 - Sign Out of Identity and Access and return to NPPES.

Provider View – Future Sign In

 The next time a User signs into I&A, they will be asked where to send the verification code and about the device.

- Public Device MFA code will only verify access for that ONE session.
- Private Device the system will install a cookie on the device, & the MFA is good for 24 hours.

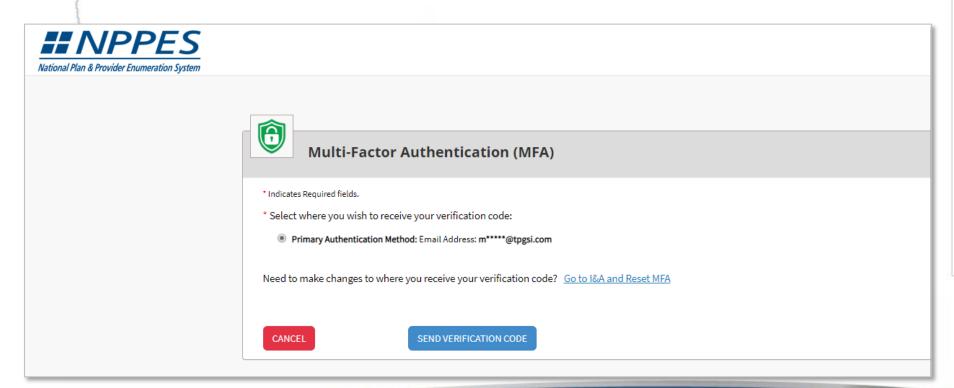

Once back at https://nppes.cms.hhs.gov, the user will sign in under Registered User Sign In to begin the initial NPI application.

NPPES MFA Verification

- The user will be presented a page detailing MFA requirements for NPPES.
 - Since the MFA is set up in I&A, the MFA page prompts the user to send/receive the verification code to the location initially selected during set up.
 - If the user needs to make changes to where the code is sent, they can select the link to make edits to their MFA set up.

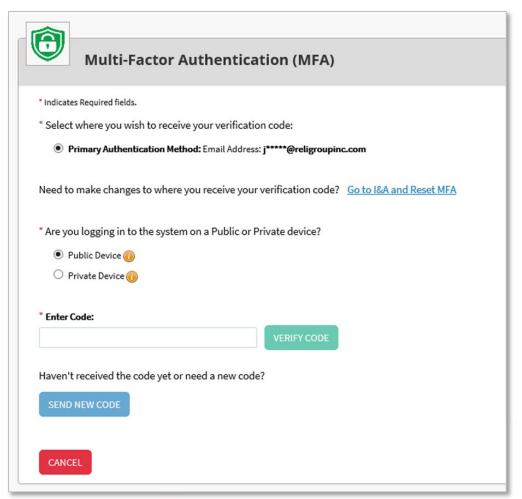

NPPES MFA Verification

- After the code is sent, the user must select the device type.
- VERIFY CODE is selected.

Public Device – MFA code will only verify access for that *ONE* session.

Private Device – the system will install a cookie on the device, & the MFA is good for 24 hours.
