students, our attorney has indicated to us that accepting students under these circumstances would open the District to potential legal issues now and in the future should the transfer of students adversely affect the Dollarway School District. It has been explained to us that if the State Board of Education makes a decision that may adversely affect the Dollarway School District in terms of the court order, the legal liability will fall to the State of Arkansas rather than the White Hall School District. Therefore, we leave the decision to the State Board of Education.

Sincerely,

Larry E. Smith, Superintendent
White Hall Public Schools

HEARING PROCEDURES

Board of Education no later than ten (10) days after receiving the appealing party's written appeal.

7.03.1 Any response from the nonresident district should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201

7.03.2 Contemporaneously with the filing of the written response with the Office of the Commissioner, the nonresident district must also mail a copy of the written response to the appealing party.

7.03.3 If the appealing party did not request a hearing before the State Board of Education, the nonresident district may request a hearing in its response.

7.04 If a hearing is requested by either party, the State Board of Education shall schedule the hearing for the next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.05 If no hearing is requested by either party, the State Board of Education shall consider the appeal during its next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.06 State Board of Education Hearing Procedures

7.06.1 A staff member of the Department of Education shall introduce the agenda item.

7.06.2 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board of Education.

7.06.3 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon the request of either party, allow either party additional time to present their opening statements.

7.06.4 Each party will be given twenty (20) minutes to present their cases, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon request of either party, allow either party additional time to present their cases.

7.06.5 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board of Education as a witness during the hearing. The

State Board of Education may accept testimony by affidavit, declaration, or deposition.

- 7.06.6 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 7.06.7 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1, 2, 3).
- 7.06.8 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A, B, C).
- 7.06.9 The nonresident district shall have the burden of proof in proving the basis for the denial of the transfer.
- 7.06.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 7.06.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board of Education shall provide a written decision to the Department of Education, the appealing party, and the nonresident district within fourteen (14) calendar days of announcing its decision under this section.

**Re: Appeal Under the Opportunity Public School Choice Act
VIA CERTIFIED AND REGULAR MAIL**

Everyone:

This letter is to notify you that the Arkansas State Board of Education is scheduled to hear the above-referenced appeal(s) on **Thursday, August 11, 2016**. The meeting will begin at **10:00 a.m. in the Auditorium of the Arch Ford Education Building, Four Capitol Mall, Little Rock, Arkansas.**

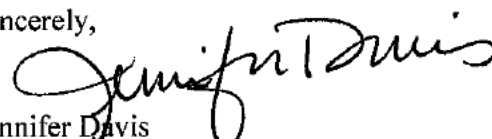

The Arkansas State Board of Education has requested the parent, nonresident district, and the resident district attend this meeting and be available for questions.

The above-referenced appeal(s) will be conducted pursuant to the legal authority and jurisdiction vested in the State Board by Ark. Code Ann. § 6-18-227 and the Arkansas Department of Education Rules Governing the Opportunity Public School Choice Act. You may find a copy of the applicable rules here:

http://www.arkansased.gov/public/userfiles/rules/Current/Opportunity_School_Choice_Rules_Final_September_2013.pdf

Thank you in advance for your cooperation in this matter. Please do not hesitate to contact the Arkansas Department of Education's Legal Services Division at (501) 682-4227 should you require additional information.

Sincerely,

Jennifer Davis
Staff Attorney

APPEAL

July 18, 2016

Barbara A. Jenkins,

Jacksonville, AR 72076

Office of ADE Commissioner
ATTN: Oliver Dillingham, Program Coordinator, School Choice
School Choice Appeal
Four Capitol Mall, Box#25
Little Rock, AR 72201

Dear Sir or Madam,

I am writing to appeal the denial decision that was given to me by the Jacksonville North Pulaski School District. The denial letter stated "JNPSD is party to an active desegregation lawsuit, and does not participate in school choice". This decision is of great concern to my child's education, due to the fact that the only Middle School in the JNPSD is in School Improvement with a 'Priority' Status. I have recently transferred my child from a 'Priority' status school in Pine Bluff, AR by physically moving to Jacksonville and enrolling in the charter school, Jacksonville Lighthouse Flightline Upper Academy. Although not in School Improvement, the charter school lacks programming that is of interest to my child. She aspires to be an engineer and would like to take courses in robotics and engineering that are offered at Sylvan Hills Middle School.

There are also restrictions for my child attending the charter school, because the LRAFB (Air Force Base), requires clearance for all contacts who transport students on and off the base. I am a single mother and I have to rely on others to help pick up my child from school. This school year has been a struggle to get my child picked up due to the base restrictions. Attending Sylvan Hills Middle School would mean my child be able to be picked up without any restrictions.

In closing it is my sincere plea that an appeal for school choice be granted for my child, M. Lucas, to receive permission to attend Sylvan Hills Middle School, so that she may pursue her educational aspirations.

Respectfully,

Barbara A. Jenkins

Title 6 Education
 Subtitle 2. Elementary And Secondary Education Generally
 Chapter 18 Students
 Subchapter 2 -- Attendance

A.C.A. § 6-18-227 (2014)

6-18-227. Arkansas Opportunity Public School Choice Act of 2004.

(a) (1) This section may be referred to and cited as the "Arkansas Opportunity Public School Choice Act of 2004".

(2) (A) The purpose of this section is to provide enhanced opportunity for students in this state to gain the knowledge and skills necessary for postsecondary education, a technical education, or the world of work.

(B) The General Assembly:

(i) Recognizes that the Arkansas Constitution, as interpreted by the Supreme Court in *Lake View School District No. 25 v. Huckabee*, 351 Ark. 31 (2002), makes education a paramount duty of the state;

(ii) Finds that the Arkansas Constitution requires the state to provide an adequate education;

(iii) Further finds that a student should not be compelled against the wishes of the parent, guardian, or the student, if the student is over eighteen (18) years of age, to remain in a public school or school district classified by the State Board of Education as a school or school district in academic distress under § 6-15-428; and

(iv) Shall make available a public school choice option in order to give a child the opportunity to attend a public school or school district not in academic distress.

(3) The General Assembly further finds that giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools, since teachers, administrators, and school district board members will have added incentives to satisfy the educational needs of the students who reside in the district.

(4) A public school choice program is hereby established to enable any student to transfer from a public school or school district classified by the state board as a public school or school district in academic distress to another public school or school district in the state that is not in academic distress, subject to the restrictions contained in this section.

(b) (1) Upon the request of a parent, guardian, or the student, if the student is over eighteen (18) years of age, a student may transfer from his or her resident district or public school to another school district or public school under this section if:

(A) The resident public school or school district has been classified by the state board as a public school or school district in academic distress; and

(B) The parent, guardian, or the student, if the student is over eighteen (18) years of age, has notified the Department of Education and both the sending and receiving school districts of the request for a transfer no later than July 30 of the first year in which the student intends to transfer.

(2) (A) (i) For the purposes of continuity of educational choice, the transfer shall operate as an irrevocable election for each subsequent entire school year and shall remain in force until the student completes high school or the parent, guardian, or the student, if the student is over eighteen (18) years of age, timely makes application under a provision of law governing attendance in or transfer to another public school or school district other than the student's assigned school or resident district.

(ii) A transfer under this section is effective at the beginning of the next academic year.

(B) Application for the opportunity public school choice option shall be provided by the department, shall contain a notice that a transfer under this subsection shall operate as an irrevocable choice for at least one (1) entire school year, and shall remain in force until the student completes high school as provided in this subsection except as otherwise provided by law.

(3) (A) For each student enrolled in or assigned to a public school or school district that has been classified by the state board as a public school or school district in academic distress, a school district shall:

(i) Timely notify the parent, guardian, or the student, if the student is over eighteen (18) years of age, as soon as practicable after the designation is made, of all options available under this section; and

(ii) (a) Offer the parent, guardian, or the student, if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the state board as a public school or school district in academic distress.

(b) The opportunity to continue attending the public school or school district that is not classified as a public school or school district in academic distress shall remain in force until the student graduates from high school.

(B) (i) The parent or guardian of a student enrolled in or assigned to a public school or school district that has been classified by the state board as a public school or school district in academic distress may choose as an alternative to enroll the student in a legally allowable public school or school district that is not classified as a public school or school district in academic distress and that is nearest to the student's legal residence.

(ii) That school or school district shall accept the student and report the student for purposes of the funding under applicable state law.

(C) (i) Students with disabilities who are eligible to receive services from the school district under federal or state law, including students receiving additional funding through federal title programs specific to the Elementary and Secondary Education Act of 1965, Pub. L. No. 89-10, and who participate in the public school choice program remain eligible to receive services from the school district as provided by federal or state law.

(ii) Any funding for the student shall be transferred to the public school or school district to which the student transfers.

(c) (1) (A) The receiving public school or school district may transport students to and from the transferring public school or school district, and the cost of transporting students shall be the responsibility of the transferring public school or school district except as provided under subdivisions (c)(1)(B) and (c)(2) of this section.

(B) A transferring public school or school district shall not be required to spend more than four hundred dollars (\$400) per student per school year for transportation required under subdivision (c)(1)(A) of this section.

(2) Upon the transferring public school's or school district's removal from classification as a public school or school district in academic distress, the transportation costs shall no longer be the responsibility of the transferring public school or school district, and the student's transportation and the costs of the transportation shall be the responsibility of the parent or guardian or of the receiving public school or school district if the receiving public school or school district agrees to bear the transportation costs.

(d) (1) (A) Each school district board of directors shall offer the opportunity public school choice option within the public schools.

(B) The opportunity public school choice option shall be offered in addition to other existing choice programs.

(2) (A) (i) A school district shall not deny a student the ability to attend a school in the student's school district of choice under this section unless there is a lack of capacity at the school in the student's school district of choice.

(ii) A lack of capacity may be claimed by a school district only if the school district has reached the maximum student-to-teacher ratio allowed under federal law, state law, the rules for standards of accreditation, or other applicable regulations.

(B) The race or ethnicity of a student shall not be used to deny a student the ability to attend a school in the student's school district of choice under this section.

(3) A student or the student's parent or guardian may appeal a school district's decision to deny admission to a school in a student's school district of choice due to lack of capacity to the State Board of Education after the student or the student's parent or guardian receives a written notice from the school district of choice that admission has been denied.

(4) The department shall promulgate rules governing the use of school capacity as a basis for denying admission under this section.

(e) (1) The provisions of this section and all student choice options created in this section shall comply with § 6-18-206(d) [repealed], (e) [repealed], and (i) [repealed] and shall not be subject to any other limitation or restriction provided by law.

(2) If any part of this section conflicts with the provisions of a federal desegregation court order applicable to a school district, the provisions of the federal desegregation court order shall govern.

(f) The department shall develop an annual report on the status of school choice and deliver the report to the state board, the Governor, and the Legislative Council at least ninety (90) days prior to the convening of the regular session of the General Assembly.

(g) Each school district board of directors shall annually report the number of students applying for and attending the various types of public schools of choice in the district, including schools such as magnet schools, according to rules adopted by the state board.

(h) (1) A receiving district shall accept credits toward graduation that were awarded by another district.

(2) The receiving district shall award a diploma to a nonresident student if the student meets the receiving district's graduation requirements.

(i) For purposes of determining a school district's state funding, the nonresident student shall be counted as a part of the average daily membership of the district to which the student has transferred.

(j) (1) All school districts shall report to the department on an annual basis the race, gender, and other pertinent information needed to properly monitor compliance with the provisions of this section.

(2) The reports may be on those forms that are prescribed by the department, or the data may be submitted electronically by the district using a format authorized by the department.

(3) The department may put on probation the superintendent of any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the department so long as thirty (30) calendar days are given between the request for the information and the published deadline.

(4) A copy of the report shall be provided to the House Committee on Education and the Senate Committee on Education.

(k) (1) Unless excused by the school for illness or other good cause:

(A) Any student participating in the opportunity public school choice option shall remain in attendance throughout the school year and shall comply fully with the school's code of conduct; and

(B) The parent or guardian of each student participating in the opportunity public school choice option shall comply fully with the receiving public school's parental involvement requirements.

(2) A participant who fails to comply with this section shall forfeit the opportunity public school choice option.

(l) (1) The maximum opportunity public school choice funds granted for an eligible student shall be calculated based on applicable state law.

(2) (A) The receiving school district shall report all students who transfer from another public school under the public school choice program.

(B) The students attending public schools pursuant to the opportunity public school choice option shall be reported separately from those students reported for purposes of compliance with applicable state law.

(3) The public school that provides services to students with disabilities shall receive funding as determined by applicable federal and state law.

(m) The state board shall adopt any rules necessary for the implementation of this section pursuant to the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(n) A district under the public school choice program shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

HISTORY: Acts 2003 (2nd Ex. Sess.), No. 35, § 7; 2005, No. 2121, § 22; 2011, No. 1124, §§ 1, 2; 2011, No. 1147, § 1; 2013, No. 600, §§ 7-12; 2013, No. 1138, § 45; 2013, No. 1227, § 4; 2013, No. 1429, § 11.

OPPORTUNITY SCHOOL CHOICE RULES

**ARKANSAS DEPARTMENT OF EDUCATION
RULES GOVERNING THE ARKANSAS OPPORTUNITY
PUBLIC SCHOOL CHOICE ACT
September 2013**

1.00 PURPOSE

- 1.01 These rules shall be known as the Arkansas Department of Education Rules Governing the Arkansas Opportunity Public School Choice Act.
- 1.02 The purpose of these rules is to set forth the process and procedures necessary to administer the Arkansas Opportunity Public School Choice Act as amended.

2.00 AUTHORITY

- 2.01 The Arkansas State Board of Education promulgated these rules pursuant to the authority granted to it by Ark. Code Ann. §§ 6-11-105, 6-18-227, 6-15-430, 25-15-201 et seq., and Acts 600, 1227 and 1429 of 2013.

3.00 DEFINITIONS

As used in these rules:

- 3.01 “Department” means the Arkansas Department of Education.
- 3.02 “Nonresident or receiving district” means the public school district, or open-enrollment public charter school, to which a student transfers or seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.03 “Nonresident or receiving school” means the public school to which a student transfers or seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227. A nonresident or receiving school may be a public school within the resident district, a public school within a nonresident district, or an open-enrollment public charter school.
- 3.04 “Resident or transferring district” means the public school district in which the student resides and from which the student seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.05 “Resident or transferring school” means the public school in which the student is enrolled at the time of application and from which the student seeks to transfer under the provisions of Ark. Code Ann. § 6-18-227.
- 3.06 “Public school or school district in academic distress” means a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress.

4.00 GENERAL REQUIREMENTS

- 4.01 Upon the request of a parent or guardian, or the student if the student is over eighteen (18) years of age, a student may transfer from his or her resident district or public school to another school district or public school under these rules if:
 - 4.01.1 The resident public school or school district has been classified by the State Board of Education as a public school or school district in academic distress; and
 - 4.01.2 The parent or guardian, or the student if the student is over eighteen (18) years of age, has notified the Department of Education and both the transferring and receiving school districts of the request to transfer no later than July 30 of the first year in which the student intends to transfer.
- 4.02 Each school district board of directors shall offer the Opportunity Public School Choice option within the public schools. The Opportunity Public School Choice option shall be offered in addition to other existing choice programs.
- 4.03 The parent or guardian of a student, or the student if the student is over eighteen (18) years of age, enrolled in or assigned to a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress may choose as an alternative to enroll the student in a legally allowable public school or school district that is not classified as a public school or school district in academic distress and that is nearest to the student's legal residence. That school or school district shall accept the student and report the student for purposes of the funding under applicable state law.
- 4.04 Within thirty (30) days from receipt of an application from a student seeking admission under these rules, the superintendent of the nonresident district shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity Public School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.
 - 4.04.1 If the application is accepted, the superintendent of the nonresident district shall state in the notification letter the deadline by which the student must enroll in the receiving school.
 - 4.04.2 If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the specific reasons for the rejection.
 - 4.04.3 A school district shall not deny a student the ability to transfer to a nonresident school under these rules unless there is a lack of capacity at the nonresident school.
 - 4.04.4 A lack of capacity may be claimed by a school district only if the nonresident school has reached the maximum student-to-teacher ratio allowed under federal law, state law, the rules for standards of

accreditation, or other applicable regulations. For the purposes of these rules, a school district may claim a lack of capacity if, as of the date the application for opportunity school choice is made, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

- 4.04.5 The race or ethnicity of a student shall not be used to deny a student the ability to attend a nonresident school under these rules.
- 4.04.6 Pursuant to Section 7.00 of these rules, a parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal a school district's decision to deny admission to a nonresident school to the State Board of Education after the student or the student's parent or guardian receives written notice from the nonresident district that admission has been denied.
- 4.04.7 If any provision of these rules conflicts with the provisions of a federal desegregation court order applicable to a school district, the provisions of the federal desegregation order shall govern.
- 4.05 For each student enrolled in or assigned to a public school or school district that has been classified by the State Board of Education as a public school or school district in academic distress, a school district shall:
 - 4.05.1 Timely notify the parent or guardian, or the student if the student is over eighteen (18) years of age, as soon as practicable after the designation is made, of all options available under these rules; and
 - 4.05.2 Offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the State Board of Education as a public school or school district in academic distress.
 - 4.05.3 The opportunity to continue attending the public school or school district that is not classified as a public school or school district in academic distress shall remain in force until the student graduates from high school.
- 4.06 For the purposes of continuity of educational choice, a transfer under these rules shall operate as an irrevocable election for each subsequent entire school year and shall remain in force until:
 - 4.06.1 The student completes high school; or,
 - 4.06.2 The parent or guardian, or the student if the student is over eighteen (18) years of age, timely makes application under a provision of law governing attendance in or transfer to another public school or school district other than the student's assigned school or resident district.

- 4.07 A transfer under these rules is effective at the beginning of the next academic year.
- 4.08 Students with disabilities who are eligible to receive services from the transferring school district under federal or state law, including students receiving additional funding through federal title programs specific to the Elementary and Secondary Education Act of 1965, Pub. L. No. 89-10, and who participate in the Opportunity Public School Choice Act program, shall remain eligible to receive services from the receiving school district as provided by state or federal law. Any funding for the student shall be transferred to the school district to which the student transfers.
- 4.09 The receiving public school or school district may transport students to and from the transferring public school or school district, and the cost of transporting students shall be the responsibility of the transferring public school or school district except as provided under Sections 4.09.1 and 4.09.2 of these rules.
 - 4.09.1 A transferring public school or school district shall not be required to spend more than four hundred dollars (\$400) per student per school year for transportation required under Section 4.09 of these rules.
 - 4.09.2 Upon the transferring public school or school district's removal from classification as a public school or school district in academic distress, the transportation costs shall no longer be the responsibility of the transferring public school or school district, and the student's transportation and the costs of transportation shall be the responsibility of the parent or guardian or of the receiving public school or school district if the receiving public school or school district agrees to bear the transportation costs.
- 4.10 Unless excused by the school for illness or other good cause:
 - 4.10.1 Any student participating in the Opportunity Public School Choice option shall remain in attendance throughout the school year and shall comply fully with the receiving school's code of conduct; and
 - 4.10.2 The parent or guardian of each student participating in the Opportunity Public School Choice option shall comply fully with the receiving school's parental involvement requirements.
- 4.11 The parent or guardian shall ensure that the student participating in the opportunity public school choice option takes all statewide assessments, including, but not limited to, benchmark exams, required pursuant to Ark. Code Ann. § 6-15-433.
- 4.12 A student failing to comply with the requirements of these rules shall forfeit the Opportunity Public School Choice option.
- 4.13 A receiving district shall accept credits toward graduation that were awarded by another district.

- 4.14 The receiving district shall award a diploma to a student transferred under these rules if the student meets the receiving district's graduation requirements.
- 4.15 A district under this program shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

5.00 REPORTING REQUIREMENTS

- 5.01 The Department of Education shall develop an annual report on the status of school choice and deliver the report to the State Board of Education, the Governor, and the Legislative Council at least ninety (90) days prior to the convening of the regular session of the General Assembly.
- 5.02 Each school district board of directors shall annually report the number of students applying for and attending the various types of public schools of choice in the district, including schools such as magnet schools, according to these rules. The school district board of directors shall report this data through its cycle reports as prescribed by the Commissioner of Education.
- 5.03 All school districts shall report to the Department of Education on an annual basis the race and gender of each student identified in Section 5.02 above, and other pertinent information needed to properly monitor compliance with the provisions of these rules. The reports may be on forms prescribed by the Department of Education, or the data may be submitted electronically by the district using a format authorized by the Department of Education. The school districts shall report this data through its cycle reports as prescribed by the Commissioner of Education.
 - 5.03.1 The Department of Education may put on probation the superintendent of any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the Department of Education so long as thirty (30) calendar days are given between the request for the information and the published deadline.
 - 5.03.2 A copy of the report shall be provided to the Joint Interim Committee on Education.
- 5.04 The receiving school district shall report all students who transfer from another public school under this program. The students attending public schools pursuant to the Opportunity Public School Choice option shall be reported separately from those students reported for purposes of compliance with applicable state law.

6.00 FUNDING CONSIDERATIONS

- 6.01 For the purposes of determining a school district's state funding, the nonresident student shall be counted as a part of the average daily membership of the receiving district.
- 6.02 The maximum Opportunity Public School Choice funds granted for an eligible student shall be calculated based on applicable state law.
- 6.03 The public school that provides services to students with disabilities shall receive funding as determined by applicable federal and state law.

7.00 APPEAL PROCEDURES

- 7.01 A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal a school district's decision to deny admission to a nonresident school due to a lack of capacity to the State Board of Education pursuant to this section.
- 7.02 The student or the student's parent or guardian (hereinafter the appealing party) must present a written appeal to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the appealing party receives notice of rejection from the superintendent of the nonresident district in accordance with Section 4.04 of these rules.
 - 7.02.1 The written appeal should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201
 - 7.02.2 Contemporaneously with the filing of the written appeal with the Office of the Commissioner, the appealing party must also mail a copy of the written appeal to the superintendent of the nonresident school district.
 - 7.02.3 In its written appeal, the appealing party shall state his or her basis for appealing the decision of the nonresident district.
 - 7.02.4 The appealing party must submit, along with its written appeal, a copy of the rejection letter from the nonresident district.
 - 7.02.5 Any request for a hearing before the State Board of Education must be made in the written appeal.
- 7.03 The nonresident district may submit, in writing, any additional information, evidence or arguments supporting its rejection of the student's application by mailing such response via certified mail, return receipt requested to the State

Board of Education no later than ten (10) days after receiving the appealing party's written appeal.

7.03.1 Any response from the nonresident district should be sent to:

Office of the Commissioner
ATTN: Opportunity School Choice Appeal
Four Capitol Mall
Little Rock, Arkansas 72201

7.03.2 Contemporaneously with the filing of the written response with the Office of the Commissioner, the nonresident district must also mail a copy of the written response to the appealing party.

7.03.3 If the appealing party did not request a hearing before the State Board of Education, the nonresident district may request a hearing in its response.

7.04 If a hearing is requested by either party, the State Board of Education shall schedule the hearing for the next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.05 If no hearing is requested by either party, the State Board of Education shall consider the appeal during its next regularly scheduled State Board of Education meeting in accordance with its procedures for the submission of agenda items.

7.06 State Board of Education Hearing Procedures

7.06.1 A staff member of the Department of Education shall introduce the agenda item.

7.06.2 All persons wishing to testify before the State Board of Education shall first be placed under oath by the Chairperson of the State Board of Education.

7.06.3 Each party shall have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon the request of either party, allow either party additional time to present their opening statements.

7.06.4 Each party will be given twenty (20) minutes to present their cases, beginning with the nonresident district. The Chairperson of the State Board of Education may, for good cause shown and upon request of either party, allow either party additional time to present their cases.

7.06.5 The State Board of Education, at its discretion, shall have the authority to require any person associated with the application to appear in person before the State Board of Education as a witness during the hearing. The

State Board of Education may accept testimony by affidavit, declaration, or deposition.

- 7.06.6 Every witness may be subject to direct examination, cross examination and questioning by the State Board of Education.
- 7.06.7 For the purposes of the record, documents offered during the hearing by the nonresident district shall be clearly marked in sequential, numeric order (1, 2, 3).
- 7.06.8 For the purposes of the record, documents offered during the hearing by the appealing party shall be clearly marked in sequential, alphabetic letters (A, B, C).
- 7.06.9 The nonresident district shall have the burden of proof in proving the basis for the denial of the transfer.
- 7.06.10 The State Board of Education may sustain the rejection of the nonresident district or grant the appeal.
- 7.06.11 The State Board of Education may announce its decision immediately after hearing all arguments and evidence or may take the matter under advisement. The State Board of Education shall provide a written decision to the Department of Education, the appealing party, and the nonresident district within fourteen (14) calendar days of announcing its decision under this section.

DEPARTMENT OF EDUCATION

**NOTICE OF APPEAL OF DESIGNATIONS OF THE MINERAL SPRINGS
SCHOOL DISTRICT OR A SCHOOL WITHIN THE DISTRICT AS BEING
EITHER IN FOCUS STATUS OR ACADEMIC DISTRESS STATUS**

The Mineral Springs School District hereby gives notice of appeal of its designations by the Arkansas Department of Education (ADE) of having two schools within its district as being schools with a "FOCUS" school designation and having its high school identified as being in "ACADEMIC DISTRESS." This appeal is within thirty (30) days of the "ACADEMIC DISTRESS" notice dated January 27, 2016 to the Mineral Springs School District. The "FOCUS" designation was never in writing. It is being appealed because it was imposed by ADE contrary to law, arguably without a time limit for appeal. The Mineral Springs School District sets forth the following reasons for its Notice of Appeal. The district reserves the right to amend this notice within time constraints of the ADE rules.

Facts

On or about August 27, 2015, the ADE Deputy Commissioner Mark Gotcher verbally advised Mineral Springs Superintendent Curtis Turner that the two Mineral Springs schools were being placed on "FOCUS" status by the ADE. Gotcher's verbal notice did not conform to the requirements of ACTAAP Rules 13.10.1 and 13.10.2, i.e., notice by certified mail, return receipt requested to

Superintendent Turner or the Mineral Springs Board President Mike Ervin. Superintendent Curtis Turner did meet with Commissioner Johnny Key on September 1, 2015 regarding the verbal notice, other school district matters, an investigation by the state police, and to request a hearing before the ADE Board if Commissioner Key kept the district's "FOCUS" status in place. Commissioner Key explicitly rejected Superintendent Turner's request for an appeal of his decision. Exhibit 1. The Board's attention is directed to the last sentence of the exhibit: "We now consider this matter closed."

The rule relied upon for FOCUS designation provides as follows:

ACTAAP 13.10.1:

Prior to the first possible day of school, as defined by Ark. Code Ann. Section 6-10-106, the Arkansas Department of Education shall notify the school board president and superintendent of each each public school of the following in writing, via certified mail, return receipt requested.¹

Second, on January 27, 2016, the ADE Commissioner's office mailed to

¹. The ADE also did not comply with Rule 10.04.2 as set forth below:

ACTAAP Rule 10.04.2:

Within thirty calendar days (30) after the release of the state assessment results by the Department or upon making a determination that a school district has a Needs Improvement –Priority school within the school district that has not made the progress required under the school's Priority Improvement Plan (PIP), the Department shall identify all public schools and public school districts in Academic Distress and shall notify in writing each school district superintendent and board president of the public school and public school districts via certified mail, return receipt requested.

Superintendent Curtis Turner and Mineral Springs Board President William Dixon a letter informing them that the Mineral Springs High School was being placed in "ACADEMIC DISTRESS." The reason which ADE gave for placing the high school on academic distress was that:

"49.5% or less of its students achieved proficient or advanced in math and literacy on the state mandated criterion referenced assessments administered for the most recent three (3) year period".

Third, Rule 10.04.2 provides a different timeline for designating schools in ACADEMIC DISTRESS. This rule requires notifying the district's superintendent and board president by certified mail, return receipt requested within thirty (30) calendar days after the release of the state assessment results. Rule 10.04.2 requires that the ADE notify a school district identified for ACADEMIC DISTRESS of the test data on which it relied upon.

Fourth, the ADE did not make available to Mineral Springs "all the data upon which the preliminary classification of ... [its] ... individual public [high] school ...[was] based". To this date, the ADE has not made available all data required by this provision.

ACTAAP 13.10.2 states:

Contemporaneous with the notice required by Section 123.10.1 of these rules, the Arkansas Department of Education shall make available to the school board president and superintendent the data upon which the preliminary classifications of school districts and individual public schools were based.

Fifth, in early January, 2016, prior to sending Mineral Springs the notice of academic distress, Commissioner Key stated to Mineral Springs and to other districts that there would be “no new designations based upon 2014-15 PARCC data.” He further stated that new designations will begin with ACT ASPIRE data up to three (3) years. Commissioner Key repeated these statements to legislators and school superintendents thereafter.

Sixth, in that ADE did not give proper notice to Mineral Springs that it was placed in “FOCUS” status by the Gotcher telephone call, it was inappropriate and violative of ACTAAP Rules for the ADE to classify the Mineral Springs High School as being in “ACADEMIC DISTRESS” in January, 2016. Further, when it identified Mineral Springs High as being in “ACADEMIC DISTRESS” on January 27, 2016, the ADE again erred by failing to provide all data required by law in a timely fashion so that Mineral Springs District could possibly challenge the designation.

Seventh, in July, 2015, ADE Assistant Commissioner Annette Barnes informed school districts and legislators that there would be no new schools placed in academic distress due to the fact that there were not three years of Benchmark data then available including 2015 and that PARCC data for 2015 would not be used to place districts in “ACADEMIC DISTRESS.” Rather, if PARCC data were used, they would be used in order to remove six schools or district schools from “ACADEMIC DISTRESS.” She, and other ADE officials, including School Improvement Coordinator Elbert Harvey and Federal Program Director Bobby Lester, Jr., made that commitment in a meeting in July, 2015. ADE counsel

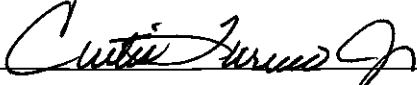

Kendra Clay and school district counsel John W. Walker were present. On information and belief, the meeting was recorded by Assistant Commissioner Barnes. Subsequently, the Commissioner's office has not made a request of the ADE Board for permission to use PARCC results for placement of any new schools or districts into "ACADEMIC DISTRESS."

CONCLUSION

Because the Commissioner's office made the foregoing commitments, did not comply with the department's own rules, and did not provide the District all appropriate data in a sufficient time to possibly correct the data, the Mineral Springs School District was prejudiced. Mineral Springs School District, therefore, respectfully requests that the ADE Board deny designation of the Mineral Springs High School the label "ACADEMIC DISTRESS." Furthermore, because ADE did not properly assign the federal "FOCUS" designation to the Mineral Springs schools, the "FOCUS" designation should also be lifted and otherwise held for naught.

The Mineral Springs School District requests the ADE Board to: a) require the ADE to provide on-site assistance to the students in both Mineral Springs schools; b) to deny the ACADEMIC DISTRESS label to the Mineral Springs High School; c) require ADE to comply with the written rules of the agency; and d) provide required assistance as necessary so that it may better acquit its responsibilities to the students of the district. See ADE Rule 13.08.4.

Respectfully submitted,

Curtis Turner, Superintendent
Mineral Springs School District

RE: Academic Distress Appeal-Mineral Springs High School

Mireya Reith
Fayetteville
Vice Chair

Dear Mr. Turner:

Dr. Jay Barth
Little Rock

In accordance with Ark. Code Ann. § 25-15-103 and pursuant to a request from the district's attorney, Mr. John Walker, the appeal hearing regarding the academic distress classification of Mineral Springs High School scheduled for April 14, 2016, has been stayed until at least thirty (30) days after *sine die* of the Arkansas General Assembly. Most likely, the appeal will be heard at the August meeting of the State Board of Education. We will notify you of the new date for the hearing when it is scheduled.

Susan Chambers
Bella Vista

Charisse Dean
Little Rock

It is worth noting that in your appeal you request on-site technical assistance for both schools in Mineral Springs. Both schools are designated as focus schools pursuant to ADE's ESEA flexibility waiver. Focus schools may receive on-site technical assistance, if requested. Please contact me to arrange for the ADE School Improvement Unit to provide this assistance to your district. Also, when schools are classified as being in academic distress, additional on-site technical assistance is provided. This assistance will be initiated upon the classification of Mineral Springs High School as being in academic distress if the State Board denies the school's appeal.

Vicki Saviers
Little Rock

R. Brett Williamson
El Dorado

Diane Zook
Melbourne

The ADE School Improvement Unit welcomes the opportunity to assist you in your efforts to serve the students of the Mineral Springs School District.

Sincerely,

Annette Barnes
Assistant Commissioner

Chair*

Dear Superintendent Turner:

Dr. Jay Barth
*Little Rock
Vice Chair*

On January 27, 2016, pursuant to Ark. Code Ann. § 6-15-428, the Arkansas Department of Education (ADE) mailed you a notification that the Mineral Springs High School had been identified as meeting the definition of Academic Distress; along with your district's right to appeal this determination.

Joe Black
Newport

The appeal filed by your district was originally scheduled to be heard at the April 2016 State Board of Education (SBE) meeting. The appeal was postponed as per a request from your attorney, John Walker, in accordance with Ark. Code Ann. § 25-15-103.

Susan Chambers
Bella Vista

Charisse Dean
Little Rock

This letter is to inform you that the SBE will conduct a hearing concerning this appeal at its scheduled meeting on **Thursday, August 11, 2016, in the Auditorium of the ADE-Arch Ford Building, Four Capitol Mall, Little Rock, Arkansas, at 10:00 a.m.** You will have an opportunity to address the SBE at that time. The SBE hearing will be conducted pursuant to the legal authority and jurisdiction vested in the SBE by Ark. Code Ann. § 6-15-428 et seq. and § 10.04 of the ADE's Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program. An electronic version of the rules can be reviewed at:

Name: Fred Hodge

Phone Number: 501-682-7339

Email: ade.schmail@arkansas.gov

Memo Text

The purpose of this memorandum is to provide information regarding the Elementary and Secondary Education Act (ESEA) school and district status calculations using test scores from school year 2014-15.

Please be aware that some of the data used to calculate accountability statuses will be different from last year, as the Arkansas Department of Education (ADE) transitioned to the PARCC Assessment from the Augmented Benchmark Assessment. The PARCC Assessment was made up of a Performance Based Assessment (PBA) component and an End of Year (EOY) Assessment. The Performance Based Assessment (PBA) component was given before the End of Year (EOY) Assessment. The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools. The EOY consisted of innovative, short-answer items including ELA/Literacy reading comprehension and Math short items that address both concepts and skills. A small percentage of enrolled students took the PBA only or the EOY only. PBA only and EOY only are not included in performance calculations. Both the number of enrolled students with completed PBA only and the number of enrolled students with completed EOY only are reported for each school in their ESEA school reports.

This year the reports will reflect new annual measureable objectives (AMO's). The new AMO's were set for each student subgroup using the 20th percentile of the state distribution of PARCC Level 4 and 5 proficiency data. (Please see the attached clarification sent by Commissioner Key.)

No growth data will be reported. ESEA flexibility reports will use Graduation rates from the 2013-14 school year in order to include students who graduated by August 15. The corrections for 2013-14 graduation rates have been completed based on evidence presented by the districts and entries made in the graduation rate review and correction system.

The preliminary ESEA flexibility reports should be available to school personnel using TRIAND passwords on November 12 and will be found at the following link: <https://adedata.arkansas.gov/arc/> (<https://adedata.arkansas.gov/arc/>). All data corrections must be made electronically using the ESEA Assessment Correction Engine (ACE) interface. The ACE interface will be available to all districts from November 12 through November 30 at the following link: <https://adedata.arkansas.gov/ace> (<https://adedata.arkansas.gov/ace>). Districts are strongly encouraged to review all data and make corrections to ESEA data as early as possible. Some of the 2015 components that could possibly be changed include the following: percent tested, alternate portfolios excluded as proficient, including former English learners and former students with disabilities into the subgroups for calculations, and student mobility.

Only data for the 2014-15 school year can be changed.

A TRIAND username and password must be used to access the data in ACE. To change school data, users must have a Building Level TRIAND username and password. To change district data, users must have District Level TRIAND username and password. All final data corrections to the ADE, which include changes made by Building Administrators and or District level Administrators, must be submitted by the District Superintendent, using his or her unique signature of approval by logging on to the ACE with a Superintendent TRIAND username and password. For questions about TRIAND logon and levels of access, please call your TRIAND Administrator or Sarah Cox at (501) 683-5660.

All data corrections must be supported by ***evidence in the form of documentation*** that is uploaded through the ESEA ACE interface.

A user guide for ESEA ACE is attached to this memo.

Questions concerning ESEA data corrections may be emailed to ade.schmail@arkansas.gov (<mailto:ade.schmail@arkansas.gov>). Calls may be made to the Public School Accountability Office of School Performance at (501) 682-7339.

The newly approved Arkansas flexibility plan is available using the following link:

http://www.arkansased.gov/public/userfiles/Flexibility/AR_Approved_ESEA_Flexibility_Request.pdf
(http://www.arkansased.gov/public/userfiles/Flexibility/AR_Approved_ESEA_Flexibility_Request.pdf)

Schools should use the preliminary 2014-15 ESEA Accountability Status to develop ACSIP plans.

Approved ESEA data corrections will be used in final ESEA calculations, the School Performance Report Card, A-F School Ratings, Grade Inflation, Rewards/Recognition and Academic Distress. Please use this time to make sure your data is as accurate as possible.

All corrections, including all required documentation, must be entered no later than November 30, 2015 at 4:30 p.m.

Memo Text

ESEA Data Correction - Window 2

Despite multiple attempts to secure additional time for district personnel to make corrections to assessment data, the ADE did not receive any flexibility regarding its submission of consolidated state performance data. In order to complete this process, the corrections engine was locked at the previously scheduled time of 4:30 p.m. November 30, 2015 and will remain locked through the current corrections process.

In the interest of all concerned and to facilitate improved data quality, a second corrections window has been established. Approved ESEA data corrections will be used in the School Performance Report Card, A-F School Ratings, Grade Inflation, Rewards/Recognition and Academic Distress. Please use this time to make sure your data is as accurate as possible.

School personnel will use TRIAND passwords to make data corrections using the Assessment Correction Engine (ACE) interface. ACE will reopen on December 7 with a final closure on December 18. The ACE interface will be available at the following link:
<https://adedata.arkansas.gov/ace> (<https://adedata.arkansas.gov/ace>).

Districts are strongly encouraged to review all data and make corrections to ESEA data as early as possible. Some of the 2015 components that could possibly be changed include the following: percent tested, alternate portfolios excluded as proficient, including former English learners and former students with disabilities into the subgroups for calculations, and student mobility. Only data for the 2014-15 school year can be changed.

A TRIAND username and password must be used to access the data in ACE. To change school data, users must have a Building Level TRIAND username and password. To change district data, users must have District Level TRIAND username and password. All final data corrections to the ADE, which include changes made by Building Administrators and or District level Administrators, must be submitted by the District Superintendent, using his or her unique signature of approval by logging on to the ACE with a Superintendent TRIAND username and password. For questions about TRIAND logon and levels of access, please call your TRIAND Administrator or Sarah Cox at (501) 683-5660.

All data corrections must be supported by *evidence in the form of documentation* that is uploaded through the ACE interface.

A user guide for ACE is attached to this memo.

Questions concerning ESEA data corrections may be emailed to ade.schmail@arkansas.gov (mailto:ade.schmail@arkansas.gov). Calls may be made to the Public School Accountability Office of School Performance at (501) 682-7339.

The newly approved Arkansas flexibility plan is available using the following link:

http://www.arkansased.gov/public/userfiles/Flexibility/AR_Approved_ESEA_Flexibility_Request.pdf
(http://www.arkansased.gov/public/userfiles/Flexibility/AR_Approved_ESEA_Flexibility_Request.pdf)

All corrections, including all required documentation, must be entered no later than December 18, 2015 at 4:30 p.m.

Memo Text

School reports containing the Elementary and Secondary Education Act (ESEA) accountability status have been posted on the website <https://adedata.arkansas.gov/arc> (<https://adedata.arkansas.gov/arc>). The reports contain information from the 2014-15 school year assessments. The reports were produced in compliance with the Arkansas ESEA Flexibility Request that was approved by the United States Department of Education (USDE) on July 27, 2015. USDE approved pausing ESEA school and district status designations (Achieving or Needs Improvement) so that the designations from November of 2014 would be used in school year 2015-16. **School and district status spreadsheets are attached. ESEA school status designation counts are also attached.**

President Obama signed the Every Student Succeeds Act (ESSA) into law on December 10, 2015.

ESSA replaces the No Child Left Behind (NCLB) Act of 2001. ESSA instructs states to continue implementing interventions for Priority and Focus schools as they were identified when the ESSA was enacted. The Priority and Focus lists from December 10 are attached.

The Flexibility Request can be viewed on the website:

http://www.arkansased.gov/public/userfiles/Flexibility/AR_Approved_ESEA_Flexibility_Request.pdf
(http://www.arkansased.gov/public/userfiles/Flexibility/AR_Approved_ESEA_Flexibility_Request.pdf)

CURTIS TURNER, Superintendent
MINERAL SPRINGS SCHOOL DISTRICT
PO BOX 189
MINERAL SPRINGS, AR 71851

Re: **Academic Distress Notification
(VIA CERTIFIED MAIL)**

Dear Superintendent Turner:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **MINERAL SPRINGS SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
3104006	MINERAL SPRINGS HIGH SCHOOL	48.130%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Four Capital Mall
Little Rock, AR
72201-1019

Concordant cut scores were used to determine the percentages of students meeting grade level standards for 2015 for identification of academic distress. A link to the technical document containing the methodology for concordant calculations can be found at the following webpage under Related Files:
<http://www.arkansased.gov/divisions/public-school-accountability/school-performance>.

Information on academic distress in the ACTAAP Rules can be found at the following link:
<http://www.arkansased.gov/public/userfiles/rules/Current/ACTAAP-FINAL - September 2014.pdf>

Please note the specific authority the State Board has with regard to a school or school district in academic distress. (Ark. Code Ann. § 6-15-430; Section 11.0 of the ACTAAP Rules).

Thank you for your attention to this matter. Please contact the Division of Public School Accountability at 501-682-5891 should you have any questions or require additional information.

Sincerely,

M. Annette Barnes, Assistant Commissioner
Division of Public School Accountability

**SUPPLEMENT TO NOTICE OF APPEAL OF DESIGNATIONS OF THE MINERAL SPRINGS
SCHOOL DISTRICT OR A SCHOOL WITHIN THE DISTRICT AS BEING EITHER IN FOCUS
STATUS OR ACADEMIC DISTRESS STATUS**

The Mineral Springs School District (MSSD) hereby supplements the notice of appeal of Mineral Springs High School's (MSHS) identification as being in "ACADEMIC DISTRESS." The Mineral Springs School District sets forth the following additional reasons for its Appeal.

Argument

A. Untimely Identification and Notice of Identification of MSHS as Being in Academic Distress

ADE's identification of MSHS as being in academic distress and notification to MSSD of MSHS's academic distress identification was untimely. The ADE Rules Governing ACTAAP and the Academic Distress Program (Academic Distress Rules) require ADE to identify public schools as being academic distress and notify public school districts of the academic distress identification of any of its schools no later than thirty (30) days after the release of the state assessment results.¹ Rule 10.04.2. The Partnership for Assessment of Readiness for College and Careers (PARCC) assessment results for the 2014-2015 school

¹ In the alternative the identification can be made within thirty (30) of the determination that a school district has a Needs Improvement-Priority school that has not made the requisite progress under the school's Priority Improvement Plan. ADE has not alleged that MSHS meets this definition of academic distress.

Mission Statement

The staff of the Mineral Springs High School, working with parents and community members, will provide an environment conducive to learning where honesty, integrity, and achievement are sources of pride for all students.

year were released for high schools on October 8, 2015. Therefore, ADE had until November 7, 2015 to: 1) identify MSHS as being in academic distress; and 2) notify MSSD of MSHS's academic distress identification. However, ADE did not identify MSHS as being in academic distress until January 27, 2016, one hundred twelve (112) days after the PARCC assessments were released.

It follows that MSHS's academic distress identification and the notice of said identification to MSSD were improper as they were both untimely under the Academic Distress Rules.

B. Unlawful Use of PARCC Assessment Results in Identification of Academic Distress

ADE improperly used a combination of criterion-referenced and norm-referenced assessment results when ADE identified MSHS as being in academic distress. "No agency rule...shall be valid or effective against any...party, nor may it be invoked by the agency for any purpose, until it has been filed and made available for public inspection..." See Ark. Code Ann. §§ 25-15-203(b), 204. By law, all adopted rules of any agency shall be published by the Secretary of State on its website in a document entitled "The Arkansas Register." Ark. Code Ann. § 25-15-205.

The ADE Academic Distress rules provide that a school may be placed in academic distress if "49.5% or less of its students achieve proficient or advanced...on the state-mandated *criterion referenced* assessments administered in that district for the most recent three year period." Rule 3.02.2.1 (emphasis added). ADE, unsuccessfully, attempted to invoke this rule in identifying MSHS as being in academic distress; utilizing assessment

Mission Statement

The staff of the Mineral Springs High School, working with parents and community members, will provide an environment conducive to learning where honesty, integrity, and achievement are sources of pride for all students.

results from 2012-2013, 2013-2014, and the 2014-2015 school years. ADE switched from the criterion-referenced Benchmark exam to the norm-referenced PARCC exam as the state-mandated assessment exam in the 2014-2015 school year.

Nothing in the ADE Academic Distress Rules gives ADE authority to use a combination of criterion-referenced *and* norm-referenced assessments to identify or classify a school as being in academic distress. Rule 3.02.3 says "ADE shall re-establish the thresholds listed in Sections 3.02.1...when the...(PARCC) assessments become fully operational." ADE Academic Distress Rules. However, it does not clearly state whether ADE would be able to identify or classify schools in academic distress: 1) based on three (3) years of *either* criterion-referenced *or* norm-referenced assessment results; 2) based on three (3) years of *both* criterion-referenced *and* norm-referenced assessment results; or 3) based on a new administrative rule to be implemented after PARCC was adopted wholesale. In any event, the use of the PARCC assessment data to place a school in academic distress is a new unlawful administrative rule that was not sufficiently noticed, was not made available for public inspection and is not in the Arkansas Register.

Further, the Arkansas General Assembly did not delegate authority to make rules governing academic distress to ADE; instead the General Assembly delegated this authority to the State Board of Education. Ark. Code Ann. § 6-15-426(a). The State Board of Education does not have the authority to delegate this rulemaking power to ADE, which is possibly what it tried to do in the instant case.

Mission Statement

The staff of the Mineral Springs High School, working with parents and community members, will provide an environment conducive to learning where honesty, integrity, and achievement are sources of pride for all students.

Absent a new rule that is properly noticed, the ADE Academic Distress Rules as presently constituted stand. The current rule requires three years of deficient criterion-referenced assessment results for a school to meet the definition of academic distress. ADE attempted to allege two years of deficient criterion-referenced assessment results, 2012-2013 and 2013-2014, and one year of deficient norm-referenced assessment results, 2014-2015. This does not meet the definition of academic distress under ADE Academic Distress Rule 3.02.1.1. ADE has not attempted to allege that MSHS meets any other definition of academic distress. ADE's identification and attempted classification of MSHS as being in academic distress is therefore improper and unlawful.

CONCLUSION

WHEREFORE, MSSD demands the State Board of Education to vacate ADE's identification of MSHS as being in academic distress and refrain from classifying MSHS as being in academic distress for the 2015-2016 and 2016-2017 school years.

SECOND SUPPLEMENT TO NOTICE OF APPEAL OF DESIGNATIONS OF THE MINERAL SPRINGS SCHOOL DISTRICT OR A SCHOOL WITHIN THE DISTRICT AS BEING EITHER IN FOCUS STATUS OR ACADEMIC DISTRESS STATUS

The Mineral Springs School District (MSSD) hereby supplements the notice of appeal of Mineral Springs High School's (MSHS) identification as being in "ACADEMIC DISTRESS." The Mineral Springs School District sets forth the following additional reasons for its Appeal.

Argument

State Defendants' Use of PARCC Results in Identifying MSSD as Being in Academic Distress Without Properly Promulgated Performance Levels and Pass/Proficiency Rates Violates Arkansas Law.

"No agency rule...shall be valid or effective against any...party, nor may it be invoked by the agency for any purpose, until it has been filed and made available for public inspection..." See Ark. Code Ann. §§ 25-15-203(b), 204. By law, all adopted rules of any agency shall be published by the Secretary of State on its website in a document entitled "The Arkansas Register." Ark. Code Ann. § 25-15-205.

The Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program (Academic Distress Rules) require the State Board of Education (SBE) to establish: 1) "four (4) performance levels for each criterion referenced assessment"; and 2) "a pass/proficiency rate for each end-of-course assessment." Rule 6.01.

The Academic Distress Rules do not contain: 1) any description of the performance levels of the PARCC exam; and 2) the pass/proficiency rate for the Partnership for Assessment of Readiness for College and Careers (PARCC) exam. Instead, the Academic Distress Rules only contain a description of the Benchmark exam performance levels and

pass/proficiency rate. Further, the SBE established five (5) performance levels for the PARCC exam, instead of the four (4) required by the Academic Distress Rules.

Absent new rules that are properly noticed pursuant to the Arkansas Administrative Procedures Act, the Academic Distress Rules as presently constituted still control the Academic Distress Program. The current rules require four (4) performance levels and pass/proficiency rates as measured by performance on the Benchmark exam. The Arkansas Department of Education (ADE) has not alleged that 49.5% of MSHS students have failed to achieve proficient or advanced on a test with four (4) performance levels or the Benchmark exam for three (3) years. ADE's identification and attempted classification of MSHS as being in academic distress is therefore improper and unlawful.

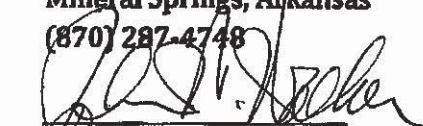

CONCLUSION

WHEREFORE, MSSD demands the State Board of Education to vacate ADE's identification of MSHS as being in academic distress and refrain from classifying MSHS as being in academic distress.

Arkansas Department of Education Rules Governing the
Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP)
and the Academic Distress Program
August 2014

1.0 Regulatory Authority

- 1.01 These Rules shall be known as the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.
- 1.02 The State Board of Education promulgated these Rules pursuant to Ark. Code Ann. §§ 6-11-105, 6-15-401 et seq., 6-15-2009, and 25-15-204 and Acts 600, 1073, 1081 and 1429 of 2013.
- 1.03 These Rules reflect the decision of the United States Department of Education (US Ed) to grant flexibility to the Arkansas Department of Education (ADE) from certain provisions of the Elementary and Secondary Education Act (ESEA). As indicated throughout these Rules, certain provisions of these Rules shall only apply during time periods designated by the US Ed for which the ADE receives flexibility from certain provisions of ESEA.
- 1.04 These Rules include the applicable requirements formerly contained within the Arkansas Department of Education Rules Governing Public School End-of-Course Assessments and Remediation.

2.0 Purposes of Rules

- 2.01 To develop a single comprehensive testing, assessment and accountability program, which applies to and governs all public schools and public school districts in Arkansas.
- 2.02 To develop a single comprehensive testing, assessment and accountability program which utilizes the most current and effective testing, evaluation, and assessment research information designed to achieve the following purposes:
 - 2.02.1 Set clear academic standards that are periodically reviewed and revised;
 - 2.02.2 Establish professional development standards for all administrators, teachers and instructional support personnel;
 - 2.02.3 Establish expected achievement levels;
 - 2.02.4 Report on student achievement and other indicators;
 - 2.02.5 Provide evaluation data;

FILED
 REGISTER DIV.
 14 AUG -6 PM 4:03
 STATE OF ARKANSAS

2.02.6 Recognize academic success and failure;

2.02.7 Apply awards and sanctions; and

2.02.8 Comply with current federal and state law and State Board rules and regulations.

2.03 To ensure that all students in the public schools of Arkansas have an equal opportunity to demonstrate grade-level and subject area academic proficiency through the application of knowledge and skills in the core academic subjects consistent with state curriculum frameworks, performance standards and assessments.

2.04 To improve student learning and classroom instruction and to support high academic standards for all students, including identifiable subgroups, by establishing the provisions, procedures and requirements for the student assessment program.

2.05 To require point-in-time intervention when it is determined that a student(s) is not performing at grade level or subject area academic proficiency.

2.06 To outline testing and assessment security and confidentiality requirements.

2.07 To establish a program to identify, evaluate, assist and advise public schools and public school districts in academic distress.

3.0 Definitions – For the purpose of these Rules, the following terms mean:

3.01 "Academic Content Standards" – standards that are approved by the State Board of Education and that set the skills to be taught and mastery level for each grade and content area.

3.02 "Academic Distress:"

3.02.1 A classification assigned to any public school district:

3.02.1.1 In which 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered in that district for the most recent three (3) year period; or

3.02.1.2 Has a Needs Improvement (Priority) school within the school district that has not made the progress required under the school's Priority Improvement Plan (PIP).

3.02.2 A classification assigned to any public school:

- 3.02.2.1 In which 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered in that district for the most recent three (3) year period; or
- 3.02.2.2 Is a Needs Improvement (Priority) school that has not made the progress required under the school's Priority Improvement Plan (PIP).

3.02.3 The ADE shall re-establish the thresholds listed in Sections 3.02.1 and 3.02.2 of these Rules when the Partnership for Assessment of Readiness for College and Careers (PARCC) assessments become fully operational.

- 3.03 "Academic Improvement Plan (AIP)" – a plan detailing supplemental or intervention and remedial instruction, or both, in deficient academic areas for any student who is not proficient on a portion or portions of the state-mandated Arkansas Comprehensive Assessment Program. Academic improvement plans shall be created and implemented by appropriate teachers, counselors, and any other pertinent school personnel. All academic improvement plans shall be reviewed annually and revised to ensure an opportunity for student demonstration of proficiency in the targeted academic areas on the next state-mandated Arkansas Comprehensive Assessment Program. A cumulative review of all academic improvement plans shall be part of the data used by the school in creating and revising its comprehensive school improvement plan. All academic improvement plans shall be subject to review by the Department of Education.

NOTE: For the purposes of these Rules, "Academic Improvement Plan (AIP)" and "Individualized Academic Improvement Plan (IAIP)" may be used interchangeably.

- 3.04 "ACT" – the ACT assessment for college placement administered by ACT, Inc.
- 3.045 "Adequate Yearly Progress" – the level of academic performance required of public schools or school districts on the state-mandated augmented criterion-referenced, or norm-referenced assessments and other indicators as required in the Arkansas Comprehensive Testing, Assessment, and Accountability Program, which shall comply with the Elementary and Secondary Education Act as reauthorized in the No Child Left Behind Act of 2001.
- 3.06 "Advanced Placement Test" – the test administered by the College Board for a high school preparatory course that incorporates the topics specified by the College Board on its standard syllabus for a given subject area and is approved by the College Board.

- 3.07 "Approved Early Reading Assessments" – Those assessments that identify students' strengths and weaknesses in all of the elements of reading as described in the Report of the National Reading Panel.
- 3.08 "Approved Intensive Reading Program" – Programs of high-quality instruction that include the essential elements of reading described in the Report of the National Reading Panel.
- 3.09 "Annexation" – The joining of an affected school district or part of the school district with a receiving district under Ark. Code Ann. § 6-153-1401 et seq. or § 6-13-1601 et seq.
- 3.10 "Arkansas Comprehensive Assessment Program" –The testing component of Arkansas Comprehensive, Testing, Assessment and Accountability Program, which shall consist of: (1) developmentally appropriate, augmented, criterion-referenced, or norm-referenced assessments in kindergarten through grade twelve (K-12) as determined by the State Board; (2) Any other assessments as required by the State Board; 3)other assessments that are based on researched best practices as determined by qualified experts that would be in compliance with federal and state law; and (4) end-of-course examinations for designated grades and content areas, and the high school literacy assessment.
- 3.11 "Arkansas Comprehensive Testing, Assessment and Accountability Program" – a system of measurement and reporting designed to ensure that all students in the public schools of this state demonstrate academic achievement through the application of knowledge and skills in core academic subjects consistent with state curriculum frameworks and performance standards. During the time periods designated by the US Ed for which the ADE may receive flexibility from certain provisions of ESEA as set forth in Section 13.00 of these Rules, the measurement system will ensure that all students in the public schools of Arkansas demonstrate performance and growth toward College and Career Readiness.
- 3.12 "Arkansas Comprehensive School Improvement Plan (ACSIP)" – the individual school's comprehensive plan developed by a local school team and based on priorities indicated by assessment and other pertinent data and designed to provide an opportunity for all students to demonstrate proficiency on all portions of the state-mandated Arkansas Comprehensive Assessment Program. This plan shall be reviewed annually by the district and monitored by the Arkansas Department of Education in accordance with Ark. Code Ann. § 6-15-426.
- 3.13 "Assessment" means an examination instrument designed to measure certain levels of knowledge; as measured by established requisite scale scores, for those academic courses that are the subject of end-of-course testing as required by these Rules.

- 3.14 "Augmented Test" – An assessment required by state statute, rule or regulation which combines both criterion-referenced and norm-referenced instruments.
- 3.15 "Awards" – financial or other recognition of a public school structured to recognize schools that demonstrate and maintain high performance over time and to recognize schools that demonstrate growth on the state-mandated indicators. Awards also can be used to highlight individual schools so that their practices can be adopted in other schools and districts across the state.
- 3.16 "Benchmarks/Grade-Level Benchmarks" – Academic Content Standards and/or grade-level statements of what a student should know and be able to do. The Grade-Level Benchmarks provide guidance to classroom teachers in planning instruction aligned with the Academic Content Standards.
- 3.17 "Board" or "State Board"– The Arkansas State Board of Education.
- 3.18 "College and career readiness" means the acquisition of the knowledge and skills a student needs to be successful in future endeavors, including:
 - 3.18.1 Successfully completing credit-bearing, first-year courses at a postsecondary institution; and
 - 3.18.2 Embarking on a chosen career.
- 3.19 "College and career readiness assessment" means a set of criterion-referenced assessments of a student's acquisition of the knowledge and skills the student needs to be successful in future endeavors, including credit-bearing, first-year courses at a postsecondary institution, such as two-year or four-year college, trade school, or technical school, or to embark on a career.
- 3.20 "Consolidation" – The joining of two (2) or more school districts or parts of the school districts to create a new single school district under Ark. Code Ann. § 6-153-1401 et seq. or § 6-13-1601 et seq.
- 3.21 "Criterion-Referenced Test (CRT)" – an assessment required by state statute, rule or regulation which is designed by the State to measure student performance/achievement on the State's Academic Content Standards.
- 3.22 "Department" or "ADE" – The Arkansas Department of Education.
- 3.23 "District Improvement Plan" – a district-wide plan coordinating the actions of the various comprehensive school improvement plans within a school district. The main focus of the district improvement plan shall be to ensure that all students demonstrate proficiency on all portions of state-mandated Arkansas Comprehensive Assessment Program.

- 3.24 "Early Intervention" – short-term, intensive, focused, individualized instruction developed from ongoing, daily, systematic diagnosis that occurs while a child is in the initial, kindergarten through grade one (K -1), stages of learning early reading, writing, and mathematical strategies to ensure acquisition of the basic skills and to prevent the child from developing poor problem-solving habits that become difficult to change. The goal is to maintain a student's ability to function proficiently at grade level.
- 3.25 "Elementary School" – public school(s) having some combination of grades kindergarten through four (K – 4).
- 3.26 "Essential Elements – Early Reading" Comprehension – Ability to understand and communicate; Decoding and Word Recognition (Phonics) – Ability to match the letters of written language and the individual sounds of spoken language in order to read and write words; Fluency – Ability to read text accurately, and with expression, volume, phrasing, smoothness and appropriate pace; Phonemic Awareness – Ability to hear and manipulate the sounds of spoken language; Vocabulary – Ability to understand words and their meanings in order to communicate and comprehend effectively.
- 3.27 "Grade Level" – appropriate grade classification indicated by the performance of a student (or group of students) at the proficient or advanced level on state-mandated Arkansas Comprehensive Assessment Program tests.
- 3.28 "End-of-Course Assessment" – a criterion-referenced assessment taken during a course of study set by the State Board of Education:
- (a) to determine whether a student demonstrates, according to a requisite scale score established by rule of the State Board, attainment of sufficient knowledge and skills to indicate a necessary and satisfactory mastery of the subject level content in that end-of-course assessment; and
 - (b) for which failure to meet that requisite scale score requires sufficient remediation before a student is entitled to receive full academic credit for the course.
- 3.29 "High School" –grades nine through twelve (9-12).
- 3.30 "High School Literacy Assessment" – an end-of-level literacy assessment given to all students in grade eleven (11).
- 3.31 "Individualized Academic Improvement Plan (IAIP)" – a written plan detailing supplemental or intervention and remedial instruction, or both, in deficient areas for any student who has not met the requisite scale score on an end-of-course assessment.

NOTE: For the purposes of these Rules, "Academic Improvement Plan (AIP)" and "Individualized Academic Improvement Plan (IAIP)" may be used interchangeably.

- 3.32 "Individualized Education Program (IEP)" – a written statement for each child with a disability that is developed, reviewed, and revised in a meeting in accordance with 34 C.F.R. 300.320 through 300.324.
- 3.33 "Intensive Reading Improvement Plan (IRI)" – An intervention program for any K-2 student identified with substantial reading difficulties.
- 3.34 "International Baccalaureate Assessment" – an assessment administered by the International Baccalaureate Organization for a course offered under the International Baccalaureate Diploma Program.
- 3.35 "Longitudinal Tracking" – tracking individual student yearly academic achievement gains based on scheduled and annual assessments.
- 3.36 "Middle School" or "Middle Level" – grades five through eight (5 – 8).
- 3.37 "No Child Left Behind Act" – the No Child Left Behind Act of 2001 as signed into federal law on January 8, 2002.
- 3.38 "Norm-Referenced Test (NRT)" – an assessment required by state law, rule or regulation to measure the performance/achievement of Arkansas students relative to the achievement of students who comprised the norm or standardization group for a particular commercial instrument, which may include the assessments developed under the Partnership for Assessment of Readiness for College and Careers (PARCC).
- 3.39 "Parent" – a parent, parents, legal guardian, a person standing in loco parentis, or legal representative, as appropriate, of a student, or the student if the student is eighteen (18) years of age or older.
- 3.40 "Participation in Remediation" – The amount of student involvement required in a student academic improvement plan that addresses those deficiencies for that student.
- 3.41 "Pass Rate" – The pass rate for the Benchmark Exams and the developmental appropriate assessments for K – 2 shall be proficiency.
- 3.42 "Point-in-Time Intervention and Remediation" – intervention and remediation applied during the academic year upon the discovery that a student is not performing at grade level.
- 3.43 "Public School District/Public School" – those school districts and schools (including open-enrollment charter schools) created pursuant to Title 6 of the Arkansas Code and subject to the Arkansas Comprehensive Testing, Assessment and Accountability Program specifically excluding those schools or educational programs created by or receiving authority to exist

under §6-15-501; §9-28-205, and §12-29-301 through §12-29-310, or other provisions of Arkansas law.

- 3.44 "Reconstitution" – a reorganization intervention in the administrative unit or governing body of a public school district, including without limitation the suspension, reassignment, replacement, or removal of a current superintendent or the suspension, removal, or replacement of some or all of the current school board members, or both.
- 3.45 "Remediation" – a process of using diagnostic instruments to provide corrective, specialized supplemental instruction to help a student in grades two through four (2-4) overcome academic deficiencies. For students in grades five through twelve (5-12), remediation shall be a detailed, sequential set of instructional strategies, implemented to remedy any academic deficiencies indicated by below-basic or basic performance on the state-mandated augmented, criterion-referenced, or norm-referenced assessments. Remediation shall not interfere with or inhibit student mastery of current grade level academic learning expectations.
- 3.46 "Safe Harbor" – An alternate method of demonstrating Adequate Yearly Progress under the No Child Left Behind Act determined by decreasing the percent of students not performing at the proficient level on the Criterion Referenced Assessments by at least ten percent. Safe Harbor can only be applied if the school meets the secondary indicator condition and tests 95% or more of eligible students. Safe harbor shall not apply during the time periods designated by the US Ed for which the ADE may receive flexibility from certain provisions of ESEA as set forth in Section 13.00 of these Rules.
- 3.47 "Sanction" – intervention by the state to assist teaching and learning at a public school or a public school district that fails to meet expected performance goals on the state-mandated criterion-referenced assessments and/or other indicators.
- 3.48 "SAT" – the standardized college entrance examination administered by the College Board.
- 3.49 "School Improvement" – the initial classification applied to a school that fails to meet adequate yearly progress for two successive years. During the time periods designated by the US Ed for which the ADE may receive flexibility from certain provisions of ESEA, the classifications and interventions for schools in need of improvement shall be as set forth in Section 13.00 of these Rules.
- 3.50 "Secure Examination or Assessment" – an assessment instrument, materials or other student achievement evaluation method required by State statute, rule or regulation that is administered to assess student performance or achievement and takes place on the dates specified on the testing/assessment calendar developed by the Commissioner of the Department.

- 3.51 "Starting Point" – a specific figure for grade-level clusters K- 5, 6-8, and 9-12 in the content areas of literacy and mathematics which was derived by determining the school at the 20th percentile in the state based on total enrollment, among all schools ranked by the percentage of students at the proficient level, using data for the 2001-2002 school year or subsequent year for which there is a recalculation.
- 3.52 "Substantial Reading Deficiency" – a determination for first and second grade students who score in the Below Basic Category on the State Reading Assessment in the previous school year and for kindergarten students who are rated as Delayed in both oral communication and written language on the Uniform Reading Scale (URS).
- 3.53 Uniform School Readiness Screening" - uniform, objective evaluation procedures that are geared to either kindergarten or first grade, as appropriate, and developed by the State Board and specifically formulated for children entering public school for the first time.

4.0 Academic Content Standards

- 4.01 The Board shall establish clear, specific, challenging academic content standards, which define what students shall know and be able to do in each content area. Instruction in all public schools shall be based on these academic content standards.
- 4.02 The Board shall establish a schedule for periodic review and revision of academic content standards to ensure that Arkansas academic content standards are rigorous and equip students to compete in the global workforce. For each review, the Department will provide the following:
 - 4.02.1 Study and consideration of academic content standards from across the nation and international levels as appropriate;
 - 4.02.2 Study and consideration of evaluations from national groups or organizations as appropriate;
 - 4.02.3 Revisions by committees composed of Arkansas teachers and instructional supervisory personnel from public schools, assisted by teachers from institutions of higher education;
 - 4.02.4 Review and input by the Departments of Higher Education and Career Education as well as community members; and
 - 4.02.5 Public dissemination of revised academic content standards at the Board meeting and on the Department web site.
- 4.03 The Board shall provide for external review of academic content standards by nationally recognized content experts in the discipline/area under consideration.

- 4.04 The Board shall establish a clear, concise system of reporting the academic performance of each school on the state's mandated augmented criterion-referenced or norm-referenced assessments, that conform with the requirements of current state and federal law.
- 4.05 Academic standards for every level of the grades kindergarten through twelve (K-12) education system and education financial resources shall be aligned with student performance expectations at each level of the grades kindergarten through twelve (K-12) education system.
- 4.06 The State Board voted to participate in the Common Core State Standards for English Language Arts (ELA) and Mathematics in July 2010. The Common Core State Standards can be found at:

<http://www.corestandards.org/the-standards>

The Common Core State Standards for ELA and Mathematics, as they existed on July 9, 2012, are hereby incorporated into these Rules by reference.

5.0 Arkansas Comprehensive Assessment Program

The Board shall establish a statewide assessment system for grades K through 12 to be implemented in each public school in the State by the Department. All districts shall comply with the requirements of the assessment system. Failure to do so shall result in a recommendation to the Board for Probationary status or loss of accreditation as set out in the Standards for Accreditation, or for other intervention or sanction as allowed or required by these rules, state or federal law. The Arkansas Department of Education shall transition to the PARCC assessments by the 2014-2015 school year.

School district boards of directors shall not establish school calendars that jeopardize or limit the valid testing and comparison of student learning gains.

Every student attending an Arkansas public school shall participate in the statewide program of educational assessments required in Ark. Code Ann. §§ 6-15-419, 6-15-433, 6-15-2009 and established by the State Board.

5.01 Kindergarten, Grade One and Grade Two

- 5.01.1 The Board shall adopt and the Department shall implement a developmentally appropriate uniform school readiness screening to validate a child's school readiness as part of a comprehensive evaluation design. The Department shall require that all school districts administer the uniform school readiness-screening to each kindergarten student in the district upon the student's entry into kindergarten. Children who enter public school for the first time in first grade must be administered the uniform school readiness screening developed for use in the first grade.

5.01.2 Grades 1 and 2: The Department shall select a developmentally appropriate assessment to be administered to all students in first grade and second grade in reading and mathematics.

5.02 Criterion-Referenced Tests - Grades three through eight and high school

5.02.1 The Department shall develop and implement an augmented, criterion-referenced, or norm-referenced assessment as follows: (1) Grades three (3) through eight (8) which measures application of knowledge and skills in English language arts and mathematics and science in Grades 5 and 7; (2) End-of-Course testing in Algebra I, Geometry and Biology; (3) High school literacy that measures application of knowledge and skills in English language arts; and (4) social studies as funds are available and approved by the State Board of Education.

5.02.2 All criterion-referenced assessments shall be based on the Arkansas Curriculum Frameworks and Academic Content Standards.

5.02.3 All students in Grades 3 – 8 as well as all students enrolled in courses for which End-of-Course assessments are administered, shall take the criterion-referenced assessments on the testing dates established by the Department. This requirement includes the high school literacy assessment. This authority shall include field testing and any other requirements needed to establish fully-developed assessment instruments and methodologies.

5.02.4 Each school district shall administer augmented criterion-referenced assessments to its students according to procedures established by the Commissioner of Education and specified in the applicable assessment administration materials.

5.02.5 Accounting for Students with Disabilities and Limited English Proficient Students

5.02.5.1 Each student in the specified grades or courses shall participate as outlined in the test coordinator's handbook. A student shall participate in the Arkansas Alternate Assessment Program only upon the formal determination of the student's individual education program (IEP) committee, as documented in the student's individual educational program.

5.02.5.2 The Individual Education Program (IEP) committee shall determine whether participation in the standard state assessment program is appropriate for students with IEPs. Students with disabilities for whom it is deemed inappropriate to take the standard state assessments (augmented

benchmarks, End-of-Course, and High School Literacy) with the established accommodations shall participate in the Arkansas Alternate Assessment Program following the guidelines established by the Board.

- 5.02.5.3 Scores for students with disabilities shall be reported with other assessment results from the school.
- 5.02.5.4 English Learners (ELs) shall participate in all required criterion referenced assessments. ELs may access state approved accommodations provided such accommodations have been recommended by the language proficiency assessment committee and are used regularly in classroom instruction and assessment.
- 5.02.5.5 ELs with less than one year in a U.S. school will not be required to take the State required literacy benchmark test or the High School Literacy Assessment. Districts may exercise this option. ELs must take the appropriate mathematics and science tests.

5.02.6 End-of-Course Assessments

- 5.02.6.1 Every student attending an Arkansas public school in Arkansas shall participate in the actual course and statewide program of end-of-course assessments as designated by the State Board.
- 5.02.6.2 Every student required to participate in the statewide program of educational assessments required by Ark. Code Ann. § 6-15-2009 shall not receive credit on his or her transcript for Algebra, Geometry, Biology, or any other course that requires an end-of-course assessment for which the student has not received the requisite scale score on a general end-of-course assessment, until the student is identified as having participated in remediation through an individual academic improvement plan.
- 5.02.6.3 The individual academic improvement plan shall include remediation activities focuses on those areas for need for students who failed to meet the requisite score on an end-of-course assessment.
- 5.02.6.4 For the purpose of an end-of course assessment, remediation does not require that a student retake

a subsequent end-of-course assessment in order to receive academic credit for a course.

- 5.02.6.5 The end-of-course assessment program shall be maintained in such a manner as to meet the requirements of state and federal law, including the full range of students with disabilities.
- 5.02.6.6 The superintendent of each public school district shall be responsible for the proper administration of Ark. Code Ann. § 6-15-2009 and these Rules to implement the requirements of Ark. Code Ann. § 6-15-2009.
- 5.02.6.7 To the extent that a public school district is determined to have knowingly failed to administer the provisions of applicable law or these Rules, the superintendent's license shall be subject to probation, suspension, or revocation under Ark. Code Ann. § 6-17-410.
- 5.02.6.8 The ADE shall establish and publish by Commissioner's Memo each school year an end-of-course assessment cycle for end-of-course assessments that shall be strictly followed by school districts unless a school district has received a written waiver from the ADE because of a catastrophic occurrence.
- 5.02.6.9 The ADE shall prepare and develop the form of end-of-course assessments along with any and all documents, manuals, forms and protocols necessary for the proper administration, completion, submission and scoring of the assessment. The assessment shall be composed of sections that may include both multiple choice and open-response test items.
- 5.02.6.10 All Arkansas laws and ADE rules governing test administration, security and confidentiality that apply to examinations given to Arkansas public schools from K-12 grade shall apply in full to all end-of-course assessments and alternative assessments set forth under Ark. Code Ann. § 6-15-2009.
- 5.02.6.11 The ADE shall take steps to ensure that the end-of-course assessments are properly aligned with state standards and that professional development training is available for teachers teaching courses for which an end-of-course assessment is required.

5.02.6.12 In administering the assessments under Ark. Code Ann. § 6-15-2009 and these Rules, the school district shall provide state-approved accommodations for students with state-recognized disabilities and for English language learners as allowed by law and ADE rules.

5.02.6.13 The ADE shall establish and promulgate by way of these Rules the requisite scale score requirement for any Arkansas public school student taking each end-of-course assessment and alternative assessment.

5.03 Norm-Referenced Tests

5.03.1 The Board shall adopt a norm-referenced test to be administered in grade 3 through grade 9 in mathematics and reading and in science at grades 5 and 7, which shall be administered by the Department annually.

5.03.2 Each school district shall administer the norm-referenced tests to its students according to procedures established by the Department and specified in the applicable test administration materials.

5.04 National Assessment of Educational Progress

5.04.1 Selected schools shall participate in any and all components of the National Assessment of Educational Progress (NAEP).

5.04.2 Any school that fails to participate in the administration of any NAEP assessment shall be reported to the Board and may be subject to probationary status as set out in the Standards for Accreditation.

5.05 Test Administration

5.05.1 The Department shall establish mandatory training sessions for local district testing coordinators and other appropriate school personnel to ensure understanding of the administration of assessments and effective use of assessment reporting data to improve classroom instruction and learning to provide program evaluation;

5.05.2 The superintendent or his/her designee in each school district shall be responsible for coordinating all local assessment activities including:

5.05.2.1 Scheduling testing times of all affected campuses according to the testing calendar developed by the Department;

5.05.2.2 Ensuring that security is maintained as specified in the appropriate testing administration materials;

5.05.2.3 Ensuring that all district personnel involved in the testing have been properly trained as specified by the Department;

5.05.2.4 Ensuring that all testing instruments are administered to all students according to the procedures established by the Commissioner of Education and specified in the applicable assessment administration materials;

5.05.2.5 Ensuring that all assessment documents and student identification information are properly and accurately coded;

5.05.2.6 Attesting whether ALL students have participated in the appropriate grade-level assessment(s); and

5.05.2.7 Recommending for adoption by local school boards a school calendar that in no way jeopardizes or limits the valid testing and comparison of students' learning gains.

5.05.3 The appropriate test administration materials shall specify any allowable accommodations available to students participating in the administration of standard state assessments.

5.05.4 All students enrolled in a State-tested grade shall be accounted for in the Arkansas Comprehensive Assessment Program.

5.06 A Technical Advisory Committee composed of nationally-recognized testing experts and psychometricians shall be selected by the Commissioner of Education and shall advise the Department in all technical aspects of the assessment system.

5.07 Test Security and Confidentiality

5.07.1 Violation of the security or confidential integrity of any test or assessment is prohibited.

5.07.2 The Board shall sanction a person who engages in conduct prohibited by this section. Sanctions shall be considered and imposed in compliance with the Department's rules Governing Alleged Testing Improprieties or in the Department's Rules Governing Background Checks and License Revocation, as appropriate. Additionally, the Board may sanction a school district or school, or both, in which conduct prohibited in this section occurs. Sanctions imposed by the Board may include without limitation one (1) or more of the following:

5.07.2.1 Revocation, suspension, or probation of an individual's license,

- 5.07.2.2 Issuance of a letter of reprimand to a licensed individual to be placed in his or her state ~~personnel~~ professional licensure file;
- 5.07.2.3 Additional training or professional development to be completed by a licensed individual within the time specified;
- 5.07.2.4 Additional professional development to be administered by the school district or open-enrollment public charter school to all licensed school district personnel involved in test administration within the time specified;
- 5.07.2.5 Issuance of a letter of warning to the school district or open-enrollment public charter school; and
- 5.07.2.6 Establishment of a school district or open-enrollment public charter school plan containing strict test security guidelines that will implement procedures to ensure the security and confidential integrity of all assessment instruments.
- 5.07.2.7 Professional development required pursuant to this section as a result of violating test security or confidentiality may be in addition to professional development required for licensure.

5.07.3 Procedures for maintaining the security and confidential integrity of all testing and assessment instruments and procedures shall be specified in the appropriate test or assessment administration instructions. Conduct that violates the security or confidential integrity of a test or assessment is defined as any departure from either the requirements established by the Commissioner of Education for the administration of the assessment or from the procedures specified in the applicable test administration materials. Conduct of this nature may include, but is not limited to, the following acts and omissions:

- 5.07.3.1 Viewing secure assessment materials;
- 5.07.3.2 Duplicating secure assessment materials;
- 5.07.3.3 Disclosing the contents of any portion of secure assessment materials;
- 5.07.3.4 Providing, suggesting, or indicating to an examinee a response or answer to any secure assessment items;

- 5.07.3.5 Aiding or assisting an examinee with a response or answer to any secure assessment item;
- 5.07.3.6 Changing or altering any response or answer of an examinee to a secure assessment item;
- 5.07.3.7 Failing to follow the specified testing procedures or to proctor students;
- 5.07.3.8 Failing to administer the assessment on the designated testing dates;
- 5.07.3.9 Encouraging or assisting an individual to engage in the conduct described herein;
- 5.07.3.10 Failing to report to the appropriate authority that an individual has engaged in conduct set forth in this section;
- 5.07.3.11 Failing to follow the specified procedures and required criteria for alternate assessments; or
- 5.07.3.12 Failing to return the secured test booklets to the testing company in a timely manner.

5.07.4 The superintendent of each school district shall develop procedures to ensure the security and confidential integrity of all assessment instruments and test items. The superintendent shall be responsible for immediately notifying the Department in writing of conduct that violates the security or confidential integrity of an examination or assessment.

6.0 Student Performance Levels

- 6.01 The Board shall establish four (4) performance levels for each criterion-referenced assessment administered as part of ACTAAP. The Board shall establish five (5) performance levels for the Alternate Assessment for Students with Disabilities as part of ACTAAP. Those performance levels shall be: (1) Not Evident; (2) Emergent; (3) Supported Independence; (4) Functional Independence; and (5) Independent. Performance levels shall be established for mathematics, reading/language arts and science independently. Additionally, the Board shall establish a pass/proficiency rate for each end-of-course assessment.
- 6.02 The Board shall establish four (4) performance levels for Grades K-2 for the norm-referenced assessment administered as part of the Arkansas Comprehensive Assessment Program for reading and mathematics. The following numerical scores define those performance levels.

Mathematics Norm Referenced Assessment standard score cut scores*				
Grade	Below Basic	Basic	Proficient	Advanced
K	0-120	121-128	129-136	137-400
1	0-134	135-146	147-159	160-400
2	0-148	149-164	165-181	182-400

*Lowest possible standard score value is 80

Reading Norm-Referenced Assessment standard score cut scores*				
Grade	Below Basic	Basic	Proficient	Advanced
K	0-119	120-127	128-137	138-400
1	0-136	137-145	146-158	159-400
2	0-153	154-165	166-182	183-400

*Lowest possible standard score value is 80

- 6.03 The following numerical scores define the performance levels on the criterion-referenced assessments and on the Alternate Assessments for Students with Disabilities for Not Evident, Emergent, Supported Independence, Functional Independence and Independent. Functional Independence and Independent are considered to be grade level.

Mathematics Criterion Referenced Assessments (Augmented Benchmark Exams) Scale Score Ranges				
Grade	Below Basic	Basic	Proficient	Advanced
3	0 - 408	409 - 499	500 - 585	586 & above
4	0 - 494	495 - 558	559 - 639	640 & above
5	0 - 543	544 - 603	604 - 696	697 & above
6	0 - 568	569 - 640	641 - 721	722 & above
7	0 - 621	622 - 672	673 - 763	764 & above
8	0 - 654	655 - 699	700 - 801	802 & above

Literacy Criterion Referenced Assessments (Augmented Benchmark Exams) Scale Score Ranges				
Grade	Below Basic	Basic	Proficient	Advanced
3	0 - 329	330 - 499	500 - 653	654 & above
4	0 - 353	354 - 558	559 - 747	748 & above
5	0 - 381	382 - 603	604 - 798	799 & above
6	0 - 416	417 - 640	641 - 822	823 & above
7	0 - 425	426 - 672	673 - 866	867 & above
8	0 - 506	507 - 699	700 - 913	914 & above

Science Criterion Referenced Assessments (Augmented Benchmark Exams) Scale Score Ranges				
Grade	Below Basic	Basic	Proficient	Advanced
5	0 - 153	154 - 199	200 - 249	250 & above
7	0 - 151	152 - 199	200 - 249	250 & above

End-of-Course Algebra I Scale Score Ranges			
Below Basic	Basic	Proficient	Advanced
0 - 151	152 - 199	200 - 249	250 & above

End-of-Course Geometry Scale Score Ranges			
Below Basic	Basic	Proficient	Advanced
0 - 151	152 - 199	200 - 249	250 & above

End-of-Course Biology Scale Score Ranges			
Below Basic	Basic	Proficient	Advanced
0 - 145	146 - 199	200 - 249	250 & above

Grade 11 Literacy Scale Score Ranges			
Below Basic	Basic	Proficient	Advanced
0 - 168	169 - 199	200 - 227	228 & above

Mathematics Alternate Assessment for Students with Disabilities Scale Score Ranges					
Grade	Not Evident	Emergent	Supported Independence	Functional Independence	Independent
3	520 - 672	673 - 703	704 - 708	709 - 723	724 - 733
4	523 - 673	674 - 707	708 - 712	713 - 721	722 - 736
5	545 - 674	675 - 708	709 - 713	714 - 725	726 - 733
6	535 - 677	678 - 708	709 - 714	715 - 722	723 - 731
7	478 - 675	676 - 705	706 - 713	714 - 720	721 - 731
8	484 - 697	698 - 717	718 - 725	726 - 727	728 - 738

Literacy Alternate Assessment for Students with Disabilities Scale Score Ranges					
Grade	Not Evident	Emergent	Supported Independence	Functional Independence	Independent
3	487 - 663	664 - 685	686 - 710	711 - 730	731 - 734

7.0 Student Accountability

7.01 By the year 2013-2014 all students are expected to perform at the proficient level or above.

7.02 Students identified as failing to achieve at the proficient level on a) the state mandated CRT (as referenced in Section 6.04 tables: Mathematics Criterion Referenced Assessments, Science Criterion Referenced Assessments, Literacy Criterion Referenced Assessments), b) students in grade K scoring delayed on either written language or oral communications and scoring delayed in mathematics on the state mandated uniform readiness screening (as referenced in Section 3.46 Uniform School Readiness Screening); and c) students in grades 1 and 2 not scoring proficient on the state mandated NRT (as referenced in Section 6.02 tables, Mathematics Norm Referenced Assessment standard score cut scores and Reading Norm-Referenced Assessment standard score cut scores), shall be evaluated by school personnel, who shall jointly develop a remediation plan with the student's parents. The remediation plan (AIP or if appropriate IRI) will assist the student in achieving the expected standard and will describe the parent's role and responsibilities as well as the consequences for the student's failure to participate in the plan.

7.02.1 The AIP shall be prepared using the format designed by the Department of Education. However, the local school may adjust the format as deemed necessary.

7.02.2 The AIP shall be developed cooperatively by appropriate teachers and/or other school personnel knowledgeable about the student's performance or responsible for the remediation in consultation with the student's parents. An analysis of student strengths and

deficiencies based on test data and previous student records shall be available for use in developing the plan. The plan shall be signed by the appropriate school administrator and the parent/guardian.

- 7.02.3 The AIP should be flexible, should contain multiple remediation methods and strategies, and should include an intensive instructional program different from the previous year's regular classroom instructional program. Examples of strategies and methods include, but are not limited to, computer assisted instruction, tutorial, extended year, learning labs within the school day, Saturday school, double blocking instruction in deficient areas during the school day, extended day etc.
- 7.02.4 The AIP shall include formative assessment strategies and shall be revised periodically based on results from the formative assessment.
- 7.02.5 The AIP shall include standards-based supplemental/remedial strategies aligned with the child's deficiencies.
- 7.02.6 A highly qualified teacher and/or a highly qualified paraprofessional under the guidance of a highly qualified teacher shall provide instructional delivery under the AIP.
- 7.02.7 The AIP should contain an implementation timeline that assures the maximum time for remedial instruction.
- 7.02.8 AIPs should be individualized; however, similar deficiencies based on test data, may be remediated through group instruction.
- 7.02.9 In any instance where a student with disabilities identified under the Individuals with Disabilities Education Act has an Individualized Education Program (IEP) that already addresses any academic area or areas in which the student is not proficient on state-mandated augmented, criterion-referenced, or norm-referenced assessments, the individualized education program shall serve to meet the requirement of an AIP.
- 7.03 Retention for failure to participate in the Academic Improvement Plan
 - 7.03.1 The public school district where the student is enrolled shall notify the student's parent, guardian, or caregiver of the parent's role and responsibilities as well as the consequences for the student's failure to participate in the plan. This notice may be provided via student handbooks issued to students.
 - 7.03.2 A student in grades three (3) through eight (8), identified as not meeting the requisite scale score on the criterion-referenced assessment and failing to participate in the subsequent AIP shall be retained and shall not be promoted to the next appropriate

grade until the student is deemed to have participated in the AIP or the student passes the benchmark assessment for the current grade level in which the student is retained. The local district shall determine the extent of the required participation in remediation as set forth in the student academic improvement plan.

- 7.03.3 Any student required to take an end-of-course assessment who is identified as not meeting the requisite scale score for a particular assessment shall participate in the remediation activities as required by the student's individualized AIP in the school year that the assessment results are reported in order to receive academic credit on his or her transcript for the course related to the end-of-course assessment.

7.03.3.1 The individualized AIP shall include remediation activities focused on those areas in which a student failed to meet the requisite scale score of an end-of-course assessment.

7.03.3.2 A student who is identified as not meeting the requisite scale score for an end-of-course assessment shall not receive academic credit on his or her transcript for the courses related to the end-of-course assessment until the student is identified as having participated in remediation through an individualized AIP.

- 7.03.4 Remedial activities and instruction provided during high school shall not be in lieu of English language arts, mathematics, science, history or other core courses required for graduation.

- 7.03.5 Any student who does not score at the Proficient level on the criterion-referenced assessments in English language arts and mathematics shall continue to be provided with remedial or supplemental instruction until the expectations are met or the student is not subject to compulsory school attendance.

- 7.03.6 Any student that has an AIP and fails to remediate, but scores at the Proficient level on the criterion-referenced assessments, shall not be retained.

- 7.03.7 Students not proficient on the High School Literacy Test shall participate in a remediation program.

- 7.03.8 The State Board may require remediation activities and an individualized academic improvement plan for a student in grade eleven (11) or below who does not meet the requisite scale score for a particular college and career readiness measurement.

7.03.8.1 The State Board may require that the individualized academic improvement plan include one (1) or more opportunities for a student to retake the measurement.

7.03.8.2 For the purpose of a college and career readiness measurement, remediation shall not require that a student pass a subsequent college and career readiness measurement in order to graduate from an Arkansas high school.

- 7.04 The results of end-of-course assessments shall become a part of each student's transcript or permanent record. Each course for which a student completes the general end-of-course assessment shall be recorded with the performance level (advanced, proficient, basic or below-basic).
- 7.05 Each year the ADE shall make public item and task prototypes for the English language arts and mathematical assessments required by these rules or a selection of actual items and tasks from the most recent assessments.
- 7.06 The Department shall implement a statistical system that shall provide the best analysis of classroom, school, and school district effects on student progress based on established, value-added longitudinal calculations, which shall measure the difference in a student's previous year's achievement compared to the current year achievement for the purposes of improving student achievement, accountability, and recognition.
- 7.07 The approach used by the Department shall be in alignment with federal statutes and developed in 2004-2005 to collect data to allow research and evaluation of student achievement growth models.
- 7.08 The approach shall include value-added longitudinal calculations with sufficient transparency in the model's conception and operation to allow others in the field to validate or replicate the results and an assessment of the model's accurateness in relation to other models.
- 7.09 Reading Deficiency for Students in Kindergarten through Grade Two
 - 7.09.1 Any student who exhibits a substantial deficiency in reading, based upon statewide assessments conducted in grades kindergarten through two (K-2), or through teacher observations, shall be provided intensive reading instruction utilizing a scientifically-based reading program. The intensive instruction shall systematically, explicitly, and coherently provide instruction in the five essential elements of reading as defined in Section 3.23. The student shall continue to be provided with intensive reading instruction until the reading deficiency is corrected.
 - 7.09.2 The State Board of Education established performance levels for kindergarten, grade 1 and grade 2 that define substantial difficulties in reading based on the state-mandated, developmentally appropriate assessment. The state-mandated Uniform Screening Readiness (USR) instrument shall be used to determine substantial reading difficulty for kindergarten students.

- 7.09.3 All kindergarten students exhibiting substantial difficulties in reading will be evaluated by school personnel for the purpose of diagnosing specific reading difficulties. This evaluation will occur within 30 days of receiving the USR results.
- 7.09.4 Within 30 days of the beginning of school, grade 1 and grade 2 students exhibiting substantial difficulties in reading will be evaluated by school personnel for the purpose of diagnosing specific reading difficulties. However, in those school years in which the State Board of Education shall revise the performance levels schools shall be allowed 30 days from the date of the final approval to conduct the evaluation.
- 7.09.5 The evaluation shall include the Dynamic Indicators of Basic Early Literacy Skills (DIBELS).
- 7.09.6 School personnel shall develop an Intensive Reading Improvement plan (IRI) that describes the intervention program for any student identified with substantial reading difficulty. The IRI shall be developed cooperatively by appropriate teachers and/or other school personnel knowledgeable about the student's performance or responsible for remediation.
- 7.09.7 The IRI shall contain an implementation timeline that assures the maximum time for remedial instruction. The intervention shall occur during the regular school day whenever possible, but may include extended day when appropriate. The intervention shall supplement, and not supplant, core classroom instruction.
- 7.09.8 The IRI shall include valid and reliable progress monitoring assessments to measure student growth toward the grade level benchmarks in each essential element of reading.
- 7.09.9 The intensive reading instruction provided under the IRI shall utilize strategies that are aligned with scientifically-based reading research.
- 7.09.9.1 The intensive instruction shall systematically, explicitly and coherently provide instruction in the five essential areas of reading. The intensity and focus of the instruction shall be based on the evaluation results, teacher observation, and data from progress monitoring assessments. The intervention plan shall be revised periodically to reflect student needs as indicated on progress monitoring assessments.
- 7.09.9.2 The IRI should be individualized; however, similar deficiencies may be remediated through group instruction.

7.09.9.3 A highly qualified teacher and/or a highly qualified paraprofessional under the guidance of a highly qualified teacher shall provide instruction under the IRI.

7.09.9.4 The intervention shall continue until the child has reached grade level benchmarks in all essential areas of reading.

7.09.10 Student achievement in each of the essential elements shall be monitored monthly after students complete the intervention. Students who are not meeting current expectations shall be provided additional interventions.

7.09.11 In any instance where a student with disabilities identified under the Individuals with Disabilities Act has an IEP that already addresses reading deficiencies, the individual education program shall serve to meet the requirements of the IRI.

7.10 The parent or guardian of any student identified with a substantial reading deficiency shall be notified in writing to include the following:

7.10.1 That the child has been identified as having a substantial deficiency in reading;

7.09.2 A description of the current services that are provided to the child; and,

7.09.3 A description of the proposed supplemental instructional services and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency.

8.0 School Accountability

NOTE: Consult Section 13.00 of these Rules for applicable ESEA flexibility provisions as approved by the US Ed on June 29, 2012.

8.01 The Department of Education shall provide analyses of data produced by the Arkansas Comprehensive Assessment Program and other reliable measures of student learning to determine classroom, school, and school district academic performance.

8.02 Student performance trend data shall be included in the components used in developing objectives of the school improvement plan, internal evaluations of instructional and administrative personnel, assignment of staff, allocation of resources, acquisition of instructional materials and technology, performance-based budgeting, and assignment of students into educational programs of the local school program.

8.03 Each school shall develop one (1) Arkansas Comprehensive, School Improvement Plan (ACSIP) focused on student achievement. This requirement is intended to focus the school and school district annually on the school's performance rate data for the purposes of improving

student performance based on data and the performance of students on the state assessment system.

- 8.04 The purpose of ACSIP is to provide equal opportunity for all students, including identifiable subgroups, to meet the expected performance rate levels established by the Board on all State assessments.
- 8.05 Consistent with the No Child Left Behind Act, each school must make adequate yearly progress (AYP), based primarily on the administration of the criterion-referenced assessments described in Section 5.02. In order to make AYP, a school or school district must—
 - Demonstrate that at least 95 percent of all students and of students in each applicable subgroup, as provided in Section 8.06, at the tested grade levels, participated in the assessments;
 - Meet or exceed the annual measurable performance levels described in Section 9.0, based on the percentages of students scoring proficient or above on the assessments, overall and for each applicable subgroup; or alternatively, if the total group or any subgroup does not meet the annual measurable performance levels, demonstrate that the percentage of students in that subgroup who did not meet the proficient level for that year decreased by 10 percent of that percentage from the preceding school year and that the subgroup made progress on one additional academic indicator; and
 - Show progress for all students on an additional academic indicator, which shall be graduation rate for high schools and percent attendance for elementary and middle schools.
- 8.06 The following subgroups must be included in the school/school district data disaggregation:
 - 8.06.1 Students with Disabilities;
 - 8.06.2 Students who are English Language Learners;
 - 8.06.3 Economically Disadvantaged Students; and
 - 8.06.4 Ethnic Subgroups;
 - 8.06.4.1 Caucasian
 - 8.06.4.2 African American
 - 8.06.4.3 Hispanic
- 8.07 A school must meet AYP criteria overall and for each of these subgroups that meets the minimum group size as determined by the Department of Education and approved by the U.S. Department of Education.

- 8.08 The Department will determine AYP separately for mathematics and literacy, using appropriate statistical treatments. Based on the single statewide starting point described in this section, annual performance levels assure that ALL students will reach proficient by school year 2013-2014.
- 8.09 The Department will determine for each school in the state the percent of students performing at the proficient or advanced levels. This percentage will be determined by computing the sum of students proficient or advanced for the current year or the most recent three years across each grade for which there is a criterion-referenced assessment. That sum is divided by the total number of students assessed for that year or across those three years and grades. This number shall include students taking alternate assessments. The percentage shall be determined separately for mathematics and reading/literacy.
- 8.10 The AYP starting point regarding percent proficient on state assessments will be determined for grade-level clusters K- 5; 6 – 8; and 9 – 12 and separately for mathematics and reading/literacy.
- 8.11 The AYP starting point will be determined by ranking each school within the grade-level by the percent proficient. Additionally, the ranking will include the total student enrollment for those grades using October 1, 2002, data or October 1 of a subsequent year for which there is a recalculation.
- 8.12 The goal of NCLB is for all students to be proficient in language arts and math by 2014. Therefore, the Department of Education will determine the "starting point" for AYP as set forth in Section 3.44 above.
- 8.13 The following table establishes the starting point and projected performance level for each year of the twelve years addressed by the No Child Left Behind Act.

Calculating AYP and Annual Expected Performance Levels

	K-5 Math	K-5 Literacy	6-8 Math	6-8 Literacy	9-12 Math	9-12 Literacy
Year 05-06	40.00	42.40	29.10	35.20	29.20	35.50
Year 06-07	47.50	49.60	37.96	43.30	38.05	43.56
Year 07-08	55.00	56.80	46.83	51.40	46.90	51.63

Year 08-09	62.50	64.00	55.69	59.50	55.75	59.69
Year 09-10	70.00	71.20	64.55	67.60	64.60	67.75
Year 10-11	77.50	78.40	73.41	75.70	73.45	75.81
Year 11-12	85.00	85.60	82.28	83.80	82.30	83.88
Year 12-13	92.50	92.80	91.14	91.90	91.15	91.94
Year 13-14	100.00	100.00	100.00	100.00	100.00	100.00

- 8.14 Each year, in determining whether a school has met the target of percent proficient for that school year as listed on the chart, the Department shall compare the school's percent proficient in the appropriate grade-level cluster and content area with the statewide projected goal for that year. A school shall be deemed to have met AYP for a particular year for a particular grade-level cluster and content area as long as the school attains at least the statewide projected goal.
- 8.15 Individual Schools identified by the Department as failing to meet established levels of academic achievement shall be subject to sanctions as specified in school improvement or academic distress.
- 8.16 Schools/School Districts exemplifying exceptional performance levels and/or growth patterns shall be recognized for exemplary performance and will be eligible to participate in the rewards program.

9.0 Accountability

NOTE: Consult Section 13.00 of these Rules for applicable ESEA flexibility provisions as approved by the US Ed on June 29, 2012. Sections 9.13 and 9.14 of these Rules continue to apply along with Section 13.00 of these Rules.

Schools failing to meet Adequate Yearly Progress as determined under these Rules shall be classified subject to the following consequences.

- 9.01 A school will be identified in alert status if it has not made AYP in the same subject (Mathematics or Literacy) for one year.
- 9.02 A school will be identified as in Improvement Status if it has not made AYP in the same subject (Mathematics or Literacy) for two consecutive years.
- 9.03 A school in Alert Status or Improvement Status that fails to make AYP, but does not fail to make AYP in the same subject for two consecutive years, will remain in its existing status for the following school year.

- 9.04 The first year a school fails to meet expected performance levels, that school shall be classified as on Alert Status. Any school classified on Alert Status shall be required to review and/or revise the school's ACSIP Plan with special attention given to State designated subgroup(s) which failed to meet expected performance levels.
- 9.05 The local school board president and the superintendent of a public school or school district identified by the Department in school improvement shall be notified in writing by the Department, via certified mail, return receipt requested, and the school district shall have a right to appeal to the Commissioner of the Department. The written appeal must be received in the Office of the Commissioner of Education within thirty (30) calendar days of the receipt of notice.
- 9.06 The second year a school fails to make Adequate Yearly Progress, that school shall be classified as Year 1 of School Improvement. Any school classified in Year 1 of School Improvement shall offer eligible students choice options to another school in the district not in school improvement.
- 9.07 The third year a school fails to make Adequate Yearly Progress, that school shall be classified as Year 2 of School Improvement. Any school classified in Year 2 of School Improvement shall offer eligible students supplementary educational services in keeping with federal guidelines in addition to continued consequences from Year 1 of School Improvement.
- 9.08 Should a school fail to make Adequate Yearly Progress in the fourth year, the Board shall advance that school into corrective action. Schools in corrective action must continue to offer consequences from School Improvement Year 2, and the school must implement a plan, with the approval of the Department, having specified corrective actions.
- 9.09 Should a school fail to make Adequate Yearly Progress in the fifth year, the Board shall advance that school into restructuring. In restructuring the Department may require the school to dismiss staff and administrators, annex the school to another school that is not in school improvement, and/or take other such action as deemed necessary by the Department and the Board.
- 9.10 Once a school has been identified in school improvement, that school must meet the standard(s) for which it failed to meet for two consecutive years to be considered for removal.
- 9.11 Schools that receive Title I funds must meet all funding requirements as specified by federal guidelines. Schools that do not receive Title I funds must implement programming in keeping with the school's ACSIP Plan as revised.
- 9.12 Schools designated in year two or greater of school improvement shall participate in a scholastic audit conducted by the Department of Education (or its designees).

- 9.12.1 Results of the scholastic audit shall be presented to the superintendent within four (4) weeks of completing the scholastic audit. The audit shall make recommendations to improve teaching and learning for inclusion in the comprehensive school improvement plan.

9.13 Recognition Awards

- 9.13.1 Pursuant to Ark. Code Ann. § 6-15-2107m schools performing at the top twenty percent (20%) of all public schools in Arkansas in combined student performance, student academic growth, and, for a secondary school, graduate rate, are eligible for Arkansas School Recognition Program rewards and performance-based funding.

9.14 Sanctions

- 9.14.1 Any school or district that is involved in substantiated test security violations will not be eligible to receive the "school of excellence" performance rating.

10.0 School District Accountability

NOTE: During the time periods designated by the US Ed for which the ADE may receive flexibility from certain provisions of ESEA, the school district accountability provisions found in Section 13.00 of these Rules shall apply. Sections 10.04 through 10.07 of these Rules shall remain in place even during time periods designated by the US Ed for which the ADE may receive flexibility from certain provisions of ESEA.

- 10.01 The Department annually reviews each district to determine whether the district is making AYP in the following way.
- 10.01.1 Determine the collective status for all the schools within a district within each grade-level grouping (K-5; 6-8 and 9-12);
 - 10.01.2 Determine the district percent of participation across each grade level group; and
 - 10.01.3 Determine the district status on secondary indicator across each grade-level group.
 - 10.01.4 A district shall be in school improvement when all levels within a district fail to meet performance standards for two consecutive years in the same subject. A district having status of School Improvement shall be removed from that status when any one level meets the performance standard for two consecutive years in that subject.
- 10.02 Before identifying a district for district improvement, the Department will provide the district with an opportunity to review the data on which the

identification is based. The district may appeal the identification, and the Department will decide the appeal within 30 days.

- 10.03 Each district identified for district improvement shall within three months of identification develop or revise a district improvement plan that complies with the requirements of the No Child Left Behind Act, including the requirement that it spend not less than 10% of its Part A, Title I funds on professional development for each fiscal year in which the district is identified for improvement. The district shall initiate implementation of the plan expeditiously, but not later than the beginning of the next school year after the school year in which the district was identified for improvement. The Department will provide technical assistance to districts in developing and implementing improvement plans under this section.
- 10.04 Academic Distress – Procedures for Identification, Classification and Appeal of Public School and Public School Districts in Academic Distress
 - 10.04.1 A public school or public school district which meets the definition of "Academic Distress" set forth in Section 3.02 of these rules shall be designated in Academic Distress.
 - 10.04.2 Within thirty calendar days (30) after the release of the state assessment results by the Department or upon making a determination that a school district has a Needs Improvement –Priority school within the school district that has not made the progress required under the school's Priority Improvement Plan (PIP), the Department shall identify all public schools and public school districts in Academic Distress and shall notify in writing each school district superintendent and board president of the public school and public school districts via certified mail, return receipt requested.
 - 10.04.3 Any school district identified or in which a public school is identified in academic distress may appeal to the State Board by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of the written notice of academic distress status from the Department.
 - 10.04.4 The State Board shall hear the appeal of the school district within sixty (60) days of receipt of the written appeal in the Commissioner's office.
 - 10.04.5 The State Board's determination shall be final, except that a school district may appeal to Pulaski County Circuit Court under the Arkansas Administrative Procedure Act, Ark. Code Ann. § 25-15-201, et seq.
 - 10.04.6 A school district or public school identified by the Department as being in academic distress shall be classified as a school

district or public school in academic distress upon final determination by the State Board.

10.05 Time Limitation of Academic Distress Status

- 10.05.1 Except as otherwise set forth in these Rules and Ark. Code Ann. § 6-15-429 and § 6-15-430, a public school or public school district identified as in academic distress shall have no more than five (5) consecutive school years from the date of classification of academic distress status to be removed from academic distress status.
- 10.05.2 The State Board may at any time take enforcement action on any school district in academic distress status including without limitation, annexation, consolidation, or reconstitution of a school district pursuant to Ark. Code Ann. § 6-13-1401 et seq. and the authority of Title 6, Chapter 15, Subchapter 4 of the Arkansas Code.
- 10.05.3 The State Board may take enforcement action at any time on a public school in academic distress under these Rules and Title 6, Chapter 15, Subchapter 4 of the Arkansas Code.
- 10.05.4 Except as otherwise set forth in these Rules and Ark. Code Ann. § 6-15-429 and § 6-15-430(d), a public school or school district shall not be allowed to remain in academic distress status for a time period greater than five (5) consecutive school years from the date of the classification of academic distress status.
- 10.05.5 The State Board may grant additional time for a public school or school district to remove itself from academic distress by issuing a written finding supported by a majority of the State Board explaining in detail that the public school or school district could not remove itself from academic distress during the relevant time period due to impossibility caused by external forces beyond the control of the public school or school district.
- 10.05.6 If a public school or school district classified as being in academic distress fails to be removed from academic distress status within the allowed five-year time period and has not been granted additional time under these Rules or Ark. Code Ann. § 6-15-429, the State Board shall annex, consolidate, or reconstitute the public school or school district before July 1 of the next school year.

10.06 Procedures for assisting school districts in academic distress

- 10.06.1 Within thirty (30) calendar days of classification by the State Board, each public school and public school district in

academic distress shall develop and file with the Department a modified Comprehensive School Improvement Plan (District Plan) to target and address any area in which the public school or public school district is experiencing academic distress.

- 10.06.2 Within fifteen (15) calendar days of classification by the State Board, the Department shall assign a team of educators to evaluate the public school or public school district and determine the need for on-site technical assistance or technical assistance via distance technology.
- 10.06.3 The team of educators shall evaluate and make recommendations to the public school or public school district superintendent within sixty (60) calendar days following the school's or district's classification as being in academic distress.
- 10.06.4 Public schools and public school districts classified as being in academic distress shall provide access to all school and district assessment, instruction, personnel and academic records and reports to assist the team in the formulation of the recommendations for improvement.
- 10.06.5 The Department, with assistance from the team of educators, shall review the data relative to the academic status and performance of students in the academically distressed public school or public school district.
- 10.06.6 Following the on-site review, the team of educators will submit a written set of recommendations to the academically distressed public school or public school district.
- 10.06.7 The Department shall provide relevant technical assistance to each identified public school or public school district based upon the needs identified in the Comprehensive School Improvement Plan.
- 10.07 Procedures for evaluating and removal of public schools and public school districts from academic distress status
 - 10.07.1 The Department shall review and annually report to the Board the academic conditions existing in each academically distressed public school or public school district.
 - 10.07.2 A public school or public school district designated in Academic Distress shall be removed from Academic Distress only upon vote of a majority of the quorum present of the State Board and only after the Department has certified in writing to the State Board that the school district has corrected all criteria for being classified as in academic distress.

11.0 State Board Authority

11.01 The Board shall have the following authority regarding any public school district in academic distress:

- 11.01.1 Remove permanently, reassign, or suspend on a temporary basis the superintendent of the school district and:
 - 11.01.1.1 Appoint an individual in place of the superintendent to administratively operate the school district under the supervision and approval of the Commissioner of Education; and
 - 11.01.1.2 Compensate from school district funds the individual appointed to operate the school district;
- 11.01.2 Suspend or remove some or all of the current board of directors and call for the election of a new board of directors for the school district, in which case the school district shall reimburse the county board of election commissioners for election costs as otherwise required by law;
- 11.01.3 Require the school district to operate without a board of directors under the supervision of the superintendent or an individual or panel appointed by the Commissioner of Education;
- 11.01.4 Waive the application of Arkansas law, with the exception of The Teacher Fair Dismissal Act of 1983, Ark. Code Ann. § 6-17-1501 et seq., and the Public School Employee Fair Hearing Act, Ark. Code Ann. § 6-17-1701 et seq., or the corresponding State Board rules and regulations;
- 11.01.5 Require the annexation, consolidation, or reconstitution of the school district;
- 11.01.6 In the absence of a board of directors, direct the Commissioner to assume all authority of the board of directors as may be necessary for the day-to-day governance of the school district;
- 11.01.7 Return the administration of the school district to the former board of directors or to a newly elected board of directors if:
 - 11.01.7.1 The Department of Education certifies in writing to the State Board and to the school district that the school district has corrected all issues that caused the classification of academic distress; and

- 11.01.7.2 The State Board determines that the school district has corrected all issues that caused the classification of academic distress; and
- 11.01.8 Take any other necessary and proper action, as determined by the State Board, that is allowed by law.
- 11.02 The State Board shall have the following authority regarding any public school in academic distress:
 - 11.02.1 Require the reorganization of the public school or reassignment of the administrative, instructional, or support staff of the public school;
 - 11.02.2 Require the public school to institute and fully implement a student curriculum and professional development for teachers and administrators that are based on state academic content and achievement standards, with the cost to be paid by the school district in which the public school is located;
 - 11.02.3 Require the principal of the public school to relinquish all authority with respect to the public school;
 - 11.02.4 Waive the application of Arkansas law or the corresponding State Board rules, with the exception of:
 - 11.02.4.1 The Teacher Fair Dismissal Act of 1983, Ark. Code Ann. § 6-17-1501 et seq.; and
 - 11.02.4.2 The Public School Employee Fair Hearing Act, Ark. Code Ann. § 6-17-1701 et seq.;
 - 11.02.5 Under The Teacher Fair Dismissal Act of 1983, Ark. Code Ann. § 6-17-1501 et seq., reassign or remove some or all of the licensed personnel of the public school and replace them with licensed personnel assigned or hired under the supervision of the Commissioner;
 - 11.02.6 Remove the public school from the jurisdiction of the school district in which the public school is located and establish alternative public governance and supervision of the public school;
 - 11.02.7 Require closure or dissolution of the public school;
 - 11.02.8 Remove permanently, reassign, or suspend on a temporary basis the superintendent of the school district in which the public school is located. If the State Board takes an action under Section 11.02.8 of these Rules, it may appoint an individual in place of the superintendent to administratively operate the school district under the supervision and approval

of the commissioner and compensate the appointed individual;

- 11.02.9 Take one (1) or more of the actions under Section 11.01 of these Rules concerning the public school district where the school is located;
- 11.02.10 Return the administration of the school district to the former board of directors or to a newly elected board of directors if:
 - 11.02.10.1 The Department certifies in writing to the State Board and to the school district that the public school has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress; and
 - 11.02.10.2 The State Board determines the public school has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress; and
- 11.02.11 Take any other appropriate action allowed by law that the State Board determines is needed to assist and address a public school classified as being in academic distress.
- 11.03 If the State Board or the Commissioner assumes authority over a public school district in academic distress under Sections 11.01 or 11.02 of these Rules, the State Board may pursue the following process for returning a public school district to the local control of its residents:
 - 11.03.1 During the second school year following a public school's or school district's classification of academic distress status, the State Board shall determine the extent of the public school or school district's progress toward correcting all criteria for being classified as in academic distress;
 - 11.03.2 If the State Board determines that sufficient progress has been made by a public school or school district in academic distress toward correcting all issues that caused the classification of academic distress, but the public school or school district has not yet resolved all issues that caused the classification of academic distress, the Commissioner, with the approval of the State Board, may appoint a community advisory board of either five (5) or seven (7) members to serve under the supervision and direction of the Commissioner.
 - 11.03.2.1 The members of the community advisory board shall be residents of the school district and shall serve on a voluntary basis without compensation.

11.03.2.2 The Department shall cause to be provided to the community advisory board technical assistance and training in, at a minimum, the areas required in Ark. Code Ann. § 6-13-629.

11.03.2.3 The duties of a community advisory board include without limitation:

11.03.2.3.1 Meeting monthly during a regularly scheduled public meeting with the state-appointed administrator regarding the progress of the public school or school district toward correcting all issues that caused the classification of academic distress;

11.03.2.3.2 Seeking community input from the residents of the school district regarding the progress of the public school or school district toward correcting all issues that caused the classification of academic distress;

11.03.2.3.3 Conducting hearings and making recommendations to the Commissioner regarding personnel and student discipline matters under the appropriate district policies;

11.03.2.3.4 Working to build community capacity for the continued support of the school district; and

11.03.2.3.5 Submitting quarterly reports to the Commissioner and the State Board regarding the progress of the public school or school district toward correcting all issues that caused the classification of academic distress.

11.03.2.3.6 The members of the community advisory board shall serve at the pleasure of the Commissioner until the school district is returned to local control and a permanent board of directors is elected and qualified; or the State Board annexes, consolidates, or reconstitutes the school district under Ark. Code Ann. § 6-15-430 or under another provision of law;

- 11.03.2.4 By April 1 of each year following the appointment of a community advisory board under 11.03.2 of these Rules, the State Board shall determine the extent of the public school or school district's progress toward correcting all issues that caused the classification of academic distress and shall:
- 11.03.2.4.1 Allow the community advisory board to remain in place for one (1) additional year;
 - 11.03.2.4.2 Return the school district to local control by calling for the election of a newly elected board of directors if the Department certifies in writing to the State Board and to the school district that the public school or school district has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress; and the State Board determines the public school or school district has corrected all issues that caused the classification of academic distress and that no public school within the school district is classified as being in academic distress; or
 - 11.03.2.4.3 Annex, consolidate, or reconstitute the school district pursuant to Title 6 of the Arkansas Code.
- 11.03.2.5 If the State Board calls for an election of a new school district board of directors, the school district shall reimburse the county board of election commissioners for election costs as otherwise required by law.
- 11.03.2.6 If the State Board calls for an election of a new school district board of directors, the Commissioner, with the approval of the State Board, may appoint an interim board of directors to govern the school district until a permanent school district board of directors is elected and qualified.

- 11.03.2.6.1 The interim board of directors shall consist of either five (5) or seven (7) members.
 - 11.03.2.6.2 The members of the interim board of directors shall be residents of the school and otherwise eligible to serve as school district board members under applicable law.
 - 11.03.2.6.3 The members of the interim board of directors shall serve on a voluntary basis without compensation.
- 11.04 If, by the end of the fifth school year following the public school or public school district's classification of academic distress status, the public school or school district in academic distress has not corrected all issues that caused the classification of academic distress, the State Board, after a public hearing, shall consolidate, annex, or reconstitute the school district pursuant to Ark. Code Ann. § 6-15-430.
- 11.04.1 The State Board may grant additional time for a public school or school district to remove itself from academic distress by issuing a written finding supported by a majority of the State Board explaining in detail that the public school or school district could not remove itself from academic distress during the relevant time period due to impossibility caused by external forces beyond the control of the public school or school district.
- 11.05 Nothing in these Rules shall be construed to prevent the Department or the State Board from taking any of the actions listed in these Rules or in Ark. Code Ann. § 6-15-430 at any time to address public schools and school districts in academic distress.
- 11.06 To transition to and implement the Common Core State Standards, the Board shall have the authority to:
- 11.06.1 Modify curriculum and assessment requirements;
 - 11.06.2 Adopt new curriculum and assessment requirements; and
 - 11.06.3 Direct the Department of Education to:
 - 11.06.3.1 Propose to the state board rules and procedures; and
 - 11.06.3.2 Develop the professional development needed to train educators on the transition and implementation.

12.0 School Choice and Academic Distress

12.01 Any student attending a public school or public school district classified as being in academic distress ~~shall~~ is automatically be eligible and entitled under the Public School Choice Act of 2013, Ark. Code Ann. § 6-18-1901 et seq., or the Arkansas Opportunity Public School Choice Act of 2004, Ark. Code Ann. § 6-18-227, to transfer to another public school or public school district not in academic distress during the time period that the resident public school or public school district is classified as being in academic distress.

12.02 The cost of transporting the student from the resident district to the nonresident district shall be the cost of the resident district under the Arkansas Opportunity Public School Choice Act of 2004, Ark. Code Ann. § 6-18-227.

13.00 Elementary and Secondary Education Act (ESEA) Flexibility Provisions

On June 29, 2012, the United States Department of Education (US Ed) approved the Arkansas Department of Education's (ADE) request for flexibility from certain provisions of the ESEA. The approved ESEA flexibility request can be found at:

http://www.arkansased.org/public/userfiles/ESEA/AR_ESEA_Flexibility_Amended_10252012.pdf

The ADE's ESEA flexibility request, as it existed on July 9, 2012, is hereby incorporated into these Rules by reference. Key components of the ESEA flexibility requirements are noted below.

13.01 The US Ed approved the following waivers of ESEA for the State of Arkansas:

13.01.1 The requirements in ESEA section 1111(b)(2)(E)-(H) that prescribe how an SEA must establish annual measurable objectives (AMOs) for determining adequate yearly progress (AYP) to ensure that all students meet or exceed the State's proficient level of academic achievement on the State's assessments in reading/language arts and mathematics no later than the end of the 2013–2014 school year. Arkansas requested this waiver to develop new ambitious but achievable AMOs in reading/language arts and mathematics in order to provide meaningful goals that are used to guide support and improvement efforts for the State, LEAs, schools, and student subgroups.

13.01.2 The requirements in ESEA section 1116(b) for an LEA to identify for improvement, corrective action, or restructuring, as appropriate, a Title I school that fails, for two consecutive years or more, to make AYP, and for a school so identified and its LEA to take certain improvement actions. Arkansas requested this waiver so that an LEA and its Title I schools need not comply with these requirements.

- 13.01.3 The requirements in ESEA section 1116(c) for an SEA to identify for improvement or corrective action, as appropriate, an LEA that, for two consecutive years or more, fails to make AYP, and for an LEA so identified and its SEA to take certain improvement actions. Arkansas requested this waiver so that it need not comply with these requirements with respect to its LEAs.
- 13.01.4 The requirements in ESEA sections 6213(b) and 6224(e) that limit participation in, and use of funds under the Small, Rural School Achievement (SRSA) and Rural and Low-Income School (RLIS) programs based on whether an LEA has made AYP and is complying with the requirements in ESEA section 1116. Arkansas requested this waiver so that an LEA that receives SRSA or RLIS funds may use those funds for any authorized purpose regardless of whether the LEA makes AYP.
- 13.01.5 The requirement in ESEA section 1114(a)(1) that a school have a poverty percentage of 40 percent or more in order to operate a schoolwide program. Arkansas requested this waiver so that an LEA may implement interventions consistent with the turnaround principles or interventions that are based on the needs of the students in the school and designed to enhance the entire educational program in a school in any of its priority and focus schools that meet the definitions of "priority schools" and "focus schools," respectively, set forth in the document titled *ESEA Flexibility*, as appropriate, even if those schools do not have a poverty percentage of 40 percent or more.
- 13.01.6 The requirement in ESEA section 1003(a) for an SEA to distribute funds reserved under that section only to LEAs with schools identified for improvement, corrective action, or restructuring. Arkansas requested this waiver so that it may allocate section 1003(a) funds to its LEAs in order to serve any of the State's priority and focus schools that meet the definitions of "priority schools" and "focus schools," respectively, set forth in the document titled *ESEA Flexibility*.
- 13.01.7 The provision in ESEA section 1117(c)(2)(A) that authorizes an SEA to reserve Title I, Part A funds to reward a Title I school that (1) significantly closed the achievement gap between subgroups in the school; or (2) has exceeded AYP for two or more consecutive years. Arkansas requested this waiver so that it may use funds reserved under ESEA section 1117(c)(2)(A) for any of the State's reward schools that meet the definition of "reward schools" set forth in the document titled *ESEA Flexibility*.
- 13.01.8 The requirements in ESEA section 2141(a), (b), and (c) for an LEA and SEA to comply with certain requirements for improvement plans regarding highly qualified teachers. Arkansas requested this waiver to allow the SEA and its LEAs to focus on

developing and implementing more meaningful evaluation and support systems.

13.01.9 The limitations in ESEA section 6123 that limit the amount of funds an SEA or LEA may transfer from certain ESEA programs to other ESEA programs. Arkansas requested this waiver so that it and its LEAs may transfer up to 100 percent of the funds it receives under the authorized programs among those programs and into Title I, Part A.

13.01.10 The requirements in ESEA section 1003(g)(4) and the definition of a Tier I school in Section I.A.3 of the School Improvement Grants (SIG) final requirements. Arkansas requested this waiver so that it may award SIG funds to an LEA to implement one of the four SIG models in any of the State's priority schools that meet the definition of "priority schools" set forth in the document titled *ESEA Flexibility*.

13.02 US Ed Flexibility Principle 1: College and Career-Ready Expectations for All Students

13.02.1 Definition of College and Career Ready: The acquisition of the knowledge and skills a student needs to be successful in all future endeavors including credit-bearing, first-year courses at a postsecondary institution (such as a two- or four-year college, trade school, or technical school) or to embark successfully on a chosen career. The State Board will make its determination of the requisite scale score of student performance on college and career readiness measurements used for college placement in conjunction with the Arkansas Higher Education Coordinating Board.

13.02.1 The State Board voted to participate in the Common Core State Standards for English Language Arts (ELA) and Mathematics in July 2010.

13.02.2 The following timeline will lead to full implementation of the Common Core State Standards during the 2013-2014 school year:

13.02.2.1 Grades K-2 implemented the Common Core State Standards during the 2011-2012 school year.

13.02.2.2 Grades 3-8 will implement the Common Core State Standards during the 2012-2013 school year.

13.02.2.3 Grades 9-12 will implement the Common Core State Standards during the 2013-2014 school year.

13.03 US Ed Flexibility Principle 2: State-Developed Differentiated Recognition, Accountability and Support

- 13.03.1 The requirements contained within Section 13.03 of these rules shall comprise the Arkansas Differentiated Accountability, Recognition and Tiered-Support System (DARTSS).
- 13.03.2 The goals of DARTSS are, without limitation:
 - 13.03.2.1 To move toward a unified federal and state accountability system beginning in 2012-2013; and
 - 13.03.2.2 To establish the flexibility and opportunity to direct additional resources to schools with the lowest achieving students.
- 13.03.3 DARTSS differs from the current ESEA accountability system in the following ways:
 - 13.03.3.1 The ESEA goal of 100 percent (100%) proficient by 2013-2014 is hereby replaced with a new goal of reducing proficiency gaps by half by the 2016-2017 school year.
 - 13.03.3.2 Traditional ESEA accountability status labels are replaced by accountability and assistance levels for all schools.
 - 13.03.3.3 Adequate Yearly Progress (AYP) is replaced with accountability levels based upon Annual Measurable Objectives (AMOs) for public schools and school districts.
 - 13.03.3.4 Performance (proficiency), growth and graduation rate indicators will now use a minimum N, or sample size, of 25 students for accountability purposes.
 - 13.03.3.5 DARTSS will place enhanced focus on subgroups through the Targeted Achievement Gap Group (TAGG).
 - 13.03.3.6 Federal SES and school choice requirements are replaced by supports and interventions responsive to identified needs of students and schools.

13.04 The following groups of students will be included in DARTSS for the purposes of determining accountability status for school districts and schools:

- 13.04.1 All Students Group: All students in the school and school district.

13.04.2 Targeted Achievement Gap Group (TAGG), which includes the following students:

13.04.2.1 Economically Disadvantaged;

13.04.2.2 English Learners (EL); and

13.04.2.3 Students with Disabilities (SWD).

13.05 The following groups of students will be included in DARTSS for the purposes of ACSIP and ESEA reporting:

13.05.1 African-American;

13.05.2 Hispanic;

13.05.3 White;

13.05.4 Economically Disadvantaged;

13.05.5 English Learners; and

13.05.6 Students with Disabilities.

13.06 Each group of students shall be measured according to the following Annual Measurable Objectives (AMOs):

13.06.1 Math Proficiency;

13.06.2 Math Growth (Grades 4-8);

13.06.3 Literacy Proficiency;

13.06.4 Literacy Growth (Grades 4-8); and

13.06.5 Graduation Rate (High School).

13.07 AMO Calculations

13.07.1 The ADE shall give schools and school districts full credit for meeting a particular AMO when the growth, performance or graduation rate meets or exceeds ninety-four percent (94%).

13.07.2 The ADE shall initially calculate performance (proficiency) and growth AMOs based upon 2011 test results.

13.07.3 The ADE shall use a lagging graduation rate in its annual accountability determination.

13.07.3.1 The ADE shall calculate graduation rate AMOs using 2010 four-year cohort graduation rates in accordance with its flexibility proposal.

13.07.4 AMO calculations will be based upon a minimum N of 25. For schools with too few students to calculate the AMO in 2011, the AMO calculations shall be based on a two (2)-year weighted average.

13.07.5 In order to be eligible to be classified as Achieving or Exemplary, schools and school districts must test ninety-five percent (95%) of students in the All Students and TAGG groups.

13.08 DARTSS Accountability Labels

13.08.1 School districts shall be broadly classified as either:

13.08.1.1 Achieving; or

13.08.1.2 Needs Improvement.

13.08.1.3 School districts will be broadly classified based upon criteria similar to that used for the classification of individual schools. To be classified as "Achieving," a school district must meet performance or growth AMOs for math and literacy for All Students and the TAGG, as well as graduation rate AMOs for All Students and the TAGG.

13.08.2 ADE engagement and school district autonomy shall be determined by the extent of the needs identified within the district. The extent of needs will be identified based upon the presence of identified Needs Improvement Focus and Needs Improvement Priority schools in the district, the number and type of AMOs not met for performance, growth, and graduation rate, and the number of district AMOs not met for performance, growth and graduation rate.

13.08.3 Individual schools within school districts shall be classified as one of the following:

13.08.3.1 Exemplary;

13.08.3.2 Achieving;

13.08.3.3 Needs Improvement;

13.08.3.4 Needs Improvement (Focus); or

13.08.3.5 Needs Improvement (Priority).

13.08.3.5.1 Within a time period determined by the ADE, a school classified as a Needs Improvement (Priority) school must develop and file with the ADE a Priority Improvement Plan (PIP) that is integrated into the school's ACSIP plan.

13.08.3.5.2 A school district with a Needs Improvement (Priority) school that has not made the progress required under the school's Priority Improvement Plan (PIP) may be identified by the ADE as a school district in academic distress.

13.08.4 The following table lists the ADE engagement and district autonomy associated with school accountability status:

Status	Description	ADE Engagement/District Autonomy
Exemplary	<ul style="list-style-type: none"> • High Performance • High Progress • High TAGG high performance • High TAGG high progress 	<ul style="list-style-type: none"> • Very low ADE engagement • Very high district autonomy
Achieving	<ul style="list-style-type: none"> • Three-year ACSIP – Meet all performance, graduate rate and growth AMOs for All Students Group and TAGG • One-year ACSIP – Meet all performance and graduation rate AMOs for All Students Group and TAGG, but miss growth AMOs for All Students Group or TAGG 	<ul style="list-style-type: none"> • Very low ADE engagement • High district autonomy
Needs Improvement	<ul style="list-style-type: none"> • Does not meet performance, graduation rate or growth AMOs for All Students and TAGG 	<ul style="list-style-type: none"> • Low to moderate ADE engagement • Moderate district autonomy

Needs Improvement – Focus	<ul style="list-style-type: none"> Schools with largest, persistent gaps between non-TAGG and TAGG students Graduation rates less than sixty percent (60%) over a period of several years and which are not classified as Needs Improvement – Priority schools. 	<ul style="list-style-type: none"> High ADE engagement Low district autonomy
Needs Improvement – Priority	<ul style="list-style-type: none"> Schools with persistently lowest achievement in math and literacy over three years for the All Students Group Graduation rates less than sixty percent (60%) over a period of several years. 	<ul style="list-style-type: none"> Very high ADE engagement Low district autonomy

13.09 Strategic Use of Title I Funds

- 13.09.1 School districts may use the flexibility granted by the US Ed to help lowest performing schools make targets by:
- 13.09.1.1 Serving the lowest performing schools with Title I and/or NSLA funding using the most appropriate methods aligned to identified student and adult learning needs;
 - 13.09.1.2 Designating any Needs Improvement (Focus) or Needs Improvement (Priority) school as a Title I schoolwide program school, even if the school does not have a poverty percentage of forty percent (40%) or more; and
 - 13.09.1.3 Transferring up to one hundred percent (100%) of the school district's Title II-A funds into Title I and using them for Title I purposes.

13.09.2 School districts have the following continuing obligations for the use of Title I-A Funds:

- 13.09.2.1 Prioritize the school district's lowest achieving students in its lowest performing schools;
- 13.09.2.2 Allocate Title I-A funds equal to the scope of the problem; and
- 13.09.2.3 Demonstrate alignment of federal and NSLA allocations sufficient to support implementation of interventions.

13.10 Process for Notification and Review

- 13.10.1 Prior to the first possible day of school, as defined by Ark. Code Ann. § 6-10-106, the Arkansas Department of Education shall notify the school board president and superintendent of each public school district of the following in writing, via certified mail, return receipt requested:
 - 13.10.1.1 The school district's preliminary classification under Section 13.08.1 of these rules; and
 - 13.10.1.2 The preliminary classification of each individual school within a school district under Section 13.08.3 of these rules.
- 13.10.2 Contemporaneous with the notice required by Section 13.10.1 of these rules, the Arkansas Department of Education shall make available to the school board president and superintendent the data upon which the preliminary classifications of school districts and individual public schools were based.
- 13.10.3 School districts shall have thirty (30) days from receipt of the notification required by Section 13.10.1 of these rules to review the data upon which the preliminary classifications of school districts and individual public schools were based, to submit to the Arkansas Department of Education any requests for corrections to the data, and to submit any other reason(s) for which the preliminary classifications should be modified. School districts may request revisions to the preliminary classifications for school districts and individual public schools during the same thirty (30) day period.
- 13.10.4 Prior to January 1 of each school year, the Arkansas Department of Education shall review the information submitted by school districts pursuant to Section 13.10.3 of these rules and publish a final classification for each school district and individual public school.

13.11 US Ed Flexibility Principle 3: Supporting Effective Instruction and Leadership

Arkansas's requirements for supporting effective instruction and leadership may be found in the Teacher Excellence and Support System (Ark. Code Ann. § 6-17-2801 et seq.) and the Arkansas Department of Education Rules Governing the Teacher Excellence and Support System.

DISTRICT WAIVER REQUEST FORM

District Name: Greenbrier School District

Superintendent: Scott Spainhour

Email Address: spainhours@greenbrierschools.org

Phone Number: 501-679-4808 **Submission Date:** 6/29/2016

Name of Charter School(s) Attended by District Students

Arkansas Virtual Academy

Waiver Topic: Waivers from Title 6 of the Arkansas Code Annotated (Education Code)
Licensure flexibility

Statute/Standard/Rule to be Waived

Arkansas Code Annotated

- 6-15-1004 Qualified teachers in every public school classroom
- 6-17-309 Certification to teach grade or subject matter-exceptions-waivers
- 6-17-401 Teacher licensure requirement
- 6-17-902 Definition (definition of a teacher as licensed)
- 6-17-919 Warrants void without valid certification and contract (the ability to pay a teacher's salary only upon filing of a teacher's certificate with the county clerk's office, if the requirement of a teacher's certificate is waived for such teacher?)

Standards for Accreditation

- 15.03 Licensure and Renewal

ADE Rules

- ADE Rules Governing Educator Licensure

Rationale for Waiver

Brief explanation for Requesting each waiver (to enable the State Board of Education to make an informed decision).

--The district elementary grade configurations for all four elementary buildings are Kindergarten through Fifth Grade (K-5). The district would have a greater pool of qualified applicants to fill these 5th grade positions located within our elementary buildings if highly qualified licensed teachers who hold a K-4 License could be considered. In addition, the district is requesting the flexibility to hire a qualified secondary General Science, Biology, Life-Earth Science or Chemistry teacher to be approved to teach 9th grade Physical Science and secondary educators who hold a Physical Education certification to include teaching secondary Health/Wellness. These above waivers are requested for a five year period, through 2021-2022 school year.

Waiver Topic: Waivers from Title 6 of the AR Code Annotated (Education code) Library Media Services

Statute/Standard/Rule to be Waived

Arkansas Code Annotated

- 6-25-103 (b)(1) Pertaining to time for administrative tasks

Rationale for Waiver

The district requests to enhance the technology responsibilities of our K-12 media specialists. Currently, media specialists are required to have 1/3 of their day be allocated for administrative/clerical tasks. Since the automation of our library systems, many of these tasks are antiquated and no longer necessary. At Greenbrier, this 1/3 of the day translates to 2 hours per day based on a 6 hour instructional day for clerical duties. This does not include the 50 minutes per day allotted for Preparation (Prep period) time nor does this include the 30 minutes per day of uninterrupted lunch. The District requests a waiver to use the "administrative task time" for digital and media literacy to support new technology integration, assessments, technology curriculum and implementation, i.e. Input Technologies, digital research skills and dedicated library time before and after school to provide literacy interventions for struggling students. The above waivers are requested for a five year period, through the 2021-2022 school year.

Waiver Topic: Flexible School Day

Statute/Standard/Rule to be Waived

Arkansas Code Annotated

- 6-16-102 School Day hours
- 6-18-210 Definition of planned instructional time

Standards for Accreditation

- 10.01.4 Planned instructional time

ADE Rules

- ADE Rules Governing Mandatory Attendance Requirements for Students in Grades Nine through Twelve

Rationale for Waiver

The district seeks the opportunity to create more personalized learning.
--Through partnerships with postsecondary institutions, the district offers concurrent credit toward an AA Degree and workforce certifications. A student's ability to complete required coursework in less than six hours a day could give the option for the student to enroll in postsecondary training (college or technical classes), participate in community projects (for college admissions or scholarship purposes), participate in job shadowing, complete an internship, or attain paid employment. Workforce data indicates job shortage areas in medicine, technology and education. Faulkner County is building a new hospital. This new facility will provide numerous employment opportunities for prepared students. Students would value the opportunity to gain real-world experiences in the career paths in which they are interested through an internship. Students will have more opportunities to obtain career and technical certifications during the school day which would increase their employability. An internship would allow them the flexibility to pursue career interests, work to earn money, participate in student organizations, and complete their studies simultaneously. The district seeks all of the requested waivers in order to provide these personalized learning opportunities for its students.

When the form is complete, email it with the waiver lists for the charter school(s) that serve district students to Mary Perry at mary.perry@arkansas.gov. Waiver lists can be accessed from the Arkansas Department of Education website at <http://www.arkansased.gov/divisions/learning-services/charterschools/open-enrollment-charter-school-waivers>.

Questions should be directed to Mary Perry by email at mary.perry@arkansas.gov or by phone at (501) 683-4800.

Waivers from Other Rules:

ADE Rules Governing Uniform Grading Scales for Public Secondary Schools and for Optional Use in Public Elementary Schools

ADE Rules Governing Mandatory Attendance Requirements for Students in Grades Nine through Twelve

ADE Rules Governing the Superintendent Mentoring Program

ADE Rules Governing Educator Licensure

Section 4 of the ADE Rules Governing the Distribution of Student Special Needs Funding and the Determination of Allowable Expenditures of those Funds (Pertaining to alternative learning environments)

ADE Rules Governing Public School Student Services

ADE Rules for Gifted and Talented Program Approval Standards

ADE Rules Governing Nutrition and Physical Activity Standards and Body Mass Index for Age Assessment Protocols in Arkansas Public Schools

Section 1-7 of ADE Rules Governing School District Requirements for Personnel Policies, Salary Schedules, Minimum Salaries, and Documents Posted to District Websites (not a waiver of website posting requirements)

Alternative Learning

Certified staff salary scale

Defibrillator devices

Discipline and school safety policies

Distance learning

Expenditure requirements

Junior Fire Marshal Program

Purchasing of instructional materials

Regardless of any waivers granted, every charter school must always abide by the following requirements:

- All standardized assessments required by the state must be administered solely by licensed required by ADE Rules Governing the Arkansas Comprehensive Testing Assessment and Accountability personnel, as Program, Sections 5.02.4 and 5.03.2. Violations of ADE assessment procedures are subject to sanctions by the State Board, including without limitation sanctions pursuant to Ark. Code Ann. §§ 6-15-438 and 6.23.105.
- All teachers and school personnel, whether licensed or unlicensed, must submit to the criminal background and central registry checks required by law.
- Any teacher, whether licensed or unlicensed, who teaches a core academic subject area must meet the requirements of the ADE Rules Governing Highly Qualified Teachers Pursuant to the NO CHILD LEFT BEHIND ACT of 2001. Core academic subject are defined by federal law to include English Language Arts, Reading, Mathematics, Science, Foreign Languages, Social Studies, Music, and Art.

RE: Notice of State Board of Education Decision – April 14, 2016

Dear Superintendent Spainhour:

On April 14, 2016, the State Board of Education approved waivers of the following for the Greenbrier School District:

- Ark. Code Ann. § 6-16-102, School day;
- Ark. Code Ann. § 6-18-210(2), Definition of planned instructional time;
- Section 3.04 of the Arkansas Department of Education Rules Governing Mandatory Attendance Requirements for Students in Grades Nine through Twelve; and
- Section 10.01.4 of Arkansas Department of Education Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts,

As requested on the submitted waiver request form, these waivers are approved for a five-year period beginning July 1, 2016, and are approved for alternative education students only, as specified at the State Board of Education hearing.

Please let me know if you have any questions. I can be reached by phone at (501) 683-4800 or by email at mary.perry@arkansas.gov.

Sincerely,

Mary Perry, Coordinator

DISTRICT WAIVER REQUEST FORM

District Name: Hamburg School District

Superintendent: Max Dyson

Email Address: mdyson@hsdlions.org

Phone Number: (870) 853-9851 **Submission Date:** 03/08/2016

Name of Charter School(s) Attended by District Students

Portland Elementary School

Waiver Topic: Kindergarten Class Size

Statute/Standard/Rule to be Waived

Arkansas Code Annotated

•

Standards for Accreditation

• 10.02.2

Rationale for Waiver

Portland Elementary currently has 24 students registered for kindergarten for the 2016-2017 school year. Due to the teacher shortage that Southeast Arkansas is currently experiencing, we do not feel like it is educational or financial feasible to hire an additional teacher to teach kindergarten. In addition, we do not have a qualified applicant to fill the position. Our teacher is willing to have 25 students with a highly qualified/trained paraprofessional in her room full time to assist with instruction, supervision, and all responsibilities. During reading and language time, students are divided into small groups where instruction is more individualized. During this time, there could possibly be an additional paraprofessional in the room to help provide interventions, instruction, etc.

The waiver is to grant Hamburg School District permission to have 21-25 students in a kindergarten classroom with a highly qualified/trained paraprofessional for a period of three years, culminating June 30, 2019.

When the form is complete, email it with the waiver lists for the charter school(s) that serve district students to Mary Perry at mary.perry@arkansas.gov. Waiver lists can be accessed from the Arkansas Department of Education website at <http://www.arkansased.gov/divisions/learning-services/charterschools/open-enrollment-charter-school-waivers>.

Questions should be directed to Mary Perry by email at mary.perry@arkansas.gov or by phone at (501) 683-4800.

RE: State Board of Education Decision – July 15, 2016

Dear Superintendent Dyson:

On July 15, 2016, the State Board of Education approved waivers of the following for the Hamburg School District:

Pertaining to teacher licensure –

- Ark. Code Ann. § 6-15-1004, Qualified teachers in every public classroom
- Ark. Code Ann. § 6-17-309, Certification to teach grade or subject matter
- Ark. Code Ann. § 6-17-401, Teacher licensure requirement
- Ark. Code Ann. § 6-17-902, Definition (definition of a teacher as licensed)
- Ark. Code Ann. § 6-17-908, Teachers' salary fund
- Ark. Code Ann. § 6-17-919, Warrants void without valid certification
- Ark. Code Ann. § 6-25-103, Library media services program
- Ark. Code Ann. § 6-25-104, Library media specialist
- Sections 15.03 and 16.02 of the Arkansas Department of Education Rules Governing Standards for Accreditation of Arkansas Public Schools and School Districts
- Arkansas Department of Education Rules Governing Educator Licensure

The district must comply with the Arkansas Department of Education Rules Governing Arkansas Qualified Teacher Requirements and special education licensure requirements and must provide teachers appropriate ethics training as supported by the Arkansas Department of Education Professional Licensure Standards Board staff.

The waivers are effective for a one-year period.

Please let me know if you have any questions. I can be reached by phone at (501) 683-5266 or by email at mary.perry@arkansas.gov.

Sincerely,

Mary Perry, Coordinator
Division of Learning Services

Arkansas Computer Science Standards for Grades 9-12

Computer Science Courses Levels 1 - 4

2016

Arkansas Computer Science Standards for Grades 9-12

Introduction

The Arkansas Computer Science Standards for High School are designed to provide foundational understandings of concepts in computer science that are necessary for students to function in an ever-changing technological world. Through these standards, students will explore, apply, and move toward mastery in skills and concepts related to Computational Thinking and Problem Solving; Data and Information; Algorithms and Programs; Computers and Communications; and Community, Global, and Ethical Impacts. These standards help students learn to accomplish tasks and solve problems independently and collaboratively. These standards give students the tools and skills needed to be successful in college and careers, whether in computer science or in other fields.

Each semester course (level) may be taught with one of three emphases: programming/coding, networking/hardware, or information security. The choice of which emphasis to utilize is a local decision. When teaching the standards with an emphasis in a particular focus, the quantity and content of the standards do not change; the content delivery methods and student project areas shall reflect the chosen emphasis.

The Arkansas State Board of Education (SBE) does not place any pre-requisites on the Arkansas Computer Science High School Courses, but allows for schools to place students in any of the courses based on ability and desire. The Arkansas Department of Education (ADE) recommends that districts develop and formally adopt a written policy outlining placement protocols. Evaluation tools and placement criteria will be the responsibility of the local districts. Though there are no specific course prerequisites, students enrolling in Advanced Programming, Advanced Networking, or Advanced Information Security should understand and be able to apply the content/concepts found within the Arkansas Computer Science Courses Levels 1 - 4.

The SBE and ADE authorize schools to enroll students across levels and emphases in the same sections of the master schedule (a.k.a. stacking) as long as the number of students do not exceed Standards of Accreditation maximums and/or ratios, and the school can reasonably assure a high-quality educational experience for all students within that section.

Implementation of the Arkansas Computer Science Standards for Grades 9-12 begins during the 2017-2018 school year.

Course Titles: Computer Science Levels 1 - 4
Course/Unit Credit: 0.5 Credits per course/level

	Computer Science Level 1	Computer Science Level 2	Computer Science Level 3	Computer Science Level 4
Computer Science with Programming/Coding Emphasis	465010	465020	465030	465040
Mobile Application Development	465310	465320	465330	465340
Networking/Hardware Emphasis	465110	465120	465130	465140
Robotics	465510	465520	N/A	N/A
Information Security Emphasis	465210	465220	465230	465240

Teacher Licensure:

Grades:

Prerequisites:

Please refer to the Course Code Management System (<https://adedata.arkansas.gov/ccms/>) for the most current licensure codes.
9-12

There are no ADE established course prerequisites for any of the Computer Science levels; it is up to the local district to determine placement based on student ability.

SBE Draft August 2016

Computer Science Practices

Students will exhibit proficiency in computer science through:

Perseverance - Students expect and persist in overcoming the challenges that occur when completing tasks. They recognize that making and correcting mistakes will take place during the learning process and problem solving.

Collaboration - Students effectively work and communicate with others ensuring multiple voices are heard and considered. They understand that diverse thoughts may lead to creative solutions and that some problems may be best solved collaboratively.

Patterns - Students understand and utilize the logical structure of information through identifying patterns and creating conceptual models. They decompose complex problems into simpler modules and patterns.

Tools - Students evaluate and select tools to be used when completing tasks and solving problems. They understand that appropriate tools may include, but are not limited to, their mind, pencil and paper, manipulatives, software application programs, programming languages, or appropriate computing devices.

Communication - Students effectively communicate, using accurate and appropriate terminology, when explaining the task completion or problem solving strategies that were used. They recognize that good documentation is an ongoing part of the process, and when appropriate, provide accurate documentation of their work in a manner that is understandable to others.

Ethics and Impact - Students comprehend the ramifications of actions prior to taking them. They are aware of their own digital and cyber presence and its impact on other individuals and society.

Problem Solving - Students exhibit proficiency in Computer Science through identifying and systematically solving problems (e.g., engineering design process). They recognize problem solving as an ongoing process.

Arkansas Computer Science Standards for High School

Strand	Content Cluster
Computational Thinking and Problem Solving	
	1. Students will analyze problem-solving strategies.
	2. Students will analyze connections between elements of mathematics and computer science.
Data and Information	
	3. Students will store and manipulate data through the use of computing devices.
	4. Students will analyze and interpret data through the use of computing devices.
Algorithms and Programs	
	5. Students will create, evaluate, and modify algorithms.
	6. Students will create programs to solve problems.
Computers and Communications	
	7. Students will analyze the utilization of computers.
	8. Students will analyze resilient, reliable, and adaptable communication methods and systems used to transmit information among computing devices.
	9. Students will utilize appropriate hardware and software.
Community, Global, and Ethical Impacts	
	10. Students will analyze appropriate uses of technology and its social and global impacts.

Notes for the Computer Science Standards for High School document:

1. The examples given (e.g.,) are suggestions to guide the instructor.
2. The Practices are intended to be habits of mind for all students and were written broadly in order to apply to all grades. The Practices are not content standards and are not intended to be formally assessed but may be assessed formatively.
3. This Arkansas Department of Education curriculum standards document is intended to assist in district curriculum development, unit design, and to provide a uniform, comprehensive guide for instruction.
4. Notes found within the document are not approved by the Arkansas State Board of Education, but are provided for clarification of the standards by the Arkansas Department of Education and/or the standards drafting committee. The notes are subject to change as understandings of the standards evolve.

SBE Draft August 2016

Strand: Computational Thinking and Problem Solving
 Content Cluster 1: Students will analyze problem-solving strategies.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS			
Level 1	Level 2	Level 3	Level 4
CSL1.1.1 Leverage problem-solving strategies to solve problems of level-appropriate complexity	CSL2.1.1 Leverage problem-solving strategies to solve problems of level-appropriate complexity	CSL3.1.1 Leverage problem-solving strategies to solve problems of level-appropriate complexity	CSL4.1.1 Leverage problem-solving strategies to solve problems of level-appropriate complexity
NOTE: Some problem-solving strategies may include but are not limited to recursion, iteration, Agile method, 6-step engineering design process, and waterfall.			
CSL1.1.2 Compare and contrast multiple representations of problem-solving logic	CSL2.1.2 Analyze multiple representations of problem-solving logic	CSL3.1.2 Design multiple representations of problem-solving logic used to solve a problem of appropriate complexity	CSL4.1.2 Critique multiple representations of problem-solving logic used to solve a problem of appropriate complexity
NOTE: Some representation methods may include but are not limited to documentation, backlog, sprints, decision matrix, design brief, flowchart, and pseudocode.			
CSL1.1.3 Analyze and implement collaborative methods in problem solving of level-appropriate complexity	CSL2.1.3 Analyze and implement collaborative methods in problem solving of level-appropriate complexity	CSL3.1.3 Analyze and implement collaborative methods in problem solving of level-appropriate complexity	CSL4.1.3 Analyze and implement collaborative methods in problem solving of level-appropriate complexity
NOTE: Some implementation methods may include but are not limited to paired programming, distributive (divide & conquer), and redundant parallel.			
CSL1.1.4 Recognize processes and techniques for troubleshooting of level-appropriate complexity	CSL2.1.4 Recognize processes and techniques for troubleshooting of level-appropriate complexity	CSL3.1.4 Recognize processes and techniques for troubleshooting of level-appropriate complexity	CSL4.1.4 Recognize processes and techniques for troubleshooting of level-appropriate complexity
NOTE: Some processes and techniques for troubleshooting may include but are not limited to tracing; debugging; identification/removal of malware; and error-classification including syntax, logic, runtime, and off-by-one errors.			
CSL1.1.5 Decompose a problem of level-appropriate complexity into more simple, solvable parts	CSL2.1.5 Decompose a problem of level-appropriate complexity into more simple, solvable parts	CSL3.1.5 Decompose a problem of level-appropriate complexity into more simple, solvable parts	CSL4.1.5 Decompose a problem of level-appropriate complexity into more simple, solvable parts
NOTE for CSL1.1.5 through CSL4.1.5: Solvable parts may include but are not limited to methods, functions, and subroutines with and without parameters.			

Strand: Computational Thinking and Problem Solving

Content Cluster 2: Students will analyze connections between elements of mathematics and computer science.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
CSL1.2.1 Interpret logical expressions using Boolean operators (e.g., AND, NOT, OR, XOR)	CSL2.2.1 Interpret logical expressions using short-circuit evaluation	CSL3.2.1 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.2.1 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.2.2 Classify the types of information that can be stored as variables (e.g., Booleans, characters, integers, floating points, strings)	CSL2.2.2 <i>Continuation of this standard is not specifically included or excluded</i>	CSL3.2.2 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.2.2 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.2.3 Identify mathematical concepts (e.g., random number generation, vocabulary) related to computer science	CSL2.2.3 Recognize the similarities and differences between mathematics and computer science algorithms	CSL3.2.3 Demonstrate basic encryption (e.g., block cipher, Caesar cipher)	CSL4.2.3 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.2.4 <i>This standard is not specifically required until Level 2</i>	CSL2.2.4 Discuss the concept of abstraction	CSL3.2.4 Analyze the concepts of abstraction as modeling and abstraction as encapsulation	CSL4.2.4 Use the concepts of abstraction as modeling and abstraction as encapsulation
CSL1.2.5 <i>This standard is not specifically required until Level 2</i>	CSL2.2.5 Perform simple operations with base ₁₀ , base ₂ , and base ₁₆ numbers	CSL3.2.5 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.2.5 Perform simple operations with base ₁₀ , base ₂ , base ₈ , and base ₁₆ numbers
NOTE for CSL2.2.5 and CSL4.2.5: Some operations may include but are not limited to addition, subtraction, and conversion.			
CSL1.2.6 Demonstrate operator (e.g., +, -, /, %, concatenation) precedence in expressions and statements	CSL2.2.6 Demonstrate operator (e.g., math, pow, sqrt) precedence in expressions and statements	CSL3.2.6 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.2.6 <i>Continuation of this standard is not specifically included or excluded</i>
NOTE for CSL1.2.6 through CSL4.2.6: Some examples of operator precedence and assignment may include but are not limited to inside-out, order of operations, and $x = 1$ is not the same as $1 = x$.			

Strand: Data and Information

Content Cluster 3: Students will store and manipulate data through the use of computing devices.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
CSL1.3.1 Define, store, and manipulate primitive data	CSL2.3.1 Define, store, and manipulate linear data	CSL3.3.1 Define, store, and manipulate structured data and objects	CSL4.3.1 Create a program to store and manipulate various data
NOTE for CSL1.3.1 through CSL4.3.1: Primitive data can include, but is not limited to, bool, char, double, float, int. Linear data can include, but is not limited to, arrays, lists, strings, vectors. Structured data can include, but is not limited to, arrays, classes, linked lists, multidimensional arrays, structs, user-defined classes. Objects can include, but are not limited to, constructors, data members, methods, pass-by-value/pass-by-reference parameters. Defining and storing can include, but are not limited to, modifiers such as final, private, protected, public. Manipulating data can include, but is not limited to, arranging (including stacking and queuing), casting, rearranging, sorting.			
CSL1.3.2 Compare and contrast level-appropriate numeric and non-numeric data representations	CSL2.3.2 Compare and contrast level-appropriate numeric and non-numeric data representations	CSL3.3.2 Compare and contrast level-appropriate numeric and non-numeric data representations	CSL4.3.2 Compare and contrast level-appropriate numeric and non-numeric data representations
NOTE for CSL1.3.2 through CSL4.3.2: Topics could include, but are not limited to, analog vs. digital, ASCII/Unicode, bar codes, compression, encoding, light/pixels, size of file vs. data types vs. storage needed, sound wave/sampling.			

Strand: Data and Information

Content Cluster 4: Students will analyze and interpret data through the use of computing devices.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
CSL1.4.1 <i>This standard is not specifically required until Level 2</i>	CSL2.4.1 Analyze the degree to which a computer model accurately represents an actual situation (e.g., Conway's Game of Life, population growth, predator-prey)	CSL3.4.1 Critique techniques for creating models, simulations, and generating random numbers to be used for data analysis	CSL4.4.1 Create various models and simulations as predictors for probabilistic scenarios (e.g., flip a coin, random walker, roll a die) and/or real-world scenarios (e.g., city population, predator-prey)
CSL1.4.2 Examine the ability of computing technology to create and process Big Data	CSL2.4.2 Determine an appropriate visual representation for given data	CSL3.4.2 Compare and contrast multiple visual representation tools for given data	CSL4.4.2 <i>Continuation of this standard is not specifically included or excluded</i>
NOTE for CSL1.4.2 through CSL4.4.2: Visual representation tools may include, but are not limited to, spreadsheets, Google Analytics, Python libraries, and other programming language libraries.			
CSL1.4.3 <i>This standard is not specifically required until Level 2</i>	CSL2.4.3 Implement algorithms to perform data analysis (e.g., longest string, maximum, mean, minimum, range)	CSL3.4.3 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.4.3 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Algorithms and Programs

Content Cluster 5: Students will create, evaluate, and modify algorithms.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
CSL1.5.1 Construct and evaluate simple expressions using relational and logical operators	CSL2.5.1 Construct and evaluate compound expressions using relational and logical operators	CSL3.5.1 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.5.1 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.5.2 Design and implement algorithms that use sequence and selection including nested ifs (e.g., if, if/else, if/else if, switch-case)	CSL2.5.2 Design and implement algorithms that use sequence, selection, and iteration including nested loops (e.g., for, for each, while, do while)	CSL3.5.2 Design and implement algorithms that use sequence, selection, iteration and recursion	CSL4.5.2 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.5.3 Illustrate the flow of execution of a program including branching and looping	CSL2.5.3 Illustrate the flow of execution of an increasingly complex program including branching and looping	CSL3.5.3 Critically analyze classic search and sort algorithms in different contexts, adapting as appropriate	CSL4.5.3 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.5.4 Evaluate the qualities of level-appropriate algorithms	CSL2.5.4 Evaluate the qualities of level-appropriate algorithms	CSL3.5.4 Evaluate the qualities of level-appropriate algorithms	CSL4.5.4 Evaluate the qualities of level-appropriate algorithms
NOTE for CSL1.5.4 through CSL4.5.4: Evaluation tools can include, but are not limited to, a code review and test cases. Qualities can include correctness, usability, readability, efficiency, portability, and scalability.			
CSL1.5.5 Utilize a systematic approach to detect structural and logic errors	CSL2.5.5 Utilize a systematic approach to detect structural and logic errors	CSL3.5.5 Utilize a systematic approach to detect structural and logic errors	CSL4.5.5 Utilize a systematic approach to detect structural and logic errors

Strand: Algorithms and Programs

Content Cluster 6: Students will create programs to solve problems.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
CSL1.6.1 Create programs to solve problems of level-appropriate complexity applying best practices of program design and format (e.g., descriptive names, documentation, indentation, whitespace)	CSL2.6.1 Create programs to solve problems of level-appropriate complexity applying best practices of program design and format (e.g., descriptive names, documentation, indentation, whitespace)	CSL3.6.1 Create programs to solve problems of level-appropriate complexity applying best practices of program design and format (e.g., descriptive names, documentation, indentation, whitespace)	CSL4.6.1 Create programs to solve problems of level-appropriate complexity applying best practices of program design and format (e.g., descriptive names, documentation, indentation, whitespace)
NOTE for CSL1.6.1 through CSL4.6.1: Problems of varying complexity can include, but are not limited to, encoding, encryption, finding minimum/maximum values, identifying prime numbers, searching and sorting, and solving the Towers of Hanoi.			
CSL1.6.2 Utilize functions/methods/procedures to input, output, and manipulate data with and without parameters	CSL2.6.2 Determine the scope of variables declared in functions/methods/procedures and control structures	CSL3.6.2 Determine the scope of variables and functions/methods/procedures declared in objects (e.g., public, private, encapsulation)	CSL4.6.2 Determine the scope of variables and functions/methods/procedures defined in abstract classes and interfaces (e.g., encapsulation, inheritance, polymorphism)
NOTE for CSL1.6.2 through CSL4.6.2: In conjunction with standards CSL1.3.1 through CSL4.3.1, the goal is to introduce and implement object-oriented programming.			
CSL1.6.3 Create a program that reads from standard input and writes to standard output	CSL2.6.3 Create a program that reads from a file and writes to a file	CSL3.6.3 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.6.3 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.6.4 <i>This standard is not specifically required until Level 4</i>	CSL2.6.4 <i>This standard is not specifically required until Level 4</i>	CSL3.6.4 <i>This standard is not specifically required until Level 4</i>	CSL4.6.4 Explain advantages and disadvantages of various software life cycle processes (e.g., Agile, spiral, waterfall) by participating on software project teams

Strand: Computers and Communications

Content Cluster 7: Students will analyze the utilization of computers.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
<p>CSL1.7.1 <i>This standard is not specifically required until Level 2</i></p>	<p>CSL2.7.1 Characterize how software and/or hardware is used in industry (e.g., business, government, medical, military, sports)</p>	<p>CSL3.7.1 <i>Continuation of this standard is not specifically included or excluded</i></p>	<p>CSL4.7.1 Utilize software and/or hardware to solve various industry-based problems</p>
<p>CSL1.7.2 Identify desired technical and soft skills (e.g., collaboration, communication, problem solving, teamwork) that can be enhanced by computer science</p>	<p>CSL2.7.2 Discuss technical and soft skills honed by computer science</p>	<p>CSL3.7.2 Demonstrate technical and soft skills honed by computer science</p>	<p>CSL4.7.2 Demonstrate technical and soft skills honed by computer science</p>
<p>CSL1.7.3 Discuss diverse careers that are influenced by computer science and its availability to all regardless of background</p>	<p>CSL2.7.3 Analyze a historical timeline of computers and technology</p>	<p>CSL3.7.3 Explore advancing and emerging technologies (e.g., Artificially Intelligent Agents, Robotics, Internet of Things [IoT])</p>	<p>CSL4.7.3 Explain how cutting-edge technology may affect the way business is conducted in the future (e.g., eCommerce, entrepreneurship, payment methods, business responsibilities)</p>

Strand: Computers and Communications

Content Cluster 8: Students will analyze resilient, reliable, and adaptable communication methods and systems used to transmit information among computing devices.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
CSL1.8.1 Utilize networks to perform level-appropriate tasks	CSL2.8.1 Utilize networks to perform level-appropriate tasks	CSL3.8.1 Utilize networks to perform level-appropriate tasks	CSL4.8.1 Utilize networks to perform level-appropriate tasks
CSL1.8.2 Discuss the role of internet service providers (ISP) in providing connectivity	CSL2.8.2 Discuss the hierarchical nature of networks, subnetworks, and the Internet	CSL3.8.2 Analyze how the nature of networks allow for a continual increase in the number of devices	CSL4.8.2 Research projects that utilize the power created through the networking of computers to solve level-appropriate problems
CSL1.8.3 Compare and contrast local area networks (LAN) and wide area networks (WAN)	CSL2.8.3 Identify various common topologies utilized in network implementations	CSL3.8.3 Analyze the tradeoffs of implementing various common topologies	CSL4.8.3 Analyze the tradeoffs of implementing increasingly complex topologies
CSL1.8.4 <i>This standard is not specifically required until Level 2</i>	CSL2.8.4 Identify digital and physical methods used to secure networks	CSL3.8.4 Discuss digital and physical methods used to secure networks	CSL4.8.4 Design a practical, efficient, and secure network solution (e.g., small office network)
CSL1.8.5 Identify common network protocols (e.g., DNS, HTTP/HTTPS, SMTP/POP/IMAP, Telnet/SSH)	CSL2.8.5 Compare and contrast common network protocols (e.g., DNS, HTTP/HTTPS, SMTP/POP/IMAP, Telnet/SSH)	CSL3.8.5 Analyze the Open Systems Interconnect (OSI) Model layers 1-7	CSL4.8.5 Map network operations to the OSI Model

Strand: Computers and Communications

Content Cluster 9: Students will utilize appropriate hardware and software.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
CSL1.9.1 Compare and contrast computer programming paradigms and languages (e.g., text-based, visual, high-level, low-level, object-oriented)	CSL2.9.1 Compare and contrast the tradeoffs between compiled and interpreted languages	CSL3.9.1 Discuss considerations when programming for multiple computing platforms (e.g., desktop, mobile, web)	CSL4.9.1 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.9.2 Discuss version control and Integrated Development Environments (IDE)	CSL2.9.2 Use the debugger in an IDE	CSL3.9.2 Use collaboration tools in a group software project (e.g., cloud-based software)	CSL4.9.2 Use version control systems
CSL1.9.3 Classify layers of software (e.g., applications, drivers, operating systems) within various platforms	CSL2.9.3 <i>Continuation of this standard is not specifically included or excluded</i>	CSL3.9.3 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.9.3 <i>Continuation of this standard is not specifically included or excluded</i>
CSL1.9.4 Identify hardware components (e.g., input/output devices, internal organization of a computer, storage devices) of computing technology within various platforms	CSL2.9.4 <i>Continuation of this standard is not specifically included or excluded</i>	CSL3.9.4 <i>Continuation of this standard is not specifically included or excluded</i>	CSL4.9.4 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Community, Global, and Ethical Impacts

Content Cluster 10: Students will analyze appropriate uses of technology and its social and global impacts

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS.			
Level 1	Level 2	Level 3	Level 4
<p>CSL1.10.1 Categorize the risks associated with the utilization and implementation of digital technology</p> <ul style="list-style-type: none"> • Legal • Physical • Psychological • Social <p>NOTE: Legal issues include but are not limited to access, AFTRA, copyright, FAA, FCC, hacking, intellectual property, licensure, local computer-use policy, piracy, and plagiarism.</p>	<p>CSL2.10.1 Discuss the effects associated with the use of social media (e.g., global communication, hiring, incarceration, termination)</p>	<p>CSL3.10.1 Explain conflicting issues related to creating and enforcing cyber-related laws and regulations (e.g., ethical challenges, policy vacuum, privacy vs. security, unintended consequences)</p>	<p>CSL4.10.1 Formulate solutions that address the risks associated with extensive use and implementation of digital technology</p>
<p>CSL1.10.2 Discuss issues related to personal security</p>	<p>CSL2.10.2 Identify components of a digital footprint (e.g., active and passive data) and the lasting impact</p>	<p>CSL3.10.2 Explore the inverse relationship between online privacy and personal security (e.g., convenience and accessibility, data mining, digital marketing, online wallets, theft of personal information)</p>	<p>CSL4.10.2 <i>Continuation of this standard is not specifically included or excluded</i></p>
<p>CSL1.10.3 <i>This standard is not specifically required until Level 2</i></p>	<p>CSL2.10.3 <i>Continuation of this standard is not specifically included or excluded</i></p>	<p>CSL3.10.3 Describe the beneficial and intrusive aspects of advancing and emerging technologies (e.g., Artificially Intelligent Agents, IoT, Robotics, self-aware, Skynet)</p>	<p>CSL4.10.3 Identify the ethical and moral implications encountered in managing and curating knowledge (e.g., harvesting, information overload, knowledge management reposting, sharing, summarizing)</p>

Appendix 1: Computer Science: Mobile Applications Development

This appendix contains exceptions that apply to the teaching of Mobile Applications Development under the High School Computer Science standards. Students enrolled in Computer Science Mobile Applications Development at any level, must receive instruction in all High School Computer Science Standards within the CS level to which the MAD course appends. The following exceptions apply to the standard indicated and modify the requirements of that standard only, all other standards within that level must be taught as presented above, and any additional standards specific to MAD will be listed at the end of the exceptions.

High School Computer Science Level 1: Mobile Applications Development Level 1	
CSL1.5.3	To meet this standard a visual programming environment should be used.
CSL1.6.1	To meet this standard multiple applications for Android or iOS should be developed.
CSL1.7.2	To meet this standard, skills for employment and various roles (e.g., developer, graphic designer, project manager, team leader, quality assurance) required by app development companies should be identified.
CSL1.9.2	To meet this standard an introductory discussion must include: <ul style="list-style-type: none"> • A basic visual programming environment (e.g, Scratch, Alice), • Android based visual and drag-and-drop programming environment (e.g., App Inventor), and • IOS based visual and drag-and-drop programming environment (e.g., App Lab, Game Salad).
CSL1.9.3	To meet this standard top apps/genres must be compared.
CSL1.9.4	To meet this standard Android or IOS devices and their components (e.g., sensors, input/output, interface elements) must be included.
CSL1.11.1 (addition)	Explore the Apple or Android developer website and determine steps to become a developer.
High School Computer Science Level 2: Mobile Applications Development Level 2	
CSL2.5.2	To meet this standard both drag and drop and text-based programming paradigms should be used.
CSL2.6.1	To meet this standard, applications should be development for a different platform than was used in Level 1 (e.g., iOS vs. Android) or at least two platforms if MAD Level 1 was not taken.
CSL2.9.2	To meet this standard a text-based IDE must be used (e.g., Eclipse, xCode).
High School Computer Science Level 3: Mobile Applications Development Level 3	
For all applicable CSL3 standards	In order to meet the standards of Level 3, a text-based mobile application environment should be used for either an Android or iOS platform.

High School Computer Science Level 4: Mobile Applications Development Level 4	
CSL4.1.5	To meet this standard the "is-a" and "has-a" object oriented concepts must be explored.
CSL4.3.1	To meet this standard, implement: <ul style="list-style-type: none"> • A model class for tracking user input, and • A controller and viewer for application.
CSL4.6.1	To meet this standard: <ul style="list-style-type: none"> • Identify touch events (e.g., begin, canceled, end, move), • Create touch-event applications, and • Create code to clear screen in application.
CSL4.11.1 (addition)	Find and use the appropriate APIs and documentation to create various basic mobile applications for iOS or Android devices.

Appendix 2: Computer Science: Robotics

This appendix contains exceptions that apply to the teaching of Robotics under the High School Computer Science standards. Students enrolled in Computer Science Robotics at any level, must receive instruction in all High School Computer Science Standards within the CS level to which the Robotics course appends. The following exceptions apply to the standard indicated and modify the requirements of that standard only, all other standards within that level must be taught as presented above, and any additional standards specific to Robotics will be listed at the end of the exceptions.

High School Computer Science Level 1: Robotics Level 1	
CSL1.1.1	To meet this standard, focus must be on creating the plans, drawings and algorithms that describe the product, process or system that will be implemented.
CSL1.1.4	(e.g., com port, computer interface, driver installations, hardware, micro-controller interface, system disconnect, wiring)
CSL1.7.3	To meet this standard, focus must be on careers in robotics
CSL1.9.2	To meet this standard, choose an IDE that correlates to the Robot's system language (e.g., RobotC, C++, JAVA, C#, Python)
CSL1.9.4	To meet this standard, describe and discuss microcontrollers and their varied uses (e.g., Lego brick, VEX ARM, Arduino)
High School Computer Science Level 2: Robotics Level 2	
CSL2.1.4	(e.g., com port, computer interface, driver installations, hardware, micro-controller interface, system disconnect, wiring).
CSL2.2.6	Demonstrate operator (e.g., math, pow, sqrt) precedence in expressions and statements as correlated to movement of the robot.
CSL2.3.1	Define, store, and manipulate linear data through sensor data.
CSL2.4.1	(e.g., crowd dynamic studies, look for patterns through sensory feedback).
CSL2.6.2	NOTE for CSL2.6.2: Additional sensors may be necessary to increase functionality (e.g., light, sound, temperature).
CSL2.6.3	NOTE for CSL2.6.3 Additional sensors may be necessary to keep a log file.
CSL2.7.2	Discuss technical and soft skills honed by computer science as related to robotics
CSL2.8.1	(e.g., Bluetooth, additional sensors/components may be required, Wi-Fi)
CSL2.8.4	To meet this standard, discussions must include circuit pathways and logic.
CSL2.10.1	Discuss the effects associated with the use of social media and robotic technology (e.g., drones, global communication, hiring, incarceration, privacy issues termination)

Arkansas Computer Science Standards for Grades 9-12

Advanced Programming

2016

Advanced Programming

Introduction

The Arkansas Advanced Programming Course focuses on the skills necessary to design and develop reliable programs and software. Through these standards, students will explore, apply, and advance toward mastery of data structures and algorithms, data representation, algorithm design, and program efficiency. Students will accomplish tasks and solve problems independently and collaboratively with the tools and skills needed to be successful in college and careers.

The Arkansas State Board of Education (SBE) does not place any pre-requisites on the Arkansas Computer Science High School Courses, but allows for schools to place students in any of the courses based on ability and desire. The Arkansas Department of Education (ADE) recommends that districts develop and formally adopt a written policy outlining placement protocols. Evaluation tools and placement criteria will be the responsibility of the local districts. Though there are no specific course prerequisites, students enrolling in Advanced Programming, Advanced Networking, or Advanced Information Security should understand and be able to apply the content/concepts found within the Arkansas Computer Science Courses Levels 1 - 4.

The SBE and ADE authorizes schools to enroll students across levels and emphases in the same sections of the master schedule (a.k.a. stacking) as long as the number of students do not exceed Standards of Accreditation maximums and/or ratios, and the school can reasonably assure a high-quality educational experience for all students within that section.

Implementation of the Arkansas Computer Science Standards for Grades 9-12 begins during the 2017-2018 school year.

	Advanced Programming Level 1	Advanced Programming Level 2
Advanced Programming	465050	465060
Game Design	465650	465660

Course Title: Advanced Programming Levels 1 & 2
Course/Unit Credit: 0.5 Credits per Course/level

Teacher Licensure: Please refer to the Course Code Management System (<https://adedata.arkansas.gov/ccms/>) for the most current licensure codes.
Grades: 9-12
Prerequisites: There are no ADE established course prerequisites for any of the Computer Science levels; it is up to the local district to determine placement based on student ability.

Computer Science Practices

Students will exhibit proficiency in computer science through:

Perseverance - Students expect and persist in overcoming the challenges that occur when completing tasks. They recognize that making and correcting mistakes will take place during the learning process and problem solving.

Collaboration - Students effectively work and communicate with others ensuring multiple voices are heard and considered. They understand that diverse thoughts may lead to creative solutions and that some problems may be best solved collaboratively.

Patterns - Students understand and utilize the logical structure of information through identifying patterns and creating conceptual models. They decompose complex problems into simpler modules and patterns.

Tools - Students evaluate and select tools to be used when completing tasks and solving problems. They understand that appropriate tools may include, but are not limited to, their mind, pencil and paper, manipulatives, software application programs, programming languages, or appropriate computing devices.

Communication - Students effectively communicate, using accurate and appropriate terminology, when explaining the task completion or problem solving strategies that were used. They recognize that good documentation is an ongoing part of the process, and when appropriate, provide accurate documentation of their work in a manner that is understandable to others.

Ethics and Impact - Students comprehend the ramifications of actions prior to taking them. They are aware of their own digital and cyber presence and its impact on other individuals and society.

Problem Solving - Students exhibit proficiency in Computer Science through identifying and systematically solving problems (e.g., engineering design process). They recognize problem solving as an ongoing process.

Advanced Programming

Strand	Content Cluster
Computational Thinking and Problem Solving	
	1. Students will analyze problem-solving strategies.
	2. Students will solve problems cooperatively and collaboratively.
Data and Information	
	3. Students will analyze various ways in which data is represented.
	4. Students will collect, arrange, and represent data.
	5. Students will interpret and analyze data and information.
Algorithms and Programs	
	6. Students will create, evaluate, and modify algorithms.
	7. Students will create programs to solve problems.
Computers and Communications	
	8. Students will analyze various components and functions of computers.
Community, Global, and Ethical Impacts	
	9. Students will analyze appropriate uses of technology.

Notes for the Computer Science Standards for High School document:

1. The examples given (e.g.,) are suggestions to guide the instructor.
2. The Practices are intended to be habits of mind for all students and were written broadly in order to apply to all grades. The Practices are not content standards and are not intended to be formally assessed but may be assessed formatively.
3. This Arkansas Department of Education curriculum standards document is intended to assist in district curriculum development, unit design, and to provide a uniform, comprehensive guide for instruction.
4. Notes found within the document are not approved by the Arkansas State Board of Education, but are provided for clarification of the standards by the Arkansas Department of Education and/or the standards drafting committee. The notes are subject to change as understandings of the standards evolve.

SBE Draft August 2016

Strand: Computational Thinking and Problem Solving
 Content Cluster 1: Students will analyze problem-solving strategies.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.1.1 Judge the effectiveness of several different problem-solving strategies (e.g., look for a pattern, try a simpler case, work backwards) and determine the most effective solution for a given problem	APL2.1.1 <i>Continuation of this standard is not specifically included or excluded</i>
APL1.1.2 Utilize an abstract model (e.g., computational model, computer model) to simulate a system by reproducing behavior of a system	APL2.1.2 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Computational Thinking and Problem Solving
 Content Cluster 2: Students will solve problems cooperatively and collaboratively.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.2.1 Utilize an appropriate development life cycle process (e.g., spiral, waterfall) as a member of a development team for a given project (e.g., community service project, real world) of level-appropriate complexity	APL2.2.1 Utilize an appropriate development life cycle process (e.g., spiral, waterfall) while building a development team for a given project (e.g., community service project, real world) of level-appropriate complexity
APL1.2.2 Observe global collaboration in the development of a computational artifact (e.g., review the process through which an open-source software project hosted on GitHub has improved over time)	APL2.2.2 Contribute to global collaboration in the development of a computational artifact (e.g., assist in resolving a bug in an open-source software project hosted on GitHub)

Strand: Data and Information

Content Cluster 3: Students will analyze various ways in which data is represented.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.3.1 Compare the differences in ways level-appropriate data structures (e.g., graphs, linked lists, maps, queues, sets, stacks, trees) organize data	APL2.3.1 Compare the differences in ways level-appropriate data structures (e.g., graphs, linked lists, maps, queues, sets, stacks, trees) organize data
APL1.3.2 <i>This standard is not specifically required until Level 2</i>	APL2.3.2 Compare media formats (e.g., graphics, sounds) for traits such as lossiness and compression performance

Strand: Data and Information

Content Cluster 4: Students will collect, arrange, and represent data.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.4.1 Select and use data structures (e.g., graphs, linked lists, maps, queues, sets, stacks, trees) based on functionality, storage, and performance tradeoffs	APL2.4.1 Implement data structures (e.g., graphs, linked lists, maps, queues, sets, stacks, trees) to support the creation of larger computational artifacts
APL1.4.2 Create and populate tables in databases	APL2.4.2 <i>Continuation of this standard is not specifically included or excluded</i>
APL1.4.3 <i>This standard is not specifically required until Level 2</i>	APL2.4.3 Use various data collection techniques for different types of problems (e.g., system sensors, mobile device GPS, open data sets, social media data sets, user surveys)

Strand: Data and Information

Content Cluster 5: Students will interpret and analyze data and information.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.5.1 Issue queries against databases to glean meaning from stored data	APL2.5.1 Discuss real-world data sources that can be mined to produce new knowledge

Strand: Algorithms and Programs

Content Cluster 6: Students will create, evaluate, and modify algorithms.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.6.1 Evaluate multiple classical algorithms in terms of time and space complexities (e.g., Big O notation)	APL2.6.1 Evaluate multiple student-created algorithms in terms of time and space complexities (e.g., Big O notation)
APL1.6.2 Develop algorithms to solve student-identified problems of appropriate complexity	APL2.6.2 Develop algorithms to solve student-identified problems of appropriate complexity
APL1.6.3 Decompose problems of appropriate complexity into well-defined steps to produce computational artifacts	APL2.6.3 Decompose problems of appropriate complexity into well-defined steps to produce computational artifacts

Strand: Algorithms and Programs

Content Cluster 7: Students will create programs to solve problems.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.7.1 Demonstrate code reuse by creating programming solutions using level-appropriate libraries and application program interfaces (API) (e.g., graphics libraries, maps)	APL2.7.1 Demonstrate code reuse by creating programming solutions using level-appropriate libraries and APIs (e.g., graphics libraries, maps)
APL1.7.2 <i>This standard is not specifically required until Level 2</i>	APL2.7.2 Break a large system down into progressively smaller classes or objects that are responsible for some part of the problem domain
APL1.7.3 Create programs to solve problems of level-appropriate complexity	APL2.7.3 Create programs to solve problems of level-appropriate complexity

Strand: Computers and Communications

Content Cluster 8: Students will analyze various components and functions of computers.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.8.1 Investigate the functionality of various hardware components (e.g., game controllers, input and output devices, robotics components, sensors)	APL2.8.1 Integrate various hardware components (e.g., game controllers, input and output devices, robotics components, sensors) as they relate to student-developed computational artifacts

Strand: Community, Global, and Ethical Impacts

Content Cluster 9: Students will analyze appropriate uses of technology.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
APL1.9.1 Investigate the role and impact of laws and regulations on the development and use of software (e.g., privacy, security)	APL2.9.1 Clarify the role and impact of laws and ethical decisions of student-led projects
APL1.9.2 Evaluate security issues that lead to compromised computer programs (e.g., circular references, lack of error checking and field size checking)	APL2.9.2 Implement security policies by comparing encryption and authentication strategies (e.g., safeguarding keys, secure coding)
APL1.9.3 Use an ethical decision-making process to justify decisions made in creating computational artifacts	APL2.9.3 Defend an ethical decision-making process to justify decisions made in creating computational artifacts

Appendix 1: Advanced Programming: Game Design

This appendix contains exceptions that apply to the teaching of Game Design under the High School Computer Science Advanced Programming standards. Students enrolled in Computer Science Game Design at any level, must receive instruction in all High School Computer Science Advanced Programming Standards within the Advanced Programming level to which the Game Design course appends. The following exceptions apply to the standard indicated and modify the requirements of that standard only, all other standards within that level must be taught as presented above, and any additional standards specific to Game Design will be listed at the end of the exceptions.

High School Computer Science Advanced Programming Level 1: Game Design Level 1	
APL1.1.2	To meet this standard, include physics and mathematics principles for game mechanics.
APL1.7.1	To meet this standard, include the function of a game engine and supporting libraries.
APL1.8.1	Investigate the functionality of various hardware components as they relate to modern game design (e.g., game controllers, GPU acceleration, input and output devices such as sensors, robotics components, virtual reality).
APL1.9.1	To meet this standard, include game rating system (ESRB) and copyright laws concerning assets.
APL1.10.1	Compare and contrast game elements present in board games and digital representations.
APL1.10.2	Describe how the parts of a game contribute to its overall behavior (e.g., addiction, balance, character, enjoyment factor, goal, immersion, interactive, level, movement, replay value, rules, score, story, theme, victory/goal conditions).
APL1.10.3	Describe the core areas of digital game design: <ul style="list-style-type: none">• Characters and Development• Core Mechanics• Gameplay Modes• Game World• Level Design• Mode Elaboration• Story Elaboration
APL1.10.4	Describe the concept of a game loop in digital games.
APL1.10.5	Describe the functions of a game engine and supporting libraries (eg. images, sounds, sprites, text effects)
APL1.10.6	Discuss common asset creation techniques (e.g., images, music, sounds, 3-D models)
APL1.10.7	Classify the roles and responsibilities of each member on a game design team <ul style="list-style-type: none">• Artist/Animation• Audio• Designer• Producer• Programmers• Project manager• Quality Assurance

APL1.10.8	Summarize the history of games and their significance to digital games
APL1.10.9	Summarize the role of play in human culture
High School Computer Science Advanced Programming Level 2: Game Design Level 2	
APL2.7.1	To meet this standard, include the function of a game engine and supporting libraries.
APL2.10.1	Design a game following the core areas of digital design (e.g. level maps, rules, script writing, storyboarding, storytelling).
APL2.10.2	Use concepts related to updating and drawing within the game loop.
APL2.10.3	Utilize custom assets for a game.
APL2.10.4	Discuss diverse careers that are available for game designers and their educational requirements.
APL2.10.5	Identify the hard and soft skills required to be an effective game design team member (e.g., analytical competence, creativity, initiative, punctuality, teamwork).
APL2.10.6	Explore advancing and emerging technologies (e.g., artificially intelligent agents, robotics) as they relate to game design.

Arkansas Computer Science Standards for Grades 9-12

Advanced Networking

2016

Advanced Networking

Introduction

The Arkansas Advanced Networking course focuses on the skills necessary to design, develop, and maintain reliable and secure services, devices, and applications in various networked environments. Through these standards, students will explore, apply, and advance toward mastery of network analysis through troubleshooting, administration, and efficiency. Students will accomplish tasks and solve problems independently and collaboratively with the tools and skills needed to be successful in college and careers.

The Arkansas State Board of Education (SBE) does not place any pre-requisites on the Arkansas Computer Science High School Courses, but allows for schools to place students in any of the courses based on ability and desire. The Arkansas Department of Education (ADE) recommends that districts develop and formally adopt a written policy outlining placement protocols. Evaluation tools and placement criteria will be the responsibility of the local districts. Though there are no specific course prerequisites, students enrolling in Advanced Programming, Advanced Networking, or Advanced Information Security should understand and be able to apply the content/concepts found within the Arkansas Computer Science Courses Levels 1 - 4.

The SBE and ADE authorizes schools to enroll students across levels and emphases in the same sections of the master schedule (a.k.a. stacking) as long as the number of students do not exceed Standards of Accreditation maximums and/or ratios, and the school can reasonably assure a high-quality educational experience for all students within that section.

Implementation of the Arkansas Computer Science Standards for Grades 9-12 begins during the 2017-2018 school year.

Course Title: 465150 - Advanced Networking Level 1
465160 - Advanced Networking Level 2

Course/Unit Credit: 0.5 Credits per Course

Teacher Licensure: Please refer to the Course Code Management System (<https://adedata.arkansas.gov/ccms/>) for the most current licensure codes.
Grades: 9-12
Prerequisites: There are no ADE established course prerequisites for any of the Computer Science levels; it is up to the local district to determine placement based on student ability.

Computer Science Practices

Students will exhibit proficiency in computer science through:

Perseverance - Students expect and persist in overcoming the challenges that occur when completing tasks. They recognize that making and correcting mistakes will take place during the learning process and problem solving.

Collaboration - Students effectively work and communicate with others ensuring multiple voices are heard and considered. They understand that diverse thoughts may lead to creative solutions and that some problems may be best solved collaboratively.

Patterns - Students understand and utilize the logical structure of information through identifying patterns and creating conceptual models. They decompose complex problems into simpler modules and patterns.

Tools - Students evaluate and select tools to be used when completing tasks and solving problems. They understand that appropriate tools may include, but are not limited to, their mind, pencil and paper, manipulatives, software application programs, programming languages, or appropriate computing devices.

Communication - Students effectively communicate, using accurate and appropriate terminology, when explaining the task completion or problem solving strategies that were used. They recognize that good documentation is an ongoing part of the process, and when appropriate, provide accurate documentation of their work in a manner that is understandable to others.

Ethics and Impact - Students comprehend the ramifications of actions prior to taking them. They are aware of their own digital and cyber presence and its impact on other individuals and society.

Problem Solving - Students exhibit proficiency in Computer Science through identifying and systematically solving problems (e.g., engineering design process). They recognize problem solving as an ongoing process.

Advanced Networking

Strand	Content Cluster
Computational Thinking and Problem Solving	
	1. Students will analyze problem-solving strategies.
	2. Students will analyze connections between elements of mathematics and computer science.
	3. Students will solve problems cooperatively and collaboratively.
Data and Information	
	4. Students will analyze various ways in which data is accessed.
	5. Students will collect, interpret, and analyze data and information.
Computers and Communications	
	6. Students will analyze the utilization of network devices.
	7. Students will analyze various networking media types and topologies.
	8. Students will design and implement a local area network to host a network service.
Community, Global, and Ethical Impacts	
	9. Students will analyze appropriate uses of technology.

Notes for the Computer Science Standards for High School document:

1. The examples given (e.g.,) are suggestions to guide the instructor.
2. The course strands, content clusters, and the content standards are to be taught in an integrated manner, not in isolation.
3. The Practices are intended to be habits of mind for all students and were written broadly in order to apply to all grades. The Practices are not content standards and are not intended to be formally assessed but may be assessed formatively.
4. This Arkansas Department of Education curriculum standards document is intended to assist in district curriculum development, unit design, and to provide a uniform, comprehensive guide for instruction.
5. Notes found within the document are not approved by the Arkansas State Board of Education, but are provided for clarification of the standards by the Arkansas Department of Education and/or the standards drafting committee. The notes are subject to change as understandings of the standards evolve.

SBE Draft August 2016

Strand: Computational Thinking and Problem Solving
 Content Cluster 1: Students will analyze problem-solving strategies.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.1.1 Interpret and follow graphically illustrated processes (e.g., flow charting, network map)	ANL2.1.1 Illustrate processes graphically (e.g., flow charting, network map)
ANL1.1.2 Define and identify network problems (e.g., test network cables/configuration)	ANL2.1.2 Identify and resolve networking problems (e.g., test network cables/configuration)
ANL1.1.3 Identify best method for problem solving various scenarios	ANL2.1.3 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Computational Thinking and Problem Solving
 Content Cluster 2: Students will analyze connections between elements of mathematics and computer science.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.2.1 Perform operations with base ₁₀ , base ₂ , base ₈ , and base ₁₆ numbers as they relate to networking concepts (e.g., packet transmission, subnet masking)	ANL2.2.1 Perform operations with base ₁₀ , base ₂ , base ₈ , and base ₁₆ numbers as they relate to networking concepts
ANL1.2.2 Describe limitations of addressing systems (e.g., IPv4 address scarcity vs. IPv6 limitations, 32 vs. 64 bit systems)	ANL2.2.2 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Computational Thinking and Problem Solving
 Content Cluster 3: Students will solve problems cooperatively and collaboratively.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.3.1 Analyze tradeoffs of collaborative and cooperative problem solving when performing various networking activities	ANL2.3.1 Design and complete a group-based networking project

Strand: Data and Information

Content Cluster 4: Students will analyze various ways in which data is accessed.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.4.1 Analyze various data storage methods (e.g., cloud, local, network)	ANL2.4.1 Design a multi-user storage solution
ANL1.4.2 Differentiate between types of access (e.g., internal/external accessibility)	ANL2.4.2 Select ideal access scheme for various situations (e.g., case studies)

Strand: Data and Information

Content Cluster 5: Students will collect, interpret, and analyze data and information.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.5.1 Analyze various tools used for network analysis (e.g., Ethereal, ping, traceroute)	ANL2.5.1 Collect and interpret data from a network using various tools
ANL1.5.2 Identify various data being represented in network analysis	ANL2.5.2 Describe network operations when provided with network traffic from live or simulated sources

Strand: Computers and Communications
 Content Cluster 6: Students will analyze the utilization of network devices.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.6.1 Analyze the client-server relationship including, but not limited to: <ul style="list-style-type: none"> • how the relationship of clients and server hierarchy extends both above and below the user level • how networks act as clients to an “upstream” network and as a server to “downstream” users, • how each layer of the OSI model supports the services below it and the layers above 	ANL2.6.1 Analyze the basics of load-balancing technologies
ANL1.6.2 Describe differences among various network devices (e.g., hub, router, switch)	ANL2.6.2 Select the most appropriate network device for a given role

Strand: Computers and Communications
 Content Cluster 7: Students will analyze various networking media types and topologies.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.7.1 Analyze various networking media (e.g., amateur radio, copper, fiber, infrared, Wi-Fi)	ANL2.7.1 Analyze tradeoffs associated with various media (e.g., bandwidth, cost, distance, noise)
ANL1.7.2 Identify common network topologies (e.g., contention, time slot, token)	ANL2.7.2 Analyze tradeoffs of various network topologies

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN A PROJECT BASED TASK OF BOTH ADMINISTRATION AND NETWORK SERVICES	
Level 1	Level 2
<p>ANL1.8.1 Install, configure, and administer a server including the following tasks:</p> <ul style="list-style-type: none"> • Research server software requirements (e.g., email, filer, game, virtual services, web) • Install and configure server operating system (virtual or physical) • Apply appropriate server security • Install and configure server software (e.g., Apache, Exchange, Internet Information Services, Openfiler, Samba, Sendmail, Virtualbox, VMware,) • Install and configure supporting services (e.g., Dynamic Host Configuration Protocol [DHCP], Domain Name System [DNS]) • Explain domain name registration process • Describe propagation of DNS authoritative records • Ensure and maintain availability of services 	<p>ANL2.8.1 Install, configure, and administer a server including the following tasks:</p> <ul style="list-style-type: none"> • Research server software requirements (e.g., email, filer, game, virtual services, web) • Install and configure server operating system (virtual or physical) • Apply appropriate server security • Install and configure server software (e.g., Apache, Exchange, Internet Information Services, Openfiler, Samba, Sendmail, Virtualbox, VMware,) • Install and configure supporting services (e.g., Dynamic Host Configuration Protocol [DHCP], Domain Name System [DNS]) • Explain domain name registration process • Describe propagation of DNS authoritative records • Ensure and maintain availability of services
<p>NOTE for ANL1.8.1 and ANL2.8.1: Students who install, configure, and administer a server as part of their Level 1 work may be allowed to continue expanding their Level 2 knowledge by using that server installation. The intent is to provide students the opportunity to select a network service(s) to provide to multiple users. Servers need not be externally available, but should provide adequate challenge and opportunity for learning.</p>	
<p>ANL1.8.2 Install, configure, and administer a network addressing the following:</p> <ul style="list-style-type: none"> • Explain concepts of Voice over Internet Protocol (VoIP) networks implementation (e.g., Power-over-Ethernet [PoE], Private Branch Exchange [PBX] configuration, Quality of Service [QoS], Virtual LAN [VLAN], video) • Analyze VLAN configuration (e.g., network segmentation, reasons) • Discuss considerations for QoS configuration • Identify uses for PoE to power network devices, including but not limited to the necessity of power injector and operation • Analyze common cable standard for cat5/cat6 cables (e.g., crossover, patch, straight through) • Demonstrate process of cable punch down for patch panels, wall jacks • Describe proper cable placement and cable management best practices • Explain operation of Network Address Translation (NAT) • Describe internal/external access as it related to Firewall operation • Discuss various Routing Types (e.g., distance, reliability, bandwidth) • Explain fundamentals of switch management 	<p>ANL2.8.2 Install, configure, and administer a network addressing the following:</p> <ul style="list-style-type: none"> • Explain concepts of Voice over Internet Protocol (VoIP) networks implementation (e.g., Power-over-Ethernet [PoE], Private Branch Exchange [PBX] configuration, Quality of Service [QoS], Virtual LAN [VLAN], video) • Analyze VLAN configuration (e.g., network segmentation, reasons) • Discuss considerations for QoS configuration • Identify uses for PoE to power network devices, including but not limited to the necessity of power injector and operation • Analyze common cable standard for cat5/cat6 cables (e.g., crossover, patch, straight through) • Demonstrate process of cable punch down for patch panels, wall jacks • Describe proper cable placement and cable management best practices • Explain operation of Network Address Translation (NAT) • Describe internal/external access as it related to Firewall operation • Discuss various Routing Types (e.g., distance, reliability, bandwidth) • Explain fundamentals of switch management

Strand: Community, Global, and Ethical Impacts

Content Cluster 9: Students will analyze appropriate uses of technology.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
ANL1.9.1 Recognize social impact of software piracy, plagiarism, and intellectual property theft	ANL2.9.1 <i>Continuation of this standard is not specifically included or excluded</i>
ANL1.9.2 Compare values of open-source and closed-source software development models	ANL2.9.2 <i>Continuation of this standard is not specifically included or excluded</i>
ANL1.9.3 Explore legitimate and illegitimate uses of file sharing networks (e.g., BitTorrent, CDNs)	ANL2.9.2 <i>Continuation of this standard is not specifically included or excluded</i>

Arkansas Computer Science Standards for High School

Advanced Information Security

2016

Advanced Information Security

Introduction

The Arkansas Advanced Information Security Standards focus on the skills necessary to identify, understand, and analyze threats to the digital and physical security of systems. Through these standards, students will explore, apply, and advance toward mastery of the design and implementation of security protocols and policies. Students will ensure system and data integrity through troubleshooting, administration, auditing, and efficiency. Students will accomplish tasks and solve problems independently and collaboratively with the tools and skills needed to be successful in college and careers.

The Arkansas State Board of Education (SBE) does not place any pre-requisites on the Arkansas Computer Science High School Courses, but allows for schools to place students in any of the courses based on ability and desire. The Arkansas Department of Education (ADE) recommends that districts develop and formally adopt a written policy outlining placement protocols. Evaluation tools and placement criteria will be the responsibility of the local districts. Though there are no specific course prerequisites, students enrolling in Advanced Programming, Advanced Networking, or Advanced Information Security should understand and be able to apply the content/concepts found within the Arkansas Computer Science Courses Levels 1 - 4.

The SBE and ADE authorizes schools to enroll students across levels and emphases in the same sections of the master schedule (a.k.a. stacking) as long as the number of students do not exceed Standards of Accreditation maximums and/or ratios, and the school can reasonably assure a high-quality educational experience for all students within that section.

Implementation of the Arkansas Computer Science Standards for Grades 9-12 begins during the 2017-2018 school year.

Course Title: 465050 - Advanced Information Security Level 1
465060 - Advanced Information Security Level 2

Course/Unit Credit: 0.5 Credits per Course

Teacher Licensure: Please refer to the Course Code Management System (<https://adedata.arkansas.gov/ccms/>) for the most current licensure codes.

Grades: 9-12

Prerequisites: There are no ADE established course prerequisites for any of the Computer Science levels; it is up to the local district to determine placement based on student ability.

Computer Science Practices

Students will exhibit proficiency in computer science through:

Perseverance - Students expect and persist in overcoming the challenges that occur when completing tasks. They recognize that making and correcting mistakes will take place during the learning process and problem solving.

Collaboration - Students effectively work and communicate with others ensuring multiple voices are heard and considered. They understand that diverse thoughts may lead to creative solutions and that some problems may be best solved collaboratively.

Patterns - Students understand and utilize the logical structure of information through identifying patterns and creating conceptual models. They decompose complex problems into simpler modules and patterns.

Tools - Students evaluate and select tools to be used when completing tasks and solving problems. They understand that appropriate tools may include, but are not limited to, their mind, pencil and paper, manipulatives, software application programs, programming languages, or appropriate computing devices.

Communication - Students effectively communicate, using accurate and appropriate terminology, when explaining the task completion or problem solving strategies that were used. They recognize that good documentation is an ongoing part of the process, and when appropriate, provide accurate documentation of their work in a manner that is understandable to others.

Ethics and Impact - Students comprehend the ramifications of actions prior to taking them. They are aware of their own digital and cyber presence and its impact on other individuals and society.

Problem Solving - Students exhibit proficiency in Computer Science through identifying and systematically solving problems (e.g., engineering design process). They recognize problem solving as an ongoing process.

Strand: Computational Thinking and Problem Solving

Content Cluster 1: Students will analyze vulnerabilities and problem-solving strategies.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.1.1 Identify potential security holes and breaches in network and software	AISL2.1.1 Create policies that address security holes and breaches in network and software
AISL1.1.2 Identify various methods that can be used to attack cryptographic primitives in order to deduce the decryption key and/or extract plaintext from ciphertext	AISL2.1.2 Demonstrate passive attacks on encrypted data to either deduce the decryption key and/or extract plaintext from ciphertext
AISL1.1.3 Identify various injection techniques (e.g., buffer overflow, cross-site scripting [XSS], Structured Query Language [SQL] injection)	AISL2.1.3 Propose potential solutions to responsible parties, if a security exploit is found
AISL1.1.4 Recognize malicious behavior or website vulnerability to injection-based attacks	AISL2.1.4 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Computational Thinking and Problem Solving

Content Cluster 2: Students will analyze connections between elements of mathematics and computer science.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.2.1 Identify various cryptographic primitives (e.g., public-key primitives, symmetric-key primitives, unkeyed primitives)	AISL2.2.1 Describe various cryptographic primitives (e.g., public-key primitives, symmetric-key primitives, unkeyed primitives)
AISL1.2.2 Compare complexity of common cryptographic algorithms	AISL2.2.2 Describe mathematical complexity of common cryptographic algorithms
AISL1.2.3 Analyze the mathematical basis for various password complexity requirements	AISL2.2.3 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Computational Thinking and Problem Solving
 Content Cluster 3: Students will solve problems cooperatively and collaboratively.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.3.1 Review state and federal laws pertaining to security audit processes	AISL2.3.1 Discuss processes of creating a business agreement for security audit process
AISL1.3.2 Review industry best practices for network security	AISL2.3.2 Create a comprehensive network security policy or serve on security policy committee (e.g., peer review policies)
AISL1.3.3 Audit security policies	AISL2.3.3 Participate in development of security policies within a committee

Strand: Data and Information
 Content Cluster 4: Students will analyze various ways in which data is represented.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.4.1 Discuss common uses of encryption rather than plain text (e.g., email, Hyper-Text Transfer Protocol [HTTP] vs. Secured Hyper-Text Transfer Protocol [HTTPS], password storage, user authentication)	AISL2.4.1 <i>Continuation of this standard is not specifically included or excluded</i>
AISL1.4.2 Identify transactional weaknesses of an insecure network connection	AISL2.4.2 Understand processes of issuance of Secure Sockets Layer (SSL) key certificates and importance of HTTPS
AISL1.4.3 Understand the use of public-key encryption vs. private-key encryption	AISL2.4.3 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Data and Information
 Content Cluster 5: Students will encrypt and recover data.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.5.1 Describe various encryption storage procedures (e.g., public, private)	AISL2.5.1 Discuss data retrieval techniques (e.g., magnetic imaging of spinning disks)
AISL1.5.2 Explain how software logs and user access privileges can be used to recreate a series of events	AISL2.5.2 Recreate a series of events based on software logs and user access privileges
AISL1.5.3 Explore examples and applications of steganography	AISL2.5.3 Demonstrate the use of steganography in a digital file (e.g., document, image, other media, program, protocol)

2681

Strand: Data and Information

Content Cluster 6: Students will analyze server and cloud security.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.6.1 Understand component systems comprising server and/or cloud servers	AISL2.6.1 Recognize security of entire system relies on security of all component systems NOTE: This is commonly referred to as the “weakest link” in information or computer security.
AISL1.6.2 Identify importance of security patch releases and updates	AISL2.6.2 Describe commonly employed security measures (e.g., antivirus, asset management, cloud security, intrusion detection systems, malware detection)
AISL1.6.3 Discover information available in server logs and security policies	AISL2.6.3 Recreate an order of events based on a log file
AISL1.6.4 Identify the methods that Virtual Private Networks (VPN) utilizes to ensure data security	AISL2.6.4 Implement a secure VPN

Strand: Computers and Communications

Content Cluster 7: Students will utilize appropriate digital tools for various applications.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.7.1 Select the appropriate tool for a specific network function (e.g., Ethereal, Network Mapper [nmap], Wireshark)	AISL2.7.1 Utilize audit tools for network compliance (e.g., Microsoft Key Management Service [KMS])
AISL1.7.2 Identify value of enterprise antivirus and malware scanning software tools	AISL2.7.2 <i>Continuation of this standard is not specifically included or excluded</i>
AISL1.7.3 Understand information provided in and location of security log files available for various services	AISL2.7.3 Verify system access privileges of various system services and software

Strand: Computers and Communications

Content Cluster 8: Students will analyze various network components and functions of computers.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
AISL1.8.1 Identify various physical security tools, processes, and systems in common use	AISL2.8.1 <i>Continuation of this standard is not specifically included or excluded</i>
AISL1.8.2 Describe the value of limiting physical access to servers and network infrastructure	AISL2.8.2 <i>Continuation of this standard is not specifically included or excluded</i>
AISL1.8.3 Explain implications of sharing physical information online (e.g., doxing)	AISL2.8.3 <i>Continuation of this standard is not specifically included or excluded</i>
AISL1.8.4 Examine layers of physical security (e.g., alarms, barriers, locks, security personnel)	AISL2.8.4 <i>Continuation of this standard is not specifically included or excluded</i>

Strand: Community, Global, and Ethical Impacts

Content Cluster 9: Students will analyze appropriate uses of technology.

THE GOAL FOR EACH STUDENT IS PROFICIENCY IN ALL REQUIREMENTS AT CURRENT AND PREVIOUS LEVELS	
Level 1	Level 2
AISL1.9.1 Identify ethical and unethical uses of encryption	AISL2.9.1 Demonstrate ethical uses of encryption
AISL1.9.2 Identify ethical and unethical uses of file sharing	AISL2.9.2 Demonstrate ethical uses of file sharing
AISL1.9.3 Identify ethical and unethical uses of security vulnerabilities (black-hat, gray-hat, and white-hat hacking)	AISL2.9.3 <i>Continuation of this standard is not specifically included or excluded</i>
AISL1.9.4 Identify the ethics and legality of vulnerability research	AISL2.9.4 Demonstrate ethical and legal vulnerability research

Arkansas Computer Science Standards for Grades 9-12

Independent Study

2016

SBE Draft August 2016

Independent Study

A Computer Science Independent Study Program shall be designed to enrich the student's computer science educational experience. The student will be required to develop an educational plan, submit it to a local advisor or advisory board responsible for reviewing, monitoring, and approving the plan. The student will produce a final product for presentation.

Requirements for Districts implementing a Computer Science Independent Study Program

- A. The district school board must adopt a written policy outlining at minimum the following:
 - a. Eligibility of Students
 - b. Independent Study Program Admittance Requirements
 - c. Documentation, evaluation, and retention of Independent Study activities and hours
 - d. Credit to be awarded to a student enrolled in a Computer Science Independent Study opportunity
 - i. The district may decide to awarded credit to meet a Computer Science Flex Credit, Career Focus Credit, or local credit only
 - ii. The district may award:
 1. 0.5 credit to a student completing a minimum of 60 independent study hours
 2. 1.0 credit to a student completing a minimum of 120 independent study hours
- B. District policy and implementation of a Computer Science Independent Study Program must be in accordance with all applicable federal, state, and local laws and regulations.

A student's independent study plan must be tied directly to extending the computer science concepts found within:

- the most current revision of the Arkansas High School Computer Science Standards,
- College Board AP Computer Science Principles or A, and/or
- IB Computer Science SL or HL.

Course Title: 465910 - Independent Study Level 1
465920 - Independent Study Level 2

Course/Unit Credit: 0.5 Credits per Course/level

Teacher Licensure: Please refer to the Course Code Management System (<https://adedata.arkansas.gov/ccms/>) for the most current licensure codes.

Grades: 9-12

Prerequisites: There are no ADE established course prerequisites for any of the Computer Science levels; it is up to the local district to determine placement based on student ability.

Computer Science Practices

Students will exhibit proficiency in computer science through:

Perseverance - Students expect and persist in overcoming the challenges that occur when completing tasks. They recognize that making and correcting mistakes will take place during the learning process and problem solving.

Collaboration - Students effectively work and communicate with others ensuring multiple voices are heard and considered. They understand that diverse thoughts may lead to creative solutions and that some problems may be best solved collaboratively.

Patterns - Students understand and utilize the logical structure of information through identifying patterns and creating conceptual models. They decompose complex problems into simpler modules and patterns.

Tools - Students evaluate and select tools to be used when completing tasks and solving problems. They understand that appropriate tools may include, but are not limited to, their mind, pencil and paper, manipulatives, software application programs, programming languages, or appropriate computing devices.

Communication - Students effectively communicate, using accurate and appropriate terminology, when explaining the task completion or problem solving strategies that were used. They recognize that good documentation is an ongoing part of the process, and when appropriate, provide accurate documentation of their work in a manner that is understandable to others.

Ethics and Impact - Students comprehend the ramifications of actions prior to taking them. They are aware of their own digital and cyber presence and its impact on other individuals and society.

Problem Solving - Students exhibit proficiency in Computer Science through identifying and systematically solving problems (e.g., engineering design process). They recognize problem solving as an ongoing process.

Arkansas Computer Science Standards for Grades 9-12

Internship Program

2016

Internship Program

A Computer Science Internship Program shall be designed to assist in a high-school student's successful transition to career or college. Students who begin careers immediately upon high school graduation as well as those who intend to complete post-secondary training prior to starting a career can benefit from an internship experience. The desired outcomes of internship program include students advancing computer science skills, sharpening soft-skills, and learning new skills while completing internship assignment in a workplace environment. The internship opportunity shall include a strong business partnership that links the internship and its participants to current resources, information, and guidance from computing professionals. It should provide intense, competency-based worksite immersion in advanced computer science concepts.

Requirements for Districts Implementing a Computer Science Internship Program

- A. The district school board must adopt a written policy outlining the following:
 - a. Eligibility of Students
 - b. Internship Admittance Requirements
 - c. Documentation, evaluation, and retention of Internship Activities and Hours
 - d. Credit to be awarded to a student enrolled in a Computer Science Internship opportunity
 - i. The district may decide to awarded credit to meet a Computer Science Flex Credit, Career Focus Credit, or local credit only
 - ii. The district may award:
 1. 0.5 credit to a student completing a minimum of 60 on-the-job internship hours
 2. credit to a student completing a minimum of 120 on-the-job internship hours
- B. District policy and implementation of a Computer Science Internship Program must be in accordance with all applicable federal, state, and local laws and regulations including all applicable labor laws.

Internship must be tied directly to extending the computer science concepts found within:

- the most current revision of the Arkansas High School Computer Science Standards,
- College Board AP Computer Science Principles or A, and/or
- IB Computer Science SL or HL.

Course Title: 465950 - Internship Program Level 1
465960 - Internship Program Level 2

Course/Unit Credit: 0.5 Credits per Course/level

Teacher Licensure: Please refer to the Course Code Management System (<https://adedata.arkansas.gov/ccms/>) for the most current licensure codes

Grades: 9-12

The EPPR provides information on enrollees and graduates at the institutions and reports demographic and statistical data to inform policy decisions. The commitment of EPPs to providing accurate, relevant data in a timely manner demonstrates their dedication and contribution to the success of this effort. All parties involved share an interest in preparing the best possible educators to provide a quality education to all Arkansas students.

The 2016 EPPR report data will be used by the Professional Licensure Standards Board as one data source for program audits. The 2016 EPPR includes a statewide report and reports for each Institution of Higher Education (IHE) or other organization that offers a state approved preparation program. We ask the Board's approval of the 2016 EPPRs.

**ARKANSAS DEPARTMENT OF EDUCATION
RULES GOVERNING HOME SCHOOLS**

August 2007 _____

1.00 REGULATORY AUTHORITY

- 1.01 These regulations shall be known as Arkansas Department of Education Rules Governing Home Schools.
- 1.02 These regulations are enacted pursuant to the State Board of Education's authority under Ark. Code Ann. §§ 6-11-105, 6-15-501 et seq., 25-15-201 et seq., and Act 824 of 2007 832 of 2015.

2.00 PURPOSE

It is the purpose of these regulations to set reasonable guidelines for the operation of Home Schools.

3.00 DEFINITIONS

For the purpose of these rules and regulations:

- 3.01 A "home school" is a school provided by a parent or legal guardian for his or her own child.
- ~~3.02 A "testing window" is an established testing calendar as determined by the Arkansas Department of Education.~~
- ~~3.03 "Alternate testing procedures" refers to any testing date(s) and/or location(s) within the testing window and approved by the education service cooperatives and Pulaski County school districts for home school students.~~
- ~~3.04 "A norm referenced test (NRT)" is any testing instrument required by state law, rule or regulation to measure the performance/achievement of Arkansas students relative to the performance of the achievement of students who comprise the norming or standardization group for a particular commercial instrument.~~
- 3.025 An "individualized education program (IEP)" is a written record of decisions reached between parent/guardian and school personnel jointly describing the educational program for a child with a disability.
- 3.036 "Current school year" is the official period of time for pupil/teacher interaction within the school district policy which follows the requirements in Ark. Code Ann. § 6-10-106 (Repl. 1993) (Uniform dates for beginning and ending a school year).

4.00 GENERAL

- 4.01 Under Arkansas law children between the ages of five (5) and seventeen (17) on or before ~~August 1~~ *September 15* of that year, in accordance with Ark. Code Ann. § 6-18-201 (~~Supp. 1997~~), ~~as amended by Act 570 of 1999~~ must attend school.
- 4.02 A parent/guardian who intends to home school a child in accordance with Ark. Code Ann. § 6-18-201 [as amended] must enroll the child in a home school at the beginning of each school year but no later than August 15 for the fall semester, or by December 15 for the spring semester, or, subject to the provisions of Sections 4.03 and 4.04, fourteen (14) calendar days prior to withdrawing. The superintendent or local school board may waive the fourteen (14) day waiting period.
- 4.03 No public school student shall be eligible for enrollment in a home school if the student is currently under disciplinary action for violation of any written school policy including, but not limited to, excessive unexcused absences. Exceptions to this requirement are outlined in Section 4.04.
- 4.04 Public school students who are under disciplinary action by the local school district shall be eligible for enrollment in a home school if:
- 4.04.1 The superintendent or local school board chooses to allow the child to enroll in a home school;
 - 4.04.2 The disciplinary action against the student has been completed or at the end of a school semester, whichever occurs first; or
 - 4.04.3 The student has been expelled.
- 4.05 Parent/guardian *of a child who is eligible to attend kindergarten but will not be age six (6) by the date set in Ark. Code Ann. § 6-18-207*, may elect ~~for a child, who will not be kindergarten age~~ in accordance with Ark. Code Ann. § 6-18-201, ~~as amended~~, *for the child to not attend kindergarten* by filing a Kindergarten Waiver form with the local school district office.
- 4.06 Home school students who enroll in a public, private or parochial school during the time they are home schooling cannot re-enter home schooling until new Notice of Intent and Waiver forms are completed and returned to the local school district.
- ~~4.07 Home school students who are in the required grade levels for which the state mandates norm-referenced testing and who are no more than two (2) years beyond the normal age for the required grade levels must take a standardized norm-referenced test as identified by the Arkansas Department of Education, and the results will be used for reporting purposes only.~~

~~4.08 Any student who refuses to participate in the required testing program shall be subject to the applicable Arkansas laws regarding truancy. This Section shall not be applicable to any parent that can present written acknowledgement that their child has been enrolled in a public, private or parochial school within thirty (30) days of the administration of the state mandated tests.~~

4.097 Books, curricula or materials are not required to be furnished by the Arkansas Department of Education, local school district or education service cooperative. It is the responsibility of the parent/guardian to purchase all books, curricula or materials that they use in home schooling.

5.00 NOTICE OF INTENT

5.01 ~~Parents or Guardians who plan to home school must file a written Notice of Intent and Waiver form in person to the superintendent of their local school district the first time such notice is given. For subsequent years, written notice may be given by completing and submitting the current year online Notice of Intent and Waiver form which can be located on the Arkansas Department of Education Home School webpage or can be submitted on the current year paper form. written notice by completing and returning the printed current year Notice of Intent and Waiver form(s) by August 15 for the beginning of each school year, or by December 15 for the spring semester, or, subject to the provisions of Sections 4.03 and 4.04, fourteen (14) calendar days prior to withdrawing the child from the local school district during the school year. Parents or guardians must sign a waiver acknowledging that the State of Arkansas is not liable for the education of their child(ren) during the time that parent chooses to home school. The Notice of Intent and Waiver forms are valid for the entire school year if filed at the beginning of the school year or for the remainder of the school year if filed during the school year. There are no exceptions to these filing requirements except as outlined in 5.02.~~

5.02 All Notice of Intent and Waiver form(s) must be submitted by August 15 for the beginning of each year school year, or by December 15 for the spring semester, or, subject to the provisions of Sections 4.03 and 4.04, fourteen (14) calendar days prior to withdrawing the child from the local school district during the school year. Parents must sign (either electronically or on paper) a waiver acknowledging that the State of Arkansas is not liable for the education of their child(ren) during the time the parent chooses to home school. The Notice of ~~Waiver and~~ Intent and Waiver forms are valid for the entire school year if filed at the beginning of the school year, or for the remainder of the school year if filed during the school year. There are no exceptions to these requirements except as outlined in Section 5.03.

5.023 Parents or guardians moving into a school district during the school year must file a copy of the current year ~~printed~~ Notice of Intent and Waiver form, *which includes the acknowledgment of the parent that the State of Arkansas is not liable for the education of their child(ren) during the time the parent choose to home school,* with

their local public school superintendent's office within thirty (30) calendar days of establishing residency within the district.

- 5.04 ~~The required Notice of Intent and Waiver forms~~ If submitting a paper Notice of Intent and Waiver form, the form must be the printed current year forms obtained from ~~your~~ the local superintendent's office, ~~and~~ must include the following information for reporting ~~and test administration~~ purposes only:

5.034.1 The name, date of birth and grade level of each child and the name and address of the public, private, home school or parochial school last attended, if any, for each student-;

5. 034.2The location of the home school (~~mailing address~~)-;

5. 034.3A list of ~~brief description of the basic core curriculum to be used and the~~ subjects to be taught.

5. 034.4The S~~chedule~~ of instruction to be followed (hours per day; days per week; number of weeks)-; and

5. 034.5The education qualifications of the parent/guardian/teacher(s).

5.03.6 ~~Parents or guardians shall deliver written notice in person to the superintendent of their local school district the first time such notice is given.~~

~~6.00 TESTING REQUIRED ACHIEVEMENT TESTS~~

6.01 ~~Test administration of home school students shall be under the direction of the education service cooperatives and the Pulaski County school districts. Achievement testing will be held during the testing window identified by the Arkansas Department of Education.~~

6.02 ~~The education service cooperatives and Pulaski County school districts will ensure that all test materials are secure before testing, between and following test administration and provide the Arkansas Department of Education, for approval by the Director, with a common set of procedures for test administration of home school students in the required grade levels. These common set of procedures must include security measures to ensure that appropriate testing conditions and protocol have been followed as specified in the test administration materials.~~

6.03 ~~Each student enrolled in home school who is considered to be in the required grades or no more than two (2) years beyond the age appropriate grade will be tested by using the State identified norm referenced achievement test.~~

- ~~6.04 — Parents/guardians or groups of home school parents/guardians requesting alternate testing procedures, protocols, locations and/or timeframe must be submitted in writing three (3) weeks prior to the testing window to the education service cooperatives or the Pulaski County school districts and testing must remain within the State identified testing dates. If approved, alternate testing procedure costs, other than the testing materials, shall be the responsibility of the parent/guardian.~~
- ~~6.05 — Alternate testing procedures and protocol will be arranged by the education service cooperatives and Pulaski County school districts.~~
- ~~6.06 — Requests from parent/guardian whose child(ren) cannot test on Saturdays due to religious reasons will be accommodated. Parent/guardians must indicate in the appropriate section at the time they file their Notice of Intent that their child(ren) cannot test on Saturdays due to religious reasons.~~

~~7.00 — TEST RESULTS~~

~~Test results for home school students will be used for reporting purposes only. The parent/guardian will receive the individual student profile. The Arkansas Department of Education will receive the administrative summaries. The administrative summaries will not contain personally identifiable information.~~

~~86.00 TRANSFER OF STUDENTSENROLLMENT OR RE-ENROLLMENT IN LOCAL SCHOOLS~~

- ~~8.01 — Students transferring from a home school to a school which is accredited by the Arkansas Department of Education shall be evaluated by the staff of the accredited school to determine proper placement. As part of the ongoing assessment process, a State identified norm referenced achievement test shall be one of the instruments utilized.~~
- ~~8.02 — Home Schools are not accredited by the Arkansas Department of Education. There are no grades, credits, transcripts or diploma provided by the Arkansas Department of Education, education service cooperative or by the local school district for students enrolled in home school.~~
- 6.01 — Each local school district may assess any home-schooled student who enrolls or reenrolls in the school district in order to determine proper education placement.
- 6.02 — A local school district that chooses to assess a home-school student who enrolls or reenrolls in the school district may use the same assessment that the school district uses when a student who has attended another public school or private school enrolls or reenrolls.
- 86.03 — Any home school student who ~~re-enters~~ enrolls or re-enrolls in a local school district must shall attend classes for at least nine (9) months immediately prior to

graduation before the student can become eligible to receive a high school diploma from the local school district.

97.00 STUDENTS WITH DISABILITIES

97.01 By way of these regulations, it shall be the policy of the State Board of Education that school districts provide a genuine opportunity (see 34 C.F.R. Sec. 76.651(a)) to students who are home-schooled with disabilities, as defined in state regulations, to access special education and related services from the district where they reside. This policy is not to be construed as conferring the procedural protections and rights under Part B of the Individuals with Disabilities Education Act (IDEA) to such students and their parent/guardians.

9.02 Each student with disabilities in the required grades who participates in the norm-referenced testing program shall, upon notification in the application for testing, be eligible for any or all modifications allowed by the test procedures. The use of such modifications will be approved by the educational services cooperative director or his designee.

108.00 DRIVER'S PERMIT/LICENSE

A student enrolled in a home school shall present proof of home schooling in the form of a *notarized* copy of the Notice of Intent along with an application for an instructional permit or driver's license. *The parent/guardian has the responsibility of providing the notarized copy. Signature of the parent/guardian is required in-person at a State Revenue Office.*

SUMMARY OF PROPOSED CHANGES TO THE ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING HOME SCHOOLS

Renumbering where insertions/deletions made.

- Section 1.02 Regulatory authority updated to include Act 832 of 2015.
- Section 3.02 Obsolete definition deleted.
- Section 3.03 Obsolete definition deleted.
- Section 3.04 Obsolete definition deleted.
- Section 4.07 Obsolete reference to testing deleted.
- Section 4.08 Obsolete reference to testing deleted.
- Section 5.00 This section was updated to include the online Notice of Intent and Waiver form as an option for parents. This section was also rearranged and cleaned up to make the overall process more clear, but also to clarify that a paper form needs to be submitted directly to the district the first time a parent notifies the school of the intent to homeschool, but the online form may be submitted in subsequent years.
- Section 6.00 Entire section is deleted as a result of Act 832.
- Section 7.00 Entire section is deleted as a result of Act 832.
- Section 8.01 Obsolete reference to testing deleted.
- Section 8.02 Deleted statement regarding home schools lack of accreditation.
- Section 6.01 Insertion allowing a local district to assess a home school student to determine proper education placement. ***Section number 6.01 due to renumbering after deletion of Sections 6.00 and 7.00*
- Section 6.02 Insertion allowing a local district to use the same assessment tool for home school students that it does for students attending another public or private school. ***Section number 6.02 due to renumbering after deletion of Sections 6.00 and 7.00*
- Section 8.00 Clarified that in order for a home school student to obtain a permit or drivers license, the signature of the parent/guardian is required to be given in person at the State Revenue Office and that notarizing of the form is not necessary. ***Section number 8.00 due to renumbering after deletion of Sections 6.00 and 7.00*

Changes made as a result of the public comment period:

- | | |
|--------------|---|
| Section 4.01 | Corrected to reflect correct age cut-off date. |
| Section 4.05 | Section reworded to provide clarity and better match statutory language. |
| Section 5.01 | Corrected word order for Notice of Intent and Waiver form. |
| Section 5.03 | Added language to include the parents duty to acknowledge the State is not liable for educating their child(ren) during the time the parent choose to home school. |
| Section 6.03 | Changed “re-entered” to “enrolls or re-enrolls” for clarity and to maintain consistency with language used elsewhere in the law and rules. |
| Section 8.00 | Removed the deletion of the requirements for notarizing the Notice of Intent form for purposes of obtaining a driver’s permit/license, as it is required by Ark. Code Ann. § 27-16-701. |

06/12/2016	Bill Morelan	<p>Comment: Section 6.03 - "Any home school student who re-enters a local school district ..." should be changed to "Any home school student who enrolls or reenrolls in a local school district ..." First, this better reflects the language in Sections 6.01 and 6.02. Second, under the current wording, parents could make a case for enrolling their child midway through the senior year if he/she has never been enrolled in public school before ... because he/she is not "re-entering" the system. The revised wording clarifies this.</p>	<p>Response: Comment considered. Section reworded to clarity and to maintain consistency with language used elsewhere in the law and rules.</p>
		<p>Comment: Sections 5.04.3 - I'm strongly opposed to changes to this section. As written, the requirement is very weak ... and the proposed change makes it almost useless. Here is my reasoning:</p> <p>1) Under this new wording, a parent could simply say, "I'm going to teach English, math, and science" ... and they're done. It assumes that all homeschool parents are making good decisions regarding their child's instructional needs, without any meaningful input from the state at all.</p> <p>So why is that a problem?</p> <p>2) There is an off-shoot of the homeschool movement that's sometimes referred to as "no schooling. This is how I've seen it play out: Parents (often uneducated and low income) pull their children out of school (often for reasons related to emotion, not logic), keep them out of school for a year or two (with no instruction at</p>	<p>Response: Comment Considered. No changes made.</p>

		<p>all), then put them back into the system (now far behind their peers). Even with our teachers best efforts at remediation (our district implements a full RTI program), these kids almost never catch up again. The lost potential is heart-breaking.</p> <p>3) The proposed change to this section does nothing to address the situation described above. In fact, as written, it could actually be seen as supporting the actions of these families. Because they claim to be homeschooling, the truancy laws do not apply ... even though little or no instruction is taking place. Furthermore, by not specifically addressing this issue, the new rules do not support "the clear goal" of "fully preparing all students for success in college and career" as outlined in the bi-partisan Every Child Succeeds Act (ESSA).</p> <p>4) It is important to note that these comments are not directed at dedicated home school families! My oldest daughter home schools my grandsons, and she is president of her local Homeschool Association. She does an amazing job with their education, and I firmly support her. However, in this context it should be noted that she shares my concern about the "no school" movement and the lasting damage it can have on a child's education.</p>	
06/14/2016	Rebecca Miller-Rice, BLR	<p>Comment: (1) Section 5.023 – It appears that based on Ark. Code Ann. § 6-15-503(a)(2), parents moving into the school district during the school year must fulfill two duties: (1) provide written notice of intent to provide home schooling and (2) sign a waiver acknowledging that the State is not liable for the education of the child during that time. The instant section as written omits the latter. Is there a reason the</p>	<p>Response: Comment Considered. Updated Section 5.03 to reflect parents duty to acknowledge the State is not liable for educating their child during the time they choose to home school.</p>

		Department does not wish to mirror the statute? I suspect that the Intent and Waiver form may be inclusive of this waiver; however, in the prior section, Section 5.02, the two are still set out separately despite using the same form.	
		Comment: (2) Section 86.03 – It appears that this section is premised on Ark. Code Ann. § 6-15-304(b), which requires that students who <i>enroll</i> for the first time or who reenroll in the school district complete nine months before becoming eligible to receive a diploma. This instant section, however, makes this requirement solely applicable to those who reenroll. Is there a reason the Department has done so?	Response: Comment considered. Section reworded to clarity and to maintain consistency with language used elsewhere in the law and rules.
		Comment: (3) Section 9.02 – Does this section, which still refers to norm-referenced testing, remain apposite in light of Act 832’s removal of the testing requirements?	Response: Comment considered. Norm-reference testing is still mentioned in § 6-15-509 for when home school students avail themselves to the interscholastic activities of the district. Because of this, should students with disabilities who take any norm-reference testing need modifications, they should be approved under this section. No changes made.
06/15/2016	Richard Page, Superintendent Gravette School District	<p>Comment: Since there are over 2000 home school students in Benton County, and over 18,000 home school students across the state. There should be a concern about the quality of education that these students are receiving. A student can choose Home school at any time throughout the year, not just August or September and grades are not a determining factor in waiving or approving a person’s home school opportunities. We as a state will be paying for this educational neglect for years to come.</p> <p>Add: A student may not enroll in home school unless the student has a cumulative 2.00 GPA.</p>	Response: Comment Considered. No changes made.

		Let's stop legalized drop out!	
07/06/16	Lucas Harder, ASBA	Comment: 4.01: This section is out of date. A.C.A. 6-18-201 references the date set in 6-18-207, which requires all children to begin kindergarten who will be age five on or before August 1 instead of September 15.	Response: Comment Considered. Correction made.
		Comment: 4.05: This section appears to read that a person may only apply for a kindergarten waiver if the child will not be five by the statutory date, which does not match statutory language. I would recommend changing it to read: Parent or guardian of a child, who is eligible to attend kindergarten but will not be age six (6) by the date set in Ark. Code Ann. § 6-18-207 of the following year, may elect, in accordance with Ark. Code Ann. § 6-18-201, for the child to not attend kindergarten by filing a Kindergarten Waiver form with the local school district office	Response: Comment Considered. Change made to provide clarity.

**Arkansas State Board of Education
Resolution**

WHEREAS, State Representative Sheilla Lampkin devoted her career to the teaching profession; and

WHEREAS, She was a math and special education teacher in Drew County, retiring after 30 years; and

WHEREAS, Serving District 9, she was elected to the Arkansas House of Representatives in 2011; and

WHEREAS, She advocated for children as vice chair of the House Education Committee; and

WHEREAS, She championed legislation that was designed to ensure that all students receive a quality education; and

WHEREAS, She dedicated her lifetime to the children of Arkansas;

NOW, THEREFORE, BE IT RESOLVED THAT

We, the members of the Arkansas State Board of Education,
honor State Representative Sheilla Lampkin for her
commitment to education, service to her community and state,
and dedication to the students of Arkansas.

90th General Assembly

A Bill

Regular Session, 2015

HOUSE BILL 1377

By: Representatives Murdock, C. Armstrong, Blake, Broadaway, C. Douglas, K. Ferguson, M.J. Gray, K. Hendren, Leding, G. McGill, Nicks, Richey, Sullivan, Walker, D. Whitaker, Wright

For An Act To Be Entitled

AN ACT TO ALLOW A SCHOOL DISTRICT TO BE GRANTED THE
SAME WAIVERS THAT ARE GRANTED TO AN OPEN-ENROLLMENT
PUBLIC CHARTER SCHOOL THAT DRAWS STUDENTS FROM THE
SCHOOL DISTRICT; AND FOR OTHER PURPOSES.

Subtitle

TO ALLOW A SCHOOL DISTRICT TO BE GRANTED
THE SAME WAIVERS THAT ARE GRANTED TO AN
OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL
THAT DRAWS STUDENTS FROM THE SCHOOL
DISTRICT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

*SECTION 1. Arkansas Code Title 6, Chapter 15, Subchapter 1, is amended
to add an additional section to read as follows:*

6-15-103. School district waivers.

*(a) A school district may petition the State Board of Education for
all or some of the waivers granted to an open-enrollment public charter
school that draws students from the school district.*

*(b) The petition for all or some of the waivers granted to an open-
enrollment public charter school that is submitted by a school district shall
include:*

*(1) The name of the open-enrollment public charter school that
draws students from the school district;*

(2) A copy of the waivers granted to the open-enrollment public

1 charter school; and

2 (3) A list of the waivers that the school district seeks to have
3 granted.

4 (c)(1) The state board shall grant, in whole or in part, or deny, in
5 whole or in part, a petition for a waiver submitted by a school district
6 within ninety (90) days of receiving the petition.

7 (2) The state board shall notify the superintendent of the
8 school district in writing of the decision of the state board.

9 (3) A waiver that is granted, in whole or in part, shall be
10 valid for the duration that the waivers are valid for the open-enrollment
11 charter school.

Possible Considerations When Determining School District Waiver Requests

1. How does the waiver supports or complements the district's vision/strategic plan?
2. What are the specific benefits to students if these waivers are granted? What are the expected academic gains to the students if these waivers are granted?
3. What are the specific plans to implement the waiver (e.g., if the district is asking for larger class sizes, how are you going to do this; what is the largest you want to allow)?
4. Is the waiver consistent with district policy? It is important to recognize that the State Board may allow a waiver for flexibility, but whether the district can exercise it depends upon district policy. In the end, it is up to the district to effectuate the waiver.
5. What is the fiscal impact of the waiver? Will there be additional costs associated with this waiver, and if so, what is the source of funding? If funds are saved, what are the planned uses for the saving?
6. What effects will the waiver have on current academic, fiscal, or facilities distress status? Will the waiver help the district to alleviate the distress issues, or hinder the district's progress? Will the waiver cause any distress issues?
7. Will the use of the requested waivers cause any issues with the district's compliance with the Standards of Accreditation? Will the use of the requested waivers assist the district in resolving any accreditation issues?
8. How has the charter school effectively applied this waiver, and how do you expect to implement that effectiveness into your district?
9. Has your school board approved the use of the requested waivers? Do you have a board resolution?
10. Have you notified the staff that you intend to request and implement these waivers? If so, what methods of notification did you use, and how often were the notifications sent out/published, etc.? If you have not notified the staff, how and when do you plan on notifying them?
11. Have you notified the parents and the community that you intend to request and implement these waivers? If so, what methods of notification did you use, and how often were the notifications sent out/published, etc.? If you have not notified the parents/community, how and when do you plan on notifying them?

1.0 State Board Hearing Procedures Related to District Waivers

- 1.01 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by the Board Chairperson.
- 1.02 The District shall have twenty (20) minutes to present its case to the State Board for approval of the proposed waivers. The Chair of the State Board may grant additional time, if necessary.
- 1.03 Parties opposed to the proposed waivers, if any, shall have twenty (20) minutes to present their case to the State Board for disapproval of the proposed waivers. The Chair of the State Board may grant additional time, if necessary.
- 1.04 The District shall have five (5) minutes to respond to any arguments in opposition to the proposed waivers. The Chair of the State Board may grant additional time, if necessary.
- 1.05 The State Board will follow the presentation with discussion of the proposed waivers and questions to any of the parties. The State Board may also ask questions at any time during the presentation by the District or the opposing parties.
- 1.06 The State Board shall grant, in whole or in part, or deny, in whole or in part, the proposed waivers and issue a final decision at the hearing or take the matter under advisement until a future scheduled board meeting. However, the State Board must make a decision within 90 days of receiving the petition.

Methods for Districts to Obtain Waivers of Statutes and Rules

THREE PATHS TO WAIVERS

- 1 District conversion charter**
- 2 School of innovation designation**
- 3 Waivers granted to open-enrollment charters serving students who reside in the district**

DIFFERENCES BETWEEN THE THREE PATHS

METHODS FOR DISTRICTS TO OBTAIN WAIVERS OF STATUTES AND RULES

	DISTRICT CONVERSION CHARTER	WAIVERS GRANTED TO OPEN-ENROLLMENT CHARTERS SERVING STUDENTS WHO RESIDE IN THE DISTRICT	SCHOOL OF INNOVATION DESIGNATION
Authority	<ul style="list-style-type: none"> - A.C.A. § 6-23-201 et seq. - ADE Rules Governing Public Charter Schools 	A.C.A. § 6-15-103 et seq.	<ul style="list-style-type: none"> - A.C.A. § 6-15-2801 et seq. - ADE Rules Governing Schools of Innovation
Approved By	Charter Authorizer	The State Board of Education	The Commissioner of Education
Granted For	The district conversion charter school	The district / all schools in the district	The designated school of innovation
Process for Approval	<ul style="list-style-type: none"> - An application and at least one public hearing conducted by the Charter Authorizing Panel - Subject to review by the State Board of Education who may conduct a second public hearing 	The district petitions for waivers using a required form and appears before the State Board of Education	<ul style="list-style-type: none"> - Must have 60% approval of eligible employees to submit an application - Review by Arkansas Department of Education staff and determination by the Commissioner
Waiver Restrictions	** Monitoring compliance	- Monitoring compliance	- Health, safety, civil rights, and disability rights requirements
	** Public school accountability code	- Public school accountability code	- High school curriculum and graduation requirements
	** High school graduation requirements	- High school graduation requirements	- Financial audits, audit procedures, and audit requirements
	** Special education	- Special education	- Criminal background checks for school employees and volunteers
	** Criminal background checks for employees	- Criminal background checks for employees	- Open records and open meetings
	** Health and safety codes	- Health and safety codes	- Purchasing limitations and requirements
	** Ethical guidelines and prohibitions	- Ethical guidelines and prohibitions	- Teacher Fair Dismissal Act
	** NOTE: While these restrictions explicitly apply to open-enrollment charters, it has been common practice for the authorizer to prohibit district conversion charters from waivers of these laws and rules.		- State laws and rules regarding gifted and talented education

TIMELINES

DISTRICT CONVERSION TIMELINE FOR CHARTERS TO OPEN IN 2017-2018

DATE	EVENT/DEADLINE
February 11, 2016 **	State Board of Education approves application form
March 1, 2016	Letters of intent to apply due to ADE by 4:00 p.m.
March 3, 2016, 1:00 p.m.	Mandatory applicant workshop
August 4, 2016	Applications due to ADE by 4:00 p.m.
August – September 2016	Application review by ADE staff (Charter Internal Review Committee [CIRC])
Early October 2016	Applicants respond to ADE staff review
October 19-20, 2016 **	Charter Authorizing Panel conducts applicant hearings
November 10, 2016 **	State Board of Education determines whether to review any applicant determinations made by the Panel (If the State Board of Education decides to review an applicant decision made by the Panel, the Board will conduct a hearing at a later meeting.)
** Subject to change	

SCHOOLS OF INNOVATION TIMELINE FOR DESIGNATION IN 2016-2017

DATE	EVENT/DEADLINE
December 4, 2015	Applications released
December 16, 2015, 9:30 a.m.	ZOOM technical assistance meeting
January 29, 2016	Applications due to ADE by 4:00 p.m.
February 1 – March 11, 2016	ADE Educational Options Committee reviews applications Schools clarify and/or revise, as requested by ADE
March 16, 2016	FINAL applications due to ADE by 4:00 p.m.
March 17 – April 8, 2016	Educational Options Committee reviews FINAL applications
April 11, 2016	Recommendations sent to the Commissioner
April 29, 2016	New Schools of Innovation announced

TIMELINE FOR REQUESTING WAIVERS GRANTED TO OPEN-ENROLLMENT CHARTERS THAT SERVE STUDENTS WHO RESIDE IN THE DISTRICT

DUE DATE FOR SUBMITTING WAIVER REQUESTS	DATE TO BE CONSIDERED BY THE STATE BOARD OF EDUCATION
December 14, 2015	January 14-15, 2016
January 11, 2016	February 11-12, 2016
February 10, 2016	March 10-11, 2016
March 14, 2016	April 14-15, 2016
April 12, 2016	May 12-13, 2016
May 9, 2016	June 9-10, 2015
June 14, 2016	July 14-15, 2016
July 11, 2016	August 11-12, 2016
August 8, 2016	September 8-9, 2016
September 13, 2016	October 13-14, 2016
October 10, 2016	November 10, 2016
November 8, 2016	December 8-9, 2016

Additional Information

NOTE:

The three methods to obtain waivers have no impact on the course approval process that is handled by the Curriculum Unit. An online submission system will be introduced after the new year.
