

# MAKING THE RULES

## THE PROCESS FOR CREATING STATE BOARD OF EDUCATION RULES

The Arkansas State Board of Education creates rules to ensure that the state's educational system operates in a way that is fair, effective, and consistent. In most cases, board rules are usually mandated by law. The board works to ensure that ALL Arkansans have an opportunity to provide valuable and insightful input into the final rules. Throughout the entire process, rules are only finalized after careful consideration of the needs of students, parents, educators, and the community at large.
