## **2021 School, District, and State Report Cards Released**

**LITTLE ROCK** — The Arkansas Department of Education's Division of Elementary and Secondary Education released today the 2021 Report Cards for schools, districts, and the state. The reports, which are available at the Report Card tab on [My School Info](#), reflect school performance for the 2020-2021 school year.

The report cards provide comprehensive data for each school, district, and the state. Information in the report cards comes from the certified cycle and graduation data submitted to DESE. Colored indicators in the report cards reflect the current data status for each module. All modules are now complete.

The school report cards provide a communication framework to encourage dialogue and inform decisions within each school community. School-level improvement plans and district support plans may be updated as schools and districts review the data. All stakeholders are encouraged to participate in these discussions. After exploring the report cards, stakeholders are encouraged to complete the following survey to provide DESE with feedback and suggestions for improvement: School Report Card Survey ([English](#) or [Spanish](#)).

Due to the impact of COVID-19, Act 89 of 2021 suspended school ratings (letter grades) for the 2020-2021 school year. Additional information about the report cards can be accessed at <https://bit.ly/3MkAp0Z>.
