Census Bureau Data FY 25 Allocations

The U.S. Department of Education (ED) will use the 2022 Census data to calculate fiscal year 2024 (school year (SY) 2024–2025) allocations under Title I, Part A of the Elementary and Secondary Education Act of 1965, as amended (ESEA). This data is available at: <https://www.census.gov/programs-surveys/saipe.html> and also on our website <https://dese.ade.arkansas.gov/Offices/fiscal-and-administrative-services/school-funding/funding-data>.

The Census data estimates are based on a statistical model that incorporates information from the Census Bureau's American Community Survey, administrative records taken from Federal income tax returns and the Supplemental Nutrition Assistance Program, the most recent decennial Census, updates to population estimates that the Census Bureau may have completed since the last decennial census, data on Supplemental Security Income recipients, and economic data from the Bureau of Economic Analysis.

Similar to prior years, the Census Bureau is providing a challenge period for SEAs and LEAs to review the 2022 LEA poverty and population data for certain non-statistical errors. These errors are those that the Census Bureau may have made in: (1) processing input data or running the estimation models/programs; or (2) in preparing or processing information to define geographic boundaries (e.g., school district boundaries).

This challenge period ends on **March 13, 2024**. Based on the two factors outlined in the previous paragraph, an SEA or LEA official may contact the Small Area Income and Poverty Estimates (SAIPE) Branch at the Census Bureau for further information about how to challenge these data.

To obtain information on the process an SEA or LEA needs to follow in order to challenge these data, please contact the SAIPE Branch at:

(301) 763-3193 or

E-mail: sehds.saipe@census.gov

When sending an e-mail, please include your name, mailing address, telephone number, e-mail address, and organization affiliation. More information and guidance concerning the Census Bureau's challenge procedures is available at:

<https://www.census.gov/programs-surveys/saipe/about/contact/challenges.html>

Information about the data sources and the methodology used to prepare these data is available at: <https://www.census.gov/programs-surveys/saipe/about.html>

LEAs are strongly encouraged to review the data for accuracy before **March 13, 2024**.

Annual Report of ESSER/ARP Funding Survey

As of 7:30 this morning, ADE has not received ESSER/ARP Survey's from the following districts. All submissions are due by **December 29, 2023** and should be sent in the **original excel format** (please read the instructions and fill in all pre-filled sections with what is required, do not use N/A or block off the areas that you think do not apply to your district, instead use no or zero, as it applies to the question) to ade.fedfinance@ade.arkansas.gov. Please utilize the email sent November 3, 2023 for more information.

We have recently had a conversation with our Audit team and they have provided further insight into what is expected for one of the questions in the ESSER/ARP Survey. Particularly question three, which pertains to how each district has used ESSER/ARP funds to hire and retain positions. What audit is expecting in this question is for each district to properly identify all areas used to hire and retain positions, including, but not limited to: retention bonuses, salaries, and benefits as it pertains to the each fund and the categories to which those positions fall into. Also be sure to stick within the time frame specified at the top of the survey and on the instructions page (**July 1, 2022 – June 30, 2023**).

If you have already submitted your 2022-2023 survey please be sure to go back to question three and make sure it was answered properly, if you need to resubmit your survey, please do so.

Let me know if you have any further questions or concerns.
