**Provide a brief description of the purpose or emphasis of the school:**

CIVICA Academy is replicated after the highly successful COHEA Charter School located in Hialeah, Florida. The CIVICA Network operates schools in Nevada and Colorado, as well. CIVICA Collegiate and Career Academy will offer K-12 students in Arkansas a quality and life-changing educational experience through a seamless college preparatory curriculum with an emphasis on preparedness for careers and post-secondary education attainment. Students in upper grades will experience this emphasis hands-on as they participate in CTE-style coursework and enlist in one of several Career Academy pathways at the School. CIVICA is committed to setting an environment that strives for academic achievement, develops character, and maintains the goal of preparing students to serve and give back to their community.
