

What is the application process

The School Readiness Assistance Program is based on the availability of funds. If funds are available at the time your application is received, you will be contacted by the local Program Eligibility Specialist. They will verify your eligibility for childcare assistance.

If funds are not available at the time your application was received, the local Program Eligibility Specialist will send you a notification stating that you have been placed on a waiting list for the county of your residence. Your application will only be effective for twelve (12) months, as stated on your application. If you still require assistance at the end of the twelve (12) months, then you must submit a new application to remain on the waiting list.
