

THE SCHOOLEATS ADVANTAGE

ARKANSAS' TOP PARTNER IN FOOD - EMPOWERS YOUR TEAM

SchoolEats was created and launched here in Arkansas, at the request of school districts like yours. Districts who wanted to keep the programs and people they love, but who also want an expert partner and expansive resources to elevate their existing program.

With SchoolEats, Arkansas districts will:

- **Save money:** Gain buying power, receive better supply positioning
- **Increase your participation:** Through innovation, technology and quality
- Access over **12,000 USDA-approved and kid-approved recipes**
- **Receive expert training and audit support:** To have peace of mind that you are at your best and always audit ready
- **Get back time:** To focus on education and your district's critical goals

THE SCHOOLEATS ADVANTAGE

GLOBAL POWER, LOCAL EXPERTISE

Empower your team with resources and expertise from the largest food procurement and nutrition service company in the world. Our team of Arkansas foodservice professionals and SchoolEats services can help you increase participation, efficiencies and savings. We give you back time and money to focus on your primary goal of education!

Our parent company, Compass Group, was recently named the No. 1 food management company by Food Management magazine. Why? Because we excel at creating one-of-a-kind foodservice programs customized to the needs of every client we have the privilege to serve. Let us bring our vast knowledge of K12 foodservice operations to your dining program.

WHAT'S COOKING?

Kid-approved food they won't be able to resist! Whether a student is looking for on-trend dishes with exciting flavor profiles, the perfect pregame snack or a nutrient-packed breakfast to tackle the day, they'll find it in our cafeteria. Featuring fresh, seasonal and local ingredients, our offerings are as tasty as they are nutritious.

From hometown favorites as well as global cuisines that reflect the diversity of our population, students will always find something to satisfy their cravings.

Our menus reflect the spirit of your school!

HOW WE HELP ARKANSAS SCHOOLS

SchoolEats provides your district with a team of experts, skilled in every area of foodservice, to help your district reach its potential.

Assessment

We'll assess where your program is today and provide recommendations for the future. Our focus is on identifying opportunities in operations and innovations to save costs, improve engagement, and increase participation.

Purchasing

With purchasing power second to none and with leveraged supply chain management, SchoolEats provides you the largest rebates in the industry and priority access to the supplies that matter. This regional resource will serve as your procurement specialist, providing purchasing, menu and commodity support to your district. We coordinate all orders and collaborate with you to adapt menus if products are unavailable or substituted by a distributor.

Your Dedicated Team

Your SchoolEats team will establish a regular schedule of site visits perform operational audits and design improvement strategies to optimize the financial performance and efficiency of your program. They will give you expert advice on menu management, production records, recipes and overall K12 operations. This team of experts can help with plans for cafe renovations, wellness policy documentation, and provide marketing tools to create fun and inviting student experiences. Solutions are tailored to address what's important to you and help you build the program you've imagined.

The Perks of Partnership

Cafe Renovations

Teacher and Staff Menus

Wellness Policy

Financial Review

Marketing

Customizing the dining program and evolving to continuously improve the program at your schools is our goal, every day. With additional support and expanded resources, we can empower the district team to better serve your students.
