PROTOCOL FOR THE REVIEW AND APPROVAL OF ALTERNATIVE EDUCATOR PREPARATION PROGRAMS OF STUDY LEADING TO EDUCATOR LICENSURE IN ARKANSAS

The Division of Elementary and Secondary Education (DESE) approval is required for any educator preparation program provider before implementing a new program of study that prepares candidates for any professional educator license in Arkansas. This protocol shall be utilized by non- IHE based educator preparation program providers intending to offer an alternative educator preparation program that leads to educator licensure. To ensure candidates comply with licensure requirements, please refer to the DESE [Rules Governing Educator Licensure](#) and the DESE [Rules Governing Educator Support and Development](#). The DESE is responsible for oversight of the program review and approval process at the state level (see Ark. Code Annotated §6-11-105, §6-17-402, and §6-17-409). Once initially approved, an educator preparation program is subject to periodic review by the DESE for compliance with state and federal requirements for educator preparation. By submitting this application, the educator preparation program provider acknowledges and understands that the DESE may schedule periodic audits or reviews that it deems necessary for continued program approval.

Programs will be required to submit a Higher Education Act (HEA) Title II Report, submit data to DESE, and submit data to Educational Testing Service (ETS). The HEA Title II Report is a national data collection of institutions and states related to teacher preparation and licensure. HEA Title II Reports can be found at <https://title2.ed.gov/>.

HEA Title II Report data is also incorporated into the DESE's Educator Preparation Provider Quality Report (EPPQR). To continuously improve the quality of educator preparation providers (EPP), the DESE works with program directors to produce this report. Information EPPs are required to submit for the EPPQR includes:

- Data submitted to HEA Title II
 - Program requirements
 - Enrollment and completer numbers
 - EPP candidates' and completers' race and gender data
 - Program field experiences/clinical practice information
 - Faculty data
 - Technology information
 - Goals regarding addressing shortage areas
- Data submitted to DESE
 - Partnership, minority, and shortage area information
- Data submitted to ETS for Title II Pass Rate reporting:
 - Enrollment and completer data
 - Demographic information
 - Candidates' and completers' licensure information

The EPPQR is published annually on the DESE's website and is used for the following purposes:

- The public may view aggregate provider and program data of EPP completers.

- School districts and charter schools may use the report to make informed hiring decisions.
- Those interested in a career in education may use the report to make decisions regarding which program to attend.
- Institutions may use data to support continuous improvement efforts.

The EPP will be required to report to the DESE all minority graduates who have been recommended for Arkansas Educator Licensure. The report is shared with school districts to support their recruitment efforts.

If this is a new program operating as a new provider, no data will be reviewed until October of the following year for Educator Preparation Program Reports

Section I. Procedure for approving a New Educator Licensure Program

1. An educator preparation program provider seeking to offer a new program of study to prepare candidates for an educator license in Arkansas shall complete the following procedure:
 - a. Submit in writing to the DESE a letter of intent (LOI) to offer a new program for Arkansas licensure.
 - b. The DESE will send a notification of receipt to the educational provider.
 - c. The educator preparation program provider will submit an Alternative Educator Preparation Program Application (see application below) to the DESE.
 - This application must be submitted no less than six (6) months before the date the program anticipates that it will enroll students.
2. The DESE convenes a panel to review the program of study.
 - a. The panel is comprised of at least three (3) members from the DESE, and, if available, representatives from similar state-approved alternative educator preparation programs and/or K-12 educators.
 - b. A DESE program advisor coordinates and facilitates the work of the panel.
3. After the DESE receives the program application:
 - a. The DESE program advisor verifies submitted application is complete.
 - b. The DESE advisor recruits panel members.
 - c. The completed application is sent to each panel member.
 - d. The DESE facilitates an application presentation by the EPP for the panel if applicable.
 - e. The DESE program advisor sends any feedback to the educational provider and requests a response if necessary.
4. A decision is made as to the approval or denial of the proposed program.
 - a. If the DESE determines that the proposed program does not meet the necessary standards and requirements and does not approve the proposed program, written notification of the denial is sent to the educational provider.
 - b. If the DESE determines that the proposed program meets all necessary standards and requirements and grants initial program approval, written notification of the approval is sent to the educational provider and appropriate DESE staff.

NOTE: The timeline for the review process is dependent on the availability and scheduling of reviewers and the time needed for responses to the panel's comments and/or requests for additional or clarifying information.

Section II. Revisions to Existing Educator Licensure Program

A. Conditions Requiring DESE Approval of Revisions to Existing Educator Licensure Programs

1. New or revised licensure or program requirements from the DESE.
2. Major revisions from the EPP
 - a. Changes that involve 25% or more of a program's curriculum.
 - b. Changes that lead to a different grade range of licensure being awarded.
 - c. Changes in the program's delivery structure (e.g. converting 50% or more of the courses in a program from a traditional format to a distance learning technology format).
3. Minor Revisions from EPP
 - a. Changes involving less than 25% of a program's curriculum.
 - b. Changes to the entry or exit requirements of a program.
 - c. Changes in the delivery structure involve less than 50% of the program's curriculum.

B. Procedure for Approving Program Revisions

1. An EPP seeking to revise an approved program of study for educator licensure submits the Program Proposal for Revised Programs to the DESE.
2. The DESE reviews the proposed revisions and the supporting documentation submitted by the EPP. A panel review is usually not required. Additional or clarifying information may be requested.
3. The DESE program advisor will work with the EPP to establish a timeline for revision.
