

A one-stop shop for all students' career and education planning needs

Choices360 gives students in grades 6-12 the tools and information they need to **graduate with a diploma and a plan**. Featuring a modern visual design, customizable Arkansas Student Plan module, in-depth financial aid information and extensive integrated college and career databases, Choices360 provides an engaging, informative, and relevant resource to promote the success of all students.

Choices360 is role-based and adapts to reflect the goals of high school students, middle school students, and parents.

Career Planning Tab Features

Assessments: Research-based and industry-validated assessments are the key to helping students make the best choices about their future. Choices360 provides the best career interest assessments available. Every assessment is immediately scored, and the results are saved to each student's portfolio.

Choices360 includes the following assessments:

- ✓ Interest Profiler (formal career interest assessments)
- ✓ Career Cluster Survey (helps students identify a top Career Cluster)
- ✓ Ability Profiler (formal aptitude assessment)
- ✓ Basic Skills Survey (informal basic skills assessment)
- ✓ Work Values Sorter (formal work values assessment)
- ✓ Transferable Skills Checklist (informal skills assessment)

Careers and Clusters: Choices360 is built upon interconnected databases. With a database of over 700 careers based on the U.S. Department of Labor's O*NET career database, students have a wide variety of careers to explore and to plan for. Each career is linked to the relevant education program, which is then linked to postsecondary institutions throughout the U.S. O*NET-based career profiles are also available in Spanish.

Resumes and Job Interviews: Choices360 teaches students the best practices for developing a resume in a simple, ten-step module. Students can also practice writing responses to commonly asked job interview questions.

High School Planning Tab Features

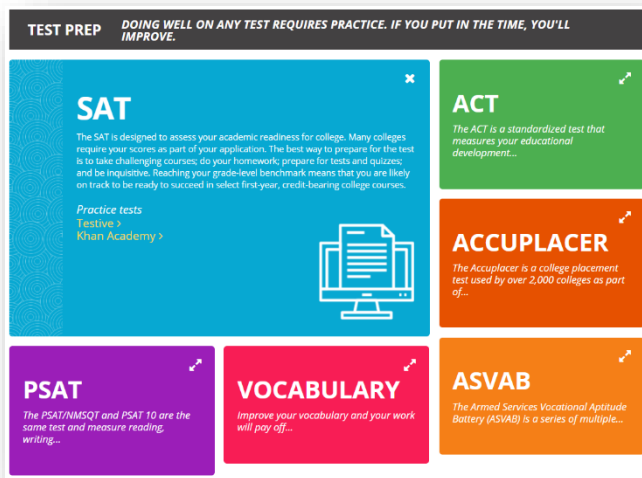

Choices360 connects academic classwork to career and college exploration in an easily customized process that adapts to each student's goals. Educators can use **Your Plan of Study** to ensure students are meeting 4-6-year course planning mandates and track students' progress towards graduation. Parents can review and approve the plan.

Students can see how their high school courses will help them reach their goals, monitor their progress toward graduation, and compare their course plans to the entrance requirements of colleges of interest.

College Planning Tab Features

Explore Schools: Before choosing a postsecondary educational path, it's important for students to see the connections between careers, programs, and postsecondary institutions. That's why XAP's **Choices360** connects all three in an intuitive manner.

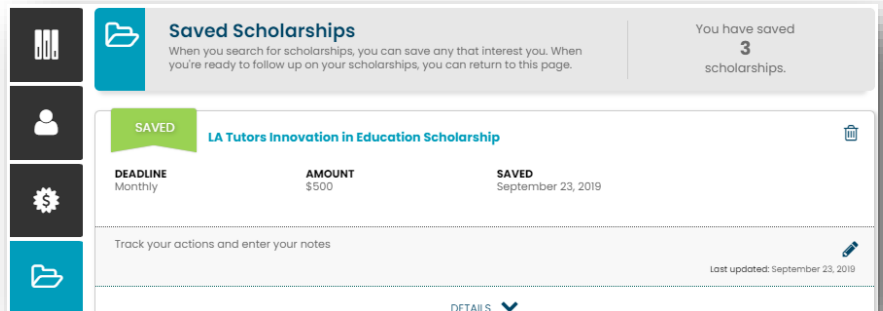

Students can find schools based upon the career they're interested in pursuing. They can also filter for schools that meet their individual needs. Students can search for schools based upon multiple search criteria.

Additionally, students can access online test prep such as Khan Academy, practice and submit college applications and request transcripts (if this option is selected).

Financial Aid Planning Tab Features

A key component in postsecondary planning is financial planning. Choices360 offers numerous tools and comprehensive content to help guide students. Students can find information on the affordability of education, the FAFSA, how to borrow responsibly, scholarship and loan programs – and much more!

Your Portfolio Tab Features

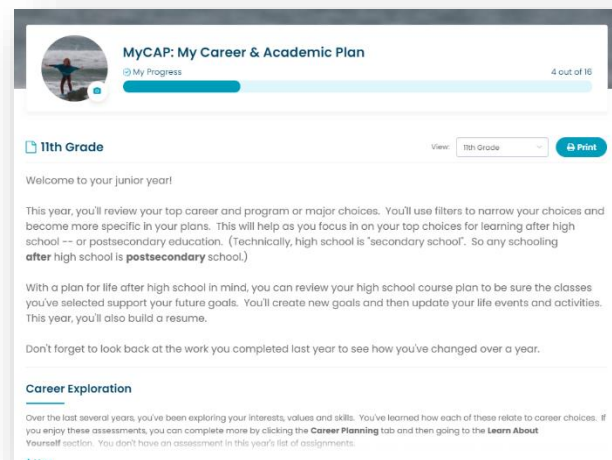

College plans, course plans, assessment results, experiences, careers, accomplishments... **they're all captured in a real-time portfolio** for students to keep – and for parents and teachers to track, if desired.

Parents can review their student's college and career interests, communicate with counselors, review scholarships information, and learn about other relevant programs and tasks.

Arkansas Student Plan

The Arkansas Student Plan is a set of assigned activities within a student portfolio. The Arkansas Student Plan can be optionally customized at the school and district level. Plans can be created for groups, grade levels, classes, etc. to reflect student goals and includes an option for parent review, and educators can track progress through reporting tools.

Students can easily see their progress by selecting the dashboard displayed on initial sign in. Selecting the link takes the student to their personalized dashboard providing a visual indication of progress on the year's assigned exploration and planning activities.

Professional Center

The Professional Center gives professionals at schools the tools to review the work of their students, generate usage and accountability reports, and communicate with their students.

Administrators and professionals can use the reporting tools to inform them about student progress in completing activities on Choices360. The reports can **track Arkansas Student Plan activity**; provide detail on post-implementation progress, **program impact** in terms of students' activity completion and college application milestones, activity, and usage reporting.

XAP provides a **Career and College Readiness curriculum** providing lesson plans organized by topic to support educators in the delivery of exploration and planning activities towards the development of student readiness.

Additional Professional Center features include messaging tools, case management for tracking student interactions, and tracking scholarship actions and outcomes.

A Report Central district reporting tool includes **aggregate reporting** for tracking student work at the district and school group levels.
