PURPOSE OF 21st CCLC GRANTS
Authorized under Title IV, Part B, of the Elementary and Secondary Education Act (ESEA), as amended by Every Student Succeeds Act (20 U.S.C. 7171-7176), the 21st Century Community Learning Centers (CCLC) program is designed to establish or expand community learning centers that:

1. Provide opportunities for academic enrichment, including providing tutorial services to help students, particularly students who attend low-performing schools, to meet the challenging state academic standards;

2. Offer students a broad array of additional services, programs and activities, such as youth development activities, service learning, nutrition and health education, drug and violence prevention programs, counseling programs, arts, music, physical fitness and wellness programs, technology education programs, financial literacy programs, environmental literacy programs, mathematics, science, career and technical programs, internship or apprenticeship programs, and other ties to an in-demand industry sector or occupation for high school students that are designed to reinforce and complement the regular academic program of participating students; and

3. Offer families of students served by community learning centers opportunities for active and meaningful engagement in their student’s education, including opportunities for literacy and related educational development.

The term “community learning center” means an entity that assists students to meet the challenging state academic standards by providing the students with academic enrichment activities and a broad array of other activities during non-school hours or periods when school is not in session.

GRANT GUIDANCE DOCUMENT
This document is intended to provide guidance on compliance with statutory and regulatory requirements of the 21st CCLC program. This guidance should be read in conjunction with the United States Department of Education (USDE) Non-Regulatory Guidance for Title IV - Part B and the Education Department General Administrative Regulations (EDGAR), including the Uniform Grant Guidance (2 C.F.R. §200). The information in this document replaces all prior guidance documents for Arkansas 21st CCLC programs.

GRANT AWARDS AND DURATION
It is the intent of the Arkansas Division of Elementary and Secondary Education (DESE) to award grants of sufficient size and scope to support high quality, effective programs.

By statute, a 21st CCLC grant may not be made in an amount that is less than $50,000. DESE will award competitive grants at a minimum of $50,000 to $150,000 per applicant, renewable annually for up to three to five consecutive years dependent upon an annual review of performance, providing that the program is able to demonstrate the following:

• Program complies with all State and Federal laws and guidelines;
• Progress toward program goals;
• Meeting attendance goals within the awarded grant;
• Attendance of required personnel at mandatory trainings and professional development;
• Timely and accurate submission of all reports and data;
• Appropriate grant fund management consistent with the requirements of the statute and the operational requirements set forth in the Educational Department General Administrative Regulations (EDGAR), Office of Management and Budget.
(OMB) Circulars, US Non-Regulatory Guidance and the Arkansas Division of Elementary and Secondary Education 21st Century Community Learning Centers Grant Guidelines;

- Maintenance of an acceptable program quality score as determined by the program quality assessment tool;
- Participation in required planning with data training and submittal of program improvement plans;
- Program operation is in alignment with the awarded grant application serving the target population within the grant; and
- Subgrantee evaluates all program components yearly to ensure progress in achieving the grant awarded goals and disseminates this information to stakeholders.

A program site location can only be served by one grant award. However, one grant can serve up to three (3) targeted schools, in a district, if included in the awarded grant application.

The name of the subgrantee program must be the name associated with the UEI registration. All documentation must use the subgrantee name for the duration of the program.

A subgrantee organization can receive a maximum of two (2) new grants per school year.

**RENEWABILITY**
The State does not practice renewability as described in Title IV, Part B.

**ELIGIBLE APPLICANTS**
Entities eligible to receive 21st CCLC program funds include, but are not limited to:

- Local Educational Agencies (LEA) that are not virtual schools or academies;
- Indian Tribe or tribal organizations;
- Educational consortia;
- Non-Profit agencies;
- City or county government agencies;
- Community based organizations (CBO) and faith-based organizations (FBO);
- Institutions of higher education; and
- For-profit corporations.

Eligible applicants will serve students who attend schools that are eligible for designation as a Title I schoolwide program. Title I schoolwide programs are K-12 schools in which 40 percent or more of the students qualify to receive free or reduced-price meals through the National School Lunch Program. Each eligible entity receiving an award will use the funds to carry out a broad array of before- and after-school, summer, weekend and/or holiday activities that advance overall student achievement and support student success.
FAITH-BASED ORGANIZATIONS
Funds shall be used solely for the purposes set forth in this grant program. No funds provided pursuant to this program shall be expended to support religious practices, such as religious instruction, worship, or prayer. A faith-based organization (FBO) may offer such practices but not as part of the program receiving assistance and must comply with applicable cost accounting requirements to ensure that funds are not used to support religious activities.

PREVIOUSLY FUNDED APPLICANTS
Subgrantees may re-apply following the end of the original five-year or three-year grant cycles. To be eligible to apply for a new grant, applicants who have previously been funded must have satisfactory performance during the awarded grant years, provide the need for additional goals to be achieved than what is in the current awarded application, and must have submitted all current year reports and data by the required deadlines at the time of the new application.

FUNDING ELIGIBILITY
DESE awards sub-grants only to applicants primarily serving K-12 students who attend schools eligible for schoolwide Title I status. For the purpose of this application, Title I schoolwide status is defined as having at least 40 percent of students qualify to receive free or reduced-price meals through the National School Lunch Program. DESE may award competitive priority points to all applicants meeting certain conditions. Conditions will be outlined in the application and based upon program priorities or other relative data.

REQUIRED REGISTRATION
All applicants must have both a Unique Entity Identifier (UEI) and a valid Taxpayer Identification Number (TIN) registered in the System for Award Management (SAM), the U.S. Federal Government’s primary registrant database. Each applicant must maintain an active SAM registration that will be verified by DESE program staff before an application is deemed eligible for funding.

The UEI is free and is required to receive funds from DESE. DESE staff will verify that potential grant recipients are not suspended or debarred or otherwise excluded by checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA) prior to entering into the agreement. The electronic version of EPLS is located on the www.sam.gov website. For more information about the UEI and the transition from the DUNS Number to the UEI, please review Appendix F.

STATE STUDENT IDENTIFICATION NUMBERS
The primary purpose of 21st CCLC programs is to provide academic support and enrichment for students attending high poverty and low achieving schools. Each year the USDE measures the academic growth of students attending 21st CCLC programs. DESE utilizes the ten-digit State identification number to pair program attendance data to student achievement data. Therefore, programs are required to submit the ten-digit State identification number to DESE for each student attending the program from the grant awarded site. Programs will need to require the number for program enrollment and
have an agreement with the school district they are serving to provide the ID numbers. Failure to obtain ten-digit State identification numbers upon student enrollment will result in the site being suspended and/or program closure.

**SUBGRANTING**
Organizations awarded 21st CCLC grants must be equipped and prepared to provide programs and services to students. Subcontracting the program or grant responsibilities is not allowed.

**LOCATION OF PROGRAMS**
A community learning center may be located in a facility other than a public school building. However, the facility must be at least as available to the participants as if the program were in a public school. Whether the program takes place in a school building or other facility, the applicant must have a plan of how students will travel safely to and from the 21st CCLC program and home. Transportation cannot be a barrier for students participating in the program. Subgrantees should be prepared to offer daily transportation to 21st CCLC participants during programming.

**PROGRAM OPERATION TIMES**
21st CCLC programs must offer services during non-school hours or periods when school is not in session. This time may include before and/or after school, evenings, weekends, school vacations and/or summer. All subgrantees must submit a Site Calendar and Profile and Master Schedule indicating the days of programming and the services that will be offered. During the program year when changes are made to the Site Calendar and Profile and Master Schedule, the program must submit these forms to DESE for review and approval.

New subgrantees must be in operation by October 1st the first-year grant funds are received. Subgrantees in the second year of funding and beyond must be in operation by September 15th.

**SUMMER ONLY PROGRAMS (NO LONGER AWARDING ANY NEW GRANTS)**
This guidance is for existing Summer Only programs. Programs should begin at the end of the first grant year and may operate between May 15 and August 15. Expenditures may be incurred between May 1 and August 31. If expenditures are incurred outside of this timeframe, prior approval must be received from DESE and documentation must support the work completed. Budgets will follow the fiscal year of July 1 to June 30. Budgets for the following year will be due by June 15. All end-of-year reports will be due by September 10.

**PUBLIC RECORDS**
All correspondence and submitted grant applications are subject to the Arkansas Freedom of Information Act (FOIA) and will be disclosed to a third party by request.
NOTICE: Failure to comply with federal, state or grant guidelines may lead to implementation of a compliance plan, reduction of allocation, non-reimbursement, repayment of misused funds by the grantee and/or suspension or closure of the program.

Misuse of funds may result in program closure.

Any deviation from these guidelines could result, without limitation, in the following:

1. Referral of an ethics complaint to the Arkansas Department of Education Professional Licensure Standards Board;
2. Referral to Arkansas Legislative Audit;
3. Referral to the Prosecuting Attorney in the district where the program is located; and
4. Referral to the Federal Bureau of Investigation.
GENERAL FINANCIAL GUIDELINES
1. All spending of 21st CCLC funds must adhere to the following federal and state guidelines and be clearly tied to the goals and objectives of the program:
   • Education Department General Administrative Regulations (EDGAR) [https://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html](https://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html)
   • Office of Management and Budget Guidance for Grants and Agreements (OMB Circulars) [https://www.whitehouse.gov/omb/information-for-agencies/circulars/](https://www.whitehouse.gov/omb/information-for-agencies/circulars/) (2 C.F.R. Part 200)
   • Arkansas DESE Discretionary Grant Procedures
   • United States Department of Education (USDE) 21st CCLC Non-Regulatory Guidance
   • Arkansas Nita M. Lowey 21st Century Community Learning Centers (21st CCLC) Grant Guidance for the current year

2. Subgrantees must maintain effective control over, and accountability for, all funds, property, and other assets. Subgrantees must adequately safeguard all assets and assure that they are used solely for authorized purposes.

3. All costs must be reasonable and necessary to carry out the program and directly linked to the size and scope of the program and to specific goals, objectives, and activities.

4. LEA subgrantees shall follow all district policies. These include, but are not limited to purchasing, hiring of personnel, travel, and professional development opportunities. LEA subgrantees shall follow purchase order and/or expenditure policies of the school district.

5. Non-LEA subgrantees shall comply with general applicable cost accounting requirements to ensure that funds are used only to support applicable activities.

USE OF FUNDS
Funds must be used solely for the purpose of creating local community learning centers that provide students and their families with the activities that reinforce the regular academic program and a broad array of other activities designed to complement the school-day programs and advance student achievement.

Grant funds must be used only to supplement, not supplant, any federal, state, or local funds currently being used to support activities allowable under the 21st CCLC program. All costs must be reasonable, necessary, allocable, and properly documented to carry out the program. Costs must be directly linked to the size and scope of the program and to specific goals, objectives, and activities.
Program expenditures will be reimbursed rather than forward funded. Applicants must have sufficient funds from which to spend and sustain services until the claim for reimbursement can be submitted, processed, approved, and reimbursed. Program expenditure documentation is required to be uploaded monthly through Indistar. Funds will not be reimbursed without proper documentation. This includes timesheets, other required data entries, monthly expenditures, etc.

CARRYOVER
Programs may carryover up to 15% of the current year allocation into the next fiscal year. The current year allocation is the amount without any previous year carryover. Carryover exceeding 15% of the current year allocation will not be allowed. Funds exceeding the 15% will be collected and redistributed to participating grantees. Programs in the last year of their grant cycle will not be allowed to carryover funding.

DESE expects programs to use the yearly funding allotment to provide exceptional programming for students that aligns to the awarded grant application, which supports students’ academic growth and achievement through enriching programs and activities.

BUDGET JUSTIFICATION NARRATIVE (BJN)
Programs must justify requests based on the length and intensity of services proposed and the number of youth and families being served. Regardless of the size of the grant, proposed costs must be reasonable and necessary to carry out the program's purposes and objectives. The Yearly Budget Justification Narrative (BJN) should clarify the cost of items and resources (staff, materials, trainings, etc.) for the proposed activities of the grant funds for the year. The codes listed in Appendix C are used by Arkansas Public School Computer Network (APSCN) and should be used by LEAs. CBOs, FBOs, and other entities may not have the same codes available. However, all programs should only use the budget line-item descriptors on the BJN. Consult the district and/or the organization’s financial officer for assistance on budget components. Programs are required to complete a Yearly BJN by August 31st, a Mid-Year (Semi-Annual Expenditure Report) BJN by February 1st, and an End-of-Year (Final) BJN by July 31st each year.

Prior approval must be received for ALL purchases. All current subgrantees must submit requests, in Indistar, using the Purchase Order Request Form through August 31, 2022, and/or until the program’s yearly BJN for 2022-2023 has been reviewed and approved by DESE. Beginning September 1, 2022, and for all programs, all expenditures, such as field trips, professional development, conferences, trainings, transportation, purchase services, materials, and supplies must be described in detailed in the BJN. Once DESE has reviewed and approved the BJN, programs are allowed to make purchases within the approved BJN. Purchases made that are not defined and approved on the BJN, will not be reimbursed.

If changes need to be made to the BJN during the program year, an amendment is required to be completed and submitted to DESE for review and approval. Failure to complete a budget amendment prior to purchasing items not described on the Yearly BJN, will result in purchases not being reimbursed by DESE.
PURCHASE SERVICES
When a program contracts services for enrichment, activities, or other services, it is described as a purchase service. **Prior approval for any vendor used within the 21st CCLC program must be given in the Yearly BJN before the vendor can provide services.** A purchase service contract must include the following: vendor professional qualifications, license/certification information, taxpayer ID for the business providing the professional service, detailed description of services to be provided, dates and times that services will be delivered, duration of the service, and the number of students that will receive the service. It must also be noted in the contract that payment for services will occur after services have been rendered.

The purchase service contract must also include how the service supports the achievement of the goals in the awarded grant and align with the Arkansas State Standards and the program’s curriculum. This documentation must be attached to the contract. **Vendors cannot be 21st CCLC program employees.**

All purchase services must be described in the BJN. Upon approval of the BJN, the program must upload the purchase service contract(s) to Indistar, under the Purchase Service Contract Folder, before the services begin for the program year. If a program wants to use a vendor multiple years, the program must provide a contract each program year, in Indistar, after it has been approved in the yearly BJN.

DESE will audit submissions to ensure the contracted services follow the guidelines within the guidance and align to the approved BJN. When contracts are audited by DESE and DESE finds that the program has not met the required guidelines and it is not an approved purchase on the BJN, DESE will require the program to suspend services of the vendor until it is reviewed by DESE. If DESE finds that the purchase service was not approved in the yearly BJN, budget amendment, and/or the required contract documentation is not found in the SEA Documentation Folder, the program will not be reimbursed with 21st CCLC funds for the services rendered by the purchase service. If DESE has reimbursed the funds before the audit has taken place and finds incorrect or no documentation within the folder, the program will be required to pay the funds back to DESE for the services rendered by the purchase service. It will be the responsibility of the program to provide funding for the services rendered.

MONTHLY EXPENDITURE REPORTING
Subgrantees are required to upload expenditure documentation in Indistar by the 5th of each month. Reimbursements will not be made without correct, adequate, and timely documentation submission. **DESE will pay reimbursements that need correcting the following month.**

Programs are required to use the 2022-2023 forms and follow the format below when completing and uploading to the Monthly Expenditure Folder in Indistar:

1. 21st CCLC Request for Program Funds *(CBOs only)*
2. 21st CCLC Check Summary
a. All programs are required to complete this form monthly. Each section must be completed correctly. If the program has no expenditures, it is required to provide the reporting month and check the “No expenditures for current month” box in the right-hand corner of the form.

b. Ensure each paid check, invoice, etc. are accompanied by itemized receipts for the purchases paid in the prior month.

c. When the “Student Transportation” box is marked, programs are required to provide signed travel logs for every mile driven during the 21st CCLC program. Programs are required to provide this documentation for the paid transportation in the prior month. **Beginning July 1, 2022, all programs, including LEAs, are required to pay transportation monthly. LEAs can no longer pay this expenditure at the end of the year.**

**STAFF SALARIES**

All employees working for 21st CCLC subgrantee programs will be paid hourly. Site coordinators and program directors cannot exceed 25 hours per week. Site coordinators’ timesheets should reflect program operation hours. Beginning June 2022, program directors’ timesheet should reflect program operation hours as well. 20 hours per week is the maximum amount that can be worked by other 21st CCLC staff. Total salaries and employer taxes (Social Security, Medicare, and Arkansas Teacher Retirement) cannot exceed 70% of the total yearly budget in Years 1 and 2. **Beginning July 1, 2022, programs in Years 3, 4, and 5 can exceed the 70% but are required to demonstrate, on the Budget Justification Narrative and other program documentation, how it is reasonable, necessary, and allocable.**

Each program must have a yearly Pay Rate Schedule (found in Indistar) approved by DESE 21st CCLC staff prior to the first payroll. When changes are made to the Pay Rate Schedule, that have been approved by the organization’s board, and put into the organization’s fiscal policies, programs must submit the updated Pay Rate Schedule to DESE to review and approve. DESE will only reimburse staff salaries based on the current Pay Rate Schedule on file at DESE.

21st CCLC subgrantees are required to pay employer taxes (Social Security and Medicare) for each employee and withhold Social Security and Medicare taxes from wages. School district (LEAs) subgrantees are required to pay Arkansas Teacher Retirement matching. Insurance for part-time employees (less than 30 hours per week) including health, dental, vision, life, and unemployment is not allowable with 21st CCLC funds.

All employees must document time worked in a 21st CCLC program on the timesheet located in Indistar. **All timesheets must be typed,** and the time worked should be recorded in fifteen (15) minute (quarterly) increments. Timesheets must be signed by both the employee and the employee’s direct supervisor in the program. The superintendent or district designee should sign timesheets for program directors. Reimbursements for salary expenditures will not be made without completed timesheets.
For example, timesheets missing any signatures, start and ending times, days, and dates for time claimed are not complete.

All 21st CCLC staff, including program directors and site coordinators, must submit a Documentation of Time Worked During Non-Programming Hours Form for any time worked outside of regular program hours. The time submitted can't occur during the school day. This form should be submitted monthly behind the timesheet of any staff claiming time outside of program hours. The details of the work completed, on this form, should match the amount of time claimed. Failure to provide timely and detailed documentation of the work completed will result in non-reimbursement.

**ITEMIZED RECEIPTS**

Subgrantees must be able to account for the receipt, obligation, and expenditure of grant funds. Itemized receipts must be kept for all purchases and be readable. A credit card receipt or monthly statement is not sufficient documentation and will not be reimbursed. Receipts should list 21st CCLC expenditures only. Receipts splitting costs between different funds will not be reimbursed unless prior approval was granted.

**RECEIVING GRANT FUNDS**

Programs will operate on a reimbursement basis. Non-LEA subgrantees will need to obtain initial start-up funding to cover program expenditures and three months of payroll. All subgrantees are required to submit documentation for prior month expenditures in Indistar by the 5th of each month. Supporting documentation for all expenditures is required. Expenditures without appropriate documentation and itemized receipts will not be reimbursed. Documents must include vendor name and address, description of services or materials purchased, and amount of each item and total amount of the purchase.

Documentation must be submitted in Indistar by the 5th of each month for the previous month’s expenditures. Expenditures submitted for the previous month should be from the first to the last day of the month (ex: August 1st – 31st). The required 21st CCLC forms must be used when submitting expenditure documentation and changes to the form should not be made without prior approval from DESE.

Programs that fail to submit correct documentation by the deadline will be notified by DESE of the noncompliance along with any additional conditions imposed on the subgrantee. If noncompliance cannot be remedied by the imposing of additional conditions, DESE may take additional actions as outlined in 2 C.F.R. §200.339, including suspension or termination of the grant award.

**STUDENT PARTICIPATION FEES**

21st CCLC programs may not charge participation fees during the grant program and grant period. Programs must be equally accessible to all students targeted for services.
PROGRAM ATTENDANCE
Studies have shown that the more a student participates in afterschool programs, the more likely they are to show academic and social gains. To allow youth to take advantage of all that 21st CCLC programs offer, there must be steady attendance and access to programs over a significant period of time. Subgrantees are expected to develop and communicate policies to the families and emphasize the importance of regular daily attendance in the 21st CCLC program.

Student attendance records from the grant awarded site, including daily hours of participation by activity, must be maintained by all subgrantees. Attendance must be kept for every student enrolled in the program. For School Year Grants, a program year is programming contains the summer, fall and spring (June 1st – May 31st). Documentation of students signing in and out each day and attendance in each activity must be maintained in Cayen by the program. Standard grant award amounts are designed for programs with an average daily attendance of 100 students. All Year 1 grantees will receive $150,000. After the first year of grant funding, award amounts will be adjusted yearly according to the following scale based on the average daily attendance from the prior year.

For the 2022-2023 fiscal year, programs with an average daily attendance greater than 100, in the 2021-2022 program year, will be awarded an additional $1,500.00 for each student over 100. For example, a program that has an average daily attendance of 125 students for 2021-2022 and is in Year 2 of their grant cycle will be awarded $37,500.00 for the additional 25 students (25 students X $1,500/student). Their total 2022-2023 allocation, excluding the 15% carryover, will be $187,500.00.

For mileage reimbursement purposes, the rate of mileage reimbursement will be limited to the current mileage rates for the State of Arkansas listed on Arkansas State Government website.

PROGRAM INVENTORY
Programs are responsible for maintaining effective control over, and accountability for all funds, property, and other assets. The non-Federal entity must adequately safeguard all assets and assure that they are used solely for authorized purposes.

All programs will maintain a current inventory list. As directed by the USDE Uniform Grant Guidance, the inventory should include all non-consumable items purchased with 21st CCLC funds. Non-consumable products include items that will cost $100.00 or more and last beyond one year of the program. All materials should be securely and appropriately stored and must be labeled as 21st CCLC property. Inventory list in Indistar should be updated as materials and equipment are purchased and received.

Upon completion of the program or early closure of a program, the program assets remain the property of the USDE. It is the common practice for DESE to work with the subgrantee to reassign assets to other federal programs where the participating students attend. If the grantee is awarded another grant upon completing the five years, the inventory remains at the site and becomes a part of the new inventory for the new grant award.

The following information must be included on the inventory list:
- Description of Equipment
- Serial Number
- Acquisition Date
- Acquisition Cost
- Location of Purchase (Where the item is stored)
For further guidance, please refer to the USDE Uniform Grant Guidance, 2 C.F.R., part 200 for disposition regulations.

**AUDIT REQUIREMENT**
A non-federal entity that expends $750,000 or more during the non-federal entity’s fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the Education Department General Administrative Regulations (EDGAR). Audit results must be submitted to DESE annually.

**RECORDS RETENTION**
21st CCLC programs are required to maintain financial records and program documentation for a period of five years following the end the grant.

**FINAL YEAR OF FUNDING**
Programs that are in their final year of the grant funding cycle must adhere to the following:

- Program operation and spending must end by May 31, 2023.
- Required data and reports must be completed by May 31, 2023, unless DESE has designated otherwise.
- The final budget report and inventory documentation should be submitted by June 30, 2023.
- Spending should follow the approved budget justification narrative.
- Spending to deplete funds is not allowed, and any cash on hand from grant funds will be reimbursed to DESE.
**NOTICE:** Failure to comply with federal, state or grant guidelines may lead to implementation of a compliance plan, reduction of allocation, non-reimbursement, repayment of misused funds by the grantee and/or suspension or closure of the program.

Misuse of funds may result in program closure.

Any deviation from these guidelines could result, without limitation, in the following:

1. Referral of an ethics complaint to the Arkansas Department of Education Professional Licensure Standards Board;
2. Referral to Arkansas Legislative Audit;
3. Referral to the Prosecuting Attorney in the district where the program is located; and
4. Referral to the Federal Bureau of Investigation.
PROGRAM GOALS
Performance goals for all 21st CCLC programs include:

1. Improve academic outcomes in content areas for attending participants.
2. Improve the personal competencies of students attending the program including social interaction and skills, emotional management and control, self-efficacy, empathy for others, work habits and reflection.
3. Provide active and meaningful engagement for families to engage in their student’s education.

PROGRAM DESIGN
The purpose of 21st CCLC grants is to fund quality out-of-school programs that provide opportunities for academic enrichment and tutorial services to help students meet state academic standards.

Other programs, activities and services that can be offered include youth development activities, service learning, nutrition and health education, drug and violence prevention, counseling, arts, music, physical fitness and wellness, technology education, financial literacy, environmental literacy, mathematics, science, career and technical programs and internship or apprenticeship programs. All activities should reinforce and complement the regular academic program of participating students.

Programs are also required to offer families of students served by community learning centers opportunities for active and meaningful engagement in their student’s education, including opportunities for literacy and related education development.

HOURS OF OPERATION
21st CCLC programs must offer services during non-school hours or periods when school is not in session. This time may include one or more hours before school, after school, evenings, weekends, school vacations and/or summer. Subgrantees are required to provide at least 300 hours of programming for students during each year of the grant. Program hours for the year accumulate from June 1st to May 31st. Programs will be required to submit a Site Calendar and Profile Form and a Program Master Schedule to DESE for review and approval. DESE 21st CCLC staff should be notified via email immediately of any calendar and/or schedule changes for review and approval.

Subgrantees in the first year of funding must be open and serving students by October 1st. Subgrantees in the second year of funding and beyond must be open and serving students by September 15th.

ENROLLMENT

Private school and home school students residing in the attendance area of the targeted school shall be given an opportunity to enroll in the program. For students to enroll, they must have or will obtain a ten-digit State
identification number (ID) before enrolling. If a private or home school student that resides in the attendance area of the targeted school wants to enroll in the 21st CCLC program and does not have a ten-digit State ID number, they must go through the targeted school and/or district to obtain it. To create a ten-digit State ID number in e-School, the school and/or district will have to key the student and their demographic information into e-School. The principal and/or superintendent of the district will be able to provide guidance on who to contact to complete this process.

If a site would like to provide programming for students outside of the targeted school in the awarded grant, and
- it is in the same district as the targeted school(s) from the grant awarded application, and
- the site does not provide programming for more than three targeted sites in the grant awarded district
then the site must notify and review with DESE the reason for adding students outside of the targeted school and school attendance area.

If DESE finds the request reasonable, necessary, and allocable, the site will go through the Amendment Process (Amendment Process, page 37). If DESE is not notified prior to adding additional students outside of the targeted school site, the site will be suspended until further notice due to failure to comply with Federal and State guidelines.

FIELD TRIPS
Field trips are allowable but should not be the program focus or provide daily activities for programming. They should be linked to the academic learning and relate to the program activities and goals outlined in the original grant application and current program curriculum. All field trips should be outlined in the budget justification narrative. ALL field trip requests must be submitted for approval at least two weeks prior to the date of the trip using the Field Trip Request Form which is in Indistar. Taking students out to eat or purchasing food or drinks is not allowable. Field trips designed to accumulate program hours to meet the 300 minimum requirement is not allowed.

**FAMILY ENGAGEMENT**

A required component of 21st CCLC programs is to offer families of students served by community learning centers opportunities for active and meaningful engagement in their student’s education, including opportunities for literacy and related educational development. Subgrantees are required to provide opportunities to allow families and communities to engage and support the learning of students. “Family Nights” where families are only involved in an observation activity should not be the only type of activities provided for families. DESE Parent and Family Engagement staff has provided an online Family and Community Engagement Framework and Toolkit as a resource for families and communities around the state.

Documentation (agendas, sign-in sheets, etc.) of all family engagement opportunities must be kept throughout the duration of the grant and five years after the grant cycle has ended.

NOTICE: Failure to comply with federal, state or grant guidelines may lead to implementation of a compliance plan, reduction of allocation, non-reimbursement, repayment of misused funds by the grantee and/or suspension or closure of the program.

Misuse of funds may result in program closure.

Any deviation from these guidelines could result, without limitation, in the following:

1. Referral of an ethics complaint to the Arkansas Department of Education Professional Licensure Standards Board;
2. Referral to Arkansas Legislative Audit;
3. Referral to the Prosecuting Attorney in the district where the program is located; and
4. Referral to the Federal Bureau of Investigation.

Prior approval from DESE must be obtained for each enrichment session with a staff to student ratio greater than 1:15 for each activity documented on the Program Master Schedule.

Total salaries and employer taxes (Social Security and Medicare) for each 21st CCLC program, in Years 1 and 2, must not exceed 70% of the total yearly budget. Programs in Years 3, 4, and 5 can exceed the 70% but are required to demonstrate, on the Budget Justification Narrative and other program documentation, how it is reasonable, necessary, and allocable. Staff may not exceed 20 hours per week (Sunday – Saturday). Program directors, site coordinators, and other staff hours must be during the time the program is in operation. All 21st CCLC staff, including program directors and site coordinators, must submit a Documentation of Time Worked During Non-Programming Hours Form for any time worked outside of regular program hours. This form should be submitted monthly with the timesheet for any staff claiming time outside of program hours. The details provided should match the amount of time claimed. Failure to provide timely and complete documentation will result in non-reimbursement.

For Summer Only grants, program staff can work up to 40 hours per week for 8 weeks between June 1st thru July 31st. Planning, ordering resources, and reporting can still occur between May 15th to August 15th.

Hours worked for the program must be outside of the regular school day of the site(s) designated in the grant application. Hours claimed during the regular school day, during school contract hours, and/or during another work contract will not be reimbursed. Program directors and/or site coordinators only who are not school district employees and want to work before the start of the program (no more than 2 hours), must provide detailed justification of time on the Documentation of Time Worked During Non-Programming Hours Form. This form must accompany each employees’ timesheet that claim hours outside of programming.

Timesheets for all employees must be uploaded for the prior month in Indistar within the Salary Expenditure Documentation Folder. The time submitted should reflect the beginning and end of the month. (For an example, time should be submitted for September 1st to September 30th, October 1st to October 31st, and November 1st to November 30th). Time submitted to Indistar should not reflect the LEA’s or organization’s pay period, but the time worked in the program.
Building or school district administrators cannot be paid for simply being on-site during the program. If it is not during contract time, they can be paid for filling the positions of site coordinator, program director, or teacher. They must be paid outside of contracted time.

**HIGH SCHOOL STUDENTS WORKING IN THE PROGRAM**

**PAY RATE SCHEDULES**

Each program must have a *Pay Rate Schedule* (found in Indistar) approved by DESE that lists hourly rates of all positions in the program. Payments to staff at hourly rates not listed on the approved schedule, at the time the work is completed, will not be reimbursed. A specific amount must be designated for each position employed in the program. A range for the hourly rate is not acceptable and will not be approved. An example is provided in the chart below.

**BACKGROUND CHECKS**

All 21st CCLC program employees are required to submit the necessary paperwork to the program director within thirty days of employment to begin background checks with the Arkansas State Police, FBI, and Arkansas Child Maltreatment Central Registry. All three checks are required for employment with a 21st CCLC program.

Employees who have been found guilty, pled guilty or nolo contendere to any of the offenses listed in A.C.A. 6-17-410 (c) in any state or federal court will not be eligible for employment or to volunteer in a 21st CCLC program. Background checks not returned within three months of the first day of employment in a 21st CCLC program must be suspended without pay until clear background checks are received by the program director. Any employee who has a true report in the Child Maltreatment Registry cannot be employed or allowed to volunteer in a 21st CCLC program.

Volunteers must complete the Arkansas Child Maltreatment Central Registry check each school year in which they participate in the program.

In addition, programs will withhold and submit Social Security (6.2%) and Medicare taxes (1.45%) from all employee wages.

All programs are required to have a program director to fulfill certain responsibilities. A site coordinator is strongly recommended but not required. The program director and the site coordinator can only work for one program site since they are required to be present during program hours. The program director can perform the roles of program director and site coordinator.

CONFLICT OF INTEREST
A conflict of interest is a set of circumstances that creates a risk that professional judgment or actions regarding a primary interest will be unduly influenced by a secondary interest. Program administrators (program directors and site coordinators) should make every effort to avoid conflict of interest situations within the program. To ensure transparency, program administrators and all staff are required to fill out a Conflict of Interest Disclosure Form before employment can take place. Even if a conflict does not exist, a completed form must be kept on file, in Indistar, within the Conflict of Interest Folder for every person on staff. The Conflict of Interest Disclosure Form is found in Indistar under Complete Forms. Within the 21st CCLC program, conflicts of interest could include but is not limited to:

  • Having an immediate family member of a program administrator work for the program in any capacity. Immediate family member which includes but is not limited to a spouse, child, in-law, sibling, and/or parent;

SUSTAINABILITY OF PROGRAM \$4204(b)(2)(G)

Programs must provide a Sustainability Plan, within the grant application and/or Indistar, and provide a yearly report for how the community learning center will continue after 21\textsuperscript{st} CCLC funding ends. This report, Grant Performance and Sustainability Report, is found in Indistar under the Resources Section. Within the plan and reports, programs must describe and provide evidence of program administration identifying resources and partnerships for current grant year and in the future.

GENERAL EDUCATION PROVISIONS ACT (GEPA)
Section 427 of the United States Department of Education’s General Education Provisions Act (GEPA) requires each applicant to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally assisted programs for students, teachers, and other program beneficiaries with special needs.

GEPA allows applicants discretion in developing and describing the activities that are occurring to meet this requirement. The statute highlights six types of barriers that may impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, LEAs/CBOs/FBOs should determine whether these or other barriers may prevent their students, teachers, etc. from such access or participation in the Federally funded project or activity. The LEAs/CBOs/FBOs may use information they have obtained through their comprehensive needs assessment process. Awarded applicants will have to provide this information yearly on the Program Assurances Form. Information to support writing a program’s statement may be found here:

https://www2.ed.gov/fund/grant/apply/appforms/gepa427.pdf

PROGRAM ASSURANCES
Programs are required to complete 21\textsuperscript{st} CCLC Program Assurances Form each year assuring compliance with the current local, State and Federal law and guidelines. This form is required to be signed and dated by the appropriate officials. Until this form is completed and submitted to DESE by August 31\textsuperscript{st} of each year of the grant cycle, programs will not be allowed to provide services to students and/or receive reimbursement from DESE.

STUDENT TRANSPORTATION
21\textsuperscript{st} CCLC program funds may be used to transport students to the program, from the program, and on approved field trip activities. When school district vehicles are used, the 21\textsuperscript{st} CCLC program will reimburse the district based on daily mileage of the route traveled for the program. The daily program mileage must be documented on the Transportation
Mileage Log Form in Indistar. The total miles driven will be multiplied by the current transportation rate determined each year by DESE. Beginning February 1, 2022, the current maximum rate per mile that can be used by buses is $2.08 (COM MEMO FIN-22-022 https://adecm.ade.arkansas.gov/ViewApprovedMemo.aspx?Id=5044).

The maximum amount that can be budgeted for transportation in the yearly budget is $25,000. Prior approval from DESE must be received for any amount greater than $25,000. The Transportation Mileage Log Form, which is in Indistar, must be used for reimbursement costs to be allowable and all required signatures must be on each form before it is submitted to DESE monthly. All programs are required to submit transportation expenditure documentation for the prior month (For example: August 1st - 31st) by the 5th of the current month (For example: September 5th). LEAs no longer have the option to submit transportation costs at the end of the fiscal year.

21st CCLC programs that do not have access to school district vehicles, may contract with a transportation company for services. 21st CCLC grant funds may not be used to pay bus driver salaries, fuel, or use of buses.

AMENDMENT PROCESS
Upon approval from DESE, programs can amend areas of the awarded grant except for the grant awarded goals. Areas that can be amended, but are not limited to, are the targeted schools (within the same district), attendance goals, and other areas noted by DESE. When programs want to make allowable changes to the awarded grant, the program must notify and review with DESE the reason for the amendment. If DESE finds the request reasonable and necessary, the program will go through the Amendment Process.

The chart below provides information on types of amendments and how to complete the process. After the narrative and additional supporting documents have been completed, the program should email them to DESE 21st CCLC Program Director to review for further guidance and approval/disapproval.

Subgrantees are not required to attend a national conference focused on out-of-school time training, but it is highly recommended. A maximum of two staff members, from each program can attend one out-of-state conference each year of the grant cycle. The two staff members can include the program director, site coordinator, and/or a lead 21st CCLC teacher. The designated staff may attend one following conferences:

1. Beyond School Hours Conference
2. National Afterschool Association Conference
3. Ready by 21 Conference
4. Boost Conference
5. USDE 21st CCLC Summer Symposium

Prior approval is required for attendance to an out-of-state conference, training, and/or professional development. The Conference/Professional Development (PD) Attendance Request Form should be submitted to DESE for review and approval before any registration or accommodations are made for the conference/ PD. Lack of prior approval will result in non-reimbursement.

The Professional Development (PD) and Training Staff Documentation Form must be completed and approved by the program director (or supervisor) before and after the PD. This completed form should be submitted along with the employee’s timesheet and PD documentation (if applicable, completed training/PD certificates, detailed agendas, etc.). Please follow 21st CCLC Guidance, Government Per Diem and/or District Guidelines for travel. Program employees can claim hours worked for attending DESE required trainings if they are not being paid under district or non-district contracts. Employees cannot claim hours for reimbursement for attending conferences, trainings, and/or professional development that is not required unless DESE has given prior approval.

**PROFESSIONAL DEVELOPMENT, STAFF TRAININGS, AND MEETINGS**

Prior approval is required for professional development (PD) and trainings that have not been given approval from DESE. Professional Development and Training Staff Documentation Form should be completed and submitted with other required documentation. Staff meetings do not have to receive prior approval. Meetings outside of program time should be documented on the Documentation of Time Worked During Non-Programming Hours Form and submitted with timesheet. Sign-in sheets, detailed agendas, and other documentation should be kept on file for the meetings and can be requested at any time. Virtual/Online PD must follow the same documentation and approval process as on-site PD.

**PRIVATE SCHOOL CONSULTATION**

All students from the targeted site are eligible to participate in 21st CCLC programs on an equitable basis, including private school students and their families residing in the attendance area of the targeted school. Subgrantees must document consultation with private school officials during the design and development of the 21st CCLC program and yearly on subjects such as how the student’s needs will be identified and priority must be given to students at risk of academic failure, including English language learners, students in special education and students with social and emotional needs. Services
may be provided for students, who attend the grant awarded site, in kindergarten through 12th grade.

Programs should submit to DESE private school consultation documentation yearly as evidence of consulting with private school(s) in the attendance zone of the targeted school. If a private school student does not have a State ten-digit identification number and lives in the targeted school’s attendance zone, the program should follow the e-finance guidelines with the district to obtain it for participation in 21st CCLC program.

PROGRAM POLICIES AND PROCEDURES
Programs should have well written documented policies and procedures that provides students, families, staff, communities and other stakeholders’ information, expectations, timelines, etc. about the program. Policies and procedures should address everything that pertains to the daily, monthly, and yearly operations of the program. This could include but are not limited to the following:
- Program requirements
- Student enrollment/registration procedures
- Emergency Safety Plan and Procedures (including drills, health guidance, protocols, etc.)
- Student behavior policies
- Student and staff attendance polices
- Staff hiring requirements and job descriptions
- Family and community communication procedures
- Program structure (start/end times, activities, transitions, etc.)
- Transportation safety and schedule
- Meal/Snack Schedule

PROGRAM MONITORING AND EVALUATION
All 21st CCLC subgrantee programs are required to undergo periodic monitoring and evaluation in conjunction with the State educational agency’s overall evaluation plan, to assess the program’s progress toward achieving the goals of providing high-quality opportunities for academic enrichment and overall student success.

The results of program evaluations shall be:
1. Used to refine, improve and strengthen the program or activity and to refine the performance measures;
2. Made available to the public upon request; and
3. Used by the state to determine whether a subgrantee is eligible to be renewed.

Program monitoring and evaluation will include a risk assessment, regular desk monitoring, and/or on-site/virtual monitoring that evaluates fiscal and programmatic compliance. The risk assessment will also be completed monthly and annually to assist DESE in identifying 21st CCLC programs that may be at risk of non-compliance of State or Federal laws or requirements. Evidence for the risk assessment will be collected throughout the school year and scores updated to reflect new information. All 21st CCLC programs earning 30 points or more on the risk assessment will be considered
high risk for on-site/ virtual monitoring. During the program year, programs that are identified as high risk 3 months or more will receive a targeted or comprehensive on-site and/or virtual monitoring (See Appendix E for 21st CCLC Risk Assessment).

Programs will be visited based on identified risks, a sampling or predetermined cycle, difficulty resolving issues during desk monitoring, or a request from the Superintendent or Secretary of DESE. Programs will be evaluated as higher risk or lower risk to determine the need for on-site/virtual monitoring. Generally, new programs would require closer monitoring. Based on results of during-the-award monitoring and audits, an existing program may warrant closer monitoring. Examples of a risk can be one of the following: (1) a history of non-compliance as a 21st CCLC program on program requirements, (2) new personnel, (3) programming provided for sites other than the targeted site(s) in the awarded application, (4) attendance goals from awarded grant not met and (5) a written complaint was received by DESE about the program.

DESE will assess programs fiscal and programmatic compliance by reviewing items such as budget approvals, salary, and monthly expenditures, required data reporting, and periodic on-site/virtual visits to ensure compliance with state and federal regulations, the grant awarded application, and timely submission of required reports/data. If non-compliance is determined, it will be documented during desk monitoring on DESE 21st CCLC Monthly Compliance Report. If there is no remedy of the non-compliance documented during desk monitoring, a documented DESE On-Site/ Virtual Monitoring will occur to provide support to remedy non-compliance. Programs choosing not to remedy non-compliance documented by DESE may be placed on probation and required to implement a compliance plan, suspended, non-renewed or closed. Misuse of funds will result in program closure.

During the monitoring process, findings and/or recommendations can be noted. After monitoring, a report is sent to the program about the evidence observed and reviewed during the monitoring. The report is maintained in the SEA records retention. The program is also required to keep the program’s records retention as well. If there are recommendations made by SEA in writing on the report, the SEA will collaborate with the site to ensure those items are corrected and/or implemented if evidence of some implementation was found. The program will be required to provide DESE a plan, in writing, documenting how the indicator(s) will be fully implemented six-months after the report is received.

If there are findings and/or corrective actions made by SEA, the SEA will collaborate with the program in writing a corrective action plan that identifies the following: (1) The risks associated with the findings, (2) the controls (written standard operating procedures) to minimize the risk in the future, (3) identification of person(s) responsible for monitoring implementation of the control, and (4) evidence that the control is in place.

The program is given six-months to remedy or show progress made on the noted findings and/or implementation of corrective action plan. Near the end of the six-month period, the SEA will request a report on the status of the controls put in place for the identified
risks. The SEA will also monitor the site to ensure that the site is in good standing not only with the risks identified, but also with all programming and fiscal compliance. After the six-month review process and the program has remedied identified risks, the SEA will provide the site with a letter stating the site is in good standing with the controls put in place for the identified risks. If controls put in place have not been remedied, the SEA will follow the next steps within the EDGAR (§200.339).

END OF YEAR REPORTS (Grant Performance and Sustainability Reports)
All programs will be required to complete the Grant Performance and Sustainability Report. Programs are required to monitor and assess the grant awarded goals during the program year and discuss the progress made or lack thereof on the goals within the Grant Performance section of the report. Programs are also required to report on the progress made on their sustainability goals for the program year in the Sustainability section of the report. This report should be completed and uploaded to the Grant Performance and Sustainability Reports Folder in Indistar. This report is also due in DESE’s Grants Management System (GMS) by May 31, 2022, for Year 1 and 2 programs.

As part of the annual continuation process, attendance, program performance data, updated plan for sustainability, and other required data (Required Data Reporting Section) will be reviewed for each subgrantee. Results of this review include full reimbursement of program payments, partial reimbursement with conditions, probationary status, implementation of a performance and/or corrective action plan and/or discontinuation of funding.
NOTICE: Failure to comply with federal, state or grant guidelines may lead to implementation of a compliance plan, reduction of allocation, non-reimbursement, repayment of misused funds by the grantee and/or suspension or closure of the program.

Misuse of funds may result in program closure.

Any deviation from these guidelines could result, without limitation, in the following:

1. Referral of an ethics complaint to the Arkansas Department of Education Professional Licensure Standards Board;
2. Referral to Arkansas Legislative Audit;
3. Referral to the Prosecuting Attorney in the district where the program is located; and
4. Referral to the Federal Bureau of Investigation.

Transportation Expenditure Allocations: Effective Fiscal Year 2021, grants that allow transportation expenditure allocations for transporting students will code such allocation expenditures as follows:

Currently, the Nita M. Lowey 21st Century Community Learning Centers, Title IV, Part B (Fund Source 6441) is the only grant applicable for this code. Instead of moving fuel and/or other bus expenditures from operating to Fund 6441, this expenditure calculation will be an allowable transfer of funds from Fund 6441 to Fund 2001. The Federal Grants Management Unit will be providing and training any change in the calculation rate for such transportation expenditures.

Programmatic Risk Assessment Form
(Completed for all current grantees for the program year)

A risk assessment will be completed monthly to assist DESE in identifying 21st CCLC programs which may be at risk for not following State or Federal laws or requirements. Evidence for the risk assessment will be collected throughout the school year and scores updated to reflect new information. **All 21st CCLC programs earning 30 points or more on the risk assessment will be considered high risk for a deeper data dive and/or on-site monitoring.** During the program year, programs that are identified as high risk 3 months or more will receive a targeted or comprehensive on-site and/or virtual monitoring.

Appendix F: Required Unique Entity Identifier

Transition from DUNS Number to Unique Entity Identifier (UEI) Fact Sheet

The Federal Government will transition from the use of the DUNS Number to the new Unique Entity Identifier (UEI) as the primary means of entity identification for Federal awards government-wide. UEIs are required in accordance with 2 CFR Part 25, and the transition from DUNS to UEI will result in the UEI being issued by the Federal Government in SAM.gov. This means entities will no longer rely on a third-party to obtain an identifier (i.e., a DUNS issued by Dun and Bradstreet). This change is meant to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the Federal Government. Information addressing the reasons for this transition is available at Government Transition from DUNS to UEI and at Why is SAM.gov changing to SAM (UEI)?.

Starting on April 4, 2022, the Integrated Award Environment (IAE) systems (i.e., SAM.gov, FPDS, eSRS, FSRS, FAPIIS, and CPARS) will comply with the Federal Government’s requirement to end use of the DUNS Number for Federal award management. The U.S. Department of Education’s Grants Management System (G5) will also implement this transition on April 4, 2022.

Here is what you need to know to be ready for this transition:

- If your organization is currently registered in SAM.gov with either an active or inactive registration, you have already been assigned a UEI. Your UEI is viewable on your entity’s registration record in SAM.gov. To learn how to view your UEI, see this guide: How can I view my unique entity identifier (UEI)?.

---

1 SAM.gov – Or the System for Awards Management is the official site for registering to do business with the Federal Government.

FPDS.gov – Or the Federal Procurement Data System is the official site for reporting contracts whose estimated value is $10K or more.

eSRS.gov – Or the Electronic Subcontracting Reporting System is the official site for reporting subcontracts.

FSRS.gov – Or the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) is the official reporting site that Federal prime awardees (i.e., prime contractors and prime grants recipients) use to capture and report subaward and executive compensation data regarding their first-tier subawards.

FAPIIS.gov – Or the Federal Awardee Performance and Integrity Information System is the official site in which records are entered and searchable related to Administrative Agreements, Defective Pricing, DoD Determination of Contractor Fault, Non-Responsibility Determination, Recipient Not-Qualified Determination, Termination for Cause, Termination for Default, Termination for Material Failure to Comply, Suspension/Debarment information if the entity has any of these records, and Administrative Proceedings information.

CPARS.gov – Or the Contractor Performance Assessment Reporting System is the official site in which Federal agencies can create and measure the quality and timely reporting of contractor performance information, and where contractors can review this information and provide comments.
• If you have an inactive registration or need to update your registration, you must ensure that your renewal or updates occur on time and as required, but this does not affect whether you have been assigned a UEI. If you have a registration, you already have a UEI. If your registration has expired, you can access instructions addressing how to renew your entity registration at: How to Renew or Update an Entity.

• From now until April 3, 2022, entities that are not already registered in SAM.gov and who wish to do business with the Federal Government must obtain and/or use a valid DUNS to register their entity in SAM.gov. On and after April 4, entities who are not registered in SAM.gov will be assigned a UEI when they register and will not need to use a DUNS for entity registration or reporting. To register in SAM.gov, click on the “Get Started” link under the “Register Your Entity…” heading in SAM.gov.

• Your organization will continue to use its DUNS for registration and reporting until April 3, 2022. After that time, your organization will no longer use the DUNS for this purpose and that number will not be maintained in any IAE systems (i.e., SAM.gov, FPDS, eSRS, FRS, FAPIIS, and CPARS). Beginning April 4, 2022, your organization will only use the UEI in IAE systems.

• The transition to using UEIs does not impact your entity’s registration expiration date or when you need to renew. Once assigned, the UEI number will never expire; however, entity registrations do expire annually and require annual renewal. Please ensure that your organization renews its registration prior to the expiration date. The expiration date is listed in your entity record in SAM.gov.

• Subrecipients under entities doing business with the Federal Government that are currently registered in SAM.gov have been assigned their UEI.

• From now until April 3, 2022, subrecipients under entities doing business with the Federal Government that are not already registered in SAM.gov must obtain and/or use a DUNS to register their entity on SAM.gov. On and after April 4, subrecipients can register in SAM.gov and will be assigned their UEI. At that time, subrecipients will no longer be able to obtain or use a DUNS for subrecipient registration or reporting.

Where to get help:

The Federal Service Desk, available at FSD.gov, is the help desk that has been established for all IAE systems. FSD.gov includes resources that address the UEI transition and these resources are available at: Help Resources. There are resources available for grantees, subrecipients, contractors, subcontractors, Federal employees who use SAM.gov, and for individuals who search for entities on SAM.gov. Two of the available resources that are particularly helpful are:
1) FAQs that are organized by how an individual uses SAM.gov based on their roles and responsibilities (UEI Transition FAQs); and
2) An interactive PDF tool that walks individuals through how they are affected by the transition, so they can be confident they have accurate information (Interactive PDF Tool – UEI Transition).

If you have questions about UEIs or the UEI transition that are not answered in the FAQs or in other resources available at FSD.gov, you may contact the FSD.gov by calling, or by choosing the “Create an Incident” or engaging in a “Live Chat.” You may also send the question directly to the General Services Administration at: entityvalidation@gsa.gov.

For other questions related to your grant, please contact your ED program contact listed in box 3 of your Grant Award Notification, or as identified in any other applicable documentation provided by ED.
