Introduction to Adoption Simulation

Video 1: [Angie and Jose](#)

ADOPTION SIMULATION: Walking In Her Shoes

Students will need a computer to access this interactive activity simulation that works through the decisions that could be encountered with an unplanned pregnancy. Explain to the students that there are not any specific right or wrong answers, but life can take different turns based on different decisions.

Activity: Journaling Your Next Steps

After students have completed the interactive simulation, they may begin work on the journaling packet.
