70% of students will meet their goal as determined by their designation on Covenant Keepers' Wraparound Growth Goal Model. (see illustration below)	NWEA MAP assessment data	Annually

CK Model of Wraparound Levels and Individualized Goals
Developed based on the trends we see in our population of students

Level 1: **Achieving/low motivation** -social/emotional wrap-around -physical/health wrap-around as needed **-Goal: 70% of students will make 1.5 years of growth annually as determined by NWEA MAP assessments in Reading and Math.**	**Level 0** **Achieving/high motivation** -minimal to no wrap-around **-Goal: 70% of students will meet or exceed their individual annual growth goal as determined by NWEA MAP assessments in Reading and Math.**
Levels 2/3 (moderate/severe) **Under-achieving/low motivation** -meet social/behavioral/physical/health needs first, then work on academic concerns. **-Goal: 90% of students will continue receiving necessary wraparound services at Covenant Keepers.**	**Level 1:** **Under-achieving/high motivation** -academic wrap-around only **-Goal: 70% of students will make 1.5 years of growth annually as determined by NWEA MAP assessments in Reading and Math.**

Level 0- Achieving/High Motivation (Minimal to No Wraparound):
70% of students will make 1 year of growth annually as determined by NWEA MAP assessments in Reading and Math.
Level 1- Under-Achieving/High Motivation (Academic Needs Only):
70% of students will make 1.5 years of growth annually as determined by NWEA MAP assessments in Reading and Math.
Level 1-Achieving/Low Motivation (Social/Behavioral Needs Only):
70% of students will make 1.5 years of growth annually as determined by NWEA MAP assessments in Reading and Math.
Level 2- Under-Achieving/Low Motivation (Academic and Social/Behavioral Needs-Moderate):
70% of students will make 1 year of growth annually as determined by NWEA MAP assessments in Reading and Math.
Level 3- Under-Achieving/Low Motivation (Academic and Social/Behavioral Needs- Severe):
90% of students will continue receiving necessary wraparound services at Covenant Keepers.

Section 6 – Finance

Review the charter's most recent annual financial audit report. For each finding, address the following:

- If the finding had been noted in any prior year audits;
- The corrective actions taken to rectify the issue; and
- The date by which the issue was or will be corrected.

2013-2014 Finding (not a finding in prior year)
Noncompliance with Ark. Code Ann. 6-13-635, Salary Increase of 5% or more
The Charter School failed to review and approve employees with an increase in pay of 5% or more as promulgate in Commissioner's Meme FIN-14-048, dated February 5, 2014. The memo specified the proper report, which identified pay increases in excess of 5%, and required presentation to the Board of Directors along with a resolution no later than the October board meeting.

Respond below in 11 point Times New Roman font. This response can be no longer than 4 pages.

Covenant Keepers acknowledges that we did not comply with A.C.A. 6-13-635 in that the Charter Board did not review and approve pay increases of 5% for the previous year and file a report with ADE by the stated deadline. In the future, Covenant Keepers will fully comply with this financial management and reporting requirement.

Section 7 – Waivers

Review the following list of statutes and rules that have been waived for the charter school:

Waivers from Title 6 of the Arkansas Code Annotated (Education Code)	
6-10-106	School year dates
6-13-108	Length of directors' terms
6-15-1004	Qualified teachers in every public school classroom
6-17-201 et seq.	Requirements—Written personnel policies—Teacher salary schedule
6-17-203	Committees on personnel policies—Members
6-17-302	Principals—Responsibilities
6-17-309	Certification to teach grade or subject matter—Exceptions—Waivers
6-17-401	Teacher licensure requirement
6-17-418	Teacher licensure—Arkansas history requirement
6-17-902	Definition (definition of a teacher as licensed)
6-17-919	Warrants void without valid certification and contract (the ability to pay a teacher's salary only upon filing of a teacher's certificate with the county clerk's office, if the requirement of a teacher's certificate is waived for such teacher)
6-17-980	Teacher's salary fund
6-17-1001	Teacher Minimum Base Salary (repealed)
6-17-1501-1510 et seq.	Teacher Fair Dismissal Act
6-17-1701-1702 et seq.	Public School Employee Fair Hearing Act
6-17-2201 et seq.	Classified School Employee Minimum Salary Act
6-17-2301 et seq.	Classified School Employee Personnel Policy Law
6-17-2302	Business managers
6-17-2303	Committee on personnel policies for each school district

6-17-2401 et seq.	Teacher Compensation Program of 2003
6-18-706	School nurses—Nurse-to-student ratio
6-18-1001 et seq.	Public School Student Services Act
6-20-1401	Pertaining to school construction standards (approved only as it relates to owned property versus leased property)
6-20-1406	Pertaining to school construction standards (approved only as it relates to owned property versus leased property)
6-20-1407	Pertaining to school construction standards (approved only as it relates to owned property versus leased property)
6-20-2208(c)(6)	Monitoring of expenditures (gifted and talented)
6-25-103	Library media services program defined
6-25-104	Library media specialist—Qualifications
6-42-101 et seq. 6-17-920	General Provisions (gifted and talented) Examination of teachers' contracts (a) It shall be the duty of the county clerk when the teachers' contracts are filed, as required by Sections 6-13-620 and 7-17-919, to examine such contracts. (b) If the county clerk finds that any board of directors has entered into contracts with teachers who have not recorded a valid teacher's certificate with the clerk, he or she shall immediately notify the board of directors in writing to correct the contract(s) to conform to the legal requirements.

Waivers from ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

15	Personnel
15.03	Licensure and Renewal
16.01	Guidance and Counseling
16.02	Media Services
16.03	Health and Safety Services
16.03.1	School nurse
18	Gifted and Talented Education

Waivers from Other Rules:

ADE Rules Governing Waivers for Substitute Teachers
ADE Rules Governing Uniform Dates for Beginning and End of School Year
ADE Rules Governing Minimum School House Construction Standards
ADE Rules Governing Length of Directors' Terms of Three Years Appointed
ADE Rules Governing Parental Notification of an Assignment of a Non-Licensed Teacher to Teach a Class for More than Thirty (30) Consecutive Days and for Granting Waivers
ADE Rules Governing Public School Student Services
ADE Rules for Gifted and Talented Program Approval Standards

Part A: New Waiver Requests

Complete the waiver request form to include each additional law and rule from Title VI of Arkansas Code Annotated, State Board of Education Rules and Regulations, including the Standards for Accreditation that the charter would like the authorizer to waive. A rationale is required for each new waiver request.

If no new waivers are requested, state this.

Respond below in 11 point Times New Roman font.

Planning Period

- Ark. Code Ann. §6-17-114 (teacher planning time): Covenant Keepers requests this waiver to have flexibility to, as needed, provide its teachers with the required planning time during their regularly scheduled hours of work, but not during the student instructional day (i.e. during a time range of 4:00-5:00). Our teachers do an exceptional amount of collaborative data analysis and planning; having planning time together after dismissal would align well with this practice and allow for much more comprehensive collaboration.

Duty-Free Lunch

- Ark. Code Ann. §6-17-111 (duty-free lunch): Covenant Keepers requests a waiver from this statute to provide flexibility in making assignments for duty-free lunches. Although we will continue to provide at least 150 minutes of duty-free lunch per week, we request greater flexibility in planning the lunchtime on a daily basis.

School Board

- Ark. Code Ann. §6-13-619(c) and (d) (to be waived of restrictions concerning board members who need to attend meetings electronically instead of in person): Covenant Keepers requests flexibility from this statutory provision to allow for those occasions when board members are only available to participate by telephone or electronic communication.
- Ark. Code Ann. §6-13-615, 616, 621, 628, and 630-634 (sections of the school board portion of the Code that are not applicable to open-enrollment public charter schools): Covenant Keepers seeks exemptions from these portions of the Education Code to the extent that they govern school board operations. CK is requesting this waiver from these statutes, which are on their face applicable only to school districts, to ensure that there is no confusion as to the applicability of the statutes to the governance of CK's charter.
- Ark. Code Ann. §6-14-101 et seq. (provisions concerning school district board elections which are not applicable to open-enrollment public charter schools): CK seeks exemptions from these portions of the Education Code to the extent that they govern school board operations. CK is requesting this waiver from these statutes, which are on their face applicable only to school districts, to ensure that there is no confusion as to the applicability of the statues to the governance of CK's charter.

Seat Time

- Section 14.03 of the ADE Standards for Accreditation Rules (seat time waiver): Due to its implementation of digital coursework, project-based learning, and extensive RTI, Covenant Keepers requests a waiver of seat time requirements. Covenant Keepers hereby affirms that it will adhere to full curriculum alignment with the Arkansas Frameworks or Common Core State Standards, and will be glad to submit to the ADE and/or the Charter Authorizing Panel any additional information that may be desired.

Part B: Waivers to Be Rescinded

List each waiver granted by the authorizer that the charter would like to have rescinded. If no waivers are listed, the charter may be required to adhere to all waivers listed on both the original and renewal charter documentation.

If the charter wishes to maintain all currently approved waivers, state this.

Respond below in 11 point Times New Roman font. Contact staff in the Charter Schools Office if this response needs to be longer than 5 pages.

We wish to maintain all currently approved waivers.

Section 8 – Requested Amendments

List any amendment requests and provide a rationale for each (i.e., changes to grade levels, enrollment cap, location, educational plan).

A **budget** to show that the charter will be financially viable **must accompany** any amendment request to **change grade levels, the enrollment cap, relocate, and/or add a campus**. The budget must document expected revenue to be generated and/or expenses to be incurred if the amendment request is approved.

A request to add or change a location must be accompanied by a Facilities Utilization Agreement.

If no charter amendments are requested, state this.
Respond below in 11 point Times New Roman font. Contact staff in the Charter Schools Office if this response needs to be longer than 5 pages, excluding any budget pages.

Covenant Keepers is not requesting charter amendments as we renew our Charter Application.

PUBLICCHARTER SCHOOL
STATEMENTOFASSURANCES
OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL RENEWAL

The signature ofthecharter leader of the public charter schoolcertifies that the following statements are true and willcontinue to be addressedthrough policies adopted by the public charterschool;and,staff of the public school shall abide by them:

1. I have approval and authority to submit this application on behalf of the sponsoring entity.

2. The information submitted in thisapplicationis true tothe bestof my knowledge and belief.

3. The open-enrollment public charterschool is open to all students,on a space-available basis,and shallnotdiscriminate in its admissionpolicy on thebasis ofgender,national origin,race,ethnicity, religion,disability,oracademic or athletic eligibility, except as follows: the open-enrollment public charter school may adopt admissions policies that are consistent with federal law, regulations, or guidelines applicable to charter schools. The charter may provide for the exclusion of a student who has been expelled from another public school district if approved by the authorizer to do so.

   If the open-enrollment charter school becomes over-subscribed, meaning more students apply for admission than can be accommodated given the enrollment cap, the charter school will hold one annual random and public lottery. The results of the lottery will be used to fill the open seats and populate a waitlist to remain in use for the duration of the school year. Any students that apply for admission after the lottery has been conducted will be added to the end of the waitlist in the order in which they apply. All admissions policies and procedures used, including the time and location of the lottery, will be advertised to the public.

4. In accordance with federal and state laws, the public charterschool hiring and retention policies ofadministrators, teachers,and other employeesdo notdiscriminate on the basis ofrace, color,national origin,creed, sex,ethnicity,sexual orientation,mental orphysical disability,age,ancestry, or special need.

5. The public charterschool operatesin accordance with federallaws and rules governing publicschools;applicable provisions ofthe Arkansas Constitution;and state statutesorregulations governing public schools not waived by the approved charter.

6. The open-enrollment public charter school does not use the moneys that it receives from the state for any sectarian program or activity, or as collateral for debt.

   However, open-enrollment public charter schools may enter into lease-purchase agreements for school buildings built by private entities with facilities bonds exempt from federal taxes under 26 USCS 142(a) as allowed by Arkansas Code Annotated § 6-20-402. No indebtedness of an open-enrollment public charter school shall ever become a debt of the state of Arkansas.

7. The open-enrollment public charter school does not impose taxes or charge students tuition or fees that are not be allowable charges in traditional public school districts.

8. The open-enrollment public charter school is not religious in its operations or programmatic offerings.

9. The open-enrollment public charter school ensures that any of its employees who qualify for membership in the Arkansas Teacher Retirement System or the State and Public School Employee Insurance Program are covered under those systems to the same extent any other qualified employee of a traditional school district is covered.

10. The open-enrollmentpublic charterschool complies with all healthand safety laws,rules andregulationsof the federal,state, county,region,orcommunity thatapply to thefacilities and school property.

11. The employees and volunteers ofthe open-enrollmentpublic charterschool are held immune fromliability to the sameextentas otherschool districtemployees and volunteers underapplicable state laws.

12. The open-enrollmentpublic charterschool shall be reviewed foritspotential impact on the efforts of a public school districttocomply with court orders and statutory obligations to create and maintain a unitary systemof desegregated public schools.

13. Open-enrollment charter board members and other leaders understandthatcertain provisions ofstate law shall notbe waived. The public charterschool is subjecttoany prohibition,restriction, orrequirementimposed by Title6 of the Arkansas Code Annotated and any rule and regulation approved by theState Board ofEducation underthis title relatingto:

   (a) Monitoring compliancewith Arkansas Code Annotated § 6-23-101 etseq. as determinedby the Commissionerof the Departmentof Education;

   (b) Conductingcriminal background checks foremployees;

(c)High school graduation requirements as established bythe StateBoard of Education;

(d) Special education programs as provided by this title;

(e) Public school accountability underthis title;

(f)Ethical guidelines andprohibitions as established by Arkansas Code Annotated§ 6-24-101 *etseq.*, and any othercontrollingstate or federal law regarding ethics orconflicts ofinterest;and

(g) Health andsafety codes as established by the State Board ofEducation and local governmental entities.

14. The facilities of the open-enrollment public charterschool comply with all requirements foraccessibility forindividuals with disabilities in accordance with the ADA and IDEA and all otherstate and federal laws.

15. Should the open-enrollment public charter school voluntarily or involuntary close, it is understood that that any fees associated with the closing of the school including, but not limited to, removal of furniture, equipment, general expenses, etc., are the sole responsibility of the sponsoring entity. No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. Upon dissolution of the open-enrollment public charter school or upon nonrenewal or revocation of the charter, all net assets of the open-enrollment public charter school, including any interest in real property, purchased with public funds shall be deemed the property of the state, unless otherwise specified in the charter of the open-enrollment public charter school. If the open-enrollment public charter school used state or federal funds to purchase or finance personal property, real property or fixtures for use by the open-enrollment public charter school, the authorizer may require that the property be sold. The state has a perfected priority security interest in the net proceeds from the sale or liquidation of the property to the extent of the public funds used in the purchase.

Arkansas Rice Depot
hunger no more

December 17, 2015

Dr. Valerie L. Tatum,

The Arkansas Rice Depot is pleased to support Covenant Keepers Charter School's efforts to provide wrap-around services for families in and around the Southwest Little Rock community.

As food insecurity rates continue to increase we have more children in our state than ever who are in need. As an organization that understands the urgency of this need, we truly believe that it is important for Arkansans to work together to ensure that our children have access to nutritious food.

We appreciate Covenant Keepers for joining our cause of addressing food insecurity. All that you do to support the children in your school and community is deeply appreciated by everyone at Arkansas Rice Depot.

Congratulations on your exciting proposal and I wish you the best of success with your application. I look forward to working with you in the coming years as we take concrete steps to translate the wraparound philosophy into concrete policies and practices needed to bridge and reduce hunger across the state.

Sincerely,

LaKaija Johnson

December 17, 2015

Dear Dr. Tatum,

Pulaski Technical College is Arkansas largest two-year college. Pulaski Tech's faculty and staff are committed to making Pulaski Tech an exciting and innovative place to learn.

Please accept this letter of support and commitment from Pulaski Technical College to provide academic encouragement in the form of: access to campus tours, invitations to participate in our S.T.E.M day activities, and opportunity to register students for our teen college summer course.

With the goal of Covenant Keepers to provide wrap-around services to disadvantaged students and their families in this community, we are excited to offer support in helping you to reach your goals.

Respectfully,

Kareem Moody, Director
Network for Student Success

NEW BEGINNINGS LLC
BEHAVIORAL HEALTH SERVICES

Overview

New Beginnings Behavioral Health Services, LLC (NBBHS) is pleased to submit this proposal for services to support Covenant Keepers Charter School students in achieving better mental and behavioral health by receiving mental health school-based services. NBBHS has been providing individual therapy, group therapy, family therapy, medication management and paraprofessional services to clients who reside in Pulaski County since 2010. Services are provided during school time setting as well as in evening clinic hours; Saturday Clinic hours; and in the home. We are staffed with a board certified Child Psychiatrist; a State licensed APN; several State licensed therapists; and certified paraprofessionals.

Objective

- Several students have behavior problems at school and at home. They will be taught how to use better coping skills in an effort to reduce less disruptive behaviors.

- The absence of regular classroom instruction causes a decrease in learning; low to failing grades and poor test scores. By having a Mental Health Professional and Mental Health Paraprofessional regularly available to assist students will help alleviate students disciplinary actions such as suspension or expulsion.

Opportunity

- Our goal is to reduce the number of disruptive behaviors at home and at school.

- Improve the client's mental and behavioral health to allow the client to develop and use appropriate behavior in the school as well as home setting.

- Allows the student to have a greater chance of academic success.

Solution

- Work together with parents, teachers, staff and administrators at Covenant Keepers Charter School.

- Provide individual therapy; group therapy, and family therapy to the clients and their families as well as provide paraprofessional services in the school setting.

- Provide free mental health presentations to staff and administration.

Our Proposal

NEW BEGINNINGS LLC
BEHAVIORAL HEALTH SERVICES

NBBHS will be able to provide a Mental Health Professional and Mental Health Paraprofessional to Covenant Keepers Charter School in an effort to help alleviate disruptive behavior by it's students. This will allow clients to receive much needed services and allow them to receive a continuation of care.

Rationale

- To reduce the number of disruptive behavior and suspensions that the student is having in the school setting.
- Share current information and interventions that may help our clients be successful in school.
- Reduce clients' level of distress while at school by providing additional support.

Execution Strategy

By providing clients' individual therapy and paraprofessional services in the school setting, this will allow teachers and administrators of Covenant Keepers Charter School to reduce the number of disruptions that a student is having in the school setting and furthering a continuation of care for the client.

Clients whom we have access to in the surrounding school districts have benefited greatly from their services from New Beginnings Behavioral Health Services. We have been able to work with the district school administrators, school staff and teachers to help our clients reduce their problematic behaviors and levels of distress. Working with the school district has kept many of our clients in their current educational setting. If our clients have to be removed from their current educational setting, with the proper intervention, support and guidance they were able to return to their previous educational setting with success.

Our Approach

Our clients will receive individual therapy and paraprofessional services at least 3-4 times per month. The therapist and the paraprofessional will communicate with each other and "staff" the client in regularly scheduled meetings with the clinical director and lead therapists to determine the best possible care for the client. We understand that the client's education is the most important factor of the student's success and that we will work with the school staff to determine the appropriate time to provide the client with therapy and paraprofessional. The client's treatment team will also be available for any crisis that the client may have at school. In addition to meetings with the school staff and administrators to aid in the creation of behavioral plans, the student's therapist will attend 504 plan meetings and IEP meetings to benefit the student. Some students may have issues related to trauma due to a parent being in prison; death of a guardian; and DHS custodial cases in which intensive treatment services may be needed. Our therapeutic team is aware of how trauma can impact a clients' life and are able to address those issues using a trauma focused program. The client's treatment team

will be able to provide information on how to work with our clients who are experiencing anxiety and distress due to surviving traumatic situations.

Our treatment team has developed solutions to help the student in their day to day social and educational interaction and we feel that it would be advantageous for our clients, the school and the district to allow us to share our solutions and interventions with the school staff of Covenant Keepers Charter School.

Expected Results

By being able to provide school-based services to clients at Covenant Keepers Charter School, the students will receive the following benefits:

- A reduction in distress and disruptive behavior for our clients in the school setting.
- Clients remain in school and have a reduction in suspensions.
- Increase the understanding of our clients' unique problems by the school staff.
- Provide additional support for the students, parents and teachers to help deal more effectively with disruptive students.

Conclusion

We look forward to working with Covenant Keepers Charter School and supporting your efforts to improve the educational success of your students. Our office is located at 7107 W. 12th Ste. 201, Little Rock, AR 72204. We can be reached by phone at 501-663-1837.

Thank you for your consideration,

Chirie Bazzelle, M.S.

CEO

OUR HOUSE
Hope for the Working Homeless

Memorandum of Understanding

Between:

Our House, Inc.
302 East Roosevelt Road
Little Rock, AR 72206

Covenant Keepers Charter School
5615 Geyer Springs Road
Little Rock, AR 72209

This memorandum of understanding is hereby entered into between Our House, Inc., hereinafter referred to as Our House and Covenant Keepers Charter School.

Purpose:
The purpose of this Memorandum of Understanding (MOU) is to develop and expand a framework of cooperation between Our House and Covenant Keepers Charter School. It is our goal to develop and continue mutually beneficial programs and projects that serve the homeless residents of Our House and the families of the Central Arkansas Family Stability Institute (CAFSI).

CAFSI serves as a long term solution to prevent families from experiencing homelessness and support them on their journey to stability. CAFSI families work collaboratively with a Case Manager for one year and address four key areas: housing, educational, financial and employment stability. Families are connected to resources and programs that can benefit their specific family. Case plans are designed and tailored to meet the needs of each family as every CAFSI family is unique.

Covenant Keepers Charter School will identify families in need of services provided by the CAFSI Program who meet the criteria of having school aged children and are living beneath the poverty threshold.

Covenant Keeper Charter School shall:

1. Refer families in need of services who are living beneath the poverty threshold or have experienced homelessness in the past.

Our House Agrees to:

1. Provide clients with case management to help support their housing and employment stability.
2. Provide clients with case management to help keep all children in their school of origin.
3. Provide clients with an array of resources and services to further provide support for stability.

It is mutually understood and agreed by and between the parties that:

OUR HOUSE
Hope for the Working Homeless

1. Modifications within the scope of this agreement shall be made by mutual consent of the parties, by the issuance of a written modification, signed and dated by all parties and prior to any changes being performed.
2. This agreement in no way restricts Our House or Covenant Keepers Charter School from participating in similar activities with other agencies, organizations or individuals.
3. Any of the parties, in writing, may terminate this agreement in whole or in part at any time before the date of expiration.
4. While on the grounds of Our House, Covenant Keepers staff members, contractors and program participants will be subject to the policies and norms set forth by Our House. Our House is an alcohol, drug and weapon-free campus.
5. The principal contacts for this partnership are:

Our House Contacts

Non-fund obligating document
This agreement is neither a fiscal nor a funds obligation document. Any endeavor or transfer of items of value involving reimbursement or contribution of funds between the parties to this agreement will be handled in accordance with applicable laws, regulations and procedures. Such endeavors will be outlined in separate agreements that shall be made in writing by representatives of the parties and shall be independently authorized by appropriate statutory authority. This agreement does not provide such authority.

Date of Agreement
This agreement is in effect as of December 16th 2015 and will last until either party chooses to exit the agreement. The following parties agree to abide by the details of this Memorandum of Understanding.

Dr. Valerie Tatum
Covenant Keepers Charter School
5615 Geyer Springs Rd.
Little Rock, AR 72209

Dr. Tatum:

The Central Region HHI Staff of the Arkansas Department of Health are committed to assisting Covenant Keepers Charter School with providing health related education to students and families as appropriate and as available. We will work with you to coordinate dates for educational opportunities for the aforementioned groups.

In addition, our Community Health Promotion Specialist and Community Health Nurse Specialist will assist in providing technical assistance and training to school health personnel and the school wellness committee.

Information on accessing local health unit services such as WIC, immunizations, and reproductive health services will be provided and services will be promoted at school events and educational programs.

We look forward to working more closely with you to serve your school community in an effort to improve overall health.

Sincerely,

Anna R. Haver

Dr. Valerie Tatum
Superintendent
Covenant Keepers Charter School
5615 Geyer Springs Road
Little Rock, AR 72203

Dear Dr. Tatum:

Please accept this letter of support and commitment from the Brandon House Cultural & Performing Arts Center herein referred to as Brandon House. The mission of Brandon House is to transform lives through creative and performing arts.

Brandon House provides youth with real world hands-on work experiences, on-the-job training, and arts-based career development opportunities in varied professions in the arts including **fine arts** (i.e. engraving, calligraphy); **digital** (i.e., digital technology, web design, news/media, filming, video game design, and graphic design); literary (i.e. poetry, filming, writing); **visual** (i.e., painting, printmaking, crafting, sculpturing); and **performing** (i.e., dance, theater, music). Brandon House PAC provides related education and arts programming opportunities through collaborative efforts for students through partnerships with school districts, community based organizations, and faith-based groups targeting at risk and disadvantaged families.

With the goal for Covenant Keepers to provide wrap-around services to disadvantaged students and their families in this community, we are excited to continue our partnership with Covenant Keepers Charter School. Having worked with you in 2015 to develop and write for a 21st Century Learning Center grant, we collaborated on developing a program that would offer academic support through math and science clubs, enrichment activities that include music, arts, drama and family involvement activities that include family literacy education and family involvement initiatives.

Again, we look forward to implementing the 21st Century Program activities targeting students from Covenant Keepers.

Most Sincerely,

Dr. Pamela Bax

Dear Dr. Tatum:

It is a pleasure to write this letter in support of Covenant Keepers College Preparatory Charter School and you in your endeavor to provide quality education that allows all students the opportunity to enroll in a high school that can prepare them for career readiness programs. After meeting you a few years ago, I was greatly impressed with your professionalism and remarkable commitment to students and their families, the community in which they live, and affecting positive social change through education. Therefore, it is without reservation I write this letter of support for students who have come to our facility on a first offense.

Our goal is to recommend parents to enroll in a smaller school environment to ensure academic and mental health needs are available onsite. In the past, we've recommended parents to enroll their high school student into the charter school to develop skills that their student may lack. We will work closely with Covenant Keepers to help teachers understand the different dynamics that come along with students who come from impoverish demographics. I believe the school's mission is one that addresses the needs of the students and community as a whole as it prepares the youth for a better future. The location of Covenant Keepers Charter School and its mission are indivisible and perfectly suited to meet the many needs in the 72209 zip code area. Covenant Keepers is a viable option for our students to receive a quality education and develop skills to make the right choices.

The Pulaski County Juvenile Detention Center appreciates the opportunity to partner and share resources that will impact student lives throughout high school.

Respectfully submitted,

Carma Gardner, Director
Pulaski County Juvenile Detention Center

December 14, 2015

To Whom it May Concern,

I am writing to state my genuine interest in motivating and inspiring the students and workers of Covenant Keepers Charter School for the upcoming 2016-2017 summer and school year. I have nine years of public speaking ranging from elementary kids up through college and adulthood. I have various experiences in entrepreneurship, athletics, and academics. Thus, through this letter, I will show you my qualifications as well as my desire to play a positive role in the environment for your school, programs, and events.

At age 16 I attended Paul Quinn College as a young teen seeking to gain more knowledge on my educational goals. In 2004 the Entrepreneur college class I attended provoked my first company that same summer (Snow Cone Island). I am a former track All American and 2010 Cum Laude graduate of Morehouse College with a Bachelors in Kinesiology and Health Physical Education. Under the supervision of Willie Hill, I trained for the 400 M Dash to compete in the 2008 Summer Olympics in Beijing. During my time at Morehouse I also became one of the "Sons of Oprah" and was brought out to be a special guest on the Oprah Winfrey Finale Show. In 2011 I received my Master's in Education with a concentration in Biomechanics from Auburn University, where I assisted and competed in Long Jump. At age 21, during my time at Auburn University I also began my mission of teaching on the collegiate level. I have assisted in coaching/mentoring both AAU, USA, and Collegiate athletes for the past eight years and have been an advocate for helping the underprivileged attain goals outside of their environmental influences; both academically and athletically. I moved to Little Rock Arkansas after finishing at Auburn to start yet another mission, supporting my youngest brother through Philander Smith College. Faith and confidence in my mission led me to Arkansas with no job and no other family or friends. After 6 months I had become an Assistant General Manager over trainers for the largest chain of gyms in Arkansas (10 Fitness). During that six month period of patiently waiting I was allowed to put my teaching skills to the test part time at two of little rocks HBCU colleges. I am currently a full- time professor and Assistant Head Track/Field coach at Arkansas Baptist College and adjunct at Philander Smith College. I also perform for the Memphis Grizzlies NBA dunk team around the world and previously performed with the Atlanta Hawks before moving to Arkansas. I am currently finishing up a doctorate in Healthcare Education and will help implement it in my nonprofit program (All My God Sons, Inc.), Fitness Company (Total Body Fitness Training LLC), and acrobatic dunk company (Dunk Doctors LLC). I am the Godfather to four energetic boys, whom I have helped raise as my own since their birth. My boys along with family and friends are the driving force that motivates me to keep striving for the top and helping others see their own success. Stay tuned as I continue to create greatness and inspire all. I am confident that I can inspire many to bring out the shining stars that dwell deep within all of our spirits. I look forward to hearing working within your programs.

Yours very truly,

Hasaan J. A. Rasheed

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	10
Number of enrolled students with completed EOY only:	21

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Documentation of Charter Authorizing Panel Action

Covenant Keepers Renewal Application and Priority Status Hearing

Motion

To approve the renewal of the charter for 3 years

Barnes-**M**	Liwo	Saunders-**2**
Gotcher	Pfeffer	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			While the charter has come before us multiple times, some successes with a population that other area schools have not shown are evident. A local high school has supports available for exiting students. Transition time must be taken into consideration for stabilization.
Gotcher		**X**		I feel growth has been demonstrated through formative assessment data and leadership stability. Covenant Keepers is meeting the needs of the Latino community, and I feel they may need more support as changes occur. However, I felt supportive of extending their renewal more than 3 years, therefore, I voted against the motion
Lester	**X**			It will give the charter 3 years to implement plans for growth and data will be available for consideration by the Panel.
Liwo	**X**			The charter has been in place for 8 years. It has a history of academic distress and is designated as a priority school. While the charter has demonstrated NWEA MAP growth, it has not demonstrated a similar success rate

				with regard to proficiency performance according to Arkansas standards. However, this may be due to factors (i.e.- test changes) outside of the charter's control. The charter has brought forth plans (i.e.-Wrap Around Services etc.) which may help increase the performance of students. A 3 year renewal is acceptable to help with a final determination on whether the charter will be able to achieve success in student performance.
Pfeffer	**X**			This 3 year renewal provides the charter with an opportunity to demonstrate that its new administration and focus on growth is aligning with higher achievement and growth as demonstrated on the new state assessments. While I have concerns regarding the school's current Priority and Academic Distress statuses, I feel that the future will provide a more stable environment for data analysis and review of impact. I will continue to look at this school's data to see if there is alignment between the school's NWEA data and the state assessment data.
Rogers		**X**		Although the charter does need to be monitored for academic performance, I think they need a longer commitment to show the community and students they serve that they are stable and will be there.
Saunders	**X**			I have concern over current performance; however consistent standards and assessment will provide the school an opportunity to demonstrate performance and growth.
Smith	**X**			The application and presentation showed significant improvement in school culture, academic growth and professional learning over the past two years. Continued focus pertaining to the academic status needs to be closely monitored. I was impressed by the community relationships developed with many in their area to meet the needs of their student

				population.

RE: Notice of Charter Authorizing Panel Decision
eStem Public Charter Schools, Little Rock

Dear Mr. Bacon:

On February 19, 2016, the Charter Authorizing Panel met and approved the amendment requests for eStem Public Charter Schools. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director
Public Charter Schools

RE: Charter Amendments

Dear Ms. Boyd:

Attached please find a series of charter amendment requests for eStem Public Charter School, LEA 6047700. We request the opportunity to present these proposed changes to our current charter at the February Charter Authorizing Panel meeting. We hope to receive authorization to begin implementation of the changes in the spring of 2016 in order to be prepared for the beginning of the 2017-2018 school year.

The expansion of eStem Public Charter School's enrollment capacity is necessary at this time so we can begin to meet the needs of some of the approximately 6,000 students currently on our waiting list. We will be requesting the opportunity to renovate current facilities on the UALR campus while also constructing two new school buildings. Due to the engineering and construction timelines, the February meeting is the latest we can request our amendments and open a new campus in July of 2017.

The following charter amendment requests are integrated with and fully dependent upon each other, thus we request they be considered in their entirety.

We appreciate your attention regarding this request.

Respectfully,

John Bacon
Chief Executive Officer

eStem Public Charter School

Charter Amendment Request Summary

January 13, 2016

eStem Public Charter Schools, Inc., is a non-profit charter school management organization (CMO). The CMO established eStem Elementary Public Charter School, eStem Middle Public Charter School, and eStem High Public Charter School in downtown Little Rock for the 2008-2009 school year under three separate five-year charters granted by the Arkansas State Board of Education in December 2007. Each school is an open-enrollment public charter school meaning it is open to any student residing in Arkansas.

On July 1, 2013, the three charters were combined into one charter system now called eStem Public Charter School. The three eStem schools are funded with public money appropriated by the Arkansas Legislature just as any other public school.

eStem Elementary School is located at 112 West Third Street in downtown Little Rock in the former Democrat Gazette Building. The current enrollment is 490. Below is the breakdown by grade.

- Kindergarten 101 students in six classes
- 1st Grade 100 students in five classes
- 2nd Grade 100 students in five classes
- 3rd Grade 94 students in four classes
- 4th Grade 95 students in four classes

eStem Middle School is also located at 112 West Third Street in downtown Little Rock in the former Democrat Gazette Building. The current enrollment is 473. Below is the breakdown by grade.

- 5th Grade 106 students in five classes
- 6th Grade 127 students in five classes
- 7th Grade 121 students in five classes
- 8th Grade 119 students in five classes

eStem High School is located at 123 West Third Street in downtown Little Rock (across the street from the K-8 building) in the former Federal Reserve Bank Building. The current enrollment is 499. Below is the breakdown by grade.

- 9th Grade 130 students
- 10th Grade 133 students
- 11th Grade 112 students
- 12th Grade 124 students

The total enrollment for eStem Public Charter School is 1462. The existing facilities cannot be expanded. Currently there are approximately 6,000 potential students on the wait list for eStem Public Charter School. In order to begin to meet the needs of some of these students, it's necessary to build and/or lease additional campus buildings.

Below is a summary of the six (6) charter amendment request forms submitted in this package by eStem Public Charter School, LEA 6047700. Additionally, we are seeking four (4) new waivers. These amendment requests are integrated with and dependent upon each other and need to be considered in their entirety.

- Increase enrollment cap from 1462 to 3844
- Change grade levels served at the current elementary, middle and high school campuses
- Relocate the existing middle and high school campuses
- Add three new school buildings to serve the requested increase in enrollment

The existing downtown campuses (K-9) will increase by 12 students for a maximum enrollment of 1474.

We plan to build two new schools at 400 Shall Street in the area near the Clinton Library and Heifer International. The elementary school will house grades K-6 with a capacity enrollment of 795 students in the 2018-2019 school year. The junior high school will house grades 7-9 with a capacity enrollment of 450 students in the 2018-2019 school year. Both schools will share a multi-purpose area for meals, playground and outdoor area, parking, etc.

On September 11, 2015, a partnership between the University of Arkansas Little Rock and eStem Public Charter Schools, Inc. was approved by the University of Arkansas System Board of Trustees.

This collaborative effort will allow eStem Public Charter School to realign the high school creating a campus located in Larson and Ross Hall on the UALR campus. The renovated site on the UALR campus will house grades 10-12 beginning with 450 students in the 2017-2018 school year reaching a capacity enrollment of 1125 students in the 2026-2027 school year.

The partnership will also give eStem's students opportunities to learn the STEM disciplines — science, technology, engineering, and mathematics — from some of the leading scholars in their field. As an additional benefit, 11th and 12th graders will have the option of taking college-credit courses and graduating from high school with an associate degree in hand.

We hope to receive authorization to begin implementation of the changes in the spring of 2016 in order to be prepared for full implementation at the UALR campus in the 2017-2018 school year. The campus to be located at 400 Shall Street will open in the 2018-2019 school year.

ARKANSAS DEPARTMENT OF EDUCATION

CHARTER AMENDMENT REQUEST FORM

Charter Name eStem Public Charter School

LEA Number 6047700

Type of Amendment Requested:

☒ **Increase enrollment cap**

Current cap 1462

Proposed cap 3844

☒ **Waiver**

Waiver Topic: **Clock Hours for Units of Credit**

Statute/Standard/Rule to be Waived

Standards for Accreditation

- ADE Rules Gov. Standards for Accreditation Section 14.03

Rationale for Waiver

Due to the parnership between UALR and eStem Public Charter School, we are requesting a waiver to this standard in order for eStem students to have the opportunity to take concurrent classes on the UALR campus. The college class schedule does not match the high school schedule. Therefore, the total hours in class may be less than the required 3600 minutes per semester. eStem is not, by this request, asking for a waiver of graduation requirements. The granting of this waiver will not create a dilution of the coursework required to meet all necessary standards and frameworks for graduation. This waiver will make it easier for eStem students to obtain college credits concurrently with high school credits.

Waiver Topic: **Full-Day Attendance**

Statute/Standard/Rule to be Waived

Arkansas Code Annotated

- Arkansas Code Ann. 6-18-211

Rationale for Waiver

Due to the partnership between UALR and eStem Public Charter School, we are requesting a waiver to this standard in order for eStem students to have the opportunity to take concurrent classes on the UALR campus. Due to college class structure, eStem students may not be attending class for a full-day depending on how many concurrent classes the student is enrolled in. eStem is not, by this request, asking for a waiver of graduation requirements. The granting of this waiver will not create a dilution of the coursework required to meet all necessary standards and frameworks for graduation. This waiver will make it easier for eStem students to obtain college credits concurrently with high school credits.

ARKANSAS DEPARTMENT OF EDUCATION

CHARTER AMENDMENT REQUEST FORM

Waiver Topic: **Class Size and Teaching Load**

Statute/Standard/Rule to be Waived

Standards for Accreditation

- ADE Rules Gov. Standards for Accreditation Sec. 10.02

Rationale for Waiver

eStem Public Charter School requests flexibility to have its teachers assigned no more than five (5) students above the permissible student/teacher ratio per grade level and/or teaching load, only on an as-needed basis, to maximize its teaching resources.

Waiver Topic: **Board Member Presence**

Statute/Standard/Rule to be Waived

Arkansas Code Annotated

- Ark. Code Ann. 6-13-619 (c-d)

Rationale for Waiver

eStem Public Charter School requests flexibility from this statutory provision to allow for those occasions when members are only available to participate by telephone or electronic communication.

FACILITIES UTILIZATION AGREEMENT

To be completed and submitted with an amendment request to add a new campus or relocate an existing campus

Lessor(Owner): Southern Landlord, LLC

Lessee(Tenant): eStem Public Charter Schools, Inc.

Any information regarding affiliation, family ties, or other relationships between the Lessor (Owner) and Lessee (Tenant) must be disclosed with the facilities lease agreement.

Describe the present use of the facility:
Cassroom building currently used by eStem High Public Charter School.

Address of Premises: 123 W. 3rd Street
Little Rock, AR 72201

Square Footage: 43,133

Terms of Lease: Long-term

Rental Amount: $279,999.96 per year

Contingency: The terms of this agreement are contingent upon
eStem Public Charter School
Charter School
receiving approval by the Authorizer to operate an open-enrollment public charter school at the premises identified.

Statutory Language Concerning No Indebtedness:
No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the State of Arkansas or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. An open-enrollment public charter school shall not incur any debt, including any lease, without the prior review and approval of the Commissioner of Education.

We affirm that the facility is, or will be prior to charter occupancy, compliant with ADA/IDEA accessibility regulations, and will remain so while the charter occupies the location.

for such violations of this covenant and eSTEM or its successor shall have thirty (30) days to cure such violations and if such violations have not been cured to the reasonable satisfaction of the Board by such date, title to the property and improvements thereon shall revert to UALR or its successors free and clear of all liens and encumbrances.

B. Larson Hall. UALR will also lease to eSTEM a building on the UALR campus known as Larson Hall through a long-term lease terminating at the same time the reversionary interest in the Property set forth hereinabove becomes effective. The lease will provide that e-STEM shall be responsible for fire and casualty insurance in commercially reasonable amounts approved by UALR (or, if allowed by the insurer, may participate through UALR's blanket property insurance) and that all costs of reasonable and ordinary maintenance and repair, necessary capital repairs or renovations and utilities shall be the expense of eSTEM. "Utilities" as used herein shall mean and refer to natural gas, electricity, water and sewer and telephone, internet and telecommunication services. The lease may also provide for reimbursement of UALR for certain services agreed upon between the parties to be provided for the facility.

2. Construction and Renovation.

A. New Facility. Promptly after closing of the purchase of the Property, eSTEM will commence and diligently pursue construction on the Property of a facility of approximately 60,000 square feet for the education of 9th and 10th grade students beginning in July 2017. The facility will be designed by eSTEM's architects, Witsell, Evans Rasco, and the design, plans and specifications shall be approved by UALR to be compatible and consistent with other buildings on the campus and particularly with the new Department of Arts and Design facility to be constructed by UALR on the south side of 28th Street through a grant from the

Windgate Foundation. Such architectural approval will not be unreasonably withheld, conditioned or delayed. UALR will also provide for parking for employees and students of eSTEM upon financial arrangements to be agreed upon between the parties.

B. Larson Hall Renovation. eSTEM will renovate Larson Hall at an anticipated cost of $3.5 Million (which the parties acknowledge is an estimate subject to financial examination and justification) provided either through private philanthropy or borrowing from proceeds of bonds issued by the Arkansas Development Finance Authority. In the same manner set forth above UALR shall review and approve renovation design, plans and specifications for architectural compatibility. If and to the extent that UALR is requested and agrees to serve as a party obligated on such bonds, eSTEM will pay sufficient lease payments to cover the debt service on such bonds as well as the maintenance and repair of the facility and shall provide such other financial guarantees as UALR might reasonably request.

C. Ross Hall. The building currently known as Ross Hall or any replacement of such facility by whatever name known, will be made available to eSTEM for students who are unable to be accommodated by Larson Hall on terms and conditions to be agreed upon between the parties (not to include additional payments or guarantees by eSTEM) and such arrangements may be reflected as an amendment or amendments to the lease.

D. Financing of Improvements. eSTEM anticipates that it may be necessary to mortgage the Property to finance the construction of improvements thereon and to secure a loan or bond issue for such improvements and for other purposes. To protect UALR's reversionary interest in the Property, eSTEM will obtain the guaranty of a financially responsible third party approved by UALR to pay and discharge, at the request of UALR, any mortgage or

MEMO

ARKANSAS DEPARTMENT OF EDUCATION

DATE: November 6, 2015

TO: Charter Authorizer

FROM: ADE Legal Services Staff

SUBJECT: Desegregation Analysis of Amendment Request for eStem Charter School

I. INTRODUCTION

eStem Public Charter School is an open-enrollment charter school located within the boundaries of the Little Rock School District. The school is approved to serve grades kindergarten (K) through twelve (12) with an enrollment cap of 1,462.

eStem is requesting to increase its enrollment cap to 4,241 and to relocate the existing middle and high school campuses, change the grade levels served at the elementary, middle, and high school campuses, and add four new buildings.

II. STATUTORY REQUIREMENTS

Although Ark. Code Ann. § 6-23-106 requires the authorizer to carefully analyze the impact of any new proposed charter school on the efforts of public school districts to achieve and maintain unitary systems, it does not require the authorizer to conduct an analysis of proposed amendments to an existing charter. However, Ark. Code Ann. § 6-23-106(c) states that the State Board "shall not approve any … act or any combination of acts that hampers, delays, or in any manner negatively affects the desegregation efforts of a public school district or public school districts in this state."

III. INFORMATION SUBMITTED BY THE APPLICANT AND THE AFFECTED SCHOOL DISTRICT

eStem is located within the boundaries of the Little Rock School District (LRSD). As of October 1, 2015, the enrollment at eStem was 1,462.

A desegregation analysis submitted by the charter school is attached as Exhibit "A". To date, no desegregation-related opposition to the charter amendments has been received.

IV. DATA FROM THE DEPARTMENT

Enrollment as of October 1, 2015, for the three traditional public school districts in Pulaski County and the open-enrollment charter schools in Pulaski County is as follows:

	2 or More Races	Asian	Black/ African American	Hispanic	Native Am. Hawaiian/ Pacific Islander	White	Totals

IV. ANALYSIS FROM THE DEPARTMENT

"Desegregation" is the process by which a school district eliminates, to the extent practicable, the lingering negative effects or "vestiges" of prior *de jure* (caused by official action) racial discrimination. The ADE is aware of desegregation orders affecting LRSD, PCSSD, and the North Little Rock School District (NLRSD). *Little Rock School District, et al. v. Pulaski County Special School District, et al.*, Case No. 4:82-cv-00866-DPM (E.D. Ark.). The goal of a desegregation case with regard to assignment of students to schools is to "achieve a system of determining admission to the public schools on a non-racial basis." *Pasadena City Board of Education v. Spangler*, 427 U.S. 424, 435 (1976) (*quoting Brown v. Board of Education*, 349 U.S. 294, 300-301 (1955)).

In 2002, the Little Rock School District was declared unitary with respect to the majority of its desegregation plan obligations and released from court supervision in those areas. *Little Rock School District v. Pulaski County Special School District*, 237 F. Supp. 2d 988, 999 (E.D. Ark. 2002). In 2007, LRSD successfully completed its desegregation efforts and was declared fully unitary by the federal court. *Little Rock School District v. Pulaski County Special School District*, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed February 23, 2007. This order was affirmed by the Eighth Circuit Court of Appeals on April 2, 2009. *Little Rock School District v. Pulaski County Special School District*, 561 F.3d 746 (8th Cir. 2009). In February and March 2010, the federal court held hearings on the motions of NLRSD and PCSSD to be declared unitary. On May 19, 2011, the federal court held that neither district was fully unitary. *Little Rock School District v. Pulaski County Special School District*, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed May 19, 2011. However, on December 28, 2011, the Eighth Circuit Court of Appeals ruled that NLRSD is fully unitary but that PCSSD is not. *Little Rock School District v. State of Arkansas*, 664 F.3d 738 (8th Cir. 2011).

On January 13, 2014, the presiding federal judge in the Pulaski County Desegregation Case gave final approval to a settlement agreement between the Joshua Intervenors, Knight Intervenors, Little Rock School District, North Little Rock School District, PCSSD and the State of Arkansas. Pursuant to the settlement agreement, the only remaining obligation of the State of Arkansas is to continue the distribution of desegregation payments to the three Pulaski County school districts through the 2017-2018 school year. On January 30, 2014, the Court also approved a stipulation among the parties that PCSSD is unitary in the areas of Assignment of Students and Advanced Placement, Gifted and Talented and Honors Programs. Based on the stipulation, the Court released PCSSD from supervision and monitoring in these areas. Thus, as of January 30, 2014, all three school districts in Pulaski County are unitary in the area of student assignments. On April 4, 2014, the court found that PCSSD is unitary in the areas of special education and scholarships. PCSSD remains non-unitary in the following five areas of its desegregation plan: (1) Discipline; (2) School Facilities; (3) Staff; (4) Student Achievement; and (5) Monitoring.

Because eStem draws students from Pulaski County, Arkansas, the authorizer must ensure that any act it approves does not hamper, delay, or in any manner negatively affect the desegregation efforts of PCSSD. As the Supreme Court noted in *Missouri v. Jenkins*, 515 U.S. 70, 115 (1995):

> [I]n order to find unconstitutional segregation, we require that plaintiffs "prove all of the essential elements of *de jure* segregation -- that is, stated simply, a current condition of segregation resulting from *intentional state action directed specifically* to the [allegedly segregated] schools." *Keyes v. School Dist. No. 1*, 413 U.S. 189, 205-206 (1973) (emphasis added). "[T]he differentiating factor between *de jure* segregation and so-called *de facto* segregation . . . is purpose or *intent* to segregate." *Id.*, at 208 (emphasis in original).

As noted above, PCSSD remains under federal court supervision with regard to five areas of the district's desegregation plan. Therefore, the authorizer should consider whether granting the amendment will negatively affect PCSSD's efforts to achieve full unitary status.

eStem Public Charter Schools
Revised Desegregation Analysis

eStem Public Charter Schools (eStem) is applying for various amendments to its charter including: (1) a change the locations of its elementary, middle, and high schools to locations within Little Rock; and (2) an increase for an enrollment cap increase from 1,462 students to 3,844 students. eStem expects to obtain most of its students from within the boundaries of the Little Rock School District (LRSD), as well as students who formerly attended private schools and home schools. eStem provides this revised analysis to include the updated enrollment figures for the 2015-2016 school year. This analysis is provided to inform the decision making of the charter authorizer with regard to the effect, if any, that the proposed amendments would have on the efforts of LRSD to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

I. The Status of Pulaski County Desegregation Litigation

eStem is providing this desegregation analysis in accordance with Ark. Code Ann. §6-23-106 to review the potential impact that its amendments would have upon the efforts of LRSD to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools. In conducting its review, eStem has substantiated that LRSD has been declared unitary in all respects of its school operations. The Pulaski County desegregation litigation was first filed in 1982. *Little Rock School District, et al v. Pulaski County Special School District, et al*, Case No. 4:82:cv-00866-DPM. In 1989, the parties entered into a settlement agreement (the "1989 Settlement Agreement") under which the Arkansas Department of Education, the three Pulaski County school districts, and the intervenors agreed to the terms of state funding for desegregation obligations.

LRSD successfully completed its desegregation efforts in 2007 and was declared fully unitary by the federal court in 2007. *Little Rock School District v. Pulaski County Special School District*, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed February 23, 2007. In 2010, LRSD filed a motion to enforce the 1989 Settlement Agreement. The motion contended that operation of open-enrollment public charter schools within Pulaski County interfered with the "M-M Stipulation" and the "Magnet Stipulation." On January 17, 2013, Judge D.P. Marshall Jr. denied LRSD's motion, stating:

> "The cumulative effect of open enrollment charter schools in Pulaski County on the stipulation magnet schools and M-to-M transfers has not, as a matter of law, substantially defeated the relevant purposes of the 1989 Settlement Agreement, the magnet stipulation, or the M-to-M stipulation."

Little Rock School District v. Pulaski County Special School District, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed January 17, 2013. LRSD appealed to the Eighth Circuit Court of Appeals.

One year later, on January 13, 2014, Judge Marshall approved a Settlement Agreement that included a provision stipulating to the voluntary dismissal with prejudice of the pending appeal concerning the charter school issues. In light of LRSD's unitary status and the parties' 2014 Settlement Agreement, eStem's proposed amendments cannot interfere with the purposes of the Pulaski County desegregation litigation, which has been fully concluded as to LRSD. After the dismissal and the settlement agreement, the case was completely concluded for all purposes as to LRSD, and the federal court terminated all jurisdiction in the matter. Because of that, there is no possibility that eStem's proposed amendments could impact LRSD's unitary status. To be clear, eStem's proposed amendments cannot impact LRSD's unitary status because 1) there is no case in which LRSD's unitary status could be an issue; 2) LRSD made a claim regarding operation of open-enrollment charter schools in federal court in 2010 and lost it; and 3) LRSD settled the charter school claim in 2014, and as a consequence released or waived any such claim.

II. The Requested Amendments

According to the 2015-2016 school year enrollment figures as maintained by the ADE Data Center, LRSD had a student population of 23,164 students. eStem's proposed new enrollment cap of 3,844 students would constitute an increase of approximately 12% additional students from the LRSD population, or approximately 16.6% of the total LRSD population. Under Ark. Code Ann. §6-23-306(6)(A), eStem must be race-neutral and non-discriminatory in its student selection and admission process. While it is impossible to project its future racial composition accurately, eStem will continue to implement admissions policies that are consistent with state and federal laws, regulations, and/or guidelines applicable to charter schools.

In addition, Ark. Code Ann. §6-23-106 requires that eStem's operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of a public school district or districts within the state. As explained in more detail above, eStem's careful review of the relevant statutes and court orders affecting LRSD and its student population shows that such negative impact is not present here. LRSD is completely unitary and no longer has any ongoing desegregation obligations.

III. Conclusion

eStem submits that upon the basis of its review, neither any existing federal desegregation order affecting LRSD nor the 1989 Settlement Agreement prohibit the State's charter school authorizer from granting the requested amendments for open-enrollment public charter schools in Pulaski County.

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	0
Number of enrolled students with completed EOY only:	0

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Four Capitol Mall
Little Rock, AR 72201

Re: LISA Academy and eStem Public Charter School Amendment Requests

Ladies and Gentlemen:

The enclosed memorandum is written in response to the pending charter amendment requests of LISA Academy and eStem Public Charter School. Please include the memorandum and exhibits in the submissions for both requests. My role as superintendent of Little Rock School District ("LRSD") requires that I consider the best interests of the LRSD with respect to all of my actions. My intent with the enclosed memorandum is to present facts which generally speak for themselves. These facts are critical to your analysis and decision.

The analysis is made more definitive because the charter schools involved have actual operating histories, and because it is fair to assume that they will continue on the trajectories which they are on at this time.

Thank you very much for your consideration of the enclosed memorandum.

Sincerely yours,

H. Baker Kurrus
Superintendent of Schools

Memorandum

To: Arkansas Department of Education Charter Authorizing Panel
From: Baker Kurrus, Superintendent, Little Rock School District
Date: February 2, 2016
Re: Charter Amendment Requests for eStem Public Charter School ("eStem") and LISA Academy ("LISA"), and Desegregation Analysis

INTRODUCTION. LRSD is under the control of the Arkansas Department of Education ("ADE"). ADE also controls Pulaski County Special School District, and all of the 21 or so charter schools in Pulaski County. ADE also controls the Virtual Academy, headquartered here. Jacksonville is likewise under some degree of State control, until at least July 1, 2016. In short, ADE controls all of the school districts in Pulaski County except North Little Rock. It is relatively easy for me to assess the conditions that exist in LRSD today with respect to academic performance, facilities, staffing, budgeting, transportation and the like. If only current conditions are considered, the options in LRSD are becoming more clear.

It is much more challenging to address the potential problems that are on the horizon for LRSD. LRSD needs to make decisions today that meet the challenges of the future. If current decisions fail to take into account dynamic long range changes, then the solutions for today's problems will not meet future needs. Good leaders solve problems by anticipating them, and having solutions in place when the issues materialize.

I. A COMPREHENSIVE PLAN IS NEEDED FOR EDUCATION IN PULASKI COUNTY.

As I try to meet both the daily demands of this position and try to address the problems of the future, I am challenged by the fact that there is no comprehensive plan for the provision of public education in Pulaski County. This makes planning for LRSD almost impossible. If the ADE expects to continue to approve new charters, LRSD needs to plan for this. Without a comprehensive longer range plan, or at least some idea of the future plans that the ADE has for the school districts it controls, it is nearly impossible for LRSD to formulate a sensible plan.

Before I put forward more specific and detailed ideas, I think it would be helpful to describe a few of the principles which influence my current thinking.

It will be very difficult to sustain LRSD, or any school district, unless the district is broadly supported in its community.

A school district which fails to attract and retain a broad base of students will have an increasingly difficult challenge meeting test score requirements which do not take poverty into account. School districts grow much more efficiently than they shrink.

The State Board of Education has studied the configuration of school districts in our county. The State Board found that one district south of the Arkansas River would be the preferred

configuration. There is, however, no apparent timetable for this development, and no clear plan to fund this. LRSD needs to know what else ADE has planned with respect to charter expansion, charter closure, and the coordination of the districts it controls.

Little Rock School District has excess capacity in schools in some areas, and very little capacity in others. Little Rock has many serviceable but aging facilities which need to be considered for replacement or refurbishing.

We must remember that LRSD is in academic distress. Today's pressing problem is student failure in some classrooms. Despite all of the issues that exist, the foremost concern for our students must be the urgent need to impart knowledge in the classroom today.

II. CURRENT CHARTER ENVIROMENT.

There are now 13 charter schools within the boundaries of LRSD. Pulaski County has 21 open enrollment charter schools, not including the Arkansas Virtual Academy which is based in Pulaski County. These schools comprise 53% percent of total number of charter schools (Exhibit A). More importantly, these charter school districts enroll about 53% percent of the total number of charter school students in Arkansas. With the proposed increases, these charter schools within Pulaski County would enroll about 62% of the total number of charter school students in Arkansas.

Several of these charter organizations have, in essence, become competing school districts. LISA states that it requires the amendments to its charter to "complete the missing piece in a unified school system for K-12 education in West Little Rock." The eStem and LISA charter organizations are, by Arkansas standards, fairly large schools districts. For example, eStem has a current enrollment of 1,462, and is larger than 178 Arkansas school districts. LISA has 1,525 students, and is larger than 179 other school districts. The four schools operated by Responsive Education Solutions have a combined enrollment of 958. These pending amendments would raise the number of students at LISA and eStem by 2,957. eStem would then be larger than 233 school districts in Arkansas. If eStem meets its growth objective to enroll 5,000 students, it would be the 17th largest school district in Arkansas. I am not aware of any of its waivers that have been so effective as to cause a change in ADE policy or practice.

The general population in Little Rock School District is not growing in any substantial way. Much of the western part of the city of Little Rock in not located in the LRSD. Metroplan has provided me with very helpful data that shows estimated population trends. Metroplan estimates that the population within LRSD grew by an estimated .7 percent per year (.007) over the period from 2010 to 2015. Growth of charter enrollment will reduce the size of LRSD, and will dramatically change the demographics of LRSD.

III. IMPACT ON LRSD.

As a simple matter of mathematics, if LISA and eStem are successful with their announced plans, LRSD has to plan for a much smaller enrollment. Not only will LRSD's enrollment be much smaller, it will be different demographically. If the pending expansion applications of eSTEM and LISA are granted, and if these schools continue to enroll students who are similar to the ones those schools currently enroll, the racial balance in LRSD changes, the percentage of students in poverty increases, and the percentage of special education students increases. These important considerations are shown on Exhibit B. If the charter expansions of eStem and LISA are approved, and those schools enroll 75% of their new students from LRSD in the same percentages as they currently do, LRSD's white population goes down by 22%. If all the students come from LRSD, the white population drops by almost 30%. Poverty and special education population percentages rise with every expansion of LISA and eStem, because they do not enroll these students at the same levels as LRSD.

In summary, if eStem and LISA continue to enroll students with their current demographics, LRSD becomes more segregated by race and income, and has a higher percentage of students with special needs.

It will be much more difficult to exit from academic distress in this environment. As more of the higher achieving students are lost, a greater number of non-proficient students must be raised to proficiency in order to meet the exit threshold percentage.

IV. COMPETITION AND CHOICE.

Competition and choice have been a part of the landscape in Little Rock for many years. Policies which promote fair competition and informed choice are beneficial to all concerned, especially if there is a plan which minimizes the expense of massive duplication. Actions which do not promote fair competition or informed choice, or actions which result in negative segregative impacts, should be avoided. Actions which result in huge public and private investment, and which ultimately strand much of that investment in the form of excess capacity, should be avoided.

Attached as Exhibit C is a chart showing the relative poverty rankings, based on free and reduced-price lunch qualification ("FRPL"), and the percentages of students who are proficient and advanced, from the public elementary schools. This chart shows that eStem and LISA are among the most wealthy schools in the area. By itself, and without State action, the existence of a relatively wealthy school is not indicative of anything other than demographics and housing patterns. However, the creation of school systems which result in economic segregation should be considered very carefully. eStem and LISA have a lower percentage of FRPL students than all but three of LRSD's elementary schools. They are slightly more affluent than Fulbright, which serves a relatively wealthy school zone.

Little Rock Preparatory Academy is in the upper income range when compared to LRSD schools. The surrounding LRSD schools have higher FRPL percentages. LRSD schools with similar populations achieve at higher levels than the charters.

The causes of the economic segregation, which tends in Little Rock to follow racial lines, are apparent in both current practice and in the plans outlined in the pending applications. eStem and LISA are located where parents must drop their students off or arrange transportation for their students. This lowers the poverty percentages to about half of the LRSD average. It is appropriate to note that the eStem and LISA expansions are planned for areas which have expensive real estate. If the purpose is to educate students of greatest need who otherwise are not achieving (as the charter statute states), then the appropriate location would be in a higher poverty area, where real estate tends to be less expensive. The proposed location of the eStem on Shall Street, at an annual rental of $1,040,000, is especially perplexing. LRSD already has a large surplus of available seats in the area, as shown on Exhibit D. LRSD has approximately 1,994 excess seats when measured by the students who actually reside in the surrounding zones. LRSD buses over 1,000 students a day to the area and still has almost 1,000 open seats available now. LRSD does not wish to fill these seats with policies that promote segregation, by race, economics or physical condition.

eSTEM has announced a partnership with the University of Arkansas to house a high school on the UALR campus.

The chart attached as Exhibit B shows the current populations of special education students enrolled at LRSD, LISA and eStem. The chart speaks for itself, but it simply must be noted that LRSD has almost twice the percentage of students with special needs as does LISA or eStem. The comparative levels of disability of all of these students needs further study.

Competition is certainly valuable in many ways, but it must be fair. LISA and/or eStem seek waivers of class size limits, licensure and related disclosure, basic employee protections afforded to teachers in Arkansas, and the like. The request to waive class size limits proves the point that the students who are enrolled are much different fundamentally from the average students who attend public schools in Arkansas.

It is hard to argue against competition and choice. However, the competition needs to be fair, and people need to make informed choices based on permissible discriminators.

In addition, the competition is not being held under similar rules. Charters simply do not enroll poor kids or disabled kids at a rate which approaches the rates in most schools in LRSD.

Charters which enroll lower numbers of poor and disabled students have higher average test scores than schools with high numbers of low-income students. That is certainly the case almost everywhere. Public charters in Little Rock that enroll low income students struggle. One of the most poignant aspects of my planning analysis is that the closure of a failing charter will further compound LRSD's challenge, because these students in failing charters will probably come back to LRSD. In the meantime, if some charters continue to under-enroll students of greatest need, the challenge faced by LRSD becomes monumental. The obligation to provide a free and adequate education for all students ultimately falls on the State of Arkansas, so the issues in question are tremendously important.

V. CONCLUSION.

No matter how anyone feels about competition and choice, we still need to make the best planning decisions possible.

Until there is a comprehensive plan for the provision of public education in Little Rock and Pulaski County, it will be almost impossible to formulate a long-range plan for LRSD's staffing and facilities needs. It is clear that a new southwest Little Rock high school is needed, and the west Little Rock middle school will be in high demand. In other areas, the decisions depend on the State's actions with respect to charterization and privatization. I suggest we take a step back, and form a comprehensive plan for educating children in our county. As the controlling entity for most of the county's districts, the ADE should take the lead role.

If you celebrated the life of Dr. Martin Luther King, Jr. recently, I urge you to re-read the letter from a Birmingham jail, especially the part where he said, "Whatever affects one directly, affects all indirectly." He was right, especially when it comes to Pulaski County public education. Before actions are taken which result in huge expenditures of public money, there should be a plan drawn by the controlling and funding entity, with the collaboration of those impacted.

Respectfully submitted,

H. Baker Kurrus

The Academic Rank was obtained in the following manner: Schools were ranked by affluence, with the lowest % poverty school receiving the highest affluence ranking. The schools were then ranked by Literacy and Math Proficient/Advanced percentages. Each of the Literacy and Math rankings was subtracted from the school's Affluence Rank. An average was taken of the differences between Affluence and Literacy Rank, and Affluence and Math Rank. The schools then received an Academic Rank based on these average differences. Schools with a higher Academic Rank had an average Literacy/Math Rank that was higher than their Affluence Rank. Schools with a low Academic Rank had a Literacy/Math rank that was low as compared to their Affluence Rank. Schools at "par", or with an average difference approaching zero, had little difference between their Affluence rank and their average Literacy/Math rank.

Documentation of Charter Authorizing Panel Action

eStem Amendment Request

Motion

To approve the amendment request

Barnes	Liwo	Saunders
Gotcher	Pfeffer-**2**	Smith-**M**
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes		**X**		While I echo my colleagues and am in favor of what is best for students, I am at a loss in adequately knowing what that is in this situation. The complexity of the issues involved in this request is too far reaching with unknown and/or unintended potential consequences for me to comfortably make a decision at this time.
Gotcher	**X**			This expansion creates opportunity most importantly for kids and their academic success. Furthermore, it creates an opportunity for dialogue and collaboration among school leaders/business leaders to see how to best serve all of the kids in all of Pulaski County.
Lester	**X**			The proposed plan is well thought out and provides opportunities for its students. I believe that the charter needs to continue to monitor and act accordingly on the issues that could arise in the population that the charter serves.
Liwo				
Pfeffer	**X**			The charter seeks to expand and provide new opportunities for its students. The locations for the expansion will provide opportunities for a

				more diverse population. The current efforts show innovative practices and multiple community partnerships and outreach endeavors designed to promote student success. This will allow for the expansion of opportunities in a gradual time period and responsible manner.
Rogers	**X**			This was a tough decision, but I think the unique opportunities offered by eStem are popular as evidenced by their waiting list. My hope is the expanding campus will allow for continued diversity and allow more families to have more choices.
Saunders	**X**			I believe this will provide an opportunity for more students to be able to take advantage of new opportunities.
Smith	**X**			I voted in favor to approve the amendment based on a well thought out, strategic plan for expansion and academic support. I do have concerns regarding disadvantage students' enrollment numbers and some current growth measures that I encourage the school to watch.

RE: Notice of Charter Authorizing Panel Decision
Future School of Fort Smith

Dear Ms. Flanagan:

On February 19, 2016, the Charter Authorizing Panel met and made the decision to approve the amendment request for Future School of Fort Smith. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director

Re: Amendment Request

On behalf of the Future School of Fort Smith Board of Directors, I would like to request your consideration of an amendment to our current charter. On December 26, 2015, negotiations with the owners of the current facility terminated. We are now able to capitalize on the opportunity of a more suitable, permanent facility that will better serve the needs of our students.

We have reviewed other facilities to ensure that we deliver on our commitments to students and to the Arkansas Board of Education. We have decided to work with local partners who will purchase and renovate the former Girls Inc building (622 N 7th St., Fort Smith, Arkansas, 72901) so that we can lease the facility and prepare to open in August 2016.

The property is located 2.7 miles from our previous location and will allow us to continue to be accessible to students living on the north side of Fort Smith. We have reviewed the property on numerous occasions with our real estate agent, architect, general contractor and are certain that renovations for portions of the building we will need in the first year, such as the gymnasium, will be completed by August. The property includes an entire city block as well as adjacent lots.

The facility holds significant cultural and historic value to the diverse communities in Fort Smith. It contains a historical building as well as additions that were once home to a community recreation center that served generations of young people in the area. We plan to utilize temporary buildings for classrooms in year one and begin permanent renovations for our total maximum capacity (450 students) immediately.

Thank you for your time and consideration of our request.

Sincerely,

Trish Flanagan
Flanagan 1/13/16
Future School Founder

FACILITIES UTILIZATION AGREEMENT

To be completed and submitted with an amendment request to add a new campus or relocate an existing campus

Lessor(Owner): Belle Grove Development, LLC

Lessee(Tenant): Future School

Any information regarding affiliation, family ties, or other relationships between the Lessor (Owner) and Lessee (Tenant) must be disclosed with the facilities lease agreement.

Describe the present use of the facility:
Present Use of Facility: Vacant Boys and Girls Club
Disclosure: Steve Clark, Future School Board Member, may partner as a lessor to help fund the renovation of the Girls Inc.building.

Address of Premises: 622 North 7th Street, Fort Smith, AR 72901

Square Footage: 16,324

Terms of Lease: 3 years, with 5, 5 year Options

Rental Amount: Years 1 – 3, $ 3,856.00 10% increase at each Option Period

INITIAL

Contingency: The terms of this agreement are contingent upon Future School

Charter School

receiving approval by the Authorizer to operate an open-enrollment public charter school at the premises identified.

Statutory Language Concerning No Indebtedness:
No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the State of Arkansas or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. An open-enrollment public charter school shall not incur any debt, including any lease, without the prior review and approval of the Commissioner of Education.

We affirm that the facility is, or will be prior to charter occupancy, compliant with ADA/IDEA accessibility regulations, and will remain so while the charter occupies the location.

Desegregation Analysis

The Future School is requesting an amendment to relocate its open-enrollment public charter school to a new location still within the boundaries of the Fort Smith School District. As an open-enrollment public charter school unconfined by district boundaries, the Future School expects to maintain the majority of its students from the Fort Smith, Alma, Greenwood, Hackett, Mansfield and Van Buren School Districts.

The Future School is required by Ark. Code Ann. §6-23-106 to carefully review the potential impact that a change of location would have upon the efforts of school districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools. In conducting its review, the Future School finds that neither the Fort Smith School District, nor any of the other school districts listed above, is currently subject to any court orders or judicial decrees concerning the desegregation of its schools. The applicant would also note that none of the listed school districts have filed proof with the Department of Education claiming a conflict with the provisions of the Public School Choice Act of 2015. As an open-enrollment public charter school, the Future School must be race-neutral and non-discriminatory in its student selection and admission processes, and the granting of its change of location amendment request will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of any public school district or districts within the state.

Documentation of Charter Authorizing Panel Action

Future School of Fort Smith Amendment Request

Motion

To approve the amendment

Barnes	Liwo	Saunders-**M**
Gotcher-**2**	Pfeffer	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			I have no concerns regarding any adverse impact and see this as an opportunity toward a successful opening of the charter.
Gotcher	**X**			This is a great opportunity for students and a great organization. I see no concerns regarding this amendment.
Lester	**X**			I have no concerns. This seems to be a great opportunity and location in the community.
Liwo	**X**			I have no concerns with the requested amendment.
Pfeffer	**X**			I have no concerns with the request.
Rogers	**X**			I have no concerns with request to change locations and lease the modular building.
Saunders	**X**			The amendment allows the school to be located where they see the need lies.
Smith	**X**			I have no concerns regarding the new facilities. I believe the new facilities will assist the charter in meeting the educational goals.

RE: Notice of Charter Authorizing Panel Decision
Imboden Area Charter School

Dear Ms. Warren:

On February 17, 2016, the Charter Authorizing Panel met and approved the renewal application for Imboden Area Charter School for a period of 5 years. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director
Public Charter Schools

Imboden Area Charter School Summary

IMBODEN AREA CHARTER SCHOOL
RENEWAL SUMMARY
FEBRUARY 2016

Sponsoring Entity	Imboden Area Charter School, Inc.
Address	605 West 3rd Street, Imboden, Arkansas 72434
Grades Served	K-8
Enrollment	44
Maximum Enrollment	150
Number of Years Requested	10

Mission Statement (as approved in charter application)
It is the mission of Imboden Area Charter School, Inc. to promote restructuring of the existing educational system by demonstrating "**all students can learn and achieve at high levels,**" when teachers utilize a rigorous and challenging academic program, along with the flexibility to accommodate different rates of learning and different styles of learning in a democratic environment.

2014-2015 Accreditation Status
Accredited

Financial Information

Fiscal Year	Grades Served	Average Daily Membership	Legal Balance	Categorical Funds Balance
2014	K-8	60	71,485	7,563
2015	K-8	59	68,260	1,987
YTD 2016	K-8	44*	47,721	15,158

*As reported in Quarter 1

Remaining Concerns

- It appears that no data are being maintained in regards to student discipline.
- It remains unclear who creates the lessons to be taught in groups and who manages the movement of students between groups.
- The process for determining student mastery of CCSS remains unclear.
- It is unclear how the director has segregated financial accounting duties at key stages, what specific controls and restrictions are in place, and how and by whom there is increased supervision and review of reports and records at regular intervals. It also appears that no one other than the director evaluates financial procedures and compliance.
- On February 2, 2016, notice was sent to Imboden Area Charter School ceasing all Title I reimbursements until a Title I application is submitted and approved. Applications were due on October 1, 2015, but no Imboden Area Charter School application has been submitted.

BACKGROUND

Authorized March 11, 2002
Contract Expiration June 30, 2016

Renewal Request May 9, 2005

Charter renewed for three years
Amendment approved to waive:
6-17-114 Daily planning period
6-17-117 Noninstructional duties
6-17-2301 et seq. Classfied School Employee Personnel Policy Law
6-17-2303 Committee on personnel policies for each school district
6-16-130(b)(3) Visual art or music
Amendment approved to add 7th and 8th grade and increase enrollment to 150

Renewal Request March 10, 2008

Charter renewed for five years
Amendment approved to waive 6-17-111 Duty-free lunches
Amendment approved to rescind waiver of 6-17-418 Teacher certification - Arkansas history

Renewal Request June 10, 2013

Charter renewed for three years
Amendment approved to waive:
6-17-401 Teacher licensure
6-17-919 Warrents void without valid certification and contract
6-20-2208(c)(6) Monitoring of expenditures (gifted and talented)
6-42-101 et seq. General provisions (gifted and talented)
Standards for Accreditation 15.01 Superintendent
Standards for Accreditation 15.02 Principals
Standards for Accreditation 15.03 Licensure
Standards for Accreditation 18 Gifted and Talented
Standards for Accreditation 19.03 Pertaining to alternative learning environments
ADE Rules for Gifted and Talented Program Approval Standards
7.11 of ADE Rules Governing Nutrition and Physical Activity Standards
3.02 of ADE Rules Governing Visual Art and Music Instruction

Special Board Appearances June 11, 2007

Consideration of revocation due to financial issues. The school provided new information that helped abate concerns, and was placed on a one year probation with financial monitoring.

ADE Evaluation and Applicant Responses

Arkansas Department of Education
Open-Enrollment Public Charter School
Renewal Application Rubric

Name of School: Imboden Area Charter School

CONTACT INFORMATION

Applicants are requested to provide complete contact information.

Evaluation Criteria:
A response that is fully responsive will include the following:

- The names of the sponsoring entity and charter school;
- The LEA number;
- Complete contact information for the school principal/director and board chair;
- The number of years requested for renewal, that does not exceed 20; and
- Date of the governing board's approval of the renewal application.

Fully Responsive

SECTION 1: GENERAL DESCRIPTION OF THE CHARTER SCHOOL'S PROGRESS AND DESEGREGATION ANALYSIS

Part A: Charter School Progress
Applicants are requested to provide a narrative about the successes of the charter during the current contractual period.

Evaluation Criteria:
A response that is fully responsive will include:

- A comprehensive narrative that identifies and describes multiple successes of the charter school during the current contractual period.

Fully Responsive

Part B: Desegregation Analysis
Applicants are requested to describe the current and potential impact of the charter on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools

Evaluation Criteria:
A response that is fully responsive will include:

- Assurance that the charter school will comply with all applicable federal and state statutory and regulatory requirements regarding the creation and maintenance of desegregated public schools; and
- An outline of the potential impact of the proposed charter school on those desegregation efforts already in place in affected public school districts.

Fully Responsive

SECTION 2: COMPOSITION OF THE CHARTER SCHOOL'S GOVERNING BOARD AND RELATIONSHIPS TO OTHERS

Part A: Composition of Governing Board
Applicants are requested to describe the charter school's governance structure.

Evaluation Criteria:
A response that is fully responsive will include:

- A description of the charter school's governance structure;
- An explanation of the selection process for charter board members;

- An explanation of the authority of the board; and
- An explanation of the responsibilities of the board.

Fully Responsive

Part B: Disclosure Information
Applicants are requested to disclose any potential conflicts of interest affecting members of the governing board and employees.

Evaluation Criteria:
A response that is fully responsive will include:
- An itemization of each non-employment contract or lease of the charter school in which any of the charter's administrators, board members, or the family members of administrators or board members have or had a financial interest; and
- An itemization of each family relationship between each member of the charter school's governing board, other board members, and the employees of the charter school.

Fully Responsive

SECTION 3: STUDENT AND TEACHER RETENTIONAND RECRUITMENT

Part A: Student Retention
Applicants are requested to compile and analyze student retention data.

Evaluation Criteria:
A response that is fully responsive will include:
- A complete table with data about students who left the charter prior to completing the highest grade offered at the school; and
- Reasons that can be substantiated for students who leave the charter.

Fully Responsive

Comments and Additional Questions:
- Complete the Student Retention Table with specific data for Title I students.
- Confirm that the number of students who were enrolled in the school since 2013-2014 is 110 and that the number of Title I students who have left the school before completing the highest grade offered is 54.

Applicant Response:
Since IACS is designated Title I Schoolwide and not Title I Targeted Assistance, individual students are not formally identified. All students at IACS benefit from Title I funding; therefore, the table has been revised to show that all students enrolled at IACS are Title I students.

The number of students enrolled at IACS since 2013-14 is 110, and the number of Title I students who have left the school before completing the highest grade offered is 54.

Group Combined 2013-2014 School Year Through October 1, 2015	Total Number Enrolled	Number Left Without Completing the Highest Grade Offered	Total % Left the Charter	% Left for Other Arkansas Charter	% Left for Arkansas Traditional Public School	% Left for Arkansas Private School	% Left for Home School in Arkansas	% Left the State	% Left for Unknown Reasons

Student Recruitment
Applicants are requested to compile and analyze student recruitment data.

Evaluation Criteria:
A response that is fully responsive will include:

- A complete table with data about students recruitment goals by student subgroups; and
- Complete information in response to charter-specific prompts, if any;
- Additional commentary that includes strategies to increase enrollment from subgroups to be more similar to the local district demographics.

Fully Responsive

Comments and Additional Questions:

- Complete the Student Recruitment Table with specific data for Title I students.
- Explain why the charter has a much higher percentage of students receiving free or reduced lunches than the Sloan-Hendrix School District where the charter is located.

Applicant Response:
IACS draws students from many school districts – Pocahontas, Maynard, Lawrence County, Hoxie, Highland, and Sloan-Hendrix. Parents of students in northeast Arkansas are intensely loyal to their community school. Most parents of students have lived in their community all of their lives. They dream of their own children attending school in the same setting. The only time parents would consider an alternative school environment is when their children experience issues academically or socially. Students coming from generational poverty, often times, lack the experiences necessary to make connections in the formal learning environment. They also lack a support system and an understanding of social cues. These students begin school at a disadvantage, and for each year that passes, they fall farther behind their peers academically. These students also lack the means to dress in a manner that other students find acceptable and lack the social skills to fit in with their peers. When parents bring their children to IACS, most of them are several years behind their peers and have very low self-esteem. IACS offers a small environment where students begin to establish relationships with their teachers and peers. When students are placed at an appropriate level in the curriculum, they begin to achieve. This develops the confidence necessary to succeed, and students begin to thrive.

	2014-2015 Sloan-Hendrix School District (District in Which the Charter Is Located)		2014-2015 Imboden Area Charter School		2015-2016 Imboden Area Charter School		2016-2017 Projected	2017-2018 Projected	2018-2019 and Beyond Projected

Part B: Lottery Procedures
Applicants must also describe the random, anonymous lottery selection process.

Evaluation Criteria:

- A clear, transparent, and public process for, and a guarantee of, an annual random, anonymous lottery process should there be more student applications than can be accommodated under the terms of the charter; and
- The method by which parents will be notified of each child's selection for the school or placement on the waiting list.

Fully Responsive

Comments and Additional Questions:

- Explain how parents/students are notified of their placement status.
- Explain how long parents/students are given to decline or accept an offer for placement.
- Explain if/how a waitlist is generated and maintained until the next lottery held after May 30th of the following year.

Applicant Response:
IACS divides applications into four grade groups; K-1, 2-3, 4-5, and 6-7-8. Returning students with completed applications are admitted first, followed by siblings of returning students. If more students apply in one or more groups than can be accommodated, a random lottery is held in a public assembly to fill the remaining positions. The following procedure is used for the lottery:

- Each application is grouped and numbered in the order it is received.
- Each applicant's number is placed in an individual non-transparent capsule.
- Capsules are placed in the appropriate container for the grade group.
- One capsule is drawn from the container, numbers recorded, and matched to student applications. If the student drawn has siblings in the lottery, they are accepted at that time and recorded in the appropriate group.
- This drawing procedure will continue until the appropriate number of students who can be accommodated is drawn.
- The lottery continues in order to generate a waiting list for students. Numbers are matched with student names and recorded in the order drawn for the appropriate grade groups. This list is placed in a file along with student applications for unplaced students.

All parents /students are notified by mail of their placement status.

If parents/students do not confirm within 7 days, they are notified by telephone. If after another 7 days, the school receives no confirmation, a second telephone call is made. If no response is received within 3 days, placement is offered to the next student on the waiting list for that grade group, and the unresponsive family receives a letter notifying them that the position has been offered to another student. In the event that the unresponsive family contacts the school after the designated period, the student is placed at the end of the waiting list. If the grade groups are not filled by the deadline, applications are then accepted on a first come, first served basis until the groups are filled.

Part C: Teacher Retention
Applicants are requested to compile and evaluate teacher retention data.

Evaluation Criteria:
A response that is fully responsive will include:

- A complete table with data about teachers who do not return;
- Reasons that can be substantiated for teachers who leave the charter; and
- Current practices and future plans to retain teachers.

Fully Responsive

SECTION 4: DATA AND BEST PRACTICES

Part A: Test Data
Applicants are requested to review the testing data for the charter and the resident district and describe the ways in which the data support the achievement of the charter's current academic goals.

Evaluation Criteria:
A response that is fully responsive will include:
- A thoughtful narrative describing the ways in which the testing data support the achievement of, or progress toward achieving, the charter's current academic goals.

Fully Responsive

Comments and Additional Questions:
- Explain which two schools are within a mile of each other.

Applicant Response:
IACS and Sloan-Hendrix School District are within one mile of each other.

Part B: Discipline and Attendance Data
Applicants are requested to review the discipline and attendance data for the charter and the resident district and describe the ways in which the charter improves student behavior and attendance.

Evaluation Criteria:
A response that is fully responsive will include:
- A thoughtful narrative, supported by the data, describing the ways in which the charter improves student behavior and attendance;
- Thorough explanation of disproportionate representative by subgroups, if any; and
- Complete information in response to charter-specific prompts, if any.

Fully Responsive

Comments and Additional Questions:
- Explain if any documentation is created to monitor the progress of students following disciplinary discussions.

Applicant Response:
Formal documentation of discussions is not kept. Classes are very small, so it is easily evident to the teacher whether progress has been made in regards to behavior concerns. If unacceptable behavior continues, individual teachers may create anecdotal records regarding the effectiveness of interventions.

Remaining Concerns: It appears that no data are being maintained in regards to student discipline.

Part C: Best Practices
Applicants are requested to identify and describe one (or more) best practice(s) that lead to the achievement of, or progress toward achieving, the charter's current approved academic goals.

Evaluation Criteria:
A response that is fully responsive will include:
- A thoughtful narrative, supported by data, describing one (or more) best practice(s) that lead to the achievement of, or progress toward achieving, the charter's current approved academic goals.

Fully Responsive

Comments and Additional Questions:
- Provide any documents/templates used by charter staff to differentiate the learning program based on student data.

Applicant Response:
The Standardized Test of the Assessment of Reading Summary Report (Exhibit A) is utilized to determine a starting point in the literacy program and is given six times during the school year to monitor growth. The Summary Report shows student

grade equivalent, national percentile rank, instructional reading level, and the zone of proximal development. The Instructional Planning Report (Exhibit B) suggests specific skills appropriate for individual growth. Lessons are then created and taught to groups of students needing similar instruction. These groups constantly change based on individual need and new student data.

The Standardized Test of the Assessment of Mathematics is utilized in a similar way. In addition, individual student folders are used to monitor progress in mastering math facts (Exhibit C) and arithmetic operations (Exhibit D). A checklist comprised of the Common Core State Standards (Exhibit E) is utilized to monitor which objectives have been mastered by each student.

Remaining Concerns:

- **It remains unclear who creates the lessons to be taught in groups and who manages the movement of students between groups.**
- **The process for determining student mastery of CCSS remains unclear.**

SECTION 5: ACADEMIC PERFORMANCE GOALS

Part A: Current Performance Goals
Applicants are requested to evaluate the progress toward achieving each of the charter's current student academic performance goals and provide supporting documentation that demonstrates the progress.

Evaluation Criteria:
A response that is fully responsive will include:

- A narrative description of the charter's progress toward achieving each goal; and
- Supporting data that documents the charter's progress in achieving each goal.

Fully Responsive

Comments and Additional Questions

- Explain the literacy data provided in the tables on page 18.
- Explain the mathematics data provided in the tables on pages 19-20.

Applicant Response:
Page 18 of the original Charter Renewal Application displays literacy data from the Arkansas Benchmark examinations, disaggregated to show a correlation between proficiency and continued attendance at IACS.

The first chart shows the proficiency levels for a group of students who have attended IACS for six years, part of those years during the current renewal period. Fifty percent of this group were special education students. In their first year of attendance, 34% were Proficient or Advanced; in year three, 67% were Proficient or Advanced; and by year six, 67% remained Proficient or Advanced, and all students moved out of the Below Basic level.

The second chart shows the proficiency levels for a group of students who have attended IACS for four years, part of those years during the current renewal period. Seventeen percent of this group were special education students. In their first year of attendance, 50% were Proficient or Advanced; in year two, 66% were Proficient or Advanced; in year three, 67% were Proficient and Advanced and by year four, 84% were Proficient or Advanced.

The third chart shows the proficiency levels for a group of students who have attended IACS for three years, part of those years during the current renewal period. Seventeen percent of this group were special education students. In their first year of attendance, 84% were Proficient or Advanced; in year two, 83% were Proficient or Advanced; and by year three, 100% were Proficient or Advanced.

The fourth chart shows the proficiency levels for a group of students who have attended IACS for two years, part of those years during the current renewal period. Twenty-three percent of this group were special education students. In their first year of attendance, 69% were Proficient or Advanced; in year two, 76% were Proficient or Advanced.

The last chart shows the proficiency levels for a group of students who only attended IACS for one year, during the current renewal period. Twenty-six percent of this group were special education students. After one year, only 45% were Proficient or Advanced.

When analyzing the data, from year to year, continued enrollment at IACS shows a strong correlation to increased percentages of proficiency.

Page 19 and 20 of the original Charter Renewal Application displays mathematics data from the Arkansas Benchmark examinations disaggregated to show a correlation between proficiency and continued attendance at IACS.

The first chart shows the proficiency levels for a group of students who have attended IACS for six years, part of those years during the current renewal period. Fifty percent of this group were special education students. In their first year of attendance, 50% were Proficient or Advanced; in year three, 33% were Proficient or Advanced; and by year six, 50% were Proficient or Advanced.

The second chart shows the proficiency levels for a group of students who have attended IACS for four years, part of those years during the current renewal period. Seventeen percent of this group were special education students. In their first year of attendance, 67% were Proficient or Advanced; in year two, 66% were Proficient or Advanced; in year three, 50% were Proficient and Advanced and by year four, 83% were Proficient or Advanced.

The third chart shows the proficiency levels for a group of students who have attended IACS for three years, part of those years during the current renewal period. Seventeen percent of this group were special education students. In their first year of attendance, 50% were Proficient or Advanced; in year two, 34% were Proficient or Advanced; and in year three, 66% were Proficient or Advanced.

The fourth chart shows the proficiency levels for a group of students who have attended IACS for two years, part of those years during the current renewal period. Twenty-three percent of this group were special education students. In their first year of attendance, 79% were Proficient or Advanced; in year two, 93% were Proficient or Advanced.

The last chart shows the proficiency levels for a group of students who only attended IACS for one year, during the current renewal period. Twenty-six percent of this group were special education students. After one year, only 53% were Proficient or Advanced.

This data shows a positive correlation between continued attendance at IACS and increased percentages of proficiency.

Part B: New Performance Goals
Applicants are required to confirm their understanding that achieving all goals and/or objectives set by the state, during the period of renewal, is expected and to develop other student academic achievement performance goals for the renewal contract period.

Evaluation Criteria:
A response that is fully responsive will include:

- A confirmation that the charter is expected to achieve all goals and/or objectives set by the state; and
- For other student academic performance goals -
    - Measureable student academic performance goals;
    - The specific tool that will be used to measure academic performance for each goal;
    - The level of performance that will demonstrate success; and
    - The timeframe for achieving each goal.

Fully Responsive

Comments and Additional Questions:

- Confirm the understanding that, during the term of the charter renewal, the charter is expected to meet all goals and/or objectives set by the state.
- Provide academic goals established by school leaders as changes in assessments and recent federal legislation may impact goals established at the state level.

Applicant Response:
Imboden Area Charter School understands that the charter is expected to meet all goals and/ or objectives set forth by the state during the term of the charter renewal. IACS school leaders have established the goal of each student showing growth of greater than one year on the STAR reading and STAR mathematics tests developed by Renaissance Learning. Historically, students scoring at or above grade level on STAR assessments have also scored proficient or advanced on state

administered tests. By using STAR, school leaders have a consistent measuring device for student achievement from periodically during the year and from year to year, despite changes at the state and federal levels.

SECTION 6: FINANCE

Applicants are requested to discuss corrective actions for any findings in the most recent financial audit reports prepared during the current contractual period.

Evaluation Criteria:
A response that is fully responsive will include the following:

- Each finding from the financial audit reports **or a statement that there were no findings**;
- A statement for each finding to indicate if it had been noted in prior year audits;
- Corrective actions take to rectify each issue; and
- The date by which each issue was or will be corrected.

Fully Responsive

Comments and Additional Questions:

- Discuss the steps taken "to implement corrective procedures to lessen the risk to the extent possible with limited staff" in response to the ongoing audit finding of financial accounting duties not adequately segregated among employees.

Applicant Response:
Administration is constantly aware of possible risk factors in a small setting. Consequently, the District has developed policies and procedures addressing internal control responsibilities and has communicated these with personnel. The Director has segregated duties at key stages, set up controls and restrictions, and increased supervision and review of reports and records at regular intervals. The Director continually evaluates procedures and compliance with them. Documentation of this on-going process is the continuous changes made to the control system.

Remaining Concerns: It is unclear how the director has segregated financial accounting duties at key stages, what specific controls and restrictions are in place, and how and by whom there is increased supervision and review of reports and records at regular intervals. It also appears that no one other than the director evaluates financial procedures and compliance.

SECTION 7: WAIVERS

Applicants are requested to review the current waivers approved for the charter and to identify any changes requested in the charter's waivers from Title 6 of Arkansas Code Annotated, State Board of Education Rules and Regulations, and/or the Standards for Accreditation.

Part A: New Waiver Requests
Applicants are requested to identify any additional law and rule that the authorizer is requested to waive.

Evaluation Criteria:
A response that is fully responsive will include:

- A list of each law and rule that the charter would like to have waived; and
- A rationale for each waiver request or **a statement saying that no new waivers are requested**.

See Legal Comments.

Part B: Waivers to Be Rescinded
Applicants are requested to identify any waiver that is no longer needed.

Evaluation Criteria:
A response that is fully responsive will include:

- An itemized list of each current waiver the charter would like to have rescinded; and

- A rationale for each request or **a statement saying that the charter wishes to maintain all currently approved waivers**.

See Legal Comments.

SECTION 8: REQUESTED AMENDMENTS

Applicants are requested to identify and explain amendment requests.

Evaluation Criteria:
A response that is fully responsive will include:

- A list of any requested charter amendments **or a statement that no amendments are being requested**;
- A rationale for each amendment requested; and
- A budget, showing that the charter will be financially viable, if there is an amendment request to change grade levels, the enrollment cap, the location of a campus, and/or an additional campus.

See Legal Comments.

Other:

- Provide the signed assurances.

Applicant Response:
The assurances have been attached to the email in a separate document.

PUBLIC CHARTER SCHOOL
STATEMENT OF ASSURANCES
OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL RENEWAL

The signature of the charter leader of the public charter school certifies that the following statements are true and will continue to be addressed through policies adopted by the public charter school; and, staff of the public school shall abide by them:

1. I have approval and authority to submit this application on behalf of the sponsoring entity.

2. The information submitted in this application is true to the best of my knowledge and belief.

3. The open-enrollment public charter school is open to all students, on a space-available basis, and shall not discriminate in its admission policy on the basis of gender, national origin, race, ethnicity, religion, disability, or academic or athletic eligibility, except as follows: the open-enrollment public charter school may adopt admissions policies that are consistent with federal law, regulations, or guidelines applicable to charter schools. The charter may provide for the exclusion of a student who has been expelled from another public school district if approved by the authorizer to do so.

   If the open-enrollment charter school becomes over-subscribed, meaning more students apply for admission than can be accommodated given the enrollment cap, the charter school will hold one annual random and public lottery. The results of the lottery will be used to fill the open seats and populate a waitlist to remain in use for the duration of the school year. Any students that apply for admission after the lottery has been conducted will be added to the end of the waitlist in the order in which they apply. All admissions policies and procedures used, including the time and location of the lottery, will be advertised to the public.

4. In accordance with federal and state laws, the public charter school hiring and retention policies of administrators, teachers, and other employees do not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, or special need.

5. The public charter school operates in accordance with federal laws and rules governing public schools; applicable provisions of the Arkansas Constitution; and state statutes or regulations governing public schools not waived by the approved charter.

6. The open-enrollment public charter school does not use the moneys that it receives from the state for any sectarian program or activity, or as collateral for debt.

   However, open-enrollment public charter schools may enter into lease-purchase agreements for school buildings built by private entities with facilities bonds exempt from federal taxes under 26 USCS 142(a) as allowed by Arkansas Code Annotated § 6-20-402. No indebtedness of an open-enrollment public charter school shall ever become a debt of the state of Arkansas.

7. The open-enrollment public charter school does not impose taxes or charge students tuition or fees that are not be allowable charges in traditional public school districts.

8. The open-enrollment public charter school is not religious in its operations or programmatic offerings.

9. The open-enrollment public charter school ensures that any of its employees who qualify for membership in the Arkansas Teacher Retirement System or the State and Public School Employee Insurance Program are covered under those systems to the same extent any other qualified employee of a traditional school district is covered.

10. The open-enrollment public charter school complies with all health and safety laws, rules and regulations of the federal, state, county, region, or community that apply to the facilities and school property.

11. The employees and volunteers of the open-enrollment public charter school are held immune from liability to the same extent as other school district employees and volunteers under applicable state laws.

12. The open-enrollment public charter school shall be reviewed for its potential impact on the efforts of a public school district to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

13. Open-enrollment charter board members and other leaders understand that certain provisions of state law shall not be waived. The public charter school is subject to any prohibition, restriction, or requirement imposed by Title 6 of the Arkansas Code Annotated and any rule and regulation approved by the State Board of Education under this title relating to:

    (a) Monitoring compliance with Arkansas Code Annotated § 6-23-101 et seq. as determined by the Commissioner of the Department of Education;

    (b) Conducting criminal background checks for employees;

(c) High school graduation requirements as established by the State Board of Education;

(d) Special education programs as provided by this title;

(e) Public school accountability under this title;

(f) Ethical guidelines and prohibitions as established by Arkansas Code Annotated § 6-24-101 *et seq.*, and any other controlling state or federal law regarding ethics or conflicts of interest; and

(g) Health and safety codes as established by the State Board of Education and local governmental entities.

14. The facilities of the open-enrollment public charter school comply with all requirements for accessibility for individuals with disabilities in accordance with the ADA and IDEA and all other state and federal laws.

15. Should the open-enrollment public charter school voluntarily or involuntary close, it is understood that that any fees associated with the closing of the school including, but not limited to, removal of furniture, equipment, general expenses, etc., are the sole responsibility of the sponsoring entity. No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. Upon dissolution of the open-enrollment public charter school or upon nonrenewal or revocation of the charter, all net assets of the open-enrollment public charter school, including any interest in real property, purchased with public funds shall be deemed the property of the state, unless otherwise specified in the charter of the open-enrollment public charter school. If the open-enrollment public charter school used state or federal funds to purchase or finance personal property, real property or fixtures for use by the open-enrollment public charter school, the authorizer may require that the property be sold. The state has a perfected priority security interest in the net proceeds from the sale or liquidation of the property to the extent of the public funds used in the purchase.

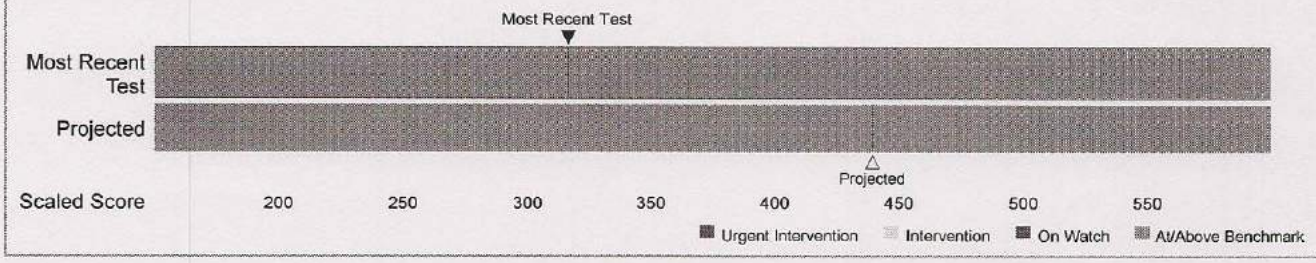
STAR Reading Test Results

Current SS (Scaled Score): 316	Test Date: 10/16/2015
IRL: 2.7	ZPD: 2.4-3.4
Projected SS for 05/27/16: 439	Based on research, 50% of students at this student's level will achieve this much growth.

[redacted] Current Performance

School Benchmark



Suggested Skills

STAR Reading scaled score(s) suggest these skills from Arkansas Curriculum Framework learning progressions would be challenging, but not too difficult for her. Combine this information with your own knowledge of the student and use your professional judgment when designing an instructional program. Use the Arkansas Curriculum Framework learning progressions to see how these skills fit within the larger context of the progression.

Literature

GR	
	Key Ideas and Details
	This score suggests [redacted] is ready for instruction and practice with the following skills.
3	Ask and answer questions about literary text and refer to the text to support answers
3	Describe plot elements and trace how events and characters' actions contribute to the plot (e.g., lead to the resolution of a problem)
3	Describe characters including their traits, motives, and feelings
3	» Explain how characters' motives and actions contribute to the sequence of events
	Craft and Structure
	This score suggests [redacted] s ready for instruction and practice with the following skills.
3	Identify and refer to the parts of a book, play, or poem, using the appropriate terms (e.g., chapters, scenes, stanzas) when writing or speaking
3	» Determine the meaning of nonliteral language used in a literary text (e.g., broken heart)

Informational Text

	Key Ideas and Details
	This score suggest[redacted] is ready for instruction and practice with the following skills.
3	» Ask and answer questions about an informational text and refer to the text to support answers
3	Describe the order of events or ideas in a text, recognizing and using words that show sequence (e.g., first, next, then)
3	Describe the order of the steps in a technical process, recognizing and using words that show sequence (e.g., first, next, then)

»Designates a focus skill. Focus skills identify the most critical skills to learn at each grade level.

Instructional Planning Report for [redacted]

Printed Wednesday, November 4, 2015 3:57:56 PM

School: Imboden Area Charter School
Class: K-1

Teacher: J. Mitchell
Grade: 1

Informational Text

GR	
	Key Ideas and Details
3	» Describe cause-and-effect relationships in historical, scientific, and technical texts, recognizing and using words and clauses that signal those relationships (e.g., because, so)
3	Describe comparisons in informational texts that are indicated by clauses beginning with words such as *but* and *however*
	Craft and Structure
	This score suggests [redacted] s ready for instruction and practice with the following skills.
3	Determine the meaning of nonliteral language used in informational texts (e.g., "alarm screams")
	Integration of Knowledge and Ideas
	This score suggests [redacted] is ready for instruction and practice with the following skills.
3	Interpret common types of visually presented information (e.g., maps, photographs, graphs, information tables)
3	» Use information in illustrations to find key details and deepen understanding of the text

Language

	Vocabulary Acquisition and Use
	This score suggest[redacted] s ready for instruction and practice with the following skills.
3	Use the correct homophones (e.g., hole/whole, weak/week) and homographs/multiple-meaning words (e.g., hard, chest) and determine their meanings in grade-appropriate texts using sentence context or prior knowledge of spellings
3	Explain the differences in shades of meaning between related words and synonyms, especially those that describe states of mind (e.g., worried, excited, astonished, amazed) or differ in degrees of certainty (e.g., know, believe, suspect)
3	Name antonyms or near antonyms for grade-appropriate words (e.g., happiness/sadness)
3	Describe the difference between the literal and nonliteral meanings of words and phrases (e.g., take steps, raining cats and dogs)
3	Apply new vocabulary to describe or discuss real objects, subjects, places, or people (e.g., describe a character in a story as mysterious)
3	» Use grade-appropriate conversational, general academic, and content-area vocabulary correctly in context, including words that indicate spatial or temporal relationships (e.g., upon, during, beginning)

»Designates a focus skill. Focus skills identify the most critical skills to learn at each grade level.

Common Core State Standards Checklist 6/7/8

Number Systems

Standard #	Objective	Date	Signature
6.NS.1	Solve Problems involving division of fractions by fractions.		
6.NS.2	Apply standard algorithm to divide multi- digit numbers.		
6.NS.3	Apply standard algorithms to add, subtract, multiply and divide multi- digit decimals.		
6.NS.4	Compute greatest common factor of two numbers less than or equal to 100. Compute least common multiple of two numbers less than or equal to 12. Apply distributive property to express the sum of two numbers with a common factor as a multiple.		
6.NS.5	Employ positive and negative numbers to represent quantities in real world contexts.		
6.NS.6	Illustrate positive and negative numbers on a number line.		
	Illustrate positive and negative numbers on a coordinate plane.		
	Identify that opposite signs of numbers indicate locations on opposite sides of zero on a number line.		
	Identify that when ordered pairs differ only by signs, the locations of the points are reflections across one or both coordinate axes.		
	Illustrate integers and other rational numbers on a number line or coordinate plane.		
6.NS.7	Explain ordering and absolute value of rational numbers.		
	Set up inequalities to understand the relative position of two numbers on a number line.		
	Relate rational numbers to real world contexts.		
	Explain absolute value as the magnitude for a positive and negative quantity in a real world situation.		
	Distinguish comparisons of absolute value from statements about order.		
6.NS.8	Solve problems by graphing points in all four quadrants of a coordinate plane.		
7.NS.1	Solve addition and subtraction problems with rational numbers.		
	Explain sums of rational numbers.		

	Apply properties of operations to add and subtract rational numbers.		
	Illustrate addition and subtraction on a number line.		
	Illustrate that a number and its opposite have a sum of zero.		
	Describe situations in which opposite quantities combine to make zero.		
	Illustrate that the distance between two numbers on a number line is the absolute value of their difference.		
	Compute subtraction as adding the inverse.		
7.NS.2	Recall that zero cannot be a divisor.		
	Explain that integers can be divided and every quotient of integers is in rational numbers.		
	Apply properties of long division to convert a rational number to a decimal.		
	Explain products of rational numbers.		
	Explain quotients of rational numbers.		
	Combine knowledge of multiplying fractions to multiplying rational numbers by using properties of operations and rules for multiplying signed numbers.		
	Explain that a rational number in decimal form ends in zero or eventually repeats.		
	Apply properties of operations to multiply and divide rational numbers.		
7.NS.3	Apply standard algorithms to add, subtract, multiply, and divide rational numbers.		
8.NS.1	Explain that numbers that are not rational are called irrational and that every number has a decimal expansion.		
	Explain that decimal expansions of rational numbers eventually repeat or end in zero.		
	Convert a decimal expansion into a rational number.		
8.NS.2	Use an approximation of an irrational number to compare its size to other irrational numbers located on a number line, and estimate the value of expressions.		

Ratios and Proportions

Standard	Objective	Date	Signature
6.RP.1	Describe a ratio relationship between two quantities using the language of ratios.		
6.RP.2	Express a unit rate using appropriate vocabulary.		
6.RP.3	Use ratio and rate reasoning to solve problems.		
	Construct and utilize tables of equivalent ratios.		
	Solve unit rate problems that involve unit pricing and		

	constant speed.		
	Solve problems that involve finding a percent.		
	Use ratio reasoning to convert measurement units.		
7.RP.1	Compute unit rates with ratios of fractions.		
7.RP.2	Identify and represent proportional relationships between quantities.		
	Determine if two quantities have a proportional relationship by testing for equivalent ratios in a table or graphing them on a coordinate plane.		
	Identify a unit rate.		
	Construct a proportional relationship using an equation.		
	Explain what a point on the graph of a proportional relationship means.		
7.RP.3	Use proportional relationships to solve multistep ratio and percent problems.		

Geometry

Standard	Objective	Date	Signature
6.G.1	Compute the areas of polygons by composing or decomposing them into other shapes and solve problems with these techniques.		
6.G.2	Compute the volume of a right rectangular prism by packing the prism with unit cubes of the appropriate unit fraction edge lengths.		
	Apply the formulas v=lwh and v=bh to find volumes of right rectangular prisms.		
6.G.3	Construct drawings of polygons in a coordinate plane given coordinates for the vertices.		
	Use coordinates to find the length of a side joining points with the same first or second coordinate.		
6.G.4	Design three dimensional figures using nets of the figures.		
	Compute the surface area of three dimensional figures by analyzing their nets and apply these techniques to solve problems.		
7.G.1	Solve problems involving scale drawings of geometric figures.		
7.G.2	Design sketches of geometric shapes that meet given conditions.		
7.G.3	Describe the two dimensional figures that result from slicing three dimensional figures.		
7.G.4	Describe the formulas for area and circumference of a circle and use them to solve problems.		
7.G.5	Apply knowledge of complementary, supplementary,		

	vertical and adjacent angles to solve simple equations for an unknown angle in a figure.		
7.G.6	Solve problems involving area, volume, and surface area of two and three dimensional objects.		
8.G.1	Use experimentation to verify the properties of rotations, reflections, and translations.		
	Use experimentation to verify that lines and line segments are transformed to lines and line segments of the same length.		
	Use experimentation to verify that angles are transformed to angles of the same measure.		
	Use experimentation to verify that parallel lines are transformed to parallel lines.		
8.G.2	Identify that two dimensional figures are congruent if they are transformed by a series of rotations, reflections, and translations.		
	Describe a sequence that exhibits the congruence between two dimensional figures.		
8.G.3	Describe the effect of dilations, translations, rotations, and reflections on two dimensional figures using coordinates.		
8.G.4	Determine that two dimensional figures are similar if they are transformed by a series of rotations, reflections, translations and dilations.		
	Describe a sequence that exhibits the similarity between two dimensional figures.		
8.G.5	Use informal arguments to establish facts about angle sum and exterior angle of triangles, the angles created when parallel lines are cut by transversal, and the angle-angle criterion for similarity of triangles.		
8.G.6	Explain a proof of the Pythagorean Theorem and its converse.		
8.G.7	Apply the Pythagorean Theorem to determine unknown side lengths of right triangles in problems in two and three dimensions.		
8.G.8	Apply the Pythagorean Theorem to find the distance between two points in a coordinate system.		
8.G.9	Identify the formulas for the volume of cones, cylinders, and spheres and use them to solve problems.		

Expressions and Equations

Standard	Objective	Date	Signature
6.EE.1	Construct and solve numerical expressions involving whole number exponents.		
6.EE.2	Write, read, and evaluate expressions in which letters stand for numbers.		
	Write expressions that record operations with numbers and with letters standing for numbers.		
	Identify parts of an expression using mathematical terms.		
	Solve expressions with specific values as their variables.		
	Employ order of operations when there are no parentheses to specify a particular order.		
6.EE.3	Apply the properties of operations to generate equivalent expressions.		
6.EE.4	Identify when two expressions are equivalent.		
6.EE.5	Determine if a substituted number in a specified set makes an equation or inequality true.		
6.EE.6	Use variables to represent numbers and write expressions when solving problems.		
6.EE.7	Solve equations using nonnegative rational numbers.		
6.EE.8	Write an inequality to represent a constraint or condition in a problem.		
	Illustrate solutions of inequalities on number lines.		
7.EE.1	Apply properties of operations to add, subtract, factor and expand linear expressions with rational coefficients.		
7.EE.2	Rewrite problems in different forms to better understand an expression.		
7.EE.3	Solve multistep problems posed with positive and negative rational numbers in any form.		
	Use properties of operations to calculate with numbers.		
	Use mental computation to estimate.		
7.EE.4	Use variables to represent quantities in a problem.		
	Create simple equations and inequalities to solve problems.		
	Compare algebraic and arithmetic solutions and identify the sequence of operations in each.		
8.EE.1	Apply properties of integer exponents to generate equivalent numerical expressions.		
8.EE.2	Use square and cube root symbols to represent solutions to equations.		
	Evaluate roots of small perfect squares and cubes.		
	Identify that Square root of 2 is irrational.		

8.EE.3	Compose numbers in the form of a single digit times an integer to the power of 10 to estimate very large or very small quantities and to express how many times as much one is than the other.		
8.EE.4	Compute operations with numbers expressed in scientific notation.		
	Use scientific notation and choose appropriate units for measurement of very large or very small quantities and interpret scientific notation generated by technology.		
8.EE.5	Construct graphs of proportional relationships and interpret the unit rate of a proportional relationship as the slope of its graph.		
	Compare two proportional relationships represented in different ways.		
8.EE.6	Use similar triangles to explain why the slope is the same between distinct points on a non-vertical line in the coordinate plane.		
	Deduce the equation y=mx for a line through the origin and the equation y=mx+b for a line intercepting the vertical axis at point b.		
8.EE.7	Solve linear equations in one variable.		
	Give examples of linear equations in one variable with zero to infinite solutions and prove each example by transforming the equation into simplest form.		
	Solve linear equations with rational number coefficients.		
8.EE.8	Analyze and solve pairs of simultaneous linear equations.		
	Define the solution to a system of two linear equations in two variables as the intersection of their lines.		
	Solve systems of two linear equations in two variables algebraically and estimate solutions by graphing the equations.		
	Solve problems leading to two linear equations in two variables.		

Functions

Standard	Objective	Date	Signature
8.F.1	Identify that a function is a rule that assigns one output to each input and can explain the relationship between ordered pairs and the graph of the function.		
8.F.2	Compare properties of two functions when each is represented in a different way.		
8.F.3	Interpret the equation y=mx+b as defining a linear function whose graph is a straight line.		
	Give examples of nonlinear functions.		
8.F.4	Construct a function to model a linear relationship between two quantities and determine the rate of change and initial value of a function using a known relationship or two values.		
	Interpret the rate of change and initial value of a linear function in terms of the situation it models and in terms of its graph or a table of values.		
8.F.5	Analyze a graph to describe the functional relationship between two quantities and sketch a graph that matches a function that has been given verbally.		

Statistics and Probability

Standard	Objective	Date	Signature
6.SP.1	Explain that statistical questions generate data that is variable.		
6.SP.2	Describe the distribution of a set of data in terms of its center, spread, and overall shape.		
6.SP.3	Identify that a measure of center for a numerical data set summarizes all of its values with a single number, while a measure of variation describes how its values vary with a single number.		
6.SP.4	Display numerical data in plots on a number line.		
6.SP.5	Summarize numerical data sets in relation to their context.		
	Summarize numerical data sets by reporting the number of observations.		
	Summarize numerical data sets by describing the nature of the attribute under investigation.		
	Summarize numerical data sets by giving quantitative measures of center and variability.		
	Summarize numerical data sets by relating the choice of measures to the shape of the data distribution and the context of the data collection.		

7.SP.1	Identify that statistics can give information about a population.		
	Explain that generalizations about a population are valid if the sample is representative and that random sampling tends to produce representative samples.		
7.SP.2	Use data from a random sample to draw inferences about a population with an unknown characteristic of interest.		
	Create samples of the same size to gauge the variation in estimates.		
7.SP.3	Determine the degree of visual overlap of two numerical data distributions with similar variabilities and express the difference as a multiple of a measure of variability.		
7.SP.4	Apply measures of center and measures of variability to draw informal comparative inferences about two populations.		
7.SP.5	Describe the probability of a chance event occurring as a number between 0 and 1.		
7.SP.6	Estimate the probability of a chance event by collecting data on the chance process that produces it and observing its long run frequency		
	Predict the approximate relative frequency if given the probability.		
7.SP.7	Develop and use a probability model to find probabilities of events.		
	Compare probabilities from a model and observed frequencies and explain any discrepancies.		
	Develop a uniform probability model by assigning equal probability to all outcomes and use it to determine probabilities of events.		
	Develop a probability model by observing frequencies in data generated from a chance process.		
7.SP.8	Calculate probabilities of compound events using organized lists, tables, tree diagrams, and simulation.		
	Describe the probability of a compound event as the fraction of outcomes in the sample space for which the event occurs.		
	Represent sample spaces for compound events using various methods.		
	Design and use a simulation to generate frequencies for compound events.		
8.SP.1	Construct and interpret scatter plots for bivariate measurement data to investigate patterns of association between two quantities.		
	Describe patterns such as clustering, outliers, positive or negative association, linear association, and		

	nonlinear association.		
8.SP.2	Identify that straight lines are used to model relationships between two quantitative variables.		
	Construct a straight line on a scatter plot that suggests a linear association and use the closeness of the data points to the line to assess the model fit.		
8.SP.3	Use the equation of a linear model to solve problems in the context of bivariate measurement data by interpreting the slope and intercept.		
8.SP.4	Analyze that frequencies and relative frequencies in a two way table can show patterns of association in bivariate categorical data.		
	Construct and interpret a two way table that summarizes data on two categorical variables collected from the same subjects.		
	Use relative frequencies to describe the association between two variables.

Number of Years Requested for Renewal (1-20) _____10_____

Renewal Application Approval Date by the School/Entity Board(s) __December 16, 2015__

Section 1 – General Description of the Charter School's Progress and Desegregation Analysis

Part A: Charter School Progress

Provide a narrative about the successes of the charter during the current contractual period.

For fourteen years, the Imboden Area Charter School has been an option for families and students whose learning styles or social and emotional needs are not compatible with the traditional public education model. All classroom teachers and support personnel at IACS are fully certified. These highly skilled and experienced teachers implement a differentiated curriculum for literacy and math. Students having difficulties are given the time necessary to master the required objectives, while gifted students go on to more challenging objectives. Student progress is tracked in individual folders, allowing students to see their own growth and monitor their grades, thereby accepting responsibility for their own achievements.

The entire staff at IACS focuses on building positive relationships with students and creating an environment where all students' needs are met. Classroom management techniques involve helping students make logical choices about their behavior. The combination of this management philosophy and a differentiated curriculum result in virtually no discipline issues among students.

Older students are given responsibilities such as helping to monitor younger students on the playground, helping teach younger groups proper techniques during cardio time, and helping with tasks involving care of the building and equipment. Older students also prepare the school yearbook for publication.

Demographically, IACS population is unique from surrounding school districts. The average special education population in area schools is 12-15%. In the current contractual period, 24-38% of IACS students received special education services. Almost all are students that come to IACS already identified. The 2015-16 rate is at a record high of 38%. Additionally, 85% of IACS population is disadvantaged, while area schools average 65%. Research shows that these types of student groups struggle with achievement on standardized tests.

Without the facilities to prepare student meals, IACS has developed a one-of-a-kind shelf-stable child nutrition program that is self-supporting and approved by the state Child Nutrition Unit. The meal program meets USDA standards, allowing disadvantaged students the benefits of free breakfast, lunch, and snacks.

IACS provides transportation that has expanded to include six neighboring communities with localized stops. A newer bus was purchased during this contractual period to replace an aging one, and a second bus allows students to experience a wide variety of learning opportunities outside the classroom.

Imboden Area Charter School continues to meet the standards of accreditation and has not experienced compliance issues with any department at ADE. The special education program has undergone the periodic monitoring this contractual period and has been approved by the state with no violations. IACS has also remained financially stable with a small reserve of funding.

Two new programs have been successfully implemented within this contractual period. Regular classroom teachers have developed an afterschool tutoring program for students who are achieving below grade level in literacy and/or math. This program includes 90 minutes of non-traditional instruction for each curricular area, and each teacher has an average of five students. In order to provide this additional learning opportunity to economically disadvantaged students, IACS offers transportation to students' regular bus stops after the tutoring program has concluded. Students are consistently attending, parent support is high, and student improvement is monitored with periodic assessments.

Another new program is “Parents as Teachers” where parents receive specific personalized instruction on helping their children with academics. Materials are provided for parents to use at home, and the school provides transportation and childcare while the classes are in session. IACS maintains an excellent rapport with parents and consistently sees 100% participation for Parent-Teacher Conferences.

Parents continue to be highly involved with school functions. A parent group conducts numerous fundraisers to purchase specific items needed by the students, and parent volunteers help with repairs to the building, create classroom materials, and maintain the school grounds.

IACS staff and parents see the growth students experience at IACS on a day-to-day basis, but it is difficult to show in a concrete way. Because the demographics are so unique, growth cannot be measured accurately using traditional methods. A high percentage of disadvantaged students enrolled creates home situations that necessitate frequent changes in residence and conditions. This creates a highly mobile population for IACS. Score comparisons from year to year will fluctuate greatly. Because the population of IACS is very small, comparing a grade grouping of two to eight students with the following year’s same-grade grouping is not valid. Most students who enter IACS are one to three years behind their peers. Research has proven that students who are far below their peers academically have little chance of growing at a rate that will bring them up to proficiency within three years. And this research does not address the many students with learning disabilities and the growth that could be expected from that population. Consequently, a school where the majority of students are far below the proficient level will have difficulty proving progress under the current growth model, and of course, will not reach AMOs under the current status model.

Part B: Desegregation Analysis

Describe the impact, both current and potential, of the public charter school on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

Imboden Area Charter School (IACS) is seeking a renewal of its current charter, and submits this Desegregation Analysis to the State Charter Authorizer pursuant to Ark. Code Ann. §6-23-106. Imboden Area Charter School is located within the boundaries of the Sloan-Hendrix School District, and as an open-enrollment public charter school unconfined by district boundaries, expects to continue to obtain the majority of its students from within the boundaries of the Sloan-Hendrix, Hillcrest, Hoxie, Lawrence County and Pocahontas School Districts, as well as students who were formerly home-schooled.

In carefully reviewing the potential impact that IACS would have upon the efforts of the Sloan-Hendrix School District and its contiguous districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools, the applicant finds that neither the Sloan-Hendrix School District nor the Hillcrest, Hoxie, Lawrence County and Pocahontas School Districts have ever been subject to federal court orders to create and maintain a unitary system of desegregated public schools. As an open-enrollment public charter school, IACS must be race-neutral and non-discriminatory in its student selection and admission processes, and its operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of any public school district or districts within the state.

In conclusion, IACS submits that the granting of its charter renewal request by the State Charter Authorizer would not hamper, delay or in any manner negatively affect the desegregation efforts of a public school district or public school districts in the state.

Section 2 – Composition of the Charter School's Governing Board and Relationships to Others

Part A: Composition of Governing Board

Describe the governance structure of the charter, including an explanation of the board member selection process and the authority and responsibilities of the charter board.

Imboden Area Charter School, Incorporated is a 501(c)(3) non-profit corporation that governs the Imboden Area Charter School. The Board of Directors consists of five members who are elected to serve five year terms by the members of Imboden Area Charter School, Incorporated. All parents/guardians of students attending IACS and the four original incorporators are member of IACS, Inc.

The Board of Directors is responsible for

- Attending board meetings, including the regular monthly meeting and any special meetings.
- Determining and setting the mission and direction of the school
- Following all the state and federal laws that govern public schools, with the exception of the statutes and rules that have been waived for the Imboden Area Charter School
- Making, enforcing, and obeying school policies
- Employing staff and conducting hearings
- Employing a school director to oversee the day-to-day operations of the school
- Evaluating the director annually or before extending his/her contract
- Oversee school finances and all aspects of the budget, never permitting the school end the fiscal year with a negative balance
- Taking the training and professional development necessary to serve as active, informed members of the board of directors
- Visiting the school, when students are present, at least annually and attending some events and functions

Part B: Disclosure Information

Identify any contract, lease, or employment agreement in which the charter is or has been a party, and in which any charter administrator, board member, or an administrator's or board member's family member has or had a financial interest.

There are no contracts or leases to which IACS is or has been a party and in which the IACS Director, Board Members, or the Director's or Board Members' family members have or had a financial interest.

Complete the table on the following page.

Relationship Disclosures

In the first column, provide the name and contact information of each board member and/or administrator. In the second column, provide the name and position (e.g., financial officer, teacher, custodian) of any other board member, charter employee, or management company employee who has a relationship with the board member/administrator or state NONE. Describe the relationship in the third column (e.g., spouse, parent, sibling).

Charter School Board Member's/ Administrator's Name and Contact Information	Name and Title of Individual Related to Board Member	Relationship
Judy Warren, Director **PO Box 297** **Imboden, AR 72434** **Phone: (870) 869-3015**	**NONE**	
Mary Buchman, Board President **9 Lawrence 301 N.** **Powhatan, AR 72458** **Phone: (870) 577-9584**	**NONE**	
Lisa Lewallen, Board Vice-President **183 Lakeside Dr.** **Williford, AR 72482** **Phone: (870) 751-0258**	**NONE**	
Scott Rorex, Board Secretary **911 Lawrence 203** **Imboden, AR 72434** **Phone: (870) 869-2937**	**NONE**	
Tonya Phillips, Board Member **PO Box 37** **Powhatan, AR 72458** **Phone: (870) 878-6162**	**NONE**	
Open Position by resignation of Board Member – Position to be filled by appointment of the Board of Directors		

Section 3 – Student and Teacher Retention and Recruitment

Part A: Student Retention and Recruitment

Complete the following Student Retention Table:

Group Combined 2013-2014 School Year Through October 1, 2015	Total Number Enrolled	Number Left Without Completing the Highest Grade Offered	Total % Left the Charter	% Left for Other Arkansas Charter	% Left for Arkansas Traditional Public School	% Left for Arkansas Private School	% Left for Home School in Arkansas	% Left the State	% Left for Unknown Reasons
All	110	54	49.09%	3.70%	72.22%	0.00%	7.40%	16.67%	0.00%

Hispanic	2	0	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
Native American/ Native Alaskan	1	1	100.00%	0.00%	100.00%	0.00%	0.00%	0.00%	0.00%
Native Hawaiian/ Pacific Islander	0	0	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
White	107	53	49.53%	3.77%	71.70%	0.00%	7.55%	16.98%	0.00%
Migrant	0	0	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
LEP	0	0	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
Gifted & Talented	0	0	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
Special Education	30	8	26.67%	0.00%	87.50%	0.00%	0.00%	12.50%	0.00%
Title I	TITLE I SCHOOLWIDE	0	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
Free and Reduced Lunch	94	44	46.81	4.55%	68.18%	0.00%	9.10%	18.18%	0.00%

Review the data in the Student Retention Table and discuss the reasons that students leave the charter without completing the highest grade offered at the charter. Specifically address the reasons that students belonging to the TAGG demographic groups (economically disadvantaged, special education, and English language learners) leave the charter without completing the highest grade offered at the charter, if they do so at a higher rate than students belonging to other demographic groups. Discuss the reasons that other demographic group(s), if any, leave the school at disproportionate rates.

The above student retention table shows 49.09% leaving the school prior to completing the highest grade offered. While this is a considerable percentage of students who left IACS, it must be noted that 24.08% moved away (16.36% out of state, and another 7.41% who moved out of the area). There was no column in the chart to represent the percentage that moved out of the attendance area.

Because of the small population, IACS staff interacts daily with most parents, and parents willingly share the reasons for leaving IACS. The following represents the reasons given for students leaving during this contractual period and the percentages of those responses:

13.51%	Transportation
13.51%	Home school so students can help at home
13.51%	Oldest sibling graduated, wants all children in the same school
10.81%	IACS report to DHS
10.81%	Not satisfied
8.11%	Child misses his/her friends
8.11%	Participate in athletics
8.11%	Unknown
8.11%	Miscellaneous reasons
2.70%	Retained student
2.70%	Living with another parent

Due to the high percentage of disadvantaged students who attend IACS, the primary reason students leave the charter is because of family financial struggles involving transportation. While IACS does offer transportation to and from school with localized bus stops in neighboring communities, parents must still transport their children to the bust stop. Traditional school districts, with geographical boundaries, are able to incorporate routes that run directly past student residences. After being financially forced to leave IACS, some parents will attempt to home school or enroll their children in the Arkansas Virtual Academy rather than return to their regular school district.

While IACS does offer a quality educational program and need-satisfying environment, it does not offer extracurricular activities. Historically, many students have chosen to leave the school in order to participate in athletic or music activities offered at traditional public schools.

Any actions IACS is forced to take involving mandatory reports to government agencies or the court system always results in parents removing their children from the school.

IACS has no English language learners, and special education students, disadvantaged students, or students from any other demographic groups did not leave the school at disproportionate rates.

Complete the following Student Recruitment Table:

	2014-2015 Sloan-Hendrix School District (District in Which the Charter Is Located)		2014-2015 Imboden Area Charter School		2015-2016 Imboden Area Charter School		2016-2017 Projected	2017-2018 Projected	2018-2019 and Beyond Projected
	Number	%	Number	%	Number	%	%	%	%
All	706		68		42				
Two or More Races	0	0.00%	0	0.00%	0	0.00%	0.00%	0.00%	0.00%

Gifted & Talented	68	9.63%	Waiver	Waiver	Waiver	Waiver	Waiver	Waiver	Waiver
Special Education	89	12.61%	14	20.59%	16	38.10%	30.00%	30.00%	30.00%
Title I	706	100.00%	Schoolwide	100.00%	Schoolwide	100.00%	100.00%	100.00%	100.00%
Free and Reduced Lunch	446	63.17%	55	80.88%	37	88.1%	85.00%	85.00%	85.00%

Review the data in the Student Recruitment Table.
Discuss the school population and explain why the charter has a much lower percentage of Title I students and higher percentage of students receiving free or reduced lunches than the district in which the charter is located.

The IACS student population averages 60 students spanning grades kindergarten through eighth. This population shows little racial diversity as is common among all schools in northeast Arkansas. The original ADE data entered into the table above had shown a lower percentage of Title I students than Sloan Hendrix School District in which the charter is located. This data was entered incorrectly into the cycle report and should show 100% of the IACS student population as Title I, and that percentage has been updated in the table. IACS has had a 100% Title I student population every year since the school's opening. Data also shows a significantly higher percentage of students receiving free or reduced lunches than the Sloan Hendrix district. IACS has always had an average free or reduced lunch percentage of 80%. It is important to note that all area schools from which IACS draws its students reflect the same percentages of special education and free and reduced lunch population as Sloan-Hendrix School District.

Provide any additional commentary on student recruitment for the charter school, if needed.

Historically, the enrollment at IACS has fluctuated dramatically from year to year without any identifiable reason. The Imboden Area Charter School has annually funded a marketing campaign to raise awareness of the school's availability. This marketing campaign consists of postcard advertisements, radio and television commercials, and articles and photos of school events published in area newspapers. At this point, IACS has eight new students who will be enrolling in January, 2016.

Part B: Lottery Procedures

Describe procedures for conducting the an annual single lottery enrollment process, including the timeline for enrolling, the date of the lottery, and the way in which students will be placed on waiting lists, and the process for notifying parents about each child's selection or order on the waiting list. Explain how the charter will ensure that the lottery process is transparent to the public.

The application deadline is May 30th prior to the school year during which the students will be attending.

IACS divides applications into four grade groups; K-1, 2-3, 4-5, and 6-7-8. Returning students with completed applications are admitted first, followed by siblings of returning students. If more students apply in one or more groups than can be accommodated, a random lottery is held in a public assembly to fill the remaining positions. The following procedure is used for the lottery:

- Each application is grouped and numbered in the order it is received.
- Each applicant's number is placed in an individual non-transparent capsule.
- Capsules are placed in the appropriate container for the grade group.
- One capsule is drawn from the container, numbers recorded, and matched to student applications. If the student drawn has siblings in the lottery, they are accepted at that time and recorded in the appropriate group.
- This drawing procedure will continue until the appropriate number of students who can be accommodated is drawn.

If the grade groups are not filled by the deadline, applications are then accepted on a first come, first served basis until the groups are filled.

Part C: Teacher Retention

Complete the following Teacher Retention Table:

School Year	Total Number of Teachers	Teachers Who Left During the School Year		Teachers Who Returned to Teach a the Charter the Following Year		Teachers Who Took Other Positions within the Charter Organization	
		Number	%	Number	%	Number	%
2012-2013	9	1	11.11%	8	88.89%	0	0.00%
2013-2014	10	2	20.00%	8	80.00%	0	0.00%
2014-2015	9	2	22.22%	7	77.78%	0	0.00%
2015-2016	7	0	0.00%				

Review the data in the Teacher Retention Table. Discuss the reasons that teachers leave the charter and current practices and future plans to retain teachers.

The Imboden Area Charter School typically employees seven or eight teachers to fill all positions. With this extremely small population size, any teacher leaving during the school year will represent a very large percentage of the total population. Following are the reasons teachers have left IACS:

2013-13 1 – philosophical differences with the mission of the school
2013-14 1 – retired due to medical necessity
1 – left to start a new business
2014-15 1 – philosophical differences with the mission of the school
1- retired due to medical necessity

Two of the current staff members have remained for over 10 years, one for six years, two for four years, and two for one year. All but one teacher currently employed are veteran teachers with 10-36 years of overall experience. Practices to retain teachers are compensation using the state-required salary schedule, providing an environment where teachers are given a significant voice in the operations of the school, and allowing a high degree of autonomy to teach in ways that will fit the student population. Teacher retention does not seem to be an issue at this time.

Section 4 –Data and Best Practices

Part A: Test Data

Review the following assessment data, 2012-2014, for the charter and the district in which the charter resides.

		Sloan-Hendrix School District (District in Which the Charter Is Located)		Imboden Area Charter School	
		Literacy Proficient or Advanced	Mathematics Proficient or Advanced	Literacy Proficient or Advanced	Mathematics Proficient or Advanced
2012	All Students	78.41%	77.31%	75.00%	72.00%
	TAGG	72.64%	73.64%	70.83%	66.67%
2013	All Students	76.10%	67.65%	72.63%	76.00%
	TAGG	72.04%	64.61%	71.60%	71.43%
2014	All Students	75.32%	73.37%	55.56%	44.75%
	TAGG	71.50%	69.43%	56.25%	41.18%

Describe the ways in which the testing data support the achievement of, or progress toward achieving, the charter's current approved academic goals.

The chart above shows the achievement of IACS students in two important ways.

- When IACS is compared with Sloan-Hendrix using the combined population, this number includes special education students. Considering that IACS has approximately 25% more special education students than Sloan-Hendrix, IACS students overall have achieved at a greater percentage than did Sloan-Hendrix students. In fact in 2013, IACS averaged nine percentage points higher proficiency rating in Mathematics than did Sloan-Hendrix.
- Assuming that the TAGG groups listed above combine special education students with disadvantaged students, again IACS has performed very well. Special education students and disadvantaged students comprise 95% of IACS enrollment. Again in 2013, IACS TAGG groups averaged a higher proficiency rating that did Sloan-Hendrix TAGG groups.

From 2013 to 2014, IACS lost 29 of its 55 students or 42% of its student population. In 2014, 38 of 67 students or 57% of IACS student population were new to the school, more than half entering in November through January when instruction and growth opportunities are cut in half. It is clear to see why IACS scores dropped significantly for that year.

Most students who enroll at IACS have attended other schools and are one to four years behind their peers in academic achievement. Typical incoming students at the Basic or Below Basic levels reduce the count at the school they left and increase the Basic or Below Basic count at IACS. Since the two schools are within one mile of each other, student migration between the two schools is relatively easy. Thus, students who are unsuccessful in the traditional academic

program are most likely to transfer into IACS, where most of them begin to thrive; however, research has proven that students who are far below their peers academically have little chance of growing at a rate that will bring them up to proficiency within three years. And historically, this has been proven to be the case at IACS.

Part B: Discipline and Attendance Data

Complete the following discipline data charts for 2014-2015.

***Please note that some demographic categories are intentionally left out due to the school not having more than 10 students enrolled that fall into those categories.**

2014-2015 Discipline Data

TOTAL	**0**	**0**	**0**	**0**	**0**	**0**

Explain why no discipline data was reported for the charter in 2012-2013, 2013-2014, or 2014-2015.

The Imboden Area Charter School utilizes a philosophy of education based on meeting the needs of students. It is the school's belief that if a child's social, emotional, and physical needs are met, the student will be intrinsically motivated to be successful in school. This intrinsic desire for success creates motivated students with little desire for misbehavior. The combination of this educational philosophy, small class sizes, and highly skilled teachers creates an environment of care and respect where disciplinary issues simply do not exist. Coupled with this is the belief that non-coercive management creates relationships with children and families, and hence, the students strive to do what is asked, and families are supportive if parents must be notified. In the rare event that a student is exhibiting an inappropriate behavior, a simple conversation with the child results in pinpointing the specific cause of the problem. Once the problem has been identified, a plan can be derived and implemented to alter the questionable behavior. This method of managing students seeks to remedy the root cause of a problem, thus not only changing the immediate issue, but also the student's life.

Discuss the disciplinary infraction and action data. Be certain to discuss any disproportionate representation by a subgroup.

There are no disciplinary infractions/actions to report.

Discuss the strategies used by the charter to ensure that discipline is administered in a fair and equitable manner.

Discipline is not necessary, only discussions with students and a plan for a solution to any issue. Discussions are used with all students.

Review the following attendance data.

2014-2015 Attendance				
	Quarter 1	**Quarter 2**	**Quarter 3**	**Quarter 4**
ADA	57.76	54.07	51.55	50.27
ADM	62.24	59.94	56.05	54.02
Rate	93%	90%	92%	93%

Describe the methods used by the charter to improve student behavior and attendance.

As stated above, it is the school's belief that if a child's social, emotional, and physical needs are met, the student will be intrinsically motivated to be successful in school. This includes the desire to attend regularly. Parents often report that the students beg to attend school, even if the child is sick. Issues involving attendance result from the disadvantaged parents and the lack of funds to transport students. If a student has any type of appointment during the school day, parents most likely will keep the child at home all day because parents are financially unable to transport the children to school. And with a high percentage of disadvantaged families, the attendance rate at IACS is high compared to attendance rates of disadvantaged students attending other area schools.

Part C: Best Practices

Identify and describe one (or more) best practice(s) that support the achievement of, or progress toward achieving, the charter's current approved academic goals. Provide the data that led to the determination that this practice is effective.

IACS utilizes a differentiated learning program driven by yearly student data. This learning program has won several awards including a "National Best Practice Award for Student Achievement" from the Southern Regional Education Board in Atlanta, Georgia. The predominate tenet of this program is an educational philosophy based on the work of Dr. William Glasser, whose studies indicate that all human beings are born with five basic needs: survival, belonging, power, freedom, and fun, and that human beings attempt to live their lives in such a way that will best satisfy one or more of those needs. All students are unique; they learn differently and at different rates, and each student has his/her strengths and weaknesses. The learning program respects the individuality of each student while allowing the students to meet their five basic needs. This combination of philosophy and learning fosters an appreciation for fellow students and their achievements, as well as pride in a student's growth. The IACS learning program is organized in such a way that allows students with difficulties the time necessary for them to master objectives while allowing advanced students to progress to more challenging objectives.

While the overall philosophy of meeting student needs remains a constant of the IACS learning program, specific curricular materials are altered yearly following the publication of standardized testing scores. Each summer, student testing data is disaggregated to assess strengths and weaknesses of the program. Curricular materials are then reviewed and altered depending on the identified needs. Once the school year begins, students participate in an intensive battery of literacy and mathematics pretests designed to evaluate student needs. These pretest results are then used to design and implement an individualized learning plan in literacy and mathematics for each child.

Literacy at IACS is comprised of several components. First, students participate in daily language practice where they review previously taught material dealing with sentence structure, spelling, grammar, and the conventions of language. Secondly, writing is taught as a whole group activity keying in on the writing process and the six traits of writing. Writing is differentiated to accommodate student abilities as necessary. Thirdly, students participate in school-wide phonics and vocabulary lessons tailored to individual learning levels. Literature is the final component of the program which is further broken down into independent reading activities, teacher led reading activities, and reading activities dealing with informational text. Each component of the literacy program serves a specific purpose with the overall goal of engaging students and soliciting academic growth. Academic growth has been consistent while using this

program, with students averaging 1.5 years of growth in literacy on the Standardized Test of the Assessment of Reading annually.

Mathematics at IACS consists of three separate daily activities each with a specific objective in mind. Students complete brief daily mathematics review lessons designed to review previously taught material. This component provides students with consistent practice of objectives with the overall goal of retaining information. The second daily activity is a whole group mathematics lesson based on Common Core objectives. This lesson may deal with geometry, measurement, data analysis, etc. These lessons are taught in a whole group environment with appropriate scaffolding based on student needs. The final component is an individualized, mastery level, number sense and pre-algebra program focusing on basic level mathematics skills. This program is designed to help students master specific mathematics skills, which may be above or below the student's current grade level. At lower levels of the program, students master math facts and arithmetic operations. In higher levels of the program, students master operations with decimals and fractions. At the highest levels, students deal with integers, exponents, and the building blocks of algebra. This three-component process of teaching mathematics has shown consistently strong results, with students averaging 1.5 years growth on the Standardized Test of the Assessment of Mathematics annually.

Section 5 – Academic Performance Goals

Part A: Current Performance Goals

Each of the charter's student academic performance goals, as approved by the authorizer, is listed. Describe the charter's progress in achieving each goal and provide supporting documentation that demonstrates the progress. If a goal was not reached, explain why it was not reached and the actions being taken so that students can achieve the goal. **REDACT ALL STUDENT IDENTIFIABLE INFORMATION**.

Goals as stated in 2013 renewal application:

Describe the charter's progress to achieving each goal and provide supporting documentation that demonstrates the progress.

Literacy Goal

> IACS will meet the established growth Annual Measureable Objectives (AMOs) in literacy for the All Students Group and Targeted Achievement Gap Group using the state assessment tools.

IACS is in a mode of constant improvement – analyzing our data and making changes in curriculum, instruction, and even staff to meet the different needs of IACS student population.

With populations as small as IACS, there are statistical concerns about grouping to determine whether AMOs have been met. Of additional concern is the high percentage of special education students (25% higher than other schools in the state) and the high percentage of disadvantaged students. Parents who live in small communities are fiercely loyal to their community school. When parents look for other options in northeast Arkansas, it is not because their child is doing well. Most times, parents wait until their child is failing before seeking an alternative setting. Consequently, most students who enter IACS are one to three years behind their peers. Research has proven that students who are far below their peers academically have little chance of growing at a rate that will bring them up to proficiency within three years. And this research does not address the many students with learning disabilities and the growth that could be expected from that population.

IACS also has a very highly mobile population. Based on students who are continuously enrolled at IACS for two or more years, this indicator shown below provides a measure of the degree to which IACS is supporting mastery of content among students when given sufficient time and opportunity to do so.

Part B: New Performance Goals

Confirm the understanding that, during the term of the charter renewal, the charter is expected to meet all goals and/or objectives set by the state.

List other student academic performance goals for the period of time requested for renewal. For each goal, include the following:

- The tool to be used to measure academic performance;
- The level of performance that will demonstrate success; and
- The timeframe for the achievement of the goal.

Literacy Goal

IACS will meet the established growth Annual Measureable Objectives (AMOs) in literacy for the All Students Group and Targeted Achievement Gap Group using the state assessment tools.

Mathematics Goal

IACS will meet the established growth Annual Measureable Objectives (AMOs) in mathematics for the All Students Group and Targeted Achievement Gap Group using the state assessment tools.

Section 6 – Finance

Review the charter's most recent annual financial audit report. For each finding, address the following:

- If the finding had been noted in any prior year audits;
- The corrective actions taken to rectify the issue; and
- The date by which the issue was or will be corrected.

2013-2014 Finding

Financial accounting duties were not adequately segregated among employees. Specifically the same employee was responsible for receiving and depositing monies collected, preparation of payroll and non-payroll checks, maintenance of account records, and preparation of bank reconciliations, without compensating controls.

The same audit finding noted above has been a finding in all prior year audits; however, there has never been any other finding in prior year audits. IACS employs only one office person who, with direct supervision from the Director, is responsible for all activities noted above. IACS has taken steps to implement corrective procedures to lessen the risk to the extent possible with limited staff. Each auditor has communicated that with a small number of employees, this finding was unavoidable and had no suggestions to alleviate the problem with current staff constraints. Auditors also indicated this was a common finding among all smaller school districts throughout the state of Arkansas.

Section 7 – Waivers

Review the following list of statutes and rules that have been waived for the charter school:

Waivers from Title 6 of the Arkansas Code Annotated (Education Code)	
6-14-101 et seq.	School Elections
6-16-130(b)(3)	Visual art or music
6-17-111	Duty-free lunch periods
6-17-114	Daily planning period
6-17-117	Noninstructional duties
6-17-203	Committees on personnel policies—Members
6-17-302	Principals—Responsibilities
6-17-401	Teacher licensure requirement
6-17-919	Warrants void without valid certification and contract (the ability to pay a teacher's salary only upon filing of a teacher's certificate with the county clerk's office, if the requirement of a teacher's certificate is waived for such teacher)
6-17-1501 et seq.	Teacher Fair Dismissal Act
6-17-1701 et seq.	Public School Employee Fair Hearing Act
6-17-2301 et seq.	Classified School Employee Personnel Policy Law
6-17-2303	Committee on personnel policies for each school district
6-18-508	Alternative learning environments
6-20-2208(c)(6)	Monitoring of expenditures (gifted and talented)
6-25-103	Library media services program defined
6-25-104	Library media specialist—Qualifications
6-42-101 et seq.	General Provisions (gifted and talented)

Waivers from ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts	
15.01	School District Superintendent

15.02	Principals
15.03	Licensure and Renewal
16.02	Media Services
18	Gifted and Talented Education
19.03	Pertaining to alternative learning environments

Waivers from Other Rules:

ADE Rules for Gifted and Talented Program Approval Standards

7.11 of ADE Rules Governing Nutrition and Physical Activity Standards and Body Mass Index for Age Assessment Protocols in Arkansas Public Schools that requires a licensed physical education teacher for corresponding grade levels in grades 7-12

3.02 of ADE Rules Governing Visual Art and Music Instruction for Students in Grades One through Six (1-6) that requires instruction in visual art to be taught by a licensed teacher certified to teach art for each visual art class taught and requires instruction in music to be taught by a licensed teacher certified to teach music for each music class taught

Purchasing of Instructional Materials

Part A: New Waiver Requests

Complete the waiver request form to include each additional law and rule from Title VI of Arkansas Code Annotated, State Board of Education Rules and Regulations, including the Standards for Accreditation, that the charter would like the authorizer to waive. A rationale is required for each new waiver request.

If no new waivers are requested, state this.

Part B: Waivers to Be Rescinded

List each waiver granted by the authorizer that the charter would like to have rescinded. If no waivers are listed, the charter may be required to adhere to all waivers listed on both the original and renewal charter documentation.

If the charter wishes to maintain all currently approved waivers, state this.

Imboden Area Charter School wishes to maintain all currently approved waivers.

Section 8 – Requested Amendments

List any amendment requests and provide a rationale for each (i.e., changes to grade levels, enrollment cap, location, educational plan).

A **budget** to show that the charter will be financially viable **must accompany** any amendment request to **change grade levels, the enrollment cap, relocate, and/or add a campus**. The budget must document expected revenue to be generated and/or expenses to be incurred if the amendment request is approved.

A request to add or change a location must be accompanied by a Facilities Utilization Agreement.

If no charter amendments are requested, state this.

Imboden Area Charter School is not requesting any amendments.

ARKANSAS DEPARTMENT OF EDUCATION

Subsequent statutes and rules to existing waiver from Standards for Accreditation 15.01

OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL FACILITIES UTILIZATION AGREEMENT

Lessor(Owner): Danny Holder dba Danny's Auto Sales

Lessee(Tenant): Imboden Area Charter School

Any information regarding affiliation, family ties, or other relationships between the Lessor (Owner) and Lessee (Tenant) must be disclosed with the facilities lease agreement.

Describe the present use of the facility:

Current building and land to be used in the operation of a public educational facility by Imboden Area Charter School, Inc.

Address of Premises: 605 West 3rd Street
Imboden, AR 72434

Square Footage: 4740

Terms of Lease: 1 year lease renewable annually for 10 years

Rental Amount: $23,600

Contingency: The terms of this agreement are contingent upon

Imboden Area Charter School, Inc.
Sponsoring Entity

receiving a charter to operate an open-enrollment public charter school approved by the authorizer by August of 20 16

Statutory Language Concerning No Indebtedness:
No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the State of Arkansas or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. An open-enrollment public charter school shall not incur any debt, including any lease, without the prior review and approval of the Commissioner of Education.

Lessee: Imboden Area Charter School

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	0
Number of enrolled students with completed EOY only:	1

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Documentation of Charter Authorizing Panel Action

Imboden Area Charter School Renewal Application

Motion

To approve the renewal of the charter for 5 years with an annual report of enrollment, legal fund balance, minus categorical funding, and minus federal funding.

Barnes - **2**	Liwo	Saunders
Gotcher - **M**	Pfeffer	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			The charter has longevity and while achievement is incremental, growth with respect to multiple measures is encouraging. Additionally, the charter is not designated in any persistently low achieving categories. The annual financial reporting review will be helpful in assisting with precautions.
Gotcher	**X**			I was very impressed with the mission and core values that this school represents. I commend them for their student-centered approach to student learning. I am further impressed by the “Parents as Teachers” support. I urge them to seek out technical assistance as needed to ensure meeting fiscal responsibilities and other accountability measures.
Lester	**X**			Imboden Area Charter School has shown a history of being able to operate with the current population. Enrollment and fund balance will need to be monitored.
Liwo	**X**			Although Imboden Area Charter School (IACS) has a challenging student population, their students have demonstrated academic growth

				on a personal level and are benefitting on a more than purely academic level from the services provided by IACS. However, there are concerns with student enrollment, funding, and meeting application deadlines, which need to be monitored.
Pfeffer	**X**			This is a charter with a long history of service. This charter serves a high population of disadvantaged students and has provided evidence of student achievement over time. The charter is not under any academic or fiscal distress designations. While financial concerns exist due to the declining enrollment, the motion provides for ongoing updates as to the status of enrollment and fund balances and the ongoing operations can be addressed in a timely manner if the need arises.
Rogers	**X**			I have concerns over the declining fund balances and ADM, however I am comfortable with the yearly review and 5 year renewal for the charter, which serves a very needed population.
Saunders	**X**			The school has shown a history of serving a diverse and challenging student population.
Smith	**X**			I am comfortable with the 5 year renewal and yearly financial reports, with support from the ADE regarding balance and students served. The charter aims to serve disadvantaged students and is commended for their commitment to this work.

RE: Notice of Charter Authorizing Panel Hearing
KIPP Delta Public Schools, Blytheville

Dear Mr. Shirey:

On February 19, 2016, the Charter Authorizing Panel met and made the decision to approve the amendment request for KIPP Delta Public Schools. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director

January 11, 2016

Arkansas Department of Education
Charter School Office
Four Capitol Mall
Little Rock, AR 72201

Dear Members of the Panel,

I'm writing today to seek permission to establish a new campus and reconfigure the grade-span of our existing schools in Blytheville, Arkansas. Thank you for your review and consideration of our request.

KIPP Blytheville College Preparatory School (BCPS) currently serves grades 4-8. KIPP Blytheville Collegiate High School (KBC) serves grades 9-10. Both schools operate at the Senator Steve Bryles Campus located at 1200 Byrum Rd in Blytheville. The schools are operating at full capacity and additional space is needed.

To meet our growth and space needs, KIPP Delta worked in partnership with the Blytheville Public School District to purchase the vacant former Central Elementary School located at 1124 West Moultrie in Blytheville, AR for $806,000. The 63,000 square foot facility has been well maintained by the district and we estimate it will need less than $2,000,000 in renovations. The campus will provide more than thirty classrooms, administrative spaces, ample green space, a library, and a cafeteria. The $45.00 per square foot cost for the purchase and renovation of the facility it is less than half of our typical per square foot modular campus construction costs. KIPP Delta has secured financing for the purchase of the facility and is in conversations with donors and lenders to secure the remaining financing for the renovation of the facility. Our long-term financial model contemplates the debt service on financing for both the purchase and renovation of the facility.

As part of the move, KIPP Delta seeks permission to reconfigure KIPP Blytheville College Preparatory School grade from a 4-8 grade span to a 4-6 grade span. We plan to renovate a portion of the facility this spring with the intention of moving grades 4-6 (BCPS) from the Bryles campus to the Central campus for the 2016 - 2017 school year. Over time, we will grow the campus to serve kindergarten

though 6th grade on the Central campus. We will seek permission to add grades K-3 at a future date.

Additionally, we are seeking permission to reconfigure KIPP Blytheville Collegiate High School to serve grades 7-11 during the 2016-2017 school year. KBC will remain on the Bryles campus and will have adequate space to continue growing the high school to include 11th and 12th grades. Additional space will be available to continue developing our instructional and extra curricular programs.

We believe that the establishment of the new campus will create more stable adequate facilities allowing us to better serve our students as we grow. The grade-span configuration change will allow us to deploy our teaching and school leadership more efficiently and effectively while also supporting more developmentally appropriate grade groupings.

Thank you for your review and consideration. We look forward to addressing any questions and concerns you might have at the February Charter Authorizing Panel.

Sincerely,

Scott Shirey
Executive Director

CHARTER AMENDMENT REQUEST FORM

Charter Name KIPP Delta Public Schools

LEA Number 5440700, 705, 706

Type of Amendment Requested:

☒ **Add a new campus**

Address 1124 West Moultrie Drive
Blytheville, Arkansas 72315

School district in which the campus will be located Blytheville School District

☒ **Change grade levels served**

Current grade levels served 4-10

Proposed grade levels 4-6 & 7-12

FACILITIES UTILIZATION AGREEMENT

To be completed and submitted with an amendment request to add a new campus or relocate an existing campus

Lessor(Owner): N/A

Lessee(Tenant): N/A

Any information regarding affiliation, family ties, or other relationships between the Lessor (Owner) and Lessee (Tenant) must be disclosed with the facilities lease agreement.

Describe the present use of the facility:
KIPP Delta is purchasing the facility to be used for the new campus.

Address of Premises: 1124 West Moultrie Drive
Blytheville AR 72315

Square Footage: 64000

Terms of Lease: N/A

Rental Amount: N/A

Contingency: The terms of this agreement are contingent upon

_____
Charter School

receiving approval by the Authorizer to operate an open-enrollment public charter school at the premises identified.

Statutory Language Concerning No Indebtedness:
No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the State of Arkansas or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. An open-enrollment public charter school shall not incur any debt, including any lease, without the prior review and approval of the Commissioner of Education.

We affirm that the facility is, or will be prior to charter occupancy, compliant with ADA/IDEA accessibility regulations, and will remain so while the charter occupies the location.

MEETING OF DIRECTORS OF
KIPP DELTA, INC.

At a meeting of the directors of KIPP Delta, Inc. held at 1:30 p.m. on October 27, 2014, the board discussed the school district purchasing property owned by the Blytheville School District in Blytheville, Chickasawba District, Mississippi County, Arkansas, and generally described in the attached Offer and Acceptance.

After full discussion, the following resolution was unanimously approved:

BE IT RESOLVED, that it is in the best interest of KIPP Delta, Inc. to purchase the property set forth on the attached Offer and Acceptance from Blytheville School District on the terms and conditions set forth in the contract. Mr. Scott Shirey, Executive Director of KIPP Delta, Inc., is hereby authorized and directed to execute the offer, and if accepted, to sign such other documents as are necessary to effect the purchase of the property in accordance with the intent of this resolution.

There being no further business, the meeting was adjourned.

MEETING
OF
DIRECTORS OF BLYTHEVILLE SCHOOL DISTRICT

At a meeting of the directors of Blytheville School District held at 6:00 p.m. on October 28, 2014, the board discussed the school district selling property owned by the Blytheville School District to KIPP Delta, Inc. which operates a public charter school in Blytheville, Arkansas. The property is located in Blytheville, Chicksawba District, Mississippi County, Arkansas, and is generally described in the attached Offer and Acceptance.

After full discussion, the following resolution was unanimously approved:

> **BE IT RESOLVED**, that it is in the best interest of Blytheville School District to sell the property set forth on the attached Offer and Acceptance to KIPP Delta, Inc. which operates a public charter school in the Blytheville School District and is purchasing the property for fair market value on the terms and conditions set forth in the contract. Mr. Richard Atwill, Superintendent of Blytheville School District, is hereby authorized and directed to execute the acceptance and to sign such other documents as are necessary to effect the sale of the property in accordance with the intent of this resolution.

There being no further business, the meeting was adjourned.

Blytheville School District Board of Directors

by Donny Bennett Jr
President

ATTEST:

Barbara Wells
Secretary

REAL ESTATE CONTRACT
(OFFER AND ACCEPTANCE)

1. **Buyer: KIPP Delta, Inc.,** which operates a public charter school in Blytheville, Arkansas, offers to buy, subject to the terms set forth in this agreement, the property described below.

2. **Property Description**: All the real property of Blytheville School District at the school location encompassing the property in and contiguous to 1124 West Moultrie and 1121 West Hardin in Blytheville, Arkansas, with improvements thereon more specifically described as follows:

Building Number & Name		Gross Sq Ft
1124 W Moultrie	Elementary	38,708
1124 W Moultrie	Elementary or Primary	15,769
1124 W Moultrie	Library/Media Center	1,825
1121 W Hardin	N. W. Addition	6,789

3. **Purchase Price**: Buyer will pay $806,000.00 in cash for the property at closing.

4. **Conveyance**: At closing, conveyance shall be made to Buyer, or as directed by Buyer, by general warranty deed, prepared at Seller's expense, except it shall be subject to recorded restrictions and easements, if any, which do not materially affect the value of the property. Buyer shall be responsible for the recording of the deed.

5. **Title Insurance**: The owner of the above property, hereinafter called Seller, shall furnish, at Seller's expense, title insurance reflecting merchantable title satisfactory to Buyer. If objections are made to title, Seller shall have a reasonable time to meet the objections at Seller's expense.

6. **Prorations**: Any taxes and special assessments due shall be paid by Seller although it is anticipated that no such items will be due because of Seller's status as a public school district of the State of Arkansas.

7. **Closing**: The closing date is estimated to be no sooner than January of 2015. Documentary stamps will not be required for the deed. The parties shall each pay one-half of the charge for closing the sale which is estimated to be $200 for each party.

8. **Possession**: Possession shall be delivered to Buyer upon Buyer=s closing date.

9. **Fixtures and Attached Equipment**: Fixtures and attached equipment shall remain with and be considered a part of the real property which is being purchased by Buyer.

10. **Termite Control Requirements**: Seller shall supply to Buyer, at Seller's expense, a current termite control policy issued by a licensed operator.

11. **Inspections and Repairs**: Buyer certifies that Buyer has inspected the property and is not relying upon any warranties, representations or statements of Seller as to age or condition of improvements, other than those specified in this agreement. Buyer accepts the property in its present condition.

12. **Risk of Loss**: The risk of loss or damage to the property by fire or other casualty occurring up to the time of Buyer=s closing is assumed by the Seller.

13. **Phase I Environmental Assessment:** Seller agrees that a properly licensed entity shall perform a Phase I environmental assessment on the Property and furnish Buyer with copies of any test results or reports. Buyer shall be responsible for the cost of the assessment and test. If the assessment requires cleanup, then Buyer shall have the option to terminate this contract and decline to purchase the property. In such an event, the parties, if they both choose to do so, shall be free to renegotiate the price under this contract and take the assessment and cleanup into account by adjusting the purchase price.

14. **Other Conditions:** This contract and the timing of closing are contingent upon obtaining financing and any necessary approval by the Arkansas Department of Education for the use of the property by Buyer as a public charter school.

THIS IS A LEGALLY BINDING CONTRACT WHEN SIGNED BY BOTH BUYER AND SELLER. IF NOT UNDERSTOOD, SEEK LEGAL ADVICE.

BUYER:

KIPP Delta, Inc.

by _____
Scott Shirey, Executive Director

Dated October 27, 2014.

This offer is accepted this 28 day of October, 2014.

SELLER:

Blytheville School District

by _____
Richard Atwill, Superintendent

Desegregation Analysis

KIPP Blytheville College Preparatory School (BCPS) and KIPP Blytheville Collegiate High School (KBC), known collectively as KIPP Blytheville are requesting an amendment to reconfigure the grade spans each school serves and to relocate one school to another location still within the Blytheville School District (BSD). KIPP Blytheville will continue to comply with all applicable federal and state statutory and regulatory requirements regarding the creation and maintenance of desegregated public schools.

KIPP Blytheville should continue to have no negative impact on the ability or the efforts of the BSD or any other Arkansas public school districts to comply with any existing court orders or statutory obligations to create and maintain a unitary system of desegregated public schools. The BSD has submitted information to the Arkansas Department of Education (ADE) stating that it is a party to active desegregation lawsuits. Based upon its careful review pursuant to Ark. Code Ann. §6-23-106, KIPP Blytheville does not believe that the granting of its requested amendment will hamper, delay or in any way negatively affect the desegregation efforts of the BSD.

KIPP Blytheville will continue to comply with all federal and state laws concerning enrollment in a public school and in particular those laws specified to enrollment in a public charter school. The current (January 5, 2016) student population of KIPP Blytheville is 263 students. The 2015-2016 school year student population of the BSD as maintained by the ADE Data Center is 2,238 students. KIPP Blytheville's student population is approximately 11.8% of the BSD student population.

KIPP Blytheville realizes it cannot exclude any student that may wish to attend due to race, gender, ethnicity, or any other prohibited reason. No conclusion can be inferred or drawn against KIPP Blytheville that there exists any intent to continue to operate a public school, by way of this amendment request, or in practice, that has a purpose or intent to create a racially segregated public school or likewise impact other public schools.

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	0
Number of enrolled students with completed EOY only:	2

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Documentation of Charter Authorizing Panel Action

KIPP Delta Public Schools, Blytheville Amendment Request

Motion

To approve the request

Barnes-**M**	Liwo	Saunders-**2**
Gotcher	Pfeffer	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			I have no concerns regarding the amendment to relocate and believe the reconfiguration of grades may prove beneficial to the academic processes in place.
Gotcher	**X**			Relocation and reconfiguration will benefit kids and families. I have no concerns.
Lester	**X**			I have no concerns with requested amendments.
Liwo	**X**			I have no concerns with requested amendments.
Pfeffer	**X**			I have no concerns with the requested amendment. This is a good use of the facility and an example of the partnership with the Blytheville School District.
Rogers	**X**			I have no concern with request as the student population is growing.
Saunders	**X**			This gives the school the flexibility they need to respond to the students.
Smith	**X**			I have no concern regarding the amendment request. The new facility will assist the school in serving students.

RE: Notice of Charter Authorizing Panel Decision
Lisa Academy Amendment Request

Dear Mr. Ekin:

On February 19, 2016, the Charter Authorizing Panel met and approved the amendment requests for LISA Academy, contingent on the availability of the proposed location, and granted flexibility to open the new elementary campus at the proposed location for either the 2016-2017 school year or the 2017-2018 school year. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director
Public Charter Schools

Re: LISA Academy Amendment Request
Dear Ms. Boyd:

Pursuant to Section 4.02.4 of the ADE Rules Governing Public Charter Schools, I have enclosed a completed Charter Amendment Form (Form) (with attachments) for the purpose of requesting the following changes:

1. Addition of a new Elementary campus in West Little Rock, containing grade levels K-6;
2. A change in the grade levels of the current West campus in West Little Rock to grades 7-12, which includes the current West Middle and High Schools;
3. An increase in the enrollment cap for LISA Academy from 1500 to 2100 students; and
4. The new elementary campus be granted the same waivers granted to the LISA Academy Charter.

I am requesting that this amendment request be placed on the February 17-19, 2016 agenda of the Charter Authorizing Panel for consideration.

Thank you for your assistance in this matter.

Sincerely,

Atnan Ekin
Superintendent
LISA Academy

Amendment Request

LISA Academy

January 11, 2016

Proposed Structure:

Currently LISA Academy has two campuses in Sherwood and west Little Rock serving 1500 students in grades K-12. The North campus has K-12 with 700 students and the West campus has 6-12 with 800 students. School grade levels are as follows:

LISA Academy Middle School – Grades 6-8 – 6041702
LISA Academy High School – Grades 9-12 – 6041703
LISA Academy- North Elementary – Grades K-5 – 6041701
LISA Academy- North Middle School – Grades 6-8 – 6041705
LISA Academy- North High School - Grades 9-12 - 6041706

Our amendment request includes the following:

1– Adding a new elementary campus in West Little Rock containing grade levels K-6.
2 – Changing the grade levels at LISA West campus to 7-12, which will include the Middle and High Schools
3 – Increasing the total, combined enrollment cap of all schools under the LISA Academy charter from 1,500 students to 2,100 students.
4 – Requesting that the new elementary campus be granted the same waivers granted to LISA Academy Charter.

BENEFITS of INNOVATIVE LISA ELEMENTARY SCHOOL IN WEST LITTLE ROCK

LISA Academy is a public charter school with STEM focus and college preparatory goals. LISA Academy is requesting to complete the West Little Rock Academy vision by opening an elementary building in West Little Rock. The new LISA elementary in West Little Rock will utilize the successful system proven at LISA Academy North in Sherwood. LISA will implement the following educational innovations for the West Little Rock community.

1 – STEM Focused Education

LISA provides rigorous STEM education to all students. The rigorous pace presented at the middle school level can be jarring to some students without the proper educational backgrounds. Therefore an elementary school in the West Little Rock area will provide the educational background to students needed to be successful in the competitive world of STEM.

LISA North Elementary school has already started this process and would replicate effective practices in the West location. Proven Practices include:

- **PLTW STEM Instruction**- Project Lead The Way launch program. STEM based activities that focus on all areas of STEM education. Engineering begins in Kindergarten and progresses each year through programming and coding in 5th grade.
- **STEM Applications-** Through the use of field trips students get to see the concepts they learn in action. Space Camp is our annual event where 5th graders show the culmination of their learning through the fun and exciting space application
- **STEM Professionals-** Professionals working the STEM area motivate and answer questions students have around STEM careers.
- **Integrated Technology throughout the day**-Technology is integrated into all aspects of the elementary day. With mobile chromebooks, IPads for programming and coding, weekly technology classes, and tablets for each teacher and students use for various applications throughout the day. Thereby creating a culture where the curriculum fully integrated with technology is second nature.

As a result of the aforementioned programs, students arrive at the middle and high school levels better equipped for the rigor of LISA Academy.

2 – Data Driven Instruction

Teachers use multiple sources of data to guide classroom instruction and implement differentiated instruction. Data is gathered periodically utilizing the DRA, DSA, DIBELS, and NWEA MAP Assessment as well as local assessments. Data is analyzed by teachers, coaches, and administrators to improve classroom instruction, provide reinforcement and support to weak areas, as well as track student growth throughout the year.
LISA Elementary intentionally plans and provides structures for data use in the following ways;

- **Differentiated Instruction-** Teachers use the collected data to plan instruction according to student needs. The students are then placed into like learning teams to discuss and problem solve together according to similar abilities.
- **Correlating student achievement-** Data teams analyze what standards are being met by each student and grade level band. Instructional leaders assist and provide additional feedback to assist learning all state standards.
- **Targeted Professional Development**-Teachers undergo annual training regarding use and implementation of data in their classrooms. One on one teacher meeting with educational leaders assist teachers to create individualized action plans for classrooms.
- **Administrative Support**- Team leaders create student level data reports for teachers, administrators, and parents. During conferences each person is taught how to read the data and interpret results accordingly.

3 – Strategies for low performing students

LISA Academy uses data to identify and differentiate for all students. When scores dip below expected norms, immediate intervention is applied for these low performing students. Interventions include:

- Small group instruction
- Pull out tutoring
- After school tutoring
- Saturday camp tutoring
- Holiday practice packets
- Levelized curriculum

In addition to these interventions, LISA Academy provides nationally recognized online programs and supports. Examples of these programs include McGraw-Hill online content, MobyMax, IReady, NoRedInk, and NewsELA. By using these proven methods LISA Elementary has shown progress in closing the achievement gap.

4 – School Culture

Establishing the school culture and providing stronger academic background at the elementary level will better prepare our students for college. LISA Academy North Elementary's strong program will be duplicated at the new West Little Rock location. Key features of this culture include:

- **Strong Parental Involvement**- Families are kept in constant communication through the use of dynamic applications like the online student database, class dojo, email, and phone communications. Activities like Doughnuts with Dads and Muffins with Moms are activities where families can come into the school and become part of the LISA Family to create the team atmosphere needed to educate students effectively.
- **Foreign Language Classes-** Upper elementary classes learn a foreign language as well as a foreign culture once a week.
- **Multicultural Celebrations-** 1st through 5th grade each are involved in the annual World Fest Event. Competing classes are given a country to research regarding cultures, traditions, languages, and geography. Also LISA celebrates the annual Multicultural Festival. Each grade works together to create a presentation based around a country of their choosing. Projects are showcased at Multicultural Festival where students must explain their findings to visitors.
- **Student Connections**- Learners at LISA Academy connect through guided inquiry in the classrooms. As is evident in our science classrooms, students work in learning teams to solve problems and find creative solutions. Students then are taught to review and reflect on these learning experiences to improve their own learning through this metacognition similarly to the way teachers reflect in grade level learning and planning teams.

5 – 6th Grade Academy

- **Focused transitional period for 6th grade students-** Rather than housing sixth grade students in the same building as 7th and 8th grade students, the 6th Grade Academy model would provide a year for students to begin the rigors of class changing, lockers and challenging college preparatory academics while still being housed in a building without the older students.
- **Accelerated Academic Program -** Students who qualify through placement testing will be placed in advanced track courses in Math and English. Those who qualify will be able to complete Pre-Algebra in the 6th grade and be placed in high school Algebra when they move to the 7th grade. The quality and rigor of the current LISA West program will be maintained and even enhanced as a part of the new structure.
- **STEM and PBL -** 6th grade students would participate in the same middle school level STEM and PBL programming that is available to 7th and 8th grade students on the current LISA West Middle School campus.
- **Academic Intervention-** the same intervention programs (Pull-outs, English and Math labs, after school tutoring, Saturday camps) that are currently offered to middle school students at LISA West would be utilized for 6th grade academy students.

- **Study Skills Preparation -** students would receive targeted instruction and guided practice in study skills development.
- **Character Education-** students in the 6th grade academy would take character education classes in which they will be trained in social skills, conflict resolution communication skills.

DEMANDS for an INNOVATIVE LISA ELEMENTARY SCHOOL IN WEST LITTLE ROCK

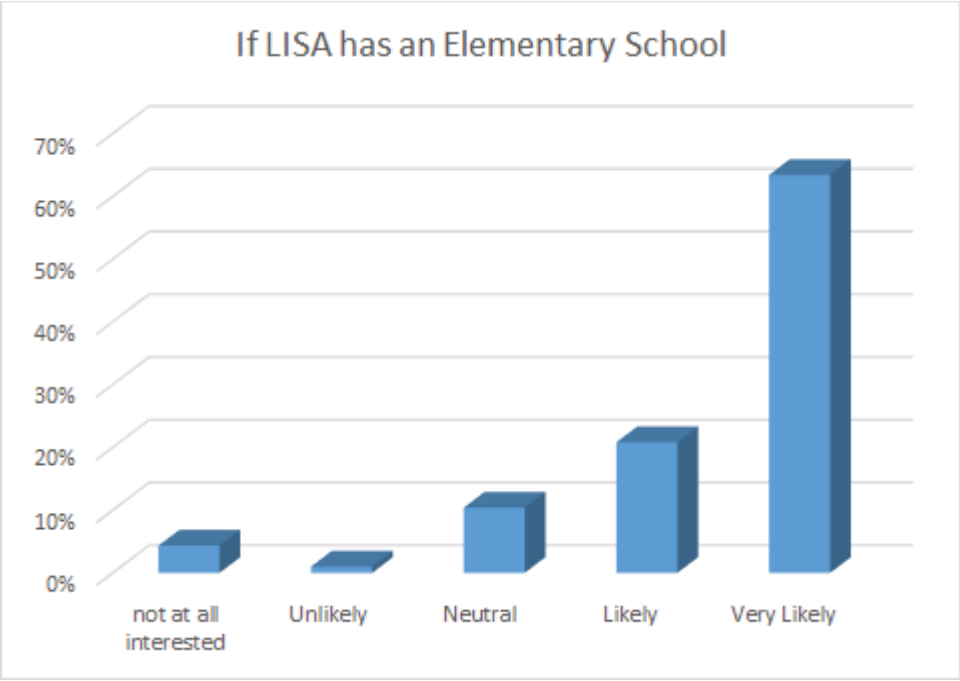
Parents in the West Little Rock community are seeking alternative education. With 20 private schools within the proposed area who have a combined enrollment of 8,242 students, and interestingly 18 of the 20 include elementary level education. In addition another 1,924 students are classified as homeschool in the same proposed community. Therefore, a public school option for these families is inevitable.

- **Siblings of Current LISA Students**- The parents of current LISA students are demanding a complete K-12 education for their West Little Rock students. The following chart demonstrates how many siblings would enroll at the LISA Academy Elementary in West Little Rock:

Grade Level	# of LISA-West Siblings
KG	50
1	44
2	48
3	56
4	42
5	31
Total	**271**

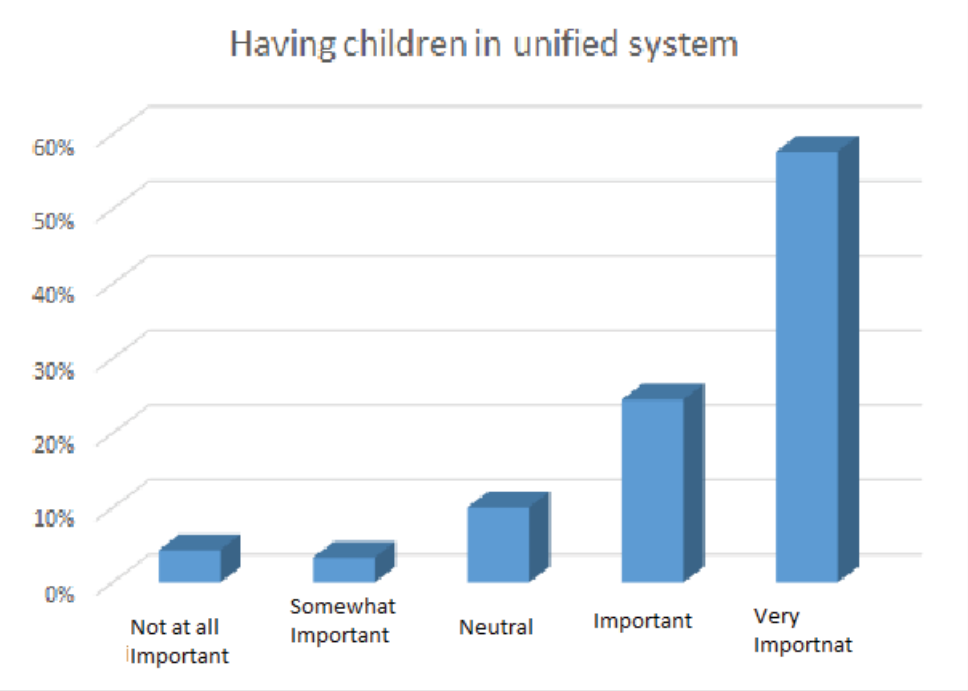
- **Survey Results-** LISA Academy Administration conducted an online survey to capture the demand of LISA parents. The survey was conducted during Aug 2015. 315 Families took the survey. Please refer to the following for the survey results:

    - If LISA Academy offered a quality public (free) charter elementary school in your geographic area, how likely would you be to enroll your student in that school?



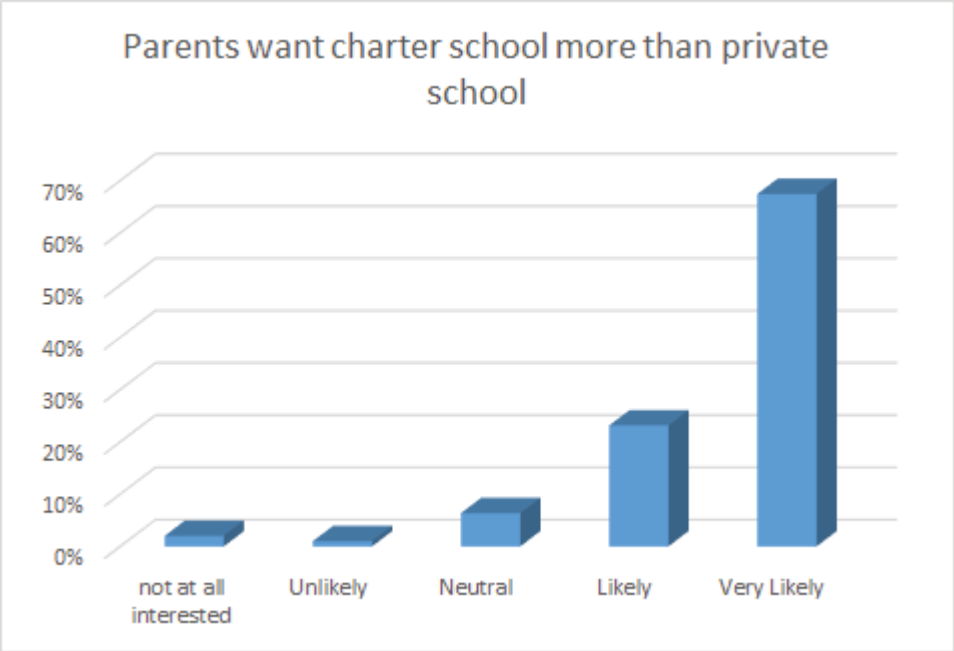
When it is asked to current parent at LISA West location 62% of the parent/guardian says they will very likely prefer LISA-Elementary and 19% are likely to be part of the system so 81% of the parents/guardians are willing to send their children.

- Please indicate how important it is to your family to have all of your children enrolled in a unified school system K-12?



Almost 56 % of the parent think having their children in unified system is important. Besides 56%, 22% of the total participant are comfortable with this so 78% of the total participant care about keeping their children in an unified setup.

- If a quality public (free) charter elementary school were available for your elementary age children how likely would be to choose that school instead of a private school?



Based on the results, it shows that 86% of the parents/guardians are positive to charter school idea. Since this number is so high then demand of the elementary school idea is very important.

BENEFITS to the CURRENT LISA WEST CAMPUS

This amendment will complete the missing piece in a unified school system for K-12 education in West Little Rock. This new elementary school will also provide positive support for the existing LISA West schools in the following ways;

LISA West Middle School

- The new school will provide continuity for students entering the middle and high school programs.
- Moving 6th grade students from LISA West Campus will allow the West Campus to enroll more middle and high students.
- Moving the 6th grade to the new location will provide the opportunity to offer an innovative transitional Middle School year for students.
- The 7th and 8th grades will have more room on the current West campus, and thus, may serve more middle school students who are on the waiting list.
- Increased space provides additional opportunities for high school course offerings, project based learning, expanded AP courses, concurrent credit courses and extracurricular activities.

LISA West High School

- Currently LISA West High School enrolls approximately 330 students and has grown steadily over the last five years.

- LISA West High School is ranked by the state as a top performing school. In last year's Washington Post's America's Most Challenging High Schools, LISA West High School was ranked third in the state of Arkansas. The offerings and programs could be expanded by opening more space at West Campus.

- Currently students have the opportunity to take extensive Advanced Placement courses in all four core areas – Math, Science, English, and Social Studies – with some students taking as many as six AP courses in a year. By transitioning the sixth grade to the new K-6 Elementary, greater availability for students to experience the LISA Academy High School program would be created. With more high school students, the current offerings of Advanced Placement courses could be expanded from 14 subjects.

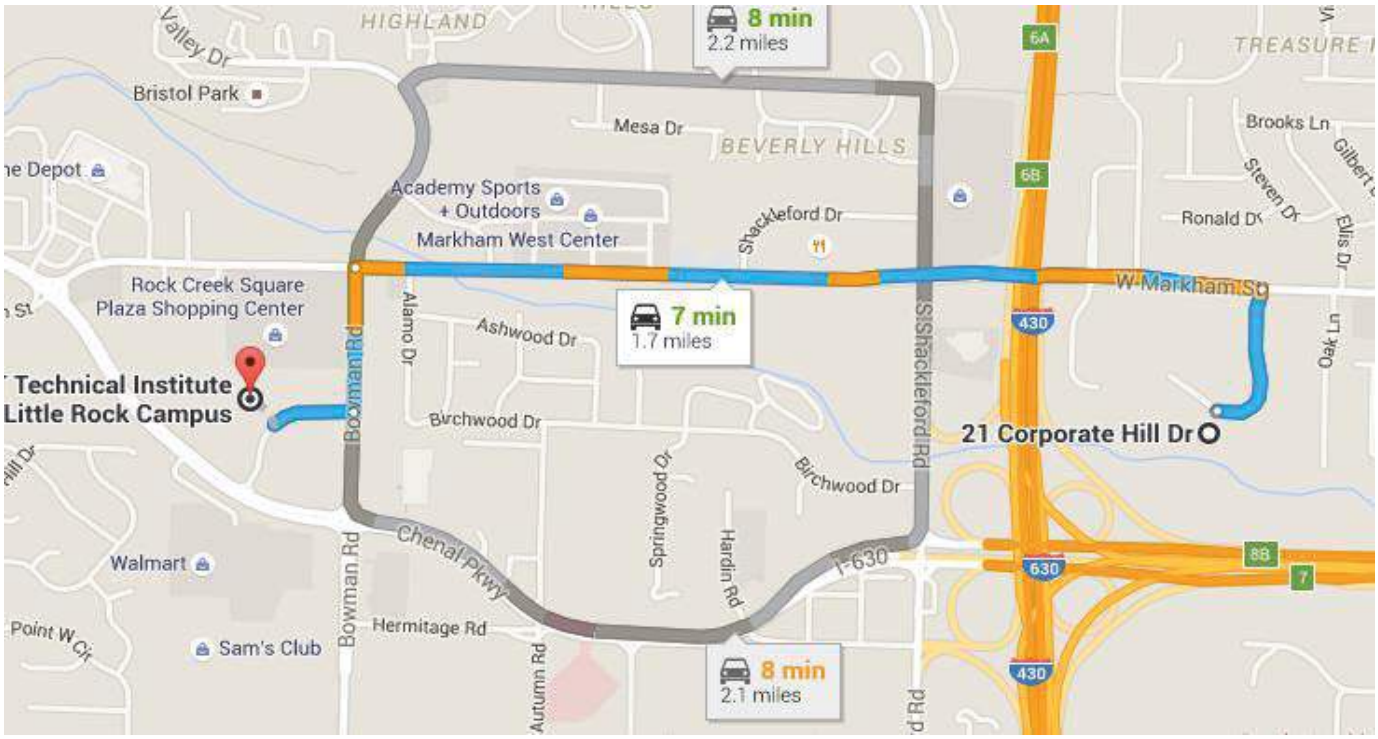
- The following other benefits could be realized for LISA West High School students with opening more space at current West campus:

    - Broader elective offerings,
    - Variety of sports,
    - More extensive activities,
    - Dedicated building space, and
    - Teachers may focus on teaching only high school courses

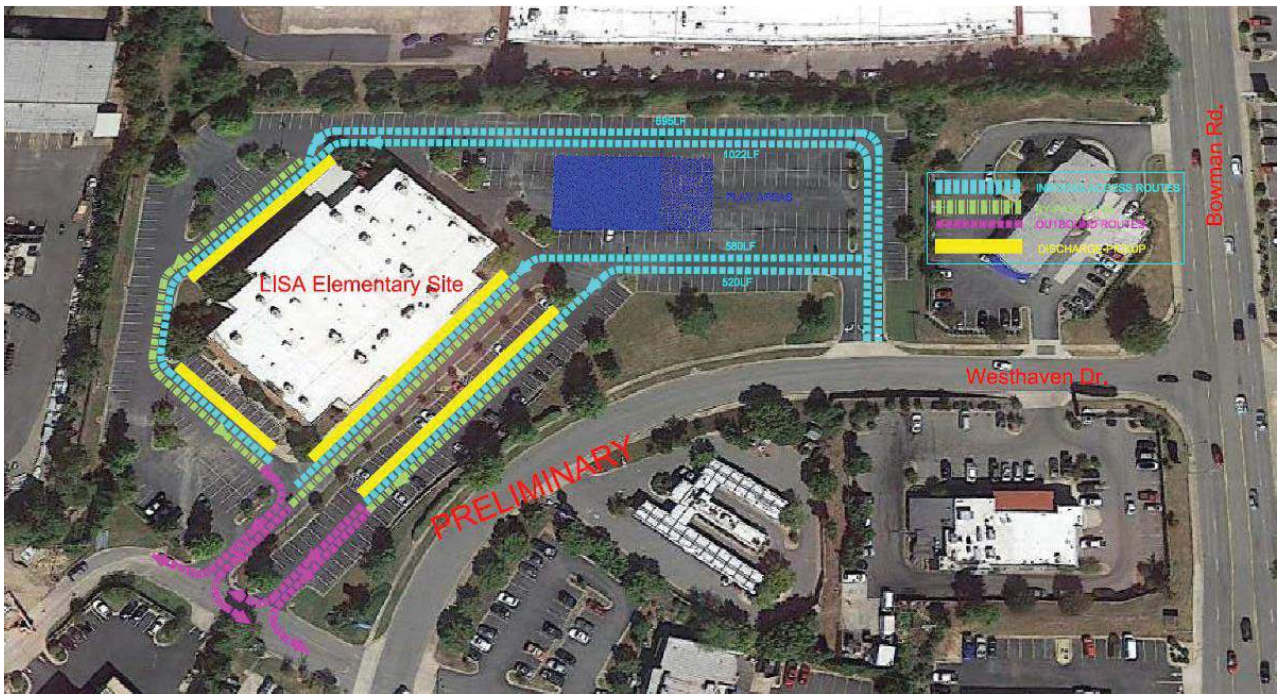
LOCATION of the BUILDING

The proposed location offers many benefits for families enrolled. The proximity to I-430 and I-630 will allow accessibility for families throughout the metro area. Also, the location offers accessibility from both Bowman and Chenal main thoroughfares making the campus easily accessible from all directions. Furthermore, a large parking area allows plenty for maximized parking area for both faculty and families as well.

In addition the location is convenient for families with siblings to drop off and pick up students in multiple buildings as the distance between current LISA West Campus to proposed building is only 1.7 miles. Please see the following maps;



- **Traffic Pattern**- A traffic study has been initiated with a professional traffic engineering company to be presented to the city of Little Rock for approval. Please see the picture for traffic plan of delivery of students.



JUSTIFICATION of CAP INCREASE REQUEST

- **Currently, all LISA Academy schools are at full capacity, with 1500 students enrolled. The following chart provides demographic information and further details about our diverse population.**

School	Grade	**Total**	Hispanic	White	Black	Asian	Native	**% of Minority**	Free	Reduced	**% of F&R**

RESOLUTION OF THE BOARD OF DIRECTORS OF THE LITTLE SCHOLARS OF ARKANSAS FOUNDATION, INC.

WHEREAS, the Little Scholars of Arkansas (LISA) Foundation, Inc. Board of Directors (Board) met in a regular, open, and properly-called meeting on December 17, 2015 in Little Rock, Arkansas;

WHEREAS, (4) members were present, a quorum was declared by the chair;

WHEREAS, the Board has received and reviewed information from the administrators of LISA Academy concerning a proposed charter amendment to be submitted to the Arkansas Department of Education for review and approval with said amendment asking the Arkansas Department of Education to amend LISA Academy's charter to include provisions for: (1) The addition of a new elementary school in West Little Rock, containing grade levels K-6; (2) Changing the grade levels at the LISA West campus to 7-12, which will include the Middle and High Schools, and (3) Increasing the total, combined enrollment cap of all schools under the LISA charter from 1,500 students to 2,100 students.

WHEREAS, the Board has determined that it is beneficial for LISA Academy to request a charter amendment containing all of the items set forth in the above paragraph, to provide enhanced educational benefits and opportunities for current and prospective LISA Academy students; and

WHEREAS, the Board, upon due consideration and deliberation, hereby approves and adopts this Resolution for the purposes and reasons contained within the third and fourth paragraphs of this Resolution; and

NOW THEREFORE, this Board hereby adopts this Resolution, and authorizes the Superintendent of LISA Academy to prepare and submit all necessary documentation for the signature of the Board's President and Secretary; to submit said paperwork and this Resolution to the Department of Education for consideration and action by the Department's Charter Authorizing Panel; and to take all other necessary and proper action in order to effectuate the Board's Resolution.

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	17
Number of enrolled students with completed EOY only:	4

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

2015 ESEA SCHOOL REPORT

District:	LISA ACADEMY	**Superintendent:**	ATNAN EKIN	**LEA:**	6041702
School:	LISA ACADEMY	**Principal:**	LUANNE BARONI	**Address:**	21 CORPORATE HILL
Grade:	6 - 8	**Attendance:**	97.56	**Address**	LITTLE ROCK, AR 72205
Enrollment:	411	**Poverty Rate:**	41.12	**Phone**	(501) 227-4942

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	8
Number of enrolled students with completed EOY only:	2

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

LISA Academy
Desegregation Analysis

LISA Academy seeks to amend its charter in the following ways: (1) open a new K-6 elementary school in Little Rock; (2) change the grade levels of its middle school in Little Rock from Grades 6-8 to Grades 7-8; and (3) increase its enrollment cap from 1,500 students to 2,100 students. LISA Academy expects to obtain most of its students from within the boundaries of the Little Rock School District (LRSD), as well as students who formerly attended private schools and home schools. This analysis is provided to inform the decision making of the charter authorizer with regard to the effect, if any, that the proposed amendments would have on the efforts of LRSD to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

I. The Status of Pulaski County Desegregation Litigation

LISA Academy is providing this desegregation analysis in accordance with Ark. Code Ann. §6-23-106 to review the potential impact that its amendments would have upon the efforts of LRSD to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools. In conducting its review, LISA Academy has substantiated that LRSD has been declared unitary in all respects of its school operations. The Pulaski County desegregation litigation was first filed in 1982. *Little Rock School District, et al v. Pulaski County Special School District, et al.*, Case No. 4:82:cv-00866-DPM. In 1989, the parties entered into a settlement agreement (the "1989 Settlement Agreement") under which the Arkansas Department of Education, the three Pulaski County school districts, and the intervenors agreed to the terms of state funding for desegregation obligations.

LRSD successfully completed its desegregation efforts in 2007 and was declared fully unitary by the federal court in 2007. *Little Rock School District v. Pulaski County Special School District*, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed February 23, 2007. In 2010, LRSD filed a motion to enforce the 1989 Settlement Agreement. The motion contended that operation of open-enrollment public charter schools within Pulaski County interfered with the "M-M Stipulation" and the "Magnet Stipulation." On January 17, 2013, Judge D.P. Marshall Jr. denied LRSD's motion, stating:

> "The cumulative effect of open enrollment charter schools in Pulaski County on the stipulation magnet schools and M-to-M transfers has not, as a matter of law, substantially defeated the relevant purposes of the 1989 Settlement Agreement, the magnet stipulation, or the M-to-M stipulation."

Little Rock School District v. Pulaski County Special School District, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed January 17, 2013. LRSD appealed to the Eighth Circuit Court of Appeals.

One year later, on January 13, 2014, Judge Marshall approved a Settlement Agreement that included a provision stipulating to the voluntary dismissal with prejudice of LRSD's pending appeal concerning the charter school issues. In light of LRSD's unitary status and the parties' 2014 Settlement Agreement, LISA Academy's proposed amendments cannot interfere with the purposes of the Pulaski County desegregation litigation, which has been fully concluded as to LRSD. After the dismissal and the settlement agreement, the case was completely concluded for all purposes as to LRSD, and the federal court terminated all jurisdiction in the matter. Because of that, there is no possibility that LISA Academy's proposed amendments could impact LRSD's unitary status. To be clear, LISA Academy's proposed amendments cannot impact LRSD's unitary status because 1) there is no case in which LRSD's unitary status could be an issue; 2) LRSD made a claim regarding operation of open-enrollment charter schools in federal court in 2010 and lost it; and 3) LRSD settled the charter school claim in 2014, and as a consequence released or waived any such claim.

II. The Requested Amendments

According to the 2015-16 school year enrollment figures as maintained by the ADE Data Center, LRSD had a student population of 23,164 students. LISA Academy's proposed new enrollment cap of 2,100 students would constitute an increase of approximately 2.6% additional students from the LRSD population, or approximately 9.1% of the total LRSD student population. Under Ark. Code Ann. §6-23-306(6)(A), LISA Academy must be race-neutral and non-discriminatory in its student selection and admission process. While it is impossible to project its future racial composition accurately, LISA Academy will continue to implement admissions policies that are consistent with state and federal laws, regulations, and/or guidelines applicable to charter schools.

In addition, Ark. Code Ann. §6-23-106 requires that LISA Academy's operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of a public school district or districts within the state. As explained in more detail above, LISA Academy's careful review of the relevant statutes and court orders affecting LRSD and its student population shows that such negative impact is not present here. LRSD is completely unitary and no longer has any ongoing desegregation obligations.

III. Conclusion

LISA Academy submits that upon the basis of its review, neither any existing federal desegregation order affecting LRSD nor the 1989 Settlement Agreement prohibit the State's charter school authorizer from granting the requested amendments for open-enrollment public charter schools in Pulaski County.

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	0
Number of enrolled students with completed EOY only:	0

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

2015 ESEA SCHOOL REPORT

District: LISA ACADEMY
School: LISA ACADEMY
Grade: 6 - 8
Enrollment: 411

Superintendent: ATNAN EKIN
Principal: LUANNE BARONI
Attendance: 97.56
Poverty Rate: 41.12

LEA: 6041702
Address: 21 CORPORATE HILL
Address LITTLE ROCK, AR 72205
Phone (501) 227-4942

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	8
Number of enrolled students with completed EOY only:	2

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Subject: Endorsement of LISA Academy

Dear Ladies and Gentlemen:

I am the proud grandfather of a fourth and sixth grade LISA Academy student at the Sherwood/North Little Rock campus. On behalf of my grandchildren's extended paternal and maternal families, we wholeheartedly endorse LISA Academy's petition to locate a campus in West Little Rock.

Anecdotally from three years of observation, we see that LISA's leadership and teachers place great emphasis on parental participation in the education of their students. We have noticed that our grandchildren immediately set themselves to their homework as soon as they arrive home. The grandchildren have communicated to us that we, in place of the parents, are expected to sit with them and oversee their work. We have also noticed that since LISA does not have an institutional bus system, when it has fallen on my wife and I to deliver and retrieve our two grandchildren at the school on behalf of their parents, we see as many fathers as mothers. The teachers supervising this activity appear to know the parents personally. I have overheard comments from the teachers to the parents about their children, how well they are doing, that they had a problem that particular day, and so forth. Perhaps most tellingly about parental involvement are the standing room-only crowds of parents and grandparents at the several school sponsored public events we have attended.

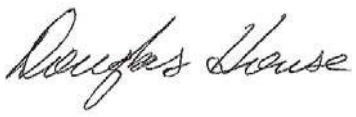
We have also been gratified to see LISA equip the school with computers and encourage individual progression or acceleration in subject matter of each student through computer and web-based instruction. The use of computers is an important learning experience considering the role technology plays in almost every occupation in our economy.

According to my wife, a retired sixth grade teacher, the curriculum level at LISA is several years higher than when she taught. Each has been exposed to two foreign languages, the mathematics is foundational for algebra and practical word-problems, and each of them carries a library book for supplemental reading. Our grandchildren seem to perform at these levels, though like as with most other children, we must remove the distractions of television and digital devices until their work is finished.

As a state official, I consider diversity issues important. I have not counted students but it is apparent from observation that there is a healthy representation of children from each socio-economic background. I have noticed that all of the children are well-behaved, that friendships flourish across all of the artificial boundaries defined by adults, and that there is an equality of opportunity. I am confident that LISA's plans to expand will have nothing but a positive influence on children from all background and circumstances in Little Rock.

Thank you for your consideration of my comments and if there is any other information that I may be able to provide, please call me at (501) 590-1055. I regret that family travel plans preclude me from appearing personally at your hearings, but I have confidence that you will recognize that we, as the State of Arkansas, have an opportunity to reinforce demonstrated success and grant LISA's application to expand their operations into West Little Rock.
Sincerely, etc.

Sincerely,



Douglas House
State Representative
District 40

Re: LISA Academy and eStem Public Charter School Amendment Requests

Ladies and Gentlemen:

The enclosed memorandum is written in response to the pending charter amendment requests of LISA Academy and eStem Public Charter School. Please include the memorandum and exhibits in the submissions for both requests. My role as superintendent of Little Rock School District ("LRSD") requires that I consider the best interests of the LRSD with respect to all of my actions. My intent with the enclosed memorandum is to present facts which generally speak for themselves. These facts are critical to your analysis and decision.

The analysis is made more definitive because the charter schools involved have actual operating histories, and because it is fair to assume that they will continue on the trajectories which they are on at this time.

Thank you very much for your consideration of the enclosed memorandum.

Sincerely yours,

H. Baker Kurrus

H. Baker Kurrus
Superintendent of Schools

Memorandum

To: Arkansas Department of Education Charter Authorizing Panel
From: Baker Kurrus, Superintendent, Little Rock School District
Date: February 2, 2016
Re: Charter Amendment Requests for eStem Public Charter School ("eStem") and LISA Academy ("LISA"), and Desegregation Analysis

INTRODUCTION. LRSD is under the control of the Arkansas Department of Education ("ADE"). ADE also controls Pulaski County Special School District, and all of the 21 or so charter schools in Pulaski County. ADE also controls the Virtual Academy, headquartered here. Jacksonville is likewise under some degree of State control, until at least July 1, 2016. In short, ADE controls all of the school districts in Pulaski County except North Little Rock. It is relatively easy for me to assess the conditions that exist in LRSD today with respect to academic performance, facilities, staffing, budgeting, transportation and the like. If only current conditions are considered, the options in LRSD are becoming more clear.

It is much more challenging to address the potential problems that are on the horizon for LRSD. LRSD needs to make decisions today that meet the challenges of the future. If current decisions fail to take into account dynamic long range changes, then the solutions for today's problems will not meet future needs. Good leaders solve problems by anticipating them, and having solutions in place when the issues materialize.

I. A COMPREHENSIVE PLAN IS NEEDED FOR EDUCATION IN PULASKI COUNTY.

As I try to meet both the daily demands of this position and try to address the problems of the future, I am challenged by the fact that there is no comprehensive plan for the provision of public education in Pulaski County. This makes planning for LRSD almost impossible. If the ADE expects to continue to approve new charters, LRSD needs to plan for this. Without a comprehensive longer range plan, or at least some idea of the future plans that the ADE has for the school districts it controls, it is nearly impossible for LRSD to formulate a sensible plan.

Before I put forward more specific and detailed ideas, I think it would be helpful to describe a few of the principles which influence my current thinking.

It will be very difficult to sustain LRSD, or any school district, unless the district is broadly supported in its community.

A school district which fails to attract and retain a broad base of students will have an increasingly difficult challenge meeting test score requirements which do not take poverty into account. School districts grow much more efficiently than they shrink.

The State Board of Education has studied the configuration of school districts in our county. The State Board found that one district south of the Arkansas River would be the preferred

configuration. There is, however, no apparent timetable for this development, and no clear plan to fund this. LRSD needs to know what else ADE has planned with respect to charter expansion, charter closure, and the coordination of the districts it controls.

Little Rock School District has excess capacity in schools in some areas, and very little capacity in others. Little Rock has many serviceable but aging facilities which need to be considered for replacement or refurbishing.

We must remember that LRSD is in academic distress. Today's pressing problem is student failure in some classrooms. Despite all of the issues that exist, the foremost concern for our students must be the urgent need to impart knowledge in the classroom today.

II. CURRENT CHARTER ENVIROMENT.

There are now 13 charter schools within the boundaries of LRSD. Pulaski County has 21 open enrollment charter schools, not including the Arkansas Virtual Academy which is based in Pulaski County. These schools comprise 53% percent of total number of charter schools (Exhibit A). More importantly, these charter school districts enroll about 53% percent of the total number of charter school students in Arkansas. With the proposed increases, these charter schools within Pulaski County would enroll about 62% of the total number of charter school students in Arkansas.

Several of these charter organizations have, in essence, become competing school districts. LISA states that it requires the amendments to its charter to "complete the missing piece in a unified school system for K-12 education in West Little Rock." The eStem and LISA charter organizations are, by Arkansas standards, fairly large schools districts. For example, eStem has a current enrollment of 1,462, and is larger than 178 Arkansas school districts. LISA has 1,525 students, and is larger than 179 other school districts. The four schools operated by Responsive Education Solutions have a combined enrollment of 958. These pending amendments would raise the number of students at LISA and eStem by 2,957. eStem would then be larger than 233 school districts in Arkansas. If eStem meets its growth objective to enroll 5,000 students, it would be the 17th largest school district in Arkansas. I am not aware of any of its waivers that have been so effective as to cause a change in ADE policy or practice.

The general population in Little Rock School District is not growing in any substantial way. Much of the western part of the city of Little Rock in not located in the LRSD. Metroplan has provided me with very helpful data that shows estimated population trends. Metroplan estimates that the population within LRSD grew by an estimated .7 percent per year (.007) over the period from 2010 to 2015. Growth of charter enrollment will reduce the size of LRSD, and will dramatically change the demographics of LRSD.

III. IMPACT ON LRSD.

As a simple matter of mathematics, if LISA and eStem are successful with their announced plans, LRSD has to plan for a much smaller enrollment. Not only will LRSD's enrollment be much smaller, it will be different demographically. If the pending expansion applications of eSTEM and LISA are granted, and if these schools continue to enroll students who are similar to the ones those schools currently enroll, the racial balance in LRSD changes, the percentage of students in poverty increases, and the percentage of special education students increases. These important considerations are shown on Exhibit B. If the charter expansions of eStem and LISA are approved, and those schools enroll 75% of their new students from LRSD in the same percentages as they currently do, LRSD's white population goes down by 22%. If all the students come from LRSD, the white population drops by almost 30%. Poverty and special education population percentages rise with every expansion of LISA and eStem, because they do not enroll these students at the same levels as LRSD.

In summary, if eStem and LISA continue to enroll students with their current demographics, LRSD becomes more segregated by race and income, and has a higher percentage of students with special needs.

It will be much more difficult to exit from academic distress in this environment. As more of the higher achieving students are lost, a greater number of non-proficient students must be raised to proficiency in order to meet the exit threshold percentage.

IV. COMPETITION AND CHOICE.

Competition and choice have been a part of the landscape in Little Rock for many years. Policies which promote fair competition and informed choice are beneficial to all concerned, especially if there is a plan which minimizes the expense of massive duplication. Actions which do not promote fair competition or informed choice, or actions which result in negative segregative impacts, should be avoided. Actions which result in huge public and private investment, and which ultimately strand much of that investment in the form of excess capacity, should be avoided.

Attached as Exhibit C is a chart showing the relative poverty rankings, based on free and reduced-price lunch qualification ("FRPL"), and the percentages of students who are proficient and advanced, from the public elementary schools. This chart shows that eStem and LISA are among the most wealthy schools in the area. By itself, and without State action, the existence of a relatively wealthy school is not indicative of anything other than demographics and housing patterns. However, the creation of school systems which result in economic segregation should be considered very carefully. eStem and LISA have a lower percentage of FRPL students than all but three of LRSD's elementary schools. They are slightly more affluent than Fulbright, which serves a relatively wealthy school zone.

Little Rock Preparatory Academy is in the upper income range when compared to LRSD schools. The surrounding LRSD schools have higher FRPL percentages. LRSD schools with similar populations achieve at higher levels than the charters.

The causes of the economic segregation, which tends in Little Rock to follow racial lines, are apparent in both current practice and in the plans outlined in the pending applications. eStem and LISA are located where parents must drop their students off or arrange transportation for their students. This lowers the poverty percentages to about half of the LRSD average. It is appropriate to note that the eStem and LISA expansions are planned for areas which have expensive real estate. If the purpose is to educate students of greatest need who otherwise are not achieving (as the charter statute states), then the appropriate location would be in a higher poverty area, where real estate tends to be less expensive. The proposed location of the eStem on Shall Street, at an annual rental of $1,040,000, is especially perplexing. LRSD already has a large surplus of available seats in the area, as shown on Exhibit D. LRSD has approximately 1,994 excess seats when measured by the students who actually reside in the surrounding zones. LRSD buses over 1,000 students a day to the area and still has almost 1,000 open seats available now. LRSD does not wish to fill these seats with policies that promote segregation, by race, economics or physical condition.

eSTEM has announced a partnership with the University of Arkansas to house a high school on the UALR campus.

The chart attached as Exhibit B shows the current populations of special education students enrolled at LRSD, LISA and eStem. The chart speaks for itself, but it simply must be noted that LRSD has almost twice the percentage of students with special needs as does LISA or eStem. The comparative levels of disability of all of these students needs further study.

Competition is certainly valuable in many ways, but it must be fair. LISA and/or eStem seek waivers of class size limits, licensure and related disclosure, basic employee protections afforded to teachers in Arkansas, and the like. The request to waive class size limits proves the point that the students who are enrolled are much different fundamentally from the average students who attend public schools in Arkansas.

It is hard to argue against competition and choice. However, the competition needs to be fair, and people need to make informed choices based on permissible discriminators.

In addition, the competition is not being held under similar rules. Charters simply do not enroll poor kids or disabled kids at a rate which approaches the rates in most schools in LRSD.

Charters which enroll lower numbers of poor and disabled students have higher average test scores than schools with high numbers of low-income students. That is certainly the case almost everywhere. Public charters in Little Rock that enroll low income students struggle. One of the most poignant aspects of my planning analysis is that the closure of a failing charter will further compound LRSD's challenge, because these students in failing charters will probably come back to LRSD. In the meantime, if some charters continue to under-enroll students of greatest need, the challenge faced by LRSD becomes monumental. The obligation to provide a free and adequate education for all students ultimately falls on the State of Arkansas, so the issues in question are tremendously important.

V. CONCLUSION.

No matter how anyone feels about competition and choice, we still need to make the best planning decisions possible.

Until there is a comprehensive plan for the provision of public education in Little Rock and Pulaski County, it will be almost impossible to formulate a long-range plan for LRSD's staffing and facilities needs. It is clear that a new southwest Little Rock high school is needed, and the west Little Rock middle school will be in high demand. In other areas, the decisions depend on the State's actions with respect to charterization and privatization. I suggest we take a step back, and form a comprehensive plan for educating children in our county. As the controlling entity for most of the county's districts, the ADE should take the lead role.

If you celebrated the life of Dr. Martin Luther King, Jr. recently, I urge you to re-read the letter from a Birmingham jail, especially the part where he said, "Whatever affects one directly, affects all indirectly." He was right, especially when it comes to Pulaski County public education. Before actions are taken which result in huge expenditures of public money, there should be a plan drawn by the controlling and funding entity, with the collaboration of those impacted.

Respectfully submitted,

H. Baker Kurrus

LITTLE ROCK PREP ACAD. ELEM.	11	82.39	28	55.67%	30	43.30%	-17	-19	-18	30

The Academic Rank was obtained in the following manner: Schools were ranked by affluence, with the lowest % poverty school receiving the highest affluence ranking. The schools were then ranked by Literacy and Math Proficient/Advanced percentages. Each of the Literacy and Math rankings was subtracted from the school's Affluence Rank. An average was taken of the differences between Affluence and Literacy Rank, and Affluence and Math Rank. The schools then received an Academic Rank based on these average differences. Schools with a higher Academic Rank had an average Literacy/Math Rank that was higher than their Affluence Rank. Schools with a low Academic Rank had a Literacy/Math rank that was low as compared to their Affluence Rank. Schools at "par", or with an average difference approaching zero, had little difference between their Affluence rank and their average Literacy/Math rank.

Documentation of Charter Authorizing Panel Action

LISA Academy Amendment Request

Motion

To approve the amendment contingent upon availability of proposed location

Barnes	Liwo	Saunders-**M**
Gotcher	Pfeffer	Smith
Lester	Rogers-**2**	

Vote

Panel	For	Against	Abstain	Reason
Barnes		**X**		My concerns with the achievement gaps and location of the new campus remain unresolved. While I am in favor of the grade reconfiguration, again, the complexity of issues involved in this request are too far reaching with unknown and/or unintended potential consequences for me to comfortably make a favorable decision at this time.
Gotcher	**X**			Because of Lisa Academy's high academic performance, I support the amendment. My caution is that the new location does not negatively affect some students' ability to attend this campus.
Lester	**X**			This will open up an opportunity to serve more students. The charter has continued to increase the number of economically deprived students; however I believe they should continue to recruit for that population.
Liwo	**X**			I am comfortable with the amendment requests because of the contingency. If the location is approved and Lisa Academy can proceed forward with its plans, additional students will be able to take advantage of all academic and

				cultural benefits that Lisa Academy has to offer.
Pfeffer	**X**			The charter demonstrates an openness to educate all students from a diverse population and is looking to provide an opportunity for an expanded elementary start to the currently existing middle and high schools in the area.
Rogers	**X**			Lisa Academy is a high performing charter; this will allow them to address the community waiting list, if the proposed location is available.
Saunders	**X**			By increasing the cap, it will allow more students the option to attend their school of choice. I would encourage the school to work continue the increase in free and reduced lunch students.
Smith	**X**			The school has a record of academic success and serving a diverse student population.

RE: **Notice of Charter Authorizing Panel Decision**
Little Rock Preparatory Academy

Dear Mr. Lindquist:

On February 18, 2016, the Charter Authorizing Panel met and made the decision to take no action after reviewing the processes and procedures that Little Rock Preparatory Academy is employing to improve its academic standing. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director

Designated a Priority School — August 31, 2015

Priority Response

Little Rock Preparatory Academy
A Member of the Exalt Education Network

February 3, 2016

VIA EMAIL AND U.S. MAIL
Ms. Alexandra Boyd, Charter School Program Coordinator
Arkansas Department of Education (ADE)
Four Capital Mall
Little Rock, Arkansas 72201-1019

Dear Ms. Boyd:

I am writing to provide the materials that were requested in the letter of notice that you sent to me dated December 18, 2015. This letter provides essential background information on the Middle School Campus of Little Rock Preparatory Academy (LRPA) and contains substantive responses to the nine topics that the Charter Authorizing Panel raised as part of its inquiry into the Middle School's designation as a 1st year, 1st semester Priority School.

LRPA was awarded a charter in 2008 and was restarted under new management in October 2011 after completing its first 2 years of operation. The Priority School designation is based upon LRPA's performance from spring 2012 to spring 2014, a period of dynamic change and growth.

LRPA's mission is to prepare students from underserved communities for competitive colleges and advanced careers by ensuring mastery of the core subjects and developing the key behaviors required for success, citizenship and leadership in their communities and beyond. LRPA has two campuses, a Primary School and a Middle School, which serve 430 students in grades K-8.

To advance its mission, LPRA serves Central Little Rock, a region with over 23,000 residents. *According to 2010 data, the 7 U.S. Census tracts in Central Little Rock are poorer than 85 percent of all 684 tracts in Arkansas.* Historically, this region has been among the most academically underserved in the state. One hundred percent of LRPA's students qualify for Federal Free and Reduced Lunch.

On behalf of our entire leadership team, I want to thank you and the Authorizing Panel for the opportunity to submit this report. We believe that the Authorizing Panel is seeking to serve Arkansas citizens, the State Legislature, and the State Board of Education by ensuring that the charter law is being upheld. We welcome the accountability that comes with being a public charter school and believe that we must earn the public trust every day by fulfilling our mission.

Sincerely,
Benjamin J. Lindquist
Executive Director

Little Rock Preparatory Academy
A Member of the Exalt Education Network

RESPONSE TO NOTICE OF CHARTER SCHOOL HEARING
EXECUTIVE SUMMARY

Background

Little Rock Preparatory Academy (LRPA) opened for its first year of operation in the 2009-10 year. In its first year, LRPA served approximately 60 students in fifth grade in an educational facility located at 1205 South Schiller Street. This facility, part of Liberty Hill Missionary Baptist Church, was located three blocks from Central High School in the heart of Central Little Rock. In its second year, LRPA enrolled 85 students in grades 5-6 and remained at the same location. The founding director relocated out of state in December 2010.

The Middle School of LRPA (hereinafter called "LRPA – Middle") came under new management in 2011. Under that management, LRPA – Middle began administering the NWEA Measures of Academic Progress (MAP) starting in the 2011-2012 year, which was the baseline year. Since that baseline year, LRPA – Middle has had 3 years to perform under current management, the 2012-13, 2013-14 and 2014-15 years. During that time, LRPA completed its expansion from grades 5-6 to grades 5-8 at a pace of one grade level per year and graduated its first three classes of 8th grade students. In July 2012, LRPA – Middle relocated to a new facility at 4520 South University, which it has leased for the past 3 years.

LRPA's initial charter term ran from July 1, 2009 to June 30, 2014. In February 2014, the Charter Authorizing Panel unanimously approved a three-year charter renewal, which extended LRPA's charter through June 30, 2017. LRPA's leadership expects to seek renewal for a third term in the spring of 2017.

Service Area

LRPA is a community public school that serves the Central Little Rock region, which is bounded by:

- Interstate 630 to the North,
- Main Street on the East,
- University Avenue to the West, and
- Foursche Creek to the South.

Below, the map of Central Little Rock illustrates the location of the homes of students enrolled in the LRPA Middle School. One thing that sets LRPA apart as an open-enrollment public charter school is our deliberate focus on locating into underserved neighborhoods and serving high need students.

Little Rock Preparatory Academy

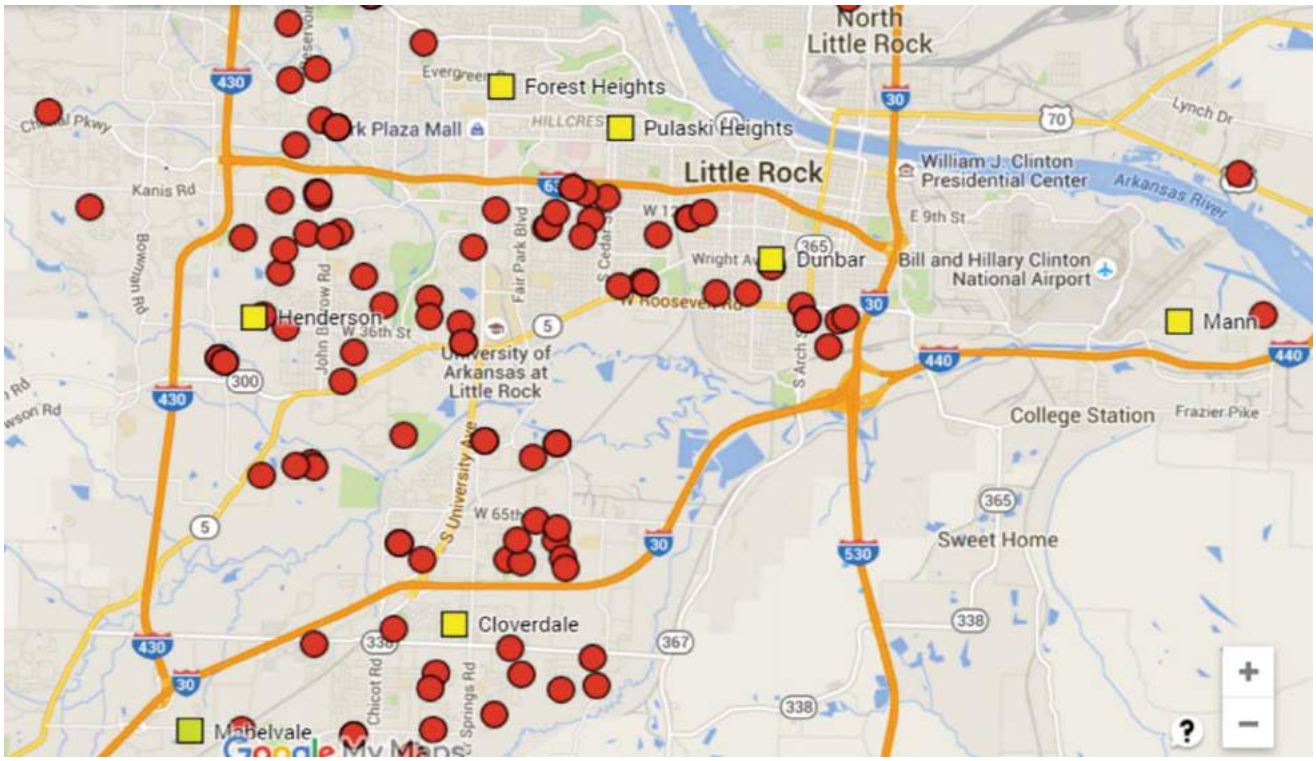
LRPA Middle School - Enrollment Map



Most families that LRPA serves live in 7 U.S. Census tracts with 23,579 total residents. These tracts are poorer than 85 percent of all tracts in the state of Arkansas (583rd of 684 total tracts) according to 2010 Census data. The median household income is $26,184. The average family size is 3.58 members; only 20.3 percent of residents report being part of a married couple family. Single parent households, high crime and substance abuse are among the challenges to residents.

The families that LRPA serves are likely to have less discretionary income. The median price of a home in the 7 Census tracts is $79,466, which is significantly higher than other Arkansas Census tracts that report similar household income. Thus, it is likely that families in Central Little Rock are spending a higher percentage of their income on housing, which leaves them with less discretionary income than their counterparts in other areas of the state.

The U.S. Census Bureau reports that Arkansas is the 4th poorest state in America. The 7 Central Little Rock tracts are poorer than 85 percent of all tracts in Arkansas with a higher relative cost of housing. Thus, it is no exaggeration to state that LRPA is choosing to serve a target population that is, statistically, among the poorest in the United States. As a charter school, LRPA has the unique flexibility to offer its students services that would be difficult to offer in a district setting.

An Evolving Value Proposition

Below, the diagram depicts LRPA's 2015-16 value proposition for students. Over the past 4 years, we have expanded this value proposition from "What" to include "How" and "Who." This growth in our offerings is consistent with other high-quality community public schools that serve high poverty populations nationwide, such as the Harlem Children's Zone, KIPP, Uncommon Schools and the Noble Network of Schools. Like LRPA, the leadership of these organizations have found that serving high-poverty, high needs students requires taking an iterative approach to building institutional capacity and sustaining continuous improvement.

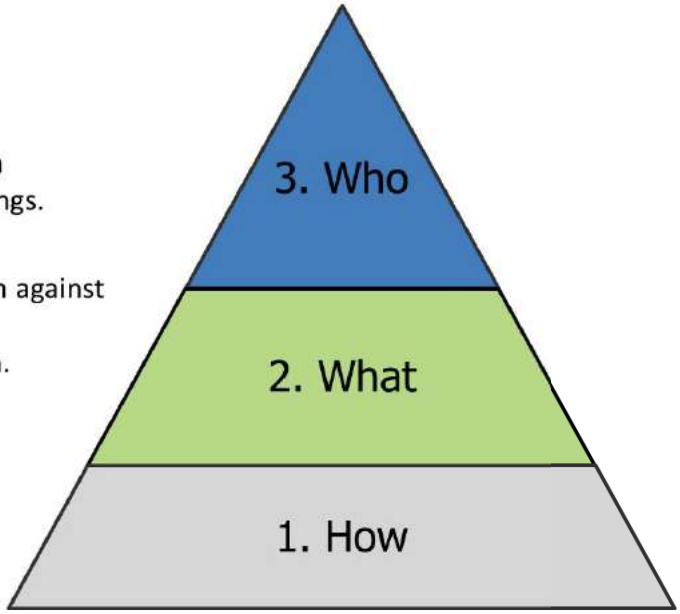
Value Proposition for Students

We care about (1) who our students are becoming; (2) what growth they make with us; and (3) how well we meet their holistic needs.

Who: Our students learn social etiquette & character traits, which shape who they are as human beings.

What: Our students must perform against leading indicators of engagement, behavior and achievement growth.

How: We clear the barriers to learning by addressing students' physical, emotional & social needs.



When LRPA's students enroll, they are typically between two and four grade levels behind academically. Under such conditions, we believe that the primary benchmark of our success must rest on whether or not students are making strong gains in achievement over the time that they are enrolled with us. We are committed to moving students to "Proficient" and "Advanced" levels, but understanding that the reality is that most are entering LRPA scoring at a "Below Basic" level. So the mark of our quality lies in the capacity to enable students to make significant upward progress.

Priority School Reporting

In September 2015, we learned that the Arkansas Department of Education (ADE) had designated the Middle School of LRPA as a Priority School based upon our ACTAAP scores from spring 2012 to spring 2014. For a variety of reasons, this designation comes at a singular time in LRPA's development into an exemplary community public school and in the state of Arkansas' transition to college and career ready standards and new state assessments. Although we are disappointed, we view the designation as an opportunity to examine what we are doing and make improvements with even greater urgency and support.

Since the Commissioner's Priority Schools meeting on September 25, 2015, our team has met with our assigned liaisons at ADE on over 6 different occasions and spent over 100 hours conducting a needs assessment, reporting to our board of trustees, and preparing requested priority school reporting. Over the past 4 months, our work has resulted in the preparation of a 45 day plan for the 1st semester of the 2015-16 year, the completion of a third party analysis of our student achievement gains, and a comprehensive needs assessment. We have pulled the data, analysis and knowledge gained from these exercises into this report.

Aspirations for Students & Families

Overall, our leadership team believes that LRPA – Middle School is doing exactly what public charter schools are intended to do under the state charter law. Specifically, LRPA is:

a) Educating a population of high-need students that would otherwise be the most at-risk of failure in other surrounding schools;
b) Expanding the range of quality public education options available to families;
c) Implementing innovative practices;
d) Equipping teachers to assume greater ownership for student learning; and
e) Having a decisive positive impact on student achievement growth among students.

In making these representations, we do not want to suggest that LRPA is having the transformative impact that we are seeking to have on the students and families that we serve. The reason that the task at hand is so difficult is that, in the act of remaining true to our mission, we have been forced to confront the reality that our students and families must have the benefit of a broad continuum of services and supports. Without addressing students' basic physical and socio-emotional needs, we cannot engage them in focused learning. So fulfilling our mission does not just hinge on assessing student learning frequently and delivering instruction effectively; it requires building the institutional and people capacity to meet a wide array of student and family needs.

RESPONSE TO NOTICE OF CHARTER SCHOOL HEARING
COMPLETE REPORT

I. An explanation of the ways in which the charter maintains and promotes the legislative intent for charter schools as outlined in Ark. Code Ann. § 6-23-102 and provided in the accompanying document

Arkansas Code Annotated 6-23-2012 states the following:

> ***6-23-102. Legislative intent.*** *It is the intent of the General Assembly, by this chapter, to provide opportunities for teachers, parents, pupils, and community members to establish and maintain public schools that operate independently from the existing structure of local school districts as a method to accomplish the following:*
>
> ***(1)*** *Improve student learning;*
> ***(2)*** *Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as low-achieving;*
> ***(3)*** *Encourage the use of different and innovative teaching methods;*
> ***(4)*** *Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site;*
> ***(5)*** *Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system; and*
> *(6)* *Hold the schools established under this chapter accountable for meeting measurable student achievement standards.*

Consistent with 6-23-102, the Middle School of Little Rock Preparatory Academy (LRPA) *improves student learning* by enabling students to make achievement gains among the top 25 percent in the nation.

In November 2015, the Office of Education Policy (OEP) at the University of Arkansas – Fayetteville completed an independent report on LRPA's achievement gains. The report examined LRPA's performance over the past 3 years from 2012 to 2015. Specifically, it examined one, two and three-year gains on the NWEA Measures of Academic Progress (MAP). The MAP is a valid and reliable nationally normed test that supports the measurement of student gains relative to an extensive national norming population. LRPA has been using the MAP to assess student growth in the fall, winter and spring of each year since the 2011-12 school year. Below are the top 3 findings of the report:

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Top Findings of Independent Third Party Report

1. How does LRPA student growth compare to national student growth? Growth among LRPA students was better than 79% of students nationally in Reading and better than 84% of students nationally in Math.

2. What percentage of a typical gain was made by students in each cohort? Students made 120% of typical gain in Reading and 150% of typical gain in Math.

3. What percentage of students in each cohort meet or exceed typical gains? 63% of students meet or exceed typical gains compared to a national average of 50%. According to Dr. McKenzie and the Northwest Evaluation Association (NWEA), anything above 60 percent is excellent.

These findings are elaborated upon in greater detail under the "Academic Performance" heading in Section II below.

Consistent with 6-23-102, the Middle School of LRPA *increases learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as low-achieving.* Over the past 4 years, LRPA has accomplished this objective by developing a community public school that serves what has historically been one of the most educationally underserved populations in the State of Arkansas.

One hundred percent of the students at LRPA qualify for the Federal Free & Reduced Lunch Program under the ADE Community Eligibility Provision. Eighty-three percent of students are African American, 15 percent are Latino and 2 percent are White. Over the past 5 years, every one of the neighborhood public schools in Central Little Rock has been designated either a Priority School, Focus School or Academically Distressed School by the Arkansas Department of Education. Rather than establishing schools in other areas of Central Little Rock, LRPA has specifically marketed itself, selected locations, and conducted community outreach with a mission of addressing the need in Central Little Rock.

Consistent with 6-23-2012, the Middle School of LRPA *encourage the use of different and innovative teaching methods.* Nearly every aspect of LRPA's staffing, programs, practices and systems are different and innovative, including:

- Implementing the Illuminate system, which is an integrated formative testing program, behavior management program and student information database;

- Administering the NWEA Measures of Academic Progress (MAP) three times each year to measure student growth relative to peers nationally;
- Operating 9.0 hours per day for 200 days a year compared to 6.5 hours per day 180 days per year in surrounding schools;
- Providing families with a 50 percent discount on the purchase of uniforms, which includes between 7 and 9 pieces of attire so that students are clothed year-round;
- Implementing Positive Behavior Interventions & Supports (PBIS) as a school-wide behavior management system and CHAMPS as a classroom behavior management system;
- Employing two teachers in each classroom in grades K-4 so that students receive the benefit of 16-to-1 average student-to-teacher ratios in their early years;
- Using performance dashboards to facilitate continuous improvement, which span over 21 different leading indicators of student engagement, behavior & learning.

Consistent with 6-23-2012, the Middle School of LRPA *creates new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.* LRPA accomplishes this objective by:

- Using the Arkansas TESS system to provide teachers with informal observations, formal observations, professional growth plans and summative evaluations consistent with state requirements;
- Providing teachers with the opportunity to serve in key academic leadership roles by serving as department chairs and grade level leads;
- Hiring senior teachers to provide veteran instructional leadership in every academic department and/or grade level;
- Offering teachers a weekly opportunity to meet as grade level teams for professional learning communities (PLC's);
- Frequently equipping teachers with current data on how students are performing against college and career ready standards on a monthly, quarterly and semi-annual basis;
- Providing new teachers with 4 weeks of full-day training during the summer preceding the start of their 1st year; and
- Providing returning teachers with 2 weeks of full-day training during the summer prior to the start of each subsequent year.

Consistent with 6-23-2012, the Middle School of LRPA *provides parents and pupils with expanded choices in the types of educational opportunities that are available within the*

Little Rock Preparatory Academy
A Member of the Exalt Education Network

public school system. LRPA is the only alternative to neighborhood public schools in the Little Rock School District for most of the families that it serves. Practically speaking, most students cannot take advantage of quality private and public options because of selective enrollment practices or other admissions filters. Over the past 5 years, most of the open-enrollment public charter schools that have attempted to serve students in Central Little Rock have been closed, including the Urban Collegiate Public Charter School for Boys (UCPC), Dreamland Academy and the high school of Covenant Keepers. Conversion charter schools in Central Little Rock, including Cloverdale Aerospace Charter Middle School, have been designated Academically Distressed.

Consistent with 6-23-2012, the Middle School of LRPA allows the Charter Authorizing Panel of the Arkansas Department of Education and the Arkansas State Board of Education to *hold the schools established under this chapter accountable for meeting measurable student achievement standards.* LRPA promotes this objective by setting forth rigorous, quantifiable performance goals in its charter agreement, regularly appearing before the Charter Authorizing Panel and the State Board of Education to update its charter agreement, and meeting ADE requirements for designated Priority Schools. LRPA goes above and beyond state accountability requirements by administering the NWEA MAP three times each year and administering the Illuminate formative assessments 6-8 times annually. Both the NWEA MAP and Illuminate tests are benchmarked against the state of Arkansas' college and career ready standards.

II. An explanation of the ways in which the charter remains innovative while struggling academically

Please Note: In response to the requested information, this section has been organized into two parts: (a) the next 2 ½ pages address the innovations that have been implemented over the past 4 years; and (b) the last 1 ½ pages address academic achievement gains with students.

Under LRPA's current executive director, the academic emphasis has been on implementing "practical innovations" or "innovations that work." Every best practice, academic program or support system that is implemented at LRPA is selected because there is evidence that it can help LRPA to meet the specialized needs of students and families. LRPA's purpose is to find, integrate and deliver these proven practices in an effective fashion so as to sustain continuous improvement over time.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Unlike many large urban districts, which must serve a broad cross-section of learners at many places along the socioeconomic continuum, LRPA serves a relatively homogenous population of learners that share relatively similar residential conditions and family characteristics. By offering these students services that specifically meet their needs, LRPA can tailor its offerings in ways that would be much more difficult for a large urban district.

Practical Innovations

To meet our students' and families' needs, we have had to extend our offerings into a number of areas. Here are eleven examples of the practical but innovative practices that we have put in place over the past 5 years:

Eleven Examples of "Practical Innovations" at LRPA – Middle School	
Positive Behavior Interventions & Supports	In 2011, one of the first changes that LRPA's new management made was to move from a punitive behavior system, which was based on demerits and detention, to a positive behavior management system, which is based upon recognition and reward. By implementing PBIS and CHAMPS school-wide, LRPA's management began publicly affirming good behaviors and privately disciplining bad behaviors. Over the past 4 years, LRPA has enhanced its classroom management through the use of Doug Lemov's *Teach like a Champion*. LRPA's behavior system requires care, patience and persistence from teachers, but has made a huge difference in the prevailing attitudes and engagement of students.
Discount Uniform Program	In 2012, LRPA entered into a unique partnership with the Toggery, an apparel store in Little Rock. Through the partnership, every LRPA student is provided with a 50 percent discount on the purchase of between 7 and 9 pieces of a uniform set, including polo shirts, button down shirts, a sweater vest, slacks, a fleece jacket and, for girls, skorts or skirts. With one purchase, every student is clothed for all seasons of the year. The uniforms enable every student to wear the same timeless plaids that students at Little Rock's best known private schools wear.
Dedicated Site Management Team	Each LRPA campus has a dedicated site-management team with four administrators – a dean of students, director of curriculum & instruction, an office manager and a principal. This four person team provides the capacity to support students and teachers in all essential academic and operational areas.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Extended Day & Year	In 2011 and 2012, LRPA extended its day and year. Today, LRPA serves students daily starting at 7:00 am and ending at 5:00 pm. By serving students for up to 10 hours each day, LRPA provides significantly more learning time, meets the needs of parents who are working full-time, and minimizes the chance that students will be left unsupervised during after-school hours. LRPA offers a 200 day calendar year, which is 4 weeks longer than surrounding schools and reduces the summer break to 6 weeks. Last summer, LRPA offered a summer enrichment program to families. By lengthening the year, LRPA saves parents money for summer programs, provides students with extra learning opportunities, and minimizes the learning regression that frequently occurs during a 3 month summer vacation.
Wednesday Professional Development	On Wednesday of each week, LRPA dismisses students at 1:00 pm so that the faculty and administration can have 2-3 hours of dedicated time for professional development, lesson planning and professional learning communities (PLC's). The early dismissal also fits the schedule of many LRPA families, who have extra time for dedicated family events and church services.
Management Retreat & Summer Institute	Every spring and summer, LRPA's management organization, Exalt Education, gathers administrators from several campuses for dedicated planning and management training. The management institute, which was held at the Clinton School of Public Service in June 2015, consisted of 40 hours of training in human resources, performance management, leadership, organizational health, and many other topics. The annual retreat, which typically occurs in April of each spring, allows administrators to collaborate to identify needs, complete programmatic initiatives, and plan improvements for the next academic year.
Free Breakfast, Lunch & Snack for Every Student	In 2014, LRPA was approved to offer 100 percent of students a nutritional breakfast, lunch and snack every day under the Community Eligibility Provision. Prior to that, LRPA collected money for the less than 15 percent of students who were not eligible for free or reduced price lunch.
Learning Pass Program	In 2014, a Practicum team at the Clinton School of Public Service helped LRPA Middle School to undertake a new learning initiative. Through the Learning Pass Program, students in grades 6-7 have the opportunity to participate in high-quality, hands-on experiential learning at a network of ten partner sites throughout Little Rock. Moving forward, LRPA anticipates that it will continue to refine the program and extend it to more students.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Student Led Conferences	In 2014, LRPA began holding student-led conferences instead of conventional teacher-led conferences. During these conferences, students present their grades, report cards, assignments and accomplishments to their parents and homeroom teacher. Instead of sitting "across the table" from parents, teachers affirm students' progress and brainstorm academic improvement strategies. In the 2015-16 year, LRPA will hold three quarterly student-led conferences.
Academic Improvement Plans (AIP's)	In 2015, LRPA began preparing and distributing academic improvement plans (AIP's) to the families of every student during student-led quarterly conferences. AIP's provide parents with the state, national and formative test scores for every child along with individual performance strategies. By implementing AIP's, LRPA has been able to greatly increase parents' knowledge of and ownership in student learning.
Student Data Notebooks	In 2015, students in the Middle School began keeping notebooks with their performance goals, test scores and learning strategies. These notebooks are updated and checked regularly. By keeping notebooks, students are taking ownership for their academic achievement more directly than ever before.

These are eleven examples of "practical innovations" – ways in which LRPA has adapted every aspects of its model to meet the needs of students and families. Sections IV and V of this report provide many more examples of innovative practices that LRPA has put in place in the areas of curriculum, instruction, assessment and performance evaluation.

Academic Performance

By putting in place effective practices, LRPA – Middle can provide widespread, statistically significant evidence that we have enabled students to make gains that outpace their peers nationally from 2012 to 2015. These gains are demonstrated by an analysis of the 1, 2 and 3 year gains that students made from fall 2012 to spring 2015. Because of this evidence, our board of trustees and management team believe that LRPA – Middle is providing students with an education that is: (a) enabling them to narrow the economic achievement gap with their more affluent peers; and (b) enabling them to prepare for college-preparatory high schools.

The following are excerpts of the report produced by the Office of Education Policy at the University of Arkansas – Fayetteville in November 2015.

> ***Question 1: What percent of students met or exceeded typical NWEA growth from Fall to Spring?***
>
> ***Sixty-three percent of LRPA students met or exceeded typical growth from Fall to Spring.***

As can be seen in Table 4, 64% of students who were enrolled at LRPA Middle Grades for one year met or exceeded typical annual gains in reading, and 79% of students who were enrolled at LRPA Middle Grades for one year met or exceeded typical annual gains in math. Fifty---six percent (56%) of students enrolled in LRPA Middle Grades for two years met or exceeded typical gains in reading and 61% did in math. Students who were enrolled at LRPA Middle Grades for three consecutive years were most likely of all the cohorts to meet their reading gains, with 67% meeting or exceeding typical reading gains, while 66% met or exceeded typical math gains.

Question 2: What percentage of typical Fall to Spring growth did students achieve?

LRPA students made 125% of annual growth in reading and 160% of annual growth in math.

As can be seen in Table 5, students who were enrolled at LRPA Middle Grades for one year made 127% of typical annual gains in reading, and 172% of typical annual gains in math. Students enrolled in LRPA Middle Grades for two years made 118% of typical gains in reading and 124% in math. Students who were enrolled at LRPA Middle Grades for three consecutive years were highest growing in reading, making 155% of typical gains, and 142% of typical gains in math.

Question 3: How does student growth compare to other students nationally?

LRPA students are at the 78th percentile in reading growth and the 86th percentile in math growth compared to NWEA's nationally representative norming group.

As can be seen in Table 6, students who were enrolled at LRPA Middle Grades for one year grew more in reading than 77% of their peers nationally, and more than 89% of their peers in math. Students who were enrolled at LRPA Middle Grades for two consecutive years grew more in reading than 77% of their peers nationally, and more than 79% of their peers in math. Students who were enrolled at LRPA Middle Grades for three consecutive years grew more in reading than 81% of their peers nationally, and more than 83% of their peers in math.

Growth at LRPA Middle Grades is strong across all cohorts and subjects. It is notable that students who remain at LRPA Middle Grades for only one year are as likely to exceed national growth expectation as the students who remain at LRPA Middle Grades for three years. Students who remain at LRPA Middle Grades, however, initially perform at similar levels on Fall testing as students who leave. Because there is no significant disparity in the initial academic performance of students who choose to remain or choose to leave at the end of the school year, we have no reason to expect that student growth over the year would be different for the two groups. In fact this strengthens the findings, because there is consistently high growth for all students, even those who later elect to leave LRPA Middle Grades.

LRPA – Middle was able to make these gains because of the innovative, iterative approach that we have taken to sustaining continuous improvement. In sharing these achievement gains, it is

important to note that our leadership team is not satisfied with these results. In particular, we are concerned that so many families are choosing to withdraw their students within 3 years of enrolling them. Every time that a student is withdrawn, the academic gains that we have enabled him or her to realize walks out the door and our team is forced to start over with a new student.

III. A brief analysis of the 2015 PARCC data

To ensure that a valid, reliable analysis was conducted of its 2015 PARCC scores, the Little Rock Preparatory Academy (LRPA) requested that the Office of Education Policy (OEP) at the University of Arkansas – Fayetteville conduct the analysis. In order to conduct an impartial analysis, OEP compared LRPA with 14 other school districts that enroll a population that is of equivalent economic status.

Scores from the April 2015 administration of the PARCC assessment did not become available until late November 2015. Scores for surrounding public schools that serve the same service area as LRPA are still not available. Because the PARCC assessment was only administered once, it is difficult for LRPA or any other district to enable students to demonstrate strong, consistent achievement gains. This is particularly true for districts that serve high-poverty populations with students that enter school achieving well below proficient.

Below, the chart provides the district number, name and percent of students that qualify for the Federal Free & Reduced Lunch Program within each of the districts. Over 90 percent of the population qualifies for either free or reduced lunch in all fourteen of the districts, including five open-enrollment public charter schools and eleven traditional school districts.

Districts Used for Comparables Analysis of 2015 PARCC Scores		
LEA	**District**	**District FRL %**
6044700	COVENANT KEEPERS COLLEGE PREP	91%
6049700	LITTLE ROCK PREPARATORY ACADEMY	100%
3541700	PINE BLUFF LIGHTHOUSE ACADEMY	91%
4802000	CLARENDON SCHOOL DISTRICT	91%
901000	DERMOTT SCHOOL DISTRICT	94%

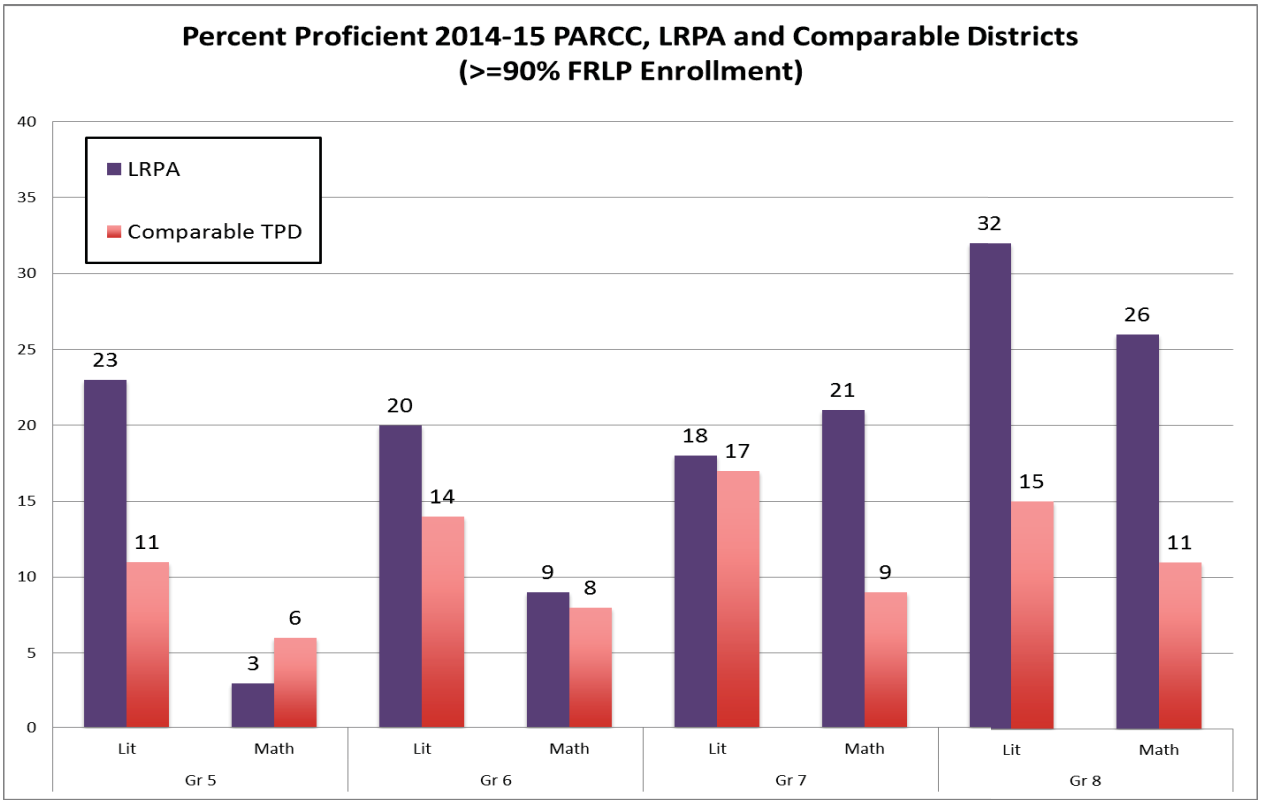
Little Rock Preparatory Academy
A Member of the Exalt Education Network

Below, the bar chart compares the percent of students in each tested subject and grade that achieved proficient at LRPA with the percent of students in each tested subject and grade at the 14 comparable districts.



LRPA's leadership has ample evidence that students that enter the Middle School are exceptionally far behind academically when they arrive. However, as this comparison illustrates, by the 5th grade, LRPA's students begin to outperform their peers in other high-poverty districts. By the 8th grade, over twice as many students at LRPA achieve proficient or advanced than among other districts serving a comparable population.

A copy of the 2015 ESEA School Report from ADE is copied below. As this report demonstrates, LRPA – Middle met or exceeded all of the state requirements.

Little Rock Preparatory Academy

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	0
Number of enrolled students with completed EOY only:	0

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Report created on: 11/12/2015

IV. An explanation of plans to improve academic achievement

- ***Specific plans implemented in the past with data that demonstrate the results and include a discussion of student performance and growth***

Administration of NWEA MAP

LRPA's executive director commenced his tenure in January 2011. Between January and May, the leadership of LRPA conducted a needs assessment, developed a strategic plan, and went before the Arkansas State Board of Education to request a charter amendment.

When the leadership team appeared before the State Board in May 2011, one of the primary academic changes that it requested was to make a change in assessments from the Terra Nova to the NWEA Measures of Academic Progress (MAP). By making that change, LRPA sought several advantages:

- The Northwest Evaluation Association (NWEA) is one of the most sophisticated assessment organizations in the nation;
- The NWEA MAP is computer adaptive, which means that testing requires less time than with other assessments and provides a more accurate individual student performance profile;
- The NWEA MAP is electronic, which supports testing fidelity and the immediate collection, analysis and reporting of data;
- NWEA has developed powerful standards analysis tools that support effective, data-driven teaching;
- The MAP is scored on a RIT scale, which is a continuous scoring curve that is unique because of its statistical capacity to support the measurement of student growth in equal increments;
- The MAP can be seamlessly converted from RIT scores into national percentiles;
- Because of its extensive question bank, the MAP can be administered up to four times annually; and
- The MAP can be benchmarked against state standards, the Common Core Standards, the ACT, and other standards and assessments in a manner that is valid and reliable.

Although these are the primary advantages of using the MAP, there are others. By moving to the MAP, the leadership of LRPA set itself up to measure student achievement growth in a frequent, agile, statistically valid manner.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Over the past 3 years, LRPA had demonstrated that – when armed with a powerful assessment system like the NWEA MAP – it is possible to enable students to make increasingly strong achievement gains.

Below, the chart shows the one-year gains that classes of students in grades 5-8 at the Middle School made each of the past 3 years (2012-13, 2013-14 and 2014-15). The chart shows gains in National Percentile Rank (NPR), which reflects where students score in comparison to their peers nationally in the fall pre-testing and again in the spring post-testing of each academic year. The trend records whether or not students gained NPR, stayed at the same NPR, or lost ground relative to their peers nationally. It is important to keep in mind that – even if students stay at the same NPR – they are still progressing at the equivalent of one academic year relative to their peers nationally.

One Year Gains in National Percentile Rank (NPR) in 2012-13, 2013-14 and 2014-15							
Student Information		**Mathematics**			**Reading**		
School Year	**N**	**Fall**	**Spring**	**Trend**	**Fall**	**Spring**	**Trend**
2012-13 Year							
5th Grade	27	40	46	+	38	35	-
6th Grade	21	29	33	+	32	31	-
7th Grade	17	35	38	+	36	24	-
8th Grade	20	40	39	-	34	36	+
Total	**85**	**36**	**40**	**+**	**35**	**32**	**-**
2013-14 Year							
5th Grade	40	29	36	+	29	29	=
6th Grade	37	25	32	+	26	26	=
7th Grade	22	31	31	=	27	31	+
8th Grade	13	38	41	+	34	45	+
	112	**29**	**34**	**+**	**28**	**30**	**+**
2014-15 Year							
5th Grade	27	34	38	+	29	40	+
6th Grade	37	34	38	+	37	42	+
7th Grade	30	39	40	+	33	35	+
8th Grade	19	34	37	+	30	42	+
Total/Average	**113**	**35**	**38**	**+**	**33**	**40**	**+**

As this chart shows, LRPA – Middle School enabled successive classes of students to make fall-to-spring achievement gains that were both more consistent and more statistically significant every year.

Below, the chart provides a summary of the gains depicted above. This chart shows gains in Reading and Mathematics (2 subjects) for 4 successive classes of students, which reflects a total of 8 subjects and grade levels.

Summary of One-Year Achievement Gains			
School Year	**2012-13**	**2013-14**	**2014-15**
Gains Greater Than Peers	4	5	8
Gains Equal to Peers	0	3	0
Falling Behind Peers	4	0	0

As this chart shows, in 2012-13, students gained NPR in 4 grade levels and subjects and lost NPR in 4 grade levels and subjects. In 2013-14, students gained NPR in 5 grade levels and subjects; progressed at a pace equivalent to their peers in 3 grade levels and subjects; and lost NPR in 0 grade levels and subjects. In 2014-15, students gained NPR in all 8 grade levels and subjects and did not lose ground in any grade levels and subjects. The MAP played a vital role in enabling LRPA to improve by providing the performance assessment capacity to monitor, analyze and accelerate student learning within each academic year.

Implementation of Effective Reading/English Language Arts Programs

The LRPA – Middle School has made significant changes in curricular programs each year of operation. By carefully evaluating student achievement data, LRPA has been able to examine what is working and what is not working and make data-driven decisions about where to allocate its resources. We have also been able to adapt to the state transition in academic standards and assessments.

In the 2011-12 and 2012-13 years, LRPA focused on implementing Saxon Mathematics. One of the key breakthroughs in LRPA's Math effectiveness was the hiring of Ms. LaRhonda Cook, a veteran teacher with deep content expertise in Saxon. With her instructional leadership, LRPA was able to make impressive gains between fall and spring MAP testings. However, with the transition to the PARCC standards, LRPA's Math program became outdated. To adjust to the emphasis on word problems and the application of Math to more complex, multi-variable problems, LRPA switched to Carnegie Math and Engage New York with the supplementation of Eureka Math starting with the 2014-15 year. These curricula are aligned with the state college and career ready standards.

In the 2011-12 year, LRPA implemented Direct Instruction Reading Mastery and Language for Learning in the Middle Grades 5-6. The implementation yielded mixed results in the middle grades 5-8 where the emphasis has been on reading comprehension and writing mechanics.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

LRPA – Middle began implementing 6 + 1 Traits of Writing and Writer's Workshop for the 2012-13 year while continuing to use Direct Instruction to address students' remedial language needs. For the 2013-14 year, LRPA added Perfection Writing. With the transition to the Common Core Standards and the PARCC, however, the Middle School's English Language Arts programs became outdated. To adjust to the emphasis on reading whole passages and comprehending technical writing, LRPA switched to Scope Scholastic, the Journey's textbook, ReadWorks and Compass Learning. These programs are being supplemented by literature reading. By expanding students' English Language Arts time and building a strong writing program to pair with its existing reading programs, LRPA has been able to make substantial increases in students' achievement gains.

Below, the chart shows the gains in National Percentile Rank (NPR) that LRPA made among students who stayed for 2 years. When measuring these gains, LRPA's leadership examined student gains between fall 2012 and spring 2014 and again between fall 2013 and spring 2015.

Two Year Gains in National Percentile Rank (NPR) from 2012-2014 and 2013-2015							
Student Information		Mathematics			Reading		
2 Year Period	N	Fall	Spring	Trend	Fall	Spring	Trend
Fall 2012 to Spring 2014							
Cohort 1: Grades 5-6	15	30	39	+	31	26	-
Cohort 2: Grades 6-7	12	33	37	+	39	36	-
Cohort 3: Grades 7-8	6	47	49	+	42	46	+
Total	**33**	**34**	**40**	**+**	**36**	**33**	**-**
Fall 2013 to Spring 2015							
Cohort 1: Grades 5-6	30	27	34	+	28	38	+
Cohort 2: Grades 6-7	30	24	34	+	20	28	+
Cohort 3: Grades 7-8	14	37	38	+	28	39	+
	74	**28**	**35**	**+**	**25**	**34**	**+**

As this analysis shows, students made impressive gains in Math from fall 2012 to spring 2014, but actually registered declines in Reading during that same period. By contrast, students made impressive gains in both Math and Reading between fall 2013 and spring 2015. These gains were registered with three successive cohorts of students in each two year period, which increases the validity of the analysis.

Below, the chart provides a summary of the gains depicted above. This chart shows gains in Reading and Mathematics (2 subjects) for 3 successive cohorts of students (3 cohorts), which reflects a total of 6 subjects and grade levels.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Summary of Two-Year Achievement Gains		
School Year	**2012-2014**	**2013-2015**
Gains Greater Than Peers	4	6
Gains Equal to Peers	0	0
Falling Behind Peers	2	0

As this chart shows, from fall 2012 to spring 2014, students gained NPR in 4 grade levels and subjects and lost NPR in 2 grade levels and subjects. From fall 2013 to spring 2015, students gained NPR in 6 grade levels and subjects and lost NPR in 0 grade levels and subjects.

Below, the chart depicts the curricula that the Middle School of LRPA is currently implementing in the primary subjects across grades 6-8.

LRPA Middle School 2015-16 Curriculum In Core Subjects				
Grade	**Math**	**Reading**	**Writing**	**Other**
6	Carnegie Math, Engage New York, Compass Learning, Learn-a-zillion, Edpuzzle	Scope Scholastic, Compass Learning, Novels, Online Resources, Journey's Textbook, ReadWorks	Common Core Writing Book, Scope Scholastic	Junior Scholastic, Peoples Common Core, Eureka Math, Arkansas Social Studies Curriculum Framework, Online Resources
7	Carnegie Math, Engage New York, Compass Learning, Learn-a-zillion, Edpuzzle	Scope Scholastic, Compass Learning, Novels, Online Resources, Readworks	Common Core Writing Book, Scope Scholastic	Junior Scholastic, Peoples Common Core, Eureka Math, Arkansas Social Studies Curriculum Framework, Online Resources
8	Carnegie Math, Engage New York, Compass Learning, Learn-a-zillion, Edpuzzle	Scope Scholastic, Compass Learning, Novels, Online Resources, Readworks	Common Core Writing Book, Scope Scholastic	Junior Scholastic, Peoples Common Core, Eureka Math, Arkansas Social Studies Curriculum Framework, Online Resources, Online CPO Textbook

These curricula reflect a hybrid of electronic resources and paper-based textbooks and literature. Some of the curricula are completely individualized, self-paced and delivered via the Internet. Others are best delivered in a more conventional classroom format.

Use of Performance Dashboard

In the 2013-14 year, LRPA – Middle School began implementing a rigorous performance dashboard system that supports the frequent evaluation of over 21 leading indicators of school stability, student engagement and behavior, parent support, and gains in student achievement relative to national norms and the Common Core standards. LRPA – Middle School's performance against these indicators is summarized in the last section of this report.

The performance dashboard system has several strengths:

- First, the system focuses on growth in performance, which encourages school leaders to add value to students no matter what performance level they are at when they enroll versus encouraging school leaders to selectively enroll high performing students.
- Second, the system is very transparent, which provides board members, site management, parents and other stakeholders with a candid snapshot of school performance.
- Third, the system is comprehensive and balanced in that it evaluates school performance across a variety of indicators versus just examining one-time proficiency on a single "high stakes" test.

For the 2015-16 year, the performance dashboard was expanded to include several new indicators, such as an analysis of chronic student tardiness and absenteeism. By examining these indicators, LRPA's management has become more aware and more active in managing school health and student learning than ever before.

V. An explanation of plans to improve academic achievement

- ***Specific plans for the future that include methods of assessing***

Currently, the Little Rock Preparatory Academy is implementing three initiatives that are designed to continue elevating the quality of education that we provide:

Little Rock Preparatory Academy

A Member of the Exalt Education Network

Board Approved Ends Statements

At the start of the 2014-15 year, the board of trustees of LRPA adopted the Carver Policy Governance Model and approved seven Ends Statements. These statements set forth a framework of goals that LRPA's management seeks to execute against. Each year, the executive director submits monitoring reports that demonstrate progress towards the Ends Statements. A copy of the board-approved ends statements is included below:

1.0 POLICY TITLE: GLOBAL ENDS

At a justified cost, children from underserved families in the Central Little Rock neighborhoods will be prepared and equipped to become successful, contributing members of society.

1.1 Students without diagnosed learning challenges will demonstrate substantial and meaningful growth as reflected in state and national assessments. Special needs will demonstrate substantial and meaningful progress toward goals established in their annual Individual Educational Program.

1.2 LRPA students demonstrate the attributes and behaviors necessary for success as leaders in their communities and beyond. These attributes include a work ethic that stresses regular attendance, punctuality, perseverance in the face of obstacles, urgency in accomplishing goals, disciplined scholarship and honesty in their dealing with themselves and others.

1.3 LRPA students are prepared to compete in the market place with outstanding communication skills and professional etiquette.

1.4 LRPA students have acquired (1) a familiarity with multiculturalism that allows them to achieve in future academic and career environments and (2) an understanding of the ways in which different cultures have enriched and advanced it.

1.5 LRPA families are empowered and engaged in providing the learning, moral and emotional supports that meet their children's educational and career aspirations.

1.6 LRPA students practice in-school lifestyles that include good nutrition and regular exercise.

1.7 LRPA students are achieving educational success at rates equal to or better than students in more affluent communities.

LRPA's Ends Statements provide a rigorous, holistic basis on which to assess institutional quality. By implementing the Carver Policy Governance Model, LRPA is aligning its institutional resources towards accomplishing board-approved goals more than ever before.

Use of Illuminate Formative Tests

LRPA is currently progressing through its second year implementing the Illuminate Formative Tests. Illuminate provides a powerful testing system that allows LRPA to measure student mastery of the Arkansas college and career ready standards in a frequent, targeted manner. Illuminate has the following advantages:

- Frequent Monitoring: It allows LRPA to examine student growth towards standards 6-8 times annually;
- Standards Alignment: It allows LRPA to teach standards and measure student proficiency in a very disciplined, aligned fashion;
- Assessment Rigor: Illuminate provides a vast databank of test questions that serve as a rich and varied resource for assessing student learning;
- Academic Ownership: Each formative test can be aligned so that it assesses the exact standards that teachers are teaching, which puts the power of data directly in the hands of LRPA's teachers and administration;
- Flexible Format: Illuminate can be printed and administered on paper or it can be administered electronically. The flexibility of the format allows LRPA to adapt to state tests, which have been changing every year.

The Illuminate tests are a nice complement to the NWEA MAP. Together, they form the backbone of a powerful assessment system that allows LRPA to evaluate student learning and make improvements on an ongoing basis. There is no gap between the administration of tests, collection of data, analysis and interpretation, and dissemination of findings to support teacher improvement in the classroom.

Use of Character and Social Etiquette Assessments

For the 2015-16 year, LRPA began implementing a robust character education program. This program is anchored by the Essential 55 Rules, a set of rules that was developed by the Ron Clark Academy in Atlanta, Georgia. LRPA is also implementing the Core Values, a progressive

framework of values that is designed to help students develop strong internal and external character traits.

To assess the character program, LRPA is developing a combination of authentic assessments, surveys and short test batteries. Over time, LRPA will refine this system so that it measures student behavior and mastery of desired character attributes versus measuring student awareness, speed of recall, and capacity to process and communicate traits.

VI. A discussion of current year-to-date student demographics, discipline, and attendance data

Student & Community Demographics

Below, the chart shows LRPA – Middle School's 2015-16 student demographics.

2015-16 Student Enrollment Statistics	
Student Attributes	**LRPA - Middle School**
Students Grades 6-8	119
Low Income*	100%
African American	83%
Latino	15%
White	2%
**Under Community Eligibility Provision*	

Over the past 5 years, the demographics of the Middle School student body have changed. Most significantly, the percent of low-income students at LRPA increased by over 15 percent from 2011 to 2014, during a period where the percent of low-income students in the Little Rock School District declined by over 10 percent. There has been a small but growing influx of Latino students who are English Language Learners.

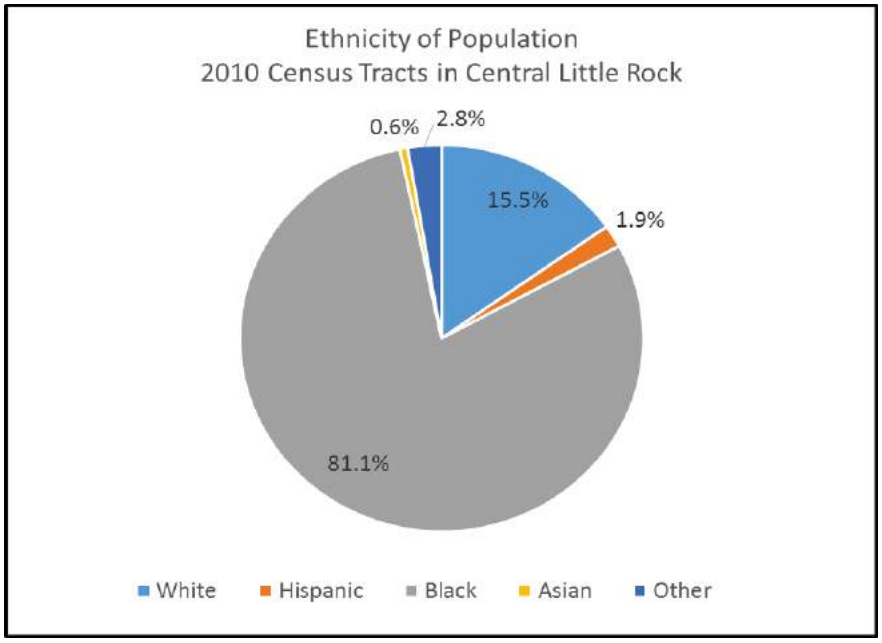
Ethnicity

Eighty-three percent of LRPA's students are African American, fifteen percent of students are Hispanic and two percent are White. There has been a small but growing influx of English Language Learners (ELL) over the past two years.

Below, the pie chart illustrates the ethnicity of the population in Central Little Rock. As this pie chart shows, LRPA is serving a population that is, racially, fairly similar to the 7 Census tracts that constitute our service area.

Little Rock Preparatory Academy

A Member of the Exalt Education Network



Comparison between Central Little Rock, City of Little Rock, and State of Arkansas

Below, the chart provides a quick comparison of basic population and financial statistics between: (a) the 7 U.S. Census tracts in Central Little Rock; (b) the City of Little Rock; and (c) the State of Arkansas based upon 2010 U.S. Census data. As this chart reveals, the median household income in Central Little Rock is nearly 42 percent lower than in the City of Little Rock as a whole.

Quick Statistical Comparison 2010 U.S. Census Data	7 Census Tracts in Central Little Rock	City of Little Rock	State of Arkansas
Population Estimate	23,579	193,524	2,915,958
Median Household Income	$26,184	$44,896	$40,768
Persons Per Household	2.15	2.41	2.53
Median Housing Value	$79,466	$151,600	$108,700
Total Housing Units	11,285	91,288	1,316,299

Special Considerations

In 2013, LRPA's management retained a therapist to evaluate students' mental health and socio-emotional needs. She worked with students in the Middle School for five months and prepared a formal report in April 2013. Within their daily home life, she found that many of LRPA's students face a variety of environmental challenges, which are briefly outlined below.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Environmental Challenges that Students Face	
• Parent absence	• Transitions in residence
• Family member incarceration	• Physical, sexual or emotional abuse
• Parent joblessness	• Transitions in caregiver
• Drug & alcohol abuse	• Illegal adult immigration
• Domestic violence	• Custody disputes
• Health impairment	• Family illness
• Early sexual exposure & teen pregnancy	• Systematic poverty

According to the therapist, in other schools that serve different communities, it is not uncommon for fewer than 20 percent of students to face such challenges. At LRPA, she found that upwards of 60 percent of students are experiencing these challenges at any given time.

Diagnosed Disabilities

In the Middle School of LRPA, 20 of 119 total students, or 17 percent, had diagnosed disabilities as of October 1, 2015 including 16 students on individual education plans (IEP's) and 4 students with 504 behavior plans. A breakdown of disabilities follows: 1 vision impaired, 4 learning disability, 7 other health impairment (example ADHD), 4 speech and language disorder, 1 developmentally disabled, 2 Autism, and 1 hearing impaired. Three students can be considered to be extremely low functioning and two can be considered to be extremely high functioning. So LRPA is serving a population of students with significant special needs.

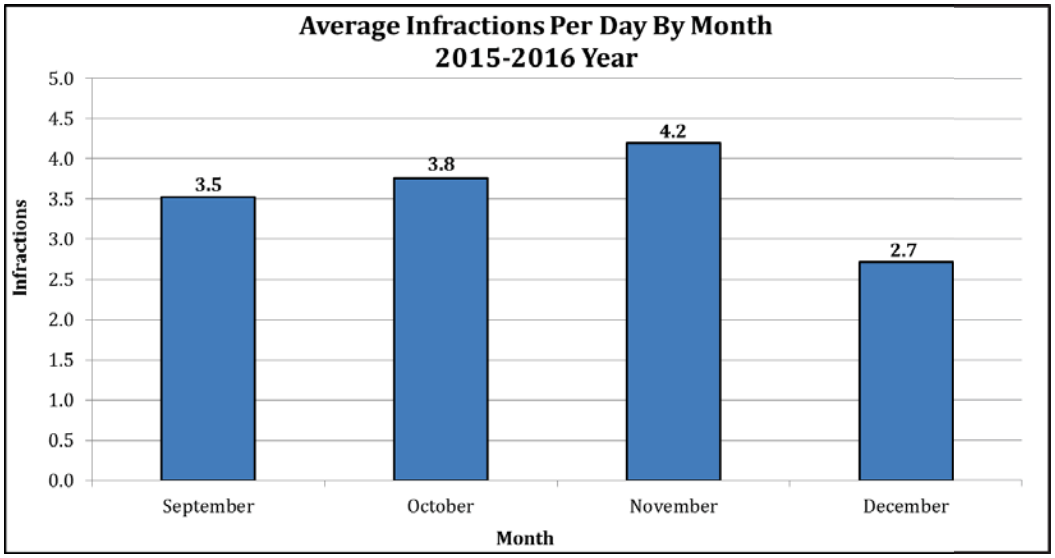
Student Discipline

In the 2015-16 year, the LRPA – Middle School is following a disciplinary trend that is very consistent with past years. Typically, there is a spike in behavior infractions during the first 3 months of the year, which is followed by a relatively steady decline through the last 7 months of the year. This pattern is consistent with LRPA's positive behavior reinforcement practice, which have an accumulating effect as affirmation, recognitions and rewards motivate better and better student behavior patterns over time.

Below, the bar chart shows the average number of behavior infractions per day for the first 4 months of the 2015-16 year. August was excluded because school opened on August 17, 2015 so it was only a partial month. The Middle School records behavior infractions in a disciplinary tracking module that is part of the Illuminate system. An infraction is recorded every time that a

Little Rock Preparatory Academy
A Member of the Exalt Education Network

student misses over 5 minutes of instruction so that student behavior can be monitored closely and managed proactively.

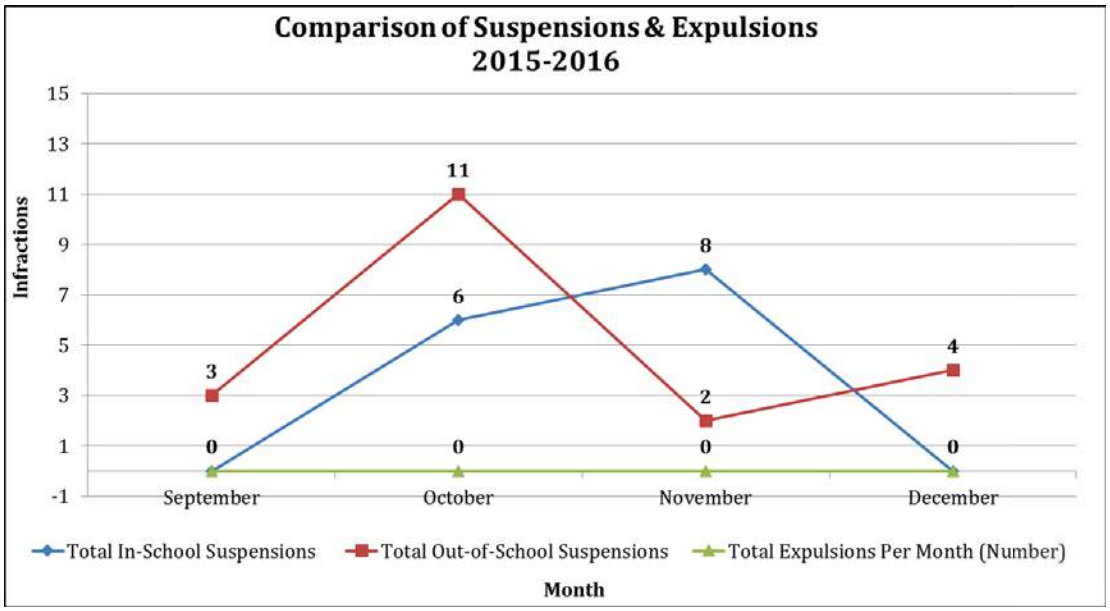


At the top of the next page, the bar chart shows the total number of in-school suspensions, out-of-school suspensions, and expulsions by month through the first 4 months of the 2015-16 year. August is a partial month because school opened on August 17, 2015. As the data shows, there have been no expulsions, an average of 5 out-of-school suspensions per month, and an average of 3.5 in-school suspensions per month for the year-to-date.

LRPA – Middle School seeks to maximize the time that students are engaged in focused learning. When out-of-school suspensions are assigned, it is typically in response to major behavior infractions such as fighting, bullying, repeated verbal threats or acts of insubordination, and petty theft. In these cases, the administration believes that students' actions pose a distraction or a potential threat to their classmates. These actions must be halted by sending students home and engaging their parents in corrective action. Typically, out-of-school suspensions are for 1-2 days in duration depending on the nature of the offense and the action called for in LRPA's discipline code. Students are sent home with assignments to complete.

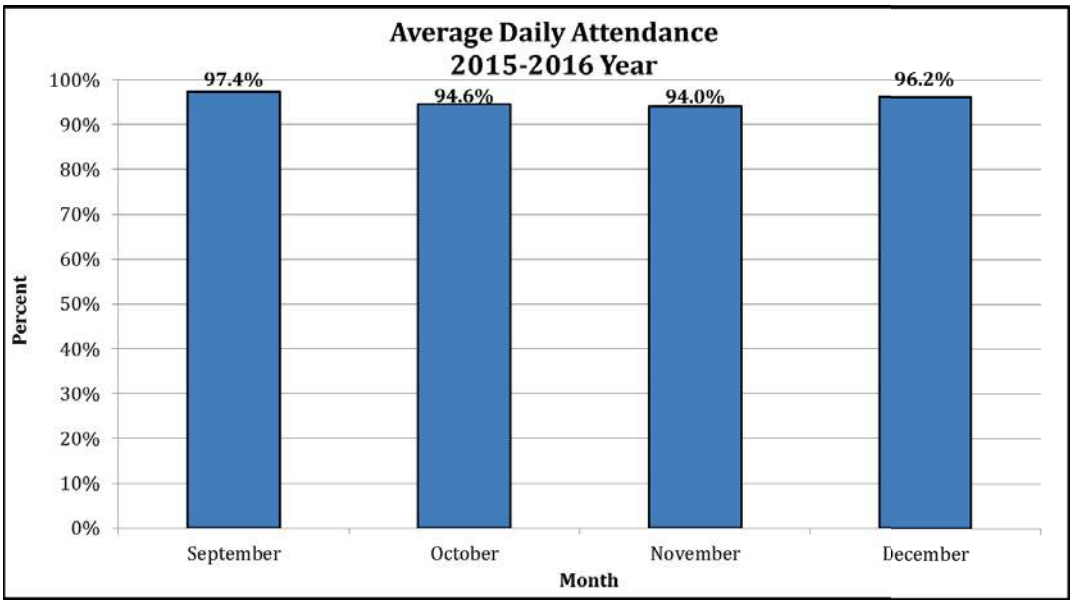
As the chart shows, one way that LRPA – Middle School staff have minimized the time that students are out-of-school is by assigning in-school suspensions. During in-school suspensions, students complete work independently under the close supervision of members of the staff. In general, LRPA – Middle School's administration has found that in-school suspensions are regarded as a less serious deterrent by students, who in some cases may actually try to get assigned in-school suspension if they know that such an option is available.

Little Rock Preparatory Academy
A Member of the Exalt Education Network



Student Attendance

Below, the bar chart shows the average daily attendance by month through the first 4 months of the year. August is a partial month because school opened on August 17, 2015.

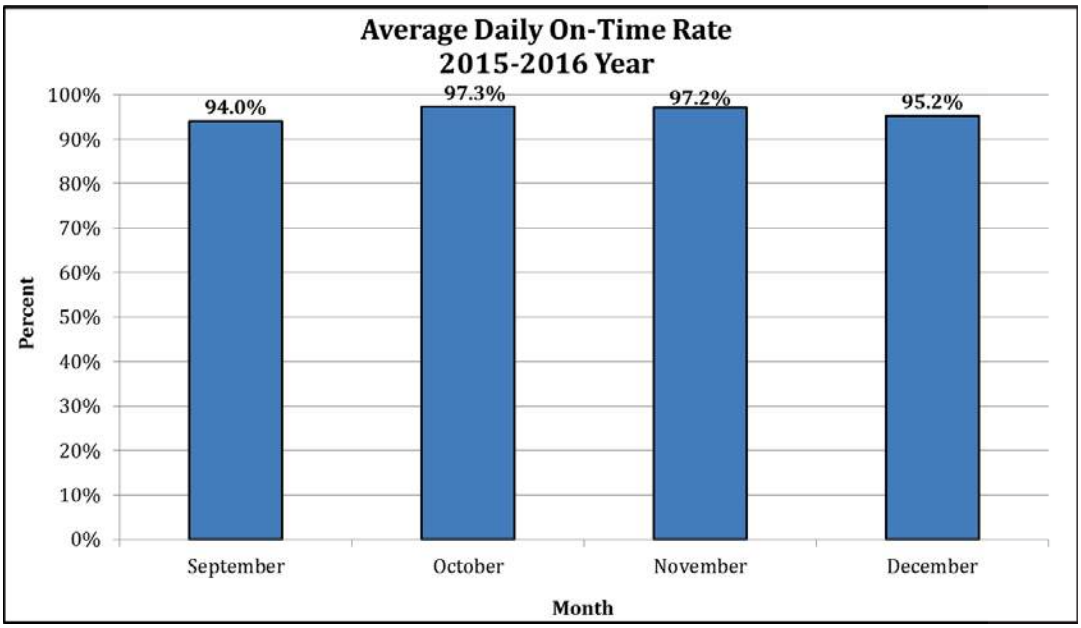


Little Rock Preparatory Academy
A Member of the Exalt Education Network

Increasing average daily attendance has been the focus of considerable attention on the part of administration and faculty. Consequently, attendance has increased gradually but significantly over the past 3 years. Although average daily attendance rates are high among most students, there are a small number of students who struggle with chronic absenteeism. These 15 or so students account for the vast majority of absences.

Student Timeliness / Tardiness

Below, the chart shows the average daily on-time rate by month for the first 4 full months of the 2015-16 year. August was a partial month because school opened on August 17, 2015.



Average daily timeliness has been the focus of considerable effort on part of administration and faculty. On many mornings this fall, the Middle School's Principal has stood in the entry foyer and talked with parents who are arriving late about the importance of timeliness. Although LRPA – Middle School is tracking student timeliness closely and address late students, our progress in this area has been mixed. Frequently, students are late because of reasons that are hard to permanently correct, such as the drop-off of siblings by single parents, carpooling transitions, changes in residence, or willful parent negligence.

Although average daily on-time rates are relatively high among the student body as a whole, there are a small number of students who struggle with chronic tardiness. These 25 or so students account for the vast majority of tardies.

Little Rock Preparatory Academy

VII. A discussion of progress toward the current charter goals with supporting data

Please Note: The following is a copy of the performance goals set forth in LRPA's charter renewal application followed by an update on LRPA's performance relative to each goal. Goals have only been included if they are applicable to the LRPA – Middle School.

Little Rock Preparatory Academy applied for a 5-year charter renewal in spring 2014 and was granted a 3-year renewal. Many of the performance goals were constructed in a manner that assumes that LRPA will be executing against the goals between 2015 and 2019. Yet ADE did not request that LRPA revise the goals when renewal was approved.

Only one year has elapsed since LRPA's charter renewal occurred. This section seeks to report on performance goals that were supposed to be evaluated in 2019 not in 2015. Nonetheless, LRPA has made a diligent, good faith effort to measure and report on the Middle School's performance in every one of the 18 goals applicable to students in grades 6-8.

Evaluation of Charter Renewal Goals (1 year after start of renewal term)		
Performance Rating	**Number**	**Percent**
Exceeded Goal	3	17%
Met Goal	7	39%
Progressing Towards Goal	4	22%
Insufficient Progress Towards Goal	1	6%
Not Applicable	3	17%
Total	**18**	**100%**

Overall Goals

Goal #1: On average over the 5-year period of the charter, the percent of all students at LRPA who qualify for the Federal Free and Reduced Lunch Program will be equal to or greater than the percent of all students in the Little Rock School District as a whole.

Status: LRPA is exceeding this goal.

Rationale: Between 2011 and 2015, the percent of students who qualify for the Federal Free & Reduced Lunch Program increased from 70 to 100 percent. By contrast, approximately 70

percent of students are eligible for the Federal Free & Reduced Lunch Program in the Little Rock School District.

Goal #2: As a public school, LRPA will strive to perform against the goals that are set for it by the Arkansas Department of Education, whether those are annual measurable objectives (AMO's) or an alternative goal-setting system.

Status: LRPA met this goal.

Rationale: On the 2015 PARCC tests, the Middle School of LRPA met the state goals in 6 of 6 grade levels and subjects. According to the Arkansas Department of Education's preliminary report, LRPA – Middle met the annual measurable objectives set forth for grades 6-8.

Goal #3: Because LRPA serves a largely low-income population, we will continue to focus on enabling students to make strong value-added achievement gains over time understanding that newly enrolling students will typically come in at low performance levels.

Status: LRPA met this goal.

Rationale: As the report produced by the Office of Education Policy at the University of Arkansas – Fayetteville attests, LRPA is enabling students to make strong value-added achievement gains.

Goal #4: As a college-preparatory Academy, LRPA will strive to demonstrate that graduating 8th grade students, particularly those who have been with the Academy since 5th grade, are achieving at levels consistent with other college-bound students.

Status: LRPA is progressing towards this goal.

Rationale: Eighty-eight percent of the first three classes of 8th grade graduates from LRPA were admitted into board of trustee approved college preparatory high school programs. Eighth grade students are making impressive student achievement gains relative to their peers nationally as demonstrated by fall and spring NWEA MAP testing. On the 2015 PARCC tests, eighth grade students scored at or above proficient at over twice the rate of their peers in a comparison set of 14 similar districts (32 vs. 15 in Language Arts and 26 vs. 11 in Mathematics). Although the eighth graders are performing well relative to similar schools, progress must be made to get all students to achieve "at levels consistent with other college-bound students."

With these Overall Goals in mind, LRPA has set the following specific performance goals for the 5-year period from the start of the 2014-2015 year to the end of the 2019-2020 year.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Student Achievement Relative to Similar Schools

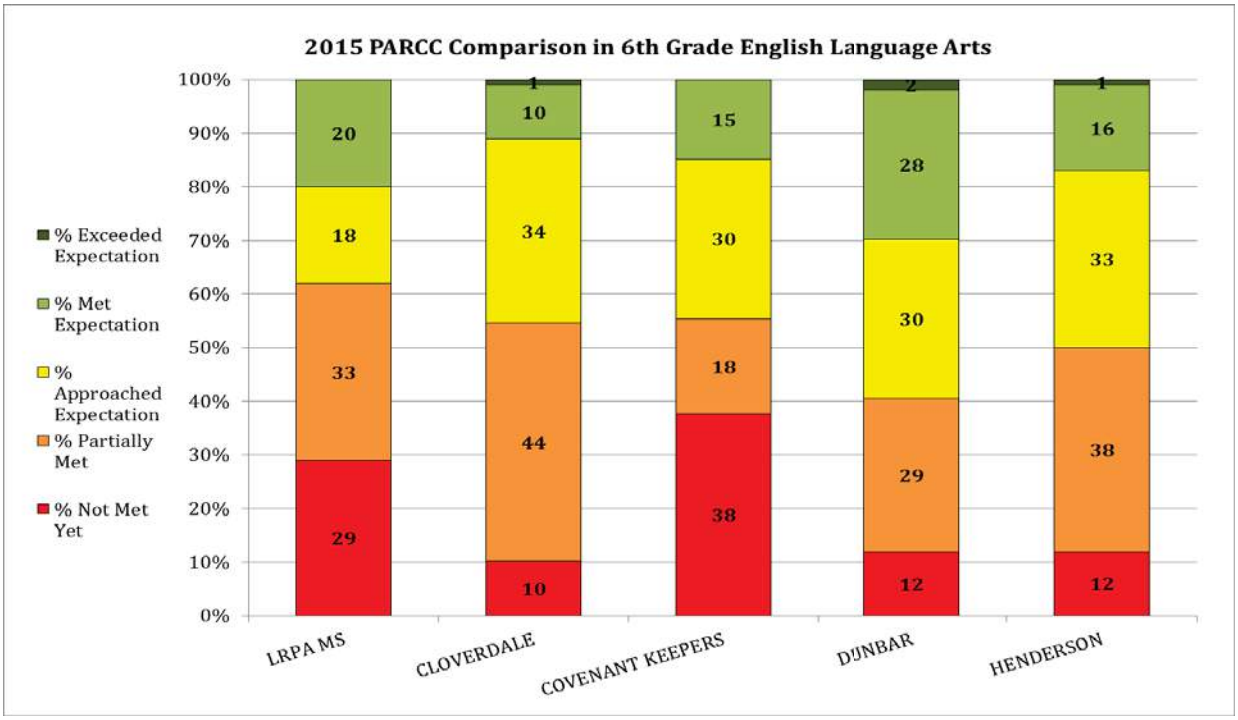
*Goal #5: On average over the 5-year period of the charter, the percent of all students at LRPA who score Proficient or Advanced taking the state tests in Literacy/Reading will be equal to or greater than the percent of all students who score Proficient or Advanced taking the state tests in Literacy/Reading among other elementary and middle schools with attendance zones in Central Little Rock.**

Status: LRPA met this goal with an average of all students in grades 6-8.

Rationale: Specifically, LRPA – Middle School met the goal among students in 9 of 12 grades/subjects as follows:

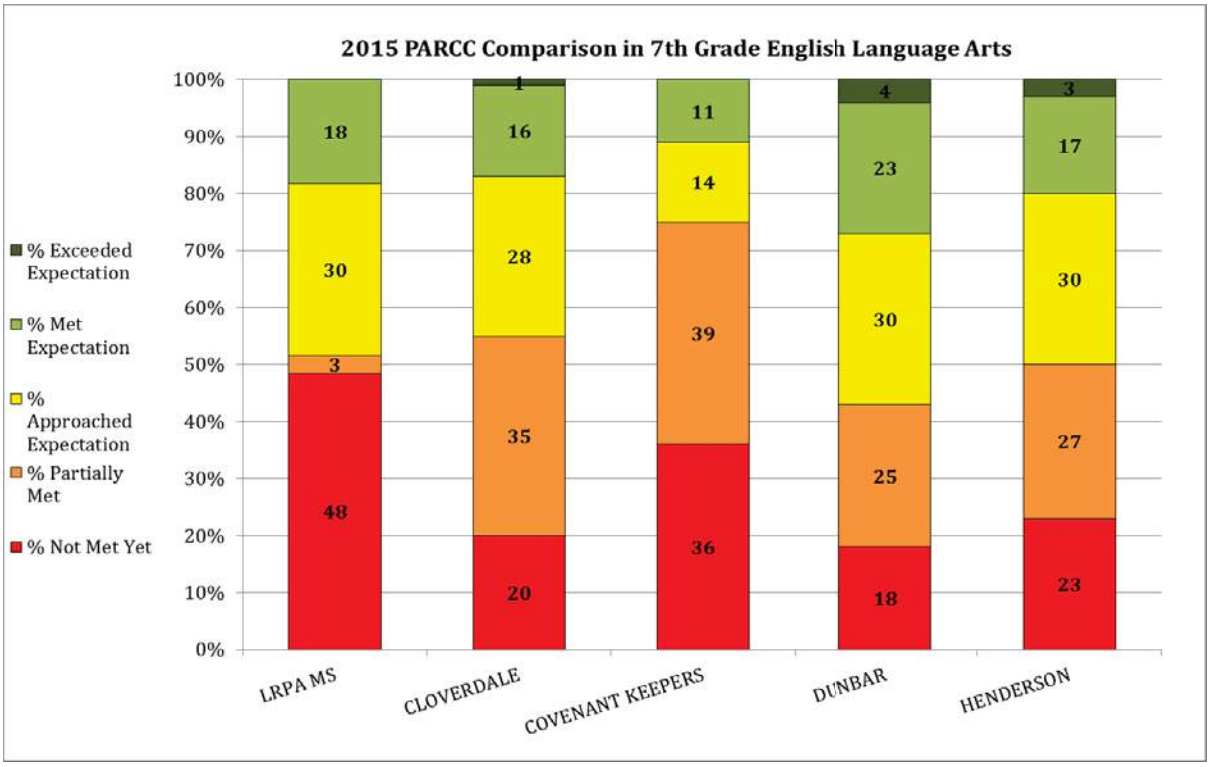
- 6th Grade: Exceeded 3 of 4 schools serving Central Little Rock, including Cloverdale, Covenant Keepers and Henderson, but did not exceed Dunbar Magnet.
- 7th Grade: Exceeded 2 of 4 schools serving Central Little Rock, including Cloverdale and Covenant Keepers, but did not exceed Dunbar Magnet and Henderson Middle.
- 8th Grade: Exceeded 4 of 4 schools serving Central Little Rock, including Cloverdale, Covenant Keepers, Dunbar Magnet and Henderson Middle.

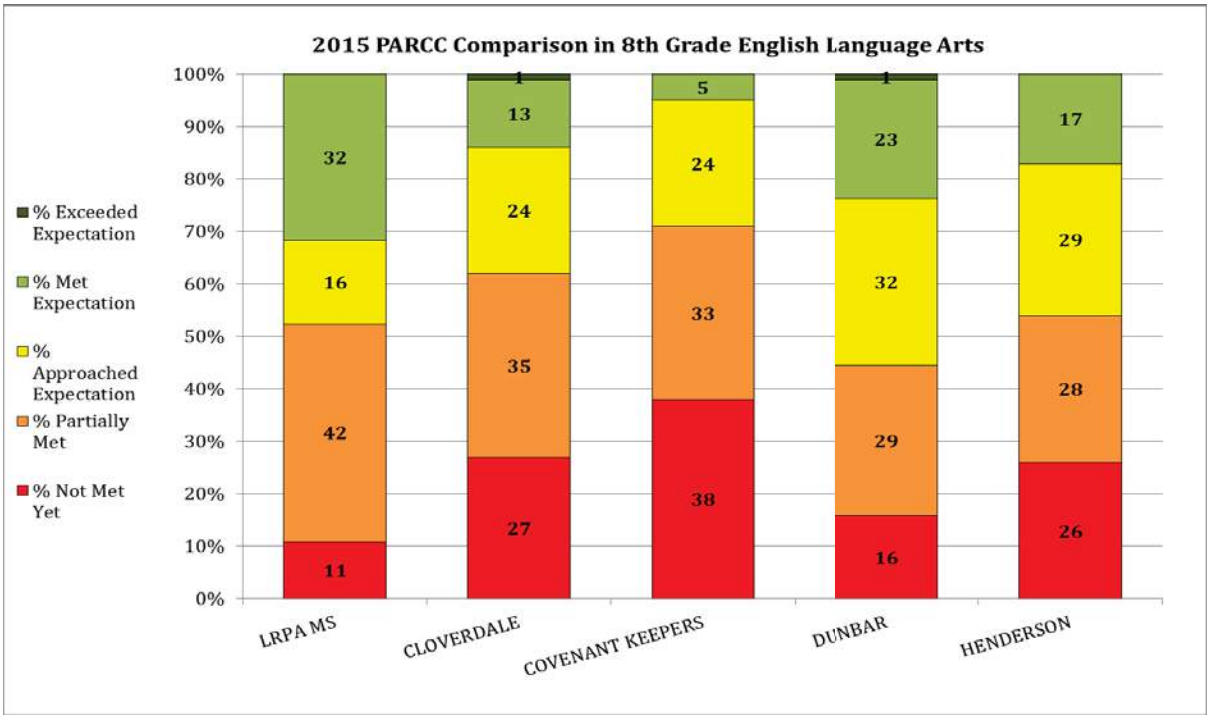
Below, the charts illustrate how LPRA – Middle performance relative to surrounding schools.



Little Rock Preparatory Academy

A Member of the Exalt Education Network





Little Rock Preparatory Academy
A Member of the Exalt Education Network

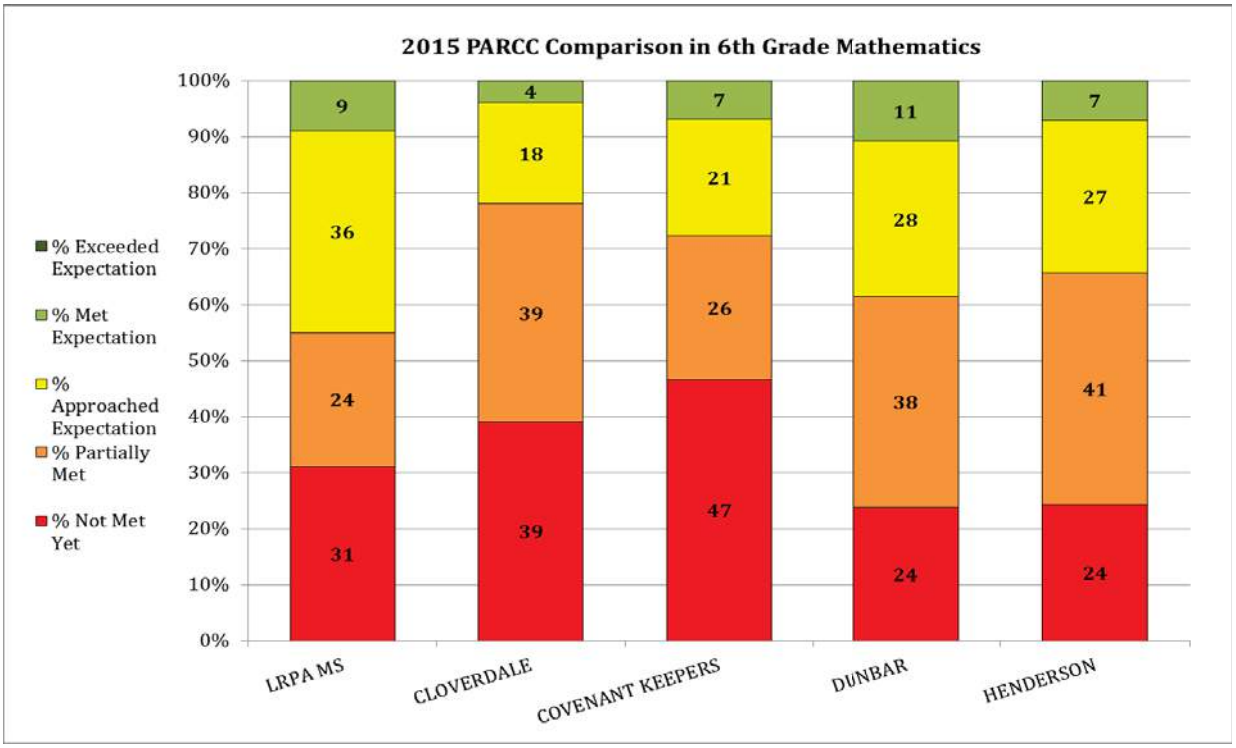
*Goal #6: On average over the 5-year period of the charter, the percent of all students at LRPA who score Proficient or Advanced taking the state tests in Mathematics will be equal to or greater than the percent of all students who score Proficient or Advanced taking the state tests in Mathematics among other elementary and middle schools with attendance zones in Central Little Rock.**

Status: LRPA met this goal with an average of all students in grades 6-8.

Rationale: Specifically, the LRPA – Middle School met this goal among students in 11 of 12 grades/subjects:

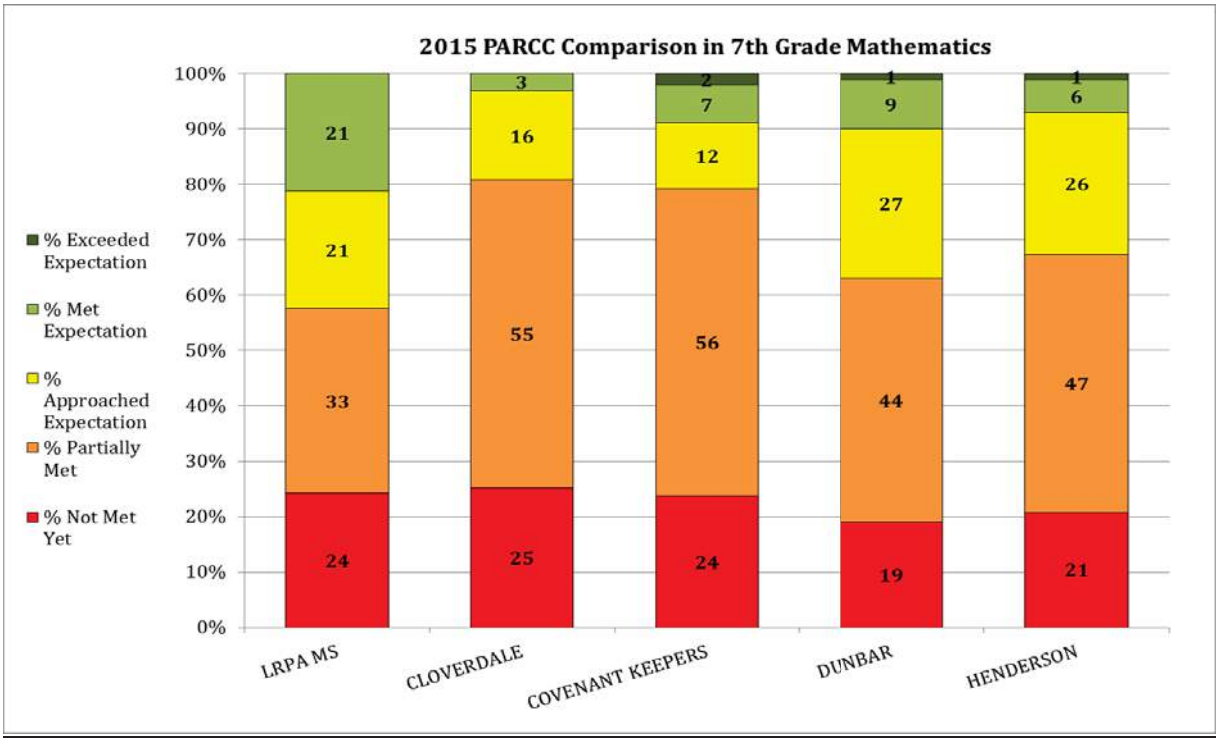
- 6th Grade: Exceeded 3 of 4 schools serving Central Little Rock, including Cloverdale, Covenant Keepers and Henderson, but did not exceed Dunbar Magnet.
- 7th Grade: Exceeded 4 of 4 schools serving Central Little Rock, including Cloverdale, Covenant Keepers, Dunbar Magnet and Henderson Middle.
- 8th Grade: Exceeded 4 of 4 schools serving Central Little Rock, including Cloverdale, Covenant Keepers, Dunbar Magnet and Henderson Middle.

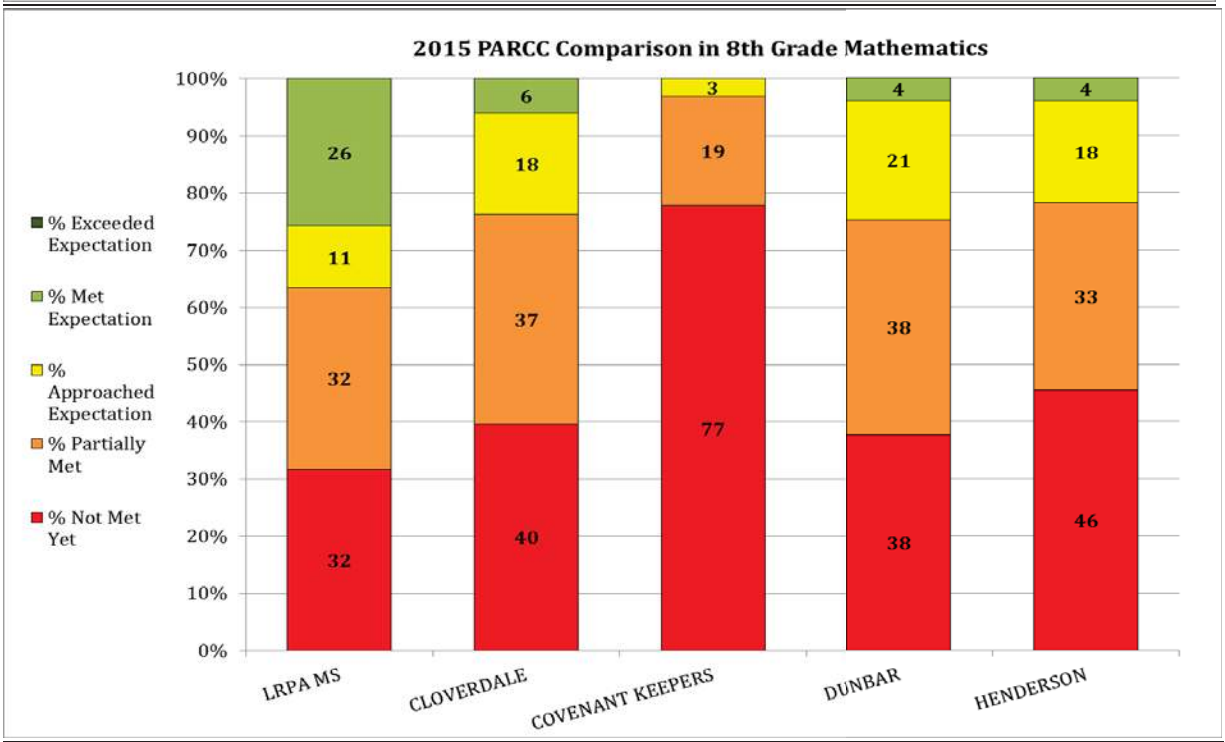
Below, the charts illustrate how LPRA – Middle performance relative to surrounding schools.



Little Rock Preparatory Academy

A Member of the Exalt Education Network





Little Rock Preparatory Academy
A Member of the Exalt Education Network

*Goal #7: On average over the 5-year period of the charter, the percent of all students at LRPA who score Proficient or Advanced taking the state tests in other tested subjects than Literacy/Reading or Mathematics will be equal to or greater than the percent of all students who score Proficient or Advanced taking the state tests in same subjects among other elementary and middle schools with attendance zones in Central Little Rock.**

Status: Not applicable.

Rationale: Testing in other subjects was not required until the ACT Aspire was implemented, which requires testing of student proficiency in Science.

**Please Note: If the attendance zones change, the comparison will be done between LRPA and a sampling of other public elementary and middle schools with a similar percent of students who qualify for the Federal Free & reduced Lunch Program and are African American and/or Hispanic.*

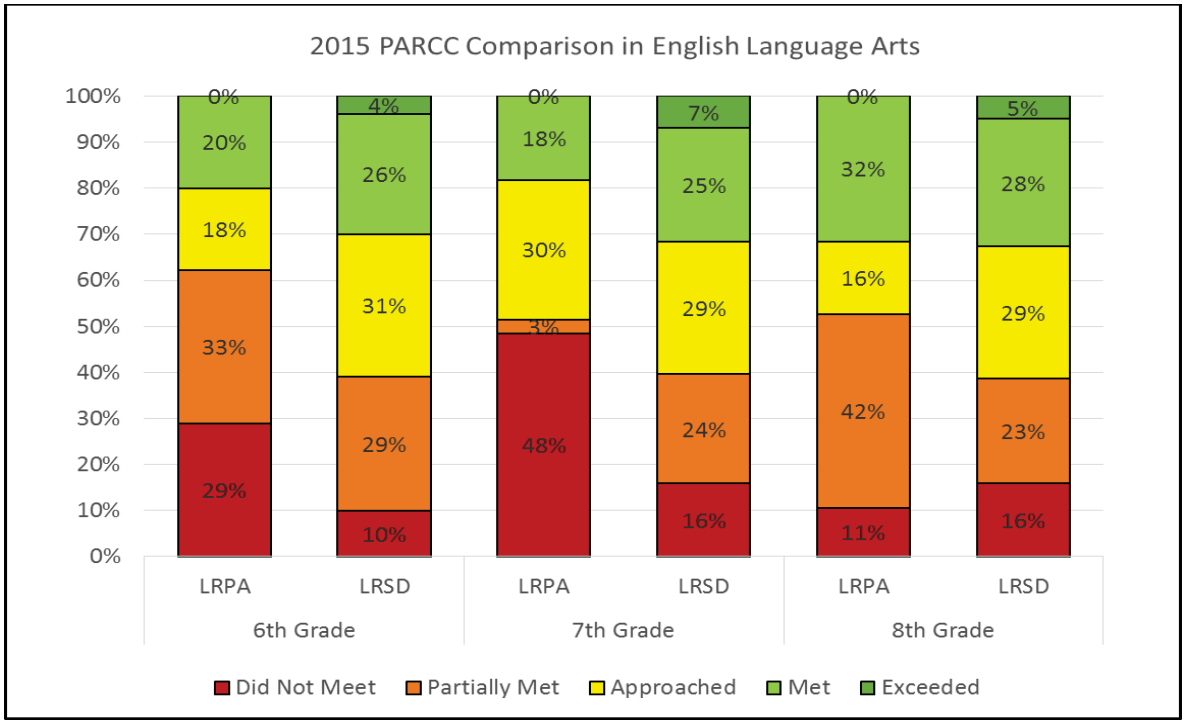
Student Achievement Relative to the Little Rock School District

Goal #8: By 2016 and thereafter, the percent of all students at LRPA who score Proficient or Advanced taking the state tests in Literacy/Reading will be equal to or greater than the percent of all students who score Proficient or Advanced taking the state tests in Literacy/Reading in the Little Rock School District.

Status: LRPA is not making sufficient progress toward this goal.

Rationale: This goal is not supposed to be applicable to LRPA until 2016 and thereafter. Nonetheless, the bar chart shows how LRPA's scores compared with the Little Rock School District on the 2015 PARCC test in English Language Arts. The percent of LRPA students who met or exceeded was 10 percent lower than LRSD in 6th grade, 14 percent lower than LRSD in 7th grade, and 1 percent lower in 8th grade.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

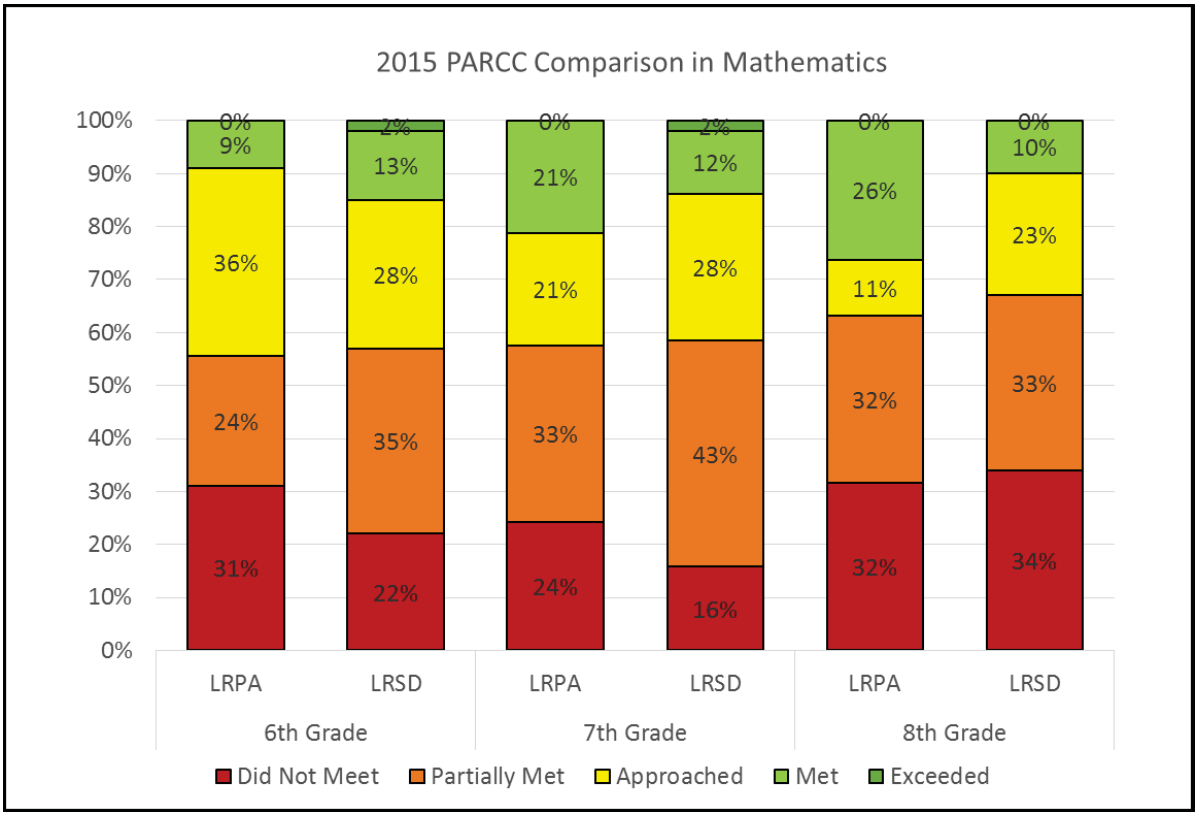


<u>Goal #9:</u> By 2016 and thereafter, the percent of all students at LRPA who score Proficient or Advanced taking the state tests in Mathematics will be equal to or greater than the percent of all students who score Proficient or Advanced taking the state tests in Mathematics in the Little Rock School District.

<u>Status:</u> LRPA met this goal in 2015.

<u>Rationale:</u> This goal is not supposed to be applicable to LRPA until 2016 and thereafter. Nonetheless, the bar chart shows how LRPA's scores compared with the Little Rock School District on the 2015 PARCC test in Mathematics. The percent of LRPA students who met or exceeded was 6 percent lower than LRSD in 6th grade, 7 percent higher than LRSD in 7th grade, and 16 percent higher in 8th grade.

Little Rock Preparatory Academy
A Member of the Exalt Education Network



Goal #10: By 2016 and thereafter, the percent of all students at LRPA who score Proficient or Advanced taking the state tests in other tested subjects than Literacy/Reading or Mathematics will be equal to or greater than the percent of all students who score Proficient or Advanced taking the state tests in same subjects in the Little Rock School District.

Status: Not applicable.

Rationale: Other subject areas were not tested on the PARCC, but will be tested on the ACT Aspire. This goal cannot be measured until 2016 and thereafter.

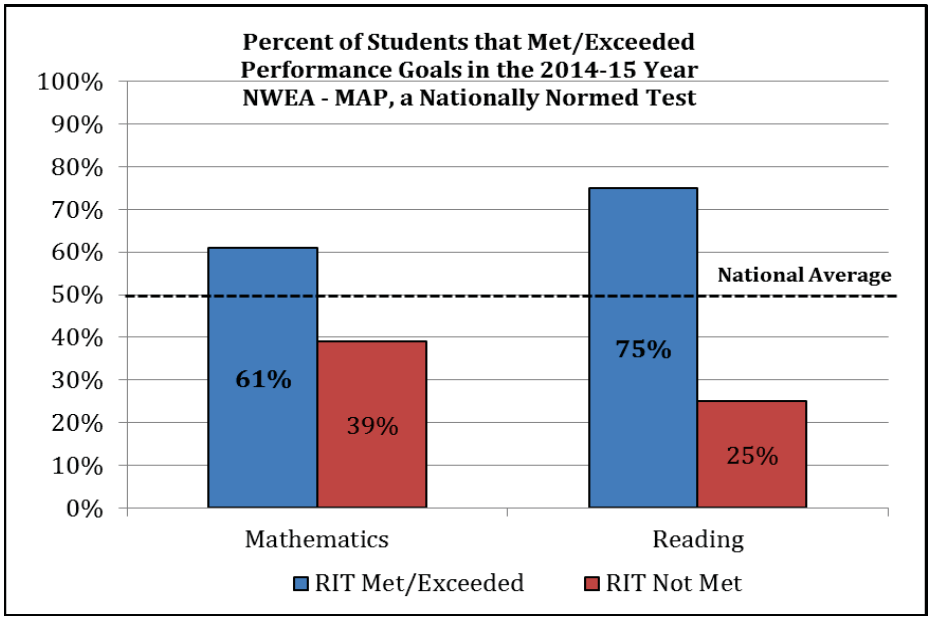
Student Growth across Grades 1-8

Goal #11: On average over the 5-year period of the charter, a higher percentage of students will meet their growth goals in Reading on the NWEA Measures of Academic Progress (MAP) from one academic year to the next one. This goal will examine the percent of students who meet their growth goals by cohort versus by grade level.

Status: LRPA met this goal in the 2014-15 year.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Rationale: Each year, the Northwest Education Association (NWEA) provides individual performance goals to students that participate in the MAP. The goals are designed so that only 50 percent of students will meet or exceed their goals in the average participating school. As the bar graph below shows, LRPA enabled a significantly higher percent of students to meet/exceed performance goals in the 2014-15 year than among their peers nationally. A higher percentage of students met or exceeded their goals in Reading in the 2014-15 year than did in the 2013-14 year.



Goal #12: On average over the 5-year period of the charter, a higher percentage of students will meet their growth goals in Mathematics on the NWEA Measures of Academic Progress (MAP) from one academic year to the next one. This goal will examine the percent of students who meet their growth goals by cohort versus by grade level.

Status: LRPA met this goal for the 2014-15 year.

Rationale: Each year, the Northwest Education Association (NWEA) provides individual performance goals for students that participate in the MAP. The goals are set so that only 50 percent of students will meet their goals in the average participating school. As the bar graph below shows, LRPA enabled a significantly higher percent of students to meet/exceed their performance goals in the 2014-15 year than among their peers nationally. A higher percent of students met or exceeded goals in Mathematics in the 2014-15 year than did in the 2013-14 year.

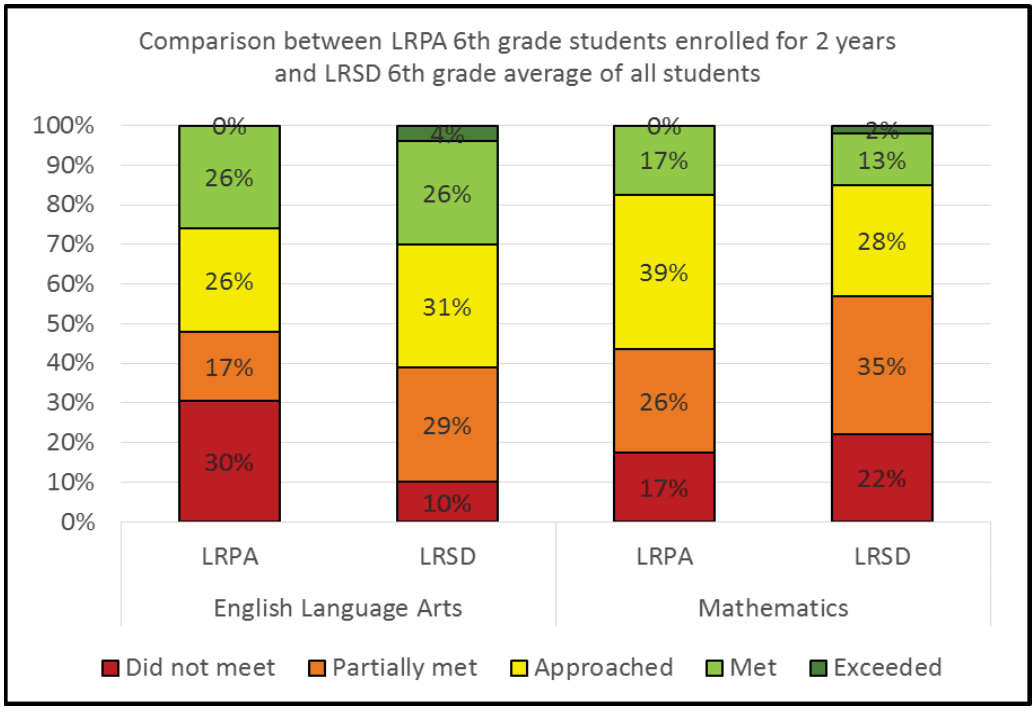
Little Rock Preparatory Academy
A Member of the Exalt Education Network

End of Sixth Grade

Goal #13: On average over the 5-year period of the charter, at least 7 percent more students in successive classes of 6th grade who have been with LRPA for at least 2 years will achieve at or above Proficient in Literacy/Reading than the percent of students who achieve at or above Proficient in Literacy/Reading in the Little Rock School District in grade 6.

Status: LRPA is progressing towards this goal.

Rationale: LRPA has only completed 1 year of the 5 year period for which the goal was set. As the bar graph below illustrates, 26% of LRPA students enrolled for 2 years met expectation compared to 30% of LRSD students. LRPA can achieve the goal if we continue to increase the percent of students that score at or above Proficient.



Goal #14: On average over the 5-year period of the charter, at least 7 percent more students in successive classes of 6th grade who have been with LRPA for at least 2 years will achieve at or above Proficient in Mathematics than the percent of students who achieve at or above Proficient in Mathematics in the Little Rock School District in grade 6.

Status: LRPA is progressing towards this goal.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Rationale: LRPA has only completed 1 year of the 5 year period for which the goal was set. As the bar graph on the previous page illustrates, 17% of LRPA students enrolled for 2 years met expectation compared to 15% of LRSD students. LRPA can achieve the goal if we continue to increase the percent of students that score at or above Proficient.

End of Eighth Grade

Goal #15: Starting in the 2017-2018 year, on average over the 3-year remaining period of the charter, more students in successive classes of 8th grade who have been with LRPA for at least 4 years will achieve at or above Proficient in Literacy/Reading than the percent of students who achieve at or above Proficient in Literacy/Reading in the State of Arkansas in grade 8.

Status: LRPA is progressing towards this goal.

Rationale: This goal is not supposed to apply until 2017-18. Below, the chart compares the percent of 8th grade students at LRPA who scored at or above proficient in Reading with the comparable percentage in the state of Arkansas. As this chart shows, LRPA made major progress towards achieving this goal for the first time in the 2014-15 year when 32 percent of 8th grade students scored at or above proficient versus 32 percent in the state of Arkansas.

State Test Scores of 8th Graders at LRPA Compared with State of Arkansas				
		Reading		
ACTAAP Comparison	Cohort	LRPA	State	Comparison
8th Grade in Spring 2012	None	N/A	N/A	N/A
8th Grade in Spring 2013	23	65	77	-
8th Grade in Spring 2014	14	64	77	-
PARCC Comparison				
8th Grade in Spring 2015	17	32	32	=

Some critics might attempt to write off such a rapid increase in scores as an anomaly, but LRPA has also experienced a consistent increase in student achievement gains on the NWEA MAP. During the same period, 8th grade students have gone from a modest increase to very impressive increases in national percentile between fall and spring pre- and post-testing.

NWEA MAP Gains of 8th Graders at LRPA				
		Reading		
First Three Classes	Cohort	Fall	Spring	Gain/Loss
8th Grade in 2012-13	20	34	36	+
8th Grade in 2013-14	13	34	45	+
8th Grade in 2014-15	19	30	42	+
Average Gain	**52**	**32**	**41**	+

Little Rock Preparatory Academy
A Member of the Exalt Education Network

The NWEA MAP gains show that LRPA's 8th grade students are registering strong performance on multiple measures.

Goal #16: Starting in the 2017-2018 year, on average over the 3-year remaining period of the charter, more students in successive classes of 8th grade who have been with LRPA for at least 4 years will achieve at or above Proficient in Mathematics than the percent of students who achieve at or above Proficient in Mathematics in the State of Arkansas in grade 8.

Status: LRPA exceeded this goal.

Rationale: This goal is not supposed to apply until 2017-18. Below, the chart compares the percent of 8th grade students at LRPA who scored at or above proficient in Mathematics with the comparable percentage in the state of Arkansas. As this chart shows, LRPA achieved this goal for the first time in the 2014-15 year when 26 percent of 8th grade students scored at or above proficient versus 17 percent in the state of Arkansas.

State Test Scores of 8th Graders at LRPA Compared with State of Arkansas				
		Mathematics		
ACTAAP Comparison	Cohort	LRPA	State	Comparison
8th Grade in Spring 2012	None	N/A	N/A	N/A
8th Grade in Spring 2013	23	34	65	-
8th Grade in Spring 2014	14	64	63	+
PARCC Comparison				
8th Grade in Spring 2015	17	26	17	+

Some critics might attempt to write off such a rapid increase in scores as an anomaly, but LRPA has also experienced a consistent increase in student achievement gains on the NWEA MAP. During the same period, 8th grade students have gone from a modest decline to a significant increase in national percentile between fall and spring pre- and post-testing.

NWEA MAP Gains of 8th Graders at LRPA				
		Mathematics		
First Three Classes	Cohort	Fall	Spring	Gain/Loss
8th Grade in 2012-13	20	40	39	-
8th Grade in 2013-14	13	38	41	+
8th Grade in 2014-15	19	34	37	+
Average Gain	**52**	**37**	**39**	+

The NWEA MAP gains show that LRPA's 8th grade students are registering strong performance on multiple measures.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Goal #17: On average over the 5-year period of the charter, at least 85 percent of successive classes of graduating 8th grade students will enroll in LRPA board-of-trustees approved college-preparatory high school programs.

Status: LRPA is exceeding this goal.

Rationale: Eighty-eight percent of the first 3 successive classes of graduating 8th grade students have enrolled in LRPA board-of-trustees approved college-preparatory high school programs as illustrated below.

8th Grade Placement into College-Prep High School Programs			
Little Rock Public High Schools	**2013**	**2014**	**2015**
Central High School	10	3	1
e-Stem High School	1		2
Hall High School	1	1	1
J.A. Fair High School	3	2	3
Lisa Academy	1		3
McClellan High School	1		3
Parkview High School	2	2	1
Total Placements	**19**	**8**	**14**
Other High Schools			
Bryant High School		2	
Conway High School		1	
Mills University Studies			2
North Little Rock High School	2		
Robinson High School			1
Out of state transfers	2	3	
Total Placements	**4**	**6**	**3**
College Programs Within Public High Schools			
Trio Program	11		7
AVID Program	7	3	3
Pre-AP or AP		4	4
Total Placements	**18**	**7**	**14**
Total Graduating Students	24	14	19
Number Enrolled in College-Prep Programs	23	11	16
Percent of Total	**96%**	**79%**	**84%**
3 Year Placement Rate into College-Prep Programs			**88%**

Goal #18: Starting in the 2017-2018 year, on average over the 3-year remaining period of the charter, 8th grade students who have been enrolled at least 4 years will achieve equal to or better than an average score indicative of pre-AP and/or AP course preparedness on the Spring Explore Exam.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Status: Not applicable.

Rationale: This goal cannot be measured until 2017-2018 year and thereafter. LRPA's management has not yet performed the underlying analysis necessary to examine performance relative to this goal.

VIII. An explanation, with supporting data, of the utilization of approved waivers and how those waivers assist in meeting current charter goals

As this report has highlighted, LRPA has a unique mission to a special population. Over the past 5 years, we have made many improvements as we have grown and adapted to our population. Many more need to be made as we strive to fulfill our mission and achieve excellence. A few of these improvements are highlighted in Section II above, which addresses innovation.

Our leadership team, including board of trustees and management, are continuously adjusting our practices to better meet the needs and preferences of our students and families. To be successful, we believe that we must extend a broad continuum of services and supports to our students, so we must be in a position to allocate resources flexibly. Waivers from state law and ADE rules are essential in affording LRPA the flexibility to be able to advance our mission.

Specifically, waivers enable LRPA to meet the current charter goals in five basic ways:

1. Attracting talented, effective faculty, staff and administration. It is very difficult to find practitioners who are both passionate about and effective at serving LRPA's target population! By operating with waivers from state licensure and compliance requirements, LRPA is able to retain teachers, staff and administrators with deep subject content expertise and mission alignment who are effective in serving LRPA's students. These teachers are highly qualified under state and federal guidelines, but may not yet be licensed, have an Arkansas teacher's license, or have completed an applicable education degree as part of their formal education.
2. Waivers allow LRPA to offer programs, staffing and services that cater to the unique needs of students and families. By extending the school day and year beyond state requirements, for example, LRPA is able to better meet the needs of single working parents and accelerate the achievement gains of students who enroll at low achievement levels.
3. Waivers allow LRPA to focus more coursework, learning time and resources in core subjects where intensive instruction is needed. By having waivers from gifted and talented requirements, media center staffing, or Social Studies in the primary school

grades, for example, LRPA is able to allocate more time and resources towards the development of strong reading and mathematics skills.

4. Waivers help LRPS save costs. This year, LRPA expects to receive approximately $8,300 per student in operating revenue, yet we are educating a student population that is typically quite expensive for traditional districts to serve because of all the costs associated with special education, small student-to-staff ratios, administrative overhead and other factors of expense. Through waivers, LRPA is able to eliminate unnecessary factors of expense and allocate resources in ways that contribute the most value to student learning.

5. Waivers help LRPA achieve greater operational efficiency. LRPA has minimized the central office overhead that burdens many school districts, which has been supported through waivers from traditional superintendent requirements and website reporting.

The waivers that LRPA has obtained are beneficial in these five ways. The following is an outline of each of the waivers that has been granted to LRPA, including the reference number, subject and contribution that the waiver makes towards the 5 goals set forth above. Because these waivers were granted in 2008 and 2014, they have been fully integrated into LRPA's governance, managerial and human resources practices, including handbooks, policy manuals and trainings. Making a change in such expectations is disruptive and potentially dilutive to LRPA's mission and immediate performance priorities.

Title 6 of the Arkansas Code Annotated (Education Code)		
Reference Number	**Subject**	**Rationale for Approval**
6-10-106	School Year Date	To cater to the unique needs of students and families (Goal #2 above), LRPA has extended its yearly calendar to 200 days. The calendar starts in mid-August and ends in late June, which provides students with more learning time, minimize summer learning regression, and minimizes parent expense for summer camps and student care.
6-13-109 et seq.	Superintendent Licensure & Mentoring	To achieve greater operational efficiency (Goal #5 above), LRPA retains a superintendent with an MBA and nontraditional background who can oversee the financial and operational aspects of the organization while keeping academic leadership at the campus level where it is most directly beneficial to students and families.
6-13-601 et seq.	District Board of Directors	To help achieve greater operational efficiency (Goal #5 above), LRPA's board of trustees follows the Carver Policy Governance

Little Rock Preparatory Academy
A Member of the Exalt Education Network

	Generally	Model, which requires the board to function in a disciplined manner that focuses on achieving desired "ends" instead of trying to manage "means" while implementing a rigorous policy framework.
6-14-101 et seq.	School Elections	To help achieve greater operational efficiency (Goal #5 above), LRPA does not administer local school board elections nor require school board campaigning. The board of trustees is self-appointing and perpetuating, which supports fidelity to the mission and target population.
6-15-1004	Qualified Teachers in Every Classroom	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain expertise first in hiring teachers, and then supports the teachers that we hire in obtaining appropriate licensure.
6-16-102	Length of School Day	To cater to the unique needs of students and families (Goal #2 above), LRPA has extended its school day. LRPA's day runs from 7:00 am to 4:30 pm on Monday, Tuesday, Thursday and Friday and from 7:00 am to 1:00 pm on Wednesday, which caters to parents' full-time working schedule & family priorities.
6-16-124	Arkansas History	To focus more coursework, learning time and resources in core subjects (Goal #3 above), LRPA teaches the Arkansas Social Studies Curriculum Framework.
6-17-111	Duty Free Lunch Periods	To achieve greater operational efficiency (Goal #5 above), LRPA negotiates lunch and break expectations with teachers on an individual basis, which meets the school's needs while also supporting teachers' personal priorities. Every teacher receives a 30 minute lunch break.
6-17-201 et seq.	Requirements – written personnel policies – teacher salary schedule	To attract talented, effective faculty (Goal #1 above) and achieve greater operational efficiency (Goal #5 above), LRPA compensates teachers for past experience and performance and implements its own personnel policies. LRPA utilizes well codified policies that have been systematically developed and implemented over 5 years.
6-17-203	Committee on personnel policies – members	To achieve greater operational efficiency (Goal #5 above), LRPA provides each Principal with greater empowerment and flexibility to implement personnel policies. Teachers were directly involved in the development of personnel policies.
6-17-301	Employment of certified personnel	To attract talented, effective faculty and administrators (Goal #1 above), LRPA prioritizes mission alignment and specialized

Little Rock Preparatory Academy
A Member of the Exalt Education Network

		expertise first, and then supports staff members in obtaining appropriate certification.
6-17-302	Principals - responsibilities	To achieve greater operational efficiency (Goal #5 above) and cater to the unique needs of students and families (Goal #2 above), LRPA has a dedicated 4-person administrative team run the Middle School, which allows the Principal greater flexibility and managerial capacity.
6-17-309	Certification to teach grade or subject matter – Exceptions – Waivers	To attract talented, effective faculty (Goal #1 above) and save costs (Goal #4), LRPA prioritizes mission alignment and domain specific expertise in English Language Arts and Math first. LRPA – Middle School is a small school with 119 students and fewer than 9 teachers.
6-17-401	Teacher licensure requirement	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain content expertise first in hiring teachers, and then supports the teachers that we hire in obtaining appropriate licensure.
6-17-418	Teacher licensure – Arkansas history requirement	To attract talented, effective faculty (Goal #1 above) and save costs (Goal #4), LRPA prioritizes mission alignment, behavior management skills and domain specific expertise in English Language Arts and Math first. LRPA – Middle School is a small school with 119 students and fewer than 9 teachers. Without a waiver, it would be potentially detrimental in serving our mission to try to employ teachers with all required subjects and grades.
6-17-902	Definition of a teacher as licensed	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain expertise first in hiring teachers, and then supports the teachers that we hire in obtaining appropriate licensure. All teachers are highly qualified under state guidelines.
6-17-919	Warrants void without valid certification and contract	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain expertise first in hiring teachers, and then supports teachers in seeking appropriate licensure / certification.
6-17-114	Daily planning period	LRPA – Middle School is a small school with 119 students and fewer than 9 teachers. To achieve greater operational efficiency (Goal #5 above), LRPA has put in place a unique weekly schedule that grants teachers more planning time on Wednesdays and less planning time on other days so that they can staff additional

Little Rock Preparatory Academy
A Member of the Exalt Education Network

		activities (recess, lunch, physical education, etc.).
6-17-1501 et seq.	Teacher Fair Dismissal Act	To achieve greater operational efficiency (Goal #5 above), LRPA seeks to employ human resource practices that are efficient and effective. This waiver also supports LRPA in offering programs and staffing that meet the unique needs of students and families (Goal #2 above). If teachers prove ineffective in managing student behavior or engaging students in learning, LRPA has the flexibility to extend support, stage interventions, and if necessary, negotiate exit arrangements.
6-17-117	Non-instructional duties	LRPA – Middle School is a small school with 119 students and fewer than 9 teachers. To save cost (Goal #4 above) and achieve greater operational efficiency (Goal #5 above), LRPA negotiates individual arrangements for non-instructional duties with staff members.
6-17-1701 et seq.	Public School Employee Fair Hearing Act	To achieve greater operational efficiency (Goal #5 above), LRPA seeks to employ human resource practices that are efficient and effective. LRPA provides all employees with recourse through a personnel handbook, grievance process and whistleblower policy, which supports greater speed and individualization in decision-making. Employees are informed of the policies through training, distribution of personnel manuals and periodic reminders.
6-17-2201	Classified School Employee Minimum Salary Act	This waiver allows LRPA to save costs (Goal #4 above) by saving money on the minimum salary of classified school employees with limited previous work experience. In return, LRPA attracts talented faculty, staff and administration (Goal #1) by allocating more resources towards paying experienced teachers and administrators.
6-17-427 et seq.	Superintendent Licensure & Mentoring	To achieve greater operational efficiency (Goal #5 above), LRPA retains a superintendent with an MBA and nontraditional background who can oversee the financial and operational aspects of the organization while keeping academic leadership at the campus level where it is most directly beneficial to students and families.
6-18-1001 et seq.	Guidance & Counseling Services	LRPA – Middle School is a small school with 119 students, 9 teachers and 4 dedicated site administrators in essential areas. This waiver allows LRPA to save cost (Goal #4 above) and achieve greater operational efficiency (Goal #5 above) by avoiding employing full-time practitioners. LRPA meets these needs through contracted services.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

6-42-101 et seq.	Gifted & Talented Children	Through this waiver, LRPA is able to focus more coursework, learning time and resources in core subjects where intensive instruction is needed (Goal #2). In addition, LRPA is able to offer programs, staffing and services that cater to the unique needs of students and families (Goal #1). Instead of providing conventional gifted and talented programming, LRPA – Middle offers the Learning Pass, a hands-on experiential learning program that enables academically advanced students to learn at a network of partner institutions throughout Little Rock.

ADE Rules Governing Standards for Accreditation of Arkansas Public Schools & Districts		
Reference Number	**Subject**	**Rationale for Approval**
9.03.3.4	Grades 5-8 Social Studies	Through this waiver, LRPA is able to focus more coursework, learning time and resources in core subjects where intensive instruction is needed (Goal #2).
10.02	Class Size and Teaching Load (maximum of 34 students per class)	This waiver enables LRPA to offer programs that cater to the unique needs of students and families (Goal #1). In grades K-5, LRPA has a unique co-teaching schedule, which allows for 2 highly qualified teachers to serve a class of up to 34 students in a staggered schedule, with one teacher working from 7:30 am to 3:00 pm and the other teacher working from 8:30 am to 5:00 pm.
10.03	Instructional Materials	This waiver allow LRPA to focus more coursework, learning time and instructional resources in core subjects where intensive instruction is needed (Goal #3). This waiver also enables LRPA to offer programs, staffing and services that cater to the unique needs of students and families (Goal #2).
15.01	School District Superintendent	To achieve greater operational efficiency (Goal #5 above), LRPA retains a superintendent with an MBA and nontraditional background who can oversee the financial and operational aspects of the organization while keeping academic leadership at the campus level where it is most directly beneficial to students and families.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

15.02	Principals	To achieve greater operational efficiency (Goal #5 above) and cater to the unique needs of students and families (Goal #2 above), LRPA has a dedicated 4-person administrative team run the Middle School, which allows the Principal greater flexibility and managerial capacity.
15.03.1	Requiring all administrative, teaching, and other personnel to hold a current, valid Arkansas license	To attract talented, effective faculty (Goal #1 above), LRPA recruits broadly, including attracting teachers and administrators from other states. Without the waiver, this requirement impedes the teacher recruitment and relocation process. LRPA conducts rigorous screening including completing background checks on all teachers.
15.03.2	Requiring all administrative, teaching, and other personnel shall meet appropriate state licensure and renewal requirements for the position to which they are assigned	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain expertise first in hiring teachers, and then supports teachers in seeking appropriate licensure / certification. LRPA meets state requirements for highly qualified teachers.
16.01.3	Requiring a certified counselor at each school at a ratio of 1 to 450	LRPA – Middle School is a small school with 119 students and 9 teachers. This waiver allows LRPA to save the cost (Goal #4 above) associated with employing a certified counselor for such a small student body. Contracted services are retained as needed to address student needs.
16.02.3	Requiring a licensed library media specialist	LRPA – Middle School is a small school with 119 students and 9 teachers. This waiver allows LRPA to save the cost (Goal #4 above) associated with employing a licensed library media specialist. Students are assisted with their library materials by their classroom teachers.
16.02.4	Minimum requirements for school's media collection	LRPA – Middle School is a small school with 119 students and 9 teachers. This waiver allows LRPA to save the cost (Goal #4 above) associated with furnishing a large media collection for a small school. Instead, LRPA has invested in the purchase of classroom literature, laptops, Chromebooks and the licensing of electronic curricula (such as Compass Learning and Khan Academy), which alleviate the dependence on a

		more conventional media collection.
16.03.1	School Nurse	LRPA – Middle School is a small school with 119 students and 9 teachers. This waiver allows LRPA to save cost (Goal #4 above) and achieve greater operational efficiency (Goal #5 above) by avoiding employing a full-time nurse at such a small school. Instead LRPA meets students' needs for vision, hearing and BMI screening, administration of medication and on-call health services through contracted services with qualified nurses, which are administered across campuses.
18.01-18.03	Gifted and Talented Programs	Through this waiver, LRPA is able to focus more coursework, learning time and resources in core subjects where intensive instruction is needed (Goal #2). In addition, LRPA is able to offer programs, staffing and services that cater to the unique needs of students and families (Goal #1). Instead of providing conventional gifted and talented programming, LRPA – Middle offers the Learning Pass, a hands-on experiential learning program that enables academically advanced students to learn at a network of partner institutions throughout Little Rock.

Waivers from Other Rules	
Subject	**Rationale for Approval**
Substitute Teachers	To save cost (Goal #4 above), LRPA utilizes unique methods for attracting a pool of highly qualified substitute teachers, which requires flexibility.
ADE Rules Governing Parent Notification of a Non-Licensed Teacher	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain content expertise first in hiring teachers, and then supports the teachers that we hire in seeking appropriate licensure. Without a waiver, this notification would penalize LRPA for prioritizing the teacher attributes described above.
Administrative Licensure	To achieve greater operational efficiency (Goal #5 above), LRPA

Little Rock Preparatory Academy
A Member of the Exalt Education Network

	retains a superintendent with an MBA and nontraditional background who can oversee the financial and operational aspects of the organization while keeping academic leadership at the campus level where it is most directly beneficial to students and families.
Teacher Licensure	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain content expertise first in hiring teachers, and then supports the teachers that we hire in seeking appropriate licensure.
ADE Rules for Gifted & Talented Program Approval Standards	Through this waiver, LRPA is able to focus more coursework, learning time and resources in core subjects where intensive instruction is needed (Goal #2). In addition, LRPA is able to offer programs, staffing and services that cater to the unique needs of students and families (Goal #1). Instead of providing conventional gifted and talented programming, LRPA – Middle offers the Learning Pass, a hands-on experiential learning program that enables academically advanced students to learn at a network of partner institutions throughout Little Rock.
Certified Staff Salary Schedule	This waiver allows LRPA to attract talented faculty, staff and administration (Goal #1) by negotiating compensation with individual employees in a manner that better takes into account individual differences in desired subject domain expertise, relevant experience and performance record.
ADE Rules Governing Educator Licensure 317-1 to 317-40 Flexibility in Licensure & Certification	To attract talented, effective faculty (Goal #1 above), LRPA prioritizes mission alignment, behavior management skills, and subject domain content expertise first in hiring teachers, and then supports the teachers that we hire in seeking appropriate licensure.
ADE Rules Governing the School Superintendent Mentoring Program 310-1 to 310-4 Superintendent Mentoring Program	To achieve greater operational efficiency (Goal #5 above), LRPA retains a superintendent with an MBA and nontraditional background who can oversee the financial and operational aspects of the organization while keeping academic leadership at the campus level where it is most directly beneficial to students and families.
ADE Rules Governing School District Requirements for Personnel Policies, Salary Schedules, Minimum Salaries & Documents Posted to District Website 318-1 to 318-5	This waiver allows LRPA to attract talented faculty, staff and administration (Goal #1) by negotiating compensation with individual employees in a manner that better takes into account individual differences in desired subject domain expertise, relevant experience and performance record.

IX. A summary of the overall effectiveness of the charter school.

On January 15, 2016, the leadership team of LRPA Middle School submitted a Needs Assessment to the Arkansas Department of Education (ADE). The Needs Assessment examined the Middle School's performance relative to the 7 principles of school turnaround set forth in the Federal Elementary & Secondary Education Act.

To compose the Needs Assessment, LRPA's team drew on a variety of sources and reference points including:

- A 45 day plan, which was submitted to ADE for the 2nd quarter of the 2015-16 year as part of the 1st semester, 1st year Priority School requirements;
- Guidance and resources from the School Improvement liaisons with ADE;
- In-depth review by the board of trustees of LRPA;
- A parent focus group conducted in November 2015;
- Staff and parent satisfaction surveys conducted in spring 2015;
- 2014-15 and 2015-16 performance dashboards with leading indicators of student engagement, behavior and learning;
- NWEA MAP gains from fall to spring in each of the past three years; and
- PARCC data from spring 2015.

To provide a brief summary of overall effectiveness, we rated the Middle School using the following system:

Performance Rating System	
Beginning stages of developing practice.	**Formative**
Systematically implementing & improving practice.	**Developing**
Refining practice. Clear evidence of significant growth.	**Good**
High absolute level of measurable performance.	**Excellent**

Little Rock Preparatory Academy
A Member of the Exalt Education Network

LRPA's leadership believes in taking a mindset of continuous improvement to every aspect of what we do. As a result, we did not have any difficulty finding areas for improvement in every one of the seven categories. However, by applying the rating system in a rigorous fashion, we were able to determine that LRPA – Middle School is currently performing consistent with the matrix shown below:

7 Principles of Effective Schools		
Principle	**Description**	**Rating**
1. Strong Leadership	Retaining and supporting a strong site management team.	**Developing**
2. Effective Teachers	Teachers who are determined to be effective with ongoing professional development, evaluation and support.	**Good**
3. Use of Time / Student Engagement	Adequate time for student learning and teacher collaboration.	**Developing**
4. Curriculum & Instruction	Rigorous, research-based and aligned with state academic standards & assessments.	**Excellent**
5. Use of Data	To inform instruction and guide continuous improvement with time for collaboration around the use of data.	**Excellent**
6. School Environment / Student Retention	Provide environment conducive to meeting the needs of the whole child. Addressing students' social, emotional & health needs. Ensure safety, discipline & health.	**Formative**
7. Stakeholder Engagement	Engagement of board, family, authorizer and community.	**Good**

Below, the narrative provides a brief description of the Middle School's status and needs assessment relative to each of the seven areas.

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Principle 1: Strong Leadership	Developing

Rationale: The LRPA – Middle School cannot be excellent without an experienced, mission-driven, dedicated Principal at the helm who is leading with significant authority and the full support of the board of trustees, management organization and faculty. Currently, the Middle School benefits from the efforts of a strong Interim Principal, Director of Curriculum and Instruction, Dean of Students, and Office Manager who are working hard to implement and improve practice.

Explanation: The Middle School Principal passed away unexpectedly in September 2015. At the time of her passing, Mrs. Jennifer McMahan had been groomed and promoted into roles of increasing leadership authority for 3 years. A dedicated four-person team is currently managing the campus. A search for a permanent replacement will commence in March 2016.

Next Steps: A search for a permanent Principal will commence in the spring of 2016 for the 2016-17 year. Hiring qualifications will emphasize: (a) attracting a diverse pool of qualified candidates; (b) identifying candidates with a proven record of performance serving similar populations; and (c) offering competitive compensation so as to attract a highly qualified candidate with strong academic leadership experience. Hiring a qualified Principal is challenging because, at 119 students in grades 6-8, the Middle School is so small that resources are limited. It is anticipated that a hiring panel – which includes board trustees, administrators, teachers and parents – will be assembled to interview candidates and select a permanent Principal for the Middle School. No hire will be made until the right candidate has been identified.

Principle 2: Effective Teachers	Good

Rationale: The faculty is dedicated to the mission, performance driven and cohesive as a team. The Middle School is anchored by a strong English Language Arts department chair, Mr. Aaron Mickens, and a strong Mathematics department chair, Mrs. Raven Washington.

Explanation: The quality of the faculty has improved steadily for the past 3 years. The retention rate was 85 percent from the 2014-15 year to the 2015-16 year. The faculty is well-trained, has close relationships with students, possesses a good understanding of how to manage classroom behavior, teaches with urgency, and is committed to performing. Deeper expertise is needed in

subject-area domains, but the systematic growth of such expertise comes with structured professional development, longevity and excellent support.

Next Steps: Additional steps can be taken to support continuous improvement. Hiring must emphasize attracting candidates with deep subject domain knowledge and proven teaching experience with similar populations. A chief operating officer, who is an experienced human resource administrator and school manager, will spearhead hiring for the 2016-17 year. More outreach is being done to source, recruit and retain high quality candidates. LRPA's management has increased teacher pay gradually over the past 4 years so as to attract and retain the most effective, seasoned teachers. A special emphasis is being placed on developing strong teacher leaders, who serve as department chairs, grade level leads and master teachers.

Principle 3: Use of Time / Student Engagement	**Developing**

Rationale: LRPA offers a longer school day and year so that students benefit from over thirty percent more learning time annually than they would in surrounding schools. The day is structured so that students receive intensive instruction in core subjects. Students who excel in core subjects have the opportunity to participate in hands-on experiential learning. As this description makes clear, the Middle School has already taken a number of steps to develop and refine its school day and calendar year so that time is used effectively.

Explanation: Even after 3 years of persistent effort, between 10 and 15 percent of students struggle with disengagement due to chronic absenteeism, tardiness and misbehavior patterns. Despite great effort on the part of the administration, these students distract their classmates and pose a threat to the overall learning climate of the school. The Middle School is seeking effective strategies for maximizing the engagement of these students, which will improve the entire student body's focus and use of time.

Next Steps: Over the past year, data analysis of student engagement indicators – including absenteeism, tardiness and behavior – has yielded the finding that between 10 and 15 percent of students are not benefitting from LRPA's programs because they are missing too much learning time. Frequently, these factors are difficult to address with parents because they are sensitive and unique to each child and family situation. The root problems may be transitions in residence or jobs, health problems, a parent trying to complete night school, infant care or even car problems. Nonetheless, steps must continue to be taken to address chronic tardiness, chronic absenteeism, and too many early check-outs. LRPA's team is currently gathering input from other school operators and seeking effective strategies as we engage with affected students. Possible activities include more incentives for high attendance and timeliness such as pizza parties and lunch with

the principal. Other solutions may include more parent support with transportation, parenting, family counseling, and/or workforce referrals.

Over the past two years, the top reason that parents have cited for withdrawing their students is relocation out of the immediate service area surrounding the campuses. The second most common reason that parents have cited is difficulty with transportation. One way to improve student engagement is by giving parents more support with transportation, yet resource constraints have limited LRPA's capacity to address this issue. Currently, LRPA has a $70,000 transportation budget, which supports the operation of a bus that transports an average of over 50 students between the Primary School and Middle School campuses during arrival and dismissal. This bus makes it possible for parents to drop off and pick up students at either campus irrespective of grade level. Over the next 1-2 years, LRPA's management hopes to improve transportation services for families.

Principle 4: Curriculum & Instruction	**Excellent**

Rationale: Curriculum, instruction and assessment were among the past Middle School Principal's core areas of strength. Consequently, curriculum and instruction in Reading / ELA and Mathematics has been steadily refined over the past 3 years as the state has adopted new standards and assessments. Student achievement gains have improved and become more widespread.

Explanation: In the 2013-14 year, the Middle School transitioned to the new state standards and assessments quickly and fully. Consequently, students have registered increasingly strong, widespread achievement gains the past 3 years. Improvements must be made to adapt to the ACT Aspire assessment system, which includes testing in Science.

Next Steps: At the start of the 2015-16 year, a Director of Curriculum & Instruction was promoted into a school-wide position to support the Middle School. This individual is acting effectively, but like all members of LRPA's team, deserves continued professional development and structured support. The Interim Principal can also benefit from continued support in the areas of curriculum, instruction and performance evaluation. LRPA's management organization, Exalt Education, provides administrator development services through a weeklong summer institute, structured professional learning throughout the year, and accessing outside resources like the School Leader Fellowship Program at the Arkansas Public School Resource Center (APSRC).

Little Rock Preparatory Academy
A Member of the Exalt Education Network

Principle 5: Use of Data	Excellent

Rationale: The Middle School team has become very adept at using data from frequent interim testing to guide instruction. The past Middle School Principal helped her team develop the capacity to use data to drive targeted instructional decision-making.

Explanation: The development of data capabilities began with implementing the NWEA MAPs and Illuminate tests in the 2011-12 and 2013-14 years respectively. By hiring a director of performance evaluation, LRPA's management organization has put tools in place for collecting data, conducting routine analysis, and facilitating data-driven decision-making. For the past 2 years, data from a variety of leading indicators of student engagement, behavior and achievement has been compiled into performance dashboards, which are reviewed on a monthly basis. Teachers regularly review data and develop strategies for improving their practice. Students track and own their data.

Next Steps: Using data to effectively drive instruction is a "team sport," not an individual activity. It is an ongoing problem-solving exercise that requires the entire school team working together to review data, identify areas of strength and weakness, brainstorm solutions, and make effective adjustments. The Interim Principal and Director of Curriculum & Instruction must continue to receive support with test design, data analysis and instructional direction. In the process of engaging with ADE's School Improvement liaisons, LRPA's management team has been discussing ways of increasing teacher collaboration and capacity-building in the areas of grading and report cards, lesson preparation and exemplary instructional delivery.

Principle 6: School Environment / Student Retention	Formative

Rationale: The behavior climate is good. Students are learning in a focused, engaged atmosphere. They feel a sense of value, confidence in their abilities, and belonging. However, the school environment is not appealing to students or parents. The school lacks the athletic, outdoor and extracurricular facilities that parents expect from middle schools. Continuing student turnover is the biggest single challenge to fulfilling LRPA's mission.

Explanation: The Middle School has a dedicated site management team that includes an Interim Principal, Dean of Students, Director of Curriculum and Instruction, and Office Manager. The school is small, safe and close-knit with 119 students in grades 6-8 and 14 total staff members.

Next Steps: Student turnover has been an ongoing challenge for the Middle School. In conjunction with the Needs Assessment process, our leadership team is addressing student retention more actively than ever before. For example, when the Interim Principal learned that parents were considering withdrawing 3 students prior to the winter break, she persuaded parents to keep their children enrolled by revisiting the students' academic progress with the families. LRPA's efforts will continue to be strengthened.

In a November 2015 focus group with parents, it was evident that parents are dissatisfied with the limitations of the Middle School facility and the lack of athletic and extracurricular offerings. Parents are very concerned with the safety of surrounding middle schools and high schools, but do not see LRPA as a long-term option for their children because LRPA only serves students through 8th grade.

Principle 7: Stakeholder Engagement	**Good**

Rationale: LRPA is a member of the Central Little Rock Promise Neighborhood, a collaboration of 7 different partner institutions. Through an experiential learning program called The Learning Pass, the Middle School has established partnerships with over ten different community institutions. LRPA is doing well in this area, but must continue to deepen its relationships with students and families, elevate its visibility in the community, and seek support through meaningful partnerships with mission-aligned organizations.

Explanation: Between January 2011 and January 2015, LRPA grew its enrollment from 65 students in grades 5-6 to 430 students in grades K-8. The 2015-16 year is the first year that LRPA is fully enrolled at its charter enrollment cap with waiting lists in the early grades. LRPA serves high-needs families who are very focused on finding quality options for their children, but frequently are not in a position to be very engaged in their children's education. Nonetheless, they make the effort to transport students to and from school daily, come in for quarterly learning conferences, and communicate regularly with school staff. Parent relationships and engagement is a key area of strength for the Interim Principal.

Next Steps: LRPA must continue to deepen its relationships with its families and elevate its visibility in the community so as to attract more stakeholders and partner organizations. This area has been the subject of careful consideration by LRPA's board of trustees. Plans include:

- Developing a community relations committee to conduct "ownership linkage" activities, build stronger ties between and among all members of the school community, and conduct outreach to organizations and individuals.
- Deepening the affinity that students feel for the school. If students want to be at school because of the close-knit relationships that they enjoy with teachers and their peers, they will make sure that their parents get them there on time. If students enjoy the school's programs, they will view the school as more of a voluntary privilege and less of a compulsory obligation.
- Creating a more attractive "home away from home" for parents. When parents engage in enrichment activities, athletic programs and extracurricular offerings as coaches, boosters, volunteers and chaperones, they give LRPA more time and priority as a natural extension of their activities.

As this summary of the Needs Assessment demonstrates, the Middle School of LRPA must focus on making immediate, significant progress in the three areas of Leadership; the Use of Time / Student Engagement; and School Environment / Student Retention. As these three areas are addressed, the Middle School will be able to continue moving down the path to become an exemplary community public school.

Mission Statement and Charter Goals

Little Rock Prep

Mission Statement:

Little Rock Preparatory Academy prepares middle school students to excel in high school, and beyond, by providing a high-quality education, ensuring mastery of the core subjects, and developing the key behaviors required for educational and personal success.

Goals:

- ☐ On average over the 5-year period of the charter, the percent of all students at LRPA who qualify for the Federal Free and Reduced Lunch Program will be equal to or greater than the percent of all students in the Little Rock School District as a whole.
- ☐ As a public school, LRPA will strive to perform against the goals that are set for it by the Arkansas Department of Education, whether those are annual measurable objectives (AMO's) or an alternative goal-setting system.
- ☐ Because LRPA serves a largely low-income population, we will continue to focus on enabling students to make strong value-added achievement gains over time understanding that newly enrolling students will typically come in at low performance levels.
- ☐ As a college-preparatory Academy, LRPA will strive to demonstrate that graduating 8th grade students, particularly those who have been with the Academy since 5th grade, are achieving at levels consistent with other college-bound students.

Student Growth across Grades 1-8

- ☐ On average over the 5-year period of the charter, a higher percentage of students will meet their growth goals in Reading on the NWEA Measures of Academic Progress (MAP) from one academic year to the next one. This goal will examine the percent of students who meet their growth goals by cohort versus by grade level.
- ☐ On average over the 5-year period of the charter, a higher percentage of students will meet their growth goals in Mathematics on the NWEA Measures of Academic Progress (MAP) from one academic year to the next one. This goal will examine the percent of students who meet their growth goals by cohort versus by grade level.

End of Third Grade

- ☐ On average over the 5-year period of the charter, a higher percentage of students who have been enrolled at LRPA for at least 2 years will achieve at or above Proficient in Literacy/Reading on the 3rd grade state test than the percent of students who achieve at or above Proficient in Literacy/Reading in the Little Rock School District in grade 3.
- ☐ On average over the 5-year period of the charter, a higher percentage of students who have been enrolled at LRPA for at least 2 years will achieve at or above Proficient in Mathematics on the 3rd grade state test than the percent of students who achieve at or above Proficient in Mathematics in the Little Rock School District in grade 3.

End of Sixth Grade

☐ On average over the 5-year period of the charter, at least 7 percent more students in successive classes of 6th grade who have been with LRPA for at least 2 years will achieve at or above Proficient in Literacy/Reading than the percent of students who achieve at or above Proficient in Literacy/Reading in the Little Rock School District in grade 6.

☐ On average over the 5-year period of the charter, at least 7 percent more students in successive classes of 6th grade who have been with LRPA for at least 2 years will achieve at or above Proficient in Mathematics than the percent of students who achieve at or above Proficient in Mathematics in the Little Rock School District in grade 6.

End of Eighth Grade

☐ Starting in the 2017-2018 year, on average over the 3-year remaining period of the charter, more students in successive classes of 8th grade who have been with LRPA for at least 4 years will achieve at or above Proficient in Literacy/Reading than the percent of students who achieve at or above Proficient in Literacy/Reading in the State of Arkansas in grade 8.

☐ Starting in the 2017-2018 year, on average over the 3-year remaining period of the charter, more students in successive classes of 8th grade who have been with LRPA for at least 4 years will achieve at or above Proficient in Mathematics than the percent of students who achieve at or above Proficient in Mathematics in the State of Arkansas in grade 8.

☐ On average over the 5-year period of the charter, at least 85 percent of successive classes of graduating 8th grade students will enroll in LRPA board-of-trustees approved college-preparatory high school programs.

☐ Starting in the 2017-2018 year, on average over the 3-year remaining period of the charter, 8th grade students who have been enrolled at least 4 years will achieve equal to or better than an average score indicative of pre-AP and/or AP course preparedness on the Spring Explore Exam.

This section assumes that the State of Arkansas will continue to transition from the Arkansas Learning Standards to the Common Core Standards and from the ACTAAP to the PARCC exams.

We have prepared the following charts for 6th grade Math and Literacy. As the renewal application states, these charts only apply to returning students who are enrolled at the Academy for at least 2 years.

State Tests	**2012-2013**	**2014-2015**	**2015-2016**	**2016-2017**	**2017-2018**	**2018-2019**
With an annual 3% reduction in the performance gap between LRPA and the LRSD in 6th grade **math**, LRPA will outperform the district by 7% by the 2018-2019 school year.	-7%	-4%	-1%	2%	5%	7%

With an annual 4.5% reduction in the performance gap between LRPA and the LRSD in 6th grade **literacy**, LRPA will outperform the district by 7% by the 2018-2019 school year.	-15.0%	-10.5%	-6.0%	-1.5%	3.0%	7.5%

We have prepared the following charts for 8th grade Math and Literacy. As the renewal application states, these charts only apply to returning students who are enrolled at the Academy for at least 4 years.

State Tests	**2012-2013**	**2014-2015**	**2015-2016**	**2016-2017**	**2017-2018**	**2018-2019**
Based on a cohort analysis of 8th grade students who remain at LRPA for 4 or more years, students will achieve an annual 5% reduction in the performance gap between LRPA and the state in **math**, thus performing at or above the state average by the 2017-2018 school year.	-20%	-15%	-10%	5%	0%	0-1%
Based on a cohort analysis of 8th grade students who remain at LRPA for 4 or more years, students will achieve an annual 3.5% reduction in the performance gap between LRPA and the state in **literacy**, thus performing at or above the state average by the 2017-2018 school year.	-14.0%	-10.5%	-7.0%	-3.5%	0.0%	0-1%

The other 12 performance goals that are stated in the application, including those stated under the headings "Overall Goals", "Student Achievement Relative to Similar Students", "Student Achievement Relative to the Little Rock School District", and "Student Growth Across Grades 1-8," apply to students in grades 6 and 8 in all years of the proposed 5-year renewal period.

16.02.4	Establishing minimum requirements for the school's media collection
16.03.1	School nurse
18.01	Requiring the development of procedures to identify gifted and talented students in accordance with guidelines established by the Department
18.02	Requiring the school district to provide educational opportunities for students identified as gifted and talented appropriate to their ability

Waivers from Other Rules:

Substitute Teachers

ADE Rules Governing Parental Notification of an Assignment of a Non-Licensed Teacher to Teach a Class for More than Thirty (30) Consecutive Days and for Granting Waivers

Administrator licensure

Teacher licensure

ADE Rules for Gifted and Talented Program Approval Standards

Certified staff salary schedule

Arkansas Department of Education Rules Governing Educator Licensure

Arkansas Department of Education Rules Governing the School Superintendent

Mentoring Program

Sections 1-7 of Arkansas Department of Education Rules Governing School District Requirements for Personnel Policies, Salary Schedules, Minimum Salaries, and Documents Posted to District Websites

Regardless of any waivers granted, every charter school must always abide by the following requirements:

- All standardized assessments required by the state must be administered solely by licensed required by ADE Rules Governing the Arkansas Comprehensive Testing Assessment and Accountability personnel, as Program, Sections 5.02.4 and 5.03.2. Violations of ADE assessment procedures are subject to sanctions by the State Board, including without limitation sanctions pursuant to Ark. Code Ann. §§ 6-15-438 and 6.23.105.

- All teachers and school personnel, whether licensed or unlicensed, must submit to the criminal background and central registry checks required by law.
- Any teacher, whether licensed or unlicensed, who teaches a core academic subject area must meet the requirements of the ADE Rules Governing Highly Qualified Teachers Pursuant to the NO CHILD LEFT BEHIND ACT of 2001. Core academic subject are defined by federal law to include English Language Arts, Reading, Mathematics, Science, Foreign Languages, Social Studies, Music, and Art.

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	0
Number of enrolled students with completed EOY only:	0

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

ARKANSAS DEPARTMENT OF EDUCATION

2013-2014 School Letter Grade Detail Report

School Letter Grade

F

175 Points Earned

6049702 - LITTLE ROCK PREP ACADEMY
6049700 - LITTLE ROCK PREPARATORY ACADEM

Grade Range: 5 - 8 **Superintendent:** BEN LINDQUIST **Principal:** DARRYLE HINTON

	School Statistics	District Statistics	State Statistics
Enrollment	133	417	471867
Econ. Disadvantaged	86.47%	83.69%	60.3%
Proficient/Advanced Literacy	54.69%	55.11%	76.55%
Proficient/Advanced Math	46.09%	44.89%	72.7%

Letter Grade Component Scores

Component One: Weighted Performance

Performance Level and Multiplier	Literacy - Students	Math - Students	Total Points	Literacy + Math - Students
Below Basic (0.0)	12	40	0	52
Basic (0.25)	46	29	18.75	75
Proficient (1.0)	51	39	90	90
Advanced (1.25)	19	20	48.75	39
Totals			157.5	256

Weighted Performance Points Earned = (157.5/256)*100 = 61.52

Component Two: School Improvement with ESEA Options

Number of Targets Met: 0 | Number of Targets: 4 | School Improvement Points Earned: 55

	Literacy	Math	Graduation Rate
All Students	N	N	
Targeted Achievement Gap Group (TAGG)	N	N	

# Possible Targets:	Number of Targets Met: 0	1	2	3	4	5	6
6	55	62	68	75	82	88	95
5	55	63	71	79	87	95	
4	55	65	75	85	95		
3	55	68	81	95			
2	55	75	95				

Component Four: Gap Adjustment

Achievement Gap (Literacy and Math)

Non-TAGG Proficiency Rate:	NA	TAGG Proficiency Rate:	46.85
Gap Size:	N < 25		
Adjustment:	0		

	Largest Gap	Large Gap	Average Gap	Small Gap	Smallest Gap
Gap Adjustment	-6	-3	0	+3	+6
Achievement Gap Range	23.86% or greater	19.53-23.85%	15.93-19.52%	12.00-15.92%	Less than 12.00%
Graduation Gap Range	16.21% or greater	10.75-16.20%	6.90-10.74%	3.66-6.89%	Less than 3.66%

Overall School Score

Schools without Graduation Rate	Overall school Score = (1.5)(Weighted Performance + Gap Adjustment) + (1.5)(Improvement)
Score for This School	(1.5)(61.52 + 0) + (1.5)(55) = 175

Point Ranges for Grades

A: 270 to 300	B: 240 to 269	C: 210 to 239	D: 180 to 209	F: less than 180

Overall School Scores are rounded to the nearest whole number.

Documentation of Charter Authorizing Panel Action

Little Rock Prep Priority Status Hearing

Motion

To take no action

Barnes-**2**	Liwo	Saunders
Gotcher-**M**	Pfeffer	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			The Charter is already in processes of school improvement planning and receiving consistent reviews. Sustainability has yet to be determined and review is already set to occur with respect to renewal in one year. Time is necessary for that determination.
Gotcher	**X**			LRPA is a thriving institution with internal and external accountability measures to ensure student achievement and teacher effectiveness. I encourage them to work closely with the ADE School Improvement Unit.
Lester	**X**			NWEA MAP data indicates growth, and I am impressed with the mission and purpose of the charter. I encourage the charter to work with the Federal Programs Unit to plan for a Title I Schoolwide Program.
Liwo	**X**			NWEA MAP data indicates student growth. Additional time may be required to bridge the gap between growth and performance. Recent AMOs were met.
Pfeffer	**X**			Charter has leadership committed to their work and a strong response document with goals.

				The support from the ADE School Improvement Unit will provide the opportunity to address both academic and fiscal issues.
Rogers	**X**			I am in favor of the motion to give Little Rock Prep the opportunity to continue to grow student achievement with intensive help from the ADE.
Saunders	**X**			I am in favor of the School Improvement Unit monitoring and assisting.
Smith	**X**			AMOs were met for 1st year, and I am confident that the school improvement team and school will continue to work together based on testimony from ADE School Improvement Unit.

RE: **Notice of Charter Authorizing Panel Decision**
Osceola STEM Academy

Dear Mr. Cox:

On February 18, 2016, the Charter Authorizing Panel met and made the decision to approve the amendment request for Osceola STEM Academy. The Panel decided take no action regarding the school's priority status after reviewing the processes and procedures that Osceola STEM Academy is employing to improve its academic standing. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director
Public Charter Schools

Osceola STEM Academy maintains and promotes the legislative intent for charter schools.

Osceola STEM Academy maintains and promotes the legislative intent of the charter school.

(1) Improve student learning;

(2) Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as low-achieving;

(3) Encourage the use of different and innovative teaching methods;

(4) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site;

(5) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system; and

(6) Hold the schools established under this chapter accountable for meeting measurable student achievement standards.

Osceola STEM Academy is a 5th-8th grade conversion charter school designed to improve student learning by promoting science, technology, engineering and mathematics curriculum. The emphasis of the school began with a focus on project based learning which was integrated in the STEM curriculum. The Osceola STEM Academy continues to utilize the community support including local business and industry support. Local business and industry are excited to be included in the charter school environment. Osceola STEM Academy has partnered with Buck Institute of Education, Project Lead the Way and High Schools that Work to ensure the middle school continues to provide the most innovative instructional opportunities for students.

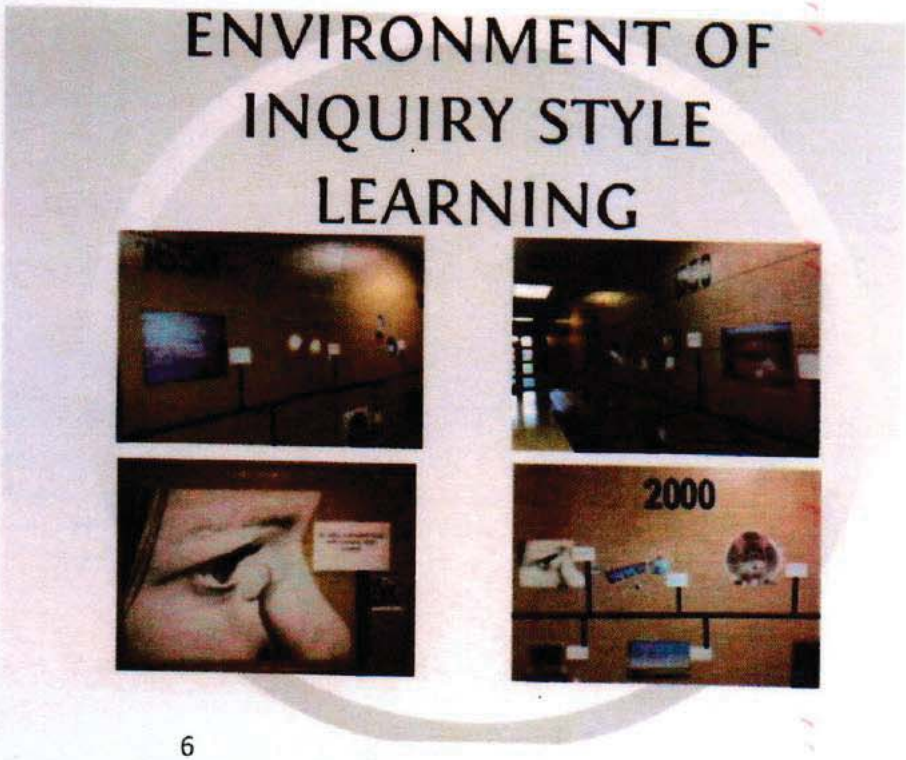
Osceola STEM Academy continues to have an educational focus on STEM related curriculum and an emphasis on hand-on learning which has evolved to additional math and literacy scheduled time to allow for centers and hands-on learning as an extension of the regular classroom. The overall and essential objective is to create a natural love for learning through thinking critically and problem solving. Since the creation of the Osceola STEM Academy additional instructional initiatives have been incorporated into the curriculum process, including an emphasis on reciprocal reading.

Osceola STEM Academy remains innovative while struggling academically.

Osceola STEM Academy remains innovative while struggling academically.

The Osceola STEM Academy charter implementation grant completely funded the Science lab which is utilized by Grades 5th-8th grade one day a week. The lab is stocked with consumables and lab equipment for a variety of hands on science projects.

In addition, the Osceola STEM Academy charter implementation grant provided academic and inquisitive materials to provide an environment for students that promote a love for learning. For example, the timeline in the main hallway displays STEM related inventions complete with descriptions.



Gateway To Technology

PROJECT LEAD THE WAY PLTW

The Gateway to Technology courses at Osceola STEM Academy began with a focus on 7th-8th grade with Automation/Robotics and Design and Modeling courses. The program expanded with an overwhelming 60% of 8th grade students requesting the program be expanded to high school. As of 2015-2016, the pre-engineering program has expanded to 4th grade Launch at the feeder elementary school, expanded to all 5th-8th grade students and provided a strong high school program of study at the 9th-12th grade level in Computer Integrated Manufacturing.

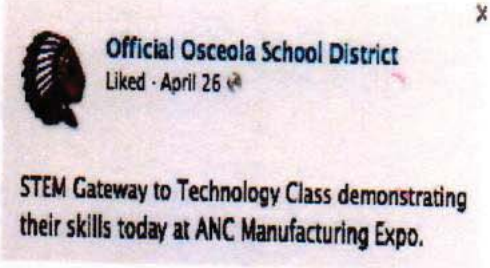
Osceola STEM Academy students begin using AutoDesk software in 5th grade to design projects. In addition, students have access to 3D printers to print their designs.

ANC Hosts First Young Manufacturers Academy

The ANC Technical Center hosted its first Young Manufacturers Academy from August 3-7, 2015. The academy is a free program, and had sixteen 9th-12th grade students enrolled from the Armorel, Blytheville, Gosnell, KIPP, Manila, and Osceola school districts.

ANC partnered with the Arkansas State Chamber of Commerce and Haas Automation, Inc., as well as local industry partners including DENSO, Tenaris, Kagome Foods, Nucor-Hickman, Big River Steel, and the Osceola School District's STEM program to give students a first -hand look at Mississippi County's manufacturers. Additionally, Rivercrest School District provided transportation for the week. Students toured local facilities, and technical experts from each manufacturer designed and guided learning activities for students.

In addition to experiencing the work environment in local facilities, participants learned how manufacturing has changed in the 21st century and explored manufacturing career opportunities in the U.S. and abroad. Working with other students, and under the direction of industry experts, participants designed and manufactured products. These activities will help students explore and understand the skills needed to prepare for a career in advanced manufacturing including Engineering, Computerized Machining, Welding, Industrial Maintenance, and Robotics.

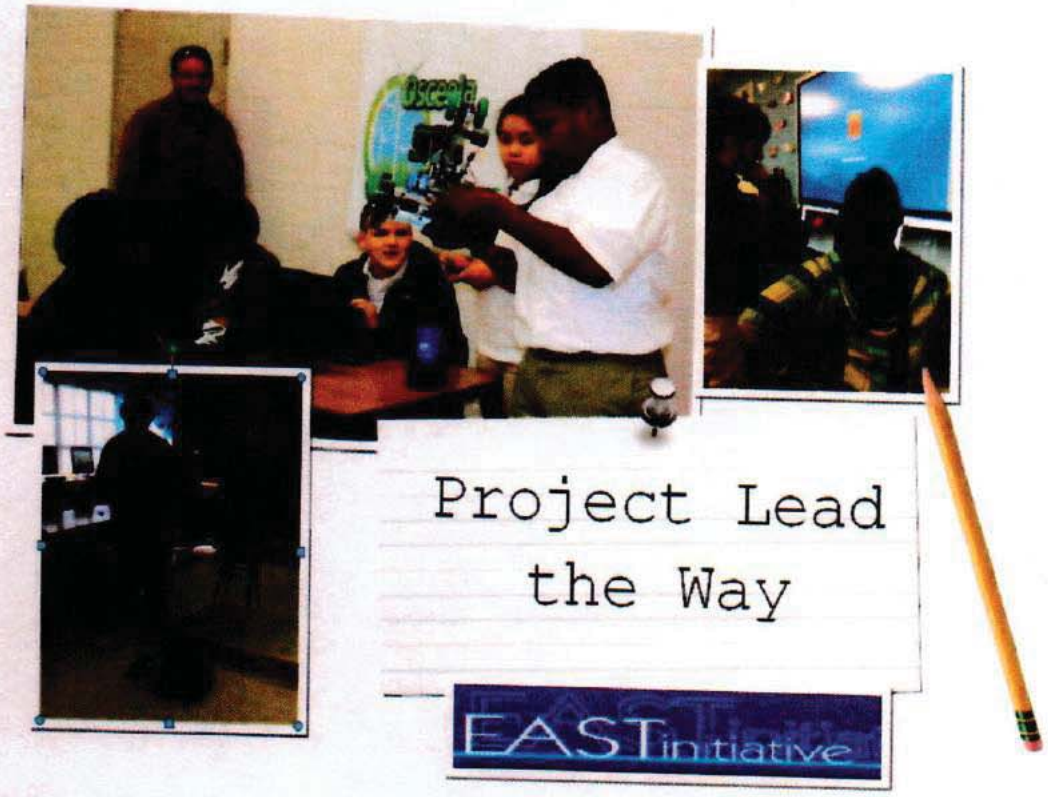


The students excel in the only pre-engineering program in Mississippi County. Osceola STEM Academy students share their experience and expertise with surrounding schools as a partner with Arkansas Northeastern College and surrounding business and industry.

Official Osceola School District
Liked · May 16

Mr. Allen Landry and students (Amy Guo, Will Calvert & Diamond McGowan) from Osceola STEM Academy visited Kiwanis club today. The students presented detailed information about Gateway to Technology, a class offered at the STEM Academy, which includes design & modeling, and automation & robotics. Pictured from left to right: Michael Ephlin, Amy Guo, Jim Creecy, Will Calvert, Senator David Burnett, Allen Landry, Diamond McGowan, and John Jarvis.

The Osceola STEM Academy Gateway to Technology program has been a catapult for business and industry partnerships. For example, American Greetings and DENSO Corporation provide programmers and engineers to work with our students on weekly basis.



PROJECT LEAD THE WAY

PLTW

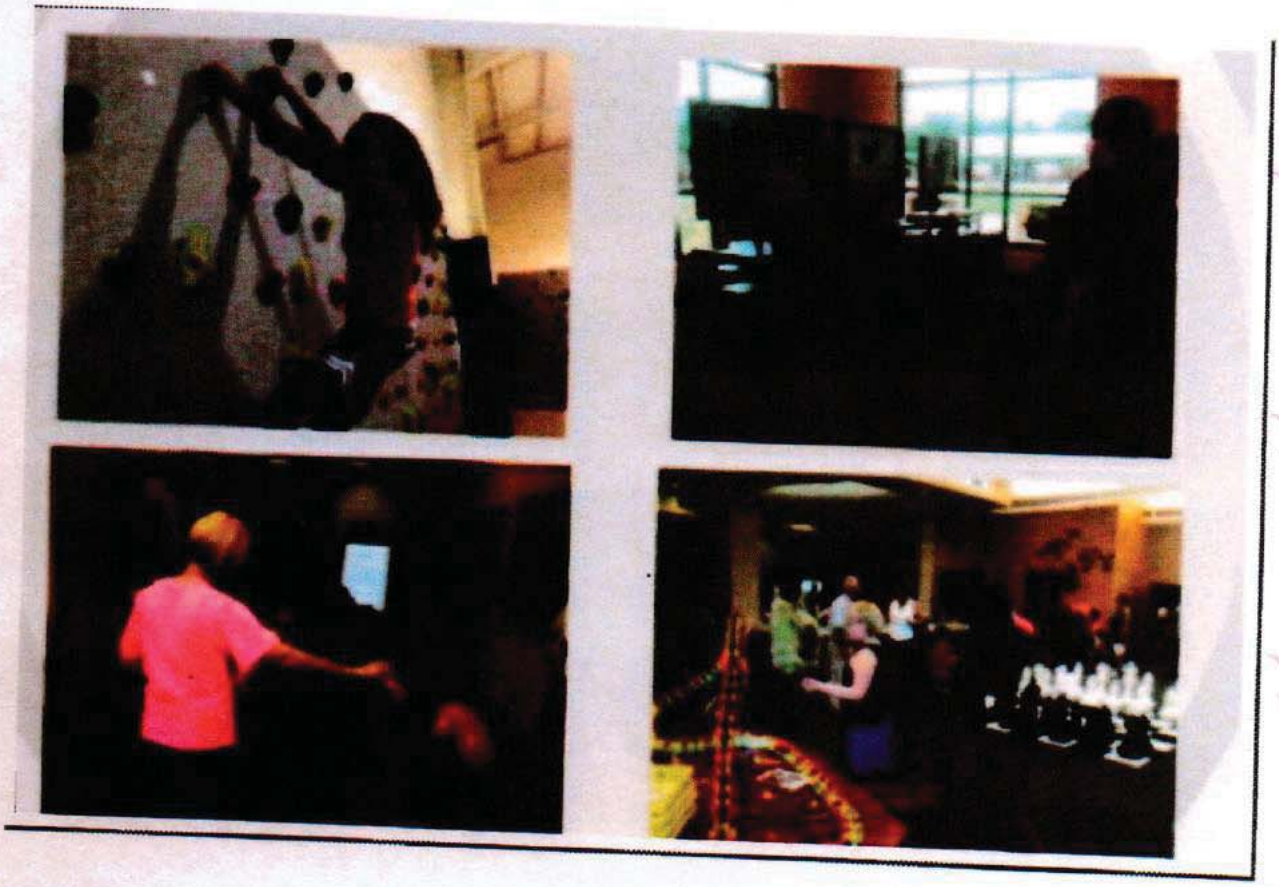
High School Program of Study
62 Students Enrolled in Year 2

Introduction to Engineering Design
Students dig deep into the engineering design process, applying math, science, and engineering standards to hands-on projects. They work both individually and in teams to design solutions to a variety of problems using 3D modeling software, and use an engineering notebook to document their work.

Principles of Engineering
Through problems that engage and challenge, students explore a broad range of engineering topics, including mechanisms, the strength of structures and materials, and automation. Students develop skills in problem solving, research, and design while learning strategies for design process documentation, collaboration, and presentation.

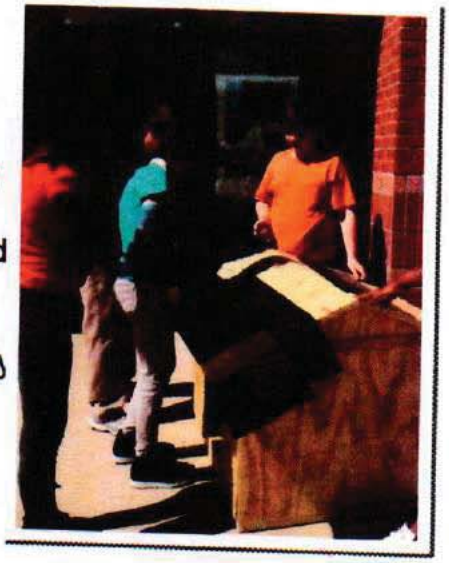
Computer Integrated Manufacturing
Manufactured items are part of everyday life, yet most students have not been introduced to the high-tech, innovative nature of modern manufacturing. This course illuminates the opportunities related to understanding manufacturing. At the same time, it teaches students about manufacturing processes, product design, robotics, and automation. Students can earn a virtual manufacturing badge recognized by the National Manufacturing Badge system.

Osceola STEM Academy



The STEM Academy serving all students in grades 5-8 is a Charter School providing a well-rounded curriculum with a focus on science, technology, engineering and mathematics. Students will learn important problem-solving, teamwork and reasoning skills

While the focus is on those STEM subjects, the school provides a well-rounded curriculum with a strong foundation in math, literacy, and technology. In addition, all students are exposed to engineering courses, technology and foreign language.



Advanced Placement AP Academy

Osceola School District provides Pre-Advanced Placement courses for students in 5th-10th grade and AP courses for students in 11th-12th grade. Identified students can be served through Gifted & Talented, Pre-Advanced Placement /AP courses, as well as non-GT students who choose to meet the expectations of an advanced classroom. Pre-AP courses are on-grade level courses designed to challenge motivated students to understand rigorous content. The coursework requires students to engage in independent and analytical assignments and to complete additional work outside of class. Pre-AP teachers are specifically trained to utilize teaching methods that prepare students for challenging high-school AP curriculum while simultaneously teaching the Common Core State Standards.

Analysis of PARCC data.

PARCC Results

Data Derivation

The raw score for the state was segmented to identify middle school results. For the comparison (summary below) average proficiency levels were derived based on the following factors:

- School type: Middle
- Classification (designated by state) of school for ELA or Math purposes (e.g., needs improvement for ELA, achieving for math – elementary, middle, etc.)
- Osceola STEM Academy % proficient in ELA or Math school results for each category and an average % proficient for the rest of the schools by group and classification

Analysis

- Osceola STEM Academy results, ELA TAGG % achievement was 128% of the average for all AR schools in the Needs Improvement segment and MATH TAGG% achievement was 90% for all AR schools in the Needs Improvement segment.

Plans implemented in the past with data that demonstrates student performance and growth.

Middle School Literacy Initiative

MSLI Pillars include literacy across content areas through Word Generation, Reciprocal reading, Screening/Monitoring with Degrees of Reading Power (DRP) and Growth Conversations. While the Osceola School District piloted limited components of the Middle School Literacy Initiative in 2013-14, the implementation of the complete solution was deferred until the current 2015-2016 school year, due to teacher turnover. However, last year additional elements of the MSLI solution were piloted, specifically Word Generation and reciprocal reading. Word Generation is a research-based program designed to increase the academic vocabulary of middle school students.

Word Generation began in October 2014 and reciprocal reading was introduced in January 2015 for students in Grades 6-8. Based on STAR data from early Feb thru early May, there were several interesting growth trends:

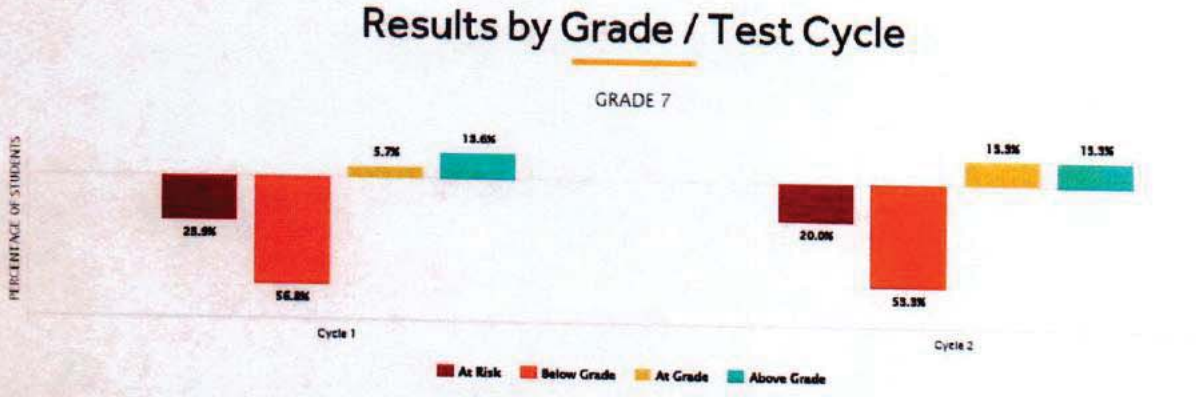
Growth in Star Score

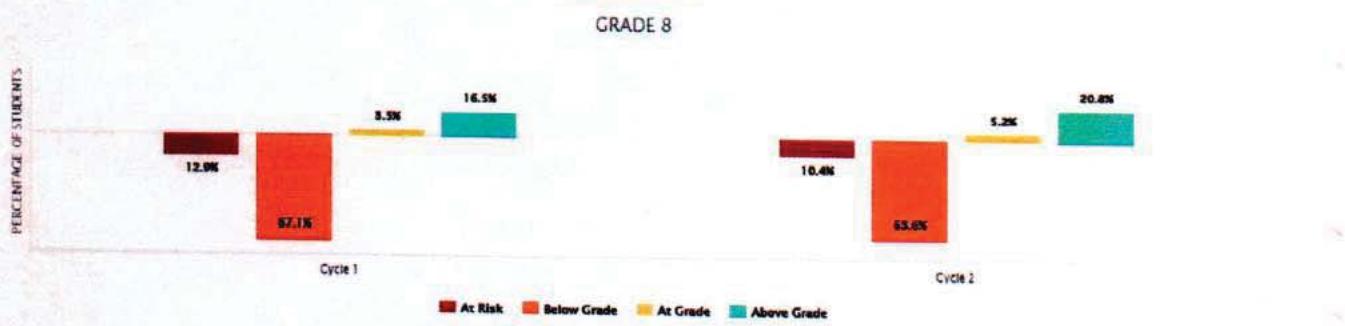
Grade 5	+2
Grade 6	+16
Grade 7	+36
Grade 8	+27

The early gains in this period are primarily in the grades where Reciprocal Reading and Word Generation were introduced.

Interestingly in viewing the current year MSLI results, there was a larger percentage of students in the 6th grade At Risk group after the 1st DRP assessment ... nearly 60% of Grade 6 students. This is not unexpected given that the incoming 6th grade students had not been exposed to any components of MSLI (e.g., Word Generation, Group or Reciprocal Reading). However the Grade 6 students adapted quickly and as noted, had the largest growth in DRP test scores for any of the middle school grades.

The Grade 7 and 8 MSLI students in the current school year (Grade 6 and 7 students exposed to some MSLI components last year) did not comprise as large a percentage of the At Risk DRP groups in the Fall administration ... 23% of Grade 7 students and 12.9% of Grade students. The early exposure contributed to these students, particularly those who might otherwise be at risk, getting off to a fast start in the current school year.



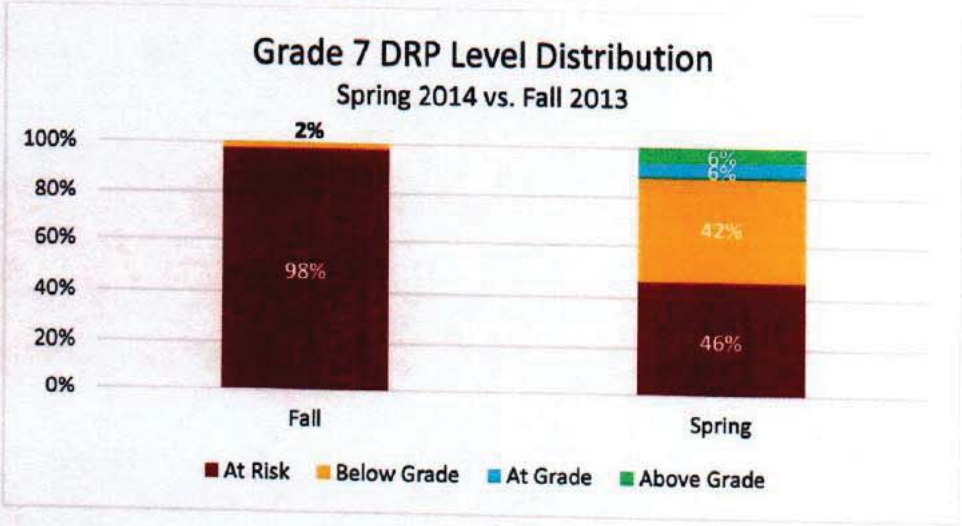


MSLI DRP Results

In 2013-2014, a limited pilot of the Middle School Literacy Initiative was implemented for Osceola. The pilot focused on specific aspects of the MSLI program such as small group reading.

The results for Grade 7 students showed some positive first steps:

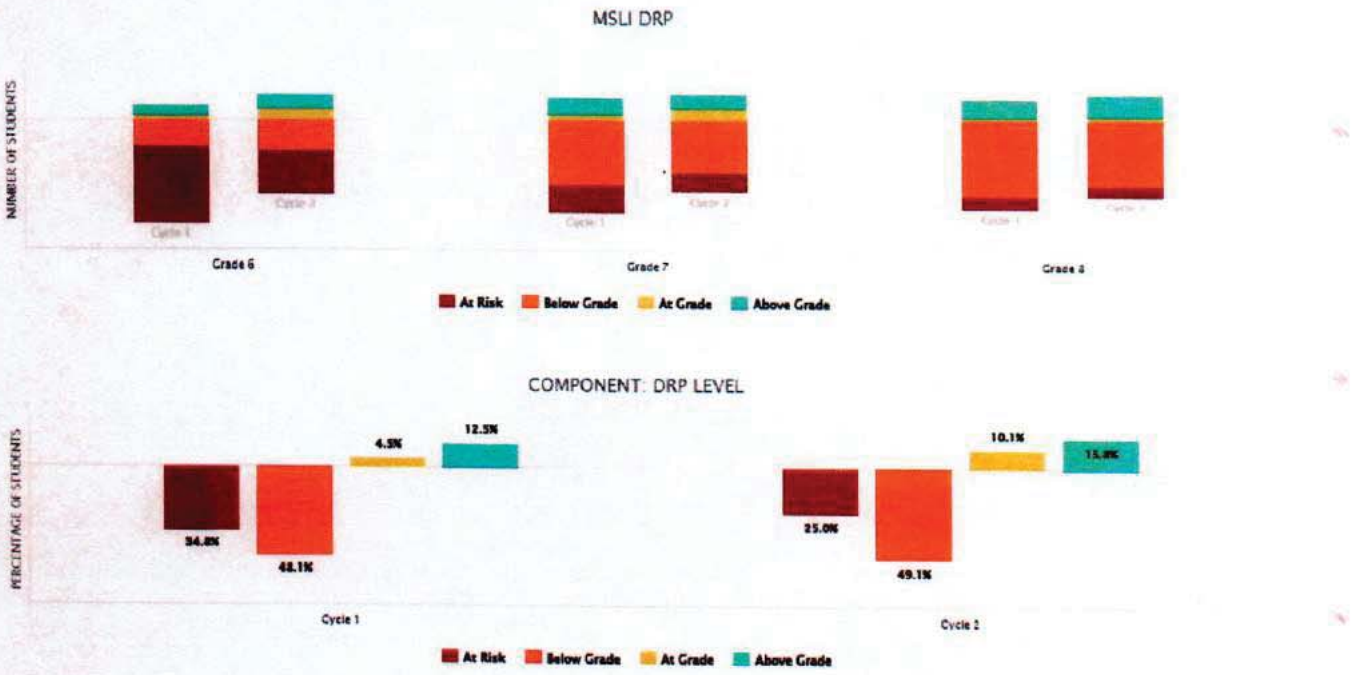
- The distribution of students by DRP Risk category shifted dramatically from the Fall 2013 DRP test administration to Spring 2014 test.
    - In the Fall, 98% of the students were in the At Risk category, with the remaining 2% in the Below Grade level group. By the spring, the % of students in the At Risk category had decreased to 46%, with a shift of At Risk Students into the remaining 3 risk groups



In the Fall 2015, a full implementation of the MSLI program at the Osceola STEM Academy. To date, Fall and Winter test administrations of the DRP have been completed. A 3rd spring cycle will be completed later this year.

Based on results to date, the results show progress particularly for Grade 6 students:

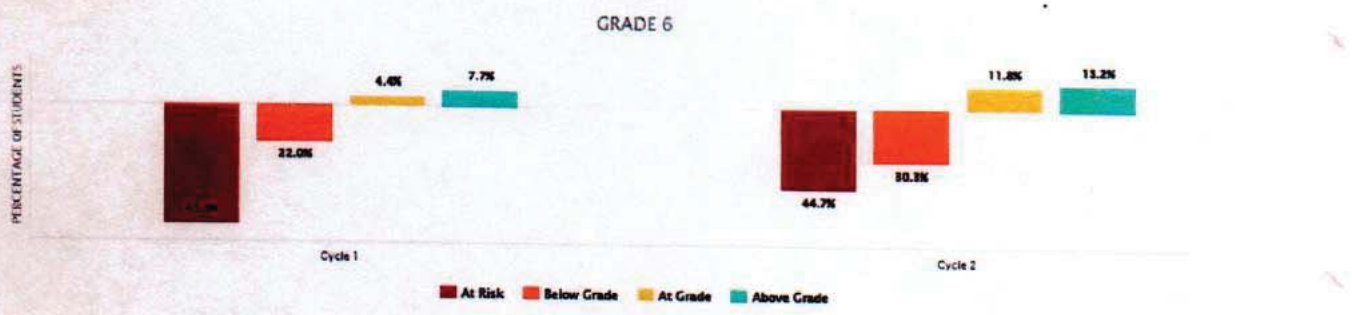
Results by Grade / Test Cycle



- For all grades, there was shift in the percentage of students in the At Risk category, from nearly 35% of students in the Fall to 25% this winter.
- There was also a shift of students to the At Grade level and Above Grade level groups ... with nearly 17% at or above grade level in the Fall compared to nearly 26% for the Winter or second test cycle.

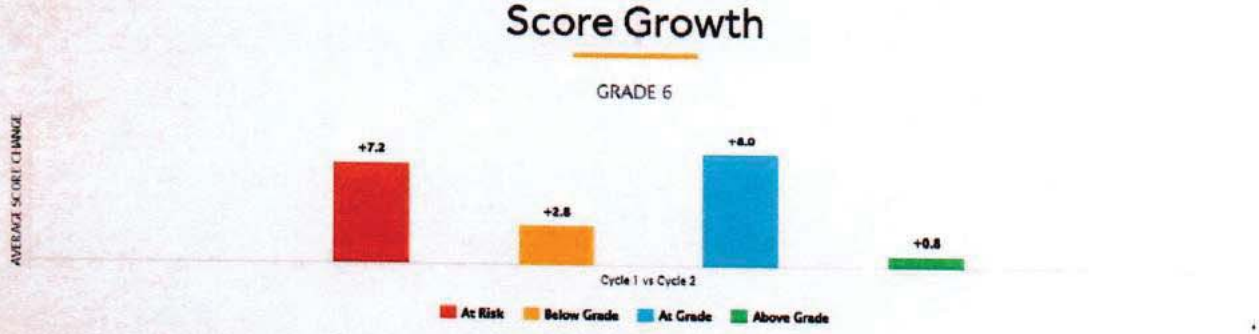
Focusing on the 6th Grade:

Results by Grade / Test Cycle



- The percentage of students in the At Risk group decreased from nearly 66% of 6th Grade students to fewer than 45% in the Winter cycle.
- In addition, the average growth in DRP scores grew the most for the Grade 6 group, +5.6 DRP levels vs. the average for all grades of +2.4 DRP levels (charts below).
- Examining the Grade 6 results by risk group, the students who started the year in the At Risk group, their scores grew an average of +7.2 DRP levels
    - The annual benchmark for growth in DRP scores for Grade 6 students is 3 DRP levels ... the Grade 6 results overall and those for the At Risk group thus far are promising

- The initial results are encouraging. The early positive results for Grade 6 compared to the other grades may be attributable to the "open-mindedness" of these new middle school students compared to those in Grade 7 and 8 who have experienced a different literacy approach for most of their middle school careers.



Plans for the future that include methods of assessment.

Specific plans in the past to improve academic achievement

- Lack of vertical or horizontal curriculum alignment
- Professional Development on Project-Learning from Buck Institute with limited resources
- Teachers provided both a grade level and common planning period
- Literacy and Social Studies teachers collaborated; Math and Science teachers collaborated
- Stem components integrated in all courses
- TLI assessments were used solely for progress monitoring mastery of standards.
- Implemented Reciprocal Reading strategies in grades 7 and 8.

Specific plans currently in place to improve academic achievement

- Implemented "Engage New York" curriculum as district.

  Result: This has been an success in both horizontally and vertically aligning STEM with high school and elementary.

- Full Implementation of MDC with ALL math teachers.

  Results: Implementing MDC has provided our teachers With high- quality instructional tools and support. It has provided our students with a deeper learning that develops students' abilities to reason, understand and apply mathematical concepts.

(Evidence: Math TLI Scores in all grades Increased since full implementation.)

- Implemented all components of Middle School Literacy Initiative (MSLI) with Generation Ready.

  (Reciprocal Reading, Word Generation, Growth Conversations and Job embedded PD for Teachers.

  Results: STEM has fully implemented Reciprocal Reading strategies to help students read/ comprehend complex text across discipline areas. Our students use comprehension strategies such as predicting, clarifying, questioning and summarizing.

(Evidence: Student Comprehension has increased in 6^{th}- 8^{th} according to our DRP data)

Results: STEM utilizes Word Generation to introduce academic across disciplines.

(Evidence: In 2014-15, Student Comprehension increased according to our Pre & Post Word Generation Assessment data)

- Analyze data through various assessments to identify the core Root of the problem. (ex. Fluency, lack of content knowledge, comprehension and etc.)

Implemented Block Schedules with a total of 100 instructional minutes for both Literacy and Math.

Results: In math, the 100 minutes is split with first 50 minutes focused on computation and the last 50 minutes focused on Application (project-based approach) of the skill.

(Evidence: Increase on both Map and TLI Scores in all grades and Growth on Progress Monitoring Charts .)

- Progress Monitoring Student mastery of standards in both Math and Literacy every 3 weeks. (shorter intervals)

- Implemented the process of Task Analysis of TLI assessment items *After each TLI exam, the students analysis each item by determining what skills or mathematic process is needed to master the task. This process is helping with increasing scores on TLI.*

- Implemented a 50 minutes Reading class outside of the 100 minutes Literacy Block (grades 5 & 6) .

  Results: In Grades 5 and 6, we seen an increase in Comprehension on both DRP and Dibels Assessment. (growth)

(Evidence: Student Comprehension has increased in comprehension in grades 5^{th}- 6^{th} according to our DRP data)

- Implementation of Student growth conversations as a huge component of our intervention system.
- Plan to provide professional development on Authentic Learning or Inquiry Based Learning this spring.
- Integrate more collaborative planning across all content areas with STEM Focus.

Specific plans in the past to improve academic achievement in math

- Implemented project based learning in all math classes (new to all teachers) but with little resources.
- A few math teachers trained in UBD (Units by design)
- Math teachers mirrored MDC strategies
- All math data was pulled from TLI assessments and analyzed by the instructional facilitators

  **Teachers and students were not a part of this analysis and the students scored below expectations.*
- Provided Professional development on best practices in both instruction and engagement.

Specific plans currently in place to improve academic achievement in math

- Aligned STEM curriculum projects with Mathematics and Science standards
- Full implementation of MDC strategies and all staff trained in MDC
- Provided Professional development on Differentiated Instruction in September
- Implemented the process of Task Analysis of TLI assessment items

  **After each TLI exam, the students analysis each item by determining what skills or mathematic process is needed to master the task. This process is helping with increasing scores on TLI.*
- Leadership Team and CLT analyzed math data and determined primary focus is on TIER I Intervention (Core Instruction).
- Implementing daily intervention through individualized centers and Small group activities or tasks. (Tier II instruction)
- Progress monitoring student mastery in shorter intervals (every 3 weeks)
- Implemented Departmental meeting with focused agendas bi-monthly.

Current/ Future Assessments

Literacy	Assessment	Frequency		Math	Assessment	Frequency

Current year to date student demographics, discipline and attendance.

Osceola STEM Academy demographics are 82% African American, 12% Caucasian, 3% Hispanic, 1% Asian and 1% other. There has been a slight decrease in the enrollment of Caucasian students in the last three years. Osceola STEM Academy lost over 20 students transitioning from the elementary school to 5th grade. There is a pattern of students leaving the district after fourth grade.

The average daily attendance is 94.28% and truancy has decreased tremendously. Discipline has been an area of concern; therefore, the Osceola School District implemented PBIS (Positive Behavioral Interventions and Support). Discipline issues remain high due to absence of classroom management strategies from new teachers. Professional development for classroom management remains a priority as Osceola STEM Academy continues to support new teachers.

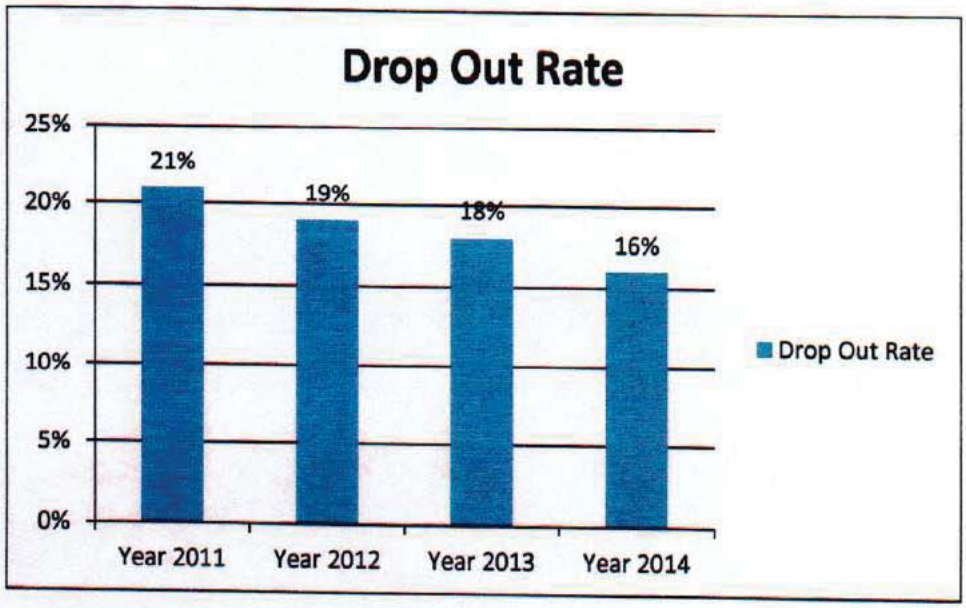
Year 2011	13.20
Year 2012	13.80
Year 2013	13.40
Year 2014	13.50
Year 2015	13.60

Analysis of Osceola STEM Academy reveals EXPLORE scores have remained consistent with a slight increase over the past three years.

Osceola School District



Analysis of Osceola High School graduation rate reveals the dropout rate has been reduced by 6% since the creation of the Osceola STEM Academy.

TLI Data

Data Derivation

TLI results for the 2015-2016 school year were summarized as follows:

- Math and Literacy scores were broken down by grade for 5^{th}-8^{th} grade.
- The Multi-Year SLE Breakdown report provides an overview of the tested standards for multiple years. It points out historical strengths and weaknesses for a district, school, or class and can be used to determine successful teaching strategies.

Analysis

- With the addition of a Generation Ready mathematical support consultant. We find ALL 2016 SLE Breakdowns for ALL Grade levels reveal an increase over the past two years.
- The Learning Institute has been a consistent data source; however, we should note the transition of TLI items should be considered as item types changed Benchmark type items, to PARCC items and now 2016 is testing ASPIRE items.

Utilization of approved waivers.

Osceola STEM Academy

Waivers

- **Fine Arts: Fine arts continues to be integrated in the curriculum instead of isolation in order to provide relevance for fine arts through core classes.**

- **Tools for Learning: Tools for Learning standards are embedded in the Discovery Zone and computer lab.**

- **Licensure and Renewal: Osceola STEM Academy, continues to strive to hire the qualified and certified teachers, however, we continue to utilize the waivers in order to provide the best combination of teachers to student needs. The following waivers are being utilized for the 2015-2016 school year:**
  - **Toni Arnold** (Literacy Instructional Facilitator) **waiver for 7th Grade Pre-AP Literacy**
    Certified in Literacy grades 1-6
  - **Angie Alexander** (Social Studies Teacher) **waiver for 8th Grade Pre-AP Literacy**
    Certified in Social Studies grades7-12
  - **Donna Pilgrim** (Literacy 1-8, Family & Consumer Science, Business Technology and currently working on Library Media)
    waiver for Tools for Learning and Media Services currently working in Discovery Zone.

- **Media Services: The role of the library media center provides a more integral part of the core curriculum as the Discovery Zone. The Discovery Zone teacher embeds the traditional library setting within the Discovery Zone.**

- **Class Size and Teaching Load: Periodically students are provided a collaborative teaching environment which increases the number of students shared by two teachers.**

Summary of overall effectiveness of charter school.

Overall effectiveness of Osceola STEM Academy

Osceola STEM Academy has made great strides in the district as the charter was an opportunity to reconfigure our two existing middle schools of Osceola Middle School and Osceola Academic Center. The addition of the STEM atmosphere has created an excitement with our students, particularly in the area of pre-engineering. We want others to know, Osceola STEM Academy is more than the test scores assigned to our students, but rather, we feel successful in the STEM disciplines as well. Osceola STEM Academy has provided our students with a challenging learning environment that focuses on math, science, engineering and technology. Our culture remains explorative and innovative through our central Discovery Zone and our pre-engineering program. The Discovery Zone is set up with individual work-stations such as using Nintendo Wii Stations to engage students in math, all students are exposed to Chess for critical thinking and algebraic skills, art, music and Accelerated Reading are also components of the Discovery Zone.

Our teachers collaboratively plan lessons across the curriculum. Our pre-engineering program is Gateway to Technology for 6-8th grade and Launch for fifth grade students. The pre-engineering teacher reinforces the math and science standards taught in our core classes. The Gateway to Technology program has been very effective and has given all our students great experiences and exposure with local businesses. Our student utilizes the Auto-Desk software program to design projects and have access to 3-d printers to create items. Several of our students have participated in the local robotic competitions and have shared their exhibits with local industries.

Project-based Learning is vital in helping to increase our student's achievement. The classrooms are set up for cooperative learning through small groups. Our students experience opportunity to build on their knowledge and skills as they solve real-world problems through project-based learning. Project based learning is utilized weekly in the regular classroom setting as well as in the labs.

With the transition of AYP to AMO, introduction of Common Core State Standards, the move into the PARCC assessment/ASPIRE assessment, and the reconfiguration of the AMO to the district AMO does allow for Osceola STEM Academy the opportunity to adequately reflect the level of student achievement taking place. We know students with similar demographics associated with poverty and low socioeconomic factors, begin to thrive in an atmosphere of enrichment and engaging lessons.

We look forward to continuing the journey of Osceola STEM Academy as our students are provided ample learning opportunities that are innovative in education.

Amendment Request

ARKANSAS DEPARTMENT OF EDUCATION

CHARTER AMENDMENT REQUEST FORM

Charter Name Osceola STEM Academy

LEA Number 4713705

Type of Amendment Requested:

[X] Other

Old Goal:
ACTAAP (Arkansas Comprehensive Testing Assessment and Accountability Program)
1. Osceola STEM Academy students will meet their individual student growth goals and the school's AYP for each of the first 5 years.
New Goal:
Current Arkansas state assessment
At grades 5 through 8, Osceola STEM Academy will meet or exceed the state average for schools with similar demographic student populations on the required state performance-based assessments for both Math and Literacy.
Rationale:
The original goal was created based on ACTAAP and AYP. The goal has been updated to reflect current assessment and accountability policy.

Old Goal:
TLI (The Learning Institute)
2. ALL students will have 80 % mastery by the end of the school year on each SLE as measured by the TLI.

New Goal:
NWEA Map Assessment
In Literacy, 80% of Osceola STEM Academy students will meet or exceed their student growth goal.
In Math, 60% of Osceola STEM Academy students will meet or exceed their student growth goal.
The goals listed above correlate with the state AMO for 2016.

Rationale:
Although TLI continues to be an integral component of the Osceola STEM Academy curriculum process, we find the focus on grade level mastery of standards does not provide a comprehensive assessment of our student's growth. This is especially true for students who are below two or more grade levels. As the original charter goal for TLI was created, growth was not an option for school accountability. As the growth goal became an option in the ESEA Flexibility plan, MAP was clearly the better choice for our struggling learners, as well as our advanced students.

Old Goal:
8th grade Explore
4. We are currently at a composite score of 11.6 on Explore. Our goal is to increase by one point overall each year on the composite score to meet or exceed the national average.

ARKANSAS DEPARTMENT OF EDUCATION

CHARTER AMENDMENT REQUEST FORM

New Goal:
Our goal is to meet or exceed the state ACT ASPIRE Composite Score benchmark for schools with similar demographic populations.

Rationale:
The Explore testing has been replaced with ACT Aspire as the college readiness assessment. As the EXPLORE provides reports with one-year score data for Grade 8, the ACT Aspire provides longitudinal growth data for Grades 3-10. Based on ACT Aspire scale scores, student scale scores will range between 400 and 449 for 8th grade. The original goal was created based on the requirement for a college readiness assessment of EXPLORE. The goal has been updated to reflect current assessment and accountability policy.

Old Goal:
Graduation Rate
5. By 2016 we will have an increase in the graduation rate by 4% each year until we reach our goal of 95-100% graduation rate. However, the number of dropouts between 9th & 10th grade in 2014 will also serve as an indicator.

New Goal:
By 2021 we will have an increase in the graduation rate by 4% each year until we reach our goal of 95-100% graduation rate.
Rationale:
The graduation rate is a continuous goal. The dates have been updated to reflect our current goal.

Charter Leader Christel Smith
Email Address csmith@osd1.org
Phone Number (870) 563-1833 or (870) 8[illegible]

STEM Demographics

5th Grade-=86 students (69- Blacks, 5-Hispanics, White-11, Other-1)

6th Grade= 104 students (2-Asian, 82-Blacks, 5-Hispanics, White-14, Other-1)

7th Grade=94 students (1-Asian, 74-Blacks, 4-Hispanics, White-15)

8th Grade=95 students (86-Blacks, 1-Hispanic, White-7, 1- Other)

100% free and Reduced Lunch

Budgets will remain the same and this amendment will not put a hardship or strain on my budget.

Mission Statement and Charter Goals

Osceola STEM Academy

Mission Statement:

The mission of Osceola STEM Academy is to prepare students for the global workforce by engaging them in a learning process that will instill a lifelong pursuit of achievement and promote the necessary work habits, life skills, and knowledge base that prepares students to enter the increasingly competitive technological world.

Goals:

1. ACTAAP (Arkansas Comprehensive Testing, Assessment and Accountability Program)

   Osceola STEM Academy students will meet their individual student growth goals and the school's AYP for each of the first 5 years.

2. TLI (The Learning Institute)

   All students will have 80% mastery by the end of the school year on each SLE as measured by the TLI assessments.

3. APSCN

   Our attendance rate is currently at 98.5% although there is room for improvement, we feel this should not be our primary concern. Therefore, emphasis will be placed on student's tardies and early check-outs. Our current tardy rate is 2% and on average, we have 17 students check out early per day. We will increase our attendance rate by .5% each year until our attendance goal is met. We will decrease the amount of tardies by .5% each year until a 0% tardy rate is achieved. We will decrease our early checkouts by 5% each year until we reach a 0 check out early goal.

4. 8th grade Explore

   We are currently at a composite score of 11.6 on Explore. Our goal is to increase by one point overall each year on the composite score to meet or exceed the national average.

5. By 2016 we will have an increase in the graduation rate by 4% each year until we reach our goal of a 95-100% graduation rate. However, the number of dropouts between 9th and 10th grade in 2014 will also serve as an indicator.

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	2
Number of enrolled students with completed EOY only:	8

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

ARKANSAS DEPARTMENT OF EDUCATION

2013-2014 School Letter Grade Detail Report

School Letter Grade

D

181 Points Earned

4713705 - OSCEOLA STEM CHARTER
4713000 - OSCEOLA SCHOOL DISTRICT

Grade Range: 5 - 8 **Superintendent:** MICHAEL COX **Principal:** ELLOUISE TUBBS

	School Statistics	District Statistics	State Statistics
Enrollment	383	1293	471867
Econ. Disadvantaged	89.56%	90.10%	60.3%
Proficient/Advanced Literacy	63.28%	61.61%	76.55%
Proficient/Advanced Math	44.35%	49.78%	72.7%

Letter Grade Component Scores

Component One: Weighted Performance

Performance Level and Multiplier	Literacy - Students	Math - Students	Total Points	Literacy + Math - Students
Below Basic (0.0)	21	97	0	118
Basic (0.25)	106	99	51.25	205
Proficient (1.0)	159	118	277	277
Advanced (1.25)	68	40	135	108
Totals			463.25	708

Weighted Performance Points Earned = (463.25/708)*100 = 65.43

Component Two: School Improvement with ESEA Options

Number of Targets Met: 0 | Number of Targets: 4 | School Improvement Points Earned: 55

	Literacy	Math	Graduation Rate
All Students	N	N	
Targeted Achievement Gap Group (TAGG)	N	N	

# Possible Targets:	Number of Targets Met: 0	1	2	3	4	5	6
6	55	62	68	75	82	88	95
5	55	63	71	79	87	95	
4	55	65	75	85	95		
3	55	68	81	95			
2	55	75	95				

Component Four: Gap Adjustment

Achievement Gap (Literacy and Math)

Non-TAGG Proficiency Rate: 68.92 | TAGG Proficiency Rate: 52.68

Gap Size: 16.24

Adjustment: 0

	Largest Gap	Large Gap	Average Gap	Small Gap	Smallest Gap
Gap Adjustment	-6	-3	0	+3	+6
Achievement Gap Range	23.86% or greater	19.53-23.85%	15.93-19.52%	12.00-15.92%	Less than 12.00%
Graduation Gap Range	16.21% or greater	10.75-16.20%	6.90-10.74%	3.66-6.89%	Less than 3.66%

Overall School Score

Schools without Graduation Rate	Overall school Score = (1.5)(Weighted Performance + Gap Adjustment) + (1.5)(Improvement)
Score for This School	(1.5)(65.43 + 0) + (1.5)(55) = 181

Point Ranges for Grades

A: 270 to 300	B: 240 to 269	C: 210 to 239	D: 180 to 209	F: less than 180

Overall School Scores are rounded to the nearest whole number.

Documentation of Charter Authorizing Panel Action

Osceola STEM Academy Amendment and Priority Status Hearing

Motion

To accept the amendment and taken no action regarding priority status

Barnes-**M**	Liwo	Saunders
Gotcher	Pfeffer-**2**	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			I believe the amendment reflects appropriate changes necessary to sustain the current strategies being implemented. I believe time is necessary to allow these strategies to impact the academic direction in the school.
Gotcher	**X**			Leadership is in place to support systemic changes towards student success. I recommend continued support of teachers both in professional development and personal development.
Lester	**X**			Based upon the report from the School Improvement Unit and the charter presentation, I believe the charter is on the right track for improvement. I am impressed with the leadership that is in place to support the changes.
Liwo	**X**			The charter recognizes the need for improvement. The charter is receptive to collaborating with the ADE. The charter has critically analyzed student academic performance and identified specific problem areas. It has implemented plans to improve instruction and assessment methods,

				intervention, and teacher retention to address the problems. Student awareness concerning the importance of meeting respective grade levels has also been encouraged. I have no concerns with the requested amendments.
Pfeffer	**X**			The district is working with the ADE School Improvement Unit to address the issues related to the priority status. The district recognizes the need for improvement and the school is under new leadership with a clear focus and goals for improved outcomes for student achievement and growth.
Rogers	**X**			Leadership in the charter is very positive and, I believe, the right personnel to continue positive improvement on the priority status.
Saunders	**X**			The district has clearly articulated a plan of action, and I look forward to their future success.
Smith	**X**			I am very impressed with the district's current curriculum and leadership team. Instructional leadership and instructional decisions based on data were evident.

RE: Notice of Charter Authorizing Panel Decision
Quest Middle School of Pine Bluff

Dear Dr. Duncan:

On February 19, 2016, the Charter Authorizing Panel met and made the decision to deny the amendment request for Quest Middle School of Pine Bluff. The Panel decided take no action regarding the school's academic performance after reviewing the processes and procedures that Quest Middle School of Pine Bluff is employing to improve its academic standing. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director

Academic Performance Response

Quest Middle School of Pine Bluff

308 South Blake Street
Pine Bluff, AR 71601

OVERVIEW

Opening its doors in the fall of 2013, the mission of Quest Middle School of Pine Bluff is to develop knowledge and wisdom through an unyielding commitment to excellence in academics, recognizing the unique potential of each student, while integrating the student's gifts intellectually, socially, culturally, and physically into all aspects of learning and leadership. The School currently serves students in grades 5-9 (and is approved to serve students in grades 5-12).

After only two years of operation, Quest has met each and every one of the academic growth goals set forth in its charter and has either met or is on track to meet all other goals set forth in its charter. Quest has achieved significant student academic growth. Quest students who sat for the Northwest Evaluation Association ("NWEA") Measures of Academic Progress® ("MAP") assessment in both fall of 2013 and remained in attendance through the fall of 2015 experienced an overall percentile increase of 180% in Language, 76% in Math, and 145% in Reading. In addition, according to the 2014-2015 NWEA Virtual Comparison Group ("VCG") report, 54% of the students at Quest met or exceeded the growth of their virtual comparison group in Language, 50% did so in Math, and 63% did so in Reading. After reviewing diagnostic data, students who arrived at Quest in the fall of 2013 and remained in attendance through the fall of 2015 initially ranked in the bottom 9.5% among their peers in Language, the bottom 10.4% in Math, and the bottom 11.9% in Reading. Even so, as Quest has already demonstrated, these students are capable of achieving great academic growth when placed in the correct academic environment.

Because of the positive academic growth that has been experienced by students attending the school, Quest is requesting that the Charter Authorizing Panel amend its charter so that the School may serve students in grades K-4. This amendment will allow Quest the opportunity to implement its proven academic program earlier, so that students don't fall behind.

What follows is a concise and thorough explanation of why Quest should be entrusted to serve additional students.

ACADEMIC PERFORMANCE

I. Please provide "[a]n explanation of the ways in which the charter maintains and promotes the legislative intent for charter schools as outlined in Ark. Code Ann. § 6-23-102."

As outlined in Section 6-23-102 of the Arkansas Code, "[i]t is the intent of the General Assembly . . . to provide opportunities for teachers, parents, pupils, and community members to establish and maintain public schools that operate independently from the existing structure of local school districts as a method to accomplish the following:

1. "Improve student learning;
2. "Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as low-achieving;
3. "Encourage the use of different and innovative teaching methods;
4. "Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site;
5. "Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system; and
6. "Hold the schools established under this chapter accountable for meeting measurable student achievement standards."

Quest maintains and promotes this legislative intent in the following manner:

A. Quest improves student learning.

After only two years of operation, Quest has achieved significant student academic growth. Quest students who sat for the MAP assessment in both fall of 2013 and remained in attendance through the fall of 2015 experienced an overall percentile increase of 180% in Language, 76% in Math, and 145% in Reading. See Chart 1 on the following page.

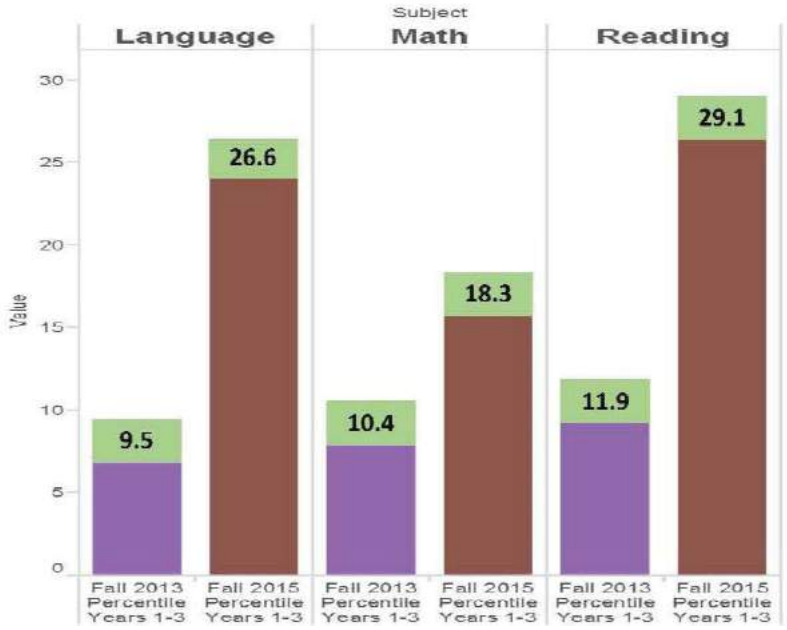
Another indicator of academic growth achieved by Quest's students may be found by referencing the 2014-2015 NWEA VCG report. The VCG report allows Quest to compare the growth of its students relative to student achievement and growth norms that represent similar students educated in similar schools from across the country. This provides Quest with a valid comparison.

During the fall 2014 to spring 2015 growth period—the same time period analyzed by the PARCC—54% of the students at Quest met or exceeded

the growth of their virtual comparison group in Language, 50% did so in Math, and 63% did so in Reading.

As will be discussed in Section VI below, this academic growth has resulted in Quest meeting academic growth goals set forth in its charter.

Chart 1: Academic Growth – MAP Assessment (Fall 2013 and Fall 2015)



B. Quest increases learning opportunities for students who are identified as low-achieving.

Many students arriving at Quest, are severely behind academically, having already struggled for multiple years. For example, students who arrived at Quest in the fall of 2013 and remained in attendance through the fall of 2015 initially ranked in the bottom 9.5% among their national peers in Language, the bottom 10.4% in Math, and the bottom 11.9% in Reading. Even so, as Quest has already demonstrated, these students are capable of achieving great academic growth.

C. Quest encourages the use of different and innovative teaching methods, creates new professional opportunities for teachers, and provides parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.

Quest has provided a distinctly different learning environment to parents and students seeking a traditional core education with special attention paid to personalized learning, blended learning, technology/teacher integration

and character building. The School has provided learning opportunities for students through personalized attention and individually developed learning paths. Quest combines traditional curriculum and blended learning techniques with emphasis on values and character development.

NOTE: For a detailed description of the School's academic program, see "Quest Charter Application, Standard 6: Educational Program, Appendix A.

D. Quest is accountable for meeting measurable student achievement standards.

As demonstrated by this review of Quest's academic program by the Charter Authorizing Panel, Quest is accountable for meeting measurable student achievement standards as described in its charter. As discussed in Section VI below, Quest has met each and every one of the academic growth goals set forth in its charter.

II. Please provide "[a]n explanation of the ways in which the charter remains innovative while struggling academically."

As discussed in Section I. A. above, after only two years of operation, Quest has significantly improved student learning, with the majority of its students meeting or exceeding the growth of their virtual comparison group in Language, Math, and Reading. As Quest continues to achieve similar academic growth each year, students who have struggled academically will reach their appropriate grade level and meet state performance expectations.

To provide innovative support, SMART boards have been installed this year to build an avenue of innovative instruction thus complimenting student learning styles. Additionally, Chrome Books have been ordered to upgrade hands on student learning through the use of technology. Online instructional programs such as Math Buddies and Power My Learning are being utilized to increase and support student growth. A Virtual Comparison Group analysis by NWEA was initiated to better analyze Quest student achievement growth with those students of comparable demographics.

III. Please provide a "brief analysis of the 2015 PARCC data."

The PARCC assessment was implemented in Arkansas during the 2014-2015 school year and replaced in favor of the ACT Aspire assessment. As was the case with the vast majority of schools across the state, all the schools in Pine Bluff experienced a

decrease in their passing rates when compared to the 2013-2014 Arkansas benchmark exam. See Chart 2 and Chart 3 on the following page.

Chart 2: Literacy Comparison – Passing Rates

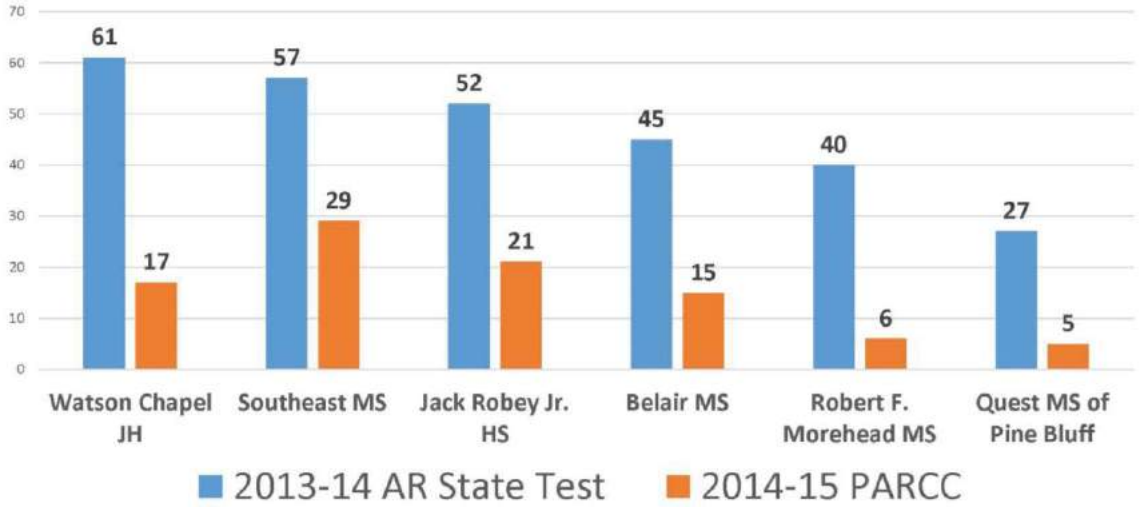


Chart 3: Math Comparison – Passing Rates

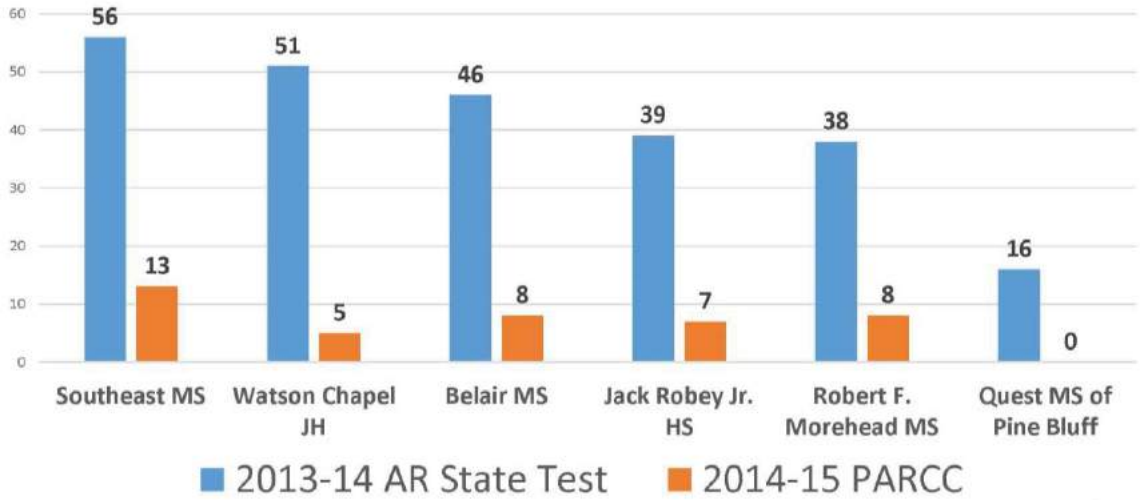

Despite Quest's significant student academic growth, the School's poor performance on the PARCC assessment was not unexpected. This is because of four specific factors, i.e.: (1) the newness of PARCC, (2) the minimum academic performance required to pass PARCC, (3) the academic starting point of the students arriving at Quest, and (4) the fact that the School was only in its second year of operation when PARCC was implemented.

Generally it's been our experience that it may take a student two or more years to become accustomed to a new assessment. It is likely that this learning curve may explain at least in part, the decrease in passing rates experienced by the vast majority of students whenever a new assessment is implemented. To "pass" the PARCC, a student was required to score at Level 4 or above. Level 4, according to the PARCC Performance Level Descriptions, means that "student performance met the academic

expectations for the knowledge, skills, and practices embodied by the standards assessed at their grade level or course." Unfortunately, as noted in Section I. B. above, students who arrived at Quest were performing significantly below their grade level. As such, it's unlikely that students would meet the academic expectations for the knowledge, skills, and practices embodied by the standards assessed at their grade level.

Further, because the PARCC was not utilized in 2013-2014, Quest was unable to utilize the assessment to measure student improvement from one year to the next (a situation it will face again this year with the new ACT Aspire assessment).

Until Quest has multiple years of data from the same state assessment, it will continue to look to the MAP assessment as a significant tool to determine the efficacy of its educational program and inform its instructional practices.

IV. Please provide "[a]n explanation of plans to improve academic achievement."

A. Please provide a description of "[s]pecific plans implemented in the past with data that demonstrate the results and include a discussion of student performance and growth."

During the first two years of operation, the School has implemented the academic program described in its charter application, which has resulted in the student performance and growth described in Sections I and II above.

NOTE: For a detailed description of the School's academic program, see "Quest Charter Application, Standard 6: Educational Program, Appendix A.

B. Please provide a description of "[s]pecific plans for the future that include methods of assessing success."

Quest will assess its success in relation to the performance goals set forth in the School's charter. Until Quest has multiple years of data from the same state assessment, it will continue to look to the MAP assessment to determine the efficacy of its educational program and inform its instructional practices. This is because the MAP assessment is designed to make the measurement error as small as possible. As an adaptive test, MAP assessment scores are substantially more precise and reliable than non-adaptive tests of similar length. MAP data is especially useful for teachers in identifying students who are entering or progressing through the school year materially below or above grade level. The MAP assessment provides Quest with valuable information about each student's academic status and growth. By measuring

and monitoring the growth that does occur, teachers can become much more effective at designing individualized instruction implementing academic strategies/interventions, and assessing the impact of instructional interventions.

In addition to the successful strategies that have already resulted in significant academic growth, Quest plans to improve academic achievement by implementing a multi-tier approach to early identify and support students with learning and behavior needs through the Response to Intervention ("RTI"). RTI at Quest will consist of high-quality, scientifically based, classroom instruction, ongoing student assessments, tiered instruction, and parent involvement.

The RTI process will begin with high-quality instruction and universal screening of all students in the general education classroom. Quest will use classroom assessments, state mandated assessments, and MAP interim assessment to measure the level of intervention needed in the learning environment of each student.

Struggling learners will be provided with interventions at increasing levels of intensity to accelerate their rate of learning. These services may be provided by a variety of personnel, including general education teachers, special education teachers, and specialists. Progress will be closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the intensity and duration of interventions will be based on individual student response to instruction and interim assessments. Quest students in Tier 1 are all taught using instructional methods that research has shown to be effective. Each Math and English Language Arts classroom at Quest has an Instructional Aide in the classroom to provide additional support for students not performing on grade level.

Examples of Tier 1 ELA classroom interventions used at Quest include:

1. Fluency Interventions
    a. Repeated readings (Timed and Untimed)
    b. Shared reading/Echo reading
    c. Practice reading poetry
    d. Letter/sound association

2. Comprehension Interventions
    a. Summarizing text
    b. Think aloud
    c. Read aloud with discussion about text meaning
    d. Rephrasing
    e. Making connections: text-to-self, text-to-text, text-to-world

3. Vocabulary Interventions
    a. Help students generate definitions to take ownership of new words
    b. Enriched reading opportunities
    c. Use content vocabulary in discussions so students can practice words in context

4. Writing Interventions
    a. Verbalize writing ideas to a partner before writing
    b. Teach students to restate the question
    c. Provide pictures/photos to stimulate ideas
    d. Engage student conversation and talk through the pre-writing process
    e. Teach use of key phrases such as "the author states, the text says, etc..." to encourage text referencing

5. Spelling Interventions
    a. Flashcards
    b. Utilize spelling vocabulary in written form within definitions and context
    c. Spelling aloud

Examples of Tier 1 Math classroom interventions used at Quest include:

1. Mnemonics (ex. Please Excuse My Dear Aunt Sally)
2. Flashcards
3. Provide an illustration when defining math vocabulary
4. Daily review of basic facts
5. Analyze math concepts within written text
6. Study Island
7. Power My Learning

Students not making adequate progress in the regular classroom in Tier 1 will be provided with increasingly intensive instruction matched to their needs on the basis of levels of performance and rates of progress. Such instruction is considered Tier 2. Students in Tier 2 will receive additional support in small groups two to three times a week, as well as the regular, class wide instruction. Teachers incorporate many of the Tier 1 classroom interventions in the Tier 2 small group settings. Skill assessments are conducted every other week to monitor the progress of the student. These assessments will be done using STAR Reading, Study Island, Power My Learning, Math Buddies and online instructional programs.

Students not making adequate progress in Tier 2 will be identified as Tier 3. Tier 3 students will receive intensive instruction in specific skills. These students will spend part of their day in general education classes, then they will break off into small groups to receive targeted instruction. Eligible students can receive special education services across all three tiers based on the need of the individual student and their IEP. Quest intervention strategies are designed to focus on the individual student and prevent learning gaps from occurring and developing.

In addition to RTI, Quest will implement other Student-Centered, Faculty-Centered, and Parent-Centered intervention strategies with the goal of improving academic achievement.

1. Student-Centered
   a. Peer mentors
   b. Incentive based techniques
   c. Extended the school day
   d. Install Smartboards in every classroom
   e. Provide a Chromebook to every student
   f. Provide additional Instructional Aides in each Literacy and Math classroom

2. Faculty-Centered
   a. Professional Development
   b. Team meetings for data disaggregation and best practices
   c. Guided book studies

3. Parent-Centered
   a. Parent Observations
   b. Parent communications (i.e. Facebook, phone calls, home visits, newsletters etc.)
   c. Three-week progress reports
   d. Weekly parenting classes

V. Please provide a "discussion of current year-to-date student demographics, discipline, and attendance data."

- Students: 89
- Ethnicity: Black, 78; Hispanic, 5; Native American/Native Alaskan, 1; White, 5
- ADA: 80
- ADT: 62
- ADM: 84

- First Semester Suspensions (In-School/Out-of-School): 21
- EconDis: 96.6%
- Special Education: 17%
- Parole, Probation, Deferred Prosecution, or Other Conditional Release: 16%
- Custody of the Department of Health and Human Services: 3%
- Homeless: 4%
- Reside or Have Previously Resided in a Residential Placement Facility: 4%
- Previously Retained: 6%
- Pregnant or a Parent: 1%

VI. Please provide a "discussion of the achievement of or progress toward the current charter goals."

A. Goal 1: State Assessments

1. Math

a. Goals

1) "Quest Middle School of Pine Bluff will achieve measurable growth for students as demonstrated by state testing. Each of the following sub objectives will be considered as indicators for meeting this goal."

2) "Annually, Quest Middle School of Pine Bluff will increase academic achievement in mathematics as indicated on the benchmark and end of course exams and demonstrate proficiency at the state average AMO."

3) "In Mathematics, specific subpopulations performance will be analyzed documenting a narrowing of the performance gaps across 80% of state assessments over a three year time period."

b. Response: Having a separate state assessment for each of Quest's first two years of operation, academic growth has been assessed using MAP. Quest students who sat for the MAP assessment in both fall of 2013 and remained in attendance through the fall of 2015 experienced an overall percentile increase of 76% in Math. In addition, during the fall 2014 to spring 2015 growth period—the same time period analyzed by the PARCC—50% of the

students at Quest met or exceeded the growth of their virtual comparison group in Math.

2. Literacy

a. Goals:

1) "Quest Middle School of Pine Bluff will achieve measurable growth for students as demonstrated by state testing. Each of the following sub objectives will be considered as indicators for meeting this goal."

2) "Students at Quest Middle School of Pine Bluff will document an increase in their writing capacity by examining annual results and demonstrating proficiency at the state average."

3) "In Literacy, specific subpopulations performance will be analyzed documenting a narrowing of the performance gaps on over 80% of state assessments over a three year time period."

4) "Annually, Quest Middle School of Pine Bluff will increase academic achievement in Literacy as indicated on the benchmark and end of course exams and demonstrate proficiency at the state average AMO."

b. Response: Having a separate state assessment for each of Quest's first two years of operation, academic growth has been assessed using MAP. Quest students who sat for the MAP assessment in both fall of 2013 and remained in attendance through the fall of 2015 experienced an overall percentile increase of 180% in Language and 145% in Reading. In addition, during the fall 2014 to spring 2015 growth period—the same time period analyzed by the PARCC—54% of the students at Quest met or exceeded the growth of their virtual comparison group in Language and 63% did so in Reading.

3. Other Content Areas

a. Goals

1) "Students will complete 90% of curricular lesson in literacy and mathematics."

2) "Students will demonstrate mastery at 80% or above in every completed lesson and unit objectives as measured by the assessments designed to support the Quest Middle School of Pine Bluff curriculum."

3) "On average, students participating for two years or more will meet or exceed the state or national average on the complete battery (percentage) as measures on state approved norm referenced assessments."

b. Response: Students were instructed using a blended learning instructional model and a mastery based curriculum designed to individualize learning. Students demonstrated mastery at 65 percent or above on the initial try and greater than 80 percent or above with multiple tries in every completed lesson for 2014-2015 school year and unit objectives as measured by the assessments designed to support the campus curriculum. Students at Quest are on pace to complete more than 90 percent of the curricular lessons for the 2015-2016 school year.

B. Goal 2: College Readiness

1. Goal: "Upon completion of middle school grades at Quest Middle School of Pine Bluff, a student will have a solid foundation of preparation for high school as evidenced by EXPLORE results. These students, having attained proficiency on state testing, will also show evidence of successful preparation for High School courses that will lead to college readiness."

2. Response: Quest is currently in its third year of operation with students enrolled in grades 5-9. The first graduating class of Quest's middle school students will not occur until the conclusion of the 2016-2017 school year.

C. Goal 3: Dual Credit Enrollment and/or Advanced Placement Course Enrollment

1. Goal: "100% of students enrolled for two or more years will be counseled and prepared for dual credit opportunities by enrolling in mathematics, other higher level subjects that lead to participation in college preparation in later years. As grade levels are added, students will be required, during their senior year to enroll in a minimum of one dual credit course."

2. Response: Quest has begun preliminary explorations of partnerships with local area educational institutions of higher learning such as Southeast Arkansas College and the University of Arkansas at Pine Bluff to provide dual credit enrollment courses for high school students.

D. Goal 4: Career Connections

1. Goal: "100% of students will learn about the path to college and learn about different types of careers. In the first years, college readiness and career opportunity will be major themes for students. Each succeeding year will increase this emphasis. As Quest adds grade levels each year, 100% of the first senior class and each subsequent senior class will be assigned an internship during their senior year. This internship connects the student with local business or career-oriented entities that can involve the student with authentic real-world learning."

2. Response: Quest is currently in its third year of operation. It will not have a senior class until the 2018-2019 school year. Even so, Quest has started building partnerships with local higher education institutions in Southeast Arkansas. These partnerships will help develop internships that will ultimately lead to higher education scholarships and career apprenticeships for our students

E. Goal 5: Student Growth and Progress

1. Goal: "All students enrolled for one or more years will show effective growth and progress in their skills proficiency or learning during each school year. The school will utilize an organized benchmarking system which will be aligned with the student profile system to ensure measurable results that lead to strategies designed to improve learning. Effective growth is defined as evidence of increasing growth of skills as documented by the completion of skill proficiencies by meeting the benchmarking standards established for each skill proficiency area."

2. Response: After only two years of operation, Quest has already achieved significant student academic growth. Quest students who sat for the

Northwest Evaluation Association ("NWEA") Measures of Academic Progress® ("MAP") assessment in both the fall of 2013 and remained in attendance through the fall of 2015 experienced an overall percentile increase of 180% in Language, 76% in Math, and 145% in Reading. In addition, according to the 2014-2015 NWEA Virtual Comparison Group ("VCG") report, 54% of the students at Quest met or exceeded the growth of their virtual comparison group in Language, 50% did so in Math, and 63% did so in Reading.

F. Goal 6: Establishment of Accreditation Status with the Southern Association of Colleges and Schools ("AdvancEd") for a charter school in Arkansas

1. Goal: "Quest Middle School of Pine Bluff will immediately seek and establish a highly effective and noteworthy relationship with AdvancEd in Arkansas. The goal will be to have the campus recognized and listed as an accredited campus with the Southern Association of Colleges and Schools."

2. Response: Quest has been in communication with AdvancEd representatives regarding the process to earn accreditation. Quest has progressed to the external review stage of the accreditation process. The site review for Quest is February 2016.

VII. Please provide "[a]n explanation, with supporting data, of the utilization of approved waivers and how those waivers assist in meeting current charter goals."

The waivers granted to Quest have provided the campus the flexibility to be creative in its academic learning strategies and also the ability to be creative in the daily operations of the school. Academic waivers have been utilized in the advancement of knowledge for our students by being used as a tool that provides creativity in the learning environment. Administration has been able to put individuals in the classroom with firsthand expertise in the course content and also individuals who have a diverse knowledge of the subject including real world experience. This provides our students with the necessary knowledge to learn the content but also provides our students with firsthand experience from an instructor who has been in the particular subject field. Having teachers who have held jobs in their field of instruction has been very valuable in Quest preparations for meeting charter goals two through four. Operational waivers provide the administration the ability to better support by allocating resources in area of greater need for the campus.

With the freedom provided through the waivers, Quest has been able to provide a unique and nurturing environment as previously highlighted. With this said, Quest has met each and every one of the academic growth goals set forth in its charter and

has either met or is on track to meet all other goals set forth in its charter. Quest has achieved significant student academic growth. Quest students who sat for the Northwest Evaluation Association ("NWEA") Measures of Academic Progress® ("MAP") assessment in both the fall of 2013 and remained in attendance through the fall of 2015 experienced an overall percentile increase of 180% in Language, 76% in Math, and 145% in Reading. In addition, according to the 2014-2015 NWEA Virtual Comparison Group ("VCG") report, 54% of the students at Quest met or exceeded the growth of their virtual comparison group in Language, 50% did so in Math, and 63% did so in Reading.

VIII. Please provide a "summary of the overall effectiveness of the charter school."

After only two years of operation, Quest has met each and every one of the academic growth goals set forth in its charter and has either met or is on track to meet all other goals set forth in its charter. Quest has achieved significant student academic growth. Quest students who sat for the MAP assessment in both fall of 2013 and remained in attendance through the fall of 2015 experienced an overall percentile increase of 180% in Language, 76% in Math, and 145% in Reading. In addition, according to the 2014-2015 NWEA VCG report, 54% of the students at Quest met or exceeded the growth of their virtual comparison group in Language, 50% did so in Math, and 63% did so in Reading.

In addition, students are being taught to be successful learners in an encouraging learning environment. This environment has been developed by Quest administrators and teachers who create a climate for effective instruction. Quest has been successful in creating learning strategies that are focused on understanding the student, consistently measuring the student's progress, and creating a safe, supportive environment for learning. Teachers monitor learning habits and character development—which is essential to personalizing student learning. Quest has been very flexible in its ability to provide personalized learning and will continue to make gains in educating the whole student.

Unfortunately, by the time they arrive at Quest, students are severely behind, having already struggled for multiple years. For example, students who arrived at Quest in the fall of 2013 and remained in attendance through the fall of 2015 initially ranked in the bottom 9.5% among their peers in Language, the bottom 10.4% in Math, and the bottom 11.9% in Reading. Even so, as Quest has already demonstrated, these students are capable of achieving great academic growth when placed in the correct academic environment.

The positive academic growth experienced by students attending Quest, provides students with an opportunity to succeed in a personalized learning environment. Therefore, Quest is requesting that the Charter Authorizing Panel amend Quest's charter so that the School may serve students in grades K-4.

APPENDIX A

back on the right path immediately but also allow them to succeed in advanced grades equipped with the tools for learning.

Past and present success proves that the Quest model works for all students, regardless of nationality or socioeconomic status. In Texas, students in the valley, one of the highest poverty regions of the state, as well as an almost exclusive Limited English Proficiency (LEP) Hispanic population, have consistently proven successful at ResponsiveEd campuses. In 2011, as a district, 81% of Hispanic students met state standards on the TAKS test, compared to the state average of only 74%. The same study shows that 78% of African-American students at ResponsiveEd campuses met the state standard, compared to the Texas average of just 67%. Students are finding hope and success at ResponsiveEd schools.

STANDARD 6: EDUCATIONAL PROGRAM

Quest Middle School, the proven system for adolescent learners in a Responsive Education Solutions school, is a distinct blend of effective teacher-directed instruction with emergent technology. The curricular scope and sequence follows standard content-based learning, the assessments and measurements are congruent with high expectation environments, yet the delivery of content is a blend that transitions adolescents from dependence to independent learning in a systemic and organized fashion. The methodology places the student in a contained classroom with focused monitoring by an educator while also providing opportunity for individualized instruction through aligned curriculum and technology. This blend initiates a process that can teach students to become more responsible and make learning opportunity more accessible. Quest Middle School understands the need for the "middle" learner to move from childhood to the teenage years. Therefore, the delivery system uses a dual approach, keeping the learner anchored within a classroom setting that provides stability while simultaneously transitioning the learner into a prescribed individualized offering of some subjects centered on self-determination and decision-making. This system blends the best that the teacher can offer with the best that technology can offer and places the student at the core of the entire process.

INNOVATIVE AND PERSONALIZED

The educational system will be "student-centric," making the learning process of the student the primary centerpiece of the system. The focus of Quest, from the first day students walk through the door, is differentiation (i.e., individualization). Each student will come to Quest unique. Learning styles, strengths and weaknesses, and personal skill sets are all part of each student.

DIAGNOSTICS

In most situations, diagnostics only appear in the form of reviewing a student's records (e.g. report cards, transcripts, etc.). While showing evidence of the academic "location" (e.g., tenth grade, number of credits, etc.), a cursory review of records is not an effective diagnostic. Students are placed without assessing true content knowledge. Learning styles, academic needs, and cognitive strengths are never measured. This lack of attention to the individual child can be indicative of a standardized system of education that ignores differentiation. An effective battery of diagnostic tests must be utilized

before the student's placement and plan are determined. Consequently, Quest will address the following diagnostic testing concerns through the use of an effective battery of diagnostic tests:

A. Grade Equivalency
B. Credit or Grade Achievement
C. Literacy Usage and Content
D. Math Competency
E. Learning Style Inventories

In so doing, the Quest diagnostics process takes a student from enrollment through the implementation of a successful learning plan.

DELIVERY

It is important to have a blend of delivery choices when addressing the individual learning for each student. Just as there are styles of learning, there are also styles (types) of instructing or teaching students. Quest teachers will be trained to be aware of the following differentiated styles of instruction, know how to use each one, and use each of the types when developing a student's learning plan, teaching a classroom of students, or supervising the learning process:

A. Direct Instruction (i.e., a style of instruction that relies primarily on the ability of the educator to verbalize content and transfer information);
B. Independent Instruction (i.e., a style of instruction allowing students to learn content independently, with assistance provided by the educator); and
C. Connected Instruction (i.e., a style of instruction centered on a project-based environment).

As demonstrated by the following chart, each of these styles is defined by seven characteristics:

A. Who (or what) directs the instruction?
B. Who paces the learning process?
C. Who is central to the process?
D. How much structure is needed?
E. What level of content is typical?
F. How much differentiation (or individualization) is possible?
G. What are the specific transfer modes?
H. What type of learning occurs?

	Direct Instruction	Independent Instruction	Connected Instruction
Directs	Teacher	Student	Student
Paces	Teacher	Student	Student
Central	Teacher	Learner	Learner
Structure	High	Moderate	Low
Content Level	Rich	Rich	Complex
Mode	Classroom	Paper	Project

schools. When gathering data for academic decisions, students should be assessed on content that is relative to the requirements of testing realities.

Benchmarking, as well as any assessments, will be timely and planned. Many times, caught up in the consistent demands of working with children, educators delay benchmarking until it becomes urgent and counterproductive. Gathering data will be a system that is built into the school calendar. Gathering data is only the first step in decision making. Once the data has been gathered, Quest will use the data to formulate learning plans and campus activities. A careful review (assessment) of a student's performance can inform educators as to the steps needed for improvement and success.

INTERVENTIONS

If we are truly involved with individual progress, monitoring, and success, there must be interventions embedded in the daily life of the school. Campus academic operations will include a set strategy of increasingly intensive steps to take when a student is not learning or progressing at an effective pace. This involves scheduled team meetings, assessments, and strategies.

TEAM MEETINGS

Teams will be composed of all educators and administration. Collaboration must occur to assess student and campus progress. Meeting agendas will include the following tasks:

A. Identify and map objectives
B. Create schedules for learning
C. Develop formative assessments
D. Establish criteria for success
E. Assess student progress
F. Assign interventions

INTERVENTION STRATEGIES

These strategies are designed to focus on the individual student and prevent learning gaps from occurring and developing. The list provided is not inclusive and can be modified.

A. Student-Centered
   a. Two co-curricular activities
   b. Peer mentors
   c. Student council watch
   d. Privilege systems
B. Faculty-Centered
   a. Faculty advisors (cohorts)
   b. Team attendance meetings
   c. Good Friend advisors
   d. Guided study
C. Parent-Centered
   a. Parent Monitoring
   b. Parent communications
   c. Three-week progress reports

d. Daily progress reports

Students are taught to be leaders. Students are taught that they are not just children waiting to assume leadership when they are adults. They have the capacity to lead in their school and communities now. Quest utilizes the "Seven Habits" concept first documented by Stephen Covey to train, guide, and teach students to lead.[1] These "Seven Habits for Effective Students" include:

A. Be proactive.
B. Begin with the end in mind.
C. Put first things first.
D. Think win-win.
E. First understand, then be understood.
F. Synergize.
G. Sharpen the saw.

Quest will be rich in visual reminders of the Seven Habits. Teachers and administrators integrate the habits into the entire campus culture and community. The habits are the maturing process of a student's growth and learning. Students are expected to develop and practice the habits at school, home, and in their daily lives.

INDEPENDENT

The learning experience at Quest will be created to lead students to become independent learners with the capacity to be successful in life beyond the classroom walls. Quest will utilize strategies focused on a student's unique learning style and ability to develop personalized learning that becomes a natural part of the student's life. Students will learn to work on a portion of courses independently, while receiving focused assistance with their studies and high-stakes testing.

ENCOURAGING

Many of the students have experienced cognitive segregation, which becomes the leading factor in students who develop learned helplessness. This damaging perception of life is a process that systemically teaches people to see themselves as helpless to improve their condition. Systems focusing on teaching create cognitive segregation and students who have been disenfranchised by this segregation find themselves outside of the access reserved for those students who "get it." For that reason, Quest will provide students with an encouraging learning environment. This environment is created by teachers who are learners who create a climate for effective instruction.

LEARNERS

At Quest, teaching will be brought to a new level. Rather than conform to a minimum conventional standard of merely transferring content knowledge, Quest teachers will be continually learning. Quest will utilize the dimensions of "Professional Learning Communities" to develop the whole-school concept of campus culture. These Professional Learning Community dimensions include:

A. Supportive and shared leadership
B. Shared values and vision
C. Collective learning and application of learning

[1] *See* Stephen R. Covey, *The Seven Habits of Highly Effective People* (1989).

D. Supportive conditions
E. Shared personal practice

Teachers collaborate consistently to share ideas, monitor each student, and create strategies designed to ensure students learn. Using these dimensions, Quest will focus on the learning process rather than the teaching process.

CLIMATE

Quest will utilize "Quality Attention Models" to manage student interactions and bring students to a higher level of behavior. These essential skills for educators include:

A. Practicing quality choices
B. Knowing each student
C. Shepherding students
D. Blending professional and personal interactions
E. Providing honest, valuable and significant feedback
F. Practicing the art of blessing students (praise + belief)
G. Training and teaching positive habits and characteristics
H. Doing the "extra" to encourage students

EFFECTIVE INSTRUCTION

The learning experience at Quest will be created to allow teachers to know the student. Quest will utilize strategies focused on knowing a student, consistently measuring the student's progress, and creating environments for learning based on that knowledge. Teachers use research-based diagnostics, including Learning Style Inventories, content measurements, and equivalency tests. All teachers develop differentiated instruction for all students using directive, independent, accelerated, and advanced models. Students receive differentiated instruction through technology and self-directed learning experiences.

SCHOOL DAY AND YEAR

In an effort to be responsive to the community and sensitive to the needs of our parents, Quest will follow the school calendar of Pine Bluff School District. Parents often have other school age children attending other schools; however, parents will support a school calendar that considers all of their children concerning beginning and ending of school days, reporting periods and vacation days. Therefore, the school honors the open-enrollment policy and will follow district calendars, as well as the state requirement of a minimum of 178 student-teacher interactional days. Reporting periods are defined with beginning and ending dates and recognize traditional holidays such as Labor Day, Thanksgiving, Christmas, Spring Break, and Memorial Day. Schools days customarily begin at 7:45 am to 4:30 pm for staff members with a duty free lunch period of 30 minutes. Student schedules for the day will include, at a minimum, the required six hours of instructional time. **(Required Attachment 3: School Calendar and Schedule)**

STANDARD 7: ACADEMIC ACHIEVEMENT GOALS

GOAL 1: STATE ASSESSMENTS

Performance Goal **Math**	Quest Middle School of Pine Bluff will achieve measurable growth for students as demonstrated by state testing. Each of the following sub

Ms. Alexandra Boyd, Program Coordinator
Charter and Home Schools Office
Arkansas Department of Education
Four Capitol Mall
Little Rock, AR 72201

RE: Quest Middle School of Pine Bluff

Dear Ms. Boyd,

Pursuant to Section 4.02.4 of the ADE Rules Governing Public Charter Schools, I have enclosed a completed Charter Amendment Form with attachments for the purpose of requesting the following change:

1. Request permission to add grade levels beginning with the 2016-2017 school year.

In order to aggressively meet the educational needs of the students in the Pine Bluff, AR community, Quest Middle School of Pine Bluff would like to add Kindergarten through Second Grade for the 2016-2017 school year. The campus would then add an additional grade level each year to the elementary grades and retain all of the current students by adding grades at the upper level until reaching full grade level capacity.

2016-2017 – Kindergarten – 2nd Grade and 6th Grade -10th Grade
2017-2018 - Kindergarten – 3rd Grade and 7th Grade -11th Grade
2018-2019 - Kindergarten – 4th Grade and 8th Grade -12th Grade
2019-2020 - Kindergarten – 5th Grade and 9th Grade -12th Grade
2020-2021 - Kindergarten – 6th Grade and 10th Grade -12th Grade
2021-2022 - Kindergarten – 7th Grade and 11th Grade -12th Grade
2022-2023 - Kindergarten – 8th Grade and 12th Grade

I am requesting that this amendment request be placed on the February agenda of the Charter Authorizing Panel for consideration.

Thank you for your assistance in this matter.

Sincerely,

Alan Wimberley
Superintendent
Quest Middle School of West Little Rock

Cc: Superintendent Warren, Pine Bluff Dollarway School District

A CHARTER SCHOOL PROPOSAL

FOR AN EARLY LEARNER COMPONENT

BY

RESPONSIVE EDUCATION SOLUTIONS-ARKANSAS

ON BEHALF OF QUEST MIDDLE SCHOOL OF PINE BLUFF

I. EDUCATIONAL PROGRAM

A. Curricular Plan

1. Overview

The elementary component of Quest Middle School of Pine Bluff will offer a distinctly different learning environment to parents and students seeking a traditional core education with special attention paid to personalized learning, blended learning, technology/teacher integration and character building. We believe parents and the community should be involved in this learning process, which is both rigorous and stimulating, typically conducted in smaller learning environments and framed within a civic context. The campus will provide earlier education opportunities for young learners with one-on-one quality attention and individually developed learning paths, best realized through classical content. The school's programs, utilizing a blend of proven academically successful and character-based education will additionally combine traditional curriculum and advanced learning techniques with emphasis on moral values and character development. The elementary component will remain small by design, within the framework of the full charter, focusing on experienced, caring instruction, emergent technology and advanced educational techniques.

2. Alignment

The elementary component of the charter curriculum will continue with the Arkansas Frameworks and Common Core Standards.

Over the past fourteen years, ResponsiveEd's team of 30+ writers, editors, proofreaders and graphic artists have developed an innovative paper-based and computer-based curriculum for use in ResponsiveEd's schools. Curriculum mapping and revisions will be conducted to ensure that the curriculum is fully aligned with Arkansas standards. Furthermore, each year, ResponsiveEd engages in a complete curriculum review in order to maintain continued alignment with all academic standards.

3. Curriculum

The reading program is a phonics-based, guided reading program. The reading program components are: Shared Writing, Guided Reading, Shared Reading, Phonics, Oral Language, and Paired Reading. To meet the needs of the higher reading level students, we will also incorporate Literature Circles. This reading meets each student at their instructional levels.

Math is a tactile, manipulative-based, multiple strategy curriculum. Student needs are met through the formative and summative testing. Hands-on activities are built in everyday for the students through calendar math and the unit lessons. A supplemental problem-solving program is also used to help with everyday math connections.

Science lessons are based on the 5E model. The learner can build or construct new ideas on top of their old ideas. Students begin by making connections between past and present learning experiences and become mentally engaged in the concept, process, or skill to be learned. Throughout the 5E model students explore and then explain the concepts they have been exploring. They have opportunities to verbalize their conceptual understanding or to demonstrate new skills. Students develop a deeper and broader understanding of major concepts, obtain more information, and refine their skills. The 5E model encourages learners to assess their understanding and abilities and allows the teacher to evaluate their students' understanding of key concepts and skill development.

Social Studies provide a broad and thorough journey through world, ancient, and American history with a concentration on specific civilizations, explorers, and great moments in history. Geography of hemispheres, countries, continents, and regions are discussed in context with historical events and locations. Family groups, cultural heritage, and descriptions of events and people groups are discussed.

4. Achievement & Growth Measurements

Traditionally, student achievement is measured from baseline assessment to end of year assessments. Adequate growth is required for promotion or progression. Simplifying the measurement of tests, quizzes, and homework truly measures the teacher effectiveness, not the student's actual growth. Consequently, student gaps are created because of a lack of teacher accountability prior to the student's arrival to our campus. In the elementary component, the teacher is held accountable for each student's personalized academic growth and will discuss that growth on a weekly basis with campus administration. Through assessments (formal and informal), teachers are able to zero in on their student's progress.

Reading is the gateway to all learning. Therefore, it is of high importance that all students master reading comprehension and fluency. Guided reading is a strategy that helps students become good readers. The teacher provides support for small groups of readers as they learn to use their various reading strategies (context clues, letter and sound relationships, word structure, and so forth). Students are grouped through assessments every six weeks with 90% accuracy in their reading level. This enables the students to enjoy reading without overwhelming them and this helps them with their

comprehension. Students can focus on the application of various reading strategies. Guided reading proves the framework to ensure that students are successful. Their success in reading carries over into other subjects.

We know achievement is measured by growth on assessment. We look beyond that by looking at the closing of the gaps. In the elementary component at Pine Bluff, after administering the battery of assessments and determining the baseline, it is our objective to set the personalized adequate yearly progress for each child.

5. Differentiation

Educational systems must be, or become, "student-centric," making the learning process of the student the primary centerpiece of the system. The focus of the elementary component in Pine Bluff, from the first day students walk through the door, is differentiation (i.e., individualization). Each student who attends the campus is unique. Learning styles, strengths, weaknesses, and personal skill sets are all part of each student. Recognizing these differences and creating differentiated approaches for each is the heart of the learning system.

The unique quality of the elementary campus will be the distinct focus on the learning process rather than the teaching process. The elementary campus of Pine Bluff accomplishes this through:

a. Diagnostics (i.e., an effective battery of tests utilized to accurately place and plan a students' academic journey);

b. Multiple strategies (i.e., the belief that there are many learning styles and paths to success which vary by student); and

c. On-going assessments (i.e., the process of formal and informal assessments and charting the personalized learning plan for each student).

The process of transferring or replicating information is known as "delivery." There are many means by which a student may receive information. Many times, educators depend on one style of delivery. This practice can seriously hinder the learning process because of the diverse, differentiated learning styles of the students in a classroom. Therefore, it is important to have a blend of delivery choices when addressing the individual learning for each student.

Just as there are styles of learning, there are also styles (types) of instructing or teaching students. Teachers at Quest Middle School of Pine Bluff are trained to be aware of the following differentiated styles of instruction, know how to use each one, and use each of the types when developing a student's learning plan, teaching a classroom of students, or supervising the learning process:

a. Direct Instruction: a style of instruction that relies primarily on the ability of the educator to verbalize content and transfer information

b. Independent Instruction: a style of instruction allowing students to learn content independently, with assistance provided by the educator when necessary

c. Accelerated Instruction: a style of instruction allowing students to learn content independently, with assistance provided by the educator when necessary, and defined by technology-based instruction.

While the distribution will vary slightly according to the needs of the individual student, the elementary campus of Pine Bluff will implement the following differentiated styles of instruction:

There will be an intelligent blend of teacher and technology. The curriculum, classical and liberal arts-focused in nature, will be delivered by diagnosing students as to strengths and needs. Students with higher proficiencies in math will have an innovative blend of delivery for content through a blended learning system, allowing those with lower proficiencies to receive more direct instruction from teachers. Those with lower proficiencies in reading will receive innovative blends through technology, specifically providing personalized and individualized opportunities, and higher proficient learners will be in advanced literacy groupings. This blend of technology and teacher will occur for all subject areas.

Core Knowledge will serve as a foundation for much of the instruction as well. Classical education, anchored in character and reliable content, provides a broad capacity for student efficacy. The elementary students will receive much of this opportunity through the utilization of Core Knowledge, a proven and systemic application of "basic to proficient" growth plan for students incorporating best practice.

Based on this delivery method, the student's work environment will demonstrate the following characteristics:

a. Students will be in a traditional classroom.

b. Students will use a combination of direct instruction from highly engaged teachers, emergent technology, workbooks, primary sources, and hands-on activities.

c. Students will be involved in small group guided instruction.

d. Guided reading groups will be utilized for independent and accelerated instruction.

e. Students will be involved in state testing preparation.

f. Students will be involved in project-based learning experiences.

g. Students' informal and formal assessments are diagnosed and integrated by educators.

B. Instructional Practices

1. Instructional Strategies and Practices

a. Guided Reading

Guided reading is a strategy that helps students become good readers. The teacher provides support for small groups of readers as they learn to use various reading strategies (context clues, letter and sound relationships, word structure, and so forth). Although guided reading has been traditionally associated with primary grades, it has been modified and we use it successfully in all grade levels. For example, older students may need to learn new strategies to understand how to read an information book in a way that is going to give them access to the information they are seeking.

b. Math

The math program is a comprehensive standards-based curriculum. All the teaching materials promote strategies that emphasize conceptual understanding, procedural fluency, and problem solving skills through the use of visual models and coherent learning progressions.

The math curriculum is based on the following goals for students and teachers:

1) Provide opportunities for all students to be successful in math through the use of research-based teaching methods and visual models.

2) Help students master both essential skills and mathematical concepts so that they can solve a wide range of mathematical problems, from basic calculations to complex problems in real-world situations.

3) Foster all students' interest in and enjoyment of mathematics.

4) Help students develop the skills and confidence they need to be successful in middle-school math and beyond.

5) Help teachers improve their knowledge of mathematics and their ability to teach it.

c. Science

The 5E Model is used for all lessons in science.

1) Engage: This phase of the instructional model initiates the learning task. The activity should make connections between past and present learning experiences, anticipate activities, and focus students' thinking on the learning outcomes of current activities. The student should become mentally engaged in the concept, process, or skill to be explored

2) Explore: This phase of the teaching model provides students with a common base of experiences within which they identify and develop current concepts, processes, and skills. During this phase, students actively explore their environment or manipulate materials.

3) Explain: This phase of the instructional model focuses students' attention on a particular aspect of their engagement and exploration experiences and provides opportunities for them to verbalize their conceptual understanding, or demonstrate their skills or behaviors. This phase also provides opportunities for teachers to introduce a formal label or definition for a concept, process, skill, or behavior.

4) Elaborate: This phase of the teaching model challenges and extends students' conceptual understanding and allows further opportunity for students to practice desired skills and behaviors. Through new experiences, the students develop deeper and broader understanding, more information, and adequate skills.

5) Evaluate: This phase of the teaching model encourages students to assess their understanding and abilities and provides opportunities for teachers to evaluate student progress toward achieving the educational objectives.

d. History & Geography

Project-based learning is an approach to teaching in which students use prior knowledge and newly discovered information to explore real-world problems and challenges. With this type of active and engaged learning, students are inspired to obtain a deeper knowledge of the subjects they're studying.

2. Pedagogy Monitoring and Support

We believe in educating the child, not the classroom. We believe in a purposeful education that motivates the student to become actively involved and take ownership of the learning process. In a 21st century world, teaching self-efficacy and student ownership of learning is crucial. The area of Pine Bluff, additionally, has experienced significant difficulty in student success. The elementary campus for the charter is propose as an aggressive effort to start engaging with learners at a much earlier age to begin teaching components for success before deficiencies develop and increase.

The single greatest element for pedagogy is a highly engaged, professionally trained, yet innovative teacher in a classroom. While the concept of the teacher as the possessor of content, delivering this content systematically whether students learn or not, it is our intent to train our instructional stuff to be heavily engaged with each student in a personal and effective manner. By encouraging our teachers to use technology in an intelligent way, leveraging all it can do for us, while balancing the direct and non-direct instructional strategies, our goal will be to personalize the educational plan for each child. Along

with the multiple strategies we incorporate into our daily lessons, the student has a better chance of being successful, which will keep the student motivated and involved in their academic career.

Academic Features for the blended learning classical program:

* Blended learning
* Blended delivery systems
* Emergent technology
* Diagnostic testing and student placement based in results
* Character education
* Classical content education
* Core Knowledge
* Engaged, highly trained instructional staff

Our greatest hope is that, by intervening in the process at a much younger age, we can instill the best in our students and use our resources to increase the learning capacity for each student in the community, and surrounding region, of Pine Bluff, Arkansas.

Desegregation Analysis
Quest Middle School of Pine Bluff

This desegregation analysis is in support of the charter amendment request for Quest Middle School of Pine Bluff to modify its current charter agreement with the Arkansas Department of Education. To the extent that Ark. Code Ann. §6-23-106 applies, Quest Middle School of Pine Bluff is required to carefully review the potential impact its operations would have upon the efforts of the Pine Bluff Dollarway School District, White Hall School District, Pine Bluff School District, and Watson Chapel School District to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools. Quest Middle School of Pine Bluff is located within the boundaries of the Pine Bluff Dollarway School District. Quest Middle School of Pine Bluff currently draw students from the Pine Bluff Dollarway School District, White Hall School District, Pine Bluff School District, and Watson Chapel School District. The charter school currently provides instruction to students in fifth grade through eighth grade. Quest Middle School of Pine Bluff would like to add Kindergarten through Second Grade for the 2016-2017 school year. Quest Middle School of Pine Bluff would then add a grade every year until it serves grades Kindergarten through Eighth Grade.

"Desegregation" is the process by which a school district eliminates, to the extent practicable, the lingering negative effects or "vestiges" of prior *de jure* (caused by official action) racial discrimination. The chart below is the 2015-2016 enrollment for the public school districts and open enrollment charter schools affected by the Quest Middle School of Pine Bluff charter school, as maintained by the Arkansas Department of Education Data Center, and the charter school itself.

District Name	2 or more	Asian	Black	Hispanic	Native American	Native Hawaiian	White	Total
Pine Bluff Dollarway	9	1	1098	17	0	3	64	1192
Pine Bluff	28	16	3857	35	6	7	71	4016
Watson Chapel	13	21	1951	60	0	1	559	2605
White Hall	47	88	541	86	13	13	2092	2880
Pine Bluff Lighthouse	3	0	331	5	0	0	4	343
Quest Pine Bluff	0	0	78	5	1	0	5	89

In carefully reviewing the potential impact that Quest Middle School of Pine Bluff would have upon the efforts of the Pine Bluff Dollarway School District and its contiguous districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools. Pine Bluff School District, Pine Bluff Dollarway School District,

and Watson Chapel School District have been in the past subject to federal court orders to create and maintain a unitary system of desegregated public schools. The White Hall School District is not currently, nor has it ever been, under a federal District Court desegregation court order. As an open-enrollment public charter school, Quest Middle School of Pine Bluff must be race neutral and non-discriminatory in its student selection and admission processes, and its operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of any public school district or districts within the state of Arkansas.

In conclusion, Quest Middle School of Pine Bluff submits that upon the basis of its review, no court orders or statutory obligations affecting the Pine Bluff Dollarway School District, White Hall School District, Pine Bluff School District, and Watson Chapel School District that requires the State's Charter School Authorizer to deny the charter amendment request of Quest Middle School of Pine Bluff.

Enrollment:	57	**Poverty Rate:**	96.49	**Phone**	(870) 536-1063

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	2
Number of enrolled students with completed EOY only:	0

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Proficient/Advanced Math	16.18%	16.18%	72.7%

Letter Grade Component Scores

Component One: Weighted Performance

Performance Level and Multiplier	Literacy - Students	Math - Students	Total Points	Literacy + Math - Students
Below Basic (0.0)	15	37	0	52
Basic (0.25)	35	20	13.75	55
Proficient (1.0)	18	11	29	29
Advanced (1.25)	0	0	0	0
Totals			42.75	136

Weighted Performance Points Earned = (42.75/136)*100 = 31.43

Component Two: School Improvement with ESEA Options

Number of Targets Met: 0 | Number of Targets: 4 | School Improvement Points Earned: 55

	Literacy	Math	Graduation Rate
All Students	N	N	
Targeted Achievement Gap Group (TAGG)	N	N	

# Possible Targets:	Number of Targets Met: 0	1	2	3	4	5	6
6	55	62	68	75	82	88	95
5	55	63	71	79	87	95	
4	55	65	75	85	95		
3	55	68	81	95			
2	55	75	95				

Component Four: Gap Adjustment

Achievement Gap (Literacy and Math)

Non-TAGG Proficiency Rate:	NA	TAGG Proficiency Rate:	19.53
Gap Size:	N < 25		
Adjustment:	0		

	Largest Gap	Large Gap	Average Gap	Small Gap	Smallest Gap
Gap Adjustment	-6	-3	0	+3	+6
Achievement Gap Range	23.86% or greater	19.53-23.85%	15.93-19.52%	12.00-15.92%	Less than 12.00%
Graduation Gap Range	16.21% or greater	10.75-16.20%	6.90-10.74%	3.66-6.89%	Less than 3.66%

Overall School Score

Schools without Graduation Rate	Overall school Score = (1.5)(Weighted Performance + Gap Adjustment) + (1.5)(Improvement)
Score for This School	(1.5)(31.43 + 0) + (1.5)(55) = 130

Point Ranges for Grades

A: 270 to 300	B: 240 to 269	C: 210 to 239	D: 180 to 209	F: less than 180

Overall School Scores are rounded to the nearest whole number.

Documentation of Charter Authorizing Panel Action

Quest Pine Bluff Amendment and Academic Performance Hearing

Motion

To deny the amendment request and take no action regarding academic performance

Barnes	Liwo	Saunders-**2**
Gotcher	Pfeffer-**M**	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			I am uncomfortable with the expansion at this time. I feel it is premature due to current reality of low student achievement and the fact that the charter is in early development. This allows time for growth to be sustained.
Gotcher	**X**			I feel the academic and leadership components have great potential; yet I am not confident that the capacity for expansion of lower grade levels is in place. My encouragement is to work towards a strategic comprehensive plan for a K-4 curriculum aligned to the Arkansas standards.
Lester	**X**			I feel growth has been demonstrated through formative assessment data and leadership stability. However, I am uncomfortable at this time with the amendment for expansion.
Liwo	**X**			NWEA MAP assessment shows student growth. However, there was some indication that the students are still below the growth level that would correlate to, or bolster positive anticipation of, a successful student performance with ACT ASPIRE. Specific and focused plans to improve student grade level

				performance were not presented. When comparing the charter's performance to area school districts with the same or similar student population, the charter still had the lowest performance. The charter explained its belief that this was due to leadership that was not invested in the community. Still the better course of action with regard to the charter at this point in time would be to see how student performance improves under new leadership. This is a young charter that needs time to show an improvement with student performance or at least meet the performance levels of similar local school districts.
Pfeffer	**X**			I made the motion to allow the charter time to fully put in place the infrastructure and stability needed to have capacity for future expansion. The expansion of high school grades will require increased capacity and to add elementary grades at this time I believe would be detrimental to the charter's future success.
Rogers	**X**			The school is still a developing charter school, and I would like to see verification of the student growth sustained and translating into student achievement before expanding the charter.
Saunders	**X**			I would feel more comfortable with expansion after performance is similar or greater than entities with like populations.
Smith	**X**			This charter is a young school that is showing growth, however I did not feel that the school has a strategic academic plan to serve K-4 at this time. Also, I want to encourage the school to continue to strengthen their current professional development plan regarding instructional practices.

RE: **Notice of Charter Authorizing Panel Decision**
School for Integrated Academies and Technologies

Dear Ms. Tatum:

On February 18, 2016, the Charter Authorizing Panel met and approved the renewal application for School for Integrated Academies and Technologies for a period of 3 years. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director
Public Charter Schools

Accredited

Financial Information

Fiscal Year	Grades Served	Average Daily Membership	Legal Balance	Categorical Funds Balance
2014	9-12	79	79,939	439
2015	9-12	132	28,647	0
YTD 2016	9-12	156*	150,357	**(9,326)**

*As reported in Quarter 1

Remaining Concerns

- It remains unclear what measures the charter is taking to increase retention.
- It remains unclear that all protocols required for special education students are followed in addition to implementing RTI.
- The lottery and waitlist procedures remain unclear.
- It remains unclear that manifestation determination conferences are held, as required for special education students, when implementing a zero tolerance policy.
- The timeframe for implementing the case management system was not provided.
- Reference is made to “attached” documents that describe the training provided prior to scoring writing assessments, but the documents were not provided.
- It remains unclear who trains teachers to score the school-administered writing assessments.

Priority Response

Charter Priority Questions

An explanation of the ways in which the charter maintains and promotes the legislative intent for charter schools as outlined in Ark. Code Ann § 6-23-102.

Please note, the responses below for priority question 1 were broken into the six separate areas noted in 6-23-102. Legislative intent: the Legislative intent sections are noted in Blue.

(1) Improve student learning;

The Mission of SIATech in Little Rock (School of Integrated Academics and Technologies, Inc.) is to provide a premiere high school drop-out recovery program engaging students through relationship focused, high-tech, and rigorous learning experiences resulting in Real Learning for Real Life ®. The school views all at-risk students as 'At-Promise' and provides this population of youth with the opportunity to earn a high school diploma, leading to advanced study and expanded opportunities for success in the workforce.

The SIATech Vision of Success characterizes:

STUDENTS as life-long learners and contributing members of society

STAFF having an opportunity to make a difference in an environment of respect, recognition and professional growth

COMMUNITIES benefiting from the success and contributions of MYcroSchool students

This specialized school enhances each student's ability to access and succeed in institutions of higher education, the 21st century workforce and/or military service and promote their opportunities to learn the skills needed to negotiate the complexities of life and to prepare for life educationally, technologically, economically, and socially. The primary focus of the school is dropout recovery.

SIATech serves a highly mobile population of economically disadvantaged students. School absences affect youth from poverty disproportionately; they are more prone to miss school and suffer academically because of these absences. Poverty can inform poor attendance simply due to a dearth of resources such as access to regular and dependable transportation, responding to family child care and health needs, addressing issues involving law enforcement, mobility with housing, working to support the family financially, to name a few. It is critical to address attendance, as research shows that absence from school is directly related to student achievement. School staff must identify the issues and then seek to address them. Students must be present to have any chance to 'win' in school. It is also critically important to develop positive, trusting relationships with students so they know they are cared for and that school is a safe haven for all to be present and learn.
Students are enrolled on a regular, weekly basis and go through an initial orientation to ensure and understanding of school policies, practices and procedures, with a specific focus on regular, on-time attendance and high expectations for students. Every effort must be made to ensure attendance, Students must be present to 'win' (their education).

Attendance is valued and honored. Staff is excited to see students present and appreciate all efforts to be in class regularly and on time. Absence procedures are fixed and unchanging.

All absences require a parent note/call/or medical slip for student to be excused and students are held accountable for every absence. Communication with parents of minors and with parents, when permission given, of adult students helps to ensure parents are in the 'know' regarding school attendance. Parents/Guardians are called when there is not written excuse from a parent/guardian or medical note. It is standard practice to call on both the 6th and 8th absences, regardless of a written excuse. SIATech staff communicates with Job Corp staff regarding their student's absences. Regular and ongoing communication is KEY.

The SIATech team feels that a Safe and Effective Learning Environment is essential to promote and improve student learning. Safe, consistent, and effective classroom management processes are in place in every classroom and Discipline at SIATech is Appropriate, Consistently Applied and is in the Best Interest of Students and Staff.

- The school Principal provides for consistency with discipline. She handles, with few exceptions, all the discipline on campus. This, not because it is her passion, but in a small learning environment there are not enough staff members to provide staffing for another individual to 'own' discipline. The SIATech student population will always be less than 300 students in order to provide the personalization and a feeling
- Students are informed as to what is and is not acceptable; students are reminded as signs of escalation appear; parents are informed about issues, all of which is done: kindly, clearly and respectfully. A few Clear Rules/Expectations are established and implemented in addition to policies and procedures which support an orderly and effective learning environment.
- All staff are trained to appropriately address behavior issues, stressing respect, safety and an emphasis on workplace behaviors (preparing for the future)
- Zero Tolerance is applied as appropriate

Behavioral and Learning Interventions are a critical part of the school day.

- Staff, first and foremost, works to develop supportive and positive relationships (rapport)with students, providing a supportive and safe place to learn
- An emphasis is placed on helping students to become self-directed learners and teaching them, thinking skills, to *learn how to learn*. Students who have to learn everything as new have a very difficult time in school, generally because they have not been taught the mental processes that support learning. Some examples include connecting new information with prior knowledge, looking for patterns and relationships, gathering, organizing and making sense of the information you have.
- Teachers are calm, making use of their inner authority and implement classroom engagement and management practices that are routine. They provide options for students when it is appropriate and they are always 'with-it,' seeing with the eyes in the back of their heads.

(2) Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as low-achieving;

SIATech students can enroll at any time during the school year. After reviewing a student's academic history, a competent and caring staff member works with him/her to create an Individualized Learning Plan (ILP) that charts a path to graduation and beyond. In this way, no time is wasted, and every student can advance as rapidly as possible. The plan is outlined on the Academic Performance Record that provides the students and teachers with information about the number of credits the student needs to complete, his/her assessment information, and his/her

graduation goal. When a teacher has a new student enter his or her class, the teacher reviews the Academic Performance Record to review the student's assessment, performance, and credit needs. The teacher then meets with the student to map out how the student will progress through the course. The teacher/Advisor will review the modules that students will be expected to complete and with input from the student, set an initial course completion goal date. As students progress through the curriculum, teachers/advisors meet with them weekly to set additional goals and check their progress. Students stay engaged as SIATech blends the most effective classroom and virtual environments supporting individual student goal achievement. Therefore, students are able to exit the program when they have met all of the Arkansas requirements for graduation, without having to wait for a June graduation. Students who are not making progress and have gone through the SST process may be referred for a special education evaluation or a 504 plan.

Students enrolled in SIATech who are identified as below grade level or low-achieving, will have an ILP that will indicate the appropriate course pathway. SIATech will provide each student with a learning environment conducive to developing and expanding his/her individual areas of need. SIATech recognizes that students who are identified as low-achieving, are students who need scaffolding to build basic, foundational skills before mastering the skills and standards of the high school core curriculum.

The ILP is accessible to each of the student's teachers who are responsible for the implementation. Each teacher of the student shall be informed of specific responsibilities related to implementing the student's ILP.

SIATech provides appropriate scaffold coursework for all students along with remediation opportunities in order to maximize each student's potential through a variety of options, including but not limited to, modifications of content, processes, or products through a differentiated curriculum, curriculum compacting, and/or enrichment. Supplemental curriculum and resources include PLATO Foundational Math and Reading Strategies; Intensive Reading; a Pre-module, which teaches parts of speech and basic sentence structure; educational videos; and modified curriculum and other resources; and the National Repository of Online Courses(NROC) Developmental Mathematics curriculum that was designed to remediate an adult learner from basic mathematics through college readiness in mathematics.

(3) Encourage the use of different and innovative teaching methods;

SIATech teachers use a variety of opening of class activities during the beginning of each period of the day: picture prompts, journal prompts, quote/question/thought of the day, current events, daily math/science question. An emphasis is placed on open ended activities that are engaging, generate a variety of student responses and promote student collaboration. Good types of open-ended activities are brainstorming and prediction which are perfect for mixed ability groups of students (reality in SIATech classrooms). One method that SIATech teachers use is to check student knowledge during activities through the use of student responses on sticky notes.

Opening activities also support immediate guided engagement at the start of each class period and minimizes wasted time.

Teachers can modify these opening activities to fit their students' learning styles and multiple teaching styles. Activities can be active (standing, changing partners, filling in groups with like or non-like responses/ideas), promote sharing of ideas (mine and yours-can they explain how their

partner solved the problem). The options are infinite and easy to develop interesting, effective, thought provoking and stimulating for all levels of students.

A Best Classroom Management Practice

SIATech utilizes a Blended Learning approach, which allows each student access to a computer and to work at his/her optimal pace. Due to open enrollment, many students in the class might be working on something different for significant accounts of time. Teachers must move thru the room and ensure appropriate effort and that progress is happening while providing assistance and guided support/questions to 'redirect' student thinking when they are 'stuck'. SIATech staff initiated the use of a variety of buzzwords and phrases to catch students' attention and listen to messages from the teacher. Teachers use phrases like "May I help you?" and "What are you working on today?" to check progress and others such as "Let's get busy" and "Show me where you are" to redirect students' back to their class work. This allows staff to also check for understanding.

(4) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site;

Supporting and empowering educators are fundamental parts of SIATech's educational ecosystem. Through its teacher/leadership development programs, educators are supported at every stage in their careers. Over 25 courses have been developed internally to prepare instructors, classroom assistants, and administrators to be leaders in the continually changing educational environment. To meet the current Coding requirement, SIATech offers to students Computer Basic Programming in house. Students have at their fingertips BYU electives: Computer Engineering, Computer Literacy and Computer Science. For the 2016-2017 school term, SIATech will also offer AP Computer Science Principles. SIATech's professional development program, prepares experienced and aspiring teachers to take a leadership role in the development, improvement and implementation of the learning program at their school site. New teachers are paired with experienced mentors to help ensure they evolve toward expert teacher status. Orientation programs welcome new employees and provide training for entire new site staff to ensure they are able to positively impact student learning immediately and dynamically.

B. New Staff Orientation (NSO):

SIATech NSO provides week-long intensive trainings which include matching the new staff member with a mentor who has been trained to organize and personalize the NSO experience for the new staff member and includes culture, curriculum, and information to equip the staff member to quickly adjust to the organization and his or her role for supporting students in learning.

C. Professional Development Plan:

SIATech provides professional development opportunities geared toward individual experiences

as well as site experiences, which provide growth to the staff member(s). SIATech has an expansive catalogue of professional opportunities for learning from which a site or individual can choose for growth. SIATech staff also design an annual Professional Development Plan with a focus on research-based improvement strategies.

(5) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system

SIATech has chosen to re-invent education and transform lives by igniting the spark to learn. "Just as the nation has focused its attention on boosting high school graduation rates in low-performing schools, we need additional efforts to help students within all schools who need greater support." (Building a Grad Nation Annual Update; February 2013) SIATech Little Rock Charter High School offers an innovative integrated approach to education – an ecosystem that helps students, teachers, families, and schools thrive. As a nonprofit organization, SIATech creates the environments, tools, and techniques that re-engage and motivate students to complete high school and earn their diplomas. The SIATech ecosystem focuses on three areas essential for student success: a proven, standards-based curriculum integrating academics and technology; a comprehensive professional development program for teachers, support staff, and administrators; and extensive services to help schools operate effectively and efficiently.

On average, the majority of SIATech students are eighteen years old or older. Given that most of our students are adults, there tends to be less parental involvement in our schools than what one would find in a traditional high school. Despite the low number of minors, we make the following efforts to engage parents and family in supporting their minor age students in successfully completing the requirements to earn an accredited SIATech diploma:

- Parents and community members are included in site based informational meetings
- Parent forums and survey response opportunities are coordinated with various graduation ceremonies
- Students are given handouts with information about how to access the survey to take home to their parents.
- Parents and guardians are invited to informational meetings when students enroll in the SIATech program and are also invited to yearly formal informational meetings that are advertised in the Arkansas Democratic Gazette
- Parents and guardians are invited to all graduations and all participants are given the opportunity to complete surveys with questions related to school improvement actions
- SIATech works closely with military recruiters, Arkansas Workforce Center, Goodwill Industries and agencies from the Health Department to leverage resources and promote the success of all enrolled students.

(6) Hold the schools established under this chapter accountable for meeting measurable student achievement standards.

School Exit Outcomes and Performance Goals

SIATech will uses a comprehensive assessment approach designed to provide valid, reliable, and timely information for teachers to modify and improve instruction, select appropriate modes of classroom activities, monitor student progress, and use assessment results effectively. Assessments are designed to inform teachers about the effectiveness of their teaching and the academic/learning progress being made by students. SIATech teachers use a variety of formative and summative assessments and evaluate, apply, and integrate assessment data to improve student performance on the standards-based curriculum requirements and on state mandated assessments.

Teachers use assessment strategies to assist in assuring continuous progress. For example, teachers are expected to assess students' readiness to learn, differentiate and/or modify instruction based upon assessed student performance, employ performance-based assessment approaches, assist students in maintaining individual work folders and portfolios, and review assessment results to improve students' academic performance. SIATech teachers also implement all statewide summative assessments as required by law.

School Exit Outcomes and Performance Goals:

1. The percentage of students demonstrating accelerated growth in reading and math skills will trend up over the term of the charter.
2. An evaluation of Individual Student writing skills will demonstrate improvement over the term of the charter.
3. The School Graduation rate will compare favorably with the graduation rate of schools serving similar student populations in Arkansas and will trend up over the term of the charter.
4. Student enrollment in colleges and/or in advanced training and/or achievement of certifications will be evaluated annually and will trend up over the term of the charter.
    - Staff will use the National Student Clearinghouse[1] data to gather college data
    - Staff will encourage student participation in an alumni program to gather this data
5. Students will be evaluated by the Gallup Poll for hope, engagement, and well-being, measures of non-cognitive efforts to predict student success in academics and general youth development settings."[2]
    - School results will be compared to schools across the country, with the annual goal of overall comparable or better results in hope and engagement.

All of the outcomes and goals described previously align to school mission, vision, and values through the use of a curriculum designed to engage an older student population and assessments that will provide relevant academic growth information to each and every individual student.

[2] http://www.gallup.com/strategicconsulting/148115/Gallup-Student-Poll-Technical-Report.aspx

An explanation of the ways in which the charter remains innovative while struggling academically.

SIATech Charter High remains innovative in the following ways:

- Students are able to enroll daily
- Students are able to complete their diploma requirements daily
- Multi-tiered levels of support for struggling learners
- Curriculum can be delivered digitally or the curriculum can be printed for students who work better with hands on manipulatives
- Small academic successes for students who have been labeled "At Risk"
- The school has been able to positively impact the community by providing graduates who are then able to enter the military, workforce or attend a secondary school of their choice

Over the four years, SIATech has amassed community and business partners to support the success of SIATech students and we are seeking to continue this effort.

Successful partnership with Job Corps in Little Rock

SIATech continues their partnership with Job Corps and serves students from the Center who are brought to school by bus. The students provided by Job Corp are the very students Job Corps seeks to serve; dropouts and socioeconomically disadvantaged youth.

A Strong School Board

The SIATech Board members are all committed to the Mission, Vision, and Values of SIATech. They give of their time, not only for monthly meetings, but also attend mandatory annual trainings, school events, participate in graduation and bring/refer community resources to and for the school. SIATech is privileged to work with this team of leaders.

Enrollment of Students Referred from Military Recruitment Centers and Their Staff

Staff at the Recruitment Centers have become aware of our school and have demonstrated interest in our students. Students are interested in the military and are following up on this through the personnel at the Recruitment Centers.

Enrollment of Students Referred from the Juvenile Justice System

The past two years, one (1) Little Rock Juvenile Judge has been referring youth from the court system to SIATech on a regular basis. Late last year and continuing into this school year two (2) more Judges have started to refer students to SIATech. Thus far SIATech has enrolled 4-6 students referred from these Judges since September.

Use of a Learning Management System, (ANGEL/Schoology)

The primary advantage of using a Learning Management System (LMS) is that it promotes Individual Student Learning. Students are able to progress at their optimal pace, choose an order of progress with classes and select different activities that are needed when they are ready to address different parts of the curriculum that are not 'order specific.'

Most significantly, it gives the individual student some power over their day to day learning activities.

There are many other advantages of using an LMS, some of which are represented below. For staff and students, there are multiple reports to choose from (see below). Students can proceed at their own pace, repeat lessons as needed, show mastery to accelerate, etc. Time logs provide a clear picture of progress and effort for individuals and each class entity on any given day. This frees up teachers to work with small/large groups of students for personalized instruction.

SIATech has been using Angel for many years. Schoology, a new LMS will be implemented in the 2016-17 School Year. Schoology was initially developed by four college students and has grown to be one of the top LMSs used by educators.

Brief analysis of PARCC data.

MATHEMATICS: For PARCC Math – Geometry: Four students tested and of the four, 3 earned a level 2 in mathematics and one earned a level one. One of the four students were listed as receiving special education services. The major deficit areas included: Additional & supporting content and modeling & application. In order to address these deficit areas, the students were immersed in real world application math examples (working with excel math data; percentages; decimals; multiplication and foundational math skills) in order to increase their work place math readiness skills.

LITERACY: For PARCC Literacy, three students were assessed and all three received a score of "Level 1". One of the three students whom were assessed were classified as a student receiving special programming services for major numeracy and literacy deficits. The other two students were immersed in content rich reading and comprehension material integrated through their daily classwork. In addition to this, all students were pulled to work with staff individually during coursework and assessed on their reading and comprehension of the tasks and assignments. Students were also encouraged to spend a minimum of 15 to 30 minutes per day reading material pertinent to their individual liking.

NOTE: It is important to note that due to the model of SIATech Charter High School there were several factors which affected testing:

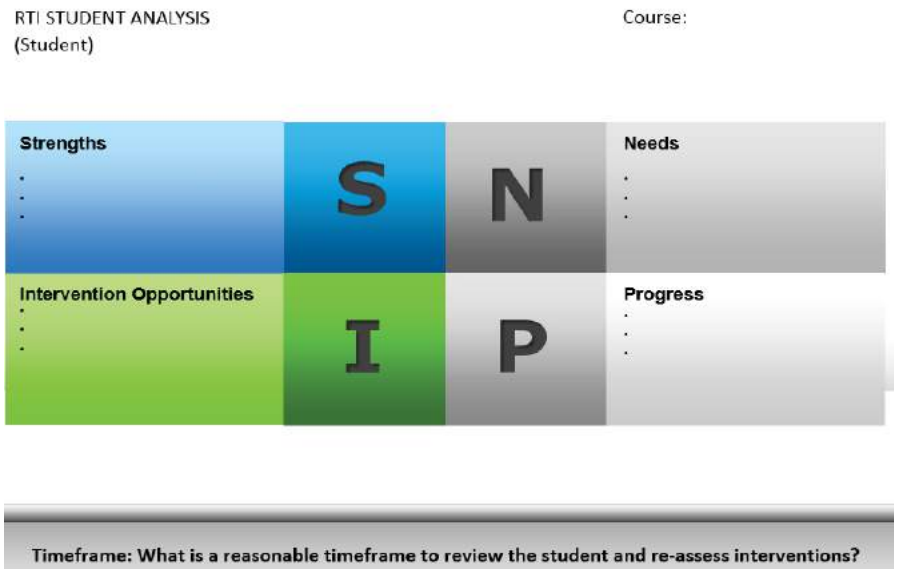
- Many students entered having End of Year testing completed at their previous school.
- Some students pulled for testing were classified as "drop" or "incarcerated" at the time to testing. Due to this fact, these students did not test.
- As the state is moving to the ACT/ACT Aspire summative testing for the 2015/16 school year; students are given work prompts in each academic areas to increase numeracy and literacy.

An explanation of plans to improve academic achievement.

When students enter SIATech Charter High school, they meet with the school registrar to gather a clear assessment of credits earned vs credits needed to earn their diploma. After this is held, students meet with the core teachers where they develop an academic goal plan. This plan is assessed between the teacher and student on a weekly basis. Assessments include tracking the students' rate of completion, addressing academic barriers, addressing internal and external student barriers and creating new academic goals.

Students who are struggling at a more advance rate than grade level/age level peers are presented to the RTI (Response to Intervention) academic team during RTI meetings. These students are assessed individually for RTI strategies which may assist in overcoming academic barriers. The

team meets regularly to assess growth or lack of growth and create new intervention plans as needed or discontinue intervention plans for students who have made academic increase. An example template provided below:



In addition to the above academic tracking, it is important to develop post-secondary transition plans with students. Developing a transition plan and establishing goals is necessary in order to develop direction and steps to achievement. These steps include items such as employment services, work-based skill development, paper and digital resume development and interviewing techniques to name a few. For students who are pursuing post-secondary degree opportunities, transition plans include college research, filing for financial aid, utilizing YOUniversal for scholarship opportunities and scheduled intake interviews with college recruitment personnel. Students who wish to enter the military are provided an opportunity to meet with military recruitment personnel and provided recruitment requirements and create a plan for successful entrance.

Specific plans implemented in the past with data that demonstrate the results and include a discussion of student performance and growth.

SIATech opened in August 2011 and spent its first two years of operation on the Little Rock Job Corps Campus.
1. The data from years one and two were collected when the school was located on the Job corps Center
2. The data from years there and four represent the years when the school moved to a community location and
This time and energy that went into addressing the Job Corps location, which became a barrier to fully implementing our enrollment goals and the learning goals set forth in our charter, took much

time and energy on the part of all team members. This is not an excuse, but it is the reality of the school history for the first four years. We anticipate a change toward the positive with respect to goal achievement over the next several year, starting with this 2015-2016 school year.

This past year SIATech purchased the new Renaissance Math and Reading assessments to raise the bar with respect to student achievement in math and reading. There are new norming tables and higher expectations of students with respect for math and reading skill levels.

In accordance with the charter application, SIATech will continue to evaluate student growth in reading and math as measures of academic performance and growth using Renaissance Learning's upgraded, STAR Enterprise assessments. This assessment makes use of sophisticated item calibration and psychometrics to dynamically adjust to each student's unique responses (computer adaptive). The data provided is valid, reliable and actionable and will deliver immediate and informative feedback to staff and individual students, identifying where each student is currently and specific areas of attention needed to move forward. Renaissance is fully supported by extensive research, the assessments are easy to administer and yield the valid, reliable, actionable data educators and students' needs.

SIATech is a Dropout Recovery High School with a definitive focus on Re-Engaging, Reaching and Teaching an At-Promise student population.

Dropping out of school happens for a multitude of reasons that can include:

- Feelings of failure (difficulty with academics, personal challenges, a victim of bullying)
- Situations of adversity/hardships (e.g. drugs/alcohol, poverty, having a child)
- Consequences from inappropriate and/or illegal behavior

Research has shown that students who have dropped out, are more likely to do repeat that behavior again.

Total Number of Exited Students and Graduates for Each Year

SIATech Little Rock graduated 169 students during the first four years of the charter. In looking at the 169 students who attained a high school diploma, it is important to acknowledge that this group of youth will have a much greater likelihood of being contributors to the economy of the State of Arkansas, themselves and their families as opposed to a drain on Arkansas society (Makers not Takers). Alternative schools, similar to SIATech, will never have the grouped academic results of traditional student populations but will have individual academic results that are definitely comparable.

- Examples of next steps for our graduates include:
- 1 Student enrolled in Pulaski Tech and is pursuing a career nursing
- 1 Student works for Irby
- 1 Student works for Maybelline
- 2 Students are in the last round of LRPD interview processes
- 2-4 Students have enlisted in the military

The pervasive poverty encountered in the SIATech Little Rock student population upon opening in 2011, exceeded most of our experiences relative to a beginning level of literacy and learning skills. That a majority of students enrolling in SIATech arrive with reading skills that are below grade level, is not unusual for youth impacted by the effect of severe trauma on their health and

achievement. Regardless, the progress we have made over the years has led us to believe that students who come to us from a culture of hopelessness can have hope for a brighter future. The enrollment of students who have experienced traumas in their lives, whether it is physical/emotional abuse, hunger, homelessness, family violence, poverty, … are real at SIATech; this is not an excuse, rather a reality. In order to help students be successful in learning, SIATech must first and foremost meet the personal needs of students, the majority of whom have suffered from trauma in many different forms. As new students enroll most every week, a focus is always placed on building positive and supportive relationships, ensuring that students feel, and are safe, physically, socially and emotionally, while they are at SIATech. Previous student experiences may compromise their ability to self-regulate their emotions, behavior and attention in positive ways. The impact of trauma, across many years, does not look the same for all students but it is addressed at SIATech with a personal focus on all students as individuals, within a structure that provides a safe and secure learning environment, within a culture of caring, respect and high expectations.

Specific plans for the future that include methods of accessing success.

SIATech will continue to use the following common methods for accessing success:

- Setting high standards
- Holding students accountable for completion of their work
- Keep process and procedures clear. Exhibit clarity
- Maintaining transparency for students and their families
- Providing constructive feedback

Student success will also be accessed in the following ways:

- Learning Prompts
    - Asking appropriate questions
    - Encourage students to build upon a peers response
    - Call on students who don't normally respond
- Monitoring Seat Work
    - Encourage students to engage with the helpline
    - Monitor small group instruction
    - Encourage peer tutoring
    - Positive teacher interactions

- Classroom Review and Reflection
    - Incorporate methods to monitor classroom procedures
    - Analyze walk-through data to help improve classroom setting

We will also continue to monitor students' academic progress utilizing the Star Math and Reading assessments given to students upon arrival and every 6 weeks following. We will track areas that need improvements and develop ILPs to help improve/increase student academic achievements. We will also fully implement the RTI (Response to Intervention) for students who are struggling at a more advanced rate.

Annually, the goal for each individual student, enrolled 90+ days and assessed below the 11th grade level, is to accelerate learning in reading and math.

- Accelerated learning is defined as **greater than** one year's growth in one year's time.
- Our external analysis provides information for a much high expectation: 2 years growth for every student over one year's time

An overall goal**, for all students,** is to accelerate learning, but 100% is not feasible, nor do we want to select a specific % as a goal.

A statistically measurable goal is for SIATech student results **to trend up over the five years** toward a high level goal (two (2) years growth in (1) one year's time). Our goal for the next five years is a trend line (Line of Best Fit) that trends up (positive slope). SIATech uses a very high bar to promote best efforts from staff and students. We know that not every student will meet a two years growth goal, for each year they are enrolled, but we hope to incrementally improve over the years, learning with our students, the best ways to meet their social, emotional and learning needs.

As part of the Charter Renewal application process, SIATech has set New Performance Goals

SIATech Little Rock leadership understands that, during the term of the charter renewal, the charter is expected to meet all goals and/or objectives set by the state.

Academic: READING AND MATH

The tool used to measure Reading and Math academic performance;

SIATech will evaluate student growth in reading and math as measures of academic performance and growth using Renaissance Learning's upgraded, STAR Enterprise assessments. This assessment makes use of sophisticated item calibration and psychometrics to dynamically adjust to each student's unique responses (computer adaptive). The data provided is valid, reliable and actionable and will deliver immediate and informative feedback to staff and individual students, identifying where each student is currently and specific areas of attention needed to move forward.

Renaissance is fully supported by extensive research, the assessments are easy to administer and yield the valid, reliable, actionable data educators and students need.

Growth Goal: Reading

SIATech Cohort students (enrolled, minimally, 10 months in SIATech) will demonstrate value-added improvement on the Renaissance STAR Enterprise Reading assessment using baseline and growth scale scores. Each individual student goal is to accelerate their learning in Reading.

Growth Goal: Math

SIATech Cohort students (enrolled, minimally, 10 months in SIATech) will demonstrate value-added improvement on the Renaissance STAR Enterprise Math assessment using baseline and growth scale scores. Each individual student goal is to accelerate their learning in Math

Process for evaluating results:

- The Value-Added Analysis Network, (https://valueadded.teachingdoctors.com/) an organization with a specialization in educational evaluations, will evaluate all individual student math and reading results for accelerated learning growth.
- A general (average) estimation of accelerated learning can be defined as two years' of growth over one years' time enrolled in SIATech) providing for value added growth.

- Scale Scores and a Growth to Standard Model will be used for this evaluation; students and staff will have access to the Grade Level Equivalency information (See Attachment for data analysis detail).
- A Regression Analysis will be done annually to determine the Trend Line (Line of Best Fit)

The level of performance that will demonstrate success in Math & Reading
Using a Growth to Standard Analysis, a majority of the students assessed will demonstrate value added growth annually for the majority of years. A Regression Analysis will be done to determine if the individual growth data demonstrated a positive trending up/line of best fit the majority of years. Student learning gains data, at the end of each school year, will be evaluated for students enrolled for a minimum of 10 school months (can overlap school years), will maintain and/or trend up annually, over the term of the charter contract.

Academic: WRITING

The tool to be used to measure writing academic performance;
SIATech Cohort (10+ month) students will demonstrate appropriate improvement on the SIATech Common Assessment System (CAS), On-Demand Writing Assessment.
Writing will be evaluated by trained SIATech staff, using:

- a narrative rubric aligned to Arkansas standards, and
- an electronic evaluation tool for Grammar (e.g. Paper Rater)

Growth Goal: Writing
The majority (%) of SIATech Cohort students, enrolled 10+ months, will demonstrate improvement in writing skills using Baseline and Growth Writing assessments. Due to the importance of writing and the need to improve student writing skills, grammar scoring will also be included. The expectation is a trending up of student writing growth results, over the term of the charter.

The level of performance that will demonstrate success in Writing
A majority percentage (%) of Cohort students (enrolled 10+ months) will demonstrate improvement in writing skills using the following evaluation process

- Demonstrated Improvement
  - An increase from the baseline score results for content and grammar, **or**
  - Maintenance of baseline scores of 3 or 4 for content and an increase in scoring for grammar.
- Did NOT show Growth
  - Declining scores for content and grammar
  - Same scores (1 or 2) for content

A discussion of current year-to-date student demographics, discipline, and attendance data.

SIATech Little Rock Charter ADA/ADM Report						
Dates Between Aug 17, 2015 and Feb 1, 2016						

WARNING: This report is not designed to calculate ADM for funding purposes. It does NOT take into account part time students nor any residency coding other than resident '1' or 'X' students. NO membership days for resident '1' or 'X' students are included in the ADM/ADA calculations of this report.						
Building: School for Integrated Academics and Technologies

A discussion of the achievement of or progress toward the current charter goals with the supporting data.

READING: STAR Assessments

Renaissance STAR Reading has been used by SIATech in Little Rock to measure the reading comprehension of its students at different points in time. This computer-adaptive assessment provides immediate reading level information, providing a system for staff & students to monitor reading skill growth over time. This information is also utilized to adapt and modify instruction for individual students. The expectations for growth is double what is expected in a traditional school year. A student who enters with a reading grade level of 6.4 is expected to improve to, minimally a grade level of 8.4 over 10 months. The evaluation of the reading and math data is externally done by the Value-Added
Analysis Network (V-AAN). The attachments show the individual student results (spreadsheets with the three years of reading data) and reports from the annual V-AAN year-to-year growth report in reading & math. These reports are done over the summer months and provided back to SIATech at the end of July.

Reading (Graduates)			
	Assessments Taken	Met or Exceeded	%
2012-13	41	19	46%
2013-14	48	22	46%
2014-15	31	12	39%

Reading (All)			
	Assessments Taken	Met or Exceeded	%
2012-13	147	65	44%
2013-14	169	78	46%
2014-15	220	97	44%

The preceding tables provide reading results for graduates and all students with growth data. SIATech places a focus on literacy requiring that all teachers are teachers of literacy. We believe that over the years, SIATech will trend up, toward the percentages listed as our goals.
The Scatter Plot graphs below provide visuals of the Trend Lines for Reading. The analysis behind these graphs is shown on tables in the attachment section. The data on the tables, was calculated from the Reading Baseline and Growth Scores from 2012-2015, show statistically significant findings for a paired t-test analysis of the Baseline and Growth scores with $p<.001$. All of the three years in Reading had a statistically significant finding with $p<.001$. This provides evidence that the SIATech English/Reading instruction and curriculum is making a statistically significant difference in learning for our students. (Based on All Reading Scores).

Goals in Mathematics

After a baseline measurement year, SIATech Cohort students will demonstrate expected or value-added improvement on the Renaissance STAR Math assessment using baseline and growth scale scores. The expected percentage (%) of individual cohort students meeting expectations is 65% in Year 2, 70% in Year 3, and 75% in Years 4-5.

Value Added Analysis

Expected Growth was evaluated for 2 years of growth in math skills over a one year time frame (10 months)

Math (>300 days students)			
	Assessments Taken	Met or Exceeded	%
2012-13	59	37	63%
2013-14	64	30	47%
2014-15	65	34	52%

The 2013-14 school year shows a significant drop, which may be partially due to the move off of the Job Corps campus to a community based program. For most all evaluative purposes, the 2013-14 school year is another first year charter and 2014-15 could be considered the second year of the charter.

Math (Graduates)			
	Assessments Taken	Met or Exceeded	%
2012-13	42	29	69%
2013-14	46	28	61%
2014-15	31	15	48%

Math (All)			
	Assessments Taken	Met or Exceeded	%
2012-13	154	95	62%
2013-14	166	76	46%
2014-15	218	113	52%

Recent efforts to improve student achievement in math include the addition of part 2 of the Mastery tests for the end of Part 1 of Algebra 1 and the end of Geometry. These tests require more explanations of the scenario readings and the ability to verbalize, in writing, the thinking and problem solving required to demonstrate understanding of the math. There has also been a significant effort to promote student collaboration across all content area, including math, particularly with problem solving.

An explanation, with supporting data, of the utilization of approved waivers and how those waivers assist inn meeting current charter goals.

Waivers from Title 6 A. C. A.

6-10-106 Uniform dates for beginning and end of school year

This waiver has allowed the school the flexibility it need to operate the school for opening dates and closing dates. Originally, these dates were set to those of the Little Rock Job Corps Center's year round schedule. After the 2013 move to a community school, the flexible dates has allowed the charter to continue to operate with an extended year schedule. This schedule not only is a benefit to the job corps students but to the community students as well.

6-11-129 Posting of Information of District Website

In keeping with other charter organizations, this waiver was not intended to avoid posting information onto a district website, but it did provide time for SIATech which was

originally located on a gated, federal facility, to work with its partner, the Little Rock Job Corps program, to create processes for posting information and allowing visitors and parents access to the SIATech campus when events were posted were scheduled.
Though this waiver remains in place, SIATech Charter high school is no longer located on the Little Rock Job Corps campus, and SIATech makes every effort to post information to our district website in a timely manner and to be incompliance with this Arkansas Education Code mandates.
This waiver allows us as a charter organization for organizational efficiency to post our policies, however we are unable to do so in the mandated form as a traditional school district. SIATech does not have a traditional salary schedule, certified, and classified policies as other traditional school districts.

These waivers below will allow SIATech to select and retain board of directors in accordance with our by-laws, as opposed to the statutes that are designed for use by the traditional school districts. These waivers will allow for organizational efficiency by allowing SIATech to implement a board governance system which is in line with the school's mission and vision:

6-13-608 Length of Director's Terms
6-13-611 Vacancies Generally
6-13-616 Qualifications
6-13-620 Powers and Duties

6-13-608 Length of Director's Terms

This waivers removes the term limits that a director can have. Some charter director's terms limits are five years.

6-13-611 Vacancies Generally

This waiver has helped the charter recruit qualified candidates to fill vacancies by providing us the time needed to find the best and most highly qualified candidate possible.

6-13-616 Qualifications

The waivers removes the qualification to become a board member thus allowing the charter to have members who may or may not qualify. This waivers has allowed SIATech the opportunity to fill all board positions.

6-13-620 Powers and Duties

This waiver allows the duties outlined to the Charter Management Organization.

6-15-1702 Parental Involvement Plan

When the charter was located on the job corps center, this waiver initially assisted the charter in remaining compliant by not having to complete a Parental Involvement Plan. The Department of Labor states that job corps personnel would serve as ***in loco parentis*** *for the students. In 2013, the charter became a community based charter school allowing students from the community to enroll while simultaneously keeping an MOU with the Little Rock job corps center. A parental involvement plan was completed to create a working relationship between students, staff and parents. Students ages 18-21 were treated as their own guardian and academic information was provided to parents with students consent. Some students enrolled lived alone, with a relative or was his/her own parent/guardian. The charter does work to develop and maintain relationship with parents/guardians through the following means: Parent/teacher conferences held in the Fall and Spring semesters; bi-monthly home mail outs which cover pertinent school information. In addition, teachers engage parents into their child's curriculum via email, student progress reports and calls (kept on a call log). Lastly, parents are given a Speak Up survey at the end of each academic year where they are afforded the opportunity voice concerns as the charter makes an effort to increase parent to school relationships. The leader has an open door policy to students and parents who have any concerns during the academic year.*

6-15-2302 General Business Manager –Responsibilities Minimum qualifications

The waiver allows the charter to hire a local Business Manager. The charter employs Complete Consulting and Chris Bell as the Business Manager. The Chief Financial Officer of the charter is based out of California with the CMO.

6-16-102 School Day

After several request, I have not had the opportunity to use this waiver because I have not had the opportunity to get the waiver explained to me. After reading the annotated code for this waiver, I am certain, if applied correctly, this waiver could assist the charter with student attendance and enrollment and would allow increased access for former dropouts to reengage in their academic goals and earn a high school diploma.

6-16-124 Arkansas History

Although the charter has the waiver regarding Arkansas History, the students are offered an opportunity to take this course.

6-17-111 Duty Free Lunch Period

This waiver has helped the charter by allowing our teachers to be in contact with the students on a daily basis which builds rapport and minimizes inappropriate activities.

6-17-114 Daily Planning Period

This waiver has given the charter the option deviate away from traditional planning periods of one period or more. With six teacher, a common planning would be detrimental to the model. However, teachers are given thirty minutes in the morning 7:30-8:00 and 3:30-4:00 time to collaborate with their peers.

6-17-203 Personnel Policy Committees

This waiver allows the CMO and the local board of directors to write and approve personnel policies.

Due to the increased teacher shortage in Arkansas, these waivers below will allow SIATech to hire highly qualified teachers and administrators. Although we seek to hire licensed teachers and administrators whenever possible:

6-13-109 School Superintendent
****6-15-1004 Qualified Teachers in Every Classroom**
****6-17-301 Employment of Certified Personnel**
6-17-302 Public School Principals-Qualifications and Responsibilities
****6-17-309 Certification waiver**
****6-17-401 Teacher's License Requirement**
****6-17-418 Teacher Certification-Arkansas History Requirement**
****6-17-902 Definition of a Teacher**
6-17-908 Teachers' Salary Fund
****6-17-919 Warrants void without valid certificate and contract**

- *6-13-109 School Superintendent*
  - *This waiver allows the charter to operate with the approval of a Superintendent who may or may not be credentialed.*

- ***6-15-1004 Qualified Teachers in Every Classroom*
  - *This waiver allows the charter employ teachers who are HQT (Highly Qualified) but may or may not hold an Arkansas license.*

- ***6-17-301 Employment of Certified Personnel*
  - *Due to increased teacher shortage in Arkansas, this waiver has allowed the charter to recruit, retain and employ teachers who are HQT and/or certified.*

- *6-17-302 Public School Principals-Qualifications and Responsibilities*
  - *Although this waiver is in place, the charter has employed an administrator with a Building Level Administrator credential since opening in 2011.*
  -
- ***6-17-309 Certification waiver*

- *Due to increased teacher shortage in Arkansas, this waiver has allowed the charter to recruit, retain and employ teachers who are HQT and/or certified.*

- ***6-17-401 Teacher's License Requirement*
  - *Due to increased teacher shortage in Arkansas, this waiver has allowed the charter to recruit, retain and employ teachers who are HQT and/or certified.*

- ***6-17-418 Teacher Certification-Arkansas History Requirement*
  - *Although the charter has the waiver regarding Arkansas History, the students are offered an opportunity to take this course. The charter has access to a credentialed Social teacher as well as BYU elective courses from an approved digital provider.*

- ***6-17-902 Definition of a Teacher*
  - *Due to increased teacher shortage in Arkansas, this waiver has allowed the charter to recruit, retain and employ teachers who are HQT and/or certified.*

- *6-17-908 Teachers' Salary Fund*
  - *The charter does not have a Teacher's Salary Fund and salaries, professional organizations, Arkansas Teacher Retirement, and insurance are paid through a CMO.*

- ***6-17-919 Warrants void without valid certificate and contract*
  - *Due to increased teacher shortage in Arkansas, this waiver has allowed the charter to recruit, retain and employ teachers who are HQT and/or certified.*

6-17-1501 through 6-17-1510 Teacher Fair Dismissal Act of 1983

This waiver has given the charter the opportunity to remove or terminate staff who have failed to fulfill the obligations of their contract, without following the rules set forth under the Teacher Fair Dismissal Act.

6-17-1701 through 6-17-1705 Public School Employee Fair Hearing Act

This waiver has given the charter the opportunity to remove or terminate staff without following the rules set forth under the School Employee Fair Hearing Act.

6-17-2403 Minimum Teacher Compensation Schedule

This waiver allows the CMO to negotiate salaries based on experience, credential and expertise.

6-18-201 Compulsory Attendance-Exceptions Waiver

SIATech Little Rock Charter High School serves an older, highly mobile population of youth up to the age of 21 years old. On average, SIATech students have been out of

school for 232 days prior to enrollment. This waiver allowed SIATech to reassure parents and guardians, that were considering enrolling their minor children in SIATech Little Rock Charter School, that they would not be subject to penalties for non-compliance with Arkansas Compulsory attendance codes for absences their child accrued at their previous school setting, prior to enrollment with SIATech. This waiver was an essential component to remove a barrier to enrollment that might have stopped a significant number of parents from enrolling their minor children in the SIATech Charter High School program.

6-18-213(f) Attendance record and reports generally

Although we have this waiver, the charter keeps records of student's attendance as required by the state.

6-18-508 Alternative learning environment

Repealed

6-18-1001 et seq. Public School Student Services Act

SIATech Little Rock Charter School is a small program that will never exceed 300 students. The school is located in a facility that is one building, with no separate structures or locations. This waiver allowed the program to develop one comprehensive student services plan that was administered by the school Principal/Director, with the support of the site staff.

This waiver has allowed SIATech to provide the necessary range of guidance counseling and related services without the necessity of hiring full-time, licensed or credentialed staff to provide services. Any savings from the use of this waiver has been able to be used on educational services to increase student achievement.

6-20-2208 (c)(6) Gifted and Talented Expenditures

Although the charter was granted this waiver, the students who attend typically do not meet the criteria for GT services.

6-25-101 et. Seq. Public School Library Media and Technology Act

This waiver has allowed the charter to maximize the use of our digital media sources.

6-42-101 et Seq. Gifted and Talented Education

Although the charter was granted this waiver, the students who attend typically do not meet the criteria for GT services.

Waiver from Standards of Accreditation

9.03.1.2 Smart Core (38 Units)

This waiver has allowed the charter to focus on the core requirements for individual students. In addition to this, it has allowed staff to focus on increasing basic skills which will make our student population successful and employable.

9.03.4 38 Units of credit for grades 9-12

This waiver has allowed the charter to focus on the core requirements for individual students. In addition to this, it has allowed staff to focus on increasing basic skills which will make our student population successful and employable.

9.03.4.11 Advance Placement Offerings

Although the charter does not offer AP classes, the charter has access to AP curriculum through the approved digital providers from APSRC.

10.01 Professional Development

Although this waiver was approved, professional development is still required for all employees.

14.03 Clock Hours

This waiver supports the school's competency-based educational model.

****15.0 Personnel**

Although the charter was granted this waiver, the enrollment cap for the charter is 275.

16.01.3 Certified Counselor

This waiver has allowed the charter to employ staff who are knowledgeable with school reporting, student records management and course management. School counselor are one of the jobs that are in the critical shortage area for Arkansas. SIATech is achieving cost savings from this waiver while providing quality services. The cost savings have been used to help increase student achievement.

16.02 Media Services

This waiver has allowed the charter to maximize the use of our digital media sources.

16.03.3 Student Health Records

Although the charter was granted this waiver, a nurse has been employed to implement all of the health requirements for Arkansas School Health Records since becoming a community school. When the charter was on the Little Rock Job Center, student health services were provided by Job Corps.

18.0 Gifted and Talented Education

Although the charter was granted this waiver, the students who attend typically do not meet the criteria for GT services.

Waivers from ADE Rules and Regulations

Mandatory Attendance Requirement for Students in Grades 9-12
Four-day School Weeks
Certified Staff Salary Schedule
****Nutrition and Physical Activity Standards**
Parental Notification of an Assignment of a Non-Certified Teacher

A summary of the overall effectiveness of the charter school.

America has a dropout crisis, and it is measured in many ways. There are 1.8 million young adults ages 16–21 who neither are enrolled in school nor have completed a high school education.[1] More than 7,000 students drop out of high school every school day, adding up to more than 1 million students each year.[2] One in five high school students does not graduate with his/her peers.[3] Whichever statistic is used, the dropout crisis is gaining momentum as an area of focus for America's public school system. Federal-level initiatives are pushing states and counties to implement myriad strategies to prevent students from falling through the cracks and dropping out. Most of these strategies focus on keeping students in school and on track to boost graduation rates.

However, dropout prevention strategies cannot reach a critical subset of students—those who have disconnected from education. Some students will invariably fall through the cracks, leaving states, counties and local communities, in need of options that work for struggling students who are looking for a way back into public education.[4] Referred to as over-age and under- credited (OU), these students share a common academic background of struggling in traditional schools and failing to keep up with their intended graduating cohort.

SIATech, Inc., an educational public benefit nonprofit corporation, was formed for the specific charitable purpose of managing, operating, guiding, directing, and promoting programs such as the SIATech Little Rock Charter School and the vision, purpose, mission, and structure that follow. In keeping with that vision, purpose and mission, the SIATech Little Rock charter school aligns with the philosophy, pedagogy, and other organizational and program characteristics, which the school leadership team feels is instrumental in providing access to an accredited high school diploma program for a disenfranchised student population.

SIATech strives to break the cycle of poverty by providing high school students, who have dropped out of school or who are considered highly "at-risk" of dropping out, the opportunity to complete their high school education and to break the cycle of poverty for this population. SIATech views the students as 'At-Promise' as opposed to 'At-Risk'. To that end, SIATech's organizational mission is to provide a premier high school dropout recovery program engaging students through relationship-focused, high-tech, and rigorous learning experiences resulting in "Real Learning for Real Life." Using the Franklin Covey mission and vision development process, SIATech's vision has been created and refined by its stakeholders over the past years. This vision includes: 1) students viewing their future with optimism, finding success as self-directed learners, and contributing to society; 2) staff being empowered to make a difference in an environment of respect, recognition and professional growth; and 3) communities benefiting from the success and contributions of SIATech students. Integrity, Respect, Service, and Learning, the core values driving all organizational decisions, form the foundation for SIATech's expected school wide learning results (ESLRs):
Integrity: Do the right things for the right reasons.
Respect: Seek to understand, accept and treat others with respect.
Service& Social Responsibility: Make a positive difference.
Learning: Pursue opportunities for life-long growth.
Technology: Succeed in a high-tech world.

To reach and enroll the At-Promise student population, SIATech reaches out to students who bring one or more of the following characteristics: over-age and under-credit (high school eligible), and current or former involvement with the justice system. It is not unusual to enroll new students every week of the school year until April, and sometimes into May and June.

SIATech serves a population that is 94% African American and only 4% Caucasian and other ethnicities. The majority of students are low income and qualify for the national school lunch program. On average SIATech students have been out of school for 232 days prior to enrollment. More than half of SIATech students did not have either parent complete high school.

SIATech serves a very highly mobile population of students who had previously dropped out of at least one other educational program. Our students face many barriers as they strive towards

successful completion of the SIATech high school program. Despite these challenges, the graduation rate for SIATech students who were enrolled for greater than 300 days in the 2014-2015 school year was 53.9%.

SIATech uses a variety of indicators to assess and measure student engagement, progress and success. The Gallup Student Poll measures hope, engagement, and well-being. SIATech administered the poll in fall 2014, along with nearly a half million other high school students nationwide. In the four years administering the poll, many of the questions have received higher responses that student responses nationwide. The poll reflects the many ways that SIATech provides an excellent education environment for its students. SIATech Little Rock Students meet or surpasses national averages in the following hope indicators: Confidence in Graduation, confidence in getting good grades, goal pursuit, and confidence in finding a good job. Well-Being, how we think about and experience our lives is an indicator of how students are currently doing and is a predictor of future success. According to Gallup poll survey responses in the 2014-2015 school year, 74% of SIATech Little Rock students were thriving. SIATech Little Rock students' positive well-being responses far exceeded the national average when compared high school students nationwide. The vast majority of SIATech students feel that they are treated with respect, they respond that they have enough energy to get things done and they have family and friends to count on. SIATech graduates leave ready for advanced training, college and improved job opportunities.

The bottom line is this: SIATech Little Rock Charter School creates hope where there was no hope. We create an environment of possibility that inspires students to imagine a better future for the first time and instills in them the confidence they need with the tools to achieve their vision. Our goal through is to continue to serve over age, under credit, economically disadvantaged youth throughout Little Rock and the surrounding community. We will continue to provide increased access to opportunities to obtain an Arkansas high school diploma and preparation to successfully transition to college, advanced career technical training, the military and ultimately, to careers that provide a family supporting living wage.

ADE Evaluation and Applicant Responses

Arkansas Department of Education
Open-Enrollment Public Charter School
Renewal Application Rubric

Name of School: School for Integrated Academics & Technologies (SIATech)

CONTACT INFORMATION

Evaluation Criteria:
A response that is fully responsive will include the following:
- The names of the sponsoring entity and charter school;
- The LEA number;
- Complete contact information for the school principal/director and board chair;
- The number of years requested for renewal, that does not exceed 20; and
- Date of the governing board's approval of the renewal application.

Fully Responsive

SECTION 1: GENERAL DESCRIPTION OF THE CHARTER SCHOOL'S PROGRESS AND DESEGREGATION ANALYSIS

Part A: Charter School Progress
Applicants are requested to provide a narrative about the successes of the charter during the current contractual period.

Evaluation Criteria:
A response that is fully responsive will include:
- A comprehensive narrative that identifies and describes multiple successes of the charter school during the current contractual period.

Fully Responsive

Comments and Additional Questions:
- Define "exited student."

Applicant Response:
Exited Students are those who left during the school year (Graduates, Drops, Transfers)

Part B: Desegregation Analysis
Applicants are requested to describe the current and potential impact of the charter on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools

Evaluation Criteria:
A response that is fully responsive will include:
- Assurance that the charter school will comply with all applicable federal and state statutory and regulatory requirements regarding the creation and maintenance of desegregated public schools; and
- An outline of the potential impact of the proposed charter school on those desegregation efforts already in place in affected public school districts.

Fully Responsive

SECTION 2: COMPOSITION OF THE CHARTER SCHOOL'S GOVERNING BOARD AND RELATIONSHIPS TO OTHERS

Part A: Composition of Governing Board
Applicants are requested to describe the charter school's governance structure.

Evaluation Criteria:
A response that is fully responsive will include:

- A description of the charter school's governance structure;
- An explanation of the selection process for charter board members;
- An explanation of the authority of the board; and
- An explanation of the responsibilities of the board.

Fully Responsive

Part B: Disclosure Information
Applicants are requested to disclose any potential conflicts of interest affecting members of the governing board and employees.

Evaluation Criteria:
A response that is fully responsive will include:

- An itemization of each non-employment contract or lease of the charter school in which any of the charter's administrators, board members, or the family members of administrators or board members have or had a financial interest; and
- An itemization of each family relationship between each member of the charter school's governing board, other board members, and the employees of the charter school.

Fully Responsive

Comments and Additional Questions:

- Provide the name, position/title, and relationship of any board member, charter employee, or management company employee who has a relationship with administrator Katie Tatum.

Applicant Response:
There are none: No board member, charter employee, or management company employee has a relationship with administrator, Katie Tatum.

SECTION 3: STUDENT AND TEACHER RETENTIONAND RECRUITMENT

Part A: Student Retention
Applicants are requested to compile and analyze student retention data.

Evaluation Criteria:
A response that is fully responsive will include:

- A complete table with data about students who left the charter prior to completing the highest grade offered at the school; and
- Reasons that can be substantiated for students who leave the charter.

Fully Responsive

Comments and Additional Questions:

- Complete the Student Retention Table. The last six columns of the first row should add up to 100%.

Applicant Response:
Please see student retention table (Attachment 3)

Remaining Concerns: It remains unclear what measures the charter is taking to increase retention.

Student Recruitment
Applicants are requested to compile and analyze student recruitment data.

Evaluation Criteria:
A response that is fully responsive will include:

- A complete table with data about students recruitment goals by student subgroups; and
- Complete information in response to charter-specific prompts, if any;
- Additional commentary that includes strategies to increase enrollment from subgroups to be more similar to the local district demographics.

Fully Responsive

Comments and Additional Questions:

- Explain why free and reduced lunch students represent a lower percentage of the charter's population as compared to the resident district.
- Explain why no SIATech students in 2015-2016 are eligible for free and reduced lunches when more than half were eligible in 2014-2015.
- Explain why it is projected that there will be no free and reduced lunch students in the future.
- Explain why Hispanic students represent a lower percentage of the charter's population as compared to the resident district.
- Explain why special education students represent a lower percentage of the charter's population as compared to the resident district.
- Describe recruitment strategies that will be utilized to obtain the projected student demographics in 2016-2017 and beyond.

Applicant Response:

- Explain why free and reduced lunch students represent a lower percentage of the charter's population as compared to the resident district.

  Due to the uniqueness of our model, at any given time our Child Nutrition counts will show an 8% variance either positively or negatively. The eligibility counts are determined by who is currently enrolled at that time. As of today, 119 students are classified as Free (01 or 04), 17 are classified as Reduced (02) and 1 is Pay (03)

- Explain why no SIATech students in 2015-2016 are eligible for free and reduced lunches when more than half were eligible in 2014-2015.

  This was a reporting error.

- Explain why it is projected that there will be no free and reduced lunch students in the future.

  This is not correct. There will surely be free and reduced lunch students in the future.

- Explain why Hispanic students represent a lower percentage of the charter's population as compared to the resident district

  As an open enrollment charter school with limited recruitment, the percentage of entering students is determined by those who express an interest in our unique program. SIATech staff will explore ways to seek out participation from the Hispanic student population.

- Explain why special education students represent a lower percentage of the charter's population as compared to the resident district.

  SIATech personnel are immersed in the RTI^2 Arkansas Model which has training videos on the IDEAS website as well as intervention responses. The ultimate goal of school based RTI is to maximize the academic and social, emotional, and behavioral learning, progress, and proficiencies of all students. The outcome of successful RTI is to graduate students who are successful independent learners and have the ability to effectively manage themselves. Students who have difficulty responding to effective instruction or having adequate self-management skills often have these barriers when:
  - Students are not learning and mastering information or skills;

- Their speed of mastery (or skill acquisition) is not as fast as typical/other students;
- They are having difficulty applying or "transferring" knowledge or skills;
- Specific emotional circumstances or conditions are impeding skill acquisition, mastery, or transfer; or
- They are not motivated to learn, or they are not held accountable for learning

The SIATech curriculum allows for students to receive multiple layers of support (classroom teachers, Help Button, peer tutoring, small group lessons). In addition to these multiple layers of support, students are not pressured to stay at the same rate/speed as their peers. They are able to work at their individual optimum pace to gain skill mastery. Students who entered SIATech with an Individual Educational Plan (IEP) which required supports such as extra time, opportunity for small group lessons, and re-teaching lessons as needed or small group environment, just to name a few, automatically have these supports built into the SIATech curriculum. With the use of an effective RTI model, student academic and emotional growth is monitored and assessed regularly for gains as well as lack of gains.

The SIATech staff meets regularly to assess student growth and achievement and use individual assessments to create adequate academic plans for students who exhibit academic struggles. In addition to this, SIATech staff mentors students through behavioral barriers and offer alternative strategies to solving school based issues. If the need arises, staff will also coach students through peer intervention strategies which helps students to learn effective problem solving skills which can transfer into the work environment.

Although some students will require a more intensive Individualized Educational Program (IEP) to aide in academic success, the tiered RTI models combined with the academic supports built into the SIATech curriculum provides an enriched foundation for academic growth.

- Describe recruitment strategies that will be utilized to obtain the projected student demographics in 2016-2017 and beyond.

  Applicant Response:

  SIATech staff seeks to recruit a specific target student population; educationally disenfranchised, and almost all of whom come from situations of poverty. To do that, we engage in the following strategies:
  - Speak to counselors at the surrounding high schools informing them of our School Mission and Vision and explaining the school program (specifically target juniors and seniors who are not on track to graduate with their class)
  - Continue to engage with Job Corps leadership
  - Go into the community and publicize our program in retail areas located where our students live
  - Work with juvenile justice judiciary to provide referral options for school (high school eligible)
  - Use our students and parents as ambassadors for the school
  - PSA on local radio stations
  - Ads in local magazines like LR Family
  - Attendance at recruitment fairs that are held at churches and other student interest groups
  - Recruitment tables set up at McCain Mall during peak seasons, an area with many of our students
  - Distribution of flyers at local restaurants

Remaining Concerns: It remains unclear that all protocols required for special education students are followed in addition to implementing RTI.

Part B: Lottery Procedures
Applicants must also describe the random, anonymous lottery selection process.

Evaluation Criteria:
- A clear, transparent, and public process for, and a guarantee of, an annual random, anonymous lottery process should there be more student applications than can be accommodated under the terms of the charter; and
- The method by which parents will be notified of each child's selection for the school or placement on the waiting list.

Fully Responsive

Comments and Additional Questions:

- Explain why the lottery date will only be publicized on the charter school website.
- Describe how the parents/students will be notified of their placement status.
- Explain the process that is followed if the charter school is unable to contact the parents/students following acceptance.
- Explain the way in which students will be placed on the waiting list and how the waiting list will be maintained.

Applicant Response:

Explain why the lottery date will only be publicized on the charter school website

In addition to publicizing on the website, when a lottery is needed, all interested students/parents will be provided information on the lottery process upon expressing interest in school enrollment.

SIATech Lottery Information Process

- A SIATech Lottery Process Fact Sheet is available and will be updated with respect to date and time of the next lottery, enrollment slots available...
- The Fact Sheet will be provided any time an interested student/parent inquires about the enrollment process and there is a current Wait List or upon request. It will be noted on the Fact Sheet that lottery information is also available on the school website.

Describe how the parents/students will be notified of their placement status.

The student/parent will complete a SIATech School Information Form and meet with a staff member to respond to questions about the school program and respond to lottery questions.

SIATech Lottery Process

- A SIATech Lottery Process Fact Sheet will be updated to include, location, date/time of next Lottery & available student seats.
- The Fact Sheet will be provided any time an interested student/parent inquires about the enrollment process and there is a current or pending Wait List. It will be noted on the Fact Sheet that lottery information is also available on the school website.
- Lotteries will be held, as needed, or on a monthly basis.
- Students/Parents will be contacted by email or phone, the next day or within 24 hours after the lottery, using the contact preference information provided on the School Information Form

Explain the process that is followed if the charter school is unable to contact the parents/students following acceptance.

Staff will use the multiple contact information listed on the school information form provided by the student/parent email(s), phone number(s) and a US mail addresses. Contact Information requests will include: Two (2) of each: email addresses and phone numbers [home/personal **and** a business/alternate]

- Staff will try all provided phone numbers and email addresses: **If no response after 24 hours**
  - Email and phone contact will again be pursued and if no contact is made, a **US Mail letter** will go the home address
  - If there is no response after an additional 48 hours a repeat of calls and email will be made informing the parents and citing the following:
  - "The expectation is that the student/parent will respond, in writing, within 10 days of notifications and schedule/participate in a formal enrollment meeting."
- If the student/parent does not show up at the scheduled meeting time, there will be one more effort to schedule a meeting date. If that meeting does not take place, the enrollment placement will be set aside for the next 10 days and vacated if a meeting is not held during that time frame and no contact has been made

Explain the way in which students will be placed on the waiting list and how the waiting list will be maintained.

Waiting List Procedures

- The student name will be put on the waiting list after meeting and reviewing the SIATech School Information Form with a staff member
- Throughout the year, parents/guardians and/or students will be notified of their child's acceptance no later than one week after the drawing and
- Once notified, parents/guardians and/or students will have approximately ten (10) days (as described above) to notify the school, in writing, of their decision to attend, before losing their enrollment opportunity.
- After the close of the school year, student names will remain on the waiting list until August 1st of the new school year as long as they have notified school staff, in writing, of their wish to remain on the list for the new school year.

Remaining Concerns: The lottery and waitlist procedures remain unclear.

Part C: Teacher Retention
Applicants are requested to compile and evaluate teacher retention data.

Evaluation Criteria:
A response that is fully responsive will include:

- A complete table with data about teachers who do not return
- Reasons that can be substantiated for teachers who leave the charter; and
- Current practices and future plans to retain teachers.

Fully Responsive

SECTION 4: DATA AND BEST PRACTICES

Part A: Test Data
Applicants are requested to review the testing data for the charter and the resident district and describe the ways in which the data support the achievement of the charter's current academic goals.

Evaluation Criteria:
A response that is fully responsive will include:

- A thoughtful narrative describing the ways in which the testing data support the achievement of, or progress toward achieving, the charter's current academic goals.

Fully Responsive

Comments and Additional Questions:

- Provide examples, supported by data, of the achievement of, or progress toward achieving, the charter's current academic goals.

Applicant Response:
GOALS for Math and Reading
Individual student learning gains in literacy and numeracy, that minimally meets and generally exceeds what is expected, using nationally recognized and normed assessments (i.e. Renaissance Place reading and math assessments). An increase in the percentage (%) of students meeting a two year growth goal was not achieved. We believe two reasons led to this: 1. The goals were too ambitious and, 2. Over the first four years, there were two different school locations, a complete change in the partnership model, major revisions to the charter, which had to go through an approval process, the need to plan and initiate a student recruitment plan and identify a location that would be accessible to our Job Corps partners, negotiate a lease arrangement and get a new school ready to open, all in a matter of months.

The graph below provides aggregated individual student growth information for the past four school years.
A green bar indicates that most students DID meet two (2) years growth in one (1) year's time a red bar means that most did NOT. Grays indicate that students may have met the goal (more likely if bar above center line, less likely if below).

SIATech @ Job Corps: Years 1 & 2 2011-12 and 2012-13

The school was located on the Job Corps Center where all but 2-4 students, at any one time, were participants in the Job Corp Program. Students demonstrated significant growth in both reading and math for each of these two years and did have a positive gain (slope) across the two years. In math, the greater majority of students not only met expected growth but exceeded 2 years growth.

SIATech in the Community: Years 3 & 4 2013-14 and 2014-15

During the next two (2) years the school was located within a mile of the Job Corps Center where the school served 90+% community students. After waiting for the approval process to finalize, we were able to move forward with formal lease negotiations. Much effort was put into opening a new school within a very short timeline. The school was ready to open, but it was not ideal for some time. During the 2013-14 school year, Job Corps did continue to regularly send students to the SIATech campus.

SIATech staff was able to do much greater outreach to our target population for the second year we were open off center, inclusive of relationships with the judiciary serving our age students. For the 'new' SIATech, the math results showed very close to a majority of students meeting the two (2) year goal and a slight improvement in the second year. Reading was a slightly different story in that we started to get a greater number of students that had difficulty in picking up reading skills. We did drop in the reading growth for the second year (negative slope).

SIATech staff will continue with a two year growth goal for both math and reading. The bar has been moved up a bit with the use of the newest version of Renaissance STAR Assessments, STAR Enterprise version. We recognize the importance and the need to elevate our focus on reading.

Little Rock Gains & Achievement Levels(ALL)

	Gain Ratio* Value-Added					Achievement					#Students
Subjects	2015	2014	2013	2012	2011	2015	2014	2013	2012	2011	2015
Math	1	-4	8	-10		28	27	29	25		218
Read	-16	-9	-5	-66		22	23	26	19		220

*Gain Ratio is the observed gain divided by the expected gain.

'Real Life' Goals:
Student demonstrations of 21st century technology skills

- All SIATech graduates complete an elective course 'Creative Tech & Senior Projects'
  Creative Tech: Digital Arts course (unless they transfer in with a very similar course), and
  Senior Projects, either through an elective course (if they need the credits) or through other content areas

  Creative Tech: Digital Arts and Senior Projects are courses designed to facilitate the development of 21st century technology skills. In these courses, students learn industry standard productive and creative software to create art, design, multimedia, technology and engineering projects. Students share feedback and reflect deliberately and critically on their work and that of their peers, eventually presenting their best work to their communities. Students produce art, design, technology, productivity and multimedia projects requiring collaboration, problem solving, critiquing and creativity.

- Graduation Data Student Graduate Numbers
  - **2011-12 18**
  - **2012-13 58**
  - **2013-14 53**
  - **2014-15 30**

Student awareness, attention and achievement of advanced career-technical training and/or post-secondary education

- The implementation of a plan to ensure that all graduates have a 'next step' plan after graduation will be supported by the implementation of a formal case-management system. This was likely one of the greatest losses in leaving the Job Corp program location. We are now starting to pick up these pieces through our ILP efforts (attachment 3).

Part B: Discipline and Attendance Data
Applicants are requested to review the discipline and attendance data for the charter and the resident district and describe the ways in which the charter improves student behavior and attendance.

Evaluation Criteria:
A response that is fully responsive will include:

- A thoughtful narrative, supported by the data, describing the ways in which the charter improves student behavior and attendance;
- Thorough explanation of disproportionate representative by subgroups, if any; and
- Complete information in response to charter-specific prompts, if any.

Fully Responsive

Comments and Additional Questions:

- Explain why no discipline data were reported for the charter in 2014-2015 as reporting issues were addressed by the end of the 2013-2014 school year.
- Explain what competency based system was first used by SIATech in 2011.
- Provide the timeframe for implementing the case management system.
- Provide an example of how Zero Tolerance has been appropriately applied.

Applicant Response:

- Explain why no discipline data were reported for the charter in 2014-2015 as reporting issues were addressed by the end of the 2013-2014 school year.

  Most issues were resolved regarding transcripts, it wasn't until the departure of the counselor, that the school principal learned that the discipline was not reported accurately. To this date all discipline data is entered correctly.

- Explain what competency based system was first used by SIATech in 2011.

  SIATech opened (2011) using a learning-based approach versus a time-based education system of completing courses and awarding credits. The following elements were used to drive a high quality, competency-based approach at SIATech.
  - Student progress through the curriculum upon demonstration of mastery
  - Clearly delineated and measurable learning objectives are evaluated
  - Assessments are used in a constructive manner to reinforce learning and to identify areas of needed remediation (additional learning experiences), as needed, for students to demonstrate mastery
  - Each student's individual learning needs are addressed

- Provide the timeframe for implementing the case management system

  SIATech had a system when we were located on the Job Corps Campus. Job Corps Counselors lead those teams and a member of SIATech staff participated in the many meetings that were held. SIATech is in the process of finalizing the gradual rollout of a system to ensure that every student has an adult, from SIATech, that is paying attention to him/her. Even though we are a small high school, we want to ensure that no student slips through without multiple efforts to help them be successful. A DRAFT paper has been developed (see attached ILP) for the new system.
  .
- Provide an example of how Zero Tolerance has been appropriately applied.

  IATech staff and the school model strongly promotes the implementation of practices to ensure a safe and secure school environment. One of the components of this model is the promotion of a Zero Tolerance policy for serious offenses. The student handbook clearly describes the different Levels of Offenses, inclusive of Zero Tolerance offenses, Levels 1 and 2, both of which qualify as serious offenses and as possible expulsions. There have been 13 disciplinary incidents this year that have been taken to the Board of Directors for Expulsion. All of these offenses involved Insubordination and/or Disruptive behavior (Level 2). Of these 13 individuals, none left the district prior to their hearing coming before the Board. Parent/Guardians are always invited, regardless of the student age. No student has kept their family member from attending these meetings. All cases to date during this school year, involved thirteen (13) individual students who were recommended by the Board for Expulsion. It is important that a strong set of expectations are upheld at SIATech. There have been no instances, where the students, belatedly, had not been remorseful, but where safety is concerned, there must be difficult decisions. On a more positive note, six (6) students returned from expulsions and are now fully engaged in their learning.

  SIATech promotes a Zero Tolerance policy, for serious offenses; we are all aware these have to be viewed judiciously and when appropriate (identified serious offenses) are taken to the Board of Directors for review.

Remaining Concerns:

- **It remains unclear that manifestation determination conferences are held, as required for special education students, when implementing a zero tolerance policy.**
- **The timeframe for implementing the case management system was not provided.**

Part C: Best Practices

Applicants are requested to identify and describe one (or more) best practice(s) that lead to the achievement of, or progress toward achieving, the charter's current approved academic goals.

Evaluation Criteria:

A response that is fully responsive will include:

- A thoughtful narrative, supported by data, describing one (or more) best practice(s) that lead to the achievement of, or progress toward achieving, the charter's current approved academic goals.

Fully Responsive

SECTION 5: ACADEMIC PERFORMANCE GOALS

Part A: Current Performance Goals
Applicants are requested to evaluate the progress toward achieving each of the charter's current student academic performance goals and provide supporting documentation that demonstrates the progress.

Evaluation Criteria:
A response that is fully responsive will include:
- A narrative description of the charter's progress toward achieving each goal; and
- Supporting data that documents the charter's progress in achieving each goal.

Fully Responsive

Comments and Additional Questions
- Given the data provided in the reading tables on page 27, explain why it is believed that "SIA Tech will trend up, toward the percentages listed as our goals."
- Provide the number of individual students who took the Renaissance STAR assessments for math and reading in 2012-13, 2013-14, and 2014-15. If these numbers are not similar to the number of students who took the writing assessments, provide an explanation for the inconsistency.
- Discuss the training that is provided to teachers before writing assessments are scored.
- Explain the process used and/or measures taken to ensure that writing scores are valid and reliable.

Applicant Response:

- Given the data provided in the reading tables on page 27, explain why it is believed that "SIA Tech will trend up, toward the percentages listed as our goals."

  Over the past 2 1/2 years SIATech has been challenged in many ways, most of which were not related to school. Essentially Year 1 was positive and math/reading scores went. Year 2 In the middle of this year we began the process of writing a new charter application (tracking all edits). There were significant changes due to the move off the Job Corps Center. Nevertheless, using the STAR growth data for all four years there are positive slopes in math and reading for years 1 & 2 and a positive slope for math in years 3 & 4. We did not see that for reading. What has been observed in reading is a similar 'low' reading skill set that we saw at Job Corps but less 'recall' of vocabulary, grammar rules, etc. We recognize the need to provide a strong focus on literacy, reading and writing, and are gently making all of our staff, teachers of literacy.

- Provide the number of individual students who took the Renaissance STAR assessments for math and reading in 2012-13, 2013-14, and 2014-15. If these numbers are not similar to the number of students who took the writing assessments, provide an explanation for the inconsistency.

Reading	***n***
2012-13	***147***
2013-14	***169***
2014-15	***220***

Math	***n***
2012-13	***154***
2013-14	***166***
2014-15	***218***

Writing	***n***
2012-13	***36***
2013-14	***44***
2014-15	***34***

These numbers represent paired baseline and growth scores for students. Attached are the procedures for writing and the training that was done. A key teacher participated in our Trainor of Trainor Professional Development and training staff on site for the double blind scoring and facilitating the Writing Process. SIATech Learning Support team member were at the site for the initial training for all assessment processes and a Writing Lead staff member received additional training. The Writing Lead has directed this process for the past four years.
All Baseline assessments are given upon enrollment (during the 1st month)
Growth assessments for reading and math are given multiple times throughout the year (2-8 times/year).

Growth assessments for reading are given at the end of the English curriculum. SIATech is shifting away from the double-blind scoring to support more frequent assessments of writing in this process. The participation on this chart, for writing, is much less due to the exiting of students prior to graduation and leaving at all times throughout the year, many prior to completion of the SIATech English curriculum when the growth assessment is administered. A new timeline process will be put into place to support the gathering of more writing growth data.

- Discuss the training that is provided to teachers before writing assessments are scored.

  Training was provided to instructional staff during the first year of operation. Attached documents (2), describe the process. A SIATech teacher was the lead for the implementation of the Writing Common Assessment practices and scoring for the first four school years of school operation. The school Principal has assumed this interim responsibility for the current school year. Group blind scoring practice was also included in the training process.

- Explain the process used and/or measures taken to ensure that writing scores are valid and reliable.

  Staff training and a common writing assessment process helps to provide, as best possible, Validity and reliable for scoring student essays.

Remaining Concerns:

- **Reference is made to attached documents that describe the training provided prior to scoring writing assessments, but the documents were not provided.**
- **It remains unclear who trains teachers to score the school-administered writing assessments.**

Part B: New Performance Goals

Applicants are required to confirm their understanding that achieving all goals and/or objectives set by the state, during the period of renewal, is expected and to develop other student academic achievement performance goals for the renewal contract period.

Evaluation Criteria:

A response that is fully responsive will include:

- A confirmation that the charter is expected to achieve all goals and/or objectives set by the state; and
- For other student academic performance goals -
  - Measureable student academic performance goals;
  - The specific tool that will be used to measure academic performance for each goal;
  - The level of performance that will demonstrate success; and
  - The timeframe for achieving each goal.

Fully Responsive

Comments and Additional Questions:

- Confirm that the new target goals for reading and math are to increase each individual student's growth by two (2) years for every one (1) school year.

Applicant Response:

GOAL CLARIFICATION

Annually, the goal for each individual student, enrolled 90+ days and assessed below the 11th grade level, is to accelerate learning in reading and math.

- Accelerated learning is defined as **greater than** one year's growth in one year's time.
- Our external analysis provides information for a much high expectation: 2 years growth for every student over one year's time

An overall goal**, for all students,** is to accelerate learning, but 100% is not feasible, nor do we want to select a specific % as a goal.

A statistically measurable goal is for SIATech student results **to trend up over the five years** toward a high level goal (two (2) years growth in (1) one year's time). There will be a five year trend line (Line of Best Fit) that trends up (positive slope). SIATech uses a very high bar to promote best efforts from staff and students. We know that not every student will meet a two years growth goal but we hope to incrementally improve over the years, learning

with our students, on the best ways to meet their social, emotional and learning needs.

Realistically, SIATech in Little Rock has data on two different schools:

1. The data from years one and two when the school was located on the Job corps Center
2. The data from years there and four when the school moved to a community location

This time and energy that went into addressing the Job Corps situation took much time and energy on the part of all team members. This is not an excuse, but it is the reality of the school history for the first four years. We anticipate a change toward the positive with respect to goal achievement over the next several year, starting with this year.

This past year SIATech purchased the new Renaissance Math and Reading assessments to raise the bar with respect to student achievement in math and reading. There are new norming tables and higher expectations of students with respect for math and reading skill levels.

SECTION 6: FINANCE

Applicants are requested to discuss corrective actions for any findings in the most recent financial audit reports prepared during the current contractual period.

Evaluation Criteria:
A response that is fully responsive will include the following:

- Each finding from the financial audit reports **or a statement that there were no findings**;
- A statement for each finding to indicate if it had been noted in prior year audits;
- Corrective actions take to rectify each issue; and
- The date by which each issue was or will be corrected.

Fully Responsive

SECTION 7: WAIVERS

Applicants are requested to review the current waivers approved for the charter and to identify any changes requested in the charter's waivers from Title 6 of Arkansas Code Annotated, State Board of Education Rules and Regulations, and/or the Standards for Accreditation.

Part A: New Waiver Requests
Applicants are requested to identify any additional law and rule that the authorizer is requested to waive.

Evaluation Criteria:
A response that is fully responsive will include:

- A list of each law and rule that the charter would like to have waived; and
- A rationale for each waiver request or **a statement saying that no new waivers are requested**.

See Legal Comments.

Part B: Waivers to Be Rescinded
Applicants are requested to identify any waiver that is no longer needed.

Evaluation Criteria:

- A response that is fully responsive will include:
- An itemized list of each current waiver the charter would like to have rescinded; and
- A rationale for each request or **a statement saying that the charter wishes to maintain all currently approved waivers**.

See Legal Comments.

SECTION 8: REQUESTED AMENDMENTS

Applicants are requested to identify and explain amendment requests.

Evaluation Criteria:
A response that is fully responsive will include:

- A list of any requested charter amendments **or a statement that no amendments are being requested**;
- A rationale for each amendment requested; and
- A budget, showing that the charter will be financially viable, if there is an amendment request to change grade levels, the enrollment cap, the location of a campus, and/or an additional campus.

See Legal Comments.

Group Combined 2013-2014 School Year Through 1-Oct-15	Total Number Enrolled	Number Left Without Completing the Highest Grade Offered	Total % Left the Charter	% Left for Other Arkansas Charter	% Left for Arkansas Traditional Public School	% Left for Arkansas Private School	% Left for Home School in Arkansas	% Left the State	% Left for Unknown Reasons

Part C: Teacher Retention

Complete the following Teacher Retention Table:

School Year	Total Number of Teachers	Teachers Who Left During the School Year		Teachers Who Returned to Teach at the Charter the Following Year		Teachers Who Took Other Positions within the Charter Organization	
		Number		Number	%	Number	%
2012-2013	6	3	50%	3	50%	0	0%
2013-2014	6	3	50%	3	50%%	0	0%
2014-2015	5	1	20%	4	80%	0	0%
2015-2016	6	1	17%				

The content area teachers from the years above were moderately balanced as indicated below: Math 2
English
3 Science
2 Social Studies
1

Review the data in the Teacher Retention Table. Discuss the reasons that teachers leave the charter and current practices and future plans to retain teachers.

There have been a myriad of 'life' reasons for staff leaving SIATech. Specific reasons for the teachers who left were as follows:

*Resignation*s

- Family needs, moving back home due to the retirement of a spouse (1 individual)
- Long term substitute returning to retirement (1 individual)
- Specific Reasons for Leaving

  Personal-health (1 individual), Self-Reflection on Job Match: A lack of teacher ability to serve the diverse learning needs and different pacing for the individual students (2 individuals), Other work opportunities (2)

...SIATech/MYcroSchool Individual Learning Plan (ILP) Development:

A Strategic Plan (System)

School staff must be engaged in building the ILP process at each school site to ensure it is implemented regularly and equitably, seen as a significant organizing tool for a student's academic career, and **acted upon by students**. The ILP must be integrated into the school's academic program in a meaningful way, and all educators must embrace the interests, desires, and aspirations expressed by students, used to produce desired educational outcomes, to be meaningful.

Some of the Primary Purposes of an ILP are to

- help to ensure that students take responsibility for their education, are thoughtful and goal-oriented about the educational choices they make, and use their time in school purposefully.
- bring greater coherence, focus, and purpose to the decisions students make about their education by collecting personal information such as demographic information, educational history, assessment results and advising on possible activities (e.g. college visits)
- assist students with
  - setting personal goals and keeping these insight as school progresses
  - reflecting on personal and academic progress or success
  - creating, maintaining, and changing resumes
- ensure that every individual student has a plan in place for next steps after graduation

Basic Assumptions Include

- The needs of individual students are different, and thus, must be differently addressed.
- There is an emphasis on the student's role in the learning experience.
  - documenting and reflecting on activities including community service, work experience, career planning and extracurricular activities
  - promoting the exploration of multiple Career Exploration activities to support individual discovery of skills, abilities, and learning preferences
  - exploring colleges and/or postsecondary training opportunities that fit with desired career and other life goals
  - Students can store and organize information while recording their opinions, interests, and thoughts. (resume building)
-
- Students develop plans in collaboration with an advisor/mentor to help them achieve short- and long-term learning goals and to prepare and plan for successful next steps after high school graduation.
- Regular meetings are held and documentation is done for each meeting, with the student assuming more and more responsibility for carrying out and documenting all activities and developing their personal plan.

CASE MANAGEMENT PROCESS: EACH SITE SHOULD WRITE/LIST THE IMPORTANT COMPONENTS OF THEIR SITE PLAN (WHO, WHEN, HOW)

Site Plan to ensure that each student has an adult that regularly checks in with students to provide guidance and support, which minimally includes

Caseloads: Every adult working at a SIATech school campus may assume responsibility for a caseload (e.g. principal (5), teachers (20) admin (5) which is documented and updated as needed.)

Caseload assignments may change over time and/or on a specific schedule.

Throughout the school year discussion topics should include

- ***knowledge*** (e.g. application/transfer of what has been learned, standards),
- ***skills*** (e.g. learning how to learn, capacities and strategies empowering student engagement in higher order thinking, setting and reaching goals)
- ***dispositions*** (e.g. socio-emotional skills and behaviors associated with success in school, career, and citizenship).

MONITOR/TRACK EACH STUDENTS PROGRESS TOWARD GRADUATION

Academic Goals and Interventions as needed (Incorporates long-term goals of the student)
Establish College & Career Readiness throughout the education program

IDENTIFY SHORT & LONG TERM CAREER PATHWAY GOALS, AS WELL AS ACTIONS TO ACHIEVE GOALS

Processes should

- include an emphasis on the student's role in the learning experience
- give credence to the student's aspirations - cultural, artistic, social, or personal

STORE AND ORGANIZE INFORMATION

- Student Plans should promote parent/counselor-advisor input for student consideration.
- Student documentation of major milestones and/or accomplishments
- Students will use the information gathered and discussed above to chart a personal program that addresses current and future success.
- Collect contact information from graduates
    - Encourage students to engage with their alumni association after graduation

ADE Legal Review of Waivers Requested

SIATech Renewal
Red=Waivers not previously requested, need additional discussion, or have remaining issues
Green=Waivers previously granted, no remaining issues
Information provided by Applicant is in italics.

SIATech
2015 Open-Enrollment Renewal Application

New Waivers Requests

1. School Boards

ARK. CODE ANN. § 6-13-619(c) and (d) (restrictions concerning board members who need to attend meetings electronically instead of in person)

ARK. CODE ANN. § 6-13-615, 621, 628, and 630-634 (sections of the school board portion of the Code that are not applicable to open-enrollment public charter schools)

Legal Comments: Rational should be provided to explain how these waivers will help the Applicant achieve its goals.

Applicant Response:

Ark. Code Ann. §§ 6-13-619 (c-d)
SIATech requests flexibility from this statutory provision to allow for those occasions when members are only available to participate by telephone or electronic communication.

Ark. Code Ann. §§
6-13-615 6-13-621
6-13-628 6-13-630
6-13-631 6-13-632
6-13-634 6-13-635

SIATech seeks exemptions from the above listed portions of the Education Code to the extent that they govern school board operations. SIATech is requesting this waiver from these statutes, which are on their face, applicable only to school districts, to ensure that there is no confusion as the applicability of the statutes to the governance structure of charters.

Remaining Legal Issues: None

2. School Elections

ARK. CODE ANN. §6-14-101 et seq. (provisions concerning school district board elections which are not applicable to open-enrollment public charter schools)

Legal Comments: Rational should be provided to explain how these waivers will help the Applicant achieve its goals.

Applicant Response:

Ark. Code Ann. §§ 6-14-101
SIATech seeks exemptions from these portions of the Education Code to the extent that they govern school board operations. SIATech is requesting this waiver from these statutes, which are on their face applicable only to school districts, to ensure that there is no confusion as to the applicability of the statutes to the governance structure of the SIATech charter.

Remaining Legal Issues: None

Waivers To Be Rescinded

1. Arkansas History

ARK. CODE ANN. § 6-16-124

Applicant Response:
At this time the charter wishes to maintain all currently approved waivers.

Remaining Legal Issues: Applicant needs to confirm whether they want to maintain this waiver or wishes to rescind. ADE Legal Services has no issues should they choose to rescind; however, clarification as to what is requested needs to be made by the charter.

2. Teacher Licensure

ARK. CODE ANN. § 6-17-418 – Teacher Licensure – Arkansas History Requirement

Applicant Response:
At this time the charter wishes to maintain all currently approved waivers.

Remaining Legal Issues: Applicant needs to confirm whether they want to maintain this waiver or wishes to rescind. ADE Legal Services has no issues should they choose to rescind; however, clarification as to what is requested needs to be made by the charter.

Number of Years Requested for Renewal (1-20) Five (5) Years

Renewal Application Approval Date by the School/Entity Board(s): 17 December 2015

Introduction

The Mission of SIATech in Little Rock (School of Integrated Academics and Technologies, Inc.) is to provide a premiere high school drop-out recovery program engaging students through relationship focused, high-tech, and rigorous learning experiences resulting in Real Learning for Real Life ®. The school views all at-risk students as 'At-Promise' and provides this population of youth with the opportunity to earn a high school diploma, leading to advanced study and expanded opportunities for success in the workforce.

The SIATech Vision of Success characterizes:
STUDENTS as life-long learners and contributing members of society
STAFF having an opportunity to make a difference in an environment of respect, recognition and professional growth
COMMUNITIES benefiting from the success and contributions of MYcroSchool students

This specialized school enhances each student's ability to access and succeed in institutions of higher education, the 21st century workforce and/or military service and promote their opportunities to learn the skills needed to negotiate the complexities of life and to prepare for life educationally, technologically, economically, and socially.

Section 1 – General Description of the Charter School's Progress and Desegregation Analysis
Part A: Charter School Progress: SIATech Success Stories

SIATech is a Dropout Recovery High School with a definitive focus on Re-Engaging, Reaching and Teaching an At-Promise student population.
Dropping out of school happens for a multitude of reasons that can include:
- Feelings of failure (difficulty with academics, personal challenges, a victim of bullying)
- Situations of adversity/hardships (e.g. drugs/alcohol, poverty, having a child,…)
- Consequences from inappropriate and/or illegal behavior

Research has shown that students who have dropped out, are more likely to do repeat that behavior again.

Total Number of Exited Students and Graduates for Each Year

Exited Students (July 1st-June 30th)				Graduates (July 1st-June 30th)			
2011-12	2012-13	2013-14	2014-15	2011-12	2012-13	2013-14	2014-15
260	181	176	206	35	46	53	35

SIATech Little Rock graduated 169 students during the first four years of the charter. In looking at the 169 students who attained a high school diploma, it is important to acknowledge that this group of youth will have a much greater likelihood of being contributors to the economy of the State of Arkansas, themselves and their families as opposed to a drain on Arkansas society (Makers not Takers). Alternative schools, similar to SIATech, will never have the grouped academic results of traditional student populations but will have individual academic results that are definitely comparable.

Examples of next steps for our graduates include:
- 1 Student enrolled in Pulaski Tech and is pursuing a career nursing
- 1 Student works for Irby
- 1 Student works for Maybelline
- 2 Students are in the last round of LRPD interview processes
- 2-4 Students have enlisted in the military

SCHOOL SUCCESSES
A Successful Transition from a School on the Local Job Corps Center to a Community Location
A Situation:
During the first semester of the 2012-13 school year there was a change of policy that came from the Job Corps National Level in Washington DC, pertaining to public access to all centers in the United States. The school principal was called to the Center Director's office on a Thursday afternoon and told that our two (2) community students (students that were not participating in the Job Corps program, but were attending SIATech all day) could no longer come on center unless they became students of Job Corps. The implementation of this new requirement was to take place the very next day.
Immediate Resolution:
The Principal contacted the parents and shared the information. Students were provided with school materials for the next day and an initial plan was developed over the next two days. One of the parents chose to have her son join Job Corps and that was taken care of quickly. The other parent did not want her son to be in the Job Corps program. SIATech supplied materials to the student including a loaner computer. The local library was used for a teacher to meet with the student, minimally, once a week. Staff from the management company provided the tools and the training to have the student work from home and the library (or any other location the parent chose) and to access the SIATech's Virtual Teaching Team to get assistance from one of five team members at any time during the school day.
After many conversations with Job Corps leadership in Washington D.C., including written documentation from the Dallas Regional Director responsible for oversight of Job Corps Centers in Arkansas, Colorado, Louisiana, Montana, New Mexico, North Dakota, Oklahoma, South Dakota, Oklahoma, South Dakota, Texas, Utah and Wyoming; that non-

Job Corps students could participate in SIATech, a public school located on the Little Rock Job Corps campus. We understood this person had no control over this change, but not to let the two students finish out was very disquieting. For the remainder of the 2012-13 school year, SIATech school staff ensured that the educational needs of the lone off-campus student were met and that he was making progress.

Long Term Resolution

The SIATech staff shared different responsibilities to ensure appropriate coverage on Center and individual in-person support at the local library, for this virtual student. A new charter application had to be developed from the current document (all edits tracked) and the team went through another approval process over many months. NEWCorp staff (SIATech Management Team for SIATech schools out-of-CA), the Little Rock Principal and a support staff member assisted in location selection, building design and all of the paperwork to make a move off campus happen in time for a fall opening in 2013.. Needless to say, this was a very busy time for all Arkansas SIATech staff. On a positive note, the SIATech Little Rock teachers, staff and the virtual student persevered and he graduated from SIATech at the new location off I-30. That was a great day! This is just one example of our commitment to students by both the local SIA Tech staff and the national support team. We believe in providing all the necessary resources to promote student success, hopefully, culminating with the student attaining a high school diploma.

Over the four years, SIATech has amassed community and business partners to support SIATech and are seeking to continue this effort.

Successful partnership with Job Corps in Little Rock

SIATech continues their partnership with Job Corps and serves students from the Center who are brought to school by bus. The students provided by Job Corp are the very students Job Corps seeks to serve; dropouts and socio-economically disadvantaged youth.

A Strong School Board

The SIATech Board members are all committed to the Mission, Vision, and Values of SIATech. They give of their time, not only for monthly meetings, but also attend mandatory annual trainings, school events, participate in graduation and bring/refer community resources to and for the school. SIATech is privileged to work with this team of leaders.

Enrollment of Students Referred from Military Recruitment Centers and Their Staff

Staff at the Recruitment Centers have become aware of our school and have demonstrated interest in our students. Students are interested in the military and are following up on this through the personnel at the Recruitment Centers.

Enrollment of Students Referred from the Juvenile Justice System

The past two years, one (1) Little Rock Juvenile Judge has been referring youth from the court system to SIATech on a regular basis. Late last year and continuing into this school year two (2) more Judges have started to refer students to SIATech. Thus far SIATech has enrolled 4-6 students referred from these Judges since September.

Use of a Learning Management System, (ANGEL/Schoology)

The primary advantage of using a Learning Management System (LMS) is that it promotes Individual Student Learning. Students are able to progress at their optimal pace, choose an order of progress with classes and select different activities that are needed when they are ready to address different parts of the curriculum that are not 'order specific.' Most significantly, it gives the individual student some power over their day to day learning activities.

There are many other advantages of using an LMS, some of which are represented below. For staff and students, there are multiple reports to choose from (see below). Students can proceed at their own pace, repeat lessons as needed, show mastery to accelerate, etc. Time logs provide a clear picture of progress and effort for individuals and each class entity on any given day. This frees up teachers to work with small/large groups of students for personalized instruction. SIATech has been using Angel for many years. Schoology, a new LMS will be implemented in the 2016-17 School Year. Schoology was initially developed by four college students and has grown to be one of the top LMSs used by educators.

Part B: Desegregation Analysis

Describe the impact, both current and potential, of the public charter school on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

SIATech Little Rock Charter High School (SIATech) is applying for the renewal of its current charter. SIATech expects to obtain most of its students from within the boundaries of the Little Rock School District (LRSD), including many students who have dropped out of the traditional school district setting and are currently not in attendance at any type of educational institution. This analysis is provided to inform the decision making of the charter authorizer with regard to the effect, if any, that the proposed charter renewal would have on the efforts of LRSD to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

I. The Status of Pulaski County Desegregation Litigation

SIATech is providing this desegregation analysis in accordance with Ark. Code Ann. §6-23-106 to review the potential impact that its charter renewal would have upon the efforts of LRSD to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools. In conducting its review, SIATech has substantiated that LRSD has been declared unitary in all respects of its school operations. The Pulaski County desegregation litigation was first filed in 1982. *Little Rock School District, et al v. Pulaski County Special School District, et. a.l*, Case No. 4:82:cv-00866-DPM. In 1989, the parties entered into a settlement agreement (the "1989 Settlement Agreement") under which the Arkansas Department of Education, the three Pulaski County school districts, and the intervenors agreed to the terms of state funding for desegregation obligations.

LRSD successfully completed its desegregation efforts in 2007 and was declared fully unitary by the federal court in 2007. *Little Rock School District v. Pulaski County Special School District*, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed February 23, 2007. In 2010, LRSD filed a motion to enforce the 1989 Settlement Agreement. The motion contended that operation of open-enrollment public charter schools within Pulaski County interfered with the "M-M Stipulation" and the "Magnet Stipulation." On January 17, 2013, Judge D.P. Marshall Jr. denied LRSD's motion, stating:

"The cumulative effect of open enrollment charter schools in Pulaski County on the stipulation magnet schools and M-to-M transfers has not, as a matter of law, substantially defeated the relevant purposes of the 1989 Settlement Agreement, the magnet stipulation, or the M-to-M stipulation."

Little Rock School District v. Pulaski County Special School District, Case No. 4:82-cv-0866 (E.D. Ark.), Order filed January 17, 2013. LRSD appealed to the Eighth Circuit Court of Appeals.

One year later, on January 13, 2014, Judge Marshall approved a Settlement Agreement that included a provision stipulating to the voluntary dismissal with prejudice of the pending appeal concerning the charter school issues. In light of LRSD's unitary status and the parties' 2014 Settlement Agreement, SIATech's proposed charter renewal cannot interfere with the purposes of the Pulaski County desegregation litigation, which has been fully concluded as to LRSD. After the dismissal and the settlement agreement, the case was completely concluded for all purposes as to LRSD, and the federal court terminated all jurisdiction in the matter. Because of that, there is no possibility that SIATech's proposed charter renewal could impact LRSD's unitary status. To be clear, SIATech's proposed charter renewal cannot impact LRSD's unitary status because 1) there is no case in which LRSD's unitary status could be an issue; 2) LRSD made a claim regarding operation of open-enrollment charter schools in federal court in 2010 and lost it; and 3) LRSD settled the charter school claim in 2014, and as a consequence released or waived any such claim.

II. The Requested Charter Renewal

According to the 2015-2016 school year enrollment figures as maintained by the ADE Data Center, LRSD had a student population of 23,164 students. SIATech's 2015-2016 school year enrollment figure of 166 students would constitute approximately seven tenths (7/10) of one (1) percent of the total LRSD population. Under Ark. Code Ann. §6-23-306(6)(A), SIATech must be race-neutral and non-discriminatory in its student selection and admission process. While it is impossible to project its future racial composition accurately, SIATech will continue to implement admissions policies that are consistent with state and federal laws, regulations, and/or guidelines applicable to charter schools. For the 2015-2016 school year, 150 of SIATech's student population is African-American (90.4%) and 11 students are Caucasian (6.7%).

In addition, Ark. Code Ann. §6-23-106 requires that SIATech's operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of a public school district or districts within the state. As explained in more detail above, SIATech's careful review of the relevant statutes and court orders affecting LRSD and its student population shows that such negative impact is not present here. LRSD is completely unitary and no longer has any ongoing desegregation obligations.

III. Conclusion

SIATech submits that upon the basis of its review, neither any existing federal desegregation order affecting LRSD nor the 1989 Settlement Agreement prohibit the State's charter school authorizer from granting the requested charter renewal for an open-enrollment public charter school in Pulaski County.

Section 2 – Composition of the Charter School's Governing Board and Relationships to Others

Part A: Composition of Governing Board

Describe the governance structure of the charter, including an explanation of the board member selection process and the authority and responsibilities of the charter board.

Governance Structure

The Public-Benefit Corporation, Arkansas School for Integrated Academics and Technologies, Inc. was organized exclusively for charitable educational purposes, The Board shall consist of five (5) or (7) Directors as determined by a majority of the Directors, from time to time. Board Directors consist of business/community/education leaders. A maximum of one (1) parent/guardian or *in loco parentis* of a student enrolled in the school may serve as one of the Directors. Nominees for all directors shall be made by one of the existing Board members.

Selection Process

Board members shall have multi-year terms, two or three years that overlap as determined by a majority of Directors from time to time. Current Board membership includes a diverse group of professionals who bring multiple experiences in support of managing the school. Vacancies on the Board are to be filled by the President of the Board. The successor selected shall hold office for the remainder of the term of the Director replaced. All Board members complete Conflict of Interest forms on an annual basis. Board members are required to stay updated with required Board Training; nine (9) hours of training and instruction by December 31 of the calendar year following the year in which they were elected and six (6) hours of training annually each year following.

Current Board members include: (1 current open position)

Mr. Lindsay Brown	Union Representative	IUPAT District Council
Mr. James Graham	Accountant	State of Arkansas
Mr. Philip Hood	Commissioner	Arkansas Workers Compensation Commission
Mr. Ernie Murry	Marketing Representative	Arkansas Counseling Associates
Mr. Brett Smith	Superintendent	Schools Division of Youth Services
Ms. Essie Talley	Records Manager	Little Rock Job Corps Center

Authority and responsibilities of the charter board.

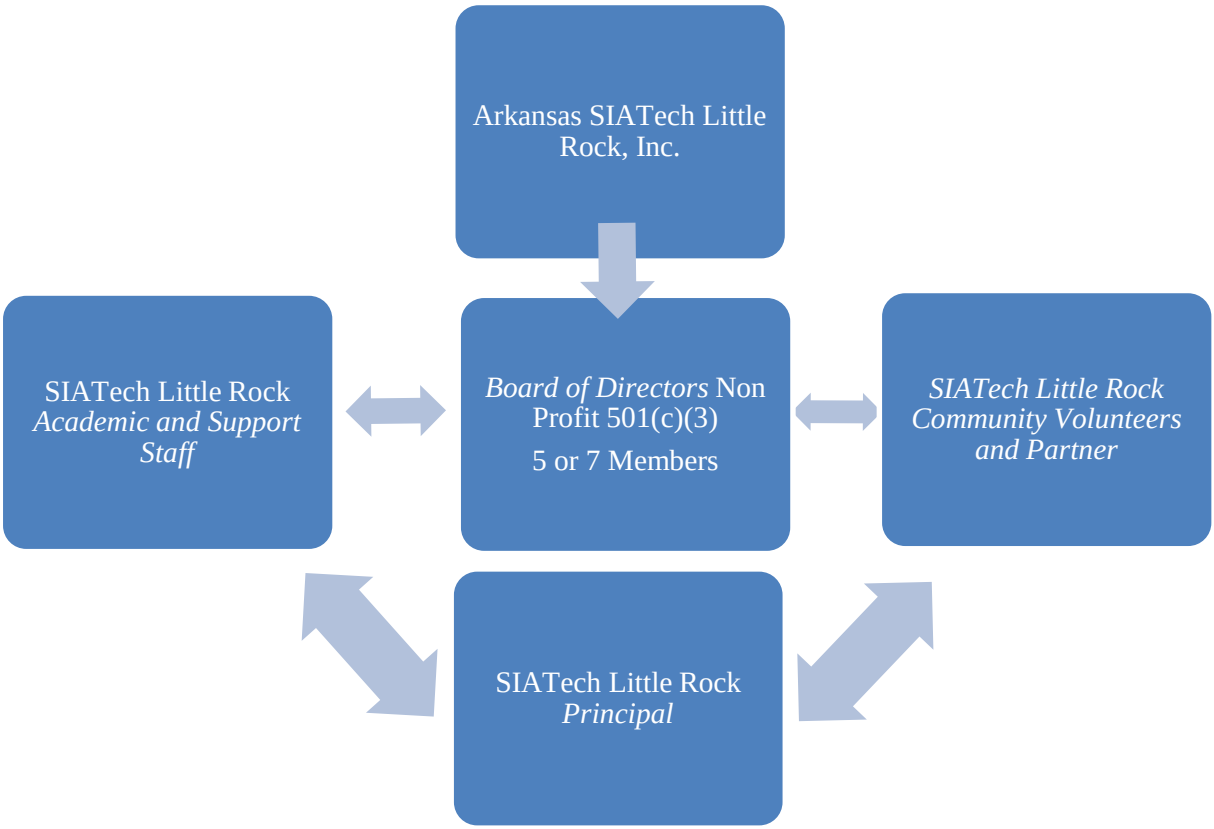
The Board has the authority to authorize any Officer or agent of the Corporation, in addition to the Officers authorized by the Bylaws, to enter into any contract or execute any instrument in the name of and on behalf of the Corporation. These may be issues that are general in scope or may be confined to specific instances.

All checks, drafts, or other orders for the payment of money and all notes or other evidence of indebtedness issued in the name of the Corporation, shall be signed by such 'Officer or Officers', agent or agents of the Corporation and in such a manner as shall from time to time be determined by resolution of the Board. In the absence of this determination by the board, the President may sign necessary instruments when countersigned by the Treasurer.

From time to time, the board may designate banks, trust companies, or other depositories for the depositing of corporation funds, following fixed terms and conditions determined by the Board. The Board may also authorize the opening and keeping, with designated depositories, of general and special bank accounts and may make special rules and regulations that are consistent with the Bylaws when deemed necessary.

The governing structure of the school is further illustrated in the following chart:

SIATech Little Rock, Inc., Organizational Chart:



The organizational Flow Chart presented above outlines the general governance structure of the school and the respective relationships of the Board of Directors, the principal, staff and students.

Part B: Disclosure Information

Identify any contract, lease, or employment agreement in which the charter is or has been a party, and in which any charter administrator, board member, or an administrator's or board member's family member has or had a financial interest.

There are no former or current SIATech Little Rock administrators and/or board members, nor their family members, who have been a party to any SIATech charter contract or lease. One of the school security officers, employed by the school, is a brother of a Board Member.

Complete the table on the following page.

Relationship Disclosures

In the first column, provide the name and contact information of each board member and/or administrator. In the second column, provide the name and position (e.g., financial officer, teacher, custodian) of any other board member, charter employee, or management company employee who has a relationship with the board member/administrator or state NONE. Describe the relationship in the third column (e.g., spouse, parent, sibling).

Charter School Board Member's/ Administrator's Name and Contact Information	Name and Title of Individual Related to Board Member	Relationship
Administrator: Ms. Katie Hatley Tatum, Principal **Work:** 6724 Interstate 30 (I-30) Little Rock, AR 72209 (501) 562-0395 (wk) (501) 562-7671 (fax) Katie.Tatum@siatech.org	Not applicable	Not applicable
Board Member: Lindsey Brown 10112 Chicot Rd, Ste #218 Little Rock, AR 72208 (501) 353-2957 Lindsey.Brown@siatech.org	NONE	Not applicable
Board Member: James Graham 187 Pumice Drive Sherwood, AR 72120 (501) 835-6787 (home) James.Graham@siatech.org	Officer Lindsay Graham SIATech School Security Officer	Sibling: Brother
Board Member: Philip Hood P.O. Box 55882 Little Rock, AR 72215 (501) 683-3408 (wk) Philip.Hood@siatech.org	NONE	Not applicable

Board Member: Ernie Murry 2816 Lehigh Drive Little Rock, AR 72204 (870) 680-7456 **Ernie.Murry@siatech.org**	NONE	Not applicable
Board Member: Brett Smith 6 Summerwood Drive Benton, AR 72019 **Brett.Smith@siatech.org**	NONE	Not applicable
Board Member: Essie Talley 10614 Lionel Drive Little Rock, AR 72209 (501) 247-3032 **Essie.Talley@siatech.org**	NONE	Not applicable

Section 3 – Student and Teacher Retention and Recruitment

Part A: Student Retention and Recruitment

Complete the following Student Retention Table:

Group Combined 2013-2014 School Year Through October 1, 2015	Total Numb Enrolled	Number Left Withou Completing the High Grade Offered	Total % Left Charter	% Left for Oth Arkansas Char	% Left for Arkansas Traditional Publi School	% Left for Arkansas Priva School	% Left for Hor School in Arkansas	% Left the State	% Left for Unknown Reasons
All	551	349	63%		1%	7%			
Two or More Races									
Asian	7	5	71%						
Black	466	299	64%		1%	8%			
Hispanic									
Native American/ Native Alaskan									
Native Hawaiian/ Pacific Islander	1

Migrant									
LEP									
Gifted & Talented									
Special Education									
Title I									
Free and Reduced Lunc	345	188	54%		1%	12%			

Review the data in the Student Retention Table and discuss the reasons that students leave the charter without completing the highest grade offered at the charter. Specifically address the reasons that students belonging to the TAGG demographic groups (economically disadvantaged, special education, and English language learners) leave the charter without completing the highest grade offered at the charter, if they do so at a higher rate than students belonging to other demographic groups. Discuss the reasons that other demographic group(s), if any, leave the school at disproportionate rates.

We know that our students drop out of school, for many reasons, but the issues pulling them out-of-school are primarily related to home situations that are typical of economically disadvantaged family circumstance. For some families, the need for immediate financial assistance is critical and older children may need to help with bringing income into the family. Other contributing factors are situations of violence and/or drugs & alcohol.

Complete the following Student Recruitment Table:

	2014-2015 Little Rock School District (District in Which the Charter Is Located)		2014-2015 SIATech		2015-2016 SIATech		2016-2017 Projected	2017-201 Projected	2018-2019 and Beyond Projected
	Number	**%**	**Number**	**%**	**Number**	**%**	**%**	**%**	**%**

Migrant	0	0.00%	0	0.00%	0	0	0	0	0
LEP	2,693	11.53%	0	0.00%	0	0	0	0	0
Gifted & Talented	5,024	21.50%	0	0.00%	0	0	0	0	0
Special Education	2,755	11.79%	4	2.63%	7	3.98	4.50	7.04	7.04
Title I	18,466	79.04%	0	0.00%	0	0	0	0	0
Free and Reduced Lunch	17,499	74.90%	87	57.24%	0	0	0	0	0

Discuss the school population and explain why the charter has a much higher percentage of Black students and lower percentage of Hispanic, Special Education, and Free and Reduced Lunch students than the district in which the charter is located.

Some of the main reasons for the higher number of black students in comparison to other races are because:

- Research shows dropouts are more prevalent in black families who live below the poverty level
- Dropouts are known to live in the same neighborhoods
- Undiagnosed mental illness
- In zip codes where the dropout percentage is high, there is a direct correlation to the number of families receiving welfare
- Black males who are between the ages of 16-21 make up approximately 65% of crime in Pulaski County. These males are usually dropouts

Part B: Lottery Procedures

Describe procedures for conducting the an annual single lottery enrollment process, including the timeline for enrolling, the date of the lottery, and the way in which students will be placed on waiting lists, and the process for notifying parents about each child's selection or order on the waiting list. Explain how the charter will ensure that the lottery process is transparent to the public.

A lottery process is in place but has not been utilized as the school has not been in a situation of over-enrollment. The process, as described in the charter, follows.

Enrollment policies and procedures

The school enrollment cap was approved for 275 students.

A request waiving uniform dates for the beginning and end of each school year provides flexible entry and exit options for out-of-school youth. As the school is able to extend the school year, students are provided some level of flexibility to access education at this time in their lives.

Applications throughout the year will be date/time stamped as they are received and filed by application date and grade level (based on cohort class). In the event that more students apply for admission to the school than can be accommodated, the charter terms require a random, anonymous lottery to be held to ensure open access to all eligible public high school applicants. The lottery will be held on the school campus and will be publicized on the school website with all pertinent information. The Public Charter School Program Coordinator will be notified prior to lottery drawings. The principal, with at least one school board member and one additional school employee in attendance, will lead the meeting.

Parents/guardians and/or students will be notified of their child's acceptance no later than one week after the drawing and will have ten (10) days to notify the school, in writing, of their decision to attend.

Part C: Teacher Retention

Complete the following Teacher Retention Table:

School Yea	Total Number of Teachers	Teachers Who Left Duri the School Year		Teachers Who Returned to Teach at the Charter the Following Year		Teachers Who Took Other Positions within the Charter Organization	
		Number		Number	%	Number	%
2012-2013	6	3	50%	3	50%	0	0%
2013-2014	6	3	50%	3	50%%	0	0%
2014-2015	5	1	20%	4	80%	0	0%
2015-2016	6	1	17%				

The content area teachers from the years above were moderately balanced as indicated below:
Math 2
English 3
Science 2
Social Studies 1

Review the data in the Teacher Retention Table. Discuss the reasons that teachers leave the charter and current practices and future plans to retain teachers.

There have been a myriad of 'life' reasons for staff leaving SIATech. Specific reasons for the teachers who left were as follows:

*Resignation*s

- Family needs, moving back home due to the retirement of a spouse (1 individual)
- Long term substitute returning to retirement (1 individual)
- Specific Reasons for Leaving

  Personal-health (1 individual), Self-Reflection on Job Match: A lack of teacher ability to serve the diverse learning needs and different pacing for the individual students (2 individuals), Other work opportunities (2)

Termination:

- Disciplinary (1)

Most of these issues are not due to lack of planning, rather the skill sets and temperament needed to work with a very challenging group of students. There are practices that can be put into place to mitigate or address the issue of teacher vacancies.

First and foremost, schools must design and implement a **systematic approach to recruiting, preparing, and retaining teachers**. Key components are listed below

- Require all applicants to spend, minimally, a half a day in the classrooms working with students and spend the other half of the day working with other teachers
    - Interview students as to their opinion about the guest teacher
- Enlist the support of the SIATech Professional Development Team to further the formal implementation of a systematic practice to train colleagues to serve as mentors to new teachers (systematic support on the front end). Well-informed and trained teachers are a requisite component for ongoing success with an At-Promise student population.
- Review hiring practices to ensure that the 'dire need' does not outweigh finding individuals that are the right 'fit'
- Ensure that all teachers have a structured Sub Folder (with respect to common practices and system), across all classrooms, containing the information needed to provide consistency with daily structural, instructional, and behavior management practices. This helps teachers who provide coverage in other classrooms (this is not frequent but it helps our staff step in with greater ease. It is also very helpful for non-staff substitutes.)
- Continue working with Personnel Support Services to ensure that we are able to hire the very best teachers and the NEWCorp Teaching & Learning Team to get systematic support for teacher growth and development
- NEWCorp (national office) will continue to support teacher growth and development

Section 4 –Data and Best Practices

Part A: Test Data

Review the following assessment data, 2012-2014, for the charter and the district in which the charter resides.

		Little Rock School District (District in Which the Charter Is Located)			SIATech		
		Literacy Proficient or Advanced	Mathematics Proficient or Advanced	Prior Year Graduation Rate	Literacy Proficient or Advanced	Mathematics Proficient or Advanced	Prior Year Graduation Rate
2012	All Students	68.56%	61.58%	81.80%	0.00%	0.00%	13.40%
	TAGG	61.49%	53.79%	77.50%	0.00%	0.00%	18.90%
2013	All Students	67.00%	59.08%	81.78%	3.57%	3.66%	13.43%
	TAGG	59.15%	51.27%	77.48%	3.57%	4.11%	18.92%
2014	All Students	65.21%	59.74%	75.35%	3.28%	3.13%	12.09%
	TAGG	57.23%	51.96%	70.32%	3.45%	3.61%	12.09%

Describe the ways in which the testing data support the achievement of, or progress toward achieving, the charter's current approved academic goals.

All of the tests listed above are Point-In-Time Tests (Fall and Spring testing windows) which are not compatible with a Dropout Recovery School Model that recruits and enrolls students at any time during the school year. To reach and enroll the At-Promise student population, SIATech reaches out to students who bring one or more of the following characteristics: over-age, and/or under-credit (high school eligible) involved with the justice system. It is not unusual to enroll new students every week of the school year until April, and sometimes into May and June. It should be noted that there are number of students, every year, who enter having already taken the benchmark tests. These students were not allowed to test and were counted against SIATech's 'number assessed' and was a reason for the priority status designation this year.

Also, High Stakes Tests like these are very stressful for students and until the students have had sufficient time to adjust to a new school and have some refresher time (as most of our students have been out of school numerous and for a variety of reasons) these tests are not worthwhile for the students.. Incorporating alternative, equally rigorous, assessment approaches for students who may be disadvantaged by standardized testing. (WestED, February 2000, *The High Stakes of HIGH-STAKES Testing**, Clarify and Establish Challenging Performance Expectations for Students, Teachers, and Schools high-stakes testing testing). From the NEA, "Must Accountability Measures Be Based on State Tests Alone? Suggestions include: multiple measures of achievement; student achievement-related accomplishments (e.g., graduation, progression, and enrollment in advanced courses); inputs (e.g., indicators of fiscal, human, and material resources); processes (e.g., indicators of school organization) and instructional practices (e.g., policy implementation, curricular/instructional coherence, and class size); and outcomes other than student achievement (e.g., school safety)." (Brookhart, Susan M., 2009, "*Accountability Policies and Measures What We Know and What We Need*". National Education Association Research Department.) Many states are moving forward with conversations and/or actions pertaining to Alternative Accountability

thinking for unique schools; included is Arkansas, California, Ohio, Colorado, Texas, DC Public charter Schools, to name a few.

At this time there is no option other than to insist students take that tests regardless of their readiness. States across the country are considering other options for students who are not in the 'mainstream with respect to testing schedules and readiness as a part of the plan. Arkansas is participating in this effort, to provide appropriate accountability for schools whose student population and purpose is not well served by a traditional evaluation system. Ms. Hatley Tatum, the SIATech Principal, has been selected to serve on the team that will be doing this work in Arkansas.

Part B: Discipline and Attendance Data

Complete the following discipline data charts for 2014-2015.

***Please note that some demographic categories are intentionally left out due to the school not having more than 10 students enrolled that fall into those categories.**

2014-2015 Discipline Data*						
Disciplinary Infractions						
		Race		Gender		Grou
Type	Total	Black	White	Male	Female	FRL
Drugs

Expelled for Dangerousness (non-injury)						
Expelled for Dangerousness (injury)						
Out-of-School Suspension (injury)						
Alternative Learning (less than year)						
TOTAL	**9**	**9**		**9**	**9**	**9**

Explain why no discipline data was reported for the charter in 2014-2015.

Due to SIATech opening up and starting with the brand new eSchool system, the school had difficulty setting the parameters to fit our model. Multiple members worked closely with the counselor at SIATech to help set up programs. SIATech was the first school in 2011 to use the competency based system. SIATech was brought before the State Board regarding transcript issues. These issues arose due to the "final grade" system that SIATech used. After receiving additional technical assistance from the state, this issue was resolved. As of the start of the 2015-2016 school term, all coding errors were corrected but not until after the data had been submitted for reporting purposes.

Discuss the disciplinary infraction and action data. Be certain to discuss any disproportionate representation by a subgroup.

Schools serving an At-Promise student population must, first and foremost, ensure a safe learning environment. Nine (9) students were expelled over the past two years, 5 were male and 4 were female, all were African American and all were youth from poverty.

Since coding errors left us with no specific data for discipline infractions, SIATech can only address the 9 expulsions that took place. The majority of students who were expelled, we expelled due to the following:

- Insubordination
- Disorderly Conduct
- Drugs (four students fall into this category)

The majority of the expulsion infractions were for youth over 18 who had been out of school for over two years. Providing guidance and direction to "At Risk" students is extremely difficult due to the fact that 90% of these students have been on their own and are not comfortable taking directives from any person of authority who could provide direction in rectifying inappropriate behavior.

Discuss the strategies used by the charter to ensure that discipline is administered in a fair and equitable manner.
The school principal has very clear and structured disciplinary processes that are implemented across all school classrooms. When teachers have addressed issues as best possible, the Principal is the last stop for formal disciplinary actions. Appropriate staff supports the development and implementation of behavioral modification plans. Behavioral expectations are shared with parents as well as students during pre-enrollment meetings and re-enforced with the school handbook. Key topics are covered in a student orientation and all students begin school with an understanding of school policies and procedures and behavioral expectations.

Review the following attendance data.

2014-2015 Attendance				
	Quarter 1	**Quarter 2**	**Quarter 3**	**Quarter 4**
ADA	82.91	78.89	102.22	96.16
ADM	136.35	128.38	130.23	112.15
Rate	61%	61%	78%	86%

Explain why the attendance rate continually falls below 90%.
School absences affect youth from poverty disproportionately; they are more prone to miss school and suffer academically because of these absences. Poverty can inform poor attendance simply due to a dearth of resources such as access to regular and dependable transportation, responding to family child care and health needs, addressing issues involving law enforcement, mobility with housing, working to support the family financially, to name a few. It is critical to address attendance, as research shows that absence from school is directly related to student achievement. This helps to ensure an understanding of school policies, practices and procedures, with a specific focus on regular, on-time attendance and high expectations for students. Every effort must be made to ensure attendance. Students must be present to 'win' (their education).

SIATech school staff works with students to promote on-time, daily attendance through the implementation of several important strategies:

- Currently, students and parent(s)/guardian(s) attend an orientation meeting where information is disseminated and questions are answered. In addition to this, every effort is made to make students and parents/guardians feel welcome at school.
    - SIATech staff assume responsibility for knowing the parent(s)/guardian(s) of all SIATech students and to establish systems of communication that are appropriate for all.
- Staff work to identify attendance issues early on. They recognize the importance of structure and high expectations for all students to be successful. Students may "pick up" or "fall back" on habits that likely correlate with a habit outside of the expectation of on-time, daily attendance. When this is identified, steps are taken to determine the underlying issues and reverse the behavior.
- The promotion of a safe and secure learning environment is promoted and supported promoted and supported by all staff on a daily basis. All students are expected to be respectful and responsible for their behavior

SIATech staff will be implementing a case management system that will provide the opportunity for every staff member to work with an identified number of students (the number of students will depend upon their current school responsibilities). One of the primary responsibilities of each case manager is to address any issues of attendance that may arise with their students. This will help to ensure support for every student, on a daily basis, and will reinforce current SIATech efforts to develop and promote positive, trusting relationships with students so they know they are cared for and that school is a safe haven for all to be present and learn. The expectation is that a formal system of responsibility for individual students will result in the opportunity to increase proactivity in addressing issues, one of which is on-time, daily attendance.

Describe the methods used by the charter to improve student behavior and attendance.
In order to provide an effective learning environment for students, discipline at SIATech is appropriate, consistent and is in the best interest of students and staff.

- The school Principal provides consistency with discipline. She handles, with few exceptions, all discipline on campus. In a small learning environment, there are not enough staff members to provide staffing for another individual to 'own' discipline. The SIATech student population will always be less than 276 students in order to provide the necessary personalization to meet the needs of the student population.
- Students are informed as to what is and is not acceptable. If student behavior issues escalate, parents are informed in a kind, clear and respectful manner. In all classrooms rules and expectations are established and implemented.
- All staff are trained to appropriately address behavior issues and remind students they are preparing for the workforce which requires similar behaviors.
- Zero Tolerance is applied as appropriate.

Behavioral and Learning Interventions are a critical part of the school day.

- Staff, first and foremost, work to develop supportive and positive relationships (rapport)with students, providing a supportive and safe place to learn
- An emphasis is placed on helping students to become self-directed learners, teaching them critical thinking skills and *how to learn*. Students who not been taught the mental processes that support learning are provided with the skill sets to address this issue. Some examples include connecting new information with prior knowledge, looking for patterns and relationships, gathering, organizing and making sense of the information you have.
- Teachers routinely implement classroom engagement and management practices. They provide options for students when it is appropriate and they are always aware of what is happening in their classes as though they have eyes in the back of their heads.

As referenced in the previous question, regular attendance is valued and honored. Staff is excited to see students present each day and appreciate all efforts to be in class regularly and on time. A new system of caseload management will formalize school efforts to make sure that absences are addressed in a timely manner. Procedures for communicating and addressing absences are explicit, clear and appropriate.

All absences require a parent note/call/or medical slip for the student to be excused and students are held accountable for every absence. Communication with parents of minors and with parents, when permission given, of adult students helps to ensure parents are in the 'know' regarding school attendance. Parents/Guardians are called when there is not a written excuse or medical note. It is standard practice to call on both the 6th and 8th absences, regardless of a written excuse. SIATech staff communicates with Job Corp staff regarding their student's absences. Regular and ongoing communication is KEY to student success.

Part C: Best Practices

Identify and describe one (or more) best practice(s) that support the achievement of, or progress toward achieving, the charter's current approved academic goals. Provide the data that led to the determination that this practice is effective.

Best Instructional Practice

SIATech teachers use a variety of opening class activities during the beginning of each period of the day: picture prompts, journal prompts, quote/question/thought of the day, current events, daily math/science question. An emphasis is placed on open ended activities that are engaging, generate a variety of student responses and promote student collaboration. Good types of open-ended activities are brainstorming and prediction which are perfect for mixed ability groups of students (reality in SIATech classrooms). One method that SIATech teachers use is to check student knowledge during activities through the use of student responses on sticky notes.

Opening activities also support immediate guided engagement at the start of each class period and minimize wasted time. Teachers can modify these opening activities to fit their students' learning styles and multiple teaching styles. Activities can be active (standing, changing partners, filling in groups with like or non-like responses/ideas), promote sharing of ideas (mine and yours-can they explain how their partner solved the problem). The options are infinite and it is easy to develop interesting, effective, thought provoking and stimulating activities for all levels of students.

Best Classroom Management Practice
SIATech utilizes a Blended Learning approach, which allows each student access to a computer and to work at his/her optimal pace. Every student in the class might be working on something different for significant amounts of time. Teachers navigate thru the room to ensure that progress is happening while providing assistance and guided support/questions to 're-direct' student thinking when they are 'stuck'. SIATech staff initiated the use of a variety of buzzwords and phrases to catch students' attention and listen to messages from the teacher. Teachers use phrases like "May I help you?" and "What are you working on today?" to check progress and others such as "Let's get busy" and "Show me where you are" to redirect students' back to their class work. This allows staff to check for understanding.
There are many phrases/words that have become part of the educational lexicon; an immediate example is 'college and career ready.' Teachers will easily use this when speaking to advanced skills and preparing students for the 'real world' after high school by emphasizing communication skills (writing, speaking, listening) and critical thinking for individual students areas of interest and plans for next steps. Staff can also pay attention to 'cool and appropriate' social media buzzwords and fit them to classroom needs, e.g. '*gamification*,' a promise that if you successfully accomplish the task, you will get something in return.

For both of these Best Practices, the following information has supported the classification of Best Practice at SIATech.
- class/teacher observation by school leadership across all classrooms (English, Social Studies, Science, Math)
- teacher sharing and subsequent use and ownership of these practices (initiated from Professional Development and then shared among teachers in above classrooms)

Innovative plans for the next 5 years: SIATech Career Pathways Program of Study
Despite an unemployment rate that is almost a full percentage point below the national average, Arkansas is one of the poorest states in the nation. Its median income is the second lowest in the country, and it ranks among the ten worst states in terms of poverty and lack of health care coverage. Compounding this problem, only 18 percent of Arkansans have earned a bachelor's degree or higher.

The award winning Arkansas Career Pathways Initiative (CPI) was developed as an innovative tool to help Arkansans fight their way out of poverty. The School for Integrated Academics and Technologies in Little Rock will take lessons learned from the CPI to create an innovative Career Pathways Program of Study (POS) to address the challenges faced when an educational program has a definitive focus on **Reaching and Teaching an At-Promise student population.** Prior to enrollment, all SIATech Little Rock students are part of what the United States now defines as an Opportunity Youth (OY) population, youth who are not engaged in school or work.

"Thriving in Challenging Times", Connecting Education to Economic Development through Career Pathways, a joint publication of the National Career Pathways Network (NCPN), and the Institute for a competitive Workforce, notes that a career pathway is a coherent sequence of rigorous academic and career courses that begins in high school and leads to an associate degree, a bachelor's degree and beyond, and/or an industry-recognized certificate or license. Career pathways are developed, implemented, and maintained by partnerships involving educators, community leaders, and employers

"The Pathways to Prosperity" report, a project of Harvard University's Graduate School of Education, calls for a robust career pathways *system* that leads students beyond the high school diploma. The report highlights significant and growing skills and earnings gaps that are due, in part, to changes in the workplace. Whereas high school graduates of earlier generations could easily find "**middle** skill" jobs, more and more of today's jobs require education beyond high school. "Over the past third of a century," the report notes, "all of the net growth in America has been generated by positions that require at least some postsecondary education." The solution is not to increase bachelor's degree attainment but to increase the number of high school graduates who go on to earn associate degrees and postsecondary occupational certificates—the credentials of preference in many workplace settings.
"Driving Innovation from the Middle", a publication for the Southern Governors' Association, August 2011, by the National Skills Coalition, notes that Career pathways ease transitions between programs and expand access to education and training for "non-traditional" students and provide supports and services that allow individuals enrolled in education and training programs to succeed. This publication also notes middle-skill jobs, which require more than a high school education but not a four year degree, currently make up the largest segment of jobs in the U.S. economy (nearly half), and will continue to do so for years to come.

Career pathway-oriented workforce development has the goal of increasing individuals' educational and skills attainment and improving their employment outcomes while meeting the needs of local employers and growing sectors and industries. Career pathway programs offer a clear sequence, or *pathway*, of education coursework and/or training credentials aligned with employer-validated work readiness standards and competencies. This systems approach makes it easier for people to earn industry-recognized credentials (through more flexible avenues and opportunities for relevant education and training) and to attain marketable skills so that they can more easily find work in growing careers. These comprehensive education and training systems are particularly suited to meet the needs of working learners and non-traditional students
The Southern Governors' Association 2011 report also notes that the demand for Middle-Skill jobs in Arkansas will remain strong. Middle-skill jobs account for 55% of Arkansas' labor market, but only 44 percent of the state's worker are currently trained to the middle-skill level.
The STATE OF ARKANSAS LONG-TERM INDUSTRY AND OCCUPATIONAL PROJECTIONS 2010-2020 has identified the following industry sectors as being among the Top 20 Fastest growing industries by percent growth:

Education and Health Services is projected to be the top growing supersector in the state, with 24,422 new jobs being added by 2020. *Educational Services* could see a growth of 10,816 jobs. Elementary and Secondary Schools should see most of this growth with 7,027 jobs added. **Health Care and Social Assistance** could also see a large growth with 13,606 jobs expected. Of those jobs, 4,266 should be found in the *Ambulatory Health Care Services* sector. This supersector has six industries placing on the Top 20 Industries by Net Growth list.

The **Manufacturing** supersector is expected to increase by 8,497 jobs by 2020, with **Non-Durable Goods** projected to gain 4,036 jobs and the *Food Manufacturing* subsector leading this area with 3,004 new jobs expected, with 2,630 new jobs projected to be added in Animal Slaughtering and Processing.
Durable Goods Manufacturing is also expecting gains with 4,461 jobs expected over the next 10 years. The largest increase in jobs should be seen in the *Transportation Equipment Manufacturing* subsector, with 1,594 jobs anticipated overall. But Durable Goods Manufacturing also has industries on the Top 20 Fastest Growing Industries by Percent Growth list, with Engine, Turbine, and Power Transmission Equipment Manufacturing topping the list with a 151.52 percent growth anticipated

The U.S. Department of Labor, Employment and Training Administration (DOLETA) has identified six elements that are critical to the success of Career Pathways Programs. Career pathway-oriented workforce development has the goal of increasing individuals' educational and skills attainment and improving their employment outcomes while meeting the needs of local employers and growing sectors and industries. The elements, outlined in the **CAREER PATHWAYS TOOLKIT: Six Key Elements for Success,** developed on behalf of the U.S. Department of Labor (DOL) by Social Policy Research Associates, are as follows:
1. Build cross-agency partnerships and clarify roles
2. Identify sector or industry and engage employers
3. Design education and training programs
4. Identify funding needs and sources
5. Align policies and programs
6. Measure system change and performance

Career Pathways education and training systems are particularly suited to meet the needs of SIATech youth and young adults, who are often working learners and non-traditional students. The SIATech Little Rock Career Pathway program will feature the following characteristics recommended in the DOL Career Pathways Toolkit :
1. **Sector Strategy**—Career pathway education and training programs aligned with the skill needs of industries important to the regional or state economies in which they are located, and reflect the fact that employers in the targeted industry sectors are actively engaged in determining the skill requirements for employment or career progression in high-demand occupations.
2. **Stackable Educational/Training Options**—Career pathway programs include the full range of secondary, adult education, and postsecondary education options, including registered apprenticeships; they use a non-duplicative progression of courses clearly articulated from one level of instruction to the next; they provide opportunities to earn postsecondary credits; and they lead to industry-recognized and/or postsecondary credentials.
3. **Contextualized Learning**—Career pathway education and training programs focus on curriculum and instructional strategies that make work a central context for learning and help students attain work readiness skills.

4. **Integrated Education & Training**—As appropriate for the individual, Career pathway programs combine occupational skills training with adult education services, give credit for prior learning, and adopt other strategies that accelerate the educational and career advancement of the participant.
5. **Industry-recognized Credentials**—Effective Career pathway programs lead to the attainment of industry-recognized degrees or credentials that have value in the labor market.
6. **Multiple Entry & Exit Points**—Career pathway programs allow workers of varying skill levels to enter or advance within a specific sector or occupational field.
7. **Intensive Wrap-Around Services**—Career pathway systems incorporate academic and career counseling and wrap-around support services (particularly at points of transition), and they support the development of individual career plans.
8. **Designed for Working Learners**—Career pathway programs are designed to meet the needs of adults and non-traditional students who often need to combine work and study. They provide childcare services and accommodate work schedules with flexible and non-semester-based scheduling, alternative class times and locations, and innovative uses of technology.

SIATech will leverage and enhance existing partnerships, and add additional partners to support the needs of our non-traditional At-Promise student population. All Americans need 21st-century skills that will increase their marketability, employability, and access to the middle class. SIATech Little Rock Charter High School looks forward to increasing the success of our students by incorporating a Career Pathways program throughout our educational program that will improve access to high-skill high-wage jobs for our At Promise student population. The SIATech Pathways program will include an emphasis on Middle level jobs to address the skills gap that currently exists in Arkansas. Our Career Pathways program will include Career Clusters representing occupations noted in the top 20 fastest growing industries in Arkansas. SIATech has a long history of providing an award winning academic program that is infused with occupationally focused Career Education and training that equips individuals to successfully enter the Labor market. The SIATech Career Pathways program will support and empower our students to reach their potential through increased access to education and career pathways that will provide the link between education and economic prosperity for our youth and the communities we serve.

Second Innovative plan: Implementation of a Case Management System to ensure every student regular access to an adult who is paying attention to the students in his/her caseload

- Students are assigned a Case Manager upon enrollment
- Students may change to a new case manager, after a discussion with the Principal and caseloads are appropriate
- Responsibilities: Every Case Manager will document meetings with students and students will reflect on and document progress, goal accomplishments and next steps on a regular basis.
- All staff members will participate in this endeavor

Section 5 – Academic Performance Goals

Part A: Current Performance Goals

Each of the charter's student academic performance goals, as approved by the authorizer, is listed. Describe the charter's progress in achieving each goal and provide supporting documentation that demonstrates the progress. If a goal was not reached, explain why it was not reached and the actions being taken so that students can achieve the goal.

Goals as stated in 2013 renewal application:

Describe the charter's progress to achieving each goal and provide supporting documentation that demonstrates the progress.

Documentation of Reading, Writing and Math testing data is included at the end of this section.

Goals in Literacy: Reading

After a baseline measurement year, SIATech Cohort students will demonstrate expected or value-added improvement on the Renaissance STAR Reading assessment using baseline and growth scale scores. The expected percentage (%) of individual cohort students meeting expectations is 65% in Year 2, 70% in Year 3, and 75% in Years 4-5.

Value Added Analysis: *Expected Growth was evaluated for 2 years of growth in reading and math skills over a one year time frame (10 months). Data Information and Analysis is attached at the end of this section.*

SIATech Statistical Growth Model Specifications: John Schacter, Ph.D.
The Value-Added Analysis Network

STAR Results for Reading & Math Renaissance Assessments: Verification of Results Attached at the end of this section.

- General Information for 2014-15 School Year Data
  - Assessment is Computer Adaptive, selection of 10th grade facilitated use of norming tables for 10th and 11th grades for two (2) years growth
  - N = # of students with baseline and growth assessment data
- Analysis of STAR Reading Results (Renaissance Computer Adaptive Assessments)
  - Green: Exceeded Expected Results (2 years growth over 1 school years' time)
  - White: Met or Exceeded Expected Results
  - Gray: Below or Met Expected Results
  - Red: Did Not Meet Expected Results

READING: STAR Assessments

Renaissance STAR Reading has been used by SIATech in Little Rock to measure the reading comprehension of its students at different points in time. This computer-adaptive assessment provides immediate reading level information, providing a system for staff & students to monitor reading skill growth over time. This information is also utilized to adapt and modify instruction for individual students. The expectations for growth is double what is expected in a traditional school year. A student who enters with a reading grade level of 6.4 is expected to improve to, minimally a grade level of 8.4 over 10 months. The evaluation of the reading and math data is externally done by the Value-Added Analysis Network (V-AAN). The attachments show the individual student results (spreadsheets with the three years of reading data) and reports from the annual V-AAN year-to-year growth report in reading & math. These reports are done over the summer months and provided back to SIATech at the end of July.

Reading (>300 days students)			
	Assessments Taken	Met or Exceeded	%
2012-13	57	17	30%
2013-14	65	38	58%
2014-15	65	25	38%

See Attachment 1.1 for student data

The SIATech student population and the pervasive poverty that we encountered in Little Rock exceeded most of our experiences in other states relative to a beginning level of literacy and learning skills. That a majority of students enrolling in SIATech arrive with reading skills that are below grade level, is not unusual for youth impacted by the effect of severe trauma on their health and achievement. Regardless, the progress we have made over the years has led us to believe that students in a culture of hopelessness can have hope for a brighter future. The percentage drop in year 4 (2014-15) seems to contradict this, but SIATech is not a typical school dealing with a typical High School student population where the majority of students return after their first high school year for three more years and then graduate. The enrollment of students who have experienced traumas in their lives, whether it is physical/emotional abuse, hunger, homelessness, family violence, poverty, … are real at SIATech; this is not an excuse, rather a reality. In order to help students be successful in learning, SIATech must first and foremost meet the personal needs of students, the majority of whom have suffered from trauma in many different forms. As new students enroll most every week, a focus is always placed on building positive and supportive relationships, ensuring that students feel, and are safe, physically, socially and emotionally, while they are at SIATech. Previous student experiences may compromise their ability to self-regulate their emotions, behavior and attention in positive ways. The impact of trauma, across many years, does not look the same for all students but it is addressed at SIATech with a personal focus on all students as individuals, within a structure that provides a safe and secure learning environment, within a culture of caring, respect and high expectations.

Reading (Graduates)			
	Assessments Taken	Met or Exceeded	%
2012-13	41	19	46%
2013-14	48	22	46%
2014-15	31	12	39%

Reading (All)			
	Assessments Taken	Met or Exceeded	%
2012-13	147	65	44%
2013-14	169	78	46%
2014-15	220	97	44%

The preceding tables provide reading results for graduates and all students with growth data. SIATech places a focus on literacy requiring that all teachers are teachers of literacy. We believe that over the years, SIATech will trend up, toward the percentages listed as our goals.

The Scatter Plot graphs below provide visuals of the Trend Lines for Reading. The analysis behind these graphs is shown on tables in the attachment section. The data on the tables, was calculated from the Reading Baseline and Growth Scores from 2012-2015, show statistically significant findings for a paired t-test analysis of the Baseline and Growth scores with $p<.001$. All of the three years in Reading had a statistically significant finding with $p<.001$. This provides evidence that the SIATech English/Reading instruction and curriculum is making a statistically significant difference in learning for our students. (Based on All Reading Scores).

Goals in Literacy: Writing

After a baseline measurement year, SIATech Cohort students will demonstrate appropriate improvement on the SIATech CAS On-Demand Writing Assessment using the double-blind scoring system. The expected percentage (%) of individual cohort students meeting expectations is 55% in Year 2, 60% in Year 3, and 65% in Years 4-5.

Individual Student Writing: Baseline and Growth Assessments (attached at the end of this section)

- 2012-13 School Year
- 2013-14 School Year
- 2014-15 School Year

2012-13		
300+ days enrollment	n	%
Made Gain	14	67%
Decreased	2	10%
Same	5	24%

2013-14		
300+ days enrollment	n	%
Made Gain	23	82%
Decreased	2	7%
Same	3	11%

2014-15		
300+ days enrollment	n	%
Made Gain	4	50%
Decreased	1	13%
Same	3	38%

*Students with like baseline & growth scores of 4 to 4 or 3 to 3 were included in 'Made Gain'
**Students with like baseline & growth scores of 2 to 2 or 1 to 1 are listed as 'Same"

Just as all SIATech teachers are teachers of reading, all SIATech staff are teachers of writing.

2012-13		
Graduates	n	%
Made Gain	19	68%
Decreased	3	11%
Same	6	21%

2013-14		
Graduates	n	%
Made Gain	36	86%
Decreased	2	5%
Same	4	10%

2014-15		
Graduates	n	%
Made Gain	11	65%

2012-13		
All Students	n	%
Made Gain	22	69%
Decreased	3	9%
Same	7	22%

2013-14		
All Students	n	%
Made Gain	44	86%
Decreased	3	6%
Same	4	8%

2014-15		
All Students	n	%
Made Gain	18	69%
Decreased	4	15%
Same	4	15%

*Students with like baseline & growth scores of 4 to 4 or 3 to 3 were included in 'Made Gain'
**Students with like baseline & growth scores of 2 to 2 or 1 to 1 are listed as 'Same'

Writing is evaluated by trained teaching staff with the majority scoring two (2) evaluations per student (double blind scoring). Students are given copies and feedback of their results.

Similar to reading, many SIATech students struggle with writing skills. Staff are continuing efforts to provide relevance for writing (e.g. connect to 'what is next' college, work, advanced training' and focusing in on individual students areas of interest/fun. Writing is strongly promoted as a communication skill inclusive of speaking and listening. The more complex the situation, the more complex the writing. In math, students must complete a Critical Thinking Activity (inclusive of writing) for each semester of credit earned. These activities also require reading and writing in math.

In science the students have Key Questions that they must answer in their own words explaining their leaning from the units. They also have a section entitled "Taking it to the Core" where students must read scenarios and answer by documenting their thinking on the topic. The science teacher also provides announcements in the Learning Management System that provides current event science articles to read and write reflections on and answer questions concerning them. Some also ask the students to look at a picture and explain what they see.

As noted on the Reading page, the important step is to make the connection with the student, ensure their safety and security and have this place of learning be a most positive part of their day, every day!

Goals in Mathematics

After a baseline measurement year, SIATech Cohort students will demonstrate expected or value-added improvement on the Renaissance STAR Math assessment using baseline and growth scale scores. The expected percentage (%) of individual cohort students meeting expectations is 65% in Year 2, 70% in Year 3, and 75% in Years 4-5.

Value Added Analysis

Expected Growth was evaluated for 2 years of growth in math skills over a one year time frame (10 months)

MATH: STAR Assessments

Math (>300 days students)			
	Assessments Taken	Met or Exceeded	%
2012-13	59	37	63%
2013-14	64	30	47%
2014-15	65	34	52%

A STAR Math assessment consists of 24 multiple-choice questions. The first 16 questions assess numeration concepts and computation; the following 8 questions assess word problems, estimation, statistics, charts and graphs, geometry, measurement, and algebra. Questions are selected from a bank of more than 1,900 multiple-choice items.

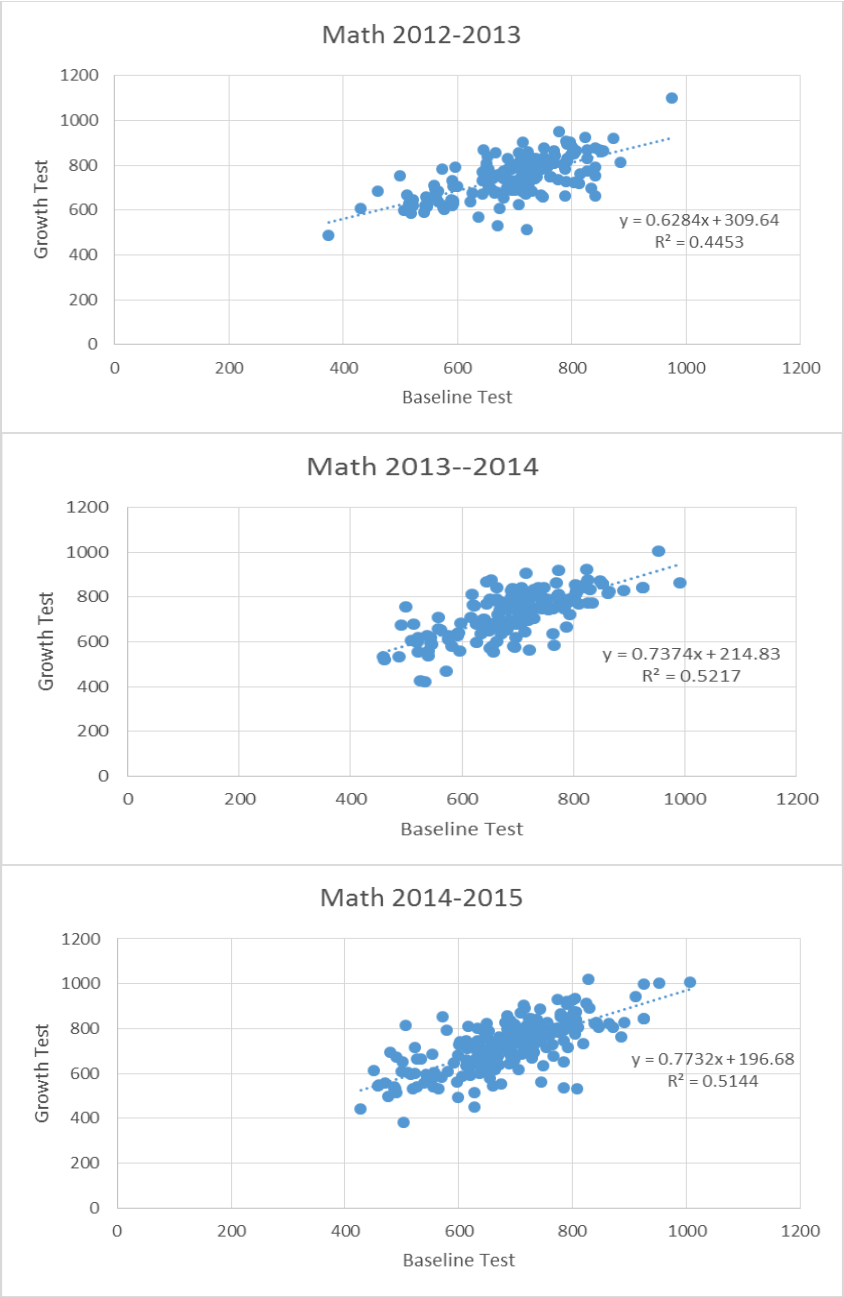
The 2013-14 school year shows a significant drop, which may be partially due to the move off of the Job Corps campus to a community based program. For most all evaluative purposes, the 2013-14 school year is another first year charter and 2014-15 could be considered the second year of the charter.

Math (Graduates)			
	Assessments Taken	Met or Exceeded	%
2012-13	42	29	69%
2013-14	46	28	61%
2014-15	31	15	48%

Math (All)			
	Assessments Taken	Met or Exceeded	%
2012-13	154	95	62%
2013-14	166	76	46%
2014-15	218	113	52%

Recent efforts to improve student achievement in math include the addition of part 2 of the Mastery tests for the end of Part 1 of Algebra 1 and the end of Geometry. These tests require more explanations of the scenario readings and the ability to verbalize, in writing, the thinking and problem solving required to demonstrate understanding of the math. There has also been a significant effort to promote student collaboration across all content area, including math, particularly with problem solving.

The Scatter Plot graphs below provide visuals of the Trend Lines for Math. The analysis behind these graphs is shown on tables in the attachment section. The data on the tables, was calculated from the Math Baseline and Growth Scores from 2012-2015, show statistically significant findings for a paired t-test analysis of the Baseline and Growth scores with $p<.001$. All of the three years in Math had a statistically significant finding with $p<.001$. This provides evidence that the SIATech Math instruction and curriculum is making a statistically significant difference in learning for our students. (Based on All Math Scores).



Part B: New Performance Goals

The understanding that, during the term of the charter renewal, the charter is expected to meet all goals and/or objectives set by the state.

List other student academic performance goals for the period of time requested for renewal. For each goal, include the following:

- The tool to be used to measure academic performance;
- The level of performance that will demonstrate success; and
- The timeframe for the achievement of the goal.

SIATech Little Rock leadership understands that, during the term of the charter renewal, the charter is expected to meet all goals and/or objectives set by the state.

Academic: READING AND MATH

The tool used to measure Reading and Math academic performance;
SIATech will evaluate student growth in reading and math as measures of academic performance and growth using Renaissance Learning's upgraded, STAR Enterprise assessments. This assessment makes use of sophisticated item calibration and psychometrics to dynamically adjust to each student's unique responses (computer adaptive). The data provided is valid, reliable and actionable and will deliver immediate and informative feedback to staff and individual students, identifying where each student is currently and specific areas of attention needed to move forward. Renaissance is fully supported by extensive research, the assessments are easy to administer and yield the valid, reliable, actionable data educators and students need.

Growth Goal: Reading
SIATech Cohort students (enrolled, minimally, 10 months in SIATech) will demonstrate value-added improvement on the Renaissance STAR Enterprise Reading assessment using baseline and growth scale scores. Each individual student goal is to accelerate their learning in Reading.

Growth Goal: Math
SIATech Cohort students (enrolled, minimally, 10 months in SIATech) will demonstrate value-added improvement on the Renaissance STAR Enterprise Math assessment using baseline and growth scale scores. Each individual student goal is to accelerate their learning in Math

Process for evaluating results:

- The Value-Added Analysis Network[1], an organization with a specialization in educational evaluations, will evaluate all individual student math and reading results for accelerated learning growth.
- A general (average) estimation of accelerated learning can be defined as two years' of growth over one years' time enrolled in SIATech) providing for value added growth.
- Scale Scores and a Growth to Standard Model will be used for this evaluation; students and staff will have access to the Grade Level Equivalency information (See Attachment for data analysis detail)
- A Regression Analysis will be done annually to determine the Trend Line (Line of Best Fit)

The level of performance that will demonstrate success in Math & Reading
Using a Growth to Standard Analysis, a majority of the students assessed will demonstrate value added growth annually for the majority of years. A Regression Analysis will be done to determine if the individual growth data demonstrated a positive trending up/line of best fit the majority of years. Student learning gains data, at the end of each school year, will be evaluated for students enrolled for a minimum of 10 school months (can overlap school years), will maintain and/or trend up annually, over the term of the charter contract.

Academic: WRITING
The tool to be used to measure writing academic performance;
SIATech Cohort (10+ month) students will demonstrate appropriate improvement on the SIATech Common Assessment System (CAS), On-Demand Writing Assessment.
Writing will be evaluated by trained SIATech staff, using:

- a narrative rubric aligned to Arkansas standards, and
- an electronic evaluation tool for Grammar (e.gPaper Rater)

Growth Goal: Writing
The majority (%) of SIATech Cohort students, enrolled 10+ months, will demonstrate improvement in writing skills using Baseline and Growth Writing assessments. Due to the importance of writing and the need to improve student

[1] https://valueadded.teachingdoctors.com/

writing skills, grammar scoring will also be included. The expectation is a trending up of student writing growth results, over the term of the charter.

The level of performance that will demonstrate success in Writing

A majority percentage (%) of Cohort students (enrolled 10+ months) will demonstrate improvement in writing skills using the following evaluation process

- Demonstrated Improvement
  - An increase from the baseline score results for content and grammar, **or**
  - Maintenance of baseline scores of 3 or 4 for content and an increase in scoring for grammar.
- Did NOT show Growth
  - Declining scores for content and grammar
  - Same scores (1 or 2) for content

Building Student Life Skills: Daily, On-time Attendance

The tool to be used to measure Attendance;
Attendance will be accessed through school records and/or eSchool

Growth Goal: Attendance Rate will trend up over the term of the charter
SIATech students enrolled 5+ months will demonstrate positive trends in attendance rates each school year

The level of performance that will demonstrate success in Attendance
The majority of Cohort students (5+ months) will meet acceptable attendance rates, maintaining and/or improving over the school year term.

Building Student Life Skills Gallup Poll

Students will determine their level of Hope, Engagement & Well Being
Gallup Student Poll

Gallup Poll Goal:
- SIATech At-Promise students will participate in the National Gallup Poll Surveys evaluating student levels of Hope, Engagement and Well-Being).
- SIATech staff will reflect on the results and implement a new practice(s) or behavior(s) to promote students' feelings of Hope, Engagement and Well Being
- Staff will use the data to inform daily instructional practices to further student engagement in learning and to promote each individual student's belief in themselves and their future

The level of performance that will demonstrate success in the Gallup Poll
Minimally, 80% of SIATech students, minimally enrolled for the Gallup Polling period, will participate in the Gallup poll
Staff will reflect on the student findings
- Scores will be compared with overall nationwide results over the term of the charter. All students (100% as defined above), will be encourage to participate
- No level of comparison is listed as the open entry practice for students will not allow all students to respond based on a minimum level of time at SIATech
- SIATech staff will reflect on the results and implement a new practice(s) or behavior(s) to promote students' feelings of Hope, Engagement and Well Being
- Staff will use the data to inform daily instructional practices to further student engagement in learning and to promote each individual student's belief in themselves and their future

Gallup research shows that "the Gallup Student Poll provided students a voice and a tool for the entire school community to fashion a more supportive climate for students that leads to greater student success." This can serve to direct school improvement actions.

Building Student Life Skills Speak Up Survey

Students, staff, and stakeholders will participate in the Speak Up Survey to evaluate levels of Technology acumen and access

Speak Up Goal:
- SIATech At-Promise students will participate in the National Gallup Poll Surveys evaluating student levels of Hope, Engagement and Well-Being).

The level of performance that will demonstrate success in the Speak Up Survey
Minimally, 60% of SIATech students, minimally enrolled for the Speak Up Polling period as selected by SIATech, will participate in the technology survey
Staff will reflect on the student findings

- Scores will be compared with overall nationwide results. All students (100% as defined above, will be encouraged to participate)
- No level of comparison is listed as the open entry practice for students will not allow all students to respond based on a minimum level of time at SIATech
- SIATech staff will use the data to promote the effective use of technology for staff and students.

Section 6 – Finance

Review the charter's most recent annual financial audit report. For each finding, address the following:

- If the finding had been noted in any prior year audits;
- The corrective actions taken to rectify the issue; and
- The date by which the issue was or will be corrected.

No Findings

Section 7 – Waivers

Review the following list of statutes and rules that have been waived for the charter school:

Waivers from Title 6 of the Arkansas Code Annotated (Education Code)

6-10-106	School year dates are now aligned with LRSD
6-11-129	Data to be accessible on website
6-13-109	School superintendent
6-13-608	Length of directors' terms
6-13-611	Vacancies generally
6-13-616	Director eligibility
6-13-620	Powers and duties
6-15-1004	Qualified teachers in every public school classroom
6-15-2302	General business manager—Responsibilities—Minimum qualifications
6-16-102	School day hours
6-16-124	Arkansas history (to be incorporated into other social studies curriculum) This, I think, is new. We do not have this in our curriculum at this time. We will need to add this or request a wqaiver.
6-17-111	Duty-free lunch periods
6-17-114	Daily planning period
6-17-203	Committees on personnel policies—Members
6-17-301	Employment of certified personnel
6-17-302	Principals—Responsibilities
6-17-309	Certification to teach grade or subject matter—Exceptions—Waivers
6-17-401	Teacher licensure requirement
6-17-418	Teacher licensure—Arkansas history requirement

6-17-902	Definition (definition of a teacher as licensed)
6-17-908	Teachers' salary fund—Authorized disbursements
6-17-919	Warrants void without valid certification and contract (the abili to pay a teacher's salary only upon filing of a teacher's certifica with the county clerk's office, if the requirement of a teacher's certificate is waived for such teacher)
6-17-1501 et seq.	Teacher Fair Dismissal Act
6-17-1701 et seq.	Public School Employee Fair Hearing Act
6-17-2403	Minimum teacher compensation schedule
6-18-213(f)	Policy of dropping a student who is absent from daily attendanc for more than 10 consecutive school days, except as allowed by rule, from attendance records of the school
6-18-1001 et seq.	Public School Student Services Act
6-20-2208(c)(6)	Monitoring of expenditures (gifted and talented)
6-25-101 et seq.	Public School Library and Media Technology Act
6-42-101 et seq.	General Provisions (gifted and talented)

Waivers from ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

9.03.1.2	The Smart Core curriculum contained within 38 units that must be taught each year
9.03.4	Grades 9-12 (courses to be taught, requiring the 38 units of credit)
9.03.4.11	AP Courses
10.01.3	At least 10 days or 60 hours shall be used for professional development and in-service training and at least two (2) days shall be used for parent/teacher conferences
14.03	Unit of credit and clock hours for a unit of credit
15	Personnel
16.01.3	Requiring a certified counselor at each school at a ratio of 1 to 450
16.02	Media Services
16.03.3	Student health records
18	Gifted and Talented Education

Waivers from Other Rules:

ADE Rules Governing Parental Notification of an Assignment of a Non-Licensed Teacher to Teach a Cl for More than Thirty (30) Consecutive Days and for Granting Waivers

ADE Rules Governing Mandatory Attendance Requirements for Students in Grades Nine through Twelv

ADE Rules Governing Nutrition and Physical Activity Standards and Body Mass Index for Age Assessment Protocols in Arkansas Public Schools (those portions of the standards involving Ark. Code Ann. § 6-16-132)

Final ADE Rules and Regulations Four-day School Weeks

Certified staff salary schedule

Part A: New Waiver Requests

- Ark. Code Ann. §6-13-619(c) and (d) to be waived of restrictions concerning board members who need to attend meetings electronically instead of in person);
- Ark. Code Ann. §6-13-615, 621, 628, and 630-634 (sections of the school board portion of the Code that are not applicable to open-enrollment public charter schools); and
- Ark. Code Ann. §6-14-101 et seq. (provisions concerning school district board elections which are not applicable to open-enrollment public charter schools).

Part B: Waivers to Be Rescinded

List each waiver granted by the authorizer that the charter would like to have rescinded. If no waivers are listed, the charter may be required to adhere to all waivers listed on both the original and renewal charter documentation.

- Ark. Code Ann. §6-16-124
- Ark. Code Ann. §6-17-418

If the charter wishes to maintain all currently approved waivers, state this.

With the exception of Ark. Code Ann. §6-16-124 and 6-17-418, SIATech is requesting to maintain all other approved waivers.

Section 8 – Requested Amendments

List any amendment requests and provide a rationale for each (i.e., changes to grade levels, enrollment cap, location, educational plan).

A **budget** to show that the charter will be financially viable **must accompany** any amendment request to **change grade levels, the enrollment cap, relocate, and/or add a campus**. The budget must document expected revenue to be generated and/or expenses to be incurred if the amendment request is approved.

A request to add or change a location must be accompanied by a Facilities Utilization Agreement.

If no charter amendments are requested, state this.
Respond below in 11 point Times New Roman font. Contact staff in the Charter Schools Office if this response needs to be longer than 5 pages, excluding any budget pages.

There are no charter amendments requested at this time.

Reading Paired t-Test 2014-2015

The paired t-test reveals a mean difference of about 57 points with is shown to be statistically significant for this year with a p<.001. There were 44.1% of the students that reached their goal of at least a two year literacy gain.

Math Data Little Rock SIATech 2012-2013

Below is a paired data t-test on the Baseline and Growth testing score values for the students during the 2012-2013 school year. The pairing shows a statistically significant finding in the increase in the mean scores by approximately 52 points with p<.001.

```
T-TEST PAIRS=Baseline WITH Growth (PAIRED)
  /CRITERIA=CI(.9500)
  /MISSING=ANALYSIS.
```

Math Data Little Rock SIATech 2013-2014

Below is a paired data t-test on the Baseline and Growth testing score values for the students during the 2013-2014 school year. The pairing shows a statistically significant finding in the increase in the mean scores by approximately 32 points with p<.001.

```
T-TEST PAIRS=Baseline WITH Growth (PAIRED)
  /CRITERIA=CI(.9500)
  /MISSING=ANALYSIS.
```

Math Data Little Rock SIATech 2014-2015

Below is a paired data t-test on the Baseline and Growth testing score values for the students during the 2014-2015 school year. The pairing shows a statistically significant finding in the increase in the mean scores by approximately 40.5 points with p<.001.

This paper describes two statistical growth models that were developed for SIATech schools by *The Value-Added Analysis Network* to measure student learning growth for school accountability.

Model #1: Value-Added Analysis

Value-added analysis describes a variety of statistical models that are used to estimate the longitudinal progress in a student's academic performance over time (Rubin, Stuart & Zanutto, 2004). The fundamental idea of value-added is that schools are responsible for increasing every student's learning every year (Callender, 2004; Carey, 2004; Hershberg et al., 2004).

Central to all value-added statistical models is the estimation of expected growth. That is, based on where each student starts each year, how much learning or "value" is the school expected to produce. At the end of the year, if the student has achieved expected growth, he or she has made "value-added". Conversely, a student that exhibits less than expected growth has received a less effective education (Hershberg et al., 2004).

In order to produce value-added analysis estimates, there is general agreement that the achievement tests used in the analysis must be reliable, valid, and administered at least annually (Goldshmidt, Choi & Martinez, 2004; Meyer, 1996; Stone, 1999). Furthermore, Goldshmidt et al. (2004) found that the use of scaled scores in value-added formulas provided more consistent results than the use of other test metrics (e.g., National Percentile Rank, NCE scores, or Performance Levels).

SIATech's Value-Added model employed hierarchical linear regression, a statistical technique where data has a hierarchically nested structure. Ignoring the nested structure of the data gives rise to a well-known problem – misleadingly small standard errors for estimates (see Seltzer, 2004; Raudenbush & Bryk, 2001; Snijders & Bosker, 1999). This problem is attributed to ignoring the certain degree of dependency or similarity among observations nested within a site. Attending to this problem, we specify the following 2-level hierarchical model given that students are nested within schools. The outcome each year is the Spring *Renaissance Learning* STAR norm referenced test. We use the scaled score for reading (i.e., Y_{2ij}) and math. In the following level-1 (between-students; within-school) model, the outcome is modeled as a function of prior test score (i.e., Y_{1ij}, reading test score at Fall). The prior test score is used as a covariate in order to adjust for student's initial status.

$$Y_{2ij} = \beta_{0j} + \beta_{1j}(Y_{1ij} - Y_{1..}) + \varepsilon_{ij} \qquad \varepsilon_{ij} \sim N(0, \sigma^2) \qquad (1)$$

Note that the prior test score is centered on the grand mean. Analogous to ANCOVA, this centering method makes the initial status difference adjusted. Thus, β_{0j} represents the adjusted mean reading score for school *j*. Level-1 error, ε_{ij} is assumed to be normally distributed with mean 0 and its variance σ^2.

In the following level-2 (between-school) model, each school's adjusted mean is modeled as a function of prior test mean.

$$\beta_{0j} = \gamma_{00} + \gamma_{01}(Y_{1.j} - Y_{1..}) + u_{0j} \qquad u_{0j} \sim N(0, \tau_{00}) \qquad (2a)$$
$$\beta_{1j} = \gamma_{10} + u_{1j} \qquad u_{1j} \sim N(0, \tau_{10}) \qquad (2b)$$

The prior test score mean is also used as a covariate and centered round the grand mean prior test score. As such, the value-added estimate for school *j*, is based on adjustment of student's initial status and school's initial status in terms of prior test score. The value-added estimate for school *j* is the random effect, u_{0j}. The standard error of this quantity is estimated by $[(\tau_{00})^{-1} + n_j\sigma^{-2}]^{-1/2} = [(\sigma^2\tau_{00})/(\sigma^2 + n_j\tau_{00})]^{1/2}$.

The following figure helps one understand how to interpret estimates from this model.

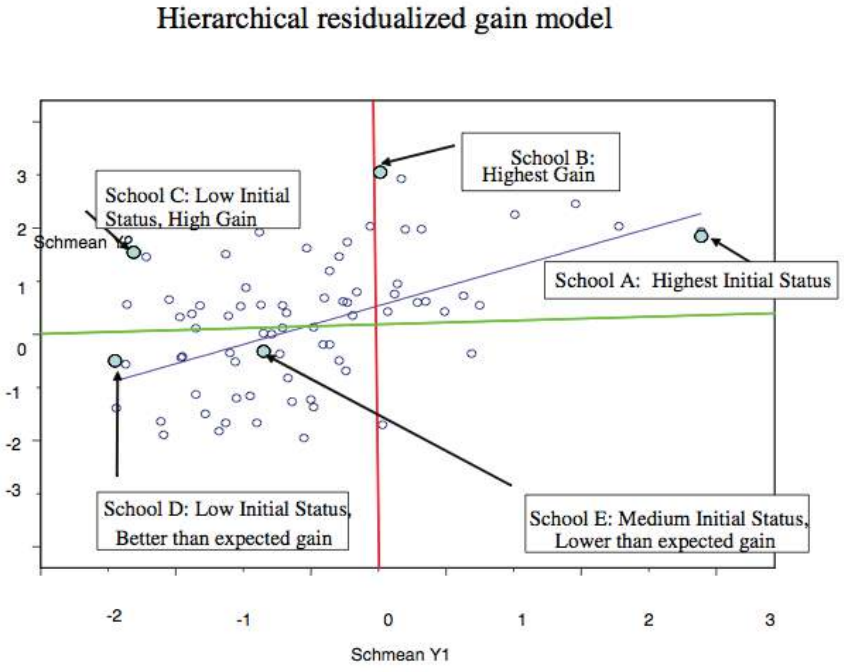

Figure 1. Hierarchical residualized gain model

As can be seen in Figure 1, the expected growth is the regression line. School B is the largest positive residual gain, while School A is the largest negative residual gain. The vertical and horizontal lines represent standardized district average Y1, and standardized district average Y2, respectively.

After analyzing and discussing SIATech's value-added model results with SIATech leadership, we determined that the counterfactual of the model was problematic. A counterfactual is the average growth of all schools within the sample. If a school has a higher value-added estimate than the counterfactual, then the school is determined to be effective. Conversely, if a school's value-added estimate is lower than the counterfactual, the school is considered not effective. It is important to note that the counterfactual in this model is the average school growth estimation derived from all SIATech schools for both reading and mathematics.

Counterfactuals in value-added models are affected by sample size, and with the limited number of SIATech schools in our analysis (e.g., 18) this issue was of particular concern. Only using SiaTech schools in a VAM analysis results in 68 percent of schools (within 1SE) exhibiting adequate growth, 17 percent high growth, and 17 percent low growth. Moreover, what if the average growth in SIATech schools was extremely high? Then, adequately growing schools may be labeled as not growing. Similarly, what if the average growth in SIATech schools was low? Then, inadequately growing schools may be labeled as growing. For these reasons, SIATech's leadership asked *The Value-Added Analysis Network* to develop a Growth to Standard model that would ameliorate the counterfactual issue.

Model #2: SIATech's Growth to Standard Model provides school and grade level growth estimates using the national norms of the *Renaissance Learning STAR* standardized test to determine expected growth in reading and mathematics. In this model, expected growth is defined as reducing the gap between each student's current performance level and the scaled score that marks Proficient performance in 11^{th} grade for reading and mathematics (e.g., approximately the 70^{th} percentile at 11^{th} grade). Students that remain in SIATech schools for longer periods of time are expected to make more progress towards reducing the gap between their current performance and the scaled score at the Proficient level.

For example, a student that remains at SIATech for less than 60 days (the equivalent of 1/3rd of a regular academic year) is required to reduce the gap between his initial scaled score, and the Proficient scaled score by 5 percent. Students at SIATech for 60 to 120 days are expected to reduce the gap by 15 percent; 120 and 240 days equates to a 25 percent gap reduction; 240 to 360 days is a 30 percent gap reduction, and students enrolled for over 360 days, SIATech expects a 50 percent gap reduction to Proficient status.

This model eliminates the counterfactual, because now each SIATech student's growth is compared against a national norm on a vertically scaled assessment. Finally, for students with initial scaled scores above the proficient level, SIATech expects them to reduce the gap between their scaled scores and the 90th percentile in the 11th grade.

In SIATech's growth to standard model, a student's normative growth expectation is labeled, $\underline{\alpha_i}$. Next, we specify a formula which measures how much the test score at time = 2 (Y_{2i}) is larger or smaller compared to the normative growth expectation. The formula is as follows:

$$\Delta_i = \left[\left(\frac{Y_{2i}}{\alpha_i}\right) \times 100\right] - 100 \qquad (1)$$

This formula represents the ratio of the test score at time = 2 over the normative growth expectation. Each school's growth estimate (δ_j) can be obtained by the average of individual student's Δ_i as presented by the following equation (2).

$$\delta_j = \left\{\sum_{i=1}^{n_j}\left[\left(\frac{Y_{2i}}{\alpha_i}\right) \times 100\right] - 100\right\} \Big/ n_j \qquad (2)$$

The standard error of δ_j is estimated by in equation (3).

$$\frac{1}{\mu_{\alpha_i}}\left(\sigma^2_{\alpha_i}\frac{\mu^2_{Y_{2i}}}{\mu^2_{\alpha_i}} + \sigma^2_{Y_{2i}} - 2\rho\,\sigma_{\alpha_i}\sigma_{Y_{2i}}\frac{\mu_{Y_{2i}}}{\mu_{\alpha_i}}\right) \qquad (3)$$

For grade level *k* in school *j*'s growth estimate (δ_{jk}) can be similarly obtained by the average of individual student's Δ_i in grade *k* in school *j* as presented in equation (4).

$$\delta_{kj} = \left\{\sum_{i=1}^{n_{kj}}\left[\left(\frac{Y_{2i}}{\alpha_i}\right) \times 100\right] - 100\right\} \Big/ n_{kj} \qquad (4)$$

Conclusion

Statistical growth models make it possible to evaluate and compare the quality of schools that have widely different student populations. This is a marked departure from conclusions drawn from studies that claimed to show that a student's socioeconomic status and demographics, rather than teachers and schools, have the most impact on his or her achievement (Bracey, 2004).

With that said, methodological challenges remain when implementing statistical growth models. SIATech, in our opinion, correctly opted not to employ a value-added analysis model. VAM models are not appropriate for small school districts and small Charter Management Organizations that only use data from their own schools, because the limited sample size may not accurately depict their growth due to the counterfactual. For this reason, SIATech implemented a growth to standard model that compared student's growth to a national norm, and set differential growth expectations based on how long each student remained in SIATech schools.

PUBLIC CHARTER SCHOOL
STATEMENT OF ASSURANCES
OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL RENEWAL

The signature of the charter leader of the public charter school certifies that the following statements are true and will continue to be addressed through policies adopted by the public charter school; and, staff of the public school shall abide by them:

1. I have approval and authority to submit this application on behalf of the sponsoring entity.

2. The information submitted in this application is true to the best of my knowledge and belief.

3. The open-enrollment public charter school is open to all students, on a space-available basis, and shall not discriminate in its admission policy on the basis of gender, national origin, race, ethnicity, religion, disability, or academic or athletic eligibility, except as follows: the open-enrollment public charter school may adopt admissions policies that are consistent with federal law, regulations, or guidelines applicable to charter schools. The charter may provide for the exclusion of a student who has been expelled from another public school district if approved by the authorizer to do so.

   If the open-enrollment charter school becomes over-subscribed, meaning more students apply for admission than can be accommodated given the enrollment cap, the charter school will hold one annual random and public lottery. The results of the lottery will be used to fill the open seats and populate a waitlist to remain in use for the duration of the school year. Any students that apply for admission after the lottery has been conducted will be added to the end of the waitlist in the order in which they apply. All admissions policies and procedures used, including the time and location of the lottery, will be advertised to the public.

4. In accordance with federal and state laws, the public charter school hiring and retention policies of administrators, teachers, and other employees do not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, or special need.

5. The public charter school operates in accordance with federal laws and rules governing public schools; applicable provisions of the Arkansas Constitution; and state statutes or regulations governing public schools not waived by the approved charter.

6. The open-enrollment public charter school does not use the moneys that it receives from the state for any sectarian program or activity, or as collateral for debt.

   However, open-enrollment public charter schools may enter into lease-purchase agreements for school buildings built by private entities with facilities bonds exempt from federal taxes under 26 USCS 142(a) as allowed by Arkansas Code Annotated § 6-20-402. No indebtedness of an open-enrollment public charter school shall ever become a debt of the state of Arkansas.

7. The open-enrollment public charter school does not impose taxes or charge students tuition or fees that are not be allowable charges in traditional public school districts.

8. The open-enrollment public charter school is not religious in its operations or programmatic offerings.

9. The open-enrollment public charter school ensures that any of its employees who qualify for membership in the Arkansas Teacher Retirement System or the State and Public School Employee Insurance Program are covered under those systems to the same extent any other qualified employee of a traditional school district is covered.

10. The open-enrollment public charter school complies with all health and safety laws, rules and regulations of the federal, state, county, region, or community that apply to the facilities and school property.

11. The employees and volunteers of the open-enrollment public charter school are held immune from liability to the same extent as other school district employees and volunteers under applicable state laws.

12. The open-enrollment public charter school shall be reviewed for its potential impact on the efforts of a public school district to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

13. Open-enrollment charter board members and other leaders understand that certain provisions of state law shall not be waived. The public charter school is subject to any prohibition, restriction, or requirement imposed by Title 6 of the Arkansas Code Annotated and any rule and regulation approved by the State Board of Education under this title relating to:

    (a) Monitoring compliance with Arkansas Code Annotated § 6-23-101 et seq. as determined by the Commissioner of the Department of Education;

    (b) Conducting criminal background checks for employees;

(c) High school graduation requirements as established by the State Board of Education;

(d) Special education programs as provided by this title;

(e) Public school accountability under this title;

(f) Ethical guidelines and prohibitions as established by Arkansas Code Annotated § 6-24-101 *et seq.*, and any other controlling state or federal law regarding ethics or conflicts of interest; and

(g) Health and safety codes as established by the State Board of Education and local governmental entities.

14. The facilities of the open-enrollment public charter school comply with all requirements for accessibility for individuals with disabilities in accordance with the ADA and IDEA and all other state and federal laws.

15. Should the open-enrollment public charter school voluntarily or involuntary close, it is understood that that any fees associated with the closing of the school including, but not limited to, removal of furniture, equipment, general expenses, etc., are the sole responsibility of the sponsoring entity. No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. Upon dissolution of the open-enrollment public charter school or upon nonrenewal or revocation of the charter, all net assets of the open-enrollment public charter school, including any interest in real property, purchased with public funds shall be deemed the property of the state, unless otherwise specified in the charter of the open-enrollment public charter school. If the open-enrollment public charter school used state or federal funds to purchase or finance personal property, real property or fixtures for use by the open-enrollment public charter school, the authorizer may require that the property be sold. The state has a perfected priority security interest in the net proceeds from the sale or liquidation of the property to the extent of the public funds used in the purchase.

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	31
Number of enrolled students with completed EOY only:	0

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

ARKANSAS DEPARTMENT OF EDUCATION

2013-2014 School Letter Grade Detail Report

School Letter Grade

F

89 Points Earned

6052703 - SIATECH HIGH CHARTER
6052700 - SIATECH LITTLE ROCK CHARTER

Grade Range: 9 - 12 **Superintendent:** KATIE TATUM **Principal:** KATIE TATUM

	School Statistics	District Statistics	State Statistics
Enrollment	92	92	471867
Econ. Disadvantaged	88.04%	88.04%	60.3%
Proficient/Advanced Literacy	14.29%	14.29%	76.55%
Proficient/Advanced Math	%	%	72.7%

Letter Grade Component Scores

Component One: Weighted Performance

Performance Level and Multiplier	Literacy - Students	Math - Students	Total Points	Literacy + Math - Students
Below Basic (0.0)	3	9	0	12
Basic (0.25)	3	5	2	8
Proficient (1.0)	0	0	0	0
Advanced (1.25)	1	0	1.25	1
Totals			3.25	21

Weighted Performance Points Earned = (3.25/21)*100 = 15.48

Component Two: School Improvement with ESEA Options

Number of Targets Met: 0 | Number of Targets: 4 | School Improvement Points Earned: 55

	Literacy	Math	Graduation Rate
All Students	N	N	N
Targeted Achievement Gap Group (TAGG)	NA	NA	N

# Possible Targets:	Number of Targets Met: 0	1	2	3	4	5	6
6	55	62	68	75	82	88	95
5	55	63	71	79	87	95	
4	55	65	75	85	95		
3	55	68	81	95			
2	55	75	95				

Component Three: Graduation Rate

Graduation Rate for All Students	12.09%
Points Earned from Graduation Rate for All Students	12.09

Component Four: Gap Adjustment

Achievement Gap (Literacy and Math)				Graduation Rate Gap			
Non-TAGG Proficiency Rate:	NA	TAGG Proficiency Rate:	NA	Non-TAGG Graduation Rate:	10.34	TAGG Graduation Rate:	12.90
Gap Size:		N < 25		Gap Size:		-2.56	
Adjustment:		0		Adjustment:		6	

	Largest Gap	Large Gap	Average Gap	Small Gap	Smallest Gap
Gap Adjustment	-6	-3	0	+3	+6
Achievement Gap Range	23.86% or greater	19.53-23.85%	15.93-19.52%	12.00-15.92%	Less than 12.00%
Graduation Gap Range	16.21% or greater	10.75-16.20%	6.90-10.74%	3.66-6.89%	Less than 3.66%

Overall School Score

Schools with Graduation Rate	Overall School Score = (Weighted Perf. + Gap Adj.) + (Improvement) + (Grad Rate + Gap Adj.)
Score for This School	(15.48 + 0) + (55) + (12.09 + 6) = 89

Point Ranges for Grades

A: 270 to 300	B: 240 to 269	C: 210 to 239	D: 180 to 209	F: less than 180

Overall School Scores are rounded to the nearest whole number.

Documentation of Charter Authorizing Panel Action

SIA Tech Renewal Application and Priority Status Hearing

Motion

To approve the renewal of the charter for 3 years with an annual internal review and an annual appearance before the Panel

Barnes-**2**	Liwo	Saunders
Gotcher	Pfeffer	Smith-**M**
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			This Charter serves to assist students in recovering credits toward high school completion. It is uniquely positioned to forge a path in the way we look at success. It is challenging but worth it.
Gotcher	**X**			I am impressed with the mission and purpose of this institution and support the renewal. I feel they are a model for others to consider when addressing student success at this unique level. I feel the need to review their financial picture is important for their success.
Lester	**X**			SIA Tech serves a non-traditional population, and I was glad to hear about a focus on where students go after they leave high school. I do stress the need to work with the School Improvement Unit and Federal Programs Unit moving forward.
Liwo	**x**			The charter serves a unique population that does not fit into a standardized box. For SIA Tech, the best possible measurement of success may be what their students go on to do after graduating. SIA Tech's attendance is

				likely to fluctuate as they are dealing with a population of students who may be incarcerated, on probation etc. However, the charter plans to combat attendance and student retention with student of the month rewards, working with a local daycare center, working with employers, and developing a career and pathway curriculum. The charter actively recruits new students in several ways (I.e:- radio, flyers, social media). Given the unique nature of their student population, graduation rates may be inaccurate. The charter has acceptable teacher retention. There are financial concerns, however, if there is an extreme depletion in monetary resources, SIA Tech, Inc. will assist the charter with funds sufficient to complete the school year. The students served by the charter present a unique situation with regard to accurately assessing the success of the charter. As there are financial concerns, the 3 year renewal, financial reports, and on-site visit by the Panel are warranted.
Pfeffer	**X**			SIA Tech offers an opportunity for success to a challenging student population. Their program design is comprehensive and personalized to meet individual needs. The motion allows the continuation of this unique school but also provides an opportunity to monitor the progress to support the school and to ensure that its students graduate ready for success.
Rogers	**X**			SIA Tech serves a unique population, they should be allowed to continue as long as they work to improve their fiscal situation.
Saunders	**X**			I am in favor of the renewal. I look forward to annual updates concerning progress and strategies.
Smith	**X**			I am in favor of the renewal based on the target population and the testimony presented today. I want to encourage the charter to

				continue to seek students to serve and to establish goals with measurable data that supports their mission.

RE: **Notice of Charter Authorizing Panel Decision**
Pine Bluff Lighthouse Academy

Dear Ms. Broadway:

On February 17, 2016, the Charter Authorizing Panel met and approved the renewal application for Pine Bluff Lighthouse Academy for a period of 3 years. **Ark. Code Ann. § 6-23-702(b)(2)(A) allows charter applicants and affected school districts to request that the State Board of Education review a final decision of the Charter Authorizing Panel.** A request must state the specific reasons that the Board should review the decision.

Ark. Code Ann. § 6-23-703(a) requires the State Board of Education to consider requests for review of Charter Authorizing Panel decisions at its next meeting after the decisions are made. Therefore, a review request must be submitted, via email, no later than **noon on Wednesday, February 24, 2016,** in order for the request to be included in the State Board of Education agenda materials for the meeting on March 10, 2016. Email the request to ade.charterschools@arkansas.gov. Be advised that the decision of whether to review a Charter Authorizing Panel decision is discretionary. See Ark. Code Ann. § 6-23-702(b)(3). Regardless of whether a review of the Panel's decision is requested, the application will be an action item for the State Board of Education on March 10, and, at that time, the Board will determine whether or not to review the Panel's decision. If the State Board decides to review the Panel's decision, the review will take place at a later meeting.

Please contact me by phone at (501) 682-5665 or by email at alexandra.boyd@arkansas.gov with any questions.

Sincerely,

Alexandra Boyd, Director
Public Charter Schools

Introduction

The Board of Pine Bluff Lighthouse Academies of Arkansas appreciates the opportunity to respond to the Charter Authorizing Panel's questions listed in the 10/16/15 letter from the Arkansas Department of Education (ADE). The mission of PBLCS is to prepare scholars for college through a rigorous, arts-infused program. College acceptance and attendance is the overarching goal. Arts-infusion is a strategy to achieve this goal. PBLCS goals measure progress toward achieving this mission and preparing scholars academically and socially for college.

PBLCS opened in 2011 with 165 scholars in grades K-4. These students were enrolled in several different school districts and home schools the previous year. After four years of operation, PBLCS now has over 340 scholars enrolled. In the first four years of operations, our academic results show higher percentages of students achieving Proficient or Advanced status in both the Combined Population and in the disaggregated performance for Economically Disadvantaged students.

1. *An explanation of the ways in which the charter maintains and promotes the legislative intent for charter schools as outlined in Ark. Code Ann. § 102*

Maintenance and Promotion of Legislative Intent

Pine Bluff maintains and promotes the legislative intent as such:

- **Improve Student Learning**
  PBLCS has recently adopted new ELA and Math curricula for K-8
  - As the basis of our academic program PBLCS has adopted research-based, rigorous curricula that align to the CCSS. These curricula were vetted by both internal and external content and pedagogy experts to ensure their alignment to CCSS and the ability to be adapted to meet the needs of our students. Teachers utilize these curricula as a foundation for their scope and sequence, unit plans, and as a starting point for daily instruction. Teachers work diligently to modify and supplement these curricula in order to meet the needs of their students while ensuring that they maintain fidelity to the rigor of the curricula and the standards.
  - In grades K-8, Pine Bluff Lighthouse School has adopted the Eureka Math program. This program is not only aligned to the CCSS, but was developed in response to the rigor of these standards. Eureka has a heavy emphasis on real world problem solving, conceptual understanding, mathematical justification, and mathematical fluency. The program also includes a rigorous set of formative assessments that enable the teacher to monitor student progress and adjust course as needed to ensure growth towards and mastery of the grade level standards.
  - In grades K-2, PBLCS has adopted a balanced literacy approach to language arts instruction that emphasizes foundational skills, read aloud and shared reading instruction, and independent or guided reading. The Core Knowledge Language Arts curriculum is the source of both the foundational skills instruction and the read aloud/shared reading instruction. In line with the CCSS, the CKLA program heavily emphasizes informational texts and utilizes these routinely during read aloud and shared reading instruction. During

independent or guided reading, students use texts from their classroom library that match or are just above their individual reading level.
    - In grades 3-8, PBLCS has adopted Expeditionary Learning as its English Language Arts program. Expeditionary Learning reflects the balanced literacy approach introduced at the K-2 level and furthers the emphasis on close reading of complex informational texts required by the CCSS and Arkansas State Standards.

- **Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students identified as low-achieving**

  Over 90% of the students at Pine Bluff Lighthouse Charter School live in poverty and 98% of these students are African American. Our intent is to level the playing field and eliminate the achievement gap. Lighthouse exist because there is a staggering achievement gap in America today, resulting from lifetime income inequalities that significantly affect the quality of life for a disproportionate number of people of color. Only by breaking the cycle of poverty will we truly transform children's lives

  PBLCS has an extended school year to 190 days and school day to 8 hours. Students that are not performing at grade level are identified through the RTI process. The students in Tier II and Tier III receive different levels of support. Tier II students are required to attend the extended learning opportunity. Tier III students are required to attend extended learning opportunity as well as small group pullouts throughout the day. All students participate in an intervention time throughout the day. The students are grouped based on academic achievement regardless of grade level. The school is currently focusing on strategies to improve Tier I instruction throughout the school.

  In addition to the curricular programs described throughout, PBLCS pays special attention to ensuring that its students have multiple opportunities to engage in school beyond the typical classroom experience. A wide variety of extra- curricular opportunities exist to expand the learning experiences for our students. Some of these activities include:
    - Vocal Music
    - Dance Team
    - Student Council
    - Fire Marshalls
    - Serious Young Gentlemen Club
    - Serious Young Ladies Club
    - Lighthouse Ambassadors
    - Girls Basketball
    - Boys Basketball
    - Pen and Pencil Program
    - Flag Monitors
    - Drumline

- **Encourage the use of different innovative teaching methods**

Small Group Targeted Instruction beyond the School Day
After school and before school programing is offered that focuses on standards not mastered. The school utilizes Teacher Leader Fellows, Director of Teacher Leadership/Assistant Principals and volunteer students from the local university to conduct these sessions. Members of the local universities sororities and fraternities mentored student's afterschool throughout the year. This allowed for the students to have a support system within the school. The students were placed in the program based on low academic performance, behavior, and attendance. Students were matched with mentors based on random interest survey. This allowed for students to have a connection with the mentors.

PBLCS had a waiver for offering a Gifted and Talented Programming from 2011 until the current year. During the 2015-2016, PBLCS began offering a Gifted and Talented Program even with the waiver in place in order to provide services to all students that qualify.

Identification of gifted and talented students in the Lighthouse Academies of Arkansas is an ongoing process extending from grades K-12, serving at least 5% of the student population. Written identification and placement procedures for the Gifted and Talented program are available to all stakeholders (LHA GT handbook, 2016). Once a student has been referred, data is collected in a non-discriminatory manner. Multiple criteria are used to determine placement. Placement is made by at least a five member committee consisting of, but not limited to, a Gifted and Talented Specialist, a counselor, classroom teachers, and the Director of Gifted/Advanced Placement Programs. Identification procedures are uniformly implemented across the district. Gifted and talented student records remain on file for five (5) years post-graduation.

Grades K-2: Whole Group Enrichment Program
The Gifted and Talented Specialist designs whole group enrichment lessons emphasizing creativity, problem solving, logic, and critical/reflective thinking. All K-2 students receive weekly enrichment lessons. One lesson per week is delivered by the Gifted and Talented Specialist.

Grades 3-6: Pull Out Program
Students are pulled-out of the elective class-room for one hour 2 times a week and 30 minutes on Fridays. Students are not required to make up work missed while attending their G/T class. At this level, the gifted and talented teacher aims to enrich or extend the curriculum taught in the regular classroom. Content may be remediated, accelerated, or enriched using basic or more complex curriculum for gifted students.

- **Critical Thinking Skills:** analysis, synthesis, evaluation, logical reasoning, inference, problem-solving, interpretation, and decision making
- **Creative Thinking Skills:** flexibility, originality, elaboration, curiosity, imagination, and risk-taking
- **Independent and Group Investigation Skills:** questioning, listening, information gathering, organization, and product development

- **Personal Growth Skills:** self-concept, interpersonal relations, coping with failure, communication, and personal decision making

Grades 7-8: Weekly G/T Seminar
During this time, students are provided with opportunities for growth in the following areas:

- Self-awareness
- Identifying and establishing priorities
- Scheduling time
- Organization
- Interacting with teachers
- Study skills

- **Create new professional opportunities for teachers, including the opportunity to be responsible for learning at the school site**
  - 160 hours of onsite professional development with includes arts-infusion professional development.
  - Each and every teacher is observed frequently (weekly) and provided with ongoing coaching using the Danielson Framework.
  - Teachers are active participants in the feedback process as they are asked to reflect on effectiveness and participate in generating improvement targets.

- **Provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system**
  Pine Bluff Lighthouse Charter School provides unique educational opportunities to students in and around Pine Bluff, which include:
  - Tuition-free school of choice
  - Longer school day- Our students attend school for 8 hours, whereas surrounding schools attend for 7 hours.
  - Longer school year (equating to over 350 more instructional hours)
  - Strong arts programming
  - Science Technology Engineering Arts and Math (STEAM) programming
  - Annual college visits/college presentation
    - All students in grades 7th and 8th attend annual college visits at no cost to the students. Parents/Guardians are encourage to attend the trips. Students are given guided tours of the school based on areas of interest. Our goal is for all students to be accepted and attend a four year institution. It is our belief that students need to be exposed to the opportunities available to them as early as possible. PBLCS also has college presentations throughout the year at their monthly Town Hall Meetings.
  - Academic focus AND focus in social/emotional learning
  - The LHA network has been historically successful in generating high school graduation rates as well as 100% college acceptance rates.

2. An explanation of the ways in which the charter remains innovative while struggling academically

Innovation while Struggling Academically

PBLCS uses STEAM as a framework for teaching across the disciplines. STEM education is the purposeful integration of Science, Technology, Engineering, and Mathematics that allows scholars to

learn contextually. It reflects the natural way to learn, address multiple intelligences, fosters innovation, and is high engaging for scholars. By infusing the Arts into this approach, STEM becomes STEAM expanding the options for scholars to engage, make connections, communicate and demonstrate their understanding. STEAM learning encourages inventive and original thinking while promoting effective oral and written communication of ideas. It also develops students' understanding of the past and present through the use and exploration of the arts.

The STEAM approach represents an intersection of the three tenets of our existing education model: rigorous academics, social-emotional development, and arts infusion. It is centered on discovery and innovation, promoted through self-directed, experimental learning, and is a powerful way to develop our students for 21st century and a wide variety of careers.

Arts Infusion

The mission of PBLCS is to prepare all students for college through a rigorous, arts-infused program. Educators in our schools receive training and support in how the arts can help students access content, show what they know, reflect, and make connections within and across disciplines. The school employees a full time art teacher that not only teaches art to grades K-8, but co-teaches with teachers throughout the day to embed art into all content areas. The school partners with the University of Arkansas at Pine Bluff's art department as well as The Arts and Science Center of Southeast Arkansas to provide students with various opportunities to explore the arts. Teachers receive art-infusion professional development during summer institutes as well as throughout the year. Lighthouse Academies has an art-infusion toolkit available for all grade levels as well as a rubric used to monitor the level of arts infusion within the schools.

The STEAM model allows for the PBLCS scholars to engage in the process of *being* a scientist, mathematicians, engineers, artists, and technological entrepreneurs while developing essential 21st century skills. The students are exposed to a wide range of skill sets as well as career options through real-world projects.

In addition, PBLCS also innovates in the following ways:

- A partnership with the University of Central Arkansas allows student to study Chinese in grades 5-8.
- Extended Learning Opportunity Program (after school and before school programming) focuses on standards not taught and or mastered. The school utilizes Teacher Leader Fellows (TLFs), Director of Teacher Leaders/Assistant Principals and volunteer students from the local university to conduct. This allows for smaller group instruction Grades 3-8.
- Title I Interventionist as well as specialist teachers (art, music, PE, and etc.) teach academic content as well as their specialty area to increase push in and pull out services for all scholars daily.
- The school utilizes flexible scheduling as an opportunity for teacher collaboration and provides teaching teams with the flexibility they need to vary the length of classes and to accommodate specific instructional strategies. Scheduling priorities is based on goals. If the goal is longer instructional blocks the teacher can use an array of instructional strategies, then that becomes the priority. If the goal is time to schedule participation in extension/remediation activities, then that becomes the priority. The schedule is continuously reviewed after interim assessment data is disaggregated to build in reteach strategies of standards not mastered.

- Online programs are made available to students with home internet access that include IXL and Study Island and other instructional online programs. Teachers assign specific SLEs based on scholar need.
- A college-readiness mindset is supported through weekly presentations on various colleges and the degrees and programs available. The 7th and 8th grade scholars also have advisory classes.
- Parents are required to attend quarterly student/teacher/parent conferences
- PBLCS scholars set NWEA growth goals and are tested three times a year (Fall, Winter and Spring).
- PBLCS has partnered with The Boys and Girls Club of Jefferson County, First United Methodist Church, What's Next Pine Bluff and the City of Pine Bluff Department of Parks and Recreation for a four week summer enrichment program to increase the student level of proficiency in math and literacy. This is grant through the Arkansas Community Foundation. This program is of no cost to the school or scholars and has a STEAM enrichment focus.

PBLCS has begun the process of implementing a nationally recognized innovation related to managing student behaviors and empowering students to be self-managed. Restorative practice is in the implementation and refinement stage at the school.

What are Restorative Practices?

Restorative practices are processes that proactively build healthy relationships and a sense of community to prevent and address conflict and wrongdoing. Restorative practices allow individuals who may have committed harm to take full responsibility for their behavior by addressing the individuals affected by the behavior, taking actions to repair the harm, and making necessary changes to avoid the behavior in the future. [1]

Our Beliefs about a Restorative Approach to Discipline

We believe that students are more apt to excel, and problem behaviors can be reduced or prevented entirely when classroom instruction is challenging and engaging, and schools are safe and supportive places to be.

At PBLCS we are transitioning to a tiered, Restorative approach to school discipline. First and foremost, we focus on *prevention* of misbehavior by fostering healthy relationships and positive discipline. All students participate in daily community meetings with peers and adults to reinforce social and emotional competencies that influence their capacity to fully engage in the important work of learning. Teachers and leaders set clear expectations and use empowering language to encourage and support desired mindsets and student actions needed for success in school. Students learn self-management, self-discipline, and effective communication strategies allowing them to more productively and respectfully contribute to the school community.

When students do slip into misbehavior, a Restorative and customized approach is used allowing opportunity to repair wrongdoing and self-correct behavior to avoid future indiscretions. If necessary, a third layer of additional supports can be secured and plans established to diminish problem behaviors and increase a student's social skills and ability to function successfully in an academic setting.

[1] Restorative Practices: *Fostering Healthy Relationships & Promoting Positive Discipline in Schools*, March 2014; NEA

Restorative Practices serve as an alternative to zero-tolerance policies, unnecessary suspensions and expulsions, and, instead, promote accountability, communication, and collaboration among stakeholders.

The Facts about our Restorative Approach

- Unjust disciplinary consequences are frequently traumatizing for young people, leading to public humiliation, diminished self-worth, and distrust of school officials. (Advancement Project, *Test, Punish, and Pushout*, 2010)
- Students who face harsh discipline often feel alienated from their schools, resulting in more absenteeism. (Center for Social and Emotional Education and National School Board Association, *School Climate Guide for District Policymakers and School Leaders*, 2009)
- Students who are not in class are, of course, not doing much learning. Thus, students subjected to harsh disciplinary measures that exclude them from school tend to fall behind academically. (Justice Center: The Council of State Governments, *Breaking School Rules: A Statewide Study on How School Discipline Relates to Students' Success and Juvenile Justice Involvement*, July 2011)
- Disciplinary consequences that seem harsh or unfair often trigger a cycle of disengagement from schools, where students become less trusting and more resentful of their teachers, losing the "connectedness" that is such a critical component of academic success. (Blum and Rhinehart, *Reducing the Risk: Connections That Make a Difference in the Lives of Youth*, 1997)
- A groundbreaking longitudinal study of nearly 1 million students found that nearly six in 10 public school students were suspended or expelled at least once over a six-year period during their 7th to 12th-grade years; 15 percent of those students were disciplined 11 or more separate times. (Justice Center: The Council of State Governments, *Breaking School Rules: A Statewide Study on How School Discipline Relates to Students' Success and Juvenile Justice Involvement*, July 2011)

Restorative Practices Are Not…

- About punishment
- About adherence to rules
- Focused on guilt or blame
- Focused on misbehavior
- Driven by authority

Restorative Practices Are…

- About restitution, reconciliation, responsibility
- About mutually desired outcomes
- Focused on problem-solving
- Focused on repairing harm
- Driven by relationships

3. A brief explanation of the 2015 PARCC data

The Arkansas Department of Education released the preliminary PARCC scores during November of 2015. Pine Bluff Lighthouse Academies did not meet AMO in 2015 in mathematics or literacy.

	Literacy	Literacy AMO	Math	Math AMO
District	10.56	22.73	5.63	13.95
Lower Academy-PBLCS	8.11	21.47	10.81	12.09
Upper Academy-PBLCS	13.24	21.47	0	12.09

Pine Bluff Lighthouse Lower Academy African Americans exceeded AMO in mathematics. AMO was 4.17% and PBLCS scored 11.11%. Pine Bluff Lighthouse Upper Academy African Americans exceeded AMO in Literacy. AMO was 10.44% and PBLCS scored 11.94%. **The scholars that met standards in mathematics and literacy have all attended PBLCS for 3 or more years.**

Upon analyzing the data, PBLCS had 10 scholars that were less than 10 points from meeting expectations in Literacy and 6 scholars in mathematics. As noted by the Arkansas State Education Commissioner Johnny Key, the PARCC exam was the first time students have been tested on a state test using the common core state standards. PBLCS has made several adjustments to increase the rigor with common core standards including new curriculum in literacy and mathematics.

4. An explanation of plans to improve academic achievement:

Academic Achievement Improvement Plan

PBLCS involves the family in supporting academic achievement. Conferences are set up with parents to discuss scholar progress and create interventions to meet academic goals. Parents are able to help develop the goals to meet desired proficiency levels. These plans are discussed quarterly with parents. PBLCS has held several Title I parent nights to introduce and acclimate parents to all educational resources. During these trainings the staff set up stations in the multi-purpose room. Parents were required to rotate through each station. Parents received passwords to login to each account and program, practiced how to navigate through the program, track their child's performance and were able to work sample problems with their child.

The school will conduct follow-up Professional Development on Academic Improvement Plans at grade level meetings as soon as PARCC data is released to make necessary updates to current AIPs.

a. Specific plans implemented in the past with data that demonstrate the results and include a discussion of student performance and growth

PBLCS used TLI for interim assessment from 2011 until 2015. During the first year student's scored an average of 54.4% in Math and 61.9% in Reading. In the 2014-2015 school year, the average score was

49.7% and 36.38% respectively. As indicated by the data below, each year the schools assessment data declined.

	Math Interim Assessments Data					Reading Interim Assessments Data			
	11-12	12-13	13-14	14-15		11-12	12-13	13-14	14-15
Grade 1	53.78	67.4	66	73.6					
Grade 2	63.82	55.6	54.9	61.1		63.7	45.63	44.63	34.23
Grade 3	52.4	54.24	41.5	50.5		56.1	55.88	44.86	34.23
Grade 4	47.5	42.09	72.8	53		65.9	58.04	45.78	35.23
Grade 5		47.21	42.2	42.2			62.33	54.8	35.28
Grade 6			49.3	45.9				49.58	36.35
Grade 7				45.9					42.95
	54.375	50.31	51.4	49.7		61.9	55.47	47.93	36.38

- During the 2012-2013 school year, PBLCS implemented common core state standards. This is indicated in the data above. During the next three years, the assessment data continued to decline. As a result, PBLCS adopted Eureka Math for grade levels K-8, Expeditionary Learning for 3-8, and Core Knowledge for grades K-2.
- *Eureka Math* remains the clear leader for its focus/coherence, rigor, and usability, according to EdReports.org, the independent nonprofit specifically established to vet K–12 curricula. EdReports.org released its initial K-8 reviews in March 2015. Pine Bluff Lighthouse Charter school teachers cite that as the Eureka Math lessons progress, student increases in their critical thinking and ability to reason. PBLCS math teachers attended Eureka training during the summer of 2015.
- EL Education, formerly known as Expeditionary Learning was recently awarded an i3 Investing in Innovation validation research grant based on the preliminary research in middle schools. This small scale study found that after two years, students who learn through the EL Education instructional model perform 7 months ahead in reading when compared to their non-EL peers.

Literacy Extended Learning Opportunity

In 2012-2013 scholars who have attended the PBLCS District for two full years have participated in the Extended Learning Opportunity (ELO) demonstrated scores that showed growth, proficiency, and advanced on the Augmented Benchmark Reading portion of the Exam. The percentage of students in 2012-2013 that demonstrated this evidence was 64%. In 2013-2014 there was an increase in the percentage of students that showed evidence of growth, proficiency, and advanced by 10%.

Table 1 illustrates the percentage of students who attended Extended Learning Opportunity (ELO) that were Proficient, Advanced, and showed evidence of growth on the Augmented Benchmark Reading portion of the exam during the years 2012-2014.

Table 1: Percentage of Proficient/Advanced Augmented Benchmark Reading Scores for Extended Learning Opportunity (ELO)

	2012-2013	2013-2014
Grade 3	70%	
Grade 4	71%	100%
Grade 5	50%	71%
Grade 6		50%
Average	64%	74%

Math Extended Learning Opportunity

In 2012-2013 scholars who have attended the PBLCS District for two full years have participated in the Extended Learning Opportunity (ELO) demonstrated scores that showed growth, proficiency, and advanced on the Augmented Benchmark Math portion of the Exam. The percentage of students in 2012-2013 that demonstrated this evidence was 67%. In 2013-2014 the percentage of students that showed evidence of growth, proficiency, and advanced was 49%.

Table 2 shows the percentage of students who attended Extended Learning Opportunity (ELO) that were Proficient, Advanced, and showed evidence of growth on the Augmented Benchmark Math portion of the exam during the years 2012-2014.

Table 2: Percentage of Proficient/Advanced Augmented Benchmark Math Scores for Extended Learning Opportunity (ELO)

	2012-2013	2013-2014
Grade 3	80%	
Grade 4	71%	40%
Grade 5	50%	57%
Grade 6		50%

The Extended Learning Opportunity program is mandatory for all students who did score proficient on prior state testing, students not achieving growth on NWEA, or students who are not performing in the classroom. In order to increase student enrollment in the ELO program, PBLCS provides afterschool transportation for all students.

Intervention Program

During the winter of 2012-2013 Pine Bluff Lighthouse Charter School implemented an academic intervention program for Math and English Language Arts called, “Scholars With Awesome Grades” (SWAG). Under the leadership of Ms. Sandra Smith-Jones, SWAG took place Monday through Thursday from 3:00-3:45pm. Mondays and Wednesdays were considered Reading days, and Tuesdays and Thursdays were considered Math days.

Scholars were divided using their Northwestern Evaluation Association (NWEA) Measurement of Academic Progress scores (MAP) scores. This test accurately measures student’s growth and learning

needs which allowed for the Pine Bluff Lighthouse Charter School leadership team and staff to divide scholars in groups that based off of student learning needs. In addition the test gave targeted growth goals.

The goal of the SWAG groups was to ensure scholars were served at their current academic level. If a scholar was considered advanced, they were placed with peers on that same level and challenged. If a scholar was considered basic or below, they were placed with peers on that same level and provided remediation.

The goal of the SWAG group was for scholars to meet or exceed their NWEA growth goals by the spring of 2012-13. This ambitious program required for all staff members, teachers, specialist, staff, and leadership to conduct a small group. With all hands on deck, scholars were placed in small groups that truly met their needs as learners. As a result of these SWAG groups, students developed strong relationships with their small group teachers.

SWAG groups were successfully implemented due to strong planning by the leadership team, teacher and student buy-in, and parental support. In the 2013-14 school year, SWAG groups did not continue. The leadership team that led the planning and implementation of SWAG groups suffered heavy losses. Plan was to implement once NWEA Fall data was analyzed and groups were determined. We were waiting for Fall Data because previous spring data would have been insufficient due to:

1) New kinder class
2) New students
3) Student growth/decrease
4) Restructuring again once fall scores received and analyzed
5) Setting culture and getting students accustomed to regular teachers

In between start of school year and analyzing swag six of our teachers left. SWAG required all teachers, specialist, and school leaders to teach a class. The staff shortage prevented all classes from being covered. Currently, we have re-implemented SWAG for the 2015-2016 school year. We expect the implementation to be more successful due to current staff, curriculum resources, and leadership.

Specific plans for the future that include methods of assessing success

PBLCS has already begun taking proactive measures to ensure the success of our students in the future.

- Benchmark and Quarterly Interim Assessments: PBLCS now uses benchmark and quarterly interim assessments to monitor student progress and ensure all students reach ambitious academic outcomes. In grades K-2, DIBELS is now used to monitor the acquisition of early literacy skills. In grades 3-8, PBLCS has now partnered with LinkIt! for the creation, administration, scoring and analysis of quarterly ELA and math assessments that are aligned to the scope and sequence of the Expeditionary Learning (ELA) and Eureka Math curricula. The Lighthouse Academies LinkIt! assessments are highly rigorous, matching the rigor of high stakes assessments, such as the PARCC and SBAC assessments. In addition, PBLCS now utilizes the data visualization capabilities of the LinkIt! platform to identify trends, group students, identify students at risk, and predict student performance on high stakes tests. Teachers and leaders use this data to create detailed Instructional Plans that specifically meet the needs of the students in each class.

- Pre/Post Module Assessments: Pre/Post tests are given based on the standards that are being taught in each module (e.g., unit of study). Standards that are not mastered at 80% or more by the end of the module are retaught during the ELO program and infused into "do now" lessons.

5. A discussion of current year-to-date student demographics, discipline, and attendance data

Current Year-to-Date Student Demographics, Discipline, and Attendance Data

Current Student Demographic Data

Gender Data

Females	**166**
Males	**178**

Current Race Data

African Americans	**332**
Hispanic and Latino	**5**
Two or more Races	**3**
White	**4**

Meal Status

01 (reduced)	**63= 18%**
03 (free)	**7= 2%**
04 (Direct Cert)	**274= 80%**

Student Discipline Data

There are currently 27 In School Suspensions since the beginning of the 15-16 school year. There are six scholars that comprise 12 of the 27 suspensions. The offenses that are more prevalent are fighting, bullying and scholars not being in their assigned area. The school is currently holding Student Support Team (SST) meetings with scholars who have attendance, academic and/or behavior issues. The SST meeting includes the classroom teacher, parents, Director of Teacher Leadership, Culture Coordinator, Principal and student if needed. The school's transition to Restorative practice is assisting with keeping scholars in school.

There are to-date 6 Out of School Suspensions (OSS). Only four scholars make up these suspensions with two scholars making up four of the OSS. Scholars on an OSS must have an SST upon their return to school. PBLCS introduced Restorative Practices in August/September of 2015. At this time last school year, PBLCS had over 20 Out of School Suspensions.

Student Attendance Data

The average daily attendance rate at PBLCS is between 96%-98%.

6. A discussion of the achievement of or progress toward the current charter goals with supporting data

Achievement of or Progress toward Current Charter Goals

Summary

In 2011, PBLCS committed to achieving 16 goals in the original charter application. Of those 16 goals,

four goals are no longer applicable based on changes in state testing. The PBLCS District met four of the remaining 12 goals and partially met one. PBLCS did not meet seven of the original 16 goals.

Goals in Literacy

1. Students taking the SAT-10 will demonstrate improvement of at least four Normal Curve Equivalent (NCE) points (113 of a standard deviation) between annual administrations of the test's reading exam (where applicable).

   Goal Met: *NA*- State did not administer this exam after 2009-2010.
   Explanation/Analysis: The school did not administrator the SAT-10.

2. Students who have spent three full years at the school will, on average, score as well as or better on Arkansas Augmented Benchmark Exams in literacy than students in schools in local districts with comparable demographic compositions.

   Goal Met: *Yes*
   Explanation/Analysis: In 2014, students who spent three full years in the Pine Bluff Lighthouse School District, on average, scored as well or better on Arkansas Augmented Benchmark Exams in Literacy than students in schools in resident district with comparable demographic.

   In 2014, an average of 57.1% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Literacy.

   Table 3 shows the performance of PBLCS District scholars who have spent three full years at the school as compared to the resident district.

Table 3

	Pine Bluff School District (District in Which the Charter Is Located)	**Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)**
	Literacy Proficient or Advanced	**Literacy Proficient or Advanced**
2014	55.42%	57.1%

   **The 2014-2015 PARCC data is not currently available for scores to be compared.

3. At the end of its third year, the school will meet its AYP Targets in literacy.

   Goal Met: *No*
   Explanation/Analysis: In 2014, the PBLCS District earned needs improvement status in the area of Literacy. AMO was 67.62% and PBLCS scored 45.57% for all students.

In 2013, the PBLCS District earned needs improvement status. The AMO was 63.57 and the PBLCS District scored 57.89 for all students. Pine Bluff Lighthouse Upper Academy earned Achieving Status. AMO was 63.57 and PBLCS Upper Academy scored 75. Table 4 compares the percent of PBLCS District scholars scoring Proficient or Advanced as compared the AMOs for 2012, 2013, and 2014.

Table 4: PBLCS District Performance at Proficiency or Advanced vs. AMO

YEAR	K-4	5-8	PBLCS District
2011-2012	59.92 (75.51)		59.92 (75.51)
2012-2013	51.79 (63.57)	75 (63.57)	57.89 (63.57)
2013-2014	45.57 (67.62)	54.05 (78.13)	48.28 (67.62)

PBLCS did not meet the AYP during its third year as a charter. During this school year the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

4. Among students who have spent three full years at the school, disaggregation of Stanford-10 data will show no significant difference between groups of students from different demographic groups within the school on the reading test (for students taking this test).

   Goal Met: *NA*- State did not administer this exam after 2009-2010.
   Explanation/Analysis: The school did not administrator the SAT-10 during the 2013-2014 school year

   .

5. For grade level cohorts that have been at the school for three full years, the percent on track to reach 3rd grade proficiency in reading will increase by 10% each year as measured via the NWEA.

   Goal Met: *No*
   Explanation/Analysis: As of spring 2015, a cohort of 25 students in grade 3 and a separate cohort of 30 students in grade 2 had been enrolled at the school and tested with NWEA in each of the prior three years. Table 5 shows the number of students from these cohorts who met the "on-track" benchmark each year for reading. Note that this "on-track" benchmark was determined by a 2010 NWEA study linking performance on NWEA MAP tests with performance on Arkansas state tests. For students in grades 2 and 3, NWEA scores above the 35th percentile in reading and above the 21st percentile in math equated to a high likelihood of achieving proficiency on the grade 3 Arkansas tests. The linking study did not specifically address scores for students in kindergarten or grade 1, but the same percentile benchmarks (35th in reading and 21st in math) have been traced back and used for purposes of tracking this goal.

Table 5

Grade as of Spring 2015	Number in Cohort	Number on Track Spring 2013 (Reading)	Number on Track Spring 2014 (Reading)	Percentage-Point Change from 2013	Number on Track Spring 2015 (Reading)	Percentage-Point Change from 2014
2	30	22 (73%)	11 (37%)	-36	9 (30%)	-7
3	25	13 (52%)	12 (48%)	-4	10 (40%)	-8

PBLCS did not meet the NWEA proficiency goal during its third year as a charter. The scholars who entered PBLCS were scoring two to three grade level lower than other students around the nation. The scholar's growth on NWEA was equivalent to one year growth, however, this track of growth did not allow for scholars to be at 3rd grade proficiency at the end of third grade.

6. All students who have spent two full years at the school will demonstrate the ability to select a reading strategy (determining importance, using inferences, asking questions, summarizing and synthesizing, activating prior knowledge, etc.) and apply it on internally created assessments, scored by rubrics.

Goal Met: *Yes*
Explanation/Analysis: PBLCS District scholars demonstrated the ability to select a reading strategy and apply it on internally created assessments by scoring 70% or higher on the assessment rubrics utilized to measure skills. For the years 2013 through 2015, all students assessed who have spent two full years at the school scored the required 70% or higher with the exception of a small group of 2nd grade students assessed in 2013.

In 2012-2013, the average score for this cohort was 72.18%, 2014 it was 71%, and 2015 it was 71.7%

Table 6 shows the average score earned by each grade level for scholars who attended the PBLCS District for two years or more.

Table 6: Average Reading Rubric Score by Grade Level and Year

Literacy Rubric Results Analysis			
Literacy	2012-2013	2013-2014	2014-2015
Grade 1	69.6%	71%	70.9%
Grade 2	66%	70.4%	70.6%
Grade 3	72.7%	71.4%	69.6%
Grade 4	71%	70.8%	69.6%
Grade 5	81.6%	71.7%	78.8%
Grade 6		70.5%	70.8%
Grade 7			71.9%
Grade 8			
Average	72.18%	71%	71.7%

**PBLCS opened with K-4 in 2011-2012. Each year a grade-level was added.

7. All students who have spent two full years at the school will generate evidence of daily reading and successful participation in grade-level appropriate reading activities (author studies, discussions, etc.) indicated through reading logs by earning passing grades on PBLCS rubrics.

Goal Met: *Yes*
Explanation/Analysis: PBLCS scholars generate evidence of daily reading and successful participation in grade-level appropriate reading activities by an earning passing grades (70%) on PBLCS rubrics.

In 2012-2013 all students who spent two full years at the school earned a passing grade of 70% or higher. In 2012-2013, the overall average score was 81%. In 2013-2014, the PBLCS District exceeded the goal by 84%, and in 2014-2015, the average score was 86%. Table 7 shows the average rubric score by grade and by year.

Table 7

	2012-2013	2013-2014	2014-2015
Grade 1	84%		
Grade 2	81%	84%	87%
Grade 3	82%	88%	88%
Grade 4	79%	85%	91%
Grade 5	77%	85%	86%
Grade 6	81%	80%	80%
Grade 7		82%	84%
Grade 8			83%
Average	81%	84%	86%

8. 75% or more of the students who have spent three full years at the school will demonstrate proficiency on the Augmented Benchmark Exams in literacy.

Goal Met*: No*
Explanation/Analysis: In 2014, 75% or more of the students who spent three full years in the Pine Bluff Lighthouse School District did not score proficient on the Augmented Benchmark Exams in Literacy.
In 2014, an average of 57.1% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Literacy.

Table 8 shows the performance of PBLCS District scholars who have spent three full years at the school as compared to the resident district.

Table 8

	Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)
	Literacy Proficient or Advanced
2013-2014	57.1%

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

Goals in Mathematics

1. Students who take the SAT-10 will demonstrate improvement of at least 4 Normal Curve Equivalent (NCE) points (1/3 of a standard deviation) between annual administrations of the test's mathematics exam (where applicable).

   Goal Met: *NA*- State did not administer this exam after 2009-2010.
   Explanation/Analysis: The school did not administrator the SAT-10 during the 2013-2014 school year

.

2. Students who have spent three full years at the school will, on average, score as well as or better on Arkansas Augmented Benchmark Exams in mathematics than students in schools in the Pulaski County Special School District with comparable demographic compositions (Note: Although we are an open-enrollment school, we expect that most of our students will come from Pine Bluff and contiguous communities. However, if this is not the case, we will use a weighted average of the sending districts.)

   Goal Met: *No*
   Explanation/Analysis: In 2014, students who spent three full years in the Pine Bluff Lighthouse School District scored almost the same on Arkansas Augmented Benchmark Exams in Math portion than students in schools in resident district with comparable demographic.

   In 2014, an average of 46.3% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Mathematics.

Table 9 shows the performance of PBLCS District scholars who have spent three full years at the school as compared to the resident district.

Table 9

	Pine Bluff School District (District in Which the Charter Is Located)		**Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)**
	Mathematics Proficient or Advanced		**Mathematics Proficient or Advanced**
2014	46.82%		46.3%

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

3. At the end of its third year, the school will meet its AYP Targets in mathematics.

Goal Met: *No*
Explanation/Analysis: In 2014, the PBLCS District earned needs improvement status in the area of Mathematics. AMO was 60% and PBLCS scored 37.07% for all students.

In 2013, the PBLCS District earned achieving status. The AMO was 55 and the PBLCS District scored 59.21 for all students. Pine Bluff Lighthouse Lower Academy earned Achieving Status. AMO was 55 and PBLCS Upper Academy scored 66.07. Table 10 compares the percent of PBLCS District scholars scoring Proficient or Advanced as compared the AMOs for 2012, 2013 and 2014.

Table 10: PBLCS District Performance at Proficiency or Advanced vs. AMO

YEAR	K-4	5-8	PBLCS District
2011-2012	50 (78.31)		50 (78.31)
2012-2013	66.07 (55)	40 (55)	59.21 (55)
2013-2014	35.44 (60)	40.54 (47.50)	37.07 (60)

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

4. Among students who have spent three full years at the school, disaggregation of Stanford-10 data will show no significant difference between groups of students from different demographic groups within the school on the mathematics test.

   Goal Met: *NA*- State did not administer this exam after 2009-2010.
   Explanation/Analysis: The school did not administrator the SAT-10 during the 2013-2014 school year

5. For grade level cohorts that have been at the school for three full years, the percent on track to reach 3th grade proficiency in math will increase by 10% each year as measured via the NWEA

   As of spring 2015, a cohort of 25 students in grade 3 and a separate cohort of 30 students in grade 2 had been enrolled at the school and tested with NWEA in each of the prior three years. Table 11 shows the number of students from these cohorts who met the "on-track" benchmark each year for math. Note that this "on-track" benchmark was determined by a 2010 NWEA study linking performance on NWEA MAP tests with performance on Arkansas state tests. For students in grades 2 and 3, NWEA scores above the 35th percentile in reading and above the 21st percentile in math equated to a high likelihood of achieving proficiency on the grade 3 Arkansas tests. The linking study did not specifically address scores for students in kindergarten or grade 1, but the same percentile benchmarks (35th in reading and 21st in math) have been traced back and used for purposes of tracking this goal.

Table 11

Grade as of Spring 2015	Number in Cohort	Number on Track Spring 2013 (Math)	Number on Track Spring 2014 (Math)	Percentage-Point Change from 2013	Number on Track Spring 2015 (Math)	Percentage-Point Change from 2014
2	30	27 (90%)	24 (80%)	-10	17 (57%)	-23
3	25	22 (88%)	13 (52%)	-36	13 (52%)	0

   PBLCS did not meet the NWEA proficiency goal during its third year as a charter. The scholars who entered PBLCS were scoring 2 to 3 grade level lower than other students around the nation. The scholar's growth on NWEA was equivalent to one year growth, however, this track of growth did not allow for scholars to be at 3rd grade proficiency at the end of third grade.

6. All students who have spent two full years at the school will demonstrate the ability to accurately arrive at solutions to grade-level computation problems, as shown by passing grades on tests and PBLCS rubrics.

   Goal Met*: Partially Met*
   Explanation /Analysis: PBLCS partially met the goal all students who have spent two full years at the school will demonstrate the ability to use mathematical reasoning and apply it on internally created assessments, as shown by passing grades on PBLCS rubrics with passing scores of 70% or higher.

   In 2012-2013, all grade levels except for grade 2 met the desired goal. In 2014-2015, the overall average score for the school was 77.5%, which is 7.5% higher than the established goal. In

2012-2013, the overall average score met the goal at 69.8%. All grades levels except grade 2nd and 4th **met** the goal.

Table 12 below shows the average rubric score by grade level for scholars who have attended the PBLCS District for two years or more.

Table 12: Average Math Rubric Score by Grade Level

Math Rubric Results Analysis			
Math	2012-2013	2013-2014	2014-2015
Grade 1	75.83%	74.3%	82.76%
Grade 2	58%	53.36%	78.4%
Grade 3	70.35%	70.25%	71.76%
Grade 4	69.5%	57.25%	70.2%
Grade 5	69.6%	69.6%	78.05%
Grade 6		88.5%	72%
Grade 7			90%
Grade 8			
Average for Year	69.6%	69.8%	77.5%

After reviewing the end of course results in Table 12, the school adopted Eureka Math Curriculum for grades K-8 PBLCS math teachers attended a Regional Institute that also provided them with curriculum training in the summer of 2015 and is attending webinars throughout the year.

7. All students who have spent two full years at the school will demonstrate the ability to use mathematical reasoning (comparing values or figures, determining best answers or explanations, modeling scenarios and equations, demonstrating techniques of problem solving, representing mathematical concepts in words and diagrams, and explaining their thinking and decision-making) and apply it on internally created assessments, as shown by passing grades on PBLCS rubrics.

Table 13

Math Rubric Results Analysis			
Math	2012-2013	2013-2014	2014-2015
Grade 1	82	79	
Grade 2	71	73	80
Grade 3	73	65	73
Grade 4	70	68	61
Grade 5	72	71	70
Grade 6		65	75
Grade 7			70
Grade 8			
Average	74%	70%	72%

Explanation /Analysis: PBLCS **partially met** the goal all students who have spent two full years at the school will demonstrate the ability to use Mathematical reasoning and apply it on internally created assessments, as shown by passing grades on PBLCS rubrics with passing scores of 70% or higher.

In 2012-2013, all grade levels **met** the desired goal. In 2013-2014, the overall average score for the school was 71%, which is 1% higher than the established goal. All grade levels except grades 3, 4, and 6 met the goal. In 2014-2015, the overall average score **exceeded** the goal by 2%. All grades levels except grade 4 **met** the goal.

Table 13 shows the average rubric score by grade level for scholars who have attended the PBLCS District for two years or more.

In the summer of 2015, Pine Bluff Lighthouse Charter School adopted Eureka Math for grade levels K-8. *Eureka Math* remains the clear leader for its focus/coherence, rigor, and usability, according to EdReports.org, the independent nonprofit specifically established to vet K–12 curricula. EdReports.org released its initial K-8 reviews in March 2015. But after pushback from the textbook establishment, it modified its criteria for determining if a curriculum was aligned to the Common Core standards, and then re-reviewed low-scoring textbooks. In the organization's October 2015 updates, some gained ground, others didn't, and all remained far behind *Eureka Math.*

Pine Bluff Lighthouse Charter school teachers cite that as the Eureka Math lessons progress, students increase in their critical thinking and ability to reason. It is no wonder, Eureka earns top marks!

PBLCS math teachers attended an intensive training during the summer of 2015 with Eureka Math consultants and with Lighthouse Academies. The school continues to conduct ongoing PD training of Modules in Eureka through webinars with the Research Design Team of LHA and through Grade level meetings.

8. 75% or more of the students who have spent three full years at the school will demonstrate proficiency on the Arkansas Benchmark Exam in mathematics.

Goal Met: *No*
Explanation/Analysis: In 2014, 75% of students who spent three full years in the Pine Bluff Lighthouse School District did not score proficient on the Arkansas Augmented Benchmark Exam. In 2014, an average of 46.3% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Mathematics.

Table 14 below shows the performance of PBLCS District scholars who have spent three full years at the school as compared to the resident district.

Table 14

	Pine Bluff School District (District in Which the Charter Is Located)		Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)
	Mathematics Proficient or Advanced		**Mathematics Proficient or Advanced**
2014	46.82%		46.3%

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

7. An explanation, with supporting data, of the utilization of approved waivers and how those waivers assist in meeting current charter goals.

Utilization of Approved Waivers

PBLCS has experienced some relief from the waivers previously granted and will likely not pursue some of the same waivers as they have become unnecessary. See below for specifics.

Ark. Code Ann. §§ 6-15-1004; 6-17-309; 6-17-401; 6-17-902, and 6-17-919
The licensure waivers provide us the ability and freedom to choose candidates who provide the best fit for the Pine Bluff Lighthouse program. These waivers have allowed the school the flexibility to hire those staff who are not necessarily certified but are experts in the subject matter assigned. These waivers are especially useful since there is a great teacher shortage or lack of interest in teaching in this particular area of Arkansas. We continuously seek to hire certified teachers whenever possible, however we are not always successful. However, PBLCS has been fortunate to obtain Highly Qualified Teachers and Paraprofessionals to work with our scholars since our school opened in 2011. We provide extensive professional development training (that exceeds 60 hours of PD) for ALL of the staff in order to prepare them for their respective positions and content matter.

6-17-702 Staff Development Sessions
PBLCS exceeds the state requirement of 60 hours of Professional development. Lighthouse requires 160 hours of staff development sessions yearly. Our staff returns to work in July and receives a minimum of 40 hours of professional development during the summer months.

6-17-2403 Minimum Teacher Compensation Schedule

This waiver has allowed PBLCS to implement a teacher compensation plan that helps attract and retain good teachers and reduce teacher turnover, and therefore assists in our goals of increasing student achievement and growth.

6-18-1001 et seq. Public School Student Services Act
This waiver has allowed PBLCS to provide a full range of quality counseling services without having to hire full-time, licensed or credentialed staff to provide the services. Our School leaders and teachers are trained in Responsive Classroom Training and have continued classroom management training each year. The school is transitioning to move fully to restorative practice.

6-20-2208 (c)(6) Gifted and Talented Expenditures
Currently we have a waiver on GT Services. The school did not use this waiver in this charter term.

Waivers from ADE Rules and Regulations
ADE Rules Governing Gifted and Talented Program Approval Standards

The school is in the process of establishing a Gifted and Talented Program. The school did not use this waiver in this charter term.

Waivers from Standards for Accreditation

7.02.2 School District Goals
This waiver applied to the school's first year when it did not have a school report card. This waiver no longer applies.

7.03.1
School District Operating Policies and Procedures
This waiver applied to the school's first year when it did not have a school report card. This waiver no longer applies.

8.01 Active Community Involvement
PBLCS does not have a PTA. Instead, a Lighthouse Keepers group actively supports the school and parental involvement is currently strong. This team has supported the school in fundraising, student recruitment and with sponsoring scholar events

10.02 Class Size and Teaching Load
This waiver has allowed PBLCS teachers to be assigned no more than five (5) students above the permissible student/teacher ratio per grade level, only on an as needed basis, to maximize the teaching resources

**15.01 School District Superintendent
This waiver has allowed for an experienced and highly competent educational leader in the areas of instruction and operations to serve in this role. This leader does not hold a superintendent certification.

15.03.1 Licensure and Renewal
This waiver was not used and PBLCS has been able to attract and hire principals with full licensure. However this waiver allows us the option of finding competent leaders who may not fully hold the Arkansas license but are either working towards the license or in the process of reciprocity.

15.03.2 State Licensure Requirements
This waiver was only used for two months in 2014-15 since then the school has been able to attract and hire principals with full licensure.

16.02.3 Media Services
Students at PBLCS have free access to leveled classroom libraries with oversight and management provided by classroom teachers. This waiver has allowed the school to provide media services to our scholars, without incurring the costs of a dedicated library media specialist position. We are able to utilize the cost savings to fund educational programs and staff which directly impact student achievement.

16.02.4 Media Services
Students at PBLCS have free access to leveled classroom libraries with oversight and management provided by classroom teachers. This waiver has allowed the school to provide media services to our scholars, without incurring the costs of a dedicated library media specialist position. We are able to utilize the cost savings to fund educational programs and staff which directly impact student achievement.

18.01 Gifted and Talented Education
This waiver was not used in this charter term as the Gifted and Talented Education program is in phase one of development in this academic year.

18.02 Gifted and Talented Education
This waiver was not used in this charter term as the Gifted and Talented Education program is in phase one of development in this academic year.

8. A Summary of the Overall Effectiveness of the Charter School

The school is fully accredited by the Arkansas Department of Education and is in full compliance with state standards.

From 2012 to 2013 student scores in math increased by 16% and PBLCS was one of the few Achieving Schools in the State of Arkansas.

Pine Bluff Lighthouse Charter School has effectively established itself in the local community and is viewed as a viable and desirable public school option for families and students. Primarily, PBLCS collaborates with local partners to infuse art activities and art-related instructional techniques into instruction and the student experience. The school partners with these organizations in order to enrich learning for students and to connect the faculty with local resources available in the community. Classroom teachers, with the support of an arts-infusion specialist, use newly acquired art techniques they learn from local arts partners to infuse the arts into classroom instruction where appropriate. These connections with working artists make our education program's basis in the arts more robust and meaningful than it could be without them. The events that result as a byproduct of these partnerships, allow parents to experience the contribution of local artists and they help PBLCS become an active member of the arts community in Pine Bluff. PBLCS also partners with Alpha Kappa Alpha Sorority, Phi Beta Sigma Fraternity, University of Arkansas Pine Bluff, the Arts and Science Center of Southeast Arkansas, Jefferson County Afterschool 4-H Club, ICVR/ Pen or Pencil, Teach for America, and the Martin Luther King Commission. Each of these partnerships increases student motivation to learn and also help build strong parent loyalty to the school.

PBLCS has increased achievement towards the annual goals. As referenced above, parents have consistently rated the school as Good or Excellent for each of its operation. Parent surveys show strong satisfaction with the school's instructional model, social and emotional development that the scholars receive. The school's goals for parent participation have been 85%-95% of parents have attended three out of the four parent conferences each year have been reached. *The Lightkeepers*, the parent organization that supports the school, is very actively involved in aspects of school operations. There is a Parent Member on the Board of Directors and the School Based Management Team. Parents are involved in monthly parent meetings and assist in developing and implementing school activities and field experiences. The school has held several public theatre and musical performances and holds annual public Art Exhibits of student work that is auctioned to the parents and community members. The average daily attendance rate has been 98% each year, strong evidence of high satisfaction and strong relationships with the school.

PBLCS has achieved operational stability. PBLCS has achieved strong financial status as it has operated with a balanced budget and a clean audit resulted. Additionally, PBLCS has retained 90% of the teachers eligible to return from 2014 to 2015. Student attrition is somewhat common in Pine Bluff, and year-to-year retention of students is somewhat of a community challenge, but PBLCS has averaged student retention at approximately 80% over three years.

In April of 2015, Pine Bluff Lighthouse Charter School underwent review conducted by AdvancED. PBLCS was deemed an AdvancED Accredited School

Achievement noted in the review include:

- The school is driven by a vision for a powerful culture
- The staff at PBLCS engages families in their children's education and promotes/celebrates the mission of the school with all stakeholders
- The governing body demonstrates a clear vision of scholar learning, character development and leadership skills by establishing policies and supporting practices that ensure scholars meet these goals.
- PBLCS maintains facilities, services, and equipment to provide a safe, clean, and healthy environment for all scholars and staff.

Areas of Improvement

- Develop and implement an effective process to use collected scholar data from various sources to drive Curriculum, instruction, assessments and the collaborative use of technology.
- Implement a measurable improvement process that provides clear direction for evaluating instructional strategies
- Develop a 3-5 year Technology Plan.
- Implement High Yield teaching strategies that increase rigor of instruction and improve student engagement
- Implement a measurable improvement process that provides clear direction for evaluating instructional strategies.

Pine Bluff Lighthouse Charter School has taken into account the needed areas of improvement and has begun implementation.

ADE Evaluation and Applicant Responses

Arkansas Department of Education
Open-Enrollment Public Charter School
Renewal Application Rubric

Name of School: Pine Bluff Lighthouse Charter School

CONTACT INFORMATION

Applicants are requested to provide complete contact information.

Evaluation Criteria:
A response that is fully responsive will include the following:

- The names of the sponsoring entity and charter school;
- The LEA number;
- Complete contact information for the school principal/director and board chair;
- The number of years requested for renewal, that does not exceed 20; and
- Date of the governing board's approval of the renewal application.

Fully Responsive

SECTION 1: GENERAL DESCRIPTION OF THE CHARTER SCHOOL'S PROGRESS AND DESEGREGATION ANALYSIS

Part A: Charter School Progress
Applicants are requested to provide a narrative about the successes of the charter during the current contractual period.

Evaluation Criteria:
A response that is fully responsive will include:

- A comprehensive narrative that identifies and describes multiple successes of the charter school during the current contractual period.

Fully Responsive

Part B: Desegregation Analysis
Applicants are requested to describe the current and potential impact of the charter on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools

Evaluation Criteria:
A response that is fully responsive will include:

- Assurance that the charter school will comply with all applicable federal and state statutory and regulatory requirements regarding the creation and maintenance of desegregated public schools; and
- An outline of the potential impact of the proposed charter school on those desegregation efforts already in place in affected public school districts.

Fully Responsive

SECTION 2: COMPOSITION OF THE CHARTER SCHOOL'S GOVERNING BOARD AND RELATIONSHIPS TO OTHERS

Part A: Composition of Governing Board
Applicants are requested to describe the charter school's governance structure.

Evaluation Criteria:
A response that is fully responsive will include:

- A description of the charter school's governance structure;

- An explanation of the selection process for charter board members;
- An explanation of the authority of the board; and
- An explanation of the responsibilities of the board.

Fully Responsive

Part B: Disclosure Information
Applicants are requested to disclose any potential conflicts of interest affecting members of the governing board and employees.

Evaluation Criteria:
A response that is fully responsive will include:
- An itemization of each non-employment contract or lease of the charter school in which any of the charter's administrators, board members, or the family members of administrators or board members have or had a financial interest; and
- An itemization of each family relationship between each member of the charter school's governing board, other board members, and the employees of the charter school.

Fully Responsive

SECTION 3: STUDENT AND TEACHER RETENTIONAND RECRUITMENT

Part A: Student Retention
Applicants are requested to compile and analyze student retention data.

Evaluation Criteria:
A response that is fully responsive will include:
- A complete table with data about students who left the charter prior to completing the highest grade offered at the school; and
- Reasons that can be substantiated for students who leave the charter.

Fully Responsive

Student Recruitment
Applicants are requested to compile and analyze student recruitment data.

Evaluation Criteria:
A response that is fully responsive will include:
- A complete table with data about students recruitment goals by student subgroups; and
- Complete information in response to charter-specific prompts, if any;
- Additional commentary that includes strategies to increase enrollment from subgroups to be more similar to the local district demographics.

Fully Responsive

Part B: Lottery Procedures
Applicants must also describe the random, anonymous lottery selection process.

Evaluation Criteria:

- A clear, transparent, and public process for, and a guarantee of, an annual random, anonymous lottery process should there be more student applications than can be accommodated under the terms of the charter; and
- The method by which parents will be notified of each child's selection for the school or placement on the waiting list.

Fully Responsive

Comments and Additional Questions:

- Explain how parents/students are notified of their placement status if they are not in attendance at the lottery event.
- Explain how long parents/students are given to decline or accept an offer for placement.
- Explain how the waitlist is maintained until the next lottery is held after early April of the following year.

Applicant Response:

- Parents and Scholars are notified via letter through US Mail of their placement (the cutoff date to respond will be included in the letter)
- Parents have two weeks to decline or accept the offer
- The waitlist is maintained daily by checking the online application system which logs date and time of application submission. After which the list is updated and names are added to the current waitlist in the order applications are received.

Part C: Teacher Retention
Applicants are requested to compile and evaluate teacher retention data.

Evaluation Criteria:
A response that is fully responsive will include:

- A complete table with data about teachers who do not return;
- Reasons that can be substantiated for teachers who leave the charter; and
- Current practices and future plans to retain teachers.

Fully Responsive

SECTION 4: DATA AND BEST PRACTICES

Part A: Test Data
Applicants are requested to review the testing data for the charter and the resident district and describe the ways in which the data support the achievement of the charter's current academic goals.

Evaluation Criteria:
A response that is fully responsive will include:

- A thoughtful narrative describing the ways in which the testing data support the achievement of, or progress toward achieving, the charter's current academic goals.

Fully Responsive

Comments and Additional Questions:

- Provide any documents/templates used by charter staff to execute the SWAG program.

Applicant Response:

- The resources that we used were Imagine It Literacy Curriculum, read A-Z, Saxon Math Curriculum, and IXL.
- See attachment for documents used by teachers

Part B: Discipline and Attendance Data
Applicants are requested to review the discipline and attendance data for the charter and the resident district and describe the ways in which the charter improves student behavior and attendance.

Evaluation Criteria:
A response that is fully responsive will include:

- A thoughtful narrative, supported by the data, describing the ways in which the charter improves student behavior and attendance;
- Thorough explanation of disproportionate representative by subgroups, if any; and

- Complete information in response to charter-specific prompts, if any.

Fully Responsive

Comments and Additional Questions:

- Explain the process followed by the charter prior to suspending a special education student.
- Explain why male students are disproportionately represented in approximately 75% of the disciplinary infractions and actions when male and female students are enrolled at comparable rates.

Applicant Response:

- A manifestation conference is held to determine next steps with the scholar before suspension is rendered. The school also has ongoing SST (Student Support Team) Meetings throughout the course of the year in order to be proactive before the behavior escalates. This includes the parent, teachers, administration and counselors of the scholar.
- Male students do account for approximately 75% of the discipline infractions, however, three male students account for more than a 50% of the discipline infractions. Student support team meetings, behavior plans, and manifestation hearings were held with these three male scholars. The students were also provided with an outside counselor to aid in behavior issues and plans.

Remaining Concerns: It remains unclear that implemented behavior plans are successful and if teachers are trained to handle students with serious behavior problems.

Part C: Best Practices
Applicants are requested to identify and describe one (or more) best practice(s) that lead to the achievement of, or progress toward achieving, the charter's current approved academic goals.

Evaluation Criteria:
A response that is fully responsive will include:

- A thoughtful narrative, supported by data, describing one (or more) best practice(s) that lead to the achievement of, or progress toward achieving, the charter's current approved academic goals.

Fully Responsive

SECTION 5: ACADEMIC PERFORMANCE GOALS

Part A: Current Performance Goals
Applicants are requested to evaluate the progress toward achieving each of the charter's current student academic performance goals and provide supporting documentation that demonstrates the progress.

Evaluation Criteria:
A response that is fully responsive will include:

- A narrative description of the charter's progress toward achieving each goal; and
- Supporting data that documents the charter's progress in achieving each goal.

Fully Responsive

Comments and Additional Questions

- Confirm that the word **not** in the following sentence from pages 26-27 should be **now**:

> We have **not** instituted procedures with interim assessments, analysis of data to drive instruction and a rigorous remediation component to ensure that PBLCS will meet expectations by making above average progress in remediating the deficits of its students within a three year time period.

Applicant Response:

- I am confirming the word should read **now.**

Part B: New Performance Goals
Applicants are required to confirm their understanding that achieving all goals and/or objectives set by the state, during the period of renewal, is expected and to develop other student academic achievement performance goals for the renewal contract period.

Evaluation Criteria:
A response that is fully responsive will include:
- A confirmation that the charter is expected to achieve all goals and/or objectives set by the state; and
- For other student academic performance goals -
    - Measureable student academic performance goals;
    - The specific tool that will be used to measure academic performance for each goal;
    - The level of performance that will demonstrate success; and
    - The timeframe for achieving each goal.

Fully Responsive

SECTION 6: FINANCE

Applicants are requested to discuss corrective actions for any findings in the most recent financial audit reports prepared during the current contractual period.

Evaluation Criteria:
A response that is fully responsive will include the following:
- Each finding from the financial audit reports **or a statement that there were no findings**;
- A statement for each finding to indicate if it had been noted in prior year audits;
- Corrective actions take to rectify each issue; and
- The date by which each issue was or will be corrected.

Fully Responsive

SECTION 7: WAIVERS

Applicants are requested to review the current waivers approved for the charter and to identify any changes requested in the charter's waivers from Title 6 of Arkansas Code Annotated, State Board of Education Rules and Regulations, and/or the Standards for Accreditation.

Part A: New Waiver Requests
Applicants are requested to identify any additional law and rule that the authorizer is requested to waive.

Evaluation Criteria:
A response that is fully responsive will include:
- A list of each law and rule that the charter would like to have waived; and
- A rationale for each waiver request or **a statement saying that no new waivers are requested**.

See Legal Comments.

Part B: Waivers to Be Rescinded
Applicants are requested to identify any waiver that is no longer needed.

Evaluation Criteria:
A response that is fully responsive will include:
- An itemized list of each current waiver the charter would like to have rescinded; and
- A rationale for each request or **a statement saying that the charter wishes to maintain all currently approved waivers**.

See Legal Comments.

SECTION 8: REQUESTED AMENDMENTS

Applicants are requested to identify and explain amendment requests.

Evaluation Criteria:
A response that is fully responsive will include:

- A list of any requested charter amendments **or a statement that no amendments are being requested**;
- A rationale for each amendment requested; and
- A budget, showing that the charter will be financially viable, if there is an amendment request to change grade levels, the enrollment cap, the location of a campus, and/or an additional campus.

See Legal Comments.

ADE Legal Review of Waivers Requested

Pine Bluff Lighthouse
2015 Open-Enrollment Renewal Application

New Waivers Requests

1. School Boards

ARK. CODE ANN. § 6-13-619(c) and (d) Meetings

Pine Bluff Lighthouse requests flexibility from this statutory provision to allow for those occasions when members are only available to participate by telephone or electronic communication. This will also assist with the board conducting meetings in case of inclement weather.

Legal Comments: None

2. Duty Free Lunch

ARK. CODE ANN. § 6-17-111

Pine Bluff Lighthouse requests waivers from the statute to provide it with flexibility in making assignments for duty-free lunches. Although we will continue to provide 150 minutes of duty-free lunch per week, we request greater flexibility in planning the lunch time on a daily basis.

Legal Comments: None

3. Planning Time

ARK. CODE ANN. § 6-17-114

Pine Bluff Lighthouse requests this waiver to have flexibility to, as needed, provide its teachers with the required planning time during their regularly scheduled hours of work, but not during the students instructional day (i.e., during a time range of 7am to 8am or 4pm to 5pm).

Legal Comments: None

Waivers To Be Rescinded

1. Publication of School District Goals

Section 7.02.2 Standards for Accreditation

Legal Comments: Applicant should confirm whether they are requesting to keep or rescind this waiver. This waiver is listed in "Part B: Waivers to be Rescinded" in the application, but the Applicant also states they wish to maintain all currently approved waivers.

Applicant Response:

- ***Yes we would like to rescind Section 7.02.2 Standards for Accreditation (See below)***

Publication of a report in a newspaper of general circulation in the district before November 15 a report detailing the progress toward accomplishing program goals, accreditation standards, and proposals to correct deficiencies (for first year of operation only).

18.01 Requiring the development of procedures to identify gifted and talented students in accordance with guidelines established by the Department
18.02 Requiring the school district to provide educational opportunities for students identified as gifted and talented appropriate to their ability

- *It was an error to say we wish to maintain all current waivers as we do not wish to maintain the above waiver.*

Remaining Legal Issues: None

2. Gifted and Talented

Section 18.01 and 18.02 Standards for Accreditation

Legal Comments: Applicant should confirm whether they are requesting to keep or rescind this waiver. This waiver is listed in "Part B: Waivers to be Rescinded" in the application, but the Applicant also states they wish to maintain all currently approved waivers.

Applicant Response:

- ***Yes we would like to rescind Section 7.02.2 Standards for Accreditation (See below)***

Publication of a report in a newspaper of general circulation in the district before November 15 a report detailing the progress toward accomplishing program goals, accreditation standards, and proposals to correct deficiencies (for first year of operation only).

18.01 Requiring the development of procedures to identify gifted and talented students in accordance with guidelines established by the Department
18.02 Requiring the school district to provide educational opportunities for students identified as gifted and talented appropriate to their ability

- *It was an error to say we wish to maintain all current waivers as we do not wish to maintain the above waiver.*

Remaining Legal Issues: Applicant should confirm they want to rescind waivers of Section 18.01 and 18.02 of the Standards of Accreditation. ADE Legal Services has no issues should they choose to rescind; however, clarification as to what is requested needs to be made by the charter.

Renewal Application Approval Date by the School/Entity Board(s) 12/10/15

Section 1 – General Description of the Charter School's Progress and Desegregation Analysis

Part A: Charter School Progress

Provide a narrative about the successes of the charter during the current contractual period.

Lighthouse Academies of Pine Bluff Arkansas (LAPB) is the sponsoring entity for Pine Bluff Lighthouse Charter School (PBLCS). The mission of PBLCS is to prepare scholars for college through a rigorous, arts-infused program. College acceptance and attendance is the overarching goal. Arts-infusion is a strategy to achieve this goal. PBLCS goals measure progress toward achieving this mission and preparing scholars academically and socially for college.

PBLCS opened in 2011 with 165 scholars in grades K-4. These students were enrolled in several different school districts and home schools the previous year. After four years of operation, PBLCS now has over 340 scholars enrolled. In the first four years of operations, our academic results show higher percentages of students achieving Proficient or Advanced status in both the Combined Population and in the disaggregated performance for Economically Disadvantaged students. Overall, in 2012-2013, PBLCS was the only achieving school in the resident district (Pine Bluff School District). Pine Bluff School District had five of ten schools that were identified as Priority Schools in 2012-13. The other five schools all had a needs improvement status.

PBLCS has made progress towards reaching our annual goals. Parents have consistently rated the school Good or Excellent for each of its operations, and 85%-95% of parents have attended three out of the four parent conferences each year. The school has held several public theatre and musical performances, and holds annual public Art Exhibits of student work that is auctioned to the parents and community members. PBLCS completed every year with a balanced budget and a clean audit. The average daily attendance is been between 97%-98% each year.

PBLCS works with local partners to infuse art activities and techniques into teaching. The school partners with organizations in order to bring their skills to our scholars, and to help our faculty learn about the resources available to them in the community in which they are teaching. Classroom teachers, with the support of an arts-infusion specialist, will use the art techniques they learned, from local arts partners, to infuse the arts into classroom instruction as appropriate. These connections with working artists make our education program's basis in the arts more robust and meaningful than it could be without them. These links also serve as ways to get to know more parents since they help PBLCS become a true member of the arts community in Pine Bluff. PBLCS partners locally with Alpha Kappa Alpha Sorority, Phi Beta Sigma Fraternity, UAPB, the Arts and Science Center of Southeast Arkansas, Jefferson County Afterschool 4-H Club, Interested Citizens for Voters Registration Inc. Pen or Pencil, Thea Foundation, Teach for America, and the Martin Luther King Commission.

The Lightkeepers, the parent organization that supports the school, is very actively involved in aspects of school operations. There is a Parent Member on the Board of Directors and the School Based Management Team. Parents are involved in monthly parent meetings and assist in developing and implementing school activities and field experiences. Parent surveys show strong satisfaction with the school's model, as well as the social and emotional development that the scholars receive as individuals, and part of the overall school community. Most importantly, the parents strongly support the instructional program here at PBLCS.

Unfortunately, academic progress and performance at PBLCS has not always been consistent. From 2012 to 2013 student scores in math increased by 16% and PBLCS was one of the few Achieving Schools in the state of Arkansas. During the 2013-2014 school year, the proficiency levels declined 9.6% in Literacy and 22% in Math. There are several reasons for this lack of consistency: two teachers quit shortly after

the start of school in the testing grade levels; one Director of Teacher Leadership (DTL) was lost due to budget cuts and the second DTL was lost in January for maternity leave, also there was an increase in special education population from 0% in 2012-2013 in lower academy to 16% in 2013-2014; as a result, the 2014 scores on state assessments fell in math and also fell slightly in literacy.

In 2015- 2016, the school has turned a corner, with; the solid and stable leadership of our principal, and a strong coaching team. The start of this year has provided a much more stable instructional environment. The school is effectively implementing data driven instruction by implementing bi-weekly assessments and quarterly formative assessments that drive instruction. The school has a healthy culture, steady enrollment, and expects to have a solid academic performance on 2016 assessments. The school is supported by district leaders who have a wealth of school leadership and central office experience. The school is fully accredited by the Arkansas Department of Education and is in full compliance with state standards.

In April of 2015, Pine Bluff Lighthouse Charter School underwent a review conducted by the North Central Association Commission on Accreditation and School Improvement (NCA CASI). AdvancED conducts rigorous, on-site external reviews of PreK-12 schools and school systems to ensure that all learners realize their full potential. Following this process, PBLCS was deemed accredited. This accrediting process is ongoing, and as a result, PBLCS must continue to engage in the responsibilities required of all institutions to maintain accredited status. Areas sited as powerful practices are listed below from the site visit:

- PBLCS maintains facilities, services, and equipment to provide a safe, clean, and healthy environment for all scholars and staff.
- The governing body demonstrates a clear vision of scholar learning, character development, and leadership skills by establishing policies and supporting practices that ensure scholars meet these goals.
- The staff at PBLCS engages families in their children's education and promotes/celebrates the mission of the school with all stakeholders.

PBLCS is a part of Lighthouse Academies, Inc., national nonprofit network of charter schools. Through that network, PBLCS is connected to a growing community of more than 8,100 students and families and more than 825 teachers, principals and staff members. PBLCS receives ongoing support from the national network in the following areas:

- Starting in the spring of 2015, PBLCS receives support visits from the Research Design and Strategy (RDS) Team. The support team consist of the RDS team, regional leadership team, as well as the school leadership team. Each support visit is tiered based on the school's academic status. The visits focuses on the Danielson's framework, interim assessment data, coaching, as well as norming on ratings. The outcome of the visit is to develop action steps based on the findings to implement throughout the school. The RDS team host follow-up calls as well as coaching sessions throughout the year.
- The Research, Design, and Strategy team supports Lighthouse Academies' schools to achieve LHA goals by designing tools, resources, and trainings on effective best practices and researching innovations to improve our practices. The RDS team's priorities and key deliverables are driven by the schools' performance, reflect the need for excellence across all LHA schools, and represent the greatest levers to achieve desired outcomes. The RDS team works in collaboration with regional and school leaders to provide consultation services and strategic recommendations.
- Lighthouse Academies Inc. provides the schools with student handbooks, personnel and policies handbook, procurement policies, as well as a Regional Operations Manager that manages facilities, state reporting, financials, and transportation for PBLCS.

Part B: Desegregation Analysis

Describe the impact, both current and potential, of the public charter school on the efforts of affected public school district(s) to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

Pine Bluff Lighthouse Charter School (PBLCS) is seeking a renewal of its current charter, and submits this Desegregation Analysis to the State Charter Authorizer pursuant to Ark. Code Ann. §6-23-106. PBLCS is located within the boundaries of the Pine Bluff School District, and as an open-enrollment public charter school unconfined by district boundaries, expects to continue to obtain the majority of its students from within the boundaries of the Pine Bluff, Dollarway and Watson Chapel School Districts. PBLCS may also receive some students from the neighboring White Hall School District.

In carefully reviewing the potential impact that PBLCS would have upon the efforts of the Pine Bluff School District and its contiguous districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools, the applicant finds that the Pine Bluff and Watson Chapel School Districts either are or have been subject to federal court orders to create and maintain a unitary system of desegregated public schools. The White Hall School District is not, nor has it ever been, under a federal District Court desegregation order. As an open-enrollment public charter school, PBLCS must be race-neutral and non-discriminatory in its student selection and admission processes, and its operation will not serve to hamper, delay, or in any manner negatively affect the desegregation efforts of any public school district or districts within the state.

Finally, PBLCS would show that nothing in any existing federal District Court desegregation order affecting the Pine Bluff and Watson Chapel School Districts contains any proscriptions or restrictions concerning the renewal of a charter for an open-enrollment public charter school within the boundaries of the Pine Bluff School District.

Section 2 – Composition of the Charter School's Governing Board and Relationships to Others

Part A: Composition of Governing Board

Describe the governance structure of the charter, including an explanation of the board member selection process and the authority and responsibilities of the charter board.
Respond below in 11 point Times New Roman font. This response can be no longer than 5 pages.

The seven members that make up our LAPB Board of Directors is a dedicated and responsible team that provides competent governance and oversight for our institution through a wide range of expertise and professional experiences. People from the Pine Bluff Community, including parents, make application and are appointed by the existing board members - as required by the board's bylaws. We understand that an effective board of directors is essential to the success of the school. In addition to the expertise, skills, knowledge and relationships that the Directors bring to the school, the Directors must possess the right personal characteristics and attitudes for the job. The Board of Directors makes crucial decisions regarding the school's long term strategy and direction. These decisions include; hiring a principal, and approving that principal's recommendations concerning the employment of other staff; approval of the budget, and engaging auditors; management of the property, oversight of Pine Bluff Lighthouse Academy; and the establishment of policies regarding such issues as curriculum, employment and discipline.

Mrs. Reshonda Walker is a Disabled Veteran that resides in Pine Bluff, AR. She served in the military for 8 years. She is currently a stay at home mother that volunteers a lot of her time in the community. Mrs. Walker is an active member of Grace Temple Missionary Church where she is a Greeter and works with

the Youth Department. She is a founding parent of Pine Bluff Lighthouse Charter School and has one child there. Mrs. Walker currently serves as the school board president.

Ms. Joy Blankenship is the Executive Director of Pine Bluff Downtown Development, Inc. and the Executive Director of Arkansas' Land of Legends Travel Association. Ms. Blankenship started her career at the Economic Development Alliance of Jefferson County as the Vice President of Business Services and executive director of Leadership Pine Bluff. She has a B.A. degree in English from the University of Arkansas at Fayetteville. Ms. Blankenship serves as the vice –president of the Arkansas Motor Vehicle Commission and as the treasurer of Southeast Arkansas College Foundation Board of Directors.

The Reverend Doctor Walter Van Zandt Windsor has served as rector of Trinity Episcopal Church in Pine Bluff, Arkansas, beginning in 2002, and vicar of St. Mary's Episcopal Church in Monticello, Arkansas since 2004. He holds a B. A. in Religion from Transylvania University, in Lexington, Kentucky; A Master of Arts in Religion from the Episcopal Theological Seminary in Lexington, Kentucky; A Master of Theological Studies from Spring Hill College in Mobile, Alabama; and a Doctor of Ministry from Episcopal Divinity School in Cambridge, Massachusetts; along with Certificates of Study from the Church Divinity School of the Pacific, in Berkeley, California, and Loyola in New Orleans. Previously he was headmaster of Trinity Episcopal School in Pine Bluff, from 2002-2010. He has served a clergyman for 30 years in parishes in Mississippi, Alabama, and Arkansas. He has two sons, Dickson (18) and Walter (15).

Dr. Joseph E. Brown is a native of Pine Bluff, Ar. and has been licensed and ordained in the Missionary Baptist Church Denomination since 1988. Dr. Brown graduated from The Salvation Army seminary in 1998 and shortly thereafter received his B.A. in Theology from Summit Bible College in Bakersfield, Ca. Dr. Brown continued his education from 1999-2009 receiving his Master of Theology and Doctor of Divinity also from Summit Bible College in Bakersfield, Ca. Dr. Brown has had the privileged of serving several congregations as Assistant Pastor in Arkansas and several congregations as Pastor and Assistant Pastor respectively in Maryland. Dr. Brown has held leadership positions as Corps Administrator and management in The Salvation Army and Walmart organizations. Dr. Brown is the author of several articles and two (2) books released in 2011. Dr. Brown and his wife Nina have been married for 27 years and have three girls, Mareesha, Christena and Makirah. The Brown's currently reside in Pine Bluff, AR.

Mr. Thomas "Tommy" Palmer was born in Pine Bluff Arkansas and has been a lifelong residence. After graduating from Pine Bluff High School in 1981 he was employed by Stereo Junction. In 1990 he purchased the business from its founding owner and he has owned and managed the business up to this date. He is a lifelong member of Trinity Episcopal Church. He has served as an Acolyte, Eucharistic Minister, Sunday School teacher, Acolyte Master and many terms as a vestry member. He has held positions on the vestry as Senior Warden and numerous terms as Junior Warden, a position he currently holds. Tommy is very active in the Pine Bluff community. He is a past board member of the Greater Pine Bluff Chamber of Commerce and served on the Chamber Small Business Expo Committee. He served on the Trinity Episcopal School Board for six years and was President of the Board for two of those years. After retiring from Trinity School Board served on the St. Joseph Catholic High School Board for five years, two of those years as Vice President. He is also currently chairman of the Lucy S. Elliot Loan Fund committee. Tommy is an avid outdoors-man and hunter. His passion inspired him to be involved with Ducks Unlimited for the last twenty years. He has held the chairman position for the local Ducks Unlimited Chapter several different years and is currently the treasurer for the chapter. He is also the District 11 Area Chairman for the state chapter of Ducks unlimited.

Mrs. Wanda Bateman born in Sheridan, AR and was raised in White Hall, AR. She graduated from White Hall High School. Ms. Bateman is an active member of Trinity Episcopal Church and has served as Junior Warden and currently serves as a Vestry Member. She is the Owner and Manager of Margland Bed and Breakfast Pine Bluff, AR. And the Owner and Manager of Wanda Bateman Real Estate Company Pine Bluff, AR. Wanda helped establish Wanda Bateman Youth Center. She is active in Community

Service, a Neighbor -to- Neighbor Board Member, Jefferson County Memorial Chairman for American Cancer Society, and active Supporter of Residents of Jefferson County Nursing Homes.

Ms. Lenisha Broadway is the Regional Vice President for Lighthouse Academies Inc. (LHA) in Arkansas. She served as the Regional Director of the Southern Region for two years. Ms. Broadway served as the Principal at Ridgeroad Middle Charter School in North Little Rock, AR for five years, and as the Assistant Principal for four years prior. Prior to that, Ms. Broadway taught special education for four years. She is also a field facilitator for FISH! for Schools Program of best practices in social and emotional learning, character education, classroom management and human behavior. Ms. Broadway earned her B.S.E. in Special Education and M.S.E. in Education from the University of Central Arkansas.

Board Member Selection

Each Board member serves a term of two years and may be reappointed for additional terms. Prospective board members are required to complete an application. The applicant is required to provide details on their work and education background and what expertise they believe that they will bring to the board. A board subcommittee interviews prospective board members and then shares its recommendations with the full board. The board votes to appoint new board members subject to completion of a background check. New board members are provided with an orientation and are also required to complete annual training required by Arkansas regulations. Board members are also required to complete a conflict of interest form annually.

Shared Authority

The Board of Directors intends to continue to contract with Lighthouse Academies Inc. (LHA) to provide business and education services. LHA provides the same services to twenty schools across the country. To insure appropriate controls, the Board contracts with an independent auditor to conduct an annual audit.

The nature of the Board's governance role must be understood in the context of an institutional partnership with LHA. Each school in the LHA Network contributes to and learns from the other schools. Each school is organized to support the implementation of the LHA school design. While the Board has the ultimate responsibility for and authority over the school, LHA has a distinct and equally important role to play in the success of the school. The success of the school ultimately depends on each partner's clear understanding of its own and other partners' roles.

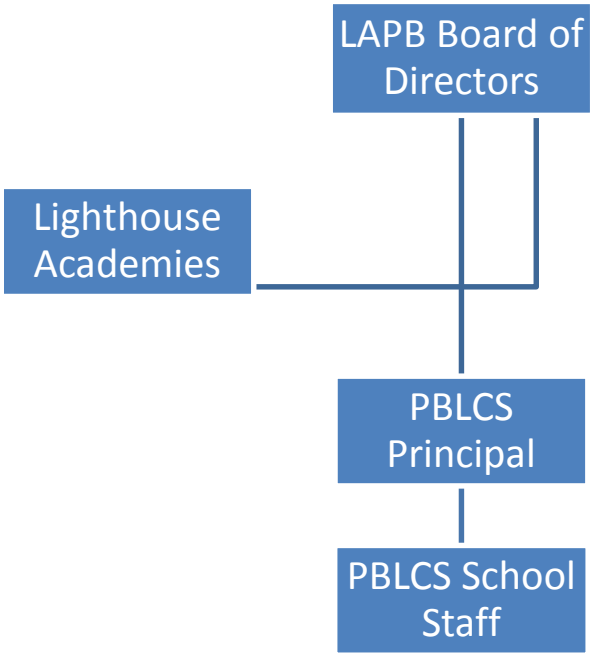
Board of Directors
The Board's governance role requires that the Board perform the following functions:

- **Strategic Oversight**: Through the charter application the Board adopts and upholds the Lighthouse Academies' mission and vision for the school.
- **Operational Oversight**: The Board oversees the operations of the school, while delegating day-to-day operational authority to LHA and the school's Principal.
- **Financial Oversight**: The Board ensures that the school remains a financially viable entity by overseeing the school's financial condition.
- **Personnel**: The Board approves all employment compensation at the school, including benefits through approval of the annual budget.
- **Contracts**: The Board, in consultation Lighthouse Academies, approves all major contracts.
- **Consultant Support**: The Directors use their individual skills, knowledge, expertise and/or community relationships to support the school.
- **Community Relationships**: The Directors act as advocates and representatives of the school in creating and maintaining relationships with the community and other stakeholders.

Lighthouse Academies

Lighthouse Academies is the institutional partner of the Board of Directors. Although its technical relationship with the Board is that of a service provider, the success of any Lighthouse Academies school depends on a true partnership between the Board and LHA. In this partnership, LHA may hold one or more Board seats and works closely with both the Board and the Principal to provide guidance, training and support to ensure that each may carry out its respective responsibilities in the most effective manner. The essential functions of LHA include the following:

- **Charter Application**: LHA develops the master charter application and coordinates the charter application and renewal process.
- **Principal Recruitment**: LHA recruits, screens and proposes principal candidates to the Board. The Board makes the decision on hiring.
- **Curriculum**: LHA assists the schools with curriculum development and alignment, provides strategic recommendations on programs, instructional resources, and professional development.
- **Evaluation & Assessment**: LHA works with school leaders to create an accountability plan, school improvement plan for the school and provides the Board information and data to facilitate the evaluation by the Board of the performance of the principal, the scholars and the school.
- **Manuals and Handbooks**: LHA provides the school with an Operations and Procedures Manual, an Employee Handbook and a Scholar Handbook that are customized to meet Arkansas rules and regulations.
- **Operations Assistance and Oversight**: LHA provides day-to-day assistance with and oversight of the implementation of the school's education and staff development programs.
- **Administrative Support**: LHA provides administrative support including purchasing, financial management and human resources services.
- **Budget**: LHA develops the annual school budget with the principal for approval by the Board.
- **Professional Development**: LHA provides the school with initial pre-opening staff development and ongoing staff development for the school's administrators.
- **Marketing:** LHA develops an initial marketing plan for recruiting and enrolling scholars using methods best suited to the local community
- See below organizational chart showing the relationship of the LAPB Board of Directors, the PBLCS schools, and Lighthouse Academies Inc.
-



Part B: Disclosure Information

Identify any contract, lease, or employment agreement in which the charter is or has been a party, and in which any charter administrator, board member, or an administrator's or board member's family member has or had a financial interest.

Respond below in 11 point Times New Roman font. This response can be no longer than 3 pages.

Complete the table on the following page.

Relationship Disclosures

In the first column, provide the name and contact information of each board member and/or administrator. In the second column, provide the name and position (e.g., financial officer, teacher, custodian) of any other board member, charter employee, or management company employee who has a relationship with the board member/administrator or state NONE. Describe the relationship in the third column (e.g., spouse, parent, sibling).

Charter School Board Member's/ Administrator's Name and Contact Information	Name and Title of Individual Related to Board Member	Relationship
Reshonda Walker **3501 S Juniper St.** **Pine Bluff, AR 71603** **870-692-1160** **reshondawalker@gmail.com**	**None**

Review the data in the Student Retention Table and discuss the reasons that students leave the charter without completing the highest grade offered at the charter. Specifically address the reasons that students belonging to the TAGG demographic groups (economically disadvantaged, special education, and English language learners) leave the charter without completing the highest grade offered at the charter, if they do so at a higher rate than students belonging to other demographic groups. Discuss the reasons that other demographic group(s), if any, leave the school at disproportionate rates.
Respond below in 11 point Times New Roman font. This response can be no longer than 3 pages.

The data in the student retention chart above is taken from October 1, 2013 through October 1, 2015. During this period PBLCS has an attrition rate of 25.76%. The largest percentage of students leaving PBLCS were African American and Title I students. The lowest percentage leaving the charter was special education and white students. The city of Pine Bluff has had a declining population since 2000. The population has decreased 8% from 2010 to 2014 according to the US census reports. The surrounding school districts in Pine Bluff have had a decrease of enrollment. Pine Bluff School district enrollment has declined by 14% with one elementary and one middle school closing at the end of the 2015 school year. Dollarway School District and Watson Chapel both saw a decrease of 3% to 4% respectively.

A majority of the scholars leaving PBLCS do so at the 7th and 8th grade level. This is the year in which middle school students can start playing sports in the surrounding school districts. These schools offer a large number of sporting activities whereas PBLCS offers basketball and drum-line to the scholars. There have been several occasions throughout the 5 years of PBLCS where students leave and return throughout the year. One 8th grade scholar returned this school year after football season due to the culture of the district school. PBLCS has a withdrawal form that all leaving parents are asked to complete. Many times the parents do not return the forms or PBLCS receives records request over the summer.

PBLCS had an enrollment increase this year of 50 scholars. PBLCS grew from 293 in 2014-2015, to 347 in 2015-2016. This increase in enrollment is attributed to the school retaining the school leadership team, as well as 82% of our teachers. PBLCS began its Gifted and Talented program during the 2015-2016 school year as well. In addition to the change in the curricular program, PBLCS sought to ensure that its students have multiple opportunities to engage in school beyond the typical classroom experience. A wide variety of extra-curricular opportunities exist to expand the learning experiences for our students. Some of these activities include:

- Vocal Music
- SWAG program (remediation)
- Saturday Academy
- Computer Lab work study
- Dance Team
- Student Council
- Serious Young Gentlemen Club
- Serious Young Ladies Club
- Lighthouse Ambassadors
- Girls Basketball

***Data adjusted to reflect accurate 2014-15 figures for PBLCS enrollment grades K-12**

Review the data in the Student Recruitment Table.
Discuss the school population. Explain why the charter has a much smaller percentage of Title I students than the district in which the charter is located.
Respond below in 11 point Times New Roman font. This response can be no longer than 2 pages.

The school does not have a significantly lower Title I population. The information in the chart above pulled by the state only included the number of students from Pine Bluff Lighthouse Charter School Lower Academy grades K-4. During the 2014-2015 school year, PBLCS had students enrolled in grades K-7. Upon trying to determine where this data was pulled it was determined that the Title I students number for the 2014-2015 school year was pulled from school cycle 4 for only Pine Bluff Lighthouse Charter School Lower Academy. The chart has been corrected to display the correct Title I data for PBLCS grades K-7.

In 2014-2015, PBLCS had 270 or 92.15% Title I students in grades K-7. This is comparable to the Pine Bluff School District who served a Title I population of 99.65%.

In 2015-2016, the school has a total of 330 Title I students or 95%. During the 2014-2015, both schools in the PBLCS district were designated as Title 1 school-wide. In the 2015-2016, only Pine Bluff Lighthouse Lower Academy grades K-6 is designated as Title 1 school-wide. Pine Bluff Lighthouse Charter School Upper Academy was issued a new LEA number because grades were added to this academy; therefore they are listed as targeted-assistance for 2015-2016. The school will complete the application for Title I school-wide during the 2015-2016 school year, in order to receive school-wide designation for the 2016-2017 school year. Due to the high number of Title I students, the Board of Directors voted to do Universal Feeding for all scholars. Below is an overview of the Title I services provided at PBLCS:

K-6 Title 1 School Wide Program

Scholars are placed in our Title I program based on scale score on state testing. Depending on a student's score, as they relate to meeting standards, Title I pull out and push in hours are assigned. Scholars are pulled out 3-5 days a week to work in small groups with the Interventionist based on common core standard deficiency areas. Scholars are also supported by a Title I interventionist through push in co-teaching sessions. During push in time, the Interventionist will co-teach with the content teacher and help to differentiate for scholars who are less than proficient based on the state tests. Scholar's push in and pull out hours are adjusted each quarter based on their performance on LinkIt module exams, which are correlated to the common core state standards. Interventionists are expected to track the performance of their scholars on an up to date dashboard. This dashboard allows the interventionist, and other school leaders, to track the performance of subgroups and make needed adjustments to the intervention plan for individual scholars. Every two weeks the Interventionist submit action plans that list the common core standard that they will work on with their assigned sub-groups. These action plans are developed in accordance to the common core areas not mastered on the previous year's state testing and the previous Linkit interim assessment. These action plans are reviewed by the principal and Director of Teacher Leadership. Interventionists also meet quarterly to examine action plans and make any needed adjustments to the pacing guide.

All scholars not proficient, or on the "bubble," are enrolled in our Extended Learning Opportunities program (ELO). This program meets twice a week for 2 hours per session. Scholars are enrolled in either reading or math, or both. The pacing guides used in the ELO program are developed based on common core standards that were not mastered on the state testing and the LinkIt interim assessment modules. The ELO sessions are taught by certified teachers who meet quarterly to develop and understand the ELO pacing guides. Scholars use both the Read Naturally Live and IXL online programs

All scholars who are not proficient on the state testing, or who are referred by a teacher, are enrolled in our Summer ELO program. During this program scholars attend a two week program that meets for 6 hours each day. During this time scholars are remediated on CCSS not mastered. Each day there are three hour sessions for math and ELA.

7-8 Targeted Assistance Program

PBLCS-College Prep Academy presently serves 38 students within the Lighthouse Academies of Pine Bluff Arkansas school district. The first step in identifying scholars that are failing, or most at risk of failing, is to analyze the scholars' state assessments. Scholars' previous performance on TLI (former interim assessment system), and current performance on Linkit a formative assessment, is analyzed on an ongoing basis and throughout the year. Scholar's performance in their core classes, and classroom data, such as passing and failing rates within all the core classes, is the third assessment used to identify students in need of services

Title 1 Targeted Assistance 7th and 8th grade scholars are scholars at risk of not passing Math/Literacy exams and/or not scoring Proficient on these exams. Selection for participation in our Title 1 program is based on the following criteria:

- Teacher /Parent Input
- Student Support Team Recommendation
- Students who score below Proficient on the LinkIt interim assessments
- Students who scored below Proficient on State Assessments
- Students who are economically disadvantaged
- Students with special needs

Lighthouse Academies, Inc., the CMO that manages PBLCS developed a parent needs assessment, student survey, and teacher survey that was distributed to every parent, and made available to all teachers and students. The parent survey revealed high levels of participation and satisfaction with the current school services, and a continued desire among parents, for additional academic and social supports.

Based on the criteria, 22 students have been identified to receive supplemental services in math and/or literacy.

Supplemental Services

Identified students are offered after school tutoring within the subject areas of concern, which provides small group instruction and individual practice based on the student's level designed to improve the students' abilities within the content area and master their current coursework. Common Core State Standards not mastered are identified for each student and pacing guides are developed quarterly to address the academic deficiencies that will assist the student in understanding and mastering on grade level standards. Computers are available for these students to utilize during tutoring to complete activities, and research assignments. Focus time is identified and built in the daily schedule for the identified scholars to work on non- mastered student learning expectations. There is also a weekly computer lab schedule set up for scholars to work during focus time. Students receive push in and pull out services from Academic Interventionist.

Provide any additional commentary on student recruitment for the charter school, if needed.
This OPTIONAL response can be no longer than 2 pages in 11 point Times New Roman font.

During the spring of 2015, two employees were hired to assist with student recruitment in two of the Lighthouse districts in Arkansas. Ava Coleman, Coordinator for Family and Community Partnership, worked with AnReckez Daniels, Recruitment Coordinator, within the Pine Bluff community to promote Pine Bluff Lighthouse Charter School. The enrollment increased from 293 in the 2014-2015 school year 343 in the 2015-2016 school year. Any student may seek admission to Pine Bluff Lighthouse Charter School if the student has met the required school entrance age.

Part B: Lottery Procedures

Describe procedures for conducting the an annual single lottery enrollment process, including the timeline for enrolling, the date of the lottery, and the way in which students will be placed on waiting lists, and the process for notifying parents about each child's selection or order on the waiting list. Explain how the charter will ensure that the lottery process is transparent to the public.
Respond below in 11 point Times New Roman font. This response can be no longer than 4 pages.

Any student may seek admission to Pine Bluff Lighthouse Charter School if the student has met the required school entrance age. If a grade level is oversubscribed, a lottery will be used to select students. A student who was retained by a previous school will remain at the grade level as indicated by the previous school. Siblings are given preference in admission to the school Student applications is made available to the public in January of each year and the deadline to submit an application is set for early April. The lottery date and location is indicated on the application and posted on the school's website. A lottery date reminder is mailed to each applicant.

A lottery card for every applicant to be entered in the lottery is prepared. Each card will indicate student name, grade, phone number and any siblings also applying to school with their name and grade. All siblings applying are noted by name and grade on each child's application. Each grade will have a blank sheet of paper that says, "Accepted for Grade" and have the sheet numbered one through 50 on the left hand column. Each grade should have a blank sheet of paper that says, "Wait Listed for Grade and have the sheet numbered 1 through 50 or the number of anticipated students for the waitlist on the left hand column.

The lottery procedure will be explained to parents indicating that the process will begin with either the lowest grade or the highest grade, and then proceed in ascending or descending order. The sibling priority policy will be reviewed indicating that if any open spots for that grade have already been given to siblings, announce the names of those siblings that have been given a spot before the lottery begins. The sibling priority placement will be explained as well.

Two members of the PBLCS Board of Directors will call out the names of the students. An assistant or administrator of the school will help organize lottery cards as they are pulled out of container. Another assistant or administrator will write the name of each child that is called from container on the blank, numbered sheet of paper.

As the lottery is underway and a scholar is selected, if the scholar selected has a sibling included in the lottery, then that sibling will be placed in an open spot as well. If that sibling's grade has been completed in the lottery process, and there are no open spots that scholar is placed at the top of the waitlist for that grade in the order selected. As more siblings are added to the waitlist, siblings will be added to the top of their grade in the order they are selected.
A nonpartisan individual will be engaged to observe and ensure that procedure is run properly.

Once scholar names have been called for all grades, an announcement will be made stating that the guardians of those scholars selected report to a designated area to receive their acceptance letter along with a New Student Registration Folders. One person should hand out folders and acceptance letters, while the other checks the scholar's name off the list, showing the letter and folders were handed out. PBLCS has not hosted a lottery since its opening due to the number of applicants for each year being less than the number of seats available. All students who applied have been admitted to PBLCS.

Part C: Teacher Retention

Complete the following Teacher Retention Table:

School Year	Total Number of Teachers	Teachers Who Left During the School Year		Teachers Who Returned to Teach a the Charter the Following Year		Teachers Who Took Other Positions within the Charter Organization	
		Number	%	Number	%	Number	%
2012-2013	18	2	11.11%	10	60%	0	0
2013-2014	20	4	20.00%	8	40.00%	0	0
2014-2015	21	3	14.29%	14	66.67%	1	4.76%
2015-2016	22	0	0.00%				

Review the data in the Teacher Retention Table. Discuss the reasons that teachers leave the charter and current practices and future plans to retain teachers.

PBLCS focuses on hiring and retaining high quality teachers, leaders and support staff. Based on the intensity of the instructional model and the unique nature of the arts infusion process, which requires a high level of collaboration and co-teaching, it has always been clear that PBLCS teachers and administrators would need to be both exceptional educational professionals and dedicated learners themselves.

Entering the fifth year of the charter, PBLCS has a four year teacher retention rate of 51.8%. When staff relocations are factored out of the data, the retention rate is 63% over four years. Seven staff members or 40 % of the founding staff, remain on the PBLCS team. Of the founding instructional staff that remains, one has moved into leadership position and the others continue to serve the school as teachers, support staff, or academic interventionists. Despite PBLCS best retention efforts, turn-over is inevitable for a variety of reasons. Approximately 25% of teacher attrition is due to nonrenewal. Other teachers have left voluntarily to relocate or in some instances due to the challenging nature of the work, not being invested in the community, lack of offerings in the community, or the longer day and year. Over the course of 4 years, PBLCS has lost ten TFA (Teach For America) teachers because their two year commitment was completed. Over the past two years TFA has seen an overall decrease in their number of candidates, which has been more challenging to secure applicants. TFA also changed their selection process for schools to hire candidates. We are pleased that PBLCS is currently serving in its best year of teacher retention. PBLCS has 82% of the staff that returned for the 2015-2016 school year. This is partly due to retention bonuses being put in place to retain qualified staff. The retention of teachers allowed for the staff to receive the initial curriculum training prior to the start of the school year. During the summer professional development, the school was able to focus on grade specific content and not training new teachers. Teachers have been able to develop relationships with scholars and families. The consistency of teachers has enabled the school culture to flourish in allows for instruction to begin on day one. We do believe that healthy scholar, teacher, and parent relationships lend to higher scholar performance.

Section 4 –Data and Best Practices

Part A: Test Data

Review the following assessment data, 2012-2014, for the charter and the district in which the charter resides.

		Pine Bluff School District (District in Which the Charter Is Located)		Pine Bluff Lighthouse	
		Literacy Proficient or Advanced	Mathematics Proficient or Advanced	Literacy Proficient or Advanced	Mathematics Proficient or Advanced
2012	**All Students**	51.55%	55.24%	59.52%	50.00%
	TAGG	48.60%	52.73%	57.50%	50.00%
2013	**All Students**	56.94%	46.75%	57.89%	59.21%
	TAGG	54.26%	43.90%	56.94%	59.72%
2014	**All Students**	55.42%	46.82%	48.28%	37.07%
	TAGG	52.77%	44.24%	43.81%	35.24%

Describe the ways in which the testing data support the achievement of, or progress toward achieving, the charter's current approved academic goals.

Data above reflects the number of students tested and the percentage scoring in proficiency/advanced combined across all grade levels for all students and TAGG groups.

Summary

PBLCS Charter Goals in the 2010 application focused on the idea that through a unique educational model, PBLCS will steadily increase the academic performance of scholars who have attended PBLCS schools for several years. In that way, PBLCS distinguishes itself as an attractive, local, educational option for families in the region. The data shows a decrease in performance during the 2013-2014 school year. During that school year, PBLCS had 20 teachers, with 10 of those being new teachers. During this year, the school had four teachers to leave during the school year. A large majority of the teachers were teachers in grades 3-6. There were 116 scholars that tested in Literacy and Math during the 2013-14 school year. Of those tested 39% were first year students and came from surrounding D and F schools. PBLCS has also seen a tremendous growth in their Special Education population since opening in 2011. Out of 31 Special Education students in 13-14, 22 were tested in Math and Literacy. This made up 19% of the total testing population, amongst that group only three scholars achieved in Math and five achieved in Literacy. Although this data reflects a decline in performance from the previous school year, PBLCS is making strides to turn the performance around. PBLCS has:

- adopted a new and more rigorous curriculum,
- adopted new assessment system (Linkit) where curriculum aligned to common core standards and state assessment has built in more time on instruction in Math and Literacy
- increased pull out and push in hours for scholars in grades 3-8 that are not performing at proficiency level,
- created homework academy

- purchased online programs that are made available to students with home internet access that include IXL and Study Island. Teachers assign specific CCSS based on scholar mastery and remediation
- the school began the Extended Learning Opportunities program two months earlier where transportation is provided
- Extended Math and Literacy block in grades 5 through 8.
- Added teacher retention bonuses to the compensation policy
- More on-ground commitment from Regional Vice President to conduct coaching with school leadership team, classroom observations, and professional development.
- Added a Regional Operations Manager to relieve building principal from dealing with maintenance, facilities, and transportation.
- Added a Data Coordinator to relieve Director of Teacher Leadership and School Operations Manager from student scheduling, cycle data, and state reporting
- Lighthouse Academies Inc. support visits twice a year. Local support visits from leaders in school's region.
- Hiring of new school improvement specialist per Priority Status
- On-going pre-and post-test for every unit
- Added Gifted and Talented Program as well as GT Seminar.

Lastly, the data also shows that in many subject areas where PBLCS matched the performance of the resident district at the opening of the charter.

PBLCS District Performance vs. Resident District

The two PBLCS schools are referred to as the PBLCS District. Pine Bluff School District (PBSD) is referred to as the resident district. The charter goals in the 2010 application were based on the notion that the PBLCS District would provide a viable alternative to local educational options, providing scholars with an opportunity to achieve at higher levels. When examining percentage rates for Advanced and Proficient of scholars that have been enrolled with PBLCS for 3 years or longer, PBLCS matched or exceeded the performance of the resident district during the 2014 testing. The PBLCS District has a proficient rate of 46% of scholars who have been with the district for 3 more years, as compared to 46% at Pine Bluff district.

During the 2012-2013 school year, PBLCS out-performed the Pine Bluff School District in both TAGG and Combined Population. The PBLCS math scores were 15.82% higher than Pine Bluff School District for the TAGG populations. PBLCS was 2.86% higher in Literacy than Pine Bluff School District. For all students, PBLCS scored 2% higher than Pine Bluff School District in math and literacy. During this school year, the school was able to retain more than 60% of the staff members. The school was also able to implement a remediation program that vastly impacted the scores. As noted in the table, during the 2013-2014 school year the scores decreased dramatically. During this time, the school lost three teachers in testing areas during the school year, and the Instructional leader was out on maternity leave, along with ten other teachers who did not return for this school year. The problems existed within the leadership of the school. The school has seen five principals since it has opened in 2011.

Part B: Discipline and Attendance Data

Complete the following discipline data charts for 2014-2015.

***Please note that some demographic categories are intentionally left out due to the school not having more than 10 students enrolled that fall into those categories.**

*2014-2015 Discipline Data

Explain why no discipline data was reported for the charter in 2013-2014 or 2014-2015.
Respond below in 11 point Times New Roman font. This response can be no longer than 2 pages.

During the 2013-2014 and 2014-2015 school years, the school's leader was not managing the school personnel as to properly entering the data in the state reporting system. PBLCS has an additional discipline management system (Educator's Handbook) in which all discipline is entered, from small infractions to the larger infraction, and during these school years, the school personnel was only reporting the information into Educator's Handbook. The issue has since been resolved as the leader has been replaced. In the summer of 2015, a Data Coordinator was hired to oversee and verify that all state data is inputted in the system correctly and timely. As of October 2015, all data has been transferred from the school management system to the state system.

Discuss the disciplinary infraction and action data. Be certain to discuss any disproportionate representation by a subgroup.
Respond below in 11 point Times New Roman font. This response can be no longer than 2 pages.

Pine Bluff Lighthouse School District enrollment for the 2014-2015 school year was 293 with 16% of the population being identify as special education. During the 2014-2015, 31% of the infractions were for fighting, 23% were for insubordination, 23% for disorderly conduct, 3% for staff assault, and 1.6% for possession of a knife. Of the 36 out of school suspensions, 77% of the actions were the result of three scholars. Of the three scholars, two of the scholars were SPED. Both of these scholars account for the ten incidents of in-school suspensions. These scholars represent 4% of the SPED population. Student Support Team (SST) meetings were held frequently throughout the year with each of these parents, teachers, SPED teacher, school administrators, as well as the scholar. Several interventions were put in place throughout the year for both scholars in addition to securing outside counseling services. Two of the scholars did not return for the 2015-2016 school year due to the fact that parents enrolled the scholar at a different school. The one remaining scholar has only had one incident that resulted in one day of in school suspension this school year.

Discuss the strategies used by the charter to ensure that discipline is administered in a fair and equitable manner. Respond below in 11 point Times New Roman font. This response can be no longer than 3 pages.

PBLCS has begun the process of implementing a nationally recognized innovation related to managing student behaviors and empowering students to be managed. Restorative Justice is a process that proactively builds healthy relationships, and a sense of community, to prevent and address conflict and wrongdoing. Restorative Justices allow individuals who may have committed harm to take full responsibility for their behavior by addressing the individuals affected by behavior, taking actions to repair the harm and making necessary changes to avoid the behavior in the future. We believe that students are more apt to excel, and problem behaviors can be reduced or prevented entirely when classroom instruction is challenging and engaging, and schools are a safe and supportive place to be.

PBLCS began transitioning to Restorative Justice at the end of the 2015 school year. The first phase of training was focused on shifting mindsets from punitive to restorative. The next training was on building a strong foundation for Restorative Justice. This school year is our transition year. The School Culture Coordinator has conducted module trainings with staff and parents throughout the school year. The scholar handbook also provided an overview for parents on Restorative Justice. At the opening of the school year, the school principal covered the discipline vision to parents and how they would see a shift in how the school responds to different behaviors.

First and foremost, we focus on prevention of misbehavior by fostering healthy relationships and positive discipline. All students participate in daily community meetings with peers and adults to reinforce social and emotional competencies that influence their capacity to fully engage in the important work of learning. Teachers and leaders set clear expectations and use empowering language to encourage and support desired mindsets and student actions needed for success in school. Students learn self-management, self-discipline, and effective communication strategies allowing them to more productively and respectfully contribute to the school community.

When students do slip into misbehavior, a restorative and customized approach is used, allowing opportunity to repair wrongdoing, and self-correct behavior to avoid future indiscretions. If necessary, a third layer of additional supports can be secured, and plans established, to diminish problem behaviors and increase a students' social skills and ability to function successfully in an academic setting.

Restorative Justice serve as an alternative to unnecessary suspensions/expulsions, and instead, promote accountability, communication, and collaboration among stakeholders.

PBLCS currently holds Student Support Team (SST) meeting with scholars who have attendance, academic, or behavior issues. The meeting includes the classroom teachers, parents, Director of Teacher Leadership, Culture Coordinator, Principal and student. The school's transition to Restorative Justice is assisting with keeping scholars in school.

PBLCS has seen a drastic decrease in out of school suspensions since the implementation of Restorative Justices. During the 2014-2015 school year from August until Dec. 14th, PBLCS had 21 incidents with 20 of the incidents resulting in out of school suspension, and 1 in-school suspension. During the 2015-2016 school year, PBLCS had 18 incidents, with 14 in-school suspension, and 0 out of school suspensions. This is a 100% decrease in out-of-school suspensions.

Review the following attendance data.

2014-2015 Attendance				
	Quarter 1	**Quarter 2**	**Quarter 3**	**Quarter 4**
ADA	291.26	272.63	273.81	282.53
ADM	291.26	283.26	281.68	282.53
Rate	100%	96%	97%	100%

Confirm 100% attendance for both Quarters 1 and 4 **OR** correct the information and explain the steps taken to ensure accurate reporting in the future.

The information for quarter 1 and quarter 4 is incorrect. The quarter 1 data from eschool showed that the ADA was 293.41, and the ADM was 300.5. Therefore the attendance rate was 97.64%. The Cycle 3 report in the Arkansas Data Center states we had 100% attendance rate. The quarter 4 eschool data showed that the ADA was 244.20 and the ADM was 252.70. Therefore the attendance rate was 96.64%.

The eschool system will automatically update attendance daily. Each teacher is responsible for entering attendance during the morning. The office manager runs a daily attendance report to verify that all teachers have taken attendance. Also, the Data Coordinator checks each school weekly to verify that data is accurate.

Describe the methods used by the charter to improve student behavior and attendance.
Respond below in 11 point Times New Roman font. This response can be no longer than 3 pages.

PBLCS currently holds Student Support Team (SST) meeting with scholars who have attendance, academic, or behavior issues. The Student Support Team is organized to ensure that each individual student is provided the opportunity to receive the best instruction available to meet his/her needs. SST has the following functions:

- To plan appropriate actions and/or programs for students who are exhibiting various kinds of difficulties in the school as well as attendance issues.
- To provide coordination for the delivery of services for individual students who require program modification and supplemental assistance.
- To determine assignment to appropriate school-based instructional program(s) if the current assignment is not meeting the student's educational needs.
- To provide the greatest number of services to students with the least amount of duplication.
- To increase appropriate communication among staff members relative to students with handicaps or difficulties.

The meeting includes the classroom teachers, parents, Director of Teacher Leadership, Culture Coordinator, Principal and student. Organization of the SST is the responsibility of the Principal or his/her administrative designee. However, any team member may present a case. In an effort to meet the student's educational needs, input is necessary from all personnel involved with the student. After full discussion of the data, the team collaboratively plans the initial steps in assisting the student. This may include changing his/her total program, referring the student for additional consideration and/or program modification, providing supplementary instruction or support services, etc.
The school's transition to Restorative Justice is assisting with keeping scholars in school. When students do slip into misbehavior, a restorative and customized approach is used allowing opportunity to repair wrongdoing and self-correct behavior to avoid future indiscretions. If necessary, a third layer of additional supports can be secured and plans established to diminish problem behaviors and increase scholar's social skills and ability to function successfully in an academic setting. Parents are notified of a scholar's misbehavior by the school leadership team. Depending on the approach utilized, parents may or may not be asked to come to the school for a Student Support Team meeting.

In addition to SST meetings, letters are mailed home to address excessive tardiness as well as absences. These parents are required to attend a parent night with the school leaders. If parents are unable to attend the designated parent night, they are required to set up a one on one meeting with the principal.

Part C: Best Practices

Identify and describe one (or more) best practice(s) that support the achievement of, or progress toward achieving, the charter's current approved academic goals. Provide the data that led to the determination that this practice is effective. Respond in 11 point Times New Roman font. This response can be no longer than 3 pages.

During the winter of 2012-2013 Pine Bluff Lighthouse Charter School implemented an academic intervention program for Math and English Language Arts called, "Scholars With Awesome Grades" (SWAG). SWAG took place Monday through Thursday from 3:00-3:45pm. Mondays and Wednesdays were considered reading days, and Tuesdays and Thursdays were considered math days.

Scholars were grouped using their Northwestern Evaluation Association (NWEA) Measurement of Academic Progress scores (MAP) scores. This test accurately measures student's growth and learning needs which allowed for the Pine Bluff Lighthouse Charter School leadership team and staff to divide scholars in groups that were based on scholar's learning needs. In addition the test offered targeted growth goals.

The goal of the SWAG groups was to ensure scholars were served at their current academic level. If a scholar was considered advanced, they were placed with peers on that same level and challenged. If a scholar was considered basic, or below, they were placed with peers on that same level and provided remediation.

The goal of the SWAG group was for scholars to meet or exceed their NWEA growth goals by the spring of 2012-13. In the 2011-2012 school year, 43% of the scholars met or exceeded their NWEA growth goals. Whereas, in the 2012-2013 school year over 60% of the scholars met or exceeded their NWEA growth goals of over 125% growth per scholar.

SWAG groups were successfully implemented due to strong planning by the leadership team, teacher and student buy-in, and parental support. In the 2013-14 school year, SWAG groups did not continue. As mentioned several times, the leadership team in place that year that led the planning and implementation of SWAG groups, suffered heavy losses. The elimination of the SWAG program negatively impacted student achievement during the 2013-2015 school years as noted by the NWEA and state assessment scores. Therefore the school has re-implemented this program for the 2015-2016 school year.

PBLCS has recently adopted new ELA and Math curricula for K-8 as a response the needs of the students and to further to prepare them for college readiness and the level of rigor that state assessments require. PBLCS has a high attrition rate for students. PBLCS received 148 new scholars from the surrounding schools during the 2014-2015 school year. This has been a normal occurrence each school year. The students moving from school to school are on average 2 to 3 grade levels behind. In an effort to better support the transition with the adoption of the new curriculum the school has implemented an intervention class for all students.

- As the basis of our academic program PBLCS has adopted research-based, rigorous curricula that align to the CCSS. These curricula were vetted by both internal and external content and pedagogy experts to ensure the alignment to CCSS and the ability to be adapted to meet the needs of our students. Teachers work diligently to modify and supplement these curricula in order to meet the needs of their students while ensuring that they maintain fidelity to the rigor of the curricula and the standards.
- In grades K-8, PBLCS has adopted the Eureka Math program. This program not only aligned to the CCSS, but was developed in response to the rigor of the standards.
- In grades K-2, BLCS has adopted a balanced literacy approach to the language arts instruction that emphasizes foundational skills, read aloud, and shared instruction and independent or guided reading. The Core Knowledge Language Arts curriculum is the source of both the foundational skills instruction and the read aloud/shared reading instruction.
- In grades 3-8, PBLCS has adopted Expeditionary Learning as its English Language Arts program.
- All scholars have been placed in an intervention class based on the data from the Fall NWEA MAP testing. This test accurately measures student's growth and learning needs which allowed for the Pine

Bluff Lighthouse Charter School leadership team and staff to divide scholars in groups that based off of student learning needs. In addition the test gave targeted growth goals. The goal of the student grouping was to ensure scholars were served at their current academic level. If a scholar was considered advanced, they were placed with peers on that same level and challenged. If a scholar was considered basic or below, they were placed with peers on that same level and provided remediation.

PBLCS now uses quarterly interim assessments, mid-module assessments and pre/post-test (bi-weekly test), for each unit of study to monitor student progress and ensure all students reach ambitious academic outcomes. In grades K-2, DIBELS is used to monitor the acquisition of early literacy skills. In grades 3-8, PBLCS has partnered with LinkIt! for the creation, administration, scoring, and analysis of quarterly ELA and math assessments, that are aligned to the scope and sequence of the Expeditionary Learning and Eureka Math curricula. In addition, PBLCS utilizes the data from the interim test to create instructional plans that specifically meet the needs of the students in each class. Standards that are not mastered at 80% or more by the end of the module, are re-taught during the extended learning opportunity program, and infused into lessons in the classroom.

Section 5 – Academic Performance Goals

Part A: Current Performance Goals

Each of the charter's student academic performance goals, as approved by the authorizer, is listed. Describe the charter's progress in achieving each goal and provide supporting documentation that demonstrates the progress. If a goal was not reached, explain why it was not reached and the actions being taken so that students can achieve the goal. **REDACT ALL STUDENT IDENTIFIABLE INFORMATION**.

Summary

In 2011, PBLCS committed to achieving 16 goals in the original charter application. Of those 16 goals, four are no longer applicable based on changes in state testing. The PBLCS District met four of the remaining 12 goals and partially met one. PBLCS did not meet seven of the original 16 goals.

Goals as stated in 2013 renewal application:

Describe the charter's progress to achieving each goal and provide supporting documentation that demonstrates the progress.

Goals in Literacy

1. Students taking the SAT-10 will demonstrate improvement of at least 4 Normal Curve Equivalent (NCE) points (113 of a standard deviation) between annual administrations of the test's reading exam (where applicable).

   Goal Met – NA- State did not administer this exam after 2009-2010.

   Explanation/Analysis - The school did not administrator the SAT-10.

2. Students who have spent three full years at the school will, on average, score as well as or better on Arkansas Augmented Benchmark Exams in literacy than students in schools in local districts with comparable demographic compositions.

   Goal Met – Yes

Explanation/Analysis - In 2014, students who spent three full years in the Pine Bluff Lighthouse School District, on average, scored as well or better on Arkansas Augmented Benchmark Exams in Literacy than students in schools in resident district with comparable demographic.
In 2014, an average of 57.1% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Literacy.
Table below shows the performance of PBLCS District scholars who have spent three full years at the school as compared to the resident district.

	Pine Bluff School District (District in Which the Charter Is Located)		**Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)**
	Literacy Proficient or Advanced		**Literacy Proficient or Advanced**
2014	55.42%		57.1%

**The 2014-2015 PARCC data is not currently available for scores to be compared.

3. At the end of its third year, the school will meet its AYP Targets in literacy.

Goal Met –NO

Explanation/Analysis - In 2014, the PBLCS District earned needs improvement status in the area of Literacy. AMO was 67.62% and PBLCS scored 45.57% for all students.

In 2013, the PBLCS District earned needs improvement status. The AMO was 63.57 and the PBLCS District scored 57.89 for all students. Pine Bluff Lighthouse Upper Academy earned Achieving Status. AMO was 63.57 and PBLCS Upper Academy scored 75. The table below compares the percent of PBLCS District scholars scoring Proficient or Advanced as compared the AMOs for 2012, 2013, and 2014.

PBLCS District Performance at Proficiency or Advanced vs. AMO

YEAR	K-4	5-8	PBLCS District
2011-2012	59.92 (75.51)		59.92 (75.51)
2012-2013	51.79 (63.57)	75 (63.57)	57.89 (63.57)
2013-2014	45.57 (67.62)	54.05 (78.13)	48.28 (67.62)

PBLCS did not meet the AYP during its third year as a charter. During this school year the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community. We have not instituted procedures with interim assessments, analysis of data to drive instruction and a rigorous remediation

component to ensure that PBLCS will meet expectations by making above average progress in remediating the deficits of its students within a three year time period.

4. Among students who have spent three full years at the school, disaggregation of Stanford-10 data will show no significant difference between groups of students from different demographic groups within the school on the reading test (for students taking this test).

   Goal Met – NA- State did not administer this exam after 2009-2010.

   Explanation/Analysis - The school did not administrator the SAT-10 during the 2013-2014 school year
   .
5. For grade level cohorts that have been at the school for three full years, the percent on track to reach 3rd grade proficiency in reading will increase by 10% each year as measured via the NWEA.

   Goal Met – NO

   Explanation/Analysis –

   As of spring 2015, a cohort of 25 students in grade 3, and a separate cohort of 30 students in grade 2, had been enrolled at the school and tested with NWEA in each of the prior three years. The following table shows the number of students from these cohorts who met the "on-track" benchmark each year for reading. Note that this "on-track" benchmark was determined by a 2010 NWEA study linking performance on NWEA MAP tests with performance on Arkansas state tests. For students in grades 2 and 3, NWEA scores above the 35th percentile in reading and above the 21st percentile in math equated to a high likelihood of achieving proficiency on the grade 3 Arkansas tests. The linking study did not specifically address scores for students in kindergarten or grade 1, but the same percentile benchmarks (35th in reading and 21st in math) have been traced back and used for purposes of tracking this goal.

Grade as of Spring 2015	Number in Cohort	Number on Track Spring 2013 (Reading)	Number on Track Spring 2014 (Reading)	Number on Track Spring 2015 (Reading)
2	30	22 (73%)	11 (37%)	9 (30%)
3	25	13 (52%)	12 (48%)	10 (40%)

   PBLCS did not meet the NWEA proficiency goal during its third year as a charter. The scholars who entered PBLCS were scoring 2 to 3 grade level lower than other students around the nation. The scholar's growth on NWEA was equivalent to one year growth, however, this track of growth did not allow for scholars to be at 3rd grade proficiency at the end of third grade.

6. All students who have spent two full years at the school will demonstrate the ability to select a reading strategy (determining importance, using inferences, asking questions, summarizing and synthesizing, activating prior knowledge, etc.) and apply it on internally created assessments, scored by rubrics.

   Goal Met – Yes

   Explanation/Analysis – PBLCS District scholars demonstrated the ability to select a reading strategy and apply it on internally created assessments by scoring 70% or higher on the assessment rubrics utilized to measure skills. For the years 2013 through 2015, all students assessed who have spent two full years at the school scored the required 70% or higher with the exception of a small group of 2nd grade students assessed in 2013. In 2012-2013, the average score for this cohort was 72.18%, 2014 it was 71%, and 2015 it was 71.7%.

Table below shows the average score earned by each grade level for scholars who attended the PBLCS District for two years or more.

Average Reading Rubric Score by Grade Level and Year

Literacy Rubric Results Analysis			
Literacy	2012-2013	2013-2014	2014-2015
Grade 1	69.6%	71%	70.9%
Grade 2	66%	70.4%	70.6%
Grade 3	72.7%	71.4%	69.6%
Grade 4	71%	70.8%	69.6%
Grade 5	81.6%	71.7%	78.8%
Grade 6		70.5%	70.8%
Grade 7			71.9%
Grade 8			
Average	72.18%	71%	71.7%

**PBLCS opened with K-4 in 2011-2012. Each year a grade-level was added.

7. All students who have spent two full years at the school will generate evidence of daily reading and successful participation in grade-level appropriate reading activities (author studies, discussions, etc.) indicated through reading logs by earning passing grades on PBLCS rubrics.

Goal Met: Yes

Explanation/Analysis-

In 2012-2013 all students who spent two full years at the school earned a passing grade of 70% or higher. In 2012-2013, the overall average score was 81%. In 2013-2014, the PBLCS District exceeded the goal by 84%, and in 2014-2015, the average score was 86%. The table below shows the average rubric score by grade and by year.

	2012-2013	2013-2014	2014-2015
Grade 1	84%		
Grade 2	81%	84%	87%
Grade 3	82%	88%	88%
Grade 4	79%	85%	91%
Grade 5	77%	85%	86%
Grade 6	81%	80%	80%
Grade 7		82%	84%
Grade 8			83%
Average	81%	84%	86%

8. 75% or more of the students who have spent three full years at the school will demonstrate proficiency on the Augmented Benchmark Exams in literacy.

Goal Met – NO

Explanation/Analysis - In 2014, 75% or more of the students who spent three full years in the Pine Bluff Lighthouse School District did not score proficient on the Augmented Benchmark Exams in Literacy.
In 2014, an average of 57.1% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Literacy.

Table below shows the performance of PBLCS District scholars who have spent three full years at the school.

	Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)
	Literacy Proficient or Advanced
2013-2014	57.1%

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

Goals in Mathematics

9. Students who take the SAT-10 will demonstrate improvement of at least 4 Normal Curve Equivalent (NCE) points (1/3 of a standard deviation) between annual administrations of the test's mathematics exam (where applicable).

   Goal Met – *NA*- State did not administer this exam after 2009-2010.

   Explanation/Analysis - The school did not administrator the SAT-10 during the 2013-2014 school year

.

10. Students who have spent three full years at the school will, on average, score as well as or better on Arkansas Augmented Benchmark Exams in mathematics than students in schools in the Pine Bluff School District with comparable demographic compositions (Note: Although we are an open-enrollment school, we expect that most of our students will come from Pine Bluff and contiguous communities. However, if this is not the case, we will use a weighted average of the sending districts.)

    Goal Met – No

    Explanation/Analysis - In 2014, students who spent three full years in the Pine Bluff Lighthouse School District scored almost the same on Arkansas Augmented Benchmark Exams in Math portion than students in schools in resident district with comparable demographic.

    In 2014, an average of 46.3% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Mathematics.

    Table below shows the performance of PBLCS District scholars who have spent three full years at the

school as compared to the resident district.

	Pine Bluff School District (District in Which the Charter Is Located)		Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)
	Mathematics Proficient or Advanced		Mathematics Proficient or Advanced
2014	46.82%		46.3%

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

11. At the end of its third year, the school will meet its AYP Targets in mathematics.

Goal Met –NO

Explanation/Analysis - In 2014, the PBLCS District earned needs improvement status in the area of Mathematics. AMO was 60% and PBLCS scored 37.07% for all students.

In 2013, the PBLCS District earned achieving status. The AMO was 55 and the PBLCS District scored 59.21 for all students. Pine Bluff Lighthouse Lower Academy earned Achieving Status. AMO was 55 and PBLCS Upper Academy scored 66.07. Table compares the percent of PBLCS District scholars scoring Proficient or Advanced as compared the AMOs for 2012, 2013 and 2014.

PBLCS District Performance at Proficiency or Advanced vs. AMO

YEAR	K-4	5-8	PBLCS District
2011-2012	50 (78.31)		50 (78.31)
2012-2013	66.07 (55)	40 (55)	59.21 (55)
2013-2014	35.44 (60)	40.54 (47.50)	37.07 (60)

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community.

12. Among students who have spent three full years at the school, disaggregation of Stanford-10 data will show no significant difference between groups of students from different demographic groups within the school on the mathematics test.

Goal Met – *NA*- State did not administer this exam after 2009-2010.

Explanation/Analysis - The school did not administrator the SAT-10 during the 2013-2014 school year

13. For grade level cohorts that have been at the school for three full years, the percent on track to reach 3th grade proficiency in math will increase by 10% each year as measured via the NWEA.

    As of spring 2015, a cohort of 25 students in grade 3 and a separate cohort of 30 students in grade 2 had been enrolled at the school and tested with NWEA in each of the prior three years. The following table shows the number of students from these cohorts who met the "on-track" benchmark each year for math. Note that this "on-track" benchmark was determined by a 2010 NWEA study linking performance on NWEA MAP tests with performance on Arkansas state tests. For students in grades 2 and 3, NWEA scores above the 35th percentile in reading and above the 21st percentile in math equated to a high likelihood of achieving proficiency on the grade 3 Arkansas tests. The linking study did not specifically address scores for students in kindergarten or grade 1, but the same percentile benchmarks (35th in reading and 21st in math) have been traced back and used for purposes of tracking this goal.

Grade as of Spring 2015	Number in Cohort	Number on Track Spring 2013 (Math)	Number on Track Spring 2014 (Math)	Number on Track Spring 2015 (Math)
2	30	27 (90%)	24 (80%)	17 (57%)
3	25	22 (88%)	13 (52%)	13 (52%)

    PBLCS did not meet the NWEA proficiency goal during its third year as a charter. The scholars who entered PBLCS were scoring 2 to 3 grade level lower than other students around the nation. The scholar's growth on NWEA was equivalent to one year growth, however, this track of growth did not allow for scholars to be at 3rd grade proficiency at the end of third grade.

14. All students who have spent two full years at the school will demonstrate the ability to accurately arrive at solutions to grade-level computation problems, as shown by passing grades on tests and PBLCS rubrics.

    Goal Met: Partially Met

    Explanation /Analysis: PBLCS partially met the goal all students who have spent two full years at the school will demonstrate the ability to use Mathematical reasoning and apply it on internally created assessments, as shown by passing grades on PBLCS rubrics with passing scores of 70% or higher.

    In 2012-2013, all grade levels except for grade 2 met the desired goal. In 2014-2015, the overall average score for the school was 77.5%, which is 7.5% higher than the established goal. In 2012-2013, the overall average score met the goal at 69.8%. All grades levels except grade 2nd and 4th met the goal.

    Table below shows the average rubric score by grade level for scholars who have attended the PBLCS District for two years or more.

Average Math Rubric Score by Grade Level

Math Rubric Results Analysis			
Math	2012-2013	2013-2014	2014-2015
Grade 1	75.83%	74.3%	82.76%
Grade 2	58%	53.36%	78.4%
Grade 3	70.35%	70.25%	71.76%
Grade 4	69.5%	57.25%	70.2%
Grade 5	69.6%	69.6%	78.05%
Grade 6		88.5%	72%
Grade 7			90%
Grade 8			
Average	69.6%	69.8%	77.5%

After reviewing the end of course results in table, the school adopted Eureka Math Curriculum for grades K-8 PBLCS math teachers attended a Regional Institute that also provided them with curriculum training in the summer of 2015 and is attending webinars throughout the year. This coherent approach allows teachers to know what incoming students already have learned and ensures that students are prepared for what comes next. When implemented faithfully, Eureka Math will dramatically reduce gaps in student learning, instill persistence in problem solving, and prepare students to understand advanced math.

15. All students who have spent two full years at the school will demonstrate the ability to use mathematical reasoning (comparing values or figures, determining best answers or explanations, modeling scenarios and equations, demonstrating techniques of problem solving, representing mathematical concepts in words and diagrams, and explaining their thinking and decision-making) and apply it on internally created assessments, as shown by passing grades on PBLCS rubrics.

    Goal Met: Partially Met

    Explanation /Analysis: PBLCS partially met the goal all students who have spent two full years at the school will demonstrate the ability to use Mathematical reasoning and apply it on internally created assessments, as shown by passing grades on PBLCS rubrics with passing scores of 70% or higher.

    In 2012-2013, all grade levels met the desired goal. In 2013-2014, the overall average score for the school was 71%, which is 1% higher than the established goal. All grade levels except grades 3, 4, and 6 met the goal. In 2014-2015, the overall average score exceeded the goal by 2%. All grades levels except grade 4 met the goal.

Math	2012-2013	2013-2014	2014-2015
Grade 1	82	79	
Grade 2	71	73	80
Grade 3	73	65	73
Grade 4	70	68	61
Grade 5	72	71	70
Grade 6		65	75
Grade 7			70
Grade 8			
Average	74%	70%	72%

The table above shows the average rubric score by grade level for scholars who have attended the PBLCS District for two years or more.

In the summer of 2015, Pine Bluff Lighthouse Charter School adopted Eureka Math for grade levels K-8. *Eureka Math* remains the clear leader for its focus/coherence, rigor, and usability, according to EdReports.org, the independent nonprofit specifically established to vet K–12 curricula. EdReports.org released its initial K-8 reviews in March 2015. But after pushback from the textbook establishment, it modified its criteria for determining if a curriculum was aligned to the Common Core standards, and then re-reviewed low-scoring textbooks. In the organization's October 2015 updates, some gained ground, others didn't, and all remained far behind *Eureka Math.*
Pine Bluff Lighthouse Charter school teachers cite that as the Eureka Math lessons progress, student increases in their critical thinking and ability to reason.
PBLCS math teachers attended a one day training during the summer of 2015.

16. 75% or more of the students who have spent three full years at the school will demonstrate proficiency on the Arkansas Benchmark Exam in mathematics.

***Goal Met* –** No

Explanation/Analysis - In 2014, 75% of students who spent three full years in the Pine Bluff Lighthouse School District did not score proficient on the Arkansas Augmented Benchmark Exam. In 2014, an average of 46.3% of PBLCS students who have spent three full years in the PBLCS District demonstrated proficiency on the Arkansas Augmented Benchmark Exam in Mathematics.

Table below shows the performance of PBLCS District scholars who have spent three full years at the school as compared to the resident district.

	Pine Bluff School District (District in Which the Charter Is Located)		Pine Bluff Lighthouse (Students at Lighthouse for 3 consecutive years)
	Mathematics Proficient or Advanced		Mathematics Proficient or Advanced
2014	46.82%		46.3%

During 2013-2014 school year, the school had a 68% teacher turn-over rate as well as only 15% of the scholars had been with the school for the three years. This was equated to the dissatisfaction with the school leader. The teacher turn-over rate dropped in 2014-2015 to 33% as the school employed a new principal with connections to the community

.

Part B: New Performance Goals

Confirm the understanding that, during the term of the charter renewal, the charter is expected to meet all goals and/or objectives set by the state.

List other student academic performance goals for the period of time requested for renewal. For each goal, include the following:

- The tool to be used to measure academic performance;
- The level of performance that will demonstrate success; and
- The timeframe for the achievement of the goal.

Pine Bluff Lighthouse Charter School District (PBLCS) will comply will federal ESEA requirements as contained in the No Child Left Behind Act and will comply with the Common Core Standards, federal, state, and district assessment measures. PBLCS will annually administer the Arkansas Comprehensive Testing, Assessment and Accountability Assessments, or next generation assessments, and report in accordance with the Arkansas Annual Assessment Calendar for each school year of the charter. PBLCS will design and execute its program to meet all of the proposed educational goals and expectations in the Arkansas State statues.

Academic-Literacy Goals

Performance Goal	The school will met or exceed the Pine Bluff School district's Literacy proficiency level at the end of the 2018-2019 school year.
Assessment Tools and Measures	State Assessment Exams
Baseline Data	SY 15.16
Annual Targets	Set by ADE
Performance Goal	Reading Growth: On the Northwest Evaluation Association's Measurement, an average of 50% of the students at PBLCS will meet their reading growth goal each year.
Assessment Tools and Measures	Each year, students at PBLCS will take the NWEA's MAP reading assessment in the fall, winter and spring. The fall data will serve as the baseline data and individual student growth will be measured after the spring administration.
Baseline Data	Fall baseline data will be collected in the first three weeks of school year.

Annual Targets	Does not meet standard: Less than 50% of the students met their growth goal in Reading. Meets Standard: 50% of the students met their growth goal in Reading. Exceeds Standard: 51% of the students met their growth goal in Reading.

Academic- Mathematics

Performance Goal	The school will met or exceed the Pine Bluff School district's Math proficiency level at the end of the 2018-2019 school year.
Assessment Tools and Measure	State Assessment Exams
Baseline Data	SY 15.16
Annual Target	Set by ADE
Performance Goal	Math Growth: On the Northwest Evaluation Association's Measurement, an average of 50% of the students at PBLCS will meet their math growth goal each year.
Assessment Tools and Measure	Each year, students at PBLCS will take the NWEA's MAP math assessment in the fall, winter and spring. The fall data will serve as the baseline data and individual student growth will be measured after the spring administration.
Baseline Data	Fall baseline data will be collected in the first three weeks of school year.
Annual Target	Does not meet standard: Less than 50% of the students met their goal in Math. Meets Standard: 50% of the students met their growth goal in Math. Exceeds Standard: 51% of the students met their growth goal in Math.

Non Academic Goals

Performance Goal	Scholar retention will increase from current level of 75% to 80% and will remain at 80% for the term of the charter. Eighty percent of scholars who do not relocate outside of Pine Bluff will remain at the school.
Assessment Tools and Measure	October 1 Enrollment Count
Baseline Data	SY.15- SY.16
Annual Target	Does not meet standard: Less than 80% of scholars were returned for length of charter. Meets Standard: 80% of scholars returned for length of charter Exceeds Standard: More than 80% of scholars returned for length of charter
Performance Goal	The school will reduce out of school suspension by 10% each year of the charter; keeping more scholars in school and engage in learning.
Assessment Tools and Measure	Discipline reports on out of school suspension
Baseline Data	SY. 15-SY. 16
Annual Target	Does not meet standard: Out of school suspensions were not reduced by 10% each year. Meets Standard: Out of school suspensions were reduced by 10% each year. Exceeds Standard: Out of school suspensions were reduced by more than 10% each school year.
Performance Goal	The school will retain 60% of teachers rated proficient over a three year period. 60% of the 2015-2016 teaching cohort rated proficient will remain to the end of the third year of the charter term (2018-2019)
Assessment Tools and Measure	Teacher Contracts; offer letters
Baseline Data	SY. 15-SY.16
Annual Target	Does not meet standard: Less than 60% of the teachers that were rated proficient remain to the end of the charter

	Meets Standard:60% of the teachers that were rated proficient remain to the end of the charter Exceeds Standard: More than 60% of the teachers that were rated proficient remain to the end charter

Respond below in 11 point Times New Roman font. This response can be no longer than 3 pages.

Section 6 – Finance

Review the charter's most recent annual financial audit report. For each finding, address the following:

- If the finding had been noted in any prior year audits;
- The corrective actions taken to rectify the issue; and
- The date by which the issue was or will be corrected.

No Findings

Section 7 – Waivers

Review the following list of statutes and rules that have been waived for the charter school:

Waivers from Title 6 of the Arkansas Code Annotated (Education Code)

6-15-1004	Qualified teachers in every public school classroom
6-17-309	Certification to teach grade or subject matter—Exceptions—Waivers
6-17-401	Teacher licensure requirement
6-17-702	Staff development sessions
6-17-902	Definition (definition of a teacher as licensed)
6-17-919	Warrants void without valid certification and contract (the ability to pay a teacher's salary only upon filing of a teacher's certificate with the county clerk's office, if the requirement of a teacher's certificate is waived for such teacher)
6-17-2403	Minimum teacher compensation schedule
6-18-1001 et seq.	Public School Student Services Act
6-20-2208(c)(6)	Monitoring of expenditures (gifted and talented)

Waivers from ADE Rules Governing Standards for Accreditation of Arkansas Public Schools and Districts

7.02.2	Publication of a report in a newspaper of general circulation in the district before November 15 a report detailing the progress toward accomplishing program goals, accreditation standards, and proposals to correct deficiencies (for first year of operation only)
7.03.1	Operating Policies and Procedures
8.01	Each school district shall form a coalition of parents, and representatives of agencies and institutions, and of business and industry to develop and implement a comprehensive plan for effective and efficient community involvement in the delivery of comprehensive youth services and support
10.02	Class Size and Teaching Load
15.01	School District Superintendent

15.03.1	Requiring all administrative, teaching, and other personnel shall hold a current, valid Arkansas license
15.03.2	Requiring all administrative, teaching, and other personnel shall meet appropriate state licensure and renewal requirements for the position to which they are assigned
16.02.3	Requiring a licensed library media specialist
16.02.4	Establishing minimum requirements for the school's media collection
18.01	Requiring the development of procedures to identify gifted and talented students in accordance with guidelines established by the Department
18.02	Requiring the school district to provide educational opportunities for students identified as gifted and talented appropriate to their ability

Waivers from Other Rules:

ADE Rules for Gifted and Talented Program Approval Standards

Part A: New Waiver Requests

Complete the waiver request form to include each additional law and rule from Title VI of Arkansas Code Annotated, State Board of Education Rules and Regulations, including the Standards for Accreditation, that the charter would like the authorizer to waive. A rationale is required for each new waiver request.

If no new waivers are requested, state this.

Respond below in 11 point Times New Roman font.

ARKANSAS DEPARTMENT OF EDUCATION

. CHARTER SCHOOL
WAIVER REQUEST FORM

Topic: Board Member Presence

Statute/Standard/Rule to be Waived

Arkansas Code Annotated
- Ark. Code Ann. 6-13-619 (c-d)

Rationale

Pine Bluff Lighthouse requests flexibility from this statutory provision to allow for those occasions when members are only available to participate by telephone or electronic communication. This will also assist with the board conducting meetings in case of inclement weather.

Topic: Duty-free Lunch

Statute/Standard/Rule to be Waived

Arkansas Code Annotated
- Ark. Code Ann 6-17-111

Rationale

Pine Bluff Lighthouse requests waivers from this statue to provide it with flexibility in making assignments for duty-free lunches. Although we will continue to provide 150 minutes of duty free lunch per week, we request greater flexibility in planning the lunch time on a daily basis.

Topic: Planning Time

Statute/Standard/Rule to be Waived

Arkansas Code Annotated
- Ark. Code 6-17-114

Rationale

Pine Bluff Lighthouse request this waiver to have flexibility to, as needed, provide its teachers with the require planning time during their regularly scheduled hours of work, but not during the students instructional day (ie during a time range of 7am to 8am or 4pm to 5pm).

Page 1 of 1

Part B: Waivers to Be Rescinded

List each waiver granted by the authorizer that the charter would like to have rescinded. If no waivers are listed, the charter may be required to adhere to all waivers listed on both the original and renewal charter documentation.

7.02.2 Publication of a report in a newspaper of general circulation in the district before November 15 a report detailing the progress toward accomplishing program goals, accreditation standards, and proposals to correct deficiencies (for first year of operation only)

18.01 Requiring the development of procedures to identify gifted and talented students in accordance with guidelines established by the Department
18.02 Requiring the school district to provide educational opportunities for students identified as gifted and talented appropriate to their ability

If the charter wishes to maintain all currently approved waivers, state this.
Respond below in 11 point Times New Roman font. Contact staff in the Charter Schools Office if this response needs to be longer than 5 pages.

PBLCS wishes to maintain all current waivers.

Section 8 – Requested Amendments

List any amendment requests and provide a rationale for each (i.e., changes to grade levels, enrollment cap, location, educational plan).
A **budget** to show that the charter will be financially viable **must accompany** any amendment request to **change grade levels, the enrollment cap, relocate, and/or add a campus**. The budget must document expected revenue to be generated and/or expenses to be incurred if the amendment request is approved.

Grade Level (s) for the School/Student Enrollment cap: K-8 with a total cap of 444 students.
PBLCS wishes to pursue an amendment to change the current grade level and total cap for the school from K-12 (650 students) to K-8 (444 students). The reason for this request is due to the decline in the city's population as well as the local district over the past four years. The projected enrollment numbers for the High School for school year 2016-17 is under twenty scholars. The addition of a high school is not viable due to several reasons: lack of qualified teacher applicants and the need to offer a full high school experience and elective courses. Lastly, PBLCS cannot financially support adding space for a high school at this time.

CITY OF PINE BLUFF

Office of the Mayor

Debe Hollingsworth

December 14, 2015

To Whom It May Concern:

I am writing this letter with regards to The Pine Bluff Lighthouse Charter School. They have been a constant academic support to the struggling students who attend their school. With the one on one attention and specialized curriculum, under privileged students are able to improve their scholastic skills quickly and efficiently. Lighthouse Charter School is an asset to the community because of their compassion for the children, as well as the families of each child.

In closing, we recommend The Pine Bluff Lighthouse Charter School for re-accreditation here in our community. Thank you.

Yours, for a better Pine Bluff,

Debe Hollingsworth
Mayor

Board of Directors
Lighthouse Academy of Pine Bluff, Arkansas Inc.
708 West Second Avenue
Pine Bluff, AR 71603

Dear Directors:

The Lighthouse Charter School has filled a void so desperately needed here in Pine Bluff. Established in 2011, it provides a wholesome, well balanced learning experience for approximately 340 students Kindergarten through the 8th grade. These students are provided a vigorous and diverse curriculum of programs that force their minds to be pushed and challenged in a positive environment. Lighthouse is laying a foundation that will enable their students to succeed in high school, college and the job market. Lighthouse students are very active throughout our community participating and partnering in programs such as MLK Commission, Arts and Science Center, Girl Scouts, Jefferson County after School 4H Club, Alpha Cappa Alpha Sorority Shine Character Program, Literacy Night, 1XL Math Night, Work Hard, Get Smart CLO Program and many others.

I sincerely hope you will see fit to continue their academic status.

Sincerely,

Dutch King
Jefferson County Judge

RE: RENEWAL OF PINE BLUFF LIGHTHOUSE CHARTER SCHOOL

Dear Sirs:

It is my understanding that the current contract for the Pine Bluff Lighthouse Charter School is due to be considered for renewal and I write to strongly urge this contract be renewed.

As the Commanding Officer of The Salvation Army in Pine Bluff, Arkansas, I have had the privilege to visiting Lighthouse Charter and addressing the student body regarding the importance of working on behalf of the community. I was very impressed with the demeanor of the student body and the professionalism of the teachers. It was clearly evident that this institute of learning has set the bar high and the students are achieving great things.

I have a personal connection with Lighthouse Charter through a young lady in my congregation. Ms. Makirah Brown is an example of what a young person can achieve when provided excellent teachers, curriculum, and learning environment. I also recently met a young man at an event at the University of Arkansas Pine Bluff. We had a brief conversation and I was struck at this young man's maturity and courteousness. Again, a wonderful example of the young people being developed at Lighthouse Charter School.

The City of Pine Bluff needs a high quality school like the Lighthouse Charter School. It truly stands as a lighthouse beacon of hope and promise to our community.

I strongly encourage the renewal of the Lighthouse Charter Schools contract so their invaluable service to the City of Pine Bluff may continue.

Kind Personal Regards,

David A. Leonard
Captain
Commanding Officer

To Whom It May Concern-

I would like to pause and take a moment to express my support for Pine Bluff Lighthouse Charter School to continue serving students in Jefferson County. I am a proud parent of one of the scholars that attend Light House Charter. Since has been enrolled at this school, her mathematical and reading skills have improved tremendously. I am proud to say that she is performing above grade level in both subjects thanks to the educational programming from the staff and administration team.

Pine Bluff Lighthouse Charter School is what the City of Pine Bluff needs to bring about transformational change on the education front. Most schools in the area are not serving students well, which indicates the importance of keeping the doors of Lighthouse Charter open to our scholars. When I visit the school, I always see students engaged with academia that will set them on the path to college. The culture and academic climate is getting stronger each quarter under the leadership of the current school leader, Mr. Brent Mitchell.

We look forward to continue supporting our scholars at Pine Bluff Lighthouse Charter School. If we continue working together as a team, I am optimistic that we will continue to see even more academic growth from all students in future years. I know that I value my child's education, which is the reason why I enrolled her at this school. I look forward to continue supporting this school for many years to come.

Warm Regards,

Marcus Nelson
School Leader
KIPP Forrest City College Preparatory School

Work Hard. Be Nice!

To whom it may concern,

As an educator in the Pine Bluff community and Operations Director at What's Next Pine Bluff, I am writing this letter to express my appreciation and support of our partnership with Pine Bluff Lighthouse Charter School. Last spring, I joined with fellow educators and community members to start a new non-profit that would work to support the educational needs of young people in our community. Throughout my work at What's Next Pine Bluff, I have found Lighthouse to be a helpful resource and supportive partner in our programs.

In summer 2015, What's Next Pine Bluff partnered with the Boys and Girls Club of Jefferson County as well as Quad W at First United Methodist Church to sponsor a summer academic enrichment program for elementary school students. Lighthouse helped enroll 33 third-fifth graders in our program. 11 Mentors collaborated on the project including Lighthouse teachers and members of the community. The summer program led to 1,485 combined hours of math, literacy, and STEAM (Science, Technology, Engineering, Arts, and Mathematics) enrichment along with four field trips to educational sites. From the beginning to the end of the summer, participants improved their math scores by 18 percent.

We are looking forward to building on the success of last year's program and learning how we can grow to serve our students more effectively. Lighthouse has been a helpful partner in planning for our summer 2016 efforts. Board members from Lighthouse have taken time to collaborate in applying for grants to fund the program and discuss curriculum that will best serve students. I am looking forward to continuing this partnership in the future. Please do not hesitate to contact me with any further questions.

Sincerely,

Stephen Bronskill

POST OFFICE BOX 8009

PINE BLUFF, ARKANSAS 71611

THE REV. DR. WALKER VAN ZANDT WINBORNE, RECTOR

MR. BILL BENNINGFIELD, SENIOR WARDEN MR. TOMMY FULLERS, JUNIOR WARDEN

December 11, 2015

To members of the Arkansas Department of Education, and other interested people:

By way of introduction, I have been the rector of Trinity Episcopal Church in Pine Bluff for 14 years and vicar of St. Mary's Episcopal Church in Monticello for 10 years. This letter is in support of the Pine Bluff Lighthouse Charter School on whose board I have had the honor of serving since its beginning. As you decide whether or not to renew our charter, I would ask you to please consider a few of my thoughts; offered as a board member, as well as a minister in this community, and one who loves Pine Bluff, and chooses to make it my home.

I am proud to be a member of the Pine Bluff Lighthouse Charter School Board of Directors for a number of reasons, but for me most important is the transformation I see taking place in the lives of the young people committed to our charge – and through them, their families. It is no secret that Pine Bluff has a number of people who are under served on many levels; there is great systemic poverty, violence, crime, and a significant drug and alcohol culture. Even the infrastructure of our downtown seems to underscore this social decay as buildings, vestiges of a once booming economy, literally are collapsing onto Main Street.

Yet, even in such a depressed area, the Lighthouse Charter School is able to provide a positive environment with teachers and staff who are excellent role models. These dedicated men and women, teaching and leading by example, imbue our scholars with hope. Our scholars learn that education can be a way to succeed, even in our depressed circumstances. Likewise, these young people learn better ways to react to the circumstances they face by using reason, knowledge, and an even temperament. So many young people in our country live and are nurtured in a culture that expresses itself with vocal and physical violence, and for our scholars this anger and frustration are mainstays in so many of the homes and neighborhoods in which they dwell. One of our goals, and great successes I think, is that our scholars learn that violence is not a helpful response when faced with challenging circumstances or a viable alternative to working a problem or issue through to a satisfactory conclusion. Instead, they learn to apply the educational and social lessons that they have learned in our classrooms, our playground, our lunchroom, and library, and even on their bus rides home. These young people are also learning that drugs and alcohol are not avenues to healthy living, nor helpful in making right decisions and taking right actions, for their own welfare or that of others. In helping our scholars integrate all these life lessons and more, with the sound learning they receive they begin the process of having respect and value for themselves and others – for some a huge and very positive step in a holistic self-awareness.

Many of our scholars face limiting factors that make education, and the process of learning, a true challenge for them, but Lighthouse Charter School is helping students to break those barriers. I realize that our scores over the last three years have been disappointing, but I do not

feel they show a true measure of the learning that is taking place on so many levels. We welcome with joy students that other districts have failed with, or have given up on, or perhaps whose own families have given up on – and are making great strides with them. I believe that the longer we have a scholar, the better her or his testing scores are going to be. Our challenge is far greater than we understood but, in redoubling our efforts and focus, I believe in relatively short order we can meet and exceed expectations and even hopes. We have a precious gift in these young people, and we all want them to be served better than any of our Pine Bluff districts have been able to effect, including us, yet I think we can bring about greater change for the better with time and patience. Given that our parents, scholars, teachers, school leadership, and community leaders are working together for the welfare and upbringing of our young people, how can we but succeed given such hard and determined effort, and staying focused on our goals?

I was told by a parishioner who volunteers at a popular railroad museum here, that of all the student groups that have traveled through for tours while he has been on duty, the Lighthouse Scholars are always the most attentive, polite, and well behaved. That may seem like small praise, but I take it as a great compliment, that our culture is being transformed, albeit small numbers of young people, their siblings, and families at a time – but numbers nonetheless. And I think it is an anecdote that points out our community sees it. Pine Bluff needs this school. Our young people need this school. Those who have given up hope that they can succeed, need this school.

Thank you for considering my thoughts on the hoped-for renewal of our charter.

Sincerely,

The Rev. Dr. Walter Van Zandt Windsor

"Service with Integrity & Excellence"

December 3, 2015

To Whom It May Concern

I am delighted to write this letter on behalf of the Pine Bluff Lighthouse Charter School. Without any doubt I strongly support the Pine Bluff Lighthouse Charter School in all their educational endeavors. I am a parent of one of the many scholars that attends school at the Lighthouse. began her educational journey at the Lighthouse when their doors first open in 2011. Since has been enrolled at this school, she is performing above her grade level immensely, which makes me a proud parent and she couldn't have done it without the educational programming, and staff at the Lighthouse.

Yes there are other schools in the city of Pine Bluff that could attend. However, these schools are not serving their purpose as it relates to the scholar's educational needs. That's why it's very important to keep the doors of the Pine Bluff Lighthouse Charter School open for our scholars. I am an involved parent. Therefore, I visit the school often. When I visit the school, the scholars are always eager to learn and the staff are always engaging the scholars in the many educational programs that the Lighthouse has to offers.

The Lighthouse is great for the city of Pine Bluff. 's education is extremely important to me, that's why I made the choice to enroll her at the Lighthouse. I will continue to support Pine Bluff Lighthouse Charter School wholeheartedly and look forward to the lighthouse growing bigger and better in the near future.

Sincerely,

Tonda Wright BA, MA, SAPL, CCDP-B

Dear Arkansas Department of Education,

I wanted to write this on behalf of Pine Bluff Lighthouse Charter School. I understand that it is now time to renew the contract for the school. I would really like to extend/show my support in this process.

As a single father of an 11 year daughter, and also a full time police officer, I needed this type of environment for my child. The atmosphere is very inviting. The teachers actually seem to care about what's going on in our lives. Having come from a public school, the transition was easier that I thought. We had a few obstacles and challenges along the way, but some of the teachers and staff went above and beyond to make sure that we got on track and that we were getting just what we needed.

This is a school that I know has my daughter's best interest. Not only has she developed academically, but socially as well. The work is harder, but I don't mind that because they are preparing our local kids for something greater! As long as PBLCS is around I feel like my child will be successful with whatever college and career she chooses. We had a choice, we chose Lighthouse! We are Lighthouse!

Thank you for your consideration!

Mario Brown

Sherika Jackson

To whom it may concern:

I am writing as a parent of one of the scholars that attend Pine Bluff Lighthouse Charter School, and as an employee on the given factor of being renewed.

This is my daughter first year attending Pine Bluff Lighthouse Charter School and I must say that I am pleased. The teachers are not just here to be here, but they are striving to help the scholars succeed. My daughter comes from a district where the teachers did not care and it showed. It was to the point that she did not want to go to school. Since she has been attending Pine Bluff Lighthouse Charter School, I have seen a change in her behavior and grades. She tells me often that she enjoys school and she really like how the teachers help her with her work until she understands it.

This is my second year at this school, and I can honestly say that after working in the public school setting, that this is the best setting to be a part of. I enjoy my job. I enjoy being around staff (support team), and I especially enjoy teaching and being around the scholars that attend the school. Their energy keep me going and I look forward to working with them daily.

This is a school that I have grown to love. I cannot help but love it because we are changing lives daily. The curriculum is great and I think it really helps the scholars to understand what is being taught and they enjoy it because the staff make it very interesting.

We have many opportunities at Lighthouse as well, that the scholars are excited about and myself as well. We have Student Council, Cheer Squad, Basketball Teams, and different clubs and organizations that the scholars are a part of. I know that my daughter is really excited about what she is learning in Chinese. I am happy that she is excited about Chinese and her other classes as well, because no other school that I know of offers Chinese.

This school is moving forward with bigger and better things in store!

Thank you
Sherika Jackson

To Whom This May Concern,

It is my pleasure to support Pine Bluff Lighthouse Charter School in the renewal process. When Lighthouse announced that a school would be opening in Pine Bluff, my husband and I were elated. Finally, there would be a new and exciting way of educating kids in our area. Since joining PBLCS in 2011, I have come to realize that this school is about so much more than education. It is a huge part of our community.

The Lightkeepers, which is the parent group, does an excellent job of keeping the school involved in community events. PBLCS participates in breast cancer awareness month by holding a citywide walk in October. In November there is always a can food drive and charity basketball game where all proceeds are donated to the Salvation Army. We have scholars to visit various nursing homes and sing to the residents. The Gifted and Talented class wrote and illustrated short books and are taking them to area daycares and pre-schools to read them. I could go on and on about how PBLCS gives back to our city. I hope you can see that in the few years that this school has been here it has been a positive asset to our town.

In this area, schools aren't focused on college readiness until high school. To put college on kids minds as early as kindergarten is AMAZING! This is the mindset we need to achieve greatness. It will take time and determination but I do believe that PBLCS is on the right path for success.

Good education should not be a privilege; it should be a right!

Thank you for taking the time to read my thoughts.

Reshonda Walker

Sincerely,

Reshonda Walker

December 7, 2015

Dear Sir and/or Madam,

This letter is being written in support of the Pine Bluff Lighthouse Charter School in Pine Bluff, Arkansas. The Pine Bluff Lighthouse Charter School has been a Godsend for my daughter as well as the children that attend in the Pine Bluff area.

I chose to enroll my daughter at PBLHCS because she had gotten a diagnosis of Attention Deficit Disorder and the public school system was not providing her with what she needed to advance academically. I spent several hundreds of dollars trying to get my child what she needed to excel. It was not until I enrolled her at PBLHCS that she started to soar academically. PBLHCS is not only educating her, it is helping to build her confidence while preparing her for college.

I pray that this letter will give you some insight into how important this school is to our community and how much PBLHCS has helped my family. I am 100% behind the faculty and staff and I most definitely applaud the newest principal and what he brings to school and the scholars.

Sincerely

Stephanie M. Jackson-Hobbs,

December 2, 2015

ATTENTION: Arkansas Department of Education
Charter Authorizing Panel

Dear Panel:

I am writing on behalf of Pine Bluff Downtown Development, Inc., in support of the renewal of the charter for Pine Bluff Lighthouse Charter School in Pine Bluff, Arkansas. I have worked with PBLCS for several years as a board member and a community citizen in observing what this charter school means to this city. The scholars and faculty of this school have worked with Downtown Development in promoting many events and projects that benefit the quality of life for our citizens in Jefferson County. In the years past, I have worked with them on the Christmas in Old Towne project that is held in December. This is a holiday celebration that is free for all families that attend. The scholars have helped in volunteer efforts along with the staff of Pine Bluff Lighthouse to promote this event and the charter school itself.

As a board member, I have seen the growth of this school and the need for helping every scholar achieve an education that will prepare them for higher education and academic success. The staff is mindful of each child and the needs of learning in a safe, happy, and learning environment. I applaud the work that each staff member does in their desire to achieve the goals and mission of the school in teaching and preparing each scholar to meet the challenges of life.

Thank you for your consideration of this request for renewal as Pine Bluff Lighthouse Charter School. This school is a great investment for this community.

Sincerely,

Joy Blankenship

To Whom It May Concern:

As a local pastor and community leader of Pine Bluff, I would like to express my strong support for Pine Bluff Lighthouse Charter School (PBLCS).

PBLCS is important to the community specifically because children in this community need a "choice" as it relates to their education. I believe PBLCS is a wise choice because I have witnessed several children in the congregation who attends PBLCS reading skills improve.

It is my desire that Pine Bluff Lighthouse Charter School continues to be a beacon light for the students in Pine Bluff, Jefferson County, Arkansas.

Sincerely,

Amelio P. Howard

Amelio P. Howard

My name is Thomas Palmer and I'm writing this letter as a recently appointed board member of Pine Bluff Lighthouse Charter School. I took this position hoping I would be able to give back to the community in which I was born and raised and help make an impact on the educational choices for our young and declining youth population. Shortly after starting the position I was informed that Pine Bluff Lighthouse Charter School is scheduled to have a hearing to discuss the future our charter. I truly feel that our school is an important entity to our community. I find it awe-inspiring to know that our children do have a choice at this time of the type of educational environment and teaching method in which they would feel most comfortable to excel to their potential academic skills. Pine Bluff as you may know is a declining town and I feel for Pine Bluff to keep more families from leaving and to attract new families to our community then we need to offer them educational options that would make them feel like they do at least have a choice. I have watched the school from the day that it opened and I'm very impressed with the growth it has been able to accomplish with its student body and its physical plant while I watch the decline of many other entities in our city. As a business owner, and lifelong citizen of Pine Bluff I ask that you strongly consider extending the charter for PBLCS for many years to come. I look forward to serving on the board and offering my time to help give Pine Bluff students have a choice in excelling to their upmost potential. Thanks for taking the time to read my most humble request.

Local Business Owner

Thomas Palmer

December 8, 2015

To Whom This May Concern,

I am very excited to express my support for Pine Bluff Lighthouse Charter School. I have the distinct honor of being one of the founding teachers at PBLCS and I have definitely been a part of great triumph in my time here.

When PBLCS opened in 2011, I was shocked to see so many scholars struggling below grade level in reading and math. Initially, we as a team had the challenge of changing the mindset about education for parents, scholars, and the community as a whole. As the years progressed so did our ability to reach scholars where they were and make great strides towards our goal of 1.5 years growth yearly. What a difference a few years can make! I knew that the task at hand would take a collective effort and all parties involved have worked extremely hard to get closer to our goal. I personally would love the opportunity to continue on our path to greatness so as a team our scholars will be able to stay true to the Lighthouse Academies core values "Work Hard, Get Smart, Graduate from College"..

Seeing the excitement on PBLCS scholar faces when they achieve lets me know that we are certainly headed in the right direction. Most of our scholars will be first generation college students and I would love the opportunity to continue to make that dream a reality for every scholar at PBLCS. As a staff we will continue to instill in our scholars that college shouldn't just be a dream; but with hard work it will be their reality! Please allow us the opportunity to continue motivating, challenging, and moving the scholars of Pine Bluff Lighthouse Charter School on the path of success!

Sincerely,

Quawana Bryant

December 13, 2015

Dear Arkansas Department of Education,

I'm writing this letter hoping it will help keep our school open. I have been at Pine Bluff Lighthouse Charter School for 5 years. I was so nervous when I first started. I was only 5 years old. Now I'm 9 and totally comfortable. Most of the teachers make me feel so good about myself and help me get through different things.

We have so many learning programs. My favorite program is GT, which means Gifted and Talented. We get a chance to do many projects that I never dreamed of. Right now we are building a water rocket. I am excited to see if it's going to work!

I have learned a lot and made many friends here at PBLCS. I am so thankful for this opportunity. Please allow our school to stay open.

Thank you.

Monday December 14, 2015

To Whom it May Concern:

My name is [redacted] I am currently a Scholar at Pine Bluff Lighthouse Charter School. I have been a Scholar at the Lighthouse Since it opened in 20[redacted]. I am currently in the 4th grade. I love attending school at the Lighthouse because I learn so much. The teachers are great, they help us to learn new things everyday. I have other friends that attends School somewhere else, and they don't know the things I have learned at the Lighthouse.

My favorite subjects are reading and math. I'm learning how to write essays in reading and math is very challenging. I love to be challenged because if I'm not challenged I can become bored easily. That's why the Lighthouse must stay open so Scholars like me can be challenged. I'm in G.T where we learn many different things and I'm in creative writing club, it helps me with my writing. I just love the Lighthouse. Please Don't close Pine Bluff Lighthouse Charter School.

Sincerely,

Lighthouse Academies of Pine Bluff

The Performance Based Assessment (PBA) component was given before the End of Year Assessment (EOY). The PBA consisted of extended tasks and applications of concepts and skills for ELA/Literacy and Math. ELA/Literacy included writing effectively when analyzing text and research simulation. Math included solving multi-step problems requiring abstract reasoning, precision, perseverance and strategic use of tools.

The EOY assessment consisted of innovative, short-answer items including the following: ELA/Literacy reading comprehension; Math short items that address both concepts and skills.

PBA Only and EOY Only are not included in performance calculations.

Number of enrolled students with completed PBA only:	0
Number of enrolled students with completed EOY only:	0

Percent Tested: Source and Use of Enrollment

For percent tested and school/district performance calculations student enrollment files were downloaded from eSchool via TRIAND to establish the students expected to test. These files were downloaded May 15, 2015.

When students' test and enrollment records were matched by school and student state identifier the demographic values from the enrollment files were used in ESEA calculations.

When a student had a test record and did not match an enrollment record the demographic values from the student's test record were used in ESEA calculations.

When a student had an enrollment record that did not match a test record the demographic values from the student's enrollment record were used in ESEA calculations.

Documentation of Charter Authorizing Panel Action

Pine Bluff Lighthouse Renewal Application and Priority Status Hearing

Motion

To approve the renewal of the charter for 3 years with an annual internal review and an annual appearance before the Panel

Barnes	Liwo	Saunders-**M**
Gotcher-**2**	Pfeffer	Smith
Lester	Rogers	

Vote

Panel	For	Against	Abstain	Reason
Barnes	**X**			A 3 year renewal allows for stabilization of the systems currently in place and provides time to determine whether the charter is able to utilize the collaborative relationship to move forward with school improvement planning and improved student achievement.
Gotcher	**X**			I was impressed with the shift in a stronger leadership model. I hope to see a culture in sustainable leadership. Academic performance is improving, and I encourage the charter to continue to work with the School Improvement unit within the ADE.
Lester	**X**			With new leadership and stability I feel that the charter will continue to improve. I am impressed with the community involvement and the push for teacher retention.
Liwo	**X**			I have concerns with 2015 performance data. However, performance results may have been caused by the high rate of teacher turnover. The charter's Revamp-Restart plan is an extremely thorough plan covering curriculum,

				teacher support and professional development, student and teacher retention, student behavioral and disciplinary issues. A 3 year period will allow adequate time and data to help determine whether there will be a positive growth in student academic performance.
Pfeffer	**X**			The new leadership and community support seems to be moving the school in the right direction and the application is strong. I am cautious about moving forward based on the 2015 priority designation but feel this motion provides the necessary support for the charter to move forward and be successful. As teacher and student stability occurs, the data should align and tell the story of success.
Rogers	**X**			Stability in leadership seems to be having a positive effect. I probably would have allowed for a longer renewal but am comfortable with the 3 year renewal while the charter works with ADE on their priority status.
Saunders	**X**			I am encouraged by the change and plan for action. I do feel close monitoring still needs to occur.
Smith	**X**			Curriculum changes were made in reflection of poor student data. Support is given to administration and teachers by Lighthouse Academy National. NWEA growth data shows positive progress. This is the first year for the charter to work with ADE School Improvement, and I want to encourage continued collaboration.

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Shook:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **BEEBE SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
7302703	BADGER ACADEMY	21.818%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Concordant cut scores were used to determine the percentages of students meeting grade level standards for 2015 for identification of academic distress. A link to the technical document containing the methodology for concordant calculations can be found at the following webpage under Related Files: http://www.arkansased.gov/divisions/public-school-accountability/school-performance.

Information on academic distress in the ACTAAP Rules can be found at the following link:
http://www.arkansased.gov/public/userfiles/rules/Current/ACTAAP-FINAL_-_September_2014.pdf

Please note the specific authority the State Board has with regard to a school or school district in academic distress. (Ark. Code Ann. § 6-15-430; Section 11.0 of the ACTAAP Rules).

Thank you for your attention to this matter. Please contact the Division of Public School Accountability at 501-682-5891 should you have any questions or require additional information.

Sincerely,

M. Annette Barnes, Assistant Commissioner
Division of Public School Accountability

January 29, 2016

Dear Commissioner Key:

On January 27, 2016 the Beebe School District (Superintendent and School Board President) received notice that Badger Academy, the District's ALE/Conversion Charter School, has been identified to meet the definition of "academic distress" as set forth in Section 3.02.2 of the ACCTAP Rules. This is the third time the Beebe School District has requested an appeal on the label of academic distress for the Alternative Learning Environment. It was my understanding, and hope, after the last legislative session that Act 1272 would allow the state board to exempt alternative learning environments from this label.

I know new rules have not yet been developed to implement Act 1272. Therefore, I am asking to appeal the label of academic distress for Badger Academy. If necessary, I will be happy to provide documentation and data as evidence to prove the success of Badger Academy.

As you know, Badger Academy is an alternative learning environment/conversion charter school. Students who attend Badger Academy exhibit the following situations that negatively affect a student's academic and social progress:

- Ongoing, persistent lack of attaining proficiency levels in literacy and mathematics;
- Abuse: physical, mental, or sexual;
- Frequent relocation of residency;
- Homelessness;
- Inadequate emotional support;
- Mental/physical health problems;
- Pregnancy;
- Single parenting;
- Personal or family problems or situations;

- Recurring absenteeism;
- Dropping out of school; or
- Disruptive behavior.

In addition, please consider the following:

- Students transition in and out of the ALE environment, with the goal for them to return to the regular classroom.

- The small number of students who test do not constitute a statistically relevant number. In most cases, only two or three students per grade level test each year, so the total three-year period may be only 6-9 students.

- The LEAs, from which the students transfer, could easily absorb the test scores produced by the ALE students, with minimal effect.

- The majority of students who attend Badger Academy are substantially below grade level, thus, as the criteria indicates, the reason for placement.

Badger Academy has seen great success and has been the impetus behind the graduation of many at-risk students. Perhaps, a secondary data source could be used to measure the school's progress. A snapshot of a student's performance on one day, after attending the school a short period of time, is not an accurate measurement of the instructional effects from Badger Academy.

As the superintendent of the Beebe School District, year after year, I hear from students, parents and grandparents; some students would have never graduated without the intensive support of Badger Academy. We watch students enter and make up work at an accelerated pace to attain grade-level status with peers. We see students graduate from the Second Chance Program and go to college. Rest assured, the school is helping students succeed.

Taking into account the method for measurement, along with the other information presented, in reality, it is not likely that Badger Academy will ever meet the 49.5% requirement. In fact, if this is the only measure for a school of this sort, instead of reaping the negative publicity, the District might be better off to abandon the ALE/ conversion charter school. However, this would not be best for the population of students served by the school, which is the reason it was established.

Thank you and please consider this our formal request to appeal this designation.

Sincerely,

Belinda Shook

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Gooden:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **FORT SMITH SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
6601005	BELLE POINT ALTERNATIVE CENTER	29.000%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Re: Appeal of Academic Distress Designation for Belle Point Alternative Center

Dear Commissioner Key:

You can imagine my astonishment when I received the Academic Distress Notification dated January 27, 2016 on February 1, 2016. My surprise was not because data concerning student performance at Belle Point reflects students who are challenged academically, but because I have previously addressed this matter on at least two occasions before the State Board of Education and once before the Arkansas General Assembly.

On previous occasions when the Belle Point Alternative Center was targeted with an Academic Distress designation, I pointed out a number of facts before the State Board of Education. These facts are the same today. They include:

- Student assignment to the Belle Point Alternative Center is only made in keeping with guidelines enforced by ADE personnel regarding placement in an alternative learning environment;
- Only students who are not performing appropriately on academic, behavioral, attendance or other serious characteristics are assigned to this campus;
- Students assigned to Belle Point have not been successful in other secondary schools for a variety of reasons which include, but are not limited to: irregular attendance, substance abuse, conduct issues, incarceration, family instability, or any number of other factors;
- Erratic attendance is frequently due to legal issues which are associated with incarceration in the Sebastian County Juvenile Detention Center or the Division of Youth Services; and
- When student performance improves on the characteristics noted above, the student is returned to another secondary campus.

As you can see, it is inevitable that there will always be a cohort of troubled young people who are receiving the intense array of instruction and service which an alternative learning center can provide.

On other occasions when I have appealed this designation, I have noted the express language in rule, Section 3.02.2.1 which provides that "a school **may** (emphasis added) be identified as in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period." While the plain language of the rule appears to acknowledge that the ADE has discretion in making reasonable judgments on this matter, I was always given the answer from ADE staff to the effect that, "The legislature made us do it," since the controlling statute required that ADE make such a designation.

On each occasion, the State Board of Education was unanimous in its judgment that placing schools such as Belle Point in the Academic Distress category was inappropriate and inconsistent with the intent of the law and regulations. It was clear that members of the State Board of Education wisely understand the absurdity of targeting campuses which are especially designed to serve students whose very presence denotes their troubled personal and academic lives. Belle Point is performing exactly as it was designed—regardless of the reported annual scores on one state test.

Subsequent to my last appearance before the State Board of Education on this issue, I worked with Commissioner Tony Wood during the 2015 session of the Arkansas General Assembly to modify the statute in order to provide ADE flexibility to avoid the annual designation of campuses such as Belle Point during the Academic Distress process. The General Assembly passed legislation to this effect and Act 1272 was signed by Governor Beebe and is now codified as § 6-15-431 A.C.A. This language expressly gives the Arkansas Department of Education the authority to deal effectively with alternative learning environment schools. While it appears that seven months have passed since the effective date of this legislation, no action to rewrite the rules governing Academic Distress as part of the ACTAAP process has been taken. In fact, the rules cited in the letter of notification of Academic Distress do not appear to be present on the ADE website.

As you can see, we have attempted to deal with this process as suggested during previous cycles—to no avail. Has the intent of the State Board of Education changed under your leadership?

Please accept this notice of appeal, and schedule my appearance before the State Board of Education at the earliest possible time. I respectfully ask for time to address the Board.

I look forward to your appropriate response.

KELLY RODGERS JR., Superintendent
N. LITTLE ROCK SCHOOL DISTRICT
2700 POPLAR STREET
NORTH LITTLE ROCK, AR 72114

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Rodgers:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **N. LITTLE ROCK SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
6002080	NORTH LITTLE ROCK ACADEMY	15.833%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

February 15, 2016

Mr. Johnny Key, Commissioner of Education
Department of Education
Four Capital Mall
Little Rock, AR 72201-1019

Dear Commissioner Key,

This letter is to inform you that we are formally requesting a hearing to appeal the Academic Distress designation of North Little Rock Academy, the district's 6-12 Alternative School as stated in the Academic Distress Notification dated January 27, 2016. Some of those reasons are as follows:

1. **As pursuant to Act 1272**

"Concerning academic distress rules, is amended to add an additional subsection to read as follows:

(c) The state board may adopt by rule, criteria that permit the following entities to be exempt from the identification and classification of academic distress:

(1) a public school that is designated solely as an alternative learning environment"

This is a common sense piece of legislation, where students who have not traditionally performed are allowed to learn at their own pace in order to meet their individual learning needs. Districts such as North Little Rock have tried to provide an appropriate education in the best learning environment possible for students that have not performed in the traditional setting. It was our belief that this matter had been settled and that we could focus personalizing student learning to assist our children in bettering their future.

2. **State Board's previous rulings**

Due to previous rulings by the Arkansas State Board of Education, it seems a precedent has been set for standalone Alternative Schools which continue to work in the best interest of the individual student.

3. **Placement of students was determined by ADE criteria as outlined in Section 4.02.1.1 and Section 4.02.1.2.**

Criteria for placement are as follows; a student must exhibit two or more of the characteristics identified in order to be assigned to the North Little Rock Academy.

- *Ongoing persistent lack of attaining proficiency levels in literacy and mathematics*
- *Abuse: physical, mental, or sexual*
- *Homelessness*
- *Frequent relocation of residency*
- *Personal or family situations*
- *Pregnancy or single parenting*
- *Dropping out from school*
- *Recurring absenteeism*
- *Disruptive behavior*
- *Mental/physical health problems*
- *Inadequate emotional support*

Please note that any, if not all, criteria relates directly back to academic performance or the lack thereof. Students placed at North Little Rock Academy traditionally have an approximate reading and/or math level three or more years behind their grade placement.

4. **Student's attendance is sporadic due to legal and/or other issues**

Absenteeism is high for many students which are associated with incarceration in the Pulaski County Juvenile Detention Center, the Division of Youth Services, Short Term and Long Term stays at mental health institutions.

5. **Students who performance improves return to a traditional campus**

Students who meet the exit criteria, which include academic performance, are referred to return to the traditional secondary campus.

6. **North Little Rock Academy has been recognized for many years as an outstanding and model program**

Not only has the program been recognized for numerous awards for the state of Arkansas, but the principal was asked on December 2, 2015 to serve on ADE's Task Force for Alternative Education.

7. **North Little Rock Academy has never been a Focus or Priority School.**

In previous years the Academy has been labeled a "Needs Improvement" school. At no point has their label changed until this year.

8. At the advice of ADE the North Little Rock Academy no longer has its own LEA number

Last year ADE advised the district to combine the North Little Rock Academy with our other traditional school's LEA numbers in order to avoid this designation. NLRSD followed this advice and consolidated LEAs. Next year you will not find North Little Rock Academy on the Academic Distress list because they are no longer a standalone school.

Please accept this notice of appeal, and schedule our appearance before the State Board of Education at the earliest possible time.

I look forward to speaking with the Board in person.

Sincerely,

Mr. Kelly Rodgers

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Hernandez:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **HOT SPRINGS SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
2603013	SUMMIT SCHOOL	23.502%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

HSSD
HOT SPRINGS SCHOOL DISTRICT

February 18, 2016

Mr. Johnny Key, Commissioner
Arkansas Department of Education
Four Capital Mall
Little Rock, AR 72201-1019

Dear Mr. Key,

Hot Springs School District's Summit School would like to appeal the Academic Distress identification received through certified mail dated January 27, 2016. A.C.A § 6-15-431 provides rules and regulations for academic distress. In these rules, it clearly states that "the state board may adopt by rule, criteria that permit the following entities to be exempt from the identification and classification of academic distress: A public school that is designated solely as an alternative learning environment." Furthermore, Senate Bill 858 from the State of Arkansas 90th General Assembly Regular Session, 2015, addresses this same rule as an act to amend various provisions of Title 6 of the Arkansas Code concerning public education. It appears that the legislators realize the unique nature of alternative learning environments.

Summit School (2603013) is a sole alternative learning environment that serves students from Hot Springs School District and the surrounding districts in Garland County. Summit, also, serves students attending Ouachita Job Corps, the Garland County Juvenile Detention Center, and First Step students. The total number of students that tested did not exceed 45 students total in all combined tested grade levels and in either accountability area, English Language Arts or Mathematics. The 2015 recalculated annual measurable objectives (AMO's) were 21.47% and 12.09%, respectively. The original AMO's did not require the campus to be at or above 50% in either area until spring 2016. These AMO's set forth through the former ESEA guidelines are the goals set forth for this campus, which do not come close to the ACTAAP Rules requirements to refrain from receiving this designation.

Hot Springs School District is taking several actions to provide additional supports for all students, but especially for our students needing alternative learning opportunities. We have continued to contract with an external provider of supports for administration and teachers. ADE School Improvement Specialists (SIS) works with our district director of secondary education,

who serves as our internal SIS, to monitor progress. Also, we have a restructuring plan in place to relocate all alternative students back on school campuses for the 2016-2017 school year opening up many more educational opportunities for their success in future endeavors. Having appealed this same notification in 2014, the district again asks you to reconsider designating Summit School as a school in Academic Distress. Alternative learning environments are developed to serve those students who are struggling in one or more areas of their academic life. It would be unfair to impose this designation on schools and districts that are going above and beyond to meet the individual needs of all of their students through stand alone alternative learning environments.

I respectfully request your consideration of this appeal.

Sincerely,

Mike Hernandez, Ed.D.

Re: NOTICE OF APPEAL OF MARVELL-ELAINE HIGH SCHOOL DESIGNATION OF ACADEMIC DISTRESS STATUS (VIA CERTIFIED MAIL)

Dear Commissioner Key:

The Marvell-Elaine School District hereby gives notice of appeal of its designation by the Arkansas Department of Education (ADE) of having one school within its district as being a school with a "PRIORITY" school designation as well as in "ACADEMIC DISTRESS." This appeal is within thirty (30) days of the "ACADEMIC DISTRESS" notice dated January 27, 2016 to the Marvell-Elaine School District. The Marvell-Elaine School District sets forth the following reasons for its Notice of Appeal. The District reserves the right to amend this notice within time constraints of the ADE rules.

FACTS

It is not the fault of the Marvell-Elaine High School students that a new set of curriculum standards and a new mandated curriculum were adopted, but students were required to continue to complete Benchmark and End-of-Course tests that were not aligned to the new standards and curriculum. This misalignment left students at a clear disadvantage and the school's aggregate test scores fell considerably to the point of the Marvell-Elaine High School now identified for Academic Distress. (see ACTAP rules below)

> 13.02.1 The State Board voted to participate in the Common Core State Standards for English Language Arts (ELA) and Mathematics in July 2010.
> 13.02.2.2 Grades 3-8 will implement the Common Core State Standards during the 2012-2013 school year.
> 13.02.2.3 Grades 9-12 will implement the Common Core State Standards during the 2013-2014 school year.

Second, as Marvell-Elaine High School moved into School Improvement status because of the misalignment of state-mandated curriculum and tests, the school did not receive systemic assistance from ADE staff to address the misalignment of curriculum and tests. Nor did any department of the ADE provide monitoring of the School Improvement Plan. ADE staff monitor each school in Arkansas (whether the school is a high achieving

assistance from ADE staff to address the misalignment of curriculum and tests. Nor did any department of the ADE provide monitoring of the School Improvement Plan. ADE staff monitor each school in Arkansas (whether the school is a high achieving Reward school or a low achieving Academic Distress school) on a 6-year cycle. This means each school is visited once every 6 years for monitoring of School Improvement Plans to ensure they meet high standards and are effective. Marvell-Elaine High School moved from being an Achieving School in 2013 to School Improvement status in 2014 to the deepest level Priority School status in 2015 and now Academic Distress in 2016. Marvell-Elaine High School has not received any monitoring visit from the ADE's school improvement staff even though the ADE rule 13.08.4 states that the ADE will have a high level of engagement with schools as they progress into deeper levels of school improvement. (See ACTAAP rule 13.08.4 below)

> 13.08.4 The following table lists the ADE engagement and district autonomy associated with school accountability status: **Status Description ADE Engagement/District Autonomy**
>
> **Needs Improvement – Focus**
> High ADE engagement □ Low district autonomy
> **Needs Improvement – Priority**
> Very high ADE engagement □ Low district autonomy

Third, the superintendent, board of directors, teachers and community members were mislead when it was consistently stated through mid-January of 2016 that the PARCC tests would not be used for accountability purposes. Prior to the administration of the PARCC tests in April of 2015, schools were told that two tests (11th grade literacy and Algebra 2) were optional because the PARCC test results would not be used for accountability measures. Many schools chose the option not to administer these tests. Another significant difference in PARCC is that the 9th and 10th grade students were tested in literacy for the first time ever. Prior to 2015, only 11th grade students were tested in senior high grades for Literacy. During the entire 2015-16 school year, schools were ensured that because of all of these differences the PARCC tests would not be used for accountability purposes or for sanctions.

Even 6 months after the PARCC tests were completed by students it is unclear about how the tests would be scored as evidenced in two different letters to parents during the month of October. The first letter, dated October 8, 2015, outlined the meaning of the 1, 2, 3, 4, and 5 levels used in PARCC scores in relation to the "proficiency" designations required by the ACTAAP rule for school accountability. It was documented that the mid-level of "3" meant a student was achieving at grade level. Within a week, in a letter dated October 13, 2015, a change occurred documenting that only scores of "4" and "5" meant a student was achieving at grade level. The change between October 8th and October 13th (which was 6 months after students completed the PARCC exams) meant many students who scored a 3 on the PARCC test would not be deemed as proficient or on grade level. Also, this meant those students would be required to participate in remediation programs/classes in lieu of other elective classes as well as extra-curricular activities. This meant many parents were confused, and schools were left to try to explain the change to parents, and why their children had to complete Academic Improvement

Plans. It was communicated throughout the school year that the PAARC tests would not be used for sanctions because the tests were significantly different than the previous state-required tests.

To add to the confusion, in January of 2016, the University of Arkansas designed a complicated matrix of "concordance" for the students' PARCC exam results. The University published a paper regarding their concordance matrix but the paper is not understandable for school officials much less parents or community members. The ADE Board of Directors received a presentation of the Concordance Tables from University staff in February of 2016. However, as of the current date of this appeal school personnel and parents have yet to be provided any concrete information that is understandable related to the University's concordance tables. Moreover, it has not been explained why the PARCC scores needed to be concorded or how the concordance tables relate to the October 8th and October 13th letters, and to the original PARCC score rubric of 1, 2, 3, 4, or 5 which were shared with parents when the PARCC exam data were initially supplied to schools.

As outlined above many changes have occurred since the PARCC tests were chosen by the ADE for Arkansas' students. As late as mid-January (just two weeks before a letter was sent designating the High School in Academic Distress), superintendents were ensured in a workshop and through a power-point slide presentation published on the ADE website, that PARCC scores would NOT be utilized for accountability. Therefore, the superintendent, board members, teachers, parents and students were blindsided with the receipt of the letter dated January 27, 2016 which designated Marvell-Elaine School District in Academic Distress.

It should also be noted that the Distress designation letter did not adhere to the ADE's rules for notification and review of school designations. The ADE rules require that the superintendent and local board president receive notification by certified mail prior to the first day of school or within 30 days of the release of test scores. The ADE did not follow either timeline as the letter designating the Marvell-Elaine High School in Academic Distress was sent on January 27, 2016 more than half-way through the school year and many months after the PARCC scores were released to schools and 2 months after the October 8th and October 15th letters were published to parents. (See rules 13.10- 13.10.3 below)

> 13.10 Process for Notification and Review
> 13.10.1 Prior to the first possible day of school, as defined by Ark. Code Ann. § 6-10-106, the Arkansas Department of Education shall notify the school board president and superintendent of each public school district of the following in writing, via certified mail, return receipt requested:
> 13.10.1.1 The school district's preliminary classification under Section 13.08.1 of these rules; and 13.10.1.2 The preliminary classification of each individual school within a school district under Section 13.08.3 of these rules.
> 13.10.2 Contemporaneous with the notice required by Section 13.10.1 of these rules, the Arkansas Department of Education shall make available to the school board president and superintendent the data upon which the preliminary classifications of school districts and individual public schools were based.
> 13.10.3 School districts shall have thirty (30) days from receipt of the notification required by Section 13.10.1 of these rules to review the data upon which the preliminary

classifications of school districts and individual public schools were based, to submit to the Arkansas Department of Education any requests for corrections to the data, and to submit any other reason(s) for which the preliminary classifications should be modified. School districts may request revisions to the preliminary classifications for school districts and individual public schools during the same thirty (30) day period.

CONCLUSION

The Marvell-Elaine School District respectfully requests the ADE Board of Directors to consider the following: a) the misalignment of state-mandated curriculum and tests for the 2012-13 and 2013-14 school years which caused the high school to be designated as an Achieving school to enter school improvement status, b) the lack of ADE assistance and monitoring regarding the High School Improvement Plan and efforts after the school entered school improvement, c) the constant changes and commitments related to the use of PARCC test results for accountability purposes, and d) the violation of ADE rules in identifying and informing the High School of its distress status. For these reasons it is requested that the ADE Board of Directors deny the ADE's recommendations to designate Marvell-Elaine High School as a Priority School and in Academic Distress. None of the conditions outlined in this appeal were the fault of Marvell-Elaine High School's staff or students.

Sincerely,

Joyce Cottoms, Ed. D.
Superintendent

DEPARTMENT OF EDUCATION

NOTICE OF APPEAL OF DESGINATIONS OF THE MINERAL SPRINGS SCHOOL DISTRICT OR A SCHOOL WITHIN THE DISTRICT AS BEING EITHER IN FOCUS STATUS OR ACADEMIC DISTRESS STATUS

The Mineral Springs School District hereby gives notice of appeal of its designations by the Arkansas Department of Education (ADE) of having two schools within its district as being schools with a "FOCUS" school designation and having its high school identified as being in "ACADEMIC DISTRESS." This appeal is within thirty (30) days of the "ACADEMIC DISTRESS" notice dated January 27, 2016 to the Mineral Springs School District. The "FOCUS" designation was never in writing. It is being appealed because it was imposed by ADE contrary to law, arguably without a time limit for appeal. The Mineral Springs School District sets forth the following reasons for its Notice of Appeal. The district reserves the right to amend this notice within time constraints of the ADE rules.

Facts

On or about August 27, 2015, the ADE Deputy Commissioner Mark Gotcher verbally advised Mineral Springs Superintendent Curtis Turner that the two Mineral Springs schools were being placed on "FOCUS" status by the ADE. Gotcher's verbal notice did not conform to the requirements of ACTAAP Rules 13.10.1 and 13.10.2, i.e., notice by certified mail, return receipt requested to

Superintendent Turner or the Mineral Springs Board President Mike Ervin. Superintendent Curtis Turner did meet with Commissioner Johnny Key on September 1, 2015 regarding the verbal notice, other school district matters, an investigation by the state police, and to request a hearing before the ADE Board if Commissioner Key kept the district's "FOCUS" status in place. Commissioner Key explicitly rejected Superintendent Turner's request for an appeal of his decision. Exhibit 1. The Board's attention is directed to the last sentence of the exhibit: "We now consider this matter closed."

The rule relied upon for FOCUS designation provides as follows:

> ACTAAP 13.10.1:
> Prior to the first possible day of school, as defined by Ark. Code Ann. Section 6-10-106, the Arkansas Department of Education shall notify the school board president and superintendent of each each public school of the following in writing, via certified mail, return receipt requested.[1]

Second, on January 27, 2016, the ADE Commissioner's office mailed to

[1]. The ADE also did not comply with Rule 10.04.2 as set forth below:

> ACTAAP Rule 10.04.2:
> Within thirty calendar days (30) after the release of the state assessment results by the Department or upon making a determination that a school district has a Needs Improvement –Priority school within the school district that has not made the progress required under the school's Priority Improvement Plan (PIP), the Department shall identify all public schools and public school districts in Academic Distress and shall notify in writing each school district superintendent and board president of the public school and public school districts via certified mail, return receipt requested.

Superintendent Curtis Turner and Mineral Springs Board President William Dixon a letter informing them that the Mineral Springs High School was being placed in "ACADEMIC DISTRESS." The reason which ADE gave for placing the high school on academic distress was that:

> "49.5% or less of its students achieved proficient or advanced in math and literacy on the state mandated criterion referenced assessments administered for the most recent three (3) year period".

Third, Rule 10.04.2 provides a different timeline for designating schools in ACADEMIC DISTRESS. This rule requires notifying the district's superintendent and board president by certified mail, return receipt requested within thirty (30 calendar days after the release of the state assessment results. Rule 10.04.2 requires that the ADE notify a school district identified for ACADEMIC DISTRESS of the test data on which it relied upon.

Fourth, the ADE did not make available to Mineral Springs "all the data upon which the preliminary classification of ... [its] ... individual public [high] school ...[was] based". To this date, the ADE has not made available all data required by this provision.

ACTAAP 13.10.2 states:

> Contemporaneous with the notice required by Section 123.10.1 of these rules, the Arkansas Department of Education shall make available to the school board president and superintendent the data upon which the preliminary classifications of school districts and individual public schools were based.

Fifth, in early January, 2016, prior to sending Mineral Springs the notice of academic distress, Commissioner Key stated to Mineral Springs and to other districts that there would be "no new designations based upon 2014-15 PARCC data." He further stated that new designations will begin with ACT ASPIRE data up to three (3) years. Commissioner Key repeated these statements to legislators and school superintendents thereafter.

Sixth, in that ADE did not give proper notice to Mineral Springs that it was placed in "FOCUS" status by the Gotcher telephone call, it was inappropriate and violative of ACTAAP Rules for the ADE to classify the Mineral Springs High School as being in "ACADEMIC DISTRESS" in January, 2016. Further, when it identified Mineral Springs High as being in "ACADEMIC DISTRESS" on January 27, 2016, the ADE again erred by failing to provide all data required by law in a timely fashion so that Mineral Springs District could possibly challenge the designation.

Seventh, in July, 2015, ADE Assistant Commissioner Annette Barnes informed school districts and legislators that there would be no new schools placed in academic distress due to the fact that there were not three years of Benchmark data then available including 2015 and that PARCC data for 2015 would not be used to place districts in "ACADEMIC DISTRESS." Rather, if PARCC data were used, they would be used in order to remove six schools or district schools from "ACADEMIC DISTRESS." She, and other ADE officials, including School Improvement Coordinator Elbert Harvey and Federal Program Director Bobby Lester, Jr., made that commitment in a meeting in July, 2015. ADE counsel

Kendra Clay and school district counsel John W. Walker were present. On information and belief, the meeting was recorded by Assistant Commissioner Barnes. Subsequently, the Commissioner's office has not made a request of the ADE Board for permission to use PARCC results for placement of any new schools or districts into "ACADEMIC DISTRESS."

CONCLUSION

Because the Commissioner's office made the foregoing commitments, did not comply with the department's own rules, and did not provide the District all appropriate data in a sufficient time to possibly correct the data, the Mineral Springs School District was prejudiced. Mineral Springs School District, therefore, respectfully requests that the ADE Board deny designation of the Mineral Springs High School the label "ACADEMIC DISTRESS." Furthermore, because ADE did not properly assign the federal "FOCUS" designation to the Mineral Springs schools, the "FOCUS" designation should also be lifted and otherwise held for naught.

The Mineral Springs School District requests the ADE Board to: a) require the ADE to provide on-site assistance to the students in both Mineral Springs schools; b) to deny the ACADEMIC DISTRESS label to the Mineral Springs High School; c) require ADE to comply with the written rules of the agency; and d) provide required assistance as necessary so that it may better acquit its responsibilities to the students of the district. See ADE Rule 13.08.4.

Respectfully submitted,

Curtis Turner, Superintendent
Mineral Springs School District
Mineral Springs, Arkansas

BELINDA P. SHOOK, Superintendent
BEEBE SCHOOL DISTRICT
1201 W. CENTER ST.
BEEBE, AR 72012

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Shook:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **BEEBE SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
7302703	BADGER ACADEMY	21.818%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Concordant cut scores were used to determine the percentages of students meeting grade level standards for 2015 for identification of academic distress. A link to the technical document containing the methodology for concordant calculations can be found at the following webpage under Related Files: http://www.arkansased.gov/divisions/public-school-accountability/school-performance.

TIFFANY HARDRICK, Superintendent
FORREST CITY SCHOOL DISTRICT
625 IRVING STREET
FORREST CITY, AR 72335

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Hardrick:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **FORREST CITY SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
6201011	FORREST CITY HIGH SCHOOL	39.516%
6201702	LINCOLN ACADEMY OF EXCELLENCE	46.771%
6201010	FORREST CITY JR. HIGH	48.697%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

BENNY L. GOODEN, Superintendent
FORT SMITH SCHOOL DISTRICT
P.O. BOX 1948
FORT SMITH, AR 72902

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Gooden:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **FORT SMITH SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
6601005	BELLE POINT ALTERNATIVE CENTER	29.000%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

CURTIS TURNER, Superintendent
MINERAL SPRINGS SCHOOL DISTRICT
PO BOX 189
MINERAL SPRINGS, AR 71851

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Turner:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **MINERAL SPRINGS SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
3104006	MINERAL SPRINGS HIGH SCHOOL	48.130%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

KELLY RODGERS JR., Superintendent
N. LITTLE ROCK SCHOOL DISTRICT
2700 POPLAR STREET
NORTH LITTLE ROCK, AR 72114

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Rodgers:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **N. LITTLE ROCK SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
6002080	NORTH LITTLE ROCK ACADEMY	15.833%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

T. C. WALLACE, Superintendent
PINE BLUFF SCHOOL DISTRICT
512 SOUTH PINE
PINE BLUFF, AR 71601

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Wallace:

Pursuant to Ark. Code Ann. § 6-15-428, please accept the letter as notice that the Arkansas Department of Education has identified the following school(s) in the **PINE BLUFF SCHOOL DISTRICT** as being in academic distress. The school(s) meets the definition of "academic distress" as set forth in Section 3.02.2 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP) and the Academic Distress Program.

School LEA #	School Name	Percent Proficient or Advanced
3505042	PINE BLUFF HIGH SCHOOL	43.268%
3505025	BELAIR MIDDLE SCHOOL	46.129%

According to Section 3.02.2.1 of the ACTAAP Rules, a school may be identified as being in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered for the most recent three (3) year period.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capital Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why a school should not be classified as being in academic distress.

If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Richard Atwill
Blytheville School District
405 Park St.
Blytheville, AR 72315

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Atwill:

Pursuant to Ark. Code Ann. § 6-15-428, please accept this letter as notice that the Arkansas Department of Education has identified the Blytheville School District as a district in academic distress. The Blytheville School District meets the definition of "academic distress" as set forth in Section 3.02.1.1 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP Rules).

According to Section 3.02.1.1 of the ACTAAP Rules, a school district may be identified as in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered in that district for the most recent three (3) year period. The most recent three years of test data for math and literacy shows that 49.26 percent of students in your district were proficient and advanced.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capitol Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why the Blytheville School District should not be classified as in academic distress. If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Concordant cut scores were used to determine the percentages of students meeting grade level standards for 2015 for identification of academic distress. Katie Tatum
SIATech
6724 Interstate 30
Little Rock, AR 72209

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Tatum:

Pursuant to Ark. Code Ann. § 6-15-428, please accept this letter as notice that the Arkansas Department of Education has identified the SIATech as a district in academic distress. The SIATech meets the definition of "academic distress" as set forth in Section 3.02.1.1 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP Rules).

According to Section 3.02.1.1 of the ACTAAP Rules, a school district may be identified as in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered in that district for the most recent three (3) year period. The most recent three years of test data for math and literacy shows that 8.22 percent of students in your district were proficient and advanced.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capitol Mall, and Little Rock, AR 72201-1019. Any appeal should contain written justification as to why the SIATech should not be classified as in academic distress. If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Concordant cut scores were used to determine the percentages of students meeting grade level standards for 2015 for identification of academic distress. A link to the technical document containing the methodology for concordant calculations can be found at the following webpage under Related Files: http://www.arkansased.gov/divisions/public-school-accountability/school-performance.

Covenant Keepers Charter School
5615 Geyer Springs Road
Little Rock, AR 72209

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Superintendent Tatum:

Pursuant to Ark. Code Ann. § 6-15-428, please accept this letter as notice that the Arkansas Department of Education has identified the Covenant Keepers Charter School as a district in academic distress. The Covenant Keepers Charter School meets the definition of "academic distress" as set forth in Section 3.02.1.1 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP Rules).

According to Section 3.02.1.1 of the ACTAAP Rules, a school district may be identified as in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered in that district for the most recent three (3) year period. The most recent three years of test data for math and literacy shows that 43.21 percent of students in your district were proficient and advanced.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capitol Mall, and Little Rock, AR 72201-1019. Any appeal should contain written justification as to why the Covenant Keepers Charter School should not be classified as in academic distress. If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Concordant cut scores were used to determine the percentages of students meeting grade level standards for 2015 for identification of academic distress. A link to the technical document containing the methodology for concordant calculations can be found at the following webpage under Related Files: http://www.arkansased.gov/divisions/public-school-accountability/school-performance.

Johnny Key
Dollarway School District
c/o Arkansas Department of Education
4 Capitol Mall
Little Rock, AR 72201

Re: Academic Distress Notification
(VIA CERTIFIED MAIL)

Dear Commissioner Key:

Pursuant to Ark. Code Ann. § 6-15-428, please accept this letter as notice that the Arkansas Department of Education has identified the Dollarway School District as a district in academic distress. The Dollarway School District meets the definition of "academic distress" as set forth in Section 3.02.1.1 of the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP Rules).

According to Section 3.02.1.1 of the ACTAAP Rules, a school district may be identified as in academic distress if 49.5% or less of its students achieve proficient or advanced in math and literacy on the state-mandated criterion referenced assessments administered in that district for the most recent three (3) year period. The most recent three years of test data for math and literacy shows that 47.83 percent of students in your district were proficient and advanced.

Your school district may appeal this determination to the Arkansas State Board of Education (State Board) by filing a written appeal with the Commissioner of Education via certified mail, return receipt requested, within thirty (30) calendar days of receipt of this notification. You may send any appeal to Johnny Key, Commissioner, Arkansas Department of Education, Four Capitol Mall, Little Rock, AR 72201-1019. Any appeal should contain written justification as to why the Dollarway School District should not be classified as in academic distress. If your school district does appeal this identification, the State Board shall hear the appeal within sixty (60) days of receipt of the written appeal in the commissioner's office. In the event of an appeal, you will be provided separate notice of the time and date of the State Board hearing during which the matter will be considered.

Concordant cut scores were used to determine the percentages of students meeting grade level standards for 2015 for identification of academic distress. A link to the technical document containing the methodology for concordant calculations can be found at the following webpage under Related Files: http://www.arkansased.gov/divisions/public-school-accountability/school-performance.

Educator Licensure Test

Current Pedagogy Tests	Recommended Pedagogy Test
Praxis™ Principles of Learning and Teaching: Grades K-6(5622) or Praxis™ Principles of Learning and Teaching: Grades 5-9(5623) or Praxis™ Principles of Learning and Teaching: Grades K-6(5624)	edTPA Recommended Professional Performance Standards: • 13 Rubric Fields: 32 • 15 Rubric Fields: 37 • 18 Rubric Fields: 44
	Effective Immediately

Rationale

In March 2014, the Arkansas Department of Education (ADE) began a process to evaluate Teacher Performance Assessments (TPAs). edTPA was chosen for a two year pilot program based on its availability for immediate implementation. The pilot concludes May 2016.

Three Arkansas educator preparation programs currently participate in the pilot: The Arkansas Professional Pathway to Educator Licensure (APPEL), Williams Baptist College, and Henderson State University. So far 10 Arkansas candidates have submitted edTPA entries for national scoring. It is anticipated that up to 180 candidates will submit spring semester 2016.

Additionally, programs at the University of Arkansas at Fort Smith and the University of Central Arkansas are exploring ways to use edTPA in their educator preparation programs.

The edTPA assessment typically includes 15 rubrics, each of which is scored on a scale of five points, which sum to a total maximum possible score of 75. The edTPA standard-setting was held in August 2013. The standard-setting panel which consisted of educational stakeholders from K–12 and higher education recommended a score of 42 points as the professional performance standard (PPS). Typically, in setting a cut score for a pass-fail decision, a standard error of measurement is applied to the recommended score to reduce decisions influenced by measurement error (e.g., false negatives).

For licensure areas (e.g., World Language) that have fewer or more than the 15 rubrics, it is necessary to use an adjusted PPS. To achieve an adjusted PPS, edTPA began with the PPS based on 15 rubrics set during a national standard setting event. This PPS was calculated upwards for credential areas with more than 15 rubrics (where a higher total score is possible) and downwards for credential areas with fewer than 15 rubrics (where a lower total score is possible). These calculations in PPSs are proportional to the number of rubrics and maintain the same average rubric score.

- Based on the PPS recommendation of 42 and an adjustment of minus a full standard error of measurement, 37–42 score points may be used as the professional performance standard range.

- For World Language and Classical Languages (13 scoring rubrics), 32–36 score points may be used as the professional performance standard range.

- For Elementary Education (18 scoring rubrics), 44–50 score points may be used as the professional performance standard range

For candidates enrolled in a program approved to use edTPA, the ADE recommends allowing a teacher candidate to substitute the nationally scored edTPA in lieu of the state-approved pedagogical assessment (Principles of Learning and Teaching or the World Language Pedagogy), if the edTPA score meets the following minimum passing standards:

- 13 Rubric Fields: score of 32
- 15 Rubric Fields: score of 37
- 18 Rubric Fields: score of 44

These scores are within one standard error of measurement of the recommended cut score.

State Board of Education Meeting - March 2016

Comments in edTPA:

A highly skilled teacher can influence student achievement more than any other factor. With the addition of edTPA, we get a better idea of what our candidates can and will do on the job. edTPA requires candidates to demonstrate that they have the knowledge and skills to help students learn in real classrooms. edTPA candidates are required to show that they can plan well, reflect on their teaching, and use data to inform instruction. A standardized test can't provide these insights.

Debbie Knowles
APPEL Facilitator

Completing the edTPA process has been an educating experience. While I do feel there are opportunities for improvement, the process has given me insight into my own teaching that I otherwise might not have gained. Reflecting on teaching is a key to success, and edTPA requires novice teachers to analyze themselves as professionals from the planning stage all the way through the post assessment stage. With that being said, I feel there are drawbacks to the process. The writing that is required is very rigid and rather repetitive. At times, I found myself more focused on the formality of my writing to meet the expectations than I was the actual content. It was also very challenging as a non-traditional APPEL participant because I had little to no experience with a process like this. I would highly recommend incorporating additional edTPA-specific training throughout the APPEL program, rather than just at the end. Overall, I do feel the edTPA concept is a good way to close out the licensure process, allowing novice teachers to think very critically about the what, why, and how of what they do when planning, implementing and assessing lessons.

Lindsey Forga
APPEL Participant

There is no question that working through the edTPA tasks required me to think deeply about my teaching practice. Completing the tasks required honest and analytical reflection, and in working through them I identified many areas in which I could improve. The exercise of videoing and watching myself teach was eye opening for me and is, in my opinion, the most valuable component of edTPA. After watching my video, I couldn't believe no one had told me I pace during my entire instructional time. I would've confidently told you that I was allowing ample wait time after asking a question, but 2 minutes into the first video it was apparent to me I had not been doing so. There is significant value in edTPA to a beginning teacher.

That being said, for teachers in alternative licensure programs who are already teaching in a classroom, I believe edTPA has some shortcomings. The requirements for the planning task are, in my opinion, stringent beyond the point of being value-added for a teacher who is already in the classroom. I was frustrated with the planning task because I felt that I was being forced to try to demonstrate too many unrelated things in too small of a timeframe. It was unnatural and did not flow well with my existing daily teaching practice. (If you can picture a young child who has put on many layers of clothing just to show off everything they have, regardless of whether it fits or matches or is seasonally appropriate, that's what the planning commentary criteria felt like to me.) I feel like the planning task could be improved by giving us a set of criteria and allowing us to choose (and justify) which are best suited for the objectives of the lesson.

My honest assessment of my experience with edTPA is that it has some strong components, but it could be tweaked to be more relevant in the non-traditional licensure program if it is something we are considering using in future year.

Jennifer Davis
APPEL Participant

Based on participant feedback from this year's edTPA pilot, and taking into consideration whether the State Board will approve allowing the edTPA score in lieu of PLT, APPEL will adjust instructional modules in Year One and Year Two to allow for a more cohesive transition into the edTPA submission process. This will enable us to better support our participants and address the anxiety experienced during the pilot. The program advisor and facilitators see real value in the edTPA process and will incorporate into the APPEL curriculum the necessary components to develop the knowledge and skills assessed in this performance-based assessment.

Ann Crosser
ADE APPEL Program Advisor

I believe that edTPA Task 1 improved my level of professionalism by opening my eyes to just how detailed I needed to be in my lesson plans. It made me more aware of the diversity in my classroom and how I needed to be sure I was meeting all students learning needs. Task 2 improved my level of professionalism in my area, because I had to link my students learning to my planning. Every student learns a different way. Task 2 really made me think about my students and how I was to engage each one of them to meet their individual needs. Task 3 in edTPA I believe helped me the most while completing this assessment. I believe it improved my level of professionalism by showing me how to break apart my teaching and really study how I taught by looking at student learning. Did they reach all the goals I set for them at the beginning of planning my lesson? How could I have been clearer for them to obtain the goals I set for them? What did they learn? What and how should I reteach? These are all questions that come to mind when assessing student learning from Task 3.

Re: SPED RESOURCE ENDORSEMENT

Educator Licensure Test

SPED Resource Licensure Test:	SPED Resource Licensure Test:
New licensure area	Praxis® Special Education: Core Knowledge and Applications (5354) Recommended Cut Score: 151
	Effective March 10, 2016

Rationale

To accommodate educator licensure requirements, the ADE recommends adopting the Praxis® Special Education: Core Knowledge and Applications (5354) for a new endorsement in special education resource. Educational Testing Service (ETS) provided the following information for the Praxis® Special Education: Core Knowledge and Applications (5354). This test is currently required with a cut score of 151 for licensure in Special Education: Instructional Specialist (K-12).

To support the decision-making process for the ADE with regards to establishing a passing score for the Praxis® Special Education: Core Knowledge and Applications (5354), ETS research staff designed and conducted a multistate standard setting study in February 2010. The study collected content-related validity evidence to confirm the importance of the content specifications for entry-level teachers of special education.

The two-hour assessment contains 120 multiple-choice questions (including 10 pretest questions) and covers Development and Characteristics of Learners (19-20 questions); Planning and the Learning Environment (27-28 questions); Instruction (27-28 questions); Assessment (20-22 questions); and Foundations and Professional Responsibility (23-24 questions).

ETS provided a Technical Report (attached) from the multistate standard-setting study with a recommended passing score to help education agencies determine an appropriate operational passing score. For the Praxis® Special Education: Core Knowledge and Applications (5354), the recommended passing score is 151 on a 100–200 scale.

For the Special Education: Resource endorsement, ADE recommends adopting the Praxis® Special Education: Core Knowledge and Applications (5354) with a cut score of 151 effective March 10, 2016.

Listening. Learning. Leading.

Multi-State Standard Setting Report

Praxis Special Education: Core Knowledge and Applications (0354)

February 2010

Conducted by

Educational Testing Service

Princeton, New Jersey

Executive Summary

To support the decision-making process for state departments of education with regards to establishing passing scores, or cut scores, for the Praxis Special Education: Core Knowledge and Applications assessment, research staff from Educational Testing Service (ETS) designed and conducted two multi-state standard setting studies. The studies also collected content-related validity evidence to confirm the importance of the content specifications for entry-level Special Education teachers.

Recommended Cut Scores

The standard setting studies involved two expert panels, comprised of teachers, administrators and college faculty. The recommended cut scores for each panel, as well as the average cut score across the two panels, are provided to help state departments of education determine appropriate cut (or passing) scores.

- For Praxis Special Education: Core Knowledge and Applications assessment, the average recommended cut score is 67 (on the raw score metric), which represents 61% of total available 110 raw score points (the recommended cut scores for Panels 1 and 2 are 68 and 66, respectively). The scaled score associated with a raw score of 67 on the Praxis Special Education: Core Knowledge and Applications assessment is 151.

Summary of Content Specification Judgments

Panelists judged the extent to which the knowledge and/or skills reflected by the Praxis Special Education: Core Knowledge and Applications assessment content specifications were important for entry-level Special Education teachers. All the knowledge/skills statements comprising the content specifications were judged to be *Very Important* or *Important* by a majority of the panelists, providing evidence that the content of the Praxis Special Education: Core Knowledge and Applications assessment is important for beginning practice.

Introduction

To support the decision-making process for state departments of education with regards to establishing passing scores, or cut scores, for the Praxis Special Education: Core Knowledge and Applications assessment, research staff from Educational Testing Service (ETS) designed and conducted two multi-state standard setting studies. The studies also collected content-related validity evidence to confirm the importance of the content specifications for entry-level Special Education teachers. The standard setting studies involved two expert panels, comprised of teachers, administrators, and college faculty. Panelists were recommended by departments of education of states that (a) currently use the Praxis Special Education: Knowledge-based Core Principles (0351); Special Education: Applications of Core Principles Across Categories of Disabilities (0352); and Education of Exceptional Students: Core Content Knowledge (0353) assessments or (b) are considering use of the revised Praxis Special Education: Core Knowledge and Applications assessment as part of their licensure process.

The design of the multi-state standard setting studies included two, non-overlapping panels to (a) allow each participating state to be represented and (b) replicate the judgment process to strengthen the technical quality of the recommended passing score. Across the two panels, 15 states were represented by 45 panelists (See Appendix A for the names and affiliations of the panelists.)

Table 1. Participating States (and number of panelists) for Multi-State Panels: Praxis Special Education: Core Knowledge and Applications

Connecticut (3 panelists)	North Dakota (3 panelists)
Washington DC (4 panelists)	Ohio (4 panelists)
Delaware (4 panelists)	South Carolina (5 panelists)
Indiana (2 panelists)	South Dakota (1 panelist)
Kentucky (4 panelists)	Utah (3 panelists)
Louisiana (1 panelist)	West Virginia (2 panelists)
Maryland (2 panelists)	Wyoming (4 panelists)
North Carolina (3 panelists)	

NOTE: Louisiana and South Dakota were represented on only one of the two panels.

The training provided to panelists as well as the study materials were consistent across panels with the exception of defining the Just Qualified Candidate. (See Appendix B for the common agenda used for both panels.) To assure that both panels were using the same frame of reference when making question-level standard setting judgments, the Just Qualified Candidate definition developed through a consensus process by the first panel was used as the definition for the second panel. The second panel did complete a thorough review of the definition to allow panelists to internalize the definition. The processes for developing the definition (with Panel

1) and reviewing/internalizing the definition (with Panel 2) are described later, and the Just Qualified Candidate definition is presented in Appendix C.

The panels were convened in January 2010 in Princeton, New Jersey. The results for each panel and results combined across panels are summarized in the following report. The technical report containing the passing score recommendation for the Praxis Special Education: Core Knowledge and Applications assessment is provided to each of the represented state departments of education. In each state, the department of education, the state board of education, or a designated educator licensure board is responsible for establishing the final passing score in accordance with applicable state regulations.

The first national administration of the revised Praxis Special Education: Core Knowledge and Applications assessment will occur in fall 2010. The current Praxis Special Education: Knowledge-based Core Principles (0351); Special Education: Applications of Core Principles Across Categories of Disabilities (0352); and Education of Exceptional Students: Core Content Knowledge (0353) assessments will be phased out.

Praxis Special Education: Core Knowledge and Applications Assessment

The Praxis Special Education: Core Knowledge and Applications *Test at a Glance* document (ETS, in press) describes the purpose and structure of the assessment. In brief, the assessment measures whether entry-level Special Education teachers have the knowledge and/or skills believed necessary for competent professional practice. A National Advisory Committee of Special Education teachers and college faculty defined the content of the assessment, and a national survey of teachers and teacher educators confirmed the content.

The two hour assessment contains 120 multiple-choice questions (including 10 pretest questions) and covers *Development and Characteristics of Learners* (19-20 questions); *Planning and the Learning Environment* (27-28 questions); *Instruction* (27-28 questions); *Assessment* (20-22 questions); and *Foundations and Professional Responsibility* (23-24 questions). Candidates' overall scores as well as five category scores are reported. The maximum total number of raw-score points that may be earned is 110. The reporting scale for the Praxis Special Education: Core Knowledge and Applications assessment ranges from 100 to 200 scaled-score points.

Expert Panels

The standard setting studies for the Praxis Special Education: Core Knowledge and Applications assessment included two expert panels. The various state departments of education recruited panelists to represent a range of professional perspectives. A description of the panels is presented below. (See Appendix C for a listing of panelists for each panel.)

Panel 1 included 23 teachers, administrators, and college faculty who prepare Special Education teachers, representing 13 states. In brief, 11 panelists were teachers, one was a behavior specialist liaison/teacher, four were administrators and seven were college faculty. All seven panelists who were college faculty were currently involved in the training or preparation of Special Education teachers. Eighteen panelists were White and five were African American. Seventeen panelists were female. Nineteen panelists reported being certified Special Education teachers in their states. The majority of panelists (16 of the 23 panelists or 70%) had between 4 and 11 years of experience as a Special Education teacher, and approximately a quarter had 16 or more years of teaching experience.

Panel 2 included 22 teachers and college faculty, representing 15 states. In brief, 12 panelists were teachers, one was an administrator and nine were college faculty. All nine panelists who were college faculty were currently involved in the training or preparation of Special Education teachers. Nineteen panelists were White, two were African American, and one was Hispanic. Sixteen panelists were female. Sixteen panelists reported being certified Special Education teachers in their states. Half of panelists had between 4 and 11 years of experience as a Special Education teacher, and approximately a third had 16 or more years of teaching experience.

A fuller demographic description for the members of the two panels is presented in Tables 2a and 2b in Appendix D.

Process and Method

The design of the Praxis Special Education: Core Knowledge and Applications assessment standard setting studies included two non-overlapping expert panels. As described below, the training provided to panelists and study materials were consistent across panels, except for defining the Just Qualified Candidate.

The panelists were sent an e-mail explaining the purpose of the standard-setting study and requesting that they review the test content specifications for the Praxis Special Education: Core Knowledge and Applications assessment (included in the Praxis Special Education: Core Knowledge and Applications *Test at a Glance*, which was attached to the e-mail). The purpose of the review was to familiarize the panelists with the general structure and content of the assessment.

The standard-setting studies began with a welcome and introduction by Dr. Clyde Reese, an ETS researcher in the Center for Validity Research, and Mr. David Wong, an ETS standard setting consultant. Dr. Reese, lead facilitator for the studies, then explained how the Praxis Special Education: Core Knowledge and Applications assessment was developed, provided an overview of standard setting, and presented the agenda for the study.

Reviewing the Praxis Special Education: Core Knowledge and Applications Assessment

The first activity was for the panelists to "take the test." (Each panelist had signed a nondisclosure form.) The panelists were given approximately an hour and a half to respond to the multiple-choice questions. (Panelists were instructed not to refer to the answer key while taking the test.) The purpose of "taking the test" was for the panelists to become familiar with the test format, content, and difficulty. After "taking the test," the panelists checked their responses against the answer key for the questions.

The panelists then engaged in a discussion of the major content areas being addressed by the assessment; they were also asked to remark on any content areas that they thought would be particularly challenging for entering Special Education teachers, and areas that addressed content that would be particularly important for entering teachers.

Defining the Just Qualified Candidate

Following the review of the assessment, panelists internalized the definition of the Just Qualified Candidate (JQC). The JQC is the test taker who has the minimum level of knowledge and/or skills believed necessary to be a qualified Special Education teacher. The JQC definition is the operational definition of the cut score. The goal of the standard-setting process is to identify the test score that aligns with this definition of the JQC.

In Panel 1, the panelists were split into smaller groups, and each group was asked to write down their definition of a JQC. Each group referred to Praxis Special Education: Core Knowledge and Applications *Test at a Glance* to guide their definition. Each group posted its definition on chart paper, and a full-panel discussion occurred to reach consensus on a final definition (Appendix B).

In Panel 2, the panelists began with the definition of the JQC developed by the first panel. Given that the multi-state standard setting study was designed to replicate processes and procedures across the two panels, it was important that both panels use the same JQC definition to frame their judgments. For Panel 2, the panelists reviewed the JQC definition, and any ambiguities were discussed and clarified. The panelists then were split into smaller groups, and each group discussed the behaviors they would expect of the JQC based on the definition and developed performance indicators or "can do" statements based on the definition. The performance indicators were shared across groups and discussed. The purpose of the exercise was to have the panelists internalize the definition.

Panelists' Judgments

The standard-setting process for the Praxis Special Education: Core Knowledge and Applications assessment is described next, followed by the results from the standard-setting studies. The recommended cut scores for each

panel, as well as the average cut score across the two panels, are provided to help state departments of education determine appropriate cut (or passing) scores.

A probability-based Angoff method (Brandon, 2004; Hambleton & Pitoniak, 2006) was used for the Praxis Special Education: Core Knowledge and Applications assessment. In this approach, for each multiple-choice question, a panelist decides on the likelihood (probability or chance) that a JQC would answer it correctly. Panelists made their judgments using the following rating scale: 0, .05, .10, .20, .30, .40, .50, .60, .70, .80, .90, .95, 1. The lower the value, the less likely it is that a JQC would answer the question correctly, because the question is difficult for the JQC. The higher the value, the more likely it is that a JQC would answer the question correctly.

For each panel, the panelists were asked to approach the judgment process in two stages. First, they reviewed the definition of the JQC and the question and decided if, overall, the question was difficult for the JQC, easy for the JQC, or moderately difficult/easy. The facilitator encouraged the panelists to consider the following rule of thumb to guide their decision:

- difficult questions for a JQC were in the 0 to .30 range;
- easy questions for a JQC were in the .70 to 1 range; and
- moderately difficult/easy questions for a JQC were in the .40 to .60 range.

The second decision was for panelists to decide how they wanted to refine their judgment within the range. For example, if a panelist thought that a question was easy for a JQC, the initial decision located the question in the .70 to 1 range. The second decision was for the panelist to decide if the likelihood of answering it correctly was .70, .80, .90, .95, or 1.0. The two-stage decision-process was implemented to reduce the cognitive load placed on the panelists. The panelists practiced making their standard-setting judgments on the first five questions.

The panelists engaged in two rounds of judgments. Following Round 1, feedback was provided to the panel, including each panelist's (listed by ID number) recommended cut score and the panel's average recommended cut score, highest and lowest cut score, and standard deviation. Following discussion, the panelists' judgments were displayed for each question. The panelists' judgments were summarized by the three general difficulty levels (0 to .30, .40 to .60, and .70 to 1), and the panel's average question judgment was provided. Questions were highlighted to show when panelists converged in their judgments (approximately two-thirds of the panelists located a question in the same difficulty range) or diverged in their judgments. Panelists were asked to share their rationales for the judgments they made. Following this discussion, panelists were provided an opportunity to change their question-level standard-setting judgments (Round 2).

Other than the definition of the JQC, results from Panel 1 were not shared with the second panel. The question-level judgments and resulting discussions for Panel 2 were independent of judgments and discussions that occurred with Panel 1.

Judgment of Praxis Special Education: Core Knowledge and Applications Content Specifications

In addition to the two-round standard setting process, each panel judged the importance of the knowledge and/or skills stated or implied in the assessment content specifications for the job of an entry-level Special Education teacher. These judgments addressed the perceived content-based validity of the assessment. Judgments were made using a four-point Likert scale — V*ery Important*, I*mportant*, S*lightly Important*, and N*ot Important*. Each panelist independently judged the five knowledge categories and 39 knowledge/skills statements.

Results

Initial Evaluation Forms

The panelists completed an initial evaluation after receiving training on how to make question-level judgments. The primary information collected from this form was the panelists indicating if they had received adequate training to make their standard-setting judgments and were ready to proceed. Across both panels, all panelists indicated that they were prepared to make their judgments.

Summary of Standard Setting Judgments by Round

A summary of each round of standard-setting judgments is presented in Appendix D. The numbers in each table reflect the recommended cut scores — the number of raw-score points needed to "pass" the assessment — of each panelist for the two rounds. The panels' average recommended cut scores and highest and lowest cut scores are reported, as are the standard deviations (SD) of panelists' cut scores and the standard errors of judgment (SEJ). The SEJ is one way of estimating the reliability of the judgments. It indicates how likely it would be for other panels of educators similar in make-up, experience, and standard-setting training to the current panels to recommend the same cut score on the same form of the assessment. A comparable panel's cut score would be within 1 SEJ of the current average cut score 68 percent of the time and within 2 SEJs 95 percent of the time.

Round 1 judgments are made without discussion among the panelists. The most variability in judgments, therefore, is typically present in the first round. Round 2 judgments, however, are informed by panel discussion; thus, it is common to see a decrease both in the standard deviation and SEJ. This decrease — indicating convergence among the panelists' judgments — was observed for both panels. The Round 2 average score is the panel's recommended cut score (passing score).

The panels' cut score recommendations for the Praxis Special Education: Core Knowledge and Applications assessment are 67.94 for Panel 1 and 65.03 for Panel 2 (see Tables 3a and 3b). The values were rounded to the next highest whole number to determine the functional recommended cut scores — 68 for Panel 1 and 66 for Panel 2. The values of 68 and 66 represent approximately 62% and 60%, respectively, of the total available 110 raw-score points that could be earned on the assessment. The scaled scores associated with 68 and 66 raw points are 153 and 150, respectively.[1]

Tables 4a and 4b present the estimated standard errors of measurement (SEM) around the recommended cut scores for each panel. A standard error represents the uncertainty associated with a test score. The scaled scores associated with 1 and 2 SEMs above and below the recommended cut scores are provided. The standard errors provided are an estimate, given that the Praxis Special Education: Core Knowledge and Applications assessment has not yet been administered.

In addition to the recommended cut scores for each panel, the average cut across the two panels is provided to help state departments of education determine an appropriate cut (or passing) score for the Praxis Special Education: Core Knowledge and Applications assessment. The panels' average cut score recommendation for the Praxis Special Education: Core Knowledge and Applications assessment is 66.49. The value was rounded to 67 (next highest raw score) to determine the functional recommended cut score. The value of 67 represents approximately 61% of the total available 110 raw-score points that could be earned on the assessment. The scaled score associated with 67 raw points is 151.[2] Table 3c presents the standard error of measurement (SEM) around the recommended cut score combining the information from the two panels.

Summary of Content Specification Judgments

Panelists judged the extent to which the knowledge and/or skills reflected by the Praxis Special Education: Core Knowledge and Applications assessment content specifications were important for entry-level Special Education teachers. Panelists rated the five knowledge categories and 39 knowledge/skills statements on a four-point scale ranging from *Very Important* to *Not Important*. The panelists' ratings are summarized in Table 5 (in Appendix D).

All of the five knowledge categories were judged to be *Very Important* or *Important* by more than 95% of the panelists. All but one of the 39 knowledge/skills statements (*Options for assistive technology* statement under Instruction) were judged to be *Very Important* or *Important* by more than three-quarters of the panelists The knowledge categories of *Planning and the Learning Environment* (69% of panelists judged as *Very Important*)

[1] For reference purposes, if the recommended raw cut score were 67 or 65 points, the scaled score would be 151 or 149, respectively.

[2] For reference purposes, if the recommended raw cut score was 66 points, the scaled score would be 150.

and *Instruction* (64% of panelists judged as *Very Important*) were seen as most important for beginning Special Education teachers. The knowledge category of *Foundations and Professional Responsibilities* (47% of panelists judged as *Very Important*) was seen as least important.

Summary of Final Evaluations

The panelists completed an evaluation form at the conclusion of their standard setting study. The evaluation form asked the panelists to provide feedback about the quality of the standard-setting implementation and the factors that influenced their decisions. Tables 6a and 6b (in Appendix D) present the results of the final evaluations.

All panelists *agreed* or *strongly agreed* that they understood the purpose of the study and that the facilitators' instructions and explanations were clear. All but one of the panelists (on Panel 2) *agreed* or *strongly agreed* that they were prepared to make their standard setting judgments. Across the two panels, approximately two-thirds of the panelists *strongly agreed* that the standard-setting process was easy to follow. The panelists reported that the definition of the JQC most influenced their standard-setting judgments. All the panelists reported that between-round discussions was at least *somewhat influential* in guiding their judgments. One-fifth of the panelists (across the two panels) indicated that the cut scores of other panelists did not influence their judgments.

There were some minor differences between the two panels when asked to respond to their level of comfort with their panel's recommended passing score. Across both panels, three panelists indicated that they were *somewhat uncomfortable* with the recommended cut score; all other panelists indicated they were *very* or *somewhat comfortable* with their recommendation. However, seven panelists (or 30% of the panel) from Panel 1 reported being *somewhat comfortable* with their panel's recommended passing score compared to 14 panelists (or 64% of the panel) from Panel 2. For both panels, over 80% of the panelists indicated that the recommend cut score was *about right* and the remaining panelists indicating the cut score was *too low*.

Summary

To support the decision-making process for state departments of education with regards to establishing passing scores, or cut scores, for the Praxis Special Education: Core Knowledge and Applications assessment, research staff from Educational Testing Service (ETS) designed and conducted two multi-state standard setting studies. The studies also collected content-related validity evidence to confirm the importance of the content specifications for entry-level Special Education teachers. The standard setting studies involved two expert panels, comprised of teachers, administrators, and college faculty.

Standard setting was conducted using a probability-based Angoff approach. The recommended cut scores for each panel, as well as the average cut score across the two panels, are provided. The average recommended cut score across the two panels is 67 (on the raw score metric), which represents 61% of total available 110 raw-score

points (the recommended cut scores for Panels 1 and 2 are 68 and 66, respectively). The scaled score associated with a raw score of 67 on the Praxis Special Education: Core Knowledge and Applications assessment is 151.

Both panels confirmed that the knowledge and/or skills stated or implied in the Praxis Special Education: Core Knowledge and Applications assessment content specifications were important for entry-level teachers. The results of the evaluation surveys (initial and final) from each panel support the quality of the standard-setting implementation.

APPENDIX B
Workshop Agenda

AGENDA

Praxis Special Education: Core Knowledge and Applications

Standard Setting Study

Day 1

9:00 – 9:15	Welcome and Introductions
9:15 – 9:45	Overview of Standard Setting & Workshop Events
9:45 – 9:55	Overview of the Praxis Special Education Assessment
9:55 – 10:00	Break
10:00 – 11:30	**"Take" the Praxis** Special Education Assessment
11:30 – 12:00	Discuss the Praxis Special Education Assessment
12:00 – 1:00	Lunch
1:00 – 2:55	Define the Knowledge/Skills of a JQC
2:55 – 3:00	Break
3:00 – 3:30	Standard Setting Training
3:30 – 5:00	Round 1 Standard Setting Judgments for Questions 1-60
5:00 – 5:15	Collect Materials; End of Day 1

AGENDA

Praxis Special Education: Core Knowledge and Applications

Standard Setting Study

Day 2

9:00 – 9:15	Overview of Day 2
9:15 – 9:30	Review of the Standard Setting Process
9:30 – 11:00	Round 1 Standard Setting Judgments for Question 61-120
11:00 – 11:15	Break
11:15 – 12:00	Round 1 Feedback & Round 2 Judgments
12:00 – 1:00	Lunch
1:00 – 2:30	Round 1 Feedback & Round 2 Judgments (continued)
2:30 – 2:45	Break
2:45 – 3:15	Specification Judgments
3:15 – 3:30	Feedback on Round 2 Recommended Cut Score
3:30 – 3:45	Complete Final Evaluation
3:45 – 4:00	Collect Materials; End of Study

APPENDIX C
Just Qualified Candidate (JQC) Definition

Description of a Just Qualified Beginning Special Education Teacher

1. Understands typical and atypical human development and behavior
2. Understands the basic characteristics and defining factors for each of the major disability categories under IDEA
3. Knows the basic characteristics and elements of lesson plans and applies them to diverse learners and environments
4. Knows how to design and implement positive behavior support systems for individuals and groups
5. Understands and applies research-based approaches to differentiating and delivering instruction to meet individual learning/behavior/social needs and styles
6. Can select, administer and interpret appropriate formal and informal assessments to make informed instructional decisions
7. Knows the major components of IDEA and other legal mandates
8. Can communicate and collaborate with families and professionals
9. Identifies and creates basic preventive strategies and interventions for at-risk learners

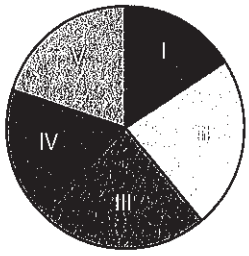
Special Education: Core Knowledge and Applications (5354)

Test at a Glance	
Test Name	Special Education: Core Knowledge and Applications
Test Code	5354
Time	2 hours
Number of Questions	120
Format	Selected-response questions
Test Delivery	Computer delivered



Content Categories	Approximate Number of Questions	Approximate Percentage of Examination
I. Development and Characteristics of Learners	20	16%
II. Planning and the Learning Environment	27	23%
III. Instruction	27	23%
IV. Assessment	22	18%
V. Foundations and Professional Responsibilities	24	20%

About This Test

The Special Education: Core Knowledge and Applications test is designed for examinees who plan to teach in a special education program at any grade level from preschool through grade 12. The questions on the test assess an examinee's knowledge of the basic principles of special education and the application of these principles to realistic situations. Its focus is on five major content areas: Development and Characteristics of Learners, Planning and the Learning Environment, Instruction, Assessment, and Foundations and Professional Responsibilities. Questions may address disabilities of any degree varying from mild to profound.

This test may contain some questions that will not count toward your score.

NOTE: The fifth edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5) was published in May 2013 with revisions to the criteria for the diagnosis and classifications of mental disorders. In the interest of fairness, and to allow time for educator preparation programs to integrate such changes into their curricula, Praxis test materials will continue to reference the terminology, criteria, and classifications referred to in the fourth edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-IV-TR) until further notice.

Re: EARLY CHILDHOOD/SPECIAL EDUCATION INTEGRATED (BIRTH-K) PEDAGOGY TEST

Educator Licensure Test

Current Early Childhood/SPED Integrated (B-K) Pedagogy Test	Recommended Early Childhood/SPED Integrated (Birth-K) Pedagogy Test
No Early Childhood/SPED Integrated (B-K) pedagogy test currently adopted	Principles of Learning and Teaching: Early Childhood (5621) Cut Score: 157
	Effective September 1, 2016

Rationale

To accommodate educator licensure requirements, the ADE recommends adopting the Principles of Learning and Teaching: Early Childhood (5621) as the pedagogy test for a first time license in Early Childhood SPED Integrated (B-K). The content tests already adopted for the Early Childhood/SPED Integrated (B-K) **endorsement** are the Interdisciplinary Early Childhood Education (5023) and the Education of Young Children (5024).

Licensure test requirements for a **first-time license** in Early Childhood/SPED Integrated (B-K) would be:

- Interdisciplinary Early Childhood Education (5023),
- Education of Young Children (5024), and
- Principles of Learning and Teaching: Early Childhood (5621)

The Principles of Learning and Teaching: Early Childhood (5621) is currently the required pedagogy test for the Early Childhood (P-4) license with a cut score of 157.

The two-hour assessment is divided into two parts. Part A contains 70 multiple-choice questions covering Students as Learners (approximately 21 questions), Instructional Process (approximately 21 questions), Assessment (approximately 14 questions), and Professional Development, Leadership & Community (approximately 14 questions). Part B contains four constructed-response questions covering the same four content areas as Part A. While the sections are not separately timed, suggested time limits of 70 minutes for Part A and 50 minutes for Part B are given to the candidates.

Educational Testing Service (ETS) provided a Technical Report (attached) from a March 2011 multistate standard setting study. The test review panel was comprised of elementary education practitioners and higher education faculty and included one Arkansas representative. ETS provided a recommended passing score of 157 on a 100-200 scale.

For the **first-time license** in Early Childhood/SPED Integrated (B-K), the ADE recommends adopting the Principles of Learning and Teaching: Early Childhood (5621) with a cut score of 157 effective September 1, 2016.

Executive Summary

To support the decision-making process for state departments of education with regards to establishing a passing score, or cut score, for a revised assessment in the Praxis Series™ — Principles of Learning and Teaching (PLT): Early Childhood (0621) — research staff from Educational Testing Service (ETS) designed and conducted two multi-state standard-setting studies. The studies also collected content-related validity evidence to confirm the importance of the content specifications for entry-level early childhood teachers.

Participating States

Panelists from 12 states (including Washington, D.C.) were recommended by state departments of education to participate on expert panels. The state departments of education recommended panelists with (a) education experience, either as early childhood teachers or college faculty who prepare early childhood teachers and (b) familiarity with the knowledge and skills required of beginning early childhood teachers.

Recommended Cut Scores

The recommended cut scores for each panel, as well as the average cut score across the two panels, are provided to help state departments of education determine an appropriate cut (or passing) score. For the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment, the average recommended cut score (rounded up) is 58 (on the raw score metric), which represents 62% of total available 93 raw score points (the recommended cut scores for Panels 1 and 2 are 59 and 58, respectively). The scaled score associated with a raw score of 58 is 157.

Summary of Content Specification Judgments

Panelists judged the extent to which the knowledge and/or skills reflected by the content specifications were important for entry-level early childhood teachers. The favorable judgments of the panelists provided evidence that the content of the assessment is important for beginning practice.

To support the decision-making process for state departments of education with regards to establishing a passing score, or cut score, for a revised assessment in the Praxis Series™ — Principles of Learning and Teaching (PLT): Early Childhood (0621) — research staff from Educational Testing Service (ETS) designed and conducted two multi-state standard-setting studies. The studies also collected content-related validity evidence to confirm the importance of the content specifications for entry-level early childhood teachers. Panelists were recommended by state departments of education[1] to participate on the two expert panels. The state departments of education recommended panelists with (a) education experience, either as early childhood teachers or college faculty who prepare early childhood teachers and (b) familiarity with the knowledge and skills required of beginning early childhood teachers.

The two, non-overlapping panels (a) allow each participating state to be represented and (b) provide a replication of the judgment process to strengthen the technical quality of the recommended passing score. For the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment, 12 states (see Table 1) were represented by 30 panelists across the two panels, including Washington, D.C. (See Appendix A for the names and affiliations of the panelists.)

[1] State departments of education that currently use one or more Praxis tests were invited to participate in the multi-state standard-setting studies.

Table 1

Participating States (and number of panelists) for Multi-State Panels

Arkansas (1 panelist)	North Dakota (3 panelists)
Hawaii (2 panelists)	Ohio (1 panelist)
Indiana (4 panelists)	South Carolina (5 panelists)
Kansas (2 panelists)	South Dakota (1 panelist)
Louisiana (2 panelists)	Utah (4 panelists)
Maryland (1 panelist)	Washington, DC (4 panelists)

Note. Arkansas, Maryland, Ohio, and South Dakota were represented on only one of the two panels.

The panels were convened in February 2011 in Princeton, New Jersey. For both panels, the same processes and methods were used to train panelists, gather panelists' judgments and to calculate the recommended passing score, or cut score.

The following technical report is divided into three sections. The first section describes the content and format of the assessment. The second section describes the standard-setting processes and methods used. The third section presents the results of the standard-setting studies.

The passing score recommendation for the assessment is provided to each of the represented state departments of education. In each state, the department of education, the state board of education, or a designated educator licensure board is responsible for establishing the final passing score in accordance with applicable state regulations.

The first national administration of the new Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment will occur in fall 2011.

Overview of the Praxis Series™ Assessment

The *Praxis Principles of Learning and Teaching: Early Childhood Test at a Glance* document (ETS, in press) describes the purpose and structure of the assessment. In brief, the assessment measures whether entry-level early childhood teachers have the content knowledge and skills believed necessary for competent professional practice. A National Advisory Committee of expert practitioners and preparation faculty defined the content of the assessment, and a national survey of the field confirmed the content.

The two hour assessment is divided into two parts. Part A contains 70 multiple-choice questions covering *Students as Learners* (approximately 21 questions), *Instructional Process* (approximately 21 questions), *Assessment* (approximately 14 questions), and *Professional Development, Leadership & Community* (approximately 14 questions)[2]. Part B contains four constructed-response questions covering the same four content areas as Part A. While the sections are not separately timed, suggested time limits of 70 minutes for Part A and 50 minutes for Part B are given to the candidates.

Candidate scores on the two parts are combined and reported as an overall score; five category scores – one for each content area covered in Part A and one for the four constructed-response questions in Part B – also are reported. The constructed-response questions in Part B are weighted to contribute 25% of the total raw-score points. The maximum total number of raw points that may be earned on each assessment is 93, 70 points from Part A and 23 points from Part B. The reporting scales for the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment ranges from 100 to 200 scaled-score points.

Processes and Methods

For both expert panels, the same processes and methods were used to train panelists, gather panelists' judgments and to calculate the recommended passing score, or cut score. The following section describes the processes and methods used. (The agenda for the panel meetings is presented in Appendix A.)

The design of the standard-setting study included two non-overlapping expert panels. The training provided to panelists as well as the study materials were consistent across panels with the

[2] The number of questions for each content area may vary slightly from form to form of the assessment.

exception of defining the Just Qualified Candidate (JQC). To assure that both panels were using the same frame of reference when making question-level standard-setting judgments, the JQC definition developed through a consensus process by the first panel was used as the definition for the second panel. The second panel did complete a thorough review of the definition to allow panelists to internalize the definition. The processes for developing the definition (with Panel 1) and reviewing/internalizing the definition (with Panel 2) are described later, and the Just Qualified Candidate definitions are presented in Appendix C.

The panelists were sent an e-mail explaining the purpose of the standard-setting study and requesting that they review the test content specifications for the assessment (included in the *Test at a Glance* document, which was attached to the e-mail). The purpose of the review was to familiarize the panelists with the general structure and content of the assessment.

The standard-setting study began with a welcome and introduction by the meeting facilitator, Dr. Clyde Reese from the Center for Validity Research. He explained how the assessment was developed, provided an overview of standard setting, and presented the agenda for the study.

Reviewing the Assessment

The first activity was for the panelists to "take the test." (Each panelist had signed a nondisclosure form.) The panelists were given approximately an hour and a half to respond to the multiple-choice questions and to sketch responses to the constructed-response questions. (Panelists were instructed not to refer to the answer key for the multiple-choice questions while taking the test.) The purpose of "taking the test" was for the panelists to become familiar with the test format, content, and difficulty. After "taking the test," the panelists checked their responses against the answer key for the multiple-choice questions and the scoring rubric for the constructed-response questions.

The panelists then engaged in a discussion of the major content areas being addressed by the assessment; they were also asked to remark on any content areas that they thought would be particularly challenging for entering teachers, and areas that addressed content that would be particularly important for entering teachers.

Defining the Just Qualified Candidate

Following the review of the assessment, panelists internalized the definition of the Just Qualified Candidate (JQC). The JQC is the test taker who has the minimum level of knowledge and/or skills believed necessary to be a qualified early childhood teacher. The JQC definition is the operational definition of the cut score. The goal of the standard-setting process is to identify the test score that aligns with this definition of the JQC.

In Panel 1, the panelists were split into smaller groups, and each group was asked to write down their definition of a JQC. Each group referred to the Praxis Principles of Learning and Teaching: Early Childhood *Test at a Glance* to guide their definition. Each group posted its definition on chart paper, and a full-panel discussion occurred to reach consensus on a definition (see Appendix C for the definition).

In Panel 2, the panelists began with the definition of the JQC developed by the first panel. Given that the multi-state standard-setting study was designed to replicate processes and procedures across the two panels, it was important that both panels use consistent JQC definitions to frame their judgments. For Panel 2, the panelists reviewed the JQC definition, and any ambiguities were discussed and clarified. The panelists then were split into smaller groups, and each group developed performance indicators or "can do" statements based on the definition. The purpose of the indicators was to provide clear examples of what might be observed to indicate that the teacher had the defined knowledge. The performance indicators were shared across the group, and discussed and added to the definition (see Appendix C for the definition with "can do" statements).

Panelists' Judgments

The standard-setting process for the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment was conducted for the overall test, though one standard-setting approach was implemented for Part A (multiple-choice questions) and another approach was implemented for Part B (constructed-response questions). The panel's passing score for the assessment is the sum of the interim cut scores recommended by the panelists for each section. As with scoring and reporting, the panelists' judgments for Part B, the constructed-response questions, were weighted such that Part B contributed 25% of the overall score.

Standard Setting for Part A (multiple-choice questions). A probability-based Angoff method (Brandon, 2004; Hambleton & Pitoniak, 2006) was used for Part A (multiple-choice questions). In this approach, for each question, a panelist decides on the likelihood (probability or chance) that a JQC would answer it correctly. Panelists made their judgments using the following rating scale: 0, .05, .10, .20, .30, .40, .50, .60, .70, .80, .90, .95, 1. The lower the value, the less likely it is that a JQC would answer the question correctly, because the question is difficult for the JQC. The higher the value, the more likely it is that a JQC would answer the question correctly.

For each panel, the panelists were asked to approach the judgment process in two stages. First, they reviewed the definition of the JQC and the question and decided if, overall, the question was difficult for the JQC, easy for the JQC, or moderately difficult/easy. The facilitator encouraged the panelists to consider the following rule of thumb to guide their decision:

- difficult questions for a JQC were in the 0 to .30 range;
- moderately difficult/easy questions for a JQC were in the .40 to .60 range; and
- easy questions for a JQC were in the .70 to 1 range.

The second decision was for panelists to decide how they wanted to refine their judgment within the range. For example, if a panelist thought that a question was easy for a JQC, the initial decision located the question in the .70 to 1 range. The second decision was for the panelist to decide if the likelihood of answering it correctly was .70, .80, .90, .95, or 1.0. The two-stage decision-process was implemented to reduce the cognitive load placed on the panelists. The panelists practiced making their standard-setting judgments on four questions on the assessment.

The panelists engaged in two rounds of judgments. Following Round 1, question-level feedback was provided to the panel. The panelists' judgments were displayed for each question. The panelists' judgments were summarized by the three general difficulty levels (0 to .30, .40 to .60, and .70 to 1), and the panel's average question judgment was provided. Questions were highlighted to show when panelists converged in their judgments (at least two-thirds of the panelists located a question in the same difficulty range) or diverged in their judgments. Panelists were asked to share their rationales for the judgments they made. Following this discussion, panelists were provided an opportunity to change their question-level standard-setting judgments (Round 2).

Other than the definition of the JQC, results from Panel 1 were not shared with the second panel. The question-level judgments and resulting discussions for Panel 2 were independent of judgments and discussions that occurred with Panel 1.

Standard Setting for Part B (constructed-response questions). An Extended Angoff method (Cizek & Bunch, 2007; Hambleton & Plake, 1995) was used for Part B (constructed-response questions). In this approach, for each question, a panelist decides on the assigned score value that would most likely be earned by a JQC. The basic process that each panelist followed was first to review the definition of the JQC and then to review the question and the rubric for that question. The rubric for a question defines holistically the quality of the evidence that would merit a response earning a score of 2, 1 or 0. During this review, each panelist independently considered the level of knowledge and/or skill required to respond to the question and the features of a response that would earn 2, 1, or 0 points, as defined by the rubric.

A test taker's response to a constructed-response question is independently scored by two raters, and the sum of the raters' scores is the assigned score[3]; possible scores, therefore, range from zero (both raters assigned a score of zero) to four (both raters assigned a score of two). Each panelist decided on the score most likely to be earned by a JQC from the following possible values: 0, 1, 2, 3, 4. For each of the four constructed-response questions, panelists recorded the score (0 through 4) that a JQC would most likely earn. The panelists practiced making their standard-setting judgments on the first constructed-response question in Part B.

Consistent with the standard-setting process used for Part A, the panelists engaged in two rounds of judgments for Part B. Following Round 1, question-level feedback was provided to the panel. The panelists' judgments were displayed for each question. The panelists participated in a general discussion of the results. Panelists were asked to share their rationales for the judgments they made. Following this discussion, panelists were provided an opportunity to change their question-level standard-setting judgments (Round 2).

As with Part A, results from Panel 1 were not shared with the second panel. The question-level judgments and resulting discussions for Panel 2 were independent of judgments and discussions that occurred with Panel 1.

[3] If the two raters' scores differ by more than one point (non-adjacent), the Chief Reader for that question assigns the score, which is then doubled.

Judgment of Content Specifications

In addition to the two-round standard-setting process, each panel judged the importance of the knowledge and/or skills stated or implied in the assessment content specifications for the job of an entry-level early childhood teacher. These judgments addressed the perceived content-based validity of the assessment. Judgments were made using a four-point Likert scale — V*ery Important*, I*mportant*, S*lightly Important*, and N*ot Important*. Each panelist independently judged the knowledge categories and knowledge/skills statements.

Results

Results are presented separately for the two panels. The recommended cut scores for each panel, as well as the average cut score across the two panels, are provided to help state departments of education determine an appropriate cut (or passing) score.

Expert Panels

The standard-setting study included two expert panels. The various state departments of education recruited panelists to represent a range of professional perspectives. A description of the panels is presented below. (See Appendix A for a listing of panelists for each panel.)

Panel 1 included 17 teachers, administrators, and college faculty who prepare teachers, representing 11 states. In brief, 11 panelists were teachers, one was an administrator, and one was college faculty. All of the panelists who were college faculty were currently involved in the training or preparation of teachers. Fourteen panelists were White and three were Black or African American. Fourteen panelists were female. Most the panelists reported being certified teachers in their states (13 of the 17 panelists or 76%). Approximately one-third of panelists (6 of the 17 panelists or 35%) had seven or fewer years of experience as a teacher.

Panel 2 included 13 teachers, administrators, and college faculty who prepare teachers, representing nine states. In brief, eight panelists were teachers, one was an administrator, three were college faculty, and one indicated "Other." All of the panelists who were college faculty were currently involved in the training or preparation of teachers. Ten panelists were White, one was Black or African American, one was Asian or Asian American, and one indicated "Other." All of the panelists were

female. Twelve panelists reported being certified teachers in their states. Five of panelists (38%) had seven or fewer years of experience teaching and five had 12 or more years of experience teaching.

A fuller demographic description for the members of the two panels is presented in Tables D1 and D2 in Appendix D.

Initial Evaluation Forms

The panelists completed an initial evaluation after receiving training on how to make question-level judgments. The primary information collected from this form was the panelists indicating if they had received adequate training to make their standard-setting judgments and were ready to proceed. Across both panels, all panelists indicated that they were prepared to make their judgments.

Summary of Standard-Setting Judgments by Round

A summary of each round of standard-setting judgments for Part A (multiple-choice questions), Part B (constructed-response questions), and the overall assessment is presented in Appendix D. The numbers in each table reflect the recommended cut scores — the number of raw points needed to "pass" the part or assessment — of each panelist for the two rounds. For Part B, weighted cut scores are presented; for the overall assessment, the weighted cut scores (i.e., sum of Part A and the weighted Part B cut scores) are presented. Note that the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment reports a single, overall score and that the panel is recommending a single cut score for the combination of Parts A and B. The separate "cut scores" for the two parts are intermediate steps in calculating the overall cut score. The panel's average recommended cut score and highest and lowest cut scores are reported, as are the standard deviations (SD) of panelists' cut scores and the standard errors of judgment (SEJ). The SEJ is one way of estimating the reliability of the judgments[4]. It indicates how likely it would be for other panels of educators similar in make-up, experience, and standard-setting training to the current panels to recommend the same cut score on the same form of the assessment. A comparable panel's cut score would be within 1 SEJ of the current average cut score 68 percent of the time and within 2 SEJs 95 percent of the time.

[4] An SEJ assumes that panel members are randomly selected and that standard-setting judgments are independent. It is seldom the case that panel members are randomly sampled, and only the first round of judgments may be considered independent. The SEJ, therefore, likely underestimates the uncertainty of cut scores (Tannenbaum & Katz, forthcoming).

Round 1 judgments are made without discussion among the panelists. The most variability in judgments, therefore, is typically present in the first round. Round 2 judgments, however, are informed by panel discussion; thus, it is common to see a decrease both in the standard deviation and SEJ. This decrease — indicating convergence among the panelists' judgments — was observed for both panels. The Round 2 average total score is the panel's recommended cut score (passing score).

The panels' cut score recommendations for the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment are 58.57 for Panel 1 and 57.20 for Panel 2 (see Tables D3 and D4 in Appendix D). The values were rounded to the next highest whole number to determine the functional recommended cut scores — 59 for Panel 1 and 58 for Panel 2. The values of 59 and 58 represent approximately 63% and 62%, respectively, of the total available 93 raw-score points that could be earned on the assessment. The scaled scores associated with 59 and 58 raw points are 159 and 157, respectively.[5]

Table D5 (in Appendix D) presents the estimated standard errors of measurement (SEM) around the recommended cut scores for each panel. A standard error represents the uncertainty associated with a test score. The scaled scores associated with 1 and 2 SEMs above and below the recommended cut scores are provided. The standard errors provided are an estimate, given that the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment has not yet been administered.

In addition to the recommended cut score for each panel, the average cut score across the two panels is provided to help state departments of education determine an appropriate cut (or passing) score for the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment. The panels' average cut score recommendation for the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment is 57.89. The value was rounded to 58 (next highest raw score) to determine the functional recommended cut score. The value of 58 represents approximately 62% of the total available 93 raw-score points that could be earned on the assessment. The scaled score associated with 58 raw points is 157. Table D5 (in Appendix D) presents the standard error of measurement (SEM) around the recommended cut score combining the information from the two panels.

[5] For reference purposes, if the recommended raw cut score was 57 points, the scaled score would be 156.

Summary of Content Specification Judgments.

Panelists judged the extent to which the knowledge and/or skills reflected by the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment content specifications were important for entry-level early childhood teachers. Panelists rated the knowledge categories and knowledge/skills statements on a four-point scale ranging from *Very Important* to *Not Important*. The panelists' ratings are summarized in Table D6 (in Appendix D).

All of the 64 knowledge/skill statements that comprise the content specifications ("Knows the major contributions of foundational behavioral theorists to education") were judged to be *Important* or *Very Important* by a majority of the panelists. Fifty-seven of the 64 statements, or 89% of the statements, were judged to be *Important* or *Very Important* by 80% or more of the panelists. The major knowledge categories "Student Development and the Learning Process", "*Students as Diverse Learners,*" and *"Planning Instruction,"* were judged to be *Very Important* by at least three-quarters of the panelists.

Summary of Final Evaluations

The panelists completed an evaluation form at the conclusion of their standard-setting study. The evaluation form asked the panelists to provide feedback about the quality of the standard-setting implementation and the factors that influenced their decisions. Tables D7 and D8 (in Appendix D) present the results of the final evaluations.

All panelists *agreed* or *strongly agreed* that they understood the purpose of the study and that the facilitator's instructions and explanations were clear. All panelists *agreed* or *strongly agreed* that they were prepared to make their standard-setting judgments. Across the two panels, all of the panelists *strongly agreed* or *agreed* that the standard-setting process was easy to follow.

All panelists reported that the definition of the JQC was at least *somewhat influential* in guiding their standard-setting judgments; 87% of panelists indicated the definition was *very influential*. All of the panelists reported that between-round discussions were at least *somewhat influential* in guiding their judgments. Nearly two-thirds of the panelists (18 of the 30 panelists) indicated that the knowledge/skills required to answer each question as *very influential* in guiding their judgments.

There were similar ratings between the two panels when asked to respond to their level of comfort with their panel's recommended passing score. All but three of the panelists indicated they were *very* or *somewhat comfortable* with their recommendation. One panelist (on Panel 1) indicated s/he was *very uncomfortable* with the panel's cut score recommendation. For both panels, nearly all panelists indicated that the recommend cut score was *about right* (76% for Panel 1 and 92% for Panel 2). Three panelists from Panel 1 indicated the cut score was *too low*.

Summary

To support the decision-making process for state departments of education with regards to establishing a passing score, or cut score, for a revised assessment in the Praxis Series™ — Principles of Learning and Teaching (PLT): Early Childhood (0621) — research staff from Educational Testing Service (ETS) designed and conducted two multi-state standard-setting studies. The studies also collected content-related validity evidence to confirm the importance of the content specifications for entry-level early childhood teachers.

The recommended cut scores for each panel, as well as the average cut score across the two panels, are provided to help state departments of education determine an appropriate cut (or passing) score. For the Praxis Principles of Learning and Teaching: Early Childhood (0621) assessment, the average recommended cut score (rounded up) is 58 (on the raw score metric), which represents 62% of total available 93 raw score points (the recommended cut scores for Panels 1 and 2 are 59 and 58, respectively). The scaled score associated with a raw score of 58 is 157.

Panelists judged the extent to which the knowledge and/or skills reflected by the content specifications were important for entry-level early childhood teachers. The favorable judgments of the panelists provided evidence that the content of the assessment is important for beginning practice.

Workshop Agenda

Praxis Principles of Learning and Teaching: Early Childhood Assessments

Standard Setting Study

Day 1

8:00 – 8:15	**Welcome and Introduction** • **Overview of Workshop Events**
8:15 – 8:45	**Overview of Standard Setting & Workshop Events**
8:45 – 9:15	**Overview of the Praxis PLT: Early Childhood Assessment**
9:15 – 9:20	**Break**
9:20 – 11:00	**"Take" the Praxis PLT Assessment**
11:00 – 11:30	**Discuss the Praxis PLT Assessment**
11:30 – 12:00	**Define the Knowledge/Skills of a JQC**
12:00 – 12:45	**Lunch**
12:45 – 3:00	**Define the Knowledge/Skills of a JQC (continued)**
3:00 – 3:05	**Break**
3:05 – 3:30	**Standard Setting Training for M-C Items**
3:30 – 5:15	**Round 1 Standard Setting Judgments for Multiple-Choice**
5:15 – 5:30	**Collect Materials; End of Day 1**

Praxis Principles of Learning and Teaching: Early Childhood Assessments

Standard Setting Study

Day 2

9:00 – 9:15	**Overview of Day 2**
9:15 – 9:45	**Standard Setting Training for CR Items**
9:45 – 10:15	**Round 1 Standard Setting Judgments for Constructed-Response**
10:15 – 10:30	**Break**
10:30 – 12:00	**Round 1 Feedback & Round 2 Judgments**
12:00 – 1:00	**Lunch**
1:00 – 2:15	**Round 1 Feedback & Round 2 Judgments (continued)**
2:15 – 3:00	**Specification Judgments**
3:00 – 3:15	**Feedback on Round 2 Recommended Cut Score**
3:15 – 3:30	**Complete Final Evaluation**
3:30 – 3:45	**Collect Materials; End of Study**

Appendix C

Just Qualified Candidate (JQC) Definitions

Description of a Just Qualified Candidate
Panel 1

A JQC ...

1. understands how basic concepts of child development, learning theory, and motivational theory impact student behaviors and the instructional process
2. understands how a number of learner variables—such as gender, background culture, language, learning styles, socioeconomic status, prior knowledge, and areas of exceptionality affect student learning and performance
3. knows a variety of developmentally appropriate instructional strategies and resources for supporting student learning (e.g., differentiation, modeling, small groups, learning centers, etc.)
4. knows the principles of and strategies for creating a safe and effective learning environment including how the environment contributes to holistic development
5. understands a variety of communication tools and strategies and how to use them effectively in different contexts
6. knows of major federal laws related to education and professional responsibilities
7. can select and/or create developmentally appropriate and measurable objectives that are aligned with standards, instruction, and assessment
8. can select and/or create an appropriate assessment (formal or informal) to meet instructional objectives
9. can understand, use and interpret assessments and use results to inform instruction
10. understands the importance of and strategies for continued professional development

Description of a Just Qualified Candidate with Example "Can Do" Statements
Panel 2

A JQC ...

1. understands how basic concepts of child development, learning theory, and motivational theory impact student behaviors and the instructional process
    a. can write an age appropriate (but not necessarily developmentally appropriate) lesson plan
    b. can recognize developmental milestones
2. understands how a number of learner variables—such as gender, background culture, language, learning styles, socioeconomic status, prior knowledge, and areas of exceptionality affect student learning and performance
    a. can initiate self-reflection (e.g., on instruction/performance) on an occasional basis
    b. can access at least one to two credible resources to obtain the information
3. knows a variety of developmentally appropriate instructional strategies and resources for supporting student learning (e.g., differentiation, modeling, small groups, learning centers, etc.)
    a. can abstractly compare the pros and cons of different instructional methods
    b. can plan and implement the basic components and materials in learning centers
4. knows the principles of and strategies for creating a safe and effective learning environment including how the environment contributes to holistic development
    a. can plan an initial age-appropriate routine for the class that may need adjusting and have a general setup for the room
    b. can plan an environment that addresses multiple domains
5. understands a variety of communication tools and strategies and how to use them effectively in different contexts
    a. can generally use an appropriate method of communication based on the situation
    b. can initiate communication with some colleagues
6. knows of major federal laws related to education and professional responsibilities
    a. can recognize situations where they have a legal obligation to act
    b. can describe and maintain confidentiality
7. can select and/or create developmentally appropriate and measurable objectives that are aligned with standards, instruction, and assessment
    a. can plan and write activities related to the standards
    b. can select appropriate objectives from a credible source

Description of a Just Qualified Candidate with Example "Can Do" Statements
Panel 2 (continued)

A JQC …

8. can select and/or create an appropriate assessment (formal or informal) to meet instructional objectives
    a. can track student performance in some way
    b. can select but not create an appropriate assessment
9. can understand, use and interpret assessments and use results to inform instruction
    a. can communicate classroom test results to parents
    b. can adjust instruction based on student or class performance on some formal and informal assessments
10. understands the importance of and strategies for continued professional development
    a. can set a personal professional development goal
    b. can locate opportunities for continued professional development

Critical Academic Licensure Shortage Areas
for the 2016-2017 School Year

In accordance with Arkansas Code § 6-15-403, the State Board of Education has authority to annually declare critical teacher shortage areas. As described in Arkansas Code Annotated §§ 6-81-608 and 609 (Incentives for Additional Licensure), 6-81-1601 through 6-81-1606 (Financial Incentives for Teaching in Shortage Areas), and 6-85-101 (Academic Challenge Scholarship), teachers in these critical shortage areas may be entitled to financial incentives.

Written objective standards (see attached Table 1) were used in developing the proposed teacher shortage areas. Waivers are granted to public schools as well as private schools in Arkansas, and the proposed teacher shortage areas meet the specific requirements found in 34 CFR 682.210(q)(6)(iii). Standards used to determine the shortage areas are based on the most recent available data (2014-2015 school year) for the following factors:

a) Numbers of teachers preparing for Arkansas educator licenses
b) Numbers of teachers receiving Arkansas licenses for the first time
c) Numbers of vacancies or long-term substitutes in the classrooms in Arkansas public schools
d) Numbers of waivers granted to teachers teaching out of their area of licensure
e) Potential losses in the teacher workforce due to attrition and retirement

Based on calculations utilizing the above factors, the following areas were determined to be critical academic shortage areas in Arkansas for the 2016-2017 school year.

Agriculture Sci. & Tech.	Library Media
Art	Mathematics
Computer Science *	Physical Science (Chemistry, Physics) **
Family and Consumer Sci.	Spanish
French	Special Education

* Computer Science is identified as a shortage area based on extranormal criteria. Because there were no teacher, substitute teacher, or waiver data for Computer Science available in 2014-2015, Computer Science did not fit in the criteria used to determine the other shortage areas. New legislation (Act 187) requires that every Arkansas public high school and public charter high school offer at least one Computer Science course at the high school level. However, Computer Science is a new educator license area and while there is therefore a need for over 250 licensed Computer Science teachers, there are very few teachers currently licensed in this area.

** Due to the recent change in licensure from the area of Physical Science to individual areas of Chemistry and Physics, these two are disaggregated and offered as individual shortage areas for 2016-2017.

These critical shortage areas have been approved by the US Department of Education and may benefit student grant and loan recipients who qualify pursuant to specific provisions addressed in regulations concerning Federal student financial aid programs. These programs are administered by the Arkansas Department of Higher Education, Financial Aid Office.

Table 1. Arkansas Shortage Area Table – Dec. 2015 for 2016-2017

Computer Science	New requirement for '15-'16				xxxx			xxxx			xxxx			xxxx			**xxxx**

Definitions:

Preparing - Those enrolled in programs of study for the license.
Potential New Hires - Those who received educator licenses for the first time in.
Vacancies/Subs - Those classes taught by long-term substitute teachers.
Waivers - Those classes taught by teachers teaching out of their area of licensure.
Potential for need - Those who retired in '14-'15, or are expected to retire in the near future based on age and years of service.

Criteria/Calculations:

Each factor was calculated as a percentage of the # of educators in each area, and given a score accordingly.
Positive factors (numbers of first time licenses issued and numbers preparing for licenses) were compiled and added to the standard of 100.
Negative factors (Vacancies, Waivers and Retirement/Potential) were calculated and subtracted from the standard.
License areas with scores less than 100 indicated a greater need than supply, and were determined to be shortage areas.

ARKANSAS DEPARTMENT OF EDUCATION
POLICIES GOVERNING EDUCATOR PREPARATION PROGRAM APPROVAL
~~_____~~, April 2016

1.0 REGULATORY AUTHORITY AND PURPOSE

1.01 These rules shall be known as Arkansas Department of Education Policies Governing Educator Preparation Program Approval.

1.02 The State Board of Education enacts these policies pursuant to its authority as set forth in Ark. Code Ann. §§ 6-11-105, 6-17-422, and 25-15-201 et seq.

1.03 It is the purpose of these policies to set forth the requirements for Arkansas Department of Education (ADE) approval of educator licensure programs offered by a college or university in Arkansas. The policies establish a framework for educator preparation programs, but do not prohibit an educator preparation provider from exceeding the minimum standards in these rules.

1.04 These policies are to be viewed in conjunction with and do not replace the Arkansas Department of Education Rules Governing Educator Licensure. If a conflict exists between these policies and the Rules Governing Educator Licensure, the Rules Governing Educator Licensure shall take precedence over the policies.

2.0 DEFINITIONS

For these policies the following terms are defined:

2.01 **Accreditation** of an institution of higher learning, educator preparation provider, or program of study is the official recognition granted to the institution of higher learning, educator preparation provider or program of study that meets the standards of quality established by the accrediting agency.

2.02 **ADE** is the Arkansas Department of Education.

2.03 **ADHE** is the Arkansas Department of Higher Education.

2.04 **CAEP** is the Council for the Accreditation of Educator Preparation.

2.05 **Candidate** is an individual who has been admitted into an educator licensure program.

2.06 **Data Literacy** means the knowledge and skill in accessing, generating, and analyzing data from a variety of sources to facilitate instruction and decision-making.

MARKUP

2.07 **Disciplinary Literacy** means the knowledge and skills in reading, writing, and reasoning processes that are specific to the intellectual beliefs and methods by which scholarship is created in a content field.

2.08 **Disposition for Teaching** means the critical dispositions identified in the Arkansas Teaching Standards, including without limitation, the professional attitudes, values, and beliefs of an individual regarding instruction, and student learning and development, including beliefs that all students can learn and all teachers can improve their knowledge and skills.

2.09 **Distance Learning Technology** means the electronic or digital learning media, including the Internet, e-mail, television, and other audio-visual communication devices used to deliver instruction where the teacher and the students are in separate physical settings.

2.10 **Educator Licensure** is the official recognition by the State Board that an individual has met state requirements and has been authorized to practice as a professional educator in Arkansas.

2.11 **Educator Preparation Provider** is a college, school, department, or other administrative entity within an institution of higher education that is primarily responsible for coordinating all programs for the initial and advanced preparation of educators and other professional school personnel, also referred to as "provider".

2.12 **Field Experiences** means the activities for candidates in educator preparation programs that allow early and ongoing practice opportunities to apply content and pedagogical knowledge. These include observations, tutoring, assisting teachers and administrators, and practicums.

2.13 **General Studies** means the courses and other learning experiences in the liberal arts and sciences that students in degree programs normally complete during the first two years of their higher education experience.

2.14 **NCATE** is the National Council for Accreditation of Teacher Education.

2.15 **Nontraditional Educator Licensure Program** at an institution of higher education means a graduate-level preparation program designed for individuals seeking licensure as a teacher who did not complete an undergraduate educator preparation program but which, under the Arkansas Department of Education rules for nontraditional licensure, allows them to serve as teacher of record while enrolled in a program of study.

2.16 **PLSB** means the Arkansas Professional Licensure Standards Board.

MARKUP

2.17 **Program or Program of Study** means a curriculum that is aligned with the Arkansas Teaching Standards, and that requires a candidate to demonstrate and document competency in the specific knowledge, skills, and dispositions for a particular endorsement to an educator's license, a licensure content area, or level of licensure provided by a college or university accredited and approved under these rules.

2.18 **Provisional Teaching License** means a temporary, non-renewable license, which is issued by the State Board to an individual who has met certain requirements but not all of the requirements for a standard license that allows the holder to teach or work in Arkansas public schools.

2.19 **Specialized Professional Association (SPA)** means any of the national associations representing educators of specific subject areas, grade levels or student groups, administrators, or other school professionals that establish standards for candidates preparing for educator licensure.

2.20 **Standard Teaching License** means a five-year renewable license issued by the State Board that allows the license holder to teach in Arkansas public schools.

2.21 **State Board** means the Arkansas State Board of Education.

2.22 **Supervised Clinical Practice** means pre-service teaching or internship in a school setting that provides candidates with extensive opportunities to develop and demonstrate competence in the professional roles for which they are preparing, completed under the guidance and supervision of licensed practicing school personnel and college or university supervisory personnel. This includes internships and student teaching.

2.23 **Teacher Effectiveness Support System (TESS)** is an integrated evaluation, feedback, and support system under the Department of Education Rules Governing The Teacher Effectiveness and Support System that encourages teachers to improve their knowledge and instructional skills in order to improve student learning.

2.24 **Teacher of Record** means an individual (or individuals in a co-teaching assignment) who has been assigned the lead responsibility for a student's learning in a subject/course with aligned performance measures.

2.25 **Traditional Program for Educator Licensure** means an undergraduate program of study or graduate program of study at an institution of higher education that prepares candidates for traditional licensure as a teacher, school counselor, library media specialist, school administrator, or other school professional.

2.26 **Universal Design for Learning** means a scientifically valid framework for guiding educational practice that (A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills,

MARKUP

and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations and supports, and challenges and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient.

3.0 APPROVAL REQUIRED

Any educator licensure program offered by a college or university in Arkansas must be approved by the Arkansas Department of Education (ADE). These policies shall be effective beginning September 1, 2014 2016. As often as may be necessary, these policies will be reviewed by the Professional Licensure Standards Board (PLSB) and approved by the Arkansas State Board of Education (State Board).

4.0 POLICIES FOR INSTITUTIONS OF HIGHER EDUCATION PROVIDING PROGRAMS FOR EDUCATOR LICENSURE

4.01 Prior to program implementation, public institutions of higher education in Arkansas and any out-of-state institutions of higher education offering programs (including programs with online coursework) to students in Arkansas shall be approved by the Arkansas Higher Education Coordinating Board to offer certificate and degree programs leading to educator licensure in Arkansas.

4.02 Institutions of higher education that offer programs in Arkansas leading to educator licensure shall be accredited by a national or regional accrediting agency that is recognized by the United States Department of Education (USDE) or the Council for Higher Education Accreditation (CHEA).

5.0 POLICIES FOR EDUCATOR PREPARATION PROVIDERS

5.01 An educator preparation provider accredited by CAEP (or NCATE) and in compliance with all other policies set forth in this document is considered eligible by the ADE to provide professional education programs leading to educator licensure in Arkansas.

5.01.1 If a provider is not yet accredited by CAEP, it must be identified by CAEP either as accreditation eligible or as a candidate for accreditation before the ADE can approve any of its programs for educator licensure.

6.0 POLICIES FOR ALL PROGRAMS LEADING TO EDUCATOR LICENSURE (TRADITIONAL AND NONTRADITIONAL)

MARKUP

6.01 An educator licensure program proposed by an educator preparation provider that is CAEP accredited may be granted state approval upon review by the ADE in accordance with the *Protocol for the Review and Approval of Programs of Study Leading to Educator Licensure or Endorsement in Arkansas*.

6.02 The Department may grant provisional state approval upon review by the ADE until accreditation is achieved when an educator licensure program proposed by an educator preparation provider is identified by CAEP either as accreditation eligible or as a candidate for accreditation. If accreditation is not achieved within five (5) years of being identified by CAEP as accreditation eligible or as a candidate for accreditation, the provider's professional education programs will forfeit the provisional state approval, and no new students may be admitted into the programs but the Department may allow existing candidates to matriculate through the program.

6.03 Any revisions to an ADE-approved program of study for licensure shall be submitted to the ADE Office of Educator Licensure in accordance with the *Protocol for the Review and Approval of Programs of Study Leading to Educator Licensure or Endorsement in Arkansas*.

6.04 Before allowing a candidate to begin a supervised clinical practice, a program shall require candidates to apply to the Identification Bureau of the Arkansas State Police for a criminal records check and to the Department of Human Services for a Child Maltreatment Central Registry check and to successfully complete those background checks in accordance with the Department of Education Rules Governing Background Checks.

7.0 POLICIES FOR TRADITIONAL EDUCATOR LICENSURE PROGRAMS

7.01 Programs shall include curriculum that addresses requirements established by Arkansas statutes governing educator preparation and the ADE Rules Governing Educator Licensure, including without limitation, instruction in:

7.01.1 The state-approved Arkansas Teaching Standards and the appropriate content knowledge and pedagogical competencies for the respective licensure areas;

7.01.2 The *Code of Ethics for Arkansas Educators*;

7.01.3 Data literacy;

7.01.4 Disciplinary literacy;

7.01.5 Universal Design for Learning (UDL);

MARKUP

7.01.6 The Teacher Excellence and Support System, under Ark. Code Ann. 6-17-2801 et seq.;

7.01.7 Child maltreatment, under Ark. Code Ann. § 6-61-133;

7.01.8 Parental involvement, under Ark. Code Ann. § 6-15-1705;

7.01.9 Teen suicide awareness and prevention, under Ark. Code Ann. § 6-17-708; and

7.01.10 Information on the identification of students at risk for dyslexia and related disorders, under Ark. Code Ann. § 6-41-609.

7.02 All programs that prepare candidates for licensure to teach in grades birth through kindergarten (B-K), kindergarten through grade six (K-6), or grades four through eight (4-8) shall instruction in reading pedagogy. The instruction shall include theories and strategies for teaching reading, diagnosis of reading difficulties, intervention strategies for struggling readers and disciplinary literacy as identified in the competencies for educator licensure.

7.03 Programs that prepare candidates for middle childhood licensure to teach in grades four through eight (4-8) shall require concentrations in at least two content areas to be selected by the candidates from English-language arts, mathematics, science, and social studies.

7.04 Programs that prepare candidates for secondary licensure to teach in grades seven through twelve (7-12) shall require candidates to have content preparation in a teaching field equivalent to the institutional requirements for an academic major. Degree requirements shall be determined by the institution, but the requirements for a student seeking a teaching degree shall not be substantially different from the requirements for a student seeking a non-teaching degree in the same content field.

7.05 Programs that prepare candidates as library media specialists, reading specialists, and guidance and school counselors shall lead to a master's degree or higher, or consist of graduate level coursework when a candidate has already obtained a master's degree or higher in another licensure content area. For programs that prepare guidance and school counselors, if the candidate's master's degree is in another field of counseling the program shall ~~require the candidate to complete a graduate level program of study~~ consist of graduate level coursework in guidance and school counseling.

7.06 Programs that prepare candidates for standard or add-on licensure to teach special education in grades K-12, shall include a curriculum in special education content and pedagogy that complies with standards of the Council for Exceptional Children (CEC).

MARKUP

7.07 Programs that prepare candidates for licensure as school administrators, grades P-12, shall comply with state-approved standards for school leaders.

7.08 Programs shall engage candidates in substantial, quality participation in field experiences (such as observations and practicums) and supervised clinical practice (such as student teaching and internships), as applicable in the licensure content area.

7.08.1 The combination of field experiences and supervised clinical practice shall provide opportunities for a candidate for teacher licensure to teach across the entire grade of the license being sought, as applicable in the licensure content area.

7.08.1.1 Field experiences and supervised clinical practice in a program of study for teacher licensure, Birth – Kindergarten (B-K), shall be divided between prekindergarten and kindergarten, with no less than 40% of the total experiences completed in either area.

7.08.1.2 Field experience and supervised clinical practice in a program of study for teacher licensure, grades K-6, shall be divided between grades K-3 and 4-6, with no less than 25% of the experiences completed in either grade range.

7.08.1.3 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades 4-8, shall be divided between grades 4-6 and 7-8, with no less than 25% of the total experiences completed in either grade range, and shall include teaching in each area of concentration selected by the candidate.

7.08.1.4 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades 4-12, shall be divided between grades 4-8 and 9-12, with no less than 25% of the total experiences completed in either grade range.

7.08.1.5 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades 7-12, shall be divided between grades 7-9 and 10-12 in the licensure content area(s) with no less than 25% of the total assignment completed in either grade range. If a candidate is seeking licensure in more than one content area, the field experiences and supervised clinical practice shall be divided among the content areas.

MARKUP

7. 08.1.6 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades K-12, shall be divided between grades K-6 and 7-12 in the licensure content area with no less than 25% of the total experiences completed in either grade range. If no K-6 settings are available in a K-12 licensure area, candidates may complete their experiences within the 7-12 grade range.

7.08.2 Programs of study for the first time licensure of teachers shall require candidates to be engaged in supervised clinical practice for a minimum of sixty (60) complete school days (approximately 420 contact hours).

7.08.3 Candidates shall be placed only with cooperating teachers or mentors who have received at least a proficient or equivalent rating in their latest TESS performance review or, if applicable, under 7.08.5.2, an equivalent performance review, as applicable in the licensure content area.

7.08.4 Programs of study for the licensure of building-level administrators, district-level administrators, curriculum/program administrators, school counselors, school psychologists, library media specialists, and other professional school personnel shall require candidates to complete supervised clinical practice across the grade range for each license being sought by the candidate as outlined in the Arkansas educator competencies.

7.08.5 Field experiences and supervised clinical practice in traditional undergraduate or graduate programs for teacher licensure areas that involve grades K-12, or in graduate programs for school administration and other non-teaching licensure areas, shall be completed in:

7.08.5.1 Traditional public K-12 school settings that are accredited by the ADE; or

7.08.5.2 Other private or public school settings where content standards adopted by the State Board are taught and faculty are subject to an evaluation system that uses a framework substantially similar to TESS.

7.08.6 Field experiences and supervised clinical practice in a B-K licensure program shall be completed in:

7.08.6.1 An early childhood education setting accredited by the Division of Child Care and Early Childhood Education of

MARK-UP

the Department of Human Services as a Better Beginnings Level 3 or higher program; or

7.08.6.2 Other early childhood education setting having state accreditation similar to the Arkansas accreditation for a Better Beginnings Level 3 or higher program.

7.08.7 Field experience and internship placements for candidates in a traditional program of study for educator licensure shall not include priority schools, public schools or school districts in academic distress, or school districts under administrative takeover for violations of the Standards for Accreditation of Arkansas Public Schools and School Districts, unless:

7.08.7.1 The candidate is in an administrator licensure program and the state has replaced the administrator in the applicable priority school, public school or school district in academic distress, or school district under administrative takeover; or

7.08.7.2 Under an extreme circumstance, the ADE may approve the field experience or internship placement in the applicable priority school, public school or school district in academic distress, or school district under administrative takeover.

7.08.8 Programs may allow candidates to complete their supervised clinical practice in instructional settings that employ distance learning technology, but at least 75% of their clinical practice must engage them in face-to-face interaction where the candidate and the students are in the same physical setting.

7.08.9 Programs shall ensure that professional education faculty, including adjunct faculty, and cooperating teachers who teach and/or supervise teacher candidates must be trained in the domains and criteria of TESS.

7.09 Programs of study for teacher licensure shall require the following of candidates before recommending the candidate for licensure:

7.09.1 Complete the program of study for the license, including achieving a passing score on the basic skills assessment required by the State Board;

7.09.2 Achieve a passing score on state-approved content assessments for the license; and

7.09.3 Take the state-approved pedagogical assessment.

MARKUP

8.0 POLICIES FOR NONTRADITIONAL EDUCATOR LICENSURE PROGRAMS

8.01 Programs may be offered at the post-baccalaureate level by institutions of higher education. Such programs may be offered as degree or non-degree programs of study.

8.02 Programs shall include one of the following two tracks or both tracks:

8.02.1 Track 1 allows a candidate to be employed as a teacher of record with a provisional teaching license for the duration of the prescribed program of study. A candidate shall teach only in the content area(s) and grade level(s) indicated on the provisional teaching license. Candidates shall be placed only with cooperating teachers or mentors who have received at least a proficient or equivalent rating in their latest TESS performance review or, if applicable, under 7.08.5.2, an equivalent performance review.

8.02.2 Track 2 allows a candidate to complete a traditional internship (student teaching) as a culminating experience of the candidate's program of study or obtain a provisional teaching license and be employed as a teacher of record as a culminating experience of the candidate's program of study.

8.03 Programs shall require candidates to complete an internship or obtain a provisional license and be employed as a teacher of record only in the area(s) which s/he has passed the state-required content assessment(s).

8.03.5 Programs shall only place candidates with cooperating teachers or mentors who have received at least a proficient or equivalent rating in their latest TESS performance review or, if applicable, under 8.07.2, an equivalent performance review.

8.04 Programs shall include curriculum that addresses requirements established by Arkansas statutes governing preparation for nontraditional educator licensure and ADE rules governing nontraditional educator licensure, including without limitation, instruction in:

8.04.1 The state-approved Arkansas Teaching Standards and specific pedagogical competencies for the respective licensure areas;

8.04.2 The *Code of Ethics for Arkansas Educators*;

8.04.3 Data literacy;

8.04.4 Disciplinary literacy;

MARKUP

8.04.5 Universal Design for Learning (UDL);

8.04.6 Arkansas' Teacher Excellence Support System (TESS), under Ark. Code Ann. 6-17-2801 et seq.;

8.04.7 Child maltreatment, under Ark. Code Ann. § 6-61-133;

8.04.8 Parental involvement, under Ark. Code Ann. § 6-15-1705;

8.04.9 Teen suicide awareness and prevention, under Ark. Code Ann. § 6-17-708; and

8.04.10 Information on the identification of students at risk for dyslexia and related disorders, under Ark. Code Ann. § 6-41-609.

8.05 Programs that prepare candidates to teach grades four through eight (4-8) shall include instruction in reading pedagogy. The instruction shall include theories and strategies for teaching reading, diagnosis of reading difficulties, intervention strategies for struggling readers and disciplinary literacy as identified in the competencies for educator licensure.

8.06 Candidates completing a nontraditional educator licensure program in, middle childhood, grades 4-8, or secondary social studies, grades 7-12 must complete a three semester hour course in Arkansas history, as required by state law, or a 45-hour professional development piece in Arkansas History through ArkansasIDEAS.

8.07 Programs shall require internships or teaching service to be completed in:

8.07.1 Public school settings that are accredited by the ADE; or

8.07.2 Other private or public school settings where content standards adopted by the State Board are taught and faculty are subject to an evaluation system that uses a framework substantially similar to TESS.

8.08 Programs shall ensure that teaching and internship placements for candidates shall not include priority schools, public school or school districts in academic distress, or school districts under administrative takeover for violations of the Standards for Accreditation of Arkansas Public Schools and School Districts.

8.08.1 Under an extreme circumstance, the ADE may approve the field experience or internship placement in the applicable priority school, public school or school district in academic distress, or school district under administrative takeover.

MARKUP

8.09 Programs may allow candidates to complete their teaching or internships in instructional settings that employ distance learning technology, but some of the clinical practice must engage them in face-to-face interaction.

8.10 Programs shall ensure that professional education faculty, including adjunct faculty, and cooperating teachers who teach and/or supervise nontraditional teacher candidates must be trained in the domains and criteria of TESS.

9.0 EDUCATOR PREPARATION PROVIDER ACCOUNTABILITY REQUIREMENTS

9.01 State approval of an educator preparation provider is immediately suspended if:

9.01.1 The institution has failed to obtain approval by the Arkansas Higher Education Coordinating Board to offer certificate and degree programs leading to educator licensure in Arkansas, under Section 4.01;

9.01.2 The institution has failed to obtain national or regional accreditation under Section 4.02, or the national or regional accreditation is discontinued; or

9.01.3 The educator preparation provider fails to achieve initial CAEP accreditation under Section 5.01 or CAEP accreditation is discontinued.

9.02 If state approval is immediately suspended under Section 9.01, the PLSB shall submit a recommendation to the State Board for discontinuance of the authority of the institution to offer a program of study for educator licensure.

9.03 Within thirty (30) days of the occurrence of any of the events under 9.01 or 9.02, an educator preparation provider shall inform current students in its programs and shall post on its website the institution's or the provider's accreditation or state approval status.

9.04 To ensure that an educator preparation provider's program of study aligns with state and federal standards, laws, and regulations, the ADE shall conduct audits of all Arkansas institutions of higher education with an ADE-approved educator preparation provider program of study.

9.04.1 The audits shall use state and/or national standards, laws, and regulations for licensure programs that are identified on the ADE's website.

MARKUP

9.04.2 Beginning on July 1, 2016, the ADE will conduct the audits on a seven-year cycle that aligns to each provider's CAEP accreditation cycle. The ADE will provide the audit reports to the PLSB.

9.05 The ADE shall notify an institution of higher education of the ADE's audit findings that an educator preparation program does not comply with the audit criteria. After receiving the ADE's audit findings and recommendations, the institution shall:

9.05.1 Within two (2) full semesters of receiving the audit findings and recommendations, provide to the ADE for its review and approval a plan to bring the institution's programs into compliance with the audit recommendations; and

9.05.2 By the end of the next full academic year following the date of plan approval, submit documentation of compliance with the plan implementation to the Professional Licensure Standards Board.

9.06 With the assistance of the ADE and the Department of Higher Education, the PLSB shall review the audits.

9.07 If an institution of higher education does not bring its program into compliance with audit recommendations, the PLSB shall submit a recommendation to the State Board for discontinuance of the authority of the institution to offer the program, and shall provide notice to the institution of the recommendation.

9.08 The institution may request a hearing before the State Board on the recommendation by providing a written request to the PLSB within thirty (30) days of receiving the notice from the PLSB.

9.08.1 The written request for a hearing shall be accompanied by the institution's written objections to the recommendation and any evidence the institution will present to the State Board.

9.08.2 At the hearing, each party will have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the representative of the PLSB. The Chairperson of the State Board may for good cause shown and upon the request of either party allow either party additional time to present their opening statements.

9.08.3 Each party will be given twenty (20) minutes to present their case, beginning with the representative of the PLSB. The Chairperson of the State Board may for good cause shown and upon the request of either party allow either party additional time to present their case.

MARKUP

9.08.4 Every witness giving oral testimony must be sworn under oath by the court reporter and shall be subject to direct examination and cross examination of the other party, and questioning by the State Board.

9.08.5 For the purposes of the record, documents offered during the hearing by a party shall be clearly marked with the party's name and numbered in sequential, numeric order (1, 2, 3).

9.08.6 The PLSB shall have the burden of proving by a preponderance of the evidence that cause for the action exists and that the State Board should adopt the recommendation for discontinuance of the authority of the institution to offer the program.

9.08.7 While the scope of each party's presentation ultimately lies within the State Board Chairperson's discretion, case presentation should be arranged in such a way as to avoid redundant testimony.

9.08.8 After both parties have presented their cases, the State Board may allow each party to present limited rebuttal testimony.

9.08.9 After making its decision, the State Board shall reduce its decision to writing and shall mail copies of the decision to each party.

9.08.10 The State Board's written decision shall constitute the final agency action for purposes of judicial review pursuant to the Arkansas Administrative Procedure Act, Ark. Code Ann. § 25-15-201 et seq.

MARKUP

ARKANSAS DEPARTMENT OF EDUCATION
POLICIES GOVERNING EDUCATOR PREPARATION PROGRAM APPROVAL
April 2016

1.0 REGULATORY AUTHORITY AND PURPOSE

1.01 These rules shall be known as Arkansas Department of Education Policies Governing Educator Preparation Program Approval.

1.02 The State Board of Education enacts these policies pursuant to its authority as set forth in Ark. Code Ann. §§ 6-11-105, 6-17-422, and 25-15-201 et seq.

1.03 It is the purpose of these policies to set forth the requirements for Arkansas Department of Education (ADE) approval of educator licensure programs offered by a college or university in Arkansas. The policies establish a framework for educator preparation programs, but do not prohibit an educator preparation provider from exceeding the minimum standards in these rules.

1.04 These policies are to be viewed in conjunction with and do not replace the Arkansas Department of Education Rules Governing Educator Licensure. If a conflict exists between these policies and the Rules Governing Educator Licensure, the Rules Governing Educator Licensure shall take precedence over the policies.

2.0 DEFINITIONS

For these policies the following terms are defined:

2.01 **Accreditation** of an institution of higher learning, educator preparation provider, or program of study is the official recognition granted to the institution of higher learning, educator preparation provider or program of study that meets the standards of quality established by the accrediting agency.

2.02 **ADE** is the Arkansas Department of Education.

2.03 **ADHE** is the Arkansas Department of Higher Education.

2.04 **CAEP** is the Council for the Accreditation of Educator Preparation.

2.05 **Candidate** is an individual who has been admitted into an educator licensure program.

2.06 **Data Literacy** means the knowledge and skill in accessing, generating, and analyzing data from a variety of sources to facilitate instruction and decision-making.

2.07 **Disciplinary Literacy** means the knowledge and skills in reading, writing, and reasoning processes that are specific to the intellectual beliefs and methods by which scholarship is created in a content field.

2.08 **Disposition for Teaching** means the critical dispositions identified in the Arkansas Teaching Standards, including without limitation, the professional attitudes, values, and beliefs of an individual regarding instruction, and student learning and development, including beliefs that all students can learn and all teachers can improve their knowledge and skills.

2.09 **Distance Learning Technology** means the electronic or digital learning media, including the Internet, e-mail, television, and other audio-visual communication devices used to deliver instruction where the teacher and the students are in separate physical settings.

2.10 **Educator Licensure** is the official recognition by the State Board that an individual has met state requirements and has been authorized to practice as a professional educator in Arkansas.

2.11 **Educator Preparation Provider** is a college, school, department, or other administrative entity within an institution of higher education that is primarily responsible for coordinating all programs for the initial and advanced preparation of educators and other professional school personnel, also referred to as "provider".

2.12 **Field Experiences** means the activities for candidates in educator preparation programs that allow early and ongoing practice opportunities to apply content and pedagogical knowledge. These include observations, tutoring, assisting teachers and administrators, and practicums.

2.13 **General Studies** means the courses and other learning experiences in the liberal arts and sciences that students in degree programs normally complete during the first two years of their higher education experience.

2.14 **NCATE** is the National Council for Accreditation of Teacher Education.

2.15 **Nontraditional Educator Licensure Program** at an institution of higher education means a graduate-level preparation program designed for individuals seeking licensure as a teacher who did not complete an undergraduate educator preparation program but which, under the Arkansas Department of Education rules for nontraditional licensure, allows them to serve as teacher of record while enrolled in a program of study.

2.16 **PLSB** means the Arkansas Professional Licensure Standards Board.

2.17 **Program or Program of Study** means a curriculum that is aligned with the Arkansas Teaching Standards, and that requires a candidate to demonstrate and document competency in the specific knowledge, skills, and dispositions for a particular endorsement to an educator's license, a licensure content area, or level of licensure provided by a college or university accredited and approved under these rules.

2.18 **Provisional Teaching License** means a temporary, non-renewable license, which is issued by the State Board to an individual who has met certain requirements but not all of the requirements for a standard license that allows the holder to teach or work in Arkansas public schools.

2.19 **Specialized Professional Association (SPA)** means any of the national associations representing educators of specific subject areas, grade levels or student groups, administrators, or other school professionals that establish standards for candidates preparing for educator licensure.

2.20 **Standard Teaching License** means a five-year renewable license issued by the State Board that allows the license holder to teach in Arkansas public schools.

2.21 **State Board** means the Arkansas State Board of Education.

2.22 **Supervised Clinical Practice** means pre-service teaching or internship in a school setting that provides candidates with extensive opportunities to develop and demonstrate competence in the professional roles for which they are preparing, completed under the guidance and supervision of licensed practicing school personnel and college or university supervisory personnel. This includes internships and student teaching.

2.23 **Teacher Effectiveness Support System (TESS)** is an integrated evaluation, feedback, and support system under the Department of Education Rules Governing The Teacher Effectiveness and Support System that encourages teachers to improve their knowledge and instructional skills in order to improve student learning.

2.24 **Teacher of Record** means an individual (or individuals in a co-teaching assignment) who has been assigned the lead responsibility for a student's learning in a subject/course with aligned performance measures.

2.25 **Traditional Program for Educator Licensure** means an undergraduate program of study or graduate program of study at an institution of higher education that prepares candidates for traditional licensure as a teacher, school counselor, library media specialist, school administrator, or other school professional.

2.26 **Universal Design for Learning** means a scientifically valid framework for guiding educational practice that (A) provides flexibility in the ways information is presented, in the ways students respond or demonstrate knowledge and skills,

and in the ways students are engaged; and (B) reduces barriers in instruction, provides appropriate accommodations and supports, and challenges and maintains high achievement expectations for all students, including students with disabilities and students who are limited English proficient.

3.0 APPROVAL REQUIRED

Any educator licensure program offered by a college or university in Arkansas must be approved by the Arkansas Department of Education (ADE). These policies shall be effective beginning September 1, 2014 2016. As often as may be necessary, these policies will be reviewed by the Professional Licensure Standards Board (PLSB) and approved by the Arkansas State Board of Education (State Board).

4.0 POLICIES FOR INSTITUTIONS OF HIGHER EDUCATION PROVIDING PROGRAMS FOR EDUCATOR LICENSURE

4.01 Prior to program implementation, public institutions of higher education in Arkansas and any out-of-state institutions of higher education offering programs (including programs with online coursework) to students in Arkansas shall be approved by the Arkansas Higher Education Coordinating Board to offer certificate and degree programs leading to educator licensure in Arkansas.

4.02 Institutions of higher education that offer programs in Arkansas leading to educator licensure shall be accredited by a national or regional accrediting agency that is recognized by the United States Department of Education (USDE) or the Council for Higher Education Accreditation (CHEA).

5.0 POLICIES FOR EDUCATOR PREPARATION PROVIDERS

5.01 An educator preparation provider accredited by CAEP (or NCATE) and in compliance with all other policies set forth in this document is considered eligible by the ADE to provide professional education programs leading to educator licensure in Arkansas.

5.01.1 If a provider is not yet accredited by CAEP, it must be identified by CAEP either as accreditation eligible or as a candidate for accreditation before the ADE can approve any of its programs for educator licensure.

6.0 POLICIES FOR ALL PROGRAMS LEADING TO EDUCATOR LICENSURE (TRADITIONAL AND NONTRADITIONAL)

6.01 An educator licensure program proposed by an educator preparation provider that is CAEP accredited may be granted state approval upon review by the ADE in accordance with the *Protocol for the Review and Approval of Programs of Study Leading to Educator Licensure or Endorsement in Arkansas*.

6.02 The Department may grant provisional state approval upon review by the ADE until accreditation is achieved when an educator licensure program proposed by an educator preparation provider is identified by CAEP either as accreditation eligible or as a candidate for accreditation. If accreditation is not achieved within five (5) years of being identified by CAEP as accreditation eligible or as a candidate for accreditation, the provider's professional education programs will forfeit the provisional state approval, and no new students may be admitted into the programs but the Department may allow existing candidates to matriculate through the program.

6.03 Any revisions to an ADE-approved program of study for licensure shall be submitted to the ADE Office of Educator Licensure in accordance with the *Protocol for the Review and Approval of Programs of Study Leading to Educator Licensure or Endorsement in Arkansas*.

6.04 Before allowing a candidate to begin a supervised clinical practice, a program shall require candidates to apply to the Identification Bureau of the Arkansas State Police for a criminal records check and to the Department of Human Services for a Child Maltreatment Central Registry check and to successfully complete those background checks in accordance with the Department of Education Rules Governing Background Checks.

7.0 POLICIES FOR TRADITIONAL EDUCATOR LICENSURE PROGRAMS

7.01 Programs shall include curriculum that addresses requirements established by Arkansas statutes governing educator preparation and the ADE Rules Governing Educator Licensure, including without limitation, instruction in:

7.01.1 The state-approved Arkansas Teaching Standards and the appropriate content knowledge and pedagogical competencies for the respective licensure areas;

7.01.2 The *Code of Ethics for Arkansas Educators*;

7.01.3 Data literacy;

7.01.4 Disciplinary literacy;

7.01.5 Universal Design for Learning (UDL);

7.01.6 The Teacher Excellence and Support System, under Ark. Code Ann. 6-17-2801 et seq.;

7.01.7 Child maltreatment, under Ark. Code Ann. § 6-61-133;

7.01.8 Parental involvement, under Ark. Code Ann. § 6-15-1705;

7.01.9 Teen suicide awareness and prevention, under Ark. Code Ann. § 6-17-708; and

7.01.10 Information on the identification of students at risk for dyslexia and related disorders, under Ark. Code Ann. § 6-41-609.

7.02 All programs that prepare candidates for licensure to teach in grades birth through kindergarten (B-K), kindergarten through grade six (K-6), or grades four through eight (4-8) shall instruction in reading pedagogy. The instruction shall include theories and strategies for teaching reading, diagnosis of reading difficulties, intervention strategies for struggling readers and disciplinary literacy as identified in the competencies for educator licensure.

7.03 Programs that prepare candidates for middle childhood licensure to teach in grades four through eight (4-8) shall require concentrations in at least two content areas to be selected by the candidates from English-language arts, mathematics, science, and social studies.

7.04 Programs that prepare candidates for secondary licensure to teach in grades seven through twelve (7-12) shall require candidates to have content preparation in a teaching field equivalent to the institutional requirements for an academic major. Degree requirements shall be determined by the institution, but the requirements for a student seeking a teaching degree shall not be substantially different from the requirements for a student seeking a non-teaching degree in the same content field.

7.05 Programs that prepare candidates as library media specialists, reading specialists, and guidance and school counselors shall lead to a master's degree or higher, or consist of graduate level coursework when a candidate has already obtained a master's degree or higher in another licensure content area. For programs that prepare guidance and school counselors, if the candidate's master's degree is in another field of counseling the program shall consist of graduate level coursework in guidance and school counseling.

7.06 Programs that prepare candidates for standard or add-on licensure to teach special education in grades K-12, shall include a curriculum in special education content and pedagogy that complies with standards of the Council for Exceptional Children (CEC).

7.07 Programs that prepare candidates for licensure as school administrators, grades P-12, shall comply with state-approved standards for school leaders.

7.08 Programs shall engage candidates in substantial, quality participation in field experiences (such as observations and practicums) and supervised clinical practice (such as student teaching and internships), as applicable in the licensure content area.

7.08.1 The combination of field experiences and supervised clinical practice shall provide opportunities for a candidate for teacher licensure to teach across the entire grade of the license being sought, as applicable in the licensure content area.

7.08.1.1 Field experiences and supervised clinical practice in a program of study for teacher licensure, Birth – Kindergarten (B-K), shall be divided between prekindergarten and kindergarten, with no less than 40% of the total experiences completed in either area.

7.08.1.2 Field experience and supervised clinical practice in a program of study for teacher licensure, grades K-6, shall be divided between grades K-3 and 4-6, with no less than 25% of the experiences completed in either grade range.

7.08.1.3 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades 4-8, shall be divided between grades 4-6 and 7-8, with no less than 25% of the total experiences completed in either grade range, and shall include teaching in each area of concentration selected by the candidate.

7.08.1.4 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades 4-12, shall be divided between grades 4-8 and 9-12, with no less than 25% of the total experiences completed in either grade range.

7.08.1.5 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades 7-12, shall be divided between grades 7-9 and 10-12 in the licensure content area(s) with no less than 25% of the total assignment completed in either grade range. If a candidate is seeking licensure in more than one content area, the field experiences and supervised clinical practice shall be divided among the content areas.

7. 08.1.6 Field experiences and supervised clinical practice in a traditional program of study for teacher licensure, grades K-12, shall be divided between grades K-6 and 7-12 in the licensure content area with no less than 25% of the total experiences completed in either grade range. If no K-6 settings are available in a K-12 licensure area, candidates may complete their experiences within the 7-12 grade range.

7.08.2 Programs of study for the first time licensure of teachers shall require candidates to be engaged in supervised clinical practice for a minimum of sixty (60) complete school days (approximately 420 contact hours).

7.08.3 Candidates shall be placed only with cooperating teachers or mentors who have received at least a proficient or equivalent rating in their latest TESS performance review or, if applicable, under 7.08.5.2, an equivalent performance review, as applicable in the licensure content area.

7.08.4 Programs of study for the licensure of building-level administrators, district-level administrators, curriculum/program administrators, school counselors, school psychologists, library media specialists, and other professional school personnel shall require candidates to complete supervised clinical practice across the grade range for each license being sought by the candidate as outlined in the Arkansas educator competencies.

7.08.5 Field experiences and supervised clinical practice in traditional undergraduate or graduate programs for teacher licensure areas that involve grades K-12, or in graduate programs for school administration and other non-teaching licensure areas, shall be completed in:

7.08.5.1 Traditional public K-12 school settings that are accredited by the ADE; or

7.08.5.2 Other private or public school settings where content standards adopted by the State Board are taught and faculty are subject to an evaluation system that uses a framework substantially similar to TESS.

7.08.6 Field experiences and supervised clinical practice in a B-K licensure program shall be completed in:

7.08.6.1 An early childhood education setting accredited by the Division of Child Care and Early Childhood Education of

the Department of Human Services as a Better Beginnings Level 3 or higher program; or

7.08.6.2 Other early childhood education setting having state accreditation similar to the Arkansas accreditation for a Better Beginnings Level 3 or higher program.

7.08.7 Field experience and internship placements for candidates in a traditional program of study for educator licensure shall not include priority schools, public schools or school districts in academic distress, or school districts under administrative takeover for violations of the Standards for Accreditation of Arkansas Public Schools and School Districts, unless:

7.08.7.1 The candidate is in an administrator licensure program and the state has replaced the administrator in the applicable priority school, public school or school district in academic distress, or school district under administrative takeover; or

7.08.7.2 Under an extreme circumstance, the ADE may approve the field experience or internship placement in the applicable priority school, public school or school district in academic distress, or school district under administrative takeover.

7.08.8 Programs may allow candidates to complete their supervised clinical practice in instructional settings that employ distance learning technology, but at least 75% of their clinical practice must engage them in face-to-face interaction where the candidate and the students are in the same physical setting.

7.08.9 Programs shall ensure that professional education faculty, including adjunct faculty, and cooperating teachers who teach and/or supervise teacher candidates must be trained in the domains and criteria of TESS.

7.09 Programs of study for teacher licensure shall require the following of candidates before recommending the candidate for licensure:

7.09.1 Complete the program of study for the license, including achieving a passing score on the basic skills assessment required by the State Board;

7.09.2 Achieve a passing score on state-approved content assessments for the license; and

7.09.3 Take the state-approved pedagogical assessment.

8.0 POLICIES FOR NONTRADITIONAL EDUCATOR LICENSURE PROGRAMS

8.01 Programs may be offered at the post-baccalaureate level by institutions of higher education. Such programs may be offered as degree or non-degree programs of study.

8.02 Programs shall include one of the following two tracks or both tracks:

8.02.1 Track 1 allows a candidate to be employed as a teacher of record with a provisional teaching license for the duration of the prescribed program of study. A candidate shall teach only in the content area(s) and grade level(s) indicated on the provisional teaching license. Candidates shall be placed only with cooperating teachers or mentors who have received at least a proficient or equivalent rating in their latest TESS performance review or, if applicable, under 7.08.5.2, an equivalent performance review.

8.02.2 Track 2 allows a candidate to complete a traditional internship (student teaching) as a culminating experience of the candidate's program of study or obtain a provisional teaching license and be employed as a teacher of record as a culminating experience of the candidate's program of study.

8.03 Programs shall require candidates to complete an internship or obtain a provisional license and be employed as a teacher of record only in the area(s) which s/he has passed the state-required content assessment(s).

8.03.5 Programs shall only place candidates with cooperating teachers or mentors who have received at least a proficient or equivalent rating in their latest TESS performance review or, if applicable, under 8.07.2, an equivalent performance review.

8.04 Programs shall include curriculum that addresses requirements established by Arkansas statutes governing preparation for nontraditional educator licensure and ADE rules governing nontraditional educator licensure, including without limitation, instruction in:

8.04.1 The state-approved Arkansas Teaching Standards and specific pedagogical competencies for the respective licensure areas;

8.04.2 The *Code of Ethics for Arkansas Educators*;

8.04.3 Data literacy;

8.04.4 Disciplinary literacy;

8.04.5 Universal Design for Learning (UDL);

8.04.6 Arkansas' Teacher Excellence Support System (TESS), under Ark. Code Ann. 6-17-2801 et seq.;

8.04.7 Child maltreatment, under Ark. Code Ann. § 6-61-133;

8.04.8 Parental involvement, under Ark. Code Ann. § 6-15-1705;

8.04.9 Teen suicide awareness and prevention, under Ark. Code Ann. § 6-17-708; and

8.04.10 Information on the identification of students at risk for dyslexia and related disorders, under Ark. Code Ann. § 6-41-609.

8.05 Programs that prepare candidates to teach grades four through eight (4-8) shall include instruction in reading pedagogy. The instruction shall include theories and strategies for teaching reading, diagnosis of reading difficulties, intervention strategies for struggling readers and disciplinary literacy as identified in the competencies for educator licensure.

8.06 Candidates completing a nontraditional educator licensure program in, middle childhood, grades 4-8, or secondary social studies, grades 7-12 must complete a three semester hour course in Arkansas history, as required by state law, or a 45-hour professional development piece in Arkansas History through ArkansasIDEAS.

8.07 Programs shall require internships or teaching service to be completed in:

8.07.1 Public school settings that are accredited by the ADE; or

8.07.2 Other private or public school settings where content standards adopted by the State Board are taught and faculty are subject to an evaluation system that uses a framework substantially similar to TESS.

8.08 Programs shall ensure that teaching and internship placements for candidates shall not include priority schools, public school or school districts in academic distress, or school districts under administrative takeover for violations of the Standards for Accreditation of Arkansas Public Schools and School Districts.

8.08.1 Under an extreme circumstance, the ADE may approve the field experience or internship placement in the applicable priority school, public school or school district in academic distress, or school district under administrative takeover.

8.09 Programs may allow candidates to complete their teaching or internships in instructional settings that employ distance learning technology, but some of the clinical practice must engage them in face-to-face interaction.

8.10 Programs shall ensure that professional education faculty, including adjunct faculty, and cooperating teachers who teach and/or supervise nontraditional teacher candidates must be trained in the domains and criteria of TESS.

9.0 EDUCATOR PREPARATION PROVIDER ACCOUNTABILITY REQUIREMENTS

9.01 State approval of an educator preparation provider is immediately suspended if:

9.01.1 The institution has failed to obtain approval by the Arkansas Higher Education Coordinating Board to offer certificate and degree programs leading to educator licensure in Arkansas, under Section 4.01;

9.01.2 The institution has failed to obtain national or regional accreditation under Section 4.02, or the national or regional accreditation is discontinued; or

9.01.3 The educator preparation provider fails to achieve initial CAEP accreditation under Section 5.01 or CAEP accreditation is discontinued.

9.02 If state approval is immediately suspended under Section 9.01, the PLSB shall submit a recommendation to the State Board for discontinuance of the authority of the institution to offer a program of study for educator licensure.

9.03 Within thirty (30) days of the occurrence of any of the events under 9.01 or 9.02, an educator preparation provider shall inform current students in its programs and shall post on its website the institution's or the provider's accreditation or state approval status.

9.04 To ensure that an educator preparation provider's program of study aligns with state and federal standards, laws, and regulations, the ADE shall conduct audits of all Arkansas institutions of higher education with an ADE-approved educator preparation provider program of study.

9.04.1 The audits shall use state and/or national standards, laws, and regulations for licensure programs that are identified on the ADE's website.

9.04.2 Beginning on July 1, 2016, the ADE will conduct the audits on a seven-year cycle that aligns to each provider's CAEP accreditation cycle. The ADE will provide the audit reports to the PLSB.

9.05 The ADE shall notify an institution of higher education of the ADE's audit findings that an educator preparation program does not comply with the audit criteria. After receiving the ADE's audit findings and recommendations, the institution shall:

9.05.1 Within two (2) full semesters of receiving the audit findings and recommendations, provide to the ADE for its review and approval a plan to bring the institution's programs into compliance with the audit recommendations; and

9.05.2 By the end of the next full academic year following the date of plan approval, submit documentation of compliance with the plan implementation to the Professional Licensure Standards Board.

9.06 With the assistance of the ADE and the Department of Higher Education, the PLSB shall review the audits.

9.07 If an institution of higher education does not bring its program into compliance with audit recommendations, the PLSB shall submit a recommendation to the State Board for discontinuance of the authority of the institution to offer the program, and shall provide notice to the institution of the recommendation.

9.08 The institution may request a hearing before the State Board on the recommendation by providing a written request to the PLSB within thirty (30) days of receiving the notice from the PLSB.

9.08.1 The written request for a hearing shall be accompanied by the institution's written objections to the recommendation and any evidence the institution will present to the State Board.

9.08.2 At the hearing, each party will have the opportunity to present an opening statement of no longer than five (5) minutes, beginning with the representative of the PLSB. The Chairperson of the State Board may for good cause shown and upon the request of either party allow either party additional time to present their opening statements.

9.08.3 Each party will be given twenty (20) minutes to present their case, beginning with the representative of the PLSB. The Chairperson of the State Board may for good cause shown and upon the request of either party allow either party additional time to present their case.

9.08.4 Every witness giving oral testimony must be sworn under oath by the court reporter and shall be subject to direct examination and cross examination of the other party, and questioning by the State Board.

9.08.5 For the purposes of the record, documents offered during the hearing by a party shall be clearly marked with the party's name and numbered in sequential, numeric order (1, 2, 3).

9.08.6 The PLSB shall have the burden of proving by a preponderance of the evidence that cause for the action exists and that the State Board should adopt the recommendation for discontinuance of the authority of the institution to offer the program.

9.08.7 While the scope of each party's presentation ultimately lies within the State Board Chairperson's discretion, case presentation should be arranged in such a way as to avoid redundant testimony.

9.08.8 After both parties have presented their cases, the State Board may allow each party to present limited rebuttal testimony.

9.08.9 After making its decision, the State Board shall reduce its decision to writing and shall mail copies of the decision to each party.

9.08.10 The State Board's written decision shall constitute the final agency action for purposes of judicial review pursuant to the Arkansas Administrative Procedure Act, Ark. Code Ann. § 25-15-201 et seq.

Public Comment Matrix – Proposed Rules Governing Educator Preparation Program Approval
Public Comment Period Ending: February 16, 2016

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
Name: **Rebecca Miller-Rice**	**Date Received:** **1/28/2016**	**Comment:** Section 4.02 was amended to require either regional or national accreditation of a program. Section 9.01.2, however, permits immediate suspension of state approval, as it relates to the issue of accreditation, only if an institution has failed to obtain regional accreditation or if regional accreditation is discontinued. Was it the Department's intent to limit 9.01.2 to just regional and not include national as well?	**Agency Response:** The intent was to include both regional and national accreditation in 9.01.1. A change has been made.
Name: **Peggy M.Doss, EdD** **Dean; School of Education** **University of Arkansas at Monticello**	**Date Received:** **1/19/2016**	**Comment:** The proposed revised policies for Educator Preparation Program Approvals are greatly needed to allow the flexibility necessary for educator preparation programs to plan innovative programs and systems that better meet the needs of teachers and students while also addressing the Arkansas' teacher shortage crisis. New opportunities to increase the teacher pipeline for high need districts are a greater possibility as a result of the recommended changes. Additionally, long-standing and unnecessary barriers to creative program and course design will be removed while still maintaining a focus on meeting state-approved standards. I strongly support the proposed revisions of the Educator Preparation Program Approvals.	**Agency Response:** The ADE appreciates the comment in support of the policies.
Name: **Tracie Jones, M.S. Ed.**	**Date Received:** **1/19/2016**	**Comment:** Please find my comments in support of the proposed revisions for the Arkansas Educator Preparation	**Agency Response:** The ADE appreciates the comment in support of the

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
Director of Education Renewal Zone **UAM - School of Education**		Program Approval. These proposed revisions provide needed flexibility to the preparation programs to help impact the Teacher Pipeline shortage in Arkansas. Being able to address the needs of the southeast region is vital for the student achievement of our public school students. Having the ability to remove the barriers that have hindered creative program designs to meet the needs of both the traditional and non-traditional college student are vital to education in Arkansas while maintaining state approved standards at the post-secondary level. I am in strong support of the proposed revisions of the Educator Preparation Program Approvals.	policies.
Name: **Dr. Kathleen Shahan** **UAM School of Education**	**Date Received:** **1/19/2016**	**Comment:** I strongly support state policies that allow for greater flexibility for universities who provide teacher preparation programs. Rules that in any way restrict and/or encumber university programs are not inherently equal or equitable.	**Agency Response:** The ADE appreciates the comment in support of the policies.
Name: **Janet Penner-Williams, Assistant Dean, University of Arkansas**	**Date Received:** **1/25/2016**	**Comment:** I am in favor of the changes in rules proposed on educator preparation program approval. The section copied below is especially important as it focuses on well prepared quality candidates and not just time in a class. This allows IHEs flexibility while still holding to a high standard.	**Agency Response:** The ADE appreciates the comment in support of the policies.

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		Sections 7.02, 7.03, 7.04, and 7.06 remove the number of semester hours and instead program approval will be determined by an analysis of how the program prepares candidates for the competencies expected. Section 7.04 Rationale: Having a designated number of semester hours or "seat time" does not necessarily ensure quality. This will give programs flexibility for course and program design, but programs will be held accountable for meeting state-approved standards. • Section 7.05 is added to cover the licensure areas of library media specialist, reading.	
Name: **Thomas E.C. Smith, Dean, College of Education and Health Professions, University of Arkansas**	**Date Received:** **1/27/2016**	**Comment:** Please see my comments related to the proposed policies governing educator preparation program approval below. Please let me know if you have any questions or if I need to clarify any of my comments. 7.0 Deleting the 21 hour requirement in special education content and pedagogy and requiring that candidates for licensure comply with standards of CEC. This is a tremendously positive change. Requiring a specific number of hours is relatively meaningless. An institution can offer 21 hours that are very comprehensive and rigorous that adequately prepares individuals or 21 hours that have very limited impact on the person's abilities related to teaching students with disabilities. There is a national trend toward competency-based education. The proposed rules	**Agency Response:** The ADE appreciates the comment in support of the policies.

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		provide educator preparation programs the opportunity to focus on outcomes, on what candidates really need to know to be qualified special education teachers. Focusing on standards allows universities to develop and implement preparation programs around these standards rather than traditional coursework that may or may not be relevant. For example, we are of the opinion that field work is more relevant to educator preparation than in-classroom instruction. The removal of the 21-hour minimum allows great flexibility in how we develop and offer such work to students. Removing the 21-hour minimum number of hours in no way means lowering standards. It simply means that preparation programs have the flexibility to design and implement programs that will result in candidates demonstrating their competence in the standards differently than merely completing college courses, which may or may not result in such competence. I believe that by removing the 21-hour minimum and focusing on outcomes ADE is moving the needle forward in revamping how educators are prepared. This is a great proposal and I unequivocally support its implementation.	
Name: **Thomas E.C. Smith, Dean, College of**	**Date Received:** **1/28/2016**	**Comment:** I wish to comment on the proposed policies governing educator preparation program approval.	**Agency Response:** The ADE appreciates the comment in support of the policies.

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
Education and Health Professions, University of Arkansas		9.0 Educator Preparation Provider Accountability Requirements I fully support the newly added section 9.0 related to accountability. I believe that educator preparation programs must be held accountable and that their approval should be suspended if they do not meet the requirements. Educator preparation programs are being criticized by many different groups. By holding programs accountable, with consequences, demonstrates the desire of ADE to ensure quality personnel preparation. I believe that the requirements in 9.0 are fair and will help ensure high standards; I unequivocally support these requirements.	
Name: **Raymond W. "Donny" Lee, Dean,** **College of Education,** **Harding University**	**Date Received:** **2/1/2016**	**Comment:** Re: 6.03.1 [deleted] The deletion of this policy requiring a minimum of 18 hours before an endorsement program is required to provide candidate performance data from state required licensure assessments for CAEP accreditation would increase a burden on institutions and their candidates for endorsement programs that require fewer hours. It would essentially be a disincentive to both EPPs and candidates to offer and participate in these programs. Overall, I would recommend these policies be approved.	**Agency Response:** Comment considered, with no change. Individual program reports are no longer required, regardless of number of hours. An educator preparation program seeking CAEP accreditation with the CAEP option with Feedback will aggregate data for all completers and submit unit reports. An educator preparation program seeking CAEP accreditation with SPA recognition will need to comply

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
			with SPA requirements regardless of hours.
Name: **Clara Carroll, Associate Dean, Cannon-Clary College of Education** **Professor of Education** **Harding**	**Date Received:** **2/2/2016**	**Comment:** **Re: 6.03.1** *A program for licensure endorsement requiring less than 18 credit hours shall not be required to prepare individual program reports, but the programs must provide candidate performance data from state-required licensure assessments in the unit's documentation for CAEP accreditation.* Comment – In striking out this rule, the IHEs and the candidates will be burdened with additional assessments and professional organization requirements. The endorsement programs of less than 18 hours already meet the ADE licensure requirements and are accountable to CAEP requirements. Striking this rule makes it less flexible for candidates to add endorsements to their standard license. All other proposed rule changes seem to meet the needs and both candidates and the IHEs in regarding to governing EPPs.	**Agency Response:** Please see the response to the comment by Raymond W. Lee.

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
Name: **J.C. Moore**	**Date Received:** **2/5/2016**	**Comment:** As written, there is the possibility of misinterpretation (which is probably already occurring in the state department of education with misinformation) [quoting from the Summary] Section 7.05 is added to cover the licensure areas of library media specialist, reading specialist, and guidance and school counselors, as these areas were previously inadvertently omitted from these policies. The Specialized Professional Association that provides national recognition for these programs allows each state to determine whether a master's degree is required. Therefore, Arkansas has included that requirement. Comment: I'll have to speak to reading because that is my current degree plan in graduate school. Currently universities in Arkansas offer master level programs in reading that a student may complete, take the PRAXIS and request the add-on the license as a reading specialist. Students graduate with a master's degree (UCA-M.S.E; UALR-M.ED; Harding-M.Ed etc). The new interpretation by ADE licensure is that students must already possess a master's degree, then take courses to get a reading specialist post-master's in some accelerated degree plan. A Master's 30-hour program leading to completion and licensure for reading	**Agency Response:** The commenter is incorrect in much of the comment. The educator preparation program's student advisor should be able to assist this commenter with a better understanding of program requirements. However, the ADE has changed 7.05 to clarify that programs need only require graduate level coursework and not a second master's degree when a candidate already has a master's degree in another licensure content area. The number of hours necessary would be determined by the institution in accordance with their accreditation requirements and alignment with state competencies.

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		specialist for those with a baccalaureate is now being denied by ADE in education preparation. However a 36-hour program is okay? A 38 program is okay? Then UCA's program is not valid under the new proposed policy? If there is a 30-hour program it now must be only for people already possessing a master's degree? Is the state mandating how many hours a master's needs to have now and force state universities to add hours rather than making is simpler for students to obtain a first masters? Interestingly, The reading SPA only requires 21-27 hours in reading. Now, AR is requiring having an already previously earned masters to even take a 30-hour master's degree leading to the reading specialist. ADE is now currently denying students the opportunity to come into a university, earn a master's leading to licensure who have a teaching license and only have a previously earned baccalaureate degree---unless they take a master level program that is above 30 hours. In addition, where is the requirement for how many hours a university master's level program must have to prepare a teacher as a reading specialist? Every program is different. The misinterpretation of the proposed rules/policy or possible misinterpretation affects current students like me seeking a reading specialist with a first master's degree. It also invalidates:	

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		[quoting from the Summary] Sections 7.02, 7.03, 7.04, and 7.06 remove the number of semester hours and instead program approval will be determined by an analysis of how the program prepares candidates for the competencies expected. Section 7.04 Rationale: Having a designated number of semester hours or "seat time" does not necessarily ensure quality. This will give programs flexibility for course and program design, but programs will be held accountable for meeting state-approved standards. FYI: http://www.literacyworldwide.org/get-resources/standards/standards-for-reading-professionals/standards-2010-role-5 Reading Specialist Standards: For certification, a Reading Specialist/Literacy Coach Candidate must have the following: • A valid teaching certificate • Previous teaching experience • A master's degree with a concentration in reading and writing education • Program experiences that build knowledge, skills, and dispositions related to working with students, supporting or coaching teachers, and leading the school reading program • Typically, the equivalent of 21–27 graduate	

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		semester hours in reading, language arts, and related courses: The program must include a supervised practicum experience, typically the equivalent of 6 semester hours. Please clarify the proposed policy in 7.05. A teacher with a valid teaching license must earn a master's degree or complete post-master's graduate level coursework and take the required test to ... It is very possible that people unfamiliar with the terminology specialist will CONFUSE the term with Specialist Degree such as Ed.S., requiring post master's. It is highly unlikely this is the intent of ADE or ADHE. The section is not clear as stated . The mark-up version states "shall lead to a master's degree or higher." (see below) [quoting from the proposed rule] 7.05 Programs that prepare candidates as library media specialists, reading specialists, and guidance and school counselors shall lead to a master's degree or higher. For programs that prepare guidance and school counselors, if the candidate's master's degree is in another field of counseling the program shall require the candidate to complete a graduate level program of study in guidance and school counseling.	

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		The Mark-up version has clearer language than the proposed summary. ADHE states a "minimum of 30 hours" for a master's degree (there is an exception for less hours) and then has language for a Specialist degree (pertaining to studies between the masters and doctoral levels) it needs to be clear what is meant by reading specialist and media specialist as an add-on license or endorsement through successful completion of study that leads to a master's degree and passing of the required tests. The lack of specification could be misinterpreted to mean the above license/endorsement can only be given to those with a previously earned master's degree --- which is the specialist degree (usually 70 hours) of study. Surely, there is not the legislative intent requiring teachers to go into 70 hours of graduate course financial debt if they want either a media or reading specialist endorsement. 7.05 - add-on license a first master's degree in the area of study for accreditation plus the test is good enough for section 7.05 Educator Preparation. Keep ADE from making it a Master's plus more graduate work! Help keep the cost of a graduate master's degree down!	
Name: **Susan Grogan, PhD** **Director of Adult**	**Date Received:** **2/5/2016**	**Comment:** I am thrilled with the new proposed modifications and additions to the rules for Educator Preparation with only one concern.	**Agency Response:** Please see the response to the comment by Raymond W. Lee.

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
and Extended Education, Associate Professor of Reading, Harding University		*6.03.1 A program for licensure endorsement requiring less than 18 credit hours shall not be required to prepare individual program reports, but the programs must provide candidate performance data from state-required licensure assessments in the unit's documentation for CAEP accreditation.* I am concerned with Section 6.03.1 being struck out. We need to keep this rule and the flexibility it allows. . As a professor of an endorsement program of 15 hours in Dyslexia Therapist, having to do an annual report to the state is an extra burden that is not necessary. That data is included in the Graduate Studies report from our college of education. I am particularly pleased with 7.06 below. Our college of education is supportive of alternative routes to teacher licensure that include Degree Completion and Master of Arts in Teaching because of the high need for qualified teachers, especially in Kindergarten. Adding an MAT Special Education K-12 degree and a MAT Birth-Kindergarten Integrated with Special Education Birth-Kindergarten is going to go a long way toward preparing more teachers for a field that is straining for more teachers! When teachers are put in Special Education classrooms on an ALP, they usually have not been trained in Special Education and are not qualified, except in emergency situations, to teach those	

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		children. When those MAT programs are aligned with the Arkansas Teaching Standards, TESS, and Council for Exceptional Children standards, it just makes sense to provide those options for non-traditional students *7.06 Programs that prepare candidates for standard or add-on licensure to teach special education in grades K-12, shall include a curriculum of at least twenty-one (21) semester hours in special education content and pedagogy and shall comply that complies with standards of the Council for Exceptional Children (CEC).*	
Name: **Merribeth Bruning**	**Date Received:** **2/15/2016**	**Comment:** Responding as a private citizen and as someone who cares deeply about teacher preparation, I offer the comments below on the Proposed Educator Preparation Program Approval policies. In viewing the Proposed Arkansas Department of Education Policies Governing Educator Preparation Program Approval and the summary of changes please note the following: Section 4.02 – I applaud the move that institutions of higher education can be regionally OR nationally accredited. Section 6.03: I applaud the removal of the Specialized Professional Association accreditation as a substitute for	**Agency Response:** The ADE appreciates the comment in support of the policies.

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		state approval. While SPA approval can be desirable, it is important for Arkansas to have the authority over all of its programs. Sections 7.02, 7.03, 7.04, and 7.06 removal of the number of semester hours and instead provide an analysis of how the program prepares candidates for the competencies expected is positive. I agree that requirements for hours or "seat time" does not necessarily ensure quality. Each institution needs the flexibility to provide courses and programs that meet state-approved standards but with creativity and aligned with the unique mission of each institution. Section 7.05 seems appropriate. I would hope that we would recognize that a master's degree can be an enhancement for these areas as well as other education licenses. Section 8.05 I again agree and applaud this change which also removes the number of semester hours and allows for the approval of programs through the analysis of how the program meets the competencies with their candidates. Section 9.0 is added for clarification and aligns with the Ark. Code as needed.	

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
Name: **Mike Mertens, Assistant Executive Director, Arkansas Association of Educational Administrators**	**Date Received:** **2/16/2016**	**Comment:** **Sections 7.02, 7.03, 7.04, 7.06 and 8.05** AAEA supports flexibility for course and program design if the end result is to remove unnecessary barriers and allows institutions of higher education to innovate and update programs to meet current needs for teachers and students in AR public schools. However, care must be taken to insure that all programs are of high quality and meet state-approved standards. The state does not want to end up with widely varying course and/or program designs that are confusing and do not adequately prepare educators.	**Agency Response:** The ADE appreciates the comment in support of the policies. To ensure high quality programs, state policies continue to require CAEP accreditation for programs and state audits, which will begin in Fall 2016.
Name: **Jennifer Dedman, Arkansas Public School Resource Center**	**Date Received:** **2/16/2016**	**Comment:** Generally: Do these standards reflect the new ESSA requirements? 9.04.2: This section may be improved by changing the requirement from 7 to twice each CAEP accreditation cycle to occur during the accreditation cycle and once in the middle of the cycle. 9.05: This section could be improved by adding that the institution of higher education shall send a copy of the ADE's audit findings to every student enrolled in the program and keep the student's informed of progress made to address compliance annually. 9.07: This section could be improved by adding that all students enrolled in the program shall be notified in	**Agency Response:** <u>Response to general comment:</u> The Every Student Succeeds Act (ESSA) was signed into law in December 2015, after these proposed rules were drafted and submitted for the State Board of Education agenda. As government guidance and rules for implementing ESSA are published, there may need to be revisions to the policies at that time. <u>Response comment on 9.04.2:</u> Comment considered, but no

NAME	DATE RECEIVED	COMMENT	AGENCY RESPONSE
		writing of the PLSB findings and the process for the hearing. 9.08: This section could be improved by adding that each student currently enrolled in the program shall be notified in writing of the decision of the State Board.	change is made. This amendment to the policies was made to be consistent with Arkansas Code 6-17-422(h)(2)(B)(ii), which was amended in 2015 to read "*The audits shall be conducted on a seven-year cycle beginning on July 1, 2016…"* <u>Response to comments on 9.05, 9.07, 9.08:</u> Comment considered, but no change is made. As the ADE conducts audits of educator preparation programs under A.C.A. § 6-17-422, the improvement plans will contain specific information as to how a program will notify students. Those improvement plans must be approved by the ADE and successfully completed within the time period provided by law.

Proposed Arkansas Department of Education
Policies Governing Educator Preparation Program Approval

Summary
(Revised after Public Comment)

Purpose: The proposed changes to the Arkansas Department of Education Policies for Educator Preparation Program Approval are made:

- To reflect recent amendments to the Rules Governing Educator Licensure and remove provisions duplicated in those rules;
- To comply with legislative intent;
- To reflect the transition of accreditation from National Council for Accreditation of Teacher Education (NCATE) to the Council for the Accreditation of Educator Preparation (CAEP);
- To provide a clear basis for the statutorily required audits of educator preparation programs under Ark. Code Ann. § 6-17-422;
- To remove unnecessary barriers and allow institutions of higher education to innovate and update programs to meet current needs for teachers and students in Arkansas public schools; and
- To make technical corrections to the rule.

Highlights of the revisions include:

- The name of the rule is changed to a shorter name that reflects the statutory basis for the policies.
- Language has been revised throughout the rule to transition from NCATE accreditation terminology to CAEP accreditation terminology.
- **Section 4.02** adds "national" accrediting agency, which will allow the institution of higher education to be regionally OR nationally accredited.

  Rationale: Acts 292, 865, and 1090 indicated that it is the intent of the legislature that institutions be allowed to be nationally or regionally accredited.

- **Sections 5.01.2 and 5.01.3** were deleted and incorporated in a new **Section 9.0**.
- **Section 6.03** and its subdivisions are deleted to remove Specialized Professional Association accreditation as a substitute for state approval. This deletion also removes a provision for placing a program on inactive status, as CAEP accreditation will control this.
- **Section 6.04** is added due to the deletion of old Sections 8.0 and 10.0.

- **Sections 7.02, 7.03, 7.04, and 7.06** remove the number of semester hours and instead program approval will be determined by an analysis of how the program prepares candidates for the competencies expected. Section 7.04

  Rationale: Having a designated number of semester hours or "seat time" does not necessarily ensure quality. This will give programs flexibility for course and program design, but programs will be held accountable for meeting state-approved standards.

- **Section 7.05** is added to cover the licensure areas of library media specialist, reading specialist, and guidance and school counselors, as these areas were previously inadvertently omitted from these policies. The Specialized Professional Association that provides national recognition for these programs allows each state to determine whether a master's degree is required. Therefore, Arkansas has included that requirement.

  Change following public comment: *The ADE has changed 7.05 to clarify that programs need only require graduate level coursework and not a second master's degree when a candidate already has a master's degree in another licensure content area. The number of hours necessary would be determined by the institution in accordance with their accreditation requirements and alignment with state competencies.*

- **Section 7.06** (see above)

- **Section 7.07** is amended because these standards have recently undergone revision and new leadership standards will be submitted for State Board approval soon, but not before these rules are submitted for public comment.

- **Section 7.08.1.4** is added to cover the 4-12 licensure area, previously inadvertently omitted.

- **Section 7.08.3** is added to place the provisions of old Section 7.08.8 in a more appropriate place in the policies; therefore, old Section 7.08.8 is deleted.

- **Section 7.09** clarifies that this provision relates to recommending candidates for licensure, not identifying them as "completers", as that is a term of art for Title II and other purposes.

- **Section 8.05** removes the number of semester hours and instead program approval will be determined by an analysis of how the program prepares candidates for the competencies expected. Having a designated number of clock hours does not always ensure quality. This will give programs flexibility for course design, but will ensure that candidates will have quality preparation.

- **Old Sections 8.0 and 10.0** have been removed. They were specifically for candidates and are included in the *ADE Rules Governing Educator Licensure*. These policies should focus on the education preparation programs and be usable as the basis for audit criteria.

- **Old Section 11.0** regarding program accountability is also removed as it is not needed during the transition to CAEP. In addition, new audit procedures are being developed for compliance with statutory audit requirements.

- **New Section 9.0** is added to accurately reflect the current accountability provisions for educator preparation program approval by the ADE and PLSB. The provisions reflect what will happen when approval or accreditation is discontinued. It also reflects the changes in audit provisions in Ark. Code Ann. § 6-17-422 (Act 1090). New provisions were included for a State Board hearing process when an institution of higher education challenges a PLSB recommendation to the State Board for removal of authority to offer a program.

ARKANSAS DEPARTMENT OF EDUCATION
RULES GOVERNING PUBLIC CHARTER SCHOOLS
~~**August 2014**~~ _____

1.00 REGULATORY AUTHORITY AND PURPOSE

1.01 These rules shall be known as the Arkansas Department of Education Rules Governing Public Charter Schools.

1.02 The State Board of Education enacted these rules pursuant to its authority as set forth in Ark. Code Ann. §§ 6-11-105, 6-23-101 et seq., 25-15-201 et seq., and ~~Act 509 of 2013~~ Acts 846 and 1200 of 2015.

2.00 LEGISLATIVE AND REGULATORY INTENT

2.01 It is the intent of the Arkansas General Assembly, and of these rules, to provide opportunities for teachers, parents, pupils, and community members to establish and maintain public schools that operate independently from the existing structure of local school districts as a method to accomplish the following:

2.01.1 Improve student learning;

2.01.2 Increase learning opportunities for all students, with special emphasis on expanding learning experiences for students who are identified as low-achieving;

2.01.3 Encourage the use of different and innovative teaching methods;

2.01.4 Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site;

2.01.5 Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system; and

2.01.6 Hold the schools established under this chapter accountable for meeting measurable student achievement standards.

MARK-UP

3.00 DEFINITIONS

3.01 "Academic Eligibility" means qualified for selection or admission based upon academic performance.

3.02 "Adult education charter school" means a charter school for individuals at least nineteen (19) years of age that offers a high school diploma program and an industry certification program simultaneously to students. *Source: Ark. Code Ann. § 6-23-103(1)* ~~*Act 1200 of 2015*~~

3.~~02~~03 "Affected School District" means each public school district from which an open-enrollment public charter school or adult education public charter school is expected to draw students for the purposes of enrollment; the public school district in which the open-enrollment public charter school or adult education public charter school will be located; and each public school district that is contiguous to the public school district in which the open-enrollment or adult education public charter school will be located.

3.~~03~~04 "Athletic Eligibility" means qualified for selection or admission based upon athletic performance or upon athletic eligibility requirements set forth by the Arkansas Activities Association.

3.~~04~~05 "Application" means the proposal by a public school district or eligible entity for obtaining conversion public charter school status, open-enrollment public charter school status, or ~~limited public~~ adult education charter school status. ~~*Source: Ark. Code Ann. § 6-23-103(1)*~~

3.~~05~~06 "Authorizer" means an entity that authorizes a charter, which may be either the:

3.~~05~~06.1 Department of Education; or

3.~~05~~06.2 State Board of Education acting under Ark. Code Ann. § 6-23-703 and Section ~~10~~9.0 of these rules. ~~*Source: Act 509 of 2013*~~

Source: Ark. Code Ann. § 6-23-103(3)

3.~~06~~07 "Average daily membership" means the total number of days of school attended plus the total number of days absent by students in kindergarten through grade twelve (K-12) during the first three (3) quarters of each school year divided by the number of school days actually taught in the school district during that period of

MARK-UP

time rounded up to the nearest hundredth. Open-enrollment public charter school students who are enrolled in a curriculum that fulfills the requirements established by the State Board of Education under the Standards for Accreditation of Arkansas Public Schools and School Districts may be counted for average daily membership. *Source: Current rule as modified by Ark. Code Ann. § 6-20-2303(3).*

3.~~07~~08 "Charter," or "charter contract" means a performance-based contract for an initial five-year period between the authorizer and an approved applicant for public charter school status that exempts the public charter school from state and local rules, regulations, policies, and procedures specified in the contract and from the provisions of Title 6 of the Arkansas Code specified in the contract. *Source: Ark. Code Ann. § 6-23-103(~~2~~24).* The initial charter or charter contract may be renewed as set forth in these rules. For the purposes of these rules, the initial five-year period of a charter begins to run on the July 1 following approval of the charter unless otherwise specified by the authorizer. The period for any subsequent renewal of an initial charter shall begin to run on the July 1 following approval of the renewal.

3.~~08~~09 "Conversion public charter school" means a public school that has converted to operating under the terms of a charter approved by the local school board and the authorizer. *Source: Ark. Code Ann. § 6-23-103(~~3~~5).*

3.~~09~~10 "Debt" means any financial obligation incurred by a public charter school which will not be paid in full within 365 days from the date on which the financial obligation is incurred. *Source: Current rule as modified herein.*

3.~~10~~11 "Eligible entity" means:

3.~~10~~11.1 A public institution of higher education;

3.~~10~~11.2 A private nonsectarian institution of higher education;

3.~~10~~11.3 A governmental entity; or

3.~~10~~11.4 An organization that:

3.~~10~~11.4.1 Is nonsectarian in its program, admissions policies, employment practices, and operations, and

MARK-UP

3.~~10~~11.4.2 Has applied for tax-exempt status under § 501(c)(3) of the Internal Revenue Code of 1986. The eligible entity must obtain status as a tax-exempt organization under § 501 (c)(3) of the Internal Revenue Code of 1986 prior to the first day of its operation with students.

Source: Ark. Code Ann. § 6-23-103(~~4~~6).~~

3.~~11~~12 "Founding member" means any individual who is either:

3.~~11~~12.1 A member or an employee of the eligible entity applying for the initial charter for an open-enrollment public charter school; or

3.~~11~~12.2 A member of the initial governing nonadvisory board of the open-enrollment public charter school.

Source: Ark. Code Ann. § 6-23-103(~~5~~7).~~

3.~~12~~13 "Letter of Intent" means a written notice submitted to the Department of Education Charter School Office that a public school district or an eligible entity intends to file a charter school application. The letter of intent shall be submitted by the established deadline on forms provided by the Department of Education. *Source: Current rule.*

~~3.13 "Limited Public Charter School" means a public school that has converted to operating under the terms of a limited public charter approved by the local school board and the authorizer. *Source: Ark. Code Ann. § 6-23-103(6).*~~

3.14 "License" means the authority granted by the authorizer to an already-existing open-enrollment or adult education public charter sponsoring entity for the purpose of establishing another open-enrollment or adult education public charter school(s) provided the applicant for a charter license(s) meets the following minimum conditions: (1) maintains an existing open-enrollment or adult education public charter school charter from the authorizer; and (2) meets the requirements of Section 6.05 or Section 10.03 of these rules. *~~Source: Current rule and Ark. Code Ann. § 6-23-304.~~*

3.15 "Local school board" means a board of directors exercising the control and management of a public school district. For the purposes of these rules, "local school board" also refers to the board of directors of a school district where a

MARK-UP

public charter school will be physically located. *Source: Current rule and Ark. Code Ann. § 6-23-103(~~7~~9).~~*

3.16 "Net assets" refers to the status of particular items upon the occurrence of the dissolution, nonrenewal, or revocation of the charter, with the purpose being to identify publicly-funded unencumbered assets as property of the state at that point. Specifically, "net assets" refer to any unencumbered asset for which public funds were spent. *Source: Attorney General Opinion No. 2007-204*

3.17 "Open-enrollment public charter school" means a public school that:

3.17.1 Is operating under the terms of a charter granted by the authorizer on the application of an eligible entity;

3.17.2 May draw its students from any public school district in this state; and

3.17.3 Is a local educational agency under the Elementary and Secondary Education Act of 1965, 20 U.S.C. § 7801, as it existed on April 10, 2009.

3.17.4 "Open-enrollment public charter school" also possesses the same meaning as given the term "charter school" in the Elementary and Secondary Education Act of 1965, 20 U.S.C. § 7221i, as it existed on April 10, 2009.

Source: Ark. Code Ann. § 6-23-103(~~8~~10).~~

3.18 "Parent" means any parent, legal guardian, or other person having custody or charge of a school-age child. *Source: Ark. Code Ann. § 6-23-103(~~9~~11).~~*

3.19 "Public school" means a school that is part of a public school district under the control and management of a local school board. *Source: Ark. Code Ann. § 6-23-103(~~10~~12).~~*

3.20 "Public charter school" means a conversion public charter school, an open-enrollment public charter school, or ~~a limited public~~ an adult education charter school. ~~*Source: Ark. Code Ann. § 6-23-103(11).*~~

MARK-UP

3.21 "Sectarian" means of or relating to a particular religious sect. Source: Black's Law Dictionary, 8th Ed., 2004.

3.22 "Short-term Line of Credit" means any financial obligation or obligations incurred by a public charter school as the result of an agreement by a lender or potential creditor to advance funds of ten thousand dollars ($10,000.00) or more in the form of:

3.22.1 A loan (or combination of loans) that is payable in full in less than three hundred sixty-five (365) days from the date on which the financial obligation is incurred; or

3.22.2 A loan (or combination of loans) that does not define a date certain at which the loan is payable in full.

4.00 RULES APPLICABLE TO ALL PUBLIC CHARTER SCHOOLS

4.01 Charter Form for Public Charter Schools – Requirements – Revision

4.01.1 A charter for a public charter school shall:

4.01.1.1 Be in the form of a written contract signed by the Commissioner of Education and the chief operating officer of the public charter school;

4.01.1.2 Satisfy the requirements of Title 6, Chapter 23 of the Arkansas Code and of these rules; and

4.01.1.3 Ensure that the information required under Ark. Code Ann. § 6-23-404 is consistent with the information provided in the application and any modification that the authorizer may require.

4.01.2 Any revision or amendment of the charter for a public charter school may be made only with the approval of the authorizer.

Source: Ark. Code Ann. § 6-23-104

4.02 Authorizer Hearing Notice Requirements

MARK-UP

4.02.1 For applications for a public charter school, the public charter school applicant shall submit its application according to a schedule set forth by the State Board of Education.

4.02.2 For renewal requests for a public charter school, the public charter school applicant shall submit its renewal request according to a schedule set forth by the State Board of Education.

4.02.3 Requests seeking amendments to current charters will be heard at the authorizer meetings in February and October of each year.

4.02.4 For requests seeking authorizer approval for a change in the physical location of a public charter school, the public charter school applicant shall submit such request not later than thirty-five (35) days prior to the date of the authorizer meeting at which the request will be heard. For open-enrollment or adult education public charter schools, each such request shall be contemporaneously sent by the applicant to the superintendent of the local school district in which the public charter school is located.

4.02.4.1 For the purposes of these rules, a change in the physical location of a public charter school means a relocation of a public charter school from its present location.

4.02.4.2 Requests for a change in the physical location of a public charter school shall include maps of the present and proposed future locations of the charter school, and shall identify the local public school district in which the proposed future location will be located.

4.02.4.3 Not later than seven (7) days after receipt of the request to change the physical location of a public charter school, the Commissioner of Education may, in writing, require the public charter school, the local school district and the Department of Education to submit additional information, including without limitation a desegregation analysis, concerning the proposed change in the physical location of the public charter school. Should the Commissioner of Education require the submission of such additional

MARK-UP

information, he or she shall modify the deadlines contained in Sections 4.04.4, 4.04.5, 4.04.6 of these rules accordingly.

4.02.5 For requests seeking authorizer approval for other amendments to a public school charter, the public charter school applicant shall submit such request not later than thirty-five (35) days prior to the date of the authorizer meeting at which the request will be heard. For open-enrollment public charter schools, each such request shall be contemporaneously sent by the applicant to the superintendent of the local school district in which the public charter school will be located.

4.02.6 For requests seeking authorizer approval for licenses for an existing open-enrollment or adult education public charter school, the open-enrollment or adult education public charter school applicant shall submit such request for license not later than thirty-five (35) days prior to the date of the authorizer meeting at which the request will be heard. Each such request shall be contemporaneously sent by the applicant to the superintendent of the local school district in which the public charter school will be located.

4.02.7 Under circumstances involving imminent peril to the health, welfare, or safety of students, or under circumstances that may negatively impact the continuation of educational services offered by the public charter school, and upon written request from the public charter school, the Commissioner of Education or his or her designee may waive the requirements set forth in Sections 4.02.3 through Sections 4.02.6 of these rules. The decision of whether to grant such a waiver is within the sole discretion of the Commissioner of Education or his or her designee. If the Commissioner of Education, or his or her designee, grants such a waiver, he or she shall also adjust the resulting deadlines for local school districts and Department of Education staff contained in Sections 4.04.5 and 4.04.6 of these rules.

4.03 Basis and Procedure for Public Charter School Probation or Charter Modification, Revocation or Denial of Renewal

4.03.1 The authorizer may place a public charter school on probation or may modify, revoke, or deny renewal of its charter if the authorizer determines that the persons operating the public charter school:

MARK-UP

4.03.1.1 Committed a material violation of the charter, including failure to satisfy accountability provisions prescribed by the charter;

4.03.1.2 Failed to satisfy generally accepted accounting standards of fiscal management;

4.03.1.3 Failed to comply with this Title 6, Chapter 23 of the Arkansas Code or other applicable law or regulation; or

4.03.1.4 Failed to meet academic or fiscal performance criteria deemed appropriate and relevant for the public charter school by the authorizer.

4.03.1.5 Pursuant to the federal mandate contained in P.L. 111-117, 123 Stat. 3264, the authorizer will consider increases in student academic achievement for all groups of students described in Section 1111 (b)(2)(C)(v) of the Elementary and Secondary Education Act as a primary factor in determining whether to non-renew or revoke a public charter school's charter. However, any one of the circumstances listed in Sections 4.03.1.1 through 4.03.1.4 of these rules may be reason enough to non-renew or revoke a public charter school's charter.

4.03.2 Any action the authorizer may take under Ark. Code Ann. § 6-23-105 and Section 4.02 of these rules shall be based on the best interests of the public charter school's students, the severity of the violation, and any previous violation the public charter school may have committed.

4.03.3 The authorizer's procedures for placing a public charter school on probation or modifying, revoking, or denying renewal of the school's charter can be found in these rules as follows:

4.03.3.1 Conversion public charter schools: Sections 5.06 and 5.07

4.03.3.2 Open-enrollment public charter schools: Sections 6.23 and 6.24

MARK-UP

4.03.3.3 Adult Education public charter schools: Sections 10.15 and 10.16

~~4.03.3.3 Limited public charter schools: Section 7.12~~

4.03.4 There is no further right of appeal beyond the determination of the authorizer except as set forth in Sections ~~9~~8.00 and ~~10~~9.00 of these Rules.

4.03.5 The Arkansas Administrative Procedure Act, § 25-15-201 et seq., shall not apply to any hearing concerning a public charter school.

Source: Ark. Code Ann. § 6-23-105.

4.04 Impact on School Desegregation Efforts

4.04.1 The applicants for a public charter school, the local school board for the district in which the proposed public charter school would be located, and the authorizer shall carefully review the potential impact of an application for a public charter school on the efforts of a public school district or public school districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools.

4.04.2 The authorizer shall attempt to measure the likely impact of a proposed public charter school on the efforts of public school districts to achieve and maintain a unitary system.

4.04.3 The authorizer shall not approve any public charter school under Title 6, Chapter 23, or any other act or any combination of acts that hampers, delays, or in any manner negatively affects the desegregation efforts of a public school district or public school districts in this state.

4.04.4 A public charter school or applicant shall provide to the Department of Education, with a copy to the local school board for the school district in which the public charter school is or will be located, a desegregation analysis carefully reviewing the potential impact of the public charter school's application or request on the efforts of a public school district or public school districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools:

MARK-UP

4.04.4.1 In its application for a public charter school charter;

4.04.4.2 In its renewal request for its existing public charter school charter;

4.04.4.3 In its request to change the physical location of its existing charter school if required by the Commissioner of Education in accordance with Section 4.02.3 of these rules;

4.04.4.4 In any request to amend its existing charter to increase its enrollment cap or add grade levels; and

4.04.4.5 For an existing open-enrollment public charter school, in any request for a license.

4.04.5 The local school board of the school district in which the proposed public charter school is or will be located may provide to the Department of Education, with a copy to the public charter school or applicant, a desegregation analysis carefully reviewing the potential impact of an application for a public charter school, or a request under Section 4.04.4 above, on the efforts of a public school district or public school districts to comply with court orders and statutory obligations to create and maintain a unitary system of desegregated public schools:

4.04.5.1 Not later than twenty (20) days prior to the authorizer's consideration of an application of a public charter school;

4.04.5.2 Not later than twenty (20) days prior to the authorizer's consideration of a proposed renewal of a public charter school;

4.04.5.3 Not later than twenty (20) days prior to the authorizer's consideration of a change in the physical location of a public charter school if required by the Commissioner of Education in accordance with Section 4.02.3 of these rules;

4.04.5.4 Not later than twenty (20) days prior to the authorizer's consideration of a proposed amendment to a public charter

MARK-UP

that includes an increased enrollment cap or the addition of grade levels; and

4.04.4~~5~~.5 Not later than twenty (20) days prior to the authorizer's consideration of a proposed license for an existing open-enrollment public charter school.

4.04.5.6 Failure of the local school board of the district in which the proposed public charter school will be located to submit to the Department of Education a desegregation analysis as set forth above shall result in a waiver of the local school board's right to submit such a desegregation analysis to the authorizer.

4.04.6 In accordance with Section 4.04 of these rules, the Department of Education staff shall submit to the authorizer, with copies to the public charter school or applicant and the local school board of the school district in which the public charter school is or will be located, a desegregation analysis:

4.04.6.1 Not later than ten (10) days prior to the authorizer's consideration of an application of a public charter school;

4.04.6.2 Not later than ten (10) days prior to the authorizer's consideration of a proposed renewal of a public charter school;

4.04.6.3 Not later than ten (10) days prior to the authorizer's consideration of a change in physical location of a public charter school if required by the Commissioner of Education in accordance with Section 4.02.3 of these rules;

4.04.6.4 Not later than ten (10) days prior to the authorizer's consideration of a proposed amendment to a public charter that includes an increased enrollment cap or the addition of grade levels;

4.04.6.5 Not later than ten (10) days prior to the authorizer's consideration of a proposed license for an existing open-enrollment public charter school; and

MARK-UP

4.04.6.~~5~~6 At any other time as directed by the authorizer or the Commissioner of Education.

4.04.6.~~6~~7 The Department of Education's desegregation analysis will include as attachments the desegregation analyses provided by the applicant or public charter school and the local school board in which the public charter school is or will be located.

Source: Ark. Code Ann. § 6-23-106.~~~~*

4.05 Observance of Anti-Discrimination Laws

4.05.1 All public charter schools shall observe and comply with all anti-discrimination laws, both federal and state, except where otherwise exempted under federal charter school law.

4.05.2 All public charter schools are responsible for meeting the requirements of the Individuals with Disabilities Act (IDEA) and these rules.

4.05.3 All public charter schools are responsible for meeting the requirements of Section 504 of the Rehabilitation Act.

Source: Current rules as modified.~~~~*

4.06 Reporting Requirements

4.06.1 Within ten (10) calendar days of the close of the first quarter of each school year, a public charter school shall submit a written report to the Department of Education that contains the following information for the current school year:

4.06.1.1 The number of applications for enrollment received;

4.06.1.2 The number of applicants with a disability identified under the Individuals with Disabilities Act, 20 U.S.C. § 1400 et seq.; and

MARK-UP

4.06.1.3 The number of applications for enrollment the public charter school denied and an explanation of the reason for each denial.

4.06.2 Within ten (10) calendar days of the close of the fourth quarter of each school year, a public charter school shall submit a written report to the Department of Education that contains the following information for the current school year:

4.06.2.1 The number of students in each of the following categories:

4.06.2.1.1 Students who dropped out of the public charter school during the school year;

4.06.2.1.2 Students who were expelled during the school year by the public charter school;

4.06.2.1.3 Students who were enrolled in the public charter school but for a reason other than those cited under Sections 4.06.2.1.1 and 4.06.2.1.2 did not complete the school year at the public charter school;

4.06.2.1.4 Students identified in Sections 4.06.2.1.1 through 4.06.2.1.3 who transferred to another open-enrollment public charter school;

4.06.2.1.5 Students identified in Sections 4.06.2.1.1 through 4.06.2.1.3 who transferred to a private school;

4.06.2.1.6 Students identified in Sections 4.06.2.1.1 through 4.06.2.1.3 who transferred to a home school;

4.06.2.1.7 Students identified in Sections 4.06.2.1.1 through 4.06.2.1.3 who transferred to a school outside of Arkansas; and

MARK-UP

4.06.2.1.8 Students identified in Sections 4.06.2.1.1 through 4.06.2.1.3 who transferred to a traditional public school district within Arkansas.

4.06.2.1.9 The report shall identify the dates of transfer for all students identified in Section 4.06.2.1.8.

4.06.2.2 For all students enrolled in the public charter school, the scores for assessments required under the Arkansas Comprehensive Testing, Assessment, and Accountability Program Act, § 6-15-401 et seq., including without limitation benchmark assessments and end-of-course assessments

4.06.2.3 If there is any discrepancy in the number of students for whom scores are reported under Section 4.06.2.2 of these rules, and the number of students enrolled at the beginning of the school year, the public charter school shall explain in the report the reason for the discrepancy.

4.06.3 The Department of Education shall not exempt a public charter school from the reporting required under Section 4.06 of these rules.

4.06.4 The Department of Education shall publish a copy of each report on the department's website.

4.06.5 If a public charter school fails to comply with Ark. Code Ann. § 6-23-107 and Section 4.06 of these rules, the Department of Education shall note the failure in the annual evaluation of the public charter school.

4.06.6 Every public charter school shall furnish any other information, record, or report requested by the Department of Education Charter School Office unless disclosure of the information, record, or report is explicitly prohibited by court order or by federal or state law.

4.06.7 The Department of Education Charter School Office shall, at least annually, post on the Department of Education's website a list of deadlines

MARK-UP

for which legally required reports are due from the public charter school to the Department of Education.

Source: Ark. Code Ann. § 6-23-107 ~~Act 993 of 2011.~~

4.07 Public Charter Schools Receiving Federal Dissemination Grants from the Arkansas Department of Education

4.07.1 Public Charter Schools that receive federal dissemination grant funds from the Department of Education shall, by July 1 of each year, provide the Department of Education Charter School Office with a list of the public charter school's best or promising practices in accordance with their approved dissemination grant applications.

4.07.2 By August 1 of each year, the Department of Education Charter School Office will post a link of each public charter school's best or promising practices on the Department of Education's website.

4.08 Application Process, Schedule and Forms

4.08.1 A procedure for establishing a public charter school shall be published by the Department of Education as approved by the State Board.

4.08.2 All dates and requirements listed in the procedures for establishing a public charter school shall be strictly followed by the public charter school applicant.

4.08.3 If all dates and requirements listed in the procedures for establishing a public charter school are not strictly followed by the public charter school applicant, the authorizer may refuse to consider the application.

4.08.4 Application forms and other documents needed for the public charter school application process shall be provided by the Arkansas Department of Education Charter School Office and are incorporated into these rules as if fully set forth herein.

4.08.5 Any requests for technical assistance by a charter applicant shall be made to the Arkansas Department of Education Charter School Office.

MARK-UP

4.08.6 Letter of Intent: Each public charter school letter of intent shall be submitted by the potential applicant ~~by certified mail, hand delivery or~~ by electronic means and must be received by the Department of Education Charter School Office on or before the established deadline. The Department of Education Charter School Office may refuse to process or review any letter of intent not received by the established deadline. *The Charter School Office will electronically acknowledge receipt of received letters of intent.*

4.08.7 Charter Application: Each public charter school application shall be submitted by the applicant ~~by certified mail, hand delivery or~~ by electronic means and must be received by the Department of Education Charter School Office on or before the established deadline. The Department of Education Charter School Office may refuse to process or review any application not received by the established deadline. *The Charter School Office will electronically acknowledge receipt of received applications*.

4.08.8 The Department of Education shall review the application for a public charter school and present to the authorizer a written evaluation of the application. The Department's evaluation shall be sent to the public charter school applicant.

4.08.9 The public charter school applicant shall be allowed an opportunity to submit a written response to the Arkansas Department of Education's evaluation by an established deadline.

4.08.10 The Department of Education may require additional information from a charter applicant to be delivered by the charter applicant in oral or written form, or both.

5.00 RULES APPLICABLE TO CONVERSION PUBLIC CHARTER SCHOOLS

5.01 Application for Conversion Public Charter School Status

5.01.1 Any public school district may apply to the authorizer for conversion public charter school status for a public school in the public school district in accordance with a schedule approved by the State Board. The authorizer shall not approve an application for conversion public charter school status that has not first been approved by the school district's board of directors.

MARK-UP

5.01.2 A public school district's application for conversion public charter school status for the public school may include, without limitation, the following purposes:

5.01.2.1 Adopting research-based school or instructional designs, or both, that focus on improving student and school performance;

5.01.2.2 Addressing school improvement status resulting from sanctions listed in Ark. Code Ann. §§ 6-15-207(c)(8) and 6-15-429(a) and (b); or

5.01.2.3 Partnering with other public school districts or public schools to address students' needs in a geographical location or multiple locations.

5.01.3 An application for a conversion public charter school shall:

5.01.3.1 Describe the results of a public hearing called by the local school board for the purpose of assessing support of an application for conversion public charter school status.

5.01.3.2 Notice of the public hearing shall be:

5.01.3.2.1 Distributed to the community, licensed personnel, and the parents of all students enrolled at the public school for which the public school district initiated the application; and

5.01.3.2.2 Published in a newspaper having general circulation in the public school district at least three (3) weeks prior to the date of the meeting;

5.01.3.3 Describe a plan for school improvement that addresses how the conversion public charter school will improve student learning and meet the state education goals;

MARK-UP

5.01.3.4 Outline proposed performance criteria that will be used during the initial five-year period of the charter to measure the progress of the conversion public charter school in improving student learning and meeting or exceeding the state education goals;

5.01.3.5 Describe how the licensed employees and parents of the students to be enrolled in the conversion public charter school will be involved in developing and implementing the school improvement plan and identifying performance criteria;

5.01.3.6 Describe how the concerns of licensed employees and parents of students enrolled in the conversion public charter school will be solicited and addressed in evaluating the effectiveness of the improvement plan; and

5.01.3.7 List the specific provisions of Title 6 of the Arkansas Code and the specific rules and regulations promulgated by the State Board from which the public charter school will be exempt.

5.01.4 A licensed teacher employed by a public school in the school year immediately preceding the effective date of a charter for a public school conversion within that public school district may not be transferred to or be employed by the conversion public charter school over the licensed teacher's objection, nor shall that objection be used as a basis to deny continuing employment within the public school district in another public school at a similar grade level.

5.01.5 If the transfer of a teacher within the public school district is not possible because only one (1) public school exists for that teacher's certification level, then the local school board shall call for a vote of the licensed teachers in the proposed conversion public charter school site and proceed, at the local school board's option, with the conversion public charter school application if a majority of the licensed teachers approve the proposal.

MARK-UP

5.02 Authorization for Conversion Public Charter School Status

5.02.1 As requested by the conversion public charter school applicant, the authorizer shall review the application for conversion public charter school status and may approve any application that:

5.02.1.1 Provides a plan for improvement at the school level for improving student learning and for meeting or exceeding the state education goals;

5.02.1.2 Includes a set of performance-based objectives and student achievement objectives for the term of the charter and the means for measuring those objectives on at least a yearly basis;

5.02.1.3 Includes a proposal to directly and substantially involve the parents of students to be enrolled in the conversion public charter school, as well as the licensed employees and the broader community, in the process of carrying out the terms of the charter; and

5.02.1.4 Includes an agreement to provide a yearly report to parents, the community, the local school board, and the authorizer that indicates the progress made by the conversion public charter school in meeting the performance objectives during the previous year.

Source: Ark. Code Ann. § 6-23-202.

5.03 Resubmission of Conversion Public Charter School Applications

5.03.1 ~~The authorizer may allow applicants to resubmit applications for conversion public charter school status if the original application was, in the opinion of the authorizer, deficient in one (1) or more respects.~~ If the authorizer disapproves an application for a conversion public charter school, the authorizer shall notify the applicant in writing of the reasons for the disapproval.

MARK-UP

5.03.2 The Department of Education may provide technical assistance to the conversion public charter school applicants in the ~~creation or modification of these applications.~~

5.03.2.1 Creation of its application; and

5.03.2.2 Modification of its application as directed by the authorizer.

Source: Ark. Code Ann. § 6-23-203

5.04 Public Conversion Charter School Renewal: The authorizer is authorized to renew charters of conversion public charter schools on a one-year or multiyear basis, not to exceed five (5) years, after the initial five-year period if the renewal is approved by the local school board.

Source: Ark. Code Ann. § 6-23-204

5.05 Teacher Hires when Charter Revoked: If a licensed teacher employed by a public school district in the school year immediately preceding the effective date of the charter is employed by a conversion public charter school and the charter is revoked, the licensed teacher will receive a priority in hiring for the first available position for which the licensed teacher is qualified in the public school district where the licensed teacher was formerly employed.

5.06 Authorizer Hearing Procedures Related to Conversion Public Charter Schools (Application, Renewal, or Request for Charter Amendment)

5.06.1 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by ~~a certified court reporter~~ the Chair of the body conducting the hearing.

5.06.2 The conversion public charter school or applicant shall have twenty (20) minutes to present its case to the authorizer for approval of the proposed conversion public charter school, renewal, or amendment. The Chair of authorizing body may grant additional time, if necessary.

5.06.3 Parties opposed to the conversion public charter school application, renewal, or amendment, if any, shall have twenty (20) minutes to present their case to the authorizer for disapproval of the proposed conversion

MARK-UP

public charter school, renewal, or amendment. The Chair of the authorizing body may grant additional time, if necessary.

5.06.4 The conversion public charter school or applicant shall have five (5) minutes to respond to any arguments in opposition to the conversion public charter school application, renewal, or amendment. The Chair of the authorizing body may grant additional time, if necessary.

5.06.5 The authorizer will follow the presentation with discussion of the conversion public charter school application or request and questions, if any, to the conversion public charter school or applicant, opposing parties, or both.

5.06.6 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.

5.06.7 The authorizer may defer the vote to approve or disapprove a charter application, renewal, or amendment in order to allow a public charter school or applicant to make modifications or receive technical assistance to correct deficiencies in the application or request.

Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section ~~9~~8.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section ~~10~~9.00 of these Rules.

5.07 Authorizer Hearing Procedures Related to Conversion Public Charter Schools (Modification, Probation or Revocation of Charter)

5.07.1 Not later than twenty (20) days prior to the authorizer meeting at which the matter of modification, probation or revocation will be considered, the Department of Education shall provide written notice of the reason(s) for the proposed action, as well as of the time and location of such hearing, to the conversion public charter school.

5.07.2 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by ~~a certified court reporter~~ the Chair of the body conducting the hearing.

MARK-UP

~~5.07.3 Arkansas Department of Education staff shall have twenty (20) minutes to present its case to the authorizer for modification, probation, or revocation of a conversion public charter school charter. The Chair of the authorizing body may grant additional time, if necessary.~~

5.07.4~~3~~3 The conversion public charter school shall have twenty (20) minutes to present its case to the authorizer for regarding the proposed modification, probation, or revocation of the conversion public charter school charter. The Chair of the authorizing body may grant additional time, if necessary.

5.07.5~~4~~4 The authorizer will follow the presentation with discussion of the matter and questions, if any, to representatives from the Department of Education, the conversion public charter school, or both.

5.07.6~~5~~5 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.

Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section ~~9~~8.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section ~~10~~9.00 of these Rules

6.00 RULES APPLICABLE TO OPEN-ENROLLMENT PUBLIC CHARTER SCHOOLS

Note: The rules applicable to Adult Education Charter Schools can be found in Section 10.00 of these Rules.

6.01 Application for an Open-Enrollment Public Charter School

6.01.1 Pursuant to Title 6, Chapter 23 of the Arkansas Code and these rules, an eligible entity may apply to the authorizer to grant a charter for an open-enrollment public charter school to operate in a facility of a commercial or nonprofit entity or a public school district. As noted in Section 6.17.11 of these Rules, an open-enrollment public charter school shall have the right of first refusal to purchase or lease for fair market value a closed public school facility or unused portions of a public school facility located in a public school district from which it draws students if the public school district decides to sell or lease the public school facility.

MARK-UP

6.01.2 The authorizer shall adopt an application form, schedule, and a procedure that must be used to apply for an open-enrollment public charter school. The State Board shall adopt any applications, forms, schedules and procedures that are required to be promulgated through the Administrative Procedure Act.

6.01.3 The authorizer shall adopt, in conjunction with the application form adopted under section 6.01.2 of these Rules, a scoring rubric that shall constitute criteria to inform the authorizer's approval of a program for which an open-enrollment public charter may be granted. The State Board shall adopt any rubric that is required to be promulgated through the Administrative Procedure Act.

6.01.4 The application to the authorizer for an open-enrollment public charter school shall be made in accordance with a schedule approved by the authorizer. The State Board shall adopt any schedule that is required to be promulgated through the Administrative Procedure Act.

6.01.5 The application form must provide space for including all information required under Title 6, Chapter 23 and these rules to be contained in the charter.

6.01.6 The application for an open-enrollment public charter school shall:

6.01.6.1 Describe the results of a public hearing called by the applicant for the purpose of assessing support for an application for an open-enrollment public charter school.

6.01.6.1.1 Notice of the public hearing shall be published one (1) time a week for three (3) consecutive weeks in a newspaper having general circulation in the public school district in which the open-enrollment public charter school is likely to be located.

6.01.6.1.1.1 The last publication of notice shall be no less than seven (7) days before the public meeting.

MARK-UP

6.01.6.1.1.2 The notice shall not be published in the classified or legal notice section of the newspaper.

6.01.6.1.2 Within seven (7) calendar days following the first publication of notice required under Section 6.01.6.1.1 of these rules, letters announcing the public hearing shall be sent to the superintendent of each of the public school districts from which the open-enrollment public charter school is likely to draw students for the purpose of enrollment and the superintendent of any public school district that is contiguous to the public school district in which the open-enrollment public charter school will be located.

6.01.6.1.3 An affected school district may submit written comments concerning the application to the authorizer to be considered at the time of the authorizer's review of the application.

6.01.6.2 Describe a plan for academic achievement that addresses how the open-enrollment public charter school will improve student learning and meet the state education goals;

6.01.6.3 Outline the proposed performance criteria that will be used during the initial five-year period of the open-enrollment public charter school operation to measure its progress in improving student learning and meeting or exceeding the state education goals;

6.01.6.4 List the specific provisions of Title 6 of the Arkansas Code and the specific rules and regulations promulgated by the State Board from which the open-enrollment public charter school seeks to be exempted;

MARK-UP

6.01.6.5 Describe the facility to be used for the open-enrollment public charter school and state the facility's current use.

6.01.6.5.1 If the facility to be used for an open-enrollment public charter school is a public school district facility, the open-enrollment public charter school must operate in the facility in accordance with the terms established by the local school board of the public school district in an agreement governing the relationship between the open-enrollment public charter school and the public school district.

6.01.6.5.2 If the facility that will be used for the open-enrollment public charter school is owned by or leased from a sectarian organization, the terms of the facility agreement must be disclosed to the authorizer.

6.01.6.6 Include a detailed budget and a governance plan for the operation of the open-enrollment public charter school.

6.01.7 Review and Approval by the Local School Board:

6.01.7.1 The application may be reviewed and approved by the local school board of the public school district in which the proposed open-enrollment public charter school will operate.

6.01.7.2 Any decision by the local school board approving or disapproving the application must be made within forty-five (45) days of the local school board's receipt of the application.

6.01.7.3 The applicant may submit to the authorizer for expedited review an application approved by the local school board under Section 6.01.7.1 of these rules.

MARK-UP

6.01.7.4 If the local school board disapproves the application, or if the local school board takes no action in the time allowed by Section 6.01.7.2 of these Rules, the applicant shall have an immediate right to proceed with a written notice of appeal to the authorizer.

6.01.7.5 The authorizer shall hold a hearing within forty-five (45) calendar days after receipt of the notice of appeal or a request for review, unless the applicant and the local school board agree to a later date.

6.01.7.6 All interested parties may appear at the hearing and present relevant information regarding the application.

6.02 A licensed teacher employed by a public school district in the school year immediately preceding the effective date of a charter for an open-enrollment public charter school operated at a public school facility may not be transferred to or be employed by the open-enrollment public charter school over the licensed teacher's objections.

Source: Ark. Code Ann. §§ 6-23-301 and 6-23-302 ~~*as amended by Act 993 of 2011*~~

6.03 Authorization for an Open-Enrollment Public Charter School

6.03.1 As requested by the applicant for an open-enrollment public charter school, the authorizer shall review the application for an open-enrollment public charter school and may approve any application that:

6.03.1.1 Provides a plan for academic achievement that addresses how the open-enrollment public charter school proposes to improve student learning and meet the state education goals;

6.03.1.2 Includes a set of performance criteria that will be used during the initial five-year period of the open-enrollment public charter school's operation to measure its progress in meeting its academic performance goals;

6.03.1.3 Includes a proposal to directly and substantially involve the parents of students to be enrolled in the open-enrollment

MARK-UP

public charter school, the licensed employees, and the broader community in carrying out the terms of the open-enrollment charter;

6.03.1.4 Includes an agreement to provide an annual report to parents, the community, and the authorizer that demonstrates the progress made by the open-enrollment public charter school during the previous academic year in meeting its academic performance objectives;

6.03.1.5 Includes a detailed budget, a business plan, and a governance plan for the operation of the open-enrollment public charter school; and

6.03.1.6 Establishes the eligible entity's status as a tax-exempt organization under § 501(c)(3) of the Internal Revenue Code of 1986 prior to the first day of its operation with students.

Source: Ark. Code Ann. § 6-23-303

6.04 Other Application Requirements – Preference for Certain Districts

6.04.1 The authorizer may approve or deny an application based on:

6.04.1.1 Criteria provided by law;

6.04.1.2 Criteria provided by rule adopted by the authorizer under section 6.01.3 of these Rules;

6.04.1.3 Findings of the authorizer relating to improving student performance and encouraging innovative programs; and

6.04.1.4 Written findings or statements received by the authorizer from any public school district likely to be affected by the open-enrollment public charter school.

6.04.2 The authorizer shall give preference in approving an application for an open-enrollment public charter school to be located in any public school district:

MARK-UP

6.04.2.1 When the percentage of students who qualify for free or reduced-price lunches is above the average for the state;

6.04.2.2 When the district has been classified by the State Board as in academic distress under Ark. Code Ann. § 6-15-428; or

6.04.2.3 When the district has been classified by the Department of Education as in some phase of school improvement status under Ark. Code Ann. § 6-15-426 or some phase of fiscal distress under the Arkansas Fiscal Assessment and Accountability Program, § 6-20-1901 et seq., if the fiscal distress status is a result of administrative fiscal mismanagement, as determined by the State Board.

6.04.3 The Department of Education, State Board, or a combination of the department and the State Board may grant no more than a total of twenty-four (24) charters for open-enrollment public charter schools except as provided under Section 6.04.3.1 below.

6.04.3.1 If the cap on the number of charters available for an open-enrollment public charter schools is within two (2) charters of meeting any existing limitation or cap on available open-enrollment charters, the number of available charters shall automatically increase by five (5) slots more than the most recent existing limitation or cap on open-enrollment charters.

6.04.3.2 By March 1 each year, the Department of Education shall issue a Commissioner's Memo stating the existing limitation on the number of charters available for open-enrollment public charter schools and the number of charters available for open-enrollment public charter schools during the next application cycle.

6.04.4 An open-enrollment public charter applicant's school campus shall be limited to a single open-enrollment public charter school per charter except as allowed in Section 6.05 of these rules.

MARK-UP

6.04.5 An open-enrollment public charter school shall not open in the service area of a public school district administratively reorganized under Ark. Code Ann. § 6-13-1601 et seq., until after the third year of the administrative reorganization.

6.04.6 A private or parochial elementary or secondary school shall not be eligible for open-enrollment public charter school status.

Source: Ark. Code Ann. § 6-23-304 ~~as amended by Act 987 of 2011~~

6.05 Open-Enrollment Public Charter School Licenses

6.05.1 A charter applicant that receives an approved open-enrollment public charter may petition the authorizer for additional licenses to establish an open-enrollment public charter school in any of the various congressional districts in Arkansas if the applicant meets the following conditions:

6.05.1.1 The approved open-enrollment public charter applicant has demonstrated academic success as defined by the State Board for all public schools;

6.05.1.2 The approved open-enrollment public charter applicant has not:

6.05.1.2.1 Been subject to any disciplinary action by the authorizer;

6.05.1.2.2 Been classified as in academic or fiscal distress;

6.05.1.2.3 Had its open-enrollment public charter placed on charter school probation or suspended or revoked under Ark. Code Ann. § 6-23-105 or Section 4.03 of these rules; and

6.05.1.2.4 The authorizer determines in writing by a majority of a quorum present that the open-enrollment public charter applicant has generally established the educational

MARK-UP

program results and criteria set forth in Section 6.05 of these rules.

Source: Ark. Code Ann. § 6-23-304 ~~as amended by Act 993 of 2011~~

6.06 Resubmission of Open-Enrollment Public Charter School Applications

6.06.1 If the authorizer disapproves an application for an open-enrollment public charter school, the authorizer shall notify the applicant in writing of the reasons for such disapproval.

~~6.06.2 The authorizer may allow the applicant for an open-enrollment public charter school to resubmit its application if the original application was found to be deficient by the authorizer.~~

6.06.2~~3~~ The Department of Education may provide technical assistance to the applicant for an open-enrollment public charter school in the: ~~creation or modification of its application.~~

6.06.2.1 Creation of its application; and

6.06.2.2 Modification of its application as directed by the authorizer.

Source: Ark. Code Ann. § 6-23-305

6.07 Contents of Open-Enrollment Public Charters

6.07.1 An open-enrollment public charter granted by the authorizer shall:

6.07.1.1 Describe the educational program to be offered;

6.07.1.2 Specify the period for which the open-enrollment public charter or any renewal is valid;

6.07.1.3 Provide that the continuation or renewal of the open-enrollment public charter is contingent on acceptable student performance on assessment instruments adopted by the State Board and on compliance with any accountability provision specified by the open-enrollment public charter, by a deadline, or at intervals specified by the open-enrollment public charter;

MARK-UP

6.07.1.4 Establish the level of student performance that is considered acceptable for the purposes of Section 6.07.1.3 of these rules;

6.07.1.5 Specify any basis, in addition to a basis specified by Title 6, Chapter 23 of the Arkansas Code or Section 4.03 of these rules, on which the open-enrollment public charter school may be placed on probation or its charter revoked or on which renewal of the open-enrollment public charter school may be denied;

6.07.1.6 Prohibit discrimination in admissions policy on the basis of gender, national origin, race, ethnicity, religion, disability, or academic or athletic eligibility, except as follows:

6.07.1.6.1 The open-enrollment public charter school may adopt admissions policies that are consistent with federal law, regulations, or guidelines applicable to charter schools;

6.07.1.6.2 Consistent with the requirements of Section 6.07.1.14.3 of these rules, the open-enrollment public charter school may allow a weighted lottery to be used in the student selection process when necessary to comply with Title VI of the federal civil rights act of 1964, Title IX of the federal Education Amendments of 1972, the equal protection clause of the Fourteenth Amendment to the United States Constitution, a court order, or a federal or state law requiring desegregation; and

6.07.1.6.3 The open-enrollment public charter may provide for the exclusion of a student who has been expelled from another public school district in accordance with Title 6 of the Arkansas Code.

MARK-UP

6.07.1.7 Specify the grade levels to be offered;

6.07.1.8 Describe the governing structure of the program;

6.07.1.9 Specify the qualifications to be met by professional employees of the program;

6.07.1.10 Describe the process by which the persons providing the program will adopt an annual budget;

6.07.1.11 Describe the manner in which the annual audit of the financial and programmatic operations of the program is to be conducted, including the manner in which the persons providing the program will provide information necessary for the public school district in which the program is located to participate;

6.07.1.12 Describe the facilities to be used, including the terms of the facility utilization agreement if the facility for the open-enrollment public charter school is owned or leased from a sectarian organization;

6.07.1.13 Describe the geographical area, public school district, or school attendance area to be served by the program;

6.07.1.14 Specify the methods for applying for admission, enrollment criteria, and student recruitment and selection processes.

6.07.1.14.1 Except as provided in Section 6.07.1.14.2 of these rules, if more eligible students apply for a first-time admission than the open-enrollment public charter school is able to accept by the annual deadline that the open-enrollment public charter school has established for the receipt of applications for the next school year, the open-enrollment public charter must require the open-enrollment public charter school to use a random, anonymous student selection

MARK-UP

method that shall be described in the charter application.

6.07.1.14.1.1 If there are still more applications for admissions than the open-enrollment public charter school is able to accept after the completion of the random, anonymous student selection method, then the open-enrollment public charter school shall place the applicants on a waiting list for admission.

6.07.1.14.1.2 The waiting list is valid until the next time the open-enrollment public charter school is required to conduct a random, anonymous student selection.

6.07.1.14.2 However, an open-enrollment public charter school may allow a preference for:

6.07.1.14.2.1 Children of the founding members of the eligible entity. The number of enrollment preferences granted to children of founding members shall not exceed ten percent (10%) of the total number of students enrolled in the open-enrollment public charter school; and

6.07.1.14.2.2 Siblings of students currently enrolled in the open-

MARK-UP

enrollment public charter school.

6.07.1.14.3 The open-enrollment public charter may use a weighted lottery in the student selection process only when necessary to comply with a:

6.07.1.14.3.1 Federal court order; or

6.07.1.14.3.2 Federal administrative order issued by an appropriate federal agency having proper authority to enforce remedial measures necessary to comply with Title VI of the federal Civil Rights Act of 1964, Title IX of the federal Education Amendments of 1972 and the equal protection clause of the Fourteenth Amendment to the United States Constitution.

6.07.1.15 Include a statement that the eligible entity will not discriminate on the basis of race, sex, national origin, ethnicity, religion, age, or disability in employment decisions, including hiring and retention of administrators, teachers, and other employees whose salaries or benefits are derived from any public moneys.

6.11 Authority under a Charter for Open-Enrollment Public Charter Schools

6.11.1 An open-enrollment public charter school:

6.11.1.1 Shall be governed by an eligible entity that is fiscally accountable under the governing structure as described by the charter;

6.11.1.2 Shall provide instruction to students at one (1) or more elementary or secondary grade levels as provided by the charter;

6.11.1.3 Shall retain the authority to operate under the charter contingent on satisfactory student performance as provided by the charter in accordance with Title 6, Chapter 23 of the Arkansas Code and these rules;

6.11.1.4 Shall have no authority to impose taxes;

6.11.1.5 Shall not incur any debts without the prior review and approval of the Commissioner of Education;

6.11.1.5.1 Requests for approval of debt must be submitted to the Commissioner of Education

MARK-UP

by the open-enrollment public charter school no later than thirty (30) days prior to the date upon which the debt will be incurred.

6.11.1.5.2 Under circumstances involving imminent peril to the health, welfare, or safety of students, or under circumstances that may negatively impact the continuation of educational services offered by the public charter school, and upon written request from the public charter school, the Commissioner of Education may waive the thirty (30) day deadline set forth in Section 6.11.1.5.1 of these rules. The decision of whether to grant such a waiver is within the sole discretion of the Commissioner of Education.

6.11.1.6 Shall not enter into any short-term line of credit, or receive any funds from a short-term line of credit, without prior notice to the Commissioner of Education;

6.11.1.6.1 Notice of a short-term line of credit must identify the lender or creditor, the principal amount, the interest rate, and the payment terms;

6.11.1.6.2 No public funds may be used to repay any short-term line of credit unless prior notice of the line of credit was given to and received by the Commissioner of Education;

6.11.1.7 Shall not charge students tuition or fees that would not be allowable charges in the public school districts; and

6.11.1.8 Shall not be religious in its operations or programmatic offerings.

6.11.2 An open-enrollment public charter school is subject to any prohibition, restriction, or requirement imposed by Title 6 of the Arkansas Code and

MARK-UP

any rule and regulation promulgated by the State Board under Title 6 of the Arkansas Code relating to:

6.11.2.1 Monitoring compliance with Title 6 of the Arkansas Code, as determined by the Commissioner;

6.11.2.2 Public school accountability under Title 6 of the Arkansas Code;

6.11.2.3 High school graduation requirements as established by the State Board;

6.11.2.4 Special education programs as provided by Title 6 of the Arkansas Code;

6.11.2.5 Conducting criminal background checks for employees as provided by Title 6 of the Arkansas Code;

6.11.2.6 Health and safety codes as established by the State Board and local governmental entities; and

6.11.2.7 Ethical guidelines and prohibitions as established by Ark. Code Ann. § 6-24-101 et seq., and any other controlling state or federal law regarding ethics or conflicts of interest.

Source: Ark. Code Ann. § 6-23-401

6.12 Enrollment Numbers and Deadline:

6.12.1 An open-enrollment public charter school may enroll a number of students not to exceed the number of students specified in its charter.

6.12.2 Any student enrolling in an open-enrollment public charter school shall enroll in that school by the deadline established in Ark. Code Ann. § 6-23-402 for the upcoming school year during which the student will be attending the open-enrollment public charter school.

6.12.3 However, if a student enrolled by the deadline established in Ark. Code Ann. § 6-23-402 should no longer choose to attend the open-enrollment public charter school or if the open-enrollment public charter school has

MARK-UP

not yet met its enrollment cap, the open-enrollment public charter school may enroll a number of replacement or additional students not to exceed the enrollment cap of the open-enrollment public charter school.

6.12.4 Open-enrollment public charter schools shall keep records of attendance in accordance with the law and submit quarterly attendance reports to the Department of Education.

Source: Ark. Code Ann. § 6-23-402 ~~as amended by Acts 989 and 993 of 2011~~

6.13 Annual Audit of Open-Enrollment Public Charter School Required:

6.13.1 Any other provision of the Arkansas Code or these rules notwithstanding, an open-enrollment public charter school shall be subject to the same auditing and accounting requirements as any other public school district in the state.

6.13.2 An open-enrollment public charter school shall prepare an annual certified audit of the financial condition and transactions of the open-enrollment public charter school as of June 30 each year in accordance with auditing standards generally accepted in the United States and Government Auditing Standards issued by the Comptroller General of the United States, and containing any other data as determined by the State Board for all public schools.

6.13.3 If the school is an open-enrollment public charter school in its first year of operation, the Legislative Auditor shall prepare the required annual financial audit for the school unless:

6.13.3.1 The open-enrollment public charter school chooses to retain the services of a licensed certified public accountant in public practice in good standing with the Arkansas State Board of Public Accountancy; and

6.13.3.2 The authorizer approves the open-enrollment public charter school's use of an entity other than the Legislative Auditor to prepare the annual financial audit.

6.13.4 No open-enrollment public charter school shall engage an accountant or accounting firm to conduct any audit if the accountant or accounting firm

MARK-UP

is listed on any ineligibility list maintained by the Department of Education or the Division of Legislative Audit.

6.14 Evaluation of Open-Enrollment Public Charter Schools:

6.14.1 The Department of Education shall cause to be conducted an annual evaluation of open-enrollment public charter schools.

6.14.2 An annual evaluation shall include, without limitation, consideration of:

6.14.2.1 Student scores under the statewide assessment program described in Ark. Code Ann. § 6-15-433;

6.14.2.2 Student attendance;

6.14.2.3 Student grades;

6.14.2.4 Incidents involving student discipline;

6.14.2.5 Socioeconomic data on students' families;

6.14.2.6 Parental satisfaction with the schools;

6.14.2.7 Student satisfaction with the schools; and

6.14.2.8 The open-enrollment public charter school's compliance with Ark. Code Ann. § 6-23-107 and Section 4.06 of these rules.

6.14.3 The authorizer may require the charter holder to appear before the authorizer to discuss the results of the evaluation and to present further information to the authorizer as the authorizer deems necessary.

Source: Ark. Code Ann. § 6-23-404 ~~as amended by Act 993 of 2011~~

6.15 Monthly Reports: An open-enrollment public charter school in its initial school year of operation shall provide monthly reports on its enrollment status and

MARK-UP

compliance with its approved budget for the current school year to the Department of Education.

Source: Ark. Code Ann. § 6-23-405 ~~as added by Act 993 of 2011~~

6.16 Department of Education Review: The Department of Education shall:

6.16.1 Conduct an end-of-semester review of each open-enrollment public charter school that is in its initial school year of operation at the end of the first semester and at the end of the school year; and

6.16.2 Report to the State Board and the Commissioner of Education on the open-enrollment public charter school's:

6.16.2.1 Overall financial condition; and

6.16.2.2 Overall condition of student enrollment.

Source: Ark. Code Ann. § 6-23-406 ~~as added by Act 993 of 2011~~

6.17 Funding for Open-Enrollment Public Charter Schools

6.17.1 An open-enrollment public charter school shall receive funds equal to the amount that a public school would receive under Ark. Code Ann. § 6-20-2305(a) and (b) as well as any other funding that a public charter school is entitled to receive under law or under rules promulgated by the State Board.

6.17.2 For the first year of operation and any year the open-enrollment public charter school adds a new grade, the foundation funding for an open-enrollment public charter school is determined as follows:

6.17.2.1 The initial funding estimate shall be based on enrollment as of the deadline established by Ark. Code Ann. § 6-23-501;

6.17.2.2 In December, funding will be adjusted based upon the first quarter average daily membership; and

6.17.2.3 A final adjustment will be made after the current three-quarter average daily membership is established.

MARK-UP

6.17.3 For the second year and each school year thereafter, the previous year's average daily membership will be used to calculate foundation funding amounts.

6.17.4 National school lunch state categorical funding under Ark. Code Ann. § 6-20-2305(b)(4) shall be provided to an open-enrollment public charter school as follows:

6.17.4.1 For the first year of operation and in any year when a grade is added, free or reduced-price meal eligibility data as reported by October 1 of the current school year will be used to calculate the national school lunch state categorical funding under the State Board rules governing special needs funding; and

6.17.4.2 For the second year and each school year of operation thereafter, the previous year's October 1 national school lunch student count as specified in State Board rules governing special needs funding will be used to calculate national school lunch state categorical funding for the open-enrollment public charter school.

6.17.5 Professional development funding under Ark. Code Ann. § 6-20-2305(b)(5) shall be provided to an open-enrollment public charter school for the first year of operation and in any year in which a grade is added as follows:

6.17.5.1 In the first year of operation and in any year when a grade is added, the open-enrollment public charter school shall receive professional development funding based upon the initial projected enrollment student count as of the date required by Ark. Code Ann. § 6-23-501 multiplied by the per-student professional development funding amount under Ark. Code Ann. § 6-20-2305(b)(5) for that school year.

6.17.5.2 For the second year and each school year thereafter, professional development funding will be based upon the previous year's average daily membership multiplied by

MARK-UP

the per-student professional development funding amount for that school year.

6.17.6 The Department of Education shall distribute other categorical funding under Ark. Code Ann. § 6-20-2305(a) and (b) for which an open-enrollment public charter school is eligible as provided by state law and rules promulgated by the State Board.

6.17.7 An open-enrollment public charter school shall not be denied foundation funding or categorical funding in the first year or any year of operation provided that the open-enrollment public charter school submits to the Department of Education the number of students eligible for funding as specified in applicable rules.

6.17.8 Foundation funding for an open-enrollment public charter school shall be paid in twelve (12) installments each fiscal year.

6.17.9 An open-enrollment public charter school may receive any state and federal aids, grants, and revenue as may be provided by law.

6.17.10 Open-enrollment public charter schools may receive gifts and grants from private sources in whatever manner is available to public school districts.

6.17.11 An open-enrollment public charter school shall have a right of first refusal to purchase or lease for fair market value a closed public school facility or unused portions of a public school facility located in a public school district from which it draws students if the public school district decides to sell or lease the public school facility.

6.17.11.1 The public school district may not require lease payments that exceed the fair market value of the property.

6.17.11.2 The application of this Section 6.17.11 is subject to the rights of a repurchase under Ark. Code Ann. § 6-13-103 regarding property taken by eminent domain.

6.17.11.3 A public school district is exempt from the requirements of this Section 6.17.11 if the public school district, through an open bid process, receives and accepts an offer to lease or

MARK-UP

purchase the property from a purchaser other than the open-enrollment public charter school for an amount that exceeds the fair market value.

6.17.11.4 The purposes of this Section 6.17.11 are to:

6.17.11.4.1 Acknowledge that taxpayers intended a public school facility to be used as a public school; and

6.17.11.4.2 Preserve the option to continue that use.

6.17.11.5 Nothing in this Section 6.17.11 is intended to diminish the opportunity for an Arkansas Better Chance program to bid on the purchase or lease of the public school facility on an equal basis as the open-enrollment public charter school.

Source: Ark. Code Ann. § 6-23-501 ~~as amended by Acts 989 and 993 of 2011~~

6.18 Source of Funding for Open-Enrollment Public Charter Schools

6.18.1 Open-enrollment public charter schools shall be funded each year through funds set aside from funds appropriated to state foundation funding aid in the Public School Fund.

6.18.2 The amount set aside shall be determined by the State Board.

Source: Ark. Code Ann. § 6-23-502

6.19 Use of Funding by Open-Enrollment Public Charter Schools

6.19.1 An open-enrollment public charter school may not use the moneys that it receives from the state for any sectarian program or activity or as collateral for debt.

6.19.2 No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions.

MARK-UP

6.19.3 Every contract or lease into which an open-enrollment public charter school enters shall include the wording of Section 6.19.2 of these rules.

Source: Ark. Code Ann. § 6-23-503

6.20 Employee Benefits: Employees of an open-enrollment public charter school shall be eligible to participate in all benefits programs available to public school employees.

Source: Ark. Code Ann. § 6-23-504

6.21 Deposit and Management of Charter School Funds

6.21.1 All charter school funds, including state foundation funding, other state funding, federal funding, and grants and private donations received directly by a charter school, shall be deposited into a bank account titled in the name of the charter school.

6.21.2 Non-charter school funds of the sponsoring entity shall be deposited in a separate bank account titled in the name of the sponsoring entity and shall not be commingled with charter school funds.

6.21.3 If the charter school operates an approved federal child nutrition program, food service revenues shall be deposited and managed as required by federal law and by any regulations promulgated by the Arkansas Department of Education Child Nutrition Unit or the Arkansas Department of Human Services.

6.21.4 Charter schools may, but are not required to, secure bank accounts as detailed in Ark. Code Ann. § 6-20-222.

6.22 Assets of Open-Enrollment Public Charter School as Property of State

6.22.1 Upon dissolution of the open-enrollment public charter school or upon nonrenewal or revocation of the charter, all net assets of the open-enrollment public charter school, including any interest in real property, purchased with public funds shall be deemed the property of the state, unless otherwise specified in the charter of the open-enrollment public charter school.

MARK-UP

6.22.2 If the open-enrollment public charter school used state funds to purchase or finance personal property, real property, or fixtures for use by the open-enrollment public charter school, the Department of Education may require that the property be sold.

6.22.3 The state has a perfected priority security interest in the net proceeds from the sale or liquidation of the property to the extent of the public funds used in the purchase.

6.23 Authorizer Hearing Procedures Related to Open-Enrollment Public Charter Schools (Application, Renewal, or Request for Charter Amendment)

6.23.1 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by ~~a certified court reporter~~ the Chair of the body conducting the hearing.

6.23.2 The open-enrollment public charter school or applicant shall have twenty (20) minutes to present its case to the authorizer for approval of the proposed open-enrollment public charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.

6.23.3 Parties opposed to the open-enrollment public charter school application, renewal, or request, if any, shall have twenty (20) minutes to present its case to the authorizer for disapproval of the proposed open-enrollment public charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.

6.23.4 The open-enrollment public charter school or applicant shall have five (5) minutes to respond to any arguments in opposition to the open-enrollment public charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.

6.23.5 The authorizer will follow the presentation with discussion of the open-enrollment public charter school application, renewal, or request, and questions, if any, to the open-enrollment public charter school or applicant, opposing parties, or both.

MARK-UP

6.23.6 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.

6.23.7 The authorizer may defer the vote to approve or disapprove a charter application, renewal, or request in order to allow a public charter school or applicant to make modifications or receive technical assistance to correct deficiencies in the application, renewal, or request.

6.23.8 During the roll call vote on each open-enrollment public charter initial application, if a particular member of the authorizing body votes against the initial application, that member should state his or her reasons for disapproval as necessary to comply with Ark. Code Ann. § 6-23-305.

Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section ~~9~~8.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section ~~10~~9.00 of these Rules.

6.24 Authorizer Hearing Procedures Related to Open-Enrollment Public Charter Schools (Modification, Probation or Revocation of Charter)

6.24.1 Not later than twenty (20) days prior to the authorizer meeting at which the matter of modification, probation or revocation will be considered, the Department of Education shall provide written notice of the reason(s) for the proposed action, as well as of the time and location of such hearing, to the open-enrollment public charter school.

6.24.2 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by ~~a certified court reporter~~ the Chair of the body conducting the hearing.

~~6.24.3 Arkansas Department of Education staff shall have twenty (20) minutes to present its case to the authorizer for modification, probation, or revocation of an open-enrollment public charter school charter. The Chair of the authorizing body may grant additional time, if necessary.~~

6.24.43 The open-enrollment public charter school shall have twenty (20) minutes to present its case to the authorizer for regarding the proposed modification, probation, or revocation of the open-enrollment public

MARK-UP

charter school charter. The Chair of the authorizing body may grant additional time, if necessary.

6.24.~~5~~4 The authorizer will follow the presentation with discussion of the matter and questions, if any, to representatives from the Department of Education, the open-enrollment public charter school, or both.

6.24.~~6~~5 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.

Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section ~~9~~8.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section ~~10~~9.00 of these Rules

6.25 Charter School Facilities

An open-enrollment public charter school shall not commence operations with students in any new or renovated facility unless the school has obtained for the new construction or renovation:

6.25.1 A certificate of occupancy issued by a local code official approved by the state fire marshal;

6.25.2. A certificate of occupancy or other approval of the state fire marshal; or

6.25.3 A certificate of substantial completion issued by a licensed architect.

~~**7.00 RULES APPLICABLE TO LIMITED PUBLIC CHARTER SCHOOLS**~~

~~7.01 Any public school may apply to the Department of Education for limited public charter school status for alternative comprehensive staffing and compensation programs designed to enhance student and teacher performance and improve employee salaries, opportunities, and incentives, to be known as a "limited public charter school." The authorizer shall not approve an application for limited public charter school status that has not first been approved by the school district's board of directors.~~

~~7.02 A limited public charter school shall be for the purpose of instituting alternative staffing practices in accordance with a schedule approved by the authorizer.~~

MARK-UP

~~7.03 A limited public charter school shall be initially established for no more than five (5) years and may be renewed on a one-year or multiyear basis, not to exceed five (5) years per charter renewal.~~

~~7.04 The application for a limited public charter school shall:~~

~~7.04.1 Contain the provisions of Title 6 of the Arkansas Code and the specific rules and regulations promulgated by the State Board from which the limited public charter school will be exempt.~~

~~7.04.1.1 The provisions from which the public school district may be exempt for the limited public charter school only shall be limited to the following:~~

~~7.04.1.1.1 The duty-free lunch period requirements set forth in Ark. Code Ann. § 6-17-111;~~

~~7.04.1.1.2 The daily planning period requirements set forth in Ark. Code Ann. § 6-17-114;~~

~~7.04.1.1.3 The committee on personnel policies requirements set forth in Ark. Code Ann. § 6-17-201 et seq., and~~

~~7.04.1.1.4 Standards for accreditation set forth in the Arkansas Code, set forth by the Department of Education, or set forth by the State Board of Education.~~

~~7.04.1.2 No limited public charter school may be allowed an exemption that would allow a full-time licensed employee to be paid less than the salary provided in the public school district's salary schedule for that employee;~~

~~7.04.2 Describe a plan for school improvement that addresses how the limited public charter school will improve student learning and meet the state education goals;~~

~~7.04.3 Describe how the licensed employees at the limited public charter school will be involved in developing and implementing the school performance~~

MARK-UP

~~plan set forth in Section 7.04.2 of these rules and in identifying performance criteria;~~

~~7.04.4 Outline proposed performance criteria that will be used during the initial five-year period of the charter to measure the progress of the limited public charter school in improving student learning and meeting or exceeding the state education goals; and~~

~~7.04.5 Be reviewed as a regular agenda item and approved after sufficient public comment by the local school board and the authorizer.~~

~~7.05 Any application to obtain limited public charter school status approved by a local school board shall be forwarded by the local school board to the authorizer.~~

~~7.06 If a local school board does not approve a public school's application, the local school board shall inform the applicants and faculty of the public school of the local school board's reasons for not approving the application.~~

~~7.07 A licensed teacher employed by a public school in the year immediately preceding the effective date of a limited public charter for a limited public charter school within that public school district may not be transferred to or be employed by the limited public charter school over the licensed teacher's objections, nor shall that objection be used as a basis to deny continuing employment within the public school district in another public school at a similar grade level.~~

~~7.08 If the transfer of a teacher within a public school district is not possible because only one (1) public school exists for the teacher's certification level, then the local school board shall call for a vote of the licensed teachers in the proposed limited public charter school site and proceed, at the local school board's option, with the limited public charter school application if a majority of the licensed teachers approve the proposal.~~

~~7.09 A licensed teacher choosing to join the staff of a limited public charter school shall be employed by the district by a written contract as set forth in Ark. Code Ann. § 6-13-620(5), with the contract being subject to the provisions of the Teacher Fair Dismissal Act of 1983, Ark. Code Ann. § 6-17-1501 et seq.~~

~~7.09.1 The licensed teacher shall also enter into a separate supplemental contract specifically for the teacher's employment in the limited public charter school, with the supplemental contract being exempt from the Teacher~~

MARK-UP

Fair Dismissal Act of 1983, Ark. Code Ann. § 6-17-1501 et seq., and from Ark. Code Ann. § 6-17-807.

7.09.2 Termination of the supplemental contract shall not be used as a basis to deny continued employment of the teacher within the public school district in another public school at a similar grade level.

7.10 Limited public charter schools shall be evaluated annually by the Department of Education based on criteria approved by the authorizer, including without limitation:

7.10.1 Student performance data in order to determine progress in student achievement that has been achieved by the limited public charter school; and

7.10.2 The limited public charter school's compliance with Ark. Code Ann. § 6-23-107 and Section 4.05 of these rules.

7.10.3 The Department of Education shall annually report its evaluation to the State Board and the Commissioner of Education.

7.10.4 Based upon that evaluation, the authorizer may revoke a limited public charter.

7.11 Authorizer Hearing Procedures Related to Limited Public Charter Schools (Application, Renewal, or Request for Charter Amendment)

7.11.1 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by a certified court reporter.

7.11.2 The limited public charter school or applicant shall have twenty (20) minutes to present its case to the authorizer for approval of the proposed limited public charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.

7.11.3 Parties opposed to the limited public charter school application, renewal, or request, if any, shall have twenty (20) minutes to present its case to the

MARK-UP

~~authorizer for disapproval of the proposed limited public charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.~~

~~7.11.4 The limited public charter school applicant shall have five (5) minutes to respond to any arguments in opposition to the limited public charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.~~

~~7.11.5 The authorizer will follow the presentation with discussion of the limited public charter school application, renewal, or request and questions, if any, to the limited public charter school or applicant, opposing parties, or both.~~

~~7.11.6 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.~~

~~*Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section 9.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section 10.00 of these Rules.*~~

~~7.12 Authorizer Hearing Procedures Related to Limited Public Charter Schools (Modification, Probation or Revocation of Charter)~~

~~7.12.1 Not later than twenty (20) days prior to the authorizer meeting at which the matter of modification, probation or revocation will be considered, the Department of Education shall provide written notice of the reason(s) for the proposed action, as well as of the time and location of such hearing, to the limited public charter school.~~

~~7.12.1 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by a certified court reporter.~~

~~7.12.2 Arkansas Department of Education staff shall have twenty (20) minutes to present its case to the authorizer for modification, probation, or revocation of a limited public charter school charter. The Chair of the authorizing body may grant additional time, if necessary.~~

MARK-UP

~~7.12.3 The limited public charter school shall have twenty (20) minutes to present its case to the authorizer for regarding the proposed modification, probation, or revocation of the limited public charter school charter. The Chair of the authorizing body may grant additional time, if necessary.~~

~~7.12.4 The authorizer will follow the presentation with discussion of the matter and questions, if any, to representatives from the Department of Education, the conversion public charter school, or both.~~

~~7.12.5 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.~~

~~*Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section 9.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section 10.00 of these Rules.*~~

~~8~~7.00 RULES APPLICABLE TO THE CLOSURE OR DISSOLUTION OF PUBLIC CHARTER SCHOOLS

~~8~~7.01 Required Notices

~~8~~7.01.1 No later than fifteen (15) days after the authorizer votes to non-renew or revoke the charter, or the charter otherwise dissolves, the charter school or sponsoring entity shall furnish to the Department of Education:

~~8~~7.01.1.1 A complete inventory of all personal property, real property, equipment, and fixtures owned or financed by the charter school, with documentation showing a description of each asset, serial number, tag number, location, estimated value, any encumbrance on the asset including recorded security interest or lien, and the source of funds for each purchase;

~~8~~7.01.1.2 The account number and financial institution contact information for every account in which the charter school or sponsoring entity deposited any state or federal funds at any time, and complete bank statements for the twelve (12) months preceding the effective date of closure;

MARK-UP

~~8~~7.01.1.3 A complete list of all debts or obligations owed by the charter school and still outstanding as of the effective date of closure, including all outstanding checks or warrants;

~~8~~7.01.1.4 A complete list of all accounts receivable owed to the charter school and still outstanding as of the effective date of closure; and

~~8~~7.01.1.5 Complete contact information for every member of the charter school's board or governing entity.

~~8~~7.01.2 If the authorizer votes to non-renew or revoke the charter, or the charter otherwise dissolves, the charter school or sponsoring entity shall, on a timeline established by the Department, send written notice of closure, as approved by the Department, to:

~~8~~7.01.2.1 The parents and legal guardians of all students;

~~8~~7.01.2.2 All employees of the charter school;

~~8~~7.01.2.3 All creditors of the charter school; and

~~8~~7.01.2.4 Every school district in which any students of the charter school reside.

~~8~~7.01.3 Every notice sent pursuant to Section ~~8~~7.01.2 above must include:

~~8~~7.01.3.1 The effective date of closure and last day of regular instruction; and

~~8~~7.01.3.2 Contact information of the person employed or retained by the charter school or sponsoring entity to handle inquiries regarding the closure.

~~8~~7.01.4 Parental notices sent pursuant to Section ~~8~~7.01.2 must additionally include:

~~8~~7.01.4.1 The student's school district of residence, and the contact information for that district's enrollment office;

MARK-UP

~~8~~7.01.4.2 A statement that parents should contact the resident school district or any charter school where the student intends to enroll and should ask that school or district to request transfer of the student's educational records from the closing charter school; and

~~8~~7.04.4.3 Contact information for the individual or entity charged with storage of student records after the school's closure.

~~8~~7.01.5 Employee notices sent pursuant to Section ~~8~~7.01.2 must additionally include the date of termination of all employee benefits (health insurance, etc.), along with any COBRA or other documentation required by law.

~~8~~7.01.6 The deadline for any notice required by this Section may be extended by the Department of Education Charter School Office for good cause.

~~8~~7.02 Assets of Open-Enrollment Public Charter School as Property of State

~~8~~7.02.1 Upon the dissolution, non-renewal, or revocation of an open-enrollment public charter, all net assets of the open-enrollment public charter school purchased with public funds, including any interest in real property, shall be deemed the property of the state, unless otherwise specified in the charter or by federal law.

~~8~~7.02.2 The Commissioner of Education or his or her designee shall take all steps necessary to protect and recover any and all state assets in the possession or control of the former charter school or the sponsoring entity.

~~8~~7.02.2.1 If any state or federal funds remain in any bank account(s) titled in the name of the charter school or sponsoring entity, the Commissioner of Education or his or her designee shall notify the financial institution that the account(s) holds state or federal funds and shall direct that the account(s) be immediately frozen, subject to further direction by the Commissioner or his or her designee.

~~8~~7.02.2.2 Any funds remaining in any bank account(s) titled in the name of the charter school shall be presumed to be state or federal funds until such time as the sponsoring entity furnishes documentation showing otherwise.

MARK-UP

~~8~~7.02.2.3 The Commissioner or his or her designee shall secure and arrange for the recovery and storage of all personal property, equipment, and fixtures purchased or financed in whole or in part with any state or federal funds. Any personal property or equipment contained within the charter school facility shall be presumed to have been purchased or financed in whole or in part with state or federal funds until such time as the sponsoring entity furnishes documentation showing otherwise.

~~8~~7.02.2.4 At all times, the charter school, the sponsoring entity, and their officers, agents, and employees, must protect the school's assets against theft, misappropriation, and deterioration.

~~8~~7.03 Distribution of Property

~~8~~7.03.1 Upon the dissolution, non-renewal, or revocation of an open-enrollment public charter, the following property shall be sold, unless the Commissioner of Education determines otherwise:

~~8~~7.03.1.1 Real property or fixtures purchased or financed in whole or in part by the open-enrollment public charter school with state funds;

~~8~~7.03.1.2 Real property or fixtures purchased or financed in whole or in part by the sponsoring entity with federal grant funds administered by the Department of Education, unless federal law requires some other method of distribution;

~~8~~7.03.1.3 Personal property encumbered by a recorded security interest or lien and purchased or financed by the open-enrollment public charter school in whole or in part with state funds;

~~8~~7.03.1.4 Personal property purchased or financed in whole or in part with state funds by an open-enrollment public charter school that never received federal funds and never directly

MARK-UP

benefited from a federal grant administered by the Department of Education; and

~~8~~7.03.1.5 Any other personal property not distributed as provided by Sections ~~8~~7.03.3 and ~~8~~7.03.4 below.

~~8~~7.03.2 The state has a perfected priority security interest in the net proceeds from the sale or liquidation of property sold pursuant to Section ~~8~~7.03.1 above to the extent of the public funds used in the purchase. For the purpose of this section, "net proceeds" means the sale proceeds remaining after the satisfaction of all lien, security, ownership, or other interests that supersede the state's interest.

~~8~~7.03.3 If the open-enrollment public charter school at any time operated an approved federal child nutrition program, all commodities and foodservice equipment purchased in whole or in part with federal funds or with nutrition program revenues shall be sold or transferred as directed by the Arkansas Department of Education Child Nutrition Unit.

~~8~~7.03.4 If the open-enrollment public charter school or its sponsoring entity received a federal grant administered by the Department of Education, then all other personal property, including furniture, equipment and supplies, purchased with state or federal funds may be redistributed to other Arkansas public charter schools or traditional public schools as allowed by federal law.

~~8~~7.04 Distribution of Funds

~~8~~7.04.1 Upon the dissolution, non-renewal, or revocation of an open-enrollment public charter, the Commissioner of Education or his or her designee shall assert control over any funds deemed the property of the state under Section ~~8~~7.02 above.

~~8~~7.04.2 In order to comply with federal and state law, the Commissioner of Education shall use such funds to satisfy the following obligations of the charter school in the order listed:

~~8~~7.04.2.1 Domestic support obligations withheld from an employee's wages in compliance with a court order prior to the effective date of dissolution, non-renewal, or revocation;

MARK-UP

~~8~~7.04.2.2 Federal tax liens imposed by the Internal Revenue Code for taxes or payroll tax withholding owed;

~~8~~7.04.2.3 Any state tax lien or certificate of indebtedness issued by the Arkansas Department of Finance and Administration for taxes or payroll tax withholding owed;

~~8~~7.04.2.4 Any debt owed to the Arkansas Department of Education Child Nutrition Unit for penalties or reimbursement of overpayments;

~~8~~7.04.2.5 Any debt owed to the Department of Education or other state agency for reimbursement of any other overpayment of federal funds;

~~8~~7.04.2.6 Unpaid contributions to the Arkansas Teacher Retirement System accrued prior to the effective date of dissolution, non-renewal, or revocation;

~~8~~7.04.2.7 Unpaid contributions to the Employee Benefits Division of the Arkansas Department of Finance & Administration accrued prior to the effective date of dissolution, non-renewal, or revocation; and

~~8~~7.04.2.8 Unpaid employee wages accrued prior to the effective date of dissolution, non-renewal, or revocation in accordance with employee contracts and the school's policies ~~salary schedule~~ in effect as of the beginning of the current school year.

~~8~~7.04.3 Any remaining funds deemed the property of the state under Section ~~8~~7.02 above shall be deposited into the State Treasury to the credit of the Department of Education Public School Fund Account.

~~8~~7.05 Distribution of Records

~~8~~7.05.1 The charter school or sponsoring entity must promptly submit all student records to the transfer school, including:

MARK-UP

~~8~~7.05.1.1 Individualized Education Programs (IEPs) and all records regarding special education and supplemental services;

~~8~~7.05.1.2 Student health / immunization records;

~~8~~7.05.1.3 Attendance records;

~~8~~7.05.1.4 Testing materials, including scores, test booklets, etc. required to be maintained by the School; and

~~8~~7.05.1.5 All other student records.

~~8~~7.05.1.6 All end-of-school-year grades and evaluations must be completed and made part of the student records, including any IEP, Committee on Special Education meetings, or progress reports.

~~8~~7.05.1.7 To the extent that testing scores, etc. are scheduled to arrive after the school closure, arrangements should be made with the testing agent to forward such material to the transfer school.

~~8~~7.05.2 No later than thirty (30) days after closure or dissolution of the charter, the charter school or sponsoring entity shall send each employee of the charter school:

~~8~~7.05.2.1 Copies of his or her contracts, evaluations, recommendation letters, and any other proof of employment and/or termination;

~~8~~7.05.2.2 Documentation of staff development hours; and

~~8~~7.05.2.3 Notice that employees must keep this documentation for their records as the state will have no way of providing proof of employment after the school is closed.

~~8~~7.05.3 If the charter school operated an approved federal child nutrition program, all child nutrition records shall be delivered to the Arkansas Department of Education Child Nutrition Unit on a schedule established by the Unit.

MARK-UP

~~8~~7.05.4 Any student records remaining in the possession of the charter school or sponsoring entity, or in the possession of any other entity or individual designated by the charter school or sponsoring entity, shall be maintained in a manner sufficient to protect student privacy rights in accordance with the Federal Educational Rights and Privacy Act of 1974, as amended.

~~8~~7.05.5 The sponsoring entity shall maintain all relevant corporate or governance records for at least five (5) years after the effective date of closure, specifically including but not limited to:

~~8~~7.05.5.1 All board minutes, policies, and bylaws of the charter school board or governing entity;

~~8~~7.05.5.2 Bonds, mortgages, loan agreements, and all other financing instruments;

~~8~~7.05.5.3 Lease agreements;

~~8~~7.05.5.4 Accounting and bank records;

~~8~~7.05.5.5 Payroll and tax records as required by federal law;

~~8~~7.05.5.6 Grant records as specified by 34 C.F.R. § 80.42 or other relevant federal or state law; and

~~8~~7.05.5.7 Any other document required by law to be maintained.

~~9~~8.00 DEPARTMENT OF EDUCATION AS PUBLIC CHARTER AUTHORIZER

~~9~~8.01 The Department of Education is the designated public charter authorizer with jurisdiction and authority over all public charters issued in this state to take the following action on a proposed or established public charter:

~~9~~8.01.1 Approve;

~~9~~8.01.2 Reject;

~~9~~8.01.3 Renew;

~~9~~8.01.4 Non-renew;

MARK-UP

~~9~~8.01.5Place on probation;

~~9~~8.01.6Modify;

~~9~~8.01.7Revoke; or

~~9~~8.01.8Deny.

~~9~~8.02 The department shall exercise authority over public charter schools under Title 6, Chapter 23 of the Arkansas Code and these rules through a public charter authorizing panel established within the department.

~~9~~8.02.1The Commissioner of Education shall appoint a public charter authorizing panel that consists of professional staff employed at the department to serve at the pleasure of the commissioner.

~~9~~8.02.2The commissioner may elect to serve as a member on the charter authorizing panel as the chair.

~~9~~8.02.3The public charter authorizing panel is composed of an odd number of members and consists of no less than five (5) members and no more than eleven (11) members.

~~9~~8.03 The department may waive provisions of Title 6 of the Arkansas Code or State Board of Education rules as allowed by law for public charters.

~~9~~8.04 The department shall conduct all hearings on public charter school matters as required by law, rule, and process and make final determinations as allowed by law.

~~9~~8.04.1A hearing under Title 6, Chapter 23 of the Arkansas Code and these rules conducted by the department shall be an open meeting under the Freedom of Information Act of 1967, Ark. Code Ann. § 25-19-106.

~~9~~8.04.2For the purposes of Ark. Code Ann. § 25-19-106, the members of the public charter authorizing panel shall be considered a governing body only in regards to actions specifically authorized by Title 6, Chapter 23, Subchapter 7 of the Arkansas Code and these rules.

~~9~~8.04.3All decisions of the panel shall be made by a majority vote of the quorum.

MARK-UP

~~9~~8.04.4A decision of the department is final except as provided under Ark. Code Ann. § 6-23-703 and Section ~~10~~9.00 of these rules.

~~9~~8.04.5The Arkansas Administrative Procedure Act, Ark. Code Ann. § 25-15-201 et seq. shall not apply to a hearing concerning a public charter school.

~~9~~8.05 The department shall be the primary authorizer of public charters except as provided under Ark. Code Ann. § 6-23-703 and Section ~~10~~9.00 of these rules.

~~9~~8.06 The department shall notify in writing the State Board, charter applicant, public charter school, and affected school districts, if any, of final decisions made by the department no less than fourteen (14) calendar days before the next regularly scheduled State Board meeting after the final decision is made by the department.

~~9~~8.06.1A charter applicant, public charter school, and affected school district, if any, may submit in writing a request that the State Board review the final decision of the department under Ark. Code Ann. § 6-23-703 and Section ~~10~~9..00 of these rules.

~~9~~8.06.2The written request submitted under Section ~~9~~8.06.1 of these rules shall state the specific reasons supporting a review by the State Board.

~~9~~8.06.3The decision of whether to review a final decision of the department is discretionary by the State Board and the provisions of this section and Ark. Code Ann. § 6-23-703 do not grant any right of appeal to a charter applicant, public charter school, or affected school district.

Source: Ark. Code Ann. § 6-23-701 through 6-23-702.

~~10~~9.00 STATE BOARD OF EDUCATION OPTIONAL REVIEW

~~10~~9.01 If a charter applicant, public charter school, or affected districts submits a request that the State Board review the final decision of the department under Section ~~9~~8.06.1 of these rules, the State Board shall:

~~10~~9.01.1 Allow the party requesting review three (3) minutes to present the reasons for review.

MARK-UP

~~10~~9.01.2 Allow any parties opposed to the State Board review three (3) minutes to present the reasons to deny review.

~~10~~9.01.3 Allow the party requesting review one (1) minute to offer any closing remarks.

~~10~~9.01.4 Allow additional time at the discretion of the Chair.

~~10~~9.02 On a motion approved by a majority vote, the State Board may exercise a right of review of a charter determination made by the department at the next regularly scheduled State Board meeting after receiving notice provided under Ark. Code Ann. § 6-23-702(b) and Section ~~9~~8.06 of these rules.

~~10~~9.03 If the State Board votes to review a final decision made by the department, the State Board shall:

~~10~~9.03.1 State the specific additional information the State Board requires from the department, public charter school, public charter school applicant, or affected school district.

~~10~~9.03.2 Conduct a full hearing regarding a final decision made by the department under Ark. Code Ann. § 6-23-701(a) and Section ~~9~~8.04 of these Rules; and

~~10~~9.03.3 Hold the hearing at the earlier of:

~~10~~9.03.3.1 The next regularly scheduled State Board meeting following the State Board meeting during which the State Board voted to authorize a review; or

~~10~~9.03.3.2 A special board meeting called by the State Board.

~~10~~9.04 At the conclusion of the hearing, the State Board may issue a final decision by State Board vote.

~~10~~9.04.1 The State Board may decide by a majority vote of the quorum to:

~~10~~9.04.1.1 Affirm the decision of the department;

~~10~~9.04.1.2 Take other lawful action on the public charter;

MARK-UP

~~10~~9.04.1.3 Request additional information from the department, public charter school, public charter school applicant, or affected school district, if needed.

~~10~~9.04.1.4 If the State Board requests additional information under Ark. Code Ann. § 6-23-703(c)(2)(C)(i) or Section ~~10~~9.03.1.3 of these Rules, the State Board shall hold a subsequent hearing at the earlier of the next regularly scheduled State Board meeting or a special board meeting called by the State Board.

~~10~~9.04.2 A decision made by the State Board is final with no right of appeal.

10.00 RULES APPLICABLE TO ADULT EDUCATION CHARTER SCHOOLS

10.01 Application for an Adult Education Charter School

10.01.1 Pursuant to Title 6, Chapter 23 of the Arkansas Code and these rules, an eligible entity may apply to the authorizer to grant adult education charter school status for an adult education program that offers a curriculum that culminates in

10.01.1.1 A high school diploma; and

10.01.1.2 An industry certification.

10.01.2 An adult education charter school shall be recognized by the State Board of Education as an open-enrollment public charter school. However, an adult education charter school is not eligible for state funding intended for elementary and secondary districts, schools, or programs, including but not limited to, state foundation and categorical funding.

10.01.3 An adult education charter school does not count toward the cap for open-enrollment public charter schools under § 6-23-304(c).

10.01.4 The authorizer shall adopt an application form, schedule, and a procedure that must be used to apply for an adult education charter

MARK-UP

school. The State Board shall adopt any applications, forms, schedules and procedures that are required to be promulgated through the Administrative Procedure Act.

10.01.5 The authorizer shall adopt, in conjunction with the application form adopted under section 10.01.4 of these Rules, a scoring rubric that shall constitute criteria to inform the authorizer's approval of a program for which an adult education charter may be granted. The State Board shall adopt any rubric that is required to be promulgated through the Administrative Procedure Act.

10.01.6 The application to the authorizer for an adult education charter school shall be made in accordance with a schedule approved by the authorizer. The State Board shall adopt any schedule that is required to be promulgated through the Administrative Procedure Act.

10.01.7 The application form must provide space for including all information required under Title 6, Chapter 23 and these rules to be contained in the charter.

10.01.8 A nonprofit entity's application for an adult education charter school shall include, without limitation a:

10.01.8.1 History of the nonprofit entity's success in providing education services, including industry certifications and job placement services, to adults eighteen (18) years of age and older whose educational and training opportunities have been limited by educational disadvantages, disabilities, homelessness, criminal history, or similar circumstances;

10.01.8.2 Pledge to commit at least one million dollars ($1,000,000) to the adult education charter school, if approved, with up to twenty-five percent (25%) of the commitment allowed to be in-kind;

10.01.8.3 Description of any partnership with a state-supported two year institution of higher education, if anticipated;

10.01.8.4 Description of testimony from a public hearing in the

MARK-UP

community where the adult education charter school is planned;

10.01.8.5 Copy of the notice of the public hearing that documents that the notice was published, at least three (3) weeks before the date of the public hearing, in a newspaper having general circulation in the community where the adult education charter school is planned;

10.01.8.6 Comprehensive plan of how the adult education charter school will meet the industry needs for a sufficiently trained workforce in the state;

10.01.8.7 Strategy for engaging the community, including business leaders, in carrying out the goals and objectives of the adult education charter school;

10.01.8.8 Description of the proposed performance criteria that will be used during the initial five-year period of the charter to measure the progress of the adult education charter school in meeting the industry needs for a sufficiently trained workforce in the state;

10.01.8.9 Detailed budget and governance plan for the operation of the adult education charter school; and

10.01.8.10 List of any specific state laws or rules of the State Board of Education from which the adult education public charter wishes to be exempt with an explanation of why the exemption is needed.

Source: Ark. Code Ann. § 6-23-1001

10.02 Authorization for an Adult Education Charter: The authorizer shall review the application for an adult education charter school and may approve an application that:

10.02.1 Provides an acceptable plan for meeting the industry needs for a sufficiently trained workforce in the state;

MARK-UP

10.02.2 Includes a set of performance criteria objectives for the terms of the charter and the means for measuring the performance criteria objectives on a yearly basis;

10.02.3 Includes a comprehensive strategy for engaging the community, including business leaders, in the process of meeting the goals and objectives of the charter;

10.02.4 Includes an agreement to provide an annual report to the community that indicates the progress made by the adult education charterschool in meeting the performance criteria objectives during the previous year; and

10.02.5 Includes an appropriate budget and governance plan.

Source: Ark. Code Ann. § 6-23-1002

10.03 Adult Education Charter School Licenses

10.03.1 A charter applicant that receives an approved adult education charter may petition the authorizer for additional licenses to establish an adult education charter school in any of the various congressional districts in Arkansas if the applicant meets the following conditions:

10.03.1.1 The approved adult education charter applicant has demonstrated academic success as defined by the State Board for all public schools;

10.03.1.2 The approved adult education charter applicant has not:

10.03.1.2.1 Been subject to any disciplinary action by the authorizer;

10.03.1.2.2 Been classified as in academic or fiscal distress;

10.03.1.2.3 Had its adult education charter placed on charter school probation or suspended or revoked under Ark. Code Ann. § 6-23-105 or Section 4.03 of these rules; and

MARK-UP

10.03.1.2.4 The authorizer determines in writing by a majority of a quorum present that the adult education charter applicant has generally established the educational program results and criteria set forth in Section 10.03 of these rules.

10.04 Resubmission of Adult Education Charter School Applications

10.04.1 The authorizer may allow an applicant to resubmit the application for an adult education charter school if the original application was, in the opinion of the authorizer deficient in one (1) or more respects.

10.04.2 The Department of Education may provide technical assistance to the applicant for an adult education charter school in the creation or modification of its application.

Source: Ark. Code Ann. § 6-23-1003

10.0~~5~~ Enrollment in an Adult Education Charter School

10.05.1 An approved adult education charter school shall have an enrollment cap of no more than three hundred fifty (350) students.

10.05.2 A person who is at least nineteen (19) years of age may enroll in an adult education charter school if the person has:

10.05.2.1 Not earned a high school diploma;

10.05.2.2 Failed to complete the requirements for high school graduation.

Source: Ark. Code Ann. § 6-23-1004

10.06 Funding for an Adult Education Charter School

10.06.1 Funding for an adult education charter school shall not be provided through the Public School Fund.

MARK-UP

10.06.2 Funding for an adult education charter school may come from public or private sources, including from the eligible entity that operates an adult education charter school.

10.06.3 An adult education charter school is not eligible to receive any state funds intended for elementary and secondary programs.

Source: Ark. Code Ann. § 6-23-1005

10.07 Renewal of an Adult Education Charter: The authorizer may renew the adult education charter on a one-year or multiyear basis.

Source: Ark. Code Ann. § 6-23-1006

10.08 Status Report: The Department of Education shall report to the Senate Committee on Education and the House Committee on Education by December 1 each year concerning:

10.08.1 Evaluations of any adult education charter schools operating under this subchapter in the state, including the impact on meeting industry needs and addressing the workforce needs in the state; and

10.08.2 Recommendations regarding the abolition, expansion, or modifications of the laws pertaining to adult education charters.

Source: Ark. Code Ann. § 6-23-1007

10.09 Authority under a Charter for Adult Education Charter Schools

10.09.1 An adult education charter school:

10.09.1.1 Shall be governed by an eligible entity that is fiscally accountable under the governing structure as described by the charter;

10.09.1.2 Shall provide instruction to adults as provided by the charter;

10.09.1.3 Shall retain the authority to operate under the charter contingent on satisfactory student performance as provided

MARK-UP

by the charter in accordance with Title 6, Chapter 23 of the Arkansas Code and these rules;

10.09.1.4 Shall have no authority to impose taxes;

10.09.1.5 Shall not charge tuition or fees that would not be allowable charges in the public school districts; and

10.09.1.6 Shall not be religious in its operations or programmatic offerings.

10.09.2 An adult education charter school is subject to any prohibition, restriction, or requirement imposed by Title 6 of the Arkansas Code and any rule and regulation promulgated by the State Board under Title 6 of the Arkansas Code relating to:

10.09.2.1 Monitoring compliance with Title 6 of the Arkansas Code, as determined by the Commissioner;

10.09.2.2 Public school accountability under Title 6 of the Arkansas Code;

10.09.2.3 High school graduation requirements as established by the State Board;

10.09.2.4 Special education programs as provided by Title 6 of the Arkansas Code;

10.09.2.5 Conducting criminal background checks for employees as provided by Title 6 of the Arkansas Code;

10.09.2.6 Health and safety codes as established by the State Board and local governmental entities; and

10.09.2.7 Ethical guidelines and prohibitions as established by Ark. Code Ann. § 6-24-101 et seq., and any other controlling state or federal law regarding ethics or conflicts of interest.

MARK-UP

10.10 Enrollment Numbers and Deadline: Adult education charter schools shall keep records of attendance in accordance with the law and submit quarterly attendance reports to the Department of Education.

Source: Ark. Code Ann. § 6-23-1008(3)

10.11 Annual Audit of Adult Education Charter School Required

10.11.1 An adult education charter school shall prepare an annual certified audit of the financial condition and transactions of the adult education charter school as of June 30 each year in accordance with auditing standards generally accepted in the United States and Government Auditing Standards issued by the Comptroller General of the United States, and containing any other data as determined by the State Board for all public schools.

Source: Ark. Code Ann. § 6-23-1008(3)

10.12 Monthly Reports: An adult education charter school in its initial school year of operation shall provide monthly reports on its enrollment status and compliance with its approved budget for the current school year to the Department of Education.

Source: Ark. Code Ann. § 6-23-1008(3)

10.13 Department of Education Review: The Department of Education shall:

10.13.1 Conduct an end-of-semester review of each adult education charter school that is in its initial school year of operation at the end of the first semester and at the end of the school year; and

10.13.2 Report to the State Board and the Commissioner of Education on the adult education charter school's:

10.13.2.1 Overall financial condition; and

10.13.2.2 Overall condition of student enrollment.

Source: Ark. Code Ann. § 6-23-1008

MARK-UP

10.14 Use of Funding by Adult Education Charter Schools

10.14.1 No indebtedness of any kind incurred or created by the adult education charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the adult education charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions.

10.14.2 Every contract or lease into which an adult education charter school enters shall include the wording of Section 10.14.1 of these rules.

Source: Ark. Code Ann. § 6-23-1008

10.15 Charter School Facilities: An adult education charter school shall not commence operations with students in any new or renovated facility unless the school has obtained for the new construction or renovation:

10.15.1 A certificate of occupancy issued by a local code official approved by the state fire marshal;

10.15.2 A certificate of occupancy or other approval of the state fire marshal; or

10.15.3 A certificate of substantial completion issued by a licensed architect.

10.16 Authorizer Hearing Procedures Related to Adult Charter Schools (Application, Renewal, or Request for Charter Amendment)

10.16.1 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by the Chair of the body conducting the hearing.

10.16.2 The adult education charter school or applicant shall have twenty (20) minutes to present its case to the authorizer for approval of the proposed adult education charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.

10.16.3 Parties opposed to the adult education charter school application, renewal, or request, if any, shall have twenty (20) minutes to present its case to the authorizer for disapproval of the proposed adult education charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.

MARK-UP

10.16.4 The adult education charter school or applicant shall have five (5) minutes to respond to any arguments in opposition to the adult education charter school application, renewal, or request. The Chair of the authorizing body may grant additional time, if necessary.

10.16.5 The authorizer will follow the presentation with discussion of the adult education charter school application, renewal, or request, and questions, if any, to the adult education charter school or applicant, opposing parties, or both.

10.16.6 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.

10.16.7 The authorizer may defer the vote to approve or disapprove a charter application, renewal, or request in order to allow a public charter school or applicant to make modifications or receive technical assistance to correct deficiencies in the application, renewal, or request.

10.16.8 During the roll call vote on each adult education charter initial application, if a particular member of the authorizing body votes against the initial application, that member should state his or her reasons for disapproval.

Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section 8.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section 9.00 of these Rules.

10.17 Authorizer Hearing Procedures Related to Adult Education Charter Schools (Modification, Probation or Revocation of Charter)

10.17.1 Not later than twenty (20) days prior to the authorizer meeting at which the matter of modification, probation or revocation will be considered, the Department of Education shall provide written notice of the reason(s) for the proposed action, as well as of the time and location of such hearing, to the adult education charter school.

MARK-UP

10.1672 All persons, with the exception of the attorneys representing the parties, who plan to provide testimony during the hearing must be sworn by the Chair of the body conducting the hearing.

10.17.3 The adult education charter school shall have twenty (20) minutes to present its case to the authorizer regarding the proposed modification, probation, or revocation of the adult charter school charter. The Chair of the authorizing body may grant additional time, if necessary.

10.17.4 The authorizer will follow the presentation with discussion of the matter and questions, if any, to representatives from the Department of Education, the adult education charter school, or both.

10.17.5 The authorizer may issue a final decision at the hearing or take the matter under advisement until a future scheduled meeting.

Note: Additional requirements pertaining to hearings involving the Department of Education as authorizer may be found in Section 8.00 of these Rules. Additional requirements pertaining to hearings involving the State Board of Education as authorizer may be found in Section 9.00 of these Rules.

MARK-UP

Name:	**Date Received:**		
Rebecca Miller-Rice, BLR	2/10/2016	**Comment:** Rule 3.05 – I noticed that the Department has included "adult education" charter schools and stricken "limited public," when Ark. Code Ann. § 6-23-103(2), the source for the definition, does not. Is the Department comfortable that the two are not consistent?	**Agency Response:** Comment considered. To not cause any confusion, the definition source has been removed.
		Comment: Rule 3.20 – Like Rule 3.04, the Department's definition of "Public charter school" has been amended to include "adult education" charter schools and has stricken "limited public," yet the statutory definition in Ark. Code Ann. § 6-23-103(13) does not. Is the Department comfortable that the two are not consistent?	**Agency Response:** Comment considered. To not cause any confusion, the definition source has been removed.
		Comment: Section 3.00 – In reviewing this section, I happened to notice that for several of the sources, the subsection of the cited statute, Ark. Code Ann. § 6-23-103, had changed, such as the sources for Rules 3.05, 3.08, 3.09, 3.11, 3.12, 3.15, 3.17, 3.18, 3.19, and 3.20 These sources will be updated to point to the correct source, that was inadvertently overlooked.	**Agency Response:** Comment considered. Definition sources updated to point to correct subsections of the statute.
		Comment: Rule 6.05 – In Rule 3.14 defining "License," the Department has	**Agency Response:** While the adult-education charter schools are considered

		two conditions: that the already-existing charter (1) maintains an existing open-enrollment or adult-education charter, and (2) meets the requirements on Rule 6.05. However, Rule 6.05's provisions seem to be limited to open-enrollment charters with no reference made of its applicability to adult-education charters. I recognize Ark. Code Ann. § 6-23-1001(a)(2) provides that adult-education charters shall be recognized by the State Board as open-enrollment charters, but was this the Department's intent?	open-enrollment, the rules specifically use the term "adult education" as separate from "open-enrollment" to not cause confusion since there are quite a few things vastly different (mainly adult education does not get state funding). However, the license is applicable to both AE and OE charters. To cut down on the confusion since the rules specifically state the rules for AE charters are in Section 10, the license requirements have been duplicated into Section 10 as applicable to AE charters. The definition of license is updated to include the reference to this section.
		Comment: Rule 6.15- Should the "as added" language in the source have been stricken like the other rules?	**Agency Response:** Comment considered. Correction made, inadvertently left in the first draft.
Name: John Walker, Amy Lafont	**Date Received:** 2/17/2016	**Comment:** Does the nonprofit applying for an adult charter have to comply with providing the following information pertaining to desegregation? Also, has e-Stem or UALR provided information for 4.04.4? See also 4.02.4.3. Was any of this done when with Quest? Didn't the District deny them a change in location? If so, perhaps the Commissioner "overruled" them?	**Agency Response:** Comments considered. Section 4.00 of these rules are applicable to all public charter schools – open enrollment, district conversion, and adult education. No changes made as a result of these comments.
		Comment: (4.06.1.2 and 4.06.1.3) Can we get documentation of every child denied entry into e-Stem and Quest? In	**Agency Response:** Comments considered. No changes made as a

		order to keep track of desegregation compliance of the schools? Is there any way to get racial make-up of schools after the typical October report? Who Will be responsible for ensuring fidelity with desegregation in public charter schools?	result of these comments.
		Comment: Was this rule added in? Was something changed and not recorded?	**Agency Response:** Comments considered. This section (4.04.6.~~5~~6) was not added, but rather re-numbered as the numbering was duplicated and incorrect. No changes made as a result of these comments.
		Comment: (4.07.2) Is the ADE actually doing this? If so, what is the static web address for this report? Who goes to these schools to monitor "best or promising practices"? Also, What educational or discipline-specific theories or practices do these schools evidence for "best or most promising practices" for this particular section?	**Agency Response:** Comments considered. No changes made as a result of these comments.
		Comment: (5.01.1) Will this impact the LRSD Since Johnny Key Is our school board and he is a proponent of charter schools?	**Agency Response:** Comments considered. No changes made as a result of these comments.
		Comment: (5.01.2.3) Is there evidence of "partnering" taking place right now? If so, which specific charter schools are pairing with district schools? Does the ADE have data for this?	**Agency Response:** Comments considered. No changes made as a result of these comments.
		Comment: (6.07.1.14.1) Is there a policy explaining "random student	**Agency Response:** Comments

		selection?" It seems as though quite a few white children and middle class children are selected more often. This should be compared with the data in 4.06.1-3.	considered. No changes made as a result of these comments.
		Comment: (6.23.1) Why does "the Chair of the body conducting the hearing" have the authority to swear in a witness? Is this legal?	**Agency Response:** Comment considered. The practice has been for the Chair of the panel to swear the witnesses in and the rules were updated to reflect the practice. No changes made as a result of these comments.
		Comment: Why are we getting rid of limited public charters?	**Agency Response:** Comment considered. Limited public charter schools were repealed in Act 846 of 2015. No changes made as a result of these comments.
		Comment: (~~9~~8.02.2) Is this a conflict of interest?	**Agency Response:** Comment considered. No changes made as a result of these comments.
		Comment: Comments 11-20 appear to be duplicates of comments 1-10.	**Agency Response:** Comments 11-20 appear to be duplicates of comments 1-10. No changes made as a result of these comments.
Name: Jennifer Dedman, APSRC	**Date Received:** 02/17/2016	**Comment:** 4.08.6 and 4.08.7:These sections could be improved by adding the ADE will electronically acknowledge receipt.	**Agency Response:** Comment considered. Electronic acknowledgment added to these sections as that is the existing practice of the Charter Office.

Arkansas Department of Education
Rules Governing the Monitoring of Arkansas Comprehensive School Improvement Plans (ACSIP)

1.00 Regulatory Authority

1.01 These Rules shall be known as the Arkansas Department of Education Rules Governing the Monitoring of Arkansas Comprehensive School Improvement Plans.

1.02 The State Board of Education promulgates these Rules pursuant to Ark. Code Ann. §§ 6-15-424, 6-15-426, 6-20-2301 *et seq*., and 10-3-2101 *et seq*., and Act 841 of 2015.

2.00 Purpose

2.01 To expand the monitoring process to include a comprehensive compliance review of the development and implementation of educational strategies, assessment, academic accountability and resources as outlined in ~~each~~ public schools' and public school districts' Arkansas Comprehensive School Improvement Plan (ACSIP).

2.02 To monitor the use of "Instructional Facilitators" in school improvement plans.

2.03 To ensure compliance with federal and state law and State Board of Education policies.

2.04 To provide technical assistance for program improvement.

3.00 Definitions

For the purpose of this Rule:

3.01 "Alternative Learning Environment (ALE)" – A student intervention program in compliance with Ark. Code Ann. §§ 6-18-508 and 6-18-509 that seeks to eliminate traditional barriers to student learning.

3.02 "Arkansas Comprehensive Assessment Program" – The testing component of the Arkansas Comprehensive, Testing, Assessment and Accountability Program, which shall consist of developmentally appropriate assessments as required by the State Board of Education, or other assessments which are based on researched best practices as determined by qualified experts which would be in compliance with federal and state law, End-of-Course tests for designated grades and content areas, and the high school literacy test.

MARKUP

3.03 "Arkansas Comprehensive Testing, Assessment and Accountability Program" – A comprehensive system that focuses on high academic standards, professional development, student assessments, and accountability for all schools.

3.04 "Arkansas Comprehensive School Improvement Plan (ACSIP)" – A plan developed by a local school team based on an analysis of student performance data and other relevant data that provides a plan of action to address deficiencies in student performance and any academic achievement gap as evidenced in the Arkansas Comprehensive Assessment Program as defined in Section 3.02. This plan shall be reviewed annually and monitored at least every two years. Additionally, this plan shall become the application for all instructional federal programs as administered by the Arkansas Department of Education.

~~3.05 "Benchmarks/Grade-Level Benchmarks" – Academic Content Standards and/or grade-level statements of what a student should know and be able to do. The Grade-Level Benchmarks provide guidance to classroom teachers in planning instruction aligned with the Academic Content Standards.~~

~~3.05.1 "Benchmark Statements" – Statements that indicate the anticipated score or status advancement of a particular student population, on a particular measurement instrument, by a specified time. These measurement statements may incorporate the appropriate AYP target(s).~~

3.0~~6~~5 "Board" – The Arkansas State Board of Education.

3.0~~7~~6 "Compliance" – Documentation that the district adheres to applicable statutes and regulations.

3.0~~8~~7 "Department" – The Arkansas Department of Education.

3.0~~9~~8 "District Improvement Plan" – A compilation of the individual school improvement plans which align the district's resources to meet the needs of the individual schools' plans. The main focus of the district improvement plan shall be to ensure that all students have an opportunity to demonstrate proficiency on all portions of state-mandated assessments.

3.~~10~~09 "English Language Learners (ELL)" – Students identified by the State Board of Education (Board) as not proficient in the English language based upon approved English proficiency assessment instruments administered annually in the fall of the current school year, which assessments measure oral, reading, and writing proficiency.

~~3.11 "Grade Level" – Performance of a student (or group of students) at the proficient level on benchmark assessments at the specified grade that is age-appropriate for that student(s).~~

MARK-UP

3.~~12~~10 "Instructional Facilitator" – An individual holding a valid Arkansas teacher's license meeting the criteria for a highly qualified teacher who facilitates continuous improvement in classroom instruction by providing instructional support to teachers in the elements of research-based instruction and by demonstrating the alignment of instruction with curriculum standards and assessment tools; develops instructional strategies; develops and implements training; chooses standards-based instructional materials; provides teachers with an understanding of current research; integrates technology into instruction; assists in the implementation of the components of the Arkansas Comprehensive School Improvement Plan (ACSIP).

3.~~13~~11 "Interventions" – Research-based programs, initiatives, or strategies designed to address the student academic, behavioral and social needs identified in the data analysis.

3.~~14~~12 "Monitoring" – The process of collecting information from schools and school districts to:

3.12.1 Determine compliance with the implementation of school improvement plans, promote collaborative planning and budgeting, and provide technical assistance for program improvement; and

3.12.2 Examine in-class practice and student learning results as identified by school improvement plans to determine the impact of school programs and activities.

3.~~15~~13 "National School Lunch Students" – Those students, defined by Ark. Code Ann. § 6-20-2303(12)(A), from low socio-economic backgrounds as indicated by eligibility for free or reduced-priced meals under the National School Lunch Act as determined on October 1 of the previous school year.

3.~~16~~14 "Professional Development" – A coordinated set of planned learning activities for school teachers and administrators that are based on research, are standards-based and continuous.

3.14.1 Professional development shall result in individual, school-wide, and district-wide improvement designed to ensure that all students demonstrate proficiency in the state academic standards.

3.~~17~~15 "Program" – Any or all of the districts sponsored or district-supported educational opportunities for students, either within or beyond the school day.

3.~~18~~16 "Public School District/Public School" – Those school districts and schools (including open-enrollment charter schools) created pursuant to Title 6 of the Arkansas Code and subject to the Arkansas Comprehensive Testing, Assessment and Accountability Program except specifically excluding those schools or educational programs created by or receiving

MARK-UP

authority to exist pursuant to Ark. Code Ann. §§ 6-15-501, 9-28-205, and 12-29-301 through 12-29-310, or other provisions of Arkansas law.

3.~~19~~17 "School Improvement" – The initial classification applied to a school that fails to meet adequate yearly progress for two successive years.

3.~~20~~18 "School Year" – The year beginning July 1 of one calendar year and ending June 30 of the next calendar year.

~~4.00 Implementation~~

~~4.01 Beginning with the 2007-2008 school year and each year thereafter, the Arkansas Department of Education will conduct periodic comprehensive on-site monitoring reviews of school and school district's school improvement plans to verify that activities are being implemented in accordance with the approved application.~~

~~5~~4.00 Arkansas Comprehensive School Improvement Plan

~~5~~4.01 Each public school or school district shall develop and file with the Department, by a deadline date established by the Department, an Arkansas Comprehensive School Improvement Plan (ACSIP) focused on student achievement.

~~5~~4.02 The purpose of ACSIP is to provide equal opportunity for all students, including identifiable subgroups, to meet the expected performance levels established by the Board on all State assessments. The plan:

4.02.1 Identifies a challenging set of goals and sets forth actions that will be taken to achieve the goals. It specifies the responsibilities of the school district and its schools. The plan includes periodic benchmarks, measurements processes, and evaluation protocols.

4.02.2 Is based on an analysis of data produced by the Arkansas Comprehensive Testing Program and other reliable measures of student learning to determine classroom, school, and school district academic performance.

4.02.3 Includes the public school's or school district's ~~use~~general description of categorical funding for:

(A) Alternative Learning Environments (ALE);
(B) Professional Development;
(C) English-Language Learners (ELL); and
(D) National School Lunch Students~~, as defined by Ark. Code Ann. § 6-20-2303 (12) (A)~~.

~~5.02.4 Specifies allocation of funding and resources including tutors, teachers' aides, counselors, social workers, nurses and instructional facilitators.~~

MARK-UP

4.02.4 Outlines a process for evaluating the effectiveness of the strategies and activities indicated in the plan.

4.02.5 Includes a cross section of teachers, experts, parents and other stakeholders as plan developers.

~~5~~4.03 An improvement plan is subject to annual review.

~~5~~4.04 Any public school or school district classified as in school improvement under Ark. Code Ann. § 6-15-425 shall develop and file with the Department a revised comprehensive school improvement plan each year, meeting the requirements of this section and containing any additional requirements determined necessary by the department to ensure that all students in the public school or school district have an opportunity to demonstrate proficiency on all portions of the state-mandated assessments.

~~5~~4.05 The district has the primary responsibility for ensuring that the school in school improvement receives technical assistance as it develops or revises its school plan and throughout the plan's implementation.

~~5~~4.06 Technical assistance for a school identified for improvement must focus on strengthening and improving the school's instructional program. Specifically, the district must ensure that the school in need of improvement receives technical assistance based on scientifically based research in the following areas:

(A) Assessment and Data Analysis: including purposes and use of data;
(B) Identification and Implementation of Strategies; and
(C) Budget Analysis.

~~5~~4.07 At the end of each school year, the school district shall evaluate the implementation and impact of programs (interventions or actions) included in the comprehensive school improvement plan to ensure that the programs are providing intervention and prevention services designed to increase student achievement.

~~5~~4.08 Evaluation results must be included in the comprehensive school improvement plan for the following year.

~~6~~5.00 Comprehensive Monitoring

~~6~~5.01 The Department shall periodically monitor ~~each~~ public school~~s~~' and school district~~s~~' compliance regarding ~~its~~ comprehensive school improvement plan~~s~~. A team of reviewers shall conduct a comprehensive site visit to those schools classified as in school improvement under Ark. Code Ann. § 6-15-425 to:

5.01.1 Determine whether the evaluation conducted by the public school or school district under Section ~~5~~4.07 of this Rule was conducted properly;

MARK-UP

5.01.2 Assess the areas in which the public school or school district needs to revise its plan;

5.01.3 Review the school/district's performance during the preceding two years, including the documented academic performance of its students;

~~6.01.4 Review the use of public school funding under the Public School Funding Act of 2003, Ark. Code Ann. §§ 6-20-2301 *et seq*. for the following:~~

~~6.01.4.1 Instructional facilitators, as that term is defined by the State Board of Education in Section 3.12 of this Rule;~~

~~6.01.4.2 Alternative Learning Environments (ALE), Professional Development, English-language learners (ELL), and National School Lunch Students identifying specific:~~

- ~~Educational strategies;~~
- ~~Resources used, including tutors, teachers' aides, counselors, social workers, and nurses;~~
- ~~Expenditures made from categorical funds provided under § 6-20-2305(b); and~~

~~6.01.4.3 The implementation of programs for students whose academic achievement is below proficient.~~

~~6~~5.02 As part of the monitoring process under this Section ~~6~~5.00, the Department shall evaluate the research cited by the public school or school district in its comprehensive school improvement plan in support of the proposed interventions and actions to assess its independence and empirical support for the effectiveness of the program.

~~6~~5.03 The Department shall use the information obtained through monitoring comprehensive school improvement plans under this section to:

5.03.1 Determine the compliance of the public school or school district with the provisions of this section; and

5.03.2 Evaluate whether the assessment conducted by the public school or school district under this section was conducted properly, and assess the areas in which the public school or school district needs to revise its plan.

~~6~~5.04 Make recommendations regarding the review findings for the purpose of improving educational practices beyond the level of minimum compliance to foster practices of continuous improvement.

MARK-UP

7.00 Procedures for Comprehensive Monitoring

7.01 On-Site Monitoring – Monitoring teams, consisting of ADE staff, shall conduct periodic on-site reviews. The number of team members will vary, depending on the size of the school district and the number of program areas to be reviewed. The on-site review will be conducted in a revolving cycle. However, monitoring for specific issues and/or programs may be conducted at any time at the discretion of the Commissioner of the Arkansas Department of Education.

7.02 Preparation for On-Site Visit – An annual notice of the monitoring process and checklist of items to be monitored will be provided prior to on-site visits. The monitoring team leader will inform the school district superintendent of the on-site monitoring visit at least one month prior to the visit. The team leader, in collaboration with the superintendent, will establish a proposed schedule of activities.

7.03 The monitoring process may include any of the following, as well as any additional procedures and policies as approved by the State Board.

7.03.1 Administrative Review – This portion of the visit will look at procedures that are typically the responsibility of district level staff. District administrators are asked to provide the monitoring team with an overview of how the coordination of funding is impacting student achievement and teacher effectiveness.

7.03.2 Program Evaluation – This portion of the visit will include a review of how district staff collects data from district schools and how the data is used for evaluation purposes and to update or revise the school improvement plan.

7.03.3 School Level Review – This section of the review is conducted at the schools. Reviewers collect data on the implementation of the district's programs.

7.03.4 Interviews – Interviews with selected persons will be conducted, either individually or as a group, for the purpose of verifying and gathering information. Interviews will be conducted at the district and/or school and program site.

7.04 A draft report of preliminary findings will be mailed to the school district superintendent via certified mail within twenty (20) business days of the exit conference. Upon agreement of the findings by Arkansas Department of Education personnel, the final report will be sent to the district superintendent not later than sixty (60) business days from the conclusion of the exit conference via certified mail.

7.04.1 This report provides a rating for each compliance criterion; those ratings are:

7.04.1.1 "Implemented" - meaning at least substantially implemented; program requirements have been fulfilled.

MARKUP

~~7.04.1.2 "Implementation in Progress" - is used for criteria containing new requirements (results of Scholastic Audit Recommendations) and means that the district is either training staff or beginning to implement the new requirement in such a way that the on-site team anticipates that the new requirements will be implemented by the end of the school year or within the required time frame.~~

~~7.04.1.3 "Partially Implemented" – program requirements have been implemented in part but not in total.~~

~~7.04.1.4 "Not Implemented" - meaning at least substantially not implemented; no action has occurred toward the implementation of program requirements.~~

~~7.04.1.5 "Not Applicable" - does not apply.~~

~~7.04.2 The report will include findings for each criterion that it rates "Partially Implemented" or "Not Implemented," explaining the basis for the rating. Areas in need of further technical assistance may also be included.~~

~~7.04.3 Technical assistance plans may be developed to assist districts in meeting compliance.~~

~~7.05 Monitoring Report Response - The Superintendent or designee will have to review the report for factual accuracy prior to dissemination of the final report. Formal written response by the school district with regards to any required corrective action will be due to the Department thirty (30) days after the Final Report is mailed.~~

~~7.05.1 The response must outline the planned implementation of corrective actions issued for findings, including timelines for completion of the corrective action.~~

~~7.05.2 These corrective actions are subject to the Department's review and approval.~~

MARK-UP

SUMMARY OF PROPOSED CHANGES TO THE ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING THE MONITORING OF ARKANSAS COMPREHENSIVE SCHOOL IMPROVEMENT PLANS (ACSIP)

7.00 This section was struck to reflect a streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.

Nonsubstantive Changes to the Rules After Release for Public Comment

3.05 & 3.11 These definitions were struck as these terms are no longer to be found within the rules.

4.00 This section was struck, and the following two Sections (the former Section 5.00 and the former Section 6.00) were renumbered accordingly, as on-site monitoring is now addressed in Section 5.01.

4.02.3 This section was renumbered and amended to reflect streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.

5.02.4 The former Section 5.02.4 was struck to reflect streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.

5.01 This section was amended to reflect streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.

5.01.1 The reference to the former Section 5.07 was renumbered.

6.01.4 The former Section 6.01.4 was struck to reflect streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.

5.02 The reference to the former Section 6.00 was renumbered.

Date	Respondent	Comment	ADE Response
February 16, 2016	Jennifer Dedman, Arkansas Public School Resource Center	Section 3.04: This section could be improved by stating whether this monitoring will be a desk audit or an on-site visit.	**Comment considered. All schools will be monitored by ADE for compliance in accordance with Ark. Code Ann. § 6-15-426. For those schools classified as being in school improvement, ADE's School Improvement Unit will conduct on-site monitoring.**
		Section 6.01: This section appears inconsistent with the definition in Section 3.04.	**Comment considered. Section 6.01.4 has been struck to reflect streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.**
		Section 7.00: We respectfully request clarification on the removal of Section 7.00. Will the procedures in this section continue to be used or will new procedures be released?	**Comment considered. New procedures will be developed based upon a risk assessment process to be carried out by ADE's School Improvement Unit. These procedures, once developed, will be published, along with monitoring tools, and maintained on ADE's website. Section 7.00 being struck from these rules creates flexibility moving forward.**
February 17, 2016	John W. Walker, Amy Lafont	Section 7.0, Procedures for Comprehensive Monitoring: We object to the deletion of this section. ADE is required to directly monitor ACSIP compliance. The procedures should be articulated in the Rules.	**Comment considered. Comment considered. Ark. Code Ann. § 6-15-2202 provides the option to annually monitor compliance when ADE's Standards Unit directly monitors or when ADE's School Improvement Unit assists with a school improvement plan. No changes made.**

ARKANSAS DEPARTMENT OF EDUCATION
RULES GOVERNING ACCESS TO PUBLIC SCHOOL INFORMATION ON ARKANSAS COMPREHENSIVE SCHOOL IMPROVEMENT PLANS (ACSIP)

1.00 Authority

1.01 These Rules are promulgated pursuant to Ark. Code Ann. §§ 6-11-105, 6-15-2202, ~~(added by Act 1373 of 2009)~~ and 25-15-201 et seq., and Act 841 of 2015.

2.00 Purpose

2.01 The purpose of these Rules is to execute the following requirements of Ark. Code Ann. § 6-15-2202:

2.01.1 Improve student achievement and close achievement gaps among student subgroups by providing public access to comprehensive school improvement plans;

2.01.2 Improve parental involvement and communication with parents;

2.01.3 Increase transparency and accountability of public schools and public school districts to the public; and

2.01.4 Make public school and public school district data more accessible to researchers and policymakers.

3.00 Access to Public School Information on Comprehensive School Improvement Plans

3.01 By the twentieth day following the date a public school or public school district is required by law or rule to provide the applicable information listed in this section, a public school district shall post the most recent version of the following information on its website:

3.01.1 The comprehensive school improvement plan developed under the Arkansas Comprehensive Testing, Assessment, and Accountability Program Act, § 6-15-401 et seq. for each public school in the public school district.

3.01.1.1 A public school that accepts National School Lunch Act funds and national school lunch student state categorical funding under § 6-20-2305 shall ~~report in the public school's comprehensive school improvement plan the~~

MARK-UP

~~following:~~provide a general description of the use of those funds.

~~3.01.1.1.1 A description of how the public school plans to use National School Lunch Act funds and national school lunch student state categorical funds in the current school year; and~~

~~3.01.1.1.2 A description of how the school used National School Lunch Act funds and national school lunch student state categorical funds in the previous school year;~~

3.01.2 The public school district's annual report card and the annual report card of each public school in the public school district;

3.01.3 A parent-friendly explanation of:

3.01.3.1 The school improvement status of the public school district;

3.01.3.2 The school improvement status of each public school in the public school district, including the identification of any supplemental educational services available to each public school; and

3.01.3.3 Why the public school district or any of its public schools are under academic distress, school improvement, or fiscal distress and what the district is doing to be removed from academic distress, school improvement, or fiscal distress.

3.01.4 The public school district's parental involvement plan and the parental involvement plan of all public schools in the public school district and informational packets required under Ark. Code Ann. § 6-15-1702.

MARK-UP

3.01.4.1 Public school districts and schools receiving Title I funds shall also post ~~the parental involvement policy~~ any policies required by the ~~No Child Left Behind Act of 2001~~ Elementary and Secondary Education Act as most recently authorized by Congress.

3.01.5 Teacher qualifications for all public schools in the public school district under the ~~No Child Left Behind Act of 2001~~ Elementary and Secondary Education Act as most recently authorized by Congress.

3.02 Not less than annually, the Department of Education ~~(ADE)~~ shall monitor compliance with the requirements of this Section ~~when the ADE:~~as a part of monitoring a school for compliance with standards and accreditation or assisting a school with its comprehensive school improvement plan.

~~(i) Directly monitors a school for compliance with standards and Accreditation.; or~~

~~(ii) Monitoring the implementation of ACSIP in compliance with Act 807 of 2007. Any areas of non compliance will be forwarded to the Standard for Accreditation Unit.~~

3.02.1 Monitoring may be performed electronically.

3.03 The Department of Education shall report a failure to comply with this Section to the State Board of Education.

3.04 Compliance with these Rules is a requirement for accreditation of a public school, including an open-enrollment charter school, or public school district.

MARK-UP

SUMMARY OF PROPOSED CHANGES TO THE ARKANSAS DEPARTMENT OF EDUCATION RULES GOVERNING ACCESS TO PUBLIC SCHOOL INFORMATION ON ARKANSAS COMPREHENSIVE SCHOOL IMPROVEMENT PLANS (ACSIP)

3.01.4.1 This section was amended to reflect the reauthorization of the federal Elementary and Secondary Education Act.

3.01.5 This section was amended to reflect the reauthorization of the federal Elementary and Secondary Education Act.

3.02 This section was amended to encapsulate and update the proceeding language which was struck.

Nonsubstantive Changes to the Rules After Release for Public Comment

3.01.1.1 This section was amended to reflect streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.

3.02 This section was amended to align with Ark. Code Ann. 6-15-2202(c).

Date	Respondent	Comment	ADE Response
February 16, 2016	Jennifer Dedman, Arkansas Public School Resource Center	Sections 3.01.4.1 and 3.01.5: Could these sections be clarified by reference to ESSA instead of the ESEA?	**Comment considered. As most recently authorized by Congress, the Every Student Succeeds Act (ESSA) is the law referred to in both Section 3.01.4.1 and 3.01.5. This language creates flexibility moving forward. No changes made.**
		Sections 3.01.1.1 and 3.01.1.1.2: These sections appear to contain language that was repealed in Section 4 of Act 841 of 2015.	**Comment considered. Section 3.01.1.1 has been amended to reflect streamlining of the ACSIP Monitoring process in accordance with Act 841 of 2015.**
February 17, 2016	John W. Walker, Amy Lafont	Section 1.0, Authority: Why remove reference to Act 1373 of 2009? Act 841 of 2015 was a minor modification to the full original law which is stated in Act 1373 of 2009.	**Comment considered. Act 1373 of 2009 was codified at Ark. Code Ann. § 6-15-2202. No changes made.**
		Section 3.02 Authority: We object to the proposed modifications to Sections 3.02, 3.02(i), and 3.02(ii), and we object to the addition of the proposed new subsection 3.02.1. These modifications change the meaning of ADE's responsibility away from the original law. 3.02(i) Language is in true law – proposed change deletes the word "Directly." 3.02(ii) This duty is still required by law. 3.02.1 The law does not anticipate ADE to perform its duties remotely.	**Comment considered. Ark. Code Ann. § 6-15-2202 provides the option to annually monitor compliance when ADE's Standards Unit directly monitors or when ADE's School Improvement Unit assists with a school improvement plan. Section 3.02 has been revised to align with Ark. Code Ann. § 6-15-2202(c). Section 3.02.1 is not a change to current rules.**

Arkansas State Board of Education
Resolution

WHEREAS, More than 10,000 Arkansans exhibit profound courage and selflessness by serving in the armed forces; and

WHEREAS, The school-age children of these families attend public school in the State of Arkansas; and

WHEREAS, Military families live and work in every county in the State of Arkansas; and

WHEREAS, Military children face unique challenges related to military transitions and parental deployment; and

WHEREAS, Military children and their families serve as an essential source of support and encouragement for armed service members; and

WHEREAS, Military children should be acknowledged for the sacrifices they make and celebrated for the courage they display as the children of our nation's armed service members; and

WHEREAS, The Military Interstate Children's Compact Commission, of which Arkansas is a proud member, the Department of Defense, and various other organizations nationwide recognize April as the Month of the Military Child;

NOW, THEREFORE, BE IT RESOLVED THAT

The Arkansas State Board of Education recognizes and salutes military children by recognizing the month of April 2016, as the Month of the Military Child.

Arkansas State Board of Education
Resolution

WHEREAS, The Arkansas State Board of Education believes that mission of the school library program is to ensure that students and staff are effective users of ideas and information; and

WHEREAS, The Arkansas State Board of Education believes the school librarian's role is to provide the leadership and expertise necessary to ensure that the library program is an integral part or the instructional program of the school; and

WHEREAS, The Arkansas State Board of Education has entrusted the school librarian in each school to teach the skills of locating and using information through traditional resources and new technologies, to provide literature appreciation activities, and to guide and encourage content and recreational reading to every student; and

WHEREAS, lifelong learning begins and is systematically developed through the school library curriculum of Arkansas elementary and secondary schools; and

WHEREAS, the school library program contributes to the individual growth and development of all students, while fostering both excellence and equity in education; and

WHEREAS, the school librarians of Arkansas have dedicated themselves to work for quality library programs for all students;

NOW, THEREFORE, BE IT RESOLVED THAT
We, the members of the Arkansas State Board of Education, recognize the month of April, 2016 as School Library Month.
